

AROUND ATOWN

Starts and Faces Seen

"How are your shoes?" was practically a standard greeting on Main Street Monday; and it seems that the shoe rationing order really did catch some of us in a bad fix—especially families with a number of growing children. Kids simply wear out more than the allotted three pairs a year.

One answer to the question of why cattle run from heel flies has come in this week. Troy Womble says that it is the sensation of the heel fly laying an egg which causes a cow to gallop across the pasture; he says the cow knows she is being made into an egg nest or something.

Being on the ration board did not help Ruth Bowsher a bit when she went to Amarillo Monday and wanted to try on shoes. The freeze order was still in effect and she wasn't allowed to try a shoe, even though her plan was just to find a fit and send in the coupon and money next day.

Grocery Merchants Sponsor Rationing Ad

Hereford grocery merchants this week sponsor an advertisement which gives a complete digest of the system of rationing of canned, frozen and dried fruits and vegetables which will go into effect March 1. The advertisement includes an OPA approved list of fruits and vegetables to be rationed and a statement of the aims of point rationing—an attempt to assure a fair share for all and at the same time preserve as much freedom of choice as possible in the purchase of groceries.

Dates of the registration for War Ration Book Two, as listed in the grocery merchant's ad on Page 5 of the Brand are not correct. The dates in Hereford will be Feb. 25 through Feb. 27.

These dates and the entire rationing advertisement were checked by a county ration board member, but the dates were changed in an announcement made yesterday by officials in charge of registration.

Point rationing, admittedly, will multiply the grocer's work several times and merchants anticipate some confusion as the system gets under way, but the local grocery stores are doing their best to co-operate and ask the help of customers in abiding by the new regulations. Sponsors of the advertisement are Hudson Grocery, Quality Food Store, Texas Market, Furr Food Store, McLean Grocery, Hunter's Cash Store and Weir Super Market.

Favor Liberalized Quota Gov't. Officials Reply To C. of C. Letter

The letter recently mailed by the Hereford Chamber of Commerce to state and national government representatives has received some very favorable replies. E. B. Posey stated: "this week, adding that the Chamber of Commerce believes that the letter has served to point out some features of the quota and rationing system of farm machinery sales not heretofore emphasized, and that government officials generally seem favorable toward further liberalization of quota."

Excerpts from replies received include the following: From Congressman Gene Worley: "The entire Texas delegation favors giving adequate equipment to farmers. You outlined the situation so well that I have brought your letter to the attention of Mr. L. L. Needler, chief of the distribution of farm supplies division of the Department of Agriculture."

Little Hope for Improvement Of Housing Situation Shown by Chamber of Commerce Survey

Alaska Lassie

One of the U. S. Army nurses serving with the Alaska Defense Command, 2nd Lieut. Doris Neill of Portland, Ore., is enjoying the weather. She's glad she wasn't assigned to the tropics.

The housing survey, conducted last week by the Hereford Chamber of Commerce, revealed conclusively that the only relief for Hereford's acute housing shortage would be in a government sponsored housing program or in the release of critical materials so that persons now renting homes and apartments could build their own homes.

Specifically, the survey revealed that rooms are available for approximately 60 persons, that there are 15 two and three room apartments available and that there are five vacant houses in Hereford. Even these figures may have changed materially by now, as the survey was completed last week and probably many vacancies already have been filled.

Conversion Impractical

Response to the conversion program (remodeling of existing structures to provide two and three room apartments) was small. Chamber of Commerce spokesmen state, pointing out that property owners have a natural hesitancy about getting into a deal which depends upon such unpredictable factors as availability and cost of labor, cost of materials, method of finance, etc.

Also, many of the houses which it was thought could be converted into apartments or duplexes, are now filled and present tenants would be without housing while conversion was in progress. In addition to which the converted houses, in many cases could not house as many persons as are now being cared for.

It is believed by the Chamber of Commerce that if material, labor and proper finances were made available, a number of persons now renting houses and apartments, would build their own homes, thus making available more rent housing facilities to newcomers.

Letter Situation Serious For Cpl. Perry Johnson

It's been a long time between letters for Cpl. Perry G. Johnson, son of Mrs. W. A. Johnson of Hereford.

Corporal Johnson of the U. S. Marine Corps has had the same over-sea address for five months and his letters home have come through at regular intervals, but for the entire five-month period he received no letters from his mother, despite the fact that she mailed letters regularly.

Recently Mrs. Johnson received a letter from Pfc. Perry L. Johnson, also of the U. S. Marine Corps and in an overseas unit, stating that he had been receiving her letters to her son.

Mrs. Johnson is working through the American Red Cross to try to get the matter of overseas addresses straightened out.

Shoes Now Rationed By OPA Regulation

Stamp No. 17 in your sugar ration book is now good for one pair of shoes any time through June 15.

That is the story in brief on shoe rationing which came into effect on a surprise order by the Office of Price Administration Sunday afternoon. Sales were frozen until Tuesday when the new rationing set-up started.

According to the OPA order unused shoes made in whole or in part of leather or with rubber soles are covered by the order. Water proof rubber footwear and hard soled house and boudoir slippers will not be rationed.

The shoe ration stamp is transferable between members of a family living in the same household.

Roll Call Committees To Be Named Next Week

S. P. Rosson, chairman of the Deaf Smith County Red Cross War Fund and Roll Call Campaign, announced today that names of committees who will handle the drive in March will be announced next week.

Organization plans are now nearly complete for the drive, which will seek to raise \$4,150 in this county. Of the amount \$2,550 is the approved chapter goal and \$1,600 represents the chapter's minimum share in the national and international needs of the Red Cross.

Grain Sorghums Under Incentive Program of AAA

Under the recently announced incentive program of the U. S. Department of Agriculture, farmers of the Hereford territory can expect to realize considerable added income by increased plantings of soy beans and grain sorghums.

Payments of \$15 per acre for soybeans and \$8 an acre for grain sorghums will be paid for acreage over 90 per cent and up to 110 per cent of the farm goal. Under the war production plan sheet, acreage goals are established for individual farms.

Goals already established in the state for soybeans and grain sorghums are 50,000 acres and 4,969,000 acres, respectively. The national soybean goal has been increased from 10 1-2 million acres to 12 million acres, while the grain sorghum goal has been stepped up from 10 million to 12 million acres. Soybeans are needed to increase the supply of oils, and grain sorghums will help provide feed for the expanding livestock program.

Need Moisture But Condition Of Wheat Good

Though moisture is needed and some damage by blowing has already been reported, wheat crop conditions in this section of the Panhandle generally were considered good this week, according to a report of the Texas Wheat Improvement Association. Ample sub-soil moisture for normal requirements still exists and no freeze damage of any material consequence occurred to wheat anywhere in the North and South Plains area during the two cold snaps in the middle of January.

The top growth was nipped and has caused a blighting of some leaves, but the wheat as a whole is in excellent condition and prospects are considered bright. However, the cold weather did considerable damage to winter barley in the Panhandle area. Some fields have been completely killed while others were only partially thinned down due to freeze damage. Freeze damage, both to wheat and other small grains in the territory below the Cap Rock was severe.

Can Get Remainder Of Canning Sugar Now

All housewives who did not get their allowance of canning sugar during the period beginning with sugar rationing in April, 1942, may get the remainder of their canning sugar now. The limit allowed for last year's canning was ten pounds per person for each member of the family, and persons who did not receive the full allotment and still have canning to do should go to the rationing office for a purchase certificate for the remainder of the canning sugar allotment.

Persons who received the allotment of ten pounds of canning sugar per person are not eligible for a further allowance at this time.

Fire at Sparkman Place Curbed by Use of Wells

A fire at the T. L. Sparkman place, southwest of Hereford, Tuesday afternoon came near being a disastrous one and dangerous loss was avoided only by the help of firefighters and equipment rushed to the blaze from the nearby Hereford Internment Camp and by the Sparkman's use of irrigation wells on the place. Turning on the water to make fire-stopping ditches is thought to have prevented rapid spread of the fire, which occurred during the highest wind of the year.

The loss reported by Mr. Sparkman was 4,000 bundles of feed burned.

Registration for War Ration Book 2 will be held at Hereford High School from Thursday, Feb. 25, through Saturday Feb. 27, it was announced today by Knox Kinard, superintendent of the city schools, who states that the high school classes will be dismissed on Thursday and Friday. Hours of registration will be from 8 A. M. to 8 P. M. each day.

Fill Declaration Form

Declaration forms listing each member of the family and the amount of canned fruits and vegetables on hand as of Feb. 21, must be turned in by the member of the family unit who takes care of registration for the group. These forms will be made available in advance of registration and positively must be complete before being presented to the registrar. Teachers and volunteer workers will not have time to fill out this declaration sheet at the high school.

Need Book No. 1

In addition to the declaration sheet, the person who registers for the family unit must have with him a copy of War Ration Book One for every member of the family or for each person whose name appears on the declaration form. As has already been intimated it will not be necessary for each person to register for himself; in fact it will be a great deal of help to the registrars if one adult member of the family will register for the entire family unit.

Names of persons in the armed forces or of persons confined in an institution are not to be included on the declaration sheet; otherwise, the name of every person included in the family unit and living in the same household should be included.

Deputy Collector To Discuss Tax Problems Here February 26-27

Deputy Collector C. I. Powell of the Internal Revenue Service will be at the First National Bank in Hereford on Friday and Saturday Feb. 26 and 27, from 8:30 A. M. to 5:00 P. M. to give assistance with income tax problems to any persons who wish to talk with him.

This will be the only visit from a revenue department representative in this city before March 15 and persons desiring information are urged to see Mr. Powell at this time. In announcing the visit, W. A. Thomas, collector of internal revenue in the second district of Texas, points out that because of the lowered exemptions (\$500 for single persons and \$1200 for married couples) and the increased surtax, there will be many more persons filing returns and probably new problems facing persons who have made out returns in the past.

Incentive Payments of \$50-an-Acre Set for Fresh Vegetable Plantings

Fifty dollars an acre is the incentive payment Deaf Smith county farmers can expect if they grow between 90 and 100 percent of their farm goals of eight different vegetables for the fresh market.

Carrots, snap beans, lima beans, beets, tomatoes, cabbage, onions and green peas have been added to the incentive payments program of the U. S. Department of Agriculture to help farmers meet or exceed their goals of wartime crops in the face of higher production costs; and farmers who grew fresh vegetables in commercial quantities last year, or who are interested in planting as much as three acres of one of the fresh vegetable crops this spring, are asked to get in touch with a member of the county USDA war board or with the local AAA office. N. E. Gage, chairman of the county war board stated this week. This information on past plantings and acreage plans for 1943 is necessary for the county com-

mittee to set up goals for this year's production.

Farmers who have never grown carrots, snapbeans, lima beans, beets, tomatoes, cabbage, onions and green peas for sale fresh can also participate in the program. Mr. Gage points out. Goals for farmers who did not grow these crops last year and for those who grew fewer than three acres in 1942 will be three acres per farm for producers who will plant a crop of vegetables this year.

Regardless of the goal set for his farm, each farmer will have an opportunity to earn the \$50-an-acre incentive payment by planting one acre more than 90 per cent of farm goals of any of the eight vegetables.

Acres of vegetables grown under contract for canning, dehydration or freezing cannot be counted in figuring their farm goals of the eight vegetables for the incentive payments. To earn the payments, the vegetables must be sold fresh.

Your Income Tax!

Who Must File A Return
Every single person must file a Federal income tax return whose gross income for the year from all sources was \$500 or more; that is as much as \$9.63 per week. Widows, widowers, divorcees, and married persons separated by mutual consent, are classed as single persons. Every married person, living with husband or wife throughout

the year, must file a return if his or her gross income together with any income of the spouse, was as much as \$1200 for the year; that is, as much as \$23.08 per week. If husband and wife both have income, they must both make a return. Such return may be made separately, or, if the are both citizens or residents, they may make a joint return. A joint return may be made by husband and wife even though one has no income, and a joint return is advisable in the case of persons, one of whom has no income, who marry during the year, since the personal exemption attributable to each spouse during the period of pre-marital status is allowable in a joint return.

A joint return must be signed by both husband and wife and verified by a written declaration that it is made under the penalties of perjury.

Where separate returns are filed by husband and wife on Form 1040, the joint personal exemption is allowable (\$1200 where the married status has existed throughout the year) may be taken by either, or divided between them in any proportion agreed upon. If separate returns are filed one may not report income which belongs to the other, but must report only the income which belongs to him (or her).

No person is exempt from filing a return if his gross income is equal to or greater than the amount specified above for his classification. Neither the President of the United States, nor the Vice President, nor Federal Judges, nor Members of Congress, are exempt from filing returns.

Moreover, all income from whatever source, unless specifically excluded by statute, must be reported in the return. The types of income specifically exempt are listed in the instructions accompanying the return form.

A person whose income does not exceed \$3,000, and consists wholly of salary, wages, dividends, interest, or annuities, may make a Simplified Return on Form 1040A, in which the tax due may be readily ascertained by reference to a table contained in the form.

A husband and wife living together on July 1 of the taxable year may file separate Simplified Returns if the gross income of each is from the prescribed sources and does not exceed \$3000, or they may file a single joint return on that form if their combined income is from the prescribed sources and does

...KEEPING THEM ROLLING

IN THE BIGGEST FOOD PRODUCTION PROGRAM EVER UNDERTAKEN IS GOING TO BE A MAN-SIZED JOB!

There are several vital points which will keep your tractor running longer and better, without repairs. Watch these points closely to save repairs and to produce more:

- 1—Your AIR CLEANER is most important. Check it daily.
- 2—Lubrication comes second. Check it yourself and don't depend upon the other fellow.
- 3—Keep all bolts tight. Replace lost ones as soon as they come off.
- 4—Don't put off making necessary repairs.

We are in better shape than ever to assist you in this vital work. Feel free to call on us at any time to help you with these jobs. We also invite you to compare our prices in labor and repair parts.

PENNEY'S J. C. PENNEY CO., INC.

LET'S PLAY THE GAME

Making a little go a long way is a fascinating game. Penney customers have been playing it long before it became a patriotic duty. Penney's has always helped people get what they need for what they have to spend.

Now in addition, you must make what you get last a long time, by repairing anything that can be kept in use.

Then, too, you must consider well before buying, going only to stores where you can depend on value and wearing quality. That's why Penney's is becoming the favorite of more and more thrifty Americans every day.

CHDA NOTES

Mrs. Oscar Hunt of Frio is a discriminating buyer of baby chicks. She knows that "AAA" chicks may mean exactly nothing so far as real quality is concerned.

Here are the terms that have a definite meaning for poultry raisers:

- U. S. Approved Chicks.
- U. S. Certified Chicks.
- U. S. R. O. P. Chicks.
- U. S. Pullorum Tested Chicks.
- U. S. Pullorum Controlled Chicks.

To illustrate: U. S. "R. O. P." (Record of performance) chicks are from hens that have qualified for R. O. P. by laying in 365 days, 200 or more eggs, averaging not less than 24 ounces per dozen and mated to one individually pedigreed male whose dam laid 225 or more eggs in 365 days. For such chicks last year Mrs. J. F. Matthews paid 32c each for day-old pullets and considered them worth the money. Of course, such a flock is pullorum controlled.

References which may be secured by interested poultry raisers include "Miscellaneous Publication 317, Improving Poultry through National Poultry Improvement Plan, 5c. "Misc. Publication 300, The National Poultry Improvement Plan," 10c; U. S. D. A. Washington, D. C.; "1943 Yearbook of the Oklahoma Poultry Improvement Association," H. H. Hogan, president, Muskogee, Okla.; list of members of the Texas Baby Chick Association, Box 180, Stephenville, Tex.

We have received a number of inquiries as to why the price of eggs has declined recently and believe that this report of an O. P. A. ruling is the answer.

The sale of hard shell eggs is covered by Maximum Price Regulation 280, which provides that the seller's maximum price shall be the highest price at which he may have sold or delivered eggs of the same grade to purchasers of the same class between Sept. 23 and Oct. 2, 1942. In other words, though the price of eggs increased after Oct. 2, it is now set back to the level prevailing at that date.

According to present plans, persons who ordered evergreens from the Lubbock Experiment Station, may stop by the CHDA office Saturday to get these trees.

Concerning the hosiery problem, here's a good point to remember: Stockings the right size wear better. Sizes are determined by the length of the stocking foot in inches. For example a size 9 should be nine inches long. Wool hose usually should be bought about one-half size larger than other hose to allow for shrinkage. Also, buy stockings in the correct length—medium, short or long—to save

runs. Medium hose are about 31 inches from the heel to the top. Short are 28 inches and long about 33.

By MRS. CARL WIMBERLEY

A large number of persons attended the party at the school house Friday evening. Mrs. Iverson Leake directed the young peoples games and Mrs. Floyd Walton and Mrs. Hardy Stevens took charge of the children. High scores in bridge and forty-two were won by Mrs. Johnnie Womble and Mrs. Carl Wimberley, respectively. Mrs. Ernest May won low score in bridge and Jess Ritter in forty-two. Misses Ethel Womble and Leona Francis were visitors from Hereford.

Mrs. T. T. Fain and Mrs. C. Aubrey Wimberley were appointed by Baker Womble, president, to plan the next community meeting.

Mrs. George Suggs was in the hospital in Hereford several days, this week for medical treatment. Mrs. H. E. Miller, Johnnie Baker and Mrs. W. P. Caraway have also been on the sick list.

Forty-six persons were reported at Sunday School this week, 23 attending the primary classes. Separate opening exercises are now being held in this department with Mrs. Walter Galley and Mrs. Frank Smith teachers, in charge. Mrs. Carl Wimberley is pianist.

Mrs. Cecil Walker and daughter, Laura Ann, returned home recently from Bartlesville, Okla., where they have made an extended visit with relatives.

The Study Club met Tuesday in the home of Mrs. Baker Womble with Mrs. Dalby Fleming co-hostess. Instead of having a party as had been planned, the women went to Hereford to see the concentration camp. Mrs. Frank Smith was welcomed as a new member. Mrs. L. E. Miller is a new honorary member.

Among those present were Mrs. W. J. Stewart, Mrs. A. T. Frye, Mrs. Leake, Mrs. Reinauer, Mrs. J. B. Cocanougher, Mrs. C. P. Galley, Mrs. Lester Galley, Mrs. C. Aubrey Wimberley, Mrs. Smith, Mrs. Walter Galley, Mrs. Fain, Mrs. Cal Walker, Mrs. Cecil Walker, Mrs. Ernest May, Mrs. Johnnie Womble, Mrs. Carl Wimberley and the hostesses.

The next meeting will be at the home of Mrs. Stevens, Feb. 16.

On the honor roll for the past six weeks work are Marie Wade and Sally Womble in Miss Genevieve Olsen's room, Patricia Walton, Robert Miller, and Wanda Sue Wimberley in Mrs. Hazel Atchley's room.

A Valentine party will be held at school Friday afternoon, 3:00 p. m. Mothers and pre-school children are given a special in-

itation to be present. Rev. Hardy Stevens will preach here, both morning and night next Sunday. Everyone is invited to be present.

Practically all the men and a few women here attended the sale at Westway Tuesday.

A meeting to discuss problems relating to the school cafeteria was held Thursday afternoon at the school house. Among those present were Mrs. R. A. Frye, Mrs. L. O. Gore, Mrs. Jack Flowers, Mrs. Walter Galley, Mrs. Stevens, Mrs. Frank Smith, Mrs. Reinauer, Mrs. C. Aubrey Wimberley and Mrs. Carl Wimberley.

Misses Leona Francis and Ethel Womble from Hereford spent Friday night in the home of Mr. and Mrs. Baker Womble. Miss Ella Smith of Amarillo visited over the week-end with Mr. and Mrs. L. A. Smith and family. Mr. and Mrs. O. T. Hewitt of South Plains were visit-

ors Saturday night and little Bobby and Lucy Beth Miller were dinner guests Sunday.

Mr. and Mrs. Ralph Shelton and children went to Amarillo Sunday to visit Mrs. Shelton's parents, Mr. and Mrs. E. F. Seymour, who have recently moved there from Memphis.

Visitors in the Iverson Leake home Sunday were Mr. and Mrs. Clifford Leake and children of Bovina. Mr. and Mrs. Leake and their visitors went to Amarillo and visited Mr. and Mrs. P. L. Stevens Sunday evening.

Mr. and Mrs. Ira Fleming of Canyon were guests in the home of Mr. and Mrs. Dalby Fleming Sunday.

Mrs. W. W. Wimberley of Hereford spent the week-end with Mrs. Vernon H. Baker and son, Johnnie. Mr. Baker left Thursday for a trip to Roswell, N. M.

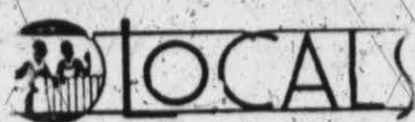

Visiting Mr. and Mrs. W. P. Caraway Sunday were Mr. and

Mrs. Hartland Caraway and daughter of Wyche.

Bill Miller has returned from Amarillo where he has been in the hospital a number of weeks for medical treatment. He went to work in Hereford the first of this week.

C. Aubrey Wimberley took a trailer to Jumbo Thursday to bring back a hog from his farm there. When he got back he stopped by the irrigation well where Carl Wimberley and Vernon H. Baker were working and wanted them to look at his hog. They went over to the trailer, and it was empty! Mr. Wimberley had no idea what happened to the hog. The next morning Wesley Rhodes who farms his place at Jumbo came in with the lost animal. The hog had jumped out of the trailer only a short distance from the farm.

Mrs. Frank Lucas has returned home after a three weeks' trip to Brownwood and Fort Worth. At Brownwood she visited her mother, Mrs. F. B. Crenshaw, and in Fort Worth she visited with her son, F. L. Lucas, who is a student at Texas Christian University.

Mr. and Mrs. P. L. Beyer of Amarillo, were guests of his parents, Mr. and Mrs. J. E. Beyer, Thursday.

Mr. and Mrs. J. W. Jennings and daughter Josephine and Mr. and Mrs. C. B. Martin, all of Plainview, were guests of Mr. and Mrs. A. R. Bateman here Sunday.

Billy Massie, son of Mr. and Mrs. O. L. Massie, and Gerald

Banner, who has made his home here, with his uncle, Russell Hunter, are home from San Diego, Calif., where they are stationed with the U. S. Navy.

Donald Hensley left Monday for San Diego, where he is stationed at a destroyer base. While on furlough he visited his parents, Mr. and Mrs. Homer Hensley, and family.

Mrs. F. W. Montfort left yesterday for Tullahoma, Tenn., where she will visit a daughter, Mrs. Tommy L. Pope, whose husband, a sergeant in the Army Air Forces, is stationed there.

Mrs. Ted Cornell left last week for Davisville, Rhode Island, where she is spending several days with her husband, who is in the "Seabee" division of the navy. She expects to return to Hereford around Feb. 21.

"Poetry and War" Is Theme for Bay View Club

Mrs. D. H. Alexander was hostess for the Bay View Club Thursday afternoon at her home on "B" Street.

Current events were discussed in answer to roll call by Mesdames Knox Kinard, J. W. Kirby, Paul Mathers and John McLean.

Continuing a series of programs on American Poetry of the War, Mrs. M. B. McLean, gave a discussion on "Democracy vs. Totalitarianism." In discussing the issues of the conflict she used poems to explain the true meaning of democracy and what a free government means against the tyranny and barbarism of totalitarian governments. Her paper presented a clear picture of the contrast in the two forms of governments as seen by modern day poets.

Three groups of poems clarifying the real meaning of Americanism were presented by Mrs. J. P. Slaton, Mrs. Ray Barber and Mrs. F. T. Roloson. Mrs. Slaton chose Carl Sandburg and Archibald McLeish to show that America must accept the responsibility of the people for keeping democracy alive and gave excerpts from the poem "America Is Promises" in which the history of the nation was reviewed in brief, in a plea to the American people to accept the responsibility of the promises.

Mrs. Barber chose two poems "America Is America" and "Comrade" to bring out a positive reaffirmation of our way of life, and Mrs. Roloson emphasized the diverse phases of Americanism as she read the poem "The Creed" by Hal Bourland. The theme of the poem centered around the meaning of the four words, "I Am An American."

Mrs. E. W. Harrison presided over a short business session when Mrs. Marvin Boyd was welcomed as a new member.

"Why The Point System?"

"Uncle Sam has chosen point rationing as the best and fairest way of dividing up scarce foods . . . and still giving as much choice as possible!"

Rationing of Canned and Frozen Fruits and Vegetables and Dried Fruits

starts

Monday, Mar. 1, 1943

SALE OF THESE COMMODITIES WILL STOP AT MIDNIGHT, FEBRUARY 20, AND WILL NOT RESUME UNTIL RATIONING DATE!

Registration Dates: Beginning February 22 Until February 28

Here are the Foods to be Rationed as Listed by the Office of Price Administration:

Canned and Bottled Fruits and Fruit Juices

Apples; including crabapples; applesauce, apricots, baby foods; berries, all varieties; cherries, red sour pitted; cherries; other cranberries; and sauce; fruits for salad and fruit cocktail; grapefruit; grapefruit juice; grape juice, peaches, pears, pineapple, pineapple juice; all other canned and bottled fruits, fruit juices and combinations.

Canned and Bottled Vegetables and Vegetable Juices

Asparagus, baby foods; beans, fresh lima; beans, green and wax, beans, all canned and bottled dry varieties, including baked beans, soaked dry beans, pork and beans, kidney beans and lentils; beets, including pickled; carrots, corn, peas, sauerkraut, spinach, tomatoes, tomato catsup and chili sauce, tomato juice, all other tomato products; all other canned and bottled vegetables, vegetable juices and combinations.

REMEMBER THIS..

..if you're annoyed by "private blackouts"

Military blackouts are often necessary these days... but "private blackouts" aren't! You can save time and nervous strain... as well as the annoyance of an unnecessary blackout in your home by remembering two things: (1) Keep a supply of fuses... correct size... always handy. (2) Check your switch box fuses immediately if your lights go out... replace any "blown" fuses with your good ones.

Here's How...

1. Go to the main switch of your meter box. Stand on a DRY SURFACE and turn off electricity.

2. Remove "blown" fuse, touching only its top. The fuse with the scorched spot in the "window" on top is the one to remove.

3. Replace "blown" fuse with new one, as you would a lamp bulb. Then turn on the main switch.

Golden Wedding Is Observed Sunday

Mr. and Mrs. John Haberer celebrated their golden wedding anniversary Sunday at the home of their son, Roy Haberer, in Big Square. One other son, Art Haberer, and his family joined them there for the celebration. A tiered wedding cake was featured and during the day messages and gifts were received from relatives in California and Nebraska.

Sunday night the couple went to the home of another son, Herman Haberer, also in Big Square, and Monday the celebrations were completed at the home of another son, Johnny Haberer. Besides the four sons, Mr. and Mrs. Haberer have one daughter, Mrs. Howard Greathouse of Richmond, Calif.

They moved to Hereford from Big Square 22 years ago. Mr. Haberer is a successful wheat farmer. They are members of the Presbyterian Church and Mrs. Haberer is not only an active church worker but spends much of her time visiting and administering to the sick.

"Islandia" Is Reviewed For Calliope Club

Mrs. J. E. Kirby was hostess for the Calliope Club Thursday evening.

The program was in the hands of Mrs. Wayne Evans who reviewed the book "Islandia," by Austin Tappan Wright. The New York Times said of the book "It is the most sustained and detailed day dream which has ever appeared in print."

Mrs. Evans said of the book, "Islandia is like no novel ever before written or published, it is a story of great adventure for travel, and true wisdom, of a deeply felt love story, and above all of the growth of a man."

"In Islandia, Austin Wright has created a continent, peopled with its own races, and proved its existence. Islandia is no Utopia; it is a country with its own history, its towns, cities and streets, its rivers and mountains, its language, politics, law and customs, its virtues and its faults."

Members attending the meeting were Mesdames J. R. Allison, W. L. Davis, J. T. Gilbreath, Jr., Jimmie Gillentine, W. C. Pittman, Wayne Evans, Miss Nancy Conkright, Miss Mary Kate Brotherton, Miss Katherine Kirby and the hostess.

Mrs. Allison Is Hostess For The Music Study Club

Members of the Music Study Club assembled Monday afternoon at the home of Mrs. J. R. Allison to continue a series of programs on "Our Contemporary Composers."

Mrs. H. A. Close directed the program and brought out the many changes in American music since 1880. She said in part, "The years since 1880 have brought about epochal changes in American Music. The world War and its aftermath showed their influence immediately but only recently have the younger composers been taken seriously. Particularly significant is the disappearance from concert programs of those composers who limit us with a nineteenth century background." The leader closed by listing many of the contemporary composers and telling of their works and achievements.

"Mystery Of Night" by H. Holden Huss, was presented by a chorus of voices consisting of Mesdames H. K. Fox, S. P. Ross, T. W. Robertson, C. C. Acker, W. E. Dameron, A. O. Thompson and Miss Eloyse Pittman. Mrs. J. C. McCracken accompanied at the piano.

Those present were Mesdames J. E. Beyer, C. C. Acker, H. L. Dameron, H. A. Close, W. E. Dameron, H. K. Fox, C. C. Ferguson, H. K. Fox, J. B. Jones, J. C. McCracken, T. W. Robertson, S. P. Ross, A. J. Schroeder, Glenn Snyder, W. J. Stanford, A. O. Thompson, Miss Eloyse Pittman, Miss Mattie Mae Swisher and the hostess.

Valentine Party Entertains Pioneer Study Club Members

Carrying out the theme "A little nonsense now and then, is relished by the best of men," a Valentine party was given for members of the Pioneer Study Club at the home of Mrs. Frank Terrell Tuesday afternoon.

Mrs. Carl Frye was leader of the program and took the part of Dorothy Dix, writer and author, to give advice on affairs of romance of club members. Groop singing of old-time love songs was featured and a humorous essay on "Cultural Pursuits" was given by Mrs. H. D. Reed.

A short skit in which club members heard all the gossip about their husbands, was presented by Mrs. Ray Johnson and Mrs. B. E. Robertson.

The next meeting will be held at the home of Mrs. J. M. Gilliland.

Those present for the Valentine party were Mesdames Ray Johnson, J. B. Jones, E. S. Ireland, O. G. Hill, J. M. Gilliland, J. E. Beyer, H. A. Close, Noah Ewton, Burl France, Carl Frye, F. M. Kester, Wint Phillips, H. D. Reed, B. E. Robertson, T. E. Seiger and the hostess.

Wyche H-D Club Meets With Mrs. Jim Gandy

Meeting at the home of Mrs. Jim Gandy last Thursday afternoon, members of the Wyche Home Demonstration club divided into two groups to conduct a war bond and stamp sale contest. The losing group will entertain the winning group at the Wyche School House at the next community meeting date, sometime in March.

The ten-minute recreation period was spent in a parliamentary drill conducted by Mrs. H. H. Caraway.

Mrs. J. B. Harlin gave a report on the last council meeting. Miss Sadie Lee Oliver gave helpful suggestions on the planting of spring gardens and fruit trees.

The next regular meeting will be at the home of Mrs. G. E. Thiele on Thursday, March 4.

Present were Mesdames R. W. Elliston, V. E. Walker, H. H. Caraway, W. P. Graham, Liston Wilson, Dock Robertson, W. B. Saxon, J. B. Harlin, Ira Ott, Cecil Dobbs, R. L. Cocanougher, Miss Sadie Lee Oliver and the hostess, Mrs. Marvin Spencer was a visitor at the meeting.

O. E. S. Meets

Members of the Order of Eastern Star held a meeting at the Masonic Hall Tuesday night. The regular business session was held and an invitation to join the Masons in the annual George Washington Day Celebration was accepted. Masons and their wives and members of the Eastern Star and husbands are invited to attend the annual observance which will be on Monday Feb. 22.

Hostesses for the social hour which followed the meeting were Mrs. G. A. F. Parker, Mrs. H. D. Reed and Miss Lucy Reed.

Mrs. J. T. Gilbreath, Jr., played high for score award and Mrs. Maude Hall played second high. After the games a salad course was served to Mesdames J. T. Gilbreath, Jr., N. E. Milburn, Maude Hall, W. A. Tester, Grace Fuller, Willis Edmonson, Lee Bledsoe, and the hostess.

THIS WAS VAUDEVILLE—as Gene Kelly and Judy Garland swing it out in "For Me and My Gal," nostalgic musical drama of World War I. Songs in the score, including "Oh, You Beautiful Doll," "For Me and My Gal," "Till We Meet Again," "How're You Gonna Keep 'Em Down on the Farm" and others are sure to awaken sentimental memories and start revived hits. The picture shows Sunday, Monday and Tuesday at the Star.

Two Are Hostesses For Summerfield Club

Mrs. Chas. Noland and Mrs. D. C. Walser were co-hostesses at the Noland home for the Summerfield Study Club last Thursday afternoon.

Mrs. C. R. Walser led the program and gave an introduction to the topic "How Much Trade-Unionism As Usual" which was discussed by Mrs. Jim Clark. "The war confronts everyone in the community with the same question, How much living as usual? Mrs. Clark stated and explained how the defense program has enabled the unions to add two million members in 1941.

Mrs. A. Boston and Mrs. Otto Noland were welcomed into the club as new members during the business session.

Members present were Mesdames L. L. Cannon, C. R. Walser, Ray Johnson, Britt Clark, B. C. Robertson, Mack Noland, Lee Curry, Lloyd Lookingbill, Jim Clark, Ky Lawrence, J. B. Noland and the hostesses.

Piling Up 280 Hours In the Air, Former Hereford Girl Qualifies For Commercial License, Joins WAFS

Miss Rosalee Fullwood of McAllen recently won the honor of being the first woman in the Rio Grande Valley section of Texas to win a commercial pilot's license and be accepted for training in the WAFS (Women's Auxiliary Flying Squadron).

Miss Fullwood, formerly of Hereford, is a daughter of Walter Fullwood of McAllen and a niece of Bob Fullwood of Hereford. In a new version of "learning at her father's knee" Miss Fullwood learned flying from her father, one of the Valley's flying pioneers, and passed her commercial flying test at the airport where he is manager. In April she will head for Houston for bigger planes and a bigger job ferrying airplanes for the Army. The only regulation holding up her training in the WAFS is the act that she is not yet 21 years old.

It was a real forced landing when the motor on her plane conked out, Rosalee believes, that clinched the Civil Aeronautics Inspector's regard for her flying ability. Flying at about 350 feet, she was able to bring the plane in and put it down on the field without a hitch.

"If you can do that," the inspector said, "you deserve a commercial."

Miss Fullwood's engagement to Ensign Fred Warren, Naval flying officer, was announced recently at McAllen. Their marriage will be solemnized after the war—after both Rosalee and her husband-to-be do their part flying for the army and navy.

VALENTINES for

MOTORISTS

Say a sweet word for Ethel O'Toole,
Who just set up her own car pool.
Today, when the girls set out to drive,
One lone car does the work of five.
Step up folks, send something fine
To Ethel for her Valentine!

Nobody's Valentine at all.
This greedy lug, with his brass and gall,
Wasting rubber with reckless driving,
Can he and Hitler be conniving?
'Twould serve him right, the dirty crook,
If they took away his ration book.

This selfish dame is an only daughter,
Who uses her car when she hadn't oughter.
Driving to town ten times a day;
How does this slacker get that way?
Roses are red and violets are blue;
Fix on a Valentine for you.

Esteemed by all is Willie McCann,
The affable Phillips Service Man.
To all your needs he'll gladly cater:
Battery, tires, and radiator,
Motorists bright depend on him
To keep their cars in wartime trim.

The U. S. A. rides to school... to church... to work... on rubber-tired wheels. Because that rubber must be saved, and stretched, mileage is rationed by rationing gasoline. Because cars must be kept in service to prevent serious dislocations in our American way of life, your automobile must be used and treated with loving care.

Give your car a Valentine by giving it the care it deserves and needs in times like these. Let's
Cook
Something

Here's cheese at its best—a one-dish meal that's ultra—and it saves on our precious meat too. Its nutritious and hits the spot. This is a recipe used often by Mrs. D. H. Alexander and its attractive appearance, as well as the fact that it tastes so good, makes it a favorite selection as the center of a meal.

Cheese Ring

- 1 1/2 cups cooked macaroni or spaghetti
- 1 cup diced cheese
- 1 cup soft bread crumbs
- 3 tablespoons minced green pepper or pimento
- 3 tablespoons melted butter
- 1 tablespoon minced onion
- 1 cup scalded milk or thin cream
- 1 egg well beaten
- 1 teaspoon salt
- pepper to taste

Combine in order given and place in a well greased ring mold or baking dish. Set in shallow pan of hot water and bake in 375 F. oven thirty or forty minutes. It should be firm and light brown when done. Serve hot.

With a good relish, fruit salad and buttered toast squares, this makes a fine choice for buffet supper fare.

Miss McCaslin-Mr. Gililand Are
Married In Candlelight Ceremony

A wedding of wide interest in Hereford was that of Miss Lois McCaslin of Canyon, member of Hereford High School faculty, and Jack Gililand son of Mr. and Mrs. J. M. Gililand of this city.

The ceremony was read at Randall Hall in Canyon Friday evening at six-thirty o'clock by Rev. James Aiken, Jr., of Hereford. The improvised altar was banked with white snap dragons, fern and pink gladioli. White cathedral tapers in candleabra gave candle-lighting for the rites.

Preceding the ceremony Miss Florence Clark accompanied the bride's sister, Miss Elizabeth McCaslin, who sang "Because". Miss Clark also played the traditional wedding marches.

The bride wore a rose colored street length dress made of crepe with tucked girdle effect. Her shoulder corsage was of gardenias and Johanna Hill roses.

After the ceremony an informal reception was held for the bride and guests. Mrs. A. D. Morrow of Big Spring, sister of the bride, served wedding cake and Miss Decima Ramey presided at the coffee service.

Immediately after the reception the couple left for a short wedding trip. For traveling the bride chose a black tailored suit with white blouse and black accessories. They have returned to Hereford and are now at home at 607 East 10th Street.

Mrs. Gililand is the daughter of Mrs. Nancy McCaslin of Canyon. She attended W. T. S. C. High School and is a graduate of W. T. S. C. She has done work on her Masters degree at Colorado College of Education in Greeley.

Mr. Gililand graduated from Hereford High School and is a graduate in veterinary medicine at Texas A & M. College. At present he is practicing veterinary medicine in Hereford.

Out-of-town wedding guests were: Rev. and Mrs. James Aiken, Mr. and Mrs. J. M. Gililand, Mrs. P. H. Gililand, Mr. and Mrs. Marlin Gililand, and daughter Marlene, Mr. and Mrs. Reed Williams and Miss Decima Ramey, all of Hereford. Also Mrs. A. D. Morrow of Big Spring.

Camp Fire Girls

Party Held After
Band-Parents Meeting

A forty-two party followed the regular meeting of the Band and Orchestra Parents Association held Thursday night at the high school. A short business session was held and members voted to purchase U. S. War Bonds with uniform rental money which is kept in a separate fund for the purchase of new uniforms and repair of old ones. Previously the group had purchased six hundred dollars worth of the bonds and Thursday night voted to add two hundred dollars to the bond fund.

The group also voted to sponsor a concert for the soldiers at the internment camp near Hereford, the date to be announced later.

Mrs. C. D. Carnahan was welcomed as a new member and the forty-two party hostesses included Mrs. G. W. Newson, Mrs. E. B. Posey and Mrs. Carnahan.

Well, students, what's cooking in dear old H. H. S. (As usual, probably nothing.) Last Friday was a very exciting day when H. H. S. had some Navy boys visiting school. They looked very nice in those navy blues. All the kids were glad to see Billy Gene Masse and Gerald Banner. For some reason or another Elwood Skypala, J. P. Jones and Alvin Ward weren't visiting school, but I heard they really looked keen in their uniforms. We were glad to see Donald Henslee again too; in fact, it is well seeing all of them.

It seems that the F. H. T. girls are going to have a banquet this week and they cannot find any boys to take. Come on, boys, shine up to those girls and you will find yourself attending a fancy F. H. T. banquet.

Last Saturday night I saw Elizabeth Benson, Dorothy Williams, and Dorothy Dishman out till 11:00. Now you little fishes know you shouldn't keep such late hours (or is it early hours).

I hear there is a certain Senior boy seeing a lot of the Junior or president. Could it be George Olson? Also, Marie Moreman is surely seeing a lot of a certain cute boy from Hereford.

Boy, was Majorie Morrison happy the other day when she received a certain letter from a certain boy at Pearl Harbor. Incidentally he is a Hereford lad. Geraldine Kendall also got a letter last week that made her all "smiles" for awhile.

The football boys are surely excited about the jackets they ordered. I just wonder if the poor boys will get to wear them long.

Poor Peggy Barnard got up too soon after her operation and now she is back in the hospital. I bet she doesn't get up so soon anymore. I wish she would hurry and get back to school because John David Dowell is surely lonesome at school without her and all the kids miss her too.

Miss Ramey's shorthand class has been having student lectures.

Lincoln The Man Of The People

"The world cannot long endure, half slave and half free." Abraham Lincoln was born on the morning of February 12, 1809, in Hardin County, Kentucky. He grew up in the backwoods of Indiana in Spencer County. At the age of seventeen, he had reached the height of 6 feet and 4 inches and was often kidded by his friends. He had very little opportunity to be educated, and what little education he had, he gained through hard work and perseverance.

Abraham Lincoln was elected sixteenth president in 1860 just before the Civil War began. These were bitter years for him, but he fought for the Union and what he thought was right even if the cost seemed too much. The dedication delivered by Lincoln at Gettysburg is one of the finest and best speeches known to the English language.

Five days after Robert E. Lee surrendered, Lincoln was assassinated by John Wilkes Booth in a public theatre. This tragedy stands out in history as one of the most heinous.

Judge Walter Malone wrote this verse in praise of Lincoln: "A blend of mirth and sadness, smile and tears; A quaint knight errant of the pioneers; A homely hero born of star and sod; A peasant prince; a masterpiece of God."

Juniors Exercise Their Vocal Chords in Class

Do you know what happened to Jonah when he was swallowed by the whale? Then, just get Kathryn Acker to tell you. She really knows and can tell you in the negro dialect. After Kate's reading, the class attempted to sing "One Dozen Roses" and "The Old Time Religion" at the same time. When the first several lines were sung, everyone decided that it didn't work so well. Ellen Posey sang a parody to the tune to "Blues in the Night," only her song was "Blues in Berlin."

It was decided that when the agent came to school, we would order our Senior rings in order to get them by the first part of next year.

Hi-Y Begins Special Study

At the Hi-Y meeting February 2, a study of sex hygiene was taken up. As has been the custom for several years, this study will continue throughout the month of February. As this is a very important study, it is urged that all members of the club be present at the meetings. The meeting closed with the official Hi-Y Benediction.

tutes and they seem to be going on successfully. It seems that the girls have been enjoying having a new teacher everyday and Robina Cuipepper even got an apple the day she was the teacher. It seems that Marie Compton was the pupil who wanted an A, because she gave the apple to Robina. Miss Ramey wanted to know why she didn't ever receive an apple from the students. The student's answer was that they would bring her an apple if she would give them an "A" in shorthand.

Well, kids this is all I know so for now goodbye! See you next Thursday. Till then all of you kids behave.

Senior Personalities

Elizabeth Ann Dunlap, better known as Betty or "Lizzy", first opened her blue eyes on July 9, 1926 in the wonderful city of Hereford.

Betty has light brown hair, is 5 feet, 2 inches tall, and weighs 130 pounds. Her hobby is collecting novelty pins and football is at the very top of favorite sports. Ice cream is her favorite food and although there is no special song that she likes "Touch of Texas" is rather "touching" to her. Incidentally, she dislikes too noisy people, but she likes Home Ec. better than any other subject and spends lots of her time saying her favorite saying, "There's a possibility."

"Lizzy" has held a number of prominent offices in her young life. She was historian of the Tri-Hi-Y in her Sophomore year, secretary of the Tri-Hi-Y in her Senior year, and has been president and secretary of the Camp Fire Girls. She has been a member of the Camp Fire Girls 6 years, of the Tri-Hi-Y 4 years, and of the Band 4 years.

Betty plans to go to college and would like to go to Iowa State but isn't sure of that yet. Her ambition is to become an interior decorator.

The city of Post, Texas is claimed to be the birth-place of brown-haired, green-eyed Marjorie Louise Morrison. The important event took place September 30, 1926 and now "Bubbles" is 5 feet 2 inches and weighs 115 pounds. She has learned to like pork chops better than any other food; "Intermetto" and "Smoke Gets in Your Eyes" better than any other songs; and Home Ec. better than any other subject.

"Pinkie's" hobbies are reading, listening to the radio, and writing letters. Her favorite saying is "hum-dee diddle", and her greatest dislike is cooked turnips. Oh, yes, we must not forget that her favorite sport is football.

She was a member of the 4-H club when she was a Freshman and held office of Secretary. Marjorie says she is very interested in passing English IV, and if she does that she plans to attend college but is undecided as to where she will go. Wherever she goes, Marjorie will probably study Home Ec. since her ambition is to be a perfect homemaker.

Be Careful What You Do

One day last week Hereford High School was almost blown up! Some one had turned the cold water into the boiler, and nine times out of ten, it would have caused an explosion. Mr. Easter, however, had turned the fire low so the water was not so hot as it might have been. When cold water comes in contact with boiling water, steam is formed. This steam is what causes the explosion.

Are you the one who is guilty of having turned the cold water into the boiler? This was probably done by some kid who failed to think. He might have just been meddling around in the boiler room and turned the faucet. At any rate, he was meddling with something that he knew nothing about, and you know what could have happened.

Had there been an explosion, much of our building would have been ruined, maybe all of it. Many students would have lost their lives. There are certain parts of the high school building where students are not supposed to go. The boiler room is one of these places. The sign, "Keep Out!" which is on the door of the boiler room means just what it says. So don't be one of those persons who continually get into things. Do not meddle with the school properties; your meddling might cause disaster.

Student Council Will Sell Supplies

Do you ever need ink, pencils, theme paper, etc., at the most inconvenient times? Don't you hate to borrow ink from someone else? Would you like to buy these articles at school?

The Student Council of Hereford High School each year selects one or more projects to perform during the term. This year, the council has selected a project which will be worthwhile and helpful to the students.

In the library, at a designated place, soon articles of need to the students will be sold. Among these are pencils, theme paper, typing paper, ink, rulers,

Boy Scouts Still Serve Country In Many Ways

It was a dull dreary night in London, in the year 1909. The street lamps cast only a blurred, indistinct light, a light so dim, that William D. Boyce, Chicago newspaper publisher, could hardly make out the addresses on the houses. He was searching, and it seemed quite vainly, for a difficult address, in a part of London unfamiliar to him. While he was floundering around the streets, he was approached by a young boy in a uniform. The young boy asked to be of assistance. Boyce gladly accepted the boy's proffered services. When the boy led Boyce to his address, Boyce offered to pay him for his trouble, but the boy refused, saying, "I can't accept your money. The Scouts don't take tips, you know." But Boyce did not know. What were the Scouts? Where was their leader? Where could he obtain more information about them?

The boy led him to the office of Lord Baden-Powell, founder of the British Boy Scout Association. There, Boyce was given all the information he wanted about Scouting in England. He was so impressed that he decided to do all he could to bring Scouting to America.

Boyce was successful, for, in 1910, the Congress of the United States formally incorporated the Boy Scouts of America. From a humble beginning in 1910, the Scouting movement has moved across America like fire, until there is hardly a town in the U. S. that does not have a Scout troop.

One outstanding feature of Scouting is Service to America. During the World War, Scouts sold Liberty Bonds and located 20,758,660 Standing Walnut Trees, which were needed for airplane propellers. In 1921, Scouts helped in rescue work in floods in Colorado and Texas. In 1934, Scouts, answering the President's call, collected food, clothing, and household supplies for the needy. These were only a few examples of work done by Scouts as a service to America. No one need remind the reader of the services performed by Scouts before and during this war. They have collected millions of pounds of scrap paper, rubber, aluminum, and scrap. They have distributed thousands of copies of War Bond and Victory posters.

Yes, those boys who are seen going about in Scout uniforms have a right to wear that uniform. They have a right to let the entire nation know their strength and know of their accomplishments. During Boy Scout Week, February 6-12, they're celebrating the end of a well-done job.

What's In A Name?

Even though she has changed her name, she's still the same person, and H. H. S. is glad to have her as a teacher. What we have reference to is the marriage of Miss Lois McCaslin to Jack Gilliland on Friday night of last week. Mrs. Gilliland teaches English and occupations and is co-sponsor of the Sophomore Class. Congratulations and the best of everything!

Brock Thanks Friends

At the Football Banquet several weeks ago the football boys and football mothers brought gifts to send to Clyde Brock who joined the Navy right after football season. Clyde made an excellent player and was a great help to the team.

He received the gifts and said that this candy lasted about 30 minutes. (Wonder why?) Clyde surely must have lots of friends. Clyde says he wishes to thank all the mothers and boys for everything that was sent to him.

and compasses. Fountain pens will be rented to students, and the loss of one will result in the student's paying the original price of the pen.

This plan will go into effect as soon as the materials and location can be obtained.

One thing to be understood of this service to the students is that there will be no credit sales.

The council will buy the materials at retail prices and will sell them at the same price. This is strictly a non-profit project to the council; it is merely one of service to the students.

M. Barrett Leads Discussion On "Boy Friends"

"Should a girl go steady or have several boy friends?" was a question which was given serious thought at the Tri-Hi-Y meeting last Tuesday night. The program was under the leadership of Margaret Barrett and was in the form of a round-table discussion. The girls freely gave their ideas of good traits that a boy should possess.

The program opened with the girls singing "Bless Be the Tie," which was followed by the Lord's Prayer. To open the discussion, Margaret Barrett read a chapter from "Beautiful Girlhood" on "Boy Friends." The story said, "All through her early teens, the girl is better off with many friends, both boys and girls. Her friendship with the boys should be both frank and open, with nothing in it lower-like. At this age, boys and girls should run together in gangs, and on parties and picnics there should always be an older person present."

Some of the things which the girls like for their boy friend to have and do were:

1. He should be clean in appearance, speech and manner.
2. He should have his own money to spend and use his good judgement in spending it.
3. He should have respect for all girls just because they are girls and also respect their parents.
4. He should believe in God and not think of religion as a "sissy" thing. Numerous others were named.

The Tri-Hi-Y Benediction closed the program.

F. H. T. Has Sing Song For Assembly Program

Ellen Posey led the students and faculty in a sing-song Tuesday morning. Jo Ann Rosson was the master of ceremonies. There were two special numbers on the program "Blues in the Night" by Beverley Frase and "I Hear a Rhapsody" by Ellen Posey. Naomi Brumley gave a talk on tires and everyone should take her advice.

Some of the songs sung by the group were: "Beer, Beer for old Hereford High," "Army Air Corps," "Anchors Aweigh," "Marine Hymn," "Elmer's Tune," "Why Don't you Fall in Love with Me?" The program closed with the singing of the school's "Alma Mater."

Four Students Attend P. H. S. P. A. Saturday

Last Saturday afternoon found some of the staff members at the annual Panhandle High School Press Association in Canyon. Those who attended from Hereford High were Nona Deen Rose, who was secretary of the association, Arlene Millard, Kathryn Acker, and Ruth Tucker. Because of Miss Rigler's being unable to go, Mrs. Doyle Rose accompanied the girls.

The main speaker of the afternoon was Mr. N. F. Nelson of the Amarillo Office of Defense Transportation. He spoke on the part his office is playing in the war and how high school students might help.

Problems of school papers and their staffs were discussed, and each representative gave a report on what its school had been and is doing in the war.

New officers for the coming year were elected. They were: Mary Nell Gibson of Amarillo, president; Ann Herndon of Perryton, vice-president; June Nix of Happy, secretary; Joyce Carr of Canyon, treasurer.

At six o'clock dinner was served by some of the college boys in Terrell Hall, after which Lieutenant Thomas Mitchell of the Air Corps addressed the assembly on the part newspapers can play in the war.

The evening was closed by a basket ball game in Burton Gymnasium.

Honor Society Elects Officers; Dameron, Pres.

Billy Dameron was elected new president of the Honor Society when it met in the library Tuesday, February 2, for its monthly meeting.

New officers are elected for the club every semester. Other new officers are Kenneth Rudd, vice-president; Kathryn Acker, secretary; and Felix Pyka, reporter. Miss Kirby is treasurer and sponsor of the club.

Some of the tasks which the Honor Society may attempt this year are: help students who make failing grades; sponsor a drive to promote better spelling by students; and keep a scrap-book record of Hereford's Honor Society Chapter, giving brief biographical sketches of members and listing accomplishments of the club.

"Noblesse Oblige," the club motto, means literally "Those who are noble, or superior in intelligence have the obligation of helping others not so fortunate."

The club motto easily breaks down any theory a student may have had about "snobs" or "high ups" being members of the club. Aside from maintaining above average scholarship, a dependable spirit of service to school organizations, displaying leadership, and excelling in citizenship, the only other requisite for membership is a year's attendance in a Hereford school.

Thus, one sees that it is not impossible to become an Honor Society member. Any student would do well at least to aim at it.

Seniors To Perform Folk Dances At Party

A gala affair is promised for Seniors tonight, February 11, at 8 o'clock, when they will be entertained at a Valentine party. Committees have been working all week on the program and menus. The outstanding aspect of the program will be folk-dancing. Folk-music will be provided, and Seniors will perform folk dances, such as the schottish, polka, and others.

A Valentine box containing valentines for all the Seniors will also be featured. Each Senior will wear some object suggestive of the valentine motif.

Springer Sale To Draw Large Crowd

J. E. Springer, who has recently sold his farm, announced plans today for a farm sale to be held next Wednesday, Feb. 17. The Springer farm is one mile east and one-half mile north of the Frio School, or seven and one-half miles south of Hereford on the old Dimmitt Highway.

In addition to a good herd of dairy cows and some fine Hampshire hogs, Mr. Springer is offering some of the best farm machinery ever to be auctioned here. Two good tractors, a feed mill and other equipment—all in first class condition will be on sale.

Also featured will be Mr. Springer's blacksmith and shop equipment—a fine selection of machinery, nearly all of it in the irreplaceable class now because of rationing restrictions.

A complete list of the stock and equipment which will go on sale is carried in an advertisement in the Brand this week.

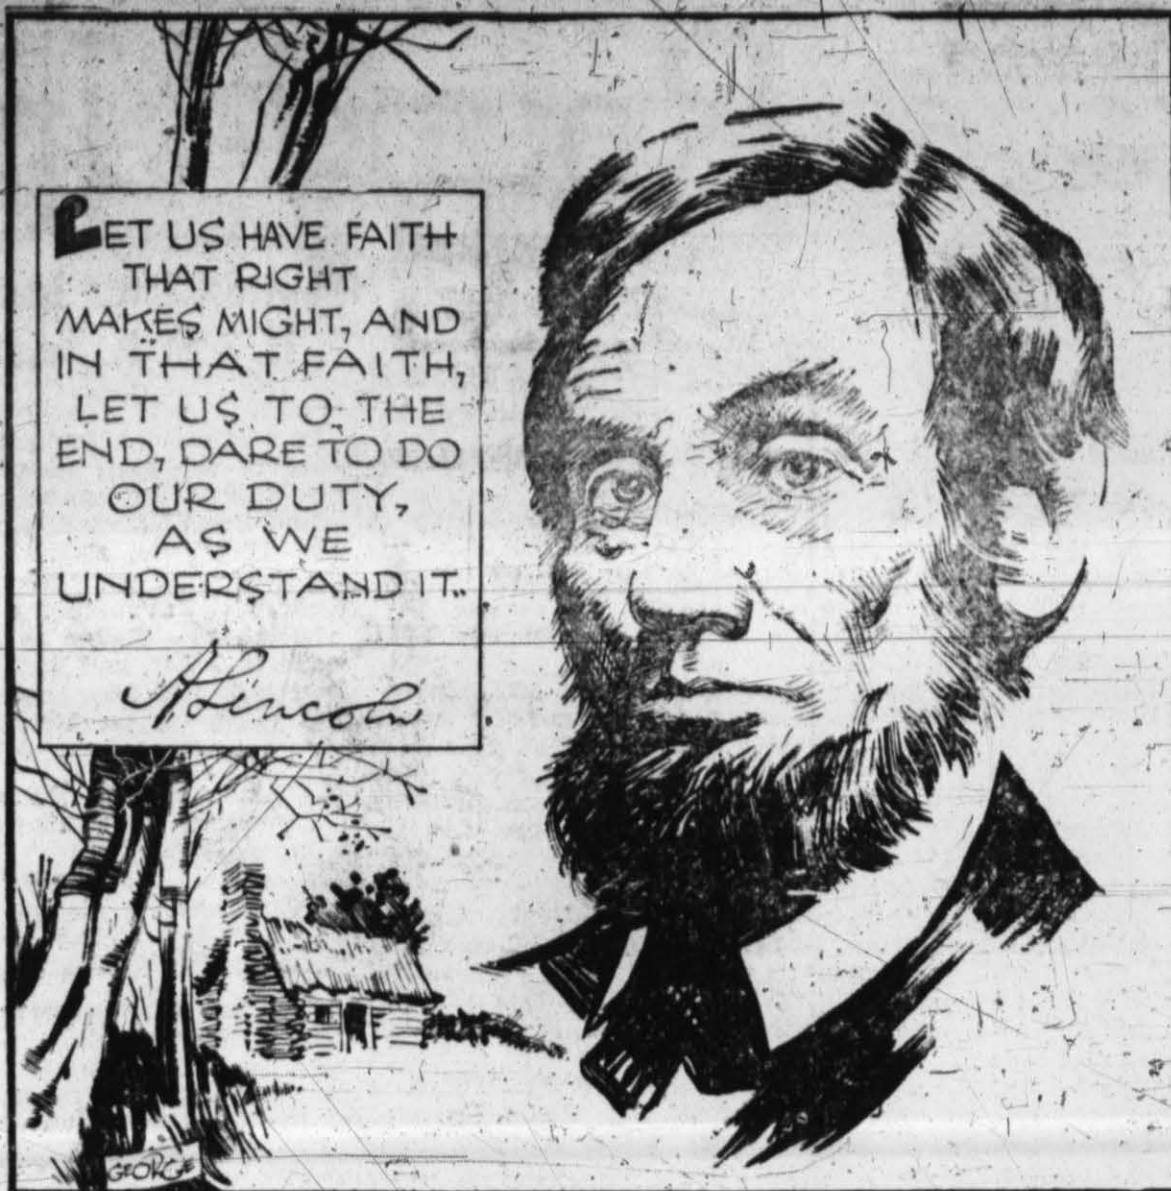

The Frio ladies will serve lunch and coffee will be served all day.

Civil Service Man To Interview Here Friday Afternoon

Charles T. James, special representative of the U. S. Civil Service Commission, will be at camp headquarters, Hereford Internment Camp Friday afternoon, Feb. 12, to interview applicants for federal civilian employment at the Hereford Internment Camp.

According to the Civil Service announcement, laborers, clerks, stenographers, typists, storekeepers, boiler firemen, fire-fighters, water works operators, painters and carpenters who are not already engaged in war work of equal skill are needed at the camp.

The jobs will range in salary from \$1260 to \$1800 a year plus time and one-half for overtime. Overtime is figured for all time

over 40 hours a week, which increases the salary of a \$120-a-month stenographer to \$146.

Applicants for the jobs must pass a civil service examination, according to the announcement, which adds, however, that in many cases applicants are rated entirely on a basis of their experience rather than upon a written test.

County Ration Groups Attend Amarillo Meeting

E. H. Norton, Frank Gyles, E. S. Ireland and J. L. Woodford, members of the Deaf Smith County rationing boards, Knox Kihard, superintendent of the Hereford Schools, and Miss Ruth Bowers, clerk of the war price and rationing board, attended a

meeting of county rationing officials and school representatives in Amarillo, Monday, when district OPA officials from Lubbock outlined plans for registration for War Ration Book Two and spoke on various phases of the rationing program.

Lubbock district officials held a general meeting with war price and rationing boards from Dullam, Hartley, Oldham, Potter, Deaf Smith, Randall and Armstrong counties Monday morning, after which school representatives and board clerks went into separate sessions to receive information on registration for the new book. Other board representatives attended a meeting at which a regional tire rationing officer pointed out the dangers of the practice of some tire

Seems this tooth publicity has really convinced a lot of people. Doctor Heard needs a secretary to handle his correspondence now, and about two weeks ago Mrs. Katherine Waddell and daughter, of LeRoy, New York, moved here expressly to get the benefit from some of the publicized dental health.

And after the past few days, we have decided that the scientists are making a big mistake in not investigating the health giving properties of Panhandle sand. It sounds just about as reasonable as some of the other theories—the idea that maybe the cause for Hereford's alleged good teeth is the fact that the natives get lots of tooth exercise chewing on sand and grit.

Miss Doris Leggett, district extension agent who was here Tuesday, says that the story in last week's Brand on food shipments made from here in January has provided her with some good ammunition to use against downstaters who doubt that this country has much real food production.

Betty Sue Hensley is now working at Sireu Hardware as bookkeeper. She recently returned from Lubbock, where she had been working as teletype operator and in the bookkeeping department of the Avalanche-Journal.

Hereford Banks will be closed tomorrow, Feb. 12, in observance of Lincoln's birthday.

Allowed Five Cans In Stock
Concerning declaration of canned goods on hand, members of the ration board state that the family is allowed to have five cans of processed food for each member without having any stamps deducted from the Number Two Ration Book, but points will be removed for any processed food in excess of this amount. Not included on the ration list are Jellies, preserves, canned olives, canned meat and fish, pickles, relish, jams, spaghetti, macaroni and noodles or home canned foods.

A family may now obtain War Ration Book 1 for babies born since Jan. 15 by simply registering at the ration office at the courthouse. Ration Books for babies born before Jan. 15 but who have not yet been registered, will have to be procured sometime after the completion of registration for War Ration Book 2. This registration will be carried out at the local rationing office at date to be announced later.

In the Panhandle the wheat crop is practically free of any leaf rust infestation at this time and no stem rust has been found to date. Infestation of green bugs is negligible at present, though the report points out

inspectors in issuing too many recommendations for passenger car repairs and replacements. Boards were urged to take the tire inspection permit away from too-generous inspectors.

help protect them and we know you will. We have the best country on earth and the best people on earth and they deserve all the good things possible.

These pheasants are strong and hearty, takes a little longer to hatch than a chicken and grow just about as fast as a chicken. There is no open season on them in Texas and we are trying to work out something new with the State for more protection for them.

We want to thank everybody again for their help, but don't be a sucker on this game stuff. A couple of monkeys was in a few days ago trying to make up money to buy some buffalo and

they almost made it stand up; but who the thunder wants a buffalo anyway, according to what it cost, an old boy over around Wildorado to kill 12 quail at \$10 each, it would cost a fellow a young fortune to kill one of these pheasants and if they caught him killing a Buffalo, he would have to live a hundred years to pay off.

One thing we won't have to worry about Jimmie Gilentine shooting any of them if he will just keep wearing his boots. He has to stop and rest going to the post office and that is hardly a block away. Jim says, "These boots don't hurt my corns or my arches, they hurt from the end of my big toes to this bald spot on my head and boy they make me sick."

A telegram received last week from Congressman Gene Worley who had been contacted regarding the drastic housing shortage in Hereford, stated that since the Hereford Internment Camp is a military project, any relief on the housing situation is entirely up to the War Department and that civilian agencies will not be able to offer any help in the matter.
