Thousands of Visitors Spend Fourth of July Weekend Here

Thousands of men, women and children of all ages crowded into the Rockport area to enjoy the Fourth of July weekend here and take advantage of the almost limitless number of recreational facilities.

So great was the influx of visitors from various sections of Texas and from nearby states that motels quickly ran out of available accommodations and had to turn people away.

Not only motels but also travel trailer parks and campground locations reported a brisk business as many families arrived in motor homes, or pulling travel trailers, or bringing tents for camping.

Restaurants were crammed with customers and it was reported that seafood diners were No. 1 on the "hit list" being ordered by the hungry fun seekers.

Hundreds of people also attended the Rockport Lions Club annual 4th of July barbecue.

Rockport Beach and the salt water swimming pool were the scenes of much activity, especially on the part of children and youths. Motorboats and sailboats dotted the skyline, and water skiing provided plenty of thrills for young people.

Others sports being enjoyed by visitors and local residents alike were tennis and golf.

And of course fishing was the "name of the game" for hundreds of people who could be seen enjoying this pastime.

As predicted in the Pilot last week, thousands of people came here to attend the third annual art festival sponsored by the Rockport Art Association.

LOCAL CANCER SOCIETY RECEIVES HIGH HONOR

The American Cancer Society presented the Golden Achievement Award to the Aransas County Unit for reaching an all-time high in Crusade Income and for exceeding the goal set by the Texas Division for the 1972 Crusade.

The award was presented at the District Six Annual Meeting held at the Holiday Inn Emerald Beach in Corpus Christi. This award is given to those units and chairmen that have met or exceeded the 36¢ per capita goal in crusade income. Aransas County raised 78¢ per capita which is noteworthy, and this was accomplished due to the efforts of the many volunteers who contributed their time to the 1972 Crusade.

A special award was presented to W. W. Janacek who served as Chairman for the Aransas County Unit. These awards will be on display at the Chamber of Commerce Building.

Three Corpus Christi physicians presented a panel presentation on "What Is Cancer, How Is It Diagnosed, and How Is It Treated?" Those on the panel were Dr. E. Jackson Giles, Dr. Vernon L. Medicine, and Dr. Kirby G. Barker, Jr.

Those attending and accepting the award for Aransas County were Mary Lou McGlathery, W.W. (Bill) Janacek, Jimmy Fowler, Maurice Davis, and Louise Busch.

The Chamber of Commerce welcomes as new members Mr. and Mrs. Victor V. Woolums, new owners of Idylwild Motel, and the Rockport Art Association.

Officers Installed By Rotary Club

Officers for the 1972-73 year were installed at a luncheon meeting of Rotary Club June 28 at Corky's Restaurant.

Taking office as president effective July 1 was Vernon Kleypas. Roy Hicks became vice president; Bill Stubbs, secretary-treasurer, and Bob McBride, sergeant-at-arms. A brief biography of each of the new officers was read by David H. Crooks who handled the installation.

Directors of the club for the new year are Pat Smith, Dave Connery, L.D. Nuckles and Bill Janacek.

Historian Combines Business, Pleasure

Dr. A. Ray Stephens, professor of history at North Texas State University at Denton, combined business with pleasure when he spent the Fourth of July weekend here.

He is the man who was commissioned to write the "History of Aransas County, 1871-1971," a project initiated by Emory M. Spencer and financed by many local community leaders and corporations.

On the business side, Dr. Stephens visited with Mr. and Mrs. Sidney Freeborn and made tape recorded transcripts of their remarks relating to the history of Aransas County and South Texas.

This historical data will serve a twofold purpose: first, the tape recorded comments will be added to the Oral History Collection of North Texas State University, and second, some of the information will be woven into the history that Dr. Stephens is writing.

Dr. Stephens said Mr. Freeborn, 86, and Mrs. Freeborn, 82, were "excellent sources for historical information." Freeborn's parents owned a vacation home here in the early 1880s and he started visiting here from the time he was a small boy. He moved here in the 1930s.

When he was three years old, he rode on the first train that came into Rockport. It was

the San Antonio and Aransas Pass Railroad which extended a spur to Rockport, according to Freeborn.

Some of the subjects on which he spoke with knowledge and observation were the ranching industry, hurricanes, the growth of tourism, and interesting facts about significant persons.

His wife, Mrs. Grace Lentz Freeborn, has lived in many interesting places throughout the world and her impressions of the many things she likes about Aransas County were of great interest to Dr. Stephens.

Next, Dr. Stephens conferred with James H. Sorenson, Jr., president of First National Bank of Rockport, and made a tape recorded interview which will become part of the Oral History Collection at North Texas State University and also will serve as material for Dr. Stephens' history of Aransas County.

Stephens said he considered Sorenson one of the leading authorities on the economic development in the Rockport area, on banking, the social history of the community, the growth of the seafood industry and tourism and the "possessor of a wealth of knowledge on important factors in the history of this community."

From the standpoint of pleasure, Dr. Stephens said his opportunity to attend the Art Festival sponsored by the Rock-

Property Plats To Be Microfilmed

Pat Wilson of Blu-Micro Reproduction and Supply Corporation of Corpus Christi appeared before Aransas County Commissioners Court June 30 and offered a proposition which the commissioners readily agreed to.

Wilson offered to make microfilm copies of the hundreds of property plats on file in the office of County Clerk Ruby Hart and he offered to do this free of charge.

He pointed out that his firm often has the opportunity to sell copies of such plats to oil companies and other firms, so his plan was to make one set of the local plats for Aransas County and one set for his office.

The county commissioners voted unanimously to accept the offer and agreed that when the local microfilmed copies are received they will be stored in a safe place away from the courthouse for future security in case fire, flooding or hurricanes ever damage or destroy

Ingleside Youth Saved from Drowning

Alert action on the part of Charles Huffman of Rockport and two unidentified men apparently saved the life of Joe Gutierrez, 14, of Ingleside, who almost drowned in the salt water swimming pool at the north end of Rockport Beach on Sunday afternoon.

According to Chief of Police E.D. Taylor, Huffman, who was swimming in the pool, spotted Gutierrez on the bottom of the pool. Huffman dived down and brought the youth to the surface.

Lifted out of the water, Gutierrez immediately was attended to by two unidentified men who used artificial resuscitation methods. The youth then was rushed to Lyman-Roberts Hospital in Aransas Pass where his condition later was described as good.

Wins Prize

Les Sorenson of Rockport, son-in-law of Mr. and Mrs. Erie Eller, caught a nine-pound redfish and entered it in the Shrimptree fishing contest in Aransas Pass and won a rod and reel.

Mrs. Jack Sparks had as her guests over the weekend, Mr. and Mrs. Ron Fielding of San Antonio, Eugene Kubelka, Kingsville and Miss Kay Sparks of Corpus Christi.

Two Injured In Car-Motorcycle Crash

Two youths were injured June 29 when their motorcycle collided with a car at the intersection of Wharf and Austin Streets in the business district.

Thrown from the motorcycle and injured were Ricky Lee Cunningham, 19, the operator, and his passenger, Miss Peggy Winstrop, 19, both from Rockport. Both sustained bruises and lacerations and Miss Winstrop was taken to Lyman-Roberts Hospital in Aransas Pass where her condition was reported as satisfactory. Cunningham did not require hospitalization.

Chief of Police E.D. Taylor said the motorcycle struck a car driven by J.M. Netherland of Rockport who was making a left turn off of Wharf Street onto Austin Street. Police gave Netherland a citation charging him with failure to yield the right-of-way to a vehicle.

Family of Six Find 17 Bottles With Notes Washed Ashore

The average beachcomber is thrilled if he ever finds one bottle containing a note which had washed ashore after having been tossed into the Gulf of Mexico from a ship.

So imagine the excitement experienced by six members of one family who recently found 17 capped bottles, all containing notes, at various places along the shores of Cedar Bayou, just north of here.

Participating in the unusual find were Mrs. Davis C. Edwards and her seven-year-old son, David, of Lamar; a daughter-in-law, Mrs. Don Edwards of Laredo, and her three children, Ronnie, 12, Vickie, 10, and Mike, 8.

As they opened the bottles and read the notes, the children kept hoping that they would find one that said something like,

"Help, I'm being held prisoner aboard this ship," or

"S.O.S. This ship is sinking fast. Notify the Coast Guard immediately."

But there were no dramatic messages. However, there were several interesting communications.

One note was from Suzanne Goss, 3425 Overbrook, Houston, Texas 77027. It said:

"Hello! This bottle is part of an experiment to learn more about the currents in the Gulf of Mexico. The 12, 13 and 14 year old students in the 6, 7, and 8th grades of the Kinkaid School in Houston, Texas are cooperating with the University of Texas Medical School and Texas A and M University in this experiment. If you fill in the card and mail it, we will learn from it. The information will also be useful to ocean scientists."

Zambrano Wins Election Case

After hearing testimony in an election contest suit filed in 156th District Court by Joe Lister, District Judge Joe Wade ruled June 29 that Joe "Pepé" Zambrano was the official winner of the April 1 city election for alderman from Ward 1 by a vote of 78 for Zambrano and 77 for Lister.

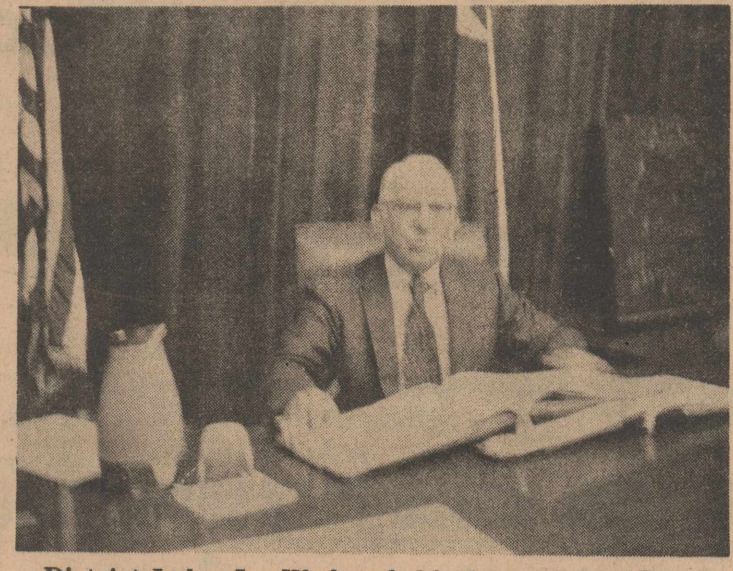

In the original election Zambrano had been declared the winner, 78 to 77.

Immediately after the election Lister demanded a recount, so the City Council appointed a committee of three ladies to serve as a recount committee and recount all votes cast in this race. The result of their recount gave Zambrano one additional vote, making the result 79 to 77 in favor of Zambrano.

Next, Lister filed his election contest suit in District Court. Lister was represented by attorney Lola L. Bonner, and Zambrano was represented by attorney William H. Bloch.

First witness called to the stand by Miss Bonner was Juan Manuel Sandoval. He admitted that he lives outside the city limits but that he voted in the city election and cast his vote for Zambrano.

Next, Miss Bonner called Lucky Herron to the stand, followed by his wife. They both

was present as a spectator, to open the stub box and locate the stubs placed there by Sandoval and Mr. and Mrs. Herron. Connery found the three stubs.

Then Connery opened the ballot box and found the matching ballots bearing the same identification numbers as the stubs. The ballots showed that Sandoval had voted for Zambrano, and Mr. and Mrs. Herron had voted for Ramirez.

At this point, Attorney Bonner sought to introduce evidence that although Mrs. R.R. Rice, Joe Earl Hunt and Mr. and Mrs. George C. Anderson live in Ward 1, they actually voted in the Ward 2 aldermanic race. Judge Wade refused to admit this evidence, stating that if these four persons voted in the wrong race, the mistake was theirs and it had no bearing on the Lister-Zambrano case.

Attorney Bloch then moved for a judgment declaring Zambrano the winner of the election by a vote of 78 to 77, consenting to declare Sandoval's vote illegal since he lives outside the city limits.

Judge Wade granted the judgment and Zambrano wound up the winner and still alderman, but by a margin of one vote instead of two.

testified that they lived in Rockport, but admitted that their voter registration certificates listed April 2, 1972 as the earliest date on which they were entitled to vote. The city election was on April 1.

Both Mr. and Mrs. Lucky Herron testified that they voted for Marcelino Ramirez for alderman from Ward 1.

Attorney Bloch objected to the

write to me personally, I will enjoy answering your letter."

The entire message also was written in Spanish and French. Mrs. Edwards filled out the card and mailed it in. Several of the bottles contained the same message signed by other students.

Another bottle contained a card prepared by the Bureau of Commercial Fisheries, Tropical Atlantic Biological Laboratory, 75 Virginia Beach Drive, Miami, Florida, 33149.

The card contained spaces to fill in the following information: Name of finder, address of finder, location found, date and time found. Mrs. Edwards filled in the information and mailed the card.

Another bottle contained a brochure from the Sprat Hall Hotel, Fredericksted, St. Croix, Virgin Islands, with the names of Mr. and Mrs. James M. Hurd on the card. Mrs. Edwards wrote to the Hurds and told them about finding the bottle with the brochure in it. The Hurds replied with a letter describing life at St. Croix, the good shelling, and also some personal details about the number of children in their family.

Perhaps the most perplexing message found in any of the bottles was one signed by a seaman who listed Yugoslavia as his home country, so the finders were unable to read it.

Mrs. Don Edwards took that note back to Laredo with the hope of finding someone there who can translate it.

--In another matter, County Judge John D. Wendell read a letter from trustees of the Driscoll Foundation Children's Hospital asking Aransas County to pay 75 per cent of the cost of medical treatment and care given children from this county who become patients at Driscoll Hospital. The commissioners tabled the request for future consideration.

August Draft Calls No. 75

AUSTIN--The August Draft Call was announced today by Colonel Melvin N. Glantz, the State Director of Selective Service for Texas. Men in the First Priority Selection Group with numbers of 75 or lower will be subject to induction in August. This priority group is made up of men born in 1952 or older men who have lost a draft deferment during Calendar Year 1972 and who are classified in Class 1-A, 1-A-0, or 1-0.

Glantz noted that this is an increase of 25 in the lottery number for induction from the July draft call.

There is also an increase in lottery numbers for pre-induction Armed Forces Examinations from 90 in July to 100 in August. Men in the First Priority Group are those who are subject to examination orders.

The August Induction Orders will be issued between July 3rd and July 28th, with 30 days notice from the date of mailing.

Under the Uniform National Call system there is no quota for Texas; however, Glantz indicated that he expects approximately 500 men to be inducted in Texas in August.

"Wm. E. Nicholas, Chairman of Local Board No. 107, said that 3 inductions are expected in the area covered by this local board in August as a result of this induction call. In addition, 58 men will be issued orders for a pre-induction Armed Forces Examination."

L.B. Kinsey, 91, of Long Beach, Calif., is visiting his son and daughter-in-law, Mr. and Mrs. John R. Kinsey. The elder Kinsey is a retired civil engineer, 1907 graduate of the University of Illinois, member of the American Society of Civil Engineers, and for years was active in Masonic Lodge work. He was an avid golfer until he reached his late 80s. At the age of 80 he shot a hole-in-one and (believe it or not) he shot a second hole-in-one on the same hole when he was 83 and received nationwide publicity. His son wishes he could play as well as his dad did just a few years ago.

Mrs. Henry Cambel returned home June 30 after 21 days touring Spain, Switzerland, Norway, and Denmark. She landed in London on a tour from the East Dallas Christian Church. Forty-one persons were on the tour conducted by Dr. Sloan Gentry, pastor of the church.

Mr. and Mrs. Harvey Bunce, Sr., Mr. and Mrs. Harvey Bunce, Jr., and Jessica of Galveston visited with Mrs. Matthe Bushart over the weekend. Jessica is the great-granddaughter of Mrs. Bushart.

PORTS OF CALL

...FOR TRAVEL AND ADVENTURE
By Stanley James

BOAC has inaugurated a new 747 service between Miami and London and this reporter was a passenger (economy-class) on the inaugural flight of the giant airliners' new route.

The configuration of the BOAC 747 is superior to most. Four economy compartments are divided by islands of rest rooms and closets, which give the passenger the feeling he's not in a vast flying auditorium.

The seating, from the right, is two, four and three abreast. I chose a seat on the right, over the wing, and since the other seat was unoccupied, had extra room. I chose to be in the non-smoker's section—one of the best innovations of the air in recent years.

Since this new 747 run is not yet well known and therefore not overcrowded, and since the height of the ceiling in the 747 is about twelve feet, there is hardly any burning of the eyes and stale smoke inhalation, almost always a major problem in smaller airliners filled to capacity.

Service aboard BOAC has always been excellent and still is. It's well known that American girls don't make the best servants. That's

one reason America's international airlines have turned to hiring foreign girls as stewardesses. The British traditionally make wonderful servants. And having a few men aboard, a purser and several head stewards, helps immeasurably.

Travelers from much of the south, southwest and east, many who will wish to avoid Kennedy Airport, can use Miami as a port of embarkation for London and European trips. It is quicker, cleaner, less rude and hectic.

BOAC has long claimed it takes good care of its passengers; attendants aboard obviously try to live up to that reputation. I noticed when a seat light went on, a stewardess was by the passenger's side promptly. That's a little thing, but important to a nervous traveler.

BOAC also provides multi-language service—English, German, French, Spanish and Italian. And the newest time-killer for passengers is the ten-channel audio-headphone system. For \$2.50 one rents earphones, which monitor ten separate channels. One can listen to a variety of musical programs, hear stage comedy, lectures and also use the earphones to bring in the sound track of the flight's film on a screen at the forward end of each compartment.

CARD OF THANKS

We want to express our heartfelt gratitude for all the many acts of kindness extended to us at the time of the death and burial of our darling husband and father. We most especially thank the Marshall Funeral Home, Rev. Fake for his beautiful words of comfort, and to Linda Bradley for the beautiful songs. We also want to thank everyone for the lovely flowers, cards, and food that were brought to our home.

A very special thank you goes to the Masonic Lodge for the inspiring graveside service.

There were so many hands of comfort extended to us, it would be impossible to mention each by name, but we want all of you to accept our gratitude and remember that our prayers are with you.

Pharmacy Topics

By
SHELLEY ROATEN

Scientists at McGill University, Montreal, are working on a special blood test that may be able to detect cancer of the large bowel and rectum.

The United Nations now spends about one-third of a cent per year for each of the world's 300 million disabled persons.

Barbiturates are depressant drugs that work on the central nervous system to calm, or to induce sleep.

There are at least 80 different viruses known to cause the common cold, and scientists suspect there may be even more yet to be discovered.

In the vast majority of cases, food poisoning is caused by improper handling or cooking.

Happy Homemaking

When going to state parks, the mountains and other such places on vacation and a member of the group may become lost, have each person wear a whistle strung around the neck at all times. If they do become lost, they can blow the whistle and be found more easily.

A money-saving idea is to sew upholstery patches together in a patchwork design and use to cover the worn parts of a chair. These can also be used to cover the seat of a couch. Make throw

pillows and stack pillows to match, using colors that will tie in with the room's decor.

Spray your closet rods and shower curtain rods with silicone spray and the curtains and clothing will slide much easier.

Put up a low clothesline and give the children panties, anklets and short garments to hang as you put up laundry on the regular line. They will be delighted to help and will really save you time.

Historical News

Following is a continuation of the minutes of meetings held by the Civic Improvement League, an organization established in 1909 by a group of prominent local ladies:

The Civic Improvement League held its first meeting in the New Year--Jan. 12th 1911--at the home of the recording secretary.

The minutes were read and approved. Mrs. Bailey, the corresponding secretary, reported that Mr. Henion had accepted our proposition and requested that the League retain the pavilion until other arrangements were made. And that such rental be paid as was deemed fair and equitable to all concerned.

The president reported that \$1.80 had been paid by Prof. Norwood for use of the pavilion for high school rehearsals, and a bill of \$1.70 for electric lights had been received.

Mrs. Hoopes exhibited some very attractive postal cards on which were pictures of her oranges. A motion was made and carried that 100 be ordered at the rate of \$3.00--the same to be applied on studio rent, and that they be re-sold at 5cts. each.

A report was read by the secretary of the receipts and disbursements of the League since the organization Sept. 2nd 1909 to Dec. 1st 1910.

The report showed that \$732.86 had been received by the League in various ways, and the expenditures were \$674.43--all of which were itemized in regular order.

Accounts showed a balance of \$11.32 in favor of the League at the Johnson Lumber Co. On motion this was placed against the Beach Park account. As there was a cash balance of \$41.18 this left \$5.44 expenditure for which there were no receipts. On motion this was listed as miscellaneous expense.

A motion was made and carried that gentlemen be received into the League on equal footing with the ladies, be allowed to vote, hold office, and other

IT'S THAT TIME again and these burly pro footballers are getting ready for another season at the training camp of the Ottawa Rough Riders of the Canadian Football League.

privileges of like importance.

The election of officers resulted as follows: Mrs. J.M. Hoopes, President; Miss Minnie Friend, Vice-president; Mrs. G.B. Grewe, Rec. Secy.; S.A. Clevenger, Cor. Secy.; Mrs. A.L. Bracht, Treasurer and Collector.

Dues received \$2.70 and 10 cts. donation from Mr. Hoopes. Visitors present--Mrs. M.C. Carver and J.M. Mason.

A motion was made and carried to pay Mr. Hoopes \$2.50 for use of the piano during the month of Jan.

On motion the meeting adjourned.

Gertrude B. Grewe
Rec. Secy.

The Civic Improvement League held its weekly meeting at Beachhaven Jan. 26th 1911. The meeting was called to order by the president, and the minutes were read and approved.

Mrs. Hoopes announced that Dr. Bailey's Stunt Party would be held at the pavilion Saturday night.

A very kind letter from Mr.

Henion was read, in which he extended the privilege of using the pavilion until he found another management. An agreement was enclosed which the president and secretary were to sign, whereby the League relinquished all claim to the furnishings of the pavilion in lieu of rent to Dec. 1st 1910. On motion the said officers were authorized to sign the agreement with certain corrections--a copy of which was to be retained by the League.

A motion was made and carried that Mr. Clevenger provide himself with proper stationery with the name of the League and his name as corresponding secretary printed thereon. The League to bear expense of same.

The president informed us that San Antonio would observe Arbor Day on Feb. 2nd and suggested that Rockport do likewise, inasmuch as it is now the best time in the year to

plant trees, palms and ornamental shrubbery. Also that the League invest in 3 Washington palms for the Beach Park. A motion was made and carried that these suggestions be adopted. The secretary was requested to notify the local press that the citizens might cooperate in the work. Plans for improving the school park were discussed and on motion J.W. Hoopes and A.L. Bracht were appointed to appear before the City Council to interest the members and secure their help in the matter.

Miss Minnie Friend, the vice-president put in a plea for the neglected park near Col. Traylor's home. She said that several property owners and near by residents had offered to assist in burning off the weeds and would donate money toward improvement. The following committee was appointed to interview the people interested and come to some definite understanding. Mrs. A.L. Bracht, Miss Minnie Harwin, Mrs. M. Friend, and Mrs. J.W. Hoopes.

This committee was also to encourage the Arbor Day work, not only on Feb. 2nd, but that our citizens may continue the park improvement until all the parks have received at least some attention.

A motion was made and carried that Mrs. Hoopes be authorized to hire men to pull the weeds out of the Beach Park.

Beach Park No. 2 would be next in line, our president thought, for persistent effort, particularly as our Mayor and Mr. Picton had made some generous offers.

A motion was made and carried that Mrs. Bailey, our former cor. sec, be reimbursed for stationery and stamps during the term of her office.

The treasurer, Mrs. A.L. Bracht, collected 80cts. dues during the evening, and Mrs. Hoopes turned over to her \$5.00 which had been paid for use of the pavilion by the Presbyterians and Methodists during the holidays.

The meeting adjourned.

COPANO CAUSEWAY TO BE BUILT

A request made by County Judge John D. Wendell to the Texas Highway Department a year ago will bear fruit in 1963-64 when the new causeway across Copano Bay gets under way.

The Highway Department has just approved a new two-year consolidated highway road program for Texas to be financed jointly by the state and federal governments.

T.O. Foster, Jr., District Engineer for the Texas Highway Department said this program authorizes expenditure of \$2,420,000 for the causeway which will be approximately 2.3 miles.

CAT IN POOL TABLE

The Ranchhouse on Hwy. 35 South reported that a cat got caught in the pool table Sunday afternoon and the management had to call a repair man.

The Kinsey Report

I think it is accurate to say that most people in the United States eat too fast, gulping down a skimpy breakfast to get to work on time, hurrying through lunch to get back to work, and rushing through dinner to watch a certain TV program.

Recently Mr. and Mrs. Merv Sours took a leisurely auto trip up North and one evening they had dinner at a place called "The Turk's Inn" overlooking the beautiful Namekagon River, three miles north of Hayward, Wisconsin.

They were impressed not only by the fine food but also by the following good advice, titled "The Philosophy of Dining," written by Salaam Alakum and George Gogian, and printed in the menu above the list of entrees.

The message stated: "The art of cooking is an art to be proud of; it is the soul of festivity at all times and to all ages. We Americans are prone to forget, in the ultra-rapidity of modern life--trying to crowd eighty seconds into one minute's time--that eating should be an unhurried pleasure, not a task to get over with quickly.

"A dinner chosen according to one's needs, tastes and moods, well prepared and well served, is a joy to all senses and an impelling incentive to sound sleep, good health and long life.

"Therefore, at least once a day, preferably in the cool and quiet of the evening, one should throw all care to the winds, relax completely, and dine leisurely and well."

Economic Stabilization Questions and Answers

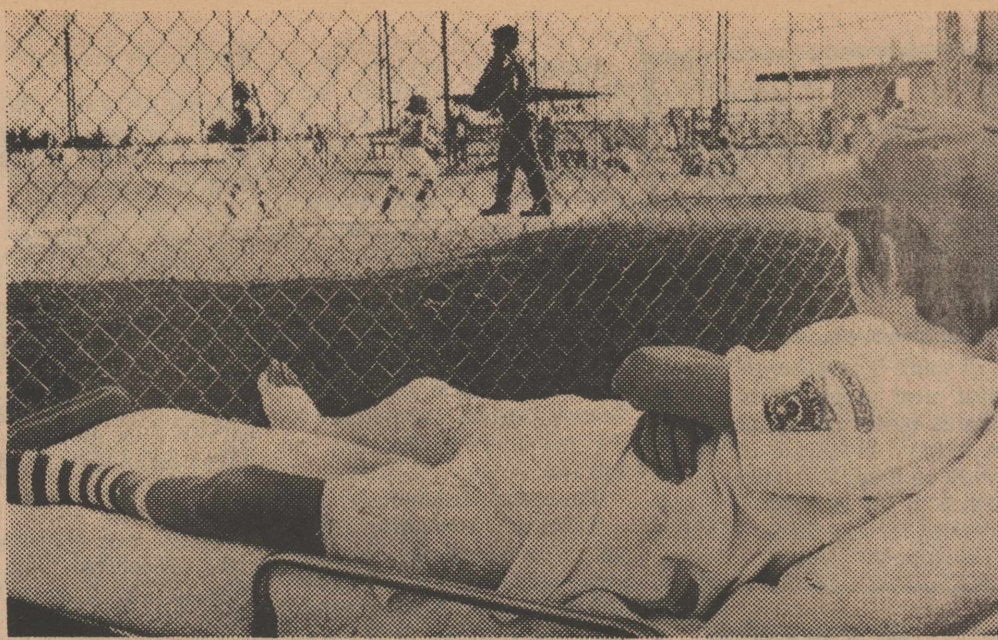

Q: Is a security deposit considered rent under the stabilization regulations?

A: No. A deposit of money with a landlord by a tenant as a security for the faithful performance of the terms of the lease and which is refundable upon such performance is excluded from the definition of rent, unless security deposits are considered rent under local law.

Q: I employ less than 5,000 employees in my factory and I want to make a retroactive pay adjustment of less than 7 percent for my employees because the increases were called for in an employment contract negotiated before August 15, 1971, but were not paid because of the freeze. Can I begin making retroactive payments immediately?

A: Yes. If the pay adjustment will be seven percent or less, payment may be made immediately.

A GREAT COMPETITOR'S great competitor, 13-year-old Rick Osborne of Tampa, Fla., showed up for Little League practice even though he had both legs in casts.

ately. However, you must certify by letter to your Internal Revenue Service District Director within 20 days after payment that the requirements of the new Pay Board regulations on retroactivity have been met. In addition, the letter must include: (1) the date on which the increase was agreed upon; (2) the number of employees involved; (3) the date it was scheduled to take effect; (4) the reason for not paying the increase as attributable to economic stabilization controls;

and (5) the percentage of the increase.

Q: Is it true that you have to meet with your landlord before filing a complaint of rent increase violation with the IRS?

A: Yes. The tenant must meet with his landlord before filing a complaint. At such meeting the tenant is entitled to hear the landlord's justification for the increase and to discuss the proposed increase. In addition, the tenant must provide the IRS with a copy of the notification of the

proposed increase and a detailed statement in writing as to why he believes there has been a violation.

Q: My landlord has complied with the rent regulations by properly notifying me of his intention to raise rent, but I still believe the increase is in violation of stabilization regulations. Am I justified in refusing to pay the increase while action is pending on my complaint?

A: No. If a tenant receives sufficient notice of an increase

and files a complaint of an alleged violation, the increase still becomes effective as of the date specified in the notification pending final action with respect to the alleged violation.

Q: What constitutes a violation under the Stabilization Program?

A: Failure to do what is required under the regulations, such as posting and reporting; giving false information on a report; refusal to divulge required information, etc., may constitute a violation. An individual or business may be penalized for each day he is in violation of the regulations.

Q: Can a consumer bring suit to enforce Price Commission regulations?

A: Yes, under certain circumstances, the Economic Stabilization Act gives any person who suffers a legal wrong under the Act a right of action for appropriate relief in a Federal District Court, regardless of the amount involved. The relief available includes declaratory judgments, injunctions and damages.

Q: Is there any specific size requirement for the sign that must be posted in a doctor's office announcing the availability and location of base price schedules?

A: No. Unlike institutional providers of health services, such as hospitals, which must

post a sign at least 22" by 28", non-institutional providers, such as doctors have no specific size requirement for the sign that announces the availability and location of base price schedules. However, the sign should be easily visible and easily read.

Q: Are sales by military commissaries exempt under economic stabilization regulations?

A: Yes. Sales by military commissaries which operate with appropriated funds are sales by the United States and are therefore exempt from the Economic Stabilization Program.

Q: May an employer continue to pay its employees wage increase in excess of the 5.5 percent Pay Board standard, which were contracted for prior to November 14, 1971, but deferred because of the freeze while a challenge to such increase is pending before the Pay Board?

A: Yes. So long as the wage increases were provided for in a contract that was existing prior to November 14, 1971, the employer may continue to pay the employees at the increased rate during the period the increases are under challenge and until the Pay Board rules otherwise.
