Receive Gin Machinery.
Messrs. J. S. Brown and D. W. Hill were here Tuesday hauling out the machinery for the new gin at Waldrip. The machinery is all new and of the best quality, and assures the people of the Waldrip community first-class service in ginning.
Messrs. Brown and Hill will push the building to an early completion and will be ready for business in ample time to open the season as soon as the first cotton begins to come in.

If we fail to please you, tell us why. Knowing our faults will enable us to improve our service. We want to please. R. K. Hallum & Co., Jewelers.

Died at Melvin.
Mrs. Nancy Pennington, aged 50 years, died last Saturday, March 22, at the home of her sister, Mrs. E. D. Hale, at Melvin. Mrs. Pennington came to Melvin from Arizona about ten months ago to make her home with her sister. Death was caused by tuberculosis. The body was shipped to her old home in Illinois for interment. Besides her sister, Mrs. Pennington is survived by a daughter living in Denver, Colo.

BUSINESS CHANGE.

H. C. Samuels Closes Deal for Joe Neumegen Stock.

H. C. Samuels closed a deal yesterday for the Joe Neumegen stock of gents furnishings, and the stock is being inventoried today, preparatory to Mr. Samuels taking over the business about the first of the month. Mr. Samuels has been a resident of Brady for the past two years or more, during which time he has made many friends here, all of whom are pleased to learn that he is to engage in business in Brady. Previous to coming to Brady he engaged very successfully in the mercantile business for a long number of years and is thoroughly conversant with the line of business in which he will engage.

Mr. Samuels expects to be able to open his store to the public about Monday or Tuesday, and will be pleased to have his friends call on him.

Mr. Neumegen has been in business in Brady for the past four years, and has proven himself one of the most agreeable and straight-forward citizens of this community. It will be with genuine regret that his many friends will learn of his intention to leave Brady, and all will join in wishing him every success wherever he may go. He has not fully decided upon his future course, but has several inviting propositions under consideration, and will probably locate in Fort Worth or Dallas.

Ornamental Flowers.
As a splendid example of civic attractiveness attention is called to the lobby of the Brady National bank, which has been ornamented the past week with a variety of plants and flowers. The improvement adds a touch of life, as it were, to the atmosphere that pervades a staid business institution of this kind, and when leaves and blossoms are added to the smaller plants the place will be one of the most attractive in Brady.

Early for Bee Swarming.
Roe Stearns reports having had a swarm of bees last Tuesday, which is something remarkable, considering that the season is no further advanced. Roe succeeded in hiving the bees before the blue norther struck Brady, and by so doing most likely saved them several frost bitten toes.

LOST CREEK ECHOES.

Voca, Texas, March 24. Editor Brady Standard:

Corn and feed stuff, I think, is about all planted, but none up, as I have seen. If it had been up it would have been killed, as the freeze Thursday night was pretty severe. It killed all small garden plants that was up and the fruit crop is all killed that I have examined, but I am hoping that all is not killed as bad as my own.

Those late freezes are always destructive. Nearly all of the fruit trees were in full bloom.

Missap Bros. have their new residence completed. It is about the best residence in this part of the country. It is good proof of prosperity to see men build such nice residences and speaks well for the country, as well; but everyone you meet who has ever seen this country knows it is a good one.

The school entertainment at Voca last Friday night was well attended by our community. All speak in the highest praise and pronounce it a grand success. The program was completed Monday night. All say that the last night was the crowning event.

Mr. and Mrs. Caps have a very sick child—a stubborn case of pneumonia, though it is reported as being better at this writing.

Henry Swyter, the Voca prescription druggist, is in Austin this week on business.

Mr. J. E. Westbrook, the Watkins man, is in our part of the county this week, and had the misfortune to get one of his horses badly cut in a wire fence.

This letter was intended for last week, but did not get it off, but it will do as well for this week, with a few additional happenings.

The little child of Mr. and Mrs. Caps is greatly improved and is out of danger. Mrs. Kitchens of Brady, a trained nurse, has been with the family for the past week.

Mrs. J. B. Season was stricken by a light attack of paralysis last week, but is improving nicely.

J. M. Davis, one of the oldest settlers of this county, has just returned from an extended visit to his son, John, and daughter, Mrs. W. R. Lemons, of Alanreed, Texas. It is reported that he will sell his property here and return to Alanreed to spend his declining years with his children. We regret very much to lose Uncle Joe from our midst.

Many thanks to Aunt Jane for her compliments. I, too, like Aunt Jane,

like to read news when I read. I have no complaint to make of any of the Standard correspondents. I think they are a fine bunch, and would like to meet and shake the hand of everyone of them.

I will suggest that we all condense our items and give news of interest only. Suppose I would say that "Mr. and Mrs. A. visited at the home of Mr. and Mrs. C. Sunday evening", and "Mr. D.'s horse was seen tied to Mr. B.'s Sunday." That isn't news to a mature reader. How many will say "amen" to this suggestion. I shall look for a unanimous voice.

A move will be made ere this goes to print for the consolidation of some of the small school districts, and of establishing a rural high school. As to results, I cannot now speak.

As to the votes, I don't know as I will vote, as it is not my intention to enter the contest, but will continue to give the news of this community as often as I can. A CITIZEN.

"Amen" to your remarks. It's news we want, and that our readers want.—Editor.

WHAT SAVED HER LIFE

Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Rivesville, W. Va.—Mrs. Dora Martin, in a letter from Rivesville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night.

The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardui.

Now, I am entirely well. I am sure Cardui saved my life. I will never be without Cardui in my home. I recommend it to my friends."

For fifty years, Cardui has been relieving pain and distress caused by womanly trouble. It will surely help you. It goes to the spot—reaches the trouble—relieves the symptoms, and drives away the cause.

If you suffer from any symptoms of womanly trouble, take Cardui. Your druggist sells and recommends it. Get a bottle from him today.

LOHN SUNSHINE.

Lohn, Texas, March 24.

Editor Brady Standard: Good evening to one and all! How are you all this week? I am still rubbing dirt out of my eyes; the wind sure does blow.

Health in our community is good. Messrs. R. H. and O. L. Cryer made a business trip to Rochelle last Sunday.

Mr. and Mrs. F. H. Williams were visitors at Doole last Saturday.

A little crowd met at Mr. J. D. Hipp's last Friday night and played games and talked and enjoyed themselves until a late hour.

Messrs. Paul Schmidt and Richard Bundick attended church at Broadmoor Sunday night.

Messrs. Hal Hall and Sherman Parker attended the ball game at Rochelle last Saturday. Lohn and Rochelle played and Lohn got beat for the first time. You Rochelle boys are cordially invited to come to Lohn and we will insure you that we won't get beat.

Misses Josie and Myrtle Butler were the guests of Mrs. Ella Cryer last Monday.

Everybody in this community is planting feed stuff and some have planted a little cotton, but as I have not got any winter cotton seed, I believe I will wait until spring opens up.

Miss Lucile Yantis and Messrs. Sam McCollum and Ben Arledge of Brady visited Miss Lena Carroll last Sunday.

Mr. J. I. Ellis went to Lake View last Friday on business, returning Saturday.

Mr. Vivian McMorries and sister, Miss Bonnie, were visiting in Lohn Sunday.

We are sorry to report that Miss Hannah Hill is on the sick list this week, but is much better at this writing.

Mr. Leon Barton was seen breaking a young horse to drive last Tuesday.

Well, skiddoo for this week. Here's good luck to all who read The Standard. PLONCY.

WALDRIP WHOOPS.

Waldrip, Texas, March 23.

Editor Brady Standard:

More wind and more sand! Surely the lane will turn soon, at least we are living in hopes of all this wind coming back in rain.

Mr. and Mrs. John Slaughter visited their parents at Pear Valley Saturday and Sunday.

Rev. Cumby, the Methodist preacher of Lohn, preached here Sunday afternoon and night.

Miss Sibyl Hayes was hostess to a crowd of merry young folks Friday night.

T. L. Hodges and Nat Randal were in Brady last week on business.

Mrs. J. S. Myles visited her daughter, Mrs. McAlister, of Brady last week.

Messrs. John Peters and Henry Churchill of De Leon were in Waldrip last Friday.

Mr. and Mrs. J. H. Briscoe of Brady visited Mr. Briscoe's parents here last Saturday and Sunday.

F. A. Slaughter, one of our merchants, was in Brady last Monday.

About twenty-six of the men and boys of our wee village met at the grave yard last Saturday and cleaned it up nicely.

Miss M. Powell spent Monday with Miss Lottie Daniels.

J. R. Winstead, Jr., went to Brady last week and purchased a new buggy, which adds greatly to his popularity.

Mr. and Mrs. Jack Wester of Coleman are visiting Mrs. Wester's parents, Mr. and Mrs. Coursey. The machinery for the new D. W. Hill gin has arrived.

I think Jerry had a very interesting letter last week, so I vote for Jerry. THE KID.

SWEDEN HAPPENINGS.

Rochelle, Texas, March 18.

Editor Brady Standard:

(Too late for last week.) Whosoever you are, be noble;

Whosoever you do, do well;

Whosoever you speak, speak kindly;

Give joy wherever you dwell.

I am glad to report Mr. Albert Turn on the road to recovery.

Miss Edith Nelin, one of our promising young ladies, is on the sick list this week. Nothing serious, we hope.

Messrs. C. J. Hendrickson and F. W. Hurd were visitors at the Turn cottage last Sunday a week ago.

Mr. O. E. Hurd was a guest at the

S. L. Hurd home last Wednesday.

Several of Sweden's popular young men left last Wednesday night for Fort Worth, where they will attend the fat stock show. Among them were Messrs. Gus Carlson, Walter and Irvine Hurd, Gus, Oscar and Carl Johnson, Paul and Oscar Johnson of Live Oak. We wish them a pleasant trip and a jolly good time after they get there.

Mr. and Mrs. C. J. Nelin and Mr. and Mrs. J. E. Wilson and children were guests at the D. A. Hurd home last Tuesday afternoon.

Miss Segred Johnson returned home last Thursday, after a few days visit in Whiteland.

On last Sunday Mr. and Mrs. C. J. Nelin celebrated the day with a beautiful dinner, the day being Palm Sunday. The weather had moderated

some since the Saturday before, so about all the invited guests were present. Among those who enjoyed this good dinner were Mr. and Mrs. D. A. Hurd and sons, Messrs. Walter and Irvine, and grandchildren, Mr. and Mrs. E. G. Nelin and family, Mr. and Mrs. E. G. Nelin, Mr. and Mrs. C. O. Johnson and family and Mr. F. W. Hurd and sisters, Misses Alma, Myrtle and Nina. We are indeed thankful that we have just such loyal citizens as Mr. Nelin and his good wife in our settlement. It would be needless for me to mention the menu, for we had everything on the table that was good to eat.

Rev. T. P. Grant filled his regular appointment here last Sunday afternoon. Mr. Grant is a fine preacher, and we wish you all could hear his eloquent sermons.

Mrs. Holeman and niece, Miss Nora Pollard, were shopping in Brady last Monday afternoon.

We were indeed sorry that our visitors from Rochelle were disappointed last Friday night. Our literary society was postponed on account of several of our boys attending the fat stock show at Fort Worth at that time.

Mr. and Mrs. J. S. Abernathy were guests at the Turn home last Friday night.

Mr. J. M. Meadows of Fentress, Texas, was a guest of Mr. and Mrs. J. S. Abernathy last week. Mr. Meadows is an uncle of Mr. Abernathy.

Several of our citizens attended the anniversary of Mr. and Mrs. C. A. Anderson's wedding last Saturday night.

Mrs. W. J. McCartney of Melvin is spending several weeks at the S. L. Hurd home. She has just recovered from a severe attack of typhoid fever.

Success and prosperity to all. AUNT SUSAN.

Never can tell when you'll wash a finger or suffer a cut, bruise, burn or scald. Be prepared. Thompson's relief upon Dr. Thomas' Electric Oil. Your druggist sells it. 25c and 50c.

NORTH BRADY ITEMS.

Brady, Texas, March 26.

Editor Brady Standard:

This is my first attempt to write to the new Standard. Most everyone has planted their maize and cane. Some few have planted some corn.

Little Miss Rachael Cottrell, who has been puny for about two weeks, has about recovered.

Most everyone in this neighborhood has gardens up, and looking very well for the cold weather we have been having lately.

Mr. Galloway has made some improvements on his farm near the road which adds much to the appearance of the field.

Messrs. Dan Cottrell and Alto McShan went fishing Saturday night, but didn't have very good luck.

Mr. and Mrs. J. M. Johnson and family visited her parents near Rochelle Saturday night and Sunday, and report having had a fine mess of fish for Sunday.

Mr. Galloway and wife went to Sweden to church Sunday.

Very near all, if not all, the fruit was killed in the recent cold spell of the 15th inst.

Mr. Eklund, on the Brownwood road about 2-1/2 miles from town, has erected a blacksmith shop to accommodate his neighbors and has a fine recommendation for blacksmithing, having resided in Austin quite a number of years and doing first-class work in this line of business.

Mr. Carlson of Prairie View community is reported quite sick at this writing.

Mrs. G. A. Nelson is having fine luck with her incubator.

Quite a number of the third ward school enjoyed an Easter egg hunt on the playground.

Oats are looking fine now. Hope this will find a place in your newsy paper, and I will try to write again.

Best wishes to the editor and correspondents. DAISY.

This Should Keep The Baby Healthy.

When It Is Ill Don't Become Alarmed, But Give This Fine Laxative.

It is often difficult to tell just what is the matter with a cying, peevish baby or child too young to express his feelings in words, but a general rule the mother will find there is a tendency to constipation which has brought on a headache or nervousness. The little one has no pain, but feels "out of sorts."

The first thing to try is a family remedy containing good at mild laxative properties, and my mothers will say that their child would be Dr. Caldwell's Syrup Pepsin. Thousands of mothers keep it in the house for such emergencies, and you may be mentioned Mrs. Jennie Manuel, Alamo, Ill., who began to give her baby, Frederick, Syrup Pepsin when he was six months old, and has used it ever since with gratifying results. She writes that Frederick was not growing well and threw up his food, but after a few days use of Syrup Pepsin he was able to retain his food and gained rapidly weight. Thousands of others are glad to say that Syrup Pepsin saved the many an illness and many a large doctor bill, for by administering it promptly, when the first symptoms of illness were noticed, they prevented a serious ailment.

It is so pleasant tasting that no child will refuse it, and as it does not gripe, the child is glad to take it again. A bottle can be obtained of any druggist for fifty cents or one

FREDERICK MANUEL.

dollar, the latter being the size bought by families already familiar with its merits. Results are always guaranteed or money will be refunded.

Syrup Pepsin is for all the family, from infancy to old age, and because of its mildness families should prefer it over all other remedies. It is absolutely safe and reliable. You will never again give cathartics, pills, salts or such harsh physics, for they are usually unnecessary, and in case of children, women and elderly people are a great shock to the system, and hence should be avoided.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial before buying it in the regular of a druggist, send your address postal will do—to Dr. W. B. Caldwell, 17 Washington St., Monticello, Ill., a free sample bottle will be mailed you.

PEAR VALLEY SAYINGS.

Pear Valley, Texas, March 25.

Editor Brady Standard:

My, my! How is this high south wind serving you readers and our kind editor? It has almost blown me away.

Mrs. Nicks of this place has been very low, but am glad to say she is improving now.

Mr. John Simmons and family spent Sunday here visiting relatives and friends.

Mr. and Mrs. John Slaughter of Waldrip spent Saturday and Sunday here with relatives.

Messrs. Fred Hodges and Bill Fowler were seen going toward Mr. Bullock's last Saturday night.

There was a singing at Mr. Fowler's Sunday night, and of course everyone enjoyed it.

Mr. Roy Arrington made a business trip to Brady Sunday, returning home on Monday.

Mr. Bill Fowler and Misses Eula Holloman and Lola Bullock attended church at Broadmoor Sunday night.

The Easter hunt at school was enjoyed by all the children Friday afternoon. There was also one at Mr. Thacker's Sunday, but on account of the high wind, there wasn't many there. But I think the ones who did go enjoyed it, especially Miss Myrtle Faulkner and Mr. Wiley Shirley.

I must quit, but first allow me to compliment "Sour Kraut's" last letter. I certainly enjoyed reading it.

EAST BRADY.
Brady, Texas, March 25.

Editor Brady Standard:

Well, here I come after this blustery Easter Sunday is over; the first Easter Sunday in three years that it hasn't rained. Maybe this year will be a good crop year.

Mr. and Mrs. Charlie Ellis of Voca were the guests of Mrs. Ed Miller Thursday.

Mr. Tom Allen of Voca was in East Brady Friday. He spent the night with his step brother, Mr. Doc Morrow.

Mrs. Frank Ogden entertained her Sunday school class at the M. E. church Saturday afternoon with an Easter egg hunt. They played games awhile and then the egg hunt came off. They all enjoyed the evening.

Mr. and Mrs. L. W. St. Clair's two little sons, Bernard and Raymond, are very ill with the chicken pox. We hope for their speedy recovery.

Little Master Fred Miller, who has been down for six weeks with rheumatism is doing very nicely at present.

Misses Eda Bell and Flossie Castleman gave an Easter egg hunt Sunday afternoon for a few of their little friends. Those among the guests were Misses Lora and Willie Mae Miller, L'oye Tindel, Grace Purdom, Tinnie and Bettie Morrow, Lela Bumgardner and Lavada Wood; Messrs. Charlie and Louie Miller, June McKee. They all enjoyed themselves very much.

Misses Celia and Opal Tippie have gone to San Saba on a visit to their brother, Mr. John Tippie.

Mrs. Marion Miller and daughter, Mrs. Dean, of Voca were the guests of Mrs. Miller's son, and wife, Mr. and Mrs. Ed Miller, Saturday night.

Sour Kraut said that Aunt Susan was a rhymist. I think he or she is Kraut.

Mrs. Doc Morrow is on the sick list this week.

Mrs. George Nix of Mercury was in East Brady Thursday.

A jolly crowd of school girls and boys enjoyed the day Saturday on the creek. They took their lunch and had an Easter hunt in the afternoon. Those among the crowd were Ona Sneathly, Dude Shuler, Ora Nell Martin, Ella Mae Bumgardner, Doyle Tindel, Mabel and Norma Balch, Grace Purdom, Vernon Jordan, Roscoe Purdom, Francis Keller, Auty and Gordon Bumgardner and Mrs. C. C. Bumgardner. Miss Nola Tindel went along to chaperone. They reported a jolly good time.

Mr. and Mrs. J. H. Briscoe spent Saturday and Sunday at Waldrip, the guests of Mr. Briscoe's parents.

Little Miss Doyle Tindel is on the sick list this week. Guess her Easter made her sick.

What has become of Happy Jack of Whiteland? Surely changed his name or moved off.

Miss Carrie Berry gave her Sunday school class an Easter hunt at the Dutton grove Sunday afternoon. All had a jolly good time.

Mrs. Jim Wade has been very ill with la grippe this week.

Mr. Truman Allen and nephew, Mr. Virgil Allen, were in town Monday on business and spent the night at Mr. Doc Morrow's.

Miss Doyle Tindel gave an Easter hunt Sunday afternoon. The little party was composed of Ora Nell Martin, Mabel and Norma Balch, Grace Purdom and Master Jim Mann Bevans. They hunted the eggs and played games until six o'clock; then they all departed, saying they had a nice time.

That was a mistake about Larue Wood breaking her arm. It was just sprained.

Mrs. John Morrow and little daughters, Ella and Jewel, were in town Monday, and Mrs. Morrow's sister, Mrs. Doc Morrow, and little daughters, Linnie and Bettie accompanied her home to stay a few days.

Many good wishes to the readers, correspondents and good editor.

STACY NEWS.
Stacy, Texas, March 23.

Editor Brady Standard:

Well, here I am again, and oh, how the wind is blowing!

Mrs. Mildred Johnson of Coleman is visiting her uncle, Mell Pearce, this week.

Mr. Lewis Trott made a business trip to Brady last Wednesday.

Mr. and Mrs. Franks of Brownwood, agents for literature books, have been through this country this week.

Mr. Walter Williams went to Paint Rock Tuesday and returned Wednesday.

Mr. Miller Hammons made a business trip to Brady last Tuesday, and while there one of his horses died. We are sorry to hear of such bad luck.

Mr. Harry Farmer, who is attending school in Brownwood, visited his sister, Mrs. Miller Hammons, from Friday until Monday.

Mr. Reek Spiller of Burnet county came here last Wednesday and rented the Coffelt place, where he will move his family real soon. We are glad to have Mr. Spiller and family with us.

Miss Mary Craig of Salt Gap visited the Misses Polk from Friday until Sunday.

Mr. Johnnie Burrow and Miss Beulah Evans accompanied Miss Nina Crozier to her home in Paint Rock last Saturday.

Mrs. Guy Smith of Wichita Falls is visiting her parents, Mr. and Mrs. Burrow.

Mr. and Mrs. Fred Taylor made a flying trip to Coleman last Friday in their car.

Mr. and Mrs. Dillard Zimmerman went to Brownwood last Friday to visit Mr. Zimmerman's parents.

What's become of the Doole correspondent? Come on, Doole, I love to see you out, as we are neighbors.

Mr. and Mrs. Joe Brooks made a trip to Coleman last Friday.

Waldrip, may I ask why E. Z. and I are favorites? You know girls always have a great curiosity.

Rev. Burrow preached an Easter sermon here Sunday morning at 11 o'clock. Rev. Burrow preached a good sermon, and all who were present enjoyed it very much.

We have been requested to announce that the singing convention will be at Fife the first Sunday in April.

Well, guess I had better quit and let some good writer have space.

SWEDEN HAPPENINGS.
Rochelle, Texas, March 27.

Editor Brady Standard:

Well, here I am again. I hope you won't think me unwise in coming, although I don't help out very much.

Mrs. C. J. Nelin was a guest of Mrs. S. L. Hurd last Tuesday afternoon.

Mrs. T. A. Dial is on the sick list this week. La grippe seems to be making visits among us.

Mr. and Mrs. O. E. Hurd and son, Master Leslie Kyle, and Master Raymond Engdahl were guests at the D. A. Hurd home last Wednesday.

Mr. C. A. Johnson and wife were visitors at the W. T. Galloway home last Tuesday afternoon.

Mesdames McCartney and Wilson were visitors at the T. A. Dial home last Tuesday afternoon.

Last Thursday afternoon one of our charming young ladies, Miss Victoria Johnson, entertained the Ladies Aid society at her beautiful home. It would be needless for me to say these estimable ladies enjoyed themselves, for you know well that Miss Johnson is a charming hostess.

Many thanks to you, Sour Kraut, for the compliment. I will show you how much I appreciate it by returning the same, and even better to you. I, too, feel interested in the "Old Woman." If I could but write just as good as some of my fellow correspondents, I would be pleased.

Last Sunday Mr. F. W. Hurd as "Mr. Samuel Hopkins"; Miss Myrtle Hurd as "Miss Ruth Arlington" and Miss Nina Hurd as "Miss Lucy Hopkins," daughter of "Mr. S. Hopkins," and Mr. Paul Johnson as "Mr. Clarence Ogden," dined at the D. A. Hurd home. They were the guests of Miss Ruby Hurd as "Mrs. Mary Ogden," Mr. Irvine Hurd as "Mr. Harold Morton" and Mr. Walter Hurd as a Mexican of high degree, "Pedro Silvera." Miss Elen Hendrickson as an Indian girl, "White Bird," also dined at this beautiful country home. A splendid dinner and a jolly good time was had by all present. When you go to Mr. Hurd's you are always entertained to your heart's content.

Rev. T. P. Grant filled his regular appointment here last Sunday afternoon. On account of the inclement weather only a few were present.

Mr. and Mrs. J. S. Abernathy invited the young folks down to their cozy little home last Sunday afternoon for an Easter hunt. Besides the Sweden crowd, Mr. and Mrs. W. H. Cottle and Misses Mary Sellman, Lillie Brown and Ella Moseley of Rochelle were in attendance. Three prizes were awarded the guests—Mrs. Cottle won the prize among the girls for finding the largest number of eggs. Mr. Irvine Hurd won the prize among the boys for finding the largest number of eggs, while Miss Lillie Brown won the prize for not finding any eggs at all. Mr. Abernathy furnished plenty of music for us after the search. We only wish Mr. Abernathy and his good wife many such happy occasions.

The young folks of this place were invited to the beautiful home of Mr. and Mrs. H. C. Johanson last Sunday night to singing.

I guess lots of the ladies were disappointed last Sunday because they couldn't wear their new Easter bonnets.

Messrs. Gus Carlson and Oscar Johnson and Miss Victoria Johnson dined at the D. A. Hurd home last Sunday night.

I will leave space for a better writer.

AUNT SUSAN.

Found a Cure for Rheumatism.
"I suffered with rheumatism for two years and could not get my right hand to my mouth for that length of time," writes Lee L. Chapman, Mapleton, Iowa. "I suffered terrible pain so I could not sleep or lie still at night. Five years ago I began using Chamberlain's Liniment and in two months I was well and have not suffered with rheumatism since." For sale by all dealers.—Advertisement.

COW GAP MOOINGS.
Lohn, Texas, March 25.

Editor Brady Standard:

Why, hello, how are you all this beautiful morning? I am not feeling very well today, so you need not expect a very newswy letter from the Gap.

My, my! If Sour Kraut did not send a good little verse last week; He and Aunt Susan must be sure enough poets.

Health is fine in this community at present. Everybody seems to be enjoying life.

Mr. and Mrs. Hemphill visited at the Bernshouse home last Sunday.

N. C. McShan and family visited their relatives near Brady Saturday night and Sunday.

Misses Maud and Winnie McCombs were the guests of Mrs. Brazleton Sunday afternoon.

Mr. Raymond Snider was seen in the Gap the past Sunday.

Mr. Ludwick made a business trip to Brady Monday.

Miss Lena Carroll entertained her pupils Friday afternoon with an Easter egg hunt. A book of fairy tales

FIFE FINDINGS.
Fife, Texas, March 25.

Editor Brady Standard:

Well, it is still dry out here, and stock water is about as scarce as hen's teeth; oats are holding up well, but will need rain soon.

Monroe M., the youngest child of John and Ollie Mitchell, aged three months, died last Sunday, after an illness of five days of pneumonia and was buried in the Fife cemetery March 24th. We extend sympathy to the bereaved family.

DUSTY DOINGS.
Voca, Texas, March 22.

Editor Brady Standard:

Well, I don't know how much to write this week, as it is most too windy and dusty for news to fly, but will give in a few that managed to get out of the big freeze alive.

Friday and Saturday night was the coldest weather I ever heard tell of, much less have seen, for this time of year, but it is trying to make up for lost time by being pretty now.

Crops are doing as fine as could be expected.

The Voca school entertainment on Monday night was a success.

Well, I don't know hardly how to write, as Aunt Susan says she don't like any foolishness, but Aunt Susan, please forgive us young folks this time. Perhaps you are getting old and nervous, but if you are not young now you once was, so do try to overlook us, and when we get old we will do better.

And, Aunt Susan, you say we correspondents ought to pat you on the head for being more prompt in your writing. I think you do well. I voted for you this month, and if it was to do over, I'd vote for Aunt Susan.

A large crowd of young folks enjoyed a singing at Mr. J. P. Shaffer's Sunday night.

Here I am with just a handful of news.

Wind, wind! I never saw so much hard winds from the south.

Mr. Craig returned home Saturday from his ranch in Crockett county.

Mr. Craig will move in a few days to his ranch.

Messrs. Clyde and Arthur Peel were the guests of Mr. and Mrs. Odean Hallmark of West Gansel Saturday night.

Mr. Tom Kellum has returned home from Jonesboro, where he has been going to school for the past three or four months. We are glad to have Mr. Tom in the community once more.

A large crowd of young folks enjoyed themselves at a dance at Mr. Stubbs last Wednesday night. All report a nice time.

Mr. Lloyd Henderson was seen going toward Gansel Saturday evening.

Mr. D. M. Sherman has returned home from Tanglewood, where he has been for some time hauling cord wood for sport.

Mesdames S. A. Coalson and S. B. Riggs were the guests of Mrs. John Peel last Friday.

Messrs. Mack Peel and Jess Sherman have returned home from a fishing trip, but didn't catch any fish.

Mr. Croft, one of our old neighbors, was up from Burnet last week.

There is right smart sickness in this community this week.

DR. PRICE'S CREAM Baking Powder

Purity in food, lower cost of living—these are the demands of the day.

Pure food is health, and health is economy itself. We cannot have health without healthful food.

The most healthful foods are the quickly raised flour foods—biscuit, cake, muffins, crusts and other pastry, when perfectly made from wholesome ingredients.

Dr. PRICE'S baking powder makes these foods in specially attractive, appetizing and wholesome form, and for both economic and hygienic reasons, such food should be more largely substituted for meat in the daily diet.

But bear in mind that alum, or unwholesome baking powder, can never make pure, wholesome food.

NEW ADVERTISING METHODS.
The live, up-to-date merchant of today realizes that successful advertising is not the kind that states "Jones for general merchandise." It takes something more than such commonplaces to interest the intelligent buyer. In other words, the successful advertisement of today requires brains and an insight into the needs and demands of the buying public. It must be timely. It must be attractive and interesting.

Along this line we want to call attention to the class of advertising being featured by O. D. Mann & Sons, viz: The naming of some article as a special bargain offer for each Monday in the month. These offers are all upon seasonable articles, and the reader who has not observed the ad of this firm heretofore had well begin to do so now.

The advertisers of The Standard are the most enterprising of the business men of the city, and their advertisements reflect their enterprise. Take Abney & Vincent, among others. Since before Christmas they have had an unusually attractive line of advertising: their offers are of more than ordinary interest and more important than all else—their ads are kept strictly up-to-date, changing with almost every issue, and presenting new goods and new features with each successive issue.

If you have not taken time heretofore to carefully read the announcements of the merchants you had well change your methods now. It means a saving to you, and money saved is money easily earned. Try reading the ads in each successive issue, and before long you will find they contain some of the most interesting news we have to offer.

GRASSHOPPERS.

The attention of our rural readers is directed to the article in this issue concerning grasshoppers, and which contains much valuable information in fighting this troublesome pest. Don't overlook it, and when you have finished reading it, pass it along to some one of your neighbors, or preserve it for future reference.

The advice offered in the article is given by the state entomologist, and is based upon a careful study and experiments in dealing with the grasshopper pest in various parts of the state.

Chas. Bradley returned Wednesday from a trip through the Hall Valley community. He reported a world of oats through that section, and all of them looking fine. He saw some corn up in the sandy belt of San Saba county.

T. J. Roberts is here from Alpine, greeting his many friends. Mr. Roberts is engaged in the stock raising business, and both he and Mrs. Roberts are well pleased with the country. He expects to remain over until next week.

W. H. Lake was over from Brownwood yesterday on a business visit. He reports both himself and Mrs. Lake as being well pleased with Brownwood, even though they did regret to leave Brady. Brownwood is quite lively now that the railroad work is in progress, and according to Mr. Lake will be even more so, when the present work of clearing away has been completed, and the building of the shops has been begun.

Brady Standard, \$1.00. Mr. and Mrs. F. W. Hender are going to try to make their stay away from Brady as enjoyable as possible, and order The Standard sent to them at Lightner for that purpose.

Our good friend, J. S. Wilson, was up from Fredonia recently, and not only renewed his own subscription, but that of J. S. Roberson, Wonder, Ore., as well. Get your oils and gasoline at Willbanks'.

DIED TUESDAY EVENING.
Death of Mrs. W. R. Davidson a Shock to the Community.

One of the saddest deaths ever recorded in Brady was that of Mrs. W. R. Davidson, Jr., which occurred Tuesday evening at 5:55 o'clock at her home in North Brady. Mrs. Davidson had been ill only about ten days, and death was caused by obstruction of the bowels. She was conscious till the last, and after bidding heartbroken relatives and friends an affectionate farewell, she peacefully fell into the sleep that knows no awakening in this life. Her last words as her spirit took its flight and the splendors of a greater world opened to her vision were: "Oh, how beautiful!"

Mrs. Davidson, at the time of her death, was 24 years, 3 months and 15 days old. She was the daughter of Mr. and Mrs. C. R. Tisdale, formerly of Brady, but now living at Pampa, Texas. She was married a little over two years ago to W. R. Davidson, Jr., the couple being devoted to each other, and their married life was one of exceptional happiness. Mrs. Davidson was one of the most charming young matrons of the city, and had endeared herself to a large circle of friends, over whom her death casts a shadow of deepest gloom.

The funeral services were held Wednesday afternoon at 6:00 o'clock at the residence, Rev. T. P. Grant conducting, the large attendance of sympathizing friends and the many beautiful floral offerings speaking more than words of the esteem in which the deceased was held.

The body was taken to Madison, Ind., on the night train for interment in the family burial grounds in accord with the dying request of Mrs. Davidson. Mrs. W. R. Davidson, Sr., Mrs. W. D. Crothers and C. C. David-

son accompanied the bereaved husband on the long journey to Madison.

Besides her husband, Mrs. Davidson is survived by her parents, Mr. and Mrs. C. R. Tisdale, Pampa, Texas; one sister, Miss Mary Bell, Clarendon, Texas, and four brothers—Bascum Tisdale, Pampa, Texas, Ed Tisdale, Newport, Ark., Ira Tisdale, San Benito, Texas, and W. R. Tisdale, Eddy, Texas. The latter arrived in Brady yesterday too late to attend the funeral, having missed train connections. None of the others were able to attend the funeral. Mr. and Mrs. Tisdale and Miss Mary Bell wired that they would attend but a later message announced that the latter had suddenly become ill at Clarendon, and Mr. and Mrs. Tisdale were hastily summoned to her bedside.

In their deep grief, the bereaved husband, as well as the members of the family, have the deepest sympathy of the citizens of Brady and McCulloch county.

D. F. Savage orders The Standard sent to his sister, Miss A. H. Savage, at Bay City, Mich.

THE HARVEY HOTEL, Menard, Texas.

This hotel has been thoroughly overhauled and renovated and placed in strictly sanitary condition, and is now under the management of Mr. A. A. Beck, formerly of Brady, who will welcome all Brady and McCulloch county friends when in Menard. Give us a call when in the city—we guarantee courteous treatment to all and the best the market affords.

P. P. Phillips is prospering at Placedo, Texas, and shares his prosperity with us. Maybe P. P. has become a socialist, and is putting his new-found beliefs into practice.

Will Preach at Rochelle.

Rev. D. R. Hardison announces that he will conduct services at Rochelle both Sunday morning and afternoon. A cordial invitation is extended all to attend the services. He will return to Brady and hold the Sunday night services as usual at the Christian church.

A MESSAGE

To the Old People.

As one grows old the waste of the system becomes more rapid than repair, the organs act more slowly and less effectually than in youth, the circulation is poor, the blood thin and digestion weak.

Vinol, our delicious cod liver and iron tonic without oil, is the ideal strengthener and body-builder for old folks, for it contains the very elements needed to rebuild wasting tissues and replace weakness with strength. Vinol also fortifies the system against colds and thus prevents pneumonia.

A grandniece of Alexander Hamilton, over eighty years of age, once remarked: "Vinol is a godsend to old people. Thanks to Vinol, I have a hearty appetite, sleep soundly, feel active and well. It is the finest tonic and strength-creator I have ever used."

If Vinol fails to build up the feeble old people, and create strength, we will return your money. **Central Drug Store, Brady, Tx**

IS YOUR TITLE PERFECT?

Is your title perfect? How do you know whether it is or not? Of course you have a deed to your land, but a deed to you does not give you a perfect title. A deed does not give you a history of your title. It merely conveys to you a certain tract of land therein described. How, then, can you know about your title? There is only one method yet devised. That is by means of an abstract. The abstract shows you the true condition of your title. It shows you the defects in your title. Of course, you do not believe there are any defects in your title. You are certain your title is perfect. Now, for a fact, you do not know anything about your title. We are going to make you a bona fide proposition in our next article in reference to the defects in your title. It will be of interest to you. You should not pass it by, for it is made to convince you that your title is defective, so watch next Friday's issue. Take advantage of it and be convinced. It will mean no obligation on your part. It will be made to convince you that we know what we are talking about. We own an abstract plant and know your title, and see compelling abstracts that show the true condition of your title. We are turning out "The abstract you will eventually use."

The Buick "31"

Sells for \$1285 F. O. B. Flint

The Buick "31" is a motor car of the highest type. It has the appearance that makes the people you pass take that second look. It has the power that will take you anywhere and bring you back. It has the durability that makes it a good investment. It costs less to run it and keep it up than it does any car ever built. It is easy riding, easy to handle, commodious, graceful in body contour, and it is beautiful of finish. Every part that goes into Buick manufacture is made in the Buick shops. There are 110,000 Buicks on the road. Some of them have gone 150,000 miles and are still going. The company challenges anybody to produce a worn out Buick or one which has been junked because the owner couldn't secure parts. The Buick shops are the largest in the world, and you can find a Buick dealer anywhere you go. And the Buick sign is always a sign of good treatment. The Famous Buick Overhead Valve motor is guaranteed to have more power and more speed than any other type of motor on the market. It will pull stronger on low grade gasoline than any other type of motor ever built, and the fuel consumption is less.

KILLING GRASSHOPPERS

IMPORTANT ADVICE BY STATE ENTOMOLOGIST.

Three General Methods of Destruction of Pest—Recipes for Poisonous Mixtures to Kill Them.

Due to the appearance of a large number of destructive grasshoppers in the state in 1912, the Texas Department of Agriculture is giving out the following information so that growers can prevent the destruction of their crops by the recurrence of these insects this year:

"Nearly all of our destructive species of grasshoppers have approximately the same life history. The eggs are deposited in the soil at a depth of from one to two inches, in masses of from twenty eggs and upwards in each mass. The egg laying occurs mostly in the months of July, August and September. Most of the eggs in this community are laid in the pastures and woods. Upon the approach of warm weather of the following spring, the eggs hatch and the young, traveling in bunches, feed upon succulent plants. Their feeding habits are very general, although some species are somewhat particular as to their food plants.

"When young cotton is attacked, the hoppers feed mostly in the afternoon or early in the morning, seeking shade in the shrubs or weeds along fences and in pastures during the warmer parts of the day.

"Under the control of grasshoppers, we have three general methods:

"First: Destruction of eggs in the winter months by plowing. This, of course, does not destroy eggs that are laid in the weeds. However, those laid in the fields and along the turn rows and in fence corners can be destroyed by exposing with the plow.

"Second: This consists of mechanical methods and trapping. Since the young insects gather in clusters late in the evening, while they are still in bunches, large numbers can be destroyed by burning them with a torch, pear burner or by spraying them with oil. The grasshoppers can be trapped and burned under cut weeds along the border of an attacked field. A ditch around the field ahead of the line of advance, about two feet wide and from twelve to eighteen inches deep, with somewhat steep sides will catch large numbers of the hoppers. They can be destroyed by burning straw over them or by spraying them with pure kerosene oil while they are in the ditch. Postholes in the ditch every fifteen or twenty feet will collect the hoppers in large numbers, where they can be destroyed very easily with coal oil or hot water.

"A small boy walking along the ditch early in the morning and late in the afternoon can easily kill any hoppers that have succeeded in crawling up the side of the ditch and can at the same time repair any breaks or 'cave-ins' along the side toward the uninfested fields.

"In some sections of the state tin fences are used as barriers. These fences are about eight inches high and are held up by firm wire pins, placed on the inside of the uninfested fields. If wires are placed on the outside of the field the hoppers will crawl over. The fence costs a good deal more than the ditch, averaging about two cents per running foot. Post holes should be dug along the fence on the side of attack so that the hoppers, when crawling along the fence, will fall therein and can be destroyed. Where holes cannot be dug, poisoned bait can be placed along the fence.

"Where the hoppers are very large, are scattered over the entire field, and do not return to shady places along the border of the field, the only practical method is to destroy the pests with the cotton hoe or a paddle.

"Third: This method consists of poisoning the insects with poisoned bait at the time when they are young and travel to and from the field to the shade in the woods and along fences where weeds are allowed to grow. Either of the following baits is good, but since these insects can stand a good deal of poison and it acts slowly, do not be disappointed if you do not see them fall over while they are eating. It takes all the way from eight to eighty hours before they die; however, they seldom feed after they have partaken of the poisonous mixture.

Bait No. 1.
Wheat bran.....40 pounds
Arsenic or Paris green, 3 to 5 lbs
Sorghum molasses.....2 gallons
Water, about.....2 gallons

"Mix well and apply in rows along the line of advance, preferably along the fence close to the weeds where they are hiding. The mixture can be strewn in a continuous row or in balls every ten feet.

Bait No. 2.
Paris green or arsenic.....1 lb
Fresh horse manure, 30 to 40 lbs
Salt.....2 lbs

"Water to moisten; mix well and apply as No. 1.
"It is best to place these baits out late in the afternoon so as to prevent drying out and at the same time have it ready when the insects are hungry.

"It must be remembered that the above poisons should not be used where chickens or stock have access to fields.

"Bait No. 2 (Griddle mixture) is far better than No. 1 on account of its cheapness and less danger of poisoning birds and other animals.

"Where grasshoppers are scattered over large pastures, especially like they were in the mountains of Blanco, Burnet and Gillespie counties, it may be necessary to distribute a contagious disease before the insects can be materially decreased. This, of course, can be done early in the season while the atmosphere is still moist for the simple reason that the fungus thrives best under moist conditions. Prof. Ernest E. Scholl, entomologist of the Texas Department of Agriculture, will try to secure a sufficient amount of the disease germs so that it can be applied promptly this spring, should another outbreak of hoppers occur."

The above information was sent Commercial Secretary D. R. Hardison by Ernest E. Scholl, state entomologist, in response to inquiries made of the commissioner of agriculture for suggestions for fighting the grasshoppers which appeared last year in several localities. The hoppers are reported as having already appeared in one or two places in the county, and every farmer should read the above article carefully and preserve it for future reference in aiding in the fight to rid McCulloch county of this pest.

If women only knew the cause—that Backache pains often come from weak kidneys.
I would save much needless woe.
Doan's Kidney Pills are for weak kidneys.
Many residents of this vicinity endorse them.

Mrs. J. P. Martin, 208 Taylor Ave., Brownwood, Texas, says: "For several years I had attacks of kidney trouble. During these spells my back was very weak and there was a dull ache through my kidneys. The kidney secretions were also unnatural, and I felt all out of sorts. Dizzy spells and headaches added to my misery. Doan's Kidney Pills were so highly recommended by my friends that I decided to try them and got a box. After using part of the box, I began to get relief and in a few days I felt able to get around to attend to my work. I have never failed to get relief from this remedy when I have taken it since and I am only too pleased to recommend it."

Next week we will begin moving the machinery of the light plant to the new quarters, and during this period the patrons are requested to use only such lights as are absolutely necessary. This for the reason that we will have to depend entirely upon the gasoline engine for power until the machinery can be placed. By Saturday we expect to have our steam engine again in operation and will be in a position to supply all the light needed.

Your careful observance of the above request will assist us in avoiding any delays caused by the overtaxing and possible breakdown of the gasoline engine.

Studebaker

"Young man, when you buy a buggy, be sure it's a Studebaker"

Sound advice from the man who has been driving one for twenty years.

When you buy a Studebaker buggy you are buying all the skill, experience and science in buggy building that half a century can produce. You are protecting yourself against the mistakes of younger builders.

You will always be proud of the Studebaker nameplate, for there isn't a buggy on the road that is its equal for style, luxury and good looks.

Flexible bent-reach gear, graceful lines, solid corner, plugless body, double-ironed shafts, are a few of the special Studebaker features.

The new close-fitting shifting rail is enough in itself to make you buy a Studebaker buggy.

The Cause of Rheumatism.
 Stomach trouble, lazy liver and de-
 ranged kidneys are the cause of rheu-
 matism. Get your stomach, liver,
 kidneys and bowels in healthy con-
 dition by taking Electric Bitters, and
 you will not be troubled with the
 pain of rheumatism. Charles B. Al-

 Ga., who suffered indescribable tor-
 ture from rheumatism, liver and
 stomach trouble and diseased kidneys,
 writes: "All remedies failed until I
 used Electric Bitters, but four bot-
 tles of it is wonderful remedy cured

Millersview Well 1125 Feet.
 G. F. Bartlett came in Wed-
 nesday from Millersview and re-
 ported having just completed a
 difficult job of fishing. Last
 Friday part of the casing slip-
 ped down fifteen feet, the bot-
 tom end caving in so as to pre-
 vent the withdrawal of the
 tools from the well. No way out
 of the difficulty presented itself
 except to pull the casing out
 over the line, and as each length
 was raised it was uncoupled
 and carried out of the way by
 a wagon, until the broken piece
 of casing was reached. Another
 difficult feature of the fishing
 job was to prevent the remain-
 der of the casing from dropping
 to the bottom of the well, and
 this feat was accomplished by
 drilling a couple of holes at the
 top of the string to enable the
 drillers to fasten on and anchor
 it safely.
 The well has reached a depth
 of 1125 feet.

Stitch and Chatter Club.
 (Too late for last week.)
 The Stitch and Chatter club
 met with the Misses Morris
 Tuesday afternoon. A pleasant
 hour was spent in stitching, af-
 ter which jelled vegetable salad,
 pimento sandwiches, chocolate
 and candy was served to the fol-
 lowing members: Misses Mat-
 tie Huey, Clara Marsden, Fannie
 Embry, Nell Jackson, Bernice
 Bell, Fannie Jones.

The club will meet with Miss
 Nell Jackson next Wednesday.

Miss Yantis Hostess.
 The Beau-Nots were most de-
 lightfully entertained on the
 last club day by Miss Lucile
 Yantis, at her home between the
 hours of 3:00 and 5:30.

The feature of the afternoon
 was six spirited games of "42"
 in which Miss Ruth Wood re-
 corded a top score. Dainty blue
 and white collies were used.

At the close refreshments of
 nut sandwiches, vegetable salad,
 with cream dressing, olives and
 hot coffee, with whipped cream,
 were served at the tray tables.

The girls will meet with Miss
 Estela Bradley at 8:00 p. m.
 next Wednesday.

Easter Egg Hunt.
 Little Mary Lyle and J. D.
 Vincent were pleasant entertain-
 ers on Wednesday afternoon, the
 occasion being an Easter egg
 hunt for their little friends.

Multitudes of pink, blue, lilac,
 golden and silver colored eggs
 were tucked in every possible
 nook that the dear old Easter
 rabbit could find to build his
 pretty nest. After the children
 had made a close search and
 were sure there were no remain-
 ing eggs, a pretty course of re-
 freshments consisting of ice
 cream, with rabbit cakes was
 served.

The children present were:
 Little Mildred Ellen Yantis,
 Maggie Doole, Leola Walter,
 Annie Snavelly, Jessie Mae Wal-
 ter, Catherine Ballou, Fay Chan-
 dler, Willie Florence Yantis, Es-
 telle Bumgardner, Elizabeth
 Ballou, Lillian Snavelly, T. C.

The Misses Souther Entertain.
 On Monday evening Misses
 Ida Mae and Elizabeth Souther
 charmingly entertained a num-
 ber of their friends at their
 home in Crothers addition.

Five Hundred was the diversion
 of the evening, the enthu-
 siasm running high throughout
 a number of games, at the close
 of which a pretty hand-painted
 fan was awarded Miss Addie
 Conner for first prize, while Mr.
 Jack Nussbaum carried off the
 gentleman's prize, an ebony-
 handle nail brush.

Microbes in Your Scalp
 Authorities say that a microbe
 causes baldness. If you are losing
 hair try our remedy at our risk.

Professor Unna, of Germany, and
 Dr. Sabouraud, the great French
 Dermatologist, claim that a mi-
 crobe causes baldness, and their
 theory has been verified by eminent
 scientists. This microbe destroys
 the hair follicles, in time causing the
 scalp pores to close and the scalp to
 become shiny. Then, it is believed
 nothing will revive the growth. If
 treated before this occurs, baldness
 may be overcome.

We know of nothing that has
 given such universal satisfaction in
 treating the scalp and hair as Rexall
 "93" Hair Tonic. It has been de-
 signed after long study to overcome
 the cause of falling hair as discovered
 by Prof. Unna, Dr. Sabouraud and
 other scalp and hair specialists, and
 we believe it will do more than any-
 thing else can to remove dandruff and
 stop falling hair; and if any human
 agency can promote a new growth
 of hair it will do that, too.

We want you to make us prove it.
 We will pay for a month's treatment
 of Rexall "93" Hair Tonic used dur-
 ing a trial, if you will use it ac-
 cording to directions, and are not
 thoroughly satisfied. When we will
 do this, you surely should not hesitate
 to at least try it.

Start the treatment today. Your
 mere request will get your money
 back if you want it. Two sizes: 50c
 and \$1.00.

Profitable for the Farmer.

Will Latham was here from
 Brownwood the first of the week
 in the interest of the Aiama
 Manufacturing Co. of that city.
 Mr. Latham was endeavoring to
 establish a milk depot here, but
 failed to find enough dairy cows
 to make the venture profitable.
 From here he went to Eden,
 where they already have a
 milk station established. Mr.
 Latham stated that they were
 receiving milk from over a large
 territory, some of the shipments
 being from a great distance, as
 for instance Water Valley in the
 San Angelo neighborhood. At
 that, the company could find a
 ready market for double their
 present output if they could but
 get the milk. Their present out-
 put is between 2,000 and 3,000
 pounds of butter per week. The
 establishing of the creamery
 and ice factory has been the
 means of many farmers getting
 out of debt, the profits averag-
 about \$1.00 per cow per week,
 over and above feed, for the
 farmer, and part of Mr. Latham's
 mission was to interest
 more farmers in this line of in-
 dustry.

POULTRY DEPARTMENT

Poultry for Profit If You Get Eggs.

Is there any money in eggs? Can a man make money out of chickens without getting a fancy price for hatching eggs and birds for breeding purposes?

I have been asked these questions hundreds of times. Every man in the country raising chickens has been asked like questions from time to time by real earnest men and women who long to get into some free and independent way of earning a livelihood.

I have no doubt that a great variety of answers have been given to these self-same questions, and I doubt not there be many men in the poultry business who would answer no.

My purpose in these lines is to answer in a very loud "yes" to both the above questions, and to tell you the reasons for the faith that is in me. Before I begin the possibly dry details of this subject, let me ask the readers of The Brady Standard if they have any idea of the great number—the large percentage—of people who long to leave the toil and worries of town and life and get out into God's country, nearer to Nature and the real beginning of things worth living for? The peculiar and extreme artificiality of this town or city life, the high prices and poor quality of foods this life affords, the unreasonable rents in our towns and cities—all these are bringing men today (I'm not quite as sure about the women) to a realization that something is being missed by the busy, harrassed city or town dweller; something vital and real and well worth the having. Let, therefore, the countryman, on his broad acres, be satisfied; verily he is where tens of thousands of intellectual men long to be, and for a very occupation there is no more confusing and prostrating than poultry keeping. It is made to provide a man with a comfortable fortune, for a deed man must live.

There is money in eggs, if you get them. This may sound foolish, but I assure you it contains the gist of the whole situation.

The men who say there is no money in eggs are the men who do not get many eggs. I understand fully that their answer will be that many eggs cannot be obtained at the season when they bring profitable prices. These men rank with all the rest of the "can't be done" fraternity. They know as well as do that some men get winter eggs and when they say there is no money in eggs, in their hearts they mean they are failures at getting it—which proves nothing.

The successful man is the rare man, and those who would achieve success in any line of endeavor seek him out; study his methods and aim to use as many of them as practical conditions warrant in their own case.

Now, in this egg business,

A TEXAS WONDER.

The Texas Wonder cures kidney and bladder troubles, removing gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. E. W. Hall, 2926 Olive St., St. Louis Mo. Send for Texas testimonials. Sold by druggists.

there is one condition absolutely necessary for success—one that even the croakers will concede—and that is a heavy laying strain to start with. There are as many different kinds of birds as there are kinds of men. If you wanted a truck driver to handle 5-bushel sacks of oats you would select a different type of man for the job than you would were you seeking a man to mend your watch.

There are a few universal geniuses among chickens just as there are among men, but they are individual exceptions. When

you speak of a flock of chickens you must speak of class ties and a strain of chickens may have a heavy laying quality well developed just as easily as it may have white plumage, or what-not well fixed as a trait. Of course I find men who are seeking all the desirable chicken qualities rolled into one strain of fowl. But I believe the average man will agree with me that he will be more successful in finding a strain with one desirable quality than a strain with too many superior merits. So if you are to make money

get a strain many eggs—a strain, as it is called, that my subscribers will grow what you h. You must find the way you grow ed them is go-heavy layers. these chicks ect them, no itial point in o start with

chicks from a bred-to-lay strain and then do your level best to give them the best chance there is for developing the laying qualities of their ancestry.

I every year endeavor to improve the egg yield of my strains and it is astonishing to know the improvement we all can make with improved stock.

Better stock—more eggs, pleasure and money.

Just arrived—two cars of corn, and we can make you some very attractive prices. E. J. Broad.

CONSOLIDATION TOOLS.

Lost Creek and Abingdon Districts Consolidate.

The leading citizens of the Lost Creek school district called a meeting of the parents of the district last Saturday night to discuss the subject of consolidation of the school districts and of establishing a high school at some central place as a better means of education.

Whereupon the motion was called to order by Otto H. Henderson chairman and to Motion carried to elect H. Henderson chairman and to select an Armor secretary. The object of the meeting was stated by the chairman, whereupon a free and open discussion followed. A unanimous agreement was reached in accordance with the above.

Motion carried that the chairman and secretary also act as a committee to set a date to invite all the district trustees and all other parties interested in education of the Voca, Liberty, Martin and Mt. Tabor districts to meet with the Lost Creek trustees and citizens at the Lost Creek school house on next Saturday evening, March 29th, at 2:30 p. m., at which time the proposition will be fully discussed, both pro and con, and, if possible, an agreement will be reached.

It was further agreed that if a satisfactory agreement is reached, all our school property will be turned over to the proper authorities, and our support will be pledged to the central high school.
