THE SNYDER DAILY NEWS

VOL. 9, NO. 293 — SNYDER, TEXAS, WEDNESDAY, APRIL 8, 1959 — EIGHT PAGES—PRICE 5c

Dr. Wilton Jones Elected President Of School Board

Dr. Wilton N. Jones, Snyder physician, was elected president of the Snyder school board in the board's April meeting last night.

Jones succeeds Max West as president. Vice president of the board is E. H. (Ab) Williamson, who succeeded Gene Best. Best and Ross Hemphill went off the board.

Two new members and a third member elected to continue in his board position signed oaths of office at last night's meeting. The new members are Lee D. Stone and William J. Schiebel. Continuing in the office is Malven Stevenson. Board members other than the officers and members beginning new three-year terms are J. W. Phillips and West. All members of the board were present at the meeting.

Doug Flynn, school manager, was reelected secretary of the board.

West opened the meeting, and after the board approved the canvass of the Saturday board election he turned the meeting over to T. E. McCollum, superintendent of schools, for the election of officers.

Routine business was then handled by the board in its meeting. The board heard reports from Fred Buford of Dallas, architect in the school building program, on progress of construction now underway, and plans were studied for the addition to the school administration building. Several revisions were made to a preliminary plan submitted by Buford, and he is to have a working drawing of the revised plan ready for board inspection at the next regular meeting on May 12. The addition, which is to be on the east side of the administration building, is to house the school tax office, a board room, vaults and storage for the tax office, and storage for a centralized system for standard supplies for schools. The present board room is to be turned over to the school business office, which is now overcrowded.

Buford estimated cost of the planned addition to the administration building at $62,600, including paving of a parking area. Attending the meeting with Buford was W. A. Turner, Snyder representative of his firm.

The board approved expenditures for additional plumbing and equipment in the science department of the Travis Junior High, which is being expanded and remodeled in the present building program and will be made similar to the science department in the new Lamar Junior High. Contractors already on the job in the expansion were given authority to make the changes. The cost includes $1,891 for a partition change, blackboards and tackboards, and some installations by A. P. Kasch & Sons, installation of acid-resistant pipe, water pipe, gas pipe, basins, etc., for $6,200 by Bowen Plumbing & Heating; and 19 electrical hookups on science tables for $280 by Howell Electric. Buford said his firm had checked out the estimates and that they were in line.

In his report to the board, Buford said brickwork should begin on the Travis School addition next Monday. That will be complete by the time school is out, and during the summer the Kasch firm will complete inside remodeling work in the cafeteria, science and homemaking rooms.

Work is also to begin Monday on the remodeling of the Travis Junior High gym. Kelley Construction Co. of San Angelo is contractor on that job, which is to be complete by fall.

At the Stanfield Elementary School, work should be complete by July by Alston Construction Co., Buford said. The Lamar Junior High is progressing rapidly, but it will be "nip-and-tuck" for fall completion, the architect said. He said the contractor, Kelley Construction, has not lost any time but that he is doubtful about completion in time to begin using the

GREETING NEW MEMBERS of the Snyder school board are Dr. Wilton Jones, right, new president of the board, and E. H. (Ab) Williamson, second from right, vice president. The new members are William J. Schiebel, left, and Lee D. Stone. They were in their first meeting last night when the new officers were elected. (Lee Watson photograph).

State Health Chief Quits Under Fire

By FRANK N. MANITZAS

AUSTIN (AP) — State Health Commissioner Henr. A. Holle resigned under pressure effective today after a team of auditors and legislators investig ted a contingent expense fund.

"It's a weak excuse when he says he resigned because the Legislature tied his hands in the House appropriations bill," said Rep. Truett Latimer of Abilene, chairman of the Appropriations subcommittee who headed the investigation made last Thursday.

Dr. J. B. Copeland of San Antonio said Holle submitted his resignation Sunday, the day prior to the House bill's passage. Copeland said he asked last night for Holle to make his resignation effective today, adding: "Dr. Holle's ideas were in some respects incompatible with those of the board."

Dr. Holle resigned under pressure, claiming the Legislature tied his hands in the House-approved appropriations bills.

At the same time, House Appropriations Committee Chairman Rep. William S. Heatly of Paducah said that he would meet today with State Auditor C. H. Cavness to discuss expenditures from the Health Department's contingent expense fund.

At San Antonio, Dr. J. B. Copeland, chairman of the State Board of Health, said that Dr. Holle resigned April 5 and that the board accepted the resignation.

"There was no time limit. A matter of two or three days was left up for him to straighten out his personal affairs," Dr. Copeland told the San Antonio News. "I did ask last night that this become effective today, the resignation that was given last Sunday."

At San Antonio, Dr. Copeland was asked by the News for comment. He said:

"At a special meeting of the State Board of Health last Sunday, April 5, Dr. Holle resigned to the board and his resignation was accepted. As you know, he was on loan from the U.S. Public Health Service. The only other statement I might add to that was that Dr. Holle's ideas were in some respects incompatible with those of the board. He is leaving the department today."

Dr. J. E. Peavy is expected to be named acting commissioner of health to replace Dr. Holle.

Dr. Holle first said he intended to submit his resignation. Five hours later he told The Associated Press:

"I made some decisions when I saw what the House-passed bill included. In view of the restrictions of the bill I am tendering my resignation effective April 8 and am requesting the surgeon general for reassignment."

Holle would not comment further on the audit, although earlier he said it had nothing to do with his resignation.

Holle has been commissioner of health since 1954, said he had informed the State Board of Health of his action.

Holle said he would talk today with the U.S. Public Health Service, which has requested his return to active duty, and to Gov. Price Daniel.

He had told The Associated Press last night:

"I intend to submit my resignation unless the present restrictive language in the appropriations bill is neutralized. It is not a threat. It's a simple fact, the operation of the department would be sufficiently hampered that I feel I should turn it over to someone who could get the proper support."

Later he said he had submitted his resignation.

Asked about an audit requested by the House Appropriations Committee of the department's contingent expense fund, Holle said:

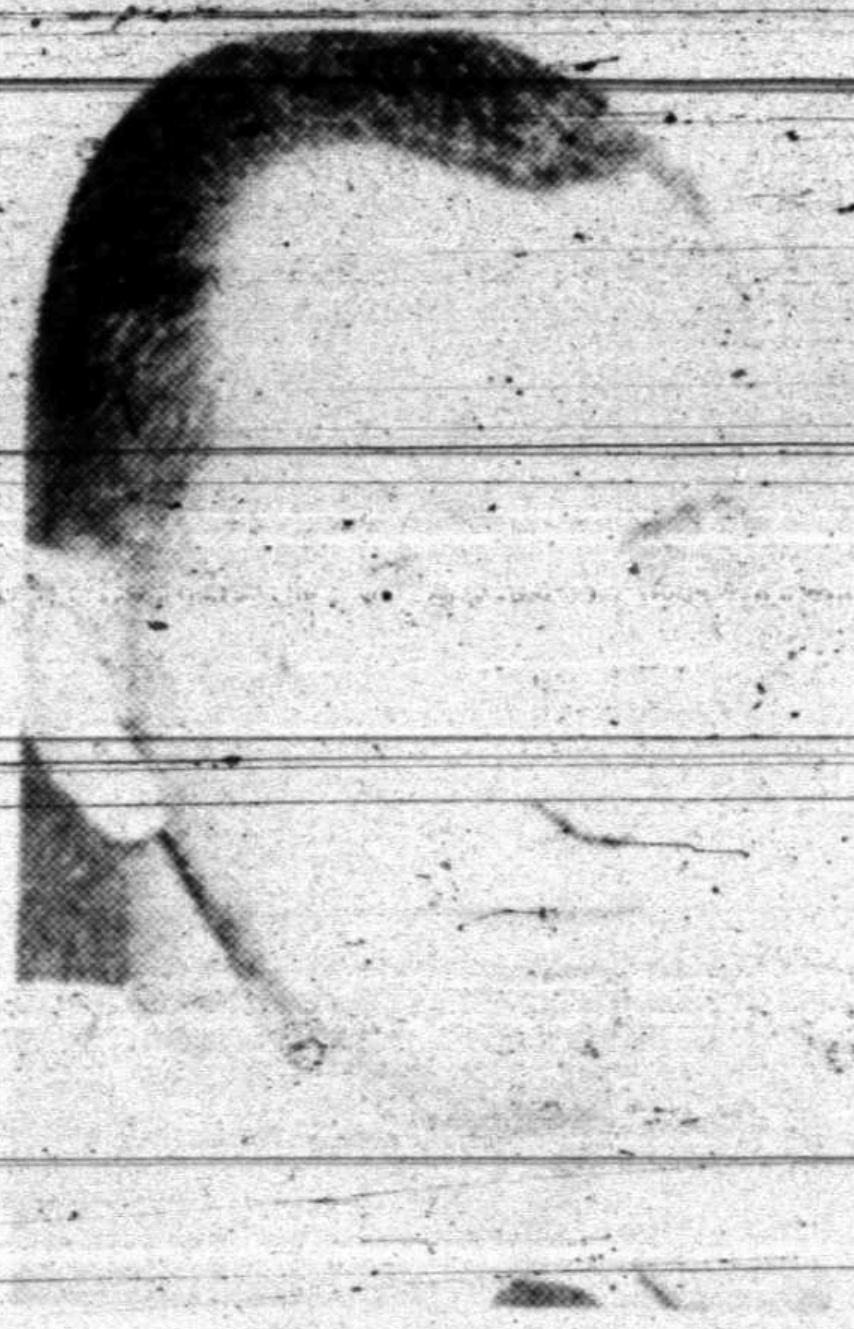
"I don't know what the audit shows. It is not tied in with my intention to resign. As a matter of fact, I would withhold my intentions until the matter is straightened out."

Appropriations Committee Chairman W. S. Heatly of Paducah said the audit was requested to see how state money was spent.

Holle, 55, said he actually is on loan from the U.S. Public Health Service and was given a year extension on his normal 4-year tour because of Daniel's request.

"I have some kind of a federal label on me and I feel the legislative support for the department would be better without the federal label," he said.

RUSSELL YORGESEN



BILL EILAND

J. H. MIXON

Yorgesen, Eiland, Mixon Are Named To City Council Posts

A light turnout of voters in the city general election yesterday reelected Jim Mixon, the only incumbent, and named Russell Yorgesen, unopposed, to place No. 1, and Bill Eiland to place No. 3, on the city council.

A total of 320 votes was cast in the election.

Yorgesen, an accountant, received 313 votes; Mixon, reelected to place No. 5 on the council, got 194 votes to 126 for his opponent, Stanford L. Land, Roscoe, Snyder & Pacific rail agent. Eiland, automobile dealer, received 214 votes compared to 105 for W. A. McGlaun, Texaco consignee, the only other candidate for place No. 3.

The oath of office was administered to the newly elected councilmen by Mayor Harold Bennett during a brief meeting of the council held at 7:30 o'clock last night to canvass the election.

Seven write-in votes were cast for seven different persons.

Councilmen serve terms of two years.

Other members of the council are Stanley Noah, owner of Central Tire Service; Rex Fields, operator of Fields Phillips 66 Service Station, and Steve Birdwell, operator of Birdwell's Phillips 66 Service Station.

Place No. 1 on the council to which Yorgesen was elected yesterday, was previously held by Hollis H. Fields, owner of Snyder Steam Laundry and Dry Cleaners.

G. W. Parks Jr., manufacturer of Whiz Wiener Peelers, formerly held place No. 3 on the council to which Eiland was elected yesterday.

Mixon, owner of Mixon Tire & Supply Co., was elected to a second term on the council.

City officials attributed yesterday's light turnout of voters to voter apathy created by a lack of controversial issues in the election.

Nose Cone Of Rocket Recovered

CAPE CANAVERAL, Fla. (AP) —A powerful two-stage rocket shot a tiny ICBM nose cone of the future 5,000 miles over the Atlantic today. It was recovered two hours later for the first time in seven launching attempts.

The cone, which could carry power-packed ICBM warheads, was fired on target by an 80-foot Thor-Able rocket.

Air Force officials announced that the recovery by ship, located in the impact area was "a secondary test objective but an additional bonus to the test program as it will provide physical verification of telemetry (instrumentation) data received."

The missile roared aloft at 1:35 a.m. (EST), and appeared to perform perfectly.

The main job was to learn how well the cone survived the blazing re-entry from space through the earth's atmosphere at speeds close to 10,000 miles per hour.

Cool Weather With Light Showers Due

DALLAS (AP) — The Weather Bureau issued today this 5-day forecast for April 8-13:

East and Central Texas: Temperatures 4 to 6 degrees below normal. Cooler Wednesday night and Thursday. Warmer at weekend. Precipitation moderate to locally heavy in scattered showers and thundershowers mainly Wednesday night and Thursday.

West Texas: Temperatures 3 to 5 degrees below normal. Cool with warming trend Friday and Saturday. Precipitation generally light in scattered showers and thundershowers through Wednesday night and again about Monday.

Oklahomans Kick Out Prohibition

By The Associated Press

Oklahomans have kicked out prohibition, but they will have to wait at least two months before buying liquor legally.

Although Oklahomans voted for repeal Tuesday, it does not become effective until the vote is followed up by the state Legislature. This may take from 60 to 90 days.

In other elections Tuesday, Mayor Richard J. Daley of Chicago polled a near record majority in winning his second term, and Justice E. Harold Hallows won a full 10-year term on the Wisconsin Supreme Court in a close, nonpartisan election.

Oklahoma's action left Mississippi the only state with full prohibition. With all but 13 of 3,234 precincts reporting, repeal carried [illegible] to [illegible].

Repeal came in the form of a constitutional amendment allowing sale of packaged liquor in private stores. Prohibition has been in the Oklahoma constitution since the state entered the union 51 years ago.

The Legislature now must validate the amendment and repeal all anti-whisky law before the legal sale of packaged liquor can begin.

Besides repealing statewide prohibition, Oklahomans voted down a proposal to give counties option to keep prohibition in their own boundaries. This was defeated [illegible] to 221,320.

Mayor Daley, a Democrat, received 71.36 per cent of the total ballot in defeating Republican Timothy Sheehan, a former congressman. The final unofficial vote: Daley 777,696, Sheehan 312,182.

That was the biggest majority bulge in a Chicago mayoral election since 1935 when Edward J. Kelly and his Democratic ticket won [illegible] per cent of the vote.

In Wisconsin, Hallows, first appointed to the court a year ago, defeated Stewart G. Honeck in a tight race decided by the vote in Milwaukee County. Hallows had [illegible] and Honeck [illegible] with 3,013 of the state's 3,428 precincts in.

Rains Dampen Area; Squalls Move South

April showers came, as hoped, in a slow, intermittent fall last night, brightening the prospects for farmers and ranchers here.

The rain was general, with half an inch to 1.5 falling in various parts of the Snyder area. After the rain and north wind chilled the area.

Some wind and lightning accompanied the rain, but as far as is known damage was slight. Snyder had an official rain measurement of .8, but some parts of town had as much as an inch.

Lightning did put Snyder in the dark for eight minutes at about 9:30 p.m. when a strike knocked off circuit breakers on Texas Electric Service Co. power lines coming into Snyder from the south.

Bill Brown, manager here for TESCO, said employes of the firm kicked the breakers back in eight minutes after the power had gone off.

Temperatures dropped to [illegible] of 38 degrees, in contrast to the highs of [illegible] and [illegible] on Sunday and Monday.

The eastern portion of Scurry County apparently had the most rain, with all reports showing about 1.5. Hermleigh had that amount, according to Mrs. [illegible], who said about the same amount fell west of town and [illegible] south of there.

[illegible]

from .5 to .8 of an inch.

At Ira there was 1.3 in most of the area but less across the Colorado River south.

Lake J. B. Thomas had not caught any water other than the inch of rain which fell on the lake by late this morning, according to pumper Jack Dunn. Little runoff was expected.

The Colorado River was running some in the lake watershed, highway department employes at Gail said.

Rain in Borden County ranged from half an inch to almost an inch, according to Sadie South, sheriff's deputy. There was .6 at Gail, .7 east of Gail, half an inch in the northwest part of the county, and the same in the northeast part of the county. There was a report of .9 in the Ackerly-Vealmoor area, however.

By The Associated Press

[illegible] Wednesday as snow and soaking rains brought welcomed moisture to the state.

A small twister knocked down utility poles in the Homestead area [illegible] Houston. [illegible]

[illegible]

upper Panhandle. A heavy snow was also reported at Darrouzett and a light snow fell as far south as Amarillo.

The cold front colliding with the moist Gulf air brought much-needed moisture to the state which received only a fraction of normal rainfall during March.

The front shortly before noon Wednesday extended from the Tyler area southward to the Houston area into the Gulf.

Heavy rains fell Wednesday morning in Southwest Texas. Medina had 2.80 inches, Utopia [illegible] inches, Rocksprings 2 inches, Vanderpool 1.72 and Sabinal [illegible].

Small craft warnings were raised along the coast as the front moved southward across the state.

Predawn temperatures varied from 33 degrees at Dalhart to the 30s just behind the front and the 60s ahead of the front with Brownsville's 74 the warmest.

The spring squall line plowed across West Texas Tuesday, bringing the best rains in [illegible] months to the South Plains. It also touched off a rash of tornado sightings.

The Department of Public Safety said tornadoes were reported at or near Littlefield north of Lubbock, Anton, Lamesa and Denver City, but none of them touched ground.

School Staff At Hermleigh Reappointed

HERMLEIGH (Spl) — Glenn Foster was reelected president of the Hermleigh school board at the board's reorganizational meeting last night.

In the meeting, the board reappointed all school employes and named an equalization board.

Also reelected in the meeting were G. E. Chorn, vice president, and Glenn Tate, secretary.

Nathan Campbell was sworn in as a new member of the board. Foster, who was reelected in the Saturday board election, also began a new three-year term.

Board members other than the officers and the new member are Billy Joe Clifton, [illegible] and Arthur Pieper.

Members of the equalization board, which is to meet July 20 at the school, are D. Z. Hess, H. A. [illegible] and [illegible].

School employes reappointed are [illegible], superintendent; [illegible], high school principal; Bill McGuire, coach; [illegible], English; Mr. Frank Barnes, [illegible]

SCHOOL BOARD

Continued from Page 1

building when school [illegible] next fall.

The school board has already passed on a plan to keep the freshman class in the high school next year and not begin the three-grade junior high program until the following school year. Only the seventh and eighth grades will be split into the two junior highs next year.

A report made by Flynn to the board showed that of the total of $2,383,035.98 available in the building fund from bond sales, interest from investment of the bond funds and a small beginning balance prior to the bond sales, a total of $1,017,268.04 had already been expended. That amount was included in $2,121,387.07 which has been committed from the building fund. Aside from that committed, estimated cost of furniture for new buildings is $137,638.35 and estimated cost of the administration building addition had been set at $63,000.

Flynn was authorized by the board to draw $200,000 from the building fund for payment on contractors' estimates during the next month.

The board also instructed Flynn to make payments to Edgar Taylor, who was employed as collector of delinquent taxes by the school system, through his office. Taylor collects the delinquent taxes on a percentage basis.

There was some discussion on plans for improvement of the junior high football field which is to [illegible] for the two junior highs. Definite recommendations on lighting and seating at that field are to be made by the next meeting. Recommendations are also to be made by that time on tennis courts for the Travis Junior High and Lincoln School.

The board approved requests made by the Scurry County Boys Club for payment of $200 for salary of a summer recreation director and for use of school buses for Boys Club trips during the summer. The board has made a practice of co-operating with the Boys Club and other summer youth programs in lieu of the school system's having a summer recreation program.

Trips planned by the Boys Club during the summer include one and possibly two to Yellowstone National Park and one to Big Bend park. The first Yellowstone trip is planned for June 27. The Boys Club is to furnish gas and oil for the trips.

On request of McCollum, the board set definite dates for the beginning and end of the contract years of John Conley, athletic director. McCollum said it had been found that the dates had not been clearly defined in Conley's file. Conley works on a 10-month basis and his school year is to run from Aug. 1 to May 31. This did not affect the length of Conley's contract, which now runs to the end of the 1960-61 school year.

Skipper Joyce, director of maintenance and transportation, was authorized to take bids and bring them to the board on repair of a loading zone at the Northeast Elementary School. Joyce said the loading zone west of the school was at the point to begin rapid deterioration and needed repair.

Discussing the possibility of a garage for school-owned cars, the board decided to have a study made by a committee composed of McCollum, Joyce, Stone and Phillips.

Flynn reported to the board that a grand master key system was [illegible] have been provided the schools here in previous building programs but that the system was not complete. All locks will be keyed to a grand master, and all locks in each building will be keyed to a master key for the building. This will be done at no cost to the school system by the firm which provided the locks, Russwin Lock Co.

Fluvanna Girl's Poem Will Be Published

FLUVANNA (Spl.) — Robyn Beaver, eighth grade student at the Fluvanna school, will have a poem published in the National High School Poetry Association Anthology this spring.

Miss Beaver's poem, "Thought," written as a class activity, was submitted in February to the association by Mrs. Margaret Daugherty, teacher at Fluvanna. The anthology includes outstanding poetry written by students of various parts of the country.

Miss Beaver, 13, is the daughter of Mr. and Mrs. Alf Beaver.

Speed Blamed For Fatal Accident

MEXICO CITY (AP)—Officials said today too much speed apparently caused a car to leave the Cuernavaca highway at a sharp curve and kill four men prominent in the television industry.

Natural Gas Discoveries Match Demand

WASHINGTON (AP) — Natural gas is being discovered in the United States about as fast as use of the fuel is increasing, a Federal Power Commission official told Congress.

Carl T. Kallina, chief of the commission's Bureau of Rates and Gas Certificates, testified before a closed session of a House Appropriations subcommittee that new gas fields are being found and that the nation is not running out of gas. The committee made his testimony public today.

Kallina said American Gas Assn. estimates showed gas reserves of 246.6 trillion cubic feet as of Dec. 31, 1957, compared with 237.8 trillion a year earlier and 223.7 trillion in 1955.

He said the reserve life index for the nation's natural gas was estimated at 21.4 years on the basis of 1957 production, compared with an estimate of 21.8 years at the end of 1956.

"Does this mean we are running out of fuel?" asked Rep. Sidney R. Yates (D-Ill), a subcommittee member.

"No, it does not," Kallina replied. "It means they are discovering it as fast as they are using it. They have just about reached a balance point in it."

Kallina added that the industry is maintaining at least a rate of discovery equal to its rate of "take."

Yates asked Kallina if it would be to this country's best interest to "import gas, import fuel, in order to protect our domestic reserves."

"If you confine the question to importing gas I will go along," Kallina replied. "I do not know anything about other fuels."

Strong Winds Sap Moisture

AUSTIN (AP) — Strong winds have sapped moisture and increased the need for rain over much of Texas, the Department of Agriculture said yesterday.

Germination quickened last week for cotton, sorghum and corn crops. Sorghum planting was about one-fourth finished while cotton planting moved as far up as North Central and East Texas.

Dryland wheat in the High Plains, using moisture of the previous week, made fair growth in the warmer weather. Livestock grazed on clovers, rescue grass and weeds, and gained rapidly.

Patient Transferred

Mrs. J. P. Welty, 308 Twenty-eighth Street, was transferred this morning by Bolger ambulance from Cogdell Memorial Hospital to Snyder Nursing Home.

300 Union Men Stricken After Meal

WASHINGTON (AP) — About 300 Ohio union members were reported stricken with food poisoning while en route here for today's AFL - CIO unemployment conference.

A Lima, Ohio, union official estimated about half the 600-man delegation aboard a Toledo-Washington train became ill after eating turkey for dinner in a dining car Tuesday night.

First reports indicated most of illness consisted of stomach cramps and diarrhea.

A conference official said 30 union members on a Detroit-Washington train also became ill after eating turkey in the dining car.

Most of those affected were able to attend the conference today, a spokesman said, although at least one man was reported hospitalized. His name was not available.

Ralph Shadley, an executive board member of Local 724, International Union of Electrical Workers, Lima, said the Ohio delegation "was in a real mess."

"It hit some of us about two hours after dinner," Shadley said, "but it began to get really serious about two in the morning."

Hermleigh Cemetery Assn. Sets Meeting

HERMLEIGH — The Hermleigh Cemetery Assn. will hold a meeting Thursday night to elect a president to complete the unexpired term of D. E. Watson.

The meetings is set for 7:30 p.m. in the high school auditorium.

Other business will include a discussion of plans for a cemetery working in early May. All persons who have relatives buried in the Hermleigh Cemetery or own lots there are urged to be present, and everyone in the Hermleigh community is invited.

Refreshments will be served following the business session.

Rebels In Tibet Set Up Government

NEW DELHI, India (AP)—Rebels in Tibet have proclaimed a provisional government, frontier reports said today.

Despite Chinese Communist reinforcements sent to the land of the lamas, the rebellious supporters of the fugitive Dalai Lama were reported still putting up stiff resistance.

The Hindustan Times said rebels ranging through eastern Tibet had cut the main road for Red Chinese supplies at many places.

P-TA PROGRAM—The East Elementary Parent-Teacher Association will meet Thursday night at 7:30 p.m. A choral program will be presented by the second grade choir (top), the fifth grade choir (lower) and the sixth grade choir. Peter Durfey (lower left) will present a pirate skit. Other numbers will include a violin duet by Ronnie Jackson and Joan Cruthirds. For the concluding number the three choirs will sing together. (Lee Watson photograph).

Mrs. Joe Caton Hostess To Study Club

The Altrurian Study Club met Friday afternoon with Mrs. Cora Ezell, vice president, presiding.

The program chairman, Mrs. Dave Harlin, presented Mrs. Sonne Umberson, who spoke on "What's New In Home Furnishing." Mrs. Umberson is opening a home decorating shop at 2100 Thirty-seventh Street soon. She emphasized the importance of homes having an attractive entrance that invites [illegible] and says "a happy family lives here."

The last portion of the program was given by Mrs. C. T. McLaughlin, who spoke on "New fashions." Through the courtesy of Gray's Style Shop, Mrs. McLaughlin showed a beautiful assortment of dresses, suits, lingerie, hand bags and gloves for all occasions.

Mrs. Joe Caton was hostess. Her guests included Mrs. Walter Daugherty and Mrs. Charles Fagans. Mrs. R. H. Curnutte, a former member, was also present.

A pretty girl named Denise Prado, of Brazil, has been named the Pan American Coffee Queen. She was formerly a student at Oklahoma State University.

Snyder Women Attend District TFWC Convention In Borger

Eight women from Snyder attended the Thirty-Eighth annual convention of Seventh District of the Texas Federation of Women's Clubs held in Borger, April 2 and 3.

Miss Myrtle Harrel represented the Alpha Study Club; Mrs. Giles Bowers, the Altrurian Club; Mrs. B. E. Zimmerman and Mrs. Grady Elder, the Atheneum Club and Mrs. H. J. Brice Twentieth Century Club. Mrs. J. W. Leftwich, Miss Fay Harrell, Mrs. H. J. Brice and Mrs. Wayne Boren are members of the district board who attended the opening luncheon and board meeting on Thursday.

The convention theme was "Keys to New Evaluations". Mrs. A. T. Cocanougher of Lubbock, District president, presided at the business sessions, where over 600 women were in attendance.

Snyder was given the distinction of having more clubs that subscribe 100 per cent to the Texas Clubwoman magazine than any other town in the district. Seven of the nine clubs in Snyder take the official state publication for every member in their clubs. Other certificate awards were given to the following clubs: Altrurian Club in Mental Health, Gerontology Divisions of the Community Affairs Department and the Safety Division of the Public Affairs Department.

Altrurian Daughters Club, in the National Defense Division of the Public Affairs Department and Pioneer Families and Personalities of the Texas Heritage Department. Alpha Study Club, in the Americanism Department. These clubs had either outstanding programs or projects in the subjects and were judged by the reports sent to the district chairmen of the departments.

A number of outstanding speakers were on the convention program. Among them were the state president of the TFWC, Mrs. Ben W. Boyd of Denton, who spoke on the "Keynote of Federation" and Dr. Fred C. Schwarz, executive director, Christian Anti-Communism Crusade of Sydney, Australia, who spoke on "Communism is Out to Destroy You".

Mrs. Roy McQuatters of Littlefield, chairman of the Texas Heritage Department, distributed complimentary copies of the booklet "Coronado's Route" by W. C. Holden, to all the club representatives in Borger. Additional copies were given for the school and public libraries of each county, and for the clubs that did not have members present at the convention. Mrs. Wayne Boren asks that clubs call at her home for their copies.

Mr. Buford Browning, county superintendent of schools will distribute copies to the following: Scurry County Library, and school libraries of Snyder High School, Snyder Junior High, Abe Lincoln School, Hermleigh Public School, Ira School and Fluvanna School.

In order to preserve this history of our section of the country, the Texas Heritage Department has started a project that calls for State Highway assistance in the marking of the ancient Coronado Route across the plains of Texas. The Highway Department has promised to place the markers, with the approval of the Texas Historical Survey Committee, if the district will purchase the markers.

A resolution was passed during a business session in Borger that the clubs cooperate on a voluntary basis with assistance in the form of money for the purpose of purchasing the markers.

Other resolutions that were passed by the convention are as follows:

"That the Texas Federation of Women's Clubs 7th District undertake to institute a campaign of truth and integrity concerning current activities of government which will extend to every affiliated club; that we initiate programs of instruction that teach deeper appreciation of the American way of life and its democratic institutions, to the end that we may better understand and uphold our own government and that of the whole free world through a more constructive exercise of citizenship and its responsibilities.

"That each club member be urged to 1) Heed Civil Defense instruction. 2) Sponsor and attend workshops or other schools of instruction that teach adequate defense. 3) Promote public Civil Defense education and participation. 4) Assist in establishing local Civil Defense as a major safeguard to the survival of this nation and its people."

"That the Seventh District, TFWC recommends additional appointments of qualified women to positions of responsibility in both our state and national governments."

An invitation for the district convention to come to Snyder next year was extended by Mrs. J. W. Leftwich, but she conceded to the Lubbock women who asked for the privilege of giving their home town woman, Mrs. A. T. Cocanougher, district president, her last convention during her administration. The date of the convention is set by the state executive committee and will be announced in September.

WOMEN'S CALENDAR

THURSDAY

Twilight Garden Club, 7:30 p.m. at Martha Ann Clubhouse. Bring article for white elephant sale. Hostesses, Jones and Lentz.

OUR VIEW

A Sensitive Statistic

THE CORPUS CHRISTI CALLER

Undoubtedly the most influential single statistic affecting modern American life is the monthly consumer price index issued by the U. S. Bureau of Labor Statistics. It is supposed to reflect the normal cost of living of the average family.

Federal officials keep a close eye on that figure in coming to spending, taxing and inflation-control decisions. The managers of business and industry use it as a barometer for the market climate.

It affects the political thinking of millions of voting consumers. A one point index change can mean up to 200 million dollars more or less in annual wage payments to more than four million workers under union contracts with "escalator clauses," and wage demands of labor generally are strongly influenced by substantial fluctuations in the index.

The index's importance will probably increase. Some countries already put escalator provisions in government bonds to offset real value lost through inflation. Retirement plans, including social security, may become more closely tied to the index. It is, in short, the handiest tool for adjusting to dollar devaluation, a persistent trend.

The index itself, however, is a relatively crude gauge. It is based on the living habits, purchasing pattern, goods and packaging, population character and distribution and income levels of 10 years ago. It is in need of remodeling for which Secretary of Labor Mitchell is asking 4.2 million dollars. The index should be, in fact, continually revised, a difficult problem in handling figures that must be kept reasonably comparable. Its machinery, sample shopping of some 300 commodities and services in 46 cities, is also complicated.

Nevertheless, the index surely could be made more sensitive, and at far less cost than the expensive consequences of inaccuracy. The only alternative is to reduce the statistic's role as one of the controlling factors in economic policy.

Simple Facts Of Defense Outlined

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — In a world where death and devastation could strike in a few minutes, you might like to see what stands between you and possible annihilation by the Soviets.

The following picture was outlined by Gen. Thomas S. Power, who talks with the detachment of a surgeon explaining how to open an avenue into the heart.

Power is chief of the Strategic Air Command whose long-range bombers and nuclear bombs, at bases here and abroad, have a double mission: to discourage an attack or, if the Soviets try it, to eliminate them.

The general emphasized the importance of an early warning of a Soviet attack to a congressional committee with this little clinical example about his bomber base at Thule, in northern Greenland.

"I like to tell the commander at Thule that he will probably be one of the first to go if we get into a war but that there is one thing I would like to know from him, and that is when he went. This might be vital intelligence."

Power commands not only the strategic bombers but the intercontinental ballistic missiles that this country will produce. For some time American ICBMs will be under a handicap.

They will be liquid-fueled, need large crews and have to be anchored in one place. Once the Soviets know where they are and war starts, they could be destroyed before they got off the ground.

Power's solution: bury the missiles deep in the ground in concrete shelters which would resist everything except a direct hit.

Power sounded happier talking about the more distant future and the solid-fueled ICBM, the Minuteman, which needs only a small crew, could be mass-produced, and can be moved around. It doesn't have to be anchored.

The general envisioned the day when the Minutemen, in bunches, could be shipped around on trains, moving constantly, so the Soviets could never know where to shoot at them.

He emphasized two things that this country right now must depend on radar for its early warning and on its six-jet B47 bombers to discourage a Soviet attack and hit back if one comes. Later there will be the ICBMs, too.

But Power cannot be described as completely happy about radar. "Radar," he said, "is a real fine device. The only trouble with it is that it sees too well. It sees things that are not there."

This raises a problem. Whether or not what the radar sees is real, a man in command of bombers must assume they are real. He gave an example of what he meant.

Suppose the radar men called him and said their screens had picked up 1,000 objects heading for the United States and that they were missiles. Instantly he could order his planes into the air and away.

Between the time they took off and were getting near their target he would have perhaps one hour and a half to learn for sure whether those blips on the radar screen were really Soviet missiles.

If it turned out radar had seen something else besides Soviet bombers or missiles, Power would still have time to call back his bombers. They wouldn't attack unless he said so.

Fascination Girl Prepares New Act

By HAL BOYLE

NEW YORK (AP)—Jane Morgan, who has 300 hats and spends up to $2,500 for a single gown, was paid $25 a week for singing in a ballroom here in 1946.

Right now Jane, known as "the Fascination Girl," is spending exactly one thousand times that to create a new night club act.

"You don't just get up and sing a few songs," she said. "You have to put on a small revue. A new act costs $25,000—enough to produce an off-Broadway drama.

"But that kind of show has angels to back it. A night club performer has to put up his own dough."

This interesting behind-the-scenes peek at show world finance was given by Miss Morgan over a steak sandwich luncheon. Blonde, blue-eyed and beautiful, she showed up wearing a striking Christian Dior suit the color of mellow old money.

Where will her $25,000 go?

"Half of it will go for getting the material for the show," she said. "I have six writers working on it.

"The other half will go for the wardrobe. Sometimes I envy movie stars. The studio supplies their gowns. We have to buy our own."

In addition to the six writers, Jane's 45-minute act will require the services of a producer, a musical director, a choreographer, a dress maker, a lighting expert, two song and dance lads and 10 fiddle players. Then, of course, there are also her personal manager and her maid-secretary.

All this money and talent is being spent for a four-week engagement beginning late this month in the Hotel Plaza's Persian Room, a top showcase for thenational supper club circuit.

"You hope you can make it back on the road," said Jane a bit grimly, "but if the reviews are bad, there may be no road.

"You never really know!"

It is unlikely Miss Morgan will meet with this particular disater. She is a top star in one of the most elite circles in show business. It is made up of fewer than a dozen girls who can average $8,000 a week in swank supper clubs across the country.

But her $25,000 investment is good only for about a year. Last year's night club act is as dead as yesterday's newspaper.

Janes shows no sign of strain, however. She worked 52 weeks last year. Besides her supper club warbling she is also a popular recording artist and one of the busiest guest stars on television.

She turned down an offer to have her own TV network show this summer.

"It sounded wonderful," she said. "But what happens to these summer replacement shows, no matter how much the public likes them. As soon as the first cold wind blows, they disappear and are forgotten."

Jane comes from a musical family. Her father was a symphony orchestra cellist, her mother a concert pianist and singer.

Recently she bought a 40-acre farm, "Blueberry Hill," near Kennebunkport, Me., and likes to act in a Maine summer playhouse operated by her brother.

"Sometime I want to do a real Broadway musical," she said. "And I want to work in the theater. That is my real interest.

"I hate night clubs!"

Yep, in spite of those 300 hats, those $2,500 gowns and that $3,000-a-week salary.

Spring Business Looking Brighter

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Spring is acting more like spring again.

Auto dealers say they've sighted a spring pickup in car sales — something they haven't seen for several years.

The total of the unemployed has dropped—as it should in the spring but badly muffed last year.

And consumers, notably the ladies, are spending more.

The good news about the return of an oldfashioned spring comes from several sources and some of them could be suspect of a tinge of wishful thinking and maybe of propaganda. But mostly they add up to a pleasant spring song indeed.

Auto dealers say they haven't seen a sales pickup in the spring since the auto makers stopped bringing the new models out in late winter.

It's too soon to be sure whether the sales spurt signals the return of the old American custom of buying a new car when good driving weather beckons, or whether it means that the public has finally slept off the jag of the unusual auto sales year of 1955.

The administration is jubilant because unemployment in March scored one of its biggest drops for the season in several years. But labor leaders stress that the total is still higher than is deemed normal.

Part of the march of men back to work is due to the general business recovery and to the opening up of outdoor jobs. Part is due to the spurt in steel output due to users worrying about a steel strike this summer — and that, too, is part of the spring pattern in those years when a new labor contract is coming up. Part of the March gain in employment is that the early Easter led merchants to hire extra clerks.

Merchants report contentedly that women behaved like women in the spring and bought a lot of finery for their children and themselves.

Men's wear dealers are less jubilant. They report that men are following their usual pattern. Most apparently are putting off buying summer suits until hot weather makes their winter duds uncomfortable.

But consumer spending as a whole is following a springlike trend. The Commerce Department says it is now running at a 300-billion-dollar annual clip, up 4 billion from the winter months.

The sap of confidence is rising in the veins of businessmen themselves. The department says that spending for new plant and equipment is rising more than it at first expected.

The this Dr. George Cline Smith, vice president and economist of F. W. Dodge Corp., building industry statisticians, adds that businessmen are likely to revise their spending plans upward before summer. He says such plans are changed quickly in response to changing economic conditions.

Incumbents Retain Posts In Elections

By The Associated Press

Incumbents generally held their posts in Texas city elections Tuesday, but many candidates faced a runoff Wednesday.

Dallas Mayor Robert L. Thornton, seeking his fourth term, will meet Earle Cabell in a runoff. Three of Thornton's fellow Citizen's Charter Assn. candidates also go into runoffs.

At Corpus Christi, the Action Party headed by industrialist Ellroy King swept into City Hall, ousting incumbent Mayor Farrell Smith.

Fort Worth's Mayor Thomas McCann rolled to re-election but several of his running mates failed.

Good Government League forces at San Antonio, the incumbents, pushed a majority into City Council seats, but four of their mates faced runoffs.

At Dallas, Thornton received 29,821 votes, Cabell 28,000 and George F. Fox 2,133.

Councilman Tom L. Beauchamp Jr., Charter Assn., was forced into a runoff with attorney Joe Geary.

Walter Cousins Jr., Charter Assn., will face former State Representative Joe Pool in a runoff.

Builder George Mixon, Charter Assn., was in a runoff with Mrs. William Blessing.

Charter Assn. candidates elected to the Dallas City Council were incumbent Mrs. Carr Collins Jr., Teddy Harris, Nevelle McKinney, and Elgin B. Robertson.

Fort Worth's Mayor McCann swept to an easy re-election victory for his fourth term but several other candidates sponsored by a group of the city's leading businessmen failed in their bid for election to the council.

McCann rolled up a huge majority of more than 19,000 votes over two relatively unknown opponents to lead the field of 26 for the nine council places.

Also re-elected was Councilman T. D. Thompson, who was opposed by Watt Kemble, owner of a furniture store chain.

Councilwoman Mrs. M. M. McKnight won a handy re-election victory over Mrs. Warren Tallman.

But Mayor Pro Tem Jess Tarleton and Councilman C. B. Williams apparently faced a runoff to retain their seats on the council.

Others apparently elected were Oliver Shannon, north side funeral director, who defeated attorney Berl Godffey, John Justin Jr., Gene Cagle and Ralph McCann, no relation to the mayor.

Abilene elected a mayor and three city commissioners in the second highest turnout of voters in the city's history—7,048.

George Miner, department store executive making his first political race, was elected mayor.

John Deford defeated Jack Davis for one city commissioner post. Russell Jay was elected to a one-year unexpired term as city commissioner over five opponents.

Mayor L. N. Crim and Commissioner Dayton Walkup were re-elected at Kilgore. J. K. Maxwell was elected the third member of the city commission when the incumbent, O. N. Pederson, was defeated.

R. M. Shannon won election to the Waxahachie City Council and two other candidates tied for the second place to be filled.

Shannon polled 383 votes in the official tally.

Deadlocked at 270 were Dr. J. B. Silman and H. T. Berrier. The lone incumbent seeking another term, Bill Larkin, trailed with 188.

Council members met Wednesday to decide whether a runoff or some other method is used to break the tie.

Winning outright at San Antonio were Mayor J. Edwin Kuykendall, Councilmen Reuben O. Dietert, Dr. John L. McMahon, Dr. Max Johnson, and Dr. Jose San Martin.

Facing runoffs in an April 21 election are Mike Pa[illegible] Jr. versus John Touduze, Wayne Simpson vs. Zot Zottarelli, Joe Olivaries and Bennie J. Cantu, Theo Pinson Jr. and Ruben Nunez.

At Corpus Christi, the Action Party swept into City Hall in one of the hottest elections there in a decade. Three complete tickets and five independents ran for the mayor's post and six city council positions.

King received about 7,200 votes compared to incumbent Mayor Farrell Smith's 5,400 and incumbent Mayor Pro Tem W. J. Roberts' 4,100.

On King's ticket are Mrs. Ray Airheart, the first woman council member there, Patrick J. Dunne, Dr. James L. Barnard, Rear Adm. Joseph B. Dunn (Ret.), R. A. Humble and Gabe Lozano Sr.

Candidates backed by political boss George B. Parr swept into office in two Duval County towns.

At San Diego candidates of the Old Party, Parr's organization, won without difficulty. Alderman Mauro P. Garcia polled 836 votes and Amando M. Garza Jr. 860, while the independent candidates, Jesse B. Castenon and Adolfo R. Ibanez got 527 and 564 respectively.

At Benavides Pat Gonzalez was given 548 votes in seeking a third term. Ramiro Carrillo got 536 for a fourth term and A. C. Cadena 529 for a third term.

At Wichita Falls, the Progressive Citizens Assn. won all three city council posts. E. J. Winninger defeated incumbent Dr. J. D. Hall, Roger Thoes defeated incumbent Stayton Bonner, and J. R. Ray defeated Frank Stewart.

Port Arthur voters approved by a majority of two-to-one a $1,500,000 bond issue for a sanitary sewage disposal plant. Elected commissioners were C. R. Eisler, Ferman Schneider, Gordy Moss and G. D. Gambrell.

Corsicana voters turned down a revision of their city-commission charter by a vote of 1,614 to 635. R. S. Reading, who had been a city commissioner, was elected mayor succeeding Tom Eady, who was not a candidate for reelection.

Creation of a countywide tax district to finance charity hospital operations in Fort Worth won apparent approval.

Hypnotist Held Over

The Dr. Kit hypnotist show will be held over for one more performance here Thursday night at 8 o'clock, Howard Gray, chairman of the Jaycees show committee said.

Because of the big crowd, which almost completely filled the junior high school auditorium to capacity despite rainy weather last night, the Junior Chamber of Commerce, sponsors of the show, decided to hold the show over for one more performance.

Gray said that many persons who were unable to see the show in either of its performances Monday or last night, have expressed a desire to see the show.

Dr. Kit put about 20 persons in hypnotic trances last night and led them through imaginary experiences which were registered by their actions and expressions — much to the delight of the large audience.

"We believe this is one of the best stage shows to have appeared in recent years in Snyder," Gray said.

Admission prices for the special show tomorrow night will remain $1 for adults and 50 cents for students.

Dr. Kit said that a completely new group of subjects and completely different routines will be used in tomorrow night's show.

Hit-And-Run Driver Being Sought Here

City police are seeking a 1959 Chevrolet car with New Mexico license plates which was involved in a hit-and-run accident at 10 o'clock last night at Thirty-fifth Street and Avenue M.

Police said that the [illegible] of the accident, Giles T. Montgomery, Box 1201 Sweetwater, gave them the description of the car which struck his 1955 Plymouth inflicting damages estimated at $150. Apparently there were no injuries, police said.

No Nagging Backache Means a Good Night's Sleep

NOTES HOSPITAL

COGDELL MEMORIAL

ADMISSIONS — Rose Minor, 1201 Twenty-first Street; Billy Rock, Box 112; Edith Reagan, Box 105; Dorothy Norris, 3010 Thirty-ninth Street; Tommie Winstead, 3716 Avenue U; Ismael Gonzales, 2208 Avenue T; Judy Nance, 3104 Fortieth Street.

DISMISSALS — John Phillips, 2801 Avenue V; Jalette Anderson, 2606 Avenue I; J. T. Shirockey, 3102 Thirty-ninth Street; Fred Reynolds, 1204 Twenty-ninth Street; Bill Tolleson, 910 Twenty-eighth Street; Mary Calvert, Snyder; Jody Williamson, 3117 Avenue T; Fannie Lucas, Lubbock; Elizabeth Romero and baby, Clairemont Road; Eugene Breedlove, 206 Thirty-fifth Street; Margie Blanton and baby, Huffman Avenue; Edith Reagan, Box 105.

Casey Heads Association

Directors of the West Texas Hereford Association yesterday elected Scott Casey, Snyder Hereford breeder, as president of the association.

Officers and directors of the organization held there annual meeting in Abilene yesterday afternoon. Jay Pumphrey of Old Glory is outgoing president, having served two years.

Claude McInnis of Byrds and Earl Guitar of Abilene are vice presidents, and B. R. Blankenship of Abilene is secretary-treasurer.

Directors who were elected included Guitar, J. Paul Turner of Sweetwater, Heston McBride of Blanket, Olin Amerson of Hamlin, Eltos Dudley of Comanche, and Gene Whitehead of Abilene.

Casey is foreman for Winston Bros. Hereford Ranch here.

The board made plans for the Hereford show at the West Texas Fair, which will be held Sept. 12-19.

The group made plans to present the Wade Winston Memorial Trophy and the West Texas Hereford Association trophy to junior champions at the fair. The memorial trophy is in memory of the late Wade Winston of Snyder.

Automobile Damaged By Fire At Garage

A car being repaired at Shorty's Garage on the East Highway was heavily damaged by fire about 4 o'clock yesterday afternoon.

D. A. Porter, fire chief, said that gasoline spilled on the floor under the car was accidentally set on fire by an electric welding torch.

Firemen rolled the car from the building after the fire was almost put out, to prevent possibility of damage to the building if the fire started again.

Pylant Reelected By Fluvanna Board

FLUVANNA (Spl.) — The Fluvanna school board last night reelected Dee Pylant president of the board in its April meeting.

Bob E. Warren was reelected secretary of the board. No vice president has yet been elected.

New members taking places on the board last night were Weldon Key and Bill Jones.

Other members of the board are Hurston Lemons, Joe Landrum, and Dean Ball.

THIS HAT IS WORTH $100,000

The more they learn, the more they'll earn! Surveys show that a college graduate earns an average of $100,000 more in a lifetime than a non-grad. But hats like the one above come high. A four-year course in a private college today costs an average of $6,000.00.

Equitable's College Fund Plan can help you budget the cost over a number of years. By starting the plan today, you can make sure dollars will be there when your child needs them, even if you don't live until college time. It's the sensible, pay-as-you-go way to build college funds. For information, ask your Man from Equitable.

Adenauer's Decision Gets Applause In This Country

By JOHN M. HIGHTOWER

WASHINGTON (AP) — Konrad Adenauer's decision to withdraw from active direction of the West German government later this year won quiet applause today in official Washington.

Whatever they may say publicly in tribute to the German chancellor, U.S. foreign policy makers say privately there are two outstanding reasons why his move should strengthen the Western alliance.

1. By choosing to step up to the presidency instead of remaining chancellor until death or disability cut him down, Adenauer has almost certainly thwarted Soviet hopes that the end of his regime would be followed by a struggle for power, creating uncertainty and weakness in Bonn.

2. By electing to leave the chancellorship, he has started clearing the way for younger men with more agile minds to take a greater part in the development of German policies.

This probably means the introduction of greater flexibility into West Germany's attitude toward negotiations with the Soviet Union over the Berlin crisis and related problems, beginning with a foreign ministers conference May 11.

One of the first places where modifications of foreign policy may become apparent is in a meeting of U.S., British, French and West German diplomats in London beginning next Monday.

Following up the meetings of Western foreign ministers here last week, the four-power group has the task of putting into shape the proposals which the Western powers will present to the U.S.S.R. at the Geneva foreign ministers session next month.

The West German government has been divided within its own ranks about the kind of proposals which the Western powers should make.

In an earlier diplomatic conference in Paris last month, German representatives went along with inclusion of a confederation plan among the Western proposals for the Geneva conference. The idea was that a confederation of East and West Germany would constitute one of the early stages in a step by step program for reunification.

When Foreign Minister Heinrich von Brentano came here from Bonn for last week's meetings, however, he received orders from Adenauer to kill the confederation idea. Some who sat in the meetings were not convinced that he agreed with his chief but he had no alternative. He spoke strongly for a very tough bargaining line with the Soviets and said confederation involved too many risks for West Germany to undertake.

The inevitable shifting of political forces inside the Bonn government as a result of Adenauer's decision now opens up the possibility the plan may be revived. Top American authorities say that whether it is called confederation or something else it is essential for an effective set of proposals to introduce at Geneva.

Two Rabbit Drives Set

Two rabbit drives have been scheduled in Scurry County for Saturday.

One of the drives will be north of Snyder in the old Martin school district area. The other will be in the Fluvanna area, the fourth held there in recent weeks.

A group of community residents organized the drive north of Snyder. Hunters have been invited to meet at 8 a.m. Saturday at the Marvin House home, which is six miles north of Snyder and one mile west of the Clairemont Road. Lunch will be served there, furnished by residents of the community.

Ammunition will be furnished by Sportsman's Headquarters at cost. Those high school age and above have been invited.

The Fluvanna drive will begin at 8 a.m. Saturday at the Fluvanna Community Center, and lunch will be served there at noon by wives of Fluvanna area farmers and ranchers to all hunters attending, who must be of high school age or above. Ammunition will be furnished at cost by the J. D. Patterson General Store of Fluvanna.

An estimated 6,000 rabbits were killed in the three previous drives in the Fluvanna area. Last Saturday, an estimated 90 hunters killed about 2,500 rabbits.

Membership Panel Of C-C To Meet

The membership committee of the Chamber of Commerce will hold its monthly meeting here tomorrow.

The breakfast meeting will be held at 7 a.m. at the Manhattan Coffee Shop.

M. L. Andress is chairman of the panel.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

THIS LETTER OF INTENT business gets rather comical at times.

The Southwest Conference, of course, abides by the letters, meaning that when a boy signs with one SWC school the other schools then leave him alone.

But the letter doesn't bar any schools outside of the SWC tampering with an athlete once he signs a SWC letter.

As a matter of fact, the SWC letter of intent was "made to order" for Oklahoma University. Once a boy signs with a SWC school, Oklahoma then moves in on the boy with virtually no other opposition.

Oklahoma has dipped down and got several Texas athletes in the past who had signed letters of intents with a SWC school. It's pretty hard for a boy to turn down Oklahoma's bid for his services when he is offered the moon to attend OU.

Unless the NCAA makes the Letter of Intent nationwide, we believe the SWC is foolish to continue with the LOI.

Should Be Penalized

We believe a boy, regardless of what school he signs with, should be penalized one year of varsity competition if he winds up at another school.

That's the way the rule reads in the SWC. If a boy, for example, signs with TCU and then shows up at SMU, he would be eligible for only two years of varsity competition at SMU whereas he would have had three years had he gone to TCU.

But, when a boy signs with a SWC school and then goes to another school outside of the SWC, he is eligible for three years of varsity play, the same as if he had never signed with another school.

We believe the LOI would be a good thing if put on a nationwide basis. Not many boys would sacrifice a year of competition by breaking a contract.

The SWC, of course, isn't barred from talking to a boy who has signed a letter with a school outside of the conference.

University of Houston, in fact, has lost two boys to SWC schools within the past few days. Wayne Fields, the rugged Big Spring fullback, signed a Houston letter a week or two ago and then later put his "John Henry" on a Texas A&M contract.

All-State tackle Charles Huddleston of Breckenridge has signed a Texas Tech letter after previously signing a similar letter with Houston.

It wouldn't surprise us, though, if both boys wind up at Norman next fall.

Suggestion For Park Improvement

The Towle Park baseball diamonds rank second to none in West Texas as far as we're concerned, but there's always room for improvement.

We believe a big scoreboard behind either the left or right field fences would add to the appearance of the parks and convenience to the fans.

And then yesterday a need arose for the use of a tarpaulin or some other covering for the pitching mound to protect it from rain on the day of a game. It would also be nice to have a covering, too, for the base paths, but that probably would run into too much expense.

But it wouldn't take much to cover the mound.

The Tigers and Odessa could have gotten in their game yesterday had something been available to cover the mound. The rain let up at about game time and the rest of the field was playable but the mound was too muddy to let the game go on.

However, after seeing other parks and diamonds around West Texas, we feel mighty pround of the Towle Park baseball facilities, tarpaulin and scoreboard or no.

Celtics One Game Away From Title

By JIM KLOBUCHAR

ST. PAUL, Minn. (AP) — The Boston Celtics, perhaps the greatest basketball team ever assembled, were on the threshold today of a precedent-breaking sweep of the National Basketball Assn. title playoffs.

The Celts whipped the Minneapolis Lakers 123-110 here Tuesday night for their third straight victory. A repeat in Minneapolis Thursday night would make Boston the first team in the NBA's nine-year history to win the championship series in four straight.

"Why be modest about it," smiled Celtic Coach Red Auerbach, "this is a great team."

He got no argument on that from the Lakers after the Celtics' breath-taking show of power Tuesday night.

There was glory in it for all of the Celtic reliables but especially Bill Sharman, Bob Cousy and Bill Russell.

Sharman, the 32-year-old mechanical man, flicked six foul shots in as many tries and thus ran his consecutive free throw mark to 56, breaking the NBA record of 55 Bill set three years ago.

Sharman started the string in the first game of the Eastern Division playoffs against Syracuse and hasn't missed since.

Cousy once more was the whirlwind playmaker, steering the Celtics' fast break with spectacular dribbling, passing and headwork. And he found time to bag 23 points, second only to Tommy Heinsohn's 26 for the Celts.

"Cousy never ceases to amaze me," said Laker coach Johnny Kundla. "He had 19 assists and played like a demon. Maybe I've seen him look better once before, but I can't remember exactly when it was.

"For all that, I think it was Russell who beat us. We just can't do anything about that man. He's all arms. We'll see them in our sleep. He grabs that ball off the board, wings it to Cousy and Boston has got three men breaking against our one back before we know what hits us."

Russell hauled in 30 rebounds, bringing his total for the three games to 88.

The Lakers' task now is all but hopeless. They have to win four in a row against a team that was good enough to win 52 of 72 regular season games.

Raider Golfers Own Best SWC Record

By The Associated Press

Texas Tech holds undisputed first place in Southwest Conference golf while Rice and Texas are tied for the lead in tennis.

Tech took over in golf by beating Rice and Texas A&M 5½ to ½.

Rice whipped Baylor 6-0 and Texas walloped Texas A&M 6-0 to tie for the lead in tennis.

Friday Texas and Baylor clash at Waco while Rice and SMU meet at Dallas in the golf round robin. Saturday Texas A&M clashes with Arkansas at Fayetteville, TCU and Texas Tech play at Lubbock.

In tennis two matches are scheduled Saturday with Texas A&M playing Texas Tech at Lubbock and Baylor and Texas battling at Austin.

Freak Accident Sidelines Klaus

BALTIMORE (AP) — A freak hotel room accident may force a change in the starting lineup for the Baltimore Orioles Thursday in Washington.

Infielder Billy Klaus had his side strapped Thursday after X-rays showed he suffered a hairline rib fracture Monday night when he slipped on a bathroom floor and jammed his side against a wash basin.

Dr. Erwin Mayer, Oriole team physician, said Klaus should be able to play as soon as the pain allows him. Manager Paul Richards indicated Brooks Robinson would start at third base if Klaus is unable to play.

Light will be among the favorites in the hurdles at the Texas Western Relays at El Paso Saturday.

Texas Moves Into 1st Place In SWC

By The Associated Press

Texas held an accustomed place in Southwest Conference baseball Wednesday—top of the heap.

The Longhorns edged Rice 1-0 Tuesday to pull into first place and drop the Owls into a second place tie with Texas A&M.

The Aggies pushed back into the picture with a 14-7 trouncing of TCU.

Baylor rose from the cellar with a 4-3 triumph over SMU. SMU fell into last place.

Friday and Saturday there will be another full schedule in the conference race with Texas A&M and Baylor clashing at Waco, Texas and TCU tangling at Fort Worth and SMU and Rice getting together at Dallas.

Jay Arnette's sacrifice fly in the eighth drove in the only run as Texas beat Rice in a sterling pitchers' duel. Elmer Rod allowed the Owls only four hits while Jerrol Springer gave up just five to Texas.

Texas A&M got to four TCU pitchers for 16 hits—four of them homers—to come from behind for victory. Byron Barber, Aggie left fielder, clouted two homers, a double and single and drove in four runs.

Gerald Johnson turned in some nifty relief pitching to lead Baylor to its triumph over SMU.

Four Colleges Entered In Red Raider Relays

LUBBOCK, Apr. 7 — Four schools have entered the newly-formed university-college division of the Red Raider Relays scheduled for Texas Tech's track May 2, according to Don Sparks, Tech track coach.

Entered are Hardin-Simmons, McMurry, West Texas, and Texas Tech.

Organized in 1955, the Relays high school division is open to all participants who have qualified for the state University Interscholastic League. The Lubbock Amateur Athletic Association sponsors the Relays.

Rain Halts Tiger-Bronc Tilt Here

Rain halted the Tiger-Odessa Bronc game here yesterday before it could get underway.

A steady drizzle began to fall 1½ hours before game time and when it continued through the scheduled starting time of 4 p.m. the coaches of the two schools, Speedy Moffett of the Tigers and Julian Pressley of the Broncs, agreed to call it off.

Both teams were suited out and ready for play when the game was finally called.

The game has been tentatively reset for April 22 at Towle Park.

Next on tap for the Tigers will be a doubleheader Saturday against the San Angelo Bobcats at San Angelo.

In the meantime, the Tiger freshmen and sophomores will host the Colorado City sophomores in a return game here tomorrow afternoon at 4. The locals won the first game between the two schools at Colorado City last week, 18-4.

Sophomore Charles Gladson probably will get the starting mound call for the Tiger Yearlings tomorrow.

Houston Wins Own Meet

HOUSTON (AP)—The University of Houston won its invitational track meet last night but the East Texas State freshman, Sidney Garton, stole the show by winning the 100 and 220-yard dashes and anchoring a winning 440-yard relay.

The Cougars scored 63½ points to 51 for Texas A&M and 49 for East Texas. Texas A&I had 25½ points, Texas Southern and Lamar Tech 18 each, and Southwest Texas 14.

Garton was the only double winner, with freshmen competing with varsity teams. After anchoring the East Texas team to a 40.9 in the sprint relay, he came back 25 minutes later to win the 100 with a 9.6.

In a 220-yard dash run on a curve, Garton came off the turn ahead of Houston's Stan Levenson by a yard and a 21.2 time permitted him to win by about two feet.

The Aggies dominated field events. The best performances were in the discus where Owen Hill won with a toss of 156 feet 3 inches.

East Texas won five first places to four each for Houston and A&M. James Baird had 24 feet 5¾ inches to give East Texas first in the broad jump. Charles Bode easily won the high hurdles in 14.6.

Huddleston To Tech

LUBBOCK (AP)—Charles Huddleston, all-state tackle at state Class AAA champion, Breckenridge, has signed a letter of intent at Texas Tech.

Major Leaguers Tapering Off For 1959 Season Lid-Lifters

By ED WILKS
Associated Press Sports Writer

The exhibition schedule slid into the background today as major league baseball made a final dry run before Thursday's traditional regular season openers at Cincinnati and Washington.

The early opening, designed to fatten the kitty by squeezing an extra weekend into the majors' schedules, starts a second century of baseball in the nation's capital with the Baltimore Orioles facing the Senators before an expected 25,000. The Nats, who finished last in the American League season and lost their last 1 games, will send right-hander Pete Ramos (14-18 last year) against Oriole southpaw Jack Harshman (12-15).

Vice president Nixon is a third starting pitcher, tossing out the first ball in the absence of President Eisenhower. Ike prefers golf.

The predicted close National League race gets off to a running start with Pittsburgh's pennant-primping Pirates sending right-hander Ron Kline (13-16) against the darkhorse Reds. New manager Mayo Smith of Cincinnati, the former Philadelphia Phillies boss, is undecided between right-hander Bob Purkey (17-11) and southpaw Joe Nuxhall (12-11).

That one also gives an expected crowd of 32,000 Cincinnati fans a quick appraisal of the winter deal that sent power-hitting third baseman Frank Thomas to the Reds for catcher Smoky Burgess, third baseman Don Hoak and lefty Harvey Haddix.

All of the clubs are scheduled to get rolling Friday. In the American League, the world champion New York Yankees open Manager Casey Stengel's expected romp to a record-tying 10th pennant with a home debut against the Boston Red Sox. The Chicago White Sox are at Detroit and the Cleveland Indians are at Kansas City.

Friday's National League schedule sends the defending champion Milwaukee Braves to Pittsburgh and Los Angeles to Chicago in afternoon games while San Francisco is at St. Louis and Cincinnati at Philadelphia in a pair of night openers.

A bevy of front line pitchers got in their final warm-ups in Tuesday's exhibitions. Left-hander Johnny Antonelli, who'll open for the Giants, pitched a scoreless three innings and gave way to Mike McCormick, who continued the shutout string until Cleveland unloaded three runs with two out in the ninth for a 3-2 victory at Des Moines.

Brooks Lawrence and Hal Jeffcoat kept the Yankees in check as the Reds beat the champs 3-2 on Gus Bell's 10th inning home run at Savannah. Moe Drabowsky returned from the injured list and pitched nine innings for the Chicago Cubs, but Morrie Martin got the decision when the Bruins scored twice in the 11th for an 8-7 victory over the Red Sox at Victoria, Tex.

The Braves were blanked for six innings by the Dodgers' Don Drysdale, Clem Labine and Art Fowler, then beat Los Angeles 5-4 with two in the ninth off rookie Gene Snyder. Los Angeles got its four in the first off Bob Buhl before a crowd of 12,203 at Jacksonville, Fla.

The exhibition tour reached a major league park at Baltimore and the Orioles beat the Phillies 5-3, scoring all their runs in the first inning off Ruben Gomez, who gave up a grand slam to Gus Triandos.

Barry Latman and Bob Shaw were touched for 15 hits, but breezed as the Chicago White Sox walloped Nashville 20-10 in the Southern Assn. club's park.

SCORES

EXHIBITION BASEBALL
By The Associated Press

Tuesday's Results

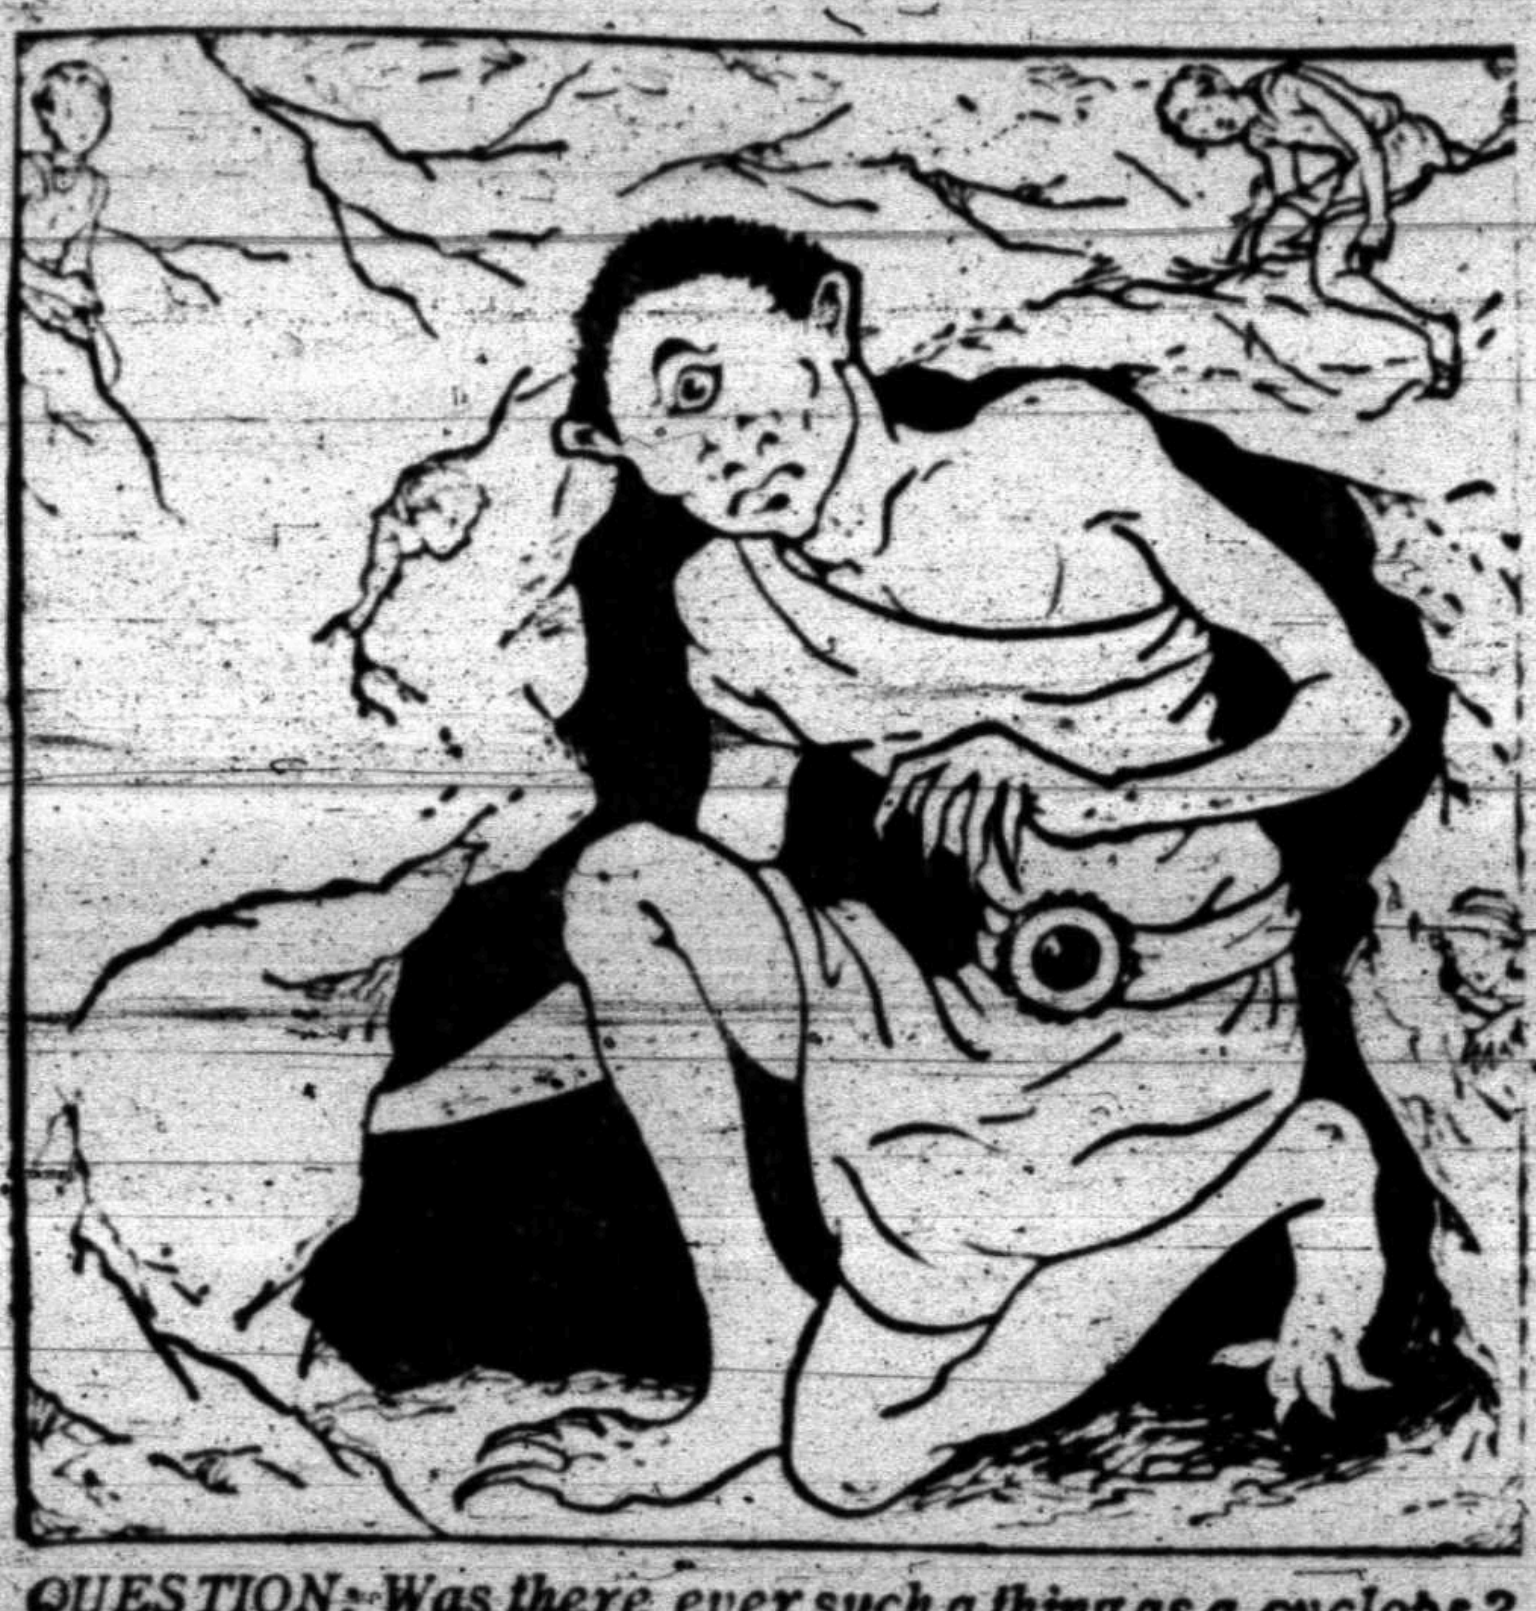
Junior Editors Quiz on MYTHS



QUESTION: Was there ever such a thing as a cyclops?

• • •

ANSWER: The legends and myths of ancient Greece are filled with strange men and animals and among the strangest were the Cyclops, a race of giants with one eye right in the middle of their foreheads.

The Cyclops never existed, of course, but they were very real to the ancient Greeks for, in their mythology, the Cyclops were the people who made weapons and armor the gods used in battle.

Perhaps the most famous Cyclops of all was Polyphemus, who captured Greek hero Ulysses and his men when they were returning from the Trojan War. The Greeks escaped after Ulysses had destroyed Polyphemus' one eye.

• • •

FOR YOU TO DO: Go to your library and [illegible] of the strange animals in Greek mythology. See if [illegible] find out what made these animals so different: the centaur and the hydra.

• • •

(Pat Trajcik of Phoenixville, Pa., wins $10 for this question. Send your question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. Tomorrow: Why are some superhighways called turnpikes?) 4-8

Rate Increase Is Suspended

HOUSTON (AP)—The Interstate Commerce Commission suspended yesterday a proposed railroad switching rate increase at Port Houston.

The ICC action followed a request March 26 by the Houston Chamber of Commerce, which charged the proposed rates would discriminate against Houston shippers and undermine the competitive position of Port Houston.

The railroads had published a tariff amendment boosting single-line movement from $20.71 to $30 per car and to $35 on joint-line movements.

The chamber said the railroads did not plan to increase switching rates at other Texas and Louisiana ports.

The suspension may be appealed by the railroad.

Lease Bids Taken On School Lands

AUSTIN (AP) — Oil and gas lease bids have been tabulated on 66 tracts of public land, the School Land Board said yesterday.

No final action will be taken on them until all high bids submitted have been checked for descriptions and other legal requirements, Land Commissioner Bill Allcorn said.

The tracts were in Reeves, Terrell, Montgomery, Jefferson, Nueces, Kleberg, Chambers, Kenedy, Caldwell, Guadalupe, Matagorda, Victoria, Young, Hidalgo, Shackelford and Galveston counties.

Funds Asked For Airports In Texas

WASHINGTON (AP)—The Federal Aviation Agency recommends a $42,663,000 airport program for Texas.

The proposals were outlined in the agency's annual report required by the Aircraft Act of 1946, and the recommended work would take place in the four year period 1959-62.

Initiation of the projects rests with the local communities. The agency pointed out that no federal funds [illegible] be available until and unless local authorities raise their share of the costs.

No cost estimates were given for individual projects.

Under the agency's program there would be 58 projects for improvements at Texas airports which serve commercial aircraft. Improvements are planned for 116 airports over the state which serve general aviation. This includes the 58 because they may serve small privately-owned aircraft as well as commercial passenger airliners. In some cities more than one airport is included.

The recommended program would call for expenditure of $30,375,000 on airports for commercial traffic: $1,186,000 in 1959, $5.36.000 in 1960, $15,033,000 in 1961 and $8,820,000 in 1962.

For general aviation improvements the recommendation calls for $1,407,000 in 1959, $5,318,000 in 1960, $3,833,000 in 1961 and $1,630,000 in 1962.

The recommendations are based, among other things, on a prediction that the Texas airports will serve 5,701,000 airline passengers by 1965 as compared with 2,699,393 in 1957.

The report noted that there were 3,417 planes registered in Texas last year, of which 689 were multi-engine aircraft.

The recommendations for commercial plane service call for new airports for Amarillo and Houston.

The general aviation recommendations call for new airports at Arlington, Baytown, Burnet, Colorado City, Corsicana, Crockett, El Campo-Wharton, El Paso, Fort Worth, Grand Prairie, Hillsboro, Irving, Jacksonville, Kingsville, Laredo, Menard, Munday, New Braunfels, Orange, Seguin, Sinton, Spearman, Waxahachie and Woodville.

Improvements at the existing airports call primarily for such work as extension of runways and improvement of lighting and parking facilities both for planes and automobiles bringing passengers to the terminals.

Plans Made For Exchange Student

A charter has been received here for a Snyder chapter for the Foreign Field Service in preparation for the coming of a foreign exchange student to Snyder next fall.

The high school student council several weeks ago applied for the charter and for an exchange student for the next school year.

The exchange student has not yet been named by the Foreign Field Service but is expected to be within about a month. The agency has, however, selected the Snyder family with which the youth will live while in Snyder. The family is that of Mr. and Mrs. Don Robinson, 2711 Avenue F. Robinson is a life insurance agent here.

While in Snyder during the nine-month school term, the student will be "another member" of the Robinson family.

Nationality of the student who will come here is not yet known. The exchange students to the U. S. come from about 40 different countries. The student will be a junior or senior and in high school here will carry a normal class load.

The student council will be local sponsor of the student. The local chapter, which will work with the council and with the Robinson family, is now composed of T. D. Wiman, high school principal; Phillip Smartt, who will be president of the student council next year; C. Dale Brooks, minister of the Thirty-seventh Street Church of Christ, who will act as liaison between the chapter and the Robinson home; and Miss Virginia Grove, sponsor of the student council.

The exchange student is expected to be sent here sometime during August.
