O'Donnell Board Sets New Budget

The Board of Trustees of the O'Donnell Independent School District has adopted a budget for the 1967-68 school year in the amount of \$407,546, as compared with the amended budget for the year of 1966-67 of \$447,726. The new budget is smaller because a new \$30,000 physical fitness building for the elementary school was erected out of the cash reserves during the past year.

The new budget calls for expenditures of \$354,726 for current operational expenses, \$4,500 for capital outlay and \$4,832 for debt service. This compares with 1966-67 budget which provided for \$357,309 for current operational expenses, \$34,300 for capital outlay and \$49,218 for debt service.

The board voted to raise the tax rate from \$1.76 to \$2.00 per \$100 valuation. This was necessary to make up for a differential caused by a revaluation program involved in Lynn County during the last year and by increased costs of instructional programs. The new rate is divided between \$1.48 for maintenance and \$52 for debt service.

Total estimated revenue for the new year includes \$190,787 from local sources, \$710 from county sources, \$217,821 from state sources and \$1,200 from non-revenue receipts, making a total of \$410,618, according to Hal Tunnell, sup.

Plant Dedication To Be Sept. 7

Further plans for dedicating the Knox City Plant Materials Center on September 7, 1967, were announced today by N. Smith, State Conservationist, Soil Conservation Service, Temple.

Donald A. Williams, SCS Administrator, Washington, D. C., will be the key speaker and Smith will be master of ceremonies. The dedication program will start at 11:00 a.m. A catered lunch will be served after the dedication.

Smith said tours of the center will be conducted from 8:30 to 10:30 a.m. and from 1:00 to 3:00 p.m. A local group from Lynn County is expected to attend. Those interested in attending should contact Blake Lovelace of the SCS in Tahoka.

Some 850 varieties of plants are being evaluated, including grasses, legumes, forbs and woody plants.

Other work being done at the center includes a search for better ways to harvest certain grass seeds; ways to make some grasses, such as vine mesquite, produce seed more consistently; and better ways to establish certain plants.

After improved plants are identified and proved at the center, they are grown in seed increase plots. After harvest, seed are used to make trail plantings on district cooperators' farms. After final tests, superior varieties are identified and released to commercial seed growers who produce seed for public sale.

These growers produced about two million pounds of grass seed in Texas last year, mostly from strains released by SCS plant materials centers. Groups cooperating with SCS in evaluating plants include Texas A&M University, Texas Technological College, Oklahoma State University, Prairie View A&M College, and soil and water conservation districts in Texas and Oklahoma.

Bill Griffin, County Agent Says.....

The production of this area's major cash crops and the use

of herbicides will be highlighted at the annual field day at the South Plains Research and Extension Center to be held Tuesday, September 12 from 1 to 5 p.m., announces County Agricultural Agent Bill Griffin. The event, which is open to the public, traditionally at-

tracts a large crowd of farmers and businessmen. The center is located seven and one-half miles north of Lubbock on U.S. 87.

Information on such crops as cotton, grain sorghum, soybeans, castor, rapeseed and guar will be presented, says Griffin. Adaptability tests of various varieties, breeding research and cultural practices will be discussed.

"Do's" and "Don't's" concerning the use of present-day herbicides will receive major emphasis at the field day, points out the agent, since numerous weed control problems have arisen this year.

A greenhouse display is also planned for the event. This is one of the best educational opportunities of the field day, says Griffin, because it gives producers a chance to learn the symptoms of various plant diseases and other plant disorders. Spotlights at this year's display will be grain sorghum and cotton diseases.

Another attraction at the field day will be a large machinery exhibit. The latest planting and harvesting equipment developed by researchers at the Center will be on display as well as machinery exhibited by commercial companies.

An additional highlight of the field day will be a farm management display with specific reference to the South Plains Development program (SPD). Management has received much emphasis in this program, points out Griffin, and plays a tremendous role in the overall economic growth and development of this area.

In addition to touring test plots and displays, visitors will also be invited to take a look at the newly expanded center which now houses the District 2 Extension Office and nine Extension subject-matter area specialists. Additional laboratory space and facilities have also been provided.

Griffin invites everyone in the county who is interested in agriculture to mark the date, September 12, on his calendar and to make plans now to attend the field day.

Special School Opens Tuesday

The Lynn County Special School will open Tuesday morning, September 5th. Parents are asked to please bring their children and register them at that time, according to Margaret Renfro, instructor at the school.

“We have many things to use in training these children. We have a tape recorder, so they may record their speech and play it back, a record player, T.V., a rhythm band and a piano. They march, sing and play their instruments. We plan to take more field trips this year and, of course, teach everything possible to help the children develop into better, happier citizens plus all the academic work that they can possibly learn, and most important, help them to feel that they are needed, wanted, loved and are contributing,” she added.

“We also have a work shop with volunteers helping us here. We have a spacious, fenced-in playground and equipment. Good sportsmanship is taught, also table etiquette & good manners. The children will be supervised at all times,” the instructor concluded.

Mrs. Long Will Speak At P-TA Meeting Tuesday

“Our World Neighborhood” will be subject of a talk by Mrs. Roy Long at the first meeting of the Tahoka Parent-Teacher Association, slated for Tuesday, September 5, at 7:30 p.m. in the school cafeteria.

Mrs. Long has traveled extensively and has lived in various countries. “She is well qualified to introduce us to our neighbors across the sea,” a P.T.A. spokesman added. Mrs. Long (Mariana) is the daughter of Mr. and Mrs. Fred McGinty, Tahoka, and is residing here at the present but will return overseas later this year.

Faculty and personnel of the Tahoka Schools will be introduced at the meeting as will officers and committee chairmen of the P.T.A. Care will be provided for small children. Refreshments will be served immediately after the meeting.

Art Exhibition Displayed At Post

The South Plains Circuit Show is on exhibition in the lobby of First National Bank, Post, continuing on view through September 8. The display is under the sponsorship of the Post Art Guild.

Fifteen paintings of members of the Lubbock Art Association chosen during an April exhibition, are on display. Artists, of Lubbock, Spur, Sweetwater, Abilene, Odon and Hobbs, N. M. are represented in the show.

Jo Ann and Patsy Zedetz left by car Wednesday, Aug. 23, en route to Kansas City, Mo. They plan to enroll in Weaver's Airline School, will be in school for a month, and then receive job interviews. Monday night, they were honored with a surprise going-away party in the home of Mr. and Mrs. Ted Chancy. Homemade ice cream and cookies were served to the 29 guests.

DEATH (CONT. FROM PAGE 1)

oka, later transferred to Wheeler Mortuary, Post, where services were to be conducted the first of the week. Montana is survived by his parents, Mr. and Mrs. Manuel Montana, Amarillo, a wife and two children.

SLOGAN (CONT. FROM PAGE 1)

ing the contest, stresses that, to be effective, the slogan should be “short and catchy” and “should promote Tahoka to people everywhere, not just Tahoka to people who already live here.”

Once the appropriate slogan is found, it will be used to advertise and promote the city on signs, billboards, printed material and in other ways.

Anyone residing in Lynn County may enter the contest. Entries may be deposited in containers at Tahoka Drug, Collier-Parker Pharmacy and Lynn County News or mailed to the Jaycees at Box 241, Tahoka. There is no limit on the number of times a person may enter the contest, but all entries become the property of the Jaycees.

Overseas Mailing Helps Given Here

It is important that parcel post mailings addressed to overseas military post offices be prepared as prescribed by postal regulations, according to Postmaster, Charles Townes.

All articles, should be packed in boxes of wood, metal, solid fiber-board, or strong, double-faced, corrugated fiber-board. All fiberboard boxes should be securely wrapped in heavy paper which materially strengthens the package. Each box should be well tied with strong cord. Sufficient cushioning material should be used to prevent any rattling or loosening of articles within the package. Unless tightly filled, boxes are likely to be crushed.

A slip showing list of contents and name and address of the addressee should be enclosed in the parcel. The mailing of intoxicating liquors is prohibited. Perishable matter should be sent by airmail.

Parcels which do not meet applicable postal regulations cannot be accepted for mailing until the requirements are met.

B. Novian was released Saturday from the Methodist Hospital, Lubbock, where he had been a patient several days. Bill Biggerstaff was released Saturday from the Methodist Hospital, Lubbock.

Dove Season Opens Friday

Shooting hours for mourning doves in the north zone, which includes Lynn County, begins at 1 p.m. Daylight Saving Time on Friday, September 1.

The fully-featured wing provision on mourning doves has been relaxed for this season. Hunters no longer have to retain one fully-featured wing on doves except during the concurrent white-winged and mourning dove season in 21 counties along the Rio Grande. Hunters who plan to open the season in the north zone can look forward to a good supply of birds but may have to look a little harder to find concentrations, according to the Texas Parks and Wildlife Department.

Dove call or 300 counts, released in early July, indicated virtually no change in the breeding populations from the previous year, according to Ted Clark, statewide dove project leader for the Department. Since the mourning dove is migratory, populations and concentrations depend on weather and the available food and water supply, it was further noted.

NEW FRUIT Try a few tangos this week when you shop for fruit. Shoppers who bought them in the past liked them so well that growers were encouraged to plant large groves to meet the demand. Tangos are a cross between a tangerine and a grapefruit. They are orange in color and peel like a tangerine. They have a sharp-sweet flavor.

500 Students Are Expected At New Home

Winn Talley, superintendent of the New Home School, announced last week that a full slate of teachers had been employed and were ready for opening day September 4.

Classes at New Home will begin at 8:35 a.m. Monday. Latest additions to the teaching staff have been Bill Malone, assistant coach history; Mrs. Billy Jo Daugherty, Title I subjects; Owen Comer, Junior high principal; and Carolyn Bryant, fourth grade.

Talley noted that about 500 students were expected to enroll at the school, a figure down slightly from previous years. Of the total, approximately 90 of the students will be in high school, 150 in junior-high, and the remainder in elementary grades.

Bray To Speak At Civic Club

Andy Bray, Tahoka, will bring the program Monday, September 4, at the monthly meeting of the New Home Civic Club.

Bray, recently returned from the Peace Corps, will tell of his experiences in Nigeria and show slides taken there, according to a civic club spokesman.

All members of the civic club are urged to attend.

Miss Jerry Ann Wyatt and Toni Lusk, both of Tahoka, modeled fashions Thursday evening as a finale to their graduation from Robert Spence Self-Improvement School in Lubbock. The six weeks course was finished by 16 young women who presented a fashion show to guests at the school.

Miss Wyatt, 22, is a senior at Texas Tech, and will be doing her practice teaching this fall in Lubbock. She is in secondary education, teaching English. Jerry is the daughter of Mr. and Mrs. F. A. Wyatt, Tahoka.

Miss Lusk, 18, daughter of Mr. and Mrs. Duane Lusk, plans to become an airline hostess.

Once the Court has levied the annual tax rate, the same shall remain in force and effect during that taxable year; and the Legislature may also authorize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided, that a majority of the qualified property taxpayers of the county voting at an election to be held for that purpose shall vote such tax, not to exceed Fifteen Cents (15¢) on the One Hundred Dollars (\$100) valuation of the property subject to taxation in such county. Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the State of Texas performing governmental duties which have been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified hereunder. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas; one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term. Any resigning member shall be appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present."

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said fund in conformity with the Constitutional provisions authorizing such bonds; but the moneys of said fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes."

"All moneys comprising a part of said fund and not expended for the purposes herein provided shall be a part of said fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said fund thereafter shall likewise be deposited to the credit of the General Revenue Fund."

"When a Division of said fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party."

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid in cash, and shall be a part of said fund. Such lands heretofore or hereafter purchased and comprising a part of said fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund."

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, on such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law."

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest on principal due or to become due on any such additional bonds."

"All of the moneys attributable to any series of bonds heretofore issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be acquired at the lowest price obtainable, to be paid in cash, and shall be a part of said fund. Such lands heretofore or hereafter purchased and comprising a part of said fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund."

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid in cash, and shall be a part of said fund. Such lands heretofore or hereafter purchased and comprising a part of said fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund."

Salvation Army Names Hickman As Field Man

Bob R. Hickman has joined the Salvation Army in Texas as a Service Unit Field Representative. It was announced by Dan Eddy, State Service Unit Director.

Hickman will serve twenty-six cities, including Tahoka, assisting the volunteer committees in dispersing welfare and providing counsel wherever needed, Eddy said.

"We have a well trained man in Bob Hickman," said Eddy. We are pleased to have him join The Salvation Army Service Unit team."

Hickman comes to The Salvation Army well qualified to assume his duties, having spent more than a decade as District Scout Executive in Texas.

With the Boy Scouts, Hickman directed a score of financial campaigns each year, worked on budget requests with a number of United Funds and Community Chests, and did organizational work with community leaders to establish United Funds. He also served as Neighbor Commissioner with the Boy Scouts of America. While in Lubbock, he started district expositions for annual events.

Young Farmer Convention Is September 16

The O'Donnell Young Farmers are striving for 100% attendance at the Area II Young Farmer Convention. The annual convention will be held in Seminole, September 16, 1967, according to Harold Hohn, Area II Vice-President.

The Young Homemakers will also have their convention at the same time. An interesting program has been planned, also educational, stated Hulan Harris, Advisor of Area II Young Farmers of Big Springs.

A banquet will be held in the Seminole High School Cafeteria and members and their wives will go to the auditorium for the night program. Advanced registration is needed. For registration information, contact Kenneth Eaker, Young Farmer President, or James Reed, Local Advisor.

Sponsoring the convention will be the Loop Young Farmer Chapter.

Highlights of the convention will be the selection of the Star Young Farmer of the Area. Competing for this award is Jim Mack Burkett past president of the local Young Farmer Chapter.

The chapter will be trying for the Outstanding chapter award and also the publicity award. Last years convention was held at Snyder, and a plaque was received by the O'Donnell group for the greatest percent attendance. In his closing speech as President of the Local Chapter, Harold Sanders said, "Let's bring home the award by having 100% attendance."
