The Record begins its annual football guessing contest this week with an attractive list of college football tickets as prizes. The contest, which has attracted wide interest in the past, is in a page ad sponsored by local merchants in section two of today's Record.

First prize this week is two reserve seat tickets to the Texas Tech vs. Texas Western game, scheduled Saturday, Sept. 22, 8 p. m. in Lubbock.

Two tickets to each of Tech's five home games will be offered in the contest during the grid season.

Other Tech game tickets to be offered include West Texas State, Oct. 13; Oklahoma A&M, Nov. 3; Texas Christian University, Nov. 10 and Houston University, Nov. 24.

The Nov. 10 game against Texas Christian, Cotton Bowl champs, and a national powerhouse, will be a look into things to come since Tech has been admitted to the Southwest Conference.

TCU is the defending South-west Conference champ. When Texas Tech tickets are not offered in the contest, two tickets to the Hardin-Simmons University games will be the prize.

WOODVILLE MINISTER

Christian Church Names New Pastor

Rev. Donald Lee (Don) McCoy, 31, pastor of First Christian Church in Woodville, has been named minister of Colorado City's First Christian Church.

He will succeed Rev. Frank Pickett, who last month ended a two-year tenure as pastor to enter the foreign mission field.

Mecoy notified the First Christian board that he would move here in mid-October. The new minister and Mrs. McCoy visited here recently and were introduced to the First Christian congregation at a church supper.

Mecoy, who was educated at Phillips University in Enid, Okla., and at Texas Christian University, Fort Worth, has been pastor of the Woodville church since 1953.

From 1950 to 1953 he was minister of First Christian Church in Raymondville.

Each week, the top high school games in the area and the top college tilts will be listed on the contest entry blank.

The Colorado High game will be the "key" game each week with the contestant guessing the score. This will enable the judges to determine the winners in case of tie.

Entries are to be deposited at the Record office by 5 p. m. Friday or mailed to Box 92, Colorado City, by 8 p. m. Friday. Winners will be listed in the Record the following week.

He is serving currently as president of Disciples of Christ's Sabine Area Joint Church Board after previously serving as treasurer and vice president for the area organization.

In Woodville he is a member of Chamber of Commerce, Rotary Club, Ministerial Alliance, Athletic Council and serves as director of Woodville's Dogwood Festival and the city's Community Concert.

During his residency in Raymondville, Mecoy was a member of Kiwanis, the Raymondville Ministerial Association and chairman of that city's 1951 Red Cross fund drive.

Mecoy is a native of Oklahoma and attended Phillips University three years before entering Texas Christian University in 1945. He received the bachelor of arts degree at TCU and the bachelor of divinity degree from TCU's Brite School of Bible.

He was pastor of First Christian Church in Marietta, Okla., during his college period from 1948 to 1950.

Rev. and Mrs. Mecoy are parents of two children.

62 Merchants Already Signed For Pre-Christmas Shopper Drawings

\$2,954 Assured In Entrance Fees

Colorado City's pre-Christmas event for shoppers—with weekly cash drawings climaxed by giveaway of a 1957 model automobile—appeared assured Thursday. Jeff Taylor, temporary chairman for the Chamber of Commerce sponsored program, reported that 62 merchants already had signed for participation.

Those 62 merchants, Taylor said have signed for \$2,954 in entrance fees that will provide the main financing for the big, giveaway for shoppers.

"And we still are awaiting reports on approximately 50 additional prospects," the temporary chairman emphasized.

"We expect just as enthusiastic response from those unreported merchants as was evidenced in the early signers."

Total amount in entry fees is expected to spiral beyond the \$3,200 mark as more merchants join the drawing plan. The sign-up is planned for completion Sunday noon.

Twelve two-man teams have been conducting the sign-up among local firms and only three of the teams have filed completed reports at the Chamber of Commerce office.

Merchants who have not yet been contacted for participation in the shoppers event are urged to phone the Chamber of Commerce office, if they are interested in joining the program, Taylor said.

FOR COTTON HARVEST

Committee to Aid Labor Placement

Three citizens — Father Tom Quinlivan, R. B. Baker and J. C. Costin—will serve as a Mitchell County farm labor committee.

Their appointment to the committee was announced Thursday by D. E. Harlow, manager of the Texas Employment Commission office in Sweetwater.

Harlow conferred here Thursday with the committee to review the total seasonal employment needs developed by the TEC.

And the TEC official presented figures to the committee estimating that Mitchell County will be short 530 cotton pullers during the peak period of the cotton harvest.

The 530 figure is the number of Mexican Nationals which TEC estimates will have to be imported into Mitchell County to harvest this year's cotton crop, which is expected to be between 12,000 and 15,000 bales.

Percy Witt has been stationed by the TEC near Swift Gin on West Highway 80 (to Big Spring) to assist in the placement of local migratory crews in the cotton harvest.

Harlow said the county farm labor committee — Quinlivan, Baker and Costin—will obtain facts relevant to supply of domestic farm workers existing in Mitchell County and the shortage of workers, if any, which must be met by importing Mexican Nationals to harvest the cotton crop.

Under law the TEC must supply this information to the Secretary of Labor, who sets the ceiling for limits the number of Mexican Nationals to be used in this county.

The committee, according to Harlow, will consult with the TEC office manager to assist in estimating the number of workers who will be needed, based on current local conditions affecting the cotton crop.

Ceilings set by the Secretary of Labor limiting the importation of Mexican Nationals into this area will be posted in post offices in Colorado City, Lorraine, Westbrook, and Cuthbert. In addition the posting will be in the county agent's office and in the Courthouse lobby.

Pep Rally Friday to Send Off Grid Team

A pep rally Friday at noon will serve as a send-off for Colorado High's football team in its first 1956 game.

Wolverines, the school's pep squad, announced that the rally will start at 12:30 p. m. on the west side of the high school campus.

Citizens are invited to join with students in the send-off for the team.

SWEEP IN EXHIBITS

Lorraine Students Win Fair Honors

Lorraine Future Farmers this week won just about everything the West Texas Fair at Abilene had to offer for individual exhibits in the fair's agriculture and horticulture division.

The Lorraine students, guided by Raymond Holt, won all places in the cotton classes, annexed all but one place in seed, grains, grasses and legumes classes, and won all but three places in the grain sorghum classes.

In addition the Lorraine FFA Chapter exhibit on grain sorghum yields placed second to Abilene FFA Chapter in FFA and 4-H Club exhibits.

Scoring the major honors for Lorraine were George and Gerald Martin, twin sons of Mrs. G. C. Martin; Sanford Bowlin, son of Mr. and Mrs. Ben Bowlin; Tommy Linam, son of Mr. and Mrs. Jack Linam; Billy Cornutt, son of Mr. and Mrs. Willis Cornutt.

The Martin, Bowlin and Linam families live north of Lorraine and the Cornutt family resides south of Lorraine in the Landers community.

Accidents Put Six Persons In Hospital

Accidents hospitalized half dozen persons during the last week, but none of the group were injured seriously.

Lon Robertson, 36, employee of Leonard Henderson Service Station, was dismissed Friday from Root Memorial Hospital after being treated for a wrenched knee. He was hurt while changing an auto tire.

A game of football sent Don Redwine, 12, to Root Memorial Hospital with a broken left foot. The youth, the son of Mr. and Mrs. Heston Redwine of Route 3, was in the hospital four days, returning home Tuesday.

Olivia Benita, four-year-old son of Mr. and Mrs. Olivia Benito, who live west of Col-Tex Refinery, was taken to Root Memorial Hospital Monday for treatment of face and shoulder injuries.

The child was struck by a car at Lone Wolf Drive in Theater.

Remaining in Root Memorial Thursday with back injuries was H. V. Germany, 45, of Lock Construction Company of Midland.

Germany, who is residing here at Gosnell Hotel, was hurt while working with a snyder machine. Earl Fox, 28, of Snyder slipped and fell from the tank of a truck. He also remained in Root Memorial Thursday.

Bill Owens of 320 Cedar was dismissed Tuesday from hospital treatment of back injuries received in a collision. He is an employee of Floyd Wallace Motor Company.

LONE STAR FARMER

Spots May Hurt Innocent Farmers

By JOHN C. WHITE, Agriculture Commissioner.

A little considered but increasing alarm among progressive cotton growers is the costly presence of "Tar Spots" which result in big losses to the mills.

These black blights, unnoticed in the ginning process, are collected among freshly gathered cotton either through use of asphalt-coated pick sacks or by carrying cotton to market over freshly tarred roads.

When this happens and the cotton is subsequently ginned, all cotton in the bale is "contaminated"

with tar spots which show up during cloth processing at the mills. What's worse, when one bale of tar cotton is mixed with 39 other bales in the bleaching room at a mill, all material made from the entire 40 bale lot contains tar. This results in necessary price reductions of 10 to 20 percent, and in some instances, total rejection.

Now, more than ever, mills are pin-pointing areas from which blighted cotton continues to come. This may result in general penalties by industrial price-cuts to innocent farmers who live in an area full of careless neighbors.

The wise thing would be for everyone to discard the old asphalt-covered pick sack and to keep his raw cotton as clean as possible as long as it is still in his hands.

An alien insect who evaded immigration officials is the cause of growing concern among fruit-growing states.

The Mediterranean Fruit Fly, black and yellow and about 1/2 to 2/3 the size of a housefly, was first seen about three months ago in a grove near Miami, Fla. Since that time the pest has spread into 20 Florida counties and a resultant concentrated campaign is underway to check infestation.

For, if the Medfly should get a foothold in this country, the fruit industry of which Texas is a major part will be doomed to great losses.

The female of the species lay her eggs under the peel or skin of the fruit, and when they hatch, little white worms emerge and burrow into the fruit. Their wide appetite includes citrus, peaches, figs, pepper, tomatoes, cucumbers, squash, and cantaloupe to name a few.

Texas and Federal quarantine experts are keeping a close watch on this worse of all fruit pests with a determination to pre-empt any westward movement.

Jan Patton at Assembly In Wisconsin

Legislative sessions of the United Student Christian Council, related to the National Council of Churches, were held at the American Baptist Assembly, Green Lake, Wis., September 5 through Tuesday.

Among the nearly 200 delegates and observers was Miss Jan Patton, a junior at University of Colorado and the daughter of Mrs. Fred Patton of Colorado City.

Miss Patton was a representative of the National Canterbury Association.

The general assembly agenda included action on the reports of policy and program commissions on evangelism, political and social affairs, international affairs, college and university work, voluntary service and ecumenical strategy; budget and finance; elections and appointments.

Since 1939, the Red Cross has provided \$225,000,000 in financial aid to servicemen, veterans, and their families.

PLAINS STUDY REVEALS

Usual Rain Mark Is Below Normal

Predictions of rainfall cannot be made on the basis of weather cycles of "Wet and dry years."

Recent studies of 31 locations in the High and Rolling Plains of Texas show that cycles play little or no part in annual rainfall figures dating as far back as 89 years.

Drs. R. J. Hildreth and Gerald W. Thomas of the Texas Agricultural Experiment Station, who made the studies, state that an optimist can find traces of cycles at some locations, but no statistical significance of cycles is revealed in the records.

"Average or normal rainfall seldom occurs," Dr. Hildreth said. "The records indicate," he continued, "that farmers and ranchers in the High and Rolling Plains should figure that more years—52 to 69 per cent—will be below average in rainfall than years above average."

Prolonged droughts have occurred on the High and Rolling Plains at least two or three times

during the period weather records are available. The famous drought of the 1930's, which led to the dust bowl period, shows up in records at most locations. Another bad drought period came a round 1917.

At most locations the recent drought began in 1951 and is the longest and most severe on record. Records go back to 1866 at Abilene.

In most cases, it is not the first year of low rainfall that is disastrous, but the second, three or four years in a row of low rainfall. During the dust bowl period Amarillo had eight consecutive years of below average rainfall.

The study and publication of the results—"Farming and Ranching Risk as Influenced by Rainfall"—is the first of a planned series to include several other areas of Texas, the Edwards Plateau, Trans-Pecos and Rio Grande Plain, where drought also has affected farm and ranch income.

BIBLE COMMENT

Christian Writers Had Difficult Job

The early Christian writers had the task of explaining the Christian faith in relation to the religion in which many of the disciples had been brought up.

In the thoughts of Paul and other Christian writers, there was no breach between Judaism and Christianity.

They thought of their Christian experience as a fulfillment of the faith and practice to which they had been accustomed.

Deep in this former faith and practice had been the emphasis upon blood sacrifice. It was part of the Jewish ritual. In common with almost all religions, the conception of blood sacrifice and blood covenant played an essential part.

Then came the sacrifice of Christ upon the cross, and the Christian teaching relating this sacrifice to the Jewish ritual and practice. This, in the Christian thought, marked a new covenant. The salvation of men was no longer to be won by the shedding of the blood of sacrificial animals. Salvation was rather through the sacrifice of Christ.

This is a lesson of mystery which it is not easy either to understand or to explain.

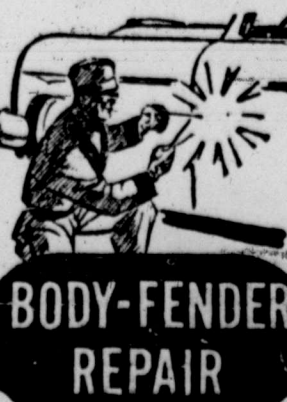

A great theologian has said, "What Christ is on the cross, God eternally is."

The idea of Christianity and of the New Testament is that for our salvation no sacrifice is needed but that of a sincere and contrite heart.

God is not to be appeased. He is Himself through Christ the appeaser, inviting us to receive His grace and accept the sacrifice made through love.

More than 766,000 persons were injured in week end traffic accidents last year.

O'DANIEL, HALEY AND SENTERFIT

Legality of Constitution Party's Ticket In State Races Questioned by Secretary

By VERN SANFORD, Texas Press Association. Conservative and Liberal Democrats are battling each other. Republicans are active. But the Constitution Party of Texas now is in the spotlight.

At their Austin meeting the Constitution Party grabbed headlines by naming, as their nominees, prominent Democrats who have been active in recent campaigns.

Their choice included W. Lee O'Daniel for Governor; J. Evetts Haley for Lt. Governor; Reuben Senterfitt for Attorney General; Warren G. Harding for State Treasurer; and Ross Carlton for the Court of Criminal Appeals. Congressional candidates will be chosen later.

Secretary of State Tom Reavley challenged the Constitution Party's right to nominate any candidate who had been defeated for the same office in the recent primaries.

Joseph M. Rummel of Houston is state chairman of the Constitution Party. Their presidential nominee is Democrat T. Coleman Andrews, former Internal Revenue Commissioner of Richmond, Va. Former Republican Congressman Thomas Werdell of California is their vice presidential choice.

Major plank in the party's platform is elimination of federal income taxes.

Artificial Rain Possibility of moistening droughty Texas by artificial rain-making may be debated in the next Legislature.

After hearing state and federal weather experts at an Austin meeting, the Texas Water Resources Committee voted to dig deeper into the subject. If findings are favorable, the committee indicated it would recommend legislation and appropriations for a long-range, statewide project.

Scientists were cautious in their claims before the committee. Much is yet to be learned about what makes rain, they said, and previous experiments have not yet been thoroughly evaluated. But they agreed prospects were promising enough to merit further research.

Soaker Wanted Scattered showers have helped, but most Texas farmers still are scanning the skies for a "fall soaker."

U. S. Dept. of Agriculture's latest crop report reflected increasingly critical conditions. Examples: cattle, "forced to market"; peanuts, "past redemption";

State Capital NEWS

dryland cotton, "extremely short"; vegetable planting, "limited." Only irrigated cotton was reported "fruiting heavily."

G I Payments Up Delinquencies on veterans land loans have dropped 19 per cent since 1954, said Land Commr. Earl Rudder.

Payment failures ran 20 per cent on loans made under his predecessor, Bascom Giles, said Rudder. Under the new administration they have dropped to one per cent.

Some 13,000 requests from veterans for loans now are pending before the land board. Present funds will stretch over only about 1,000. More money will be available if voters approve a constitutional amendment for a new \$100,000,000 bond issue at the general election.

Rail Suit Ruling Smithville, an old railroad town, lost another round in its prolonged attempts to retain offices of the Missouri-Kansas-Texas line.

An Austin district court upheld the Railroad Commission order permitting consolidation of Smithville and Waco offices. Unique aspect of the case was the "all-star" legal line-up. A former Supreme Court Justice, James P. Hart, represented Smithville. Former governor Dan Moody represented the railroad.

Code In Full Effect Texas new "model insurance code" now is in full force and effect.

Last measure to be activated requires companies to have a minimum of 100 policyholders and \$200,000 insurance in force. An Insurance Commission spokesman called the requirements "actually very easy to meet" and predicted almost 100 per cent compliance.

Target of the law are companies which, for tax purposes, have operated other type businesses under the guise of insurance firms.

Both Governor Shivers and Commission Chairman Byron Saunders have praised the state's insurance laws in recent statements. Saunders said Texas does not need "any additional reform measures," only "minor changes."

Lose Accreditation Eight Texas schools have been

removed from the accredited list by the State Board of Education.

In addition, the board warned 111 other schools they must improve their standards.

Stripped of accreditation were Bexar County School for Boys, Carey (Childress County), Douglassville (Cass County), Houston Christian School, New Hope (Wood County), Scranton (Eastland County), Strong (Shelby County) and Sacred Heart (Cooke County).

These schools are ineligible to receive state money for vocational programs and superintendent pay. Their graduates must take entrance exams to enter college or another school.

New Court Asked Texas lawyers have been asked to help persuade the 55th Legislature to allot Travis County a

fourth district court.

Dist. Judge J. Harris Gardner pointed out that he and the other two judges face hopelessly jammed dockets.

In addition to local cases, Travis courts get almost all suits brought by and against state agencies.

Short Snorts William H. Wood of Midland has been appointed by Gov. Allen Shivers to the State Board of Pharmacy. Wood succeeds Shine Phillips of Big Spring.

Eight more Texas counties have been designated drought disaster areas by the U. S. Dept. of Agriculture. They are Cass, Delta, Fannin, Gregg, Harrison, Marion, Smith and Upshur.

Furniture manufacturing is one of the fastest growing industries in Texas, expanding 10 times as fast as population. University of Texas Bureau of Business Research reported the state's furniture output increased from \$23,000,000 in 1939 to \$98,000,000 in 1955.

Texans will have 1,954 new lawyers after next Monday

Back-to-College Trek Extends Across Four Southwest States

The annual back-to-college trek has come again, and local collegians have scattered to all parts of Texas, Oklahoma, New Mexico and Colorado.

Though some chosen to travel long distances to attend college, most of the local youths have chosen Texas Technological College in Lubbock.

More than 20 persons in the college set have decided to enroll at the Lubbock college.

Ranking second in popularity with Mitchell County youths is North Texas State College in Denton. Third in line is the University of Texas.

DOUBLE-RING CEREMONY

Kay Jarman, Joe Wallis Repeat Wedding Vows in Church Rites

MRS. JOE WALLIS,
the former Kay Jarman.

Miss Lula Kay Jarman became the bride of Joe R. Wallis Saturday afternoon, at 2 p. m. in the First Baptist Church.

The bride is the daughter of Mr. and Mrs. W. P. Jarman, of Route 3. Wallis is the son of Mr. and Mrs. R. S. Wallis, 1623 Hickory St.

Rev. J. T. Lambert of Dallas performed the double ring ceremony before an arch of lemon foliage. White gladioli arranged on an emerald foliage tree, and twin floor baskets of white gladioli on each side of the altar, completed the flower arrangements. A large basket of mums stood in the archway.

The bride, given in marriage by her father, wore a ballerina length gown of white embroidered faille. The long torso-fitted bodice, pointed in front and back, featured a high neckline with a pointed, standup collar. The bodice was buttoned down the front with tiny self-covered buttons. Sleeves tapered to points and buttoned at the wrists.

The full gathered bouffant skirt was fashioned in the embroidered faille. The bride's elbow length veil of nylon tulle, was held by a tiara of embroidered faille embroidered with seed pearls.

The bride carried a cascading bouquet of red roses on a white ribbon. For the traditional something old and borrowed, she wore her grandmother Jarman's solid gold garnet set brooch which came from Germany and originally belonged to the bride's great-great-grandmother. She wore one of her grandmother Elliott's blue keepsake garters for something blue.

Prelude piano music was by Miss Marcia Barnes, who also accompanied Mrs. Marvin Wilkerson, as she sang "Ave Maria" in Italian and "The Lord's Prayer".

Miss Ella Sue Jarman, sister of the bride, was maid of honor. Her dress was of baby blue antique taffeta, fashioned into a fitted bodice pointed in front and back, featuring a low neckline. Her street length dress had three-quarter length sleeves and a full gathered skirt. She wore a bandeau of white flowers scattered with rhinestones, and carried a cascading bouquet of white mums.

Best man was Travis Stubblefield. Ushers were Jerry Jones and Harold Oliver.

For her daughter's wedding, Mrs. Jarman wore a salt and

pepper shade desert tweed sheath dress with black and white accessories. Her corsage was of white carnations.

Mrs. Wallis, mother of the groom, wore a two-piece dark blue tweed dress, with light and dark blue accessories. She also wore a corsage of white carnations.

The couple was honored with a reception in the home of the bride's sister and brother-in-law, Mr. and Mrs. O. L. Montgomery. Flower arrangements of pink carnations, white mums, and white gladioli were arranged throughout the party rooms.

Centerpiece for the bridal table was a large wedding ring in an arrangement of small white mums. Inside the circle was a miniature bride and groom. Lead-

SEVERAL KEY PLAYERS MISSING

Wolves Open 1956 Season In Seminole Friday Night

Colorado High Wolves—minus several top players—will take the field Friday, 8 p. m. against the Seminole Indians in the season opener at Seminole.

Wolf Coach Bob Reilly will field an offensive team with possibly only three lettermen in the line-up.

It will be the most inexperienced squad to come along in several years.

Three lettermen who have definitely won starting positions are center Bob Carpenter, 166; tackle Jim Windham, 220 and end Don Black, 136.

Non-lettermen on the starting eleven will be end Jim Richardson, 156; tackle Rodney Oliver, 198 or Ray Weaver, 161; guard Paul Free, 157; guard Morris (Moose) Hammonds, 155; fullback James Shoemaker, 163.

Battling for a starting position at left half back are letterman Troy Maples, 140, and non-letterman Bancker Cade, 152.

A battle is also going on at wingback between letterman Delbert Lewis, 137, and Don Powell, 140. Lewis has been hurt the last several days and Powell has been showing lots of spirit and fight according to coaches.

The big fight is being waged at quarterback among Roy Maples, 140-pound senior letterman; Richard Compton, 147-pound junior B-team graduate and Bob Caffey, 153-pound sophomore.

Reilly said he wouldn't know until Friday night who he would definitely start.

Expected to be missing from the line-up Friday is Dru Vowell, 175-pound all-district guard who has been shifted to left tackle this year.

Vowell has been under doctor's care the past several weeks and may miss the first few games.

Other injuries include Lucky Merket, who cracked a bone in his arm last week and Kenney Simmons, sophomore guard who has injured a knee.

Lynae Carpenter, 147-pound junior guard, is ineligible due to scholastic difficulties while Joe Maddox, 190-pound junior guard, is ineligible until Oct. 19. He transferred from Sweetwater last year.

With the 198-pound Oliver in the line-up, the Wolves' starting forward wall will average 170 pounds.

Several changes in position will be made on the starting defensive team with Marion Flippin, 180-pound junior, slated for an end position.

Weaver is a definite starter at a defensive guard slot.

Expected to handle the major punting and kickoff chores for the Wolves is Windham.

Seminole, loser to Hobbs, N. M. last week, 26-0, boasts a light but fast team.

The starting offensive line for the Indians will average around 157 pounds with the defensive forward a little heavier with the addition of a 193-pound boy.

Starting ends will be Wayne Anderson, 140-pound senior and Neely Wolfarth, 144-pound junior.

Holding down the tackle slots will be Joe Hughes, 170-pound senior at left and Tommy Moore, 158-pound senior at right.

James Luttrell, 160, and Don

WHO WILL IT BE?—Colorado High's three candidates for the starting quarterback position are shown above. The big question is who will start at the Wolves' man-under position Friday night against Seminole. Left to right are Richard Compton, junior; Roy Maples, senior, and Bob Caffey, sophomore.

Sanders, 174, will get the starting calls at guards.

Mickey Warlick, 155-pound sophomore, will hold down the center slot.

Leland Coffey, 137-pound senior, is the key to the Indian offense at the quarterback slot.

He likes to take to the air with left half Bill Wallace and Wolfarth as his favorite receivers.

Fullback is freshman Carol Norton, 173-pound freshman,

who runs with plenty of power, according to scout reports from Coach Reilly.

Halfbacks are Wallace, 148-pound junior who is the top break-away runner for the Indians and Gerald Stewart, 146-pound junior.

Norton, the fullback, moves into the line on defense while Jerry Patton, 133-pound, replaces one of the lighter boys in the forward wall.

Coach Metz LaFollette's Indians

run from the split-T, employing the belly series on majority of the plays.

Indians are a young team with only 10 seniors as compared to eight seniors on the Wolf Squad. Indians have only one sophomore and one freshman on the team.

There may be only five seniors on the Wolves' starting offensive lineup, possibly six.

Juniors predominately comprise the starting eleven.

C-CITY HELD SCORELESS

Andrews Scores Seven TD's in Scrimmage Against Wolf Squad

By TOM DOWTY,
Haw Sports Writer.

Colorado High's injured-riddled Wolves suffered defeat at the hands of the Andrews Mustangs in a pre-season grid scrimmage Saturday night in Mustang Stadium.

At the completion of Andrews' six ten-minute time limits of offensive play, the host team had racked up seven touchdowns while holding C-City scoreless.

The Wolves took possession of the ball on the 40-yard line after the first ten-minute time limit which saw the Mustangs score their first touchdown on a 25-yard jaunt by Tommy Jackson.

The Wolves advanced to the Mustang's 20-yard line as their playing time terminated.

Andrews' second touchdown came when Curtis Hart galloped around left end for 52 yards.

But before time ran out, the Mustangs had advanced to the Wolves' 35, but failed to score, finding the Wolves' defense more stubborn than before.

The Wolves second try was marred by fumbles and a leaky offense that allowed Joe Cummings, Mustang tackle to break

through and interfere with the quarterback pitch-out. They were held to a net gain of only five yards.

The Mustangs found their third bid for a score a "slow-go" by plugging for short gains to the Wolves seven, but the defense tightened with C-City's All-District tackle Jim Windham breaking through to throw the Andrews ball-carriers for a ten yard loss.

But the Mustangs took to the air with a toss from Ronnie Brice to Jackson good for seven yards and a touchdown.

James Shoemaker, Colorado City halfback, started the Wolves third attack with a 40-yard sprint around right end. The Wolves then tried the air and connected with Richard Compton to Jimmy Northcutt pass for a seven yard gain. Bancker Cade broke loose to the 15 with Shoemaker slipping to the eight before time ran out.

On the Mustangs fourth try for a score they advanced to the 30

but found the Wolves defense too tough, and took to the air again with a Brice to Jackson pass good for 27 yards and a touchdown.

Taking over on the 40 the Wolves punched to the Andrews 15, where again time caught up with them.

Andrews took over on the 40, yard line making haste this time to the 22 where Darrell Hamilton sprinted off tackle for a touchdown.

The "score-hungry" Wolves started another drive with Cade, Troy Maples and Shoemaker tramping to the 25. Once again the clock ran out on the Wolves before they could put together enough yardage for a T. D.

The Mustangs last but largest scoring attack came with a rush to the Wolves' 26 where a pitch out from Jay Sherrod to Jackson around right end went for a touchdown. They returned to the Wolves' 27 where Sherrod tossed another touchdown pass to Larry Bufkin.

JACKRABBITS AND RAGNOTS

Junior Gridmen Begin Rugged 1956 Schedule at Ballinger

Colorado Junior High eighth and ninth grade teams began a rugged schedule of play Thursday night with contests at Ballinger.

But Ballinger is expected to somewhat of a "snap" compared to the teams of Sweetwater, Snyder, Lamesa and Big Spring listed on the schedule of the Jackrabbits and Ragnots.

Coaches Ocie Lambeth of the eighth grade Ragnots and Bill Everett of the ninth grade Jackrabbits have been putting their boys through the paces in two-day workouts for the past several weeks.

Both report the boys in good condition and spirits high as the 56-mile campaign gets underway.

Everett has a hefty Jackrabbit squad that will average overall about 153 pounds.

The Rabbits are headed by a 170-pound halfback Dickie Richardson who is seeing his second consecutive year of play on the Rabbit team. Dickie, younger

brother of Wolf end Jimmy Richardson, was a starter last year on the ninth grade team although he was only in the eighth grade is school.

But there's plenty more talent on the Rabbit team.

A little 165-pound wingback named Dwayne Spivey is showing as much fire and spirit as any man on the team. He's a starter in the Rabbit backfield with Richardson, fullback Bill Davis, 160, and quarterback Dwain (Shorty) Thomason, 120.

At starting ends, Everett has rangy Phillip Bates, 6-1, 135, and Danny Fisher, 130. Billy Bobo, 130-pound veteran, injured his nose in practice this week but is expected to be back in several days making a bid for a starting end slot.

Rugged Jerry Cain, 205, and Larry Hardcastle, 160, will hold down the starting tackle positions.

Steve Smith, 140, and Hunter

Mann, 155, will start at the left and right guard positions, respectively.

Troy Martin, solid 155-pounder, will get the call at center.

Others on the Jackrabbit squad are ends Jim Johnson, 120; Robert Womack, 105; Jerry Barkley, 130 and Jerry Haley, 110.

Jay Allen, 150, is the other tackle while guards are Nick Martinez, 175; Charles Love, 130 and Ray Dillard, 120.

Robert Boney, 135, is reserve center.

Danny Maples, 120, and Larry Moser, 100, are in reserve in the backfield.

Coach Lambeth has a light, but spirited group, headed by quarterback Jerry McKay, 123 and Red Lemons, 165-pound fullback.

Joining these two in the offensive machine are Doug Hodges, 85, and Don Vest, 130.

Louis Ray Harrison, 145, lends his size to the right end slot

while Perry Loveless, 130, operates at the opposite terminal.

Joe Weaver, 170, at right and Laddie Lewis, 162, at left are the tackles.

At right guard is William Sanders, 121, and at left, Harold Hendley, 117.

Ronnie Stacy, 145, will anchor the line at center.

Other squad members are end Buddy Compton, 110; tackles Robert Lloyd, 105, Lonnie Robertson, 110 and Jerry Cannon, 145; guards

Don Thomas, 95 and Charles Roach, 105; backs Alex Campbell, 123, Joe Tarter, 135 and center Reg Patrick, 140.

SHELL BETTER DRIVING QUIZ NO. 4

PUT YOUR FOOT ON THE GAS PEDAL HERE:

See how fast you can move
 to the brake!

INSTRUCTIONS: Sit in a straight-backed chair with this page on the floor in front of you. Put your foot on the gas pedal. Now hold a coin out in front of you four feet above the paper (that's about forehead-high). Drop the coin and, at the same time, go for the brake. Read below to see how your reaction time rates.

HOW DO YOU RATE: Did you beat the coin to the brake? With normal reaction speed, you should beat the coin every time. The coin takes 1/2 second to reach the floor. In this 1/2 second you would travel 37 feet if you were going 50 m.p.h. On a dry pavement with brakes in normal operating condition you'd travel another 188 feet before stopping completely. So watch your speed. Always stay at least one car-length behind the car ahead for every ten miles per hour you're traveling.

Authority: Dr. Herbert J. Stuck, Director, and Dr. Leon Brody, Research Director, Center for Safety Education, New York University.

Like every good neighbor in the community, we are interested in your driving safety. That's why we're glad to see new roads. We're grateful for the extra safety in today's new cars. But the spot where there's greatest room for improvement is in the driver's seat. Better driver attitudes will make our highways safer for you ... for everybody. If this test helps

you think a little more about safe-and-sane driving, it will have done what we set out to do. Try this test on your teen-agers, too. When everybody drives safely all of the time, that will be the sign of a better future for you ... for all of us—your sign of a better future on the road—suggests that you and all motorists drive safely now ... and in the future.
