THE SNYDER DAILY NEWS

VOL. 2, No. 104 | SNYDER, TEXAS, THURSDAY, AUGUST 30, 1951 | SIXTEEN PAGES—PRICE 5c

GREETING SNYDER BOOSTERS

Visible signs of good will were dispensed yesterday by Snyder Chamber of Commerce booster Melvin Newton, right, who is shown giving a cigar to Lloyd Kownslar, left, superintendent of the Sun Oil Co. camp here. Between the two men is Kownslar's daughter, Lana, who is waiting for Newton to give her a pack of chewing gum. Newton and G. Edward Bolger dispensed cigars and gum over the county-wide tour of oil camps and plants.—(Joe Dave Scott photograph).

Indian's Widow Accepts Offer Of President

WINNEBAGO Nebr. Aug. 30. (AP) —The widow of a Winnebago Indian soldier whose burial was halted by a private cemetery, prepared today for her husband's interment in Arlington National Cemetery as arranged by President Truman.

Pretty Mrs. Evelyn Rice, 29, widow of Sgt. 1-c John R. Rice quietly accepted an apology from the Sioux City Ia. Memorial Park Cemetery Wednesday night but declined its change-of-heart offer of a free burial lot.

"Were it not for the greater honor which has come to my husbnad I would accept" she said.

The President offered a Virginia resting place among the nation's hero dead for Sergeant Rice after learning the Korean War victim's body was removed from the Sioux City graveside Tuesday because he was "not Caucasian."

At Mr. Truman's direction the White House telegraphed Sioux City officials that "national appreciation of patroitic service should not be limited by race, color or creed."

Sergeant Rice was killed in action Sept. 6, 1950, while fighting near Tabu-dong, Korea, with the First Cavalry Division. Previously he spent 40 months in the Pacific in World War II.

When Mrs. Rice received the White House offer Wednesday she immediately accepted "with deepest gratitude" and said:

"This is about the most wonderful thing that could ever happen."

Chinese Say UN Guilty Of Many More Violations

DiSalle Says Quotas Needed For Stability

WASHINGTON, Aug. 30. (AP) — Price Stabilizer Michael V. DiSalle said today some prices may go up even if Congress changes the economic controls law as President Truman requests.

He told the Senate Banking Committee elimination of the three provisions which Mr. Truman has bitterly denounced would give the Office of Price Stabilization a "workable program."

DiSalle and Mobilization Chief Charles E. Wilson were witnesses in the administration's drive for repeal of the provisions. These make possible price boosts for manufacturers and dealers and ban livestock slaughter quotas.

Wilson warned of mounting inflationary pressures and appealed to the Senators for "the strongest and most effective law you can give us."

DiSalle said he wished he could promise the OPS could "guarantee an absolute stability of prices for the next year" if the controversial sections are repealed.

SLAUGHTER QUOTAS KEY.

"But an absolute holding of the price line may not be possible," he said. "Some cost increases are bound to occur.

"Repeal of these provisions will not provide us with a perfect price control law, but it will give us an act under which we can move forward with a sound and workable stabilization program."

He said a key point is restoration of the right to set slaughtering quotas in livestock.

Without quotas, he said it will be impossible to control meat prices, and that black markets would be almost inevitable.

"It may well be that the issue presented to Congress is whether we shall have meat price controls or whether we shall not."

The other two provisions Mr. Truman wants repealed, and which DiSalle criticized today, allow a seller to pass on to the consumer all cost increases between the start of the Korean War and July 26, 1951, and prohibit a price ceiling on any item which doesn't allow wholesalers and retailers the same percentage of profit they earned before Korea.

CONSUMER SQUEEZE

The OPS chief said the second provision catches the consumer in a squeeze and would force prices up.

The first would be almost impossible to handle because "there are not enough accountants to check up on all the figures required for providing American industry with ceilings calculated in this way."

Russians Say They Want An Understanding

MOSCOW, Aug. 30. (AP)—The Soviet press said today Russia is basing itself on the possibility of "co-existence of Socialist and Capitalist systems, and on peaceful cooperation between them."

Both Pravda, the Communist Party newspaper, and Izvestia, the government newspaper, said the Soviets would never place barriers in the way of understanding with the West.

These articles came only a day after the entire Moscow morning press — Pravda and Izvestia included — carried bitter attacks on the United States, accusing Americans of planning to attack the Soviet Union and Communist China.

The articles coincided with another in Red Fleet, the Soviet Navy newspaper, which said that the Soviet army and fleet, and not the United States, defeated Japan. Red Fleet said "the advance of the Americans in the Central Pacific not only did not decide the result of the war with the Japanese aggressors, but had no serious significance whatsoever in weakening Japan's military might." The decisive battles, it said, took place on Chinese territory, where "it was not the Americans but the Soviet army and navy which wiped out the chief shock force of Japanese imperialism and its basic strategic reserve, the Kwantung Army."

(Russia entered the war against the Japanese six days before Tokyo surrendered to American forces arter the atom bombing of Hiroshima and Nagasaki.)

Philippines-U. S. Pledged For Defense

WASHINGTON Aug. 30. (AP)—The United States and the Philippines bound themselves together today in a new defense pact pledging each to help the other fight aggression.

President Truman called the treaty a "strong step towards security and peace in the Pacific."

"It demonstrates to all nations that we intend to continue our common course and to work together in the future as we have in the past for peace for all mankind" Mr. Truman said.

The treaty pledging the United States and Philippines to come to each other's aid to meet common danger is the first of a series of defense agreements to shore up Pacific defenses against Communist aggression.

The others with Japan and with New Zealand and Australia are to be signed in the next two weeks.

Philippine President Quirino said that while the new treaty has "unavoidable connotations of military action" it is "wholly dedicated to peace and to the methods of peace.

Secretary of State Acheson likewise described the treaty as a "natural outgrowth of the relationship" between the two countries and said it "serves to tell the rest of the world that the Philippines and the United States stand together in the Pacific."

New Equalization Board Is Appointed

The new city tax equalization board met briefly this morning to accept formally the city asssesor's lists and books pertaining to ad valorem tax matters to examine the books and lists, and to appraise the property as listed for taxation.

The new board, composed of W. J. Ely, C. N. von Roeder, and N. R. Clements was appointed by the city council in a called meeting late yesterday afternoon.

At the same meeting the city council accepted the resignation of the old tax equalization board made up of Wayland Holt R. L. Terry and M. R. Estes.

This morning's action by the board was brief. They made no changes in any tax valuations but set a date for public hearings on valuations that have been raised.

That meeting will be held Sept. 10 from 8 to 12 o'clock in the morning and 2 to 5 o'clock in the afternoon.

Notices will be sent to owners of property on which the valuations have been raised.

The city council acted rapidly in acceptnig resignation of the old board and in naming of a new one. The speed was necessitated by the fact that only about 20 working days remain in which to prepare the city tax rolls for collection.

"Time was running out and we had to do the job quickly so that we can start collecting money when the current taxes become due Oct. 1" R. B. Sears mayor pro-tem said.

Sears also asked that all taxpayers give full cooperation to facilitate completion of the tax rolls in the short time left.

Lawyers Decry Methods Of Cadet Ouster

NEW YORK, Aug. 30. (AP)—A former West Point cadet, ousted for violating the Academy's honor code, testified Wednesday that Academy officials hinted he could go to prison for cheating.

The dismissed cadet, Gerry Hart, 20, football guard from Brooklyn, testifed at the opening of a public hearing conducted by the committee on justice of the New York Civil and Criminal Courts Bar Association.

The committee, acting on its own initiative, says it is not interested in the guilt or innocence of the 90 cadets accused of cheating on examinations — but in determining whether they were treated fairly in accordance with law.

Hart was questioned by Committee Counsel Robert Daru.

Five other former cadets were present at the committee hearing. One of them, Peter Herman, 20, of Rochester, N. Y., said he was told he had to testify against Academy classmates but that he had not been advised he could implicate himself by testfying against others.

Daru has charged that the accused cadets had been subjected to "shockingly shameful treatment."

Earlier Wednesday, Daru said at least six of the accused cadets have been "restored to duty."

At West Point, an Academy spokesman said the screening boards have cleared "several" cadets for lack of evidence. The spokesman said the "cleared" men are among the or ginal 90 accused.

Eighty-two of the accused cadets have left the Academy.

Hawkins Youth Faces 5 Years

DALLAS, Aug. 30. (AP)—John Michael Hawkins, 16, confessed slayer of his wealthy oilman father, faces nearly five years confinement today at the state school for boys at Gatesville.

He was declared a juvenile delinquent Wednesday and ordered to the state school by Judge Dallas Blankenship.

Blankenship rejected a plea that the youth be put into custody of a recently-appointed guardian.

Hawkins admitted shooting his father, Walace E. Hawkins, vice president and general counsel of Magnolia Petroleum Company, while the father slept early Aug. 5. He told officers his father objected to him keeping late hours.

The judge's order provides the boy be turned over to the Texas Youth Development Council until he is 21.

Chief Probation Officer Sam E. Davis was asked if the council could order the wealthy boy freed at any time. He said: "The order puts him entirely in their hands and they can do what they think is best."

Man Kills 2; Attempts To Kill 5 More

KANSAS CITY, Aug. 30. (AP) — A youthful businessman shot to death two persons, including a university professor, Wednesday and told police he intended to kill five others and then commit suicide.

He said he was "mad at them" and "just disgusted."

Police said Richard Barry Donaldson, 29-year-old laundry operator, admitted the slayings in a signed statement.

Dead were Alfredo Ortiz-Vargas, 53, assistant professor of foreign languages and literature at the University of Kansas City, and Mrs. William Lay, 77-year-old Negro.

Two of the intended victims escaped death because Donaldson's pistol misfired. Two others were not at home and the fifth did not answer her door when Donaldson appeared.

The laundry operator started his journey of death in a taxicab, stopping at several different places.

Donaldson told officers that in addition to Ortiz-Vargas and Mrs. Lay, he intended to kill his former mother-in-law, an aunt, a son of Mrs. Lay, his landlady and her brother.

PARTNER IS VICTIM

Donaldson said Ortiz-Vargas owned an interest in his self-service laundry and they quarrelled over financial matters.

Donaldson, a university graduate, was a former student of the professor.

Mrs. Lay was killed in her apartment above Donaldson's laundry as she reached into the refrigerator for a drink of water.

He said he was angry at the Lay family because they had him arrested recently on a peace disturbance charge. Mrs. Lay's son, Willie, also listed as an intended victim, was not at home when his mother died.

The two persons who escaped because Donaldson's guns misfired were his landlady, Mrs. Rose Kahn and her brother, Gilbert. He stopped at a store they operate.

WHICH MURDER

He also went to the homes of Mrs. Ethel Combs, his former mother-in-law, and Mrs. Leona Anderson, an aunt. Mrs. Combs did not answer her door and Mrs. Anderson was not at home.

Donaldson blamed Mrs. Combs for breaking up his marriage and said he had trouble with Mrs. Anderson in previous years.

After the killings, Detective Marvin Crowley and Sgt. Leo Hoedl found Donaldson standing in the doorway of his laundry calmly smoking a cigarette.

"Which murder do you want me for?" he asked, and then calmly turned over his guns to the officers.

No Answer On UN Offer To Resume Talks

TOKYO Aug. 30. (AP) — Red China's official Peiping radio asserted today American planes violate the Kaesong neutrality area in Korea nearly every day.

The charge was injected into broadcasts accusing Gen. Matthew B. Ridgway of lying, slander and distortion.

The latest asserted violation was early Wednesday. The badly garbled broadcast heard in Tokyo said an Amercian bomber dropped a flare over the site of the now suspended Korean War truce talks.

The radio said it happened at almost the same time Ridgway flatly refused to reopen an investigation of Red charges that an Allied plane bombed Kaesong Aug. 22.

Peiping called it an attempt "to cover up the flagrant lies that he handed the world."

The broadcast made no mention of the U.N. commander's offer to resume truce negotiations any time the Communists are willing to do so. He made the offer in the note that refused to reopen investigation of the asserted bombing.

Top Red commanders to whom the message was addressed had not replied. There was no indication when they would.

In its sweeping accusation the Peiping radio said as many as 43 American planes had flown over the Kaesong neutral zone in a single day. The neutral area extends for a five-mile radius aruond Kaesong.

"American aircraft" the broadcast asserted "have incessantly illegally and constantly flown into the sky over the neutral zone."

The radio devoted most of its attention to Ridgway.

The Communist attitude tended to support a theory the Reds want to delay a decision on Korea until after the Japanese peace treaty conference in San Francisco.

Peiping's broadcasts dampened a cautious optimism expressed in a press release from General Ridgway's headquarters.

The release suggested the Red proposal to reinvestigate the Kaesong bombing charge "may contain some hope for resumption" of truce talks.

The Red broadcasts said Ridgway's note on the incident "again distorted facts" and was "full of contradictions because he is lying."

It particularly assailed his statement that a Red liaison officer refused a request for a daylight investigation.

"Why is Ridgway so afraid of investigation like a criminal afraid of his final trial? Ridgway's liaison officer has said that inspection in the dark of night could not be (held). Why then does Ridgway insist on unreliable investigation and yet refuse to make further reliable investigation?"

No Mention Of Cool Front

(By The Associated Press)

The heat is still with us, in case you haven't noticed. The weather man said today it's likely to stay around awhile.

North Texas took a beating Wednesday. Henrietta's 109 topped the state. Bridgeport had 108 and Albany 107.

Other hot spots were: 108 at Llano, 106 at Presidio, 105 at Corsicana, 103 at Dallas and 100 at Big Spring.

El Paso's 64 was lowest reported in the state this morning.

On the Gulf, Galveston's high was 92 and Houston's 97. It reached 102 at Laredo but dropped to 76 in the morning hours. Corpus Christi's temperature ranged from 96 to 78. Brownsville's high was 92 and low 76. In the Panhandle, Dalhart's high was 97. The low in Dallas was 82 and at Fort Worth 81.

The only rain reported was Salt Flat's .47 inch, Van Horn's .17 and El Paso's .02. The weather bureau said there is a chance for showers from the Panhandle to the Big Bend but they won't amount to much.

Truman Says He Won't Take Action In Copper Strike Yet

WASHINGTON, Aug. 30. (AP) — President Truman declined today to indicate what plans the government may have for dealing with the copper strike.

Mr. Truman said the Wage Stabilization Board had not yet reported.

He said he couldn't comment until he knows what's in the board's report.

Some government action soon was generally expected, since the Office of Defense Mobilization has said the strike is a serious threat to the mobilization program.

The Wage Stabilization Board (WSB) stepped out of the controversy late Wednesday night after the Mine, Mill and Smelter Workers Union refused to call off the strike.

The board apparently found little hope of breaking the deadlock which has halted most of the nation's production of copper a critically short defense material.

A spokesman said the board will report to Mr. Truman early today on the negotiations he asked it to take over on Tuesday. It held a 90-minute hearing Wednesday, and discussed the case again Wednesday night.

A possible next step would be for the President to appoint a board of inquiry to report to him on the facts in the case, but such a board would have no authority to propose an actual peace settlement. The strike could continue while the board investigates.

And Attorney General McGrath would have to wait until the board reported before he could seek a court injunction to end the walkout under the Taft-Hartley Act.

However, if the President should feel there is little hope of settlement and the walkout is creating a national emergency he could bypass court action and order government seizure of the mine and smelters.

The strike has already cut off 95 per cent of the country's copper production and dealt heavy blows to the output of sulphuric acid — a key ingredient in the refining of aviation and high test gasoline — and lead and zinc.

Fisher County Wildcat Will Go to 6,300

Claude E. Aikman of San Angelo has spotted a 6,300 - foot wildcat in Southeast Fisher County as his No. 1 G. E. Kent.

Drillsite is 660 feet from south and 542 feet from east lines of the S. P. Allen subdivision No. 62 in block 319, Gillespie County school land survey. That makes it one-half miles south of Longworth and three miles south of the Roby field.

Projected depth is to take the test into the Ellenburger. Rotary tools will be used to drill, beginning at once.

SCURRY WILDCAT

Lion Oil Co. will plug and abandon its No. 1 C. O. Helms, Northeast Scurry County wildcat as a failure in barren Ellenburger.

After receovering water and gas cut mud and salty sulphur water on the latest drillstem test operator ran electric log surveys which corrected total depth to 7,271 feet. It had previously been reported at 7,274 feet.

The failure was drilled in section 631-97-H&TC.

STONEWALL

G. E. Cadane & Sons of Wichita Falls have staked location for the No. 1 S. E. Lewis as a 6,600 - foot wildcat in West Central Stonewall County.

It will be 467 feet from north and east lines of section 165-D-H-southwest of Aspermont and two &TC. That puts it about two miles miles west of the recently opened Aspermont Lake - Lower Canyon sand field.

It will seek Ellenburger at the 6,660 - foot depth.

BORDEN FAILURE

C. D. Dunwoody No. 1 McDowell, Borden prospector one mile north of the nearest Canyon reef production in the Reinecke field has been plugged and abandoned at 6,950 feet. It has had no shows in the reef.

Drillsite is in section 83-25-H&TC.

HERMLEIGH

R. Olsen Oil Co. No. 1 Feldman south offset to the one-well Hermleigh - Ellenburger field in Central - East Scurry County is at total depth of 1,765 feet in shale and anhydrite. Operator has been waiting for cement to cure before drilling the plug on casing and going deeper The No. 1 Feldman, just south of the No. 1 Templeton, will seek the same Ellenburger pay from which the No. 1 Templeton produces. It is in section 63-3-H&TC.

Truman Firm in Effort To Get Freedom For AmericanCorrespondent

WASHINGTON Aug. 30. (AP) — President Truman said today the Oatis case will never be closed until the Associated Press correspondent gets out of jail in Czechoslovakia.

The President made this comment at a news conference when told the new Czech ambassador, Vladimir Prochazka, had described the case of William Oatis as "a closed incident" from "the juridical point of view."

Mr. Truman said he didn't think the Oatis case would ever by closed — at least in this country — until Oatis gets out of jail.

Damage Suit Is Filed Against Oil Companies

A suit asking $4,300 in alleged damages was filed this morning in civil district court against the Lion Oil Co., Sun Oil Co., Ohio Oil Co., Carleton D. Speed, Jr., of Houston; Walter Seliman, New York; E. H. Hulsey, and Ray Sturgis, both of Dallas.

The plaintiffs are J. R. Helms, Charlie Joe Helms, and Delbert Wayne Helms, a minor. Their petition was filed by attorneys representing the law firms of Sentell, Rosser & Willbern and Park & Hemphill, both of Snyder.

The case is styled as cause No. 5537 "trespass to try title and damages for drilling of a dry hole on the southeast quarter of section 631, block 97, H&TC survey, plaintiffs owning an undivided one-half of minerals under said tract, the defendants not having leased."

Britain Denies Two Diplomats Located

LONDON, Aug. 30. (AP)—The Foreign Office denied today that British secret agents have located missing diplomats Guy Burgess and Donald MacLean. William Ridsdale, head of the Foreign Office news department, said reports published in two London newspapers this morning were completely "without foundation.' The foreign office kept silent for hours after the reports first appeared before issuing the denial.

Ridsdale conferred with top officials for an hour before making his comment.

He said that the search for the two is exactly where it was before the stories were printed in today's issues of the Daily Herald and the Daily Express — in other words, Britain is still hunting for the two officials.

The newspaper stories quoted agents of the British Secret Service as saying they had located the two diplomats who vanished without a trace last May 25.

Ridsdale said the agents said the Foreign Office learned the whereabouts of the two after a three month search by British agents and Western European police. It said MacLean had communicated with his American-born wife, Melinda, who is vacationing with their three children on the French Riviera.

The Herald is the newspaper of the governing Labor Party and has close government connections.

The conservative Daily Graphic, in a dispatch from Paris, said the same story was current there.

The two men have been the quarry in one of the greatest manhunts of modern times since they disappeared May 25.

MacLean, 38, was chief of the American section of the Foreign Office and Burgess, 40, had just been recalled from Washington after frequent brushes with the police over traffic violations.

Foreign Secretary Herbert Morrison told the House of Commons there was no evidence they took any secret documents with them, but the government appeared concerned over possibly betrayal of Western diplomatic secrets.

Deep Water Well Drilled

TEMPLE, Aug. 30. (AP) — Water that Temple needs desperately today appeared in a well being dug for the city to help alleviate its shortage.

The Lane-Texas Drilling Company hit water Wednesday night at 1,147 feet near the Leon River west of Temple.

The company began a test to see if the water is sufficient to produce the 1,250,000 gallons a day that Temple needs.

If it is enough, it will take a week to get the water ready to pump.

Another well being drilled nearby was down to 460 feet.

Temple used 2,651,000 gallons of water Wednesday, and the level in the Leon River reservoir — source of the city supply — dropped an inch.

The city had been using four million gallons of water daily until a ban on air conditioning went into effect Tuesday.

Excise Taxes Up For Study

WASHINGTON, Aug. 30. (AP) — Proposed sharp increases in the taxes on liquor, cigarettes, automobiles, gasoline and other common American purchases came up for decision in the Senate Finance Committee today.

The House voted excise tax increases totalling $1,252,000,000 as part of its $7.2 billion tax boost. So far the Senate unit has whittled about $1.5 billion of the House total principally from individual and corporate income taxes. If the Senators decide to try to recoup any of this, the excise field offers the last big chance.

The House went less than half way toward meeting the administration's recommendations for a $3 billion increase in excise taxes such as those on whisky and cigarettes.

Beyond this the House reckoned on taking in $400 million a year from a new 10 per cent tax on the gross take of bookmakers and "numbers" operators.

After its cuts in individual and corporation income taxes the finance committee yesterday voted for $150 million more revenue to be dervied from taxing mutual savings banks, building and loan associations, and some now-exempt co-operatives.

Staff experts said the changes would bring in $63 million a year from some 600 mutual savings banks and $65 million from 1,980 building and loan associations both of which are untaxed at present; and $15 million to $20 million from "thousands" of now untaxed cooperatives.

India Still Opposes Japanese Treaty, but Urges Moderation

NEW DELHI India Aug. 30. (AP)—In a hard-hitting note to the United States, India today defended her refusal to attend the Japanese peace conference in San Francisco.

At the same time Prime Minister Jawaharlal Nehru pledged his government not to sign a separate pact with Japan whose terms would contradict provisions of the American-sponsored treaty.

The Indian note was in reply to one from the U. S. State Department Aug. 26 expressing displeasure with India's decision to boycott the San Francisco conference. It was made public in parliament here.

The note asserted that, contrary to American claims, the people of Japan did not approve of the treaty. It insisted that the treaty should contain a declaration reaffirming that Formosa would be turned over to China and called on the United States to hand the Ryukus (Okinawa) back to Japan.

The U. S. note had chided India for insisting on the return of the Ryukus to Japan by the United States while assenting to continued Russian control of the Kurile. The Kurile are a group of islands between Japan proper and Siberia.

India's reply today said this arrangement was worked out at Yalta and "the government of India can not be held responsible for an inconsistency which is a result of the Yalta agreement."

While vigorously defending India's stand, the note appealed to the United States not to let differences over the treaty affect friendly relations between the two countries.

WEATHER

WEST TEXAS: Partly cloudy and continued high temperatures tonight and Friday. Widely scattered thundershowers in El Paso area and Big Bend Country.

22 Wildcats Listed Among 91 West Texas Oil Well Locatlons

Locations for 91 tests for oil, including 22 wildcats, were staked in 24 West Texas counties during the week Aug. 12-18.

The preceding week listed 122 tests, including 28 wildcats.

Total for the first 33 weeks in 1951 became 3,553 for proven areas and 651 for wildcats, a grand total of 4,204. This is a weekly average of 127.39, down from 128.52 through the 32nd week.

District 7-C gained 14 wildcats and 26 field locations; District 8 gained eight wildcats and 43 field locations.

Reagan led in wildcats with five, while Runnels and Mitchell had three each ; Crockett two, Tom Green two, Pecos two, Coke one, Schleicher one, Garza one, Howard one and Yoakum one.

Runnels led in proven areas with 13, followed by Upton with 11 and Scurry and Glasscock with seven each. Midland had six, Cochran five, Ector and Andrews four each. Pecos and Borden two each, and Coke, Schleicher, Gaines, Hale, Howard, Nolan, Sterling and Ward, one each.

COKE COUNTY

Stanolind No. 1 T. P. Carter, 660 feet from south and east lines of section 277-1A-H&TC; 7,100 feet, rotary; wildcat.

Sun No. 20 H. H. Jameson, 1,980 feet from south and 660 feet from west lines of section 316-1A-H&TC; 6,700 feet, rotary; Jameson field; elevation, 2,074 feet.

CROCKETT COUNTY

Val-Carroll Oil Co. No. 1 University, 330 feet from north and east lines of northwest quarter of section 21-42-University; 3,000 feet, cable tools; elevation, 2,700 feet; wildcat.

Norwood Drilling Company & Ashmun & Hilliard of Wichita Falls No. 1 University, 660 feet from north and east lines of section 35-30-University; 8,500 feet, rotary; elevation, 2,320 feet; wildcat.

REAGAN COUNTY

J. H. Williams and others of Midland No. 1 J. D. Merchant estate, 660 feet from south and west lines of section 19-A-L&SV; 7,500 feet, rotary; wildcat.

Atlantic Refining Company No. 1-B J. D. Sugg estate, 660 feet from north and east lines of section 135-3-T&P; 8,500 feet, rotary; wildcat.

Blackwood & Nichols Company No. 1-B D. E. Hughes, 775 feet from north and 660 feet from east lines of section 2-C-W. W. Pittman; 11,000 feet, rotary; wildcat.

White Eagle Oil Co. and others of Tulsa, Okla., No. 2 Ringo, 660 feet from south and 666.3 feet from east lines of section 8-D-L&SV; 7,400 feet, rotary; elevation, approximately 2,810 feet; wildcat.

Kemp Drilling Co. of Dallas No. 1 Ed M. Hunt, 660 feet from north and 1,980 feet from west lines of section 11-1; 7,500 feet, rotary; wildcat. One mile south of Stiles.

RUNNELS COUNTY

T. W. Murray & Richard King, Jr., No. 1 George Cathey, 987 feet from north and 990 feet from west lines of section 93 H&TC; 4,800 feet, rotary; elevation, approximately 2,000 feet; wildcat; eight miles northwest of Winters.

H. V. Garrett (Garrett Production Co.) No. 1 D. D. McDaniel, 330 feet from north and 1,650 feet from west lines of A. Loyosa survey No. 21; 4,500 feet, rotary; wildcat; eight miles northwest of Talpa.

Miami Operating Co., Inc., of Abilene No. 1 E. B. Tounget, 330 feet from north and east lines of section 515-20-A. Loyosa survey; 4,400 feet rotary; wildcat; eight miles northwest of Talpa.

E. S. & Price No. 9 A. W. Malone, 330 feet from north and west lines of Block 38, M. Parramore survey No. 26; 4,450 feet, rotary; elevation, 1,767.6 feet; Beddo field.

Mid-Continent Petroleum Co. No. 6 Earl Burnes, 330 feet from southwest and 146 feet from west lines of J. W. Meeks survey No. 15, abstract No. 664; 4,800 feet, rotary; Cree-Sykes (Upper Gardner) field.

Humble No. 49 Sallie M. Odom, account No. 3, 330 feet from south and 660 feet from west lines of J. Allen survey No. 29½; 6,000 feet, rotary; Fort Chadbourne field.

Humble No. 5-6-B Sallie Odom, 1,996 feet from Coke-Runnels County line and 660 feet from south line of P. Martines survey No. 290; feet rotary; Fort Chadbourne field.

Humble No. 48-B Sallie Odom, 1,008 feet from north and 330 feet from east lines of Pedro Martinez survey; 6,000 feet, rotary; Fort Chadbourne field.

Humble No. 57-B Sallie Odom, 330 feet from north and 1,650 feet from west lines of Gray Carroll survey No. 385; 6,000 feet, rotary; Fort Chadbourne field.

Humble No. 58-B Sallie Odom, 1,650 feet from south and 330 feet from west lines of Gray Carroll survey No. 385; 6,000 feet, rotary; Fort Chadbourne field.

Humble No. 59-B Sallie Odom, 330 feet from north and 616 feet from west lines of Gray Carroll survey No. 385; 6,000 feet rotary; Fort Chadbourne field.

Humble No. 60-B Sallie Odom, 880 feet from south and 580 feet from east lines of E. Smith No. 51½; 6,000 feet, rotary; Fort Chadbourne field.

Humble No. 61-B Sallie Odom, 1,983 feet from south and 821 feet from east lines of 656.2 acre tract in the north part of John Bird survey No. 469, also 1,156 feet southwest of the No. 58-B; 6,000 feet, rotary; Fort Chadbourne field.

Humble No. 62-B Sallie Odom 430 feet from upper north line and 800 feet from west lines of the J. P. Childers survey No. 36; 6,000 feet, rotary; Fort Chadbourne field.

Dawson Project Will Test In Pennsylvanian When Cement Cures

El Tee Oil Co. No. 1-96 Briley, indicated Penhsylvanian lime reef discovery in Central - West Dawson County, is bottomed at 8,641 feet in lime and is waiting for cement to cure on seven - inch casing which has been set at the total depth.

Operator is expected to allow the cement to cure for 72 hours. When that is done the plug will be drilled out and the casing will be perforated between 8,570 feet and the bottom and the section will be tested.

Corrected top of the reef lime in this wildcat is at 8,570 feet, and not 8,750 feet, as was reported Tuesday through error. Elevation is 3,091 feet.

This prospector indicated possible production in a drillstem test at 8,602-41 feet. The tool was open three hours. Gas surfaced in 20 minutes. No fluid came to the top while the tester was open. Recovery was 4,030 feet of clean oil and 420 feet of salt water.

Interested observers think the prospect has sufficient pay above the water to complete and oil well and a new field opener.

The possible new discovery is 15 miles northwest of Lamesa.

Stock Advances Are Paced by Steel Rise

NEW YORK Aug. 30. (AP) —Stocks extended their advance in early dealings today.

Price changes generally were in fractions but gains held a wide edge over losses.

Steel issues provided a flurry with sizable blocks changing hands on the upside. U. S. steel opened ¼ higher. Republic ⅝ higher Bethlehem up ½ and Youngstown up ½.

Gains were recorded for U. S. Rubber, Texas Co., Du Pont, International Telephone and Sears Roebuck.

Twin sons were born Sunday to Mr. and Mrs. E. M. Richardson of San Angelo. Paternal grandparents are Mr. and Mrs. E. J. Richardson of Snyder.

VISITOR CALLS

NETHERAVON, Eng., Aug. 30. (AP) — When Mrs. C. W. Denton heard a crash in her living room she knew exactly what had happened

It was a 32-ton Army tank dropping in for a visit.

Mrs. Denton was familiar with the visitor's knock because the same thing had happened last year when the 6th armored division was on maneuvers in the area.

The Dentons have moved into a back room while the front of thier house is being rebuilt a second time.

Administering Foreign Aid Poses Problem

WASHINGTON, Aug. 30. (AP)— President Truman described today as a pity and misplaced economy the Congressional cuts in funds for the foreign aid program.

The President said he would continue to do all he could to restore the cuts, but he conceded that it looks rather hopeless now.

He said it was a very serious situation. And he added that it's a pity to overturn the whole applecart in the interest of misplaced economy just at a time when the economy of Europe is beginning to near the point of recovery.

He said it wasn't economy to do what advocates of the cuts are doing now.

In the Senate, Senators showed more concern today over who should direct foreign aid spending rather than over how much should be spent.

PREDICTS DEFEAT

Senator H. Alexander Smith (R-NJ) said he would propose form "of single administrator" to control the purse strings on the $7,535,750,000 in the aid bill being discussed by the Senate.

Senator McMahon (D-Conn) predicted such a move "will be defeated". He was supported by Senators Connally (D-Tex) and Sparkman (D-Ala).

The House voted for a single administrator when it approved $37 million less than the Senate figure. This was viewed generally as a slap at Secretary of State Acheson.

Chairman Taft (R - Ohio) of the Senate GOP Policy Committee said today he would support the Smith move, even though it was rejected by the Senate Foreign Relations and Armed Services Commtitees when they sent the bill to the Senate.

Senator Kefauver (D-Tenn), in a separate interview, said he also favored a single administrator.

COMPOUNDED CONFUSION

"I think the plan now before the Senate could be confusion compounded," Kefauver said. "It invites disputes instead of coordination."

The two Senate committees agreed to give the Secretary of Defense primary authority over military aid, which accouunts for $6,013,000,000 of the funds.

The Economic Cooperation Administration due to expire next June 30 would retain control of most of the $1,522,750,000 of economic aid. The State Department would receive continuing authority over the so-called "Point Four" Program of technical assistance to undeveloped areas of the world.

Finally the two Senate committees proposed setting up in the office of the President an overall coordinator — a single official of a board — to decide any disputes between the various foreign aid agencies.

Hawaii Judge Stands Firm

HONOLULU Aug. 30. (AP) —Seven alleged Communists including Hawaii's top labor leader were ordered arraigned in federal court Friday on charges of plotting to advocate the violent overthrow of the U. S. Government.

Jack W. Hall regional director of Harry Bridges' International Longshoremen's and Warehousemen's Union and six others were arrested Tuesday and indicted Wednesday.

They are scheduled to appear before a federal judge who has been asked by the government to disqualify himself.

The jurist 76-year-old Delbert E. Metzger indicated to a newsman he has no intention to taking himself out of the case.

"I decline to be intimidated," he said. "I don't have to obey anybody except my reasoning and my conscience."

Attorney General J. Howard McGrath asked the disqualification. He made the request because Metzger Tuesday set bail for each of the seven accused at $5000. The government asked for $75000. After the indictment Metzger raised it to $7500.

Metzger asserted higher bail would be a form of "punishment before the trial."

The government contends high bail is necessary to prevent the seven from running away to escape trial.

Miss Maggie Williams has returned to her home, 2800 Twenty-fifth Street, after undergoing an operation in a Lubbock hospital. Her sister, Mrs. Frank Berry, reports that Miss Williams expects to be back at her desk at the Borden County Abstract Co. in Gail soon. Bryan Williams of Post brought his sister home from the hospital and visited briefly in Snyder.

John R. Williams, 1904 Avenue W, has returned to the Williams ranch at Phillips, S. D. His son and family, Rep. and Mrs. Sterling Williams, Betty and Roger, accompanied him to the ranch and are expected back next week. Sterling Williams is state representative from this district.

Kansas City's Summer Opera Hits Big-Time League Fast

KANSAS CITY, Aug. 28. (AP) — Kansas Citians who have a reputation for getting things done in a hurry when the right impetus comes along, now have summer opera of the big time variety.

Every night in the week they are flocking to the $1,500,000 outdoor bowl in the city's vast Swope Park for light opera productions. Ten of them will have been presented when the season ends.

Kansas City which 51-years ago rebuilt its fire-destroyed Convention hall in 90 days to get a Democratic national convention, rushed its light opera plant from drawing board to near completion in six months.

The impetus was the city's 100th anniversary. The city fathers and civic leaders decided it would be a good idea to have the bowl ready for a centennial pageant; "Thrills of a Century." It was such a success that summer opera was assured of a good reception.

FAVORITES SHOWN

Beginning with "The Desert Song," the season went on with such favorites as "Rio Rita," "Song of Norway," "Roberta,' and "Rose Marie.'

For the productions, the big bowl with its 7,600 seats is within reach of almost any purse. Prices range from 65 cents up to $34.60. A block of free seats is available at each performance.

While the city supplies the physical plant, an organization of supporters — 650 in all — raised nearly $200,000 go under-write the first summer's season.

ENVIED ST. LOUIS

For many years Kansas City had looked enviously at the Municipal Opera of St. Louis, which in 33 years has attracted 21,000,000 persons. Even as far back as 1947, an editorial writer for the Kansas City Star wrote: 'St. Louis, unwittingly perhaps, continues to taunt us with the success of its summer opera."

A move to obtain one for Kansas City began in 1930, but the depression, a municipal government financial scandal and world war II interfered. The war was hardly over before the city set its goal for one under a bond issue.

And when the time came for Kansas City to go ahead, St. Louis came forth with help and suggestions.

Director of the theater is Richard H. Berger of New York. To get a cast for the 17-member ballet tryouts were held in New York, Chicago and St. Louis.

For a name "The Starlight Theater" was chosen.

UN Beats Back Three Attacks By Red Troops

EIGHTH ARMY HEADQUARTERS, Korea, Aug. 30. (AP) — Ten thousand fresh Communist troops dug into the jagged hills of Eastern Korea today behind their attacking comrades.

Planes tore up rails and road beds in their effort to cut Communist supply lines.

Reds hurled three small, savage assaults at United Nations troops north of Yanggu. All were beaten back.

A fresh Communist division of about 8,000 men was observed digging in northeast of Yanggu, 27 miles from the eastern tip of the front.

Another group of Reds, estimated at 2,000 men, was seen moving south in the area northwest of Yanggu. Five hundred more were seen digging in.

13-HOUR FIGHT

The Reds fought Allied troops 13 hours before withdrawing. The attack was supported by mortar and artillery fire.

In the Iron riangle of the Central Front, artillery, mortars and hidden groups of Red infantrymen harrassed an Allied patrol sporadically until it withdrew at dusk. Only small patrol clashes were reported elsewhere on the front.

General headquarters said U.N. troops hacked out small gains in the East Wednesday and beat down Communist counterattacks.

The Navy announced its warships, using "sniper like tactics," helped "embattled ROK (Republic of Korea) troops fighting to consolidate their positions" on the East Coast by shelling Red concentrations. Guns of two British frigates cleared Reds out of a West Coast village south of Kaesong, site of now disrupted truce talks.

Warplanes flew 860 sorties Wednesday and followed up with 90 raids through the night.

Mr. and Mrs. Harold Brown and their sons, Harold, Jr., and Paul, 2408 Avenue I, are planning a week - end trip to Kansas. On their return they hope to visit Mrs. Brown's brother, C. D. Bohannon, at his lake cottage near Oklahoma City.

Tot-Appeal Is Registered By Penny Gifts

D'Linda Cathey, daughter of Mr. and Mrs. Stanley Cathey, 403 Twentieth Street, and Ricky Hall, son of Mr. and Mrs. Clyde Hall, Jr., 2242 Sunset Avenue, are today's leaders in the Lions Club Tiny Tot contest.

The standings are not final, but votes are counted each day. Votes are pennies dropped in boxes placed around town for each contestant.

Runners - up in the contest, based on today's count are Larry Hall, son of Mr. and Mrs. Cecil Hall, 2241 Sunset Drive, and Phyllis Burns, daughter of Mr. and Mrs. Phil Burns, 807 Twenty-seventh Street.

In third places today are Ralph Lee and Connie Baker, son and daughter of Mr. and Mrs. Jack Lee and Mr. and Mrs. E. B. Baker respectively

All children entered in the contest will be introduced tomorrow night at the Lions Club show in the high school auditorium, according to Mrs Stanley Reep, director of the show.

The king and queen will receive silver loving cups, with the prince, pricess, duke and duchess receiving autographed copies of Mrs. Reep's book, Stories for Stephen. Six top - ranking contestants are to receive certificates for Craft Studio portraits.

Mrs. Wayne Stephens 1500 Twenty - seventh street, brought her children, Linda and Tommy, from Brady and Blanket yesterday where they had spent the summer. They visited in Blanket with Mr. and Mrs. B. J. Stephens, their paternal grandparents, and in Brady with Mr. and Mrs. O. B. Richardson, their maternal grandparents.

Unprecedented Eleventh Hour Reprieve for Condemned Men

HUNTSVILLE, Aug. 30. (AP)—Albert Edwards was saved from death in the electric chair last night an hour before he was to have been executed.

A series of actions — started when a San Antonio judge issued a writ of habeas corpus — paid off at 11:12 p.m. with an order from Gov. Shivers granting a 30-day stay of execution.

Prison officials said the events were unprecedented in Texas.

Judge P. C. Sanders signed a bench warrant and writ of habeas corpus late Wednesday. In effect he ordered the prison manager to turn over Edwards, convicted of murder, to Bexar County deputies for a habeas corpus hearing in San Antonio.

The application was filed by Attorney Theo Pat Henley, who claimed that Edwards had not been represented properly at a clemency hearing.

As the deputies sped toward Huntsville, prison officials were unaware of the action.

Informed of the judge's order by newspaperman Don Reid, they started to check.

Members of the pardons board at Austin were informed.

Warden Emmett Moore held up plans for the execution and, on advice from Assistant States Attorney General Willie Gresham, planned to honor the judge's orders.

Edwards was jubilant.

"This is quite a relief," he told Reid, editor of the Huntsville Item.

Edwards was sentenced to death in the shooting of Paul Walker in Houston May 26, 1949. Walker was shot after the automobile in which he and Edwards' estranged wife were riding had stopped.

The Court of Criminal Appeals once reversed the conviction because of admission of evidence concerning acts of sexual intercourse Edwards was accused of having with a prostitute shortly after the slaying of Walker.

Five Days Put On 1951 Duck Season

WASHINGTON, Aug. 30. (AP) —The Interior Department granted the nation's duck-hunters today five to 10 extra days' of shooting this fall.

Acting Secretary Richard D. Searles Jr. signed new migratory water-fowl hunting regulations, liberalized because of favorable conditions on the northern breeding grounds throughout the summer.

The bag and possession limits for ducks remain the same as last year.

The major changes for this year include:

Mississippi Flyway (from the eastern borders of Ohio, Kentucky, Tennessee and Alabama to the western borders of Minnesota, Iowa, Missouri, Arkansas and Louisiana) — Season increased 10 days to provide 45 consecutive days or a split season of 18 days each. The bag limit for geese was raised from four to five a day or in possession, thus permitting a hunter to kill or possess one additional snow goose or one additional blue goose. The bag limit of four ducks and eight in possession remains unchanged.

Central Flyway (westward from Mississippi Flyway through Montana, Wyoming, Colorado and New Mexico) — Season increased to 50 days, or a split season of 20 days each, from last year's 45 days or two periods of 18 days. Bag limit of five ducks and 10 in possesson unchanged.

The standard prohibition against the taking of birds by the use of corn or similar feed has been retained.

SHOOTING HOURS

The daily shooting hours for ducks, geese, brant and coot remain the same as last year —from half an hour before sunrise to an hour before sunset.

On the opening day of a season— including each first day of the split seasons — waterfowl and coot may not be hunted before noon.

Shooting hours for woodcock will be half an hour before sunrise to sunset.

The use of automatic-loading or repeating shotguns capable of holding more than three shells remains prohibited. The plug in such a shotgun must be incapable of being removed without dissembling the gun.

Shipments from Canada and Mexico may be made as late as five days after the end of the seasons there, so that birds killed on the final day at some distant point may be transported.

Hunters may take interstate shipments, in the United States up to 48 hours after the close of the shooting season. The post-season period for possession of migratory game birds remains unchanged at 90 days.

Connally Worried About How Long Aid Must Be Continued

By JAMES MARLOW

WASHINGTON, Aug. 30. (AP)—All by himself Senator Tom Connally, the longhaired Texas Democrat who is seeking re-election, raised an answered questions bothering a lot of people.

Why do we have to keep on giving foreign aid? How long can we do it without ruining ourselves? When does it end?

Connally, who is 74 but doesn't list his age in the Congressional Directory, didn't state his case all in one piece but spread it over a few days.

He's chairman of the Senate Foreign Relations Committee which, together with the Armed Services Committee, decided Congress should trim about $1 billion off the $8.5 billion asked by President Truman for foreign military and economic aid.

On Aug. 25, when the committee let it be known they were advising the cut, Connally talked with newsmen. He said:

"Sooner or later we have got to cut this economic program. We can't go on forever supporting the whole world with handouts to these nations just because we like them — or for any other reason."

MILITARY DIFFERENT

But the military side of it was different, in Connally's view. For, as to military aid to nations lined up against Communism, he said national security "requires large expenditures to contribute to the military defense of areas which are vital to us."

On Aug. 29, Wednesday, the full Senate took up the foreign aid problem, for debate and vote, and Connally as chairman of the Foreign Relations Committee made a speech.

Referring to the policy behind the foreign aid program, he said:

"The policy is that of strengthening the United States through strengthening our Allies. . . It is the policy that recognizes that the United States cannot stand alone in a hostile world.

"It is the policy that seeks to promote world peace through helping the free nations of the world make themselves so strong that no aggressor will dare attack them."

He added: If this country and its European allies "now put our shoulders to the wheel and push ahead with this program, we can complete it within a relatively short period — say, three years or so — and then relax our effort somewhat.

"STRETCH IT OUT"

"If we try to stretch it out, we are taking a dangerous gamble and one that I am not willing to assume the responsibility for."

If the two Connally statements are put togehter and boiled down, this is what he said:

"This foreign aid program hurts, and how it hurts, but we have to do it to have allies in stopping Communism. Because otherwise we might have to stand alone."

But when he got into the field of prophecy — that the spending may taper off in three years — he may have been doing wishful thinking, even though he was comforting those taxpayers who are fed up on spending.

The problem of stopping Communism, short of war, may continue for years and maybe at even higher expense if new crises develop.

Just three years ago the problem of keeping Europe out of Communism seemed simple enough: we'd set up the Marshall Plan and by 1952 we could drop it because by then Europe ought to be okay.

But things got worse.

A tablespoon of mayonnaise mixed well with a tablespoon of prepared mustard makes a good dressing for a salad of canned tuna and celery. Add a little chopped sweet pickle, too, for zesty flavor.

'No Money Down' Ads Studied By Federal Board; Action Due

WASHINGTON, Aug. 30. (AP)—The Federal Reserve Board is about to crack down on the practice of advertising "no money down" sale of television sets, refrigerators and other appliances subject to federal credit restrictions.

Board members discussed the proposed regulation Wednesday with interested senators and reported they got a sympathetic reponse.

As officials explained it, the "no money down" ads usually say trade-in allowances will be generous enough to meet the lowered requirement for a 15 per cent down payment. The new economic controls act permits trade-in allowances to be counted toward down payments.

Officials said in some cases ads have promised the allowance of $40 for an old radio set not worth $5. They said the board regards this as price cutting rather than a good-faith trade-in.

Farm Prices Lower For 6th Month In Row

WASHINGTON, Aug. 30. (AP)—Farmers received lower prices for their products for the sixth straight month during the period from mid-July to mid-August, the Agriculture Department reported Wednesday.

At the same time, the department said, prices paid by farmers for things they buy remained on the same level.

The department's index on farm prices on Aug. 15 was 292 per cent of the 1910-14 average — off two index points from mid-July. The index on prices paid by farmers stayed steady at 282 per cent of the 1920-14 average. This was 9.7 per cent higher than a year ago and one index point below the record 283 for May, 1951.

The index on prices received by farmers was still 25 points, or 9.4 per cent, above a year ago.

Air Force Pilot Comes To Aid Of Texas Couple

TUSKEGEE, Ala., Aug. 30. (AP)—When Mr. and Mrs. Lee C. Page of Houston on their way to South Carolina, had a crackup with their house trailer near here Wednesday, an Air Force helicopter was hovering overhead.

The pilot, on a reconnaissance flight as part of maneuvers staged at Southern Pines, N. C., spotted the wreck, landed and flew Mrs. Page to a Tuskegee hospital. He then took off without identifying himself.

Mrs. Page was reported in serious condition from internal injuries, cuts and bruises. Her husband was not seriously hurt.

Russians Preparing For Big Exhibition

MOSCOW, Aug. 30. (AP)—Foreigners are speculating that Russia is readying a giant international exhibition, but so far no official announcement has been made.

A huge exhibition ground is being built on the edge of the city with a 15-story administration building, restaurants and amusement places. There is also a massive domed structure of brick and cement.

Roads leading to the grounds have been paved and new street car tracks laid.

TEXAS BRANDS

IGO

By JOHN M. HENDRIX

Fortunate for them, their name was such that D. H. and Green Igo could adopt IGO as their brand when they started it about 1880 in Red River County, Texas. The brand has since been used in Crosby and Lubbock Counties.

In 1901 there were approximately 10,000 cattle wearing the brand on 120 sections of land in Lubbock and Crosby Counties.

Fuel Problem In Jets Solved By British

LONDON, Aug. 30. (AP)—British scientists have cracked one of the toughest problems of jet aviation — long distance flying without refueling, the Daily Graphic said today.

The newspaper said this achievement will soon be demonstrated by a 12,000 mile non-stop jet flight from Britian to Australia.

The secret is contained in what the Graphic described as a "super two-in-one engine — the Napier Nomad. This engine, it said, develops up to 6,000 horsepower but uses no more fuel than the conventional piston and jet engines of much lower rating.

DAY OFF REWARD

LAKELAND, Fla., Aug. 30. (AP)—A dime store sales girl who found $250 in a ball of yarn got a day off for a reward.

Opal Holmes, 17, noticed the crochet yarn out of place on a shelf. When she picked it up she saw money in the core. Also in the core was a receipt made out to Mrs. Bessie M. Morton of Tampa.

Mrs. Morton explained she put the money in the yarn for safe keeping — then decided she didn't need the yarn, returned it, and got a refund.

Store officials said Mrs. Morton didn't offer a reward, so they gave the girl a day off Wednesday.

The coldest part of the refrigerator is the place to store fish. If you intend to cook the fish in a few hours you may leave it in the wrappings you bought it in; if it is to be stored longer wrap it in waxed paper and put it in a tight container.

$2.98 & $3.98

Mrs. Stanley Cathey

ASK MILDRED

(Editor's Note: In the absence of Mrs. Mildred Sparks, County home demonstration agent, who is on vacation, Mrs. Stanley Cathey, 403 Twentieth Street, today is our guest columnist, discussing the plight and compensations of being a typical "oil widow" in Snyder.)

Trying to become the wife of a mud engineer is not my idea of good advice to a prospective bride. Yet, we are a very happy family—my husband, Stanley; my two year-old daughter, D'Linda; and myself.

My husband is on 24 - hour call and works very irregular hours. This makes meal planning and preparing difficult. I have learned through experience to prepare foods that are kept over easily, such as roast, meat loaf, etc.

I sometimes find myself alone for hours, except for D'Linda. I read, wash, clean house, play bridge, visit friends, listen to my favorite records mostly playing with my daughter. She is worlds of company to me; lonesome hours pass with her. Conversation is restricted. She's just achieved, "Mommie, give me a cracker, please". Always "please", which she just mastered, along with Thank you".

On the days my husband is home before dark—they are seldom—there's so much accumulated to be done around the yard and house, I can hardly coax him to sit and talk to me. There are doors off hinges, toys broken, yard unmowed, etc. Seated for a blessed moment in a chair with a cool drink, Bing, that phone rings, and off he goes! Alexander Graham Bell is not a favorite genius of mine.

On days when, surely, the phone is out of order, for it doesn't ring, we find a wee bit of time on our hands, we adore tennis and swimming...The few dips this summer have been heavenly. Since we haven't every afternoon together, we really enjoy that rare time off.

When we came to Snyder from McCamey in 1950, we bought a home in the Parkway Addition. It's our own, and we're proud as can be. Planning and decorating have been such fun. Changing a house into a home is a job, but, oh, the satisfaction. Wonderful neighbor women help my blues ... there's always coffee in the mornings, gossip, and lazy talk with the surrounding homeholders.

Sometimes, when my husband leaves for the "field" at night, we tag along. If you haven't slept all night in a car seat, you should try it sometime!

Every year comes the vacation, of course. Two whole weeks to be together! No oil wells. Toolpushers. Roughnecks. Mud. Derricks. Just husband, wife, and daughter ...This year we went to Mexico, so different for us, but you know, we returned to the grind, almost eagerly

Flower gardening fascinates me, though I know little of it. The first spring I earnestly went by the gardening book, to the letter! Such a detailed book in every way, except to tell you which end of the bulb to put down in the ground. I planted mine upside - down!

Louisiana Celebrates Huey Long's Birthday

BATON ROUGE, La., Aug. 30. (AP) —Louisiana observed the birthday anniversary today of the late Huey P. Long — governor and U. S. Senator.

Long was shot to death in the state capitol here Sept. 8, 1935, and his assassin was slain by Long's body guards.

Some 1,700 employes in the 34-story state capitol — a tourist mecca that Huey Long built — and in the capitol annex began a holiday today extending through Monday, Labor Day.

Car Victim Recovers

William E. Cauble 1211 Twenty-eighth Street was released yesterday from Snyder Hospital where he had been receiving treatment for injuries sustained in an automobile accident Sunday afternoon. The accident occured on the Post highway just outside the city limits when the car in which Cauble and Dave Dorman of Levelland were riding overturned. Dorman was released after first aid treatment.

B&PW Plan Fall Activities At Dinner Meeting

Business and Professional Womens Club Tuesday night dined at the Ranch House and discussed business and plans for fall activities.

Some of the women will participate in the benefit Lion's show tonight and tomorrow nights.

A meeting of executive members and committee chairmen was called for Tuesday night for the purpose of starting a membership drive and planning a full season's program of speakers.

Baltimore Visitors At Pan American Camp

Mr. and Mrs. J. H. Wannsborough of the Pan American Camp expect Mrs. Wannsborough's sister and family, Mr. and Mrs. Charles Catlin from Baltimore, as visitors in the near future.

Mr. Catlin will vacation here from his duties as president of Consolidated Paper Co. and director of the Allied Paper Bag Co.

Snyder Scholar Works to Push Back Frontiers of the Mind

Geological formations aren't the only objects of research in which Snyder folk are interested these days.

Human behaviour, perhaps one of the newest, most varied and perplexing fields of study, is attracting one member of Snyder's youngest set.

John Jay Boren, son of Mr. and Mrs. Wayne Boren, 3112 Avenue X, returned Tuesday to Columbia University in New York City to continue work on his doctor's degree in psychology.

MEDICINE FIRST

John's interest in the field of psychology and sociology began when he was a pre - med student at the University of Texas, his parents' alma mater. After two years of anatomy, zoology and other related subjects necessary before one can hang out an M.D.'s shingle, John decided that his interest lay in mind rather than in matter. After receiving his bachelor's degree at Austin he headed north to become a social worker in a New York settlement house.

Taking kids from the crowded districts to visit New York museums, teaching them how to play in the fresh air and umpiring their rough - and - tumble ball games still didn't seem to be what John wanted to do.

"I enjoyed the work and it was valuable, but I'm glad it's over," Boren says of the settlement house summer.

From Columbia, where John enrolled in 1949, he received the master of arts degree in psychology. His interest in the field of experimental learning was more definite, and he turned more toward psychology, leaving sociology in the background.

"Actually the study of psychology and sociology is close - knit and the delineation is artificial and hard to establish,' Boren explained.

Now in this second year of doctoral work he is concentrating on the scientific aspects of human learning by working with and studying white rats. John quickly explains that the psychologist is not interested in the behaviour patterns of the rodents as such. But rats are often used because the entire lives of the bright - eyed, snowy - furred little animals can be controlled and closely studied, then conclusions are drawn which can be applied to human beings, he says.

Since doctors of philosophy must know two languages, John struggled for one term of summer school at TU with Professor Pollard's rapid method of learning German. During his undergraduate days he mastered French grammar and pronunciation well enough to suffice for his present requirements.

Three degrees will someday unlock the way to a college professorship, John hopes. He says psychology, psychiatry and psychoanalysis are coming to be recognized by laymen as exacting sciences rather than being suggestive of couches in darkened rooms, goateed doctors, dream theories and astrological connotations. The secretive and bewitching reputation which psychology bore for a while were, John agrees, the result of the attempted explanation of the Freudian dream theories by the sensational press.

"The result was that any time your friends discovered you were a psychology student, they expected you to be a master of the art of hypnosis," John said. For his part, he prefers to rely on the empirical method of experiment and observation to get at the roots of why we act the way we do.

John Jay Boren

Study and experimentation, time-consuming as they are, still leave opportunities for frequent jaunts to New York's first - rate stage shows and musical comedies. John recently saw Mary Martin in her famous role as the nurse in "South Pacific." Although the Metropolitan opera is attractive to thousands, the young scholar admits he prefers his entertainment in a language he understands. Rather than the Met's Italian arias, he mentioned his enjoyment of new operas such as Menotti's "The Consul," which tells in music and song the story of a comtemporary familys red tape problems in a secret police - patrolled country.

Just like most native West Texans, John enjoys the out-of-doors. Sandwiched between study terms he has had a chance to take canoe trips on rivers in Maine, where he was counselor in a camp one summer. He also has counseled in a camp in northern New Mexico and insists that he finds the West as enjoyable as the East except for its lack of natural waterways.

Like most professions, psychology has its opportunities to combine the social with the intellectual. John is president of the Columbia Graduate Psychology club this year. He is anticipating the publication of a research article in collaboration with one his professors. Publication of such articles lends prestige to aspiring university personnel, the West Texas scholar says.

It is not too unlikely that John will take his place in the growing field of serious researchers who may show us new methods of learning. His profession takes on the humanitarian aspect when we think that problems must be understood before they are solved—whether it's in a third grade arithmetic class or in the Lake Success chambers of the United Nations.

Stars And Bars Stay In VFW

NEW YORK, Aug. 30. (AP) —The Confederate flags? Keep 'em flying!

A very uncivil war threatened to break out Wednesday between North and South contingents at the Veterans of Foreign Wars encampment.

A Yankee — Louis A. Salmon of Lynn, Mass. — called for a probe of the habit of some Southern delegates of featuring the Confederate Stars and Bars in VFW formations.

Rebel yells clashed with Yankee yowls.

Thundered Warren E. Reese, Jr., state commander of Alabama:

"If you try to drive the Confederate flag from this organization you're driving the South out. ... We of the South are proud of our flag. Yankee Doodle is played and we never object."

The Yankee Doodlers retreated, the Dixie Defenders quieted down, and both sides tabled the whole matter.

For a luncheon or supper dish on a warm day serve poached eggs over creamed spinach and top with crispy - cooked bacon.

French Check Into Deaths

POINT-SAINT-ESPRIT, France, Aug. 30. (AP) — Investigators believed today they were on the right track to the source of the weird malady which killed four persons in this tiny Rhone River port and drove others to suicide attempts.

Monsieur Briand, a baker, told them Wednesday he thought bread made from one of his sacks of flour brought on the illness Aug. 17 which some believe is "fervent fever" or "St. Anothny's fire," known as far back as medieval times. Since the illness started Aug. 17, 27 persons have been hospitalized, many with maddening hallucinations. "I noticed the flour didn't seem good," the baker said. "It wasn't moist and didn't stick to my hands when I rubbed it. I'm convinced that the bad bread came from this flour."

M. Briand said one case in particular led him to this belief. One of his clients from a nearby town came and complained he hadn't received his bread the day before. He said he gave the man several sticks of bread made from that flour and "a little while afterward, he died."

Scientists still were examining flour and bread samples and police checked the bakery shop, sacks and even the freight car in which the flour was carried to see if the poison might have come from there.

The theory is that the illness was caused by ergot, a cereal fungus which is said to cause "fervent fever."

Terry Wildcat Staked

Davidson Drilling Co. Inc., of Fort Worth is to be a 5,300-foot wildcat to try for production in the San Andres - Permian lime in Southeast Terry County.

It is 660 feet from north and east lines of section 11-C-37-psl survey. That makes it two and one-half miles northeast of the Adair-San Andres field and two and one-half miles northwest of the Corrigan - Fusselman field.

It is being drilled on a farmout lease from Amerada Petroleum Corp.

Operations are to start by November 1.

Chamber Tour Aims at Making Friends in City's Trade Zone

It was a long, hot, dusty trip, but 75 members of the Chamber of Commerce believe it was well worthwhile yesterday to visit almost all the oil camps in the county.

They made the all - day tour to make acquaintances in the Snyder trade territory and to visit the various field offices, plants and housing developments which dot the big Scurry oil fields.

The tour was made in two trips, with five places visited on the morning trip, and five in the afternoon.

The morning tour began after 21 cars, headed by a Bolger - Barnes ambulance, lined up on the square. Humble Camp was the first stop on the tour, and Walker Dabbs, superintendent of the company here, was host to the visitors, showing them the camp and the company's facilities here.

The county's new airport, being constructed at Winston Field, about a mile west of the Humble Camp, was the second stop. The visitors viewed the virtually completed administration building and passenger depot and watched work on the runways.

Lloyd Kownslar, superintendent for the Sun Oil Co., was host at the third stop.

The Lion Oil Co. camp was visited next, followed by a visit to the Lion Gasoline Plant. The group then drove to the Union community and disbanded.

Assembling on the square again, the group began its afternoon tour with a visit to the Snyder Gasoline Plant, where E. J. Mills, superintendent for the Sunray Oil Corp., showed the visitors through the huge refinery.

The plant of the Hallibruton Oil Well Cementing Co. was then visited, Harold Grant, superintendent, explaining the operation of mixing cement for oil well use.

After driving to the Lone Star Producing Company's repressuring plant, the were shown the method of injecting compressed gas back into the oil producing formation, where it is used to increase the flow of oil produced through wells on the lease north of here.

The gasoline plant of the Standard Oil Co. of Texas, on the Clairemont Road, was then visited, followed by a visit to the office of the Texas - New Mexico Pipe Line Co.

Twenty - nine automobiles were driven in the afternoon trip.

Masons to Confer Masters Degrees

Called Communication of Scurry Lodge No. 706 will be held at 7:00 o'clock Friday night at Masonic Temple for the purpose of conferring the Masters Degree. All Master Masons are urged to be present. Visiting Master Masons are welcome.

Yankees Buy New Pitcher; Tie Indians For American Top Spot

By RALPH RODEN
AP Sports Writer

The New York Yankees won the 1949-50 pennants with late season acquisitions from the National League. Today the bombers are banking on another Johnny-Come-Lately from the senior circuit to insure success in their current drive for the American League flag.

Johnny Sain, veteran righthander, is the latest Yankee importation from the National League. The Yanks acquired Sain from the Boston Braves Wednesday and celebrated the purchase by trouncing the Browns, 15-2 under the lights in St. Louis. The win gave them a first place tie with Cleveland, which dropped a 3-0 decision to Philadelphia in the afternoon.

Sain, picked up for $50,000 and minor league pitcher Lew Burdette will join the Yanks in Washington Saturday. The 32-year-old vet is tabbed for relief duty. He won only five and lost 13 for the Braves this season. Sain, a 20-game winner three times, was waived out of the National League. To make room for Sain, the Yankees released Jack Kramer.

HURLS TWO-HITTER

Allie Reynolds stopped the Browns on two hits as the Yanks closed out their final tour of the west with a 7-4 record. The Yanks, idle the next two days, clubbed Brownie ace Ned Garver and two relief pitchers for 17 hits.

Gus Zernail and Alex Kellner teamed up to beat the Indians. Zernial sent two runs home with his 29th homer and doubled and scored the third Philadelphia run. Kellner blanked the Indians on five safeties in out-pitching Mike Garcia.

In other American League games the Boston Red Sox turned back the Detroit Tigers, 7-5, and the Washington Senators nosed out the Chicago White Sox, 2-1, in 13 innings.

In the National League, the pace-setting Brooklyn Dodgers humbled the Cincinnati Reds, 13-1; the runner-up New York Giants downed the Pittsburgh Pirates, 3-1; the St. Louis Cardinals nipped the Philadelphia Phils, 3-2, and the Boston Braves defeated the Chicago Cubs, 4-1.

Gil Hodges drove home seven runs on a pair of homers and a double to lead the Dodgers to victory against the Reds.

Jim Hearn stopped the last place Pirates on three hits in winning a duel from Murry Dickson, seeking his 18th victory.

The Cards scored a run in the ninth without a hit to edge the Phils. Bill Johnson walked, stole second, advanced to third on catcher Del Wilbers wild throw, and scored on a fly ball.

Houston Wins 1st Place Sure

(By The Associated Press)

The Houston Buffs clinched first place in the Texas League Wednesday night. They slipped in through the back door.

The Buffs lost to Beaumont, 5-4, but second place San Antonio fell before Shreveport, 9-2- to remain 12½ games behind.

There's only 12 games to play.

Gus Mancuso, Beaumont catcher, was the big gun in the Roughneck victory.

San Antonio booted the ball for three errors to aid Shreveport in its victory.

Dallas moved within a half game of the second place Missions. The Eagles shaded Oklahoma City, 3-2. Home runs by Jim Fridley and Bob Cullins accounted for all Dallas runs.

Fort Worth lost another game in its fight for a fivst division berth, dropping a 2-1 thriller to Tulsa.

WT-NM Play Featured By Big Score Innings

(By The Associated Press)

Big innings featured West Texas-New Mexico League play Wednesday night.

Albuquerque and Pampa split a double-header. Pampa won, 3-2, and lost, 14-5. The Dukes scored 10 runs in three innings.

Abilene had a four-run seventh inning to trip Clovis 6-3. Lubbock beat Amarillo, 11-3, and Lamesa pounded Borger, 15-2.

Lamesa had four and five-run frames.

Lubbock exploded for eight in the seventh to break a 3-3 tie.

The Hubbers used only three hits in the eight-run inning but four Amarillo errors were big contributors.

Savitt Disabled; Most Likely Will Cost U. S. Tennis Match

FOREST HILLS, N. Y., Aug. 30. (AP)—If he is able to rise from his bed of pain, Dick Savitt could breathe some life into the National Tennis Championships today.

The big man was to play Straight Clark in the day's feature match in the West Side Stadium, but at last report he was stretched out at his family home and filled to the gills with penicillin against an infection in his left leg resulting from an ingrowing hair.

The infection felled the Wimbledon and Australian champion late Wednesday.

The officials said bravely that, if necessary, they would give Savitt until Friday to go through with the fourth round match against Clark, who is not likely to be beaten by an invalid.

Billy Talbert pained a crowd of over 6,000 by failing to win a set Wednesday from Frank Sedgman of Australia. Earl Cochell became peeved at the fans and virtually threw his match with Gardnar Mulloy.

Sedgman, Mulloy and Tony Trabert entered the quarter-finals with Wednesday's victories.

The remaining five quarter-finalists will be decided today, providing Savitt makes the grade. Art Larsen, who hasn't come anywhere near losing a set in his three earlier matches, possibly faces some trouble against Hamilton Richardson, the former junior champion from Baton Rouge, La.

Budge Patty will encounter Mervyn Rose, the lefthanded Australian Davis Cupper.

Herbie Flam was paired against Eddie Moylan, unseeded bank clerk.

Ken McGregor, Australia's No. 2 singles star, faced Victor Seixas.

The best match yet seen in the women's division came just at twilight Wednesday when Nancy Chaffee played herself near exhauston in eliminating Mrs. Joy Mottram of England, 10-8, 8-6.

Former Coach Named Head Of School Here

A former athletic coach in the school system here, Frank Weaver, now of Coleman, has accepted a position as principal of one of the elementary schools here and is making arrangements for moving back to Snyder, M. E. Stanfield, superintendent, said today.

The superintendent said it was not yet decided which of the schools Weaver would be head of. There will be four elementary schools when two now under construction are finished.

Weaver's wife will be made a sixth grade teacher in one of the schools, also, Stanfield said. They have one son, a student.

Weaver, now about 35, was coach here almost three years, entering military service in the fall of 1942, and returning in 1946 to finish a year of coaching service here.

He then moved to Coleman where he has been instructor in the County Veteran's Vocational School.

Midland Takes 3rd Shut Out

(By The Associated Press)

The Midland Indians are getting stingy with runs in the Longhorn Leeague.

The Indians Wednesday night blanked the Sweetwater Swatters, 3-0, for their third straight shutout.

Israel Ten twirled the shut out letting the Swaters down with a single hit, a blooper behind first in the seventh.

Big Spring nipped Artesia, 8-7; Odessa nosed out Vernon, 9-8, and San Angelo tripped Roswell, 5-1.

Odessa won in dramatic fashion. Kenny Peacock opened the last of the ninth inning with a home run to break an 8-8 tie.

Artesia came loose at the seams in the ninth to hand Big Spring its winning run.

Bob Garza limited Roswell to six hits in San Angelo's victory.

Galveston Trying Hard To Get In Gulf Playoff

(By The Associated Press)

Galveston is striving to get into the Gulf Coast League playoff. They stand a good chance if fourth place Laredo suffers the slightest slip.

The white caps made it five straight Wednesday night by downing Port Arthur, 16-1. They gained a game on the Apaches who lost to Harlingen, 11-3. The Apaches now have a half game lead.

Corpus Christi, assured of first place, slammed Lake Charles, 13-1, behind Jim Heller

Brownsville and Texas City split a double header. The Charros won, 5-2 and lost 3-1.

Boxer Remains Critical

NEW YORK, Aug. 30. (AP)—Welterweight Boxer George Flores of Brooklyn, who was knocked out and failed to regain consciousness Wednesday night, was reported in critical condition today after a brain operation.

He was knocked out by Roger Donoghue of Yonkers, N. Y., in the eighth and last round of the semi-final bout of the Kid Gavilan - Billy Graham welterweight championship card at Madison Square Garden.

New Head Coach Named

GLADEWATER, Aug. 30. (AP) — Charles (Babe) Webb, former New Mexico A&M and pro football player, has been named head coach of Union Grove High School here. He succeeds Harold Batlett, who goes to Raymondville as coach.

Webb has coached Van and Keller High Schools.

GLAMOUR PLUS ABILITY ON COURTS

This is pretty Maureen Connolly, 16-year-old tennis star from San Diego, Calif., in action on the Forest Hills, N. Y., turf. A former national junior titlist, Maureen is considered by many the coming star on the women's tennis horizon. She won her second round match in the national championships by topping Lauro Lou Jahn, 6-1, 7-5.

Sophomore To Pace Army 11

WEST POINT, N. Y., Aug. 30. (AP) — Frederick Meyers, a 178-pound sophomore quarterback from Enid, Okla., will be a key man in Army's "punt-pass-and-prayer" football fortunes this fall.

He will be the field general of the Cadets' T-formation maneuvers. Coach Earl (Red) Blaik indicated today the youngster may have to carry a near 60-minute load in every game.

Opening of football practice at the Military Academy Wednesday with a small, inexperienced squad just about convinced Army's board of strategy the feared two-platoon system, as fans have known it, is out.

Blaik who lost virtually his entire varsity squad in the recent exam-cribbing scandal, announced the restyled Army team of 1951 would have to revert to more conservative play.

Gavilan Keeps Welterweight

NEW YORK, Aug. 30. (AP)—Kid Gavilan won a hairline decision over Billy Graham to keep the world welterweight championship, but the fight served only to start a furious argument.

It was their third meeting and the third split decision. Graham who has won once and the Cuban twice.

The 15-round fight Wednesday night in Madison Square Garden resolved itself into a matter of personal opinion. Gavilan was more generally the aggressor, started fast, and threw long, looping punches. Graham was the superb counter-puncher, started slowly, and closed with a mighty rush.

Gainesville In One Game Lead

(By The Associated Press)

Gainesville and Temple are back at their old game of "when you win, I win" in the Big State League.

Both clubs won Wednesday night so the Eagles remain a game behind the Owls. Gainesville shaded Tyler, 2-1, while Temple beat Sherman-Denison, 8-5.

Waco beat Wichita Falls, 8-5, and Texarkana tripped Austin, 7-1. This cut Austin's fourth place lead over Waco to two and a half games.

Waco built up an early lead but had a bad moment when Joe Neidson hit a grand slam home run in the eighth.

No. 28 Marvin Key Has Potential of 195 Bbls.

R. E. Smith No. 28 Marvin Key, Diamond M - Canyon field location, flowed 24 hours on the completion test to make a daily potential of 195 barrels of 44.1 gravity oil with no water.

Gas - oil ratio was 790-1. The flow was through a one - quarter inch choke with casing pressure 90 pounds and tubing pressure 400 pounds. The well had been acidized with 3,500 gallons.

Pay was topped at 6,690 feet. Casing was cemented at 6,719 feet, total depth.

Drillsite is in section 145 - 25 - H&TC.

When you cook foods on the top units of the range in summer cover them whenever possible to keep heat from escaping into the room.

Organized Ball Is Threatened

SAN FRANCISCO, Aug. 30. (AP)—Rumblings of a new baseball war were heard over the Pacific Coast today.

Directors of the big- Triple-A Pacific Coast League voted unanimously Wednesday night to quit organized baseball unless their demands for abolition of the draft and recognition of major league equality were accepted.

The drastic steps culminated a five-year struggle to free the coast circuit from the draft law which permits major league clubs to pick up Triple-A players for $10,000. The coast loop was the last of the minor leagues to accept the draft, agreeing to it in 1931.

The resolution stated that if a new agreement with the National and American Leagues as well as the National Association is made, the Coast League will sever all connections. It means in effect the PCL will turn outlaw and operate independently.

The last league in this country to buck organized ball was the Federal League. It opened in 1914 and folded after 1915.

SPORTS MIRROR

(By The Associated Press)

Today a year ago—The New York Yankees swept a doubleheader from the Cleveland Indians, 4-3 and 3-0, to move into first place in the American League.

Five years ago — Tony Pellone outpointed Billy Graham in a ten-round bout at Madison Square Garden.

Ten years ago — Lon Warneke pitched a no-hit game as the St. Louis Cards beat the Cincinnati Reds, 2-0.

Twenty years ago — Jack Westland led the qualifiers in the U. S. Amateur Golf Tourney at Chicago with a score of 72.

No. 2 Conrad Staked

Humble Oil & Refining Co. has staked location for the No. 2 Louis B. Conrad and others 18 miles southwest of Snyder in the Sharon Ridge - Canyon field.

Drillsite is 660 feet from north and 1,980 feet from west lines of section 76 - 25 - H&TC. Drilling to 6,800 feet with rotary tools is to began immediately.

Selecting fall wardrobe for Texas Tech — Miss Ann Bucy.

Miss Margaret Dougherty

Ready for boarding school — Miss Mary Jo Harrell.

TALK OF THE TOWN

By FRANCES BROOKS

A new fall wardrobe swings from the racks of Miss ANN BUCY'S closet in the redwood home of her parents, the J. E. BUCYS, Lion Oil Camp, Sept. 10, Ann will drive to Texas Technological College to begin fall Rush Week, which is the busy social time for coeds, "one party every two hours".....

Ann is tall and slender and wears her clothes with an air. This fall, when the weather permits, she will appear in her favorite — a three-quarter length coat made from Bolivia Fleece. Of moss green, it is luxuriously warm and eye-catching. Ann's suitcases will also hold an elegant original navy and gold sharkskin suit. The material is of wee checks, a belt and peplin, wake - up touches.

For sports wear, Ann picked out a suede cloth ensemble in two pieces. It's in chartreuse, typical of the well - cut casuals from a California line. For her "separates," so necessary for classes, cold drink dates, campus strolling, and ball games, she has a variety of skirts and jackets .. in corduroy and wool jersey, all selected to blend without monotony....

When she wants to be "quite formal," Ann will don her black nylon net frock, chosen after much looking, for it's, of course very important. This gown is appliqued with gold work and is of ballerina length, handsome in the well-known styling of Will Steinmen. (It's an original with a carefree "swish".)

Business administration is Ann's field, and she's serious about learning to be an excellent secretary. College isn't at all a fashion parade, but knowing you have chosen clothes well and thoroughly for any occasion makes a girl feel secure, Ann thinks.

* * *

Another coed whom we interviewed upon the brink of her fall college spin was Miss MARGARET DOUGHERTY, the only daughter of Mrs. LUCILE DOUGHERTY, 1106 Twenty - fifth Street. Margaret is a tiny blonde, tips the scales to a mere 95, and has no trouble slipping into cute little numbers and walking out of the stores, wearing them!

For fall doings, Margaret has been shopping around .. ... her "best suit," a find in navy. The suit is trimmed in navy velvet, her slippers in navy suede, accessories navy to match closely. Margaret is nearly a junior and will transfer to Texas University this year, where a rigorous course in foreign languages and piano face her. She has spent the entire summer at Tech, working hard.

Margaret has picked other ensembles to wear her first year at the big Austin campus, but her interest is rather more serious than just dressing - up, it would seem, Earnest in her study of international relations, Margaret plans to use her Latin, French, and Spanish to good effect someday. But she's innately musical. Her mother first sat her down at a piano before she entered school, and she is nimble - fingered, might make music her career in time.

She has a dormitory room at TU awaiting her when she drives down with her mother soon. Mrs. Dougherty, who teaches piano here, says she has already worn out the family car, driving to visit.

Margaret's recreational persuits are football (she never misses a game) and bridge.

* * *

Miss MARY JO HARRELL, the daughter of Mr. and Mrs. GARRETT HARRELL, 1312 Twenty-eighth Street, is off Sunday to St. Mary's Hall, San Antonio .. An Episcopal boarding school, the quiet campus is set down in east San Antonio. "Bunt", as she is affectionately called by Snyder friends, will live in a big, homey house where she is one of 50 boarding students.

Mary Jo doesn't seem at all worried about leaving her native town —she has selected a red corduroy suit with a form fitting skirt and a full suit coat as her favorite fall change ... She is also proud of a light blue short - sleeved sweater which she matches with a navy woolen skirt, tailored with pleats. "I go for high heels, hats, bags, too!" declared Mary Jo.

Mary Jo is 5 feet, 7 inches, wears a size 14 nicely. She is fond of mathematics, plans to take all she can get at boarding school.

The American Aberdeen - Angus Breeder's Association sent the paper a news release to the effect that they had recently sold Miss MARIANNE RANDALS four Aberdeen - Angus cows. As this was rather far removed from our usual news of Miss Randals, an attractive Texas U coed, who is popular in the young circle here, we investigated.

Her mother, Mrs. Randals, explained that Mr. Randals, their son, Jimmie, in Montoya, N. M., and Marianne all breed and raise the thoroughbred cattle. The new four additions are even now happily crunching grass on the Randals ranch, Lamesa highway, which has had rain.

The Randal's brick home was full over the week end — the Jimmie Randals in from New Mexico, Mr. and Mrs. BOBBY HICKS, from Lubbock, and Mrs. Randal's sister, Mr. and Mrs. Kenneth Arnold, coming in from Abilene. This week, Marianne and her friend Miss MARY EDITH SCARBOROUGH, were planning to motor to Montoya, where it's cool, restful.

* * *

JEFF WHEELER is president of his Sunday school class, and one night last week he set out with his wife, expectantly headed for a big summer picnic the group had planned .. The couple arrived at the Von Roeder picnic grounds, west of town, expressed surprise nobody had arrived yte, sat down to wait—a wait that ran on and on. Out at the Von Roeder shelter, east of town, the party went forward gaily, the best party they'd had so far. Every now and then, someone said, "Wonder where ole Jeff is". The 38 other guests can at least credit the Wheelers with being at the wrong place at the right time.

* * *

A farewell was said last night to the JOHN BREWER family and the JOE M. McLAUGHLIN family, the occasion being their transfer from Snyder by Magnolia Production Co.

About 100 persons dined on the barbecue, a whole beef, which had been lovingly labored over all day. Magnolia employees and allied or neighbor oil industries and firms in this area were represented. GERALD RUTHERFORD, the new production foreman was on hand. Several going-away speeches were delievered. The Brewers and the McLaughlins go to other fields for the same company.

* * *

And Halliburton also partied last night. The HAROLD GRANTS acted as hosts to steer the gaiety .. the BEN DAVISES and the BILL HAMILTONS also present. Eighty Halliburton people and their friends danced at the Star night club through midnight. Out-of-town guests were Mr. and Mrs. Fred Nushbaumer from Abilene.

Mrs. M. B. Wood is returning to her home in Pilot Point, Tex., after staying with Mrs. Elroy H. Miller; 2225 Sunset Avenue, since Mrs. Miller's return three weeks ago from a Fort Worth hospital. Mrs. Wood, who will visit in Crowell on her way home, reports that Mrs. Miller is recuperating satisfacotrily.

PERSONALS

Mr. and Mrs. George Frazier, 3718 Highland Drive, spent the week end at Brownwood Lake, where they met Mr. Frazier's sister and husband, Mr. and Mrs. W. E. Ray of Walnut Springs, Texas. Also joining the group with his lake cruiser was their friend, Dr. R. Holt from Meridian, Texas.

E. D. Rayburn is back this week in the offices of Pan American Production Co., after two weeks spent at the National Guard Encampment in Camp Polk, La.

Mr. and Mrs. Troy Roane expect to leave soon for a two weeks' vacation trip to the Grand Canyon. Mr. Roane taking leave from the Pan American Production Co., where he is an office worker.

Mr. and Mrs. H. N. Strickland of the Humble Camp expect to move from Snyder next week, Mr Strickland being transferred to the Stanton area. He has been a civil engineer with the local branch for several months.

Two families returning to the Humble Camp last week end, following two - week vacations, were the Abe Phillips and the Claud Keevers. Mr. Phillips is now back as a geologist with Humble, Mr. Keever as district clerk.

John Brown from Big Spring was in Snyder yesterday on business. He is public relations man for Brooks & Turner Oil Well Servicing Co.

Mrs. Garland Armstrong left this week to take her son, Tommie Armstrong, to Houston where he will attend Pasadena high school. Mr. Armstrong expects to meet her this week end, after which they will enroll their daughter, Miss Emily Armstrong, recently arrived from California, in Baylor University, Waco.

Mr. and Mrs. R. E. Wemple have returned to their home at the Pan American Production Camp after a 10-day vacation spent in Colorado. They planned to visit the Carlsbad Caverns this week end, Mr. Wemple returning Monday to his job as production foreman at the firm.

L. M. Watkins, a senior engineer from Corpus Christi, will return to his home office, after relieving R. E. Wemple at the Pan American offices during his vacation.

Miss Tommye Lamb of Oglesby is visiting Mr. and Mrs. Wayland Holt at their home, 1901 Avenue O.

Ruidoso and Carlsbad, N .M., were the highpoints of Mr. and Mrs. A. T. Nicholas's week - end trip on which they were accompanied by Mrs Nicholas's father, Mr. George Good of Plano, Tex. He will return home tomorrow. The Nicholases live at 3797 Dalton Drive.

Mrs. Will Young of Bowie, Tex., returned home yesterday after a visit her daughter and family, Mr. and Mrs. H. O. Beard, 3605 Avenue U. Mr. and Mrs Beard will drive to Bowie Saturday to get their sons, Billy and Jerry, who are visiting their grandmother a few days.

Kay Bonnie and Penny Reynolds are back at their home, 403 Thirty-fourth Street, after spending the summer with their grandparents, Mr. and Mrs. A. H. Cox and Mr. and Mrs. A. L. Reynolds, in Menard, Texas The girls', parents, Mr. and Mrs. Joe Reynolds, brought them back to Snyder yesterday.

COOKING'S FUN!

Scrambled Eggs with Bacon — Buttered Toast
Banana and Grape Salad — Orange Cream Dressing*
Beverage
(Recipe for Starred Dish Follows)

ORANGE CREAM DRESSING
INGREDIENTS: ½ cup commercially prepared sour cream, 2 tablespoons mayonnaise, 1 teaspoon sugar, ¼ teaspoon salt, ¼ teaspoon grated orange rind, 2 tablespoons orange juice.
METHOD: Put sour cream in a small bowl, add mayonnaise and blend thoroughly with a spoon. Stir in sugar, salt, orange rind, and orange juice. Chill well before serving. Makes about ¾ cup dressing, enough for four individual fruit salads using 3 tablespoons of dressing for each.

Fur Traders Hope Weather To Stimulate Slow Sales

By SAM DAWSON

NEW YORK, Aug. 30. (AP) — The gals who wrap themselves in mink or sable — even those who keep off the wind with something that started life as a rabbit — have the fur trade a little worried.

As the August fur sales near their end, many stores report dollar volume, down by 20 to 50 per cent from last year. Some fear too many of the gals are going to make last winter's old wrap do, or maybe they or their menfolk just won't have as much money this year.

Some store officials think that cold weather will change all this. And some report sales better this week than earlier in the month. One Chicago department store that had slow business earlier reported a good pick-up this week — after it switched its advertising from emphasis on fashion to the matter of price savings to be had on some specially purchased minks.

The drop in sales volume in most stores seems to extend right down the list of furs, and not just the highest priced.

A few dealers even question whether the traditional August fur sale is as good a thing for the trade as it's cracked up to be. Could it be making customers a little cynical, they ask.

The drop in sales this year, others stress, is in comparison with last year's booming totals. Many women seem to have got scared last August lest a world war makes furs scarce and dear. So they wrapped up a mink stole along with the sugar, nylons and sheets, and put them all away against the evil day. Last August, sales topped the year before by about one-fourth, the trade reports.

But even the worsening relations with Russia, land of fur, hasn't brought about any critical shortages yet, trade sources say, although some dealers profess themselves worried.

19 DeMolays Return From Convention

The Snyder chapter of DeMolays was represented at the annual state convention in Houston over the week end by 19 boys and the club's sweetheart, Miss Shirley Teague, who was accompanied by her sister, Miss Nancy Teague, and by Miss Lucie Barton, and Miss Sandra Cooper.

They were sponsored on the trip by Mr. and Mrs. Hilton Lambert.

Junior Weathers, senior counsellor, said the meeting began Thursday night, the election of state officers being held the following night. Saturday was given to business meetings.

Sunday, the Snyder group went to Galveston and saw the San Jacinto Monument and the Battleship Texas.

Monday night, a formal ball was held in the Crystal Ballroom of the Rice Hotel, where the convention was held.

Mrs. Douglas McGlaun Hostess to So & So

Canasta followed a short business meeting yesterday when the So and So Club met with Mrs. Douglas McGlaun, 3710 Austin .

The members voted to discontinue meetings until Sept. 25. First fall meeting will be in the home of Mrs. Merlyn Pinkerton.

A dessert course was served by the hostess to the following members: Mrs. Jack Terry, Mrs. John Lynch, Mrs. Pinkerton, Mrs. Marcene Holt. Guests were Mrs. Dell Hirst and Mrs. Kenneth Wood.

VFW Auxiliary Plans Square Dance Jamboree

Plans for a square dance jamboree were discussed at the regular meeting of the Veterans of Foreign Wars Auxiliary Tuesday night at the clubhouse grounds. Twenty members were present, Mrs. Fred Clark, auxiliary vice president, reported.

Fifteen callers will direct the square dancing, which is open to the public, beginning at 8:30 o'clock Saturday night at the rodeo pavilion. Pie, coffee and soft drinks will be served, Mrs. Clark said. Admission will be free.

Leisure Bridge Club Meets in Home Of Mr. and Mrs. Bass

Miss Leah Davis won high score for the women and Sterling Parker copped high scoring honors for the men at the Leisure Bridge Club meeting last night at the home of Mr. and Mrs. Prentis Bass, 3789 Highland Drive.

Mrs. Bill Weckter won the bingo prize. Mrs. Bass was second high scorer for the women, with J.E. Bucy taking second honors for the men.

A dessert course was served to the following members: Mr. and Mrs. Bucy, Mr. and Mrs. Herbert Feather, Mr. and Mrs. Parker, Miss Florance Dunigan, Miss Davis, Mrs A. C. Floyd and the host and hostess. Guests were Mr. and Mrs. Weckter.

The next meeting is scheduled for 7:30 o'clock Sept 12 at the Diamond M Industries Building, with Miss Dunigan as hostess.

Sorority Plans Style Show Here

Ticket sales are beginning today for the luncheon and style show to be given by Beta Signa Phi sorority at 2 o'clock Sept. 7 at the Sage and Sand restaurant.

Clothes provided by Gray's Style Shop, Mildred's, The Hollywood Shop, Brown's Mother and Daughter Shop and Dunlap's will be modeled by Beta Sigma Phi members and models from the shops. Herb Ingram will be commentator.

Tickets will be available until Wednesday at the participating stores and from sorority members, according to Mrs. Jerry Byer, president.

Justice Douglas Back

SAN FRANCISCO, Aug. 30. (AP) — William O. Douglas, Supreme Court justice just arrived from the Orient, told reporters today:

"To the people of the Far East, America represerts American industrial might, not social justice.

"In those countries, people associate Russia with social justice."

Homes Endangered By Women Going Into Defense Industry

(By The Associated Press)

With production for defense swinging into high, Mrs. Anna H. Hays, president of the National Congress of Parents and Teachers, sounds a note of warning to those parents working or contemplating work in the national effort. Says she:

"We are hearing of thousands of women 'doing their patriotic duty' in plants and factories. We do not question the right or even the advisability of women working to produce essential defense materials, but we in the parent-teacher movement are alert to any situation that threatens the well-being of the children of our land."

SOME NEGLECTED

Older women should be recruited first, declares Mrs. Hayes. Younger women who still have the responsibility of rearing families should not be called upon nor volunteer if there are likely to be children of elementary and preschool age at home "who may be deprived of the natural security of mother's care in the home." It is altogether likely that many such little ones are neglected, unhappy children because their mothers are away at work in a plant or factory, she says.

Mrs. Hayes has known of many instances when infants are left to care for infants! Obviously they are not old enough to accept responsibility, nor should they be expected to do so," she says.

"We hope," continues Mrs. Hayes," that mothers who cannot provide satisfactorily for the care of their children will find homebound ways of serving their country. We hope that mothers of young children will not surrender the care of their children unless circumstances make it necessary for them to provide for the family maintenance."

CARE CENTERS

When mothers must work away from homes, suggests Mrs. Hayes, adequately supervised child care centers should be located in areas reasonably convenient for receiving the children. "We urge that financial responsibility for such centers be shared by industry, the community and the federal government, and that they be operated according to acceptable standards for child care," she says.

"Our experience in World War II revealed that it is extremely difficult to provide proper care for children whose mothers must work the 'swing' shift. In such cases great numbers of little children were released from school without provision for their evening meal and without supervision through the evening hours. The 'door key' children suffered a handicap we cannot afford to repeat. It seems reasonable to petition that young mothers skilled enough for important jobs be given priority in the matter of working hours."

Employers should be cooperative enough, says Mrs. Hayes, to plan to use such young mothers only after they have had an opportunity to see their children off to school, properly clothed and fed, and should release them from work in time to be home to receive their children after school hours.

If we don't do this, declares Mrs. Hayes, we are helping to bring up a whole generation that could easily tend toward delinquency. And "if we allow a generation of children to grow through their most sensitive, formative years without the security of care in their own home, we are failing in the defense of our country."

Frustration In Schools Cited

WASHINGTON, Aug. 30. (AP)—"A large percentage of youth of school age now are frustrated."

That's a quote from a 65-page pamphlet, "Frustration in Adolescent Youth", newly released by the U. S. Office of Education.

"Schools have tended not to accept responsibility for treating frustration except through compulsory school attendance and through punishment and rewards," the booklet adds. "These methods are not applicable to frustrated individuals. New methods must be developed."

David Segel, a specialist in tests and measurements, is the author of the study. He says that among the frustrated individuals are prospective drop-outs, 'those who are referred by teachers for disorderliness, those who are failing in studies, those with low scholastic aptitude scores and the like.

"Actually the group eliminated from school is not the group of youths who are must frustrated," Segel says. "In fact, elimination from school may in many cases start the youth on a search for a new goal and new method of working toward that goal."

Segel says the traditional high school too often if concerned with teaching things possibly useful some time in the future, with little attempt to relate them to the student's current needs and interests. He adds that many teachers and pupils mistakenly regard group training as designed to cultivate "leaders".

"Too often the purpose has been that of the development of persons who can lead others through force of their physical vitality, ability to verbalize and the like.

"Such leaders are often the product of a frustration and their capacity for 'intelligent leadership' is probably lower than that of some other members of the group."

Midland Man Dies

MIDLAND, Aug. 30. (AP)—Independent oil man James Fitzgerald, Jr., died Wednesday in Washington after an illness of several months.

He was with Skelly oil company here from 1933 to 1944.

LEGAL NOTICE

THE STATE OF TEXAS,

TO R. W. Collum, L. A. Gamble, J. R. Boyd, M. E. Gasaway, E. L. Acker, Flossie Ourley, D. P. Fox, if living, and if dead, the unknown heirs and legal representatives of said persons, and the unknown heirs and legal representatives of said unknown heirs. Defendants in the hereinafter styled and numbered cause:

Bible in Contemporary English Is Completed After 60 Years 0

BALLARD VALE, Mass., Aug. 30. (AP)—At 83, Steven T. Byington has just polisheo off a new translation of the Bible.

He began work on it almost 60 years ago when, he decided, the country needed a Bible in idiomatic English — just the way people talk.

The tall, white-bearded scholar mastered Hebrew because it was neessary for translation, and then studied Arabic and Zulu "just for fun." He's been trying out samples of his Bible translation on his Bible class at the Methodist Church.

Fellow members, he says with pleasure, "tell me they find mine much easier to read and understand."

Here are several examples of Byington's idiomatic Bible translation, followed in parentheses by that in the King James translation:

"Listen, Israel: Our God is Jehovah; Jehovah is one; and you are to love your God Jehovah with all your heart and all your soul and all your being." — Deut. (6:4-5. ("Hear this, O Israel; the Lord our God is one Lord: and thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might.").

"And Absalom said to Husai 'There is friendship for you! Why did you not go with your friend?'" —2d Samuel 16.17. ("And Absalom said to Hushai, is this thy kindness to thy friend? Why wentest thou not with thy friend?").

"And those who went past taunted him, shaking their heads and saying, 'Wow! You that were tearing down the temple and building it up in three days, save yourself by getting down off the cross!'"—St. Mark 15.29-30. ("And they that passed by railed on him, wagging their heads, and saying, ah, thou that destroyest the temple, and buildest it in three days, save thyself, and come down from the cross.").

Steven Byington lives alone in a gray stone house with climbing vines. He was for 38 years a proof reader for a Boston textbook publisher and still does a job from time to time — like a recent English-to-Spanish translation of a 556-page book on "Differential and Integral Calculus."

In his spare time, he solves double acrostics — a super-complicated type of cross-word puzzle. Lest they be too easy,eh doestehnmi they be too easy, he does them in his head.

"Very interesting that way," says he.

Keen follower of current events, he corresponds with newspapers and magazines all over the country. He is an authority on gardening. In his ceiling-to-floor library are commentaries, encyclopedias and dictionaries including German, French, Spanish, Greek-Arabic into German, Hebrew into Latin, into German and into English; post-classical Greek Syriac, Danish, Icelandic, Russian, Zulu.

"Not the biggest, but the most expensive," he explains, is Assyrian-Babylonian.

MINISTER'S SON

Son of a Vermont minister, Byington studied Latin, Greek, French and German in college and "picked up Spanish by reading Spanish originals simultaneously with Englsh translations."

Hebrew came later at Union Theological Seminary.

He admits to reading Italian, Swedish, Portuguese and Danish "fairly fluently," and "have some useful knowledge of some other languages."

Children greet him on the street and he stops and chats with them.

"Everyone in Ballard Vale knows Mr. Byington" says a neighbor. "He does so many things."

"My health," he says, "is very sound. Why shouldn't I be busy. Remember what Bacon says, "Nothing is finished until all is finished.'"

Senator Byrd Predicts More Than 10 Billion Will Be Paid Brass

WASHINGTON, Aug. 30. (AP)—Senator Byrd (D-Va) predicted today that the civilian payroll in the executive branch of the government will "approach — if not exceed — $10 billion" during the current fiscal year.

Noting that total employment passed the 2.5 million mark in July for the first time since 1946, Byrd said the payroll totaled $7,719,076,000 in the past fiscal year ended last June 30. This was an increase of $1,114,106,000 or 17 per cent over fiscal 1950.

Employment increased 17,198 during July, bringing the total to 2,50,889 Byrd added in the monthly review of the Senate-House Committee on Reduction of Nonessential Federal Spending. The Virginian is chairman of this group.

Civilian employment in the executive branch of the government reached a peak of 3.7 million during World War II.

Longshoremen Strike In Chile Cripples Ports

SANTIAGO, Chile, Aug. 30. (AP)—A strike of 4,000 stevedores demanding wage boosts has crippled all Chile's ports. Navy men were rushed to Valparaiso Wednesday night to handle vital cargoes.

The government was reported preparing an order telling the strikers to go back to work or face dismissal.

Electric coffeemakers come in varied sizes, ranging from six - cup to 24 - cup capacity. Some of these coffeemakers work automatically so that when the coffee is ready the electricity shuts off; some models maintain a low temperature so that the coffee stays warm until it is served.

CREAM PUFF BOYS

BIRMINGHAM, Eng., Aug. 30. (AP)—Is milk making a cream puff out of the modern boy? G. H. Heath-Gracie, choirmaster of Derby Cathedral thinks so.

Heath-Gracie produced this theory at an organists' association meeting here Wednesday.

"Cow's milk pumped into our youth at an ever increasing rate may possibly have an effect not fully discernible by ordinary logic of the analytic chemist and dietician, he said; "Anway, I suggest that our boys have lost much of their punch."

Heath-Gracie declared that milk drinking prolongs the period of infancy and cited the United States as an example.

"One finds there," he said, "an abnormally high proportion of adults who are still in some ways adolescent."

Ex-FBI Agent Enforcer For Price Controls

WASHINGTON, Aug. 30. (AP)—Big Ed Morgan, who used to track down Red spies as an FBI agent, now is the nation's super sleuth for price chiselers. He's enforcement director for the Office of Price Stabilization (OPS).

"I'm sold on the idea that we're in the battle of our lives for the survival of freedom," he said, from across the desk at OPS headquarters. "Keeping this country's economy sound is a big part of that battle."

Morgan spent seven years with the FBI, specializing in intelligence and espionage work. Then for four years, while in private law practice, he roamed the country, mainly at his own expense, making lectures "trying to awaken the American people to the menace of Communism."

"I caught a few rotten tomatoes in New York City too,' he laughed. He was associate counsel of the congressional committee which investigated the Pearl Harbor disaster and chief counsel of the Senate Foreign Relations subcommittee which probed charges of Communism in the State Department.

Morgan went to work last March as price controls cop for Michael V. DiSalle, the OPS chief. He's built up an enforcement staff from less than 200 to more than 2,000 and expects he'll need more than 5,000 to do the right kind of job.

"We're not trying to scare or persecute anyone," he said. "But we do intend to see that price regulations are enforced. We don't want to send anyone to jail. But if we have to, we will. We are trying to build up an organization that will inspire public confidence."

Slay Navy Prepared

BELGRADE, Yugoslavia, Aug. 30. (AP)—Premier Marshal Tito got word from commanders of his Adriatic fleet at the close of maneuvers Wednesday that they are ready to defend the Yugoslav coast against any assault. The message referred to "the imperialistic Soviet Union and its satellites" as possible attackers.

Diplomatic Solution Can Be Only Solution To Korea War

NEW YORK, Aug. 30. (AP)—The campaign in Korea still is the strangest in the history of American arms.

For two months now more words than bullets have been fired in anger back and forth across that weary peninsula. Instead of trying to call each other's shots, each side has been calling each other names.

Only a year ago the North Korean order of the day was "On to Pussan," and the fledgling American Army's grim instructions were to "stand or die" on the Naktong River line.

Begun in a misty dawn barrage, the Korean War is dwindling toward a stalemate conclusion in a twilight of verbal recriminations. It is like a summer storm with the stabbing lightning flashes dying down and the steaming hills muttering with distant thunder.

An optimist could put up a strong argument that the present long-continued lull in major ground warfare operations has been a good thing all around.

It is true that it has given the Chinese time in which to mass fresh reinforcements. But it has also given the Red Chinese leaders plenty of time to do some depressing thinking about how futile it is for them to mass those troops.

Where can they lead them? The United Nations Army is also bigger, stronger and more confident than ever. Its days of real retreat are over. It now has the reserve firepower to singe China's hordes as though they were so many mindless grasshoppers.

The depth of military stalemate therefore has been increased. And the situation cries more clearly every day for a diplomatic solution.

New Draft Act To Get Many

WASHINGTON, Aug. 30. (AP)—New draft regulations now awaiting President Truman's approval would deprive well over 500,000 men of present draft deferments.

Selective service said yesterday that between 150,000 and 200,000 childless married men will lose their deferments under the new rules. An estimated 150,000 4-F's are expected to be drafted when the armed forces' mental standards are lowered.

The new regulations will carry out provisions of the universal military training and service (UMTS) act.

The act also calls for reclassification of thousands of displaced persons who are permanent residents of this country but not yet U. S. citizens.

And some 9,000 conscientious objectors, heretofore deferred outright, will be required to do essential defense work.

Train Wreck And Fire

BUENOS AIRES, Aug. 30. (AP)—A passenger train pulled up during a run through Bucenor Aires province Wednesday to fight a fire that broke out in the dining car. Another train came along behind and rammed it, killing two persons and injuring 16. The fire spread to five sleeping coaches before it was put out.

Strips of liver may be rolled in flour seasoned with salt and pepper and then fried in deep fat until they are done. A pound of liver cooked this way will make six servings. Have the liver cut about one - half inch thick.

Emerald Isle Is Star of New Technicolor Film, 'Quiet Man'

HOLLYWOOD, Aug. 30. (AP)—John Ford's "The Quiet Man" is one technicolor movie in which Maureen O'Hara won't be the most beautiful thing in it.

And that bit of intelligence comes from the luscious redhead's own brother, Charles Fitzsimons.

Says brother Charles:

"The real beauty in this picture is Ireland itself. The millions of Irish-Americans will see Ireland as the fairyland their mothers and fathers pictured it to them."

Ford and company have juust returned from the Emerald Isle after weeks of shooting in and around Cong, County Mayo. Ford, long noted as one of Hollywood's top masters of scenic photography, really outdid himself this time, according to Fitzsimmons.

BOTH IN FILMS

Both of Maureen's brothers are in the movie — their screen debuts. Both are from the Abbey Theater in Dublin as was their sister.

But Maureen swears she had no part in getting them in the movies.

Ford hired Charles, 27, as legal officer for the company to prepare for the troupe's arrival. Charles is also a lawyer.

"In Ireland, actors must have other jobs in order to survive," he comments.

But when Ford met him, he hired him on the spot for a featured role. Then the director was introduced to brother Jimmy, 23.

As Maureen tells it, Ford said: "There's our young priest." Both boys came back to Hollywood with their sister and want to stay.

TAKE OTHER NAMES

Charles uses Fitzsimmons which is Maureen's real name. Jimmy adopted Lillburn for his career. It was his mother's maiden name.

Besides being filmed in Ireland, the movie has practically an all-Irish cast. There are eight alumni of the Abbey Theater including the three Fitsimmonses, Barry Fitzgerald and his brother, Arthur Shields.

Victor McLaglen, of course, is Irish. Two of the other stars are John Wayne and Ward Bond. They got their Irish as ex-University of Southern California football stars playing against Notre Dame.
