Negro Man Charged With Murder

Five Die In Accidents

Wife Shot In Quarrel Over Supper

A 54-year-old Olton Negro was charged with murder with malice here Wednesday morning following the fatal shooting of his wife after they argued over whether she would fix supper for him.

The man, Gus Blaylock, a cotton laborer on the Archie May farm west of Olton, was jailed here Wednesday morning after he signed a statement in the presence of Sheriff Dick Dyer, County Attorney Curtis Wilkinson and Olton Deputy V. L. Smith. Officers said the man admitted the shooting in his statement.

The incident occurred Wednesday at 1:30 a.m. in a bitter four-hour quarrel, according to officers. The man's wife, Zeola, was shot after she was shot in the abdomen at close range with a single-shot 12 gauge shotgun. The blast also tore off a part of her arm.

Blaylock had returned to his home on the May farm about 9 p.m. Tuesday after a trip to Littlefield. He then asked his wife why supper wasn't ready. They argued, and she told him that she should have stayed home, according to officers.

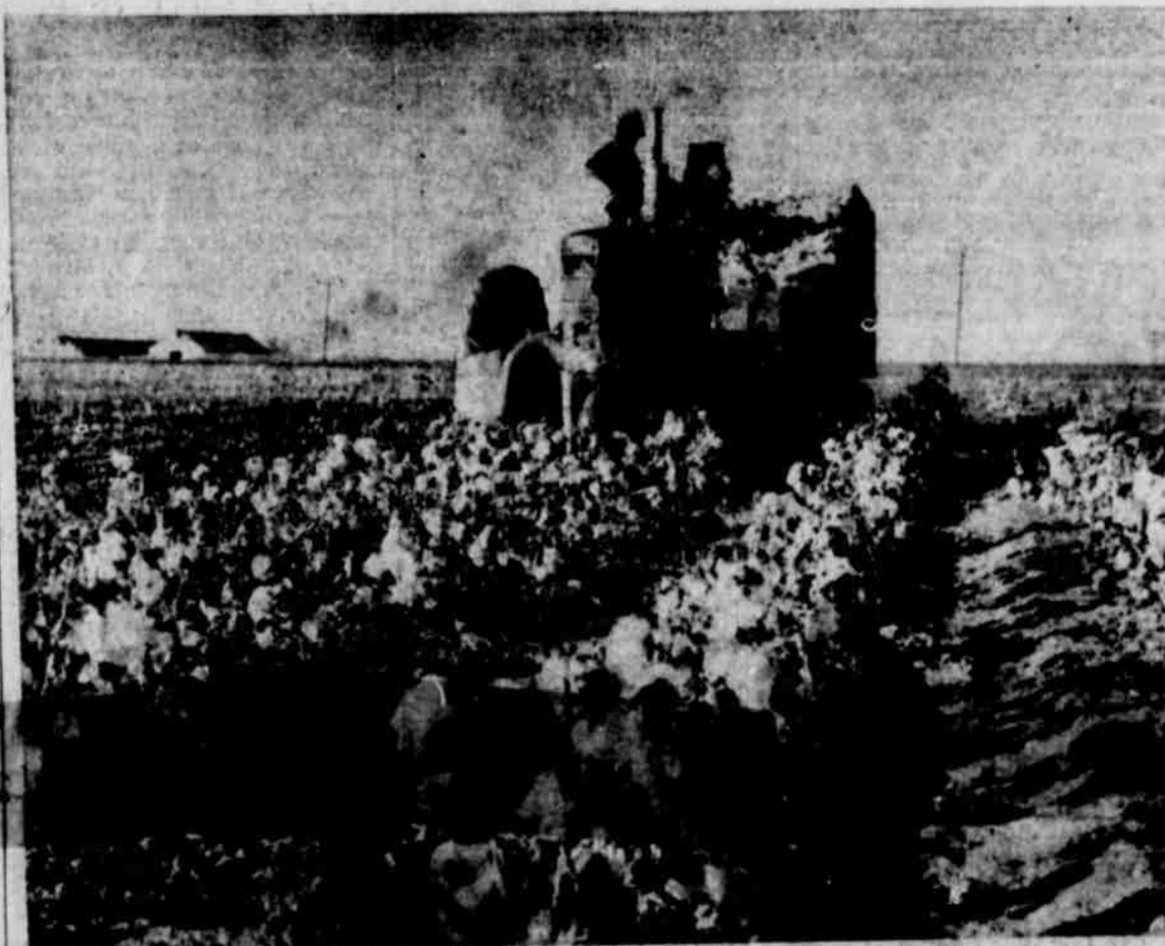

The argument continued and Zeola's son by a former marriage, E. J. Windom, came in. Officers stated that Blaylock said he grabbed his wife and that she ran to the kitchen where her son was.

The son entered the argument, but Blaylock then started after his wife. Officers said Blaylock stated that the son then came after him with a knife, and in the ensuing tussle, Blaylock's right hand was cut. Blaylock backed away with his gun, and the son started after him with an ice pick, according to the statement given officers.

Officers said that Blaylock then shot at the son, but Zeola stepped between the two and the shot hit her. Blaylock then ran outside and fired a second time into the

MACHINES MOVE INTO THE FIELDS

THIS WAS A TYPICAL PICTURE in Lamb County this week as men and machines began to move into cotton fields. Shown above are men working at the L. M. Burnett farm east of Littlefield near Highway 84. Cotton harvesting will pick up from here on out — one machine can do the work of 25-40 laborers. Lamb County's crop is already nearly half harvested.

Highways, Fire Take Death Toll

Five persons were killed and five others were injured in accidents ranging from the highway to the home in the area this week.

The dead were Cecil Beavers, 36-year-old Earth resident; two Negro boys, Leonard Johnson, 14, of Earth, and Lonzie Monson Jr., 16, of Caldwell; and two Latin children of farm laborers at Amherst, Felisita Villesia, 2-year-old girl, and Avalardo Villesia, 6-months-old boy.

The first three died in highway accidents, and the two Latin children were killed in a blazing inferno at their quarters on the Ben Greener farm east of Amherst.

Injured in the accident taking the lives of the two Negro boys were two other teen-age youths, Roy Morris, 16, of Caldwell, and Alfred Pellman, 18. They were hospitalized at West Plains Hospital at Mulleshoe. Morris suffered a possible brain concussion and a fractured arm. Hospital attendants said Pellman suffered a fractured back.

In two other traffic accidents, Mrs. Santos Mena of Harlingen, was slightly injured in an accident that occurred on the Spade highway Saturday afternoon and a Littlefield man, Roy Howell, an Abernathy resident, Lumb Vidal, were hospitalized Monday after a collision on Highway 84 at the east edge of town. Their injuries were not serious.

The 36-year-old Earth man, Beavers, was killed when hit by a car driven by Miguel Cano, a Latin laborer employed on the Blisbee farm near Earth. Beavers' auto was stalled on Highway 70 about one-half mile east of Earth and he was out checking the car when the Cano auto approached. Investigators said that Cano apparently made three attempts to avoid Beavers before hitting him.

Funeral services for Beavers were held Monday afternoon at the First Baptist Church at Earth and burial was in Earth Cemetery with Hammons funeral home of Littlefield in charge.

The two Negro boys were killed when their car, driven by Johnson, went out of control on a dirt road about three miles north

In the past few days, other reports of vandalism have come into the police station. Two of them were from citizens reporting that hub caps had been taken from their automobiles.

One of the victims stated that a tire on his new auto had been slashed. The same party is offering a \$15 reward for information leading to the arrest of the guilty person or persons. The party declared that he would press charges to the limit when the culprit is arrested.

Foundation Stock Reaches \$40,000

Forty more shares in the Littlefield Industrial Foundation were sold early this week to bring the total to 800-\$40,000. The Foundation's membership committee, headed by Clint Griffin, sold 20 of the 40 shares Wednesday morning after taking most of Monday and Tuesday off.

Griffin said that his committee would continue to contact local businessmen through the rest of this week in an effort to close out the drive. A \$50,000 corporation is already guaranteed and the Foundation's charter probably will be submitted to the state for approval in the next few days.

Membership chairman Griffin said that his committee continued to receive excellent cooperation during the week and that a part of the stock sold came from spontaneous requests by businessmen who wanted to be a part of the corporation.

Marketing Quota Vote Set Dec. 11

The U. S. Department of Agriculture has announced the 1957 state acreage allotments for upland cotton: the national allotment for extra long staple cotton and set December 11 as the date for a referendum on marketing quotas for the 1957 cotton crop.

The total allotments available for distribution in the states were set by the USDA at 17,585,463 acres. The total allotment for Texas was set at 7,547,503 acres which includes 10,974 acres as Texas' share of the national reserve.

The marketing quota for the 1957 crop upland cotton was announced on August 31 as 11,014,493 bales of 500 pounds gross weight.

At least two-thirds of the cotton producers voting in the December 11 referendum must favor the marketing quotas if they are to be effective on the 1957 crops.

Record Turnout Expected Here For General Election

Election Day is only five days away, but one man's guess is almost as good as another's on the way Lamb County will vote next Tuesday.

But, no matter how the worm turns on November 6th, Lamb Countians are expected to go to the polls in record numbers to help decide who gets the country's reins for the next four years.

Although Lamb County was a traditionally Democratic

strong-hold until 1952, the county's voters went for President Eisenhower and his running mate, Richard Nixon, four years ago. The Republican margin was a scant 173 out of nearly 5800 votes cast.

This time, Ike's opposition is almost the same. Estes Kefauver replaces 1952 vice-presidential nominee John Sparkman of Alabama, but Adlai Stevenson is back, and is probably stronger than in 1952.

Many observers are predicting a Democratic comeback here in the presidential race, while local Democrats steadfastly say the President will take Lamb County, Texas and all.

There appears to be little competition for Demo nominees for other offices on the ballot, however.

Absentee voting moved at a steady pace here and the total came to 79 Wednesday morning. With absentee voting to carry through Friday, officials thought the final count there would be about the same as in 1952 when 115 absentee votes were cast.

Absentee voting is also underway on another election—the special election for Constitutional amendment No. 9, which failed to get on the Nov. 6th ballot. Election day for the amendment is Nov. 13.

Eight proposed amendments to an already patched up state constitution appear on the Nov. 6th ballot.

In an effort to get out the vote here, the Jaycoes will again offer free rides to the polls on election day.

R. J. DUNSON RESIGNS

R. J. Dunson, a police officer for the city since January, resigned Tuesday.

Dunson has not announced his plans for the future. He is married and has one son.

Youngsters Collect \$172 For CROP

A total of \$172 was collected by young people of Littlefield in a trick-or-treat drive for CROP Tuesday night, reports the Ministerial Association, which sponsored the youth project.

Contributions were obtained through a house-to-house appeal, giving a new twist to the traditional Halloween custom of treating youth of the community to an over-dose of candies and sweet foods.

The proceeds will be turned over to the Christian Rural Overseas Program and will be used to send overseas some of the dairy products and grain now stored in government surplus warehouses and bins. Surpluses are supplied free by the government to approved voluntary agencies. Handling and distribution of the surplus foods, through Church World Service, can be undertaken at a cost of less than a penny a pound.

Pillion Calls 15 Right To Win Leader's 7th Football Contest

Carl Pillion, representative of the Texas Employment Commission here, survived a wave of upsets to win the Leader's seventh football contest of the year this week.

Pillion picked 15 winners in claiming first place, missing the Littlefield-Phillips tie and four college games.

Second this week was a man from Lubbock, W. Kenneth Rogers of 2511 59th st., who hit 14 of 20 right when he played the contest while on a visit here.

Claiming the third spot this week was Randy Hutson, son of Mr. and Mrs. Roy Alton Hutson of Littlefield. Randy also picked 14 right, but was edged by Rogers on the tie-breaking game between Texas A&M and Baylor. Rogers missed the tie-breaker

by only five points while Hutson was off by 13. Pillion will get a check for \$5.00, Rogers one for \$3.00 and Hutson earns \$2.00 in the contest. Two other entries also picked 14 winners, but missed on the tie-breaking game.

Pillion won the contest when he called the shots on Arkansas' upset over Mississippi, Auburn's win over Houston, and Stanford's surprise of Southern California. Just about everybody missed the Illinois win over TCU and the Illinois win over Michigan State. And everybody missed the Phillips-Littlefield tie, too.

Another contest is underway today, featuring more top games across the nation and the local slate of high school games.

Lipstick Logic . . .

Twice lately we've seen a marriage go on the rocks that might have been saved. In both instances, a child's life is being juggled by fate, too.

One can be chalked off to meddling — or at least to unwise parents — for maybe the fault started long ago: A pretty young woman, whose mother died when she was a child, brought up by a father who is too wrapped up in his life, the girl's happiness. A bright young man, reared by a widowed mother who is too ambitious for his successful career. Their backgrounds represent two entirely different ways of life — and maybe they chose the wrong way for themselves. Certainly they chose the wrong place — living in the town with one parent, who can't help but take sides.

Says the girl: "It's just a case of two spoiled 'only' kids, both too stubborn to give an inch." Meanwhile, a four-year-old boy and a daughter too young to understand are pawns in the unhappy game.

Cause of the other break is not easy to explain: Maybe the boy hasn't learned that with marriage comes compromise. Maybe the girl places high income above happiness in one's job. Maybe he isn't willing to give up his right to pull up stakes at will; maybe she must put down roots — a cottage with a white picket fence somewhere — in order to feel secure. But whatever the reasons, a little brown-eyed boy will soon have to choose between the mother and dad he loves, when he doesn't know why.

And the outsider — old with years of learning how to make a marriage go — can only listen, and share their heartbreak, and long to cry out, "Make it up! Whatever happens, make it up before it's too late!"

FARMERS

LOOK AT THE RECORD

The DEMOCRATS had 20 YEARS to solve the farm problem
WE STILL HAVE A FARM PROBLEM.

What have the REPUBLICANS done in 4 SHORT YEARS?

Surpluses Have Been Reduced

1. Virtually all of the surplus COTTON SEED OIL stocks have been moved into use. The accumulation reached 1,186,000,000 pounds in 1954. ALL GOVERNMENT OWNED PROTEIN MEALS HAVE BEEN SOLD.
2. During the first three years of the Eisenhower Administration, 54,000,000 BAGS OF RICE WERE TAKEN OVER by the government UNDER THE HOLD-OVER DEMOCRAT FARM PROGRAM in effect until the 1955 crop. Today, ALL GOVERNMENT OWNED STOCKS OF RICE ARE SOLD OR COMMITTED and await delivery.

Foreign Markets Are Being Expanded

1. During the year ended June 30, 1955, shipments of farm products to foreign countries were 7% HIGHER than in 1953-54 and 11% HIGHER than in 1952-53.
2. For the first ten months of the last fiscal year FARM EXPORTS WERE UP ANOTHER 9% over the similar period a year earlier.
3. U. S. rice exports for the period August 1955-March 1956 has increased over the same period for 1954-55 by 1,651,000 bags in total world exports.

Agricultural Research Increased

1. Agricultural Research budget INCREASED \$1,984,000 in the four years prior to 1953, UNDER DEMOCRATS.
2. Research to aid farmers INCREASED \$45,795,000 in the past four years UNDER REPUBLICANS.

pastor of the Hodges Baptist Church. Wedding music was played by Mrs. Weldon Newsom, organist, who accompanied Alvis Jones of Littlefield, who sang "Because" and "The Lord's Prayer".

Given in marriage by her father, the bride wore an original model of white bridal satin. The fitted bodice featured a high neck with a yoke of Chantilly lace. The long sleeves ended in a point over the hands. From the pointed waist stemmed a full circular skirt, waltz-length.

Her fingertip veil of French silk illusion fell from a tiara of pearls and rhinestones. She carried white roses and streamers atop a white Bible.

Mrs. Norman Hodges attended the bride as matron of honor. She wore a dress of blue crystalline and carried a colonial bouquet of white carnations. Bridesmaids, Mrs. Melvin T. Raines, sister-in-law, of Littlefield, and Misses Wanda Raines and Geneva Raines, sister of the bride. They wore dresses of pastel colors, identical to the matron of honor and carried white carnations. Pearl-embroidered bandeaus with tiny veils completed their attire.

Misses Karon Davis, cousin of the bride of Stinnett, and Melba Jean Raines, sister of the bride, were candle lighters.

Norman Hodges was best man. Groomsmen were Melvin T. Raines, brother of the bride, of Littlefield, Guerry Wright, brother of the groom, of Sundown, and Robert Crank.

At a reception which followed in the church parlor, the serving table was laid with a cloth of crochet and held the attendant's bouquets and tiered wedding cake. Assisting in the hospitalities were Mesdames Floyd Taylor of Sundown, Dick Miller, and Bud Gray of Levelland.

For a wedding trip to Ruidoso, N. M., the bride chose a gray suit with black and white accessories and a corsage of white roses.

The couple will be at home at 414 10th Street in Levelland, where the bride is employed as secretary to the county judge. The groom is employed at the Slaughter Gasoline Plant at Sundown.

The bride was graduated from the Whitharral High and her husband is a graduate of Sundown High School.

MISS RAINES FETED WITH BRIDAL SHOWER

Miss V. O. White and Mrs. Eugene Fridly had the program on Texas Laws and how they are made.

Plans were made to combine the two November meetings, of the club, into one. It will be in the home of Mrs. Pite Templeton, November 8 for an all-day meeting. Thanksgiving dinner will be served at the noon hour.

Refreshments were served to Mrs. C. N. Stine, Mrs. Pete Templeton, Mrs. W. B. Gwyn, Mrs. Velma Melton, Mrs. Eugene Fridly, Misses V. O. and Willie White, the agent, two guests, and the hostess.

Pep Squad Sweetheart Crowned At Homecoming

WHITHARRAL — Miss Sharon Davis, a junior and daughter of Mr. and Mrs. J. H. Davis, was crowned "Sweetheart of the Pep Squad" Friday night at the half-time activities of the homecoming game between Whitharral and Hart Camp. Runners-up were Misses Linda Reed, junior, and daughter of Mr. and Mrs. Carl Reed and Marth Sue Davis, sophomore, daughter of Mr. and Mrs. C. L. Davis.

Entering the field in a convertible driven by Miss Jean Bryant, the queen candidates were met at the top of a heart formed by the Pep squad and Drum Major, Miss

Geneva Raines, who revealed Miss Davis as the choice of the squad and crowned her.

Following the game—won by Whitharral 45-12, the P.T.A. sponsored a get-together at the lunch-room for the exes, parents of the team, the football boys and pep squad.

String music was played by a Littlefield Duo. Pie, coffee and hot chocolate were served to more than 150 registered guests.

James Fagan, ex-student, expressed appreciation of the group for the hospitality with a response by Mrs. Ralph Wade, president of the P. T. A.

Improving Hereford Aims For Upset Here Friday

WILDCAT CAPTAINS for the Hereford-Littlefield 1-AAA game are, left to right, Fullback Bobby Cunningham, Quarterback James Pressley, and Guard Ernie Hoppe.

Whitefaces Fresh From Clovis Win

By **BILL TURNER**
 Like Oklahoma Soccer Coach Bud Wilkinson said this week for the newspapers: Your toughest game is the one you play right after a victory over Notre Dame. Wilkinson was talking about his game with Colorado this weekend. But he could just as well have been talking about the Littlefield-Hereford game this Friday night at 8 p.m. in Seely Stadium.

"Notre Dame will beat you the second week," Wilkinson said. And his words are just about the way Coach Gene Mayfield feels after his gallant Wildcats played and tied the Notre Dame of Texas high school football—Phillips.

No matter who says what, Mayfield's crew will be down this week, and that little bit of flatness could be the undoing of a so-far unbeaten season.

"Hereford is capable," Mayfield said, "of beating just about anybody on a given night. The only reason they started poorly this season is inexperience."

But the Whitefaces have come fast in their last two ball games, beating Portales, 46-7, and skipping over Clovis, 31-21. Coach Scot Russell's ball club beat the Clovis team just about like Littlefield did, only the Whitefaces did it at Clovis, no easy job.

And the Whitefaces did it just as convincingly as Littlefield did, running up a 25-7 lead over Clovis early in the third period.

Hereford Sports Editor Bill Knox called it the Whitefaces' "best performance of the year" and added that Russell's crew looked like a championship contender in the early stages of the game.

Hereford also has the advantage of being the underdog and could make it pay off like the Wildcats did when they surprised Phillips.

All in all, the game looks more and more like a tough one for the Wildcats, and Mayfield is saying

that he'll be happy with a victory, period. That's how close he figures it.

After the first four games of the season, it looked like Hereford was getting nowhere. The Whitefaces lost to Canyon, Plainview, Olton and beat only weak Tulia. That made the Wildcats appear to be a cinch, since Littlefield whipped three of the same clubs and tied Olton.

Take a peek at the way it looks now. Hereford trounced Portales as badly as Muleshoe did and Olton barely beat Muleshoe, 7-6. And then too, Hereford was the equal of Littlefield against Clovis.

Add this too: Hereford will be the passing-st team the Wildcats have met. The Wildcats' undoing in the only blots on their record were passes that got both Olton and Phillips touchdowns late in the games.

Hereford is sparked by a pair of hard-running backs—Bob Veigel and Bill Callaway. Callaway scored both touchdowns last year when Hereford beat the Wildcats, 14-13.

Another starring duo is Quarterback John Bryant and End Danny Elliston, who team up together in Hereford's passing attack.

Hereford has scored 161 points this year in six games... a 27 point average. Littlefield has tallied 178 in seven games... a 25 point average. Team speed, according to Mayfield, is about equal. The Wildcats are heavier.

Left to the Wildcats for the rest of the season is End Larry Weaver, a sparkplug offensive end. Weaver broke his collarbone in a scrimmage session Monday.

Max Morris hasn't been in a suit since the Phillips contest. He is still nursing a charley horse, but is expected to play. Doyle Montgomery, a standout guard, will miss the game with a back injury.

Looking At Area Games

Important District Tilts Highlight Grid Schedule

Olton, Sudan, Whitharral, Amherst and Bula — all rampaging toward a close finish in their respective districts — have important conference games on their hands Friday night.

Springlake, running second to Sudan and Farwell in District 3-A, also has a crucial ball game. Anson and Spade will be battling to stay out of their district cellars.

That sums up area action for Friday night as district competition again holds the spotlight.

Olton, contending with powerful Canyon for the District 2AA championship, takes on Dalhart and will be favored to run its district record to 3-0-0. The Mustangs are 5-1-1 for the year, their only loss coming in an upset to the Hale Center Owls, who are favored in District 4-A.

Sudan, which blasted Springlake almost out of the running two weeks ago, takes on Friona at Friona. The Hornets, with losses only to power Sundown and AA Muleshoe, will be favored. They could be surprised, however, if they look ahead to next week's game with Farwell, the one that

will probably decide the district championship.

Springlake, fresh from a week's rest, hosts Morton, which lost to Sudan last week, 27-0. Springlake will be favored by three to four touchdowns, and might even make it more. The Wolverines, favored in early season to take Conference 3-A, have lost to Sudan and Amherst.

Amherst and Whitharral, both with 2-0-1 district 3-B records, must win Friday night over Bovina and Kress, respectively if either or both are to be around for contending honors with Happy, the district favorite. Amherst travels to Bovina while Whitharral stays at home.

Bula, now a strong favorite in District 2-B (six-man) after its victory over Cotton Center journeys to Wellman for a district encounter. The Bulldogs are 5-2 for the season, 5-0 in district play.

The area's two doormats, Spade and Anson, are both seeking their second wins of the season. Spade hosts Pettit while Anson goes to Petersburg. Both area teams will again be underdogs.

clients to sleep on. We charged 50c a night for a warm place to sleep.

After the town was incorporated, Anderson became the first Chief of Police.

"I was a one-man police force in those days... on duty 24 hours a day," he continued.

For the first eight years he was in office, the early police officer didn't carry a gun.

"I was afraid it would get in my way", Anderson commented. Littlefield had some pretty rough characters in those days, according to the early day police officer.

"I got in some pretty tight places in those days", he remembered. The drunk man who shot and killed Sheriff F. A. Lloyd was really after Anderson.

Of course, Anderson's best stories can't be printed. I particularly like his description of the way he handled drunk printers.

He talked about all the people he worked for during the 20 years he was on the police force... beginning with B. L. (John) Cogdill, the first mayor.

He chuckled as he told about the trouble he had with Lon Campbell when he became commissioner.

"Lon found out we chewed the same brand of tobacco. Since he was one of my bosses, he got a kick out of bumming a chew from me.

"I'd always cut him off a little chew and put the rest in my pocket. One day I forgot and handed him the whole plug. He cut off a little piece... handed it to me... and put my plug in his pocket."

I don't know whose idea it was to pay tribute to the two retiring city employees... but it was a good one. By honoring our faithful public servants, we'll attract better men to public service in the years to come.

of Muleshoe. The auto hit a culvert and overturned twice. The accident occurred Sunday night.

The Latin children, son and daughter of Mr. and Mrs. Pete Villesia, cotton laborers, died in a fire that also completely destroyed their quarters.

Investigating firemen said they believed the fire had started after a six-year-old son of the Villesia family had been playing with matches. The children's bodies were burned beyond recognition.

The family had moved to Amherst for the cotton harvest about three weeks ago. The mother was out at the time the fire started. The bodies were removed to Fort Stockton Wednesday where funeral arrangements are pending.

house at the son, but the shot missed.

Blaylock then ran to a neighboring farm house and later surrendered, according to officers.

The Blaylocks had been married since Oct. 28, 1955, one year and two days. Zeola had three grown children and a six-year-old daughter by a former marriage.

Two Negro Men Wounded In Sudan Incident

Two Negro men were wounded by each other Sunday night in a fracas in the Sudan Negro section.

The incident occurred after an argument over one of the men's wives. Both men shot at each other with shotguns and were wounded. One man was hit with .410 shot, the other with 12 gauge. Both were hospitalized, but the extent of their injuries was not known.

Teenager's Delight: Fun-O-Rama, Teen Town

ing up teen-agers is a
t like cooking... a lot
on how you mix and
extras with the basic
nt.
field parents, after a
experimentation, may
found the recipe for
recreation for local
es. And it all comes
ixing and stirring those
social life—in just the

right proportions.
The recipe for this recreation
and social life are two Friday
night get-together following local
football games... Fun-O-
Rama and Teen Town. Both
provide an outlet for pent-up
teenager enthusiasm that ac-
companies a tight football
game.
So far this year, both Fun-O-
Rama, which is held in the

First Baptist Church, and Teen
Town, which is held in the
Community Center, have been
scheduled after each home
football game.
And each time, both meeting
places have attracted good
crowds of teen-agers. Teen
Town offers ping pong, dancing,
shuffleboard, round games,
cards and dominoes, refresh-
ments, in its varied program

of entertainment.
The idea for Teen Town ori-
ginated a year ago when local
parents scheduled parties at
the Community Center. It was
held about once a month and
at the end of the year, about
seven parties had been held.
This year, under the guidance
of Rev. Harry Vanderpool, Rev.
Arthur Hunt, Mrs. O. C. Wile-
mon and Mrs. Mackey Greer,

Teen Town has undertaken a
more ambitious program.
"As long as the kids want it,
we'll continue having Teen
Town each Friday night," Mrs.
Wilemon said. "We want to
make it a standing event for
the entire school year."
Hosts are provided for each
get-together at Teen Town. Mr.
and Mrs. Jed Clarida, Mr. and
Mrs. Boyd Montgomery, and

Mr. and Mrs. Gaston Shaw will
be the hosts this Friday night.
Mr. and Mrs. Buck Ross will
direct square dancing.
This is the first year for
Fun-O-Rama, which is directed
by Kenneth Hill, educational
director of the First Baptist
Church.
Originally planned only for
after-game parties, Fun-O-
Rama has been met with such

enthusiasm that the church is
considering making it also a
year-round project.
While ping pong and dart
games are available at Fun-O-
Rama, the program is high-
lighted by stunts and skits and
various other games in the fun-
filled project. Planned later is
the addition of shuffleboard,
according to Hill.
And Hill is just as enthusias-

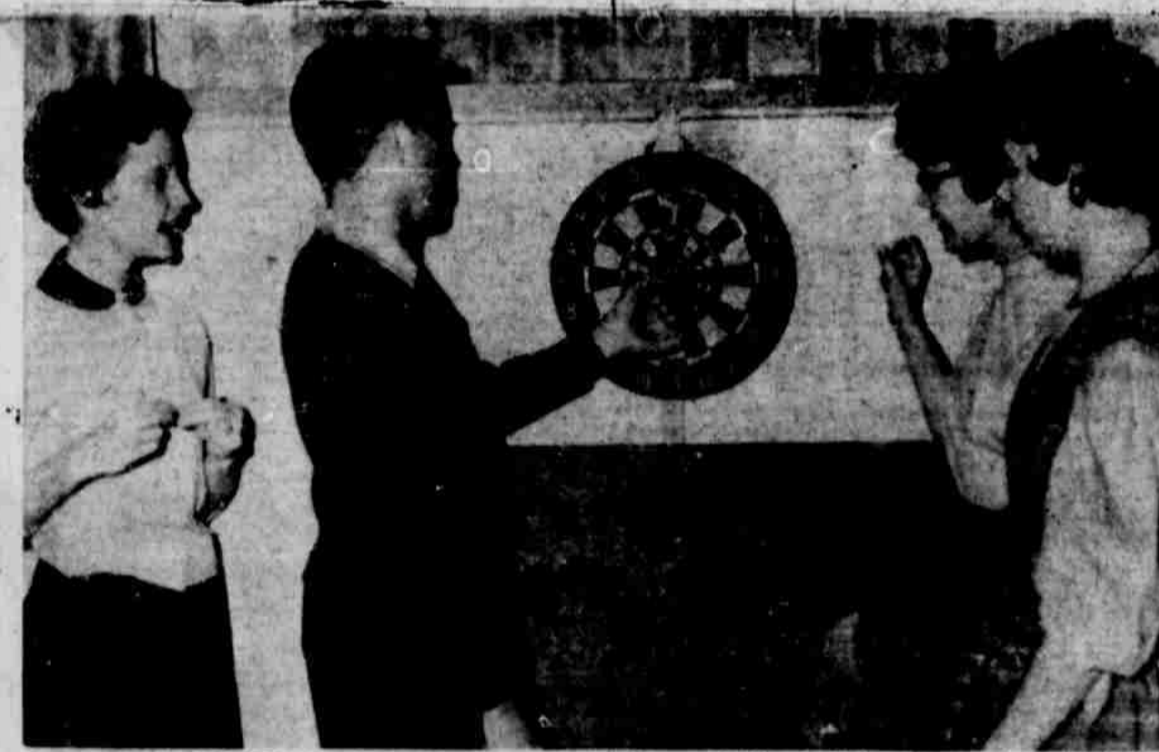

tic about Fun-O-Rama as Mrs.
Wilemon is about Teen Town.
"Yes, we want to keep having
Fun-O-Rama after the football
season if our teenagers contin-
ue to show such high interest
in the project," Hill said.
From the looks of the crowds
on Friday nights—and the fun
they are having—both Teen
Town and Fun-O-Rama look like
they're here to stay.

ACTING THE WORST end of things is fair damsel, Jane Hall; wielding the nasty
killing knife is Palmer McCown and the "g'houl" is Jay Boyd Bridwell. Skits and stunts
are a regular part of the Fun-O-Rama, giving teen-agers a fling at acting. (Staff Photo)

INCLUDED IN TEEN TOWN activities are ballroom, folk and square dancing. Under
the direction of Mr. and Mrs. Buck Ross, square dancing will be taught beginning tomor-
row night. Davis Williams, Gay Minyard, Glenda Renfro and Lawrence Macha are a-
mong the teen-agers taking advantage of a well-chaperoned place to dance at Teen
Town. (Staff Photo)

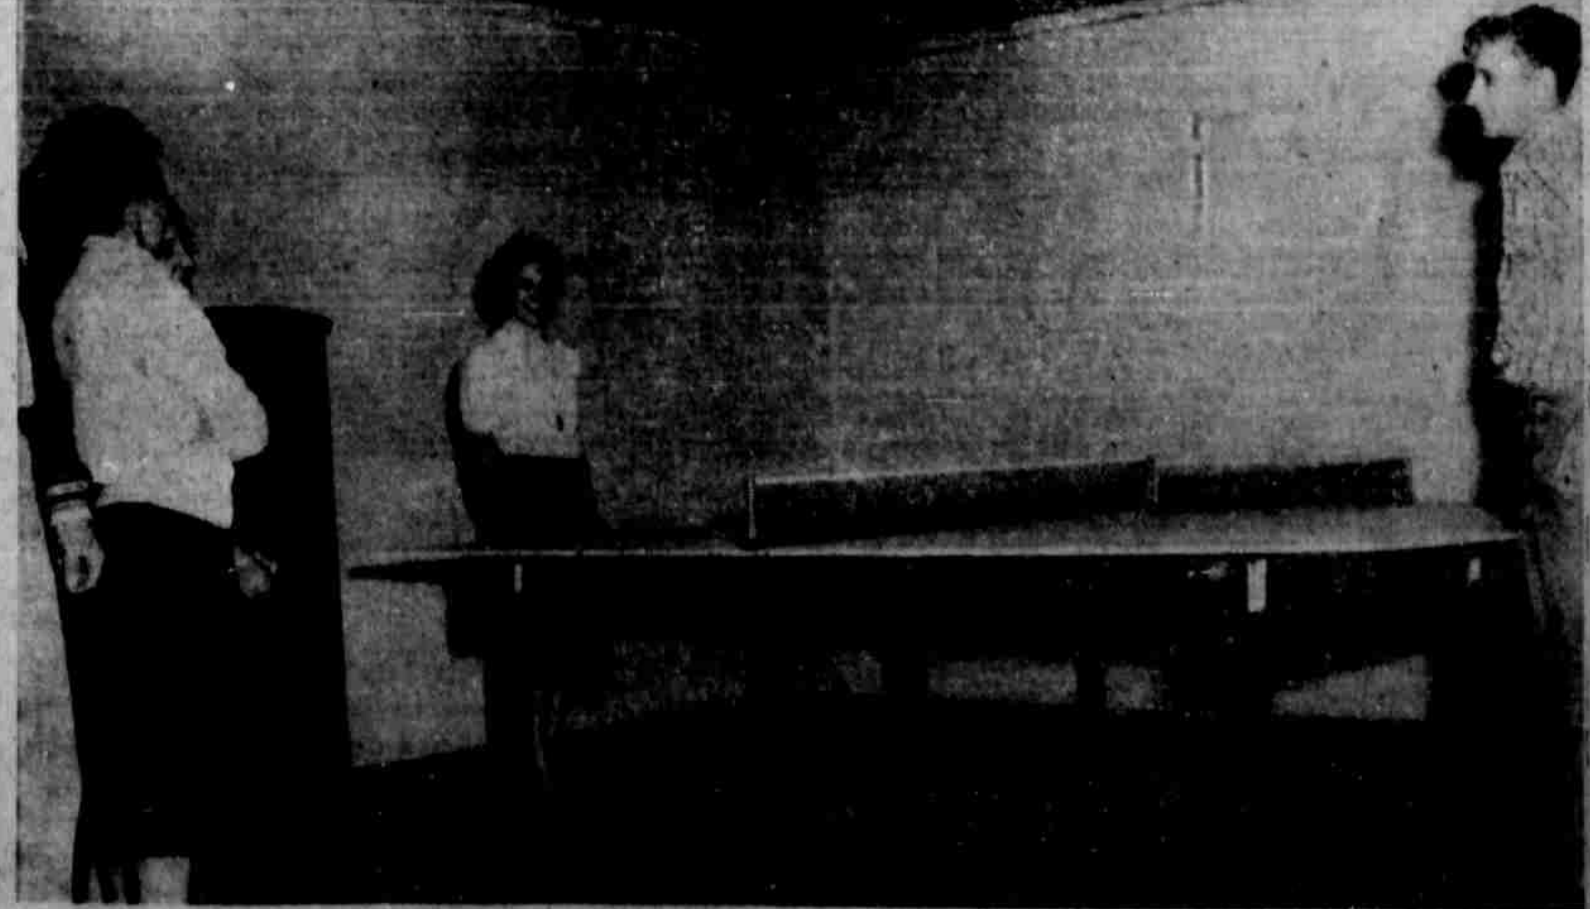

THE DART BOARD is always busy at Fun-O-Rama. Billy Jeffries (second from left)
displays his dart throwing skill to Darlene Chisholm, Mary Beth Bridwell and Judy
Ann Merrifield. Fun-O-Rama, under the direction of Kenneth Hill, educational director
of the First Baptist Church, is held following the home football games at the church.
(Staff Photo)

DECORATIONS PLAY an important role at every
party. Gale Howard, on the ladder, assisted by Gale
Douglas hangs streamers from a light fixture before the
Halloween party held recently at Teen Town. Hosts
were Mr. and Mrs. Ralph Douglas, Mr. and Mrs. Marshall
Howard and Mr. and Mrs. E. C. Caldwell. (Staff Photo)

BOYS FIRST in the chow line at Fun-O-Rama. James
Blessing and Hilton Hemphill, members of the Wildcat
football team are looking for a place to park while they
finish off their food. Georgeann Walker, Anne Fields,
Jay Boyd Bridwell, Neal Walker and the others are just
"biding their time" near the food window. (Staff Photo)

"SOMEBODY HURRY with the ping-pong mallets and
ball." James Blessing and Carol Squires are ready for
a "battle royal." Ping-pong is one of the popular past-
times at Teen Town. Heckling from the sideline are
Glenda Renfro and Gay Minyard. (Staff Photo)

Highlights and Sidelights From Your State Capitol

By VERN SANFORD
Texas Press Association

AUSTIN, Tex.—Eight decisions on state policy soon will be squarely up to the voters. In addition to party candidates, eight proposed amendments to the state constitution will appear on the general election ballot.

Through a procedural slip-up, a ninth will be considered at a special election on Nov. 13.

Each amendment will be printed on the ballot twice—once preceded by FOR and one by AGAINST. Voters must mark out the statement they oppose and leave the other clear.

Gist of the amendments and arguments pro and con:

1. Authorizes the legislature to compensate persons fined or imprisoned for crimes they did not commit. PRO: Would make amends for hardships unjustly imposed on the innocent. CON: Might open the door to numerous fraudulent claims.

2. Allows county commissioners courts to vary allocations of tax money without special elections. PRO: Greater flexibility would make for greater efficiency in county financial management. CON: Commissioners courts would have too much authority.

3. Adds other colleges to the building program financed by the University of Texas Permanent Fund and authorizes investment of the fund in corporate stocks and bonds as well as government bonds. PRO: Would provide an increase in the college building money without new taxes. CON: Risk involved in wider investments is not worth the possible return.

4. Increases the benefits of the teacher retirement system. PRO: Would attract more persons to the dwindling profession. CON: Would increase taxpayer obligations by \$4,500,000, take a larger nick out of teachers' salaries.

5. Authorizes another \$100,000,000 bond issue for veterans land buying. PRO: Program has been put in order, and additional money is needed to enable more veterans to participate. CON: Program does not merit public confidence; only about one per cent of Texas veterans have benefited.

6. Provides a different oath of office form for elective and appointive officials. PRO: Would clarify present inconsistencies. CON: Clutters constitution with minor details.

7. Requires competent medical or psychiatric testimony before commitment of a person to a mental institution and allow waiver of jury trial, except in criminal cases. PRO: A mentally ill person should not be "convicted" as a criminal. CON: Jury trial is a safeguard against "railroading" of persons into mental institutions.

8. Permits judge to deny bail to persons convicted of two previous felonies. PRO: Would curb habitual criminals. CON: Right of bail is one of our fundamental civil rights.

9. Authorizes the Legislature to give aid with federal assistance to citizens permanently and totally disabled by a mental or physical handicap. PRO: State has a moral obligation to these needy persons. CON: Tie-in with federal program would lead to more federal entrenchment.

BALLOT SCRATCHING—While candidates and campaign camps are busy "scratching" for voters, voters are busy learning how to "scratch" ballots.

Ballot scratching is legal. You don't have to vote the straight Democratic ticket, or the straight Republican ticket.

All you have to do to scratch a ballot is to cross out or draw a line through the name of the candidate you do not want to vote for, and leave unmarked the names of the candidates for whom you do want to vote. Just be sure you vote for only one candidate for each office. It's as simple as that.

Machine voting is even simpler. All you do is pull the lever by the name of the candidate you want to vote for, in whatever columns you choose. The machines are so designed that you can vote only for one candidate for any office.

If you want to vote for a candidate whose name does not appear on the printed ballot, you can write his name in—in the write-in column which is provided for that purpose. Such a column appears both on the paper ballots and the machine ballots. On the paper ballots you should scratch out the names of all other candidates for that same office.

Election laws say that your write-in ballot will be counted even though your spelling may not be exactly correct—and even the last name of the candidate is sufficient.

NAACP BAN GRANTED—Pending further court tests, the NAACP is out of business in Texas. After a tedious five-week hearing, Tyler Dist. Judge Otis T. Dunagan granted a temporary in-

junction sought by the state against the NAACP.

PRIVE OWNERS WON OUT in an argument with the state over what constitutes "submerged land."

Texas Supreme Court ruled that "ordinary high tide" rather than "highest tide" is the determining factor. As a result, private owners retain 472 acres in Copano Bay, Aransas County, Texas, had sought to claim the area, which is near oil and gas fields, as tidelands.

SHORT SNORTS—Texas' eligible voting strength will be at an all-time high Nov. 6. Compared to the previous record of 2,338,261 in 1952. . . More than 90 per cent of Texas counties now are eligible for emergency drought relief. . . A low bid of \$977,659 was received by the Texas Turnpike Authority for erection of four buildings along the Dallag-Fort Worth Toll Road. Structures will include two restaurant-service stations, a maintenance building and an operations building. . . With school enrollments going up, number of prospective teachers is going down, reports the University of Texas Teacher Placement Bureau This year, 1,143 candidates for teaching positions registered, compared to 1,172 last year. . . Texas November oil production has been set by the Rail-

Sand Hills Philosopher

Editor's note: The Sandhill Philosopher on his Johnson grass farm may have an idea this week, but you never can tell.

Dear editor: Everybody who can remember from one campaign promise to another has just about given up any hope of ever getting a cut in taxes, so as resourceful Americans the only thing that's left to do is figure out more ways to charge up more things to expense.

road Commission at 3,314,300 barrels a day on a 15-day producing pattern. This will be a 72,986 barrel-a-day increase over October. . . Texas Department of Health isurging intensive mosquito control campaigns to halt increased outbreak of encephalitis (sleeping sickness). More than 300 cases have been reported in the state this year. . . Asst. Atty. Gen. William King has been named to succeed Bradley Bourland as state securities commissioner. Bourland resigned, effective Nov. 1, to practice law in Austin. He also is a former assistant attorney general. . . Texas December draft quota is for 877 men. It is the largest quota this year, according to State Selective Service Headquarters. . . Traffic fatalities in Texas this year already have passed the total for this time a year ago. Third-quarter total for 1956 was 1,872; last year it was 1,804, says the Department of Public Safety.

to whittle down on your income tax.

Consequently I was very pleased to read in a copy of a newspaper which a campaign worker left here last week while he was urging me to go to the polls and vote, which is the only reason I can think of going there in the first place, but that candidate running for office up in New York has come out for a plan to allow people to charge up as expense against their income tax the cost of traveling back and forth to get to work, or commuting, as they call it up there.

According to him, big business is allowed to charge up all sorts of expense items, such as entertaining, hauling customers around, attending conventions, etc., and the average person ought to be allowed to charge up the cost of getting to and from work.

This is a fine idea and I hope you throw your influence behind it, if you haven't misplaced it.

For example, say a man lives five miles from his work, which a lot of farmers will be doing if farming doesn't improve and they can swing a job in town, he ought to be allowed to charge up the cost of traveling back and forth as a legitimate expense on his income tax.

Or take me. Now I don't plan on getting a job in town because the farming situation may be bad, the farming situation may be bad, bad 'most of my life but not bad enough to drive to a job in town where somebody else is boss, but there's some traveling to and from work on a farm. For example, say I'm starting out to dig some post holes. Anybody who

has ever dug post holes by hand knows it takes considerable psychological build-up to tackle the job, sometimes requiring a fishing trip just to strengthen your nerve.

If a man travels fifteen or twenty miles and fishes a while to improve his frame of mind before setting in to build a fence, what's different in that from riding a commuter's train out of the hurly-burly of New York in the late afternoon to your home in the country so your nerves can recuperate over night for the battle in the city the next day?

This sounds like a good law to me and I hope you'll dig out your influence and help get it passed. Clean off your desk and see if you can't find it somewhere around there.

Yours faithfully,
J. A.

DOWN MEMORY LANE

From the files of the Lamb County Leader, Oct. 30, 1924

Hamilton Wright, staff correspondent of the Ft. Worth Record, was in Littlefield last Friday gathering data for a series of articles on the South Plains to soon be run in his newspaper. He stated while here that there was no section of the country anywhere that was attracting the attention of the public generally as is this. Only a few days ago he had a message from the Los Angeles Examiner asking him to send them a story of this country by telegram.

At a meeting of the Board of Directors, Littlefield Chamber of Commerce, held in the offices of the Yellow House Land Co., Saturday evening, it was agreed that a big mass meeting of all citizens and business men of Littlefield should be held next Thursday evening, tonight, in the dining room of the Gold Star Cafe, for the purpose of taking necessary steps toward the improvement of highways leading into Littlefield.

This week W. L. Eliwood is shipping to market 6,200 head of three-year-old steers that were last week rounded up on the Spade ranch. This number represents the last big roundup of the ranches on the South Plains and will require four trains of 44 cars each to move the cattle to market.

This big round-up was held last Friday. In some respects it was a gala time, but in others it was a rather sad occasion, for it marks the pivotal point of a tract of land made famous in years gone by for its fine cattle raising, now soon to be turned to agricultural purposes.

The new high school building will be ready for occupancy in about two weeks. The equipment is now arriving. Plans are being made for a formal dedication about Dec. 1.

THIS WEEK in Washington

With Clinton Davidson
Next week, more than 60 million voters decided whom they want in charge of the government for another four years. The

privilege of making that choice is priceless.

We can make the choice with confidence that our next President, whether Republican or Democratic, will be a good man. Honest and able men and women are available for election to Congress. The same is true of state and local offices.

Whatever way the national election goes, it will make at most, only a ripple in the great current of history that flows out of the past and into the future. The basic principles of democracy are safe, either way.

There are certain fundamental trends that surmount politics. One of those which has more long-time importance than is generally recognized, I call the "Financial Revolution." Its importance is well known to both Republican and Democratic leaders.

In this country, as in many other parts of the world, we are undergoing a great financial revolution that began 150 years ago and is continuing. Nothing else has affected the living conditions of millions of people as greatly as the industrial revolution.

The financial revolution in the United States is, however, producing results which are second in importance only to the industrial revolution. Every man, woman and child is affected by it.

You have heard campaign talk that one party favors "big business," and that the other is for the "little man." As a matter of fact it is the "little men"—as stockholders—who own and control big business in this country.

The U.S. will have a gross national income of about \$400 billion this year, but there are far

fewer millionaires than there were in 1920, or in 1930, when national income was only a fraction of that amount. There are 10 times as many people with incomes of \$5,000 to \$10,000 a year.

During the past 30 years, the income of a very wealthy man has been reduced more than 80% by income taxes, but his obligations have not been reduced. The result is that most of them are paying part of their living costs out of capital. The amassing of great fortune has become rare indeed.

A greater proportion of our spendable income than ever before, or in any other country, is distributed among laboring people. Their income has increased far more rapidly than the costs of things they buy.

Wages of unskilled laborers, for example, have increased from an average of \$3.04 per 8-hour day 30 years ago, to \$14.00 per day. Plumbers' wages have increased from \$10.24 to \$24.48 per day, and plasterers from \$12.00 to \$26.64. You could expand that list to include almost every group of workers.

The tremendously costly political campaigns have been largely financed by small contributions. Unions affiliated with the AFL-CIO asked their members to contribute \$1 each to their political funds. They have a membership of over 15 million workers. One union spends over \$150 million a year for welfare purposes alone. That is not critical of unions. It is evidence of the existence of a financial revolution.

Recently, I attended a church revival meeting in a predominantly laboring area of St. Louis. The evangelist raised about \$80,000 without much effort. Later, at a dinner in Tulsa, Okla., he raised \$3,000,000, of which \$1,000,000 was payable immediately, and the balance over the next two years. There was only one wealthy man present.

I then said to myself, "This is the result of the financial revolution."

Step into the wonderful world of AUTODYNAMICS

A low-slung beauty with Flight-Sweep style: Swept-Wing '57 Dodge Custom Royal Lancer 2-Door.

It unleashes a hurricane of power
It breaks through the vibration barrier
It is swept-wing mastery of motion

SWEPT-WING '57 Dodge

How do you describe a car so daring in concept, so revolutionary in features and advances, so rewarding in beauty and performance?

How do you explain its newness when everything about it is new?

On display today is just such a car—the Swept-Wing '57 Dodge that steps you into the wonderful world of Autodynamics.

What is this wonderful world of Autodynamics? It is a world where everything is new from road to roof to achieve absolute mastery of motion.

Here's what it does in the Swept-Wing Dodge:

- It unleashes a hurricane of power from a thundering new aircraft-type Super Red Ram V-8 engine that's a spitfire in action!
- It tames a tornado of torque with a new TorqueFlite Push-Button Drive for the greatest get-away on the road!

It breaks through the vibration barrier with a revolutionary new rubber-mounted suspension system—Dodge Torsion-Aire—that features race car torsion-bars. You ride in a "Realm of Silence," isolated from vibration, noise and road shock.

• It is swept-wing mastery of motion in a sleek, low-slung beauty barely 4½ feet high that has no equal in the way it corners, handles and rides.

You have never seen, felt or owned any car that compared with this new Swept-Wing Dodge. See and drive it today . . . now at our Dodge dealer's!

Social Club Plans Halloween Party

PLEASANT HILL — The P. V. Social Club met at the Community Center Thursday night with Katie Raubink hostess and Hattie Bickel co-hostess.

The meeting was presided at by the president Alice Angeley. Roll call was answered with a "Household Hint."

It was voted to have a Halloween Tacky party for club members and family's on Halloween night. A committee was appointed to make further plans concerning the party.

It was decided to have the "Club's anniversary supper" at the Legion Cafe in Muleshoe Nov. 8.

There was an election of officers for the forth coming year, they are as follows, "Pete" Hodges, president; June Free, vice-president; Judy Green, secretary-terran; Leona Hicks, reporter.

Next meeting will be Nov. 14 with Mrs. E. K. Angeley hostess and Judy Green, co-hostess. Refreshments were served to members present: Mesdames Angeley, Hodges, Hicks, Free, Billye McCalmán, Lillie Weurflin, Gaynell Pitts, Hazel West, Edith S. Clair, Jean Allison, Vernie Landers, Victoria Hendricks, Ruth Lacky, Nell Shoemaker, Glenda Hutton, Margaret Reeves, Ethel Allison, Alma Turner, Vera Inman and the hostesses, Katie Raubinek and Hattie Bickel.

When completed the St. Lawrence seaway will be the longest inland waterway ever created for ocean going vessels, according to Reader's Digest. Its 744 miles from the mouth of the St. Lawrence to the Great Lakes compares with 103 miles for the Suez Canal and approximately 50 miles for the Panama Canal.

Texas Tech Homecoming Begins Friday

LUBBOCK, Nov. 1—The traditional "giant" of all West Texas homecoming will take place Friday and Saturday (Nov. 2-3) at Texas Tech.

The campus will glow with more than 2,000 Spanish luminarias (candles in sand-filled paper sacks) Friday night as an 8,055 student body and staff of more than 1,300 welcomes returning ex-students and friends with Homecoming Queen coronation and pep rally in the Science Quadrangle.

The biggest day will be Saturday, with a downtown parade of floats and bands at 10:30 a.m., free buffet luncheon at noon in the Gymnasium, Tech-Oklahoma A&M football game at 2 p.m. and Homecoming Ball at 8 p.m. in the Lubbock Coliseum.

The famed Third Herd of Woody Herman will play for the Ball.

Tech students will vote Wednesday in a campus-wide election to pick the Homecoming Queen. Nominees, chosen by the Double-T Assn., of varsity lettermen and Tech vets are: Lucinda Birtchall, Levelland; Shirley DuPriest, Waco; Revis Jordan, Lubbock; Donnell Phillips, Plainview; and Eva Garza, Kermit.

Registration for former students will begin Friday afternoon

What's the Electrical Date in Your Home?

Your home, you say, is 1956 all the way through... and, well it might be... but, then again, the wiring may be of 1926 vintage. True, electrical contractors, builders and others interested in your welfare are making special efforts these days to put 1956 wiring in the newer homes. But, there's many a home, modern to the hilt... except for the wiring. So, if your home was built prior to 1956 and you'd like to bring it up-to-date, it takes just a telephone call to talk to a qualified electrical contractor. After he's finished working you'll have a home that will be electrically modern for years to come. Too, you'll be able to use all the exciting electric appliances now on the market... and yet to be discovered.

Legal Notice

1956, at or before 10 o'clock A. M., before the Honorable District Court of Lamb County, at the Court House in Littlefield, Texas. Said plaintiff's petition was filed on the 24th day of October, 1956.
The file number of said suit being No. 4155.
The names of the parties in said suit are: Frank Cornelius as Plaintiff and the persons to whom this writ is addressed, together with Ruth Louise Erickson and Bonnie Jean Erickson, as Defendants.
The nature of said suit being substantially as follows, to-wit: A suit to partition Lot 5, Blk. 18, and Lot 3 Blk. 38, Original Town of Olton, Lamb County, Texas, between the Plaintiff and the Defendants in the following interests: Frank Cornelius, a 61/72 interest; Theodore Harper, a 3/72 interest; and Bonnie Jean Erickson, a 2/72 interest; Said property is alleged to be of the estimated value of \$600.00 and Plaintiff says that it is not susceptible of partition in kind and prays for the appointment of a receiver to sell same and the proceeds to be partitioned. Plaintiff also prays for reimbursement of \$52.19 paid out for taxes in preserving said property and for general and special relief.
If this Citation is not served within 90 days after the date of its issuance it shall be returned unserved.
Issued this 24th day of October A. D., 1956.
(SEAL)
Given under my hand seal of said Court, at office in Littlefield, Texas, this 24th day of October A. D., 1956.
Ernest L. Owens, Clerk Court Lamb County, Texas.

DRAKE'S COFFEE BREAKS

Just Slightly Stimulating
By MORLEY B. DRAKE

With the tomato and bell pepper harvest virtually over in Lamb county for this season, in so far as commercial marketing is concerned, we should not lose sight of the fact that one of Lamb county's greatest needs is at least one good packing shed for grading, packing and shipping all kinds of truck crops.

Lamb county is regarded as an "excellent truck crops country" by growers and all branches of the industry.

We have talked with a number of men who have many years experience in the growing and marketing of truck crops, and they are of the opinion that Lamb county should have a packing shed owned and operated by an individual or company possessed of the financial ability to contract for the purchase of the crops in the field. This plan, it is said, would be popular with growers and would result in the best financial returns for farmers and packers and shippers.

Many persons are of the opinion that Lamb county's truck crops industry would not be complete without a modern canning factory.

— M B D —

We like to keep in touch with former residents of Lamb county. We were in Olton a few days ago and among the folks we talked to was Dewey Dennis, a former deputy sheriff of Lamb county and a former marshal of Olton.

Mr. and Mrs. Dennis moved to Austin early in July, and are living at 4008 Clawson Road. The former Olton residents purchased a house and one acre of ground for a caged layer pro-

Cotton Research Meeting Set

Some of the most outstanding research workers connected with the cotton industry throughout the United States will be in Lubbock Thursday and Friday to attend the Plains Cotton Growers, Inc., short staple cotton research conference.

W. O. Fortenberry, president of the PCG, said Saturday more than 40 invitations to men identified with the cotton industry in various phases, have already been accepted.

The conference is being sponsored to study and explore the entire short staple cotton situation. It is expected to develop a master plan for action both through immediate and long range research programs to improve the quality of Plains cotton, to reduce costs, and to strengthen the competitive position of short staple cotton in the market.

George W. Pfeiffenberger, Executive Vice-President of the PCG, said that the conference is not to be of large proportions, instead it will be a working committee of outstanding and experienced men who can contribute to the general consensus of thinking on the over-all short staple problems.

Top cotton leaders in research, production and marketing, advanced experimenters in the fields of cotton genetics, plant physiology, plant pathology, entomology, production, harvesting, gin-

in the House — would work like this:

A teacher would pay into the rearing, warehousing, crushing, marketing, utilization, economics and market research will be in attendance.

"The South Plains area produces approximately one-tenth of the entire U. S. cotton crop

and nearly one half of the Texas crop. Production has expanded rapidly during the past decade or so and many problems have arisen in connection with this rapid expansion.

"Many different varieties of seed have been tried with more or less success and satisfaction,

but there has been little effort at standardization or organized seed distribution. The short growing season on the Plains gives rise to problems existing only in this area. Storm resistance and early maturing in combination are only two of the important factors which must be developed. Modern concepts of cotton marketing are bringing up a new factor in the marketing picture which is of tremendous importance to the Plains Area.

"This is the rapidly expanding use of the micronaire in cotton merchandising, and the real possibility that the micronaire value may soon be included on the Smith-Doxey classing card. Such a move would undoubtedly inject the micronaire into the loan picture, and would carry tremendous implications for the Plains. These are only a few of the many problems which must be faced and solved in the near future," Pfeiffenberger explained.

Goals of the conference are:

1. To focus attention upon the technical and economic problems of the short staple area.
2. To stimulate interest and support for expanded and intensive research on short staple cotton.
3. To develop a master plan for action and to set guides and goals for short staple cottons in

an integrated and coordinated manner.

4. To establish committees of experts to continuously work on the various phases of the problems and to develop an annual short staple conference.

5. To take initial steps in the development of a complete cotton research center for the Plains.

6. To give proper and adequate publicity to the program of improvement for South Plains cotton as launched by the Plains Cotton Growers.

TV TIPS

Now that fall is here again and there are fewer hours of daylight for outdoor chores and fun, the family TV set is about to resume its position as No. 1 entertainment provider for the American family. If you're like most folks and haven't spent too much time with your set during the summer, it might be a good idea to have it checked over to be sure it's in top condition, check the lighting around your set to help avoid eyestrain, use eye drops from time to time to ease some of the fatigue that inevitably comes from TV viewing — and don't try to watch everything that comes along. Save a little eye energy for the shows you really want to see.

At least ten countries use the eagle as the symbol of supremacy.

Support For Ammendment On Teacher Retirement Grows

"Support is growing for Constitutional Amendment No. 4, the Teacher Retirement Amendment on the November 6 General Election ballot, as the public is given the facts," Ralph Schilling, Superintendent of local Schools said today.

"This effort of Texas teachers to attract and hold good teachers is one of the most unselfish public-spirited movements ever seen in the interest of good education for Texas children," Schilling declared.

Local school teachers, working with their local and state associations and in cooperative with local Parent-Teacher Association groups, have spearheaded the drive for adoption of the amendment.

Amendment No. 4 will improve the Teacher Retirement System

created in 1937, a depression year. The system covers all employees of public schools and state-supported institutions of higher learning.

Increased benefits, Schilling feels, will encourage teachers now leaving the classrooms to remain in the teaching profession. Approximately 7,000 experienced teachers are lost each year to the schools. The program would also help attract some of the 3,800 new teachers needed each year to instruct the 100,000 new children who jam Texas classrooms annually.

The new program, as passed by the Texas Legislature last year — unanimously in the Senate and with only two dissenting votes

Anton Boy, Light Pole Have 'Run-In'

"Something's gotta give" was learned the hard way by Max Harrington, senior student at Anton High School, Monday morning. Max and his class mates were engaged in a game of touch football on the school playground.

While running full speed in pursuit of another boy, Max ran head first into a light pole. He was rushed by school officials to Medical Arts Hospital Clinic in Littlefield.

Max's injuries included a brain concussion, black eyes and several broken bones in his face. His condition was reported to be serious for awhile. However, it was considered good Saturday morning.

Max is the son of Mr. and Mrs. C. F. Harrington of Anton.

New Marketing Set-Up Formed

Chrysler Corporation has formed a streamlined marketing organization to serve all of the company's car and truck division, according to a release from the corporation.

The new marketing organization goes into action Nov. 1 when it unveils its 1957 "Flight Sweep" passenger cars and Dodge trucks. Divided into four regions, the marketing operation that will serve this area will be a regional office at Dallas.

Damage Light In Fire At Sudan Gin

SUDAN — A fire of undetermined origin was discovered about 5:30 a.m. Wednesday morning in the burr catcher at the Fairview gin, five miles west of Sudan.

The Sudan Volunteer Fire Dept. was called to the scene. According to Tom King, Jr., co-owner of the gin, the damage was slight and was fully covered by insurance.

Clayton, accepted the "Royal Service, as her office was defined. A "Candler of Prayer," was given to Mrs. Arnold Washington as she was installed. Mrs. John Bridge and Bud Matlock accepted hymn books as they completed the semi-circle. As the closing song was sung, all officers joined hands and Mrs. Troy Blackburn gave the installation prayer.

New Traffic Laws Ruled For Earth

New traffic laws in Earth were being enforced late this week after the City Commission and the State Highway Dept. jointly issued an agreement.

The new traffic laws follow:
 1. No trucks of any description will be allowed to park within the city limits along Highway 28. Also included in this ruling were pickups equipped with beds exceeding eight feet in width.
 2. All automobiles are required to park parallel to the curb with no part of the car to be in excess of three feet from the curb.
 3. Parking along the median of Main Street is also forbidden.

Only 4% Of Vehicles Inspected

Getting early automobile safety inspections may mean the difference between life and death, according to G. C. Morris, executive secretary of the Highway Safety Council.

During the first month of the current inspection period, which will run through April 15, only 4 per cent of the registered vehicles in Texas had been inspected.

"The importance of inspections has been proven by Department of Public Safety statistics," Morris said. "In 1951, before the inspection law went into effect, mechanical defects were a causative factor in 19 per cent of the fatal accidents in Texas. Last year, that figure had been reduced to 5 per cent."

"These figures show beyond a doubt that a person whose car is in good mechanical condition is much less likely to be involved in a fatal accident," Morris said. "A person who waits until the last minute to get his car inspected is taking a dangerous gamble with his own life."

Last year, 43 per cent of the vehicles inspected in Texas needed some adjustment or repair, and the average cost for such services was only eighty-eight cents, according to the Department of Public Safety.

ker to M.A. early Saturday morning. Jennings is believed to be suffering from either a stroke or heart attack according to hospital officials.

Another heart attack patient, M. B. Welborn, Sr. was admitted to M.A. at 2:30 a.m. Saturday. Welborn, who has been associated with Renfro Bros. Grocery since 1929, is described as being in good condition.

Larry Lockwood, freshman student at Spade High School sustained a knee injury Friday night in the Cotton Center Spade game. According to Larry's mother, the Freshman will be out of football for the rest of the season. He is considered to be in good condition. Parents of the boy are Mr. and Mrs. C. F. Harrington of Spade.

Mrs. P. W. Walker was released from M.A. Saturday. Mrs. Walker was injured recently in a car wreck.

Mrs. Oley Robbins is recovering from surgery nicely.

Two births were reported Saturday morning at M.A. hospital. Mr. and Mrs. Coy Heard of Route 1, Anton, are parents of a daughter, born October 27th at 5:25 a.m. weighing 8 pounds 2 ounces.

Freight Rates Are Reduced In Drouth Aid

Walter T. McKay, the agency's State Director, was advised today of the designation of Farmers Home Administration to execute certification forms in connection with reduced freight rates recently worked out between the President and railroad representatives to further assist farmers and stockmen in drought stricken areas.

This revised tariff provides for a reduction of 50 percent in the freight rate of hay forwarded to destination due to the drought, and applies only in connection with hay purchases of individuals who are entitled to assistance under the Hay and Roughage program.

Farmers Home Administration is authorized to execute certificates in behalf of farmers and ranchers only. Details of the program and forms required may be obtained from local county Farmers Home Administration offices. Applications from farmers and ranchers will be taken through December 3, 1956, to provide feed grain and roughage for basic livestock herds through December 31, 1956.

Under the feed grain program the government subsidy was increased recently from \$1.00 to \$1.50 per hundred weight. Under

Study Club Hears Speaker Joe Salem Discusses U.N. Accomplishments

SUDAN — The 1953 Study club met Monday evening in the home of Mrs. J. T. Lybrand. Joe T. Salem was guest speaker and spoke to the group on "Accomplishments of the United Nations". Mrs. S. D. Hay was program director for the evening and gave the motto "Friendship is the only cement that will ever hold a best world together."

Obituaries

Editor's Note: The News and Leader will print in this column as a public service, any obituaries brought to this office.

Death came to James S. Abernathy at the age of 71, October 15th following a lingering illness. He had been a patient for several days at Medical Arts Clinic Hospital.

A ginmer by profession, Abernathy became custodian at Littlefield Junior High School in 1951 when he retired as a ginmer. In the words of his wife, "he was a friend of the children and they were friends of his."

"During his sickness, he remained a faithful christian, never complaining and always considerate of those caring for him," added Mrs. Abernathy.

A Baptist for 32 years, final rites were read for Abernathy in the First Baptist Church, Octo-

West Services Held Thursday At Sudan

Funeral services for Floyd Ray (Tinke) West were conducted Thursday at 1 p.m. in the Sudan First Baptist church when the Rev. Wayne Perry officiated.

West, a native of Sudan, was killed at 10:15 p.m. Tuesday when his car overturned near Friona.

The deceased was born Dec. 22, 1927 in Sudan, and was 28 years of age at the time of his death. He attended Sudan schools and was a member of the Armed Forces having served for 18 months in the army, including duty in Korea.

West moved his family to Friona about a year ago where he was employed as a bookkeeper for Massey Brothers Drilling company there. Prior to moving to Friona West was associated with the Sudan Frozen Food Locker.

He is survived by his wife, La Verne, two sons Ricky Lee, and Danny Lynn; his parents, Mr. and Mrs. E. P. West of Sudan; three sisters, Mrs. Kenneth Ware

ber 16th with the pastor, Dr. Leo Hemphill officiating.

Abernathy moved to Littlefield from Bomarton in 1925. He married Mrs. Addie L. Spikes, a teacher in the Littlefield School system, August 5th, 1945. His wife, still a faculty member at Elementary School has been in the Littlefield school system since 1941.

Serving as pall bearers were Forest Martin, Lloyd Crosby, H. C. Carr, William Brune, Roy Barnett, A. L. Massey and honorary pall bearers were D. C. Lindby, Joe Pace, Allen Rhodes and L. Brawley.

He is survived by four daughters, Mrs. Verna Turner of Beaumont, Mrs. Florine Landrum of Odessa, Mrs. Beatrice Gage of Lubbock and the late Mrs. La Velle Harmon of Amherst and one sister, Mrs. F. B. Reese of Ft. Worth.

Out-of-town relatives and friends attending the funeral include Mrs. J. G. Bellah and Mr. and Mrs. H. P. Copeland all of Dallas, Mr. and Mrs. Claud McDougal of Hereford; Mr. and Mrs. Edda Henderson, Hobbs, N. M.; Mr. and Mrs. Bob Reese, Amarillo; Miss Mildred Hulsey, Tolla; and Mrs. A. M. Spikes, Nita and Jimmy of Lubbock.

Spade Scoops By Mrs. Joe Prater

Mr. and Mrs. Jess Emmons visited relatives at Clarendon during the weekend.

Mrs. G. M. Vann is improving nicely following surgery in the Taylor Hospital in Lubbock the latter part of last week.

A daughter was born to Mr. and Mrs. Gwyn Heard early Saturday morning in the Medical Arts at Littlefield. The couple have a son about two years old. The paternal grandparents are Mr. and Mrs. Luck Heard.

Mr. and Mrs. V. B. Beggs and daughter, of Abernathy visited Rev. and Mrs. Bill Wadley and family Sunday afternoon.

Mr. and Mrs. Grady Duffer

of Littlefield, Mrs. Cleo Whitmire of Sudan, Mrs. Louie McBroom of San Angelo; three brothers, G. W., Carlos, and Aubrey, all of Sudan.

Burial was in the Sudan cemetery under the direction of Cleburn Funeral Home, Friona.

visited relatives at Martha, Okla. the latter part of last week.

Rev. Bill Wadley, Rev. Dennis Heard, Rev. M. M. Crawford and Joe Prater attended jail services at the county jail Sunday at 2 p.m. Rev. Heard was in charge of services.

Mr. and Mrs. Bart Stoker are at home after spending the past two months in Lubbock.

About 60 attended the associational youth rally in the Baptist Church last Thursday evening. Members of the W.M.U. served punch. The girls brought supper.

SPADE CHURCH SETS MEETING TIME

In a called conference at the Baptist Church Sunday night, Training Union time was set at 6 p.m. each Sunday. Morning services for the Youth Revival which begins Nov. 11 will be from 8 a.m. until 8:45 a.m. with prayer meeting at 7 p.m. and revival services at 7:30 p.m.

Due to the increased attendance, the church is buying 12 new youth chairs and 50 new song books.

There were 133 in Sunday School Sunday.

Local Man Completes Training

SAN DIEGO, Calif.—On October 19th Wylie G. Thornton, Jr., son of Mrs. Wylie G. Thornton of 114 E. 11th st., Littlefield, Tex., completed recruit training at the Marine Corps Recruit Depot, San Diego, Calif.

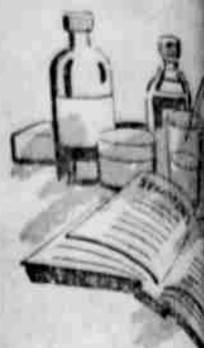

The 12-week training schedule included drill, bayonet training, physical conditioning, parades and ceremonies, and other military subjects.

Three weeks were spent on the rifle range where the recruits fired the M-1 rifle and received instruction in basic Marine infantry weapons.

OLD IDEA

Your eyes can give you away—and since they can, beauty-minded women have been concentrating on the attractiveness of their eyes for many years. For example, the idea of eye lotion to soothe overworked orbs is not a new idea. Records show that women of the 16th century had already discovered this quick and pleasant solution to an ageless problem.

Boys 4-H Club Stages Meeting

PEP — The boy's 4-H club met Monday, in the Pep school building. The meeting was called to order by the president, Albert Simmacher, after which Buddy Greener led the 4-H pledge. The secretary, Billy Guetersloh, called the roll and read the minutes of the previous meeting. A discussion was held on the proper place to keep the club's ribbons and money. Afterward a joint meeting was held with the girls where it was decided to have the annual Halloween party on Tuesday, October 30, beginning at 7 p.m. in the school auditorium. Prizes will be given and anyone not masked will be charged 25c. Supt. Marion McDaniel was a visitor at the club meeting. The members square danced afterward and refreshments were served.

OFFICE TIPS

Work in an office? Here are some tips that will help you fight that mid-afternoon let-down that seems to attack everyone: Give your eyes a break by improving your lighting. Rest your eyes for a few seconds every hour or so (just close them and massage gently with your finger tips). Try a drop or two of eye lotion and don't force your eyes to do more than they can take. Chances are these simple remedies will give you the lift you need to finish out the day at top efficiency.

TEXAS DEMOCRATS FOR EISENHOWER

You are a free Texan... You can vote any way you like. Regardless of what you may have heard, it is perfectly legal to split your ticket if you want to, just as it is legal to vote the Democratic ticket straight, or the Republican ticket straight. The purpose of the ballot is to determine what the people want. And if you want to vote for Eisenhower and Nixon — then cast the rest of your ballot for the Democratic nominees — that is your privilege. Don't let anyone tell you otherwise! **BY LAW YOUR VOTE MUST BE COUNTED.**

City Is Invited To Have 'Day' At Fort Worth Show

Littlefield has been given an invitation to have a special day at the Southwestern Exposition and Fat Stock Show. A letter to the Chamber of Commerce from W. R. Watt, president-manager of the Fort Worth exposition, Jan. 25-Feb. 3, states:

The "days" of the cities add color and contribute much to the success of the Stock Show and we are grateful for your participation in the past.

We would like for your band to give a concert; for your riding club to take part in the rodeo and grand entry; for your Cowgirl Sweetheart to receive an introduction to the rodeo audience; and for as many of your citizens as possible to attend. A block of tickets, if you wish, will be sent to you for advance sale so that your delegation can all sit together.

Your cooperation enables the Stock Show to render a greater contribution to the development of our great livestock industry and especially to give recognition to the farm and ranch youth through the Junior Livestock Show.

Everyone is working hard to try to make the '57 show the finest yet. We are looking forward to your acceptance and will give your plans as widespread publicity as possible and all of us will do everything in our power to make your visit enjoyable.

Floranna sweetclover, in the area south of an east-west line from College Station to Eagle Pass, will give two to four weeks earlier grazing and will mature that much earlier than Huban, says E. M. Trew, extension pasture specialist. North of this line Floranna is no earlier than Huban.

Elementary, Jr. high and high school queens will be crowned.

GAME FOR GAME

Hunters will do well to carry a small but well-stocked first aid kit on their treks into the wilderness this fall. Aside from the obvious hazard involved, there are the much more frequent cuts, bruises and falls that can ruin the trip and even cause serious harm. What to take? Bandages, iodine, aspirin and eye drops should do the job.

THE MIGHTY CHRYSLER FOR 1957

Here's the glamorous, low-priced 1957 Chrysler Windsor V-8

Announcing the most glamorous car in a generation!

You never looked or felt as good in anything before!

Other cars have changed models... this one changes motoring. Look at its rich, ray lines... at the long, low silhouette... at the dramatic upswEEP of the rear fenders that plume back from the waist like the wake of a hydroplane. It's a streak of a car with the elegance of the boulevard and the spirit of the speedway.

Get into this car, drive it into traffic or out on the open highway and you enter a new domain of travel. In the 1957 Chrysler, with its new Torsion-Aire Ride, motion has a new "feel". And wait till you toe the throttle. A new Pushbutton TorqueFlite Transmission teams with a mighty airplane-type V-8 engine, developing up to 325 horsepower, to give you a new high-velocity getaway, matchless passing power when you need it.

Come in this week and visit our showrooms. See and drive the most completely new car of the year!

Torsion-Aire Ride pours the road under you!

Try Chrysler's new Torsion-Aire Ride and you'll think some of the laws of gravity, motion and inertia have been suspended in your favor. No more rock and roll. No more pitch when you stop. Chrysler's new torque rod suspension and lower center of gravity give you a brand new ground-skimming "feel" of the road. The wheels ride the contours... but you don't. The road just pours under you.
