Eisenhower and HST To Give United Peace Front

STEVENSON RELAXES

Gov. Adlai. Stevenson of Illinois mounts a horse preparatory to taking a ride across the ranges of the La Osa Ranch in Arizona on the Mexican border 60 miles south of Tuscon. He is resting from his unsuccessful campaign for president on the Democratic ticket. The ranch is owned by a friend.

Prisoner Of War Question Statement Due

AUGUSTA, Ga. (AP) — President elect Dwight D. Eisenhower probably will decide this week—after conferences with President Truman and GOP congressional leaders—whether to make a pre-inauguration statement on repatriation of Korean war prisoners.

Eisenhower, spending his last day of vacation at the Augusta National Golf Club, flies to Washington tomorrow for a history-making session with Truman at the White House.

On Wednesday he will meet in New York with a quartet of Republicans who will have key roles in the GOP-controlled 83rd Congress, convening Jan. 3.

In Manhattan, the general will confer first with Sen. Robert A. Taft of Ohio, chairman of the Senate Republican Policy Committee, and Rep. Joseph W. Martin of Massachusetts, slated to be speaker of the House. They will discuss plans for the legislative program.

The general also has conferences scheduled Wednesday with Sen. Styles Bridges of New Hampshire, who may serve as Senate majority leader, and Sen. Alexander Wiley of Wisconsin. Wiley, in line to head the Senate Foreign Relations Committee, is a delegate to the United Nations General assembly now meeting in New York.

Indian Brings Up Compromise On Ending War

UNITED NATIONS, N. Y., Nov. 17 (AP)—India has introduced in the U. N. assembly a four-page resolution intended to be a compromise plan for ending the Korean conflict, an informed source said today. The text is to be made public later.

A key point of the resolution was reported to be a proposal that all prisoners be sent to a demilitarized zone immediately after a cease-fire has taken effect in Korea. A four-power Commission would screen the prisoners and determine whether they want to return home or go to other countries. Some reports said Poland, Czechoslovakia, Sweden and Switzerland have been suggested for the commission but it is known the United States does not like that line-up.

V. K. Krishna Menon, deputy leader of the Indian delegation, has been consulting various delegations on the resolution for several days. It was reported to have been sent to the U. N. secretariat for processing this morning.

Search For Whisky Bottle Is Rewarded With $15,000 Find

FREDERICKTOWN, Mo. (AP)—A 15-year-old boy, interrupted in a planned journey around the country, yesterday told how a search for a whisky bottle led him to more than $15,000 cash.

Gerald Marcel Collier of Jonesville, Ill., and a companion, John Chupp, 17, of LaSalle, Ill., were taken from a Memphis-bound bus Saturday by Missouri Highway Patrolman R. C. Caldwell.

The boys had $14,132 with them, Caldwell said, and told of another $1,000 hidden in a sewer near their home. Part of the latter amount has been recovered by LaSalle authorities who are coming for the boys today.

Caldwell said young Collier told this story:

He went to an abandoned house near Jonesville early this month to find a hidden bottle of whisky. While there he saw a hole leading to the attic, so he climbed up. He found a metal box with the money inside.

Joseph Piano, owner of the house said yesterday he had no ill feeling toward young Collier.

"It was lucky for me that he did go into the house," Piano said, and added he didn't know the money was there.

Caldwell said Collier told him he later gave some money to neighbor youths, then took off last Thursday with Chupp for Memphis. They said they planned to buy a car there and go to California, and later Canada.

A jewelry store operator in nearby Farmington, Mo., from whom they bought watches, noticed the large amount of money they had and called autohrities, who traced the boys.

They have been held without charge.

Caldwell said the money, much of it still in bank wrappers, will remain in a Fredricktown bank until a thorough investigation has determined the rightful owner.

Piano, in Jonesville, said he and his wife lived in the now derelict house until her death about five years ago. He said he often would cash a check for $1,000 or $2,000, getting the cash wrapped in bank wrappers, about half of the money going to his wife for household expenses.

"I had no idea that she had saved any," he said. "She never said anything about it and after she died I just closed the house and moved in with my brother Tony."

Navy Ensign Charged With Taking Funds

SANTA ANA, Calif. (AP)—A 28-year-old Navy ensign, charged with embezzling $38,000 of his ship's funds, was quoted by FBI agents yesterday as saying he squandered all but about $2,600 on women, liquor, foreign-made autos and travel.

FBI Agent Joseph Santolana Jr. said George McClelland Snyder, who vanished from a U. S. destroyer at Portsmouth, Va., about Oct. 17, told of traveling to Florida, Louisiana, Texas and the West Coast. He traveled by airlines or in the two foreign-made cars he bought.

Snyder, disbursing officer on the destroyer, was arrested yesterday at a swanky resort hotel at Newport Beach, Calif.

Santoiana said Snyder's women included Patricia Johnson, 22, a 6-foot showgirl who was questioned at San Antonio, Tex., Thursday about $2,100 in new currency she had with her.

The FBI confiscated the money and released her after she said it was given to her during a platonic friendship with a veteran she met at Miami.

The ensign was to be arraigned today.

Show Needed For Assuring Free World

WASHINGTON (AP)—Congressional leaders expect President - elect Eisenhower and President Truman to agree at their conference here tomorrow on a statement telling the world America is united in its quest for peace.

The first meeting in months of Truman and the man who will succeed him brings together two historic figures who once wroked as a team on foreign problems but who used harsh words to describe each other's views during the presidential campaign.

For this reason, some leaders in Congress who didn't want to be quoted said they believe a joint statement is clearly needed to reassure the free world there is no deep-seated division over U. S. foreign policies.

Eisenhower promised during the campaign to make Democrats "real partners" in working out basic foreign polices and tomorrow's meeting—designed to aid an orderly transition from the Democratic to the Republican regimes—will be regarded by some as the first test of his intentions.

The President-elect already has said he will not share in nor assume responsibility for any administration decisions before he is formally inaugurated Jan. 20.

For this reason, few expect him to do more than listen to a briefing on the international and domestic situation.

Officials familiar with plans for the meetings said Truman's primary purpose in suggesting them was to make certain Eisenhower is informed of major world problems, and how the present administration intends to deal with them.

These officials believe the sessions will cover several other points of importance:

1. Eisenhower probably will be given a fill-in on hydrogen bomb progress. The Atomic Energy Commission late yesterday said H-bomb "research" was included in a new weapons test program at Eniwetok Atoll, but its carefully phrased announcement did not say such a bomb had been exploded.

2. Truman may urge Eisenhower to name top cabinet members dealing with foreign and security problems—State, Defense and Treasury—within two weeks and get them to work with present officials to "learn the ropes."

3. The administration is expected to tell Eisenhower and his advisers that a statement by him on the Korean situation, endorsing the present policy of insisting on voluntary repatriation of prisoners of war in any armistice agreement would greatly strengthen current dealings at the U.N. General Assembly.

4. Eisenhower will be given a chance to express his views on foreign policy and asked for comments on administration intentions as they are explained to him. Highly placed officials said Truman will take Eisenhower's views into consideration in making decisions between now and Jan. 20.

According to present plans, Truman and Eisenhower will hold two White House meetings. They will meet first—and briefly—in private.

No Candidates Made Contests

Deadline passed Saturday at midnight for filing for the seven city offices with only one candidate for each of the offices, Mrs. Clara Jones, city secretary, said.

The special election will be held Dec. 16 to fill the office of mayor and six council posts made necessary by passage of a city charter here Oct. 21.

Harry T. Holbrook is the candidate for mayor. Council candidates are: Eugene E. Harper, J. L. Browning, C. N. von Roeder, Dr. Robert H. Hargrove, Malven K. Stevenson, and James W. Phillips.

If no (write-in campaigns are started before the election all of these men will be elected. So far there is no indication of write-in candidates.

All the men said they were urged to run for the offices by friends, and businessmen here. The offices pay no salary under the new city charter. Under the old city government the offices paid $35 per month.

5 Killed By Own Bomb

TUNIS, Nov. 17 (AP)—Five Tunisians were killed today by premature blasts of bombs they had apparently planned to set off. Their deaths caused additional tension in this French North African protectorate.

Authorities ordered a dusk to dawn curfew in Gabes, where terrorists sprayed a military convoy and barracks with automatic weapons, killing four French soldiers and wounding 20.

Tunisian nationalists are demanding independence.

Right Wingers Take Over In Greece Today

ATHENS, Nov. 17 (AP)—The caretaker Greek government resigned today and King Paul immediately appointed Marshal Alexander Papagos, overwhelming victor in yesterday's parliamentary elections, prime minister. The new Cabinet will be sworn in Wednesday noon.

Official figures from the Interior Ministry gave Papagos' right wing Greek Rally Party 241 seats in the new 300-member Parliament to only 59 for the leftest-center coalition headed by Gen. Nicholas Plastiras. Papagos' party won the most seats in 1951 elections, too, but King Paul entrusted the government then to Plastiras' coalition.

During the election campaign, the government had been under the caretaker hand of Premier Dimitrious Kissopoulos, who quit today.

Papagos, 60, with around 51 per cent of the popular vote, thus won the greatest parliamentary triumph since the smashing victory in 1928 of Eluetherios Venizelos. The Communists, although they got 12 per cent of the popular vote, did not win a single parliamentary seat, according to the Interior Ministry's calculations.

American officials had maintained an official "hands off" toward the election campaign, but it was an open secret that U. S. authorities felt a Papagos victory would help stabilize this poverty-stricken country, which has received more than two billion dollars in American economic and military aid since World War II.

Five Red Jets Are Shot Down

SEOUL, Nov. 17 (AP)—U. S. Sabre jets today shot down at least five Communist MIG-15s over northwest Korea, the U. S. Fifth Air Force reported. The series of air battles produced the 21st American jet ace of the Korean War.

A sixth destruction claim is pending confirmation. In addition one MIG was listed as probably destroyed and one damaged. Allied losses, if any, were not announced.

The new ace is Col. Royal Baker of McKinney, Tex. He got one MIG today to raise his total to five MIGs and one LA9 propeller-driven fighter destroyed.

Along the ground, Red Chinese artillery threw a thunderous hours-long barrage at blood-soaked Pinpoint Hill and Rocky Mount. It may have been a prelude to an after-dark Communist infantry assault.

Allied artillery roared in answer as United Nations forces sought out the big Red guns which were dropping a hail of exploding steel on Allied positions in the Sniper Ridge sector of the Central Front.

The artillery duel shook the entire Kumhwa Valley.

Woman Takes Own Life Here Sunday

A Snyder woman yesterday morning committed suicide, and a few hours later her husband was taken to the hospital with a slashed neck. The husband, however, was not seriously wounded.

Funeral services are to be held at Muskogee, Okla., Wednesday morning for Mrs. Mattie Anna Belle Rader, 45, of 2700 Twenty-first Street. Her body was found in a chair at her home when her husband, Paul Rader, 54, returned only a few minutes after her death.

Toy Gideon and Buddy Norris of the police department and Walter Morgan, deputy sheriff, investigated the shooting and reported a bullet from a .22 caliber automatic pistol had passed through her head, then through a door in the home.

Bill Love, police captain, said Mrs. Rader had handed her niece, Mrs. Paul Sizemore, who lives nearby, an envelope containing a note at about 11:30 o'clock. The death was discovered at 11:50. A verdict of "death by gunshot wound, self inflicted," was recorded on the official report of W. C. Davidson, justice of peace.

After the inquest yesterday morning, the body of Mrs. Rader was taken to the Bolger Funeral Home. Edward Bolger of the funeral home and a number of neighbors were in the Rader home about 3 o'clock yesterday afternoon when the other incident occurred.

Police said Rader was in the bathroom when one of the friends called for him. He came from the room, they said, with blood streaming from the side of his neck. He was taken to the hospital here but was released after treatment.

In the envelope Mrs. Rader handed Mrs. Sizemore were the couple's bank records, checkbook, some money, and a note whch gave no reason for her action.

Rader is an official of the B&B Construction Co. of which Paul Sizemore is general foreman.

Mrs. Rader was born at Ardmore, Okla., March 25, 1907. She had lived at Muskogee before moving here two years ago. Survivors include two sisters, Mrs. Mamie Ellen Henderson of Houston and Mrs. Lillan Weddle of Casper, Wyo., and four brothers, Jim Pearson of Hobart, Okla., Dave Pearson, Davis, Okla., Dorsey Pearson, Muskogee, and Andy Pearson of Lawndale, Cal.

Run Logs On Borden Wildcat

Superior No. 2-517 Lemons, wildcat in northeast Broden County, is running logs at a total depth of 8,202 feet.

On a drillstem test at 8,172-202 feet with tool open one hour, gas surfaced in 37 minutes, and recovery was 325 feet of fluid, which was 60 feet oil, 10 feet slightly oil and gas cut mud, 210 feet heavily oil and gas cut mud, and 45 feet heavily oil cut mud.

Flowing pressure was zero to 425 pounds, and 30-minute shutin pressure was 2,975.

It is 660 feet from north and west lines of section 517-97-H&TC, two miles northwest of Fluvanna.

KENT COUNTY

General Crude and others have spotted location in Kent County for a three-fourths mile east outpost to the Salt Creek Field. It is the No. 1-A-168 Percy Jones, 467 feet from south and 1,912 feet from west lines of section 168-G-W&NW. Rotary tools will be used to drill to 6,800 feet.

MITCHELL WELL

Ibex Co. and R. F. Windfohr will deepen the No. 1-S Elliott, wildcat in Mitchell County, to 4,400 feet to test the Clear Fork.

It was originally completed for a 72-barrel daily potential on pump from a sand section at plugback total depth of 2,800 feet. It is 330 feet from north and east lines of the southwest quarter of section 25-29-t1n-T&P, three and one-half miles northeast of Iatan.

DRILLING REPORT

In Borden County, Superior No. 8-580 C. D. Jones, wildcat in the Fluvanna area, has set nine ad five-eights inch casing at 2,180 feet and is now waiting on cement.

Plymouth No. 1 R. C. Miller, wildcat in Northeast Borden, is drilling at 2,430 feet in sand.

Husky No. 1 Higginbotham, Southwest Borden wildcat, is preparing to loosen stuck drillpipe at a total depth of 4,846 feet.

Roden, Darden & McRae No. 1 Milton Gaskins, wildcat in Howard County, is at 8,252 feet in shale with a trace of lime.

Summer Weather Back

The mercury soared to a high of 83 degrees yesterday, according to Mrs. D. P. Strayhorn, official weather observer. The themometer showed 57 degrees last night and was still there at 7:30 o'clock this morning, she said.

Eight Orphaned By Car Accident In Seattle Want To Stay Together

SEATTLE (AP) — Eight Seattle children were left orphans today by the traffic death of their father and mother. A 16-year-old girl left as nominal head of the family was trying to make plans to keep the family under one roof.

The parents, Halldor A. Byron, 38, a longshoreman, and his wife Josephine, 35, were killed early yesterday by an automobile as they walked along a Seattle road.

The suriving children are Beverly, 16, and Robert, 17, who left home Friday night for San Diego to receive boot camp training in the Navy, and these younger children:

Harry, 14; Darrell, 13; Flora, 12; Keith, 11; Johnny, 6;and Vickie, 5.

Coroner John P. Brill Jr. said a chaplain at San Diego said he would aid in getting a leave or discharge for Robert.

Atomic Commission Admits Tests Made On Hydrogen Bomb

WASHINGTON (AP)—The Atomic Energy Commission has officially disclosed that hydrogen bomb "research" was included in a test of nuclear weapons at heavily guarded Eniwetok Atoll.

But the commissoin stood pat today on its refusal to admit such a bomb had been exploded.

The commission, after issuing its terse announcement last night, also spoke of possible prosecution for those who have written letters home about the blast they described as the world's first H-bomb blast.

Dr. Harold C. Urey, Nobel Prize-winning scientist who was a key figure in the development of the atom bomb, said in Chicago he believed the AEC announcement meant the United States has successfully exploded its first H-bomb.

Rep. Carl T. Durham (D-NC), chairman of the Joint Congressional Committee on Atomic Energy, commented on the AEC announcement only by saying the "thermonuclear weapons research" at Eniwetok "came off on schedule." He would not refer to the tests as hydrogen bomb experiments. However, "thermonuclear weapon research" is the scientists' way of designating work on an H-bomb.

In a formal announcement, AEC Chairman Gordon Dean said only that the 1952 series of atomic weapons development tests had been concluded at Eniwetok Atoll; that the program included "experiments contributing to thermonuclear weapons research," and that the scientists "expressed satisfaction."

But what, reporters asked, about the swelling volume of letters coming back from ship crew members and others attached to the joint AEC-military task force which conducted the 1952 program?

The letters, widely published in the United States, described an explosion on Nov. 1 which, to them, seemed to transcend any previous man-made detonation.

They told of a mile-wide island melting away under the blast and awful heat, of a cloud column climbing twice as high as any known conventional atomic cloud, of damage to a building 18 miles away.

Clark Denies That He Asked For More Troops

TOKYO, Nov. 17 (AP)—Gen. Mark Clark today flatly denied published reports he has asked for additional U. S. divisions to mount an offensive in Korea.

In reply to a query, Clark said such stories "are without foundation in fact."

The Chicago Sun-Times Saturday said Clark, U. S. Far East commander, had asked the Defense Department to send him three or four more American divisions to start a new offensive.

WEATHER

WEST TEXAS— Partly cloudy and cooler Monday and Monday night with widely scattered showers Monday. Low 26-32 in the Panhandle and upper South Plains Monday night. Tuesday generally fair and cool.

EAST AND SOUTH CENTRAL TEXAS: Considerable cloudiness with scattered showers or thundershowers Monday and Monday night and in the east and south portions Tuesday. Cooler Tuesday and in northwest portion Monday night. Fresh southerly winds shifting to northerly Tuesday and over northwest portion Monday night.

Thirty-eight Persons Are In Violent Deaths This Week End

By The Associated Press

Highway wrecks, plane crashes and shootings led the list of violent death causes that boosted the week-end toll in Texas to an unusual high of 38 persons dead.

Five dead in a plane crash and five killed in one automobile mishap accounted for much of the increase.

Traffic mishaps alone caused 18 fatalities.

Eight persons were shot to death, including two in hunting accidents. Two were burned to death.

Four Negroes, all members of the same family, and a white man were killed Sunday night when a single motor private plane crashed near Dalhart. The Negroes were tentatively identified as Charles W. McDonald, 40; his wife, Mrs. Lillian McDonald, 35; a son, Charles Jr., about 5, and a daughter, Charlene, about 7. The white man was tentatively identified as Charles Ross.

PLANE OUT OF GAS

All were from Los Angeles. The plane was en route from Guthrie, Okla., to Los Angeles. It landed out of gas on a farm near Dalhart earlier Sunday afternoon and the white man hitchhiked to town for 10 gallons of gas. Later the plane made two attempts to land at the Dalhart Airport but was forced away by dust and wind gusts up to 60 miles per hour. After it disappeared to the southeast, a search was started by the Civil Air Patrol. The wreckage, scattered over a half-mile area, was found about 7:30 p.m.

Five Odessa persons died Saturday night near Big Spring when a pickup truck and a larger truck collided on a curve. Killed were Glendon Farrell Wallace, 21; Ismeal Stout Donaldson, 29; his wife, Ruby Faye, 28, and their daughters, Wanda Sue, 6, and a 3-year-old baby. The other truck driver was unhurt.

WOMAN BEATEN TO DEATH

Mrs. Billie Goodnough, 46, Corpus Christi, died in a hospital shortly after being found beaten Sunday in her apartment. An inquest verdict said she was fatally beaten by a person or persons unknown.

Stanley Pappa, 63, died in Dallas Sunday of injuries suffered when he was struck by a car

Abe Buttman, 44, Dallas, was injured fatally Sunday in a fall down an elevator shaft.

A young deer hunter, Eddie English, 17, was killed Sunday near his home at Crystal City when his rifle struck the ground and sent a bullet through his head.

An Amarillo duck hunter, Raymond C. Creed, 29, was killed Sunday when his shotgun discharged while he was hitting at a crippled duck with the butt of the weapon at a lake north of Hereford.

CAR HITS TRAIN

Herman Poston Jr., 27, Dallas, was killed Sunday when his car hit a bridge railing.

At Hamlin, Ila Jean Pugh, 24, Stamford, died Sunday when her car crashed into the side of a Santa Fe train.

Mrs. Fred C. Ohlenbusch, 40, Sweetwater, and James Cecil Henley, 44, Abilene, were found shot to death on a country road outside Abilene Saturday. The woman's husband was jailed at Abilene. Dist. Atty. John A. Willoughby accepted a complaint against him charging two counts of murder. It was signed by Texas Ranger Jim Paulk.

A farmer near Troup, Jim Cates, 61, shot himself to death Saturday after wounding his wife critically.

Leonard Phillips, 11, was killed by an old .22 rifle he was playing with at his home near Lufkin Saturday.

BUS-CAR CRASH FATAL

Two persons died at Port Arthur Saturday following two separate auto collisions Friday night. They were Wilfred J. Romero, 34, and Mrs. Lucy Gaspard, 29.

Huge Freeze, Point, Tex., was killed in the collision of his car and a bus southwest of Greenville Saturday. The bus driver and nine passengers were uninjured.

A Liberty boy, John Canden Gillians, 9, was found crushed to death beneath a tombstone in a Liberty cemetery Saturday.

Forest Paul McNell, 38, was shot to death Saturday in Arlington. Police held a 35-year-old suspect.

Wyman White, 47, Dallas, was stabbed to death in a Dallas tavern Friday night.

TWO TRUCKS COLLIDE

A head-on automobile collision killed Earl B. Shattuck, 29, Lubbock, and his niece, Pauline Fisher, 21, Painview, near Hale Center Saturday.

Humberto Aleman Ambriz, 21, San Antonio, died from a shot through the heart Saturday. Police sought two men.

An accident involving two trucks killed Donald J. Cox., Iowa City, Ia., near Victoria Saturday.

At Dallas, Mrs. Lewis R. Ferguson, 68, died in an automobile collision Saturday.

Bobbie Jean Shuemake, 5, died beneath the wheels of a backing truck as she ran across a street toward her home in Dallas Saturday.

BODY FOUND IN FIRE

The body of Ollie Mahan, about 40, was found in the ruins of a vacant building which burned Saturday at Houston.

Dr. John H. Strickland, Alice, was killed in the crash of his light plane late Friday near Sinton.

Roy Swisher, 72, Newton, Ill., died in a head-on collision of two automobiles north of Dallas Friday night.

Bill Frank Jones, 14, Hamilton, winner of the district FFA leadership contest, died Saturday in a Hico hospital of injuries suffered when a car in which he was riding overturned.

Mine Workers Try To Get Legal Hike

WASHINGTON (AP) — John L. Lewis and the soft coal industry made a last ditch try today at getting the government to reverse its decision that granting a full $1.90 per day pay raise to miners is inflationary.

The case may involve the whole future of the wage control program. Also at stake is whether ceiling prices on coal—boosted Saturday to offset a $1.50 per day pay increase—will be hiked even further or whether coal miners strike.

Over the week end the CIO called it quits on wage controls and said they might as well be abandoned. A top AFL leader also demanded that certain wage controls be dropped unless changes are made.

Economic Stabilizer Roger Putnam summoned United Mine Workers President Lewis and industry spokesman Harry M. Moses to a hearing to give oral arguments explaining why they believe the full $1.90 per day raise negotiated for the coal miner should be approved.

The Wage Stabilization Board ruled Oct. 18 that anything more than $1.50 per day added pay for the miners "would damage our national effort to halt inflation." This meant the industry couldn't pay the full increase without facing possibly heavy financial penalty.

The WSB's ruling shaving 40 cents off their pay increase touched off an immediate strike by the nearly 350,000 soft coal miners. It lasted a week until, on Oct. 26, Lewis and Moses talked with President Truman at the White House. Truman promised that Putnam would give "serious and prompt consideration" to an appeal for the full pay increase.

SURVIVORS

Daniel Audette, 20, attempts to comfort his father Aladdin, 47, stunned by the loss of his wife and eight children when a small fire swept the kitchen of their home in Westport, Mass. Smoke from the fire suffocated the family. The father and son were working on the night shift in a mill near Fall River, Mass. The only other survivor of the family is a married daughter who lives in Fall River.

88 Persons Killed In Airplane Crashes Over Grim Week End

By The Associated Press

After one of its grimmest aviation week ends, the nation today counted 88 persons dead or missing in the disappearance or scattered crashes of eight American military planes and three civilian aircraft.

Some 31 passengers and crewmen aboard two U. S. Air Force transports are missing; 48 are known dead in the crashes of a military transport, a fighter plane and three Navy craft; and nine are dead in the civilian crashes.

Nine Air Force planes searched in vain yesterday for a huge C119 Flying Boxcar which disappeared in Alaska Saturday with 20 men aboard. The Air Force fears the big transport crashed.

Meanwhile, helicopters and Navy small boats scoured the Sea of Japan for 11 men missing after a C46 transport dived into the water off the east coast of Korea Saturday night. Seven others were rescued.

As the search for the missing continued yesterday, a helicopter was flying out the mangled bodies of 44 passengers and crewmen killed Friday in the mountainside crash of another C119 Flying Boxcar 18 miles east of Seoul, Korea.

Five persons died last night in the worst of the week-end civilian crashes. Their single-engine private plane met disaster near Dalhart, Tex., on a flight from Guthrie, Tex., to Los Angeles, home of the five. Among the dead were a mother and father and their two small children.

In the other week-end military crashes, an Air Force reserve pilot was killed Sunday near Hanna City, Ill., and three Navy pilots died in separate crashes in California and Arizona.

The Air Force reservist was in an F51 fighter plane of the 169th Fighter Interceptor Squadron based at Peoria. Two of the Navy pilots were flying in the same formation in California and crashed at about the same time 25 miles apart—one in a canyon near San Jose, the other into a residential section near Woodside.

In Northern Arizona, the third Navy pilot died in a wintry storm as his plane crashed and exploded in Skull Valley. The flier was enroute from Denver, Colo., to Las Vegas, Nev.

An eighth military plane mishap involved a light SNB Navy training plane which made a forced landing last night when it ran out of fuel in a fog while about 20 miles from Logan Airport in Boston, Mass. The two Navy reserve officers aboard escaped injury as the plane came down in a swamp.

The other two civilian crashes each brought death to two persons: at Larned, Kan., Saturday; and at Rehoboth, Del., last night.

Lords Asking To Be Excused Of Rich Garb

LONDON (AP)—A number of lords have asked Queen Elizabeth II if they may be excused from wearing expensive velvet and ermine robes —or even dyed rabbit, for that matter — at her coronation next June.

A group of lords from all parties suggested that a number of seats be set aside for them, separate from their richly garbed fellow peers. The request has been formally presented through the earl marshal, the Duke of Norfolk, who is in charge of arrangements.

Monroe Trend Doesn't Worry Bra Makers

By JAMES BACON

HOLLYWOOD, Nov. 17 (AP) — The movies make a woman in the African jungle dress less revealing than one in Niagara Falls, N.Y.

I picked this intelligence up in the course of an afternoon's work (?) with Marilyn Monroe and a Belgian Jane Russell.

Marilyn and I watched rushes of her latest picture "Niagara." In one scene she wears a clinging, black satin dress that forms a new Monroe doctrine.

"I don't have a stitch on underneath," she explained. That was shocking but not surprising because Marilyn is on record as antilingerie.

Later, I visited the set of "Tarzan and the She Devil." The "She Devil" is monique Van Vooren, formerly of Brussels. Miss Van Vooren has a 38-inch bosom which, in Hollywood, is a possession more valuable than an Academy Award.

Miss Van Vooren was complaining audibly because producer Sol Lesser forced her to wear a bra for her first American picture. She formerly worked in Italian pictures, only one of which has passed the censors in this country.

"I never wore a brassiere before," she explained, even without benefit of press agent.

Wondering if this anti-lingerie trend were spreading nation-wide, I queried two prominent lingerie manufacturers.

G. Peter Rosenfeld, president of the Beverly-Vogue Company, and also president of the California Fashion Creators, said no. The same sentiment was expressed by E. Sterling Ferguson, president of the Mamzelle Maggyanne Brassiere Company.

Said Rosenfeld:

"Miss Monroe no doubt will soon learn that the power of suggestion is more effective than bald fact and the obvious much less desirable than the implied. Fifty million American women can't be wrong."

Five Killed In Wreck

MONTREAL (AP) — Five persons were killed and two seriously hurt last night when a fast-moving Canadian Pacific passenger train bound for Quebec struck an automobile at a crossing east of nearby St. Vincent de Paul.

In Good Condition After Tumor Removed

GALVESTON, Nov. 17 (AP)—A Latin-American woman, 44, who had a tumor weighing 184 pounds removed from her abdomen five days ago was reported in "good condition" early today.

Dr. Dan Eanes, who performed the three-hour operation, said the woman, whose normal weight was about 130 pounds, was able to sit up in bed and was "feeling fine."

He said the tumor, an ovarian cyst, was the largest ever removed in the hospital and probably the largest in the history of medicine.

Dr. Eanes said he understood ambulance attendants had to remove the front door of the woman's home to bring her to the hospital. He said the operation required two incisions, one between three and four feet long.

Royalty Visits U. S.

NEW YORK (AP)—Crown Princess Martha of Norway and her daughters, Princesses Ragnhild and Astrid, are here on their way to Florida for a vacation.

Princess Martha, who has been ill, and her daughters arrived by plane from Oslo yesterday. She will spend a month at the Palm Beach home of Charles Ulrich Bay, U. S. ambassador to Norway.

KOREA BATTLE AREA

This new terrain map of the Kumhwa mountain area, current scene of some of the bloodiest fighting in the Korean war, is offered for use as news developments warrant. Almost continuous fighting has raged for the control of Triangle Hill and Sniper Ridge. Crest positions such as Pinpoint Hill on Sniper Ridge change hands almost daily. This map prepared from the latest available Army Engineer Corps charts received from Tokyo.

White Collar Worker Better Off Than Production Worker

NEW YORK, Nov. 17 (AP)—Who's better off—the white collar employe in the front office or the production worker in the shop?

Business leaders disagree. Some say the accountant, bookkeeper, stenographer and filing clerk never had it so good. Other point to the higher pay of the tool and die maker or the man behind the turret lathe. According to this school of thought, the white collar man is industry's poor relation.

People who see hard times ahead for the office force cite the growth of office mechanization. Electronic business machines of amazing complexity and efficiency are making many clerical skills unnecessary they assert.

POSITION UNSETTLED

C. Wright Mills, associate professor of sociology at Columbia University, recently told an office management conference that office mechanization has put an end to the prestige, security and favored financial position once enjoyed by the white collar worker.

Before mechanization, he said, the white collar worker made about double the income of hourly rated wage earners but today his income is "only slightly above, and in several important cases lower than, the average income of various wage-working groups."

On the other side, the American Management Assn. presents in its monthly magazine, "Personal the following results of an employment survey in Cleveland:

The white collar man in industry is happy and content, says the survey.

GETS STEADIER PAY

He has more freedom than his colleague in the plant. Usually he can smoke when he wants to. He can make personal calls on the office phone.

His work is cleaner and safer there's less danger of getting an arm amputated or a leg smashed.

The office employe is more likely to get a Christmas bonus and he's more certain of a steady annual wage. The plant worker is constantly subject to layoffs and temporary unemployment.

When the union wins a pay raise for the men in the shop, the nonunion office force usually gets a raise, too.

Because he's closer to management, the office worker has better opportunities for advancement.

But his average pay, the article concedes, is lower.

New Hospital Progressing In Cure Of Drug Addicts

NEW YORK, Nov. 17 (AP)—Riverside is a 150-bed hospital on tiny, windswept North Brothers Island in the East River. It is the nation's first and only institution specially set up to help teen-age narcotics users.

It opened in July—the result of insistant demands by welfare groups, the press and public that New York City must do something about the rising tide of drug addiction among school-age boys and girls.

The staff found that kicking the habit is easy. Keeping it "kicked" is something else again.

When the first patients arrived, the 10-year-old building—erected but never used as a city tuberculosis sanitarium—was in the preliminary stages of conversion. Painters, plumbers and carpenters are still all over the place, putting on the final touches. There are about 60 male patients now, aged between 14 and 21. The first few girls were admitted early in October.

The basic premise on which Riverside is working is that drug addiction is not a disease, but a symptom of deep mental distress. For most of the patients, the staff believes, the root lies in poverty, slums and broken homes.

Dr. Jerome Leon, hospital director, said that so far only a couple of patients have been discharged with the staff's consent. It will be a long time—even years—before much of the work can be measured on the yardstick of cure.

"The hospitals at Lexington and Ft. Worth provide some services for adolescents," Dr. Leon said, "But essentially both of them are prison hospitals with drug withdrawal centers. They have attempted therapy, but it hasn't proved too effective because they haven't been able to provide followup care."

Riverside is establishing a separate clinic in which to continue treatment after youths have been released.

"Addiction is the least important part of the problem," Dr. Leon said. "Taking these patients off drugs is easy. It can be done for the most advanced cases in 10 days and for most of them in five.

"We use the attenuated withdrawal method—gradual withdrawal of drugs over a period of time—and not 'cold turkey,' or sudden, complete withdrawal. We have disproved one theory: that young addicts don't have withdrawal symptoms of pain, nausea and perspiration.

"They do have them, just as the older addicts do. But we think that every addicts' threshhold of pain is lower. Withdrawal symptoms in a normal person would be about as uncomfortable as an attack of the grippe."

Normal adolescents, said Dr. Jerome, don't become addicted to narcotics.

"They may experiment with drugs but they give them up when they find narcotics don't solve any problems for them. Drug addicts are like alcoholics — both have found a chemical retreat from reality."

HOSPITAL NOTES

Admissions to the Battenfield Hospital are Mrs. Brasell McClure, 309 Thirty-fifth Street as a surgical patient; Billy J. Buchanan, route No. 2, medical; Norman Pinkston, 2207 Sixth Street in Lubbock, medical; Frank Hale, 3010 West Thirty-seventh Street, medical; Frank Adams, Snyder, medical; Mrs. Albert Martin, 1001 Avenue E, medical; Mrs. G. W. Parks, 2100 Avenue N, medical, and Miss Jo Anna Berry 1612 Twenty - seventh Street, medical.

Mrs. D. M. Matlock and baby boy of 3101 Avenue K. were dismissed.

Woodrow W. Durham of Fluvanna was transferred from the Battenfield Hospital to a Midland hospital by a Bolger ambulance yesterday morning. Durham is an employee of Superior Oil Company.

$25,000 Contest
to announce the new '53 Plymouth
the first truly balanced car in the low-priced field
at your Plymouth dealer's Thursday, NOV. 20TH
YOU MAY WIN a new 1953 Plymouth or one of many other valuable prizes in the big $25,000 "MEET THE NEW PLYMOUTH" CONTEST. Just tell us what you like most about the 1953 Plymouth in 50 words or less.
The new 1953 Plymouth will be on display Thursday, Nov. 20. See it; get complete contest details and entry blanks from your dealer. You may win a sparkling new '53 PLYMOUTH!

FOR PARTY OR PLAY!

Pretty as a birthday cake is this wee fashion; or, a wonderful spic and span schoolday idea with contrasting collar. Either one, devoted to the youngest style-conscious lady of the house.

No. 2833 is cut in sizes 2, 4, 6, 8. Size 4, party dress, 2⅛ yds. 35-in. School dress, 2¼ yds. 35-in.; contrast, ¼ yd.

Send 30c for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU Snyder Daily News, Box 42, Old Chelsea Station, New York 11, N.Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5c per pattern.

The FALL - WINTER FASHION BOOK, beautifully illustrated in COLOR! Presenting smart, up-to-the-minute fashions for every age and every occasion, and also delightful suggestions for making Christmas gifts—toys, doll clothes, aprons, and other wearables. Price 30 cent.

Helps For Homemakers

Send your questions to "Helps for Homemakers" Snyder Daily News, or call 3-5486.

Cauliflower is one of our favorite vegetables, but we need some ideas for pepping it up. Could you suggest any ways to use it? Mrs. M. L.

Here is a recipe for frozen cauliflower which makes a main dish:

1 package frozen cauliflower
1 tablespoon butter or margarine
1 tablespoon flour
½ teaspoon salt
¾ cup milk
½ cup grated sharp cheese
½ cup luncheon meat, cubed
¼ cup crushed potato chips

Defrost cauliflower, although it need not be precooked. Melt butter or margarine; stir in flour and salt to smooth paste. Stir in milk; cook until thickened. Stir in grated cheese until melted. Combine cauliflower, sauce and luncheon meat in an oiled 1-quart casserole. Top with potato chips. Bake in moderate oven until cauliflower is heated through, about 15 minutes. Makes 3 or 4 servings.

• • •

Have you ever heard of kraut made from lettuce? One of my neighbors says she is sure it is done. S. F.

Yes, there is such a thing as using lettuce for kraut. String beans and unpeeled beets can be shredded and used in kraut, also, although these are rather unusual instances.

Sweetwater Woman Will Review Book At Newcomers' Club

Mrs. T. D. Young of Sweetwater will review "The Silver Chalice" by Thomas Costain at the Newcomers' Club luncheon at 1:15 o'clock Friday at the B&B Steak House.

Members are to call Mrs. Charles McCaleb, 3-6998 by Thursday night to make reservations.

EVENTS OF THE WEEK

MONDAY

Junior High PTA, 6:45 p.m., gymnasium cafeteria.

DeMolay, 7 p.m., Masonic Hall.

Civic Music Association concert, 8 p.m., high school auditorium.

TUESDAY

Presybterian Women's Organization, 2:30 p.m., church.

Tuesday Bridge Club, 2:30 p.m., with Mrs. H. P. Brown, 2812 Avenue U.

Alpha Study Club, 3 p.m., with Mrs. Alfred McGlaun, 1200 Twenty-fifth Street.

Woman's Culture Club, 3 p.m., with Mrs. J. P. Avary, 3208 Avenue V.

Art Guild Thanksgiving dinner, 7 p.m., Central Primary cafeteria.

Couples' duplicate bridge, 7:30 p.m., Country Club.

Tuesday Night Bridge Club 7:30 p.m., the Village, with Mrs. George Vicary hostess.

WEDNESDAY

Mary Martha Circle, 9:30 a.m., Fellowship Hall.

Ace Bridge Club, 1:30 p.m., with Mrs. Jack Emel, 3019 Thirty-eighth Street.

Leisure Bridge Club, 7:30 p.m., with Mr. and Mrs. Jim Rodgers, 2366 Sunset.

THURSDAY

Order of the Eastern Star, 7 p.m., Masonic Hall.

Scurry County library committee, 7:30 p.m., Presbyterian Church basement.

Standard Bridge Club, 7:30 p.m., with Mrs. B. F. Wills, 411 Thirtieth Street.

Chez les Amies bridge luncheon, 12:30 p.m., Country Club.

FRIDAY

Newcomers' Club luncheon, 1:15 p.m., B&B Steak House.

Altrurian Club dinner, 7 p.m., with Mrs. J. C. Stinson, 2907 Avenue U.

Good Neighbors' Club Thanksgiving dinner, 7:30 p.m., with Mrs. Maudie Riley, 2801 Avenue D.

Jo Bourgoyne Honored With Birthday Party

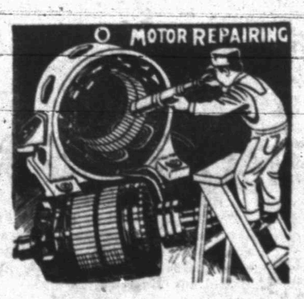

Mrs. Jo A. Bourgoyne entertained Saturday with a party marking the ninth birthday of her daughter, Jo Etta. The party was given at their home, 3206 Fortieth Street.

Guests included Paulette and Dalton Walton, Betty Boren, Betty Jo Longbotham, Jerry and Jo Ann King, Byrl and Tobin Moore ,and Carolyn Smith.

The hostess was assisted by Mrs. L. B. Moore and Mrs L. E. Hayes.

Two More Important Decisions For Bowl Teams Due This Week

By ED CORRIGAN

NEW YORK (AP)—All the hopes and disappointments, fumbles, and fancy plays, surprises and expectations come to an end for most of the college football teams this week with traditional—and important—games scheduled around the country.

With two of the major bowls—the Cotton and Sugar—already set for their New Year's Day games, attention will be focused on the outfits that have a chance to go to the other big ones—the Rose and Orange.

The Western representative of the Rose Bowl will be decided before a crowd of about 100,000 in Los Angeles when two of the most powerful elevens in the nation, UCLA and Southern California, come to grips.

Both are undefeated and untied and have smothered all opposition with their near-impregnable defenses. Against a total of 16 opponents they have given up just 67 points, or about four a game. There's no doubt that it will be a low-scoring game, but the question is: Which can score? Possibly one touchdown will settle it.

Most observers rate the pair about equal on defense, but give UCLA a slight offensive edge, based mainly on the superb passing arm of Paul Cameron.

This will be the national television Game of the Week, and for the third straight week the NCAA has come up with a good one after most of the early season offerings turned out to be busts.

As for the other half of the Rose Bowl, the Big Ten championship remains very much up in the air. Michigan and Wisconsin are tied for the lead. This week, the Wolverines have the tougher assignment, facing Ohio State while Wisconsin goes up against Minnesota. If either loses, the survivor gets the title and goes to the Rose Bowl. If both win, they'll wind up in a tie and a conference committee will choose the bowl team.

The Orange Bowl promoters, who are sitting back biding their time, will have their eyes on Alabama, Syracuse and Pitt, the three major possibilities.

If Alabama puts up a good show against Maryland — it's too much to expect the Terrapins to lose two in a row—the Crimson Tide should clinch one of the spots. Alabama lost to Georgia Tech Saturday, but it was by an eyelash, 7-3. Maryland, meanwhile, was being dumped out of the unbeaten class by Mississippi, 21-14.

Syracuse should have no problem in Fordham, but Pitt, one of the surprises of the season, will have no picnic against Penn State, a team that was in line for a bowl bid until a couple of weeks ago. The best guess, assuming they both look good, is Alabama and Pitt for the Orange nomination.

Georgia Tech, which meets Mississippi in the Sugar Bowl, figures to roll right along. The Engineers, with eight straight victories this season and 23 games without a defeat, entertain Florida State. Ole Miss, the terror of the football world since beating Maryland, gets the day off before winding up operations against Mississippi State the following week.

Tennessee, Texas' opponent in the Cotton Bowl, plays Kentucky, which should prove no problem. The Vols are right behind Georgia Tech in the Southeastern Conference standings, and if they whip Kentucky, they'll pull even. Texas, which clinched the Southwest Conference title by turning back Texas Christian, 14-7, is idle and winds up against Texas A and M next week.

Meanwhile, most of the top teams came through last Saturday's action unscathed. The No. 1 outfit, Michigan State, defeated Notre Dame, 21-3, in a contest that was closer than the score indicates. Southern Cal blanked Washington, 33-0, UCLA was idle. Tennessee clouted Florida, 26-12, and Oklahoma, which only has to beat Nebraska this week to win the Big Seven crown, topped Missouri 47-7

In the Ivy League, Penn, the leader must only beat Cornell on Thanksgiving Day to wrap up the title. A similar situation holds in the Skyline Conference and Southern Conference. In the Skyline Utah can take it by beating Utah State also on Thanksgiving Day, while in the Southern loop, Duke is a surefire bet if it dumps North Carolina State, one of the weak sisters.

Maryland Was Stopped Dead By Ole Miss.

NEW ORLEANS (AP)—Mississippi blended a newspaper clipping, a shattering defensive line and Jimmy Lear's deadly passes into a football explosion that ripped mighty Maryland, 21-14, and lured a Sugar Bowl bid with Georgia Tech.

Ole Miss pushed 461 yards over and through unbeaten Maryland's defense, tops in the nation until Mississippi's whirlwind attack wilted it Saturday.

Lear, a brilliant split T quarterback, shocked Maryland by completing 11 of 16 passes for 231 yards accounting for one touchdown and setting the stage for both of halfback Wilson Dillard's three-yard scoring stabs.

Mississippi's unheralded defense allowed the nation's fourth best offensive machine only 90 yards rushing and 33 yards passing.

The effect was heard in New Orleans.

Two hours later Mississippi accepted an invitation to meet unbeaten nand untied Georgia Tech the 7-3 conqueror of bowl-hungry Alabama earlier in the day. Tech accepted its Sugar Bowl bid 10 days before Mississippi was invited.

Both Tech and Ole Miss have impressive records. This year Tech has downed The Citadel, Florida, Southern Methodist, Tulane, Auburn, Vanderbilt, Duke, Army and Alabama. Mississippi has beaten Memphis State, Auburn, Tulane, Arkansas, Louisana State, Houston and Maryland and tied fired-up Vanderbilt and Kentucky.

Tech still faces Florida State and Georgia, while Ole Miss must dispose of Mississippi State. The closing games for both teams are against traditional foes.

Mississippi Coach Johnny Vaught engineered the bowl-enticing triumph over the nation's third-ranking team with a bit of old-fashioned psychology.

Two days before the game he pinned onto the athletic bulletin board a copy of a newspaper column written by Walter Stewart, sports editor of the Memphis (Tenn.) Commercial-Appeal. Stewart quoted Maryland Coach Jim Tatum as saying he intended to use substitutes as soon as Maryland's regulars gained a three-touchdown lead.

The subs never got a chance to break into the lineup.

SMU Hopes To Tie Longhorns

By The Associated Press

The Southwest Conference championship race could end this week although there still would be more games to play.

Southern Methodist, the only team left with a chance of even sharing the title with undefeated Texas, plays Baylor at Dallas Saturday in the week's feature. Defeat or tie for SMU would hand the championship undisputed to Texas, regardless of how the Longhorns come out with Texas A&M in their traditional Thanksgiving Day game. Texas is idle this week.

Southern Methodist clung to the outside chance of splitting the glory with Texas by beating Arkansas 27-17 last Saturday. The Methodists have a 3-1 record with Baylor and Texas Christian to play.

Texas came within one game of an unprecedented conference accomplishment Saturday when it beat Texas Christian 14-7. If Texas wins over Texas A&M in the final game on its schedule it will finish the season undefeated in conference play for the second time in three years. No school ever has done that before.

Rice climbed into a tie for third place with Texas Christian by trimming Texas A&M 16-6. Rice this week plays Texas Christian at Houston.

Baylor, which took out from conference warfare to play University of Houston of the Missouri Valley Conference, rued the day. Houston whipped the Golden Bears 28-6 in a major upset and a cruel blow to Baylor's record. The Bears had lost their games by the margin of three and two points respectively and had figured on winding up with a record that might bring them an invitation to a bowl game.

Arkansas, which definitely will be in the conference cellar when the season ends, closes out a disappointing campaign against Tulsa at Tulsa Saturday. It's the conference's last intersectional game but there's small chance of Arkansas helping the league's record against outside opposition. The intersectional record now stands at eight victories against twelve losses.

Arkansas won only one conference game.

Hunting Accident Kills Ga. Camp Commander

HINESVILLE, Ga. (AP)—A warrant officer reported to police that he accidentally killed Col, Lloyd A. Corkan, acting post commander at Camp Stewart, Ga.

The 55-year-old chief of staff of the Army post was wounded fatally by nine pellets from a 12-gauge shotgun yesterday while hunting on the Camp Stewart reservation.

Chief Warrant Officer Charles J. Elder of Melbourne, Fla., signed a statement admitting the shooting, Lt. William Allen, Stewart public information officer said. Investigators said evidence in the case substantiated Elder's statement that the shooting was accidental, Allen added.

AAAA District Champions To Start Appearing Friday Night

By HAROLD V. RATLIFF
Associated Press Sports Editor

They start crowning district champons in the Class AAAA division of Texas schoolboy football this week. At least four of the eight are expected to be determined. One will be for sure.

Baytown plays Port Arthur for the title of District 8 in the feature battle of the State. It is a traditional struggle although not considered quite so important as in other years. Baytown is a heavy favorite to win it.

In District 2 Austin (El Paso) can sew up the title by beating El Paso High. Otherwise there will be a threeway tie for the crown between Austin, El Paso and Bowie (El Paso).

In District 6 Ray of Corpus Christi can virtually clinch it by beating Austin. Then only Miller (Corpus Christi) would remain and Miller already is out of the race. Jefferson (San Antonio) could tie Ray for the title but Ray beat Jefferson in regular season play.

In District 7 Reagan (Houston) can win the championship by beating Milby (Houston). Otherwise the race will be snarled.

Lubbock, one of two undefeated, untied teams left in Class AAAA, can put a virtual clinch on the District 1 crown by downing Midland and could win it outright if Abilene beat Odessa.

Wichita Falls, the other unbeaten, untied team, waits a week to close the district race but has it in the bag. Only twice-beaten Highland Park (Dallas) is left on the Coyote schedule. Wichita Falls has defeated the other teams in the district.

Denison and McAllen are "in" in Class AAA. Denison has only twice-beaten Denton to play and already holds a victory over Paris, a one-game loser, in the District 3 race. McAllen has clinched the District 8 crown.

Texas City plays at Port Neches for the District 6 title. Marshall can put the clincher on the District 4 championship if it trims Texarkana. Temple can win the District 5 championship by licking Palestine. Edison (San Antonio) can win the District 7 title by beating Kerrville.

The two other districts will have to wait until next week for decisions.

Brownwood, Temple, Edison and McAllen are the only undefeated, untied teams left in Class AAA.

Class AA has already determined 16 district champions and Class A 24. All others of the 63 champions in these two classes must be decided this week.

Class AAAA has a short schedule this week with only 17 games. The schdeule by districts (all games conference):

1—Friday: Amarillo at Borger, San Angelo at Pampa, Abilene at Odessa, Lubbock at Midland.

2—Friday: El Paso High vs Austin (El Paso).

3—Thursday: Amon Carter Riverside (Fort Worth) vs North Side (Fort Worth); Friday: Paschal (Fort Worth) vs Arlington Heights (Fort Worth); Saturday: Poly (Fort Worth) vs Fort Worth Tech.

4—Thursday: North Dallas vs Crozier Tech (Dallas); Friday: Adamson (Dallas) vs Forest (Dallas).

5—No games.

6—Friday: Austin at Ray (Corpus Christi).

7—Thursday: Milby (Houston) vs Reagan (Houston); Friday: Lamar (Houston) vs San Jacinto (Houston); Saturday: Austin (Houston) vs Davis (Houston).

8—Friday: Beaumont at Orange, Baytown at Port Arthur, Pasadena at Galveston.

Jack C. Watson of the U. S. Fish and Wildlife service holds a Key deer killed accidentally by an automobile.

Tiny Florida Deer Highway Casualties

By The Associated Press

TALLAHASSEE, Fla. — Things may be looking up for a tiny herd of a tiny species of deer found only on the Florida Keys.

The state's unique Key deer — there are less than 50 of them left — are barely holding their own. Swift death oftens strikes — when they cross the busy Overseas Highway which links the Florida Keys with the mainland.

The National Wildlife Federation has begun soliciting contributions to a special Key deer fund which is bearing the cost of employing a warden to watch out for the little animals pending hoped-for federal legislation to provide a refuge.

The Key deer is a miniature white-tailed deer. Specimens range from 18 to 26 inches in height and from 25 to an estimated 40 pounds in weight.

Their origin in uncertain but there is a theory that their remote ancestors traveled to the Keys at a time when low water levels made the islands part of the mainland. It's thought feeding and living conditions on the Keys have stunted them.

The Key deer was slaughtered by hunters who even set huge fires on the Keys to drive the deer toward their guns.

The deer is protected now and poaching has virtually stopped. Forest fires on the Keys have been curbed, leaving as main problems reduction of the deer range by real estate developments and the hazard of traffic on the Overseas Highway.

There's a chance removal from their islands might cause the deer to develop in a few generations into normal-sized whitetails. Purchase of land for the refuge would cost around $250,000 and the state can't afford to finance it.

The state forbids shooting the deer. A refuge in which the government owned the land would permit regulation of traffic to protect the deer and a ban on commercial development of the area.

Frye says if the refuge could be set up, it wouldn't take long to tame the deer enough to make them outstanding tourist attractions.

Odds And Ends About Sports

By GAYLE TALBOT

NEW YORK (AP) — This should settle some arguments: The official National Football League encyclopedia says that Notre Dame has sent more players into the professional circuit than any other school 151, and that Minnesota Ohio State and Pittsburgh follow in that order with 82, 74 and 71, respectively.

You probably wouldn't guess the fifth-place school in a dozen tries—Marquette, with 58 money graduates.

Speaking strictly from hearsay, there apparently will be no great popular demand for Sugar Ray Robinson to stick with the stage and abandon his ring career permanently. A local critic who caught the middleweight champion's show commented, "I know where the old jokes went—somebody sold them to Robinson."

Eddie Stanky's disclosure that he has the right to hire and fire his coaches indicates that the Cardinal pilot holds one of the strongest hands in the managerial guild. It is customary nowadays for a manager to keep maybe one old crony around just because he likes him, but in most cases the front office picks the assistant brains with great care and the manager likes them or else. A real good signal stealer is always assured of a job.

We have been asked what became of the return punt in football, and hanged if we know. It used to be a mighty effective play at times, especially when a team had a lead and was interested only in holding on to it. Made the other side look pretty foolish at times. It probably disappeared about the time coaches began to realize that a two or three-touchdown lead didn't mean anything any longer and that they had better keep that ball and try for a couple more.

Ted Schroeder is going to the Davis Cup matches in Australia, but not as a player this trip. Ted enjoys tremendous popularity down under and he wil lwrite and broadcast the matches. Locat bookies, by the way, are offering 3-1 against an American victory.

Upset Is Only Hope Of Lobos

By The Associated Press

It's all over but the shouting in the Lone Star Conference unless the Sul Ross Lobos pull the unexpected and upset the title bound East Texas Lions.

East Texas romped over the only probable contender, Southwest Texas, last week to the tune of 63-23 to remain the only undefeated team in the league with one more hump to go. The Lions meet Sul Ross at Commerce November 29. This week they play Austin College in a non title go. Sul Ross is idle.

East Texas can take it without a hitch by beating Sul Ross. As it is they have a cinch tie for the title with Southwest Texas should Sul Ross beat them.

Southwest had a clean 40 league record before meeting the Lions. Sul Ross cinched a tie for third with Sam Houston by taking Lamar Tech 27-19 last week. Sam Houston defeated Stephen F. Austin 32-20. SFA and Lamar Tech are tied for fifth place in a six team league. Southwest is a cinch second and can slip into a title tie with the help of Sul Ross.

By downing Southwest Texas East Texas won its 16th straight game over two seasons. The highest scoring team in the nation, the Lions have averaged 51 points a game.

Mac Moore of Sam Houston set a new conference scoring record in tallying three times against SFA. He has counted 110 to break the old mark of 102 set by East Texas' Marvin Brown last year. Brown scored four times last week to push his total to 90 points with two games to go.

Son Of Great SMU Player Makes Debut

DALLAS, Nov. 17 (AP)—Southern Methodist University football followers who saw the Methodist teams of the early twenties got quite a charge out of the great showing of Sam Stollenwerck at quarterback for SMU gainst Arkansas Saturday.

SMU won its first Southwest Conference championship in 1923 when a little fellow named Logan Stollenwerck was the quarterback He also piloted the 1924 SMU team that was undefeated but was tied four times, thus couldn't win the championship.

But Logan Stollenwerck was more than just a fine quarterback who put SMU on the road to big time football glory. He was the original passing man of this circuit that has become famed for throwing the ball around and its wide opening football. Stollenwerck was the first of the passers daring enough to pass from behind his own goal line.

CHIP OFF OLD BLOCK

So Saturday, as blond little Sam Stollenwerck, a 5-foot-9, 160-pounder, strode on the gridiron at Fayetteville to pass SMU to a thrilling 27-17 victory, there was a lot of reminiscing going on among the old-time fans. Because Sam Stollenwerck is the youngest son of the immortal Logan.

Coach H. N. Russell of SMU paid Sam a glowing tribute today. He talked of the fellow who had to work harder and accomplish more than the others because of his small stature. Russell said last year when Sam was on the SMU varsity for the first time that if Stollenwerck was just three inches taller he would be the greatest passer in the country.

But Sam worked hard. He was content to sit on the bench and go in only when it came time for a point after touchdown.

SAM GETS CHANCE

Last week Sam looked particularly good in practice. Russell decided the time had come to give the boy his chance. When the Methodists sputtered and faded against Arkansas—when they were 17 points behind and getting nowhere—Russell sent little Sam into the game.

Stollewerck did just what Russell thought he would do—he quarterbacked the team in big-league style, he passed for 209 yards and three touchdowns. He dragged Southern Methodist from the brink of defeat.

Sausage Tasted Too Good To Suit Ministry

LONDON (AP) — The best tasting sausages Britain can remember in years were just too good to last.

The Food Ministry discovered that high quality meat was brought in from New Zealand and sold off rations to butchers who gave their sausages 15 per cent more meat content than the government standard.

The ministry felt the private imports—spurred by demand for the better-tasting sausages—would increase so much it would intefere with the government's bulk purchases of meat, the country's cheif source of supply. So the ministry clamped licenses on the imports.

OPEN SEASON

By DALE WALTON

If the Snyder Tigers gain as many as 119 yards on the ground against the Big Spring Steers Friday, night they will have rushed a whole mile against opponents this season.

Despite the fact that their losses began to overshadow their wins a couple of weeks ago, they still lead their foes in a part of the game statistics.

The squad has gained 1,641 yards in scrimmage to opponents' 1,501 and they still hold a good lead in first downs, 107 to 85.

The Snyder team led in passes until the Sweetwater Mustangs outpassed them Friday night by far. With a record of 40 completions out of 126 tries, they have averaged 31.7 per cent, while opponents now lead with 36 per cent on 46 completions out of 126 attempts.

Opponents have gained 647 yards on passes, and the Tigers have gained 507.

Halfback Dan Burns held onto his lead on yardage gain with a total of 588 yards, averaging 73 yards per game. Fullback Jackie Grimmett is second with 431, while Halfbacks Gerald Crawford and Kenneth Brotherton follow with 139 and 68.

On passing, Quarterback Burney Hagin has completed 28 out of 84, an average of 33.3 per cent, for 333 yards, almost 12 yards per completion, Joe Baxter, sub quarterback, still holds a record of 44.4 per cent on passes with four completions out of nine tries for 31 yards.

Burns has completed four of 19 tries for 107 yards on passes, averaging almost 27 yards per completion.

End Ned Underwood still leads the field on pass receiving. He has been receiver for 20 tosses for 208 yards. End Reagan White follows with 10 for 188 yards, while Burns has caught six for 122 yards.

Guard Royce Pierce bettered his percentage on extra point booting to 75 per cent with nine good kicks out of 12 tries.

* * *

It would be quite a thing if Snyder put over a colorful homecoming spree like that of Sweetwater's last Friday night.

On second thought, it would be quite a thing if Snyder put over a colorful homecoming celebration at all.

Did you notice that the Sweetwater school invited the ex-students to their homecoming, like other normal schools do?? Wish that would happen here.

Quinn Is Top SW Conference Ball Carrier

DALLAS, Nov. 17 (AP)—The sensation of the Southwest Conference at this stage of the football season is a talented sophomore, Billy Quinn of Texas. He has scored 11 touchdowns, five in the last two games, to lead the league in point-making. And he has the best ball-carrying average.

Every time the 180-pound, hard-running Longhorn halfback takes the ball it means 4.9 yards.

Quinn is one of the brightest sophomore prospects to come along in the conference in a long time. So good is he that he's posing a problem for the All-Southwest Conference pickers. Will the All-Conference backfield have to carry three Texas players?

Dick Ochoa, the line-ramming Texas fullback, leads the conference in ball-carrying with 722 yards on 171 runs. Gib Dawson, fleet Texas halfback, is second with 515 on 108 carries. Then comes Quinn, who has done more damage to the opposition than either Ochoa or Dawson. Blasting Billy has romped to 500 yards on 103 carries, and he has scored the vital touchdowns in two straight games. He racked up the winner against Baylor two weeks ago. He got both of the Texas touchdowns Saturday in a 14-7 victory over Texas Christian.

Then, when those three fellows are considered for the all-conference team, take a look at the passing statistics. T Jones, Texas quarterback, leads the conference there. He has connected on 62 of 127 throws for 991 yards. And Jones also is the total offense leader. He has run for 177 yards and passed for 991 for a total of 1168 yards on 192 plays. Ray Graves of Texas A&M, who was the leader fell to second place because he couldn't play last week against Rice. Graves has 1149 yards on 227 plays.

Texas also has the leader in another department. Tom Stolhandske, the Longhorn wingman, tops in pass-receiving, catching 30 for 519 yards.

Just Plug Person In And They Will Keep Right On Living

CAMBRIDGE, Mass. Nov. 16 (AP) —A method of keeping people alive by virtually plugging them into an AC electrical outlet was disclosed today by the New England Journal of Medicine.

The regional medical publication says that to "hook up" a patient is "simple" and describes it this way:

A thyraton stimulator, about the size of a table radio—"which provides the missing heartbeat" — is plugged into an ordinary alternating current electrical outlet. It converts the electricity into waves or impulses.

Then hypodermic needles connected to the machine are inserted into each side of the patient's chest.

"The needles carry the electric pulse through the thick outer skin which is resistant to electric current," the Journal of Medicine says. "The electrical impulse then travels from a negative electrode, clamped on one needle, across the heart to a positive electrode on the other needle."

The paper says that "if the heart can be kept beating and pumping blood over a period of time, there is a good chance that the normal heart beat will resume again."

The article adds, however, that "if the heart beat stops for long the patient dies."

The new method of giving failing hearts a second chance to take up normal functions was eveloped by Dr. Paul M. Zoll, associate in medicine at the Harvard Medical School and chief of the cardiac clinic of the Beth Israel Hospital.

He said in his published report that the lives of at least two patients already were saved by this method.

The heart of one patient was kept pumping by electrical impulses for five straight days.

The article says: "Whenever the electric stimulator was stopped, the heart beat failed. During a period of 52 hours not a single natural heart beat of the ventricular muscles was observed when the electrical stimulator was turned off. After 52 hours, the heart started beating slowly by itself. Electrical impulses were used to speed up the beat from time to time. Eight days after the treatment began, the patient's heart was pumping adequately on its own."

It was reported that "standstill," or stopping of the heart beat," occurs as medical emergency in severe cases of heart disease, in shock or drowning, and rarely during anesthesia or surgery. In these cases," the report said, "the new method promises a quicker and simpler method" than by injecting the drug epinephrine directly into the heart muscles or cutting open the patient's chest and massaging the heart by hand.

CONCRETE MIXED ON WAY TO JOB

Trucks of the Caprock Materials Co. are shown above lined up before the firm's huge machine which mixes the raw materials for ready-mix concrete for delivery all over this part of West Texas. From the hoppers the sand, gravel, cement and water are poured into the mixers on the trucks, and auxilliary engines mix the concrete on the way to where it is to be poured. Some of the biggest concrete pouring jobs done around here in the past three years have been handled by the company. (Lee Watson Photograph.)

Taxes, Vehicle Law, Election Code On Legislature's Agenda

(EDITORS NOTE: What are the most vital issues facing the 53rd session of the Legislature meeting Jan. 13? To find out, Associated Press staffmen interviewed scores of lawmakers by mail or in person. This story summarizes their findings. Other stories will develop the issues in detail.)

By BO BYERS
and MAC ROY RASOR

AUSTIN, Nov. 15 (AP)—A new tax fight, water conservation, highway financing and a pay raise for teachers are the prime problems facing the 53rd Texas Legislature in January, say the lawmakers who will serve there.

Seators and represenatives gave priority to these four issues in response to a survey by The Associated Press.

Taxation drew far more first-place votes than any other legislative problem.

Four of 15 senators and 36 of 66 representatives said avoiding more taxes or determining where to raise new money is the most urgent task they will have. Many others not rating it at the top still listed it high.

The need for water conservation has been emphasized by devastating effects of a three-year drought. Concern over this problem was reflected particularly in the comments of West and South Texas legislators but also was indicated by senators and representatives in all regions.

Placed on the same level of importance as water conservation was the financing of highway construction and repair.

Higher teacher salaries were rated the fourth most significant matter, well ahead of any other topic on which the legislators voiced an opinion.

Other issues which lawmakers ranked in descending order of importance were the Auto Inspection Law, which most said should be modified or repealed; establishment of a presidential preference primary; revision of the new Election Code; the Drivers Financial Responsibility Law; a constitutional amendment to remove the 35-million-dollar annual ceiling on public health appropriation, and truck load limits.

Mail questionnaires were sent to all 31 senators and 150 representatives. Some were interviewed personally. Those who took time to answer included 10 veteran legislators and five newcomers in the Senate and 33 oldtimers and 33 freshmen in the House.

Results of the survey of the House:

Taxation was named the No. 1 issue by 36. It was ranked second by four; third by one; fourth by four; fifth by four; sixth by one; and seventh, its lowest rating, by one.

Water conservation loomed first in importance to eight. It received four No. 2 votes, five votes each for No. 3 and No. 4, seven No. 5, and other votes through No. 10.

Highway financing received only three first-place votes, but 17 listed it No. 2, nine No. 3 and No. 4 each, with additional votes for as low as eighth place.

Teacher salaries drew top billing from two members. Six placed this issue No. 2, eleven No. 3, nine No. 4, six No. 5. Its lowest ranking was No. 9.

A House fight over merits of the auto inspection law is indicated. Six representatives picked it as the No. 1 issue, one of the six advocating repeal, one calling for modification or repeal; two for modification and two not indicating their attitude toward the present law.

Among members who rated auto inspection in lower spots from second through eleventh, seven called for repeal, 18 for modification, three for modification or repeal, one for modification or no change, three for no change and three did not indicate their attitude.

Establishment of a presidential preference primary was boomed as the No. 1 problem by one House member. Four placed it No. 2, one No. 3, four No. 4, eight No. 5, and it drew scattered votes all the way to the bottom of the 12-place list.

Revision of the Election Code, changes in the Gilmer-Aikin School Laws, and removal of the 35-million-dollar welfare ceiling were the only other issues that drew single first - place votes among House members.

Possible controversy over the Drivers' Financial Responsibility Law is reflected in the fact two members urged repeal, one sought modification or repeal, 15 suggested modification, two recommended modificatiin or no change, 10 voted for no change, and six did not indicate their attitude. The issue drew three votes for second place.

A majority of the House votes on the importance of a higher public health approlation placed it no higher than ninth although two ranked it as high as third.

Most representatives apparently feel the question of truck load limits, a hot subject last session, has been settled for the time being. No one proposed lowering the weight limits and the House leader in gaining an increase last year was the only one to suggest another boost. Seventeen said there should be no change.

Survey results in the Senate:

Only one senator omitted taxation from his list. Four rated it top issue, six through it was No. 2 and four others rated it generally important.

Water conservation impressed two senators as the No. 1 issue, three others thought No. 2, two rated it No. 4 and six others rated it generally.

Highway financing pressed hard on the heels of water in Senate popularity. Two gave it No. 1 importance, four thought it rated No. 3, one put it in No. 6 position and four tagged it generally.

Teacher salaries failed to get any first-place votes but came in strong nevertheless with two No. 3 votes, two No. 4 votes, one No. 5 vote and six votes generally.

The only other issue getting a first-place Senate vote was the question of a presidential primary. It got one vote each as No. 1, No. 3, No. 5, two votes as No. 8, and five votes generally.

Auto inspections appeared to be in store for some Senate slugfests. Four want to repeal the law, five want it changed, one wants no change, and two think it'll create a Legislative flurry but declined to indicate their stand.

Driver responsibility, too, may bring some fireworks. Two want it repealed, four want changes, three want no change, two think it's in for a scrap but took no stand.

Nine senators indicated the election code needs some changes.

Four think Gilmer-Aikin Education Laws need reworking. Six think truck load limits may stir up some fuss but three of them want no change and the others took no stand. The public welfare ceiling got four votes, one for repeal, one for raising it, one for no change and one no stand.

Public health as an issue got only two Senate votes.

Mt. Everest May Have Been Conquered By Swiss Alp Climbers

KATMANDU, Nepal (AP) — Swiss and Nepalese mountain climbers trying to scale the world's highest peak were believed today to have either conquered Mt. Everest or to have failed in their attempt.

A nine-day-old report, brought here yesterday by native runner, said the Swiss-led expedition then had established its eighth camp only 150 feet from the top of the more than 29,000-foot-high Everest. That, itself, is higher than man has ever climbed and lived to tell it.

Experts said they were certain that by now "the attempt is over and the Swiss are on the way down, whether they have won or lost." because it would hardly be possible for them to remain long at such a height.

Negro Singer To Wed White Jazz Drumer

LONDON (AP)—Pearl Bailey, popular Negro blues singer, and her white fiance, jazz drummer Louis Bellson Jr., say "definitely" they will get married tomorrow or the day after despite his father's objections to the mixed match.

The smiling American couple hugged and kissed warmly when 29-year-old Bellson, a member of Duke Ellington's band, flew in from New York yesterday. Miss Bailey, 34, has been appearing here in the chic Colony Club.

Bellson told newsmen his father, Louis Bellson Sr. of Moline, Ill., had cabled him a warning he would disown him if he marries his Negro sweetheart. But nothing, young Bellson vowed, will halt the couple's plans.

They have the blessing of Bellson's mother, who yesterday told reporters in Moline that when the pair return, "My home certainly will be open to them. I wish both of them all the happiness in the world. My son is 29 and he certainly knows what he's doing."

Woman Speed Pilot To Receive Harmon Award

NEW YORK (AP)—Mrs. Jacqueline Auriol, daughter-in-law of French President Vincent Auriol and holder of the women's air speed record, is here to receive the Harmon Trophy from President Truman tomorrow.

The trophy, symbolic of the record, will be presented to her at the White House. She arrived here from Paris yesterday.

Mrs. Auriol, a professional pilot, set the record with a speed of 509 miles per hour in a French-built jet fighter in May. 1950.

Assortment Of Gifts Await Return Of Ike

NEW YORK (AP)—When President-elect Dwight D. Eisenhower returns here tomorrow he will have to decide what to do with:

A live goose, a pair of baby-blue undershorts decorated with white elephants, gold golf tees, fishing flies, a white pigeon, two cans of grubs for fishing, a horseshoe once worn by Kentucky Derby winner Citation, and socks knitted with an "I like Ike" pattern.

These items are among the many gifts arriving here in daily floods at Eisenhower's residence. There is also a pile of 35,000 letters and telegrams.

Wolfe Using Tree To Make Photograpic Xmas Cards

Jumping the Christmas season by a few weeks, Wolfe Studio & Camera Shop, 1710 Twenty - fifth street, has decorated a Christmas tree for use in making photographic Christmas cards.

Wolfe stated that many people expressed the desire for these type cards but felt that pictures made last year, especially of small babies were out of date for use this year.

"As a solution to this problem we are getting the Christmas spirit early," Wolfe said.

Nearly everyone who hears of the idea agrees it's the answer to the problem of what picture to put on the cards, he added.

"Most people are pleasantly surprised to find that photgraphic cards made from their negatives or snapshots cost very little.

He said the prices are $9.95 per hundred, $5.50 for 50, and $2.95 for 25 cards. That price makes them cost only very little more than snapshots. And the price includes envelopes.

Mrs. Wolfe added that a lot of persons are getting movie and still camera outfits this Christmas on the easy credit terms which Wolfe Studio and Camera Shop offers.

"Many persons put off buying a movie outfit because of the initial cost; I know from experience with my two small children that they change from day to day and next year they are not going to do the same cute things they do this year," she said.

"Some of the appreciated movies of our children are the ones taken on Christmas morning. With modern lights this is so simple people who have never taken a movie before get perfect pictures," she stated.

Wolfe added that as little as ten per cent down and up to 18 months to pay mean no strain on the pocketbook. He also added that they appreciate "lookers" and invite anyone interested to stop by and browse around.

Among the many lines carried are DeJur, Revere, Eastman, Exa, Argus, and Polaroid.

Executives Are Impressed With Space Ideas

WASHINGTON (AP) — Some top-ranking businessmen little given to fantasy are so impressed with prospects of man-made islands circling in outer space that many today believe such a project should be financed for defense purposes.

Several members of the Business Advisory Council of the Commerce Department, made up of executives of some 100 large corporations, said at the council's closing session at Sea Island, Ga., yesterday that a recent off-the-record report by an Army guided missiles expert had "excited a lot of interest."

Wernher Von Braun, the ordnance expert, told the group two months ago that a space station of military value could be built within 10 years at a cost of four billion dollars or less.

Von Braun, project director of the Army Ordnance Guided Missiles Center at Redstone Arsenal, Huntsville, Ala., went on to say that the nation that controlled outer space could achieve world peace.

But, he said, the United States has "mighty little time to lose" because it is known that Soviets "are thinking along the same line."

The off - the - record address aroused so much interest at the time that it was printed and sent to council members, thus gaining somewhat wider circulation.

Robert T. Stevens, council chairman, told a reporter that although some labeled it "Buck Rogers stuff," others were impressed.

One executive said: "If I had four billion dollars I'd give it to him right now."

Von Braun told the business council that supporters of the project "are faced with far fewer basic problems than were the men who undertook the atom bomb development back in 1940."

The technique of getting materials to the stations' site at more than 1,000 miles from earth is known, he said. It would be an enormous, three-stage rocket, similar to, but larger than one already successfully tested.

The cargo needed for the space island would be left suspended in space while rockets returned for more payloads, landing like any airplane.

Gradually the materials would be assembled in space, creating an artificial satellite in the shape of a wheel.

It would rotate on its axis and circle the earth at 16,000 miles an hour.

Europeans Not Up To Date On Farm Methods

PARIS (AP) — World corn-husking champion Elmer Carlson left for the United States Friday with the parting observation that the governments of some European countries are "just plain stupid" about helping their farmers.

Elmer, a strapping, 43-year-old Audubon, Iowa, farmer, said European governments are "taking the easy way out. They put high taxes on gasoline, automobiles and farm machinery. The results are that European farmers are years behind the times in mechanized farming methods — they cannot afford machines and they could not afford to run them once they had them."

Elmer was brought to Europe in mid-September by the Mutual Security Agency to demonstrate to farmers of France, Holland and Italy how to shuck corn with a husking hook—a hand tool used by American farmers so speed the job of ripping the dried husks from ears of corn.

MSA hopes to persuade European farmers to adopt the hook method, enabling them to husk more in less time and thus cut costs.

Big First Day Bag Of Deer As Reports Trickle In Over State

By The Associated Press

The Texas deer hunting season went into its second day after one of the most successful opening days in years.

Figures reported to The Associated Press show that kills Sunday topped first day totals of last year in many seconds.

Hunters said the deer were fat and plentiful but turkeys were hard to find.

Fred Maly, outdoor editor of the San Antonio Express-News, put the opening day kill at around 8,000.

Dave Coslett of The San Angelo Standard-Times said his figures showed these deer on storage; Mason 231, Llano 170, San Saba 40, Kerrville 81, Uvalde 61, Rocksprings 30 and Brady 24.

DOUBLE LAST YEAR

Kenneth Foree, Dallas News outdoor editor, reported from Kerrville that the day's kill was almost double that of the first day last year.

Foree said that although the area was parched by the drought, the animals mostly were fat. It is believed a timely rain that made an acorn crop put the lard on the deer.

Some highlights of the first day:

Game Warden Jack Gregory, Kerrville, saw to it that three men paid $158 for using a spotlight to kill a 10-pointer on the eve of the season.

R. H. Webb, Dallas, bagged a buck in Palo Pinto County at 7:20 a.m. "Just good daylight."

LIMIT FIRST MORNING

Mrs. Tom Harrington, Clarksville, bagged a 190-pound, 10-pointer on the Stiles Ranch near Anona in the Red River Valley. Ed Green, Clarksville, got a 190-pounder on the same ranch.

In Gillespie County, R. H. Fowler, Austin, and W. R. Cox, Gladewater, killed two bucks each to complete their season's bag limits the first morning.

Victor Keller, Mason, won the first deer award in Mason County.

In Edwards County, O. J. Kubish, Pleasanton, made the first kill. Almost 85,000 acres in the county were reported still open to leasing for hunters.

ONE HAS 19 POINTS

Arthur Boenig, Converse, killed a 106-pound buck with 19-point Antlers.

What may be a near world record white tail deer horn spread was carried by a 13-point, 146-pound buck killed by A. W. Anderson, Sinton, in McMullen County. The spread measured 31 inches, or six-eighths inch shy of the recognized record.

Kerr County reported an opening day as good as last year. The county had a record of 3,600 bucks and 400 turkeys killed last year by 9,000 hunters.

The patient, whose name was not announced, was flown from Korea to Japan.

Gentle Housewives Are Seeking Mechanical Flogging Machines

SUTTON COLDFIELD, England (AP)—The good housewives of this Midlands town want to bring back flogging—but with tender thoughts for the whip-wielders. They suggested today that electric punishers handle the task.

A housewives' league told the district's member of Parliament that corporal punishment for criminals is necessary to end the recent wave of blackjack crimes.

"I'm not mechanically minded," said League Chairman Mrs. Dorothy Woodland, "but surely scientists can devise something. If they can invent an electric chair. I am sure they could invent an electric flogger."

McDonald Named To Head Steel Workers

PITTSBURGH (AP)—One of the late Philip Murray's jobs has been filed temporarily.

David J. McDonald, for 30 years right-hand man to the veteran labor leader, was named acting president of the CIO United Steelworkers until the union's members can select a new leader in a referendum to be held next Feb. 10.

McDonald was selected Saturday by the USW's 35-member Eecutive Board. He will continue his duties as the union's secretary-treasurer.

Baby Falls From Car Traveling 80 MPH

Tragedy was narrowly missed last week when a baby fell from a car traveling 80 miles per hour on the Big Spring highway.

The accident occurred Thursday afternoon.

The child, Lynda Carrol Jackson, daughter of Mr. and Mrs. J. L. Jackson, 2701 Avenue G, was treated for severe cuts and bruises, and a broken collar bone at Battenfield Hospital, and was released yesterday morning and is now at home under a doctor's care.

The Jacksons and Mr. and Mrs. Otis A. Lee were enroute to Big Spring to visit relatives when the baby opened a rear car door and was jerked out and rolled from 20 to 30 feet.

Episcopals Celebrate

DALLAS, Nov. 17 (AP)—A celebration marking the first 100 years of the Episcopal Church in this area of Texas was climaxed here yesterday with the confirmation of an estimated 500 persons.

Seven bishops confirmed the candidates.
