

## Chest X-Ray Survey Begins In Wellington October 26

This year's county-wide chest x-ray program opens Wednesday, October 26, and an effort will be made to have every person 15 years and older participate in the free program, Jimmie Kelso, chairman, declared today, as final plans were being worked out.

The mobile x-ray unit of the State Health Department will be in Wellington four days, through Saturday, October 29, and it will be open each day from 8:30 a. m. to 5:30 p. m.

The x-ray unit will be located at the old Lion Auto Building on the east side of the square.

Dr. Carter Holcomb, county health officer, reviewed the high points of the chest x-ray program, a service made possible for the people of Texas by the State Department of Health and paid for out of tax money.

"You can see, this is not charity," the health officer pointed out.

"We are especially anxious that eligible persons have chest x-rays made. There are any number of people in the county in good health now whose chest ailments were first found in the chest x-ray surveys of other years.

"While the program was started in an effort to stamp out tuberculosis, it is also valuable in locating other heart and chest ailments, such as those affecting the heart, lung cancer, and a number of other less serious conditions.

"These are diseases most often found in older people, and that is why we especially urge that everyone 55 years of age and over come in while the mobile unit is here."

Emphasis has always been placed on the x-ray program in the schools.

It is pointed out that tuberculosis, or the other diseases of the chest, are not often found in children under 15 years of age, and for that reason, they are not included in the program.

## Carnival Queen Candidates Picked

Electioneering on the high school level is reaching a keen pitch as each of the four classes seeks votes — at a penny a vote for its candidate for Carnival Queen, one of the highest honors a girl can receive.

This year's candidates are Sharon Bettis, seniors; Molly Ann Denley, juniors; Francis Drake, sophomores; and Edalanda West, freshmen.

The winner will be revealed at the annual Halowe'en Carnival Saturday night, October 29, on the high school campus.

## Game Tournament Set Monday Night

The Domestic Science Club is sponsoring a game tournament Monday evening, October 24, at 7:30 p. m. at the community building.

All kinds of games will be played, assuring a full evening of fun, according to Mrs. J. Frank Johnson, president. It is suggested that game lovers see their friends, get their crowd and come along.

Proceeds from the tournament will be used to finance the club's park improvement project.

Tickets may be bought in advance from any member of the club or at the door.

## Baptists To Hold Layman's Day

Layman's Day will be observed at the First Baptist Church Sunday, October 23, under the direction of the Brotherhood.

A layman's choir will furnish the music. Testimonies will be given by Brotherhood members on "Why I Attend Prayer Meeting," "What I Get Out of the Brotherhood" and "Why I Tithe."

The Rev. Bill Thomas, pastor, will preach on "Luke, the Loyal Layman." The morning offering will go to help with the construction of Brotherhood Hall on the campus of Wayland College, Plainview, sponsored by Brotherhoods of districts 8, 9 and 10.

The Layman's service will begin at 10:50 a. m.

## DRESSMAKING WINNER

Today's miss can sew a fine seam, too, and Mary Beth Kelso proved it when she placed second in the Texas-Oklahoma district senior dressmaking contest sponsored by the Singer Sewing Machine Company. Wearing the prize-winning dress, she is seen here receiving her prize, a portable Singer machine, from G. G. Riflow, Wichita Falls, district manager for the company. The presentation took place at the Singer store in Childress.

## Cox Well Extends Irrigation Area

One of the best irrigation wells in the Loco area has been brought in on the farm of Fred Cox Jr., according to Elmer Carter of the Carter Drilling Co., who dug the well.

This well, not yet pumped to capacity, can easily be a 1,000-gallon per minute producer, it is predicted.

A 249 test hole showed water at the site. The well was drilled to a depth of 253 feet and 245 feet of drilled casing put in. The well was drilled through rock approximately 100 feet and the remainder was (Continued on page 8)

## Mary Beth Kelso Wins Second in Contest

Mary Beth Kelso, 15-year-old daughter of Mr. and Mrs. Jimmie Kelso, has placed second in the Senior dressmaking contest sponsored by Singer Sewing Machine Company in the Texas and Oklahoma district.

Her prize was a portable Singer sewing machine which was presented by G. G. Riflow, Wichita Falls, district manager, at the company store in Childress.

Miss Kelso's entry was a black wool sheath-dress with three-quarter

## Farm Bureau Elects Wallace O'Rear President

Collingsworth County Farm Bureau members, in the annual meeting and barbeque Saturday night, October 15, elected Wallace O'Rear of the Rolla Community president for the coming year. He succeeds Wood Coleman of Dozier, who later was unanimously elected a director at large, the first time that office has entered into the County Farm Bureau set-up.

In the business meeting, the members elected the remaining slate of officers; passed 22 resolutions, and tabled one, all presented by the resolutions committee, then passed one resolution from the floor which differed in wording but was similar in meaning to the one tabled.

Elected to serve with Mr. O'Rear were Gus Gooch of Abra, first vice-president; Cecil Shanks of Wellington, second vice-president; and Riley Dunson of Wellington, secretary, and tabled one, all presented were elected from each of the three districts: North of Salt Fork River: Willie Knoll, W. R. Breeding, J. C. Jones, Ernest Tate and A. S. Whitson; the area south of Salt Fork and west of the west boundary of Wellington: E. W. Anglin, Woodrow Wilson, Dudley Phipps, Chester White and Z. J. Neeley; the area east of the above boundary and south of Salt Fork: John Coffee, Murl Lacy, John R. Henard, Louis Patterson and Lewis Morris. Director at large is Wood Coleman.

In the short program that followed the barbeque and preceding the business meeting, Farm Bureau and Extension Service awards were made to outstanding boys and girls in 4-H, FHA and FFA work.

To Harriett Lowry went the second place award in the State-wide 4-H Club Texas Electric (Continued on page 8)

## Raise McClaskey In Air Reserve

William Worth McClaskey of Lockney, formerly of Wellington, has been promoted from major to lieutenant colonel in the Air Force Reserve. His notice of this reached him last week, although it was effective July 1 of this year.

McClaskey is wing armament officer on the staff of Brigadier General Jerry W. Davidson, who is commander of the 448th Fighter-Bomber Wing, Hensley Field, Grand Prairie is headquarters for the wing.

Reared here, McClaskey is the son of Mr. and Mrs. W. W. McClaskey and is a graduate of Wellington high school. He entered the Air Force as a private in 1940, served through World War II, and was discharged with the rank of major. He has been a major in the Reserve since 1946.

After returning from the armed forces, McClaskey was employed with the First National Bank, Langford Texaco Station at the corner of Highway 83 and Ninth Street, the farm labor employment headquarters this year.

## FOUR WELLINGTON MEN HURT IN 2 CAR COLLISION AT MULESHOE

Four Wellington men harvesting maize on the South Plains were seriously injured in a two-car collision just inside the city limits at Muleshoe Sunday, Oct-

ober 16, about 7 a. m. They were Calvin Adcock, driver of the car, A. J. Phipps, Orval Martin and Roy Larry.

M. D. Phipps, uncle of A. J. Phipps, went to Muleshoe Sunday and was told by witnesses that the other car involved ran into the one carrying the four local men. The driver, whose name he did not learn, was not hurt.

Phipps received a head injury; while Martin was reported to have a back injury; Adcock, several broken ribs and four teeth knocked out; and Larry, who came here recently, cuts and abrasions.

Adcock and Martin were being returned to St. Joseph's Hospital Tuesday afternoon and the others are due to be transferred here as soon as they are able.

The group were crew members of custom combine outfits operated by Adcock and Ray Peoples

## Garden Club's Flower Show Sat. Highlights Early Autumn Activities

Fall flowers in profusion from the yards and gardens of the county will be featured at the Flower Show in the Wellington community building Saturday, October 22. Directed by Mrs. Charlie Neece of Wellington, the show opens at 10 a. m. and will continue through the day.

It is sponsored by the Wellington Garden Club.

"This is strictly an amateur event, and everyone with flowers is urged to bring as many entries as possible," Mrs. Neece said.

Ribbons will be awarded for first, second and third places. An orchid will be presented by Strongs

## One-Day Scout Fund Raising Drive Slated Here on Tuesday

The annual Boy Scout fund raising campaign is slated for Tuesday, October 25, the only time of the year local residents are asked to give financial support to this movement.

Chairman of the campaign is L. B. Bratten, and assisting him are a number of local business and professional men.

No goal or quota has been set in the drive, but it will be stressed that all friends of Scouting give something.

Special gifts chairman is Sunday Bill Smith. Working with him are Henry Sullivan, Charles Allen, Bobo Castleberry, John Holton, Lowell Wells and George Shaddid. This group will contact individuals and businesses who may wish to make substantial donations.

John Ben Castleberry heads general solicitation. Captains working under him are Dudley McMillin, James Sullivan, John Forbis, Jimmy Cochran, Walter Winters, and Douglas Bevers.

Other chairmen are David Robinson, auditing and prospect and rating; Paul Spillman, publicity; and George Henry, arrangements. Plans for this drive were made Sunday, September 25, at a meeting at Camp Ki-O-Wah, near

## None Injured In Collision

Occupants of a 1952 Ford Pickup and a 1955 Chrysler four-door sedan escaped injury when the two vehicles collided at the Lutie Store Sunday evening about 6 p. m., Sheriff John Rainey reported.

Earl Brashear, driver of the pickup, told the sheriff that he was driving away from the store, headed north on highway 83 but failed to see the on-coming car, driven by Herman Lee Whitworth of Quanah. Whitworth's wife and small child were with him.

Both vehicles were damaged considerably, Sheriff Rainey said. Investigating for the county were the sheriff and Deputy Kenneth Hodge, and for the Highway Patrol, Noel Callaway and Clinto Culp.

Flowers to the exhibitor winning the largest number of blue ribbons.

Several classes have been added since the original premium list was announced, Mrs. Neece said.

Corsages are a new feature, with the individual exhibitor to work out her own ideas.

Pot plants are also featured. Anyone with pot plants they wish to exhibit, but do not have a way to bring them to the community building, can call Mrs. Neece, Mrs. J. M. Strong or Mrs. Verna Light by Friday evening, and arrangements will be made to pick these up.

Exhibitors must arrange single specimen in soft drink bottles, with the exception of such heavy-blossomed flowers as dahlias and zinnias, which must be in pint milk bottles. Each exhibitor entering an arrangement must use her own container, Mrs. Neece said.

Explaining the class of "miscellaneous arrangements," she said that these could be arrangements devoted to such things as halloween, Thanksgiving, Christmas and other arrangements.

The various divisions to be included in the Flower Show include:

Division 1: Single specimen hybrid tea roses, with one section for red, pink, yellow, white and ivory entries and another for peach and two-toned blossoms; also 3 blooms, one color; 5 blooms, one color; 7 blooms, one color and 12 blooms one color.

Division 2: Florabunda roses: one spray any color; two sprays any color; five sprays any color.

Division 3: Polyantha roses: one spray any color; two sprays any color; five sprays.

Division 4: Dahlias, informal decorative: 1 bloom; two blooms, five or more blooms; cactus and semi-cactus type of one, two or five or more blooms; and an arrangement of miniature dahlias, any number.

Division 5: Chrysanthemums: one bloom, three blooms; seven or more blooms; and arrangements (Continued on page 8)

The all-new 1956 De Soto looks great from any angle—and it's sparked further with the revolutionary new mechanical push-button drive. At top are (left) the Fireflite two-door hardtop and (right) the Fireflite four-door sedan demonstrating the new long and low look afforded in the upswept rear fenders and the restyled color sweep. At the bottom are front and rear ends of the same cars showing the completely new front and rear ends. A full-swept, perforated mesh

grille, built-in parking lights and insignia are only part of the front end changes. The taillight assembly of three-tiered, turreted lights are an integral part of the dramatically changed rear fenders. The finger-tip touch drive and exterior redesigns shown are but a few of over 24 styling and engineering changes, including greatly increased power and striking new color-keyed interiors in decorator fabrics, in the new De Sotos.

## Morton Motor Company Has Powerful New 1956 DeSoto on Display Today

The daring, ultra-modern "Flight Sweep" body styling concept of the new 1956 De Soto combines the beautiful sweeping lines of the "Forward Look" with high-sweep fin-type rear fenders to provide an even more dramatic, low slung, taut, eager and striking forward thrust appearance.

From the new full swept perforated mesh "floating" grille, bumper, parking lights and safety beam headlamps, to the smart new upswept color sweep and rear fenders with three-tiered, turreted, body-integrated and highly decorative tail lamps, these cars are lithe, clean-lined and uncluttered. They will be recognized immediately as the smartest, longest and lowest-looking ever produced by De Soto, according to A. E. Kimberly, Chief Engineer, De Soto Division of Chrysler Corporation.

### More Power

Both the Fireflite and Firedome models are powered by new engines, with substantial increases in power, in keeping with performance requirements of our super-highway age. The Fireflight engine now provides 255 horsepower, while the Firedome is rated at 230 horsepower.

Both engines, set in cushioned cradle front mountings, deliver more torque for improved getaway acceleration, plus improved fuel economy. Increased displacement, higher compression ratio, larger valves, redesigned intake and exhaust ports, new spark-plugs, and

improved carburetors all contribute to increased output and higher efficiencies. Dual exhaust systems are optional on both.

Crankcase capacity has been reduced to 4 quarts, which means a saving at each oil change.

On 1956 De Soto models equipped with Powerflite transmission (standard on Fireflite), a revolutionary and exclusive mechanical push-button drive selector is designed as an integral part of the left end of the instrument panel for safer operation and ease of control. Within convenient fingertip control with the left elbow on the arm rest, the housing unit, with neutral, low, drive and reverse selector buttons, is safely out of reach of children or other passengers. Push-buttons are illuminated for night driving, and the inadvertent selection of reverse is automatically blocked out at speeds above 10 M. P. H.

### Safety Measures

A completely new advanced braking system will be standard equipment on all De Soto models, with or without power brakes. Known as floating "Center Plane", the brakes are considered by De Soto officials to be the finest ever developed for passenger cars. With 25 per cent more braking surface, these brakes provide 25 per cent less pedal effort and a very low wear rate, with up to 20,000 more miles of lining service.

Optional power brakes for all models have been improved to pro-

vide instantaneous power response, with a pedal now nearly the same height as the accelerator treadle. A reservoir tank provides for emergency braking.

All 1956 De Soto models will be equipped with the nationally approved new safety (sealed) beam headlamps which project the low beam approximately 80 ft. further on the right hand side without creating a glare for the oncoming motorists. This is accomplished by a low beam filament cap which prevents the scatter of the rays above the horizontal. Back-glare is also reduced when driving in snow, fog or rain. The power on each beam has been increased by 5 watts.

In addition to previously offered accessories, several new improvements are offered for increased driving comfort and convenience. One is an instantaneous heater which delivers hot air within five seconds after it is turned on, regardless of outside temperatures.

De Soto for 1956 will also offer the sensational and exclusive Highway Hi-Fi, a high fidelity record player which plays through the radio to provide music or recorded readings. The seven-inch records play up to 45 minutes per side, completely undisturbed over the roughest roads. Exceptional fidelity was designed to compensate for normal traffic sounds. With six records stowed in the unit, furnished with purchase of the accessory, up to nine hours of

entertainment is thus provided. Highway Hi-Fi was especially developed for Chrysler Corporation by CBS Laboratories.

Among other new accessories are a hand brake warning light, a 15-jewel precision steering wheel watch, dual rear radio antennae and a Triad, or third tone, with a distinctive commanding tone.

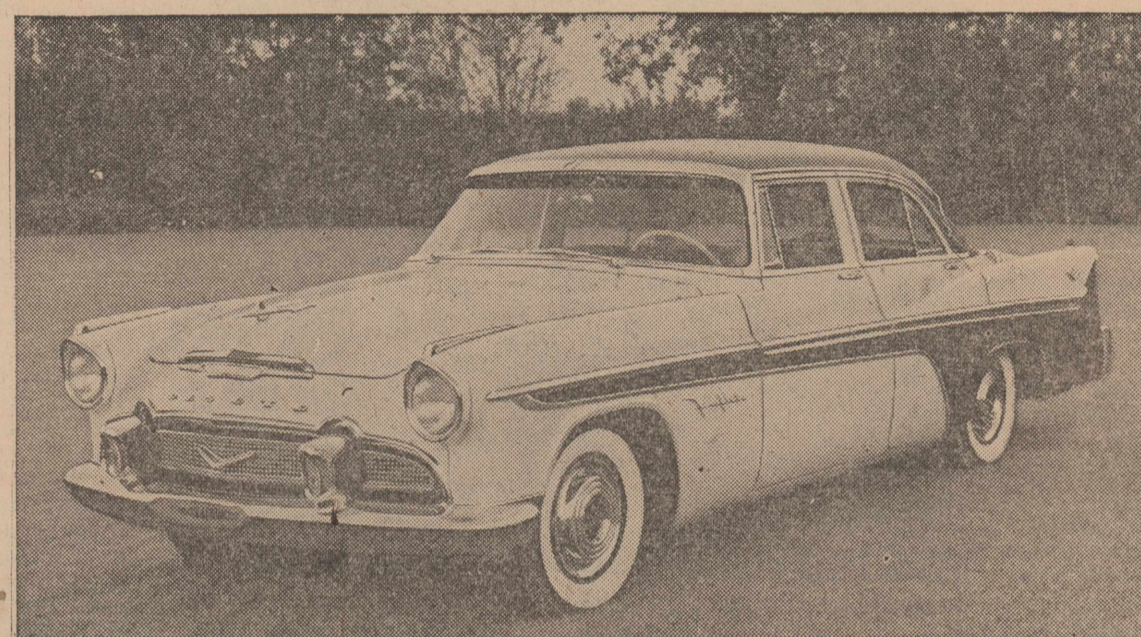

In addition, the line will feature a 12-volt electrical system for high ignition potential on cold starts and at low speed charging rate; new one-piece, single motion, pull-design door handles; an improved turn signal, made longer and nearer the wheel for easier operation without removing hand from the wheel.

### Record Number of Colors

A record of 84 color combinations, unusual iridescents, pastels, etc., including 14 solid colors, will be offered. These are color-keyed to rich decorator fabric interiors, including brocades, damasks, failles, leather, etc.

Body styles include in the Fireflite models four door sedans, two door Sportsmen coupes (hardtop), four door Sportsman sedan (hardtop) and convertible coupe. Firedomes include four door sedan, two door Seville coupe (hardtop), four door Seville sedan (hardtop), two door Sportsman coupe (hardtop), four door Sportsman sedan (hardtop), convertible coupe and station wagon.

# See the Beautiful 1956 DeSoto Now In Our Showroom

Modern in the Forward Look manner but the ultimate in the tradition of graceful elegance is the new 1956 De Soto Fireflite four-door sedan shown here. The second phase of De Soto's Forward Look highlights extensive exterior body changes, including a dramatic new upswept lift to the popular color sweep that runs the virtual length of the car. Other glamorous new touches are the all-new front and rear ends, lush color-keyed interiors in brocades, damasks, leather, faille and other decorator materials. New perforated mesh grille with built-in parking lights, and a dramatic, turreted, three-tiered taillight assembly are among over two dozen highlight changes in design and engineering.

Push Button Driving Has Come to Collingsworth — But that's Just One of DeSoto's Wonderful Features!

... it's powerful

New, larger engines power both the Fireflite and Firedome models, giving substantial increase in power — just what is needed for this super-highway age. But you'll find this means fuel economy—in fact economy in every phase of operation.

With this increase of power, there has been a corresponding increase of safety features — a new advanced braking system, that most important device, and other such features as redesigned door locks, windshield wipers to wipe around the corners of wrap-around windshields, new safety beam headlamps to project the low beam approximately 80 feet further on the right hand side without creating a glare for the oncoming driver.

... there's new styling

The new styling is in keeping with mortoring demands of tomorrow! We're featuring the "Forward Look" — to meet the future. No matter from which direction you look — DeSoto looks new ... beautiful and cleanlined and uncluttered in appearance. You can recognize DeSoto a long way off.

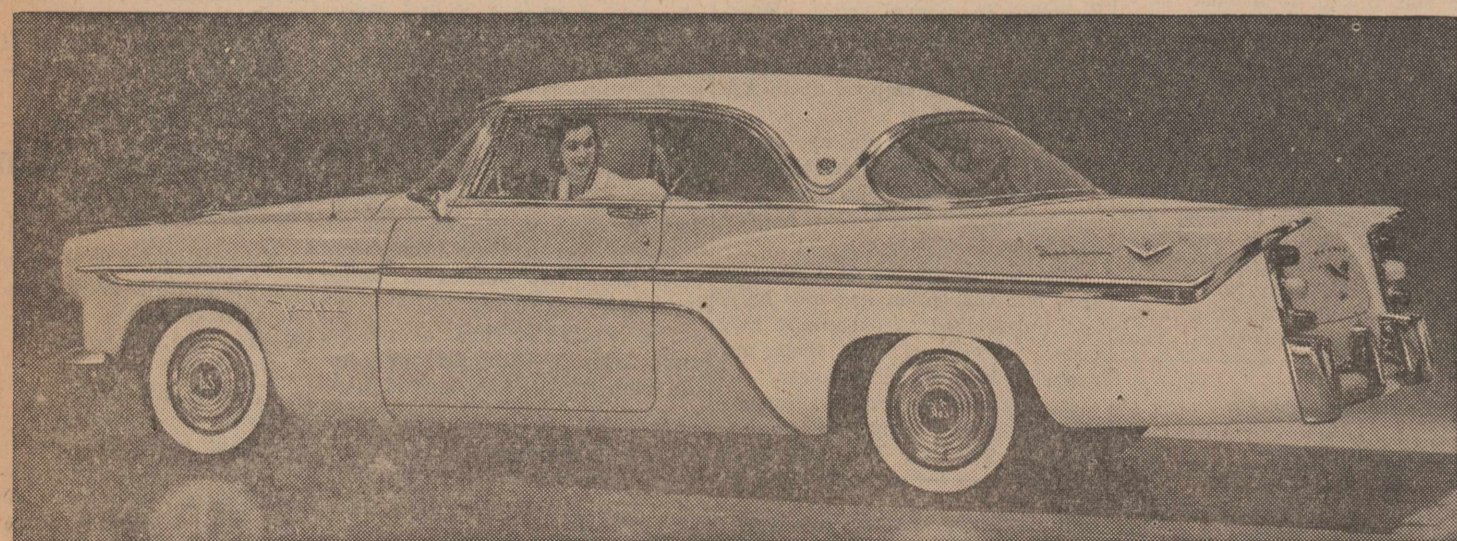

... and there's push button control

Models equipped with Powerflite transmission feature a revolutionary and exclusive mechanical push-button drive selector designed as an integral part of the left end of the instrument panel for safer operation and ease of control. Within convenient fingertip control with the left elbow on the arm rest, the housing unit with neutral, low, drive and reverse selector buttons, is safely out of reach of children and other passengers.

Come to see us today — and see for yourself there's no finer car than DeSoto!

# Rockets Edge a Tight 20-19 Win Over Bucks

What was supposed to be their only breather of the season left the Wellington Skyrocket team somewhat breathless Friday night as they scratched out a 20-19 win over the White Deer Bucks at White Deer.

The Bucks, sparked by 140-pound Jerry Mills, played some sharp football, capitalized on several breaks, held the Rockets scoreless in the first half and were out in front score-wise in the second half.

Two of the Rockets' eight lost fumbles put markers on the Buck side of the scoreboard. One of Wellington's three pass interceptions resulted in a tally for the Rockets.

None of Wellington's nine pass attempts wound up in Buck hands, but only three were completed for 45 yards. The Bucks went into the air ten times, lost three by interception, completed one for 16 yards, and one for 73 yards and a touchdown.

Wellington punted once for 11 yards. The Bucks punted three times for a total of 40 yards, and had two punting tries blocked.

The Rockets made 15 first-downs, the Bucks 10.

The White Deer team was never closer than the Wellington 42 yard line in the first half, while the Rockets hit the Bucks 20 on three occasions.

Seconds before the half ended, the Rockets had driven to the Bucks half-yard line. A keeper by Pat Wilkins laid the ball over the goal line on the final play, but the touchdown was not allowed on the referee's theory that the ball might have been pushed over the line after being whistled dead.

The Rockets first score came well into the third quarter when Warner Ford intercepted a Buck pass on the White Deer 36 and returned it to their one yard line. Duggie Jameson sneaked for the touchdown and Pat Wilkins made the point-after.

The Bucks received and made three yards in three tries and attempted to kick. Wellington received the blocked kick on the Bucks 44. Wilkins, Ted Stansbury, Jameson and Don Crawford rolled behind a hard-charging line for the first two downs to the White Deer 8. On the first of a new series of downs, the Bucks 155-pound center, Jerry Gray, snatched an air-borne fumble and toted some 95 yards to a touchdown. Pursuing Rockets were neatly clipped out of play by Gray's teammates.

Mills' attempt to carry for the extra point was stopped by Don Crawford and numerous Rocket teachers.

The third quarter ended, Rockets 7, Bucks 6.

In the fourth quarter, play beginning on the Deer 34 by virtue of an earlier keeper by Wilkins over right tackle for 6 yards, Stansbury made 6 at the center, and Jameson 22 around left end, to the Buck 6. White Deer recovered a Rocket fumble and drove back to the 50, where a second punt attempt was blocked to give the Rockets the ball on the Buck 31. Jameson, on the first carry went around left end for a second marker. Wilkins' kick was no good.

The Bucks received on their 10, Mills returned to his own 25. On third down, from their 27, Mills tossed to 190-pound Buck end Ernest Reusch, who rambled 73 yards for a score. Mills try to run for the extra point was interfered with.

Still leading 13-12, the Rockets fumbled after a 10-yard return of the kick and the Bucks recovered on the Rocket 21. On the first play, Alton Hill went over right tackle for a third Buck touchdown and successfully ran his own extra point.

Behind, 13-19, the Rockets took the kick on their 37, returned it 7, and drove from their 44 to the Bucks 0, through the air and on the ground, with Maxie Tarver covering the last 12 yards in slightly less than two seconds.

A pass, Jameson to Tarver, put the winning score on the scoreboard.

The desperate Bucks took the kick on their 10, Mills returned it 30 yards. A drive over left guard racked up a first down. Two incomplete passes were followed by one that was frighteningly complete to the Wellington 35, and the Rockets cheerfully greeted the final whistle.

The Rockets swallowed three penalties in the first half for 35 yards, none in the second half.

White Deer took four penalties for 35 yards in the game.

Except for a multiplicity of fumbles, largely attributable to fast Buck footwork, the Rockets played their usual competent game. Pretty well devoid of stars, they appear unflustered by bad breaks and turn in a consistently good performance in all positions.

Wellington meets Clarendon next Friday, still undefeated in conference play and very well pleased with their only loss, when they held Phillips to a tighter game than any other team has been able to do yet this season.

**Dodson Church Has Study Course**

A course for all members who have come into South Baptist Church, Dodson, during the past six months, and for young people of the church, is being taught by the Rev. Bill Hendricks, pastor.

The classes are held each Sunday evening at the Training Union hour, 7:15, and will continue seven weeks.

The course is designed to train these people in Christian leadership, the distinctive doctrine of the church, methods of reaching spiritual maturity, and means of practical Christian service, Rev. Hendricks expalined.

The text used is "Your Life and Your Church."

Wright, Sheri Graham, Betty Paterson, Mary Jo Phipps, Glenda Phipps, and the advisor and family, Mr. and Mrs. Monty Mitchell and Mike.

**Swearingen News**  
 by Mrs. D. M. Jarrell

Mr. and Mrs. Elvis Pitts made a business trip to Amarillo Wednesday.

Mrs. J. L. Watts and Mrs. Roy Thomas visited in the William O'Rear home Tuesday.

Mr. and Mrs. S. L. Winter of Knox City visited in the Frank Boyles home Thursday.

**HD Clubs Plan Big Rummage Sale**

All Home Demonstration Clubs of the County are sponsoring a rummage and bake sale Saturday, October 22, at Higdon Auto Sales on the east side of the square.

They will offer all types of baked foods.

Mrs. Emil Kersten, finance committee chairman, said the proceeds will go in the Home Demonstration Club Council treasury to finance various events sponsored during the year.

**Letters From The PEOPLE**

Wellington Leader:

Enclosed is a check for the paper. Although 2000 miles away we still like to read what's what and who is who in Wellington and Collingsworth County.

Although this is supposed to be a rainy country I believe you have had more rain there than here. There is an abundant crop of all fruits, vegetables, and nuts here. There was a good crop of beans, and corn is being canned now. It looks like the gins around the cannery, as there are several trucks loaded with corn there all the time and was the same way with the beans.

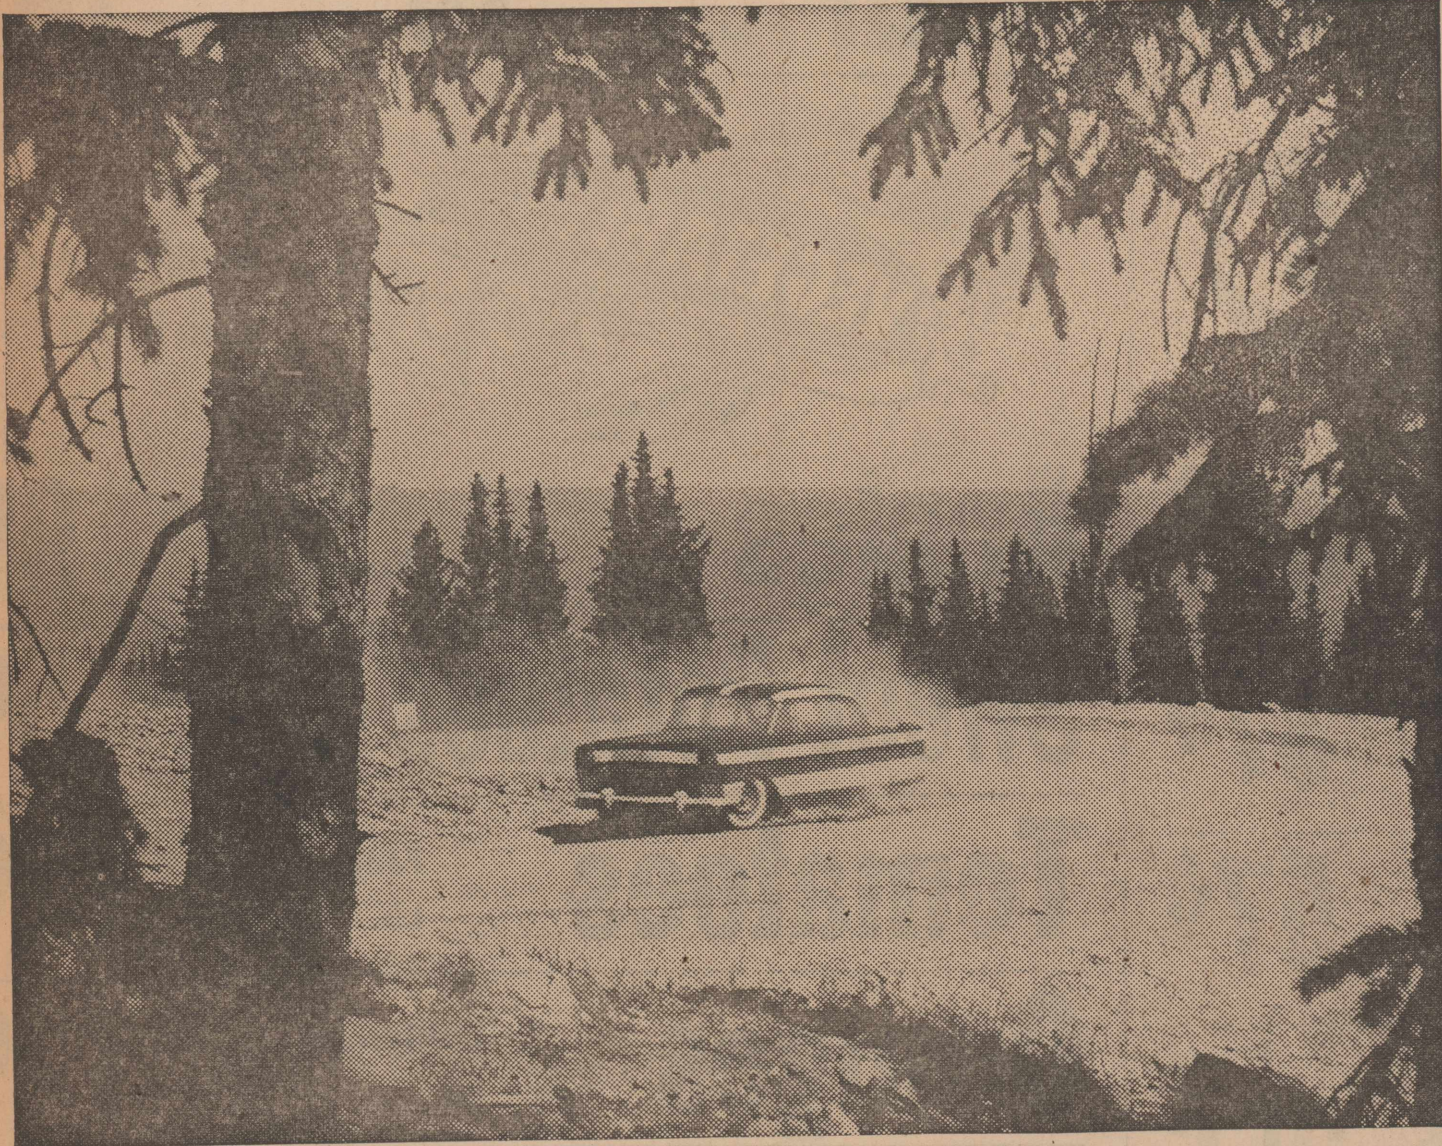

Thanks for the notice on the paper.

**'56 Chevrolet sets new Pikes Peak record in top-secret test!**

Not long ago a hush-hush, camouflaged '56 Chevrolet scorched the nerve-breaking road up Colorado's Pikes Peak for a new NASCAR\* certified record—the first time that old King of the Mountains has seen a new official stock car record in years! And what a road! 170 chilling turns and no guardrail! It's the first and only time a new model ever proved itself such a great road car before its introduction! The '56 Chevrolet showed the kind of performance that makes driving safer and more fun. So wait for the car that beat the King of the Mountains!

**And We Are Grateful To You**

During these nine years, you have given us a splendid business — one which has grown year by year. We feel that this means we are rendering a real service that has meant savings and better food to you who are our customers.

On the occasion of our birthday, we want to review some of the services we offer:

**SLAUGHTERING** — we do slaughtering for both individuals and meat retailers. Every precaution is taken to see that the meat is dressed in the most sanitary manner to conform to all state regulations. All you do is drive your animal to our plant.

**CURING** — Pork is cured by our stitch pump system, then smoked over Hickory Wood fire to provide that distinctive hickory taste. Beef is handled by experts who know how to cut and package it according to your family needs.

**LOCKERS** — Perhaps our best known service is found in our frozen food lockers — where the family food habits of the people of Collingsworth have been revolutionized in the last 9 years.

Hunters and fishermen take advantage of our lockers to provide these delicacies for the family throughout the year.

And as we said at the beginning of this ad, we are grateful for the business you have given us in the past. We will continue to operate the business to merit your patronage, your support, and most of all, your friendship.

# Announcing the Fabulous '56 Pontiac

## Introducing A BIG AND VITAL GENERAL MOTORS "AUTOMOTIVE FIRST"!

A new Strato-Flight Hydra-Matic—coupled with Pontiac's 227-H.P. Strato-Streak V-8—results in performance so new and dramatic it must be experienced to be believed!

With all that's newest in glamour—and all that's greatest in "go"—the fabulous '56 Pontiac, now on display, awaits your hands on the wheel. And when you drive it, you will get the biggest thrill in all your motoring experience—because this car is really loaded! The big and vital General Motors "First", which heads its long list of look-ahead features, couples the two most advanced high-performance developments in the industry: 1. An all-new, big-bore Strato-Streak V-8 engine that puts 227 blazing horsepower at your toe-tip.

2. A completely new Strato-Flight Hydra-Matic\* that delivers this terrific "go" with a smooth surge of power at any speed. You now sweep from take-off to top performance with the ease of a sailplane. You slow down for traffic, speed up for passing, or gun for a high hill with the changing pressure of your toe on the accelerator the only sign of effort. You may have had it smooth before—but never like this! It literally must be experienced to be believed. That's plenty—but there's much more to make this a date to be long remembered.

There's smart, new beauty and luxury for America's most distinctive car. There's the safety of big brakes and road-hugging length . . . the security of a smooth new ride and sure-footed cornering. There are many, many other things which mark this beauty as the glamorous pattern for tomorrow's cars. But come in and see for yourself. Take a long look at the six luxurious new Four-door and Two-door Catalina hardtops. Sample the results of its fabulous General Motors "First". Sure as you enjoy thrilling action, here's your next car! \*Optional at extra cost.

#### DOZIER

By MRS. ALEX COLEMAN

Lawrence Overcast and Charles Holt from West Texas at Canyon visited in the W. I. Maberry home over the weekend.

Miss Patricia Maberry visited Lavern Coleman Thursday.

Mr. and Mrs. Jessie Coleman visited Alex Coleman and family Saturday.

Weekend guests in the Wood Coleman home were their sons, Lt. Dudley Coleman and family, Douglas Coleman of Texas Tech and Miss Pat Kinsey of Los Angeles, California. Lt. Coleman left Sunday night for Fort Lewis, Washington. From there he will ship out for assignment in the 'Far East'.

#### South Baptist Has Family Night

Family night was featured at South Baptist Church, Dodson, Monday, October 10, when three groups held separate meetings, then came together for a joint fellowship hour.

Guest speaker at the Men's Brotherhood was the Rev. Bob Evans, pastor of Faith Baptist Church, Wellington. Music was by four members of the Royal Ambassadors, Joe Lennon, Bobby Fillpot, Garth Lewis and Roger Hugh Painter.

The special meeting of the WMU featured a program centering on the WMU hymn, "Come Women, Wide Proclaim." Special recorded music by the pastor, the Rev. Bill Hendricks, was given. Mrs. Bob Evans was a special guest.

At the same time, the Royal Ambassadors, boys group, held a ranking meeting.

Later the three groups met for refreshments at Fellowship Hall. "We feel that these family nights provide a period of fellowship, education, and inspiration to the life of our church," Rev. Hendricks said.

#### Funeral For Mary Elizabeth Battle

Mary Elizabeth Battle, 84, local colored woman, died Monday, October 10. Funeral services were held Friday, October 14, at Mt. Corinth Baptist Church with the Rev. J. E. Smith, pastor, officiating.

Pall bearers were Ernest Phagens, Howard Powell, Jack Thomas, Logan Bailey, Alonzo Price, and Sims Kilgore. Flower bearers were Clara Frazier, Mary Hunnicutt, Sarah Young and Pearle Price.

Burial was in the West Wellington cemetery under the direction of the Kelso Funeral Home.

#### Former Residents Here First Time In Twenty Years

A couple who left Collingsworth county 21 years ago, returned during the weekend for their first visit in 20 years.

Mr. and Mrs. O. L. McBride of Fort Worth brought her mother, Mrs. L. W. P. Land, also of that city, to visit in the home of another daughter, Mrs. L. B. Harrison of Rolla.

Also here with them were their daughter and family, Mr. and Mrs. Johnny Bales and three sons, Johnny Lee, Stephen Lynn and Terry Warren, and another son, L. K. McBride, who was born after the family moved to Fort Worth. Their other son, O. B. McBride, also lives in Fort Worth.

Mr. McBride is engaged in construction work in that city.

#### BTW Students Visit Leader

#### Gilmore Locker Plant Observes Ninth Anniversary

Gilmore Locker Plant, owned by L. A. Gilmore and Elmer Hiett, this week is observing the ninth anniversary of its establishment in Wellington.

The owners took this occasion to recall how the food habits of the people of Collingsworth county have changed during the period—and the part their business has had in this change.

"When our locker plant was opened, most county women who put up their families winter food supply, did it by canning, and that hot job always came in the hottest part of the summer," the owners recalled.

"There is still lots of canning done in the county, but most of the vegetables, along with meats and poultry, are now quick-frozen. It's so much easier than the old fashioned methods, and all of us have found it has brought about a revolution in our eating habits."

"We're still learning new things about freezing foods, and each year more of that fresh-picked taste is retained in fruits and vegetables."

While the frozen food service is probably the best known of those offered by Gilmore Locker plant, it is only one of several.

There is the slaughtering department handling beef and pork, not only for individuals, but for a number of commercial firms as well.

Going along with this is the curing plant, and a special blend of smoke-curing has brought the more than local recognition in this line to Gilmore Locker.

The firm also makes its own pork sausage, which is sold in markets throughout the area under the plant name.

Sportsmen of the area have found that one of the locker services pays off to them, and more than one has brought home several months supply of fish—the ones that didn't get away—or venison, or game birds, or even bear.

"We look back on all this with a sense of satisfaction, but that doesn't mean we have stopped. Gilmore Locker is always looking for new and better ways to serve you," Mr. Gilmore and Hiett declared.

#### Spanish Club to Fiesta Mexicana

Approximately 25 members of the Spanish Club of Wellington high school attended the Fiesta Mexicana in Amarillo Tuesday night, October 18.

This was a presentation by a group of major motion picture and television stars from Mexico.

Mrs. Bob McAlister, Spanish instructor, was in charge of the trip.

#### Dr. Orr Speaks To Literature Class

Dr. J. M. Orr, who with his family returned recently from England where he was stationed in the Army, was guest speaker recently before the Fourth year English Literature class of Wellington high school.

Dr. Orr showed slides taken by the family. Most of those shown

were of literary landmarks they visited, although others were of the English countryside. He accompanied these with commentary, some of it pertaining to works the class has studied.

Mrs. Bob McAlister, instructor, said the class has done extensive reading lately on the period of Elizabeth I, and while some of this was assigned, almost all the students had gone beyond the assignments with considerably more reading.

**TEMPLETON NAMED TO REFUGEE RELIEF PROGRAM FOR COUNTY**

The appointment of the Honorable R. L. Templeton, County Judge, as local representative for the Governor's Committee for Refugee Relief Program has been announced by John H. Winters, Committee chairman. Judge Templeton will act on behalf of the State Committee in Collingsworth County.

The Committee was appointed by Governor Allan Shivers at the request of President Eisenhower to inform the people of Texas on the Refugee Relief Program. In addition to Winters, who heads the State Department of Public Welfare in Austin, members are the Rev. Henry Herbst, pastor of SS. Peter and Paul Church, New Braunfels; the Rev. A. O. Rast, Executive Secretary of the Texas Lutheran Mission Board; Leonard L. Holloway of the Baptist General Convention of Texas; Sam W. Levy of Houston; and C. W. Pfluger, Jr. of Coupland.

Under the Refugee Relief Act of 1953, 214,000 displaced persons were declared admissible to this country. Recent figures show slightly over 43,000 have obtained sponsors and have migrated to the United States.

Of this number it is estimated that less than 500 have been brought to Texas.

To be successful in helping displace, the Refugee Program will need placed persons get a new start in assurances from 30,000 to 40,000 sponsors by early in 1956.

A sponsor is required to give assurance that the refugee will be provided with employment and housing and will not become a public charge.

The refugee's qualifications to fill the job provided him are certified by overseas officials. The Governor's Committee noted that a large percentage of the refugees are classified as agricultural workers who could be absorbed easily in the farming and ranching regions of Texas. Many skilled craftsmen are also looking for new homes in America.

"These refugees have escaped, in many instances, from prisons and concentration camps to wind up spending years in refugee camps waiting for resettlement," said Mr. Winters. "Texas is lagging in doing its part in this humanitarian program to which our nation has

committed itself. Judge Templeton, as representative of the Governor's Committee for Refugee Relief Program in Collingsworth County, will give the details of the Program to any employer or citizen interested in providing a new opportunity to a refugee."

**Wellington FHA Installs Officers**

Wellington Future Homemakers installed officers for the coming year and initiated 24 new members into their organization.

Ada Carole Thomas, outgoing president, acted as installing officer. Mary Beth Kelso, elected to the office of president last spring, was installed in that post, along with Sandra Smith, first vice-president; Betty Linville, second vice-president; Wanda Shinn, secretary; Loretta Phipps, treasurer; Retha Linville, parliamentarian; Joy McGarry, historian; Katherine Sanders, reporter; Sherrie Smith and Janie Sue Sorrells, song leaders; Nell Wilkerson, pianist.

A candlelighting ceremony was used. Refreshments were served. A special feature at this time was the presentation of a birthday cake to the chapter mother, Mrs. Jimmie Kelso.

Girls initiated into the chapter were Jo Ann Langford, Glenna Ward, Betty Patton, Charlesrene Molsenbocker, Edna Faye Bryant, Jeanetta Gollighugh, Carolyn Keller, Donna Lowrie, Mary Lou Sanders, Nina Harrison, Doris Tharp, Janice Downs, Nena Nell Bolton, Katherine Sanders, Nell Wilkerson, Sherry McDaniel, Doris Wolf, and Linda Ann Hanna.

A recent study of more than 1500 industrial plants over a 10-year period revealed that industry showing the greatest increase in employment also showed the greatest increase in the use of water.

**LILLIE**

By MRS. G. D. THOMAS

I guess the readers of the Leader are wondering if Lillie Community still is on the map. Yes we still here but only been silent through the news lately.

Crops in the Lillie Community are looking ok only later than usual. Yet there are few starting pulling boles this week. Haskel Manuel, H. L. Jenkins, Zook Thomas, William Blasingame are some of farmers that have hands in their field. The Quail School closed Friday for cotton pulling.

Mrs. G. Cowen and Sally Billy of Mobeetie and Pearl Cowen of Pampa visited in the Elmer Harelson home Sunday.

Mrs. S. E. Brown spent the weekend with her daughter-in-law, Mrs. Clyde Brown at Rola last weekend.

There are lot of the farmers in the Lillie Community that are planting rye to protect the top soil during the winter months.

Mrs. G. D. Thomas return Sunday evening from Amarillo where she been at bedside of her brother, L. P. Ashton for a week. We sorrow to report he is still in very serious condition. His address is 4503 A East 17th if his friends would like to visit him while in Amarillo.

Mr. and Mrs. Hubert Manuel of Childress and Mrs. Don Manuel of Wellington and Joey were dinner guests in the Haskel Manuel home Sunday.

Mrs. Elmer Harelson visited in the Conn Hall home Monday morning.

Mrs. G. D. Thomas visited in the L. D. McMinn home Monday eve.

Presley and Shirrie Ashton of Cactus visited in the E. L. Wilson home at Wellington Sunday eve.

Several from Lillie attended the Singing at Wellington last Sunday eve.

Lillie Community really got a good soaking rain last week.

**Students See Macbeth Film**

A two-hour film presentation of Shakespeare's "Macbeth" starring Maurice Evans and Judith Anderson was shown to all students of Wellington High School here Monday in 2 separate showings.

Filmed from a recent NBC television performance which won wide-spread acclaim with both audience and critics, "Macbeth" has been made available to the nation's high schools and colleges free of charge by Hallmark Cards, Inc., Kansas City greeting card firm which sponsored the Evans-Anderson performance on its Hall of Fame television drama series.

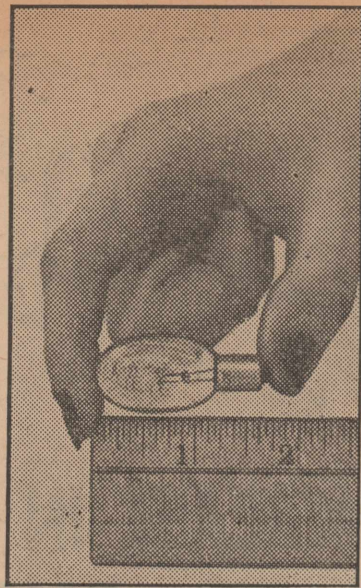

In addition to Evans as Macbeth and Miss Anderson as Lady Macbeth, who recreated for television the tragic roles they made famous on Broadway, the picture's cast includes House Jameson as King Duncan, Steats Cotsworth as Banquo, Richard Waring as Macduff, and some 40 others. It was originally shown November 28, 1954 on some 60 stations of the NBC-TV network.

Mr. and Mrs. Emil Kersten attended the State Fair in Dallas Wednesday and Thursday.

Mr. and Mrs. Emil Kersten and Mr. and Mrs. Charlie Bennett were at Dumas during the weekend to visit their children, Mr. and Mrs. Calvin Kersten and children. Five-year-old Vicki returned home with her grandparents for a visit.

A. J. Fires and sons, Mark and Alan, were in Amarillo Friday.

Mrs. A. N. Hutcherson is visiting her sister, Mrs. William Kerschner, Latham, Illinois, and also with relatives in Fairfield, Illinois, her girlhood home. She will be away about two weeks.

**PTUP**—Less than two inches long, today's miniature flash bulb is the smokeless, nearly noiseless offspring of the flash powder gun with its noise and commotion of yesteryear. Its more immediate ancestor, the flash bulb about the size of a 150-watt light bulb, was first introduced in the United States in 1953.

**FORT HOOD, TEX.**—Gene H. Harrison, son of Mr. and Mrs. John E. Harrison, 1410 El Paso St., Wellington, is scheduled to participate in Exercise Sage Brush, the largest Army-Air Force maneuver since World War II.

The two-month exercise will be held in Louisiana starting in November. Some 110,000 Army troops will take part, testing the latest concepts of atomic, bacteriological, chemical and electronic warfare.

Private Harrison, a detail specialist with the 4th Armored Division's Aviation Company, is regularly stationed at Fort Hood, Tex. He entered the Army in January, 1954, and completed basic training at Fort Bliss, Tex.

Harrison is a 1949 graduate of Wellington High School and a former employe of Judd Trucking Company.

**Crossroads Report**

**Dear Editor:**  
I note some complaint about how it looks like this highly advertised White House Conference on Education is going to be held with a stacked deck of professional educators doing most of the conferring.

I guess that means the matter of revising and improving our school system is going to be left up to the people who are mainly responsible for whatever shape it's in right now.

Which is logical enough, one way you look at it. That is, if you hold to the opinion, says, that a hen ought to be able to tell a good egg from a bad one better than some character who never laid one.

**Flower Hints**

Flowers are among the most beautiful and glorious creations of God. He gave them to us to enjoy and to fulfill our lives. To make life more beautiful and to add courage, serenity, peace, cheer, and inspiration.

The love of flowers is universal. In every nation you travel, you'll find that the people enjoy the beauty of flowers and like to grow them. Strong's Flowers are getting some Holland bulbs, potted roses and evergreens.

Come in or call 13.

**Personal**

Guests of Mr. and Mrs. L. D. Meriwether last week were his mother, Mrs. A. R. Meriwether, and his sister and brother-in-law, Mr. and Mrs. T. H. Chatham, all of Lockney.

Harold Wayne Moore and Donovan Bounds were home over the weekend visiting their parents and friends. They are attending Bethany Nazarene College.

Mr. and Mrs. G. G. King of Paomia, Colorado, visited during the past week with Mrs. C. M. Aaron, Mrs. J. A. Leach, and Rev. and Mrs. Cecil Guthrie, and other friends. Mr. and Mrs. King are former residents of Wellington although they have been away for 22 years. Mr. King was a farmer while he lived here.

Mr. and Mrs. Tom Baker of Lefors spent the weekend with Mrs. Rogers Melton and family and Mr. and Mrs. Fletcher Curry.

Mrs. Floyd Morton spent the weekend visiting with her daughter, Mr. and Mrs. Junior Kellison and family of Amarillo.

Mrs. Elva Osborn of Tulsa, Oklahoma, is visiting in the home of her daughter, Mrs. Rogers Melton and her sister, Mrs. Fletcher Curry.

Editorial Comment — The Wellington Leader

### A Good Boy Scout Makes A Better Man . . .

On October 25, the Boy Scouts will ask us to support them in the coming year. Wellington will be generous, because the Community supports no organization that ranks higher in accomplishment.

Beginning as a Cub Scout at eight or nine, the boy becomes a Boy Scout at eleven, and finally enters the Explorer program when he is 14.

Those are the formative years, and a boy that enters wholeheartedly into Scouting benefits from his experience morally, mentally and physically.

The Scout Oath and the Scout Law state personal ideals which any parent would wish to be goals for their son. Beyond that, Scouting gives every boy a sense of accomplishment. As he advances through the various grades of Scouting, and wins merit badges, he meets standards of mental and physical fitness that are positive benefits to his development.

The Scout Oath and the Scout Law state personal ideals which any parent would wish to be goals for their son. Beyond that, Scouting gives every boy a sense of accomplishment. As he advances through the various grades of Scouting, and wins merit badges, he meets standards of mental and physical fitness that are positive benefits to his development.

The funds to be raised on October 25 will make it possible for every interested boy, regardless of race or creed, to enter Scouting. And there is no gainsaying the fact that a good Boy Scout makes a better man. Thus a donation to the Scouts becomes an investment in the future welfare of the community.

As his year's Scout slogan put it, today's Scouts will build "tomorrow's better Texas."

#### Sioux Falls Record Proves That Traffic Toll Can Be Controlled

The experience of Sioux Falls, S. D., has proven that traffic fatalities can be eliminated.

Last year Sioux Falls, a city of more than 52,000 persons, was the largest municipality in the country to report not one traffic fatality for the 12-month period.

The manner in which this South Dakota city approached the problem has been outlined in detail for the benefit of other cities in the country that might want to follow the Sioux Falls system.

Newspaper and radio stations kept up a drumming publicity campaign throughout the year to keep the public reminded of its responsibilities. Law enforcement officers strictly enforced traffic laws; driving courses were held for high school students and traffic engineering changes were made as needed.

However, one of the most intriguing factors in the Sioux City drive for a perfect traffic record was the unique drivers' school set up by Municipal Judge Walter Conway. The judge holds classes twice a month and his students are the violators of traffic regulations brought before him in his court.

The judge lectures on safety and leads discussions on city traffic laws and the pupils, as might be imagined, pay very strict attention. Those who attend the classes and are receptive to the course of instruction get a portion of their fines or sentences reduced as a reward.

While Houston is many times larger than Sioux Falls there can be little question that a similar drive here based on the Sioux Falls pattern would produce interesting results. Experts agree that the larger the city the more complex is traffic problems, but there is no reason for this theory to lead to a fatalistic acceptance of the fact that people must die in Houston cars and on Houston streets just because Houston is large.

## New Plymouth 4-Door Hardtop

Belvedere four-door hardtop is an entirely new model introduced by Plymouth in its 1956 line of cars. Aerodynamic styling, push button driving and powerful new Hy-Fire engine are among outstanding features. Safety door latches and other safety items are standard equipment.

## Morton and Castleberry Will Show New Plymouths Here on Oct. 21

DETROIT — Plymouth's new aerodynamic 1956 cars will be displayed by dealers throughout the nation beginning Friday, October 21.

Plymouth President John P. Mansfield said the new models incorporate major advances in every phase of automobile design, with special emphasis on engine performance, safety and aerodynamic styling.

Plymouth has a wholly new engine for 1956. It is a more powerful Hy-Fire V-8 with a polysphere combustion chamber design, a 277 cubic inch displacement and an 8 to 1 compression ratio.

Other major innovations include: Airfoil rear fenders which emphasize and contribute to the aerodynamic feeling of the new models.

A push button drive selector for Plymouth's PowerFlite automatic transmission.

New 90-90 Turbo-Torque PowerFlite on V-8 models. Ninety degree angles at the inlet and outlet blades of the torque converter impeller give faster breakaway performance.

A new four-door Hardtop (Sport Sedan) with an ingenious rear window operating mechanism allowing full side vision for all passengers.

A new line of Suburbans. In

Plymouth's 1956 line-up, the Suburbans are an entirely separate group of cars and are available in a wide selection of two-door, four-door, two-seat, three-seat, V-8 and six cylinder models.

New safety door latches to keep doors closed even under severe impact.

New 12-volt electrical system, new pull-type door handles and new deck lid latch.

Highway Hi-Fi, a new car phonograph providing an hour of uninterrupted entertainment, and new Search-Tune radio.

Plymouth dealers will continue to offer safety belts, anchored to the frame and available for both front and rear seats, on all models.

All other Plymouth safety features are standard equipment items. They include an independent hand brake, dual cylinder front wheel hydraulic brakes, safety rim wheels, electric windshield wipers and new safety beam headlights.

Optional power devices, in addition to push button PowerFlite

transmission, include full-time coaxial power steering, improved power brakes, push button power front seat adjustment and push button power window regulators.

The 1956 models are an inch longer than their predecessors. Standard sedans have an inch more headroom in front, and almost an inch more head room in the rear.

More Powerful Engines

Plymouth continues to offer both six cylinder and V-8 engines in its 1956 line. Compression ratio of the PowerFlow Six is increased to 7.6 to 1, providing increased torque and better all-around performance. The PowerFlow Six is also available for the first time with a power package consisting of a two barrel carburetor and special intake manifold.

The new Hy-Fire 227 engine is used in Belvedere and Suburban models. It is also available with a power package consisting of a four-barrel carburetor and dual exhausts, with a resultant increase in power.

For Savoy and Plaza cars, Plymouth also has a more powerful V-8 engine with a displacement of 270 cubic inches and with many new performance features.

The 1956 Hy-Fire V-8's are by far the most powerful production engines ever put in a Plymouth car. Their "hottest" performance comes when the driver is most apt to need it for safety—when he is passing another vehicle in the mid-speed range on the highway.

New Styling Features

In addition to the completely new aerodynamic rear end styling, the 1956 Plymouths have scores of new design details, inside and out.

From the front the most noticeable are a new hood ornament, new Plymouth name identification and a new grill. Side trim on all models is of a new design and the Plymouth Forward Look emblem appear on the rear fenders of Belvedere models.

Inside, the instrument panel is redesigned for greater convenience and new beauty. The new push button PowerFlite drive selector is on the left of the steering post where it is out of reach of front seat passengers who might otherwise accidentally change the driving range while the car is in motion. Push buttons are illuminated for night driving.

The ammeter and oil pressure gauge have been replaced by red flasher lights between the gasoline and water temperature gauges directly in front of the driver. The lights flash their warning for instant driver attention, thus eliminating the possibility of oversight or improper interpretation.

Evaporation of surface water in a one-year period has varied from 10 feet in some points in West Texas to about three feet in south west Texas.

Municipal water demands are increasing at the rate of 4 1-2 per cent each year, the Texas Water Conservation Association says.

contest. Since this is one of the highest awards any Texas 4-H girl can receive, the award was presented by Miss Katherine Potter, home demonstration agent, at the Farm Bureau meeting in order that the youthful Lutie girl might have recognition from so large a group.

The Farm Bureau award to the outstanding 4-H girl went to Lois Amerson of Samnorwood; the outstanding 4-H Club boy to Don Langford of Quail; the outstanding FHA girl to Glenda Phipps of Quail and the outstanding FFA boy to Rudolph Tate of Samnorwood.

The presentations were made by Miss Sherrie Graham, of Quail, the Collingsworth County Farm Bureau Queen for 1955.

Musical numbers were presented by the Wellington high school band; a quartet from the Dodson school; the Samnorwood trio; and the Quail chorus.

J. D. Wilson was master of ceremonies at the barbecue, attended by approximately 750 persons, and the program.

Motion pictures were shown for the women and children while the business session was under way.

Door prizes, drawn by little Miss Virginia Patterson, daughter of Mr. and Mrs. Louis Patterson, second prize of one year's membership in the Farm Bureau; and Zook Thomas, third prize of \$5.

The resolutions, worked out in a meeting Saturday, October 8, and prepared by the resolutions committee composed of P. E. Starr, chairman, W. R. Breeding and B. W. Beard, covered recommendations on a county level as well as those to be presented at the State Convention early next month.

Drawing the most discussion was a resolution relative to noxious weeds allowed to grow along right-of-ways of highways and railroads. This was tabled. The resolution introduced a few minutes later from the floor, and passed, was more general in nature and aimed at help in event any group of farmers wanted noxious weeds controlled in their area.
