FIRE UNCONTROLLABLE AS STEAMER SINKS IN HARBOR

(By Associated Press)
PORT SUDAN, Anglo-Egyptian Sudan, May 22.—The French steamer Asia, with 1,500 pilgrims aboard, bound for Red Sea ports, was on fire in Jeddah harbor today, and it was feared 100 lives had been lost.

The fire proved uncontrollable, and the ship was abandoned. This afternoon it was impossible to approach the vessel. The pilgrims were en route to Mecca, Moslem holy city.

The steamship Asia, a vessel of 3,653 tons, left Marseilles April 5 and arrived at Jeddah on the 28th remaining on the Red Sea carrying pilgrims since then. Jeddah harbor which is on the coast of the Hedjaz is two miles in length and about half a mile at its greatest breadth.

Legion Still Short Of Needed Sum

With donations received last year totaling \$76, the amount yet lacking, before the goal of \$12,000 has been reached by the local American Legion post in its financial drive for a new legion home, is \$763.30.

Post officials stated today that promises have been received from several citizens of substantial donations but that amount of these cannot be determined until they are in the hands of the committee.

A short delay will be occasioned in start of the proposed new building due to fact that architects have several changes which must be made in the plans. When these have been completed they will be submitted to the building committee and officers of the post.

GOVERNOR SAYS HE IS GETTING REQUESTS FROM OVER STATE

(By Associated Press)
AUSTIN, May 22.—People from widely scattered parts of Texas are petitioning the Governor today to announce his candidacy for a third term, he said today. He declared he was receiving "scores of letters urging him to make the race and read one to newspapers."

This goes to show that Senator Tom Love will not receive the votes he needs today to hold the democratic presidential electors in 1928," he commented, as he read the letter from a person who had not voted for former Governor Alfred Smith of New York for president.

"Not a single person has told me that I should not run," he continued. "Some of my friends have said it would be an expensive sacrifice for me to make and might mean personal bankruptcy, but none has pleaded with me not to become a candidate."

Pinchot Leading In Pennsylvania Votes

PHILADELPHIA, May 22 (AP)—Gifford Pinchot's plurality over Francis Shunk Brown for the republican gubernatorial nomination crept slowly upward with the tabulation today of additional scattered districts. With 123 districts missing Pinchot had a lead of 11,888.

Unofficial returns in Tuesday's primary from 8519 districts of the 8701 in the state for governor gave Pinchot 621,031; Brown 608,154 and Thomas W. Phillips, Jr., wet candidate, 260,872.

Additional returns in the senatorial fight served only to increase the big plurality given Secretary of James J. Davis over Senator Joseph R. Grady.

CAMP FIRE GIRLS OF CITY TO HOLD GRAND COUNCIL FIRE THIS EVENING

Lubbock Camp Fire girls will sponsor a grand council fire tonight at 8 o'clock on the lawn of the K. N. Clapp home, 1422 13th street, and the general public is invited to attend. Miss Corinne Warner, executive, who recently arrived from Louisiana to take up her work here, will be in charge assisted by local guardians.

The fire will be lighted by three girls, who will kneel and repeat the laws of work, health, and love, and Miss Elizabeth Cotner, one of the guardians,

SHIP DUE TO LAND AT PERNAMBUCO TODAY; ALL GOES WELL

FERNANDO DO NORONHA, BRAZIL, MAY 22

The huge dirigible Graf Zeppelin, rapidly nearing the end of the South Atlantic flight from Seville, Spain, to Pernambuco, flew over the island of Fernando Do Noronha off the Brazilian coast at 1:40 p. m. today (10:40 A. M. E. S. T.)

After circling around the penal colony for fifteen minutes, the Graf Zeppelin turned her nose toward the Brazilian coast, 125 miles away and started on the final lap to Pernambuco.

SOUTH AMERICA READY FOR GIANT DIRIGIBLE

PERNAMBUCO, Brazil, May 22 (AP)—Northeastern Brazil and this most northeasterly section of the South American continent was prepared today to welcome the Graf Zeppelin, reported steadily approaching the coast from Seville, Spain.

It was not certain yet whether the Zeppelin would stop here before proceeding on to Rio Janeiro, or would wait until returning and stop as it proceeded north to Havana and Lakehurst.

Water Supply Going

The only difficulty thus far reported aboard the ship was in consumption of water due to the heat, which placed the passengers on a restricted basis for personal use.

A radio message received at Natick, Mass., today, stated that the Zeppelin would arrive in this city following a speaking date at Toledo at 2:30 o'clock.

City To Install Tank, Tower At Park

Contract was let this morning by the City of Lubbock to the Axtell company for erection of a steel tank tower and galvanneal tank at Lions park, according to announcement by city officials. With erection of the equipment the city will have fulfilled its agreement with the local Lions club whereby it was to furnish water for the park while the club would plant trees, shrubbery, etc., and further develop it.

A well has already been dug by the city on the site and a mill erected and water is now available. The Lions club voted several months ago to take over the section of park site and make the improvements, the area to be known as Lions park. Several hundred trees and shrubs already have been planted by the club and further plans are being made for improvement.

Contract as let today was for \$115,000.

LUBBOCK CITIZENS URGED TO ATTEND MASS MEETING HERE MAY 31 TO TALK OVER PLANS FOR ACTION ON JAIL HERE

Citizens of Lubbock county, representatives from every community, will be urged to attend a mass meeting to be held on Saturday, May 31, date having been set at a meeting of the county commissioners court this morning. The meeting has been called for the purpose of informing the voters of the county of the pressing and immediate needs for a new jail and criminal courts building.

The gathering will be held in the district court room here. Each of the four county commissioners will submit a list from 25 to 40 names of prominent citizens of their respective communities and these will be urged to attend as will other whose names are not included in the list.

AND WE WONDER WHAT'S NEXT!

SCHENECTADY, N. Y., May 22 (AP)—The television radio talker, roughest and most precious officer of electrical science, had its world premiere as a theatre attraction here today.

Audiences witnessed the unprecedented spectacle of an orchestra in the theater being led by life size radio television image of its conductor, who in a laboratory a few miles distant wielded his baton as he received the music of his men by telephone.

Merrill Trainor, laboratory assistant of Dr. E. F. W. Alexanderson, television pioneer, was seen and heard as he explained the way in which the pictures and the sounds reached the theater. Other performers contributed to the demonstration by gesture, vocal music and instrumental selection.

The demonstration was arranged by Dr. Alexanderson, who is consulting engineer of the General Electric company and the Radio Corporation of America, to show the possibilities of television as a mode of entertainment.

TWO DEATH SENTENCES ARE GIVEN

PAMPA MAN, MEXICAN TOLD TO DIE BY TWO JURIES

(By Associated Press)
PAMPA, May 22.—Moncus Twitty today faced a sentence of death assessed against him by a jury which convicted him of assaulting his 4-year-old niece. The sentence passed here yesterday in district court was the first death penalty on the state's records, extending back to frontier days.

HERRERA LOSES OUT IN SECOND TRIAL

LLANO, May 22 (AP)—Otilio Herrera today faced death in the electric chair, the penalty assessed him by a jury which convicted him of slaying Sheriff A. T. Murray of Mason county. The verdict was returned yesterday.

The principal issue in the case was whether Herrera or Antonio Chavez, another Mexican, fired the first shot. The Chavez case had been transferred here for trial but no setting was made.

Herrera once before was assessed the death penalty for Murray's slaying but that was reversed and remanded on appeal.

DANNY LEACH IS GIVEN 15-YEAR SENTENCE

EASTLAND, May 22 (AP)—Denny Leach of Clovis, was convicted by a jury here today of slaying a man identified as Jack Johnson of Golden, Colo., last April 12. His punishment was fixed at 15 years imprisonment.

BANDITS ROB CLOSED BANK

TWO MEN GET \$2,000 TODAY AS CLOSING IS PREPARED

(By Associated Press)
NOWATA, Okla., May 22.—The bandit-ridden bank of Alluwe, in the southwestern part of Nowata county, was robbed today as it prepared to close its doors and turn its assets over to the Bank of Chelsea, Rogers county. The Alluwe bank was a favorite with bank robbers, having been looted a number of times in the past.

J. B. Parks of Chelsea, who was assisting at the Alluwe bank, was opening the vault in the presence of R. A. Patton, bank examiner and four customers, when two young men entered and forced all to lie on the floor. They then made Parks open the inside vault door and the safe and obtained approximately \$2,000.

The men then forced all to enter the vault, and ran from the bank to a small coupe where a third man was waiting, driving eastward.

Nowata county officers were notified as soon as Parks could work the combination with a penknife and open the vault door.

WRANGLE OVER INSCRIPTION TO BE PLACED ON MOUNTAIN IN S. DAKOTA SHOWS UP; BORGLUM, SCULPTOR, DIFFERING WITH FORMER PRESIDENT ON TEXT MATTER

NEW YORK, May 22.—Calvin Coolidge's disinclination to be criticized for the acts of another brought to the fore the 800 word history of the United States that had been altered by Guston Borglum, sculptor who is to cut the history into the granite of Mount Rushmore, South Dakota.

Mr. Borglum, who is chairman of the committee on publicity and design of the mountain memorial as well as its sculptor and engineer, himself invited Mr. Coolidge to write the tabloid history, the first chapter of which is to be carved beneath the granite portrait of George Washington. Some time ago what was said to be the text of this chapter as Mr. Coolidge wrote it (but was not) was made public.

No Comment At Time

There was no comment at the time, either by Borglum or by Coolidge. It is not known whether Mr. Coolidge was then aware of the changes and withheld public remark pending discussion of the matter with Borglum, or whether he had not been notified and did not read the published text, taking it for granted that it was as he wrote it. But recently something happened which brought the whole affair into the open.

John Corbin, veteran newspaper man and author of a study of Washington, in preparing which he had for four years studied the period of the declaration and the constitution, wrote a letter to the New York Times, on which was formerly an editorial writer, challenging the accuracy of several parts of what he supposed was Coolidge's text.

Wrote Letter

"Knowing nothing of any changes," Corbin told the Associated Press today, "I called Mr. Coolidge to book in that letter—politely, I hope, but rather sharply for all that."

Borglum took no immediate action, the Corbin letter presumably not having come to his attention, but Mr. Coolidge wrote Corbin that the text as criticized in the Times letter was not his, his original having been altered "without any consent" on his part. A few days later he wrote suggesting that Corbin write another letter to the Times setting forth that the passages criticized in the first letter were not from the Coolidge pen.

This Corbin did, saying that he had learned "on the very highest authority" that changes had been made in the Coolidge text. The implication that this "highest authority" was Coolidge and not some official or unofficial spokesman for the former president, was verified today.

Explains Changes

Borglum did not take the matter up directly with Corbin, but he gave a statement to the Times, explaining the changes he had made in the text in detail. He also wrote to the Times that Corbin's statement as to the declaration of independence and the constitution was "at variance not only with the spirit, but the very soul" of those documents "but also with the letter."

In reply to this, Corbin asserted that by the alterations he made Mr. Borglum "abrogates the supreme law of the land" and that the revised text "reads out of the constitution its very soul and spirit."

"It may all seem like a tempest in a teapot," Corbin said today, "but you see the serious thing about it is that this inscription is to be carved in granite where it will remain for untold thousands of years. The inscription of Darius of Persia at Behistun is already 2,500 years old and almost as clear as when first cut."

Face To Preside

He repeated what he said in his reply to Borglum, that "the stone face of Washington seems destined to preside over words that flout his strongest convictions and knock the charter of our republic into the cocked hat of the men who framed it."

These excerpts from the history show what Mr. Coolidge wrote and how Mr. Borglum edited it.

Coolidge text: "The declaration of independence—the eternal right to seek happiness through self government and the divine duty to defend that right at any sacrifice."

Borglum revision: "In the year of our Lord 1776 the people declared the eternal right to seek happiness—self-government—and the divine duty to defend that right at any sacrifice."

Coolidge text: "The constitution—charter of perpetual union of free people of sovereign states establishing a government of limited powers under an independent president, congress and court, charged to provide security for all citizens in their enjoyment of liberty, equality and justice under the law."

Borglum's revision: "In 1787 assembled in convention they made a charter of perpetual union of free

people of sovereign states establishing a government of limited powers—under an independent president, congress and court charged to provide security for all citizens in their enjoyment of liberty, equality and justice.

It is planned to unveil the inscription on the Fourth of July. What action, if any, Mr. Coolidge intends to take to have the history cut into the mountain as he wrote it remains unknown.

Kansas City Youth Is Oratory Winner

KANSAS CITY, May 22.—Pat Ahern of Kansas City has been adjudged winner of the mid-western area in the annual National High School oratorical contest and thus won the right to represent the mid-west in the finals at Washington, D. C. Miss Floria Gulager of Muskogee, Okla., placed second, and Vergil Tracy, Council Bluffs, Ia., third.

Ahern and the five other zone champions will be given a summer tour of Europe in recognition of their oratorical prowess.

Donald E. Squares of Grand Forks, N. D., placed fourth; Bernard W. Rosebach of San Antonio, Texas, fifth; Kathryn Payne Harris, El Paso, Texas, sixth, and J. H. Kelly of Quanah, alternate of the eastern Texas district, seventh and last.

TERRELL TO FACE CONTEMPT CHARGE

SAN ANTONIO, May 22.—George B. Terrell, state commissioner of agriculture, is to appear before the federal district court here May 31 to show cause why he should not be held in contempt of court, Judge R. T. Ervin, federal judge, said Tuesday.

Judge Ervin, presiding for Judge Duval West, signed an order citing Terrell Monday and forwarded it to Austin. As a result of mass meetings held in the Rio Grande valley last week, Terrell is charged with having violated restraining orders prohibiting him from interfering with the sale and shipment of citrus fruit trees from Florida into Texas.

GET SPECIAL WARDS

AUSTIN, May 22.—Specially designed wards for criminally insane persons will be authorized as a part of the equipment of a new building at the Rusk state hospital, Claude Teer, chairman of the Board of Control, announced Wednesday. The building will cost \$85,000 and bids will be asked shortly.

Japanese Leader Commits Suicide

TOKYO, May 22.—The harakiri of Lieutenant Commander Eiju Kusakari, attache of the naval general staff, was the outstanding news story in the Tokyo newspapers today.

All afternoon papers except the conservative Asahi displayed big headlines and portraits of Kusakari. The Asahi said the cause of the

suicide was a mystery, but all the vernacular papers headlined the motive as "indignation over the London treaty."

Kusakari slashed his abdomen with a sword aboard a train between Kobe and Tokyo yesterday and died

in a hospital. Kusakari's fellow officers declined to comment, but it was said he recently had expressed despondency over the future of the Japanese navy under the provisions of the London treaty.

SAN ANTONIO HAS PROTEST ON FIGURES

CHAMBER OF COMMERCE MOVES TO RECHECK 9,000 NAMES

SAN ANTONIO, May 22.—Protesting the 294,562 population figure for San Antonio, the board of directors of the San Antonio Chamber of Commerce held a meeting at the chamber Wednesday and appointed a committee to make a thorough investigation.

The committee will make a recheck of approximately 9,000 names handed to the local census office by the chamber of commerce census committee with the assistance of the firemen and policemen of the city.

Compiled estimates of greater San Antonio, which includes Alamo Heights, South San Antonio and Los Angeles Heights, placed the population at 293,614. Alamo Heights census was 3,533, Los Angeles Heights 2,150, and South San Antonio 2,563.

Census Total Figure

WASHINGTON, May 22 (AP)—San Antonio, third Texas city to enter the 250,000 class with a more than 30 per cent increase, today emphasized the southern crescendo strain in the 1930 census.

Providence, Rhode Island, twenty-seventh city only ten short years ago, has been elbowed aside by Memphis, Birmingham, San Antonio, Dallas, Houston, and Atlanta.

Houston came out on top in the scramble in the Texas trio for the spot light.

41st city, San Antonio, 161,379.
42nd city, Dallas 158,976.
45th city, Houston 138,276.

Moving forward at the rate of 110 per cent, 63.8 per cent, and 57.7 per cent, respectively, they were climbing in 1930 as follows:

Houston, 290,811.
Dallas, 260,397.
San Antonio, 254,562.

Atlanta (greater) stepped up at 73.4 per cent increase rate for 347,991 total. Her lesser limits gave her a 296,587 total—between Dallas and Houston—but Atlanta tossed aside a few inhabitants in the way of boundary lines to swell her total.

CHAIN OF BANKS BEING PLANNED

NEW YORK, May 22 (AP)—If plans which have been in the making for about two years materialize, scores of banks in the United States will be welded into state groups, each group representing combined resources of from \$100,000,000 to \$500,000,000.

The proposed grouping has become known publicly and the New York firm of Fomeroy and Salmon acknowledge it was organizing such groups in Western Pennsylvania and several other states.

Each bank will retain its individuality and separate management, but in each of the states affected a holding company will be created through an exchange of stock with the banks. The proposition is based on the theory that such grouping will strengthen each bank locally, by giving it the support through the holding company of every other bank in the group. The state group will have no interrelation.

HIGHWAY WORK IS GIVEN APPROVAL

AUSTIN, May 22 (AP)—The state highway commission Wednesday approved \$208,728 for road work in nine counties.

The appropriations included:

Ector county \$113,000 for improvement 17 miles highway 37 from Odessa to the Andrews county line by grading, construction of drainage structures and triple bituminous surfacing treatment; \$8,901 for 8.5 miles of seal coat highway 1 from Crane-Ector county line to Judkins.

Crane county: \$1,570 for 1.5 miles of seal coat highway 1 from Ward-Crane to Crane-Ector county line.

Galveston county: \$4,567 general maintenance highway 125.

Chambers county: \$2,100 general maintenance highway 125.

Knox county: \$55,167, thirteen miles grading and drainage structures highway 24 from Benjamin to King county.

Hunt and Hopkins counties: \$13,763 re-roofing south Sulphur river bridge highway 11.

Ward county: \$29,321, 28 miles of seal coat on highway 1 from 11 miles east of Barstow toward Crane county line.

Summer Round-Up Will Be Held Here

Plans for the summer round-up of children sponsored by the Parent-Teachers association were made at a meeting of presidents and a number of other workers Wednesday afternoon in the home of Mrs. Jon Smith, 11409 Avenue N. Those present represented Dupre, George M. Hunt, K. Carter and Sanders P.-T. A.

The round-up will be held at Dupre school Tuesday, between the hours of 9 a. m. and 4 p. m. and at K. Carter school on Wednesday between the same hours. All parents having children six or seven years of age are asked to bring them for physical examinations on one of these days.

A free clinic will be held on both Monday and Tuesday, and any defects that may handicap the child in life or prevent him from doing his best in school will be pointed out so that parents may have an opportunity to have these defects corrected. Each child will be weighed and measured and have his heart, lungs, eyes, ears, nose, and throat examined. The health supervisor will assist the physicians in making the examinations.

Purpose of Round-Up
The purpose of the round-up which is sponsored by the national Congress of Parents and Teachers is to send to the entering grade of school a class of children 100 per cent free from remediable physical defects.

It is reported that the average American child is only 25 per cent physically equipped, that 3,000,000 school children have hearing losses of varying degrees, and that in a study of pre-school children, nearly 25 per cent were found to be in need of glasses.

Alumni Banquet Is To Be Held Monday

Alumni of Texas Technological college and graduates of the spring and summer sessions who plan to attend the alumni banquet Monday evening, May 27, are urged to make reservations as soon as possible with Miss Sylvia Wilson, secretary of the organization. The affair is to be held in the banquet room of the Hilton hotel and 350 graduates and spring and summer seniors are eligible to attend.

One of the first matters to be taken up will be election of officers for the ensuing year. The committee has recommended the following nominees: For president, J. W. Jackson and L. T. Green, vice-president, Martin Hayburn and J. M. Teague, Jr.; secretary-treasurer, Mrs. William Dings and Miss Mamie Wolfarth; editor of the alumni newsletter, Miss Ruth Horn and Margaret Turner.

INSPECTION OF AIRPORT TO BE MADE

AMARILLO FIELDS WILL BE VISITED BY CITY COMMISSIONERS

Headed by Mayor J. J. Clements and accompanied by the architects for Lubbock's municipal airport hangar, members of the city commission expect to leave here tomorrow morning for a visit to Amarillo where they will inspect two ports in that city.

Both the municipal airport at Amarillo, under lease to Southern Air Transport, subsidiary to Texas Air Transport, and the English field, port of call of Western Air Express, will be inspected. The city port is located about three and one-half miles east of town on the Panhandle highway and the English field about three miles farther east.

To Secure Data
M. C. and F. L. Butler and Hugh Dryer, members of the firm of Butler Bros., architects, are to make the trip. The type of hangars, cost of buildings and other data will be secured by the architects.

The commission has begun the study of hangars in anticipation of that work being the first project to be built at the city's port here.

Members of the commission include: J. J. Clements, mayor, John E. Roach, D. N. Leaverton, J. F. Bacon and G. E. Benson. J. Bryan Miller, city manager, also will be in the party.

City Park Group In Session Here Today

Meeting for the purpose of setting a date for opening of Tumble N' swimming pool, located in northeast Lubbock, members of the Lubbock park commission are in session this afternoon at the city hall.

The meeting was called yesterday by C. H. Maloney, chairman of the board.

Repairs to parks and several improvements also are to be considered by the commission. An opening program for the pool will be discussed in addition.

Members of the board include: besides the chairman, George E. Benson, K. N. Clapp, J. B. Massey and Mrs. R. Q. Stubbs.

Collegiate May Queen ranks are now extended to welcome their newest member, Miss Emily Schellinger, of Mount Vernon, N. Y., who is May Queen of Westhampton.

Club Boys Conduct Demonstrations

BIG SPRING, May 22.—(Special)—Sixty-four members of Howard county's 4-H club will conduct "milo" demonstrations and about 30 will conduct baby beef feeding demonstrations. The milo demonstrations will each have a five-acre tract planted either of two ways, two rows of milo and two rows of peas or two rows of milo and one row of peas. The peas in both cases will serve as the soil building part of the program. Where two rows of peas are planted the peas will be harvested and will supplement the milo and other home grown feed in the beef feeding demonstrations. Where the boys plant on the two and one plan the peas will be turned under for soil building purposes.

Thirty of Howard county's 4-H club boys have signified their desire to conduct baby beef feeding demonstrations which will begin early in September. The boys will feed from

one to five calves on Howard county grown feeds. It is hoped that these demonstrations will prove the practicability of beef cattle feeding on the farms of this county as a means of using surplus feed which is so abundantly and cheaply produced and eliminate the old idea of selling milo and other Howard county feed on common market at low price per ton said J. V. Bush, county agricultural agent.

PRIZES ARE OFFERED FOR BEST IDEAS ON HOW TRI-STATE FAIR CAN IMPROVE

(Special to The Journal)
AMARILLO, May 22.—In an effort to get all the people of the Tri-State fair territory interested in the 1930 exposition and working for its betterment, cash prizes are going to be offered for the best suggestions submitted by persons not associated with it officially on "How the Tri-State Fair Can Be Made a Better Exposition in 1930."

Four prizes of \$15, \$10, \$7.50 and \$5, will be paid those submitting the best suggestions, according to Wilbur C. Hawk, Tri-State Fair president. A committee of disinterested persons will be appointed to judge the letters.

"I know there are hundreds of persons in the territory who could offer good suggestions for improvement of the fair," Mr. Hawk said, "and there is no way we can get the benefit of their suggestions unless we can draw them out in a com-

munication of this kind. We are giving a great deal of thought and time to making the exposition more successful and all recommendations are welcome."

Letters should be addressed to Mr. Hawk, in care of the Tri-State Fair, Amarillo. They should be brief as possible, although there are no limitations. Letters must be in by June 15th, and the winners will be announced as soon thereafter as possible. The fair this year will be held from September 22nd to 27th, inclusive.

BIG SPRING, May 22.—(Special)—The road leading around Scenic Mountain which towers the city of Big Spring by 600 feet will be put in good condition before the Oil Men's Jubilee to be held here on July 3, 4 and 5, according to B. P. Robbins, chairman of the civic committee of the Big Spring Chamber of Commerce.

Snyder To Graduate Tomorrow Night

SNYDER, May 22.—(Special)—Twenty-seven boys and girls will receive their diplomas Friday night, May 23.

They are: girls, Meva Louise Doak, Dorothy Egerton, Audra Jenkins, Gladys Lewis, Mary Ellen Martin, Agnes Otwell Morris, Evelyn Pratt, Ila Bee Periman, Mavis Webb, Opal Evalene Weller, Evelyn Worley, Mildred Nell Harless, Floye Brownfield, Kenneth Loraine Alexander, Enid D. Sears, Lucille Brown and Pauline Boren.

Boys, J. W. Greene, James E. Parker, Anthem Wade, Ted Pittner, Mardell Winter, Lee Francis York, Travis LaRue, J. T. Jenkins, Maxie C. Chenault and G. L. Huestis.

Howard County Man Raises Production

BIG SPRING, May 22.—(Special)—T. J. Brown of the Knott community, by adopting more modern methods of feeding his poultry flock of an average of 223 hens and 8 roosters, raised his production from

121 eggs for November, 1929, and a net profit of \$29.70 to 2,876 eggs and a net profit of \$96.96 for March, 1930. During April, a time when Mr. Brown's flock should have shown an increase in production, he quit feeding mash and his production dropped from 2,876 for March to 3,069 eggs for April. Mr. Brown's flock of

Silver-laced Wyandotta produced for him 12,238 eggs during November, December, January, February, March and April at a feed and labor cost of \$244.55 and a net profit of \$322.17 for the six months' period.

Dangerous Varicose Veins Reduced or Money Back

This Simple Home Treatment Is Giving Amazing Results

Rub Gently Upward and Toward The Heart As Blood In Veins Flows That Way

If you or any relative or friend is worried because of varicose veins or bunions, the best advice that anyone in this world can give you is to ask your druggist for an original two-ounce bottle of Moone's

Emerald Oil (full strength) and apply as directed night and morning to the swollen, enlarged veins. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. So penetrating and powerful is Emerald Oil that even piles are quickly relieved. All druggists sell lots of it.—Adv.

SENATORS AND ATHLETICS FIGHTING FOR LEAD

TEXAS GOLF TOURNEY IS IN QUARTER-FINALS

FAST PACE IS SET BY BOTH; ROBINS LEAD

RUTH'S THREE HOMERS FAIL TO BRING NEW YORK THROUGH

BY HUGH S. FULLERTON, JR., Associated Press Sports Writer

Although their race has been rather overshadowed by the heated struggle in the National league, the clubs of the American league have been putting on some rather interesting contests of their own for the higher positions in the standing.

Little more could be asked of the two leaders, the surprising Washington Senators and the Philadelphia Athletics, current champions, than the pace they have been setting. They are separated only by a one game margin, the Senators having two more victories, and neither seems to be able to do anything to increase or decrease it. Washington now has won six games in a row but the Athletics are right behind.

They both engaged in double headers yesterday and came out with two victories apiece to hold their places. Washington, with Sam Jones and Adolph Laska, carrying the pitching burden, defeated the Boston Red Sox, 10 to 2 and 6 to 1.

The Athletics got off to a very bad start against the New York Yankees when Babe Ruth hit two home runs on his first two trips to the plate and started the Yankees off to a 6-0 lead, but those six runs meant little as the world's champions cut loose with a rally that brought nine runs in the seventh and a 15 to 7 victory. Rube Walberg pitched the A's to a 4 to 1 victory in the second game, holding New York to five hits.

Ruth's feats of home run hitting stole the show at Philadelphia. In addition to the two successive homers, the Babe added a third in the same game.

These twin bills with single victories for Chicago and St. Louis drew the second division clubs close together. Chicago in fifth place, is but 2 1/2 games ahead of the eighth place Detroit Tigers after yesterday's 9 to 3 victory over Detroit.

Ted Lyons led the Sox by making three hits, and driving in three runs in addition to pitching a fine game for his seventh win of the year. The St. Louis Browns moved into sixth place by edging out a 6 to 5 victory over Cleveland, gained through a four run rally in the sixth inning.

The National league consolidated its lineup as the four first division clubs defeated second division contenders. The leading Brooklyn Robins scored three four run bursts to beat the Boston Braves 12 to 1.

The St. Louis Cardinals got a big break when Jake May of Cincinnati cut loose a wild pitch with a man on third and broke a 2-2 tie to give the Cards a 3-2 victory. Pittsburgh held its precarious grip on third place by getting the first appearance Cuba at Forbes Field with a dozen solid hits and a 10 to 3 victory.

New York's Giants, after suffering various vicissitudes while entertaining the Braves, started hitting properly again with the appearance of Philadelphia and won by an 11 to 4 count.

VETS, YOUTH MATCHED FOR TODAY'S PLAY

DEL RIO YOUTH UPSETS DOPE WEDNESDAY TO BEAT COCKE

(By Associated Press)

HOUSTON, May 22—Veterans youngsters and the in-between still were in the championship competition today as quarter-finals in the Texas Amateur Golf association annual tournament got under way.

W. C. Hunt of Houston, whom clubs have moved through many a year, was paired with a fellow townsman, L. I. Atwell, who shot the tournament's only hole in one to date.

Another Old Timer
Another of the old timers, George Rotan of Houston, was matched against Glenn Crisman of Orange.

Ossie Carlton, the favorite, had Clason Peck of Galveston for an opponent, and Bud McKinney, the Del Rio boy who reeks not of form and cars, was set against Clyde Cunningham still another Houston player.

Bud Comes Through
Bud, his long pants fluttering in the breeze, stood with characteristic deliberation yesterday before a big gallery and sank a seven foot putt on the 18th hole to nose out Hill Cocke, a steady McAllen man who apparently had been underrated in this meet, and survive where most everybody had thought he would fall.

For Carlton, for Hunt and for Rotan it was easy. Carlton casually disposed of Dr. S. M. Hill of Dallas, 6 and 5; Hunt beat W. F. McGonagill of the local links three and one without much apparent effort, and Rotan, taking the first seven holes, defeated Jack Dold, Houston, seven and six.

Atwell had trouble with the Dallas many player, Lanham Connor, finally putting him away one up on the 19th. Cunningham beat Dick Naults of Houston, two up; Peck turned back another Galvestonian, D. S. Godwin, 2 and 1; Crisman beat Dick Gregg of Austin two up.

ALLISON HAS BIG TASK IN CUP PLAY

WASHINGTON, May 22 (AP)—Opening the second step of the 1930 campaign to reclaim the Davis Cup for the United States, George M. Lott, of Chicago, and Wilmer Allison, of Austin, Texas, were designated to fire the first volleys today at Mexico's tennis invaders.

The draw at the Cherry Chase club placed Lott in the opening singles against Ignacio De La Bortolin, former Mexican singles champion. Allison was matched with Ricardo Tapia, the present Mexican champion.

Other drawings placed the task of repelling the Mexican invasion upon the young shoulders of Allison.

In the doubles Friday he will pair with John Van Ryn, of East Orange, New Jersey, against a Mexican team not yet selected, and Saturday the Texan is to meet Bortolin in singles while Lott plays Tapia.

VICIOUS LIONS AND NEVER-SAY-DIE KIWANIANS TO MEET ON MERRILL PARK DIAMOND FRIDAY IN WILD SCRAMBLE FOR CITY CIVIC CLUB CHAMPIONSHIP; A NEAR RIOT IS PREDICTED

Ladies and gentlemen! The main event on tomorrow's card will be a nine-inning track meet between the vicious, Rip-roaring Lions of Lubbock and their arch rivals of the tea rooms, the Never-say-die Kiwanians.

Merrill Park will be the scene of this battle, tense, scintillating, or what have you; the time is 5 o'clock and the price of admission is one thin dime—benefit of the Avalanche-Journal Federated Clubs milk and ice fund.

They'll All Be There
Fats, jeans, shorts and slims—in all a bumper crop of diamond talent, representing practically the entire membership of the two clubs, will don sweat shirts and spiked shoes tomorrow as the managers, O. B. Conley and Frank Jones, marshal their forces for the riot.

Release the Kiwanis roster this morning caused the price of raw sugar to drop some 85 points as compared to the reports earlier in the week, "Raw sugar quiet." Manager Jones declared that nothing will be spared to slaughter the entire Chief interest in the change in the tide was the startling announcement that the services of Hay Davidson have been secured by the Kiwanians as the starting hurler. J. B. Maasey will be the battery mate of the elongated Kiwanis slab ace.

And That Infield
An infield that compares favorably with the well-known million dollar combination of Connie Mack will take the field for the Kiwanians. On first base will be W. C. Rylander; Clark Mulhean will cover the keystone position; J. T. Trigg (biting his well-known pipe) will scoop 'em up at shortstop; the hot corner guardian is Sam Arnett, another chubby shortstopper with a distinct distaste for Lions.

But wait—your ain't heard nuthin' yet! Here's an outfield that can hit 'em from town to town and go after 'em like they do in the big show. In M. H. Duncan, the Kiwanians have a ball hawk from way-back-yonder. He swings from his toes up—and then the ball game is over. H. A. Wellmaker, the Kiwanis left fielder, has put in his request that all the Lions hit to him and R. B. Hutchinson, in right, promptly seconded the motion that the weeds in right field be left to grow.

ROVING THE SPORTS WORLD

WITH ALLAN CARNEY
JOURNAL SPORTS EDITOR

A thorough investigation in addition to a series of severe cross-examinations were necessary this morning to get the facts in a near-tragedy that happened to Floyd Bowen, well-known local merchant this week. Details of the accident were obtained in spite of the efforts of his close friends to keep the matter in the dark.

And here's the lowdown, thanks to our inquiring nature—while taking part in the vigorous pastime of playing one of the numerous miniature golf courses of the city, Bowen became worked up to a high pitch over the failure of the little white top to fall into the cup; in the midst of his excitement, Floyd became over-balanced and fell off the fairway, sustaining a badly sprained ankle. Latest reports from his headquarters on Broadway have it that he has sufficiently recovered to make his way to and from the Lindsey Theatre with only the aid of a walking stick. Drug store attaches report that he is convalescing nicely within the cool confines of the picture show house.

Bowen is seriously considering an intention to put a stop to the miniature golf course menace. He declares that, outside of bitterly fought bridge games, peevish golf is next to chess in strenuousness, if any. And there's another one going in out on 19th street, bringing the total to four! What will the next rage be?

Lions and Kiwanians of Lubbock clash on the Merrill Park diamond tomorrow afternoon in what promises to be a merry battle of runs, hits and errors. Local business and professional men who have not donned spiked shoes in many moons will trot out on the field to uphold the honor of their clubs. Imagine, if you can, what will happen when Hay Davidson and J. B. Maasey, the Kiwanis battery, get their soup bowls warmed up to face the assault of the Lions. Arthur Brown, the starting hurler for the Lions, has already served notice that he will have no mercy on the would-be Kiwanis sluggers. In other words the Terrible Arthur is going to "beat down" Lion backers are pinning their hopes of victory on "Bullet" Brown.

"The Plainsman," selected to umpire the game, has taken a solemn oath that he will be on hand, decked out in his "gaw" pants, "bigga and betta than evah." Principals in the combat will be introduced before the game starts.

Equipped with a full baseball outfit the Lions, led by O. B. Conley, will take on the appearance of a colorful diamond brigade. Incidentally, the Scarlet-trimmed uniforms remind us that they must have seen service at Texas Tech in the good-old days.

PITCHERS WORKING IN FINE FORM; CATS BEAT SPORTS

By GAYLE TALBOT, Jr., Associated Press Sports Writer

The Beaumont Exporters continue to get a brand of pitching that nobody though they had, and the result is that they continue to stay in the thick of the scramble for the Texas League pennant. Del Baker, who left a good catching job with Fort Worth to take over the reins for owner Rupe Stuart, either has worked wonders with a mediocre batch of fingers, or those same pitchers have selected this year to attain a form they never knew before.

Yesterday it was Walter Newman, the righthander from Cuevo, who has been trying to pitch Texas league baseball for four or five years with very little success and who spent most of last season in the cotton states. He held the Houston Buffs to five scattered hits and fanned seven to lock the second-place Bisons, 6 to 1, and host the Exporters within three games of the top.

Whitworth in Form
In the day's second fine mound performance, Dick Whitworth set the leading Spudders down with five hits at Fort Worth and blanked them, 5 to 0, in their series opener.

Shreveport showed up to within four games of the peak by taking its opener from the deloroned Dallas Steers, 8 to 2. It was quite a ball game until the ninth, when Paulie Weitzel's support fell apart and the Sports chased across five unearned runs.

The Dixie champions—as was—did not fall into the cellar only because the San Antonio Indians managed to lose to Waco, 7 to 5, in an 11-inning struggle.

COMMISSION MEETING
Discussing matters of purely routine nature, the Lubbock city commission is in session this afternoon at the city hall.

The body will leave tomorrow morning for a trip to Amarillo for a study of airports in that city.

INJURED WORKMAN BROUGHT TO CITY

George D. Owens, young Hobbs N. M., bookkeeper, was brought to the Lubbock sanitarium early this morning suffering of injuries received in an accident in the New Mexico town on May 15.

Owens is an employee of the National Supply company and was standing near workmen were erecting a new office building. The large bar of steel had been propped up against a wall but slipped and the young man was unable to get out of the way.

Physicians at the sanitarium today did not regard his injuries as of serious nature and expect his recovery in a short while.

Reports from the sanitarium also stated that another patient from Hobbs is en route this afternoon by airplane. A Rita-Sanders ambulance has been sent to the local airport and will bring the patient to the city. Telephone calls this morning failed to reveal nature of the case other than that it was an urgent one which resulted in chartering the plane.

MEETING

Lubbock in nomination, Sam Solinsky, manager of the Beaumont Retail Merchants association, seconded the nomination.

Telegrams of invitation from civic clubs, business firms and individuals of Lubbock also were read before the gathering.

Garnet Reeves was elected chairman of the Texas Retail Credit Bureau, J. D. Hassell, of Lubbock, was elected a director in the Associated Retail Credit Men of Texas.

Paul J. Katzmak, of San Antonio, was named president; Carl Widen, of Austin, vice-president, and W. H. Bailey, Wichita Falls, second vice-president of the state group. Carl Mueller, of Austin, was elected chairman of the board of directors of the Retail Merchants association of Texas.

NEGRO SLAYER

(Continued From Page One)

so that his last words could be heard. Scared Badly

Staring fixedly at the chair, the negro was so scared that he failed to hear Captain R. H. Baughn's first request to know if he had anything to say. The second query, however, brought forth a gushing stream of faltering words.

"I wish I hadn't, but I guess it's too late now. I didn't mean to but I acted foolish. Everybody knows I did it, and there's no using for I did. I am praying the Lord to save me."

Turning to Will Surratt, Waco deputy, Scott implored them not to be mad at him.

"I don't want anybody here to be mad at me," he moaned piteously. "for I want to be good."

"No one is mad at you, Jordan," Surratt replied. "We only did our duty."

Surratt then asked if he had any word to send home.

"Tell them howdy and goodbye and to pray for me," the negro retorted, mumbling it over and over again.

to familiarize themselves with this plant, because it is their own investment," Mr. Hankins said today.

"The best asset a city can have is a well informed public. The money of our citizens made this new unit possible and we are anxious that each one pay a visit on the opening day and learn first hand just what is being done in the way of municipal development."

A meeting will probably be held tomorrow of the general committee with sub-committees to further perfect plans.

Present valuation of the city plant is \$350,000 while the valuation of the entire electrical distribution system is approximately \$600,000.

ROYAL COUPLE'S HOME IS BURNED

OSLO, Norway, May 22 (AP)—Princess Martha, wife of Crown Prince Olo, was believed today to have suffered no ill effects from her experience Wednesday night as witness to the burning of their residence at Hvalstad, 15 miles from the capital. She expects an accouchement before autumn.

Throughout the blaze, which destroyed the residence and most of the royal couple's effects, the crown princess was sheltered by neighbors. Later she and Olaf will move to his apartment at the royal castle at Oslo. They had moved into the residence which was destroyed only last autumn.

The crown prince had just returned from a yachting cruise when the fire, which had spread from a defective stove, was discovered. Clad in a sweater and knickerbockers and bareheaded and blackened by smoke, he labored along with the farm hands and house servants.

Furniture, antiques and art objects on the first floor were saved, but everything else was lost.

BIG SPRING, May 22 (Special)—In a recent survey made by the Big Spring Chamber of Commerce it was revealed that there were operating in the Howard-Glascock county fields twenty-seven major oil companies. Located in Big Spring are four oil refineries, eleven oil well supply houses, four derrick companies, nineteen drilling contractors and five tank companies.

The field is served by seven pipe line companies most of them maintaining offices in Big Spring. The payroll from the oil industry in this county is approximately \$2,000,000 annually.

PAMPA, May 22.—The 31st district court today recorded the first death sentence in its history, which extends back to frontier days. The death penalty was assessed Moncus Tyttit, convicted of assault upon his 4-year-old niece. Attorneys appointed to defend him entered a plea of insanity. The jury on its first ballot was divided as to a death penalty or a life term but 15 hours afterward, reached the verdict of death.

FERGUSON PLEA IS CONSIDERED TODAY

AUSTIN, May 22 (AP)—Members of the special Supreme Court considering the application of former Governor James E. Ferguson for a mandamus to compel the state democratic executive committee to place his name on the primary ballots, were in conference here today.

It was reported it would hand down its opinion in the case late today or tomorrow.

The court is made up of A. H. Britain of Wichita Falls, Chief Justice, and C. S. Bradley of Groesbeck, and William S. Erwin of Austin, associate justices.

The opinion will deal with the eligibility of Ferguson to hold office again in view of his impeachment and removal from the governor's office in 1917.

Heiress To Live On \$35 Per Week Salary

NEW YORK, May 22 (AP)—The Daily News says today that Dolores Elizabeth Ford, 24, daughter of William Ford, Toledo, O., glass manufacturer, has instructed her father to discontinue her \$12,000 annual allowance and intends to live on the \$35-a-week wages of her husband, a plumber's assistant.

Louis Matthews, the plumber's helper, is her fourth husband, whom she married immediately after the annulment in Buffalo, N. Y., of her marriage to Eugene Newton, a mulatto cabaret employe, May 7.

Earp Starts Out On His Campaign

SWEETWATER, May 22 (AP)—Earl Earp, city attorney of Sweetwater, today started a tour of each of the 13 counties in the seventeenth congressional district in his campaign for the seat in congress to which Thomas L. Blanton of Abilene was elected in a special election Tuesday.

GOVERNMENT FACES CRISIS

LONDON, May 22 (AP)—The ministry of J. Ramsay MacDonald, second labor government in the history of Great Britain, girded itself today for a battle for its existence.

How I coaxed him to eat!

"Once I was worried. Meal-time was getting on my nerves. I prepared many appetizing dishes, but John simply would not eat—just 'mimed' at his food. Perhaps sometimes a little groggy, I began to fear he was 'slipping.' What was I to do? Love, home, happiness, business success—all depended upon an improvement in his condition. The blood- tonic idea suggested itself to me. My Druggist recommended S.S.S. He told me that S.S.S. was a great blood tonic; that it had been successful for over 100 years; that it was made from strictly fresh vegetable drugs and was beneficial to the most delicate system. Also that it would build up the blood and improve the processes by which the body is nourished. I brought home a large size bottle. John agreed to try it. Well, in just a few days I could see the difference. His improvement has been so rapid he is going to take several more bottles, and not only that, but he is now telling his friends to take S.S.S."

It is a known fact that when a man's system gets "run-down," he hasn't the resistance to ward

off diseases. Loss of appetite is only a symptom. General weakness pervades the entire body. There is no desire to work or play. It is dangerous to let the red-blood-count remain below normal.

S.S.S. is daily helping people to regain their strength. Thousands of users have testified to its benefits in unsolicited letters of gratitude. It promotes a keen appetite, gives vitality to the body, clears the skin and wards off diseases. All Drug Stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.

Makes You Feel Like Yourself Again

You owe it to yourself to try S.S.S. Its tonic effect will surprise you.

S.S.S.

Thought For Today

In your patience possess ye your souls.—St. Luke 21:19.

Patience is the support of weakness; impatience is the ruin of strength.—Colton.

A Billion

Last winter we sent a delegation to London to see if something could not be done about reducing the size of our navy. Now the chairman of the House Naval Committee, Congressman Britten of Illinois, is drafting a bill calling for the United States to spend one billion dollars on new warships in the next 10 years. It is just possible that there may be a cynic here and there who says that reducing a navy costs about as much as building one.

Congressman Britten's bill calls for 75,000 tons of cruisers, 150,000 tons of destroyers, 52,000 tons of submarines and 60,000 tons of aircraft carriers. Far from being reduced, our navy is about to be expanded in a wholesale way. The result of the London conference is a marked increase in our fighting strength at sea.

This is rather disappointing, since we were led to believe, when the conference opened, that the day of big expenditures for the navy were over. But the London thing couldn't have ended any other way.

Our navy is considerably below the British navy in cruiser strength. We sent a delegation to London with two objectives—naval reduction and parity. To get parity, it was necessary either for the British to throw away a lot of warships or for us to build a lot of new ones. British responsibilities in European waters made any serious reduction of British strength impossible. Consequently we could get parity only by doing a good deal of building.

It was a mistake ever to speak of the London conference as a naval reduction conference. The pending naval building race precisely like the obvious. But that is not at all the same thing as saying that the conference did not advance the cause of peace.

Look at it this way; this country seems to have its heart set on a navy fully equal to that of Great Britain. Suppose, then, that the conference had not been held; would not a billion-dollar building program excite the worst kind of suspicion overseas? Would not that hateful talk of an "unthinkable" be revived, full strength? Would we not, as a result, be involved in a naval building race precisely like the Anglo-German race that led up to 1914?

As it is, we can lay down a billion dollars worth of keels without causing a ripple overseas. Nobody is alarmed or excited, at home or abroad. The element of rivalry has been removed.

That is a real gain. To be sure, it isn't what we had hoped for; but it is worth having. We can build up to the English fleet without causing a bit of trouble.

Of course, someone may ask if we really need parity—at a billion dollars a throw. But that is another story.

Distinguished

The city of St. Louis has had a good many distinguished citizens in its day. But somehow we think that Joseph A. Schneider, the St. Louis traffic cop who died last week, had just about as fine a record as any of them.

Schneider was famous in his home city for two reasons. First of all, he was a good policeman. He could untangle the worst traffic jam without losing his temper, which you must admit, is praise of the highest order. But he had another distinction, even greater.

He and his wife had adopted 38 orphan children, having none of their own. Twenty of these adopted youngsters were in the officers' home when he died.

You could enlarge on that performance at considerable length, but there's no need to. The bare statement tells its own story. Thirty-eight children saved from orphan asylums and given a real home—human kindness could not be kinder.

If ever a St. Louis citizen deserved a monument, this traffic policeman did. And, incidentally, his wife ought to have one right beside his.

THE PLAINSMAN

Says:

That Girl on Broadway says a grade crossing is one thing that won't stand being double-crossed.

By the way, What has become of the old-fashioned soda-jerker who used to do dumbbell exercises shaking up a chocolate malt?

IT'S happened. In a weak moment, The Plainman has promised to make his premier showing in his gawf pants, made to order by the Kansas City Tent and Awning company—and it all happened this way.

The Lions and Kiwanians decided to tempt fate and aging tendons by engaging in a baseball game tomorrow evening at Merrill park and, after running through the city directory, decided they could get any better umpire than The Plainman. Since the conductor of this column has been so signally honored, he's decided to take the job—and will positively appear in short pants, biggaw and bettah than evah!

Honestly, folks, The Plainman wouldn't have agreed to do it a-tall except for the fact that each ten-cent admission price is going to be turned over to the Milk and Ice Fund. Wanting to raise a little dough for the benefit of the poor kids, the Lions and Kiwanians figured—more people would turn out to see The Plainman in short pants than they would to watch the ball game.

The Plainman is going to be generous as usual. The Plainman will help out. Don't forget the time, the place—and the main attraction! The Plainman, Himself in Person, in Short Pants at Merrill park Friday evening at five o'clock! (Not a Motion Picture!)

Ever since The Plainman hurled his challenge at Doc Horn, that eminent educator has been sulking in his tent and refusing, with all the gravity of a gas company czar, to make any answer at all. Well, it's okay with The Plainman but he wants it distinctly understood that there is one man in Lubbock that can beat playing Doc Horn. Neither of us is old enough to give much time to gawf but if they ever stage that civic club tournament The Plainman is going to choose the Tech prep and will guarantee to draw a gallery.

That Man on Avenue Q says stealing a kiss is the oldest kind of petty larceny.

The subject of Texas Tech brings to mind the disciplinary troubles being experienced at the college and which have seen four upper classmen dropped from the rolls as the result of an old-fashioned pummeling being given a freshman. The captain of the 1930 football team, the business manager of next year's annual and a couple of other lads are out like Lottie's eye and from the looks of things a lot of wiggling will have to be done to get them reinstated within the well known halls of learning.

The charge against the youths, all of whom have spotless records at the college, is that of having and everybody knows that there is "having" and "having". The boys seem to be in pretty deep water but The Plainman for one, hopes and sees them taken back into the fold for the good of all concerned.

We don't know the present-day, college definition of "having". It has probably changed considerably since we used frequently as a target for barrel-staves. But we do know this much—that it will be a sad day for Texas Tech or any other school when the harmless practice of paddling freshmen is placed under a prohibitory ban.

THIS column, of course, is opposed to needless brutality in the handling of student body discipline at Tech or anywhere else. That is harmful and decidedly unnecessary. But paddling freshmen to keep them in line and impress upon them their lowly position in the institution is as much a part of college life as the books used in classes. Freshmen who are unwilling to take their trimmings good-naturedly are liabilities to any school and by their actions foment the wrong kind of spirit.

There's too much of this pink tea stuff in colleges of today without banning paddling to make matters worse. The college freshman who learns to take his lickings will be able to stand up to the knocks he gets after receiving his diploma—which is a knock all in itself.

Take Texas A. and M. for example.

Bohlen, Fighting For GOP Senatorship In Pennsylvania, Is Sure To Lose But Will Get Wet Vote, Dutcher Avers

BY RODNEY DUTCHER
NEA Service Writer
PHILADELPHIA, May 22.—Out of the cloisters at the age of 62 came Professor Francis H. Bohlen to run for the United States Senate on a wet ticket in Pennsylvania's republican primaries.

He is perhaps the most picturesque of all the candidates in the primaries and he is making a weighty name. He has lost 30 pounds, but as soon as I start eating again, I start gaining.

"MRS. B." Always, after you stop dieting, you will gain a few pounds just to the fact that more water is retained in the tissues when more food is taken, so be prepared for this. But if you continue to gain, it shows you are not on your maintenance number of calories—you are on a gaining number.

He won't win. His opponents are Senator Joseph R. Granger, Secretary of Labor James J. Davis, and he has no real organization support. But he has a good chance of polling a large vote that any candidate who ever before ran on an exclusively wet or dry platform.

Bohlen is professor of law at the University of Pennsylvania, an erudite gent whose speech bristles with classical allusions in ordinary conversation and sometimes even flows into his campaign speeches. He has had no previous experience as a political candidate, but a high reputation in the teaching of law. In 1925 he was appointed to the Harvard and he is the author of a comprehensive case book on torts.

There's nothing dry or dull about this professor. He dresses almost flashily. He speaks rapidly and vehemently and frankly. He sometimes writes his speeches in advance, but if he does forgets all about them and proceeds extemporaneously. He is a highbrow in both the figurative and literal senses of the word, has fine gray hair and a snappy mustache. Recently when, with the other candidates, he addressed the Pennsylvania League of Women Voters, his impressive appearance, his crisp delivery and his obvious sincerity drew greater applause than the ladies gave anyone else.

Out at the University of Pennsylvania Bohlen is one of the most popular members of the faculty and the boys have organized a Bohlen club to work for his candidacy.

This writer asked Bohlen how he happened to leave the classroom and take up such an arduous job in a primary where he had little sample. Everybody knows that freshmen at College Station are spanked with potency and gusto—that no "softie" can stand the gaff. Yet everyone likewise admits that the college spirit at Texas A. and M. is outstanding in the South and it's not out of line to suspect that strict freshman discipline has been a contributing factor to that spirit.

LET'S say that the Tech boys in the present trouble were too ambitious in their methods of correction—for the deans in probing the case have reached that decision. But even so, to boot them out of school when, in the past graver offenses have gone unpaid-for, is a little harsh. The proper reprimand may turn the trick and save four deserving students to further service to the institution.

And while we're on the subject of this affair, and the preservation of spirit at Tech, it is refreshing to learn that members of the present freshman class—and the individual freshman who was the subject of the having—are not doing any kicking or informing to the faculty. The situation, as The Plainman sees it, is one which the students will likely solve to their own and everybody else's satisfaction, if the faculty will permit them to do so.

In New York With Swab Gilbert Swab

NEW YORK, May 22.—From "Mattie M", of Wichita Falls, Tex., comes a note: "I am sure there are many of your readers who, like myself, intend spending a vacation in New York this summer, who would like further suggestions on what to do and to see in New York."

Very well! A few weeks ago I detailed some of the colorful spots, with an admonition to "clip this out and paste it in your hat." But also, I note, I promised more. So here goes:

Take in the entire new Grand Central Station skyline belt, with emphasis on the new Chrysler, Grand Central and Chanin buildings.

To get a particularly memorable view of this fast changing skyscraper zone, choose a place on Liberty Square, or the Sixth Avenue elevated station at Forty-second street.

Don't miss the new Greenwich Village, for the old one passes fast. Eight street becomes a highway of "Village" shops and eating places from Fifth to Sixth avenue, any of them worth a visit. And historic spots disappear daily.

The old wholesale belt in Canal street—the new radio theater in the old Amsterdam Theater building, "Berkeley Square," if it's still in town—the upper Hudson—the typical Manhattan background of the Stadium symphony concerts, with autos blaring by and the city lights off in the distance.

The breadlines of the Bowery and the Little Church Around the Corner... Just to remind yourself how fortunate you are to be able to afford a vacation.

And that boat trip around Manhattan Island, revealing the magic changes which come over the city. The conglomeration of shops and humans in Nassau street when the Wall Street buildings empty their tens of thousands at noon or in the late afternoon.

The miles of swanky new model apartments that now line the East river... and, if you've never seen it before don't miss the Times Square shuttle crowds at rush hour, nor the kaleidoscope of humanity in Grand Central Station.

While there, pass a half hour figuring out how much exploration you can do and how many novelties you can find without leaving the building.

The Grand street push carts after midnight, just down from Manhattan bridge, at any hour before six... The old "brownstone" belt on the East Side.

The last remnants of Old Chelsea in the middle Twenties... The Hungarian and Gypsy restaurants dotting upper Second Avenue almost anywhere above Eighth street.

And if you want to get night-cubish, the Club Abby for a peep at the Broadway rounders after midnight... And a peeky "hot" show... The Broadway "catch party" shows just to make you feel as though it were "old home week" back where you came from.

The Broadway view from the peak of the Paramount building... The blocks of wholesale flower shops in Twenty-sixth street and the fur markets a couple of blocks uptown.

The blinding new talking picture signs in the mid-Forties and early Fifties... Harlan, all dressed up in silk hats, on a Sunday morning. And one more trip on the Fifth Avenue buses... There's something new each time... The view of the Manhattan skyline as gathered from Columbia Heights in Brooklyn.

And—oh, well, if you have any pet interests just write and ask me questions!

The Western League magnates who introduced night baseball in Des Moines recently thought that was the best way to bring out the stars.

A dog in New York bit eight persons the other day. The most hearing editor will admit that is news.

If, of course, the paper refers to the hot variety, our congressmen are said to have a monopoly.

"A Brother in Texas" "A Sister in California"

and a telephone call that broke twenty years of silence

ONE night, in a little Texas town, a man dropped a letter into a box.

The mail snatched it up with mechanical precision... sorted it... stamped it... routed it... hurled it into the lighted doorway of a steel coach.

And one morning, from across 2,000 miles of distance, out of 20 years of silence, a postman dropped it at a California doorstep.

A young housewife opened the letter. She read it... and for many minutes gazing with unseeing eyes out of a window! From times dim in memory, pictures moved across the sun-filled street: a mother's death... days of confusion that a tiny girl had not quite understood... a little boy who had gone far away to live with relatives.

Picking up a pen, she began to write. But even after she had mailed her reply, she was not satisfied. There were still the pictures... of the days of sadness... of the little boy! How did he look now? How had the years treated him? Was he waiting impatiently for word from her?

In a corner of the room, the telephone met her eye. Was he waiting... impatiently?

Where have you a loved one... a relative... a friend who once was close? "Long distance" can bring them to you today, quickly and at low cost! On right out of the long distance calls, connections to the called point are established while the person calling waits at the telephone, telephone statistics show. Service is fastest when you give the number of the distant telephone.

And as to price... a call from New York to San Francisco which three years ago cost \$16.50 now costs \$8. The cost after 8:30 p.m. is still lower. Number, please?

Name of the newspaper and date of the story will be furnished on request.

100 miles for 60 cents. 500 miles for \$2. An advertisement of the Southwestern Bell Telephone Company.

THE TINYMITES

STORY BY HAL COCHRAN - PICTURES BY KING

The Tinies watched the horses go upon parade. 'Twas quite a show. They saw both black and white ones selected frisky as could be and Carpy shortly said, "Oh, gee! That one that has a ribbon is a winner. My, his fine."

A man then came up to the bunch and calmly said, "I have a hunch that maybe you would like to ride a horse. Well, that's all right. I'll bring a horse for every one and I am sure that you'll have fun. You'll have no trouble, boys, at all, if you'll just hang on tight."

The Tinies were tickled pink. And Scouty said, "Gee! Just to think that we're to ride prize horses. Say! This is a treat! That's rare. We'll go out on that big round track and circle it till we come back. Let's ride real slow so we won't give a single horse a scare."

The horses then came to their side and they were off upon a ride. Around the track they galloped. Oh, what a lot of sport! Course Clowdy had to coax his steed to pick up quite a bit of speed. And then he suddenly got scared. His

horns began to snort. In not more than a half hour, all the horses were back in a stall and every single Tynimite was satisfied. Said one, "Well, just where are we bound for now? We ought to find more fun, somehow." The Travel Man then said, "We will—before the day is done."

They all got in a cab again and rode for miles and miles and then they came upon a little stream. A boat house stood nearby. The Travel Man cried, "We'll go and shortly have a dandy row. There's nothing that we'll come upon that we're not game to try."

(The Tinies visit a beautiful garden spot in the next story.)

A chemist declares that 87 different things can be made from coal. There's a fortune for some ingenious fellow who can make a decent fuel out of it.

STOCKS LOSE ROUND TODAY

DOWNWARD COURSE OF TRADING GENERAL; J. I. CASE LEADS

NEW YORK, May 22 (AP)—With exception of only a few issues stock market lost ground in today's forenoon trading. A severe dip in J. I. Case and several other shares was influential in turning the downward course of the market and numerous leaders ruled 2 to 3 points lower.

Case dropped more than 10 points. American Machine & Foundry 9 1/2, Republic Steel 7 1/2, International Paper 5 1/2, Eastman Kodak 4 1/2, and Magna Copper 4 to 5.

Urburn Auto, U. S. Freight and Umbrian Carbon moved against general trend on rallies of a few points.

Shares down 2 or more included Republic Steel, International Paper, Eastman Kodak, Magna Copper, American Gas, Pacific Lighting, American & Foreign Power, American Power & Light and Miscellaneous-Texas.

Short covering and noon trend to reduce the small money renewed at 3 per cent.

CHICAGO GRAIN CHICAGO, May 22 (AP)—Reports of probable damage by Hessian fly in southeast Nebraska and northern Kansas, with Liverpool quotations higher, gave wheat values here early upturn today.

Opening unchanged to 3-8 higher,icago wheat afterwards sagged somewhat but then scored an all round advance.

Corn, oats and provisions were firm, with corn trading unchanged to 3-8 up, and subsequently showing a general decline.

Lubbock Man Is Emphatic In Statement

Mr. James E. Riddle Avars Argotane Greatest Remedy In His Experience

"I am telling you the truth when I say that if I knew that Argotane was not going to be sold any more, I would buy every bottle on that counter over there," said Mr. James E. Riddle, in a conversation at Bowen's Drug Store, Lubbock, Texas, recently. Mr. Riddle is a well known brickmason and stonemason, residing at 1620 Fifteenth Street, Lubbock, Texas.

"Before I began taking Argotane, I felt that I was at my row's end, after suffering for about thirty-five years with a mean case of indigestion as a man ever had. During all these years I have been bothered by a disordered stomach that grew steadily worse. Indigestion attacks caused me to swell up like a mule with colic, and I would become very weak and nervous. My breath was short and my pulse weak. I tell you, I was flirting with the grave, and I guess I would be in it by this time if it had not been for Argotane.

"But look at me now, I am as strong and as well as I have ever been in my life, and can do as big a day's work as any man. Argotane did this for me, and you can't tell me that it is not a wonderful medicine. I can recommend it unreservedly. Genuine Argotane may be purchased in Lubbock at the Bowen's Drug Store."

COTTON SHOWS IRREGULARITY

FIRST TRADES RECORD GAINS BUT SAGGING APPEARS LATER

NEW ORLEANS, May 22 (AP)—Cotton had a steady opening although cables were lower than due, and first trades on active months showed no change to 1 point up. The May option opened ten points down owing to the issue of some further notices for May delivery. The market rallied 1 to 3 points on a little covering, but soon eased again on prospects of continued good weather, July trading at 18.00 and October at 14.75, or 3 to 5 points under yesterday's close. At the end of the first hour, the market was steady and two points above the close.

The market ruled quiet but steady all morning. After a moderate dip on a private acreage estimate showing a reduction of only 2.9 per cent, the market rallied on the official forecast for shrewd weather in the western belt, October advanced from 14.75, the early low, to 14.97, a gain of 19 points. July gained little however, advancing only 7 points from the low to 16.07. At midsession the market was quiet but steady and near the high.

OPENING IS 4 POINTS LOWER TO 1 HIGHER

NEW YORK, May 22 (AP)—Cotton opened steady, 4 points lower to 1 point higher, on a small volume of business which included some liquidation promoted by relatively easy cables, and a little buying on unfavorable crop reports from the southwest. Business continued quiet after the opening and fluctuations were narrow. May ruled around 16.25, and the new October contract 14.77, at the end of the first half hour when the general list was about 4 points lower.

Trading was quiet later with the old crop sagging under some scattering liquidation while the new crop was steady to firm on the forecast for showers in the western belt. At midday July was selling around 16.30, or 5 points net lower, while higher: top 10.20 for 170 to 210 pounds.

Cattle: 6,000; calves: 2,000; firm to higher; slaughter steers, good and choice 9.00 to 10.00 pounds 11.50 to 14.50; fed yearlings 11.25 to 13.25; helters 10.00 to 12.00; cows 7.75 to 9.75; bulls 7.75 to 9.00; vealers 10.50 to 12.00; stocker and feeder steers 8.75 to 10.75. Sheep: 11,000; shorn lambs steady to strong; springers strong to 30c higher; bulk shorn lambs 9.50 to 9.85; California springers 11.50; ewes 5.90 to 5.50.

new October at 14.93 showed a net advance of 14 points.

NEW ORLEANS OPEN

NEW ORLEANS, May 22 (AP)—Cotton opened steady, Jan. 14.85; March 15.02; May 15.77; July 16.04; Oct. 14.82; Dec. 14.90.

NEW YORK OPEN

NEW YORK, May 22 (AP)—Cotton opened steady; May 15.25; July 16.25; Oct. 15.07; Dec. 15.12; Jan. 15.17; New contracts, Oct. 14.80; Dec. 14.89; Jan. 14.86; March 15.06.

PRODUCE

CHICAGO POULTRY CHICAGO, May 22 (AP)—Poultry weak; fowls 21 to 23 1-2; broilers 30 to 33; roosters 13; turkeys 20; heavy ducks 15, spring 20 to 22; geese 12

TRIO COMBINES WEALTH AND ART

Wealth and art are being combined in an ambitious manner by these three Dartmouth undergraduates at Hanover, N. H. They are Nelson A. Rockefeller, left, called "the richest boy in the world"; Walter P. Chrysler, right, heir to the motor magnate's millions, and inset, William K. Flaccus, considered the most promising poet of the undergraduate body. The trio are about to begin publication of the Five Arts Magazine, which they hope to make the most typographically and otherwise perfect publication of its kind ever attempted by collegians.

Receivership Of Company Is Asked

KANSAS CITY, May 22 (AP)—A petition seeking a receiver for the Monarch Royalty corporation, dealing in oil royalties in Kansas, Arkansas, Oklahoma, Texas and Louisiana, was on file here today in federal court.

The action, filed yesterday by Everett R. Meyer, attorney for a stockholder, alleged among other things that the company had borrowed money at excessive rates and paid dividends with proceeds of stock sales.

Hornsby In Race For Congress Post

They Overlooked the Diamonds. There is a modern flippancy to the effect that "What you don't know won't hurt you." It is also a fallacy. For instance: The farmers of Kimberly were a disgusted, disheartened lot. They said the soil was too rocky to earn them a living. Some of them left. Others died in poverty. And all the time their children were playing with diamonds. But the farmers didn't know. They thought the priceless gems were pebbles. Don't be like those Kimberly farmers. Know! [Don't seek opportunity in some distant place and overlook the diamonds that are daily within your grasp. Know! Advertising is a mine of opportunity. It tells of values you wouldn't know about if it were not there to guide you. The secret of economical buying is information. The man or woman who is best informed is the one who buys to best advantage. Read the advertisements. Know!

Cat Amplifier
SWAMPSCOTT, Mass.—A cat can look at a king and enable distant subjects to hear him. An experiment at Princeton university cat's auditory nerve was hooked up with an amplifier and other apparatus, thereby making conversation in one room audible in another 100 feet away. The experiment was described at the meeting of the American Otological society here.

Seeks Dial Ban
WASHINGTON — Senator Glass of Virginia regards dial phones as a nuisance and has introduced a resolution for their removal from the capitol. He says that since their installation senators have been required to perform the duties of telephone operators.

Plans Changed
NEW YORK—The Charles F. Murphy memorial committee's plans for an \$80,000 flagpole in Union Square, near Tammany Hall, have been approved by the Municipal Art Commission. There were protests when the memorial was proposed, but it is now announced the pole will not be a memorial to the late Tammany chief, but will commemorate the 150th anniversary of the Declaration of Independence.

Happier In Skirts
NEW YORK—Women are back in frills and are glad to be there, as Lady Armstrong, wife of the British consul-general, expressed it. She doesn't believe women will wear trousers; they're happier wearing skirts.

DON'T SHOOT

Charming, dark-eyed Senorita Charlie Van Fleet doesn't live in Chicago, though you might suspect it from this picture. She's only rehearsing for her part in the historical Ramona Pageant at Hemet, Calif. The revolver was once used by early settlers.

Land On State Pen Farms Is Damaged
HUNTSVILLE, May 22 (AP)—Flood waters from the Trinity river have caused great damage on the Ferguson state farm and the Eastham state farm, 30 miles northwest of Huntsville. Officials of the Ferguson farm estimated that 800 acres were under water while 700 acres of the Eastham farm were inundated. It was estimated 1,000 acres on each farm would be flooded before the crest of the flood is reached.

Blanton Prepares To Go To Capital
ABILENE, May 22. (AP)—Thomas L. Blanton of Abilene today began plans for his immediate return to Washington as representative of the 17th Texas congressional district. He resigned the same post March 4, 1929, to become a candidate in the senatorial race, but was defeated.

When almost complete returns today from all counties of the district gave him a plurality of 1,700 votes over Mrs. R. Q. Lee of Cisco, Mrs. Lee conceded the election. She was his only opponent in the special election to fill the unexpired term of her husband, who died several months ago.

Plainview To Turn Out 116 Students
PLAINVIEW, May 22.—One hundred sixteen students will graduate from Plainview High school Friday evening when they receive their diplomas following the baccalaureate address in the city auditorium. This is an increase of twenty-three percent over the number of graduates last year.

Walter D. Cline of Wichita Falls, prominent business man and active in Rotary International circles, will deliver the baccalaureate address Friday evening.

Cave dwellings near Stroubridge, England, which have been inhabited from prehistoric times, are to be closed because they are considered unsafe.

N. Y. Woman Lost 14 Pounds of Fat
One 85 Cent Bottle Of Kruschen Salts Did It
"I am starting on my second bottle of Kruschen Salts and am real pleased with results. I take it for reducing and so far have lost 14 pounds for me. I do not feel so tired evenings when I get home from work."
A generous bottle of Kruschen Salts that lasts 4 weeks costs but 85 cents at the City Drug Store or any drug store in America—take one half teaspoon in a glass of hot water every morning before breakfast—cut down on starches and walk a little each day.
Before the bottle is empty surplus fat is leaving you—indolence changes to activity—you'll feel younger—eyes will brighten—step grows spry. Millions know this—you ought to know it. Kruschen Salts is the ideal treatment for constipation, indigestion, headaches, nervousness and acidity. Adv.
