Ministerial Alliance Formed in Burk

The Burkburnett Ministerial Alliance was formally organized when the ministers met at First Methodist Church on Monday morning, October 23rd. Rev. Carrol Copeland, pastor of First Methodist Church, was elected president of the group. Rev. R. A. Noakes, pastor of The Church of the Nazarene, was elected vice president, and Rev. Kenneth Bradshaw, pastor of the Central Baptist Church, was elected secretary and treasurer.

A Constitution and By-Laws Committee composed of Rev. Leroy Meyers, chairman; Rev. Wayne Black and Rev. R. A. Noakes was appointed and requested to report at the next meeting of the group. The possibility of a Thanksgiving Service was discussed and a committee composed of Copeland, Black and Meyers was elected to work on such a service and report at the next meeting.

The Ministerial Alliance will meet at 9:00 a. m. on the first Monday of each month. The next meeting will be at the Jan Lee Heights Baptist Mission on Monday, November 6th.

IT'S THE LAW IN TEXAS

Sit back and take a good look at all you have done: You've given your family a home, security and many luxuries. For them you want the best now and tomorrow. And even after you are gone. So, most likely, you've already drawn up a will to save on death taxes. Perhaps you've put some funds in trust for certain purposes.

Even so, you can't do all your family's thinking for years to come. You have to equip them ,especially your wife, to manage their own affairs.

Refresh your wife on your business—what you own; how you regard it; who your associates are, and whom to look for facts and advice. In this way you can keep her from some mistakes.

Tell your wife how you pay the bills, keep records, and pay your taxes. Tell her especially who advises you on these matters. Tell her about insurance, trust funds, stocks and other investments. Show her the papers and where you keep them. And why.

Show her how you bought the house and car.

She that she meets your lawyers, bankers, and business associates.

Does she know enough about your business and whom you deal with? She may have to take it over and run it or sell it.

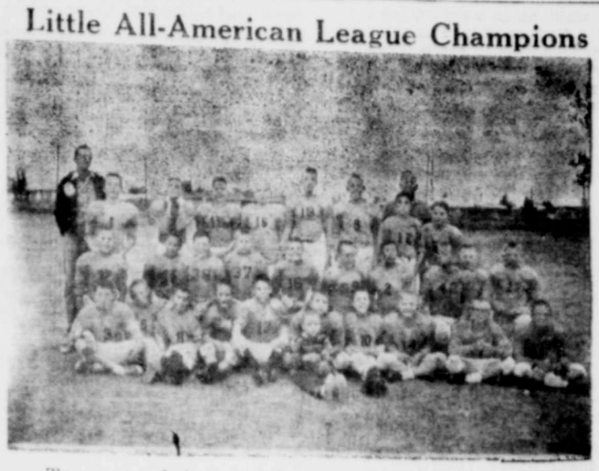

Take her to your office; show her where you keep the books, vital papers, letters, checks, and receipts.

Does she know how to file her tax forms and whom to consult about taxes?

Take her through your business papers. Perhaps while you are around to supervise, you ought to let her have a trial run or two in some transaction to give her skill, knowledge, and confidence.

See Your Invitation To Savings On Page 7—Section 1

Little All-American League Champions

Top row, left to right—Coach Cleo Askin, Robert Nunn, Jerry Harsh, Ruddy Robinson, Rusty Todd, Bill Roe, Charles Reagan, John Hurd, Jeff Beavers and Assistant Coach Chester Todd.

Second row—Jimmy Burton, Mike Abdouch, Lavalle Renfro, Jim Bob Welch, Keith Bruce, Tony Hodges, Larry McDonald, Raymon Moran, Mark Seay, Steve Crosby.

Botton row—Jimmy Flegar, Sammy Prough, Mike Knox, Luther Breuer, Neal Tullis, Freddie Slayden, Richard Harwell, Russell Dark, Tommy Key and Mike Fore.

Coach Billy Ray Mize was absent at the time the picture was taken.

Lions Club Sponsor Broom Sale Saturday

The Annual Lions Club Broom Sale will be held Saturday, November 4th from 8:00 a. m. to 6:00 p. m. Trucks will be parked in front of the First National Bank, Parkers Food Store in Parker Plaza and the United Super Market. Members of the Lions Club will be on hand all day to assist with the sale of brooms, mops, door mats, brushes and other kitchen and household supplies. These items are manufactured by blind people in Fort Worth. Burkburnett residents are familiar with the quality of this merchandise and the annual one day sale is always a success.

Proceeds will be used for community projects.

James Mason is chairman of the sale this year.

Ralph Swinford Champion Conservation Farmer

Bill Jenne, president of the Friberg-Cooper Community, announced today that Ralph Swinford has been named champion Conservation Farmer in that Community's Bridwell Soil Builders Awards Program for 1961.

Swinford farms 640 acres. 410 acres of his farm are in cultivation. This past year, he had 67 acres planted to legumes. He covers his entire cultivated acreage with legumes in a six-year period. The Conservation Farmer has six miles of terraces and mulched 287 acres of grain stubble this past year.

The Bridwell Soil Builders Awards Program is completing its 12th year to encourage farmers to conserve and rebuild their most valuable asset —soil. It is sponsored by J. S. Bridwell and the Wichita Falls Chamber of Commerce. Wymore Downing is chairman of the committee in charge of administering the program.

The 1961 Bridwell Soil Builders Awards Banquet has been set for Monday, November 20th at the Wichita Falls Woman's Forum.

George Washington's second inaugural address is the shortest on record.

Congressmen are not required by law to attend any session of Congress.

Burk Bulldogs Capture National Championship

The Burk Bulldogs, coached by Billy Ray Mize, captured the National Conference Championship of the Little All-American Leaguge, Thursday night at the Central Boys Club in Wichita Falls by holding the Rams to a 6-6 tie.

The Bulldogs meet the Iowa Park Hawks in the "Toy Bowl," Saturday, November 4th at Midwestern University Stadium for the district championship.

The Dogs go into this battle with an impressive record of five wins and the one tie.

They are as follows:

Red Birds 0	Bulldogs 34
Demons 8	Bulldogs 32
Giants 6	Bulldogs 28
Lions 6	Bulldogs 22
Falcons 6	Bulldogs 22

Assisting Billy Ray Mize as coaches are Cleo Askins and Chester Todd. A lot of thanks goes to these men who have spent much of their time in coaching these boys.

Area Highway News

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, reported today statistics indicate at this time that traffic deaths in Texas will run one per cent higher this year than in 1960—which would mean 20 to 25 more motorcides than last year.

A total of 2,254 traffic deaths was recorded for 1960.

Quoting from an analysis by N. K. Woerner, UPS Statistical Services Manager, Grisson said:

"At this time, motorcides are running sightly higher for 1961 than for the same period of 1960. The 234 traffic deaths this past June was 52 more than in June of 1960, and 48 more than the past year June average.

"Statistically speaking, we might show an improvement in October 1961 over October 1960, and we might hold our own in December. But November of 1961 will very likely have more motorcides than November of 1960."

2,936 Bales Cotton Ginned to Date

Reports received early Thursday morning from Mr. W. A. Lockett, manager of the Farmers Co-op Gin, stated that 2,936 bales of cotton had been ginned to date.

Mr. Lockett also stated that about two-thirds of the yield had been harvested. Good weather being a factor in this years large yield.

POETRY WINNERS ANNOUNCED, GROUP HEARS V. HOLDING

Mrs. F. G. Jeffers of Burkburnett was named winner of the annual poetry contest sponsored by the Writers Department of the Wichita Falls Woman's Forum. Vera Holding former poet laureate of Oklahoma and winner of many awards for her own poems depicting the Southwest, was judge of the contest and named Mrs. Jeffers' poem, "Navajo Chief," as first place entry.

"The poem satisfies all the requirements of true poetry and is technically flawless," declared Mrs. Holding in making the award. She called special attention to the fresh imagery in the poem and the beauty in its simplicity.

Mrs. Jeffers has long been identified with the poetry movement in North Texas. A past chairman of the Writers Department, she also holds membership in Wichita Falls Poetry Society and Texas Poetry Society. In 1960 Florice Jeffers was named Texas poet laureate by the Texas Federation of Women's Clubs.

Navajo Chief
(Mrs. F. G. Jeffers)

In the cool desert nightfall
And the smoke
And the flame and shadow
That the long arms of the dying day
Tuck around the sage and rocks
The Navajo gallops.

Ove the long blue-black hair,
And the wrinkled copper
Of his face and neck,
Over the emerging embrace
of the earth and the sun
Beyond the Mesa,
The day ends..

In the dark of the night the day ends,
But only the day is spent—
And the Navajo.

In discussing poems submitted by members of the Writers Department, Vera Holding lauded the group for avoiding modern beatnik trends in creative arts. "Most of these so-called poems of the beatniks are just a lot of words" she declared. "It is difficult to grasp the thought. The reader may even wonder if the poet had a thought or theme."

Continuing, Mrs. Holding stated that all the great poetry of the past was characterized by inspiration and thought that uplifted the reader, and she urged area writers to hold fast to that basic rule.

At a luncheon in the Fountain Room of the Forum, Mrs. Holding read selections from her own volumes of published verse. Most popular with the responsive audience were poems depicting features of early day Oklahoma, the Indian neighbors, sod houses, prairie mothers, sandstorms and her own parents who moved to that state in the early part of the century when it was Indian Territory.

Applause interrupted the guest poet on her reading of "Symbol," a poem which won the Miriam Whitney White award for its contribution to Americana. The poem describes the author's mother in the ritual of lighting a hanging lamp, all that remained to her parents after the 1900 Galveston storm destroyed their home.

Mrs. Paul L. Meyers, program chairman for the department, presented Mrs. D. Jack Hudson Jr., vocalist who sang for the group Robert Schumann's poem, "Dedication." She was accompanied by Mrs. Ruth Haralson at the piano.

Hostesses for the annual poetry workshop and luncheon included Miss Juanita Kinsey and Mmes. W. A. McCarty, Homer Bennett and S. L. Watlon.

Mrs. E. E. Clack, chairman of the department, expressed appreciation of the Woman's Forum and its program of cultural activities. "The creative arts build cities as surely as do industries. We are proud of contributing toward building a greater Wichita Falls in that respect," she concluded.

Tallie Sykes Buys Scrub-Board Coin-O-Matic

Mr .and Mrs. Robert Tisdale owners of the Scrub-Board Coin-O-Matic Laundry for the past 18 months this week sold The Scrub-Board Laundry to Mr. and Mrs. Tallie Sykes. The Coin-O-Matic is located at 109 South Ave. D., just across the street from the Hardin Grade School.

Mr. and Mrs. Sykes are not newcomers to Burkburnett, both having lived in and near Burk, most of their lives. Mrs. Sykes is the former Opal Gragg.

Mr. and Mrs. Sykes invite all friends, customers and newcomers to come by The Scrub-Board and give their service a try.

Martin VanBuren was the first President to be born a citizen of the United States.

MEISSNER FOR CONGRESS

JOE MEISSNER, JR.

First to make an official public announcement of intention to run for the pending vacancy in Congress for this district is Joe Meissner, Jr., mayor protem of Wichita Falls, Texas.

Incumbert Frank Ikard is known to have accepted a position in private industry and his resignation is expected momentarily. Ikard is scheduled to begin his new duties on the first of the year, and the special election to name his successor is likely to fall in January, 1962.

Meissner, a native Texan has lived in Wichita Falls since 1926. He is the son of Mr. and Mrs. Joe Bailey Meissner of Wichita Falls and is Secretary-Treasurer of the Bailey Meissner Company and of Meissner Industrial Supply Company, dealers in plumbing fixtures and industrial equipment. He is a Marine Corps veteran of World War II and of the Korean Incident. He was educated in Wichita Falls schools and earned degree credits at Rice, University of Louisiana, Oklahoma A & M, and T. C. U.

In his announcement he classified himself as a "conservative-thinking businessman" who is "willing to go to Washington to try to stop the breakneck rush toward Socialism." Friends of Messner have been circulating petitions urging him to run and hundreds of names from all parts of this nineteen county district are already pledged to support him.

Meissner predicts that the vacancy will 'set off a mad scramble among present office holders to further their political careers," but predicts that the voters will support the conservative candidate.

He as resigned his position on the City Council to make the race.

SUBSCRIPTION RATES PER YEAR

In Wichita and Cotton Counties $2.50
Outside These Counties $3.00

Defense Takes More Than Arms

The military budget, which was greatly increased by this year's Congress without significant dissent, approaches the $50 billion mark. This, it seems, is the price we must pay for the world's current insanities.

But there is more to the nation's defensive strength than arms. We must be fully prepared to fight an economic war which has no foreseeable end.

An essential weapon in that war is ocean shipping. And the only ships we can f ully depend upon are those which fly the U. S. flag, or are entirely within the control of U. S. enterprise. In an emergency, the vessels of even our staunchest allies could be lost to us.

American government policy stipulates, and long has stipulated, that we have a merchant marine second to none. A vast modernization replacement program, extending over the years, is now underway. To implement this policy, the government provides differential subsidies for ship operation and construction—subsidies made necessary by the fact that it is far more expensive to build ships in the United States, and operate them under our flag than it is in the other maritime nations with which we must compete, due primarily to our wage and working standards.

Finally, much greater use should be made of American vessels by American shippers. The shipper, who patronizes our own merchant marine is given the ultimate in service in every respect, at reasonable, competitive rates. Then, beyond that, he is making a conribution to our strength and to our position in the world.

Oil Facts reports that the petroleum industry is stepping up its spending for drilling, new equipment, and plants. Budgets indicate a 6.2 increase in their petroleum capital expenditures, as opposed to a one per cent cutback in general business spending.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

In an official order, Attorney General Robert Kennedy has announced that from now on, until further notice, in cases of anti-trust violations, where the government is entertaining accepting a consent judgment from the defendants, the proposed consent judgment wil be made public at least 30 days before it is entered in court.

* * *

This is perhaps a step forward in the objective that has been sought by the nation's independent businessmen voting through the National Federation of Independent Business.

C. W. Harder

* * *

As it has been in the past, the government could find some operation guilty of a violation of the anti-trust laws. The defendant corporation, rather than having the matter go to trial, can accept the government's findings and agree to a consent judgment. This judgment has been entered in the court and the case and its records then closed, with usually the defendant agreeing to cease and desist, and sometimes paying a nominal fine, in addition.

* * *

From the standpoint of independent competitors who have been severely damaged, or ruined by the practices to which the defendant pleaded guilty, there is then no opportunity, from a practical standpoint, to exercise the right of the injured party to sue for triple damages.

* * *

Of course, the injured small competitor does have the right to sue, but from a practical standpoint, the injured competitor does not have the funds to carry on long and expensive search for evidence that the government has engaged in, usually with the assistance of the FBI.

* * *

It has long been the viewpoint of independent businessmen, that inasmuch as Federal tax funds were employed to dig up the findings that causes the guilty party to agree to a consent judgment, that this evidence, gathered at tax expense, should be available to the injured small competitors in bringing damage suits.

* * *

While this new order by the Attorney General does not accomplish this full objective, it at least means that it will not be possible, as in the past, for a guilty firm to engage in private negotiations to cease illegal practices, and to have the matter handled with the utmost of discretion.

* * *

Inasmuch as some 70% of the anti-trust cases have been handled in this manner, the issue is quite large here.

* * *

The purpose of the order is to permit injured competitors and other persons and government agencies, to comment upon the case at issue. Justice Dept. on the basis of such additional information received, will reserve the right, if it is deemed to be proper, to withhold the government's sanction to a consent judgment, and thus bring the matter for a full scale trial.

* * *

Probably the greatest gain for independent business gained here is a forthwith recognition by government that violations of the anti-trust laws are illegal, and that before government should accept a plea of guilty and then consent to a modest penalty, the parties injured by the action should be heard from.

W. C. Leonard Attends Course At Ford Motor Institute

W. C. Leonard, service manager at Wolfe Ford Company, Burkburnett, attended a course in service merchandising at the Ford Motor Company Marketing Institute in Dallis this week.

T. N. Frizelle, director of the institute, said the three-day program is designed to help service managers develop a more efficient department to provide better service to customers. Studies on based on successful methods in use at Ford and Lincoln - Mercury dealerships throughout the country.

The institute serves nearly 1,200 dealers in the Southwest Region of Ford Division and Lincoln-Mercury Division.

Because of his bulk, President Taft bought three seats for himself when he attended the theater and sprawled over them. Worked fine, except once he discovered he had bought two on one of the aisles—and one on the other.

THE NEW CHEVY II GOING GREAT GUNS!

Chevy II Nova 400 Sport Coupe—and there are 8 more models, just as nifty, where this one came from

This one was on the road to success right from the start. You get a new kind of solid simplicity blended with the economy and dependability you know you can count on from all the Chevrolet family. Beneath the hood . . . a frugal 4- or satiny 6-cylinder engine (there's a choice in most models) that's downright miserly on gas. Nine new-sized different models . . . sedans, wagons, hardtop and convertible. Like to see and try one? It's easy . . . just follow the crowds.

If you're looking for *sensibility* at its Sunday best—drop in at your Chevrolet dealer's and join the celebration. It's Chevrolet's golden anniversary year, and this new Chevy II is making it a year to remember. Here's Body by Fisher comfort that makes many a full-size car wonder how it's done—*room* for *six* solid citizens, bag and baggage, in all sedans and two-seat wagons. And, thanks to new *Mono-Plate rear springs*, you get a remarkably smooth ride that rivals much higher priced cars.

THANK YOU AMERICA FOR 50 YEARS OF CONFIDENCE

Join in Chevrolet's 50th Anniversary celebration at your dealer's now— By picking up a special order form from your dealer, you can order a "Golden Anniversary Album" LP recording of favorite American songs from Chevrolet for just $1. (For your convenience, many dealers will have the album for sale in their showrooms.)

ARDENING
BEAUTY AND PLEASURE
S. ROY MAGERS

es of articles on "Gard- r Beauty and Pleasure" Roy Magers, will be feature in the Burk- Star. Mrs. Magers, me address is on Shan- d, is chairman for the Wichita Falls Garden Club.

Mrs. Magers is one of three accredited flower show judges in Burkburnett. She has been very active in Burkburnett and Wichita Falls in various club activities for several years. Among her many club activities she has devoted a considerable amount of time and effort to the Garden clubs. Her articles on "Gardening for Beauty and Pleasure are of an informative nature, backed by experience and knowledge of the work.

Long atfer colorful perennials have said farewell to the garden, chrysanthemums carry on with their lavish blooms until Jack Frost calls a halt to outdoor gardening.

By careful selection of varieties on e may have chrysanthemums from late August through November in many forms and a multitude of colors.

By this time some of the earlier varieties are beginning to show color and no more pinching back is necessary. Later varieties, especially those which may be leggy in their growth, will require pinching.

A southwestern exposure is best with house, wall, fence or shrubbery for a windbreak. Chrysantheumums should be spaced 18 to 24 inches apart in firtle, well prepared beds.

Spade in two or three inches of rotted manure or peat moss and to this add three pounds of complete fertilizer to 100 square feet of bed, working deeply into the soil.

This preparation usually is good for a couple of years, provided beds are given 2 or 3 pounds of a well-balanced fertilizer per 100 square feet of bed each spring and again about August 1. These applications of fertilizer should thoroughly be watered into the soil.

Chrysantheumums are most satisfactory when kept low and busy. When plants are about to be pinched or cut back to three to six to eight inches tall, they should be four inches tall. This not only encourages low, but busy growth, but eliminates premature buds which form.

As the plant sends out new shoots, due to pinching), the tips of these shoots in turn may be pinched off to encourage further bushing out. These repeated pinchings may be continued until the first week in July, when plant should be permitted to grow and bloom.

Careful attention should be paid to watering, feeding and spraying, Mums grow more easily if given ample water, and it's important to keep the soil moist, but no soggy.

If the soil about the roots is dry, the stems become hard and the foliage withers and drops off.

The best way to test whether the soil is damp enough is to observe the color of the leaves. Should the lower leaves be as green as the upper ones, the plant has sufficient soil moisture.

Aphids, those tiny plant lice found on all plants, are sledom to be found on vigorous chrysanthemums. So be faithful with watering, and apply another feeding with a 4-12-4 fertilizer.

Should aphids appear, get busy with a nicotine-sufate soapy water spray and be sure to hit the insects. For sure control ,the spray must cover both under and upper sides of the leaves, as well as the unfolding buds.

Chrysanthemums should be fed only until the buds show color, later feeding produces faded colors.

The taller growing varieties should be staked now, as the plants will soon be getting heavy and in danger of snapping off in strong winds. Try to preserve the natural habit of the plant, avoid tying so that the plant is bunched together like a shock of corn.

In order to obtain flowers of large size, many gardeners practice disbudding. Disbudding is simple: merely remove all but the terminal bud on each branch.

Pinch off unwanted buds by rubbing them out with the thumb and fingernail when they are one-eighth inch in diameter. The early flowering Azaleamums and pompons branch naturally and do not repuire either pinching back or disbudding.

Chrysanthemums want plenty of sunshine and resent crowding. Rust is their common enemy. This disease appears on the underside of leaves as small blisters which break open, exposing a brownish powdery mass of spores.

Each spring, or at least every second spring, the clumps should be lifted, separated into several smaller plants and the old mother plant thrown away. If possible, plant your chrysanthemums in a new bed where you did not grow the year before. Have the ground spaded deep with a good amount of barnyard fertilizer and be sure the bed has good drainage. Chrysanthemum plants become overgrown quickly. More and better bloom is obtained by dividing and replanting.

Winter protection, if the bed is so situated that it is very exposed to the elements, is desirable. A mulch of four to five inches of straw is good. Do not use peat moss as it will pack down and becomes too wet and cause injury to plants.

Do you often wonder how to give eye-appeal to those dreary spots in your home? You can revintalize these areas with chrysanthemums, a flower that was once a chief source of fall color, but is not available for indoor show the year around.

Chrysanthemums normally bloom between September and November. But now, thanks to clay pots and new growing techniques, mums can be in your home at any time of the year to give you bright splashes of decorative color and life.

Chrysanthemums usually bloom during short days in the fall, but growers are now able to produce them in full bloom by simply covering the plant at special times in the day to artifically create the full length of the days of the fall season.

Chrysanthemums are considered a night plant and prefer temperature between 60 and 70 degrees. Ideal conposition of the soil should be two-thirds humus and one-third fertilizer. Large one-eighth inch clay pots should be used to allow the plant plenty of room to spread their roots.

Too, you never have to worry about over-water. Excess moisture will find its way through the porous pot and evaporate.

Fog indicates approaching fair weather.

Appreciation

We are grateful to all of you who accepted our invitation to view the slides of the Holy Land and hear Dr. Claude A. Beasley's narration in the Town Hall last Wednesday evening. Especially do we wish to thank Joe Janeke for his assistance in securing extra chairs, Bill Vincent and Jim Frye for announcements made to the Rotary and Lions Club, and to the Burkburnett Star for its advertising.

Dan Flippen Named Outstanding Conservation Farmer

Dan Flippen has been named the outstaanding Conservation Farmer in the Punkin Center Community Bridwell Soil Builders Awards Program for 1961. Other winners announced by Albert Brockriede, Punkin Center Community Agriculture Commissioner, were George Streit—1st Place; H. W. McAlister—2nd Place; in the Fertilizer Demonstration Division; and L. H. Klinkerman — 1st Place; Dan Flippen—2nd Place; and Albert Brockriede — 3rd Place, in the Mulching Crop Residue Division.

All of these men plus winners in the three other divisions will be honored at a Community Awards Program set for Monday, October 23rd. The program, according to Weldon Roth, Community President, is to be held in the Punkin Center Community House at 7:30 p. m.

Flippen has 320 acres in his farm of which 268 acres are in cultivation. This past winter, he planted 75 acres in Austrian Winter Peas. His entire cultivated land is covered by legumes every four years. He mulched his small grain stubble and mowed his pasture this past year. All of these things contributed to his being named as the winner in the Conservation Farmer Award Division.

1st Place winner, Lawrence Klinkerman, in the Mulching Crop Residue Division, stubble mulched 208 acres of wheat stubble. The type of soil on which the operation was carried out was a clay loam. The residue was heavy and remained so after the plowing.

George Streit's fertilizer demonstration gave a good comparison of what fertilizer will do to increase crop yield. In one plot, he fertilized with 25 pounds of phosphates. On the other plot, no fertilizer was used. The plot with fertilizer yielded nine bushels more wheat per acre than the check plot.

The Bridwell Soil Builders Awards Program is co-sponsored by J. S. Bridwell and the Wichita Falls Chamber of Commerce. The objective of the program is to increase the use of soil conservation in North Texas and South Oklahoma.

JERRY KEMP

Jerry Kemp, who has been Burkburnett's Fire Maintenance Man, leaves for the Military Service on October 26th for basic training. His destination is unknown at the present time. Kemp was recently placed on Military Leave by the city.

Scene at the Lions Club "Ladies Night" program. In the background is the High School Stage Band that comprised the evening's program.

Left to Right: Karen Bentley, Kathy Reasoner and Karen Reasoner, winners in the National Baton Twirling Association contest held recently in Vernon, Texas.

Karen Bentley, daughter of Mr. and Mrs. Howard Bentley of Burkburnett, placed second in her solo division in the NBTA contest, Oct. 14th. This was Karen's first appearance in a state-wide contest.

Kathy Reasoner, daughter of Mr. and Mrs. J. T. Reasoner, Burkburnett, placed 2nd in her solo division. She also placed 3rd in the first annual Miss Majorette of Texas contest on Oct. 15th, in beauty, poise, personality and talent. She is 12 years old and now has 3 trophies and 10 medals.

Karen Reasoner placed 2nd in the Miss Majorette contest, and 4th in the talent division of her age group. She is 10 years old and has 6 trophies and 8 medals.

Meadow Lane Garden Club Met Tuesday, October 17

The Meadow Lane Garden Club met in the lovely home of Mrs. Jesse Lee Bills, Tuesday, October 17th.

The meeting was called to order by the President,, Mrs. Cliff Wampler. Year books were presented to members by Mrs. Wayne Landrum, who explained programs and materials to be bought during the year. Year book covers were voted on and the winners were Mrs. Jim Maag and Mrs. Wayne Landrum, who reecived a pyracantha plants.

Mrs. Jesse Bills brought a very interesting program on table settings and buffets. Mrs. Jim Maag won the door prize. The meeting was adjourned and lovely refreshments were served to Mesdames Jim Maag, Cliff Wampler, James Metz, Wayne Landrum, Gene Turner, Joe Davey and Wallace Landrum by the hostess, Mrs. Biills.

Next meeting will be in the home of Mrs. Joe Davey, November 21st.

The piccolo is the highest pitched of all musical instruments.

Mimosa Garden Club Meets in Home Of Mrs. Jim Frye

The Mimosa Garden Club met in the home of Mrs. Jim Frye on Easy Street on Tuesday morning. A coffee plate was served from a beautifully appointed table covered with a white cut work cloth, centered with an arrangegment of Autumn flowers and fruit in a cornucopia.

Mrs. Ralph White, president welcomed two new members, Mrs. Malcolm Radford and Mrs. Ronald Lebinski.

In the business meeting it was reported $27.00 was sent to Mrs. D. C. Dodson, treasurer for the Burkburnett Swim Club Park Beautification Committee, to be used for the Bath House Foundation Planting. This fund had been carried over from last years' club work for this Special Project. Two members of the Mimosa Garden Club are on the Swim Park Beautification Committee. They are Mrs. Hugh Preston, Jr., and Mrs. Ralph White.

Mrs. T. M. Cornelius, program chairman gave a resume of the program theme "Design" for the years study, and presented Mrs. White who talked on Landscape Design for the home grounds, using drawings from the Webb Nursery as visual aid illustratingg foundation planting. back ground shrubs, border plants, bulbs and flowering plants for color accent and the importance of trees in landscaping.

Mrs. Cornelius presented Mrs. Walter Riley a National Accredited Flower Show Judge and a member of the Wichita Falls Judges Council. Mrs. Riley will instruct the flower arrangement workshop for this club year, the first lesson being "Design for Balance.

Tables were set up in the garage and with fresh cut garden flowers each member made an arrangement under the direction of the instructor. Mrs. Riley used a flip chart and several arrangements in her lecture and analyzed the arrangements made by the club members at the close of the meeting.

Modern Study Club Holds First Meeting Monday, October 2

The Modern Study Club held its first regular meeting of the season in the home of Mrs. Jerry McClure, oMnday, October 2nd at 7:30 p. m.

President Francis Smith called the meeting to order. The Club recited the Club Collect and the Pledge to the Flag.

We received a note of thanks from Jerry Thomas for the $49.50 we donated to the Little League Baseball Club.

The club discussed ways to make money.

Helen Reasoner gave an interesting program on Junior Federation.

The meeting was adjourned.

Hellen Reasoner won the door prize.

Delicious refreshments were served by our hostess, Pat McClure to Lorraine Askins, Sydney Askins, Barbara Browning, Tommie Bavousett, Francis Smith, Judy Pemberton, Doris O'Brien, Jo Ann Thomas, Selma Wright, Hellen Reasoner, Dorothy Harris, Patty Pearson, Jean Dolan and our reporter, Mary Joy Hagstrom.

NOTICE

The University Study club is sponsoring a Rummage Sale at the Town Hall on Friday and Saturday, Nov. 3rd and 4th. See oud display of better used clothing also gift display table.

Mr. and Mrs. Hugh Veach left Monday afternoon to attend the funeral of an uncle of Mr. Veach, E. J. Sharp in Pawnee, Okla.

Mrs. Carlton Gibson and son Carlton, Jr. of Fort Worth were recent visitors in the home of Mr. and Mrs. Harry C. Dodson. Mrs. Gibson is a former Burk resident.

Rabbits can run faster up hill than down because the hind legs are longer than the forelegs.

Notice

Sealed bids will be received for an industrial plant building in Burkburnett, Tex., until 12:00 o'clock noon Wednesday, Nov. 8th., 1961 at the Chamber of Commerce Office in Burkburnett. Plans and specifications are available at the Chamber Office, 410 Ave. C. Pho. 569-3393.

AUBREY BULLARD
DEPARTMENT COMMANDER
THE AMERICAN LEGION
GAINSVILLE, TEXAS

Legionnaires and Auxiliary members from the 13th Congressional District gathered in Quannah, Texas on Saturday and Sunday, October 28-29, for their annual Fall American Legion Convention, M. E. Watson, Jr., Commander of the local post, has announced.

Activities on Saturday will include registration, social hour and dance.

Registration will again be resumed on Sunday prior to the joint session.

The joint session of The American Legion and Auxiliary will convene on Sunday morning, with Commander Watson calling the meeting to order. Colors will be advanced, followed by the Invocation. Department Commander Aubrey L. Bullard of Gainesville will deliver the principal address to the joint session. Brian Murphy of Hughes Springs, Department Historian, will bring greetings to the Convention. The Memorial Service will conclude the morning session.

Lunch will be served at noon to all registered delegates and guests.

Immediately following lunch, The American Legion and Auxiliary will hold their separate business sessions, with District Commander Clayton Mann of Wichita Falls presiding over the Legion meeting. Reports will be heard from Standing Committees of the District. W. H. McGregor of Dallas, Department Service Officer of The American Legion, will address this session.

By trade, St. Paul was a tentmaker.

Texas Prison Rodeo Sunday, Oct. 29th

A mad scramble, saddle and bareback bronc riding, a wild horse race, Brahma bull riding, plus the personal appearance of Chuck Connors, television personality was wrapped up in one thrilling package to close out the 30th annual Texas Prison Rodeo in Huntsville, Sunday, Oct. 29th.

Connors, the friendly star of "The Rifleman" TV series is famous for his fast action with his special protector, his rifle. Chuck Connors' show is rated as one of the best of wholesome family entertainment.

Since the October 29th show will be the finale for this year's series, inmate riders will be outdoing themselves in an effort to earn enough points for top prize money which means that the rodeo contests will be more sensational than in any of the previous performances.

The rodeo management also will present a number of free world specialties, including calf roping, a girls barrel race, trick riding and a celebrated Texas mounted quadrille team.

Added to these events will be several inmate entertainment groups such as the Goree Girls from the women's unit of the Texas Department of Corrections. This group features Candy Barr, former Dallas night club entertainer.

Rodeo fans who arrive early will be privileged to enjoy entertainment highlighting the prison band plus other musical combos and vocalists. This portion of the rodeo begins at 1 p. m. and lasts one hour. The rodeo itself ends at 4 p. m.

Officials of the prison system point out that net proceeds from ticket sales go for numerous rehabilitative services which benefit more than 12,000 inmates of the prison.

PRISON RODEO STAR — CHUCK CONNORS, the friendly star of "The Rifleman" TV series, will take the spotlight at the final performance of the 30th Annual Texas Prison Rodeo in Huntsville, Sunday, Oct 29, beginning at 2 P.M. Connors is coming to the rodeo as Lucas McCain, right out of "The Rifleman" and will have his famous rifle with him as part of his act. Connors will share the rodeo spotlight with 40 convict riders competing for top prize money in thrilling rodeo events. Special entertainment will feature the prison Goree Girls and other inmate entertainment groups. Free-world calf roping, trick riding, girls' barrel race, plus a mounted quadrille will round out the two-hour show. Prison Rodeo fans are reminded by prison officials that net proceeds from ticket sales are placed into the fund to carry on an accelerated rehabilitation program for more than 12,000 inmates of the Texas Department of Corrections.

ARDIN GRADE. School News

wel Reed

ren have enjoyed read- ries of boys and girls eer days.

are learning the vowel in language and are to study the consonant We have also studied es of capital letters and arned to spell the days week.

umbers we are learning and substract two place

rs.

ll try to make 100 each our spelling. The most e able to spell all of our words.

enjoy doing our work

ne Dunn

4 section are quite busy hese days.

thmetic we are learning k and check problems plication and division e "fours."

nguage most of us can e nouns, verbs, adjec- d adverbs. We are care- ut answering questions our work, in complete es.

re bringing books from add to our library. In enlarged it so much needed another book- r. James Bentley made one and brought it to m. We are very proud

lso realize that we need school every day. Out pupils twenty-three of perfect attendance for three weeks of this ix weeks period.

5-1—Lou Ann Grady

This six weeks in geography our class is studying "The Moutain States. The Mountain States names are Montana, Wyoming, Idaho, Nevada, Utah, Colorado, Arizona and New Mexico. We are studying mining in the Mountain States. We are also learning how they mine and the names of the kinds of mining done. We are learning some of the names of tools used. We are learning some of the places they are mining and the kinds of ore they're mining.

The first six weeks we studied about the safety devices of the body. W e talked about how nice it is to be different from each other. We studied and drew pictures of how you look inside. In the second six weeks we studied about the framework of the body. We talked about the joints and muscles and cut up a cow bone. We studied about food and vitamins A, B, C, and D. W talked about carbohydrates, fats and other foods.

We have been studying about how to get better plants. We studied about how to graft and bud plants. To graft you have to get a twig of a sour apple tree and some good roots. You get some cloth and wrap the roots and twigs together. Then you have to wax them. Another way to get better plants is to select the best seeds from the best plant. You can also hybrid some of he plants with and without backbone and cells. We have also been studying about alkaline and acid soils.

In the first six weeks in language, we have learned how to make good sentences and good book reports.

In the second six weeks, we have learned to write titles of people and their full names. We have learned how to abbreviate titles of people too. Also, we have learned to abbreviate names of streets, drives, etc.

In arithmetic we have been multiplying by two-place numbers. Some examples are such as 364 x 28.

The class is divided into two groups. The other side of the room is doing examples that are not quite so hard such as 3 into 63 or 85 x 5.

In reading, we read about the U. N. and its troubles. Secretary General Dag Hammarskjold was killed in a plane crash in Africa on September 18, 1961. The birthplace of the U. N. is the City of San Francisco. Over 2,000 people came to tribute General Dag Hammerskjold. Prayers were offered in 12 different languages. The U. N. is having trouble with the Soviet Union and Red China. The Russians have a plan called the troika plan. They will try to rule the U. N. or weaken the U. N. The U. N. won't let Red China come in. Most of the Nationalist Chinese moved on an island called Tiawan.

For Monday we did dictionary work, which is to mark the words in syllables, learn the meaning, and pronunciation. Wednesday we had a ball game which is: a pitcher, gives a word to a batter. If he cannot spell it the catcher can spell it and he is out. If he spells it right, the first time, he goes to first base. We had a Trial Test and a Final Test over the words.

6-2—

We elected our class officers Wednesday, October 25th. They are Rusty Todd, president; Phyllis Glover, vice president; La Donna Beasley, secretary-treasurer; Sharon Holman, reporter.

In arithmetic we are learning how to divide by the tens.

In English we are learning how to write paragraphs in correct form. Children in our room are making good English Habit Posters. These are: Sharon Homan, Cheryl Stubblefield, Homer Paxton, Mike McCutcheon and Connie Varner.

In history we are on Chapter Eight entitled, "Englishmen Build Colonies in the South." In this chapter we are studying about John Smith who haved Jamestown, and Pocahontas who saved John Smith's life. Also we are studying about James Oglethorpe, who started the Georgia Colony and Lord Baltimore who started the Colony of Maryland.

In science we are in Unit III, entitled, "The World of Chemistry." We have a science committee of five people. They are as follows: Chairman, Rusty Todd, Co-workers, Lana Davis, La Donna Beasley, Gregg Connell and Kenny Roberts. They are preparing posters for this chapter.

The news for this week was written by Cathleen Mitscher.

The yard party featured Halloween decorations.

Refreshments of cup cakes and punch were served to the following guests: Christie and Terry Jennings, Eddie and Kim Caroland, Rock and Treva Jennings, Debbie Arrington, Tommy and Darla Kay Rushing, Elizabeth, David, Cynthia and Steven Turner, Bryan and Sheila Kavanogh, Paula Lam, Bobby, Randy and Robin Barnett, Eddie and Odis Ray Taylor, Glenda Willingham, Joe Glenn Nichlos, Carolyn McDonald, Debbie Cook. Also attending were his three aunts, Mrs. Mattie Boydstun, Mrs. Annie Capps and Mrs. M. A. Jennings. His grandmother, Mrs. Claudine Boydstun, and Great Grandmother, Eliza Boydstun. Those unable to attend but sending gifts, were Mike and Ken Caroland, Mr.and Mrs. O. W. Ryals, Wayne Ryals and Mr. and Mrs. Lester Willingham.

Local Births

Birth certificates were issued to the following Burkburnett parents last week. Messrs. and Mesdames:

Billie Joe O'Quinn, boy, Jimmy Joe.

James Howard Johnson, girl, Zana Ruth.

James Willard Martin, boy, Carl Wyley.

Mr. and Mrs. R. C. Gilbow and Mr. and Mrs. T. J. Campbell spent a few days last week in Hot Springs, Arkansas. While there, they visited with Mrs. Dock Goins.

Junior Forum Club Holds Meeting Tuesday, October 24

Members of the Junior Forum Study Club met October 24th in the lovely home of Mrs. Donald McCullough.

Mrs. Bill Wood, president called the meeting to order and the minutes from the last meeting were read by Mrs. R. A. Willingham. A beautiful devotional was given by Mrs. J. D. Hart.

Linda Kay Wilson, a member of the high school student council, spoke on the foreign exchange student that the student council plans to bring to Burkburnett next year.

Mrs. McCullough served lovely refreshments to Mesdames Wayne Smith, R. A. Willingham, Monty Knox, J. D. Hart, Bill Wood, David Boocher, Terry Austin, James Roderick, Raymond Schroeder and Miss Linda Wilson.

PUBLIC NOTICE!

RESIDENTS OF THE 13TH CONGRESSIONAL DISTRICT:

Some of my friends are circulating petitions urging me to run for Congress.

Already, I have seen hundreds of signatures by folks in all parts of this 13th District. Many of them are old friends, some are new friends, and some are total strangers.

They all have one thing in common.

They would like to be represented in Congress by a conservative-thinking businessman. They are fed up with wild-spending professional politicians who are leading us deeper into debt and deeper into the wilderness of the "New Frontier" of Kennedy and Johnson.

I have decided to run for Congress.

I am willing to go to Washington and do what I can to try to stop our break-neck rush to Socialism. I hope you will join me in this fight. It will not be easy to win this race. The pending vacancy is certain to set off a mad scramble among present office holders to further their political careers and to fill the seat with "one of their own" who will go meekly along with the New Frontier.

There will likely be the usual threats of political punishment and economic reprisals to the people of this District if they dare defy the powers in office. I do not believe that our people can be intimidated by public office holders nor bribed with their own money. I believe a majority of folks are ready to stand up and speak up for common sense in government, and that they will give their support to the conservative candidate in this race.

I am ready to serve you in that capacity.

Sincerely,

JOE MEISSNER, JR.

P.S. I do not think it is fair to run for one office while holding another. Therefore, I am resigning my position on the City Council of Wichita Falls, effective immediately. My sincere thanks to all for the understanding and support you have given me in that position.

(PD. POL. ADV.)

MEISSNER
FOR CONGRESS

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

Austin, Texas—City officials in Texas got a warning from Chief Engineer John Vandertulip of the State Board of Engineers.

He said Teaxs had better get moving on its water projects.

Vandertulip's staff has just completed a water study outlining ways in which Texas cities and industries could meet their water needs for 1980. Half of the 14 reservoirs now under construction in Texas will be too small to supply their service areas by then.

It is going to take $1,000,000,000 to build the resrevoirs, treatment plants and distribution systems to provide water the Texas of 1980 will need. It will also take planning and working—starting now—to get the 45 new reservoirs proposed by the Board of Water Engineers' plan built and full of water by or before 1980.

Plan is endorsed in most details by the U. S. Study Commission.

Sales Tax Modification—State Comptroller Robert S. Calvert thinks it's time to change the oil tax plan just adopted by the Legislature.

Constitution allocates the new sales tax on motor oil to the State Highway fund for road building. Consequently the corner service station man must keep books on this tax separately from sales taxes he collects for the State's general fund.

Calvert plans to suggest to the Legislature that this oil tax be levied at the jobber level, same as gasoline sales taxes. This will simplify bookkeeping and collecting.

Speaker James A. Turman agreed that there are inequities in the new sales tax which the Legislature should correct.

First to talk openly aboot paying the tax under protest were the vending machine people. They can't collect sales tax on items selling for less than 25 cents, but they must pay sales tax on their gross sales.

Texas Merchandise Vending Association plans to ask for a court ruling.

Last-Go-Round—Sale of $25,000,000 in bonds for the Veterans Land Board completes the borrowing by the State government for that program. Voters atuhorized $200,000,000 to finance purchases of farms and ranches for veterans.

In the last year, about $37,500,000 has been invested in land since the program was revised after an increase in the authorized interest rate.

L. H. Page of Carthage, member of the Veterans Land Board estimated that veterans will pay enuogh extra interest that the st ate will have made $100,000,000 profit on this program by 2005. That is when the last loan is supposed to be paid off.

More Study—Governor Price Daniel asked the Legislative Council to bring its 1958 study on loans and interest rates up to date.

Governor Daniel now seems likely to call the Legislature back into session in January. He wants up-to-date facts on the subject of regulation of interest rates and lenders. Regular session just could not reach an agreement.

He will ask also for passage of a bill extending the new escheat enforcement procedures to unclaimed bank accounts in banks and savings institutions.

Speaker James A. Turman appointed a special House committee to make a follow-up study of escheat laws. Reps. Franklin Spears, San Antonio; Ted Springer, Amarillo; Richard C. Slack, Pecos; Paul Haring, Goliad; and Reed Quilliam, Lubbock, are its members.

Governor Appoints—Governor Price Daniel assigned Dr. James A. Truman (no kin to Speaker Turman), Texas Youth Council director, and Rep. Don Kennard of Fort Worth to attend the National Governor's Conference on Delinquency and Youth Crimes in Denver, Colorado.

They'll come back armed with argument on why Texas needs juvenile parole officers in more than just the five biggest counties. That's extent of present program.

Governor Daniel is asking the Legislature to expand the five-man juvenile parole set-up it created this year. Kennard has sponsored juvenile parole legislation.

First Runner—Sen. Preston Smith of Lubbock became the first candidate for lieutenant governor in the Democratic primary next May 5.

Smith, who served three terms in the House of Representatives and five years in the Senate, ran third in the 1950 lieutenant governor's race. That was the year Ben Ramsey won the run-off and started the first of his six terms in the office.

Senator Smith, 49, is a theater operator.

Highway Speedup — Faster feeding of fedreal-aid money into highway construction is reflected by the State Highway Department's monthly report.

As a recession-trimmer, U. S. cash was sent out faster than had been scheduled. On October 1, there were $325,858,057 worth of highway construction contracts outstanding in Texas, averaging at just about 50 per cent completion.

During last month, highway contractors completed $18,684,270 worth of new construction. Figure doesn't include the maintenance work by Highway Department crews.

SHORT SNORTS

Railroad Commission again set November production of oil at eight days—the seventh straight month of 22 or 23 day shutdowns.

The Berliner Morgenpost of Berlin notified Governor Price Daniel that it is sending a check for 700,000 marks (about $200,000) which it raised from the people of Berlin, to be used to help victims of Hurricane Carla. Check is made out to Vice President Lyndon B. Johnson, a reecnt visitor in Berlin.

WORKING WITH WOOD

DURABLE WOODS

There are many misconceptions about the durability of wood. Any wood exposed to conditions suitable for fungus growth will eventaully decay. No wood will decay if it is adequately protected from fungus attack. However, some woods are more durable than others.

Wood cut from dead trees is just as durable as wood cut from living trees of the same species. Also, the season of year during which a tree is cut has no direct effect on its durability or other properties. Similarly, the geographical region from which a tree is obtained bears no relation to its decay resistance. It is the conditions of use which affect durability.

Some of the naturally durable wood species commonly grown in Texas include black locust, bois d'arc, catalpa, cedar, cypress and juniper. However, only the heartwood of these durable species resist fungus attack. When used in contact with the ground, even these woods may fail, since decay fungi eat away the sapwood in a short time. Thus, only the durable heartwood core remains for support and strength. On the other hand, the sapwood of all our construction species, when properly treated with approved preservatives, can effectively resist decay for at least 30 years.

Wood Warping

Warp is a common term applied to lumber which has changed from its flat form to a bent shape. Thin boards tend to warp more rapidly than thick boards. Frequently, the condition is not the fault of the lumber, but results from improper conditions of use. Properly manufactured and seasoned lumber, when applied in a dry condition and kept dry, will not warp.

Warping can assume several forms. Cupping of lumber describes a condition which resembles a soda-straw cut in half lengthwise. Bowing refers to a lengthwise appearance of lumber which assumes the curved shape of a rocker on a rocking chair. Crook is the same sort of deformation as bow, but in an edgewise direction. Twist is the condition of lumber somewhat like that of a twisted leather strap. Warping often causes wood to tear loose from its fastening.

Warping of lumber can be controlled by treatment with water repellents, by use of paint or other finishes, and especially through the installation of dry lumber and the maintenance of a suitable moisture content level.

The weathering of wood is brought through the combined effects of rain, wind and light. Weathering can result in color changes, roughening and checking of the surface, and in warping, if boards are exposed for long periods without protective coatings. Wood which has been weathered assumes a grayish color, often with an attractive silvery sheen. All species of wood tend to warp and split when weathered. Lumber subjected to weathering conditions should have a thickness no less than one-eighth the board width.

Surface roughening of exposed wood results from the difference in the hardness of the springwood and summerwood. The springwood, or early wood, is characterized by a cell structure having large cavities and thin walls. This is lighter in weight, weaker and softer than the thicker walled summerwood. Consequently, the springwood weathers more rapidly than the summerwood. This produces the ridged or corrugated effect of the wood's surface.

Erosion, or wearing away of the wood, is very slight and of no importance. By contrast, corrosion of metals and rusting is serious consideration in the use of unprotected metal under outdoor conditions.

Wichita Farm Bureau Elects Officers and Directors, October 24

Officers and directors for the Wichita County Farm Bureau were elected in Iowa Park Tuesday night, October 24th during the annual Wichita County Farm Bureau Convention.

Carl Moeller of Electra, was re-elected president of the county farm organization; Fred William Lalk, Electra, first vice president; Raymond Schroeder, Burkburnett, second vice prseident and T. J. Pace, Sr., Iowa Park, secretary and treasurer.

New directors include Ed Foster, Jr., Elmer Klinkerman, Frank Krajca, Lavender Farr, Loys Barbour, L. E. (Lloyd) Bell Terry Brogdon, J. W. Tole and Mrs. Faye Bridges.

Holdover directors were Raymond Schroeder, Connie E. Nolen, Sr., Robert Wilcox, John Hopkins, B. J. Bibby and Dr. Raymond Hander.

Serving on the nomianting committee were Foster, Schroeder and Lalk.

The group also heard last year's minutes and a financial report from Farm Bureau Secretary Mrs. Ruth Gard.

Other business conducted during the meeting was the reading of Farm Bureau policies developed in four community meetings earlier in the month. Theese resolutions were read to the county members present and atfer discussion all were accepted. The resolutions included such matters as taxes, farm to market roads, education, farm labor, cotton, dairying, REA, farm program, city annexation, fish and wildlife, and rewriting of the state constitution.

Robert Wilcox, membership chairman, reported to the group that 533 farm families had been signed to membership thus far. This was three short of the quota set for the county by the Texas Farm Bureau.

Following the business of the county group two potential candidates for the 13th Congressional seat spoke to the farm organization. Judge Graham B. Purcell, District Judge and Joe Bailey Meissner, Wichita Falls City Councilman, spoke briefly to the group.

Loys D. Barbour, past state director from District 3 and long time Farm Bureau supporter, praised the work of Moeller as president of the Wichita County organization andc alled him one of the best presidents the county has had in the 27 years it had been organized. Barbour called himself a charter member and named a number of other members who helped form the county organization in 1934.

Texas Highway Com. Approves $13,300.00 Highway Funds

The Texas Highway Commission today approved the expenditure of $13,300.00 for highway safety and betterment in Wichita County during 1962, announced District Highway Engineer L. B. Dean of Wichita Falls.

He said a total of 3.4 highway miles in the county will be involved. The work will be under the supervision of Frank L. Ragland, District Maintenance Engineer, Wichita Falls, Texas.

This work is part of the 1962 State Highway Safety and Betterment Program just authorized by the Highway Commission.

Under this progrgam, a total of 2,433 miles of U. S. and State Highways will be improved. Work will be done on 378 projects in 156 counties.

Purpose of the annual program is to continue the improvement and modernization of U. S. and State Highways for increased safety and convenience of travel.

The annual Safety and Betterment Program is one of the prime factors responsible for a significant 26 per cent drop in the number of traffic deaths on primary highways during the last seven years, the Commission said.

"Together with programs for new construction and careful maintenance, the Safety and Betterment Program has helped achieve a meaningful reduction in traffic fatalities on the primary highway system," said Herbert C. Petry, Jr., chairman of the Highway Commission.

Petry termed the Safety and Betterment Program as not only desirable but essential for the safety and comfort of people to travel Texas highways in record numbers.

The progrgam, he said, will "perpetuate and protect the taxpayers investment of well over $2 billion in the Texas Highway System."

Highways are due for improvements such as surface widening, bridge widening and replacement, base strengthening, and rebuilding of shoulders.

District Engineer L. B. Dean said a total of 12.4 miles in this highway district would be involved, at a total cost of $589,600.00.

The following improvement projects will take place in this county:

On U. S. Highway 281 in Wichita Falls, from Chester Street South to State Highway 79, 3.4 Miles Place Additional Surface and Seal Shoulders.

"Blind as a bat," is an incorrect saying, since bats can see.

Legion Notice

There will be a regular meeting this Thursday night, November 2nd at the Legion Hall. Commander Bill Goen would like for all the Legion members and Auxiliary members to attend the meeting. The highlights of the American Legion District Convention will be discussed by the commander and the District Vice Commander, Francis Perry, and also Jim Johnson who attended the district convention at Quannah, Texas, the past week end. There are several things to be brought before the floor. So, all you members don't forget the meeting Thursday night, November 2nd.

There will be a dance Saturday night, November 4th. This should be a good one since the goblins have been put to rest. Eddie Cerday and his western swing band had a week off and they are raring to go.

The public and members of the Legion are invited. Admission is 99c per person. Dance time starts at 9 o'clock sharp. Come one, come all, and we will see you at the dance.

Don't forget game night, Friday, November 3rd at 8 o'clock.

Woods-Watson Vows Set For November

Mr. and Mrs. Lowell Woods of 707 Glendale in Burkburnett, announce the engagement and approaching marriage of their daughter, Sande to Mr. Benny Ray Watson, son of Mrs. Lula Watson, of Grandfield, Oklahoma. The wedding will be a mid-November event in Burkburnett.

The couple plan to establish residence in Burkburnett, where the bride-to-be is a senior in the Burkburnett High School.

The groom-to-be is currrently employed in Grandfield.

Wind must travel at least a mile a minute to be a hurricane.

Holstein Farm News

The Holstein-Friesian Association of America has announced the completion of outstanding official production records by registered Holstein cows in this area.

Studdards Creamelle Vale 4027389 owned by Billy Miller Wichita Falls, produced 16,908 lbs milk and 507 lbs butterfat in 291 days on twice daily milking as a 5-year-old.

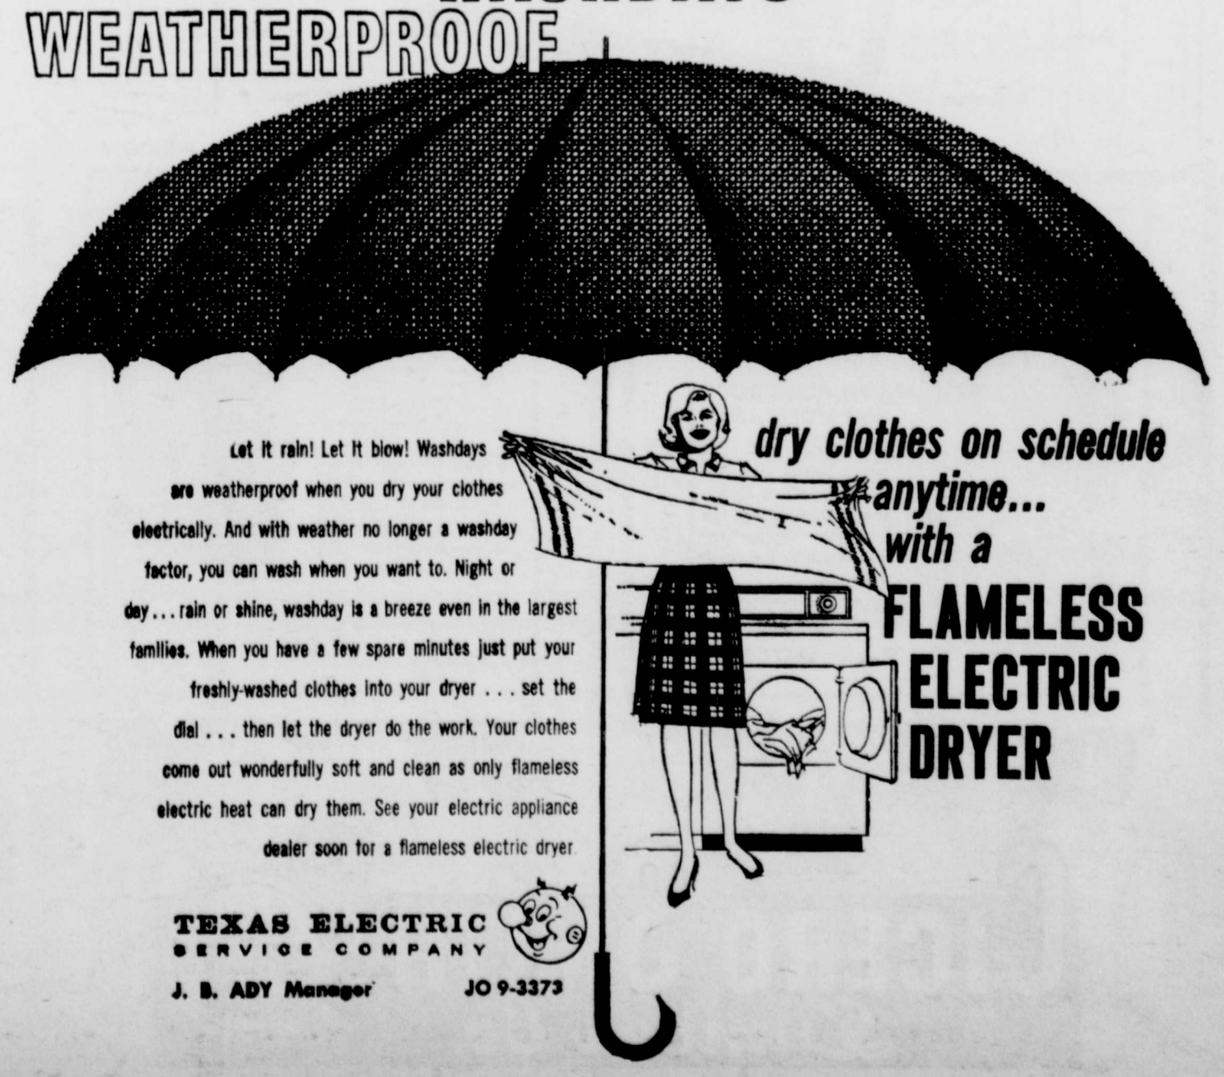

White Star Countess Johanna 3068832 owned by Gene Robertson, Burkburnett, produced 14,496 lbs. milk and 490 lbs. butterfat in 365 days on twice daily milking as an 11-year-old.

Texas A. & M. College working in close cooperation with the national Holstein organization, supervised the weighing and testing of production as a part of the official herd testing programs.

These programs provide continuing loctation and lifetime production records on every cow in participating registered Holstein herds.

England's sea power came into being with the defeat of the Spanish Armada.

...MAKE WASHDAYS WEATHERPROOF

Let it rain! Let it blow! Washdays are weatherproof when you dry your clothes electrically. And with weather no longer a washday factor, you can wash when you want to. Night or day... rain or shine, washday is a breeze even in the largest families. When you have a few spare minutes just put your freshly-washed clothes into your dryer . . . set the dial . . . then let the dryer do the work. Your clothes come out wonderfully soft and clean as only flameless electric heat can dry them. See your electric appliance dealer soon for a flameless electric dryer

dry clothes on schedule anytime... with a FLAMELESS ELECTRIC DRYER

Olney Edges Bullpups 35-31 In Close Game

Olney's passing quarterback Jerry Bishop completed ten aerials here Friday night for 199 yards as the Cubs edged by Burkburnett in the final seconds 35-31.

Olney was behind 31 to 28 as Bishop connetced with Kenneth Rue, halfback, for 11 yards and the winning tally as the clock showed only one second left to play.

It was a tight, hard fought game all the way as Burkburnett totaled 417 yards rushing. With this great ground game, 410 yards earned on runs, Olney depended on Bishop to pass them to their third district 9-AA win against two losses.

The scoring began in the first period as Rue ran for one yard and a touchdown. Bishop scored the extra two points on a sneak.

In the second quarter the scoring picked up as Burkburnett crossed the goal three times and Olney once. The Bulldogs halfback Harry Small went 33 yards for the first Burk score and the extra point try was no good. Then fullback Melvin Lindley plunged two yards for the next Bulldog touchdown. No extra points followed.

Bishop Connects

Olney scored their share of the quarters points as Bishop passed to Rue for 52 yards and a TD. The quarterback for the Cubs then tossed another pass to end Marvin Swaim for the extra two points.

However, Burk's fullback Lindley took the kickoff and returned it 90 yards for a touchdown. He then kicked his own extra point putting Burkburnett ahead at the half 19 to 16.

Olney's homecoming queen Patsy Williams was crowned during ceremonies at the half.

Olney got back ahead on a five yard run by Rue but the extra point try was no good.

Small scored for the Bulldogs on a two yard plunge as the lead changed hands again. The extra point attempt failed.

Burk Scores

Then in the fourth quarter Dale Lewis, Burkburnett quarterback, ran ten yards for a touchdown. No extra points were made.

Rue took the Bulldog kickoff and returned it 68 yards for a touchdown, but the extra point attempt was no good.

Mrs. Ray Mills underwent major surgery Friday morning at the Wichita Falls General Hospital. She is reported doing nicely at this time.

This will be a guest affair at $2.00 per plate. Mistress of Ceremonies for the evening will be Mrs. Floyd Marten, president of Junior University Study Club.

Devol Couple Given Anniversary Dinner By Children

Mr. and Mrs. Leo Zweiacker were honored on their 25th Wedding Annniversary, Sunday, October 29th with a surprise dinner given by their five children.

Mrs. Zweiacker is the former Anna Mindemann of Apache, Oklahoma. They were married on November 1, 1936 at Apache. They have lived at Rt. No. 1, Devol for the past 25 years.

In the afternoon cake and punch were served by Misses Alma and Betty Koerner, atfer the honored couple opened their gifts.

Those present were: Mrs. Verl Ely of Comanche, Mrs. and Mrs. Roland Mindemann, Pam, Steve, Jan and Gregory; Mr. and Mrs. Alton Mindemann, Mark, Kent, Beth and Alan; Mr. and Mrs. Eugene Mindemann and Clint; Mrs. Helena Mindemann, Miss Edna Mae Mindemann, Mrs. Marthat Mindemann and Miss Susie McDaniel all of Apache. Mr. and Mrs. James W. Kinder of Randlett, Mr. and Mrs. Ed Koerner, Alma Betty, Bill, Emelia and Aaron of Minco, Mrs. Don Ely and Brandt and Paul Zweiacker of Stillwater, Oklahoma, Adolf Zweiacker, Loran and Treva Zweicker, Mr. and Mrs. James W. Kinder, Jr., Jimmy Wayne and Tommie and Tommy Antwine of Devol.

Sonny Bentley Adds Another Award To His 4-H Club Work

Sonny Bentley, outstanding Wichita County 4-H boy, has added another statewide award to his already very respectable 4-H record of achievement. He was one of two named today as winners of 1961 grain marketing awards.

According to the state 4-H Club office announcement, he will receive a trip in January to Chicago to attend a 3-day grain marketing clinic and tour. He and Bill Newman of Ochiltree County will represent Texas at Chicago and will join delegates from 12 other grain-producing states for the meeting. Donor for the all-expense trips is the Chicago Board of Trade.

The young grain producer is the son of Mr. and Mrs. Howard Bentley, Burkburnett, a student in the local high school and a 6-year veteran in 4-H. Last year he was named the state's top 4-H tractor award winner and holds other county, district and state honors. He is also recognized as a leader and demonstrator of improved farming practices. County Agent B. T. Haws has supervised his highly successful 4-H career.

By following fertilizer recommendations from the State Soil Testing Laboratory on his last wheat crop, he jumped the yield from 22 bushels an acre on his check plot to 36 bushels on the feritlized half of his 40 acres. He has also conducted demonstrations to show the value of seed treatment and how to maintain quality in stored wheat.

His grain marketing studies have included visits to local and terminal elevators, testing and sampling facilities, processing plants and bakeries. In Chicago, he will have opportunities to further increase his knowledge of the vastness of the grain industry. He will go on the "floor" of the world's oldest and largest futures market to learn first hand how futures are bought and sold and their importance in marketing, and will visit a major processing plant.

Wilbarger-Wichita SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

L. C. Jarvis, District Cooperator of Wichita Falls and farming in Cashion Community, is applying a good conservation program, according to Elvy Sargent, Iowa Park Soil Conservationist.

Jarvis seeded fifty acres to Austrian winter peas last year which was followed by Chinese red peas this summer and wheat this fall. All small grain acreage has been stubble mulched and erosion reduced.

Five waterways were seeded to K. R. bluestem and buffalograss which is making good growth. Terracing is planned for next summer.

Jarvis also operates the M. E. McCullough farm which has had two waterways seeded, stubble mulching and Austrian winter peas in rotation.

Ellis McCullough of Burkburnett has Austrian winter peas on two farms that are making rapid growth.

Mrs. Wilma Whiteside of Electra and farming north of Iowa Park has fifty-four acres of Austrian winter peas coming up. Mrs. Whiteside fertilized with 150 pounds per acre of 8-25-0 fertilizer.

Henry Wolf of Iowa Park has peas seeded for winter protection and soil improvement. Moisture retention with stubble mulching was quite evident on Mr. Wolf's farm during the recent rains.

Questions & Answers

Q—As an orphan of a deceased serviceman, is it necessary that I be 18 and have finished high school to become eligible for schooling under the War Orphans Educational Assistance Act?

A—Specialized vocational training in a below-college level school may be taken if you have quit school, are above the compulsory school age, and the VA finds it would be to your advantage to begin your vocational education before reaching age 18.

Q—What is the patient turnover in all VA hospitals in one year?

A—During fiscal year 1961, which ended June 30, 1961, a total of 537,022 veterans were admitted to VA's hospitals, and 540 068 were discharged during the same period.

Q—I would like to sell my GI-loan house. How do I get clear of liability for the loan?

A—If the purchaser takes over your loan, ask the VA regional office that has your loan record for a release from liability. If the purchaser refinances the loan and pays you, you would have to pay off the loan to be clear of liability.

Q—As a war veteran's widow I have been told that I may be eligible for a pension but not all widows are. How is eligibility determined?

A—For eligibility for a VA pension, a widow must have lived continuously with the veteran from the time of marriage until the veteran's death, except where there was a separation due to the misconduct of, or procured by, the veteran without fault on the part of his wife.

TAKE YOUR PROBLEMS TO CHURCH -- MILLIONS LEAVE THEM THERE

COMMUNICATION

Telephone lines spread across our nation, giving us immediate contact with loved ones. Vital business is rapidly contracted through this medium.

Our linkage to God is prayer. Through prayer we can express our love, our thanks, and seek God's help.

"Hearken unto the voice of my cry, my King, and my God: for unto thee will I pray."

Attend church, join others in fellowship and prayer to God.

EVERYONE IN THE CHURCH ... THE CHURCH IN EVERYONE

ATTEND CHURCH SUNDAY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Junior High Bullpups Defeat Olney 24-14 Thursday, Oct. 26th

The Burkburnett Junior High School Bullpups defeated a highly favored Olney eleven 24-14 at Bulldog Stadium Thursday, October 26th, 1961.

Olney drew first blood as their quarterback threw a 20-yard touchdown pass to his fullback. The conversion attempt was made as their fullback powered his way over.

The Bullpups roared back and marched 60 yards for the touchdown with Charles Herring running the last 15 yards. Gary Lindley ran the convversion.

The Bullpups took the ball on downs. Gary Lindley romped 45 yards as he tightlined the side lines all the way for a touchdown. Charles Herring made the conversion.

The half ended with the Bullpups leading 16-8.

The Olney Cubs bounced back as they scored in the fourth quarter. A conversion would have tied the game, but David Coleman stopped the fullback on the try for the conversion.

With three minutes to play Charles Herring romped 60 yards for a touchdown. Gary Lindley made the conversion to put the Bullpups ahead to stay. The game ended 24-14 in favor of the Bullpups.

Outstanding for the Bullpups on defense were Dean Thompson, Joe Story and Jim Parsons.

Playing a fine game on offense were Gary Lindley and Charles Herring.

Captains for the game were Gary Lindley and John Waters. The next game for the Bullpups will be at Nocona against the Nocona Indians, Thursday, November 2nd, at 6:30.

Burk Study Club Members Attend Santa Rosa Workshop

Six Burkburnett Study Club members attended the Santa Rosa District Workshop held in Vernon recently. Mrs. Philip Carpenter, president of the District presided at the meeting. She stressed the necessity of seat belts and the federated slogan is "A Million and One in '61." She also stated the need for building a better heritage for our youth.

Mrs. Glen Bear, chairman of Council of International Clubs and Mrs. Howard Henderson, chairman of International Affairs, attended a combined discussion group conducted by the chairmens, Mrs. T. A. Hicks and Mrs. A. B. Thompson. They spoke of the effective work now going on in Washington toward Arms Control and of The Latin American Scholarship and the America's Program.

Mrs. D. H. Smith attended the Conservavtion Department workshop where Mrs. J. S. Shannon instructed her in the making of reports.

The Education Department workshop was attended by Mrs. James Bohner. Mrs. Bill Reasoner of this city also attended. Mrs. Jessie Thompson, chairman announced October 23 was United States Day. She spoke of the need for recruiting more teachers and stated more parents need to know their school system. Spanish was stressed for Texas schools also.

The Burkburnett Teenettes, sponsored by Burkburnett Study Club, displayed a "Safety Table" at the workshop. Mrs. George McClarty, secretary of the Santa Rosa District, read the minutes of the previous meeting and had roll call for Board members.

Bear Home Scene of Garden Club Meeting

"Fall Planting for Spring Blooms," was the program subject for the October meeting of the Burkburnett Garden Club. Mrs. J. C. Adams conducted the short business meeting. Then the leader for the day, Mrs. A. R. Bunstine, presented Mrs. B. N. Cauthorn who gave a most interesting and informative talk on "Your Club Work Rating." The Burkburnett Club is a standard Club and it was also stated that six of our members are also members of the Wichita Falls Garden Club which has a rating of an Advanced Club. After Mrs. Cauthorn's talk, Mrs. J. B. Riley gave a well prepared paper on Daylilies and showed a few color slides of a day lily garden, three of the members had visited in Dallas this spring.

Everyone enjoyed the beautiful colored display in this lovely garden.

Atfer a lovely Halloween refreshment plate of pumpkin pie and coffee the club members enjoyed seeing the beauty spot in Mrs. Bears' yard which was a breathtaking blaze of color from a huge planting of red geraniums and red pyracanthas against a high wall.

Fifteen regular members, one new member, Mrs. Charles Hofacket and one guest, Mrs. Paul Browning were present.

JIMMIE JACOBS SERVING ON DESTROYER USS RENSHAW

Jimmie Jacobs, boatswain's mate seaman, USN, son of Mr. and Mrs. G. O. West of Route 1, Burkburnett, Teaxs is serving aboard the escort destroyer USS Renshaw, a unit of an amphibious task force scheduled to take part in Operation "Silver Sword" on October 30th, assaulting beaches on the Island of Maui in the largest maneuver of its kind to take place in the Hawaiian Islands since World War II.

A routine training exercise to improve proficiency and teamwork in amphibious techniques, the operation will consist of 25 ships, 100 Marine Corps aircraft and more than 10,000 sailors and marines.

Climaxing several days intensive training in the area, the operation will begin when the first wave of the assault hits selected beaches on Maalaea bay shortly atfer midnight and is met by "opposing" forces to provide realistic combat training.

I. O. O. F. LODGE

Fresh Start!

The cars people remember—the idea-starters, the trend-setters—throw away all the old ideas, start fresh... and make history. Such a car is coming from Ford in a few weeks. You'll recognize the name—but that's all that's the same! It's an all-new kind of Ford... right size... right price... right between Galaxie and Falcon.

We borrowed the name from one of yesterday's famous Fords—the Fairlane 500. And we borrowed absolutely nothing else.

The new Ford Fairlane 500 is a completely new size—right between Galaxie and Falcon. For just about everybody it's just the right size... with the room, the ride, the comfort of a big car... the economy and easy handling of a small one.

The new Ford Fairlane 500 has a completely new price—right between Galaxie and Falcon. For just about everybody it's just the right price—well below previous Fairlanes, under many compacts.

Unique new size—like no other new car you've seen this year

The new Ford Fairlane 500 is a foot shorter than the Fairlanes that came before it. You zip through traffic, park in places that used to be off limits.

A just-right 197 inches from stem to stern, the new Ford Fairlane 500 is still as big inside as some of the biggest Fords ever built. The explanation is a completely new unitized body which shaves bulk, saves room.

Twice-a-year maintenance

Twice-a-year maintenance is now a fact. Routine service has been reduced to a minimum—30,000 miles on many items, no more than twice a year or 6,000 miles on the rest. You go 30,000 miles between major lubrications, 6,000 miles between oil changes and minor lubrications. Go two years—or 30,000 miles—without changing engine coolant-antifreeze. The car adjusts its own brakes.

New V-8 gem from the world's most dazzling collection

Its name is the Challenger V-8. The world's newest Eight, it was designed specifically for the Fairlane 500. Thirty years of Ford V-8 leadership inspired it; new Ford foundry techniques made it possible.

Drive it. You're in for a powerful surprise; the hand that honed those big Thunderbird V-8's put the final polish on this one. But perhaps the biggest surprise of all is the Challenger V-8's thrift.

For those who want even greater savings, there is a new Fairlane Six that delivers gasoline mileage many compacts would envy.

Preview America's newest car now

Teams of new Fords are on the move from coast to coast as part of Preview U.S.A. See and drive the all-new Fairlane 500 in advance of introduction. It's the first car so fine ever priced so low. You'll find it at your Ford Dealer's in a few weeks.

JUST RIGHT FOR JUST ABOUT EVERYBODY!
FORD FAIRLANE 500
ONLY THE NAME'S THE SAME!

WOLFE FORD COMPANY

Tech 1961 ecoming To Be 3rd and 4th

cord breaking crowd e than 20,000 Ex-stu- s expected on Friday urday, Nov. 3rd and en Texas Tech stag- annual Homecoming tion. And there are ber of good reasons e campus should be with former students. ecoming 1961 will past presidents of the dents Association as the faculty and staff rs who have retired the past year.

ecial guest at Home- will be the Honor- Lyndon B. Johnson, esident of the United He will make one and will participate Homecoming Queen ion event.

President Johnson ke a talk at the First dinner meeting of as Tech Century club evening. The ban- ill be held in the Stu- Union Building. The y club includes those and friends of Tech ontribute a minimum a year to the Texas Loyalty Fund.

ditional Homecoming ally will be held at m. at the Saddle s' Southwest Confer- Circle. At that time, ers of the student body urn an effigy of the owl, opponent for the Raiders the following oon.

officers for the Ex- ts Association will be at the annual Home- council meeting Fri- ternoon, according to Formby, Hereford, ent of the organiza-

nation of the Home- Queen will be held t of the Science build- 8:30 p. m. Friday. een is selected a week ance by vote of the t body, but her ident- kept secret until the ation, which is pattern- er the Miss America t. In case of bad , the coronation will d in the Municipal um on the Tech camp-

s reunions are sched- Friday night after the ation. Classes of 1945 1961 will gather at 9 in the Student Union g for a reception. s of 1925 to 1945 will have a reunion and dance in the Caprock Hotel, starting at 9:30 p. m. A. B. 'Jelly' Brown and Doc Barfoot are in charge of arrangements.

Highlight of the Saturday morning activities will be the traditional Homecoming parade through Lubbock. Considered one of the best in the state, the parade will start at 10 a. m. Theme for this year's parade is "A Techsan in Fantasy Land."

All Exes will be guests of Furr Foods, Inc., and Dunlap's at a luncheon in the Municipal Coliseum, starting at 11:30 a. m. Saturday.

Awards for the wining floats and dormitory decorations will be presented in Jones Stadium at 1:45 p. m. just before kick-off of the Southwest Conference clash between the Texas Tech Raiders and the Rice Institute Owls. A crowd of 40,000 is expected to attend the game.

Pre-season favorites to take the conference title, the Rice Owls will be making their first trip to Lubbock since Tech was admitted to the powerful Southwest Conference. This is the Raiders' second season in the loop and the first season with head coach J. T. King at the helm.

Saturday night, exes and students will end Homecoming activities with a dance in the Municipal Coliseum, dancing to the music of Ralph Flanigan and his orchestra.

Surplus Property Sale Offered At Sheppard AF Base

Surplus government porperty is being offered on sealed bid sale at Sheppard Air Force Base, Texas.

A great variety of equipment is offered in the sale. Included are teletype machines, telephone sets, camera components and electronic equipment.
