Troops Land On Beaches

BULLETIN

BEIRUT (AP) — American Marines began landing on beaches south of Beirut today.

Twelve landing craft brought the first Marines to the beach from seven naval ships anchored offshore.

Almost immediately the Marines marched off to Beirut's airport, which shut down abruptly at 2 p. m.

This could indicate that more were coming in by air transport, and that their duty was to make the airfield secure.

As ships of the U.S. 6th Fleet appeared on the horizon about 1:45 p.m. Lebanese began flocking to the beach by car, and even on horseback, from nearby villages to watch.

People swam and sunbathed nearby while the landing took place. Some waved in greeting.

The U.S. and British embassies urged their citizens to stay off the streets.

Ten American Embassy families left Beirut Tuesday, including the wife and son of Ambassador Robert McClintock, an embassy spokesman said.

Another 25 to 30 families of American Embassy personnel have asked for travel orders.

Workers at construction sites along the beach road leading to the landing area dropped their tools and rushed to get a closer look.

The Marines belonged to the 2nd Battalion of the 2nd Marines.

An entire batallion was landed. By 3:15 p.m. the landing was completed. Non-commissioned officers reported that the airport had been occupied.

The commander of the operation was Lt. Col. Harry Hadd, of St. Paul, Minn. He said he had no instructions regarding liaison with the Lebanese army.

A Lebanese civil aviation authority representative walked across the sands to Hadd and explained that all traffic had been stopped at Beirut airport.

After all these troops were ashore and deployed in the direction of the airport, landing craft continued to bring equipment ashore.

Along with jeeps, ammunition and guns, several antitank guns mounted in caterpillar tracks were rolled on to the beach.

The Lebanese waiting on the beach at the beginning mingled freely with the Marines.

The Americans were in drab battle dress, wearing green and yellow camouflaged helmets.

As a landing craft unloaded, one Marine looked up at the beautiful Lebanon mountains beyond the airport and remarked:

"This is a wonderful country, but they tell me they're trying to wreck it."

MISS UNIVERSE HOPEFUL—Armed Forces Day Queen Miss Tomiko Moritake, "Miss Japan of 1958" descends from a plane with a bouquet of roses after her arrival at San Francisco International airport, enroute to Long Beach where she will compete in the Miss Universe contest. (AP Wirephoto)

Force Asked By Chamoun

By JOHN M. HIGHTOWER

WASHINGTON (AP)—The United States took the fateful step today of throwing American military force into the seething Middle East.

Five thousand Marines began moving ashore—by invitation—in embattled Lebanon.

Their mission: to protect American lives, bolster the pro-Western government of Camille Chamoun against what President Eisenhower called "indirect aggression," and try to stem any spillover of the movement that threw out a friendly government yesterday in Iraq.

The Iraq revolutionists are at least friendly to the Moscow-oriented United Arab Republic headed by Egypt's President Nasser, and Lebanon's Chamoun has charged that the U. A. R. is backing his own country's revolt.

The White House announced the landing of the Marines near Beirut in a statement by President Eisenhower which denied explicitly that they had been sent in "as any act of war."

The statement said the move was made in response to an urgent request from President Chamoun. It said the troops will be pulled out as soon as the United Nations has taken adequate action to protect the sovereignty and integrity of Lebanon.

This country will support any such U. N. action, Eisenhower continued. He declared the United States' own action was taken under the U. N. Charter's provision for collective self-defense.

The move drew immediate backing from top Democrats at the Capitol.

Sen. Lyndon B. Johnson of Texas, the Senate Democratic leader, said that in the judgment of the President the action was "necessary to preserve freedom in the Middle East."

"Americans will certainly unite when the security of the free world is imperiled," Johnson added.

Rep. John W. McCormack of Massachusetts, House Democratic leader, said that "under the circumstances there was no other course he (Eisenhower) could take. There was no other road but that of appeasement."

The Pentagon, which as late as last night had been insisting that only normal precautionary military moves were being made in the Mediterranean area, announced the assignment of a special command under Adm. James L. Holloway to take charge of the landing operation.

The statement by President Eisenhower said the American action would be reported to an emergency meeting of the United Nations Security Council.

Eisenhower also said the United States will support any U.N. measures which seem to be adequate to meet the new situation brought about by the overthrow of the Iraqi government by pro-Egyptian forces.

Eisenhower said U.S. forces will be promptly withdrawn when adequate U.N. security measures are adopted.

The President's statement said: "In response to this appeal from the government of Lebanon, the United States has dispatched a contingent of United States forces to Lebanon to protect American lives and by their presence there to encourage the Lebanese government in defense of Lebanese sovereignty and integrity.

"These forces have not been sent as any act of war. They will demonstrate the concern of the United States for the independence and integrity of Lebanon, which we deem vital to the national interest and world peace.

"Our concern will also be shown by economic assistance."

Eisenhower said his action was taken "in conformity with the spirit" of the United Nations Charter which recognizes he said, "an inherent right of collective self-defense."

He said there are some 2,500 Americans in Lebanon and that "we cannot, consistently with our historic relations and with the principles of the United Nations, stand idly by when Lebanon appeals itself for evidence of our concern and when Lebanon may not be able to preserve internal order and to defend itself against indirect aggression."

Lawyers Ask Halt To Goldfine's Hearing

WASHINBGON (AP) — Bernard Goldfine's lawyers asked a House subcommittee today to halt hearings, and take to a judge the fight over Goldfine's refusal to answer some questions. Chairman Oren Harris (D-Ark) tossed cold water on the idea.

The move marked the start of Goldfine's sixth day of testimony on charges that he got favored treatment from federal regulatory agencies through his friendship with presidential aide Sherman Adams. He and Adams deny this.

The subcommittee has threatened to cite Goldfine for contempt for not answering 23 questions about his financial affairs. Goldfine says the questions involve his private business and have nothing to do with the House inquiry into how regulatory agencies carry out the law.

Lawyer Samuel Sears restated Goldfine's refusal to answer once again today. Then Sears made the surprise move.

The Boston millionaire, returning yesterday from a weekend at home, said he wasn't mad at anybody despite the subcommittee's threat to cite him for contempt for refusing to answer 23 specific questions last week. But he declined to say what reply he would give to new questions.

Rep. Peter F. Mack (D-Ill), a member of the subcommittee headed by Rep. Oren Harris (D-Ark), said he now thinks the group will finish with Goldfine by tomorrow.

Goldfine, who on Saturday had accused the congressmen of "smear, pry and spy," said he was not disappointed at the progress of the hearings.

Rep. John Bell Williams (D-Miss) took note of the hearings' main theme — that Goldfine got federal favors in return for expensive hospitality to presidential aide Sherman Adams. Both Goldfine and Adams hotly dispute this.

Williams said it is "very significant" that Goldfine so far has not shown that he paid any hotel bills for Adams before the former New Hampshire governor came to Washington with Eisenhower in 1953, whereas the investigators have found more than $3,000 worth of hotel bills Goldfine picked up for Adams since then.

This raises the question, Williams, said, "whether this is the personal friendship that Mr. Goldfine has made it out to be."

Foundation Board Discusses Reports

Reports on committee work and discussion on industrial prospects and other work toward industrial development were included in the quarterly meeting of the board of directors of the Scurry County Industrial Foundation here yesterday afternoon.

Lyle Deffebach, president, headed the meeting. Most directors attended.

The board discussed negotiations with a potential manufacturer of plastic boats who is considering establishing a plant here. The foundation has made arrangements for a building for the manufacturer in the event he decides to go ahead with his plans.

Mrs. J. M. Boothe, owner of property in the Bootheland additions in north Snyder, has offered a block of land in Bootheland West addition for industrial development on a free lease basis for three years, with an option to buy. The board agreed to pursue that plan for use of that site as a potential industrial site.

In line with that, the board decided to take options to buy various tracts here to make land available for industrial development.

Fred Auforth, member of the board and chairman of the Chamber of Commerce industrial committee has completed the brochure on the industrial foundation and has distributed copies to railroads, utilities, and other industries which may be helpful in bringing industry to Snyder. Copies will be distributed this week to all chamber members.

A report was made to the board on a survey to be made here by Jack Walper, research scientist for the Bureau of Economic Geology, University of Texas, and former assistant professor of geology at the University. Walper, who arrived here today, will spend eight days in and around Snyder taking samples which will be used in analyses to determine what natural resources are available in this area.

The board discussed several industrial prospects, and it also decided to have an audit made of the foundation books.

Police Chief Facing Suit

A false arrest suit was filed in 132nd District Court yesterday against Police Chief Travis Steele, two city policemen, and the official bonding company of all three, Maryland Casualty Co.

The suit was filed for Otto McElyea of Snyder by his attorney, Carl M. Anderson of Sweetwater, asking a total of $10,000, including $5,000 actual damages and $5,000 exemplary damages.

In his petition McElyea, who was employed by Manhattan Cafe, charges that he was falsely arrested on May 21 and released on $25 cash bond the next day. He claims no charge was filed.

The two policemen named in the suit are E. C. Carter and C. H. Montgomery.

Steele and Arthur Blanchard, city judge, said today McElyea had been arrested here on one occasion and booked in corporation court on a charge of intoxication. They said a bond was posted following a plea of not guilty, but the case was subsequently dismissed and bond was refunded.

Absentee Ballot Demands Soaring

Many local voters were still using the absentee ballot today, as the list of those who have already voted grew to 136, with 29 ballots out in the mail.

Deadline for voting absentee in the county clerk's office or for that office to mail out ballots is next Tuesday. Ballots out in the mail by that time must reach County Clerk Dan Cotton by 2 p.m. on the day of the first Democratic primary, July 26.

Those who are ill and those who expect to be out of town on the day of the primary can vote absentee but must make application. Those voting absentee because of illness must have a physician's affidavit.

Warning On Travel

WASHINGTON (AP)—The State Department today advised all Americans against traveling in the Middle East unless it is imperative.

★ ★ ★

2 Americans Are Reported Slain By Mob

WASHINGTON (AP) — Two American businessmen have been reported killed by mob action in Baghdad, capital of Iraq, the State Department said today.

It reported some Western Europeans possibly also were killed in the outbreak of violence Monday in the revolt-torn capital.

State Department press officer Lincoln White declined to give names of the Americans reported killed, saying the reports of the slayings were unconfirmed. But generally the information was in the State Department as being true.

White said a third American escaped after being beaten.

White told a news conference that communications between the State Department and the embassy at Baghdad had been interrupted since Monday. He said the interruption was temporary and he hoped contact would be restored.

Sam Tibbets To Command Legion Post

Sam A. Tibbets, a local building contractor who lives at 4004 Austin, was elected commander of the Layne-Kite Post of the American Legion at a regular meeting of the post last night.

Tibbets will succeed Frank D. Stephenson as commander.

Other officers chosen for the 1958-59 year of the post are Robert Doyle Newman, owner of a battery sales and service firm, as first vice-commander; J. W. (Son) Holdren, oilwell driller, second vice-commander; N. L. Banks, 2809 Avenue S, as adjutant; Collin D. Boone, of Hermleigh, chaplain; Roy Harrison, 2402 Avenue N, historian; Elmer Taylor, 3104 Avenue T, service officer; George R. Killam, Jr., 1824 Twenty-sixth Street, child welfare chairman; Lowell Prince, sergeant-at-arms; and N. J. Harrison, judge advocate.

Officers reported a good year of the post in 1957-58, with membership for 1958 standing at 343. During the two years Stephenson was commander he enlisted more than 400 members annually.

Stephenson will be a candidate at the state convention for state department sergeant-at-arms, with endorsement of the local post. The convention will be held at Fort Worth Aug. 1-3.

Newman, as chairman of the membership committee, and Banks, as adjutant, said that they or any member will write a renewal or new membership to the post for interested veterans. Membership fee is $5.

Band Being Formed For Rodeo Parade

Preparation for the opening day parade highlighted activities in connection with the 22nd annual Scurry County Rodeo, which will be held Wednesday through Saturday.

The parade will be at 5 p.m. tomorrow.

A band will be organized to lead the parade, according to Melvin Montgomery, high school band director. Montgomery has asked all students who will be in the high school band this fall and those who were in the band last year to contact him by noon tomorrow by calling HI 3-6303 or going by the high school band hall. Those who are in the parade band will get free tickets to the rodeo, and they must go by the band hall before noon tomorrow to get music, while some will have to pick up instruments there.

Members of the band will be asked to report in front of the city police station by 4:40 p.m. tomorrow, wearing some type western clothing if they have them, for grouping of the band.

Lynn Fenton, parade marshal, said the parade will begin promptly at 5 p.m. tomorrow, and he asked those who will have floats or who will ride in the parade to report to the gathering point, on the vacant lot at Avenue T and Twenty-sixth Street, by 4:30 p.m. tomorrow.

At least four floats have been entered in competition for the prizes of $150, $90, and $60 to be given in the parade. They are floats of the Scurry County Boys Club, Desk & Derrick Club, Gay 20s, and Lucky 13. Float entries are to be turned in by this afternoon to the Chamber of Commerce office or to Fenton at Fenton's Dad & Lad.

Also to be given in the parade will be three trophies for the top three riding groups. About 20 riding groups were invited to ride in the parade.

At 8 p.m. tomorrow, a barbecue will be held in Towle Memorial Park under sponsorship of the Scurry County Sheriff's Posse. Tickets are being sold at $1 a plate.

The rodeo will get underway at 8 p.m. tomorrow at the rodeo grounds west of Snyder and will have performances at the same time each night through Saturday.

Entries were still coming in at a rapid pace this morning. By mid-morning, there had been about 150 entries, according to Jess Everett. Entry deadline is noon tomorrow for all events. The rodeo headquarters is at Harrell's Feed Store, 1921 Twenty-fifth Street.

Buck Jackson of Pecos, who was scheduled to be announcer for the annual show, will be unable to attend. Announcer will be Nat Fleming of Wichita Falls, who has announced previous rodeos here.

Rodeo tickets will be on sale at the gate each night.

Cool Front Slows Down

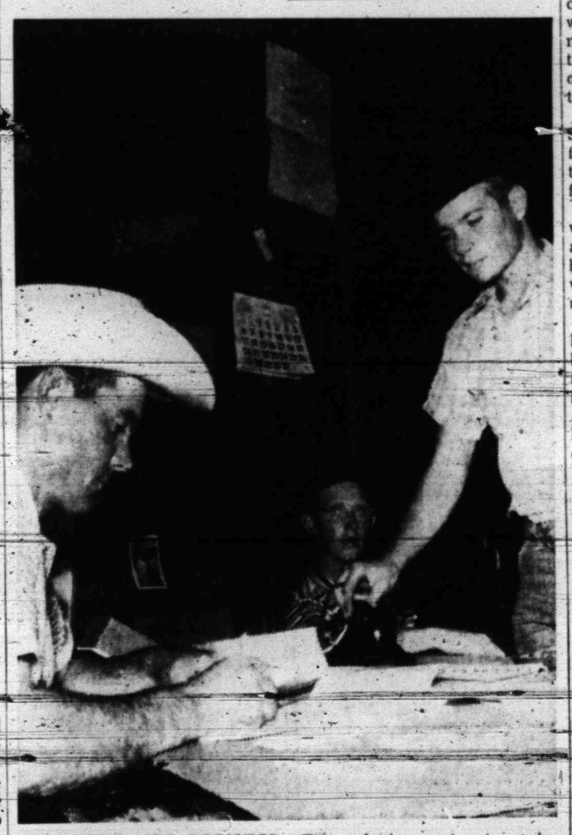
By The Associated Press

A cool front slowed to a crawl after edging into the Texas Panhandle early Tuesday.

It touched off a predawn thundershower at Amarillo, in the edge of the cooler air, but no measurable rain.

At Alpine, in the Big Bend of far West Texas, a .47-inch shower during the night dropped the early-morning temperature to 63. Other low marks about the state ranged up to 83 at Galveston.

Another light shower fell after dawn around Corpus Christi.



CONTESTANTS REGISTER—Two of the approximately 150 contestants who have entered events in the 22nd Annual Scurry County Rodeo which begins tomorrow are pictured filing their enteries above. At left is Jesse Everett, who is handling entries, and seated center is Sonny Harrell, and standing right is Gene Griffin. Griffin and Harrell entered the bull and horse riding events. U. N. Council Gets Notice Of Landings

By MAX HARRELSON

UNITED NATIONS, N. Y. (AP) The United States today formally notified the U. N. Security Council American military forces had landed in Lebanon to help stabilize the situation in the explosive Middle East.

The announcement was made by Ambassador Henry Cabot Lodge, who promised the withdrawal of the U. S. forces as soon as the United Nations can take over the responsibilities for peace.

Lodge told the 11-nation Council he planned to confer urgently with Secretary General Dag Hammarskjold on measures to handle the situation which he called one of the most serious ever faced by the U. N.

Lodge took the floor after the Soviet Union had tried unsuccessfully to oust the representative of the overthrown Iraqi government from the Council.

The move was launched by Soviet Delegate Arkady A. Sobolev as the 11-nation Council met in a hurriedly called session to deal with the critical Middle East situation.

U.N. Secretary General Dag Hammarskjold acknowledged he had received a cable from the revolutionary government of Iraq naming a new delegate to replace Ambassador Abdul Majid Abbas. He said, however, that he did not consider the message as official.

Sobolev assailed the overthrown Iraqi government as rotten and said the Soviet Union does not recognize that the Arab Federation gives Jordanian King Hussein authority to issue orders relating to Iraqi affairs.

Cuban Rebels Still Holding 29 Americans As Prisoners

By LARRY ALLEN

GUANTANAMO, Cuba (AP) — Cuban rebels still held 29 U.S. sailors and Marines today but there was some hope the scheduled start of their release yesterday had only been delayed by rain.

Helicopters were scheduled to take off from the U.S. Navy base on Guantanamo Bay today for the assembly point in the east Cuban mountains to which the rebels were supposed to bring the servicemen they kidnaped nearly three weeks ago.

U.S. Consul Park Wollam, who has been negotiating with the rebels for release of the men, sent word he was confident some would be freed today and possibly all would be back at their base by tomorrow.

Fidel Castro's men had promised Wollam the men would start coming out yesterday afternoon. A Navy helicopter waited several hours at the delivery area but none of the prisoners showed up.

A Navy spokesman said bad weather apparently prevented the rebels from assembling the captives from the mountain camps in which they are scattered.

Other Navy sources were less optimistic. Pilots of the helicopter and Navy search planes which escorted it, said while there was heavy rain and mist in the mountains, there was no evidence that the Castro forces had made any effort to ready the captives for evacuation.

The servicemen are the last held by the rebels. Previously 20 U.S. and Canadian civilians and one Navy airman abducted by the rebels were released. All were seized in a Castro bid to win recognition from the U. S. government as genuine belligerents instead of unorganized revoluntaries. The bid has failed.

A rebel radio broadcast heard on Puerto Rico apologized to the families of the 50 kidnaped men and assured that all would be freed soon.

WEATHER

SNYDER TEMPERATURES: High Monday, 106 degrees; low, 75 degrees; reading at 7:20 a.m. today, 76 degrees.

EAST TEXAS: Widely scattered thunderstorms extreme north portion tonight or Wednesday; otherwise, partly cloudy through Wednesday with widely scattered thundershowers, mainly near coast; not much change in temperatures.

SOUTH CENTRAL TEXAS: Partly cloudy and warm through Wednesday with a few isolated thundershowers.

NORTH CENTRAL TEXAS: Widely scattered thunderstorms north portion, mainly tonight; otherwise partly cloudy through Wednesday with isolated thundershowers; not much change in temperatures.

WEST TEXAS: Partly cloudy through Wednesday with widely scattered thunderstorms, mainly South Plains and from upper Pecos Valley eastward; not so warm in Panhandle tonight and South Plains tonight and Wednesday.

Scouts Complete Camping At Ranch

About 125 Boy Scouts and leaders from Snyder have completed summer camping at the Buffalo Trail Council Scout Ranch in the Davis Mountains.

The local youths and leaders went to the camp at various times, from early June until early this month.

Activities of the camp were stepped up this year, according to Ray Devers, chairman of the local camping and activities committee. Activities included compass study, nature study, and many other scouting skills which were more complete. The hiking program was stepped up, and rifle and archery ranges had been improved.

The camp dining hall had been enlarged and kitchen equipment improved. Local scouters reported better food at the camp this year, attributing this partly to use of women cooks this year instead of men.

Many youths from Snyder worked on advancement and merit badges at the camp, as well as many scouting skills being taught which will help youths in advancement, according to J. J. Bartels, local advancement chairman, who predicted one of the biggest advancement years in the history of this district. The average boy who attended the camp is expected to advance one rank as a result of the camping experience.

Most of the troops will have parents nights at which boys and leaders can report to parents on the camp.

During the camp, one Snyder scout and one leader were chosen for the Order of the Arrow, honorary camper's fraternity for Boy Scouts and leaders who have met national camping standards. They were Ross Wise, first class scout in Troop 36, sponsored by the Rotary Club of Snyder, and his father, Bill Wise, scoutmaster of that troop. They completed the ordeal last weekend, held at the ranch, and were taken into the order in a ceremony. About 115 scouts and scouters in the council attended the ordeal, including several new members. The two from Troop 36 were the only new members from Snyder.

The ordeal was composed of several work projects, including the clearing and making of new paths for overnight hikes, work in the dining hall and kitchen, and remodeling and overhauling of equipment for next year's camp, and improvement of scouting skill areas.

Except for troop camping and the first annual aquatic camp at Camp Ed Murphy on Lake Thomas, the summer camping program is concluded.

Rural Fire Protection Is Discussed

About 200 persons turned out last night at a political rally held at Hermleigh.

The rally was sponsored by the Scurry County Farmers Union.

Practically all the candidates for local and district offices who will be on the ballot in the July 6 primary were at the rally, including all candidates for commissioner of precinct 4 except one. Most made short talks on their candidacy.

A tentative proposal was made by the Farmers Union to organize a Hermleigh Farmers Union in the near future. A date will be set later for the organizational meeting.

Advantages and methods of setting up a rural fire protection district and rural fire department here were explained by D. A. Porter, Snyder fire chief, at the rally.

Porter explained that the last session of the Texas Legislature passed legislation which permits the organization of rural fire protection districts which can be tax supported by a levy of three cents tax on each $100 valuation in the district.

He said that to set up such a district that voters of the proposed district had to vote in favor of its organization. Only qualified rural residents could vote in the election, and no vote or tax would be allowed inside corporate city limits.

Porter said that in his opinion such a rural fire district here should include fire fighting equipment and volunteer firemen at Fluvanna, Ira, Hermleigh and possibly in the rural area in the north part of Snyder.

A mutual-aid agreement with the Snyder fire department would be necessary so that the Snyder fire department's equipment and men could assist in fighting rural fires too large for the rural equipment to handle, and so that the rural department could come to the aid of the Snyder department in emergencies that the Snyder department couldn't handle alone.

Porter said that the city of Snyder is in no was sponsoring such an idea here, but that it is his personal opinion that such a rural fire department and fire protection district would be a good thing for all parts of the county.

"Fire insurance costs are so high now that almost all buildings and properties are under insured, and such a rural fire department might save property owners from great losses," he said.

Pair Injured In Collision

Two daughters of Mr. and Mrs. Marcel Josephson, 3781 Avondale, were slightly injured in a two car accident at Thirty-fifth Street and avenue E about 4 o'clock yesterday afternoon, police said.

Barbara Josephson was driver of the 1955 Plymouth car in which she and her sister, Fredrica Josephson, were riding. Both received minor head injuries including cuts and bruises. They were taken to Cogdell Memorial Hospital in a private car for treatment for their injuries.

Driver of the other vehicle, a 1956 Chevrolet pickup, was Milton Lee Prince, route 3. He was driving a vehicle owned by Greif Enginneering Co. of Snyder.

The Josephson car was going south in Avenue E and the pickup was traveling north on Avenue E, police said.

Optimists Set Up Circus Office Here

An advance party from the Clyde Beatty circus has set up office here for the purpose of selling advance children's tickets.

The circus will come to Snyder Sept. 18 under the sponsorship of the Snyder Optimist Club.

The Optimist Club will use its share of the proceeds toward financing the club's Boys Work program.

The Optimist circus office is located at 1925 Twenty-sixth St., which was formerly the Jack and Jack Realty Office.

Youth Is Convicted In Gang Slaying

SAN ANTONIO (AP)— Gavino Valdez, 17, faced a 15-year prison sentence today for a fatal shooting attributed by officers to rivalry between juvenile gangs.

Valdez pleaded guilty before Dist. Judge John Onion yesterday in the slaying of Adolfo Galan, 8. A jury fixed the sentence on recommendation of the district attorney's office.

Officers said Valdez was 16 when the shooting occurred last Dec. 13. He was held at the State School for Boys at Gatesville until he passed his 17th birthday in February.

BIRTHS

Mr. and Mrs. Clinton Hamlin, 1700 Twenty-eighth Street are parents of a son weighing six pounds, 12 ounces, born at 5:50 a.m. yesterday in Cogdell Memorial Hospital.

Roundtable For Scouters Set Tonight

A special roundtable meeting of the Lone Buffalo Boy Scout District will be held tonight.

The meeting this time will be in the exhibit barn of Towle Memorial Park at 7:30 o'clock tonight, according to Dan Cotton, district commissioner.

Purpose of the roundtable will be to discuss whether there will be an exposition or circus this fall and to discuss plans for a district swim meet or a work camp at the new council aquatic camp.

The work camp may be planned in lieu of the swim meet. Camp Ed Murphy at the Lake J. B. Thomas is the council aquatic camp. So far, there are two buildings being finished at the camp and a water system being installed.

If there is a work camp there, it will probably be on Aug. 9, when troops can spend the previous night if they desire before working the next day. Object of the work camp will be to take out as much brush and other objects in the swimming and boating areas as the boys and men can do. Scouts and leaders will be urged to take uniforms and work clothing to the camp.

Work will also be done on campsites for the first annual camp at the aquatic camp. The first camp will be Aug. 17-30, and it will be centered around canoeing, boating, and swimming, as well as instruction in lifesaving.

There is a limited amount of space available at the camp for local troops to make arrangements for troop camps now.

Team Pilots Address Club

Joe Reaves and Milton Ham, managers of the Optimist Cats in the Graduate Pony League, addressed the Snyder Optimist Club at the club's weekly luncheon last night at Trinity Methodist Church.

Reaves and Ham gave a rundown of the Cat baseball squad which is sponsored by the local Optimist Club. They also gave a report on the league as a whole, giving the names of the teams and the managers and how they went about in selecting their boys prior to the start of the season.

The club made plans at last night's meeting for attending the District 7 board meeting to be held in Abilene, July 26-27.

Also various committees were set up toward assisting with the sponsorship of the Clyde Beatty circus which the club is bringing here next Sept. 18. Advance sale of tickets is now underway for the circus.

1st Grader Needs Birth Certificate

Parents who have children who will start to school in the first grade this fall can help themselves and the State Department of Health by requesting a copy of birth records now.

Most school systems require a birth certificate to prove the child is six years old on Sept. 1, as is done here. By making early requests for birth records, parents can save themselves needless anxiety, their children some missed classwork, and the state department much time.

A few requests are already trickling in for birth certificates.

There are three ways parents can get the certificates if the child was born in Texas and if they do not already have the certificates. They can be secured through the vital statistics registrar, Mrs. Brad Holt, at the Snyder-Scurry County Health Unit on east Twenty-sixth Street; through the office of the county clerk, Dan Cotton; or direct from the Division of Vital Statistics, State Department of Health, in Austin.

While several hundred parents have already requested and received records of their children's birth from Austin, many thousands will have to be processed between now and the time the schools to open their doors.

If too many people delay until August, as they usually do, the resulting bottleneck may mean some children will have no way of proving age at the time school beschool begins. The state department can extract just so many records and photostat just so many copies in a day's time.

An estimated 247,500 children will enter school for the first time throughout Texas this fall.

In Scurry County, the estimated number of new first graders in all the schools this fall is close to 600.

All parents need do to get the certificates is give the child's name and date and place of birth, the mother's maiden name and the name of the father. That information, plus the legal fee of $1, will buy anyone a copy of the birth record, provided it is on file.

The state office keeps track of some 10 million birth and death records, some dating back to 1903.

Car Damaged By Fire Here

A car was heavily damaged by fire here about 7:30 o'clock this morning, and firemen answered two grass fire calls yesterday afternoon.

The car fire was in a 1956 Ford car owned by General Mortors Acceptance Corporation and was being towed behind another car driven by Bob Jacobs, Phoenix, Ariz. Firemen said the interior of the car was heavily damaged.

The two grass fires yesterday afternoon occurred about 5:30 o'clock.

The most serious was in a pasture about three miles northeast of Snyder where a strip of grassland about a quarter of a mile wide and three-quarters of a mile long was burned over.

The other fire was at Twenty-fourth Street and Avenue O here where trash and grass near the Burton-Lingo Lumber Co. on Dry Run creek was burned. Firemen said there was no damage from that fire, however.

Now Many Wear FALSE TEETH With More Comfort

FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No gummy, gooey, pasty taste or feeling. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Braceros Are Discussed In Session Here

Loyan Walker, head of the agriculture department of the West Texas Chamber of Commerce, discussed the Bracero problem and federal farm program at a breakfast here this morning.

His talk was at the monthly meeting of the Agriculture Workers Council of Scurry, Nolan, Mitchell, and Fisher Counties, held at the Village Restaurant here.

Various complications brought about by the U. S. Department of Labor, labor unions, the State Department, and immigration authorities have all contributed to farmers in this area not being able to get Bracero labor, Walker said.

To secure Mexican national workers now, a farmer must go through the Texas Employment Commission, which in turn goes through the Department of Labor. Need must be shown for the outside labor.

Walker also discussed the need for farmers to write their congressmen concerning a farm bill for 1959, else the total cotton allotment may be cut from 17 million to 14 million acres.

There are various proposals for farm bills, but none seems very strong at the moment.

A total of 26 persons attended the meeting.

Grasshopper Causes Automobile Crash

LIBERAL, Kan. (AP)—A grasshopper lit on the face of 2-year-old Dana Lynn Ables, who was riding with her mother. The child screamed, the mother swerved the car and it crashed into a parked vehicle. Damage totaled $600. Dana Lynn got a cut and bump on her head.

Every Ford has SAFETY GLASS in every window

The Thunderbird-inspired Fairlane 500 Town Victoria

NOW MORE THAN EVER

FORD makes it foolish to put off buying a new car!

Right now during Ford's Summer Trading Picnic you can make the year's *best deal* on a beautiful new 58 Ford. Whether you want a convertible, V-8 sedan or station wagon, you'll find Ford has the lowest price in all the land!

Ford saves you money while you drive, too, because Ford has the *only* modern short-stroke, low-friction Six. In the past two Mobilgas Economy Runs, this engine delivered the most *actual miles per gallon* in Class A!

Ford's exclusive Automatic Ride Control is standard equipment on *every* Ford car. And only Ford in the low-price field has foam-rubber padding in the front seats of every model, another of the many *extra* benefits that Ford brings you at *no* extra cost!

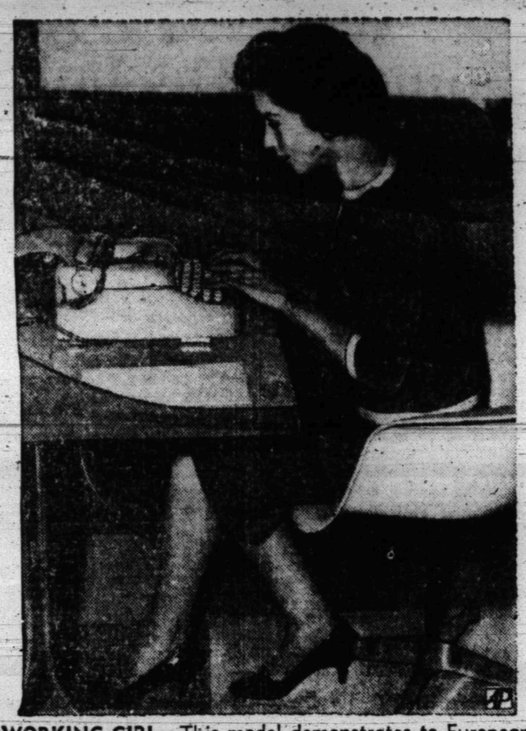
You can have Thunderbird GO, too! Imagine . . . the Thunderbird's own brand of V-8 power can be yours in every Ford. It's the biggest, newest engine in its field . . . and it can save you up to 15% on gas when teamed with optional new Cruise-O-Matic Drive.

Your present car will never be worth more than it is right now during your Ford Dealer's Summer Trading Picnic. Why not come in and discover how *little* it costs to own one of these beautiful 58 Fords!

COME IN AND SAVE DURING THE
FORD SUMMER TRADING PICNIC

WILSON MOTORS—1615 - 26th St., Snyder, Texas
FOR A BETTER BUY IN A USED CAR OR TRUCK, BE SURE TO SEE OUR A-1 OR OTHER SELECTIONS

ALL-AMERICAN FASHIONS—Latest edition of "Fashions U. S. A." shown at the Brussels World's Fair features "more taste than money" outfits priced at from $4 to $25. Models wearing the clothes engage in every-day activities of the average American woman, such as this girl wearing a budget-priced rose-printed cotton satin dress while doing a little home sewing.



WORKING GIRL—This model demonstrates to European visitors in the United States Pavilion at the Brussels Fair what the typical American girl wears to the office—in this case a simple, washable, two-piece dress cut on the new relaxed lines. Those budget dresses are part of a continuous fashion show staged by Vogue Magazine for Uncle Sam.

Lockhart-Houston Vows Postponed By Polio

A wedding ceremony scheduled for Aug. 30 has been postponed because of illness of the bride.

The prospective bride is Phyllis Lockhart of Seminole, who was to marry Bill Houston, son of Mr. and Mrs. Sam Houston, east of Snyder, on Aug. 30.

Miss Lockhart, however, became ill a few days ago, and physicians have just completed the diagnosis of her illness as polio.

The 22-year-old Seminole woman is a spring graduate of Hardin-Simmons University, where she was the roommate of Suzanne Houston of Snyder. The prospective bridegroom graduated from McMurry College last spring and is employed in Abilene by General Motors Acceptance Corp.

So far, Miss Lockhart has had no paralysis, but doctors said even without complications she would be in the hospital for two to three weeks and would not be strong enough for a wedding by the scheduled time. She was advised to postpone the wedding indefinitely.

Miss Lockhart is at Hendrick Memorial Hospital in Abilene.

She had not had any polio shots. Miss Lockhart said students at Hardin-Simmons were given polio shots, but it was done during final exams and she did not get hers. Most of her contacts have either had the shots or have begun the series.

WHAT'S GOING ON

MR. AND MRS. BILL McCRIGHT and daughter, PAT, 102 Browning, and MRS. PAULINE SCRIVNER, 407 Thirty-fourth Street, spent the weekend visiting MR. AND MRS. J. H. TRUSSELL and son, TOMMY, near Bledsoe. KATHY SCRIVNER returned home with them after visiting for two weeks with the Trussells.

Make up a package of instant chocolate pudding and fold about three-quarters cup of coarse macaroon crumbs and one-half cup of whipped cream into it, then chill until set. If you like you may add a quarter teaspoon of almond flavoring to the cream and serve the pudding with extra whipped cream.

WOMEN'S CALENDAR

TUESDAY

W. W. Club with Mrs. Iva Woodson, 600 Twenty-fourth Street, 7:30 p. m.

WEDNESDAY

WSCS Circles of First Methodist Church at fellowship hall, 9:30 a. m.

If there's room in your handbag, make your work-to-evening costume do a real turn-about. Take along a string of rope beads. When you take the jacket off, put on the beads and no one will suspect you ever saw the inside of an office.

NEWS FROM CHINA GROVE

By MRS. N. F. HALL

Mr. and Mrs. L. C. Caswell and daughters of Seagraves were dinner guests of Mr. and Mrs. Carl Caswell and son recently.

Mrs. Damon Cotton is visiting her parents and friends in Los Angeles, Calif.

The Rev. and Mrs. B. K. Beck of Big Spring were dinner guests of Mr. and Mrs. Jim Merket Sunday. Beck was guest speaker at the China Grove Baptist Church Sunday.

Mr. and Mrs. L. C. Caswell and daughters of Seagraves and Miss Margie Moore of Loraine, Mr. and Mrs. Arlis Cotton and children of Buford were guests in the home of Mr. and Mrs. T. J. Webb over the weekend.

Supper guests in the home of Mr. and Mrs. Clye Bolding Saturday night were Mr. and Mrs. Grady White and children of Dunn, and Mr. and Mrs. Bobby White and children of Houston.

Guests in the home of Mr. and Mrs. Stanley Merket and Gloria Sunday were Mr. and Mrs. Jackie Pylant of Snyder, and Miss Donna Ann Hall of China Grove.

Mr. Frank White is in the Root Memorial Hospital at Colorado City, where he was taken Friday with a heart attack. He has improved, his doctors said.

Mr. and Mrs. Billy Ray of Colorado City visited her parents, Mr. and Mrs. O. N. Laster Jr., over the weekend.

Mr. and Mrs. W. S. Edge and children were in Colorado City on business Saturday.

O. N. Laster Sr., and Hersal Laster visited in the home of Mr. and Mrs. Ravis Laster and Don of Snyder, Sunday. Don returned home with his grandfather and uncle for a week's visit.

Mrs. Johnny Don Hall and Mrs N. F. Hall and Donna Ann Hal were guests of Mrs. Mildred Shipman in Snyder Monday.

Charles Ray Dunn of Loraine was a guest of Johnny Don Hal Saturday night.

Mr. and Mrs. Rocky Allen and baby of Colorado City visited his parents, Mr. and Mrs. Leonard Allen Sunday.

WOMEN

New Fashions Prove Women Do Dress To Please Men

By DOROTHY ROE
AP Women's Editor

NEW YORK AP)—This is the year for the men, sayd glove-trotting designer Hanniah Troy, presenting a collection of strictly feminine fall fashions for the nation's fashion press.

The new clothes for fall shown by Mrs. Troy and most other New York couture designers prove that women do dress to please men, after all. The loud cries of male anguish which greeted this summer's sack dresses, which made most women look like an unmade bed, have been heeded by the gals who set the pace for American fashions.

So there are no more shapeless chemises in view, no more of the grotesque silhouettes which suggested national mass pregnancy. Instead, designers have shaped and modified the unifitted silhouette into such a variety of styles that any woman should be able to find a flattering wearable outfit for fall.

Most popular with Mrs. Troy and others slated to preview fall collections this week is the high-waisted Empire line. It is shown in both slim and flared versions, with accents just below the bust in the form of loose belts, bands or other trimming.

For calculated allure, consider Hannah's short evening dress in ice blue satin, with "pouffant" skirt and ostrich hemline, worn with a matching coat.

"Now that women are showing their legs again," says Mrs. Troy, "interest shifts to the hemline—and can you imagine anything more intriguing than a moving, fluttering fringe of ostrich about a pair of beautiful American legs?"

Male designers also go along with the more feminine, graceful look for fall, including Paul Parnes, who shows a series of new-looking and wearable costumes combingin fur-collared tweed jackets with slim Empire dresses.

The collection at the New York house of Christian Dior, the second designed by young Yves St. Laurent, features the "Liberty Line," and tends toward modifications of his trapeze silhouette of last spring. The clothes are youthful and in most cases highly wearable, with big-collared, bulky coat and jackets shown for daytime wear.

In the suit collections jackets are short and unfitted, with wide draped collars, big bows and sash at the bust, front and center, with trapeze drape falling from shoulders to hem in back.

Cream butter with lemon juice and parsley; put dabs of the mixture on top of lamb chops and let the heat of the meat make the sauce

Ever make white sauce by cream and adding it to the scalded milk? Stir constantly over moderately low heat until thickened.

...to help you get the most efficient cooling from your REFRIGERATED ROOM AIR CONDITIONER

Cool only an area within the size your unit is designed to cool. When cooling a larger area, the unit is overworked and its efficiency is lowered.

Keep air filters clean. Clogged filters lower efficiency of the unit and cause it to use more electricity.

Insulate ceiling area above room being cooled. Insulation keeps hot air out, cool air in.

Locate unit in shade if possible. The north side of house is best, followed by east, south and west. Proper shading of unit increases its efficiency.

Properly regulate intake of outside air. This is important to operating efficiency of your unit. Follow manufacturer's instructions carefully.

Keep out direct sun rays. They bring in heat which your unit must work extra hard to remove. Awnings over your windows will help.

An automatic thermostat is recommended to hold room temperature to 78 to 80 degree level recommended for comfort. Each degree below 78 degrees increases power consumption unnecessarily.

Remember, too, that operating cost is governed by hours of use. Turn off your unit when you expect to be away for several hours. You can quickly lower the temperature when you return.

An Electric Refrigerated Room Air Conditioner is a wonderful comfort during hot summer weather. Follow Reddy's tips and make the most efficient use of your unit. It will help you LIVE BETTER ELECTRICALLY!

LIVE BETTER ELECTRICALLY

TEXAS ELECTRIC SERVICE COMPANY

CHARLES H. HARTMAN
. . . new J. C. Penney manager

Irving Man New Penney Manager Here

Charles H. Hartman, 35, who has been assistant manager of the J. C. Penney Co. store in Irving, Tex., for the past two and one-half years, has been appointed manager of the Snyder store of the J. C. Penny Co.

He succeeds Robert Taylor, who has resigned to move to Shreveport, La., to manager a store there.

Hartman has been with the J.C Penney Co. for ten and one-half years. Prior to going to Irving he was employed in the firm's Tulsa, Okla., store for one year, and before that was in several other J. C. Penney Co. stores.

He is married and the couple have two sons, Roger, 8, and Dick, 13.

During and after World War II, Hartman served five years in the U. S. Air Force.

He is a member of the First Christian Church.

The family residence here will be at 3715 Avenue L.

Quintuplets Have Birthday Reunion

By BRIAN BELL

BUENOS AIRES (AP) — The world's only surviving quintuplets turned 15 today and Papa Franco Diligenti is letting them have one of their rare reunions in honor of the occasion.

The three Diligenti girls and two boys were due home today from their separate English boarding schools. Their birthday party will be a huge fiesta Saturday at the family's suburban estate, with relatives flocking to Buenos Aires from as far away as Italy and Canada.

The wealthy, strong-willed father has firm ideas about rearing the quints. Six years ago he sent them off to five different schools. Since then they have seen each other only during holidays.

"They ganged up on us," he explained. "Their squad behavior meant they defied discipline and any corrective influence from outside."

Now each of the youngsters has a separate circle of friends. They seem to be typical bright, unspoiled teen-agers.

All speak fluent Italian, their parents' native tongue; Spanish; English; and a smattering of French. Some say they want to go to English colleges but one of the boys indicates he would like to attend a U.S. university.

By name they are Franco, Carlos Alberto, Maria Esther, Maria Cristina and Maria Fernanda.

Diligenti came to Argentina from Italy as a penniless 27-year-old immigrant. Now a wealthy, retired industrialist, he has been able to ignore the hundreds of commercial offers which brought the Dionne quintuplets fortune and life in a goldfish bowl.

Mrs. Diligenti, then 41, went to the home of midwife Angelita Delfino for the birth, a common practice in Argentina. She had had three previous children, including one surviving member of triplets, and multiple births were frequent in her Roman family. But she and Diligenti, then 44, were not expecting anything unusual.

Mrs. Delfino delivered the first four babies within 20 minutes of each other but Maria Esther appeared an hour after the others. Two of the children almost died at birth. The midwife improvised an incubator with hot water bottles, blankets and two kerosene stoves to save them. The Argentine Medical Review later praised the midwife's work.

Diligenti kept the multiple birth a secret for eight months by registering only three of the babies and those in different offices, giving incorrect places of birth.

"I felt like a man with three legs," he explains. "You should have seen them. They weighed less than three pounds and were so ugly my wife fainted when she saw them. If anyone had taken a picture of them when they were born, people would think it had been taken in a zoo. I was afraid, if they lived, they would be ruined by the same publicity the Dionnes got."

A Buenos Aires society editor finally broke the story. After the news was out, some 12,000 letters poured in, most of them from the United States.

"I don't know why Americans took such an interest," Diligenti said. "Why, when my mother finally got around to writing, she said, 'I hear your wife had quintuplets. I hope they are getting along all right,' and that's all."

Reds Catch Fleeing Pole

EDINBURGH, Scotland (AP)— A Polish seaman was dragged back aboard a Communist fishing vessel four miles off the Scottish coast Monday after he tried to swim to freedom.

The Scottish fishermen said the Pole fought desperately to reach their ship.

The seaman jumped overboard as his ship swept close by the little British fishing boat Rose-Mary. He struck out strongly but the Red trawler slewed around to cut him off.

The Rosemary, dragging heavy nets and almost unmaneuverable, could not go to his aid. He was caught only 80 yards from the Rosemary, hauled aboard with boathooks and hustled him below decks.

On June 26, an Estonian fisherman stole a motorboat from a Soviet trawler and landed in Britain's Shetland Islands, north of Scotland. Thirty men came ashore and chased him across the moors but he escaped and asked political asylum.

Jobless Claims In Decline, But Payments Show Increase

By The Associated Press

AUSTIN (AP)—Initial unemployment claims showed a slight drop the past week, but insurance payments increased $400,000 to a total $1,546,489, the Texas Employment Commission said yesterday.

Commission member Maurice Acers told an Austin civic club the jobless workers' insurance program paid out $38,164,378 the first six months of 1958.

For the week ending July 10, 76,209 claims actions were completed as compared to 76,042 the previous week when $1,159,289 was paid out. For the same period last year, the program paid out $525,460.

The TEC said initial claims fell to 6,513 last week, compared to 7,617 jobless workers seeking compensation for the week ending July 4.

Acers said immediate revision should be given to hiring standards and warned of changing trends in manpower supply.

He predicted a decrease in the number of available workers between 25 and 44 in the next 10 years.

"Education standards must be related more closely to changing occupation requirements," Acers said. "More effective means must be found to get young people to select and prepare for occupations which suit their abilities."

The employer's representative on the commission, Acers said 185,000 individuals received payments the first six months of 1958. He said the average unemployed worker was entitled to 19.8 weeks of payment, but drew on the average only 12.7 weeks. He gave no figures as to the average weekly payments.

Acers said 42,739 workers used up their state benefits during the six-month period.

Attorneys To Visit Russia

ALBUQUERQUE (AP) — Ross L. Malone, president-elect of the American Bar Assn., says a small delegation of American attorneys will visit the Soviet Union this month to observe courts in action.

Malone, of Roswell, N.M., said the attorneys will spend about 15 days traveling in the Soviet Union and Yugoslavia.

He said association officials want to determine if there is any hope bonds between the legal professions of the Soviet Union and the United States could be made a basis for improving relations between the two countries.

The group making the trip includes Charles S. Rhyne, ABA president; S. Smythe Gambrell, Atlanta, Ga.; Richard C. Coburn, St. Louis; and Walter F. Powell Jr., Richmond, Va.

Crude Flow In Increase

TULSA, Okla. (AP)—Daily average crude production increased 35,885 barrels to 6,435,825 the week ended July 12, the Oil and Gas Journal said today.

Texas accounted for well over the net gain, climbing 59,150 barrels to 2,406,100. New Mexico was up 9,825 to 276,400.

Oklahoma fell 8,900 barrels to 525,500.

The Journal estimated 1958 production at 1,245,593,800 barrels compared to 1,438,783,400 a year ago.

Other increases were in Louisiana, up 2,625 barrels to 814,300, and Colorado, 300 to 132,300.

Arkansas fell 100 barrels to 75,000.

Foose Faces Two Charges

ALBUQUERQUE (AP)— Bearded prospector Norman A. Foose is charged with two counts of murder in the fatal shooting of two children.

The former mental patient is charged with the murder of 14-year-old Eddie Cebada and his aunt Arlene Cebada, 12. They were shot to death in Cuba, N.M., Thursday.

Dist. Atty. Paul Robinson said Foose, 47, probably would be tried at the next term of District Court, scheduled to start Aug. 25.

Foose has shown no remose for the killings he said were part of a move to "depopulate the world." He is in a hospital with a bullet-shattered foot suffered before he was captured.

Gary Crosby Holds Hands With Showgirl

LAS VEGAS, Nev. (AP)—Gary Crosby's been holding hands with a showgirl!

Gary, Bing's oldest boy (he's 25), was here last weekend, and he spent most of the time with Felicia Atkins.

If you don't think that's significant, just remember:

Dennis Crosby dated Pat Sheehan, a chorus girl at the Tropicana Hotel, and they're married now.

His twin brother Phil, 23, came to town on vacation from college, and he's been going steady with another Tropicana girl, Sandra Drummond, 20.

Felicia, 25, also works at the Tropicana.

Transport Workers At Center Strike

CAPE CANAVERAL, Fla. (AP)—About 1,000 members of the Transport Workers Union went on strike against Pan American Airways at the Air Force Missile Test Center today.

It was not known whether the strike would interfere with missile launchings.

The walkout concerned a dispute over wages and the death of a mechanic who fell from an Atlas missile service tower.

Pan American is the prime contractor for maintaining the missile center and the 6,000-mile test range that stretches across the South Atlantic.

American families now own an estimated 276 million life insurance policies, an increase of about 50 million in the past five years.

Child Found In Canyon

BILLINGS, Mont. (AP)—Searchers found Mary Gay Bent fast asleep at the head of a Sage Creek area canyon yesterday. Mary, who was 5 yesterday, was lost in the rugged mountain area for 23 hours.

She was lying at the base of a pine tree, her jacket drawn about her head.

Dave Lehman, a volunteer searcher, woke her and handed her two halves of an orange. Then she was hoisted onto a horse and taken back to the camp where her tearful parents, Mr. and Mrs. Wallace G. Bent of Billings, waited.

Mary disappeared on an outing with her parents, Sunday. Undersheriff Elmer Bent said she showed no ill effects from the ordeal.

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

NO ONE FIGURED LITTLE Janice Rinehart, a member of the Snyder Junior girls track team, would figure in the "money" in the dashes in the Abilene Recreational meet last weekend.

When they lined up for the 50-yard dash, the first of two sprint events on the card, most of the girls had specially build track shoes and regular track uniforms.

On the starting line with these girls was Miss Rinehart, running bare-footed and wearing pedal pushers and a regular girl's blouse.

Then, too, Mildred Scott of Abilene, undefeated in the sprints since taking up the sport several years ago, was on that starting line.

But Janice didn't seem much concerned over the looks of things after the gun sounded to set them off on the 50-yard dash. She breezed in ahead of the field in the amazing time of 6.5.

Clean Sweep

And she wasn't through, either, after winning the 50. Janice came right back moments later to win the blue ribbon the 75 yard dash, again finishing ahead of the field that included Abilene's Miss Scott.

And in the 200-yard shuttle relay, Janice almost made up a big deficit in anchoring the Snyder team to a close second.

Among those coming around to congratulate Janice after her fine performances in the dashes was Mr. and Mrs. Scott, the parents of Mildred.

Mrs. Scott told Janice it was the best thing that ever happened to her daughter. "If she had to lose then I'm glad it was to someone from Snyder," Mrs. Scott told Janice.

Athletic Family

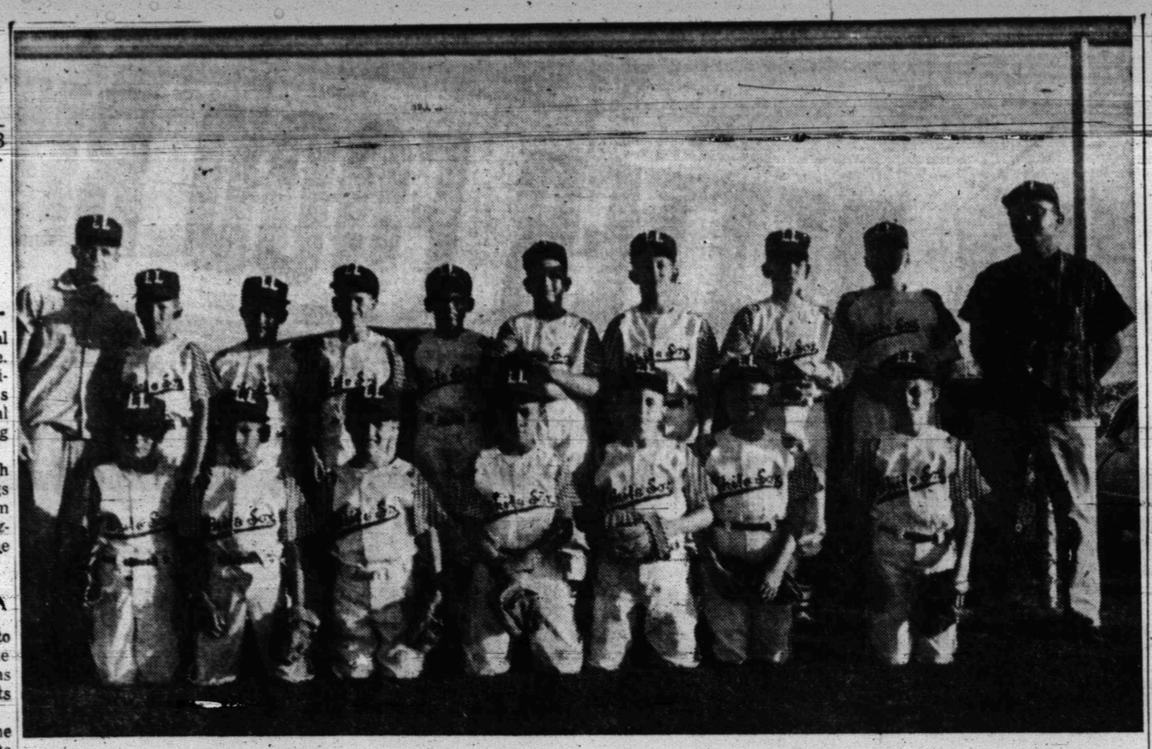
Janice comes from an athletic family. She has two brothers playing Little League baseball, Dock and Z. B., both members of the Quarterback Giants. Dock, too, is on the National LL All-Star team.

Z. B. ran a leg on the second place 200-yard shuttle relay in the Abilene meet in the Nudget Boys Division.

Both Janice and Z. B. will be among the local boys and girls going to the Southwestern AAU meet at Odessa this weekend.

The Snyder Senior team played only one game in the State Boys Club tournament over the weekend at San Antonio and they had to play a team that is only 30 miles away—Roscoe.

It was quite amusing to the boys to have to travel 350 miles to play a team from the immediate area.



AMERICAN LL CHAMPIONS — The Trinity Methodist White Sox, above, are the American Little League Champions for the 1958 season. The White Sox have two more games to play but could lose them both and it still would not endanger their hold on the top rung. Members of the White Sox team, from left to right, are: FRONT ROW—David Lester, Gus Tovar, Willie Mayfield, Lino Felon, Richard Waters, James Baker and Robert Foree. BACK ROW—Assistant manager Royce Burrows, Jerry Wilson, Britt Paty, Glenn Thomas, Troy Emerson, Stanley Baize, Pete Greene, Sandy McPherson, Jimmy Wilson and manager Charlie Morrow. (Lee Watson photograph)

Cubs Nearing Top; Braves Regain Lead

By ED WILKS
Associated Press Sports Writer

You couldn't hear the snickers for the laughs when Manager Bob Scheffing allowed as how his Chicago Cubs could be shooting for National League pennant.

But who was it who chilled the Philadelphia Phillies? The Cubs. And who's that sittin' in third place, just 2½ games shy of first? The Cubs.

The Cubs have moved up from fifth with a sweep of the last three in a four-game set with the Phils, who had won 11 of their previous 14.

Yesterday they scored an 11-10 decision over the Phils in 11 innings. That pushed Chicago free of a third-place tie with idle St. Louis while Milwaukee was regaining first place from San Francisco by drubbing the Giants 12-3.

Last-place Los Angeles hammered Cincinnati 8-5.

In the American League, the New York Yankees beat the Chicago White Sox 5-0 on Whitey Ford's three-hitter. Boston moved back into second, defeating Cleveland 4-3 in 10 innings while Detroit slipped to third with a 2-1 defeat at Baltimore. Kansas City beat Washington 4-0 on Jack Urban's four-hitter.

The Cubs beat the Phils the hard way — hammering relief ace Dick Farrell in a four-run ninth that tied it 9-all, and then beating Ray Semproch (11-6), the winningest pitcher in the league, on Walt Moryn's two-run double.

Moryn, Lee Walls and Johnny Goryl homered for the Cubs, who trailed 9-3 at one point against starter Don Cardwell. Rookie Glen Hobbie won it.

Wes Covington was 4-for-4 and drove in three runs, one on his 13th homer, and Johnny Logan ripped a two-run homer as the Braves counted 16 hits off loser Al Worthington (8-5) and three relievers. Rookie Leon Wagner homered for one of the five hits the Giants managed off Lew Burdette (8-7).

The Dodgers counted all their runs on homers—and, in fact, have homered for their last 16 runs, all in the four-game sweep of the Reds. Don Zimmer, out a week with injuries, hit a pair, good for four runs; Charlie Neal counted three runs with his 17th, third of the series; and stout Steve Bilko belted his seventh. Southpaw Johnny Podres (9-8) won it with relief help, while 10-game winner Bob Purkey lost his sixth.

Boxing Exec Files Protest

MIAMI BEACH, Fla. (AP)—Roy Harris, the fisticuffer from Cut and Shoot, Tex., has a Miami Beach boxing date before he can try for Floyd Patterson's heavyweight title Aug. 18—according to Miami Beach promoter Chris Dundee.

Dundee claims a 1957 agreement to fight Willie Pastrano of Miami Beach is still valid despite three postponements of the proposed rematch. He says the rematch was stipulated in advance of a Houston, Tex., bout which Pastrano lost to Harris.

"A Pastrano-Harris fight would have been my biggest promotion here," Dundee said last night. "I figure the difference between having the fight and not having it is $125,000 to me. That's worth suing for."

He said the Miami Beach Boxing Commission had protested to California commissioners the Harris-Patterson bout scheduled for Los Angeles.

In Sacramento, Calif., Dr. Dan O. Kilroy Jr., athletic commission chairman, said "this comes as quite a surprise to me." He added that if a legal contract does exist his commission will look into the matter even though Miami Beach didn't make its protest sooner.

Cats Romp To 11th Straight Win In GPL

The Optimist Cats clinched at least a tie for first place in the Graduate Pony League Monday when they raced to a 16-1 victory over the Snyder Savings Braves at Towle Park.

Yesterday's win gave the Cats an 11-0 season record and boosted the Cats into a 4½ game lead with four games to go. The second place Furr Yankees have five games left to play and could tie the Cats for the title by winning all five games providing the Cats lose their remaining four games. The Yankee record is 6-4.

Joshua John hurled the Cat victory yesterday with a five-hitter. After giving up a first inning run, John blanked the Braves the remaining distance.

The Cats broke the game wide open with a 9-run spree in the third inning.

Eddie Watson led the Cats at the plate with three-for-three, including a double. Reg Scarborough and Larry Smith contributed two safeties apiece to the Cat cause.

The Braves' five hits were distributed among as many players. Franklin Moore doubled in the third for the lone extra base rap for the Braves.

Moore and Jerry Fleming split mound chores for the Braves with Moore, the starter, absorbing the loss.

The Yankees and Rainbow Sackers play today, starting at 4:30.

YESTERDAY'S STARS

Major League Stars
By The Associated Press

Pitching—Whitey Ford, Yankees, tied for the American League shutout lead with his fourth, blanking the White Sox 5-0 on three hits, walking none and facing only 30 men, three over the minimum.

Hitting—Walt Moryn, Cubs, hit a solo home run in early comeback spurt, then drove in the tying and winning runs with a double for 11-10, 11-inning victory over the Phillies.

IN NATIONAL LL TONIGHT

Lead At Stake In Giant-Cub Game

The National Little League lead and possibly the title will be at stake tonight when the leading Quarterback Club Giants meet the runnerup Lions Cubs.

The Giants can nail down the pennant with a victory tonight. A loss, though, would enable the Cubs to tie the Giants for the lead. The Giants currently own an 11-5 record to 10-6 for the Cubs.

Each will have one game left to play after tonight's contest. The Cubs will wind up against the Braves Thursday night while the Giants take on the Cardinals Friday in their season finale.

Tonight's Cub-Giant game will begin at 7. Meeting in the second game of the doubleheader will be the Trinity Methodist White Sox, the already crowned American League champions, and the third place Legion Yankees.

In last night's game, the Von Roeder Indians took over sole possession of second place in the American League standings with a 5-1 victory over the West Texas State Bank Athletics and the Rotary Cardinals broke out of a long slump to subdue the Kiwanis Braves, 11-1, in a National League contest.

Ronnie Bennett hurled the Indians to victory over the Athletics with a four-hitter and striking out 11.

The Athletics broke a 1-1 tie with a four-run uprising in the third inning that wound up the night's scoring. The Indians put together two hits, four walks and one error for their big third inning rally.

Totals	24	11	6

Score by innings:
BRAVES 001 00—1
CARDINALS 110 19—11
2BH — Minor, Haney, Dieke.

The Cardinals broke their game with the Braves wide open in the fifth inning with a nine-run explosion. Before that the Cards owned a narrow 3-1 lead.

The Cards got only two hits in the big inning but took full advantage of five walks, a hit batsman and an error.

Rickie Nutt and Kenneth Dieke each got two hits to lead the Cards at the plate.

Dieke went the route for the Card victory and allowed four hits, struck out five and walked three.

SUN TO MEET STARS

City All-Star Game Tonight

The City League's annual All-Star game will be unreeled tonight at Towle Park, starting at 8.

Sun Oil, the first half champions in the City League, will meet the all-stars of the other three teams in the league.

The all-star team was picked by vote of the fans.

Speedy Moffett, Tiger manager, was voted the all-star manager. Second in the manager's voting and who will serve as Moffett's assistant tonight was Hermleigh's Grady Gafford.

Four Tigers, three from Hermleigh and one from the Blue Sox make up the starting lineup for the all-stars, excluding the pitcher. Fans did not vote for the pitchers, leaving this up to the all-star manager.

The starting all-star lineup as chosen by the fans will be:

First base—Doug Chitsey, Hermleigh.
Second base—Kenny Drake, Tigers.
Third base—Bill Houston, Hermleigh.
Shortstop—Bill Voss, Hermleigh.
Left field—Barry Walker, Tigers.
Center field—Nell Boyd, Blue Sox.
Right field—Richard Mahan, Tigers.
Catcher—Coleman John, Tigers.

Manager Moffett has selected Ronnie Baker and Dwayne Prince of the Blue Sox, Norman Gladson and Tim Roberts of the Tigers to handle tonight's pitching chores.

Baker is slated for starting duties.

Sun is expected to split their pitching duties between Don Ballard and Wayne Whiteside.

All-Star manager Speedy Moffett would like to meet all members of the All-Star squad at the high school gym tonight at 7 p.m.

All those mentioned in Monday's paper make up the all-star squad.

To the man who says, *"I'm from Missouri"...*

Frankly, we don't expect you to take *our* word for it when we say the Swept-Wing 58 Dodge is unlike any car you have ever driven. We don't expect you to believe it rides smoother, corners better and handles easier just because we say so.

You want more than claims. You want proof. You want to be shown, to be convinced.

That's why we invite you to come in and *Take the Wheel . . . Get the Swept-Wing feel.* Take a '58 Dodge out on the road and compare it with any other car you have ever owned or driven.

Is it everything we say it is? Does it actually ride smoother? Corner better? Handle easier?

We'll leave the answers up to you. You be the judge. Just see and drive and compare the Swept-Wing 58 Dodge. That's all we ask.

OUR VIEW

The Complicated Approach

Saul Pett, a writer for the Associated Press, has dug out a story on the personality of Bernard Goldfine which may hold more than a vague clue to the basis for his current troubles in Washington, D. C.

Goldfine, says Pett, is an energetic businessman who delights in playing "big shot" 24 hours a day.

For example, Goldfine is pictured as a man who would not simply write the Government Printing office and send 25 cents if he wanted some government pamphlet. Instead, he would pick up the telephone and call a senator, or perhaps a couple of congressmen, and make arrangements to get the pamphlet.

He is said to thrive on praise, and the bigger the public figure it comes from, the better. Pett says you get a picture of Goldfine's hungering ego by watching him in action and by talking to his family, to his business associates and to various lawyers and friends.

For example, Pett says Goldfine will say to a lawyer whom he is paying a fat fee: "You're a wonderful guy and don't think I don't appreciate an educated man like you taking so much time with a man like me." That is the lawyer's cue to tell Goldfine what a fine, self-made man Goldfine is.

His penchant for dealing at the top, of course, has cost him time, money and possibly more in a House subcommittee investigation. His flare for complicating what otherwise might be simple transactions has led to a grand scale complication which he had not counted on.

We are reminded of the story about the newspaper in a big city during the era of movie-type journalism. The best and most experienced members of the staff had taken turns on an assignment to get a picture of a young woman who was involved in a sensational story, but all had failed. Finally, a cub reporter who had been on the staff for only a few days was given the assignment with the idea that it would keep him busy and give him some experience.

Within an hour, he returned with the picture which the veterans of the staff had been unable to get.

"I asked her for it," he said, when the shocked editor asked how he accomplished the mission.

By now Goldfine may feel that he would have fared better if he had written the Government Printing Office a simple letter and requested a pamphlet on regulations of the FTC and the SEC.

Puerto Rico Deals Watched Hopefully

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Watchers for the turn in the recession tide sometimes look for signs on far-off beaches. Today they are trying to evaluate one such ripple—the chance that American manufacturers may be changing their minds about new plant and equipment spending. The wavelet, for what it's worth, is reported from Puerto Rico.

The reported about-face in recent weeks is restoring optimism to the island's economic development administration, which had reason to be pretty blue in the first three months of this year.

During January, February and March only three U.S. manufacturers decided to start operations in Puerto Rico. Operation Bootstrap — encouraging American companies to set up branch plants and thus help pull the Caribbean land out of its economic slough — seemed to have sunk on the shoals of the mainland's recession.

But in April, May and June, 54 companies signed up, 12 of them in the final week of June for what administration officials call operation Bootstrap's most successful week.

This lifted the total for the agency's sixth fiscal year, ending June 30, to 91 U.S. manufacturing companies signing contracts for industrial branches there. This puts the year second to fiscal 1956-57 when 146 plants were signed.

Apparel, metalworking and chemical industries were dominant among those signing up.

The agency says the contracts involve jobs for 4,715 persons, a yearly payroll of $7,403,100 and capital investment of $9,103,926.

All this is too small in comparison with total U.S. plant expansion spending to be a determining factor in the length of the recession.

And it runs counter to all the statistics on industrial construction here, which in the first six months of 1958 ran 24 per cent behind a year ago. Also, each poll of future intentions on expansion spending has been increasingly on the pessimistic or cautious side, so that little real help to the economy from that quarter has been expected until some months from now.

But one of the things economists have been looking for is any evidence of a change in business thinking — away from retrenchment and coasting and towards resumption of expansion and modernization of plants.

Whether Puerto Rico's experience of the last few weeks signifies this, it's too early to say. But optimists will hope it might reflect the change toward confidence noted in many business quarters in the late spring when the recession gave many signs of petering out.

Hashemite Family Dealt Hard Blow

By WILTON WYNN

BEIRUT (AP) — The Baghdad coup has dealt a hard blow to the Hashemite family who have sat on four different Arab thrones since World War I.

Until yesterday, the family had only two thrones left, occupied by 23-year-old cousins. There was Faisal II in Iraq and Hussein in Jordan. If the rebel army leaders in Iraq can make their blow stick, Hussein may not have his seat long and the Hashemites once more will be unemployed.

Since World War I there have been eight Hashemite kings, reigning in the Moslem holy city of Mecca as well as in Damascus, Amman and Baghdad.

Faisal's great-grandfather Hussein, a white-bearded camel-riding patriarch, led the 1916 revolt against the Ottoman Empire and reigned in Hejaz, eastern Arabia, with his capital in Mecca. He once claimed to be king of all the Arabs but couldn't make his claim stick.

His son Ali succeeded him in Hejaz until the fierce Bedouin hordes of Ibn Saud threw him out in 1925.

Ali's two brothers, Abdullah and Faisal I, moved out of Arabia to thrones farther north which the British gave them.

Abdullah moved in a camel caravan to Jordan and pitched his black Bedouin tents on the site of the future capital, Amman. Abdullah was assassinated while praying in a mosque in Jerusalem in 1951.

He was succeeded on the Jordan throne by his mentally ailing son, Talal. Talal was deposed in 1952 after doctors judged him insane.

Young Hussein, Talal's son, assumed the throne the next year, when he reached the age of 18. He has narrowly escaped assassination more than once but has managed to hang on so far.

Abdullah's brother Faisal I claimed the throne of Syria immediately after World War I. The French army drove him out after a short reign in Damascus.

At the time the British sought to give Iraq a measure of independence and put Faisal on the throne in Baghdad in 1921. He died a natural death and was succeeded by his son Ghazi. Ghazi was killed in an auto accident in 1939 and was followed by his son, Faisal II, then only 4.

Although they spearheaded the Arab struggle for independence from the Turkish empire, the Hashemites have never been popular in the Arab world.

Old King Hussein of Hejaz was accused of growing rich at the expense of Moslem pilgrims who poured into Mecca annually.

In Jordan and Iraq the family was unpopular with Arab nationalists because of their close ties with the British.

King Abdullah was accused of conniving with Israel in the partition of Palestine. He was assassinated by embittered Palestine Arab refugees.

Young Hussein and Faisal have been assailed because of their opposition to President Nasser and heavy reliance on the West.

Oenologist Sees Return To Sanity

By HAL BOYLE

NEW YORK (AP) — A happy oenologist sees a return to sanity in at least one pattern of American life.

"I believe there will be a swing away from the present 9-to-1 martini and back toward the normal 3-to-1 ratio," said Dr. Frank Gallizio.

Dr. Gallizio, 55, Turin-born, and as volatile as the products he studies, has been an oenologist, or professional student of wines and liquors, for 35 years. He says it is a very rewarding profession, and each year has been more golden than the one before.

For more than two decades he has been an authority on the martini, a drink which he regards as one of the finest.

"Martini drinking is a wild forest, full of different individualists," he observed.

"The reason I believe there will be a return to the normal 3-to-1 martini is that they are being drunk in the home now as much as in bars.

"Certainly a man in his own home would hardly make his wife a 9-to-1 drink. It is far too strong."

It could be, of course, that Dr. Gallizio overrates the chivalry of the American husband, or underrates the capacity of the average wife—or both.

"Most people think they get a drier martini by increasing the quantity of gin or vodka," he said. "But this isn't necessarily so. Sometimes they stir the ice so long it becomes too watered."

Here is his recipe for the perfect 3-to-1 martini:

"Put many ice cubs in the mixer. Pour in the vermouth and gin or vodka, and let it filter down slowly through the ice. Then stir once or twice quickly, and pour.

"The martini will be dry—and have a minimum of water."

Dr. Gallizio is firmly set personally against the addition of olive (it gives an oily flavor) or lemon peel (it changes the entire character of the drink).

"I prefer a small pearl onion—but only one—in the martini," he said, judiciously. "But even better is a tiny green pepper preserved in wine vinegar. In my opinion that is best of all.

"I am not against the olive for everyone, mind you—only in my own martini. Heaven forbid, you might get an olive in which the oil had become a bit rancid."

One would think that after 35 years of thoughtful sipping, an oenologist might have a few enlightening secrets about the common hangover. But no.

"I bet in all my life I did not have more than three or four times a hangover—a severe one," said Dr. Gallizio. "I have never made a profound study of it.

Woman Sentenced For Burning Child's Hands

LOS ANGELES (AP)—A mother accused of burning her 4-year-old daughter's hands has been sentenced to 90 days in jail.

Mrs. Consuelo M. Arce, 28, also lost custody of the child, Frances, who was placed in a foster home.

Mrs. Arce was convicted after officers testified she held Frances' hands over a stove burner because she took a tortilla while her mother was away.

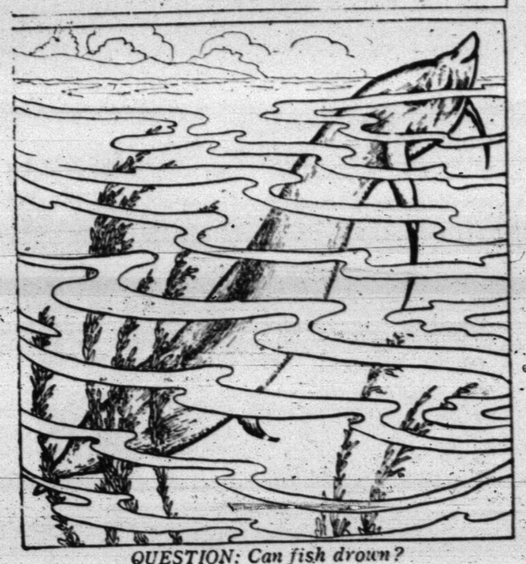
Junior Editors Quiz on FISH



QUESTION: Can fish drown?

* * *

ANSWER: Fish, like humans, must breathe oxygen to live. Small blood vessels in their gills absorb oxygen from the water and send it to other parts of the body. If a fish is confined in a small amount of stagnant water, it soon would use up all the available oxygen and would drown.

In the waters off Australia, Africa and South America there is an unusual fish called the lungfish which often pokes its head above the water surface to breathe air. This fish, which needs more oxygen than is present in the water, has an air bladder which it uses like a lung. If submerged for any great length of time, the lungfish would drown.

During dry periods, the lungfish builds a mud cocoon around itself and stays inside it until the next rainy season. It can live for weeks on fat it stores up before the dry season.

* * *

FOR YOU TO DO: Next time you visit an aquarium, go see a lungfish. It is an odd-looking creature, as this picture shows.

* * *

(A prize of $10 goes to Patricia Ing of Honolulu, Hawaii, for submitting this question. Send yours on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. Tomorrow: Where did the wishbone superstition originate?) 7-14

Stepfather Shot Down By Woman

FORT WORTH (AP) — Mrs. Shirley Walden fatally shot her stepfather-in-law last night. The mother of four told newsmen the man had threatened to kill her children.

T. M. Douglas, 47, died on the way to a hospital. He had been shot in the right thigh by a deer rifle.

Mrs. Walden, 22, told reporters she fired at Douglas after he threatened: "I'm going to kill the whole damn bunch."

Douglas was shot through a screen door as he stood on the porch of the Walden home. Hospitals attendants said the bullet hit an artery.

In the home at the time of the shooting were the children, Ricky, 5; Pamela, 4; Tommy, 3; Anthony, 3 months; Douglas' wife, Mrs. Frances Douglas, 47, and Mrs. Douglas' son, Wayne Walden, 22.

Mrs. Walden is married to another son of Mrs. Douglas, Dan Walden, 27.

Mrs. Walden told newsmen, "when he gets mad at her (Mrs. Douglas) he gets mad at all of us."

"He kept me up all night, saying he was going to kill me," said Mrs. Douglas, who went to her daughter-in-law's home yesterday morning. Douglas followed her there.

REECE P. ROSSON
RAY HOUPT

Yacht Gets Fresh Paint

SAN PEDRO, Calif. (AP)—Gen. Rafael Trujillo Jr.'s already gleaming yacht sported a fresh coat of paint today. Also a 24-hour lookout.

Crewmen slapped the paint on in a hurry yesterday to cover up the words, "Zsa Zsa Slept Here," which someone lettered in red paint on the sleek hull of the luxurious craft.

The sign painter apparently worked from a small boat that slipped in unnoticed. First inkling Trujillo had of the prank was when a boatload of news photographers drew alongside to take pictures.

In Hollywood, actress Zsa Zsa Gabor, assuming, as did everyone else that the sign referred to her, said she had never slept aboard the yacht.

Boy Bids For New Reform School Term

SHELBY, N.C. (AP) — Police say a 15-year-old boy left his name and photo at the site of a break-in so he could get back into reform school and finish his education.

He told officers his parents were separated and his mother had to work nights as a textile worker.

Dep. Sheriff L. L. Hamrick declined to identify the boy, held for juvenile authorities.

Poisonous Mixture Served To Bus Driver

ST. LOUIS (AP)—Glen Parker, a bus driver thirsty upon ending his run, ordered a glass of lemonade at a grill and as served a poisonous ammonia mixture by mistake.

Parker, 30, became ill after two swallows and was taken to City Hospital, where his condition was listed as serious.

PLOW NEIGHBOR'S FIELDS—Thirteen tractors swarmed over the cotton and feed fields of O. H. Hooper yesterday and plowed the entire 200 acres of crops in less than one day's time. Hooper, who lives eight miles east of Snyder, has been ill for several weeks. The lineup of tractors and drivers from left above are: Rudy Sifuentes, Grady Gafford Jr., James Shepherd, H. W. Shepherd, Pasqual Rodriquez on a tractor owned by G. A. Chorn, Joe Eicke, Herrara Mario on Hooper's tractor, E. L. Vandiver, Sam Houston, Elton Perry, Weldon Perry, D. M. Pogue and Jim McCright. (Lee Watson photograph)

Blakley, Yarborough Swap Punches In Senate Campaign

By WHITEY SAWYER
Associated Press Staff Writer

Candidates for the U.S. Senate debated hotly about insiders and outsiders Monday.

William Blakley charged at Dallas Sen. Ralph Yarborough, the man he wants to unseat, has spent $536,493 in political races for governor and the Senate.

Blakley challenged Yarborough to say how much of the half-million dollars was from "out-of-state labor boses—the same forces trying with all their power to take control of Texas from the majority of Texans."

Yarborough said at McAllen, "It is not what the outsiders have done, that has hurt Texas, it's what the insiders have done. The insiders got control of the Veterans Land Board, they ran the Insurance Commission with all of its scandals, and with my opponent supporting them, they appointed him to the United States Senate. All of Sherman Adams' rugs wouldn't cover up what the insiders have done to Texas."

Gov. Daniel's press aide issued a statement denying claims by two of his oponents that the governor called lobbyists to a mid-June meeting in Austin to ask them for financial support. The charge was made by Henry Gonzalez and W. Lee O'Daniel, two of Daniel's opponents in the governor's race.

Gonzalez said in a television speech at Dallas, "I'm the only candidate in this race with a clear record" on party support. "I have never turned my back on the Democratic Party even when it was the popular thing to do.

"Daniel betrayed the party in 1952," he said, "when he supported Eisenhower for President."

Gonzalez advocated more help for veterans and said he opposed state income and sales taxes.

O'Daniel spent the day working on radio texts for the final days of the campaign.

He said the state's finances "are in a deplorable condition. . . it's high time that the people of this great state of Texas abolish fickle financing in state government by putting an experienced business executive back in the governor's chair."

Blakley said Yarborough was elected to his present short term in the special election by only a little more than a third of the votes cast and that he reported $57,727 in contributions.

"Does that," Blakley asked, "include more than $28,000 which, according to their sworn statements on file in Washington, out-of-state labor bosses contributed to the campaign?"

Yarborough said "we are greatly encouraged, we are confident, but we are not slacking the pace. Victory is going to be ours July 26, and if we continue working hard, it can be a victory by an overwhelming margin."

Gonzalez planned to visit San Angelo Tuesday, Tyler and possibly Lufkin Wednesday. Daniel headed for Houston Tuesday and San Antonio Wednesday. Blakley planned to handshake through Lewisville, Denton, Gainesville and other North Texas points Tuesday and Wednesday.

Yarborough planned to fly to Lubbock, Pampa, Borger and Amarillo Tuesday.

Flag Is Forgotten On Bastille Day

SAN FRANCISCO (AP) — The city fathers, going all out to honor France's Independence Day, decided to fly the French Tricolor not only on Bastille Day, but for three days prior as well.

The red, white and blue flag was raised atop City Hall Friday. There it flew, that day, Saturday and Sunday.

But yesterday — Bastille Day—it didn't fly. Somebody forgot to put it up.

Streptomycin Discoverer Is Retiring

NEW BRUNSWICK, N. J. (AP) —Dr. Selman A. Waksman, co-discoverer of the wonder drug streptomycin, is retiring as director of the Rutgers University Institute of Microbiology.

The Russian-born Nobel Prize winner reaches the mandatory retirement age of 70 July 22.

In announcing Waksman's retirement Monday, the Rutgers Board of Governors said he will be succeeded Sept. 1 by Dr. J. Oliver Lampen. Lampen is currently director of the Division of Biochemical Research at the Squibb Institute for Medical Research here.

Streptomycin was discovered in Waksman's laboratories at the university in 1942 after some 20 years of research. The Rutgers Institute of Microbiolgy was built largely with royalties from the drug, and Waksman has been director since it was established in May 1949.

The drug is one of the most effective known in fighting tuberculosis. In 1952, Waksman received the Nobel Prize in physiology and medicine for his part in its discovery.

The university said Waksman will remain active, traveling to scientific meetings throughout the world.

Saucer-Like Satellites Are Planned

By RENNIE TAYLOR
Associated Press Science Writer

MOFFETT FIELD, Calif. (AP) — There ARE some things that look like flying saucers.

Shiny, hollow spheres 12 feet in diameter. Smaller ones 2½ feet across. And a saucer-shaped affair 30 feet in diameter is on the drawing boards. Some of various shapes as large as 100 feet in diameter have been proposed.

These are satellites of the very near future. Some of them have been suggested for use as interplanetary craft and for voyages to the moon.

Those already completed belong to the National Advisory Committee for Aeronautics, a government agency. Motion pictures of the first ones to be tested aground were shown yesterday for the first time at the triennial inspection of Ames Aeronautical Laboratory, an NACA installation.

Made of thin, tough plastic and covered wth aluminum foil, these objects are featherweights. The 12-footer weighs only nine pounds. The 2½-foot sphere weighs 11 ounces.

When they are shot into space by rockets they will be folded into packs no larger than a woman's handbag or a small suitcase.

Once at the desired altitude they will be inflated by a small cartridge containing nitrogen.

As space vehicles these creations will carry instruments for measuring the magnetic and gravitational fields of the earth, giving scientists new information on the shape of the globe and its internal makeup. They will supply new weather information. Some of them may act as reflectors of radar and television waves, greatly increasing the range of those facilities.

Others, the NACA said, will be designed as collectors of solar energy, constituting experimental power plants in the sky to run their own instruments.

Mishap Injuries Are Fatal To Announcer

BILLINGS, Mont. (AP)— Robert Biedrzycki, 19, a radio announcer, suffered multiple injuries when his car plunged off an eastern Montana highway early Saturday.

Unable to move or call out, he waved feebly for help for the next 30 hours. Two tourists who stopped for car repairs finally saw him.

He was flown from Glendive to a Billings Hospital. He died there yesterday.

DR. WARREN WALKER

Dr. Walker In Revival

Evangelist for a revival meeting this week at the First Baptist Church is Dr. Warren Walker of Corpus Christi, president of the Church Evangelism Association.

Services are being held at 10 a.m. and 8 p.m. weekdays in the revival meeting. Sunday services will be at 11 a.m. and 7:30 p.m.

Leading music for the meeting is Charles Hewitt of Corpus Christi.

Dr. Walker's ministry has extended across the U. S. and into 20 foreign countries.

More FM Roads Are Needed, Says Formby

SAN ANTONIO (AP) — The chairman of the Highway Commission said today there are more than 10,000 miles of unpaved rural roads in Texas carrying more than 100 vehicles daily.

Marshall Formby said the state could not stop at the original quota of 35,000 miles of farm to market roads "because there are many miles of already existing rural roads that need paving.

"Added to this is the fact that we will be opening up new irrigated sections, new communities, new oil fields and new industrial areas which will require paved roads." Formby told the Texas Rural Letter Carriers convention.

Father Saves Pair, Drowns With 3 Sons

INGLESIDE, Tex. (AP)—A heroic father pulled his twin children to safety yesterday and then drowned with three other children whom he tried to rescue.

Gordon Hendrix, 44, of Aransas Pass, and his three sons, Richard, 11, Jack, 7, and Donald, 6, went down in the choppy waters of La Quinta Channel, about one mile south of the Reynolds Metals Co. plant.

The youngsters apparently stepped off into the 36-foot deep channel while swimming.

Sidney Cook of Ingleside said Hendrix was pulling his twins, Ray and Faye, 9, from the water as Cook rushed to offer aid.

Cook said he pleaded with Hendrix to tie himself to cables but the father, fully dressed and wearing heavy work shoes, returned to the water. He was jerked under by a strong undertow.

DIGNITY

ANOTHER GREAT CADILLAC TRADITION

If there is one quality which is instantly apparent in a new Cadillac—it is most certainly the car's great dignity. Cadillac's regal bearing, its impressive stature, and its majestic design give it a presence that is uniquely its own. It is a rare pleasure to command such a motor car—and we think you will agree, once you've taken the wheel for yourself. Why not do so soon?
