## Three Local Boys Winners District Golden Gloves

By JAMES SMITH

Thursday night in Texas Tech gymnasium, leather flew fast and heavy as the first night of the District Golden Gloves tournament got under way. Several boys from Tahoka entered and showed some fine boxing. Three of the local boys came out with their gloves help up by the referee. Winners were Jackie Driver, who knocked out his opponent in the first round, Dwayne Vaughn slugged his way through three hard rounds to win by a decision, and Leslie McNeely won over a man from Littlefield in the last but not least fight of the night

Saturday night, in the finals, six boys from Tahoka fought. In the first fight, Jackie Driver won over Van Brookshire for the 112-pound championship. Wiley McCarty of Littlefield won over Bobby Scott in one of the best fights of the night in the 118-lb. class. Bill Grider won over Kelly of Petersburg in the 160-lb. class. Dwayne Vaughn knocked out Haynes of Seymour in the 125-lb class. A lad from LAAF won over Hodge.

Three Tahoka boys, Jackie Driver, Bill Grider and Dwayne Vaughn, go to Fort Worth to the state tournament.

Rev. H. A. Nichols, pastor, conducted the services, and the body was interred in Tahoka cemetery.

Mr. Hill united with the Methodist Church when a lad of 14 and had been a faithful member ever since, placing his membership with the Tahoka church when he moved here about two and a half years ago.

Surviving him are the widow and six children, three sons and three daughters, as follows: John N. Hill of Tahoka, Mrs. J. L. (Beatrice) Hyde of Wilson, Mrs. N. J. Also present was the daughter-in-law of deceased, Mrs. Woodrow W. Hill of Brownsville.

Six grandchildren also survive, and they and possibly other relatives were also present.

The son of parents who came to Texas from Alabama, John Abner Hill was himself a native Texan, having been born at Brenham in Washington county on Dec. 8, 1876. The parents and family a few years later moved to Thorndale in Milam county, and there John grew to manhood and there he was married to Miss Ethel May Scudday on August 20, 1902. They continued to reside there many years, Mr. Hill being engaged in the grocery business at that place.

Late in December, 1924, Mr. Hill and family moved to Lynn county, arriving in Wilson on Christmas day. After farming in that vicinity a few years, he entered the grocery business in Wilson, and continued in business there a number of years. In the meanwhile he also servd as justice of the peace of that precinct.

He and Mrs. Hill moved to Tahoka in 1942, according to Mrs. Hill, some members of the family having already located here. He

## Burns Fatal To Lakeview Child

Melba Rose James, four-year-old daughter of Mr. and Mrs. M. O. James of the Lakeview community, died at 5:20 o'clock Tuesday afternoon at the parental home from burns received almost two months ago.

The clothing of the child caught fire while members of the family were burning trash in the yard and she was so severely burned that she never recovered, though it was thought that she was making satisfactory recovery until her condition became critical Tuesday morning.

Funeral services were conducted here at 2:30 o'clock Wednesday afternoon at the Harris Funeral Home with Rev. W. J. Campbell, pastor of the Nazarene Church, officiating. Interment was in the Tahoka cemetery.

Surviving are the parents and seven other children. They have the deepest sympathy of many friends and neighbors.

Mr. and Mrs. James have resided in the Lakeview community for nine years and are well known in that portion of the county.

Mrs. Levi Nordyke returned Monday in company with Mr. and Mrs. R. R. Luttrell of Redwine from Mineral Wells, where she had been at the bedside of her husband, who has been in Mineral Wells for several weeks taking treatment and recovering from an operation which he underwent soon after going there about five weeks ago. His operation was rather serious and he has suffered much pain but is assured of complete recovery. He is now under treatment, however, for a stomach ailment.

Mrs. Nordyke expects to return to Mineral Wells next Monday.

## Sgt. Gale C. Clem Killed In Action

T/Sgt. Gale Charles Clem was killed in action on Leyte Island in the Philippines on December 24, according to a message from the War Department received Monday by his parents, Mr. and Mrs. C. A. Clem, who reside on the McGonagill farm seven miles east of Tahoka.

Sgt. Clem was a veteran of many Pacific battles, having taken part in the Attu, Kiska, Kwajalien, Leyte, and possibly other compaigns.

Born at Hugo, Okla., Aug. 6, 1917, Sgt. Clem was 27 years old. The family moved to Garza county in 1923, and young Clem attended school at Ragtown, and graduated from high school at Post. They moved to New Home in 1938, and with the war approaching, Clem enlisted Dec. 1, 1941. He trained at Camp Roberts, San Luis Obispo, and Fort Ord.

Sgt. Clem then went to Hawaii, and from there his outfit invaded Attu, in the Aleutians, and then Kiska. Next he was in the invasion of Kwajalein in the Marshall Islands, where he was wounded on February 4, 1944. For 28 days he was in a hospital at Pearl Harbor, and spent several more weeks there recuperating. After returning to duty, he was not heard from again until Nov. 24, and he was then on Leyte Island with the invasion forces.

Several months ago, the family received the Purple Heart awarded their son for wounds received in the Marshalls engagement.

## Capt. Maeker Gets Croix de Guerre

Captain Arnold Maeker of the 989th Engineering Trdwy. Br. company operating on the Western Front in Europe was recently awarded one of the most coveted honors that the French Government bestows, the Croix de Guerre, for meritorious service in the Army, according to a letter received last week by his parents, Mr. and Mrs. J. F. W. Maeker of Wilson. The letter was written from Holland and was dated Dec. 18.

Capt. Maeker was very modest in his mention of this award, however. "Nothing of great importance has happened to me since I wrote you last." he says, "except that the French Government awarded me a French decoration, the Croix de Guerre (Cross of War). It is a very nice medal and naturally I am proud of it. It was given for special services rendered during the liberation of France. General Gillem made the decoration."

The Croix de Guerre, according to one of the encyclopedias, is awarded by the French Government "for signal acts of bravery."

In a previous letter written from Holland on October 14 he disclosed to his parents that he had been awarded the Bronze Star Medal "for some of my work in France." And then he added, "Naturally I am proud of it for the sake of my loved ones."

Capt. Maeker was reared at Wilson.

## Rotary Institute Starts Feb. 21st

The series of talks on world problems which begin on Wednesday night, Feb. 21, under sponsorship of Tahoka Rotary Club, will be available to the general public, the committee in charge announces.

In fact, Rotary's purpose in the series of talks is to bring about a better understanding of problems of the world. The first speaker is from China, another from Russia, one will speak on Australia and the Pacific, and a fourth of Latin-American countries.

Since the local club could not secure these speakers for any other night except Wednesday night, an attemp will be made to get the churches to hold their prayer meetings early on the four Wednesday night, Feb. 21 and 28 and March 7 and 14 in order that their people may attend this educational feature at 8:30 each night.

Full details of this Institute of International Understanding will be given next week in The News.

**GRASSLAND MEETING**

Good interest, fine singing and instrumental music by the evengelists, Rev. and Mrs. A. G. Johnson, is reported at the Nazarene revival at Grassland. Rev. A. F. Duke is the pastor.

The meeting continues through February 18th.

Mr. and Mrs. Lonnie Loyd and children Joann and Don spent ten days here with his parents, Mr. and Mrs. J. A. Loyd, leaving Thursday of last week for their home in Los Angeles, where he is engaged in defense work.

Released by U. S. War Department, Bureau of Public Relations.

Contributions to the Infantile Faralysis fund had passed $250.00 early this week, and individaul donations are still coming in, Wynne Collier and W. B. Slaton of the Lynn county committee report.

Howard Cook sent in $57.41, generous share for the Wilson community, and the Tahoka Church of God contribution amounted to $16.12, and the Nazarene Church $3.21. Other voluntary individual contributions the past week have amounted to $6.00.

## Service Men Are Rotary Speakers

Sgt. James Butler, home from 18 months on cold, barren Attu Island in the Aleutians, was the principal speaker on the Rotary Club program Thursday at noon, which was in charge of Roy Adams, program chairman.

Another visitor, Captain Sam Privitt, on invitation, related some of his experience as an Air Transport Command pilot in the Pacific. He operated throughout the Marshalls, Gilberts, Marianas, Palaus, and other island groups, and hi activities received considerable mention in the press recently. He will return to the Pacific Feb. 19. His wife is the former Miss Greta Joyce Applewhite.

Among other visitors were Pfc. Eldon Gattis of Amarillo Army Air Field, and Chas. Walden, both former club members.

Mrs. Marjorie Wells Kemp, former club sweetheart, was pianist.

President McGinty announced the club had sent $147.00 to the Temple Rotary Club to be used in helping build a greenhouse on the grounds of McCloskey General Hospital.

## *Sgt. James Butler Is Home From Aleutians*

Sgt. James Butler of the Army arrived home Saturday night on furlough after 18 months service on Attu Island in the Aleutian chain, off the coast of Alaska. He left Attu December 27, ond says he hopes he never sees it again.

He arrived there shortly after the Island had been taken from the Japs, and was there for the mopping up operations and building the American base for attacks on Japan. The island it barren and nothing but mountains, rocks, tundra, ice and snow, fog and "willywas." He says these "willywas" are everything we have heard of them—and then some. The wind seems to blow from every direction at once, and with terrific force.

Butler entered the service in March, 1941, and wears the pre-Pearl Harbor ribbon, the good conduct, and the Asiatic-Pacific theatre ribbon, and one battle star for the Attu campaign.

He is a brother of Mrs. E. R. Edwards and lived here several years before entering the Army.

## *Pvt. Danny Vandyke In Overseas Hospital*

Mrs. J. L. Vandyke received a letter a few days ago from her son, Pvt. Danny Vandyke, informing her that he was in a hospital in England. The letter was dated Jan. 16. Evidently he had not been there long, for she had also received a letter from him dated Jan. 1, and he was then in France. He had been on the fighting front presumably for some time.

Pvt. Vandyke did not indicate the nature of his illness. Mrs. Vandyke was of the opinion that he had been wounded but she has received no information to that effect. She and the rest of the family are very anxious to learn more as to his condition and the cause of his hospitalization.

**RAINEY COMMISSIONED**

Lt. John W. Rainey, son of Mr. and Mrs. Frank Rainey of Rt. 2, arrived home Sunday morning on a few days leave. Lt. Rainey has been in the Air Corps about two years, and has maintained an excellent record of both discipline and intelligence throughout his training. He received his wings Feb. 1 at Luke Field, Ariz., and will report back there after his visit here.

## Much New Land Being Broken Out In Lynn County

A large area of the T-Bar ranch lands have recently been sold to individuals, and the land—about eight sections—is being broken out for farming purposes.

The land recently sold was that part acquired by ownership by Wayne and John Chandler, who also operate a large part of the ranch under lease from the Cass O. Edwards estate.

This land is located on the west side of the ranch, about ten miles west from Tahoka, and extends northward from the Tahoka-Brownfield highway toward Petty.

Among the purchasers of these lands are: Chester Smith, one section; W. G. Lyons of Galveston, half section; C. A. and W. O. Thomas, one section; Joe Heare, one section; Dr. K. R. Durham and W. P. Hutcheson, one section; Dan Carpenter, one section; Fred R. Scott, one and a half sections; H. P. Caveness and nephew, Lewis Thompson, 560 acres; and Acie Bailey, a half section.

Some of the land is being grubbed by a bulldozer, but most of it will be grubbed with a new invention, a grubbing machine owned and operated by J. B. Turner of Snyder.

The grubbing machine was developed on the King ranch in South Texas. Pulled by a Caterpiller tractor, the machine operates on an entirely different principle from anything tried heretofore. A six-foot blade, with an arm on either end extending to the tractor, slices through the sod at a depth of from about 8 to 14 inches under the surface cutting all roots as it goes. The sod is not turned over but is left grass-side up. Mesquites and other bushes and roots are then pulled out by hand and piled up for burning or hauling away.

Incidentally, Chester Smith, on whose place the machine is now at work west of town, says that anyone wishing grubs is welcome to them for the hauling.

## Cotton Crop Makes 1 2-3 Bale Per Acre

Watson Spears, who farms halfway between Tahoka and Wilson, has a cotton production record for 1944 that must be one of the best in Lynn county.

From 38 acres, he has ginned a total of 61 bales, or 63-plus bales figuring the standard 500-lb. bale, since his lint production totaled exactly 31,790 pounds.

Approximately that's one and two-third bale to the acre for the entire field—and that's cotton in anybody's country.

Can anyone beat Watson's record?

## *Brother of Grassland Lady Dies of Wounds*

Mrs. E. A. Thomas of Grassland has receved word that her brother, S/Sgt. Kenneth Fox, who had been officially reported as wounded in action on December 12, had died of his injuries five days later.

He had entered France with the invasion forces and had been reported as "slightly wounded" in July. He remained in the hospital till October 27, and rejoined his outfit on Thanksgiving day. He received the fatal wound on Dec. 17.

Mrs. Thomas formerly taught in the Grassland and Tahoka schools, her maiden name being Zuella Fox, and she resided in this county many years.

# Club Boy Writes of Trip to the National 4-H Club Congress Chicago Meeting

By Buddy Gene Bragg

On the night of Nov. 30, I, Buddy Gene Bragg, Lynn county 4-H boy and winner of a free trip to Chicago, with my County Agricultural Agent, joined Mr. H. M. Bainer, General Agricultural Agent for the Santa Fe Railroad, the donor of my trip, and several other 4-H boys from the West Texas area met at train time in Lubbock. The first lap of the journey was an overnight ride to Dallas, at which point our group joined the balance of the Texas delegation to the National 4-H Congress. In all, 26 boys comprised the Texas delegation, each boy being either a State, Sectional, or National winner. The group was instructed in various matters by Mr. L. L. Johnson, State 4-H Agent, in regard to safety and other details concerning the trip.

The group spent the day, Dec. 1, in Dallas. Certain interesting facts were determined from this group of the boys; of the 26 boys making the trip, for 10 this would be their first railroad trip; for eight it would be their first time to sleep in a hotel; for 22 it would be their first time to sleep in a Pullman; and for 24 it would be their first time to eat on a railroad diner. It was pointed out that the trip would take the boys through parts of six states; Texas, Oklahoma, Kansas, Missouri, Iowa, and Illinois.

Mr. Ray W. Wilson, field representative of the National Cottonseed Products association, Inc., assisted by Mr. Cal Johnson of Sears Roebuck and company, had arranged for a conducted tour thru the North American Aviation plant which builds the famous P-51 Mustang fighter plane. The tour thru this enormous plant was conducted personally by Mr. Andrew W. Deshong, assistant to the division manager. At North American, Aviation, Inc., we saw the P-51 Mustang from raw metal to the completed ship on the firing line.

Returning to the hotel in Dallas, we had some time before dinner for sight-seing in down-town Dallas. Sears Roebuck and company was host to the Texas delegation at a dinner in the Walnut Room of the Jefferson Hotel in the evening. The host provided a very intersting program following the dinner consisting of musical numbers by a couple of radio performers and some tricks by a very capable magician. Following the dinner, the group boarded a train at the Union Station, Dallas, for an overnight ride to Oklahoma City, at which point the delegation transferred to a Santa Fe Streamliner, one of the system's finest trains which departs from Oklahoma City each morning and arrives in Chicago the evening of the same day. On arriving in Chicago, the group went immediately to the Harrison Hotel, where we stayed throughout the National 4-H Club Congress.

On Sunday morning, Dec. 3, the Texas group had an early breakfast, boarded the subway, later transferred to a street car, to go out on the Navy Pier at Lake Michigan to a gigantic display of all kinds of weapons, planes, ships, equipment, electronics, pictorial history of the progress of the war from Navy standpoints, etc. The roup spent considerable time going through this highly educational exhibit. In several huge buildings and along several blocks of Lake Michigan water front among the hundreds of interesting items were: a captured Japanese one-man submarine, a Japanese Zero plane and a Nazi robot bomb which landed in England but failed to explode. The return to the hotel was by the same means, and needless to say, we boys found the subway to be an exciting adventure.

In the afternoon the group assembled in the Grand Ballroom of the Stevens Hotel, the world's largest ballroom, for the first general assembly of the National 4-H Club Congress. To a little over nine hundred 4-H boys and girls and leaders throughout the United States, welcomes were extended by Mylo S. Downey, chairman Extension Sub-Committee of 4-H Club work, and by W. C. Kurtze Jr., president of Chicago Junior Association of Commerce. An address "Forr Youth Tomorrow Begins Today" by Dr. Howard Y. McClusky, University of Michigan, as the main portion of the program. With closing announcements the group returned to their various hotels for dinner, following which the entire 4-H Congress was guest of the Chicago Sunday Evening Club for a special 4-H program. The principal speaker was Dr. Richard C. Raines of the Methodist Church, Minneapolis, Minn.

It should be stated that throughout the Congress the delegations from the various states formed battalions with leaders to facilitate moving in an orderly and punctual manner the approximately one thousand delegates attending the Congress. This insured arrival and departure of all at the proper places in the proper times.

On Monday, Dec. 4, the Congress was the guest of Firestone Tire and Rubber company at breakfast in the Grand Ballroom of the Stevens Hotel including a broadcast by Don McNeil and the Breakfast Club, which so many of us listen to here at home each morning. Following the broadcast the group was addressed by Commander Dana Farnsworth, U. S. Navy, on "The Meaning of the Fourth H," followed by a group discussion by the 4-H club members on the same subject. Just before lunch, the battalions marched from the Stevens Hotel to the Palmer House, where in the grand ballroom we were guests of International Harvester company. Leading characters from the widely acclaimed show, "Oklahoma," supplied the entertainment. This was indeed an outstanding venture into the entertainmen world for we 4-H members assembled from all over the United States. The afternoon program consisted of a tour of the Museum of Science and Industry. In the evening, we assembled again in the Grand Ballroom of the world's largest hotel as guests of Thomas E. Wilson, chairman, Wilson Packing company, for dinner. For entertainment, Mr. Wilson provided community singing, the Elastic Four (A Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America); Mr. Ray Suber, National Broadcasting company's "Man With a Thousand Voices"; Jack Holst and Milady, a dancing team; Johnnie Laddie and Co., acrobatic feats and dogs; and Johnnie Neblett, outstanding radio performer, who with his company of well known radio entertainers presented "So the 4-H Story Goes," a narrated panorama of the history of the 4-H organization.

On Tuesday, the Congress heard an address by Reuben Brigham, Extension Service assistant manager, U. S. Dept. of Agriculture, who spoke on "My Club, My Community, My Country," following which the Congress divided into 13 discussion groups. For luncheon, the battalions marched to the Sherman Hotel where, in the College Inn, the Congress was guest of the National Livstock Producers Association. Entertainment consited of Johnnie Jones, master of ceremonies; Comedy Tidbits of Joe and Joey March in "Monkey Business"; Magical Oddities, Dorothy Hale, the personality tapster; Chris Chross, a ventriloquist; and Norma Ballard at the organ, "Music that Talks." In the afternoon, we boys toured the Natural History Museum. In the evening, Congress was guest of Sears Roebuck in the ballroom of the Stevens for a very interesting program and delightful food. Following the dinner, the battalions marched to the elevated train and rode out among the house tops of Chicago to see the magnificent Aragon Ballroom as the guest of the Spool Cotton cotton company, where an interesting program of music and dancing was provided.

Wednesday, Santa Fe winners, including myself, attended a breakfast in the Blackstone Hotel as guest of the Santa Fe Railway. An accordianist and caricature artist entertained the group throughout the breakfast hour and brief remarks and introductions of Santa Fe officials, state delegations, and special guests were made. The general assembly was a panel discussion of "What the Job Looks Like to Us." For luncheon the Congress was guest of J. L. Kraft, chairman, Kraft Cheese company, in the grand ballroom of the Palmer House. The entertainment consisted of community singing directed by Albert Stewart, Purdue University; the Kraft Chral Club, frequently heard over the radio; the five Taylor Kids, "Acrobatic Wonders"; "Yodels and Thrills" by La Ray Martin; and a word to 4-H members by J. L. Kraft. The afternoon trip was made to the Union Stockyards where we saw the International Livestock Show, seeing the grand champion steer, barrow, carload lots, and other fine livestock, and had a general view of the stockyards and large packing plants. In the evening the final meeting of the 4-H Congress, the annual 4-H dinner for this, the 23rd National 4-H Club Congress, was held in the Grand Ballroom of the Stevens Hotel at which time approximately $30,000 in awards, scholarships, etc. were awarded to 4-H winners across the nation. A broadcast of "Victory Parade of Spotlight Bands" over the Blue Network with 187 stations on a National hook-up, and music by George Olsen and his orchestra, courtesy the Coco-Cola company, constituted the entertainment phase of the program.

The trip was highly educational and one that every boy who made the trip will long remember. We dined in some of the nation's most fashionable spots, and were entertained by top flight entertainers. Each day was a full day from morning to late night. We had opportunity to see much of down town Chicago, and in our cross town rides witnessed much of the magnificence and chaos of a large city, for here we were assembled in a city of four and a half million people, which is not the largest city in the world in population, but is the largest city in the world in the area which it covers. It is approximately 35 miles across the city.

On the morning of Thursday, Dec. 7, the Texas delegation boarded a train for our return journey home through such cities as Kansas City, Wichita, Oklahoma City, and on to Dallas. As the train sped over these hundreds of miles, I could see thousands of farms lying along the railroad between Chicago and home, feed pens for cattle through the corn belt, the great Mississippi, and sights too numerous to mention. At Dallas we separated—26 boys practically unknown to one another the week before and now with memories for a lifetime in a week's association—each of us to return home with a desire to do greater things in 4-H work, and to carry home to the thousands of 4-H boys throughout Texas stories of the wonders of the trip and to assure each that their making a similar trip is within the grasp of all with the determination to strive toward this goal.

Manila, capital and chief city of the Philippines, is again in the hands of the Americans. Just three years and one month after MacArthur and the Americans were driven out, they again marched through the streets of the city as conquerors. It was a joyous occasion—joyous not only because it means that the rule of the cruel and treacherous Japs in the Philippines is at an end but also because it resulted in the liberation of thousands of Americans who had been held as prisoners of the Japs these three bitter years. They and thousands of others who had been captured by the Japs with the fall of Corregidor and the debacle of Bataan Peninsula had been treated with that heartless brutality and neglect of which only savage and Pagan peoples are capable of inflicting. Many had died from starvation and disease, and those that were released by the return of MacArthur and the Americans were half starved and emaciated. The Japs must be driven from power throughout the Pacific and in China and kept in subjugation until some real civilization and humanitarian principles can be instilled in them. The church will have a great task in Japan and throughout the Orient after our Government has subdued the Japanese Pagans. The Cross must replace the Sword.

Whatever may be the outcome of the Texas University muddle, we believe that the board of regents should be allowed to keep their hand upon the throttle at all times. We think that regents have the same right to fire as to hire, and that they should be capable of doing both or either without any dictation or undue pressure from any out-of-state CIO organization, out-of-state educational organization, or any other out-of-state group of any kind. The University of Texas belongs to the people of Texas, and the people of Texas through their legally chosen representatives and agents should run it.

### METHODIST CHURCH

Last Sunday there were 12 additions to the Church. We rejoice to have such a fine group of men and women and boys and girls to come into the membership of the Church. All departments of the Church are taking on a new spiritual life.

The Crusade for Christ evidently is having a wholesome effect on the membership of the Church. By March 4, the local church expects to hove its quota for the Relief and reconstruction of the war-torn world. The need of material help—is immediate and pressing—hence this part of the four year program coming first. Every member will have a chance to do his part in this Crusade.

A hearty welcome awaits all who will worship with us Sunday.—Reporter.

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1— Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2— Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

**Phillips is one of the nation's six largest producers of Combat Aviation Gasoline**

When you read or hear postwar promises of fabulous motor car gasolines, or of astounding products of petroleum chemistry, recall the simple words of the headline above.

They record a triumph of Chemical research, engineering, and production. Add to them, Phillips grand-scale contribution to the making of butadiene for synthetic rubber, and they suggest how competently and completely Phillips is devoting itself to the war effort.

It has been said that the future is the fruit of the seed of the past. Little wonder, then, that intelligent men and women expect great postwar products from Phillips.

In the meantime, every time you see the Orange and Black Phillips 66 Shield, let it remind you that Phillips refineries . . . in addition to producing gasolines, lubricants, and fuel oils . . . are also gigantic *chemical plants* pouring out weapons for victory.

**ADOPT CONSTITUTION**

The Student Council of Tahoka High School has just completed and adopted a constitution.

As set out in the document, the purpose of the organization is "to provide a means of student participation in school government, to stimulate student activity, to develop citizenship, to act as a medium of service, to offer a means of cooperation between students and faculty, and to promote the general welfare of Tahoka High School."

The Student Council this year contains 13 members and one sponsor. Officers are: President, George M. Small; vice president, Gwynelle Davis; secretary, Billie Jo Cowan; with two representatives from each class. These are: Claude Donaldson and Virginia Jones, Seniors; Nancy Wyatt and Fred Bucy, Juniors; Nancy Weathers and Lloydine Edwards, Sophomores; Finis Botkin and Charles Fulkerson, Freshmen; and Bobby Boyd and Joan Slover, Eighth grade. Mrs. Paul Pittman is sponsor.

**FRESHMAN CLASS NEWS**

Plans are being made for the Freshman party to be held Tuesday night, Feb. 13, at 7:30. We shall decorate the gymnasium in crepe paper that afternoon.

One of our classmates, Barbara Wells, recently had an appendectomy. She returned home Friday and is doing nicely.

**GENERAL SCIENCE**

Section A of the General Science class taught by Miss Gregory went on their first field trip to the City Park Tuesday morning. The purpose was to verify the law of the machine they had developed in laboratory. The class divided into pairs to test the law on the see-saw, which is a type of lever. Following this, they played on the merry-go-round and swing until time to return to school.

The B section made its trip last Friday.

**JUNIOR CLASS NEWS**

The Junior class met this week to discuss plans for the Junior-Senior banquet. They served refreshments at the basketball games Tuesday night and obtained some money for their banquet.

The class voted to invte the Seniors to their party Feb. 22 at 7:00 p. m. in th gym. Everyone in the two classes is invited.

The class ordered their play this week. It is entittled "Here Comes Charlie."

**SENIORS GIVE PROGRAM**

Tuesday the Senior class presented the assembly program, a "Truth or Consequences program sponsored by the Smell-em-Always company." The program was good for laughs and was truly enjoyed by all.

**HOMEMAKING II**

First aid is the immediate treatment given to a person who has been in an accident or becomes suddenly ill, before a physicain arrives. This is just what what the Homemaking II class has been studying for the past six weeks.

**COMMERCIAL CLUB**

Joe Don Minor had charge of the program Thursday at the meeting of the Commercial Club. Pictures of the club were taken.

Cake and cocoa were served to the members present to celebrate Mrs. Adams' birthday.

**EIGHTH GRADE NEWS**

The Eighth grade met Feb. 5 at home room period. Plans for their Valentine party to be held in the gym Feb. 14 were discussed.

**CORRESPONDENCE CLUB**

The Correspondence Club had a program given by Aubry Fay Ford. Jerine Bartley and Gleda Spencer sang, Nora Jenkins read a poem that she had written, Carrie Mae Farr read an article from Readers Digest, and four girls sang "Don't Fence Me. In."

Everyone is to write letters next week to the boys in the service.

**CHORAL CLUB**

The Choral Club has divided into two groups, one group to sing songs in part, the other, the ones who do not care to sing. The club voted to pay a small fee to be used for sheet music. The music will not be popular music but old favorites such as "A Perfect Day," "Let the Rest of the World Go By," and many others. When the songs have been worked up, they will be sung on an assembly program.

**PERSONALITY**

She's tall, of dark complexion, has big blue eyes, pretty mouth, and wears clothes of the best taste She's become the Seniors' favorite. She's a member of Tahoka High School faculty, the Senior English teacher, and Senior sponsor.—Miss Snow Johnson.

Have you students stopped long enough to think which teacher has been roaming the halls of Tahoka High School the longest? Well, I will tell you. When you see someone that speaks to you every time he sees you and always has a smile on his face—that's right—it's Mr. Hanes! Miss Lucille Wright has been here a long time, but Mr. Hanes has topped them all and has broken the record with seven years.

Mrs. Fred House visited relatives and friends in Bell county last week.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion,* thus help build resistance for the "time" to come. Started 2 days before "your time", it should help relieve pain due to purely functional periodic causes. Try it!

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)
