

Dahlias grown in Abernathy brightened rooms of the veterans hospital in Amarillo. Lubbock Legion members took three cars of flowers from Mrs. Levi Pettit's garden to the hospital. Mrs. Pettit's dahlias took 17 blue ribbons, 13 red ribbons and seven white ribbons in the South Plains dahlia show held recently in Lubbock.

Mr. and Mrs. Austin Hughes and Mr. and Mrs. Robert Earl Hughes recently went to Paris to visit the Austin Hughes' daughter, Mrs. Oneta Carpenter, and family. They arrived in Paris at 7 p. m., and found that Mrs. Carpenter and son, David, had left for Abernathy at 5 p. m.

Jack Camp gave us samples of apples grown on the farm where he resides west of town. They have good flavor.

Attention of the farmers is directed to the amendment to the Fair Labor Standards Act which provides that no school child under the age of 16 can be employed in agriculture during the hours that the school operates in the district where the parents of the child are working. A severe penalty can be assessed against the farmer if he employs such a child during school hours. In this district, this leaves the time before 8:45 a. m. and after 3:45 p. m. and on Saturdays—for school-age children to work without violating the Federal Law. Migratory families engaged in cotton harvest will pose a problem. For further details, farmers are advised to consult the Texas Fair Labor Standards Act.

SILVERTON YOUTH DIES AFTER GAME

SILVERTON—A senior fullback on the Silverton High school football team died late Friday night as a result of injuries he received earlier in the evening in a game with New Deal.

Billy Wilson, 17-year-old son of Mr. and Mrs. Buster Wilson of Silverton, died shortly after 11:30, scarcely two hours after he had been helped from the football field. According to Hank Brown, coach of the Silverton team, Wilson was injured when he tackled a New Deal player.

The youngster appeared to be in a daze as he was helped from the field, Brown said. He collapsed shortly after reaching the sidelines.

Taken to the Silverton hospital, he never regained consciousness. Attendants say a blood clot on the brain was responsible for death.

Wilson was believed to have been suffering only from a concussion when brought to the hospital. Brown said he was not aware the young fullback had hit his head while making the tackle. He said Wilson had quit football once because of headaches but that he had resumed practice when the pains ceased.

The New Deal team attended funeral rites Sunday at Silverton Baptist church.

Henry Blalock returned last week from McMinnville, Oregon, where he visited his mother, Mrs. W. C. Blalock, and other relatives. While there, Henry underwent surgery at the hospital in McMinnville.

The old bromide has been reversed! Here is a case where good news has traveled fast. For we learned today authentically that all arrangements have been made for the production of the great comedy hit, "Say It With Music," by Wilbur Braun.

SCHOOL TRANSPORTATION FIGURES ARE GIVEN

AUSTIN, Texas—Texans are now taking good care of their million and a half school children including the transportation of 320,000 of them 55,550,365 miles during the last school year, the Texas State Teachers Association pointed out today.

Nearly 6,000 public school buses carried the children to and from their homes during the 175 school days last school term a distance

Abernathy (Texas) Weekly Review, Thursday, Sept. 28, 1950

equal to 2,222 trips around the world at the equator. The daily total of travel was 317,431 miles.

State school funds provided for transportation averaged a little more than \$30 per pupil for the year, or a total of \$10,346,175. Only children living two or more miles from their school are provided transportation.

A total of 25,212 more pupils were carried by school buses during the last scholastic year than during the 1948-49 term. The increase was partly due to the consolidation of more school districts and more districts qualifying for state aid, but most of it was caused by increased enrollment. Nearly 5 per cent more children were in the public schools last year than in 1948-49. Transportation increased only 6 per cent. The nearly 6,000 buses in use throughout the state are valued at \$17,492,869, according to a survey recently completed by L. H. Griffin, state school director of administration services.

His survey also disclosed that one-fourth of the school buses should be replaced with new ones. School buses are expected to give satisfactory, economical and safe service for five years.

More than five per cent of the buses in use are ten or more years old. Another three per cent are nine years old and 17 per cent of the vehicles have been in service from six to eight years.

School buses traveled 126,218 miles daily over dirt roads and the remainder 191,213 miles on paved or gravel thoroughfares.

Buses and tires are now purchased through the state.

Don't Be Satisfied With Symptomatic Relief!

HADACOL NOW MAKES IT POSSIBLE TO RELIEVE THE CAUSE OF YOUR SICKNESS

Neuritis Pains, Stomach Disturbances, Indigestion, Gas, Constipation, Certain Nervous Disorders and a General Run-down Condition When due to lack of Vitamins B₁, B₂, Iron and Niacin in your system!

Read How These Folks Benefited Who Had Such Deficiencies

Mr. Anthamatten, 4731 South 32nd West Ave., Tulsa 7, Oklahoma, suffered from stomach distress for quite some time. He had spent much money trying everything possible for relief and was in bad health when he started taking HADACOL. He says, "After taking three bottles of the \$3.50 size, I've gained 27 pounds and now eat anything I desire and positively have no trouble." (HADACOL gives such wonderful results because it actually relieves the REAL CAUSE of stomach distress [gas pains, heartburn, indigestion after eating] due to such deficiencies. And continued use of this great HADACOL helps prevent such distress from returning.)

Mrs. Mabel Kitchen, 1650 Amsterdam, Cincinnati, Ohio, "Before I started taking HADACOL I had aches and pains of neuritis in my shoulders, my back and arms. I could hardly move without having those terrible pains. Then I heard about HADACOL. After the second bottle the pains and aches were about gone. I'm now starting my fourth bottle and am on top of the world. I eat well and, best of all, the aches and pains are completely gone." (Mrs. Kitchen is a very smart woman because she relieves the REAL CAUSE of her neuritis pains due to such deficiencies. HADACOL often brings a wonderful improvement within a few days' time.)

Mrs. J. Scieszinski, 514 Kruger, Ottumwa, Iowa, writes: "My daughter, Marilyn Sue, is 5 years old and for some time lacked pep, had a poor appetite, was generally run-down. Since giving her HADACOL, we have noticed wonderful results... she has a much better appetite, eats everything on the table and doesn't seem tired like she used to. Incidentally, she likes to take HADACOL, too." (HADACOL is a great 'builder-upper' for sick, nervous, puny kids whose systems lack precious Vitamins B₁, B₂, Iron and Niacin. A big improvement in their well-being is often noticed within a few days' time after taking the great new HADACOL.)

Mr. Henry Angel, RD No. 1, Springfield, Ohio, "I used to suffer great pain from neuritis aches in all parts of my body, especially in my legs, arms and shoulders. I never got any real relief until I tried HADACOL. After taking several bottles, my pain is all gone. And I'm working every day." (Now there's a smart man! Mr. Angel took HADACOL and relieved the REAL CAUSE of his neuritis pains because they were due to such deficiencies. HADACOL is helping thousands upon thousands of grateful men and women troubled this way. Why don't you give HADACOL a chance to help you? Start taking it today!)

IMPORTANT! Why don't you get that wonderful HADACOL feeling everyone is talking about? In this modern age, wise folks are no longer satisfied with symptomatic relief — because now it's possible to relieve the CAUSE of such deficiency sickness with that wonderful new HADACOL. HADACOL not only supplies deficient systems with extra quantities of

Vitamins B₁, B₂, Iron and Niacin but also helpful amounts of precious Calcium, Phosphorus and Manganese—vital elements every human being must have to maintain good health. You owe it to yourself to give HADACOL a fair trial. Many doctors recommend this great new HADACOL. It's sold on a strict money-back guarantee. Trial size, \$1.25. Large family or hospital size, \$3.50.
