

# Letter Writing Contest Closes December 14

ONLY TWO MORE WEEKS LEFT  
IN WHICH TO ENTER CONTEST

The Dawson County Courier \$100.00 Letter Writing Contest will end Saturday, December 14. Those who have not already entered the contest are urged to do so at once as the time is rapidly approaching for the closing date of the contest. Many letters have been received at The Courier office in the last few days and it is hoped that those who are intending to enter the contest will do so at once and avoid a last minute rush.

The Letter Writing Contest is simple and easy. Just write a letter to The Courier starting with the words "I Like The Dawson County Courier Because" using as few words as you think are necessary and not more than 25 exclusive of the starting words, place your name and address on the letter and mail or bring to The Courier office on or before Saturday, December 14. Attention is called to the weekly prizes offered. Two letters will be selected by the judges each week and a cash prize of \$1.00 for first prize and 50c for second prize will be awarded. To compete for prizes you must be a paid up subscriber to The Dawson County Courier. A complete set of rules for entering the contest may be found in another part of this issue.

## People Over Trade Territory Taking Advantage of 25c Bargain Rate

Each day brings a new group of people to the Courier office renewing their subscriptions or placing their name on our list for the first time. Many favorable comments are heard daily from Courier subscribers. "We simply cannot do without the Courier" is a much repeated remark. "It is just like getting a letter from home" say many of those who visit our office. The Courier is constantly striving to produce a bigger and better paper and is indeed proud of the many kind remarks coming from its readers. Suggestions from readers on how to make a better paper are always welcomed at The Courier office so don't hesitate to tell us if the paper is not what you think it should be and in this way we will be able to improve The Courier from time to time.

No doubt many people in the Lamesa trade territory have their mind made up to subscribe for The Dawson County Courier while the Bargain Rate of 25c a year is in force but have just not got around to it yet. These people are reminded that the time is rapidly drawing near when the bargain rate will be over and are urged to come in today, or at the earliest possible time and take advantage of the unusual offer.

## Wm. A. Wilson Makes Statement

In leaving Lamesa, Mr. Wm. A. Wilson of the Chamber of Commerce made this statement.

"The last nine and one-half years of my life spent in Lamesa have been a genuine pleasure. The best part of my life. I have enjoyed being in the work of service here. As I go to Olney to take up a similar position I do so with both regret and joy. Regret because I hate to leave friends and joy because I feel that I am advancing in my profession. The people of Lamesa have been kind and pleasant to work with. So have the people of the county. Lots of things have been done that are worthwhile. Lots of things have been done that all could not agree were worthwhile. Many things have been undertaken that were not accomplished. But whatever has been done or undertaken—you the people and Dawson county have helped—in fact you have done it.

"Yet this job is not done. Lots to be done yet. When the things that have been accomplished have been finally finished you will be proud of them and you should have something else coming up. In other words 'carry on'. Keep your chamber of commerce going. It is your community headquarters and the one organization you have of community and section wide scope. Use it. Support it both with your means and your labor. You will get increased dividends on every penny you put into your chamber of commerce. Every citizen has a civic obligation and can pay it best through support of the chamber of Commerce.

"In going I want to say I deeply appreciate the very kind words, the functions in my honor, and my privilege of working and being with the good people of Lamesa and Dawson county. If any of you are ever in Olney be sure to look me up and before you tell any thing on me—seek first my tribute."

Mr. and Mrs. Tom Short spent Sunday visiting friends at Whiteface, Tex.

The other car, a model T Ford with Delbert Wilcher driving, accompanied by Miss Ora Mae Pyron, was traveling north with only one headlight. The Model A was on the left side of the road and with the situation further complicated by the headlights the collision resulted.

Miss Blair who resides in the McCarty community received a cut on the face and bruises on the right knee. Miss Pyron sustained a bad gash on the throat and several bruises, and the men were all bruised and two of them suffered loss of several teeth.

When the guests had all assembled and registered in the Bride's book the honoree was ushered in, thinking it to be a dinner party, and was much surprised when strains of 'Here Comes the Bride' reached her ears and she was given the honoree's chair. The house was decorated with cut fall flowers and the bride's chosen colors, green and yellow, were used in all decorations. A short program consisting of a reading by Mrs. Eldred Travis and several musical selections by Mrs. Rupert Austin at the piano were much enjoyed. A very clever contest was held with Miss Katie Lee Clement winning the prize, a salt and pepper set which she presented to the honoree. The honoree was then taken into an adjoining room where she found a 'bargain counter' laden with many packages which she opened and found to be a lovely assortment of gifts, for which she expressed her sincere thanks and appreciation.

A refreshment plate consisting of sandwiches, cookies and hot chocolate with plate favors of yellow chrysanthemums tied with green ribbon bows was served to about 25 guests. Many sent gifts who were unable to attend.

**CHEVROLET**  
A GENERAL MOTORS VALUE

This year Chevrolet has two very good reasons for saying, "Thank you, America."

One reason is that people have bought so many Chevrolet cars that production for the year will reach 1,040,000.

And the other reason is that they have placed a record number of orders for new 1936 Chevrolets during the first few weeks they have been on display.

Chevrolet is indeed happy to say, "Thank you, America," and to pledge continued adherence to the manufacturing and service policies which have won and held the friendship of the nation.

**LET'S GIVE THANKS FOR BETTER HEALTH IN TEXAS**

Austin, Texas, Nov. 25.—The first Thanksgiving Day was proclaimed for the purpose of giving thanks for the colonists' health that had allowed them to survive the first rigorous year in America. Dr. John W. Brown, State Health Officer, asks that citizens of

Texas give thought to their own health at this season of the year.

Although we have experienced one of the longest depressions in history, the people have retained their health to a remarkable degree. Last year Texas was one of the few states to show a further decline in deaths among infants.

During the last fifty years health de-

partments have been established for the purpose of preventing disease. While their activities have been hampered by a lack of funds, a great improvement in the general health has resulted. During this period the life of the average person has been increased by fifteen years. In other words a baby born now is expected to live fifteen years longer than if he had been born in 1885.

So let each give thanks for the methods that have helped in the conservation of life, and, also, pledge to assist in furthering the work being done to improve health conditions throughout the nation.

**CENTENNIAL BUILDINGS AT DALLAS RISING RAPIDLY**

Dallas, Nov. 25.—Texas' greatest project for 1935 and 1936 is now well under way at Centennial Exposition Park and a half a dozen major Exposition buildings are under construction.

Giant steam shovels are ripping up earth, towering pile drivers smash concrete plugs deep into the soil, rumbling tractors, speeding trucks, and immense swinging cranes all add their mechanical drive toward the speedy building of the exposition.

The grounds formerly occupied by the State Fair of Texas are no longer recognizable as the old exposition site. Every roadway and sidewalk has been torn up. Most of the old buildings have been utterly demolished. New steel and concrete structures are rising in their place amid the din of machinery and the rattle of riveting air hammers.

Where 1,200 men are working now, there will be 5,000 by January 1, according to William A. Webb, Exposition Manager. Soaring bank statements reflect the pressure of this additional employment. The boom is expected to extend through the state with the influx of millions of visitors next year who will visit historic shrines and places of interest throughout Texas.

Building in progress on the Exposition grounds at present totals \$3,000,000. Contracts for \$1,500,000 worth of additional structures will be awarded before the middle of December. Construction work is on schedule and the Texas Centennial Exposition will be ready to open its gates June 6.

**CENTENNIAL MANAGER INTERNATIONALLY KNOWN**

Dallas, Nov. 25.—When William A. Webb, newly appointed manager of the Texas Centennial Exposition which centers in Dallas next year, took over his new task, he brought to it an understanding of the Exposition's national scope and problems.

An internationally known railroad executive, his experience has been broad and varied—the exact type needed for his present post.

He started as a messenger boy for the Santa Fe in Colorado Springs, Colorado when he was twelve, was assistant to the president of the Colorado & Southern in Denver, general manager of the Texas Central at Waco, operating vice president of the M. K. & T.

from 1911 to 1919, a member of U. S. Railroad War Board No. 1 in Washington, D. C., and for 10 years railroad advisor to the Australian Government under a recommendation from the U. S. Department of State.

**HANCOCK**

Religious services were well attended at the Hancock school house Sunday. Rev. Morgan preached in the afternoon. The new Methodist minister was unable to preach here Sunday but will be here for the next regular preaching service.

Rev. Leroy Smith will preach here Sunday, December 1. Everyone is urged to be present.

Mr. and Mrs. J. L. Wilcher and daughter of O'Donnell visited in this community Sunday.

The young people, members of the Volunteer Band of Wayland college at Plainview, will hold services at Hancock over the week end. They will arrive Saturday afternoon and will be entertained by the young people at the W. J. Beckham home. After this they will all attend the services at the school house. On Sunday they will conduct one service at eleven and another

one at two o'clock. The community will provide a picnic lunch.

Bobbie Butcher is in this week.

Mrs. Harold Duncan was a visitor in O'Donnell over the week end.

## MISS MARY CAMERON MARRIES J. D. WORLEY

In a very impressive ceremony read in the home of the brides parents on North Main Street, Sunday morning, November 24 at 8:30 o'clock, Miss Mary Cameron became the bride of Mr. J. D. Worley. Rev. M. M. Beavers, pastor of the First Methodist church, performed the ring ceremony.

Miss Maurine Morgan of Altus, Oklahoma, and Tom J. Finley of Lamesa were the couples' only attendants. Only a few close friends and relatives of the couple were present for the simple, but impressive ceremony.

The bride was lovely in a dress of dark green chiffon velvet, caught at the throat with a gold clip and wearing a girdle of gold mesh which harmonized beautifully with her turban of gold sequins and lace. She traveled in an ensemble of rust with brown accessories.

Mrs. Worley is the daughter of Mr. and Mrs. C. E. Cameron of this city and has lived here for several years, attending school here and graduating from the local high school with the class of 1931. She has been employed the past several months as bookkeeper for the Vaughn Chevrolet Co.

Mr. Worley is the son of Mrs. J. T. Worley of Wellington, Texas, and is a graduate of Wellington High school and also a graduate of Texas A. & M. College. He is employed here as assistant county agent, coming here several months ago from Morton, Texas, where he occupied a similar position.

The couple left immediately following the ceremony for a weeks trip to Dallas, Houston and other points east and south. They will attend the Texas-A. & M. football game at Bryan on Thanksgiving day and return home Sunday via Wichita Falls and Wellington. They will be at home in Lamesa.

## SEVENTH DISTRICT OUTSTANDING IN CLUB WORK

At the State Convention of the Texas Federation of Women's Clubs which was held in Austin, November 11-16, there were repeated predictions that the President from Seventh District would some day be elected state president, the highest honor that can be conferred upon a Texas club woman at the hands of the Federation.

The president of the Seventh District is Mrs. W. P. Avriett of Lamesa. The Seventh District is composed of 48 counties in this section of the state. Mrs. Avriett has been most active, untiring and constructive in all her efforts for Seventh District, and is backed by the club women of the district. She is an outstanding member of the State organization.

Seventh District this year has gone on record as having the best district art report, largest number of new clubs to be Federated, largest number of county federations organized, best one act play, second best poem, best health report for the club with less than twenty members, second best individual art report for club with twenty-five or more members, largest number of clubs paying one cent per member to the Penny Art Fund, best Junior Chairman in the State, which is Mrs. Joe Caten of Snyder. All of the above is largely the credit of the Seventh District President, Mrs. Avriett. —Mrs. Edgar T. Neal, Chairman Press and Publicity, Texas Federation Women's Clubs, Lubbock, Texas.
