CITY TAX RATE GOES TO \$1.45

The City Council of Abernathy, Texas, met in regular session Monday, August 12, 1968, at 7:30 p.m., with the following members present: Mayor Roy Jones, Aldermen Ralph Wolf, L. G. Deering, Absent: Alderman Royce Henson.

The minutes of the previous Council Meeting were read and approved as read.

The first item of business was the consideration of appraisals of a 73.76 acre tract of airport property that is being considered for sale to the Abernathy Recreation Center. The appraisals were as follows: Billy Shipman \$14,500 and Phillip O'Jibway \$15,000. Joe Chambers moved and L. G. Deering seconded that a resolution be passed that would accept the appraised value of \$15,000 for this land and that the City would agree to use a portion of the proceeds from this sale to make certain improvements at the airport that are in accordance with F. A. A. requirements. Motion carried.

L. G. Deering moved and Ralph Wolf seconded that Ordinance No. 163 be passed. Motion carried. The ordinance provides for an agreement between the City of Abernathy and the Texas Highway Dept., in regard to the maintenance of certain State Highways and portions of State Highways located in the Abernathy City Limits.

The City Council had a short discussion on the re-appraisal of property for the City Tax Roll. It was explained that Hale County and the other taxing units of the county were presently considering a joint re-appraisal program. The Council agreed to not participate in a re-appraisal program at this time.

The City Manager informally approved the Chamber of Commerce's request to allow the placement of the Christmas scene on the roof of the City Hall. In other business the City Manager reported that a formal application had been submitted to the Texas Aeronautics Commission for a State grant for runway maintenance at the airport.

L. G. Deering moved and Ralph Wolf seconded that YIELD SIGNS be placed at the intersections of 13th and E and 14th and E, which would give 13th Street and 14th Street the right-of-way. Motion carried.

The City Manager reports were given on the mosquito aerial spray program, police department and finances. The "City Dads" discussed a curfew ordinance, but took no action regarding this matter.

The City Council spent the rest of the meeting reviewing the proposed 1968-69 Budget. The City Manager reported that the General Fund had a deficit of \$2,970.90 with no additional revenues projected. It was reported that an additional 7% tax increase in the property taxes would raise an additional \$2,086.85, which would offset this deficit. It was explained that the main reason for the deficit was due to increased prices, purchase of a mosquito dusting machine and the establishment of a reserve fund to purchase a new street sweeper. The Council authorized the tax rate increase to \$1.45 per hundred dollar valuation, which is an increase of 7%. This is the first City property tax increase since 1956 when it was raised from 1.35 to 1.40. It was lowered from 1.40 to 1.38 in 1960, which has been the present rate since that time. A Public Hearing will be held at the next regular meeting in September for the purpose of reviewing the proposed budget.

TALK IN PRINT

-tip- It's time to organize Abernathy's 60th Anniversary Celebration Committee to plan the event set for the Summer of 1969. NOW'S the time to start making plans.

-tip- The 60th organization should be a duplicate of the 50th in 1959. That celebration came off as smoothly as one could expect of such a huge undertaking.

-tip- Please, please, no beads, whiskers or long hair for 1969. I think everyone is sick of such after so much exposure of the nuts on television.

-tip- Note to the person or committee in charge of the United States Flags which are placed at various businesses on appropriate occasions: Please consider placing the flags in their usual locations Tuesday, Nov. 5, 1968, General Election Day. I can think of no occasion more appropriate for flags to be displayed.

That day, Tuesday, Nov. 5, 1968, may be one of the most important dates America has faced.

The flags should remind every qualified voter to go to the polls and vote Tuesday, Nov. 5, 1968. Also, the flags will serve to remind them that they are free to vote as they choose.

-tip- We hope the big wheels of the Demo National Convention in Chicago next week go through with plans to cut out a bunch of the fluff, froth and feathers that make nominating conventions look like a three-ring circus. The TV viewers are not interested in all that hoopla. They want to get to the serious business of the platform and who'll be the candidates for president and vice president.

-tip- One's never sure until the grain is in the elevators and the cotton is in the bales, but it appears that the Abernathy area may make better-than-average grain and cotton crops this year. There are many hazards yet to be faced before harvest, but now the crops are beautiful. The South Plains, crop-wise, really puts on its "Sunday clothes" in August and September.

AHS FOOTBALL BOOSTER AD

MR. BUSINESSMAN: The Abernathy Weekly Review solicits your cooperation in sponsoring the AHS Antelope Football Booster Ad for the 1968 season. The Booster Ad is designed to show your support for the Antelopes by urging everyone to attend all of the Antelopes' football games, both at home and on the road. With Antelope fans in the stands at home and away from home, our boys know that they have the support of their hometown friends and boosters. Also, revenue from the sale of tickets to football games will help finance the school's athletic program. We'll appreciate your help and support in this Antelope Booster Ad Project. --The Review.

WHAT IS A
NEIGHBORHOOD
CENTER?

The Neighborhood Center is designed to enable the underprivileged to increase their competence and, to participate as citizens within the community. It is not a welfare program in the sense of handing out money. This is our attempt in Abernathy to declare war on poverty. The Neighborhood Center will operate in three ways to achieve this purpose.

1. To identify their own problems.
2. Determine what they can do about them.
3. Identify the resources, services and opportunities which the need.

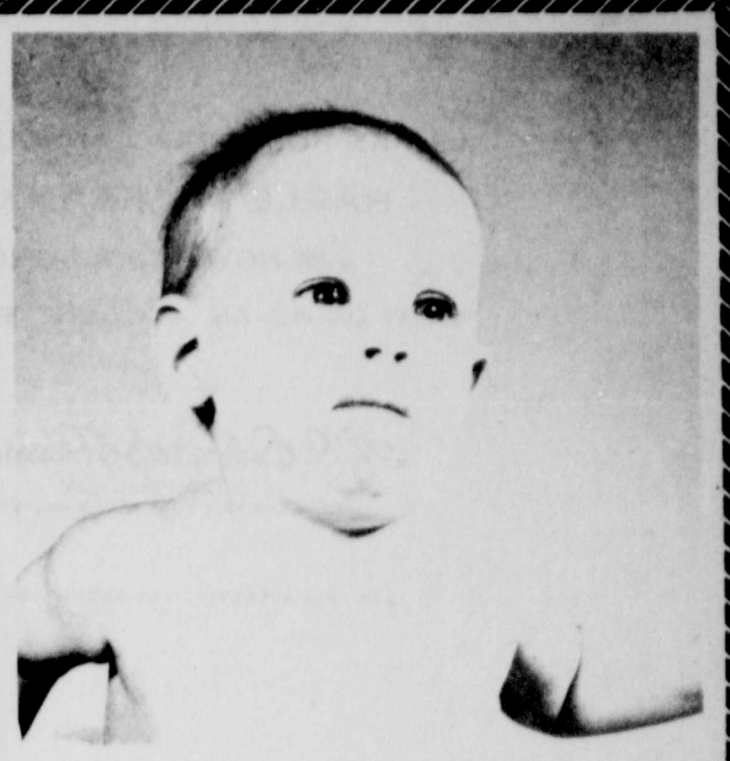

Those in need are as concerned for the future of their children as others are. They have faced unemployment and recognize their lack of qualifications.

Working together in neighborhood groups, they are led to identify their problems and approaches to their solutions. Some of these problems are:

1. Unemployment--frequently due to lack of training and education.
2. Need for vocational counseling and training.
3. Need for basic education.
4. Need for pre-school, cultural enrichment services to prepare children to use educational opportunities already available.
5. Need for tutoring programs for adults and children.

Now that you know some of the work that will be done at the Center, won't you think it over and ask yourself if you couldn't sacrifice at least two hours each week to help another human being become a better citizen in Our Community.

Community Action Program.

"Yeah! Guess I checked out too much too soon."

Embarrassing? . . . Well maybe, but it needn't have been. If he'd realized the demands he'd have to meet, our loan department could have helped him. We make loans every day to help out in financial stringency's . . .

Another way we help too, is helping you build your reserves with one of our savings accounts. And we make doing business with us real convenient with bank-by-mail and drive-in service. Let us help you, any way we can.
