

QUAIL BOXERS NEAR END OF SEASON

This season Quail high school has had a boxing team for the first time in about a decade, and both the instructors and fans feel that a good record was made. The boys won 57 of their 143 fights, giving them an average of 40 per cent. Members of the team are seen in these two pictures. In the top picture, back row, are Supt. Noah Cunningham, Jimmie Peggram, Toby Lancaster, Earl Patterson, Jack Robinson, P. J. White, Bill Lowe, Johnny Patterson, Garland Field-Russel Norton, Boyde Smith and H. C. Langing and Dalton Vaughan, coach. Front row: ford. Bottom picture, back row: Jerry Rob-

inson, Virgil Patterson, Howard McGill, Wallace Blasingame, W. D. Hennard, Leslie Davis and Marion Finley. Front row: W. R. Roberts, Robert Shield, Dee Patchell, Jackie Davis, Freddie Maxwell, Billy Shields, Billy Blades, and Darrel Morris. Members of the team who do not appear in the picture are Leroy Brown, Jasper Peeples, Tony Winkler, Billy Williams, Claude Jett, John Alf Thomas, Donald Ray Johnson, Ronald Doherty, Loyd Parker, Buddy Price, Robert Duckworth, Gaylon Tow, Jimmie Langford, Robert Hennard and Ben Ratliff.

Birch Magic Troop Here For Benefit Performance

The Wellington Kiwanis Club will pull a nice trick out of its bag Thursday, March 24, when it presents McDonald Birch and his feats of magic in two benefit performances here. Featured with him is Mabel Sperry a talented musician, who away from the show is Mrs. Birch.

"We think a magic performance by such a master of the art as Birch is the most entertaining, most pleasant way possible to raise some money for a good cause, and that good cause is playground equipment for the children of the new elementary school," Jack Gibson, president of the Kiwanis club, declared.

There will be two performances, both at the high school. The matinee will be at 2:45 p.m. and is especially for school children, although any adult wishing to may attend. It will be entirely different from the night performance, which begins at 8:00 p.m.

Included in the Birch performance are such bewildering illusions as the Vanishing Pony, in which a beautiful Shetland is caused to

vanish while suspended in mid-air; the Challenge Packing Box escape in which Birch will attempt to escape from a strong box constructed by a local lumber company; the Beautiful Silk Mirage where yards and yards of gorgeous rainbow silks appear from nowhere; the Canary and the Mazda lamp, in which a live Canary is shot into a burning light bulb; and fifth other amazing illusions.

A huge truck transports the thirty-eight trunks and crates of equipment and scenery, making the Birch production the largest magical show on tour in the United States today. Birch is playing to capacity audiences in every city — and the reason? It is not a "talkie," and not a radio presentation, but Birch in person, presenting a most interesting evening of humor and mystery.

Miss Mabel Sperry, brilliant young xylophonist, is the assisting artist. A star of radio and concert fame, she brings you delightful melodies on her World's Fair Marimba.

On State AAU Winning Team

Three Norwood Girls In National Tourney

Three Samnorwood girls who were outstanding members of the Eaglettes-basketball team last year, and who continued their record in Wayland College this year, are members of the team that will play in the National AAU Basketball Tournament in St. Jo, Missouri, within a short time.

These girls, Joyce Tippie, Joyce Price and Camilla Coleman, played with the Wayland team in the State AAU tournament at Dallas late last week, when it was one of

the two winning teams. In addition, Miss Tippie was chosen on the All-Star Southwestern AAU basketball team, being one of six players given the honor. Miss Coleman, daughter of Mr. and Mrs. Alex Coleman of Dozier, played with the Eaglettes four years, while Miss Price, daughter of Mr. and Mrs. Newt Price of Lutie played two years and Miss Purl Tippie of Samnorwood, was a team member one year.

Red Cross Drive Still \$730 Short Of County Quota

Red Cross collections to date total approximately \$735 short of the \$1,842 goal for this county. John Forbis, drive chairman, said that reports are in from the Wellington residential section, part of the business section, and only a few outlying communities. Dodson, Quail and Samnorwood have not yet sent in returns from drives in those areas.

Workers this year are experienced unusual difficulty in finding people at home, Miss Katherine Boverie, secretary-treasurer, said.

"We urge that those who have been missed contact the worker in your area, or bring your contribution to the First National Bank or the County Library. The Red Cross, both locally and nationally, needs your support," she pointed out.

Contributions were received during the last week from: Wellington: Marshall Baxter, Mrs. J. C. Dean, Mrs. B. F. Ford, Olene Ford, Mrs. W. W. Lee, Mrs. Kate McInnis, Mrs. W. W. Peeks, David Peters, Mrs. Hunter Peters, Mrs. Lee Scarberry, T. L. Scott, Mrs. Earl Smith.

Mrs. Lula Doyle, Marton Wreckers Yard, Cunningham Laundry, V. H. Breedlove, Mrs. W. H. Wright, Dick Finley, Austin Williams, Mrs. W. C. Killingsworth, Mrs. S. W. Elbert, Mrs. J. W. Trimble, Mrs. Marjorie Ray, Mrs. W. E. Thomas, Mr. and Mrs. F. S. Little, Mrs. C. L. Lowry, S. T. Moore.

Mrs. J. T. Slay, P. E. Starr, W. F. Manney, Grant Woodbridge, Mrs. L. A. Hunt, Mr. D. Barjenbruch, H. M. McCaskill, Earl Harrison, A. W. Gray, W. C. Nelson, Mrs. Frank Hajek, Mr. and Mrs. D. W. Jones, Atkinson Form Trucking Firm

Hezze Jones and Buster Atkinson of Wellington this week announced the formation of the hauling firm of Jones and Atkinson, with its office just north of Tyler Electric on 8th Street.

The partners announce that they will do all kinds of hauling, but during the weeks immediately ahead they are specializing in hauling sand and gravel, dirt for yards, and doing yard leveling.

"We are fully equipped to do all this type of work and we can serve you promptly and efficiently," the men said.

They are not limiting their work to this type of hauling, however, and any and all kinds of work of this type will be done.

Both have had numbers of years experience in this type of work.

A Big Stop for a Big Name Band

Carmen Cavallaro and Orchestra Play For Dance in Wellington March 31

Wellington is again a big stop on the map of a big name band.

Carmen Cavallaro and his orchestra will play for a dance at the community building here Thursday night, March 31, Russell Yates, entertainment chairman for the Glynn Moore Post of the Veterans of Foreign Wars announced this week.

The Wellington engagement comes along with those at Amarillo, Lubbock and at the fabulous Shamrock Hotel in Houston.

"We promised you the best in dance orchestras. Here it is. You'd be lucky to hear this orchestra in New York City or Los Angeles, but you're going to be able to hear Carmen Cavallaro and his orchestra for a full evening right here in Wellington," Mr. Yates declared.

Cavallaro, "Poet of the Piano," is one of the outstanding pianists of the modern music era, leading one of the finest musical groups in the business.

"An evening with Cavallaro's music is a tremendous experience," Yates said. "Tangos, rhumbas, waltzes, as well as sweet and swing are played with a finish unrivaled by any orchestra. He brings with his interpretations of strictly American music a subtle sense of rhythm and thorough musical knowledge of the proper way to play American fox trots and waitzes."

National Guard Medical Unit May Be Assigned to Wellington

Community Bldg. Termed Ideal for Headquarters Use

A National Guard unit for Wellington appeared to be a certainty following the inspection visit here Friday, March 18, of Lt. Col. Vincent Lockhart of Canadian, Assistant Chief of Staff for Personnel of the 36th Division, and Capt. Robert T. Henry of Fort Worth, representative of the National Guard Armory Board.

Such a unit at full strength would bring between \$35,000 and \$40,000 additional payroll into Wellington each year. Full strength might be obtained for two or three years, but even in the initial stages it would probably mean a \$15,000 per year payroll, Col. Lockhart estimated.

Working in co-operation with the Chamber of Commerce, Col. Lockhart and Capt. Henry went over the facilities of the community building as a potential location for the unit.

"It looks to me like Wellington has the set-up if we can get the personnel," Col. Lockhart declared.

Virgil Johnson, Chamber of Commerce manager, said that he was assured that the National Guard would assign the unit here if the necessary personnel of 31 can be supplied.

Col. Lockhart said that to begin with, only three officers and 28 enlisted men will be needed. Any man interested should contact Mr. Johnson at the Chamber of Commerce office in the city building.

At full strength, the unit would have 12 officers, headed by a major in the medical corps, with 6 captains and 5 lieutenants, and 141 enlisted men, around 70 per cent of whom would be non-commissioned officers.

Motorized equipment when the unit is complete would include 27 vehicles, from 14 jeeps up to two and one-half ton trucks.

If present plans carry through, the unit will have an office in the community building on which substantial rent will be paid, with one permanent duty man to begin with, and later two.

"The community building is just the place," Col. Lockhart said. "There is room in the basement for storage, and the two auditoriums are ideal for meetings."

Membership in the National Guard will not interfere with civilian life or membership in the Reserve Corps, it was pointed out. Guard members will have a drill period of two hours one night each week and these are required.

For drill the members will receive full day pay at Army rate. In addition there will be two weeks National Guard camp each year.

There is no limit to the area from which members may come, Col. Lockhart said, this being limited only by how far a man wants to drive once each week to attend drill.

Fire Damages Tollett Grocery

Fire of an undetermined origin broke out in the back of Tollett's IGA Grocery on the north side of the square, Sunday morning about 3:00 a.m., and while the fire damage was limited, Earl Tollett, owner, said Tuesday evening that the extent of the smoke damage had not been determined.

The blaze was discovered by Bill Miller, night watchman.

Mr. Tollett said that insurance would cover most of the loss.

"I want to commend the work of the Wellington Fire Department," the owner declared. "Not only did they put out the fire in the back of the store quickly, but they didn't get a drop of water in the front part where water would have been so damaging."

Pink Sullivan's Condition Better

Pink Sullivan, senior member of the hardware and furniture firm of Sullivan Furniture and Hardware Co., and former mayor, is reported as getting along all right, although he is still confined to his home.

Mr. Sullivan became ill March 10 and his condition for a time was regarded serious.

New Faces Around the Square

Business Houses Add Employees Recently

New faces have appeared in business houses and offices around the square in unusual numbers during recent weeks, or in some cases they are familiar faces in new locations. In other instances, they are new residents, just getting acquainted and learning to call Wellington their home town.

New parts manager at Stinson Motor Company is Sam Lindsey, who had been in the office of the Veterans Vocational School since it was opened. The latter position was kept in the family, however, for Mrs. Lindsey took over the job when her husband left.

Mrs. B. B. Frisbie, who moved here only a few months ago when her husband became manager of Stinson Motor Company, began work a short time ago at the West Texas Utility Company.

There is one new employee at The Wellington Leader and a former employee has returned. Billy Ray Biedsoe began work a few weeks ago as an apprentice printer, and Mrs. Ed Harrison returned to work in the office last week. She was an employee a year and a half ago.

Mrs. James Sessions is at the City State Bank. She and her husband returned here recently from Riverside, Calif., after he was released from the Army Air Force. Many people here remember her as Miss Louise Cox of Loco.

Virginia Cooper began work for Judge Coker in his law office a few weeks ago. Virginia was formerly with County Clerk's office. Her position has been filled by Lona Bell Chandler. Miss Chandler is the daughter of Mr. and Mrs. Buford Chandler of Wellington.

Two new employees in the Wellington State Bank are Rosemary Strong and Betty Bennett. Miss Strong is the daughter of Mr. and

Mrs. J. M. Strong and was a student in Texas State Teacher's College before returning to Wellington. Miss Bennett is the daughter of Mr. and Mrs. Herbert Bennett of Tulsa. She was employed at the Chickasha Gin as the bookkeeper. She is the granddaughter of Mr. and Mrs. W. A. Bennett.

Parson's Drug Store have two new workers added to their staff. Sue Staets of Wellington, does fountain work and clerking. Mrs. Harry Parsons of Chickasha is employed for jewelry and cosmetic work. Mrs. Parsons is a specialist in the art of cosmetology.

New trainees in the Telephone Office are Sue Scott and Mrs. Viola Baird. Miss Scott is a resident of Wellington, daughter of Mr. and Mrs. D. E. Scott. Mrs. Baird is the daughter of Mr. and Mrs. Ben Morris of Quail.

Miss Opal Boyce is now employed as waitress in the Club Cafe. Miss Boyce is of Quail, daughter of Mr. and Mrs. M. A. Boyce. She is making her home in Wellington for the time being.

Mr. and Mrs. Don Leach of McLean were week end visitors in the home of his parents, Mr. and Mrs. W. E. Leach.

Readers of The Leader

When T. M. Wyrick left Collingsworth County, he didn't move very far away, but far enough that he couldn't keep personal tab on what his friends were doing. This note came with his recent check for renewal of The Leader:

"We can't do without the Collingsworth County news, for we have a lot of friends there."

Houselog News

By Mrs. R. L. Karnes

We had one-half inch of rain Sunday and Sunday night. It fell so slow and easy one could scarcely tell it was raining. I thing the ground drank every drop. Then it was followed Monday with a spring opening. A north chilly wind which stirred up the sand in places. One little boy started to school and hearing some one mention this is the first day of spring, ran back in the house and took off his coat, on being asked by his mother, why he removed his coat on such a cold morning, his reply was "if I wear my coat the first day of spring the kiddies will all laugh at me."

Our readers who do not know may think the people of this community are all heathens, as I never give, any church reports, but such is not the case. We have as good folks in this community as you can find anywhere in Texas and we do believe in church and Sunday schools, however, we are only five miles from Wellington and most every family attends church at the different churches in town.

Our school has also been consolidated with the Wellington school, therefore we have neither church nor school activities in this community. Neither, are our homes made of logs as the name might suggest. The name House Log originated from a small stream near where the school house stood, hence the school house bore that name.

Mrs. O. A. Kiker and daughter, Veda Mae, made a trip to Amarillo last week.

Mr. and Mrs. D. M. Shanks had in their home for Sunday dinner three of their children and families, the George Shank's from Hollis, Mr. and Mrs. Mosenbocker and family, and Mr. and Mrs. Cecil Shanks, Barbara and Peggy.

Mr. and Mrs. Ray Godbey and son, Jerry, spent the week end in Borger visiting their daughter, Mrs. Edd Riley and family.

Mr. and Mrs. Melvin Kiker and little daughter, Glenda Ann, from Abilene, spent Saturday and Sunday in the home of his parents, the O. A. Kikers.

Mr. Pope rode back to Wellington with the Kikers. He had been visiting his grandson, Teddy Joe James, who is a student in McMurry College.

Mrs. Ray Clubb was sick with a severe cold last week.

Wayne Roberts and his new bride are rejoicing over the fact that the R. E. A. linesmen have just recently extended the high line to C. E. Roberts farm house, where they are now making their home.

Mr. and Mrs. Troy Godbey, who since their marriage have been living in town, moved Friday south of Quail on the farm his father

purchased last fall. Mrs. Godbey is a senior in school and will continue her school work. She will drive to and from school each morning and afternoon.

Mrs. Bob Stephenson accompanied by Mrs. Van Pelt of Wellington were in Hollis last Friday with their friend, Mrs. Lee Head, formerly of this community, who was in the hospital after a serious operation. The House Log Help Each Other Club extends to her our sincere wishes for a speedy recovery.

DOZIER

Mr. and Mrs. Lee Massey, Mr. and Mrs. Frank Massey and Min. and Mrs. W. H. Riley were in Pampa to attend the funeral of Mrs. Hardin Hammer.

Mr. and Mrs. A. F. Wischkaemper Sr. and Mr. and Mrs. A. F. Wischkaemper Jr., and boys went to Amarillo Sunday to attend the dedication of a Lutheran church that a nephew of the Senior Wischkaemper pastors.

Miss Willie Massey of Shamrock was a Sunday guest of her parents, Mr. and Mrs. Frank Massey.

Miss June Wischkaemper who teaches in the elementary school at Dalhart was a week end guest of her parents, Mr. and Mrs. A. F. Wischkaemper Sr.

Mary and Dorothy Phillips, students of W. T. S. C., Canyon, were week end guests of their parents, Mr. and Mrs. P. W. Phillips.

Miss Jimmie Shields of Shamrock spent the week end with her sister, Mrs. A. F. Wischkaemper Jr. and family.

Little Misses Jeanette and Marqueta Bell of Wellington were week end guests of their grandparents, Mr. and Mrs. Alex Coleman.

Kenneth Laycock and Marie Carreker, students of W. T. S. C., of Canyon, were week end guests of their parents, Mrs. Wayne Laycock and Mr. and Mrs. Carreker.

Mrs. Pat Bradley and sons Paul and Pat, Jr., spent last week end in Lubbock visiting their son and brother, Donald, who is a student at Texas Tech.

Mrs. Harman Blanford of Shamrock was a visitor in Sunday school Sunday.

D. A. Kincannon and son Dee are home from the hospital and both are improving nicely.

Mrs. Julia McKenny is enjoying a visit from her daughter, Mrs. J. C. Cates of San Angelo. Mrs. Cates is the former Mrs. Kate Moore who with her children made their home here a good many years ago.

Kiwanians Win Donkey Game 6-0

Kiwanis Club's bronc riders scored a 6-0 victory over the Rotary Club Monday night, March 21, in the Wellington High School gym in a donkey basketball game.

Starting with a long field goal in the first quarter by Lefty Thomas, the Kiwanis players dominated the scoring of the game with a field goal for each of the periods except the final quarter. Lefty scored in the second quarter and Truman Lindsey tossed in the field goal in the third quarter.

Although the scoring was low, the tries were high with each team throwing a surprising number of times at the basket, however, the unsteady seating accounted for the misses made by such stars as George Graham, Henry Sullivan, John Bray, Floyd Cole and Raburn Holton.

Playing for the Kiwanis Club were Bray, captain, James Sullivan, John Holton, Leon Coleman, Cole, L. B. Bratten, Lindsey, Bobo Castleberry, Fred Thompson, and Thomas, while Harold Barnett, captain, Cal Suggs, Clyde Drake, Henry Sullivan, Bennett Goodloe, Graham, Raburn Holton, Charles Allen and Alvin Horton mounted the donkeys for the Rotarians.

Miss Harris, the Home Ec teacher in our school, spent the week end in Lubbock, where she attended school before coming here.

Mrs. J. H. Young of Arlington, who suffered a stroke about four weeks ago is not doing so well according to latest reports.

Mr. and Mrs. Bob Thompson of Navasota have been visiting relatives, a brother and sister-in-law, Mr. and Mrs. F. W. Thompson and a sister and brother-in-law, Mr. and Mrs. Jack Reading.

Among the children that have been sick with measles the past week were Joan and Herman, children of Mrs. Tommie Judd, Darlene, little daughter of Mr. and Mrs. Selba Rainey and Rudolph and Elaine Tate, children of Mr. and Mrs. Ernest Tate.

Mr. and Mrs. Woodrow Stafford of Portales, N. M., Mr. and Mrs. Jim Lowe of Quail were guests in the L. D. McMinn home Sunday.

Mr. and Mrs. Lon Johnson of Hamlin, Mr. and Mrs. Ethridge of Hereford were week end guests in the Woodrow Wilson home.

Rev. and Mrs. H. S. Morris, Rev. Steve Greenwood were Monday dinner guests in the Haskel Manuel home.

We are glad to report that Mr. and Mrs. Conn Hall are both better. Master Sgt. and Mrs. Finis Hall visited in the Lem McMinn home Sunday evening.

Mr. and Mrs. W. C. Harwell, Mr. and Mrs. Kessler of Fresno attended church at Lillie Monday night.

Skyrocket Band To Compete in Canyon Contest

Members of the Wellington High School Band will compete in a band contest in Canyon on March 29 or 30, Rufus Johnson, director, announced recently. Three numbers, one march and two concerts, will be judged, and in the march, ten or twelve maneuvers will be required.

Band members include Fred Alexander, oboe; Clifton Bradford, John H. Smith, Jo Ann Bumpas, Don Lacy, Marianne Daw, Jocille Gray, Helen Caldwell, Thomas Kutch, Delores Somerville and Jerry Nix, clarinets; and Fred Lederer, Sandy Parsons, Janette Finley, Spencer Coleman, Jerry Drummond and Roberta Posey, cornets.

LuDean Perkins, Betty Wright, Lucille Zeck, Joe Lynn Moore, Guthrie Hite and Joy James, percussion; Lewis Johnson, Phil Handley, Dorothy Starkev and Harold Moore, trombone; Jimmy Loving and Don Shoff, bass; Bing Crosby, Bennie Graves and Tommy Bryant, French horn; James Stephenson, baritone; and Fred Saied, Bill Jones and Camal Dakil, alto saxophone.

Also Diane Wells, drum major, ette, and Veda Mae Kiker, Joyce McPherson, Betty Finley and Shirley Williams, twirlers.

Bryants Buy Pullman Cafe

Tom and Tiny Bryant announced this week that they have bought the Pullman Cafe from Mr. and Mrs. Dan Jones and are now in charge.

Mr. and Mrs. Bryant owned this business for a number of years before selling it about two years ago. They continued to make their home here.

Mr. and Mrs. Jones have not announced their future plans. "We are happy to be back serving the people of Wellington, and we look forward to having all our old friends, and the new friends of the cafe as well, come in to see us," Mr. and Mrs. Bryant said.

School Workshop Monday, Tuesday

The workshop for elementary school teachers of the Wellington system will be held at the grade school building Monday and Tuesday, March 28 and 29, Miss Bonnie Willis, principal, has announced.

Miss Mary Swain, reading consultant for the Scott Foreman Company, Dallas, will be in charge.

Miss Swain, who taught for a number of years, will not only consult with teachers and give practical suggestions in teaching but she will also do demonstration teaching to bring out the high points of the two-day course.

Considered one of the leaders in this line of work in Texas, Miss Swain has appeared before many teachers groups, the most recent being at the Northwest Texas Conference for Education, Amarillo, Friday, March 18, where she conducted demonstration lessons with three groups of Amarillo school children before the visiting teachers.

Members of the Future Teachers Chapter of Wellington High School will teach the classes of the elementary teachers during the two-day workshop.

Funeral for C. C. Ryan Held Here Monday Afternoon

Funeral services for C. C. Ryan, 74, were held at the Kelso Funeral Chapel Monday afternoon, March 21, at 4:00 p.m., with the Rev. E. J. Norman in charge.

Mr. Ryan died at Bonham, where he was making his home, of an acute heart attack.

Pall bearers for the service were Raymond Horton, Alvin Horton, Johnny Cagle, Hezze Jones, John King and Buck Lancaster. Flower bearers were Elinor King, Patsy Sutton, Betty Cagle and Mrs. Raymond Horton.

Burial was in the Wellington cemetery under the direction of the Kelso Funeral Home.

Christopher Columbus Ryan was born in Mississippi April 5, 1874, and at the time of his death he was 74 years, 11 months and 15 days of age.

He made his home in Wellington off and on for approximately 25 years, leaving here last fall for Bonham.

Mr. Ryan is survived by four children, Mrs. Carl Bullington of Wellington; Wayman Ryan of Los Angeles; Forrest Ryan of Crowell and Mrs. Raymond Morris of Borger. Four grandchildren and a brother, Charlie Ryan of Texarkana, also survive.

Jake Hess of McLean was a visitor in Wellington Monday.

Week end guests in the home of Mr. and Mrs. Bill James were Mrs. James' father, H. L. Pope of Pampa and their son, Teddy Joe James of Abilene.

Topnotch Comedy Comes to Ritz

Such a combination of comedy talent as is seldom seen in one motion picture will be found in Paramount's laugh-film, "Miss Tatlock's Millions," which arrives next Sunday, March 27, at the Ritz Theatre. In starring roles are John Lund, Wanda Hendrix, Barry Fitzgerald and Monty Woolley, supported by Ilka Chase, Robert Stack, Dorothy Stickney and Elizabeth Patterson. There is also the surprise appearance of a comedy star who chooses to call himself Richard Rancdy for his role in this picture, but who is more popularly known as Richard Haydn.

"Miss Tatlock's Millions" is Haydn's first directorial effort, and word has it that he has brought to it his own rare sense of comedy

timing, making it one of the funniest pictures ever seen. The story concerns a family's scramble for a fortune that was inadvertently bequeathed to a dim-witted grandson. The latter, believed by his caretaker (Barry Fitzgerald) to be dead, is impersonated by movie stunt man, John Lund, who complicates matters by falling in love with his "sister," played by Wanda Hendrix.

The funfilm was produced by Charles Brackett who recently scored with "The Emperor Waltz" and "A Foreign Affair."

Mrs. Foster Brown of Amarillo visited her son, Jim Brown, here last week. She also visited in the home of Mr. and Mrs. Bill James.

Johnny Glenn, son of Mr. and Mrs. John D. Glenn, is a medical patient in St. Joseph's Hospital this week.

A nice shower fell in this vicinity Sunday and Sunday night. These are very beneficial to the wheat and alfalfa both of which are looking good at this time. A number of farmers are breaking land at this time and some sowed oats this past week.

Mr. and Mrs. Gene Clevenger and small son of Oklahoma City, Okla., visited during the week end with Mrs. Clevenger's parents, Mr. and Mrs. Cecil Isbell.

Mr. and Mrs. Jimmie Williams and children, Vanetta and Ricky have moved to our community, coming from Iowa Park. Mr. Williams, who is in the Army will leave very soon for overseas. He will be stationed in Germany and will fly food, etc., into Berlin. Mrs. Williams and children will make their home here while he is away.

Miss Harris, the Home Ec teacher in our school, spent the week end in Lubbock, where she attended school before coming here.

Mrs. J. H. Young of Arlington, who suffered a stroke about four weeks ago is not doing so well according to latest reports.

Mr. and Mrs. Bob Thompson of Navasota have been visiting relatives, a brother and sister-in-law, Mr. and Mrs. F. W. Thompson and a sister and brother-in-law, Mr. and Mrs. Jack Reading.

Among the children that have been sick with measles the past week were Joan and Herman, children of Mrs. Tommie Judd, Darlene, little daughter of Mr. and Mrs. Selba Rainey and Rudolph and Elaine Tate, children of Mr. and Mrs. Ernest Tate.

Mr. and Mrs. Woodrow Stafford of Portales, N. M., Mr. and Mrs. Jim Lowe of Quail were guests in the L. D. McMinn home Sunday.

Mr. and Mrs. Lon Johnson of Hamlin, Mr. and Mrs. Ethridge of Hereford were week end guests in the Woodrow Wilson home.

Rev. and Mrs. H. S. Morris, Rev. Steve Greenwood were Monday dinner guests in the Haskel Manuel home.

We are glad to report that Mr. and Mrs. Conn Hall are both better. Master Sgt. and Mrs. Finis Hall visited in the Lem McMinn home Sunday evening.

Mr. and Mrs. W. C. Harwell, Mr. and Mrs. Kessler of Fresno attended church at Lillie Monday night.

Fisher Moves Office To First Floor of Court House

Rolla Fisher, veterans service officer, who returned a short time ago from McKinney where he had been in the Veterans Hospital, announced that he has moved his office temporarily into the sheriff's office on the first floor of the court house.

Anyone needing the services of his office can contact him there.

Mr. Fisher received a broken hip when he slipped and fell on the ice early in the year.

Past Matrons and Patrons to Meet

The regular meeting of the Past Matrons and Past Patrons Club of the Eastern Star will be held Tuesday night, March 29, Mrs. P. E. Starr has reminded the members.

The meeting will be held at the Community Building, beginning at 7:30 p.m.

All members are urged to attend.

Deck's DIDACTICS

—By Deskins Wells

Thursday, March 24, is the date for the Birch show at the high school. It is good entertainment and the money goes to buy equipment for the new elementary school.

These wonderful spring days and the timely rain are bringing up the gardens, flowers and the grass. It was remarkable how the grass greened in three days time. But it also brought out the tiny grasshoppers. They are flourishing by the billions and the trillions along the fence rows. Farmers say that they are so small you will hardly notice them but a close examination reveals that they are there in untold numbers. The time to control grasshoppers with poison is when they are small. A little poison put out early will do more good than ten times that amount put out after the hoppers are large.

Grandmother Douglas of Dodson will celebrate her 100th birthday Thursday, March 24th. Watch for the story in next week's Leader. I suppose she should be called Great, Greatmother Douglas for she has 34 great great grandchildren and 69 grandchildren. Just think, she was born years before the War Between The States started. Anyway, sincere congratulations on reaching such a remarkable age.

Next week the paper will come out in 8 column form — we hope. We have to do some redesigning and make some adjustments on the machinery. We hope that the larger size page will enable us to run more news and pictures and still carry enough advertising to meet the payroll. Our correspondents have been sending in so much news lately that we had to figure out a way to get it all in the paper. The Leader is probably carrying more home grown local news than any weekly paper in Texas.

We are going to try to make our editorial page more interesting. One of the features will be a column of the happenings 10 years ago, 20 years ago and 30 years ago.

If the National Guard unit is established here, which seems likely, it will mean an additional payroll of between \$35,000 and \$40,000 annually. That is net income folks, and it is equivalent to the net income on a tremendous lot of cotton. It will help quite a bit.

Walt Chambers now has his pumice processing plant in operation and that will add another new payroll to the town. What we need is more payrolls of the type that Walt Chambers has brought to the town. We are pretty well supplied with all kinds of retail firms and probably overdone on some unless the Quail well comes in. Walt's business does not compete with anybody locally. All it does is bring outside money to Wellington. Congratulations to old Walt for toughing it through. He came about as near starving to death trying to get his new venture started as Orval Couch did trying to get the REA going here. Some of the wise acres may be sorry that they did not invest some money in the company when they had the chance.

Joe Rountree and his livestock auction also do a lot of good for Wellington. It brings quite a number of people to town every Monday and town traffic means town trade. And the prices have been mighty good at the sales in recent weeks.

What firm has the largest payroll in Wellington? Last year The Wellington Leader paid out over \$19,000 in salaries. We would like to know what firm has the largest payroll in the town.

Contour Plowing Deadline April 1

April 1 has been set by the County ACA Committee as the final date for issuing prior approvals to carry out the contour listing, contour chiseling, and deep plowing sandy rropland practices.

Since the specifications require that these practices must be completed at least 30 days before seeding, it is necessary to start the work by April 1, to have sufficient time to do this.

Anyone who intends to carry out these practices should call at the AAA office and get their approval before starting the work but not later than April 1, if they have not already requested an approval for the practice.

Mrs. Joseph Antoon and Mrs. John Farris of Union Town, Penn., visited Mrs. Irma Antoon and children last week.

L. B. Bratton New Hamilton Dealer

Announcement was made this week that L. B. Bratton has been given the exclusive dealer franchise in the Wellington area for Hamilton watches.

Mr. Bratton, who has been in business here for nearly two years, owns and operated the Bratton Jewelry, located just north of Parsons Drug Co.

"I take a great deal of pride in this appointment knowing, just as you do, the consistently high quality which Hamilton watches have maintained through the years," Mr. Bratton said.

Roberts Family Escapes Injury When Wheel Runs off Car

By MRS. R. L. KARNES
Mr. and Mrs. Glenn Roberts and family escaped what might have been a serious accident one night last week. As they were returning home from a school program at Quail, one of the rear wheels came off the car.

Fortunately, Mr. Roberts had slowed down the car to cross a bridge when the accident occurred. He had to walk to the nearest farm house for help.

"I'm sure glad it didn't happen on the highway," Mr. Roberts remarked.

Game Tournament Plans Completed

Plans are complete for the game tournament sponsored by the Eastern Star for Monday night, March 28, Mrs. Orval Couch said Tuesday.

This tournament will be held at the community building beginning at 7:30 p.m. A small admission charge will be made.

Eastern Star members are selling tickets, or they may be obtained at the door.

Bridge, 42, or any other game desired may be played.

All proceeds will go to the general improvement fund of the Eastern Star.

Del Collins Add Equipment to Bronze Baby Shoes, Boots

Mr. and Mrs. Del Collins announced this week that they are now equipped to do bronzing work on babies shoes and boots, identical to the work done in larger places.

Silver, bronze and gold finishes are available.

Mrs. Collins said that baby shoes may be mounted on desk type picture frames, book ends, ash trays, wall plaques, desk sets and as paper weights.

Mr. and Mrs. W. M. Phillips were dinner guests of Mr. and Mrs. Stafford of Lefors Sunday. Bob Phillips, who has been visiting there, returned home with them.

Mrs. Harold Morrow underwent minor surgery in St. Joseph's Hospital this week.

Ringside Seats for Boxing Tourney On Sale Here

Reserved ringside seats for the district boxing tournament at Shamrock, in which the Wellington Skyrockets will participate March 31, April 1 and 2, are available from Coach John Lee at the high school, he announced this week.

They will be on sale here until the day before the tournament opens, Mr. Lee said.

Rabbit Breeders Meet Thursday

The Collingsworth County Rabbit Breeders Association met Thursday, March 17, in the home of Mr. and Mrs. Wm. W. McClaskey.

Plans were made for the club members to exhibit their rabbits at the 4-H and FFA show to be held Saturday, April 9.

F. E. Kennedy, vocational agriculture teacher at Quail, and two of his students were guests.

Following the meeting, Lawrence Warrick showed two motion pictures to Mr. and Mrs. J. C. Cook, Mrs. Pat Shields, Joe Sisk, Lee Roy Jones, Ray Bradshaw, Kenneth Jett, Mr. Kennedy Joyce Warrick and Mr. and Mrs. McClaskey.

County Offices Will Close Each Saturday Afternoon

Beginning Saturday, April 2, all county offices in the court house will close each Saturday afternoon, J. M. Moore, county clerk, said this week.

This will be effective through the spring and summer months.

The AAA office will be open Saturday afternoon, however, since it is closed regularly each Monday.

Mrs. L. L. Laws Returns Here

Mrs. L. L. Laws has returned to Wellington from Clovis, N. M., after approximately three months there.

Mr. Laws, 66, died in Clovis on January 8, of a heart ailment.

He had been a groceryman since 1910, and approximately 30 years of this was spent in Clovis. During the two and a half years that they had been in Wellington, however, his health had not permitted him to engage in business activity.

Mr. and Mrs. Laws left here December 27 for Clovis, where a daughter, Mrs. Jess Britt, lives. They have two other children, Mrs. Dee Mitchell of Lawton, Okla., and L. L. Laws Jr., who is stationed with the Army in Washington, although he will leave soon for Alaska.

Mrs. Laws will be in Wellington for the present, her sister, Mrs. J. L. Hays said.

Personal

Relatives in the homes of Mr. and Mrs. Elmer Jones and Mr. and Mrs. Howard Atkinson, are Mrs. Raymond Baker of Waco, Mrs. John Hobbs of Pasadena, California, Mrs. Howard Dorn Thomas of Pasadena, Mrs. Ralph Long of Alfus, Oklahoma, Odell Hartlett and family of Hurley, N. M., Joe Hartless of Oregon, Charley Hartless and Edd Wheat of Hurley, N. M. The group are here to be at the bedside of Mrs. Jones, who is seriously ill in an Amarillo hospital. They are the brothers and sisters of Mrs. Jones and Mrs. Atkinson.

Mr. and Mrs. O. V. Koerner and Mr. and Mrs. V. P. Robertson Jr. were Sunday guests of Mr. Koerner's brother, Mr. and Mrs. Raymond Koerner in Chickasha, Okla.

Mr. and Mrs. Joe Stratton and Mr. and Mrs. Dean Davis of Fort Worth were recent visitors in the home of their parents, Mr. and Mrs. Cap Davis.

Billy Dan Cunningham and Jackie Strong of Texas Tech, Lubbock, visited their parents, Mr. and Mrs. R. W. Cunningham and Mr. and Mrs. J. M. Stropg, and friends, over the week end.

Thank You

We have appreciated the fine co-operation and friendship of the people of Wellington during the time we have operated the Pullman Cafe.

We know you will get the best of service from Tom and Tiny and we invite you to trade with them.

Familiar Pictures
In Coming Exhibit

Reproductions of works of artists of many generations will be on display at the elementary school from April 4 through 8, Miss Bonnie Willis, principal, reminded this week.

Students of the school are already selling tickets and will cover the town before the exhibit opens.

This is a benefit exhibition, and all proceeds will go to the school. The funds will, in turn, be used to buy pictures from among those exhibited to hang permanently in the school rooms, Miss Willis explained.

This collection consists of 150 masterpieces representing the French, Italian, English, Dutch, Spanish, German and American schools of art. Most of these are the masterpieces studied by the schools. Famous portraits, landscapes, marines, and pastoral scenes in the colors of the original canvases are on display.

Among the best loved pictures are such as DaVinci's "Last Supper," Hoffman's "Christ at Twelve," and Gainsborough's "Blue Boy." The charming girl, "Pinkie" by Lawrence, often seen as a companion picture to the "Blue Boy" is in the collection. Rembrandt's "Self Portrait" is familiar to many, and the appealing "Lady Hamilton" by Romney will be seen.

History students will recognize "The Surrender of Cornwallis" by Trumbull. There are newer pictures, including those of the Southwest. A number painted by the Taos school of artists are included and Robert Wood's southwestern and Texas pictures will be seen. Others are pictures especially for children, illustrating nursery rhymes as Hencke's "Jack and the Bean Stalk," "Mary and Her Lamb" and "Red Riding Hood."

"There will be pictures that appeal to everyone, regardless of taste or interests. We are happy to bring this exhibit to Wellington, and we plan to make it an annual event," Miss Willis said.

Mrs. Bradford to
Operators Meeting

Mrs. C. A. Bradford, chief operator of the Southwestern Associated Telephone Company in Wellington, left Sunday night for Dallas to attend a meeting of chief operators from throughout the system.

Accompanying Mrs. Bradford was the chief operator from the Clarendon office. The meeting will be attended by those in similar capacity from throughout the state. Headquarters are at the Baker Hotel.

The Southwestern Associated Telephone Company recently moved its main office from Lubbock to Dallas.

Mrs. Bradford will return Wednesday night.

Martha Allen Head
Of Baylor Club

Martha Elizabeth Allen, daughter of Mr. and Mrs. E. G. Allen, Route 1, Quail, Texas, has been recently installed as president of the Peer Club, a Baylor University social club, for the Spring quarter.

Miss Allen is a senior at Baylor majoring in sociology.

Future Teachers
Form Organization

Eight seniors, ten juniors, two sophomores and one eighth grader are members of the newly organized Future Teachers of America group at Wellington High School, E. L. Pritchett, superintendent, has reported.

The membership, which includes twelve boys and nine girls, is organized in order that the students may become acquainted with the teaching profession, Mr. Pritchett stated. The group will meet regularly in gatherings designed to educate them in regards to the ideals, responsibilities and opportunities in the profession.

Burl Brim, senior, was elected president of the group; Pat Riley, junior, was elected vice-president; and Joyce Dell Wood, junior, secretary. Other members are Dale Hively, Freddie Alexander, Bobby Tinney, Reba Scarberry, Delores Somerville, Nelda Nipper, Elouise Richards, Saradel Lilljedahl, Helen Caldwell, Peggy Jean Langford, Edith Lindsey, Jerry Strickland, Bobby McCutchen, Walter O'Neil, Kenneth Rippetoe, J. C. Nelson, Donald Joe Terry and Clifton Bradford.

Mr. Pritchett stated that the faculty of Wellington High School and the community should feel honored at the interest shown by such a large group of high school students. Members of the club will attend the regional meeting of the State Teachers' Association in Amarillo Friday, March 18.

Charles Hester, a student in West Texas State College, Canyon, spent the week end with his mother, Mrs. Vera Hester.

Louis Graham, who is attending West Texas State College, Canyon, visited his parents, Mr. and Mrs. Grady Graham, during the week end.

Winkler Family
Visit Children

"I don't see many old times when I come back now," H. A. Winkler of Tahoka commented while in Wellington Saturday afternoon. He, Mrs. Winkler and their son, R. L. Winkler were visiting in the homes of his daughter and son, Mrs. H. C. Baggett and Tom Winkler, of Quail.

Mr. Winkler and his family came here in 1902, and remained until about 20 years ago, when they

moved to Tahoka. He farmed near there until early this year, when he sold his farm, and he and Mrs. Winkler are moving to Tahoka within a short time to make their home.

Mr. Winkler grew up in Burleson county and Mrs. Winkler in Washington County. They came here from Childress, but prior to that time lived at Bartlett.

In addition to their two children here and the son at Tahoka, they have another son, H. A. Winkler Jr. at Justiceburg, and a daughter, Mrs. A. B. Fisher, at Denver, Colo.

ALL IN THE FAMILY...
THE EQUITABLE FAMILY

During 1948 thousands of families who wanted the security provided by life insurance joined The Equitable Society.

From every state in the Union—from big cities, from country towns, and from farms—The Equitable welcomed a host of new members last year, widening its family circle to a total of 4,150,000 men and women.

It is the thrifty action and self-reliance of this huge family banded together for mutual protection that makes possible the record of accomplishment which The Equitable brings to you in this annual report.

Of the \$307,600,000 disbursed last year to policyholders and beneficiaries, \$70,086,000 was paid out as dividends; and \$108,500,000 was paid in death benefits. Payments to living policyholders were approximately 65 per cent of all disbursements to The Equitable Family during the year—indicating a continuing trend of utilizing life insurance as a means of providing living as well as death benefits.

We have consistently done our best to preserve the funds and protect the interests of the members of The Society and their families in the realization of the fact that the best interests of the life insurance policyholders are concurrently the best interests of the people in general.

There are some current economic conditions for which we are not responsible, which we cannot control, but against which we have tried and will try to protect those who contribute so greatly to the public welfare by their voluntary provision for the members of their families.

We shall be glad to send you a copy of the President's Report to the Board of Directors for the year 1948. This report gives the full details of The Society's finances, the main features of which are outlined below, and is available on request either to the home office or your nearest Equitable representative.

School Census Warning Given

Supt. Noah Cunningham has issued the following request to parents of the Quail school district: "It is every important every school child of school age be enumerated this year. If you have not enumerated your children in the Quail School district, please contact me at once. I will send you blanks or will come and take the census personally. The district is so large that it is very easy to miss pupils, especially the beginners who are not enrolled in school. Please get the census blanks filled out and returned before April 2nd."

SAMNORWOOD

By MRS. C. W. FRITTS

Mr. and Mrs. Jack Prichard and 16-year-old son, Jerry, and 12-year-old daughter, Sue, moved some time ago to the J. B. Castleberry farm 2 miles south of Norwood.

They moved from the Lillie community here. Their oldest son, Jack Jr. and wife, live in Wellington and 20-year-old son Clifton has been in the Air Corps for two years. He is now in Tokyo, Japan. He is to be home in April.

Several farmers are building terraces, among those in the south part of Norwood are Oran Starkey; H. C. Morrow on his farm and on the Miss Luella Austin farm which he farms, and Walter Fritts. Odis Bradley is building up the terraces on the Theo Parker place, where he farms.

Miss Pauline Rudy who teaches at McLean visited her sister and family, Mr. and Mrs. Odis Bradley and daughters, Sunday.

Dub Holloway was a business visitor in Childress Monday.

Quite a number of school children have been out of school with the measles, among them are Mary Ann Bockman, 6 year old daughter of Mr. and Mrs. Elmer Bockman; George Cunningham, 12-year-old son of Mr. and Mrs. Tom Cunningham; Eugene Young, 17 year old son of Mr. and Mrs. Robert Young; Jenny, young daughter of Mr. and Mrs. Sonney Young.

Mrs. Sonny Young is ill with measles.

Mr. and Mrs. Jess Young was called to Paken to her father, W. A. Jarrard who is ill Wednesday.

Mrs. Oscar Payne returned home the past week from a month visit with her sister and family, Mr. and Mrs. Earl Crenshaw and children. In Orlando, Florida, she also attended the wedding of her nephew, Don Crenshaw while there.

Mr. and Mrs. John Groves has moved recently to one of the school houses on the school ground.

Superintendent Orville Cunningham, Alex Coleman, and Bill Knoll were in Austin last week on business.

Mrs. Orville Cunningham visited her mother and husband, Mr. and Mrs. W. A. Gibson of Altus over the week end.

Mrs. L. M. Montgomery and daughter, Mrs. Henry Bockman, returned recently from Dallas and Galveston. Mrs. Bockman visited her two sons, Chester Gardner and family and Lafayette Bockman at Galveston, while Mrs. Montgomery

visited her son, Mr. and Mrs. Jim Montgomery, and with grand children and other relatives in Dallas.

Norwood Junior boys and girls ball teams played Lelia teams here Tuesday night with both home teams being victors with small scores.

Mr. and Mrs. W. A. Jarrard of Paken are visiting their daughter and family, Mr. and Mrs. Jess Young and children. Mr. Jarrard is receiving medical treatment at Wellington.

Mr. and Mrs. J. C. Williams and small son, James Carol, of Paken visited in the Jess Young home Wednesday night.

Mr. and Mrs. C. W. Fritts visited in the Jess Young home Wednesday night.

Miss Cleo Brooks visited Miss Jeanette Young Wednesday night.

Friends of Mr. and Mrs. Tom Smith of near Tucumcari, New Mexico, will regret to hear of the death of his father at Lubbock last week. Mrs. Smith is the former Miss Belva Fritts.

The Clyde East family moved early this year from the Horace Small farm, where they have farmed for two years, to the Peg-gon farm two miles west of Quail. The family consists of Mr. and Mrs. East, and two sons, age 9 and 2, and a little daughter 6, and Mr. East's mother.

Donia, six-year-old daughter of Mr. and Mrs. H. C. Morrow, and nine-months old Judy are ill with measles this week.

Clarence Morrow of Lutie is quite ill this week with a severe cold.

Mrs. Sonny Young is quite ill with measles, also her three year old son Tommy Lee.

Norman DeBord son of George DeBord expects to sail to Tokyo, Japan soon. He reenlisted in the air corps in December. He has been in training in Georgia since December. He now holds the rank of Lieutenant.

Jessie DeBord, also son of George DeBord, visited his father and Mrs. DeBord and sister recently. Jessie is a supply salesman for an oil company out of Spur.

Both boys were reared here and are graduates of Samnorwood.

W. A. Jarrard, father of Mrs. Jess Young, here and foster father of Mrs. J. C. Williams of Paken, underwent surgery at the St. Joseph's Hospital at Wellington Monday. His condition is quite serious.

Mr. and Mrs. Lee Thompson and son, Luther Thompson and Mrs. Mary Ruth Patterson of west of Wellington and Mrs. Geveva King of Twitty attended the funeral of their niece and cousin, Mrs. Dorothy B. Travis at Tatum, New Mexico Friday. She is the oldest daughter of the late Boose Montgomery.

She was accidentally shot and killed by her five year old son last

Reunion at Gainesville

Mrs. E. D. Koen Meets Sister After 43 Years

By ETHEL HARVEY
In the Amarillo News
CLARENDON — Mrs. E. D. Koen of Clarendon and Mrs. A. H. Crowsey of Gainesville were young mothers back in August, 1906, when the Koen family moved to Hall County. They were grandmothers at the time of their next meeting in Gainesville recently.

For 23 of those intervening years the sisters had lost track of one another.

This particular cycle of family history began when the Thompson children, three girls and three boys, were left orphans. Their father, mother and youngest brother all died within one year. The girls, who were younger than the boys, lived with relatives, all in Cooke County, so they managed to have frequent visits.

But the sisters married and moved away. Their oldest brother died and their brother Brents moved to Clovis. Mrs. Koen and Mrs. Crowsey exchanged letters until 1926, when the Crowseys moved from Whitesboro to Fort Smith, Ark.

The Koen family was living at Quail, in Collingsworth County, at that time. The last letter she wrote her sister at Fort Smith was returned marked "address unknown." Soon after the letter was returned, the Koen family moved to another community, and in 1928 they moved to Donley County. They moved back to Collingsworth County in 1933. Since Mr. Koen's death in 1942, Mrs. Koen has made her home in Clarendon.

She and her sister Mrs. Lula Richerson of Lubbock, and their brother at Clovis, wrote many letters trying to locate their sister, but finally gave up hope of ever hearing from her.

On Dec. 23 of last year, Mrs. Koen had a letter from her long lost sister. She said, "When I took the letter out of the post office box I looked at the return address. It was my sister's name and a Gainesville address. I just couldn't believe it possible." She immediately opened the letter, but was so excited she had difficulty in reading it.

Mrs. Crowsey told her she had finally heard Mrs. Koen was living in Clarendon. She asked Mrs. Koen to answer as soon as she received the letter. "I couldn't wait to write a letter, I wired her a night letter," Mrs. Koen said.

She sent the letter to Mrs. Richerson who immediately wired their brother the good news. "It was a happy Christmas for all of us," Mrs. Koen said.

The Crowseys had lived in Fort Smith for most of that 23 years

of family silence. However, they changed residence several times. After her husband's death in 1941, Mrs. Crowsey began thinking about her old home, Cooke County. Her children were all married and moved away, so in 1946 she came back to Gainesville. She immediately began asking old acquaintances about her family. She found a cousin, but he had lost trace of the Thompson brothers and sisters. Then she heard of a sister of their oldest brother's wife, Mrs. T. B. Thompson. The lady was living at Plainview. Mrs. Crowsey wrote her and learned Mrs. Koen's home was at Clarendon.

The sisters and brother planned a reunion, but Mr. Thompson could not go to Gainesville, because of ill health, and Mrs. Crowsey was unable to come to West Texas. Mrs. Koen could not make the trip to Gainesville immediately, however Mrs. Richerson of Lubbock went to see her sister Lee. Mrs. Koen made her visit a few weeks later. She said, "We had a wonderful time, we had so many things to talk about. I would have known her anywhere, and she said I had not changed either."

Death stepped in to mar the perfect reunion picture which the long-separated brother and sisters had planned. Just two days after she returned from Gainesville Mrs. Koen was called to Clovis to be with her brother, who was critically ill. He died before she reached his bedside.

But the sisters are glad he knew of the newly forged links in family circle in time to make his last Christmas brighter.

Jeanette Finley visited during the week end with her father, J. G. Finley in Shamrock.

Ilene Williams On Trip to Mexico

CANYON — Twenty-seven Spanish students on the West Texas State College campus will trade sis's with friends South of the Border for the next five days.

They leave by chartered Panhandle Trailways bus for the annual Mexico trip from Canyon on March 17 and will be gone until March 22. Sponsors and chaperones on the trip will be Dr. Ples Harper, Head of the Modern Languages Department, his wife; Miss Agnes Charleton of the languages department; and Mrs. L. F. Sheffy.

Do you tell
time by Baby?

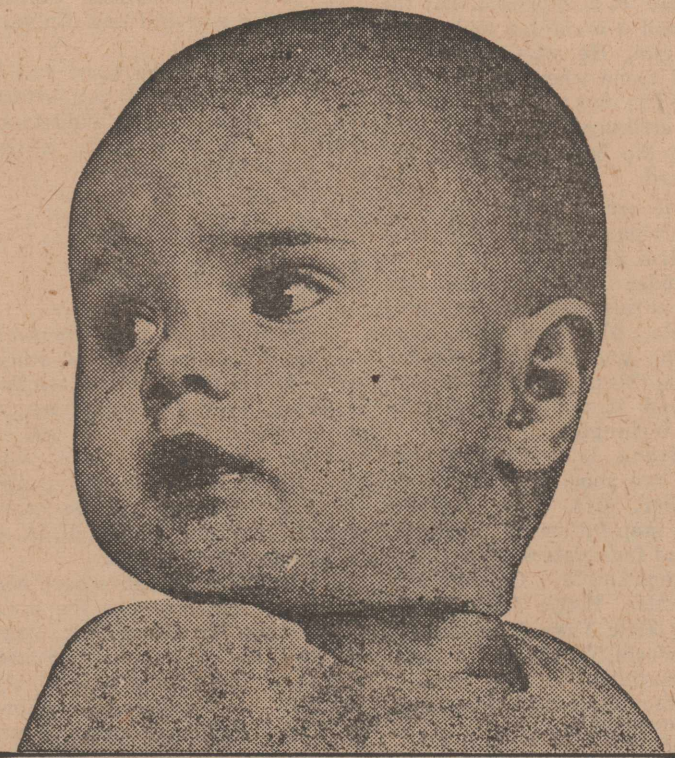

At his feeding times, yes. He sounds off on the dot when a meal's due. But the rest of your day, you're wise to depend on electric clocks.

With a baby in the house, it's surprising how much you depend on electric service—to prepare and refrigerate his food, heat water for his bath and laundry, wash his clothes, and so on.

Of course, you depend on electricity to help take the work out of your housework, too. Always ready, it lends a willing hand with heavy chores, provides comfort, ease and even entertainment. And best of all, you can depend on its economy—for what other item in your budget does so much for so little?

Your friends and neighbors in this company—under sound business management—are continually using their technical skill and practical experience to keep electricity the biggest bargain in that budget of yours. You can depend on that, too!

Second Southwest Industrial Show Set at Fort Worth

Forge, factory and skilled craftsmen will unite to emphasize the industrial Southwest at the second annual Southwestern Industrial Exposition to be held in Fort Worth May 8 through May 15.

Featuring products made, processed or assembled in Arkansas, Louisiana, New Mexico, Oklahoma and Texas, the Exposition is designed to open new trade channels for Southwestern industry and to point up the region as a booming industrial center.

The event will bring together manufacturers, purchasing agents, consumers and business writers from over the nation for a series of production and marketing clinics and to view the many products of the five-state region.

Importance of the Exposition is underlined by its list of sponsors, which includes the names of every state and regional chamber of commerce and manufacturers' association in the area.

Last year's successful initial show drew 200 exhibitors and attracted 125,000 buyers, manufacturers' agents and visitors to view in amazement the variety and quality of goods the Southwest produces.

Early exhibitor reservations and growing interest indicate that a new high in displays and attendance will be set for the 1949 show — which as last year, will be free. And the even won't be all business, either — for a program of professional entertainment has been arranged for added variety.

Grade School Tourney Opens Friday

Youngsters Hold Ball Spotlight at Norwood

The Samnorwood Invitation Grade School Basketball Tournament will be held there Friday and Saturday nights, March 25 and 26. Orville Cunningham, superintendent, announced this week.

The tournament is divided into more than two sections, composed of teams whose players weigh more than 100 pounds, and the "Peewees" whose weight is under 100 pounds.

As yet, it is not known how many teams will be entered, but Mr. Cunningham said that the Friday night session will begin at 7:00 p.m. and the Saturday night play at 6:30 p.m. If the number of teams makes it necessary, there will be a Saturday afternoon session.

All basketball fans of the area are urged to attend and watch

these youngsters play fast basketball.

Teams have been invited from McLean, Shamrock, Lella Lake, Quail, Kelton, Wellington, Wheeler, Mobeetie, Lela and Dodson.

March 31 Car Tag Deadline

March 31 is the last day to buy 1949 car and truck license tags, Hubert Mauldin, county assessor and collector of taxes, reminded this week.

With only one week left in which to make the purchases, just a little more than half the car and truck owners in the county have bought their tags, he reported.

"We urge you to get your tags as early as possible during this last week. It will save you from waiting in line at the last, and it will be a great favor to this office," Mr. Mauldin said.

To date, approximately 1200 passenger tags have been bought, along with 185 farm truck and 113 commercial truck tags.

Carmen Cavallaro-

(Continued from Page One)

There will be a limited number of reserve seats for those who wish to listen but who do not want to dance, Mr. Yates said.

Reserve seat tickets, as well as general admission tickets are already on sale and may be secured by contacting Mr. Yates at the city hall or J. M. Moore at the county clerk's office.

Carmen, himself, is probably the most talented pianist leading a band today. His captivating style and amazing technique have won him the acclaim of audiences from coast to coast, and have made the name Carmen Cavallaro synonymous with the finest in musical entertainment.

Carmen, for years one of the outstanding recording artists, belongs to the exclusive "million club" which means that he is one of the very select few recording artists of America who have had hit records that sold over a million discs. Bing Crosby, Perry Como and the Ink Spots are other members of the "million club."

With all of his success, Carmen Cavallaro remains a charming, affable fellow. In spite of his records selling in the millions, his Hooper rating—soaring, and his box-office name pulling magnetically, Carmen Cavallaro still holds onto his boyish outlook. He has not let his success go to his head, which probably accounts in a great measure for his ever increasing popularity.

Hope all who can will attend the Ozark Quartet program at Quail Thursday night, March 24th.

We are very sorry to hear that Mrs. Clare Ogletree is in the hospital with pneumonia. Miss Catherine Turner left for her sister's bedside soon as she got the message. We sincerely hope she will soon be well again. The Ogletrees live near Borger.

Mr. and Mrs. John Gollighugh and Mrs. Allie Rogers visited Mr. and Mrs. Duard Harris last Tuesday. They also visited awhile in Wellington with Mr. and Mrs. Dee Harris.

Mr. and Mrs. J. P. Cummings were callers in the Wischkaemper home one day last week.

Miss Rosie Sweeden of Quail visited her grandparents, Mr. and Mrs. Ira Morrow Friday night.

Mrs. Alma Lee Dobbins and daughter and Mrs. Wanda G. Snell are visiting their parents, Mr. and Mrs. Sligel Needham.

Mr. and Mrs. George W. Jones have moved to town and they just took their house along. We are sorry to lose those good friends, but wish them happiness and good health in their move. We really hate to see so many houses being moved out of our community. Pretty soon there will not be many families left.

Several men from here attended the meeting in the Zook Thomas home Friday night. They met to elect committees to meet with the county commissioner in behalf of a farm to market road through here. We have lots of school children to ride the school bus, and we surely need better roads for our school buses.

CARD OF THANKS

We the people of the Lillie community want to take this means of thanking our County Judge and Commissioners for their coming to our meeting on the proposed Farm to Market and Farm to School road.

Judge Templeton is a judge any county would be proud of, who has time to come and participate in the needs of its communities after the business sessions. Judge Templeton gave a fine talk. We wish every one in the county could have heard how laws are made at Austin and brought out several of the bills that are now pending and showed the effect it would have on the people in this county.

We are honored to have a man in our midst who has been to Austin as Representative and is qualified to enlighten us on our government problems.

We also want to thank our many fine friends who have helped us in establishing a Farm to Market and Farm to School road.

Shock from Gun Wound Fatal to Mrs. Wade Travis

By MRS. C. W. FRITTS
Mrs. Wade Travis, 28-year-old resident of Tatum, N. M., died at her home Wednesday, March 15, when she was struck by a shot from a gun in the hands of her five-year-old son.

Mrs. Travis will be remembered here as Miss Dorothy B. Montgomery, the daughter of Mrs. Zella Medaris, now of Modesta, Calif., and the late Boose Montgomery of Samnorwood. She grew up in that community and attended Samnorwood School. She is a granddaughter of Mrs. L. M. Montgomery and a niece of Jake Montgomery, Mrs. Lee Thompson and Mrs. Henry Bockman, all of Samnorwood.

Members of the family said that Mrs. Travis had suffered from a bad heart ailment for several months, and that the examining physician reported her death was due to shock, as the charge of small shot struck her in the arm and breast, and only about a dozen shot penetrated the skin.

She had also suffered from shock about ten days before the accident, when the helpy-self wash house the family owned and operated was destroyed when the boiler exploded.

Mrs. Wade was not aware that her son had found the old gun, which belonged to her father, in the garage. It is supposed that the child found a cartridge and put it in the gun. He was playing in the yard alone when the gun discharged. The shot went through the kitchen, striking Mrs. Travis. She ran onto the back porch and fell in the yard.

Funeral services were held at Tatum Friday. Her mother and sister, Miss Zella Faye Montgomery attended from Modesta, and going from this area were her aunt and uncle, Mr. and Mrs. Lee Thompson, and cousins, Luther Thompson, Mrs. Geneva King of Twitty and Mrs. Mary Patterson of near Wellington.

Mrs. Travis is survived by her husband two sons, ages 9 and 5; her mother, Mrs. Zella Madaris and her step-father of Modesta, Calif.; and four sisters, Mrs. Billye Murel Longbone, Mrs. Ophellia Billoeadeau; Mrs. Bettie Jane Burris and Miss Zella Faye Montgomery, all of Modesta, Calif.; and a number of aunts, uncles and cousins. Her father preceded her in death March 13, 1933.

13 Ask Dodson Trustee Places

Thirteen Dodson men are seeking the three places on the school board to be filled in the election Saturday, April 2, it was announced this week. The election will be held at the Dodson school, with Earl Reynolds as election judge. The three places on the board are now held by J. C. Howell, H. A. Painter and Pete Watts.

The thirteen who have been certified as candidates are the present trustees, Mr. Howell, Mr. Painter and Mr. Watts, and Ernest Nipper, Edwin Crowder, E. C. Alexander, Tice Younger, A. V. Lowrie, Truett Holland, Marvin Wynn, Tom Boling, Fred Boyd and Joe Birchfield.

Williams Attends Motor Clinic

W. T. Williams, who is in the service department of the Wellington Motor and Tractor Company, was in Oklahoma City March 16, 17 and 18 to attend a clinic on the operation and servicing of new Rocket engines in the 1949 Oldsmobiles, Charles Allen, manager, said. The clinic was held at the Biltmore Hotel.

Dodson Chorus to Present Program

The Dodson High School Chorus will give a program of religious music at the Methodist Church Sunday night, March 27, beginning at 7:30 p.m.

Mrs. Guy Killian is director of the chorus.

Members of the Chorus are Dale Hunt, Virginia Cain, Joan Langford, Elva Bogle, Jimmy Wynn, Vonelle Bonneau, Wanda Hightower, Cleo Aaron, Wilma Hightower, Dorothy Milner and Katie Adkins.

The public is cordially invited to attend.

Dr. Watkins Takes Graduate Work

Dr. Dale Watkins of the Jones-Watkins Clinic in Galveston this week attending a post-graduate course in obstetrics. This work is offered at the University of Texas School of Medicine.

Dr. Watkins wife and children accompanied him.

Miss Bessie Rainer underwent minor surgery in St. Joseph's Hospital Friday morning.

General Rain Falls Sunday Evening

Spring came in Sunday, March 20, in the way that it traditionally should but seldom does — with a gentle spring rain.

Moisture falling late Sunday evening and in the night was general over the county but varied from a half to one and one-half inches.

One-half inch was measured at Wellington in the government rain gauge at the home of J. M. Strong.

T. H. Rainer, Loco ginner, said he estimated that an inch fell in that section.

Tom Crabtree of Quail reported around half of an inch in the west part of the county.

Jake Hess of McLean, owner of the Hess Ranch in the northwest part of the county estimated that an inch and a half fell there, friends who talked with him said.

Going on the feeling that this section never gets too much rain, farmers and stockmen welcomed this rain as a boost to the moisture that will determine this years crop.

County Agent J. W. Thomas said it will soften the crust that has formed on a considerable amount of land in the heavier soil sections of the area. This had begun to be of concern to farmers of those communities.

Mr. and Mrs. Dan Massey and daughter Pat, of Hugoton, Kansas, are here visiting Mrs. Massey's parents, Mr. and Mrs. T. H. Rainer of Loco, and other relatives and friends.

Medical patients in St. Joseph's Hospital this week are Mrs. Louis Stephens, Mrs. Claude Groves, Mrs. Shelby Smith, Mrs. W. A. Holder of Vinson, Mrs. F. M. Trimble, and S. R. Davis.

FARMALL TRACTORS

INTERNATIONAL HARVESTER

TRUCK & TRACTOR CO.

Wellington, Texas

• Even if the weather is still acting up some, a lot of work is getting done. Everybody seems to be feeling better, too, so there must be something to that story about hard work helping to keep your spirits up. Some day I'm going to try it.

• Dan Henard bought a new St. Paul hydraulic dump for his truck last week. He and Roy went to Amarillo Thursday to have it put on.

• Special notice to all of you who have been riding me for nearly a year about section harrows: A few are here now. Twelve sections, to be exact. Half, or all, or none of these may be gone by the time you get this paper. I am trying to get in touch with you who have rode me the hardest, to see if you still want them.

• Lister shares, breaking plow shares, chisel points, etc., are moving now. In the last few days to Alva Hall, R. J. Holland, Osa Black, Dennis Holland, L. E. Ford, Lewis Allred, Fred Cummings, Jack Phipps, Austin White, L. C. Hill, R. L. Maberry, and several others.

• L. E. Brisbin brought carburetor to the shop for overhaul the other day, and A. F. Sturgill a magnet.

• Ray Uselton brought us his Farmall H and his F20 for some shop work last week.

• D. R. Shanks brought his F20 Farmall to the shop for some work the other day.

• Orval Vaughan drove his Farmall H to the shop last week for a complete overhaul. Orval bought this H from me four years ago and this is the first work that has been done on it that amounted to anything. Lower upkeep cost alone makes Farmall the most profitable tractor to own.

• Harold Keller bought International chisel teeth to make his tool-bar lister into a chisel plow—bought International after he had looked around and found out they were heavier, stronger, longer and set better.

• R. J. Holland bought a couple of new lister bottoms for his Farmall lister last week. A. C. Patterson was in a few days later, and also bought new bottoms.

• R. A. Barton left an order with us the other day for a work-warmer cover for his tractor. We have in stock now covers for Farmall H and M tractors.

• D. W. Maddox, Jr., was in after a swinging drawbar attachment for his Farmall H the other day.

OUR SHOP SERVICE

WILL SAVE YOU MONEY!

... and what's more important—our shop service will MAKE you money. No tractor is any good to you standing still—and a FARMALL tractor serviced with GENUINE FARMALL parts, by mechanics who know FARMALLS best, will be ON THE JOB when you need it—to get that plowing, or planting, or cultivating job done on the day it needs to be done to make you the MOST money.

You can **DEPEND** on your FARMALL . . . if your FARMALL can depend on YOU not to cheat on the parts you put in it, nor to trust it to incapable hands.

• The outlook for more fertilizer distributing equipment is better. Got in four attachments to fit 2-row tool bar listers last week, and have the promise of some more for 4-row listers shortly.

• John Eron Forbis had his F20 in the shop for some work the other day.

• Pat Alford brought his DI International pickup here for some work a few days ago.

• Busier days are mighty good for my business. Even a Farmall tractor has to be taken to the field before it will start wearing out parts. During the last few days all these fellows, and some others, were in here after parts for their Farmalls: Alva Hall, Odus Offutt, Jim Woods, Murray Dodson, L. O. Tyson, Dick Lindley, Loren Thompson, Frank Mayo, J. L. Langley, Ira Page, J. T. Tidwell, L. W. Lee, C. P. Allred, George Lewis, W. C. Burge, Barney Glenn, Howard Forbis, Lon Wellborn, Dudley Phipps, C. T. Ameron, A. L. Duncan, Joe Birchfield, Sr. W. E. Patterson, Austin White, S. K. Parsons, Sr. G. E. Pipetoe, and E. S. Copeland.

• Mose Ellis came in and bought a couple of drag planter boxes late in the week. We now have a few more of these—probably about half enough to supply the demand this spring.

• Plows are being repaired some, too. Parts for list-

ters, planters, etc., have been taken out by C. P. Allred, Sam Smith, James Doneghy, R. L. Maberry, J. F. Bishop, Cecil Lockhart, Jack Phipps, Austin White, Barney Glenn, Dennis Lacy, and many others.

• D. E. Nored brought his F20 to the shop for a little work the other day.

• V. K. Orr, who got a new Farmall M some weeks ago, brought his Farmall H to the shop last week for checking over and repainting. Now wants to sell it, and has what I consider an unusually reasonable price on it. It's here in the shop now. Come and see it if you're interested in a sure enough good buy in a Farmall H.

• Jake and Sam were out at L. C. Hill's place last week doing a little work on one of his Farmall Ms.

• Horton & Harwell brought their Farmall M to the shop last week to have the hydraulic pump worked over. This is the tractor they have the International power loader on, and this pump has probably done more work than the pump on an average farm tractor would do in four or five years.

• A. W. Atkinson had some work done on his F20 Farmall last week.

• Woodrow Wood bought an extra short chisel tooth here the other day for his lister.

Mrs. Lee Black of Littlefield Buried Here on Saturday

Mrs. Lee A. Black, who lived approximately five miles south of Wellington for a number of years, died in Memorial Hospital, Lubbock, Thursday, March 17, at 6:20 a.m. She had suffered a heart attack two days earlier, although she had been in ill health for several years.

Funeral services were held at the Assembly of God in Wellington Saturday morning at 10:45 a.m., with Rev. T. D. Thompson in charge of the service.

Pall bearers were Claude Savage, Robert Karnes, Eddie Smith, George Scott, Steve Owens and M. Burkhalter. Flower bearers were Mrs. Frank Moore, Mrs. Eddie Smith, Mrs. George Scott and Mrs. Steve Owens.

Burial was in the Wellington cemetery by the side of Mr. Black, who died in 1938, with the Ellis Funeral Home in charge of local arrangements.

Mrs. Black was before her marriage Miss Maude E. Smith. She was born March 11, 1892, at Davis, Indian Territory, and at the time of her death she was 57 years and 6 days of age.

After coming to this county, Mr. and Mrs. Black lived in the Rolla and Houselog communities, and following his death, she made her home in Wellington. Several years ago she moved to Littlefield.

Surviving Mrs. Black are two brothers and two sisters, W. R. Smith of Elk City; Tom Smith of California; Mrs. Ann Ware of Floydada and Mrs. Jane Hager of Marlow, Okla.

Mr. and Mrs. John Tribble of Plainview, visited Mrs. Tribble's parents, Mr. and Mrs. Jess White, during the week end.

Miss Pauline Boyles of Amarillo was a week end guest of her sister, Miss Allene Boyles.

**MEET AFTER 43 YEARS**

Mrs. E. D. Koen, right, of Clarendon, formerly of Wellington, and her sister, Mrs. H. A. Crowsey of Gainsville were reunited recently at the home of Mrs. Crowsey. It

was their first meeting since August 1906. Mrs. Koen lived in this county many years and moved to Clarendon following the death of her husband.

Five Tournament Firsts Between Them**Banquet Ends Norwood Team's Victory Season**

Possibly the most successful season in the school's history has been completed by the Samnorwood Eagle and Eaglette basketball teams. Together, the teams have played 65 games and won 58; they won five tournaments and the boys won the district championship and were defeated in the regional contest by only two points.

Final event of the season was the banquet honoring the two teams Thursday night, March 17. Tables were decorated with the school colors, red and white, and

centered with the trophies won this year.

Games were played in the school gymnasium following the banquet. Attending were the members of the teams, their parents, and these guests, Mr. and Mrs. Floyd Thompson, Mr. and Mrs. Charlie Bradley and Miss Maudie Coffee.

The girls team this year won 28 of the 32 games played. They won first in the Samnorwood, Shamrock and Quail tournaments and won the county basketball

championship.

The boys lost only three of their 33 games and took first at the Shamrock and Samnorwood tournaments, and second at Canadian. They won the district title and were defeated by Dimmitt in the regional 34 to 32.

Members of the girls team are Patty Ethridge, Jeanette Young, Martha Kidwell, Bettye Price, Daphene Terry, Wanda Browning, Betty Fain, Wanda Morgan, Delores Browning, Loretta Barnett, Anna Lou Bradley, Cleo Brooks, Joan Rountree, Nora Pearl Honeycutt and Katherine Kirklin.

The boys team is made up of Richard Overcast, Doug Payne, Eugene Young, Douglas Coleman, Eugene Terry, John Edd Roark, Benny Benton, Charles Holt, and Clifford Johnson.

Rockets, Pirates Tie 6 to 6 in Wellington Ring

Skyrockets and Lefors Pirates battled to a 6-6 tie in the Wellington ring Friday night, March 18, in the first meeting of the year for the two boxing teams. Skyrockets' victories included four decisions, one forfeit and one technical knockout, while Lefors won five decisions and one knockout.

The Skyrockets still hold the edge on the boxing teams of the district with an undefeated record in spite of the tie. Lefors is also undefeated but the tie with the Skyrockets gives them two ties for the season. These teams will meet in the final match of the season for each in Lefors, Friday night, March 25.

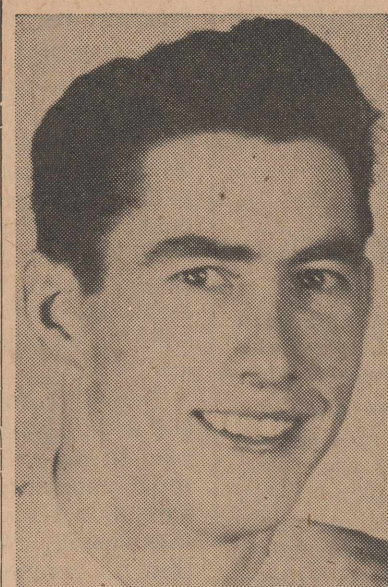

Twenty-seven Skyrocket boxers will take the trip to Lefors to be matched for Friday night's meeting, Coach John Lee has reported. At least fifteen matches will be fought at that time.

Following this final match, the Skyrockets will compete with Lefors, Clarendon, Quail, McLean and Shamrock in the district 2-A boxing tournament in Shamrock March 31, and April 1 and 2. Tickets for the tournament may be obtained from Coach Lee this week.

The results of the boxing with Lefors:

Skyrockets won both fights in the 65-pound class; Smokey Savage, Wellington, decisioned Donald Maples, Lefors; and Olan Murdock, Wellington, decisioned J. D. Revus, Lefors. Gary Phillips, Wellington, decisioned Darvin Teeters, Lefors, in the 70-pound class.

Lefors dominated the 75-pound class fights as Ronnie Rice, Lefors, decisioned Dale Lockhart, Wellington; and Fred Blackwell, Lefors, decisioned Reg Smith, Wellington. Eddy Clemons, Lefors, decisioned Truman Judd, Wellington, in the 80-pound class; and L. B. Coberly, Lefors, decisioned Drew Wyrick, Wellington, in the 90-pound class.

**WITH WELLINGTON FIRM**

Stanley Brown, formerly of Hollis, Okla., is in charge of the new automobile upholstery service recently added by the Wellington Collision Service, owned by W. L. Smith.

Johnny Morris, Lefors, forfeited his fight to Calvin Hiatt, Wellington, in the 97-pound class; Wilbur Smith, Wellington, decisioned Eugene Parks, Lefors, in the 112-pound class; and Gene Baird, Wellington, T. K. O'ed Hugh Branly, Lefors, in the first round in the 118-pound class.

Joe Rice, Lefors, knocked out Burl Brim, Wellington, in the second round in the 135-pound class; and Don Rice, Lefors, decisioned Choice Harris, Wellington, in the 145-pound class. In an exhibition match, J. E. Bell, Wellington, met Don Hudson, Wellington, in the 97-pound class.

Among the students from West Texas State College, Canyon, who visited home folks during the week end were Rita Lourie, George Crisity, Ernest Kendricks, Junior Melton, E. M. Strickland, and Louis Graham.

Rockets Take Baseball Opener From Childress

Wellington High School's baseball team opened the season's games with a 25-9 victory over Childress at Marian Airpark Thursday afternoon, March 17, with Kenneth Rippetoe, Dodson hurler, starting on the mound.

Aided by the big bats of Boone Eads, who slammed two homers, and Lindell Norman, Burl Brim and Rippetoe who each accounted for one homer, the Skyrockets were in the lead all the way.

Starting for the Skyrockets were Rippetoe, pitcher, Norman, catcher, Dale Hively, first base, Burl Brim, second base, Bobby McCutchen, third base, Gene Moore, short stop, Boone Eads, left field, Donald Joe Terry, center field, and George Shoff, right field.

Regulars returning from last year to the Skyrocket team are Norman, McCutchen, Moore, Terry, Eads, Hively and Brim. Rippetoe is a veteran ball player of three years experience with Dodson. The Skyrockets are coached by James Batchelor who was a star hurler from East Texas State last spring.

The team will start its district play on April 8, after several more practice games, when they meet the McLean Tigers at McLean. On April 15, 22, and 26, the Skyrockets will be playing home games with Memphis, Shamrock and McLean respectively. On April 29, the Skyrockets will meet Memphis there, and on May 3, they will meet Shamrock there.

District championship will be determined by a double round robin tournament which will be played in Shamrock by the four teams in district 2A, Memphis, Shamrock, McLean and Wellington.

The Skyrockets are expected to make a strong bid for this championship.

Editorial

"Keeping the boys and girls on the farm will be easier in the years ahead," says the Dallas Morning News in a recent editorial.

Continuing, the editorial cites the new annual report of the Secretary of Agriculture, which shows that farmers are using twice as many tractors as in 1940 and that in the same period grain combines and milking machines have increased 150 per cent. Farmers are using 80 per cent more trucks and 20 per cent more automobiles.

"Cotton has been the last major crop to turn to mechanization, but even here rapid progress is being made. This is especially true in the High Plains of West Texas and production costs and to give America cotton in Oklahoma. One result has been to lower ton a better competitive position in world markets," continues the News.

A look around Collingsworth will bear out most of these remarks. Rural electrification is only around 10 years old, and it is continuing its extension into the more remote communities of the county as funds and material permits.

A progressive program for building all-weather roads is under way, with the co-operation of the government. Bottled gas is rapidly putting the coal shed where the harness house is. Mechanical ice boxes and water systems have made some Collingsworth County home owners the envy of town friends.

"In the future, the farmer will not be so much a 'horny-handed son of toil' as a nimble-fingered mechanic. He may have to do more head work than before, but he will leave most of the drudgery to the machines, adds the Dallas editorial writer.

"For many farm youngsters the right lights and high wages of the city already have lost their lure," the editorial ends. And again, a look around Collingsworth will tell a lot.

Buck Creek Philosopher

Dear editor:

I want you to know I supported President Truman from the start, not just the day after he was elected like a lot of startled big papers I know and some small ones, and I still admire him, but I was sitting out here the other afternoon in the warm sunshine listenin to the drone of tractors and admirin the on-rush of a new farmin season, without no immediate plans for startin any operations of my own, as winter may not be over yet, at least I ain't over winter anyway, when a copy of The Amarillo News some fisherman had wrapped worms in blew over near me and I could reach it without gettin off my elbow and I picked it up and read where Pres. Truman while he was vacationin in Florida slept late one mornin and the reporters said he "stayed in bed late like a city feller."

I don't object to the President stayin in bed as late as he wants to in the mornings, glad to see he's gettin some sense on that topic, handed a marked copy of it to my wife, but I do object to the insinuation that sleepin late is strictly a city practice, that it's somehow out of place in the country.

There ain't nothin in my philosophy which prevents a country man from sleepin late if he wants to, and as far as I'm concerned there has been too much propaganda about farmers gettin up early.

Some people like to promote the idea that if farmers ain't up and stumblin to the barn in the dark six days a week, their whole economic system will fall to pieces and the bank might even call in their loan if it heard about it. And that it ought to be against the law for a farmer to turn his tractor off or unhitch a mule any earlier than an hour after sundown. That if he don't fall asleep toward the end of supper he ain't put in a honest day's work.

I'll admit there is some farmers who seem to follow this philosophy but it ain't the one that prevails out here. If a farmer is gonna work all year and take a chance on his crop bein lost at the last minute to a hail storm or boll weevils or too much rain or a drought or the bottom fallin out of the price, he might as well sleep late in the mornin when he feels like it. Ain't nothin worse than goin busted sleepy.

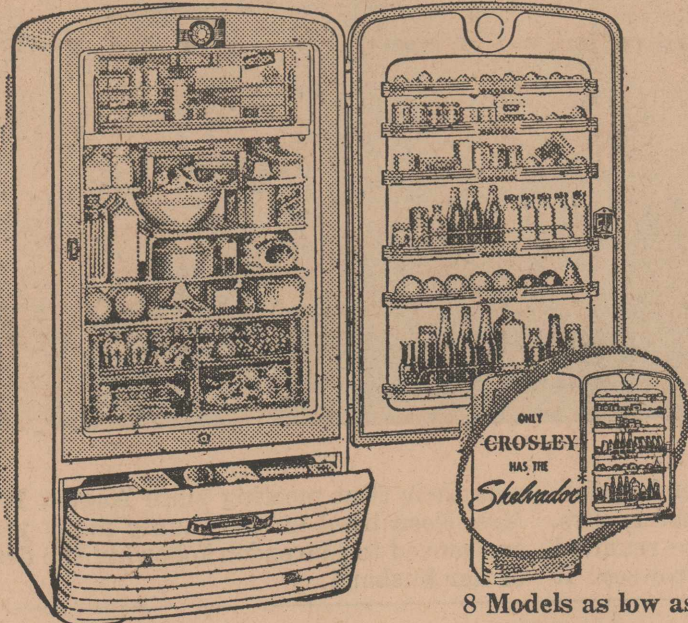

I personally ain't prejudiced against late-sleepin, and I am happy to know a lot of people, preachers, teachers, business men, even editors, is equally open-minded on the subject.

Yours faithfully,
J. A.

Miniature Combine That Runs Built by Youth

By MRS. H. A. FILLINGIM
Don Lacy, son of Mr. and Mrs. D. C. Lacy, has one of the most interesting hobbies found in this section recently.

Don has made a small combine, which is fully equipped with two electric motors, lights, and with three reverse and forward gears.

A student in Wellington high school, Don is active in many phases of school life, being a member

of the Future Farmer Chapter and the Skyrocket Band, as well as engaging in other activities. A lot of his time, however, is spent constructing various objects.

The combine has proved most interesting to his friends, however, and they are suggesting that he take it to the County Fair, if one is held in Wellington next fall, for they believe that many people would enjoy seeing it.

Texas Business Activity Trend Continues Down

AUSTIN — Business activity in Texas in January continued the downward trend that became apparent in the fall of 1948, the University of Texas Bureau of Business Research reported.

The Bureau's composite index of business activity declined 1 per cent from December to 227 per cent of the prewar (1935-39) base period, a level 3 per cent under the postwar high of 233 per cent which was reached in August last year.

Dr. John R. Stockton, Bureau statistician, said this decline, coming at a time when there is widespread anxiety over weak spots developing in business all over the country, emphasizes the instability of the equilibrium that had been attained by American business at the end of the year 1948.

All but one of the components, electric power consumption with a 5-per-cent rise, registered declines during January in comparison with December. Miscellaneous freight carloadings dropped 8 per cent from December; crude oil runs to stills, 4 per cent; employment, 3 per cent; and pay rolls and department and apparel store sales, 1 per cent.

In comparison with January a year ago, two of the components showed declines, although the composite index was 8 per cent higher. Although the year 1948 saw business at very high levels, further increases do not appear likely.

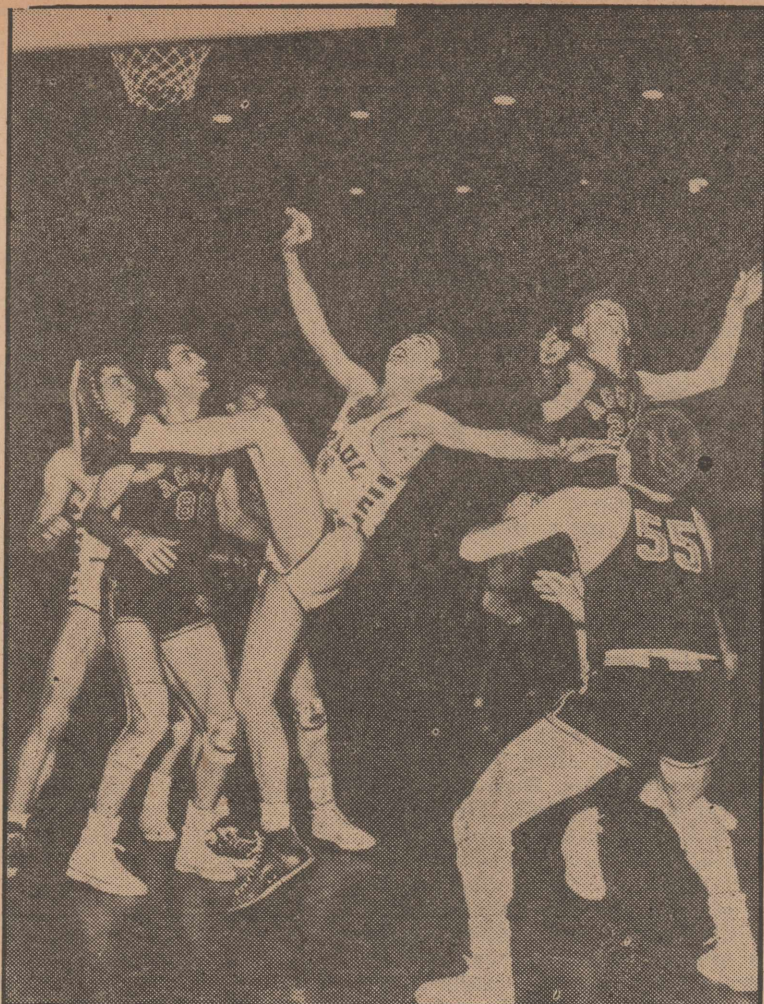

The greatest weakness in the Texas business picture appears in the data on retail sales. Total retail sales in the State declined 11 per cent from December after adjustment for seasonal variation.

Even more striking than this decline, Dr. Stockton said, was the fact that sales of durable goods' stores dropped 16 per cent while sales of non-durable goods fell only 8 per cent. This reversed a trend that has held with little variation since the war. Sales of durable goods stores have consistently run higher than nondurable goods stores, and have been an important factor in maintaining the high level of business activity.

Department and apparel store sales made a better showing than either durable or nondurable goods, with a decline of only 1 per cent in the Bureau's index. It has been rather generally reported that the response of consumers to the price reductions available in the after Christmas sales have given a substantial boost to department and apparel store sales. This seems to indicate that consumer buying can be stimulated by reduction of prices, and that the buying public is becoming more conscious than ever of high prices.

Cash income received by farmers continued to decline in January. The 37-per-cent drop in the seasonally adjusted index carried farm cash income to a level 32 per cent under January 1948. This decrease indicates strikingly the effect of falling prices of farm products on the income of the farmer.

The consumers' price index for Houston continued to decline in January. The level of all prices went down 7 per cent, while food prices dropped 1 per cent. The food price index was 3 per cent below the level of January 1948, but all commodities were still 1 per cent higher than a year ago. The prices of goods at retail always move more slowly than the prices in the primary markets; so the price of foods in the grocery stores does not yet reflect all the decreases in the prices paid to farmers.

Devotees of the ballet will appreciate the grace and precision of these rising and falling basketball players tussling for a rebound shot under the basket. Coming down, with arms and legs akimbo, is Gordon Gillespie (92) of De Paul University. The action took place during De Paul-Oklahoma A & M game in Chicago, which the Aggies won 37-26.

Dodson News

Sunday night another nice rain for which we are very thankful. Wheat is looking good and this rain will help it very much, any way we enjoy this more than a sand storm!

Mr. and Mrs. Fred Powers and family, Jackie, Bill and daughter, Mrs. Gene Lucas moved last week to Tucumcari, N. M. Mr. Powers will work on a farm for his brother-in-law.

Mr. and Mrs. Roy Horn of Wellington were in Dodson Friday evening.

Mrs. Van Bonneau is still in Fort Smith, Ark., at the bedside of her husband, who is reported to be getting along fine, but won't be able to come home for some time.

Don Stewart has been sick the last few days but is able to be in school again.

Mr. and Mrs. Oris West were in Amarillo last Tuesday on business, Mrs. Ross Swift had charge of the Drug Store while they were gone.

New car owner this week in Dodson are Mr. and Mrs. Earl Reynolds, who are driving a new Studebaker; Mr. and Mrs. Jack Stewart, a Ford; Jessie Roberson, a new Ford; and the Fred Boyds, have a new Mercury.

COTTON PLANTING SEED NOW AVAILABLE

The NEW Paymaster "54" is now available for the 1949 planting season — ready for farmers who want more profit from Cotton. This quick-maturing, high-yielding, better-staple-producing planting seed answers the demand for a variety that is *tested* and *proved* for West Texas growers. It is the result of scientific selection and painstaking experiments to develop a seed that will produce more money per acre planted.

Here's why the NEW Paymaster "54" is a money-making Cotton . . .

- **EARLY MATURITY**
Of 25 varieties tested recently . . . "54" was *first* in percentage of crop harvested in a four-month period.
- **HIGH YIELD**
In this same test, "54" was *third* among all varieties in yield per acre.
- **BETTER STAPLE**
"54" ran 15/16" to 1 inch throughout West Texas, assuring a better price.
- **TESTED FOR DRY LAND**
"54" has been proved successful for dry land farming as well as for irrigated Plains areas.

Be among those profit-minded farmers who demand a money-making Cotton planting seed—the NEW "54"; order your supply of the improved, state-registered "54" NOW.

IT PAYS TO PLANT PAYMASTER "54"

Sold through your ginner, your seed dealer, all branches of the Western Cottonoil Co., and at Lockview Farm, Plainview, Texas.

Would Mean \$67,000 For County Roads

Templeton Reports on Road Bill Hearings

County Judge R. L. Templeton returned Thursday, March 10, from Austin, where he attended committee hearings of the House of Representatives and the State Senate on road matters which would affect this county if they are passed. He also investigated into the progress of the bill proposing an experiment station for this immediate area, which was introduced recently by Rep. Grainger McIlhenny of this district.

Monday night, March 7, he attended a hearing on House Bill 59, which proposes a 1c tax on each 1,000 feet of natural gas, with all proceeds going to build all-weather roads for school and bus routes.

Attending this hearing as representatives of the Collingsworth County Farm Bureau were J. A. Coleman of Dozier, president, and W. R. Breeding of Abba.

This bill was voted out of the committee 17 to 4, and will next come up before the House of Representatives. Rep. McIlhenny was one of those voting against the measure.

"If passed, this bill would give Collingsworth County approximately \$67,000 to spend on its road system every year," Judge Templeton said. Chairman of the committee was Joe Flemming of Henderson, with whom Judge Templeton served in the legislature last session.

It would be necessary for this bill to pass the Senate also before attended by Judge Templeton Tuesday night. Introduced by Mrs. Colson, state senator from Navasota, this bill, which has already passed the senate, would provide \$15,000,000 for road purposes. It would mean approximately \$40,000 for Collingsworth County each year for two years, Judge Templeton said.

Approximately 3,000 people from all parts of the state were present for the hearings, the largest number ever to show interest in such measures, Judge Templeton said. Judge Templeton had planned to

stay for a hearing of the Appropriations Committee Wednesday night, since this committee must first pass on the proposed experiment station for the sandy-land section of this area. Chairman of this committee is Ray Kirkpatrick, who told Judge Templeton that it is the custom for the committee to pass on all appropriation departmental bills, such as schools, eleemosynary institutions, etc., before taking up any other. He assured the county judge that he personally favored the experiment station bill.

Norwood Board Praises Work of Faculty, District

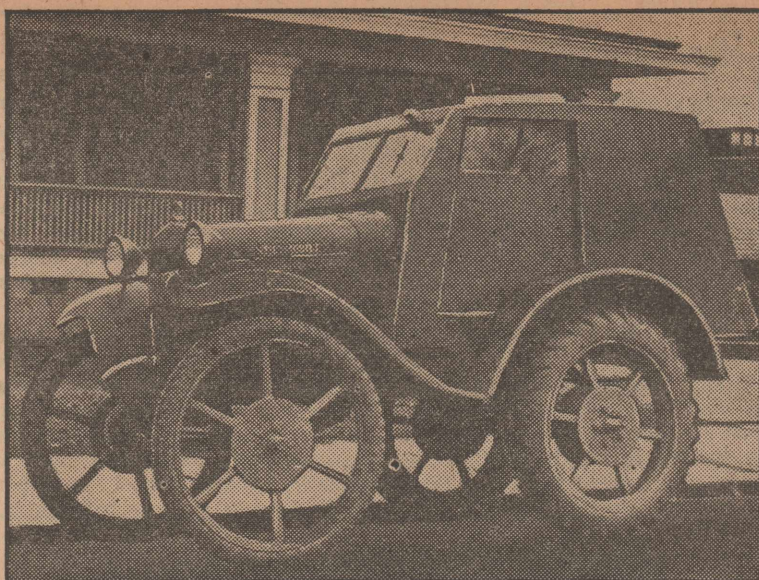

At the regular board meeting on March 7, 1949, the Samnorwood Board of Education reelected the entire faculty for another year, and expressed their appreciation to Superintendent Cunningham for the work done by the faculty and administrative staff.

Superintendent Orville Cunningham is completing his third year at Samnorwood.

Willard Ethridge, high school principal; Mr. Purl Tippie, grade school principal and coach; Mrs. Tippie; Mr. and Mrs. Clarence Holt are completing their second year at Samnorwood. Mrs. Floyd Thompson, Mrs. Raymond Brown, Mrs. Selba Rainey, and Miss Maude Coffee have taught for several years at Samnorwood.

Mr. and Mrs. Winston Connors are finishing their first year at Samnorwood. Miss Dorothy Harris, homemaker teacher, joined the faculty at mid-term. Miss Harris was working on a Masters Degree at Texas Tech, Lubbock, and had two years of teaching experience.

O. L. Christie was elected March 5, 1949, to teach Vocational Agriculture for the term of 1949-50.

RE-TIRED MAIL CARRIER

This exalted vehicle was retired from a Texico, Ill., rural mail route after serving its owner, Joseph S. Spangler, faithfully for several years. The tractor tires helped put the mail carrier over soggy farm roads that bogged down more conventional autos. Now the roads have been improved and Spangler is planning to retire, so the "Stilt-mobile" has been sold.

He is now teaching at Muleshoe and will move to Samnorwood about the last of June. Mr. Christie is a graduate of Texas Tech, and a veteran of the last war.

Through the combined efforts of many people, much progress has been made by Samnorwood in the field of education, buildings, transportation, and consolidation, Mr. Cunningham reports.

Students come from an area of 281 square miles and all except seventeen ride the nine buses that run to Samnorwood. Eight of the buses are school owned and school operated. The ninth bus is owned and operated by Enterprise District.

The high school and grade school buildings, the gymnasium, the agriculture building, six teacherages, and bus garage was built or moves on the campus along with consolidating of two hundred and eleven square miles and twenty-nine credits were affiliated in the first twelve years of existence.

The Board of Education has carried on with the same ideas and ideals as of the past and that is

to keep the big Rural High School progressive. The Board had, in the last three years, made all of the original six teacherages modern; made the high school and grade school modern; have completed three additional modern teacherages and are working on three more; completed a forty by one hundred foot agriculture building; have cooperated with Veterans Administration in that fuel, water, and lights are furnished the veterans who have a twenty by one hundred shop and class room build-

In addition to all the other buildings, the district has a twenty by one hundred feet army barracks where educational pictures from the State Department of Education is shown.

Seventy square miles of consolidation has been done in this time which lengthened the bus routes, but which also gave more students a chance to obtain a high school education. All of this additional work of construction and purchase of buildings has been done without new tax levy or new bond issue, Mr. Cunningham pointed out.

Two Road Projects Get Approval of Commissioners in Recent Session

The Commissioners Court in session Monday, March 14, worked out a tentative route for one road in the eastern part of the county and accepted two petitions seeking future road improvement in the south part.

The court is preparing to enter into a contract with the Mill Iron Ranch in which the latter will join with the county in building a road serving both the ranch and other residents in the east part of the county, Judge Templeton reported.

Farmhouse Plans Available at USDA

COLLEGE STATION — Thirteen up-to-date farmhouse plans, every one designed to give farm families comfortable and efficient surroundings, are pictured and described in a new U. S. Department of Agriculture bulletin, "Farmhouse Plans for the Northeastern States." W. S. Allen, extension agricultural engineer, buildings of Texas A. & M. College, says that county home demonstration agents now have the bulletin in their offices.

These 13 houses are adapted to most Texas conditions. Since a farmhouse is a combined home and work center, the designers have seen to it that each house has outstanding features that farm families want and need. Included are: rooms planned for family work and living; space for eating in the kitchen; a place near the back door for the men to wash up and hang work clothes; indoor traffic routes that do not cross busy work areas; adequate storage space for food and fuel; and ample closet space.

Every house, adds Allen, is designed for running water and each plan provides for at least one bathroom.

These plans are the product of the Regional Plan Services. This is a cooperative arrangement between the U. S. Department of Agriculture and the states in a region. They work together in developing plans for farm buildings that are suitable for the region. The 13 farmhouse plans for the northeast were developed by three agencies in the Department — the Bureau of Plant Industry, Soils and Agricultural Engineering — the Bureau of Human Nutrition and Home Economics — and the Extension Service — and twelve Northeastern States cooperating.

Copies of the bulletin, "Farmhouse Plans for the Northeastern States," may be purchased for fifteen cents per copy, from the Superintendent of Documents, Washington 25, D. C. The order should be accompanied by coin or money order (no stamps), says Allen.

Store at Shinnery, on the Mangum highway, the tentative route will extend northeast, then eastward, then angle across a portion of the Mill Iron Ranch to the old state line. It will go north five miles then west three miles to Needwood School. A mile east of Needwood, it will run into the road, now stopping at that point, which goes directly west 10 miles to Lutie.

Judge Templeton said that a number of residents in the area through which the road will pass have conferred with the court asking for its approval, and the commissioner serving the area just across the line in Oklahoma has likewise volunteered his cooperation in working on the road.

"This new road will not only mean greater convenience to the people living in that section, but it is going to mean that they can get to Wellington a lot easier than they can now," Judge Templeton commented.

The court accepted two petitions signed by 239 persons asking that when the Rolla hard-surfaced farm to market is extended toward Memphis, that it pass through the Swearingen community.

This was endorsed by the court and the judge was instructed to have certified copies, along with the court's endorsement, and turned over to John Nabors, district highway engineer at Childress.

It was pointed out in the approval that it was not the intention of the court that this road supersede any farm to market road now designated, but that it will follow after those which have already been designated as farm to market roads.

The court also voted that no warrants will be issued by individual commissioners without the approval of the full court.

Spring planting season is just around the corner and farm machinery will be on the move again. Check it over carefully and get it in good shape before the work starts. Look for defects in hitches, seats, clutches, wheels, brakes, fuel lines, steering and unguarded gears or shafts.

Seek Memorial Stamp for Texas A&M Anniversary

COLLEGE STATION — A resolution authorizing the issuance of a stamp commemorating the 75th anniversary of Texas A&M College has been introduced in the congress of the United States. The college will be 75 years old September 17, 1951.

The moving force behind the proposed commemorative stamp is Jack Happy, a business and accounting student at A&M. Jack is

a stamp collector in his own right. "I have been thinking of a commemorative stamp for a long time," Jack says. "I talked to many people. Finally I got in touch with some officials."

Happy talked to the Student Senate members, a campus organization. They gave the idea their approval and gave him their blessing.

Next he took his plan to Dick Hervey, executive secretary of the Association of Former Students. They laid the matter before Henderson Shuffler, director of information and college publications of the A&M System.

It was a good plan—everyone told him so. Happy moved in on Burrus C. Jackson, the Hillsboro postmaster, president of the National Association of Postmasters. He told his story — as he had told it to others.

The next day Congressman Olin Teague introduced the resolution in the house of representatives.

"I don't know what denomination the stamp will be," the blue-eyed, red-headed, freckle-faced typical American student, says. "The most

common commemorative denomination is the three-cent stamp," he opined. He feels that the resolution will be approved by the congress.

Jack wears an engaging grin beneath sparkling eyes. The idea of the son of Mr. and Mrs. J. K. Happy of Dallas may spell a commemorative stamp for A&M College.

"Oh, yes," he points out, "I'm a graduate of Woodrow Wilson high school at Dallas."

A new anti-submarine destroyer will be named in honor of Admiral Marc Andrew Mitchner.

The Naval Air Reserve has 2,183 planes of all types.

Annual Event School Highlight

Miss Weaver Crowned Quail School Queen

Bertie Frances Weaver, a member of the Quail junior class and daughter of Mr. and Mrs. Bert Weaver, was crowned queen of Quail high school at the annual coronation and box supper Thursday night, March 10.

On a stage arranged in a garden setting, the crown, of sequins and rhinestones, was placed on her head by her escort, Donald Dollar, son of Mr. and Mrs. John Dollar.

The royal family consisted of two representatives from each class in school, a princess and her escort, as follows: first grade: Sharon Phipps, John Smith; second grade: Janice Howell, Mickey Vaughan; third grade: Edith Messer, Jerry Dale DeBard; fourth grade: Faye Lacy, Jerry Peeples; fifth grade: Peggy Ruth Clay, Billy Gene Smith; sixth grade: Joan Lacy and Robert Hennard; seventh grade: Wanda Sue Vaughan and Richard Beal; eighth grade: LaDonna B. Horton and Jasper Peeples; freshman class: Jo Ann Blevins and Gene Peggram; sophomore class: Mary Louise Robinson, George W. Stephens; junior class: Bertie Frances Weaves and Donald Dollar; senior class: Betty Jean Souder and Calvin Lynn Tow.

Train bearers were Teddy Gentry and Troy Crow, the crown bearer John Robert Kimbrough and the flower girls Paula Grigsby and Judith Ann Wilson.

After the crown was placed on the queen's head she took her place on a throne of white and silver. The high school chorus accompanied by Mrs. Mary Gibbs at the piano sang, "High School Song." The following command performance was then presented to the queen and royal family on the stage: a piano solo by Drusilla Gibbs, then Sonia Atkinson, twirler, assisted by drummers; Sharlene Saunders and Melba Pendergrass and the court jesters, John Alf Thomas and Jerry Guthrie performed. The chorus sang "Beautiful Dreamer." The chorus assisted by the entire court sang "America the Beautiful."

Both the processional and recessional were played by Mrs. Gibbs. The coronation of the High School Queen is an annual event and follows the pie supper which is under the direction of the junior class. The decoration of the stage, the lighting effects and the program was a project on which the entire class worked. The class president

is Leroy Brown, the vice-president, Kenneth Jett, secretary-treasurer, Wanda Johnson and sponsors, Mrs. B. E. Ratliff and Miss LaRhae McWhorter.
