THE CLASS OF 1915

These are the four surviving members of Wellington's graduating class of 1915. Although none lives here now, they came home to observe the golden anniversary of their graduation, which was observed at the Wellington Ex-Students reunion Friday and Saturday, August 6 and 7. Here they are looking at the book published by one of the four, the Rev. Roy Nunn of Tecumseh, Oklahoma, who is at left. The others, reading toward the right, are Mrs. H. H. Wilkins (Grace Couch) of Corpus Christi, Mrs. John Toles (Audie Penrod) of Lubbock, and Bill Cagle of Hollis, Oklahoma. And what was the goup like 50 years ago? Their graduation picture is on an inside page of this issue.

Remodeling of Post Office Gets Approval

The General Services Administration has awarded a $37,824 contract to George B. Cox Construction Company of Wichita Falls for air conditioning, lighting and other work in the Wellington post office, Senator John G. Tower notified The Wellington Leader August 4.

The firm's bid was the lowest of six bids received.

Work is due to begin within a few weeks, Postmaster L. B. Bratten said.

John M. McGee, regional administrator of General Services Administration, Dallas, estimated the work will be completed about Feb. 21, 1966.

VFW Slates 3-Day Rodeo August 19-21

The Glynn Moore Post of the Veterans of Foreign Wars will hold their first Amateur Rodeo Thursday, Friday and Saturday, Aug. 19 through 21.

It will be held in the Wellington VFW Rodeo Arena and each session will begin at 8 p.m.

This rodeo will be on the largest scale of any held here in many years and one of the largest in the eastern Panhandle area.

Jake Leach, VFW commander, announced plans this week.

There will be 7 big events each night, featuring traditional rodeo contests. These include head and heel steer roping, bull riding, bareback bronc riding, saddle bronc riding, calf roping, bulldogging and the open barrel race.

The entry fee will be $20 for two go-rounds in the calf roping and $10 in the open barrel race. The fee in all other contests will be $15, Leach said.

The rodeo has been advertised throughout the Panhandle and Western Oklahoma and some of the top amateur rodeo performers of that area are due to compete.

Action will be fast and competition will be stiff, Leach said.

Stock will be furnished by Charles Plummer, Jr., of Elk City, Okla., who is stocking some of the top rodeos of the southwest.

Leach pointed out that the arena is now one of the best small arenas in the lower Panhandle, and it is in the finest condition it has ever been for a major rodeo.

Collingsworth county performers have been practicing three times a week through this summer, as well as competing in area events.

All members of the VFW are helping with the rodeo and Leach said final plans are being worked out this week.

On Salt Fork Dam

Water Board to Hold Educational Meetings

Each day's work brings Collingsworth County one step nearer its dream of a dam on Salt Fork River. At this point it is detail work, necessary if this project so vital to the future of the area is to proceed without a hitch.

Dan Henard, chairman of the board of the Collingsworth County Water Control and Improvement District on Tuesday outlined what can be expected during the coming weeks.

Educational meetings will be held to inform the people of the water control district which has the same boundaries as the county, on all parts of the progress. The water board wants every county resident to understand what is required in order to get the dam, how it will be financed, and what it will do for the area.

The water board will work through the civic clubs of the county. The dates and places are to be set.

It is proposed that the dam be financed by bonds and a bond election must be held.

The date of such a bond election has not been set due to several things, Henard said.

"There is the question of whether or not the irrigation districts will have to be formed before the election is held, and that will have to be answered by the district's attorneys," Henard declared.

The irrigation districts of which he speaks will be in the Dozier-Samnorwood area and in the Wellington-Dodson areas.

A. H. Wolverton of Austin, chief engineer for the district, is putting the finishing work on the engineering report.

"The engineers are working this from every available angle to see which is best for us," Henard continued. Other engineers of whom he speaks are Bryant Currington and Bryant Associates, both of Austin. Work of the three engineers is co-ordinated.

After the date of the election is set, notice of the election must be published, as prescribed by law, and this will cover a period of several weeks before the vote can take place.

"Our reason for delay is that we want to get one final clear answer so there will be no misleading beliefs as to how the project will be paid for," Henard told The Wellington Leader.

Annual Meeting of Youth Baseball Set

Re-organization of the entire baseball program is called for at the annual meeting of the Youth Baseball Association scheduled for Monday, Aug. 16 at 8 p.m. The meeting will be in the Greenbelt Electric building.

A nominating committee was appointed by Neeley, consisting of J. B. Oney, Ted Brock and Dick Pendleton, and they will present a slate of officers to be voted on.

"The meeting is open to every man and woman interested in the youth baseball program," said Mrs. John Coleman, who has worked with kid baseball in Wellington since its early years. "This will be an opportunity for each individual to voice their ideas for the betterment of the program. We especially want parents to attend this meeting.

"Any individual who would like to discuss future leadership with the nominating committee is invited to do so prior to the annual meeting. Samnorwood to Hold Celebration

Samnorwood will hold a Celebration of Progress, one of the biggest events in that community's history, to mark the completion of the domestic water system that is being installed to serve much of the north half of the county.

Top-level dignitaries will attend and a big free barbecue will be served.

The celebration is in observance of 35 years of continued community progress, the planners say.

Initial plans for the big celebration were announced this week by Willie Knoll, president of the Lions Club.

The date has not been set, but it will be from a month to six weeks away. It will depend on the time the guest speakers can come into the community.

The Lions Club was the originator of the Samnorwood Domestic Water System, which when completed will serve farms and ranches in an area 20 miles long and 10 miles wide, and it is the Lions Club that is sponsoring the Celebration of Progress.

The idea of the celebration is almost as old as the plans for the water system.

W. R. Breeding recalls it like this:

"When this was just a dream and we were discussing taking water west to the Hess Ranch and south to Rusty Henard's, I popped off and said I'd furnish a beef for a barbecue for everyone on the water system. Willie Knoll spoke up and said he'd cook it."

The idea caught on. Buck Breeding will furnish a beef and so will a lot of other people. Boss Lion Knoll will be in charge of the barbecuing, but it will take all the other members to help him do it.

And Samnorwood community will spend the coming weeks getting ready to celebrate what the Lions say is just one more step in community progress.

SALT FORK SOIL CONSERVATION DISTRICT NEWS

The irrigation farmers are in their busy season, water management is no small task. When to irrigate, how much to irrigate, how often and which crop to irrigate first are a few of the questions the irrigation farmer must answer.

When to irrigate is determined by the amount of moisture in the soil that is available to the crop. As a rule of thumb—it is time to irrigate when tha soil contains only 50 per cent as much moisture as it is capable of holding.

How much water to apply depends on the soil. Different soils will held different amounts of water. In the Salt Fork Soil Conservation District most medium textures soil needs a net of about 4.0 to 4.5 inches of water applied at each irrigation and the course textured soils need a net of about 3.5 inches.

How often to irrigate depends on the actual net inches of water applied at each irrigation and the stage of growth the crop is in. Irrigation water will need to be applied more frequently as the crop advances during the growing season.

For technical assistance with your particular irrigation system, contact your local Soil Conservation Service office.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 5 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars ($400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Board and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars ($400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars ($200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such bonds, all of such moneys then remaining or thereafter becoming a part of said Veterans' Land Fund shall be governed as elsewhere provided herein.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by $200,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law"; and

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by $200,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.

Renee Fast Goes To Honduras

Renee Fast, daughter of Naomi Slay Fast and Pete Fast, is on a medical missions trip to Honduras in Central America. The project, called Honduras de Amigos, started in the River Oaks Baptist Church of Houston with Guy Bevil, youth minister, who with some 150 youths and 50 medical doctors paying their own expenses, is attempting to inoculate half a million Hondurans against some of the prevalent diseases, like tetanus, typhoid, polio, smallpox, etc. Total budget for the project was projected at $172,000 but much of the medicine and other needed items have been donated for the good will project to a Latin American country where doctors are almost unknown. Youths also distribute Spanish Bibles and Gospels of John.

Renee Fast is stationed at Trinidad in Santa Barbara of Honduras where she and nurse Ruth Erickson of St. Paul, Minn., are vaccinating the some 3000 citizens of the little town and are entertained by the mayor as guests of the city. Medical records of each individual are kept on IBM cards and machines.

Renee will return in a few weeks to enter Baylor University of Waco this fall as a scholarship student and a transfer student from Houston Baptist College. Renee is also the granddaughter of Mrs. Chas. D. Slay and Mr. Slay, who was a merchant in the Wellington area for about 50 years.

Boys Ranchers Plan Rodeo on Labor Day

The 336 youngsters at Cal Farley's Boys Ranch near Amarillo are getting ready for their annual rodeo and the practice rides have already started for the Labor Day weekend event.

More Ranchers will be participating than ever. They started practicing nearly three months before the event and the boys will take part in the rodeo, either in competition or in the many behind-the-scenes activities that are necessary to a successful rodeo.

The events range from bronc riding for the older boys to the famous stick-horse race in which the youngest boys, ages 5 to 8, navigate their mounts around barrels placed in the Ranch's arena. Professional rodeo stock is used by the older boys, and calves from the Ranch's own herd provide thrilling rides for the less experienced Ranchers.

The highlight of the two day rodeo is the naming of the Junior and Senior All-Around Cowboys. Members of the adult staff also saddle up horses and work in the chutes and the arena assisting the boys.

During the past 20 years the Boys Ranch Rodeo has become one of the most anticipated occasions, not only with the Ranchers, but with their many friends across the nation, and this year the boys are going all the way to make the 21st Annual Rodeo the best one yet.

Garden Ceremony in Lubbock Unites Mary McAdoo, John Alexander

The garden of St. John's Methodist Church in Lubbock was the setting for the wedding of Miss Mary Martha McAdoo of Seminole and John Alexander of Wilson at two o'clock Saturday afternoon, July 24. The Rev. Carol B. Norton of Fort Worth officiated at the double ring ceremony.

The bride is the daughter of Mrs. Mary McAdoo, 500 Southwest Seventh Street, Seminole, while Mr. and Mrs. J. L. Alexander of Samnorwood are the bridegroom's parents.

Wedding music was presented by Miss Nila Norton of Seminole, pianist, and Miss Joyce Alexander of Samnorwood, the vocalist and sister of the bridegroom.

Charles McAdoo gave his sister in marriage.

The bride wore a white cotton lace suit with a portraite neckline. Her pillbox hat held a shoulder length veil of illusion, and her only jewelry was a bell drop necklace with a pearl center, a gift from the bridegroom. She carried a bouquet of dasies atop a White Bible.

Miss Maxine Cogdell of Paducah was the maid of honor. Her suit was of white cotton lace over yellow and she wore a matching pillbox hat. She carried a single daisey.

Bill Alexander of Paducah, brother, of the bridegroom, was best man. Ushers were Bill Davis of Seminole and Joel Lowry of Lubbock.

A reception followed the ceremony and was held in the church garden. The bride's table was laid with a white linen cloth, and her bouquet was the centerpiece. Mrs. Doc Moore of Lubbock poured and Miss Deann Dow of Seminole served the cake. Miss Nancy Alexander of Samnorwood, the bridegroom's sister, was at the guest register.

Later the couple left on a wedding trip to Rockport, and they are now at home at Wilson.

The bride was graduated from Seminole high school and attended Texas Technological College. A graduate of Samnorwood high school, the bridegroom received his degree from Wayland Baptist College, Plainview, and is now basketball coach in Wilson high school.

Girls Auxiliary Crowns Queens at First Baptist Church on Sunday

The First Baptist Church was the scene of the annual Girls' Auxiliary Coronation Sunday, August 8 at 7 p.m. Highlight of the evening was the crowning of the queens. The arrival of each queen was announced by trumpet fanfare by Bryant Harris and Raymond Horton, Jr.

Miss Jan Earnest, daughter of Rev. and Mrs. A. B. Earnest, received her crown as Queen of Girls' Auxiliary. Miss Carol Burba, daughter of Mr. and Mrs. Dee Burba, received her scepter, having completed the requirements for Queen with Scepter of Girls' Auxiliary. Miss Elaine Karnes, the daughter of Mr. and Mrs. Leonard Karnes, received her cape indicating she had advanced to the rank of Queen Regent of Girls' Auxiliary.

Each queen was presented her award and charged to grow in Christian royalty by their pastor, the Rev. A. B. Earnest Jr. Each girl recognized in the service was presented with a Girls' Auxiliary charm bracelet, with a charm for each step she had passed, from the Woman's Missionary Union of First Baptist Church. Mrs. Silas Crawford, vice president, made the presentations.

Other girls receiving awards were: maidens — Connie Bearden, Sherry Brewer, Gwen Hedger, Jan McGill, Patti Manly, Cindy Moates, Nancy Shumate and Landi White; ladies-in-waiting — Ann Smith and Gail Hedger; princesses — Becky Burba, Rosetta Brewer and Kathy Scott. Emblems for these were pinned on by their counselors, Mrs. Eugene Brewer, Mrs. Jim Wilson and Mrs. Max Manly.

Those assisting in the service were: candlelighters—Patti Lacy and Wanda Whitten; crown bearers — Connie Langford, Jenny Earnest and Betty Burba. Organ music for the evening was furnished by Mrs. Truman Estes.

Special music was provided by Raymond Horton Jr., who sang "I'll Tell the World That I'm a Christian" accompanied at the organ by Mrs. Estes. The missionary message was given by Mrs. A. B. Earnest. Mrs. Dee Burba, GA director, introduced the theme, "Ideals Are Like Stars" and presented the girls who were to receive their awards.

The background for the event was a white cross decorated with yellow flowers, with a semi-circle of stars above. The stars represented the five star ideals, which are: abiding in Him through prayer, advancing in wisdom through Bible study, acknowledging my stewardship, adorning myself with good works, and accepting the challenge of the great commission. From the center star, yellow net formed a backdrop for the cross.

At the close of the service the congregation was invited to the basement for punch and cookies and to view the display of work done by the three queens. The table was laid with a white drawn-work tablecloth over green. An arrangement of yellow flowers was in the center of the table, flanked by yellow candles carrying out the Girls' Auxiliary colors of green, white and gold. Mrs. Bill Langford presided at the punch bowl.

European Status Symbol Achieved by Elke Sommer

Even in the movie business, status symbols bear no international trademark.

In Hollywood, for instance, status is measured in the size of movie lot dressing rooms, a Rolls-Royce, a coterie of close-followers, or perhaps one's own independent motion picture corporation.

In Europe, however, being known and recognized by one's first name, alone, appears to symbolize enough status to create a super-star.

This has happened most recently to a full-blown blonde beauty whom European film fans acclaim adoringly — and simply — as Elke. Full name: Elke Sommer, originally of West Berlin, now of Hollywood where she currently co-stars with James Garner, Dick Van Dyke, Angie Dickinson and Ethel Merman in a romantic comedy titled "The Art of Love." The picture, in Technicolor, comes Sunday to the Bronco Theatre.

Recognition as "Elke" puts Miss Sommers in a highly select and equally sultry roster that also includes first-namers as Liz, Brigitte, Sophia, Gina, Romy and Kim.

"I am proud of my status," says Elke. "I worked hard to achieve it and I'll probably work much harder to sustain it."

New Mexico Cat Caught in Texas

AUSTIN.—The dilemma dating to a New Mexico fish tag being found in the stomach of a catfish caught in Town Lake in Austin has been only partly dissipated by authoritative studies.

Here's the official written reaction of the New Mexico Department of Game and Fish to the original report by the Texas Parks and Wildlife Department

"On June 16, 1964, 1,300 harvestable-size channel catfish were tagged at the National Fish Hatchery, Austin, Texas. These fish were stocked in Ute Reservoir in northeastern New Mexico on June 17, 1964. The series of tags used corresponds with the tag returned by you. I am at a loss to try to explain how this tag appeared in the stomach of a catfish caught in the Town Lake at Austin, Texas.

"There are several possible answers to this question. To my knowledge no tags were dropped at the time the fish were tagged. If a tag was dropped it could possibly have been consumed by another channel catfish, thus lodging in the intestinal tract. This fish would have to have been lost into a hatchery drain during the loading process. Another possibility is that this fish was lost into one of the hatchery drains during loading and was carried into Town Lake and at sometime after that, consumed by another catfish."

4-Legged Raid Melon Patches

PALESTINE. — Watermelon-stealing deer had better study up on their law because some landowners in this area are about to see the Judge about the depredators.

In fact, some already have appealed to District Game Warden Chief Clarence Kornegay of the Texas Parks and Wildlife Department. About all he can do is to quote the law —to the landowners.

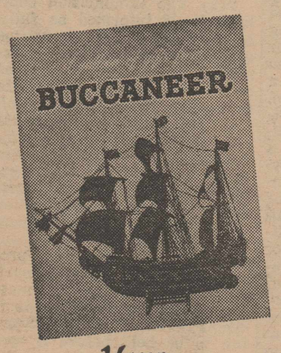

However, if the whitetails' appetite for melon hearts become too voracious the landowner may obtain authority to shoot the intruders.

It was stressed that the landowner may make a sworn application to the Parks and Wildlife Department that deer are destroying his crops and this affidavit must be endorsed by the County Judge stating that the facts are true and the crops can be saved only be destroying the deer.

Our Historic Sites Should Be Marked Permanently

Within the next few weeks people of Collingsworth will take note of the 75th anniversary of the organization of the county, with the Free Fair bringing the various events into focus. It should be one of our most interesting celebrations of the decade.

But beyond this lies a need, and that is to mark permanently where the historic events important to this county took place. These could be the site of the first school, the first post office, the first church, and a number of others.

It is hard even for an adult to look at a plowed field and point precisely where the farm house stood, or the elm tree where the children had their swing, although he may once have known them well. How much harder it will be to pinpoint the location of our historic sites after those who experienced the happenings are gone.

This project seems ideally suited to some civic or study club. A sturdy but progressive people, as we are, does not forget its heritage.

CROSSROADS REPORT

Dear Editor:

This public tizzy over the crime explosion reminds my retrothinker neighbor that we once stopped people from violating the Prohibition law by unpassing the law.

Says we could use this same shrewd maneuver and whip the whole crime problem by repealing all of our laws against robbery and assualt and similar doings.

He figures that such laws may be socially out-dated anyhow, like our changing world has repealed the old-fogy ideas people once had that it was improper to print dirty books and to bribe voters with public funds.

I see where the United Nations uses the highly democratic one-nation-one-vote principle, in spite of a few nations having all the power and most of the others can't even feed themselves.

My peopleery neighbor says democracy is a fine theory, but Nature is a poor democrat because it keeps on making some of its creatures stronger or smarter than others.

Says if we really practiced democracy instead of just ballyhooing it, we would have a one-inhabitant-one- vote society and the cockroaches would be running the world.

News is that after the pictures turned out to look like Mars is uninhabited, some scientists figure it's possible that Earth is the only people-infested planet.

My litter-brain neighbor says it could be that after experimenting with a people program here on Earth all these years, The Lord has decided to leave His other planets in peace.

But thinking there is no intelligent life anywhere else in the universe may make us earthlings feel a little lonesome, especially since there are some who doubt there is any intelligent life on Earth.

The national crime situation produces lots of statistics, such as that the police arrest 24 people for each 100 major crimes that get committed.

My calculative neighbor says of course not all of these get convicted, and most who are found guilty soon get turned loose and sicked on the public again.

He figures this is proof that the chances for success in the crime business are well over 76 per cent, which is better odds against failure than any other business can claim.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

SENATE JOINT RESOLUTION NO. 24 proposing an Amendment to the Constitution of the State of Texas by amending Article VII, Section 17, providing a method of payment for the acquiring, constructing and equipping of buildings and other permanent improvements at certain state institutions of higher learning; providing for allocation of funds therefor; authorizing the issuance of bonds or notes and the pledging of allotted funds for the payment of same; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 17 of Article VII of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 17. In lieu of the state ad valorem tax on property of Seven Cents (7¢) on the One Hundred Dollars ($100.00) valuation heretofore permitted to be levied by Section 51 of Article III, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two Cents (2¢) on the One Hundred Dollars ($100.00) valuation for the purpose of creating a special fund for the continuing payment of Confederate pensions as provided under Section 51, Article III, and for the establishment and continued maintenance of the State Building Fund as provided in Section 51b, Article III, of the Constitution.

"Also, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Ten Cents (10¢) on the One Hundred Dollars ($100.00) valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equiping buildings or other permanent improvements at the designated institutions of higher learning provided that none of the proceeds of this tax shall be used for auxiliary enterprises; and the governing board of each such institution of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed four per cent (4%) per annum and shall mature serially or otherwise in not more than ten (10) years; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty Cents (30¢) on the One Hundred Dollars ($100.00) valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"The following state institutions then in existence shall be eligible to receive funds raised from said Ten Cent (10¢) tax levy for the twelve-year period beginning January 1, 1966, and for the succeeding ten-year period:

Arlington State College at Arlington
Texas Technological College at Lubbock

East Texas State College at Commerce
Sam Houston State Teachers College at Huntsville
Southwest Texas State College at San Marcos
West Texas State University at Canyon
Stephen F. Austin State College at Nacogdoches

Angelo State College at San Angelo.

"Eighty-five per cent (85%) of such funds shall be allocated by the Comptroller of Public Accounts of the State of Texas on June 1, 1966, and fifteen per cent (15%) of such funds shall be allocated by said Comptroller on June 1, 1972, based on the following determinations:

"(1) Ninety per cent (90%) of the funds allocated on June 1, 1966, shall be allocated to state institutions based on projected enrollment increases published by the Coordinating Board, Texas College and University System for fall 1966 to fall 1978.

"(2) Ten per cent (10%) of the funds allocated on June 1, 1966 shall be allocated to certain of the eligible state institutions based on the number of additional square feet needed in educational and general facilities by such eligible state institution to meet the average square feet per full time equivalent student of all state senior institutions (currently numbering twenty-two).

"(3) All of the funds allocated on June 1, 1972, shall be allocated to certain of the eligible state institutions based on determinations used in the June 1, 1966, allocations except that the allocations of fifty per cent (50%) of the funds allocated on June 1, 1972, shall be based on projected enrollment increases for fall 1972 to fall 1978, and fifty per cent (50%) of such funds allocated on June 1, 1972, shall be based on the need for additional square feet of educational and general facilities.

"Not later than June first of the beginning year of each succeeding ten-year period the Comptroller of Public Accounts of the State of Texas shall reallocate eighty-five per cent (85%) of the funds to be derived from said Ten Cent (10¢) ad valorem tax for said ten-year period and not later than June first of the sixth year of each succeeding ten-year period said Comptroller shall reallocate fifteen per cent (15%) of such funds to the eligible state institutions then in existence based on determinations for the said ten-year period that are similar to the determinations used in allocating funds during the twelve-year period beginning January 1, 1966, except that enrollment projections for succeeding ten-year periods will be from the fall semester of the first year to the fall semester of the tenth year. All such designated institutions of higher learning shall not thereafter receive any general revenue funds for the acquiring or constructing of buildings or other permanent improvements for which said Ten Cent (10¢) ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the uninsured loss so incurred may be made by the Legislature out of any General Revenue Funds. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this Amendment, and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose. This Amendment shall be self-enacting. It shall become operative or effective upon its adoption so as to supersede and repeal the former provisions of this Section; provided further, that nothing herein shall be construed as impairing the obligation incurred by any outstanding notes or bonds heretofore issued by any state institution of higher learning under this Section prior to the adoption of this Amendment but such notes or bonds shall be paid, both as to principal and interest, from the fund as allocated to any such institution.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election to be held on the first Tuesday after the first Monday in November, A.D. 1965, at which election all ballots shall have printed thereon:

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

SENATE JOINT RESOLUTION NO. 27 proposing an Amendment to the Constitution of the State of Texas, amending Article III of the Constitution of the State of Texas by adding a new Section thereto to be designated Section 48b, so as to create as an agency of the State of Texas the Teacher Retirement System of Texas, vesting the general administration and responsibility of the proper operation of said system in a state board of trustees to be known as the State Board of Trustees of the Teacher Retirement System of Texas, authorizing said Board to invest assets of said system in various obligations and subjects of investment, subject to certain restrictions stated therein and such other restrictions as may hereafter be provided by law; providing that such Amendment shall be self-enacting and shall not alter, amend or repeal Section 48a of Article III of the Constitution of Texas or any legislation passed pursuant thereto except insofar as such legislation may limit or restrict the provisions of this Amendment; providing for the necessary election, form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding Section 48b thereto which shall read as follows:

"Section 48b. There is hereby created as an agency of the State of Texas the Teacher Retirement System of Texas, the rights of membership in which, the retirement privileges and benefits thereunder, and the management and operations of which shall be governed by the provisions herein contained and by present or hereafter enacted Acts of the Legislature not inconsistent herewith. The general administration and responsibility for the proper operation of said system are hereby vested in a State Board of Trustees, to be known as the State Board of Trustees of the Teacher Retirement System of Texas, which Board shall be constituted and shall serve as may now or hereafter be provided by the Legislature. Said Board shall exercise such powers as are herein provided together with such other powers and duties not inconsistent herewith as may be prescribed by the Legislature. All moneys from whatever source coming into the Fund to provide retirement, disability, and death benefits for persons employed in the public schools, colleges, and universities supported wholly or partly by the state and all other securities, moneys, and assets of the Teacher Retirement System of Texas shall be administered by said Board and said Board shall be the trustees thereof. The Treasurer of the State of Texas shall be custodian of said moneys and securities. Said Board is hereby authorized and empowered to acquire, hold, manage, purchase, sell, assign, trade, transfer, and dispose of any securities, evidences of debt, and other investments in which said securities, moneys, and assets have been or may hereafter be invested by said Board. Said Board is hereby authorized and empowered to invest and reinvest any of said moneys, securities, and assets, as well as the proceeds of any of such investments, in bonds, notes, or other evidences of indebtedness issued, or assumed or guaranteed in whole or in part, by the United States or any agency of the United States, or by the State of Texas, or by any county, city, school district, municipal corporation, or other political subdivision of the State of Texas, both general and special obligations; or in home office facilities to be used in administering the Teacher Retirement System including land, equipment, and office building; or in such corporation bonds, notes, other evidences of indebtedness, and corporation stocks, including common and preferred stocks, of any corporation created or existing under the laws of the United States or of any of the states of the United States, as said Board may deem to be proper investments; provided that in making each and all of such investments said Board shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as probable safety of their capital; and further provided, that a sufficient sum shall be kept on hand to meet payments as they become due each year under such retirement plan, as may now or hereafter be provided by law. Unless investments authorized herein are hereafter further restricted by an Act of the Legislature, no more than one per cent (1%) of the book value of the total assets of the Teacher Retirement System shall be invested in the stock of any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid cash dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors; and provided further, that so long as less than $500,000,000 of said Fund is invested in the government and municipal securities enumerated above, not more than thirty-three and one-third per cent (33⅓%) of the Fund shall be invested at any given time in common stocks. This Amendment shall be self-enacting and shall become effective immediately upon its adoption without any enabling legislation. This Section shall not alter, amend or repeal the first paragraph of Section 48a of Article III of the Constitution of Texas as amended November 6, 1956, or any legislation passed pursuant thereto. This Section shall not alter, amend or repeal the second paragraph of Section 48a of Article III of the Constitution of Texas as amended November 6, 1956, or any legislation passed pursuant thereto, except insofar as the provisions of the second paragraph of Section 48a and any legislation passed pursuant thereto, may limit or restrict the provisions hereof and only to the extent of such limitation or restriction."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 2, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment amending Article III of the Constitution of the State of Texas by adding Section 48b relating to the Teacher Retirement Fund and the Teacher Retirement System of Texas, revising provisions for investment of moneys and other assets of the Fund, and changing other existing provisions and making other new provisions with respect to the administration of the Teacher Retirement System."

"AGAINST the Constitutional Amendment amending Article III of the Constitution of the State of Texas by adding Section 48b relating to the Teacher Retirement Fund and the Teacher Retirement System of Texas, revising provisions for investment of moneys and other assets of the Fund and changing other existing provisions and making other new provisions with respect to the administration of the Teacher Retirement System."

Sec. 3. The Governor of Texas shall issue the necessary Proclamation for the election and this Amendment shall be published in the manner and for the length of time required by the Constitution and laws of this state.

Proposed CONSTITUTIONAL AMENDMENT NUMBER EIGHT ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 57 proposing an Amendment to Section 1-a of Article V of the Constitution of the State of Texas, by adding to said Section as presently written, the following provisions: requiring automatic retirement of certain District and Appellate Judges at age seventy-five (75) or such earlier age, not under seventy (70), as may be provided by law; creating a State Judicial Qualifications Commission and providing for its composition and the qualifications, methods of selection and terms of office of its members; defining the functions and procedures of said Commission, including the duty to investigate, and hold hearings in respect of, disability and misconduct of District and Appellate Judges and to make recommendations to the Supreme Court of Texas for involuntary retirement or removal of such Judges; empowering the Supreme Court of Texas, in its discretion, to retire such Judges for disability and to remove them for misconduct, upon recommendation of the aforesaid Commission and consideration of the record made before it; defining misconduct for which said Judges may be so removed; providing that the proceedings of said Commission shall be confidential until filed in the Supreme Court with recommendation for retirement or removal; and providing that the removal provisions hereby established shall be alternative to and cumulative of those provided elsewhere in the Constitution.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1-a of Article V of the Constitution of the State of Texas be amended so that said Section shall hereafter read as follows:

"Section 1-a. (1) Subject to the further provisions of this Section, the Legislature shall provide for the retirement and compensation of Justices and Judges of the Appellate Courts and District and Criminal District Courts on account of length of service, age and disability, and for their reassignment to active duty where and when needed. The office of every such Justice and Judge shall become vacant when the incumbent reaches the age of seventy-five (75) years or such earlier age, not less than seventy (70) years, as the Legislature may prescribe; but, in the case of an incumbent whose term of office includes the effective date of this Amendment, this provision shall not prevent him from serving the remainder of said term nor be applicable to him before his period or periods of judicial service shall have reached a total of ten (10) years.

"(2) There is hereby created the State Judicial Qualifications Commission, to consist of nine (9) members, to wit: (i) two (2) Justices of Courts of Civil Appeals; (ii) two (2) District Judges; (iii) two (2) members of the State Bar, who have respectively practiced as such for over ten (10) consecutive years next preceding their selection; (iiii) three (3) citizens, at least thirty (30) years of age, not licensed to practice law nor holding any salaried public office or employment; provided that no person shall be or remain a member of the Commission, who does not maintain physical residence within this State, or who resides in, or holds a judgeship within or for, the same Supreme Judicial District as another member of the Commission, or who shall have ceased to retain the qualifications above specified for his respective class of membership. Commissioners of classes (i) and (ii) above shall be chosen by the Supreme Court with advice and consent of the Senate, those of class (iii) by the Board of Directors of the State Bar under regulations to be prescribed by the Supreme Court with advice and consent of the Senate, and those of class (iiii) by appointment of the Governor with advice and consent of the Senate.

"(3) The regular term of office of Commissioners shall be six (6) years; but the initial members of each of classes (i), (ii) and (iii) shall respectively be chosen for terms of four (4) and six (6) years, and the initial members of class (iiii) for respective terms of two (2), four (4) and six (6) years. Interim vacancies shall be filled in the same manner as vacancies due to expiration of a full term, but only for the unexpired portion of the term in question. Commissioners may succeed themselves in office only if having served less than three (3) consecutive years.

"(4) Commissioners shall receive no compensation for their services as such. The Legislature shall provide for the payment of the necessary expense for the operation of the Commission.

"(5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of five (5) members. Proceedings shall be by majority vote of those present, except that recommendations for retirement or removal of Justices or Judges shall be by affirmative vote of at least five (5) members.

"(6) Any Justice or Judge within the scope of this Section 1-a may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any such Justice or Judge may be involuntarily retired for disability seriously interfering with the performance of his duties, which is, or is likely to become, permanent in nature.

"(7) The Commission shall keep itself informed as fully as may be of circumstances relating to misconduct or disability of particular Justices or Judges, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court.

"(8) The Commission may, after such investigation as it deems necessary, order a hearing to be held before it concerning the removal or retirement of a Justice or Judge, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. If, after hearing, or after considering the record and report of a Master, the Commission finds good cause therefore, it shall recommend to the Supreme Court the removal or retirement, as the case may be, of the Justice or Judge in question and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission.

"(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order removal or retirement, as it finds just and proper, or wholly reject the recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary.

"(10) All papers filed with and proceedings before the Commission or a Master shall be confidential, and the filing of papers with, and the giving of testimony before, the Commission, Master or the Supreme Court shall be privileged; provided that upon being filed in the Supreme Court the record loses its confidential character.

"(11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court. Such rule shall afford to any judge against whom a proceeding is instituted to cause his retirement due process of law for the procedure before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the judge in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not misfeasance is charged, upon proof of which a penalty may be imposed.

"(12) No Justice or Judge shall sit as a member of the Commission or Supreme Court in any proceeding involving his own retirement or removal.

"(13) This Section 1-a is alternative to, and cumulative of, the methods of removal of Justices and Judges provided elsewhere in this Constitution."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commmssion, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability.

"AGAINST the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability."

Sec. 3. The Governor shall issue the necessary proclamation for the election, and this Amendment shall be published as required by the Constitution and laws of this State.

Three Queens Crowned

276 Ex-Students, Guests Come Home to Wellington Reunion

Two hundred and seventy-six former Wellington high school students and teachers and their guests gathered for the 15th annual reunion Friday evening and Saturday, Aug. 6 and 7. These came from both the east and west coasts and many points in between.

Three women, all living here, were jointly crowned Homecoming Queen. These were Mrs. Donald Curry (Thelma Masten), Mrs. Keith Smith (Dora Elizabeth McClaskey) and Mrs. R. R. Crawley (Alma Alexander).

For the first time in the 15-year history of the reunion, an event was rained out . . . the opening watermelon supper on Friday evening. The melons were barely eaten when a rain cloud rolled in and nearly an inch of moisture fell within an hour.

A larger crowd than usual remained at the community building during the early afternoon. Open house for the various classes began at 4 p.m. Those from the classes of 1910 to 1924 met at the Greenbelt Electric Co-operative Building; those in the classes of 1925 to 1934 gathered at Cherokee Inn, and the 1935-1945 exes remained at the community building.

Hosts to the other classes were Mrs. Bob McAlister (Gay Reeves) 1946-47; Mrs. Mack Bush (Peggie Yarbrough) 1948-49; Mrs. Ed White (Almeta Shipley) 1950; Mrs. Bura Handley, 1951; Mrs. Troy Marsh, 1952-53; Mrs. L. M. Bartlett, 1954 and 1956; Selma Lee McAlister, 1955; Vada and Farris Wood, 1957 to 1959; the classes of 1960 to 1962 gathered at the Veterans of Foreign Wars building during the evening; Mr. and Mrs. Barney Glenn were hosts to the 1963 and 1964 classes, while this year's graduating class rendezvoused at the swimming pool.

The evening events, the chicken barbecue at Ellison Park and the homecoming dance, brought in other ex-students who could not come earlier.

WELLINGTON HOMECOMING QUEENS

Three Wellington Ex - Students Homecoming Queens were named jointly at the reunion Saturday, August 7. They are, from left, Dora Elizabeth McClaskey Smith of the class of 1938; Thelma Masten Curry, class of 1928; and Alma Alexander Crawley class of 1914. Their election was by written ballot by ex-students prior to the reunion. They were presented identical crowns and bouquets of red roses at the afternoon meeting in the community building.

NFLA Members Slate Meeting

Federal Land Bank Association members of Collingsworth and Wheeler Counties will meet at the National Guard Armory in Shamrock on Wednesday, Aug. 18 at 2:30 p.m.

Rayburn L. Smith, manager, announces that two directors will be elected for three year terms. Following reports on the association's business an open forum will be conducted and ideas may be presented for the betterment of the organization. The public is invited and all members are especially urged to be present.

Light refreshments will be served and an accomplished young lady has consented to entertain with popular readings.

Farm Bureau Sets Up Tire Sales Program

The Collingsworth County Farm Bureau has entered into an agreement with the Texas Agricultural Service Company of Waco, a recently incorporated, wholly-owned subsidiary of the Texas Farm Bureau, to set up a retail tire sales program for its members, according to Douglas Coleman, local county FB president.

One of the world's largest tire manufacturers, General Tire and Rubber Company of Akron, Ohio, is manufacturing tires for TASCO under an exclusive brand name "Safemark." Several other state Farm Bureaus are already marketing the "Safemark" tire whis is produced at the GT&R Waco plant.

All standard sizes in the premium deluxe grade of passenger car tires and first-line premium truck and tractor tires will be offered Collingsworth Farm Bureau members, Coleman said. The cost will be the factory price plus a very nominal distribution charge which will make them available to members "at a very substantial saving", the county FB president declared.

Howard Holton, located at 1305 8th St., Wellington, has been named the authorized Farm Bureau Tire Servicing Agent for the county, Coleman said. Tires can be purchased directly from him by any Farm Bureau member by presenting his current membership card. Members actively engaged in farming or ranching may buy any tires they need for personal vehicles. All other members will be limited to passenger car tires.

"This is strictly a service-to-members program instituted to help cut costs of production and thereby increase net income of our members," the county FB leader explained. "Sales will be restricted in order to prevent buying through the program for commercial use by anyone other than farmers or ranchers."

Safemark tires will be guaranteed by TASCO, and servicing agents will make necessary adjustments on the basis of the original cost of the tire with no charge for mounting replacement tires, he said.

The Texas Farm Bureau instituted the tire program "to help relieve the cost-price squeeze that has adversely affected net farm income of farmers and ranchers for many years," Coleman explained. "Farm Bureau's price support and adjustment programs have always been designed to increase agricultural income through higher prices at the market place. Farm Bureau leaders in approving this program felt that it would be a step in the right direction on the other end—that of reducing our costs."

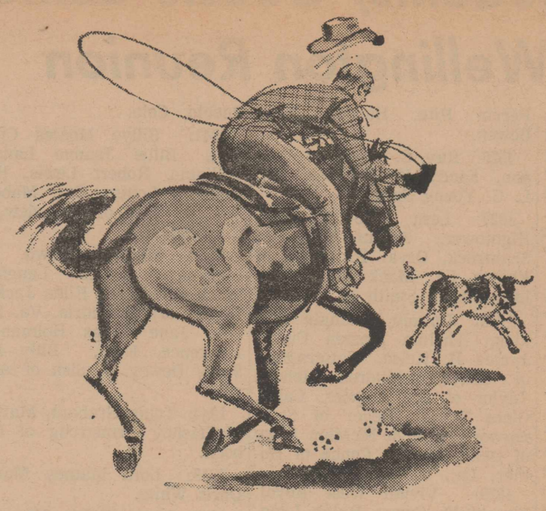

Bass Hustle in Comeback

SAN ANGELO. — Brood bass are patriotically doing their best to overcome three nonproductive years at the San Angelo state fish hatchery.

Al Pettit, hatchery superintendent, reports 100 female largemouth bass produced 1,038,000 young in one five-acre fish hatchery pond in June.

The hatchery was dry for 3 years but good spring and summer rains have permitted limited 1965 operations.

Pettit said 1,600,000 bass fry have already been distributed this summer in West Texas.

Eleven Inducted

Draft Boards Study Class 1-A Married Men

Local draft boards have been directed to bring their files of married men classified I-A up to date. They also have been reimnded they can ask colleges about the grades and status of young men with educational deferments, according to Mrs. Frances Starkey, clerk of Texas Local Board No. 20, which includes this county.

The review of the draft status of single men is done all the time but hasn't been generally on married men classified I-A in a couple of years or so. It was explained that some men who were passed over because they were married might now be fathers and eligible for deferment. Some, it was pointed out, might no longer be married and thus subject to induction.

The State Selective Service Director said if draft calls remain high, Texas Draft boards will induct a "considerable number of 19-year-olds" by fall.

"Those who have children, or hard-ship conditions, will be deferred formally, those who have wives alone will continue to be passed over for the draft for the time being; but those not living with their wives; or wives and children, in a bona fide family relationship will be subject to the draft at once," Col. Morris S. Schwartz said.

Texas Local Board No. 20, serving Childress, Cottle, Hall, Briscoe and Collingsworth counties, forwarded registrants for induction and armed forces physical examination on Wednesday. The call for twenty-five registrants for armed forces physical examination was filled with registrants born in 1945.

Registrants forwarded for induction were Curtis Hughes, Childress; Floyd D. Finch, Cee Vee; Jerry D. Young, Paducah; Perry J. Young, Paducah; Jose O. Ibarra, Paducah; Lonnie Campbell, Jr., Lakeview; Sylviano Sanchez, Kirkland; Elmer J. Price, Wellington; Ronnie F. Kindle, Childress; Billy F. Cummings; Wellington and Ray A. Mattheus, Silverton.

Mrs. Starkey reminded all boys who are 18 they have five days to register with Selective Service. Also she suggested each registrant to be sure his file is up to date with information regarding his employment, present address, marital and educational status.

Longer Vehicles Due on Texas Roads Sept. 1

The Legislature has seen fit to allow the operation of longer vehicles on Texas highways. These vehicles can be a mixiimum of 65 feet. The present length for a combination of vehicles is 50 feet. The law has been changed as a result of the trucking industry seeking to improve the efficiency and quality of service to the public.

These combinations commonly known as "double-bottoms," although used extensively, are virtually unknown in many areas of the country. Texas has been one of these areas. However, beginning September 1, 1965, we will begin seeing the "big-rigs" on our roads.

Our puporse in this article is to acquaint the motoring public with the fact that the bigger and longer vehicles will be on our roads. And, though we occasionally see a long truck, mobile home, or some oil field equipment on the highway and we need to drive accordingly — these are not too numerous. The "double-bottoms" will be there day and night, especially on our thru highways.

In the past a vehicle combination of this type would have required a permit and would not have been allowed on the roadway at night.

Since the picture is changing, Texas motorists will need to change some driving habits. Look for these longer and larger vehicles at night.

Naturally your question is, can they "fit" into present day traffic? Let's look at the turning movements of these 65 feet length "double-bottoms." According to Traffic Safety, a National Safety Council publication, the Department of Commerce says that, after tests they ran, the 65 feet combinations have less off-tracking than the 50 feet, five-axle tractor semitrailers.

"For a 90 degree turn, such as a city street intersection, the 65 feet 'double' has a track width 2.7 feet narrower than the 50 feet tractor semitrailer."

Turning on the cloverleaf intersections of the Interstate system, the Department of Commerce tests show the "doubles" are 1.2 feet norrower than those of the smaller combinations.

Another question, and equally important, is it safe to pass a "double-bottom"? We again refer to the Department of Commerce report showing a 10 m. p. h. speed differential (car at 60 and truck at 50 m.p.h., for example) it takes 15.17 seconds for the car to pass a 55 feet long combination on a two-lane road. If the truck being passed is 65 feet long, t he p assing time is 15.75 seconds, only two-thirds of a second more.

Mainly, we will need to allow just a little more time and distance in passing these vehicles and look forward to seeing them on our roads day and night.

Baptists Hold Evangelism Meet Here Aug. 23-25

A church evangelism conference, the first on the local level among Southern Baptist Churches as far as is known, will be held at First Baptist Church Monday through Wednesday, August 23 to 25, the Rev. A. B. Earnest, Jr. has announced.

Pastors and laymen will attend from four Baptist Associations, the North Fork, Canadian, Palo Duro and Panhandle, and between 400 and 500 will be present, the Wellington pastor continued.

There will be afternoon and night sessions, and the public is invited.

Speakers will be announced next week, along with detailed plans for the conference.

Kendrick Wins Trip to New Orleans, Beloxi

Mickey Kendrick, owner of the Kendrick Oldsmobile Company, was named winner of a sales contest sponsored recently by the Oklahoma City zone for that company, and received an expense-paid trip to New Orleans and Biloxi, Miss.

The contest was conducted among smaller dealers and approximately a dozen participated, Kendrick said. These were in an area that included the Texas and Oklahoma Panhandle.

Kendrick is not only a veteran automobile dealer of Wellington, but few in the Panhandle have a longer record than he.

He established his dealership here 30 years ago, and during that time he has sold only Oldsmobiles.

Prior to going in business for himself, Kendrick worked for Kern and Castleberry in their dealership.

Accident Kills Rev. Gunstream

An accident Monday, Aug. 2 at the Nazarene Camp 10 miles north of Ruidoso, N.M., took the life of a leader in the New Mexico Church of the Nazarene, Dr. Robbie C. Gunstream, 65.

He was district superintendent for New Mexico Churches of the Nazarene. As a youth, Dr. Gunstream lived in the Dodson and Arlie areas, and still has relatives there.

The accident occurred about 11 a.m. when a building under which Dr. Gunstream and five other men were working slipped off jacks being used to raise it. The others escaped uninjured, but he was pinned beneath the central portion of the structure. He was pronounced dead on arrival at the Ruidoso hospital.

He was one of the founders of the 26-year-old church camp and funeral services were conducted there at 10 a.m. Thursday, in the Memorial Tabernacle named for him. Burial was in his home city of Albuquerque at 5:30 p.m. that day.

Dr. Gunstream was born Sept. 29, 1899, the fourth of 11 children of Mr. and Mrs. Oscar Dreamus Gunstream in Little Elm. The family lived in the Dodson and Arlie communities and in 1918 moved to Holtville, Calif. On Dec. 22, 1921 he was married to Grace A. Hacker. Roswell Church of the Nazarene was their first pastorate, in 1924.

Having also a talent for carpentry, Dr. Gunstream did much work in building churches, parsonages, tabernacles, dormitories, chapels and other church-related buildings.

Surviving Rev. Gunstream are his wife and two sons and two daughters: Jarrell Gunstream of Denver, Colo.; Rev. Nelman Gunstream of Temple City, Calif.; Mrs. Ronald Rhodes, whose husband is pastor of Los Altos Church of the Nazarene at Albuquerque, N. M., and Mrs. Bert Rhodes, whose husband is pastor of Trinity Church of the Nazarene near Bakersfield, Calif. Another daughter, Mrs. Phil Crosby, died in 1948.

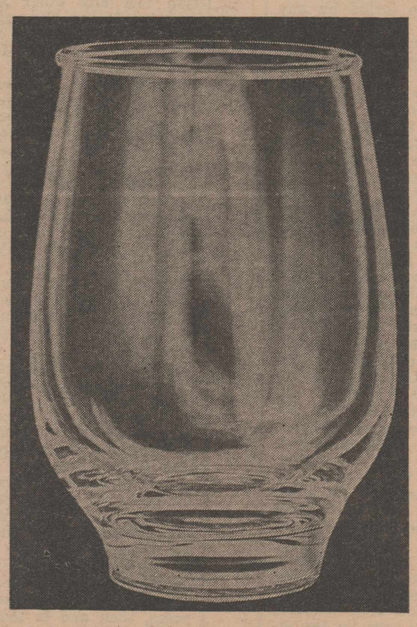

Relatives from here attending the funeral were Rev. Gunstream's sister, Mrs. Mort Cornelius; two nieces and families, Mr. and Mrs. H. L. Patterson and two sons and Mr. and Mrs. A. V. Lowrie, accompanied by a brother and sister-in-law, Mr. and Mrs. Oris Gunstream of Memphis.
