Irvin has offered the schools of the Perryton Independent School District to the Research Division of the Department of Education for the purpose of making a comprehensive survey of the problems of reorganization of Secondary Schools. ALLOTMENT TO CLOSE NOV. 4

FINAL DATE SET FOR COMPLETING APPLICATIONS IN OCHILTREE COUNTY

All wheat allotment applications must be completed and turned in by Saturday, November 4, according to L. R. Conner, county chairman of the allotment committee, which means that farmers who have not filed their production certificates and affidavits must do so within the next few days.

According to Mr. Conner, all applications must be completed with this additional information by November 4 after which date they will be turned over to district supervisors for final checking. With the additional production date which is now being procured, it is hoped that the allotment for Ochiltree county can be raised to something like the actual figures.

A reproduction of the complete list of applications is to be found in this issue of the Herald which is being mailed to every post office boxholder in the county. This list is being published in an effort to find any possible errors in the application figures and farmers are urged to check these figures carefully.

LOVE RISKS VENTURED BY "MIDSHIPMAN JACK"

The melodramatic career of a midshipman who cruises through the shoals of rules and regulations to cast anchor in the port of love, risking censure and ultimate discharge, is depicted in "Midshipman Jack", in which Bruce Cabot is featured in the title role, with Betty Furness as his romantic opposite, showing at the Ellis Theatre on Friday and Saturday.

As Jack Austin, Cabot steals out of his quarters after Taps to make love to the commander's daughter, played by Miss Furness. He is seen and reported, and placed on probation, with dismissal ahead if he defaults.

RED CROSS IN MEMBER DRIVE

ROLL CALL CHAIRMAN PREDICTS SUCCESS FOR CAMPAIGN; ORGANIZATION IS COMPLETE

Success in the forthcoming membership campaign of the American Red Cross was predicted today by Mrs. Jno. E. Eldridge, who recently was appointed Roll Call chairman in Ochiltree county.

"Although the dates from November 11 to 30 have been set aside for the Roll Call this year", Mrs. Eldridge said, "I am convinced Ochiltree county's membership goal can be reached or exceeded in a much briefer period. For many years, and particularly this year, the outstanding performance of this humanitarian organization has become common knowledge. Any results other than a swift ,successful campaign are inconceivable when we realize how much the existence of the Red Cross means to this community, state and nation."

Assisted Many Here

The Red Cross, which is constantly answering the call to service, has been very active in Ochiltree county and the drouth area this year, Mrs. Eldridge pointed out. Some 828 individuals have received assistance in this county from funds and supplies sent from national headquarters. A total of 1,784 yards of cotton piece goods has been received by the local chapter and 56,100 pounds of flour. Many dozen articles of wearing apparel have been distributed and a total of $450.00 in cash for relief during the July tornado have been received from the Red Cross.

The Roll Call chairman added that local campaign machinery is being rapidly perfected with an aim of carrying the organization's message to every adult in the county between Armistice Day and Thanksgiving.

CONTROL TRAFFIC AT SCHOOL

BOY SCOUTS WILL SERVE AS TRAFFIC OFFICERS IN SCHOOL AREA AND AT CROSSINGS

Through the cooperation of the city and school officials and leaders of the Boy Scout troops of Perryton, a plan has been worked out whereby the Boy Scouts of Perryton will serve as traffic patrolmen on all streets in the school area and at main crossings on arterial streets leading to the school.

Scouts will be assigned to various streets and crossings in and around the school buildings. The scouts serving as traffic officers will be given authority to handle or report speeding, reckless driving, or any other infractions of traffic regulations.

This is a splendid move designed as a precautionary measure for the protection of our school children. It is the duty of all Perryton citizens to be courteous to the Scouts and assist and cooperate with them in this fine work. The project will be very beneficial to the Scouts in training them for places of responsibility as well as serving to reduce the chances of injury to school children from accidents.

Remember that failure to comply with orders and requests from the Scout traffic patrolmen will subject the offender to call before the city courts for violation of traffic regulations.

W. B. Hicks Jr. has been appointed as Traffic Patrol Captain. He will have charge of the thirty Scouts who have volunteered their services for this very worth while work. The patrol will assume their duties next Monday.

International Sunday School Lesson

By A. C. Williams, Minister Perryton Church Of Christ

World's Temperance Sunday

Golden Text: "Love worketh no ill to his neighbor therefore is the fulfillment of the law". (Rom. 13: 10).

Devotional Reading: Psa 68: 1-6

Lesson text: Romans 13: 12-14; 14: 7-9. 15-21

The Setting Of The Lesson

Time: Paul's letter to the Romans was written A. D. 57 or 58.

Place: The letter was written from Corinth.

The Lesson In Outline

I. Exhortation to Holiness in view of the Nearness of Eternity, 13: 12-14

II. Christian Freedom and Fraternal Tolerance as to matters opinion, 14: 1-2.

III. The Law of Brotherly Love vs. The Law of Person Feeling, 14: 13; 15:3.

This is a fitting time to study temperance. Surely every moral and spiritual energy should be summoned to rescue men and women from the gutters of sinful indulgence. Paul lists three couplets of vices at which our present lesson is aimed: revelling and drunkenness, chambering and wantonness, strife and jealousy. The first pair refer to intemperance in eating and drinking (Luke 21:34). The "revel" (komos) was drunken carousal; it usually burst forth and paraded the streets, filling the night air with noisy songs. It was a favorite entertainment among the worshippers of Bacchus so popular in Rome. Chambering and wantonness describe the definite and general brands of sensuality. Strife and jealousy violate both the law of nature and the law of love. They picture an unholy feeling between man and man. Like the Roman frolics, the night of intemperence is joy. But with the deepening shades of darkness, revellings ripen into drunkeness. Drunkenness begets unbridled lust, and strife and jealousy greet the dawn with tears, murders, ruined characters and a host of heartaches to survey the ruins of a night of sin.

Lessons which have been burned into broken hearts and homes; lessons written in the gospel with the blood of the Christ—surely ought to awaken us to the terrors of intoxication.

"For none of us liveth to himself, and none dieth to himself". We are not oysters. We can't live in solitude. We are a part of a great human family and must furnish our part of pigment to color a national conscience. Even if we are strong enough to resist drink and other items of intemperence, it is not right that our children must be lured with the brazen and unblushing presence of liquor. Should the trailblazers of a nation, state, or community clear away the pitfalls for the feet of our youths and maidens? Yea, verily.

The lesson closes with the Law of Brotherly Love set forth in contrast with the law of Personal Feeling. Christianity is truly an unselfish thing. The conscience of others must be regarded. Liberty does not mean to do as we please, but must be limited by the rights of our neighbors. The christian should not selfishly fill his body with food and drink, for the kingdom of God is not eating and drinking, but righteousness and peace and joy in the Holy Spirit. 14: 17. "Righteousness has respect to God, peace to one's neighbor, and joy to one's self. (Pausset et al). When a soul empties itself of excesses and thing better. Surely self-denial intoxication, God fills it with some- and temperance will pay us in this world and in the world to come.

WHEAT PRODUCTION AND ACREAGE STATEMENTS OF MEMBERS OF THE WHEAT PRODUCTION CONTROL ASSOCIATION OF OCHILTREE COUNTY, STATE OF TEXAS

The following is a statement of the production and planted acreage of wheat in the years 1930, '31, '32 and planted acreage for 1933 of producers of Ochiltree County who have submitted applications for farm allotments. This publication is made in compliance with the regulations of the Agricultural Adjustment Administration. It is made so that a check may be made on all statement claims, and so that reports may be made to the county Wheat Production Control Association on any inaccuracies which may appear in the statements.

The allotment for this county has been definitely calculated from official records of the United States Department of Agriculture, and is 2,589,000 bushels. This is the total allotment for the county. Therefore, if any farmer receives a greater allotment than his past production warrants, he is thus depriving other farmers in this county of their just share.

Total production figures of those who apply for contracts, together with those who do not, must be consistent with the official county production as shown by the records of the United States Department of Agriculture. If the county totals are greater than the official totals, it will be necessary to make a downward adjustment.

Any person may make a confidential report if he finds any statement here which he believes to be inaccurate. Such reports should be made to the community or county Allotment Committee, either in writing or verbally. The reports will be strictly confidential. A farmer whose statements are said to be inaccurate will need to prove his production figures.

Farmers have been asked to furnish evidence of production and evidence of sale, such as thresherman's certificates, elevator certificates, or other records and receipts. Satisfactory evidence will be required of any farmer whose statement is questioned.

The following statements have been condensed to save space. "A" represents acres planted and "bu." represents bushels harvested. The "3-year average" represents the 3-year average acreage and production of 1930-32. The first name in the first column is the owner of the land, the name or names after the dash being the tenants. Farmers should refer any questions regarding this publication to their Community Committee or the County Allotment Committee.

L. R. Conner,
Chairman County Allotment Com.

Want Perfect Record

Half Holiday Is Offered To High School If Perfect Attendance Is Attained

Last Tuesday, 19, when it was learned that only three pupils had been absent on one day, Superintendent W. B. Irvin announced, that if the high school could have perfect attendance for one day he would grant them a half holiday.

Then, at the senior class meeting Thursday morning Mrs. Wood, senior sponsor, said she thought it would be proper for the senior class to set a date and get behind it to see that the school gets its half holiday.

The Junior High School also boasts nearly perfect attendance for one day. The seventh grade actually attained perfection, but there were two absent in the eighth grade and one absentee in the sixth grade.

THURSDAY CHAPEL

At the regular chapel period last Thursday the assembly was entertained by some very good acrobats. They were the pupils of Miss Sloans fifth grade room, dressed in all kinds of funny clown costumes.

They had been taught to really behave like Klunsy Klowns of Klown Kamp and their feats proved very entertaining. They stood on their heads, turned cartwheels, formed human arches and did many other stunts. All together it was a very interesting program.

There were several visitors present to see the program; they are always welcome and are invited back at any time.

SOCIETY

Senior Tea

* * * *

Mrs. D. D. Shanks, assisted by Mrs. W. E. Foglesong, was hostess to the entire Senior Class when she charmingly entertained with a tea on Wednesday afternoon, October 18, from 2:30 to 4:00.

Her home was artistically decorated in keeping with the Hallowe'en season. A very interesting progarm was prepared as follows: Mrs. Frank Boyle gave three short readings and Mrs. Shanks a story of the class.

The story "A Trip Around The World" took place at a Senior class meeting where the seniors were busily discussing plans for something different to accomplish this year. Several things were suggested by the students but the majority seemed to think that a trip around the world would be more unusual than anything else. However, just as the plans were progressing nicely, Mrs. Woods appeared on the scene and spoiled everything.

After the story was ended, we seniors aquitted the place, but not without some reluctance at leaving, having in our possession a small black cat, whcih was given as a favor.

Even though we cannot express our gratitude in words, we do thank you, Mrs. Shanks, for your kind hospitality and thoughtfulness to us.

TEN MINUTE CHAPEL

The last two programs of the old program committee proved quite as entertaining as the others have been. On Thursday the student body was entertained by the Lowen sisters' vocal duet, with Virginia Correll at the piano, as the first number. The second number was presented by an orchestra composed of Shirley Horan, Roy Sanford and Steryl George.

At the ten minute chapel Tuesday, Janice Murphy, Margurite Hicks and Mary Madolyn Sherman sang "The Last Roundup" accompanied by Alice Kuhn at the piano.

They wore cowboy boots, sombreros and kerchiefs to provide a proper scene for their song.

A new program committee was appointed by President Roy Sanford to serve for the next six weeks. Opal Foglesong, Arch Jeoffroy, and Robert Hardgrove were named.

Staff Is Complete

El Sombrero Staff Is Smallest In History; W. G. Parks Is Supervisor

The El Sombrero staff is now three members larger, though it is still probably the smallest ever to prepare the school paper.

Pauline LaMaster, a junior, is the editor of the society department. She was appointed about three weeks ago and is furnishing the readers of the paper all the news of the school society.

To supplement the work of the editor, David Shanks, vice-president of the high school and Lawrence Bransgrove senior class and glee club reporter, are now serving as staff reporters in a general way.

W. G. Parks, musical director, teacher of social science, and sponsor of the debating club, was elected at a press conference last Monday to be the faculty supervisor of El Sombrero and has accepted the position.

In addition to these officers El Sombrero owes much to its "mechanical department" Esther Lewis and Louise Prewitt, who type all copy for the paper.

The editor appreciates this cooperation on the part of Mr. Haggard and all the work of the various reporters and staff members.

SOPHOMORE NEWS

The sophomore class met Monday, October 23, to decide on a Hallowe'en party. J. T. Cropper, the president of the Sophomore class was sick and Eugene Tucker, the vice-president, took charge of the meeting. Committees were appointed to have charge of the party, and after this the meeting adjourned.

GOOD START VS. BAD START

By W. B. Irvin

We have all watched races of various kinds—foot races, horse races, automobile races, bottle races, potato races, etc. We have noticed that a good start meant a lot in every race but especially did it count in a short race.

Our school year might be compared to a short year because the time involved is really short. Our school year is divided into six divisions of six weeks each and one of these divisions has already been used.

Those pupils who have made a start during the first six-weeks are to be congratulated. They have a good start for the next six weeks. Those, however, who did not get such a good start may increase their efforts and perhaps be up with some who got a better start the first of school.

The end of a race is not always like it looks at the start. Sometimes the fastest starters give way to those who keep steadily working and forging ahead. The steady worker who never gives up and admits failure may many times do more than the fellow who works by jumps.

Let each pupil figure out his own case and do his best. He can have a successful school year by so donig.

The best time to prevent falling behind is not to fall behind now.

HIGH SCHOOL BAND IS PREPARING NEW MUSIC

The senior band is preparing special numbers for holiday parades and late season games.

Under its president, J. T. Cropper, the senior band has voted to buy a new set of marches as well as other new music. They have also selected band sweaters.

The senior orchestra will soon be working on "Lazybones", as an accompaniment for the glee club.

Several members of the band are already working on solos for the spring contest.

Free Shows At Ellis

Ranger Football Squad Entertained After Each Gridiron Victory This Season

It has happened for so long that it has come to be regarded as "an old Spanish custom" but has never been mentioned in these columns so far as is known.

For at least a year now every time the Rangers have won a football game, every member of the squad has attended the show at the Ellis Theatre the night after the victory upon the kind invitation of Carl Ellis, and at least one time when Rangers lost they were invited anyhow.

The boys and their coach attend in a body and the free entertainment is really appreciated.

This kind of spirit on the part of Perryton citizens conveys itself to the school and its athletic teams and plays a part in their success.

HOME EC. III NEWS

Things over heard in Home Ec. III.

"Miss Hutchinson can't I put this chair behind the door, I haven't any more room?"

"But teacher I want rugs all over the floors."

"Can I have a love seat in my living room?" (Elsie)

Miss Hutchinson is beginning to believe the children are getting dumber every year. The Home Ec. III class this year did not have a grade on the exam. as high as the lowest one was last year.

HOME EC. II, 3 AND 4 PERIOD

The first part of last week the Home Ec. girls made rolls. Miss Hutchinson wrote excuses (coming and going) for the girls who went to the Home Ec. Dept. and kneaded their bread. The girls who forgot to go had some bread which wasn't extra light.

Monday the girls made cookies. a few of the girls burnt their cookies, due to overheated oven and such things. Miss Hutchinson accused some of us girls of being quite a question box.

Many of the girls have lost their books and wish the return of them immediately. Some of the girls who lost their books last year have given up all hopes of finding them or having them returned.

BIOLOGY CLASS

There was not a single failure in the biology class for the first six weeks.

Those making 90 or above were J. R. Gray and Rollin Stewart. J. R. made 91 and Rollin made 90.

The class with the help of Mr. Bush is continually unraveling more of the great truths of nature.

5B NEWS

Virginia Russell has been elected president of the 5B room. Rudine Ball is secretary and Rachel Finney is reporter.

Rachel Finney and Dorothy Budock were on the honor roll in the high fifth. Virginia Russell, Jack Williams and Weldon Bransgrove were on the honor roll in the low fifth.

3B NEWS

Jesse Holiday has been absent from school for two days.

This week in the art classes they are making Hallowe'en figures posters.

Those who missed no words in spelling are Walter Van Buren, Lawrence Tyler, Cecil Russell, Ruby Smith, W. B. Barclay, and Billy Robertson.

6 GRADE SECTION

Dick Ballenger and Dorothy Osborn of our class were visitors in Pampa Sunday.

Winston Hewitt has withdrawn from this class.

Gold stars are given to the ones who make ninty-five and above in spelling. The ones who got them this six-weeks were Gene Cudd, Winston Hewitt, Virginia Hoghland, Virginia Holland, Bernice Holland, Dickie Littleton, Wayne Symons, and Doris Thompson.

Leona Anderson has been absent for the past week.

Helen May was a dinner guest at the home of Virginia Holland.

CLUBS

DEBATING CLUB

The Perryton High School Debate Club under Mr. Parks is beginning work on the State Interscholastic League subject for this year following the arrival of material last week. The subject is "Resolved, the United States should adopt the British system of radio control."

Any American who owns a radio is controlled by the Federal Government. With the advent of television, multi-wave sets, and international hookups, the problem is further complicated. The British Control System offers a plan, which, of course has it's drawbacks so the Debate Club's discussion of this subject is timely.

Burl Teague, senior boy is a new debater.

CURRENT EVENTS

A talk on Germany withdrawing from the League of Nations was given by William Nichols. He said that Germany could give no reason why she withdrew from the League and Disarmment Conference. Germany said that she was ready at any instant to destroy all of her arms if the rest of the nations would do same. If they will not do this she wants to be on equal basis with the other Nations. Irene Chilcott talked on the same subject and added important information. Oscar Blank told some very interesting jokes, and Opal Bollinger gave a recitation.

Carter Pens at the Herald office.

BOXING AND WRESTLING CLUB

Fights are progressing nicely. There are new talents being revealed all the time and the club expects to have some good fighters by the end of the year.

Parents and friends will be welcomed at all times if they wish to attend the club meeting on Fridays.

LATIN CLUB

The members of the Societas Caesaris and a group of former Latin students took the members of the first year Latin class out to Horse Shoe Bend to be initiated Friday evening. After having to go up in an airplane, sit in a tub of water, walk over rotten eggs, take an oath of allegiance to the club, and getting splashed with creek water and mud, the first year pupils were allowed to gather wood for a fire and help roast weiners and marshmallews. The first year students confessed that they had a good time in spite of the initiation part of the outing.

CHRISTIAN SCIENCE

"Everlasting Punishment" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 29.

The Golden Text is: "The Lord knoweth how to deliver the godly out of temptations, and to reserve the unjust unto the day of judgment to be punished" (II Peter 2: 9).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And Jesus said, Are ye also yet without understanding? . . . For out of the heart proceed evil thoughts, murders, adulteries, fornications, theft, false witness, blasphemies: These are the things which defile a man" (Mathew 15: 16, 19, 20).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Divine Science adjusts the balance as Jesus adjusted it. Science removes the penalty only by first removing the sin which incurs the penalty. This is my sense of divine pardon, which I understand to mean God's method of destroying sin" (page 40).

PERRYTON SCHOOLS INTO JUNIOR RED CROSS

Thirteen different rooms in the Perryton schools have joined the Junior Red Cross this year. Every grade is represented, this being the first year that every grade has joined.

Each room or grade pays fifty cents per year dues, this giving the entire room membership. Each grade or room receives a copy of the Junior Red Cross News, the school receives the "Courier", and each pupil contributing toward the membership or doing some worthy deed will receive the Junior Red Cross membership pin, and also have his name placed on the room's roll card. The pins will be given the first week preceeding the regular Red Cross Roll Call drive.
