# Reaction From Abroad Is Not To Halt Probes

WASHINGTON, Nov. 21 (AP)—Sen. Wiley (R-Wis) said today that despite adverse reaction abroad congressional investigations of alleged Communist infiltration into the government "are not going to be stopped by anything."

But Sen. Mansfield (D Mont) predicted that if the Republicans try to roll out for political effect a series of exposes similar to the Harry Dexter White case they may keep Congress in such an uproar that vital legislation will be lost.

Wiley, who heads the Senate Foreign Relations Committee, said in a statement that many strong anti-Communist leaders abroad "are obviously deeply skeptical, to say the least, of our congressional investigations."

He said this is being exploited by Communists and is contributing to the "widening gulf" in Allied cooperation at a critical time.

"I want respectfully to urge the thinking people in Allied lands to adopt a more understanding attitude toward the U. S. congressional investigations of subversive activities in our government," Wiley said. "I hope they will understand that the American people have been shocked by disclosures of Communist penetration of high offices of our land and laxity in failing to clean out Soviet agents.

"The fact of the matter is that whether or not foreign reactions improve or worsen, our U. S. investigations are not going to be stopped by anything."

Americans for Democratic Action said meanwhile the White case "threatens to make the United States government the laughing stock and the despair of the entire Free World."

In a letter to President Eisenhower the organization urged him to appoint a non-partisan, non-political committee or outstanding citizens to study the whole problem of national security and civil liberties.

Eisenhower said at his Wednesday news conference he hopes that the need for congressional investigations on the Reds-in-government issue will soon pass. Canadian officials have shown annoyance at the release by Atty. Gen. Brownell of some hitherto secret documents in the White case. Reaction abroad was generally unfavorable to Brownell's original charge that Truman promoted White to a better paying job in the face of FBI reports that White was a spy.

Wiley said that while congressional committees have "a perfect right to proceed to fulfill their legislative responsibilities as they see them," he hopes that his colleagues will recognize the "widening gulf" between this country and its Allies.

He said this was caused by differences in procedures, libel laws and in the "climate of public opinion" here and abroad.

Wiley said that abroad "the Reds are working night and day to fan and exploit criticism of U. S. congressional investigations as a means of separating the people of our country from the people of other freedom-loving lands."

He said foreign critics are not justified in attempting to portray this country's actions as "witch hunting" or "hysteria."

## Truman Smiles As Mail Comes To His Support

KANSAS CITY, Nov. 21 (AP)—Harry Truman glanced at a stack of telegrams and letters in his Kansas City office the other day and said "The score is 96 to 4."

A broad grin crept across his face.

The messages, more than 4,000 of them, he said, came to the office following his television statement earlier in the week on the Harry Dexter White case. Truman said Atty. Gen. Brownell "lied" in his description of the ex-President's part in the case.

Truman told his nationwide audience:

"And in saying 'Harry Dexter White was known to be a Communist spy by the very people who appointed him' he (Brownell) lied to the American people. In backing away from his charge with the mealy-mouthed statement that he had no intention of impugning the loyalty of any high official of the prior administration, he lied to the American people again."

Talking about the messages, Truman said:

"We haven't got all these communications sorted out yet, they're still coming in. But that's the way it's running—96 percent favorable."

Moreover, he said he was not going to talk about the case, for publication, any more. He did not want to discuss Brownell's rebuttal, given the next day in testimony before the Senate Internal Security subcommittee. Nor would he discuss any other details of the case as it stands, including the version given by J. Edgar Hoover, director of the FBI.

"I'll say this," he aded, answering a question, "I'm satisfied that the television talk served its purpose. I'm completely satisfied about that."

The purpose, he had said, was "to set the record straight." Also, he went on, one of his aims was set forth in the talk itself. He said "You read the second to last paragraph."

That paragraph goes:

"If this sordid, deliberate and unprecedented attack on the loyalty of a former President of the United States will serve to alert the people to the terrible danger that our nation and each citizen faces, then it will arouse you to fight this evil at every level in our national life. I hope this may serve to stir the conscience of the present administration itself."

## Douglas Plane Flies Twice As Fast As Sound

LOS ANGELES, Nov. 21 (AP)—Test pilot Scott Crossfield flew the needle-nosed Douglas Skyrocket twice the speed of sound yesterday in the fastest flight man has ever made.

The National Advisory Committee for Aeronautics said Crossfield reached a top speed of 1327 m.p.h. in the rocket-propelled aircraft or 2.01 times the speed of sound.

Flying the Skyrocket under power for only three minutes, Crossfield said that after climbing at a 45 degree angle "I did a nose over to reach level altitude or a slight dive" in making the record run.

During the three minutes the skyrocket used three tons of fuel.

If a plane flying at 1,327 m.p.h. could carry enough fuel for a New York to Los Angeles flight, it would make it in two hours, so the pilot would leave the east coast at 8 a.m., eastern time and reach the west coast at 7 a.m., Pacific time.

"The physical sensation was no different than flying this airplane 100 or 200 m.p.h. less than this record speed," the pilot said. He's flown the Skyrocket about 50 times for the NACA.

Asked how he felt during the high speed run yesterday, Crossfield replied, "I had the stomach ache."

*COTTON COMES TO GIN*

Herman Moore, Farmer's Co-op Gin employe, operates a vacuum pipe that removes cotton from a truck, starting it on its way toward the finished bale. Snyder gins have been kept busy so far this season. (Lee Watson photograph)

## Cotton Ginning In County Pushing Up

The 1953 cotton crop appears to be rapidly making its way to the estimates of earlier this year, and it may even exceed those estimates.

Reports from the eight cotton gins now operating in the county showed that almost 7,000 bales had been ginned by Friday, almost half the 15,000 estimated.

The crop is almost sure to exceed that of 1951, when 12,000 bales were produced. By this time in 1951, there had been about 4,700 bales ginned. Last year there were slightly more than 1,200 bales ginned during the season.

1950 was the last time the county had a sizeable crop, with 39,245 bales ginned during the season. By this time that year there had been about 25,000 bales ginned. The 1949 crop was about 30,000 bales at the end of the season.

Ginners report that farmers are not now having as much trouble finding laborers for the cotton harvest as they were several weeks ago, although some areas report they could use a few more laborers. Some farmers now are waiting until their cotton is ready for stripping by machine to save labor costs. Cotton pulling here ranges from about $1.55 to $2.25 per 100 pounds, some ginners reported.

Only one ginner reported that ginning is slowing down, while the remainder called it either steady or picking up.

The eight ginners reported a total of 6,932 bales ginned in the county. That is about 4,500 bales more than had been ginned a month ago.

By communities, reports show that 2,958 bales had been ginned at the Paymaster, Cooperative, and Plainters gins at Snyder, 415 at Hermleigh Planters, 732 at Dunn Planters, 721 at Inadale Cooperative, 856 at the China Grove Cooperative, and 1,230 at Meeks Bros. in Ira. The Fluvanna gin is closed this year.

## National Guard Told To Get Ready To Aid In Defense Of Air

WASHINGTON, Nov. 21 (AP)—National Guard anti-aircraft units were ordered today to get ready to help Army batteries defend major industrial and population centers against attack from the air.

The National Guard bureau said 91 of its AA battalions in 26 states, not including Texas, will get in shape to carry out this mission.

Units in the district will be the first to man gun sites. The national program will take several years to complete because the battalions are in varying stages of organization.

National guard batteries will be given responsibility for manning gun positions after they meet strength and training standards set up by the Army.

The Army is supplying the latest anti-aircraft equipment as it becomes available.

# Brownell Would Change Wire-Tapping Law Now

## Italy Approves Conference On Trieste Tiff

ROME, Nov. 21 (AP)—Italy gave a conditioned assent today to Western plans for a five-power conference aimed at settling the future of Trieste once and for all.

The next move apparently is up to Yugoslavia, which is expected to approve such a conference with qualifications of her own.

Diplomatic informants, though pleased by today's progress, cautioned that desires of Italy and Yugoslavia must be reconciled before representatives of those nations, the United States, Britain and France can sit down together to discuss the issues of the Free Territory.

The qualifications with which Italy surrounded her reply were not disclosed.

The turbulent port of Trieste, center of the dispute, was the scene of demonstrations by jobless workers today for the third straight day. Shouting "Hunger, Hunger," they stormed the city hall to demand more relief work.

Police said Communist or pro-Yugoslav troublemakers instigated the outbreak.

Today's big development was in Rome. Premier Giuseppe Pella separately advised ambassadors of the United States, Britain and France that Italy takes "a positive and constructive attitude" toward their Nov. 13 suggestion for a five-power conference.

Diplomats said more informal soundings must take place before things firm up. The major points on which compromise is necessary:

1. Italy's demand for "parity" before sitting down at a conference with Yugoslavia—that is, Yugoslav withdrawal from Zone B of the disputed territory or Italian occupation of Zone A, which Britain and the United States decided Oct. 8 to turn over to Italy.

2. Yugoslavia's insistence that the conference be undertaken before any changes.

## Congress Faces Big Problems In 1954

WASHINGTON, Nov. 21 (AP)—House Republican Leader Halleck of Indiana today listed farm prices, taxes, foreign trade, social security and revision of the Taft-Hartley Act as major problems that must be tackled when Congress returns in January.

Just what shape farm legislation will take he would not predict. But he said his recent travels indicate there is "a noticeable slackening" of criticism of Secretary of Agriculture Benson and a growing feeling among farmers that "Benson has kept his feet on the ground and wants to work out a good program for the farmers."

Halleck, en route to Florida for a vacation with his family, conceded that the foreign trade problem will be "a tough one." The issue will come to a showdown when Congress decides what to do about the reciprocal trade program due to expire next June.

There is no doubt, Halleck said, that a 10 per cent cut in income taxes scheduled for Jan. 1 will go into effect and that the excess profits tax will die on schedule the same date.

Scheduled cuts in corporate and excise taxes will have to be reviewed, he said, and present rates probably will have to be retained in some form beyond April 1.

Halleck opposed suggestions that Congress enact a general manufacturers' excise tax but said he favors an excise tax on some articles.

In keeping with a party promise, he said, Congress will revise the Taft-Hartley labor-management relations law "but the fundamental purposes of the act will not be destroyed."

One of the earliest matters that must be settled by Congress, he said, is what to do about an increase in social security tax rates scheduled for Jan. 1. Existing law provides that the tax paid by employers and employes into the social security fund be raised to 2 per cent from 1½ starting with the new year. President Eisenhower has asked that the present rate be retained next year, and Halleck predicted that Congress would go along with the request.

An opposite stand was taken by another influential Republican, however. Rep. Daniel A. Reed, chairman of the tax writing Ways & Means Committee, said he still favors allowing the increase to go into effect as scheduled.

Reed, Rep. Carl T. Curtis (R-Neb) and Secretary of the Treasury Humphrey reviewed the whole social security program with Eisenhower at a one-hour conference in the White House today.

After the White House meeting, Reed said he did not know whether Eisenhower would change his stand.

### *CARE ASKED IN LEAVING AUTOS*

A warning was issued yesterday by Walter Suttle, police chief, that Christmas shoppers should not leave packages in unlocked cars.

"There have been several complaints here already that small items were stolen from unlocked cars, and many more thefts may occur if cars are left unlocked," Suttle said.

He warned that not only are purchases intended for Christmas gifts subject to such pilferage, but even grocery bundles and clothing left in unlocked cars are likely to be stolen.

## White Case Cited To Show Change Need

WASHINGTON, Nov. 21 (AP)—Friends of Attorney General Brownell said today he feels the Harry Dexter White affair provided a major assist in his effort to have changes made in the laws relating to wire-taps and immunity for reluctant witnesses.

Brownell called White, an assistant secretary of the Treasury in the Truman administration, a Russian spy, and bitterly criticized his retention in government.

But he also indicated before a Senate Internal Security subcommittee last week that the previous administration could not have proceeded with an espionage prosecution against White because some of the basic evidence against him and others alleged to have been associated with him was obtained by FBI tapping of their telephone connections.

He pointed out that evidence so obtained is not admissible in the federal courts.

It was only after White's death in 1948 that documentary evidence, in White's own handwriting, came to light among the famous Whittaker Chambers "pumpkin papers."

The attorney general was reported to feel that his testimony, at a time when national attention was focused on the White case, dramatized more than any academic legal argument ever could, the contention made by numerous attorneys general that the government frequently finds its hands tied in dealing with alleged spies.

As his predecessors did before him, Brownell has asked Congress to legalize the use of wire-tapped evidence in espionage prosecutions and other internal security cases. He believes he may get action in the next session.

The present administration in the Justice Department believes that the 1949-50 convictions of Judith Coplon, former department employe, as a spy for Russia, are a dead letter unless the wire-tapping law is changed. The higher courts held that guilt was established, but questioned the use of wire-taps in the case and granted a new trial.

This has never been held, presumably because the government would have to rely on the same evidence it had in the first place. Miss Coplon is now a Brooklyn housewife, married to an attorney associated with her defense.

# Sunlight, Guards Only Sight As Kidnapers Wait Gas Death

JEFFERSON CITY, Mo., Nov. 21 (AP)—Bright sunshine streamed into the death row cells of Carl Austin Hall and Bonnie Brown Heady today as the Greenlease kidnap-killers awaited their Dec. 18 execution.

The sunlight and the sight of their silent guards were their only contacts with the outside world. All other access was cut off by a tight security clamp imposed by U.S. Marshal William B. Tatman.

He made it clear they're already dead as far as the outside world is concerned. The last news pictures of them were made last night as they passed behind the grim gray limestone walls of the Missouri penitentiary to pay the final penalty for kidnaping little Bobby Greenlease last Sept. 28 and killing him in a cold-blooded quest for $600,000 ransom.

From now on, Tatman said, the condemned pair will see no one but their guards, close relatives or spiritual advisers.

Superintendent of the State Women's Prison, Mrs. Bertha Nan Carroll, quoted Mrs. Heady as being resigned to her fate.

"She said, 'I got what I wanted —I couldn't have stood a life sentence.'" Mrs. Carroll said.

Mrs. Carroll checked the pasty faced Mrs. Heady into the penitentiary last night. She said she had seen a lot of women come to prison "because they got tied up with some no-good man. And that was this woman's trouble."

As the two walked through the chilly night air with their guards to the death cells, Mrs. Carroll said Hall asked his ex-mistress, "Were you cold, honey?" Mrs. Heady said no, Mrs. Carroll had let her wear her own coat.

The killers were fed today with food from the prison officers' mess —a precaution to keep some wrathful convict from poisoning them. What they ate was kept secret.

Tatman designated Warden Ralph H. Edison as the actual executioner. A few minutes after midnight Dec. 18 he will trip the lever which ends deadly cyanide gas fumes curling around the faces of Hall and Mrs. Heady.

More than 500 persons from all over the country have asked permission to watch. But Tatman said the number will be limited tightly with only three newsmen —one from each of the major news agencies—allowed to be present.

They will brief other news, radio and television reporters after the execution.

The marshall will designate five "respectable citizens" as the official witnesses and one of them may be the father of the slain 6-year old boy, multi-millionaire Robert C. Greenlease Sr.

Greenlease said after the killers were convicted and sentenced Thursday he did not know whether he would watch them die.

"It's too good for them," he said then.

These people will be allowed in the little gray stone death house on execution night just a week before Christmas:

The marshal or his chief deputy, the warden and the guards, assistants and not more than three physicians.

Three spiritual advisers and three friends or relatives for each prisoner if requested.

Five official witnesses.

Three newsmen.

After Hall and Mrs. Heady are pronounced dead, the three wire service representatives will go to the briefing room—probably the big prison garage—to give other reporters the story of Hall's and Mrs. Heady's last moments.

They will die quickly. But they have from now until a week before Christmas to think about it.

## Snyder Man Is Killed In Car Early Saturday

Special to the Daily News

Henry David Swain, 47, of 1808 Thirty-seventh Street, was killed in an automobile accident while on a hunting trip in the Kimble County area early yesterday morning.

The accident occurred on farm to market road No. 385 approximately 45 miles southeast of Junction, Highway patrolmen said apparently Swain's pickup truck overturned after failing to negotiate a curve in the road. He was alone, and was believed to have been thrown from the truck, then crushed by it as it rolled over.

Mr. Swain was representative of the gasoline department of Warren Petroleum Corp. in Snyder. He came here nine months ago from Houston.

His wife, Mrs. Linda O. Swain, is in Junction to complete funeral arrangements.

Funeral services are pending in Houston under the direction of Foley & Son Funeral Home. Burial will be in Forest Park Cemetery there. Hodges Funeral Home in Junction is in charge of arrangements there.

Survivors besides his wife include two daughters, Maile Susan Swain, four, and Margaret Ann Swain, one month; a son, David Ray Swain, one year, his stepmother, Mrs. Effie Swain, of Boonville, Miss.; three sisters, and one brother.

Mr. Swain was born March 14, 1906, in Carthage, Miss.

*STUDY CITY GARBAGE PICKUP ROUTES*

State, city and county officials are shown above mapping routes for the city's garbage trucks when the new system begins operation Dec. 1. As mapped, the routes will make it possible for the truck workmen to empty one garbage container each minute, R. H. Waldrop, seated, of the bureau of sanitary engineers of the state health department, Austin, said. Standing from left are: B. J. Shelley, city manager, V. T. Hancock, Jr., bureau of sanitary engineers, Lubbock, J. E. Craven, Jr., Scurry County sanitarian, and Dr. Hugh J. Stennis, health unit director here. (Lee Watson photograph)

# City Sanitation Department Is Beginning Operations Dec. 1

City owned and operated trash and garbage collection system will be put into operation Dec. 1, B. J. Shelley, city manager, has announced.

Daily pickup of trash and garbage in the downtown area, and twice weekly pickup of trash and garbage in residential areas will be provided by the new system, Shelley said.

Official advertising of the ordinance passed on second reading by the city council in October is being made today, and the ordinance becomes effective three days later.

The ordinance provides that garbage containers of from five to 32 gallon capacity be used in both the residential and business districts. It also provides that the containers must have tightly fitting lids to prevent breeding of flies and other insects.

### TRASH BURNING OUT

All burning of trash is strictly prohibited by the ordinance, but all trash and garbage will be picked up by the city, except junk, concrete or brick which must be removed by the owners.

All lawn, hedge, or tree clippings will be picked up by the garbage trucks if they are placed in a container, or bundled or sacked and placed beside the garbage containers, Shelley said.

Earl Davis, operator of the Snyder Sanitary Service which has had charge of trash and garbage collection on contract with the city in the past, has been hired to head the new city sanitation department. "We believe Davis is the most experienced and most highly qualified man in Snyder to handle the job," Shelley stated.

### TEN EMPLOYES

The salary paid the sanitation superintendent will be $300 per month. His department will include 10 other persons: three truck drivers at $220 per month; six laborers at $200 per month, and a dump ground caretaker at $200 per month. Shelley said Davis will have charge of the dump ground and of garbage and trash.

Charges for residential trash and garbage service will be the same as in the past, $1 per month, although residents will get twice as much service as present.

Equipment purchased by the city for the new department consists of two two-ton cab-over-engine International trucks which have been equipped with 15-yard Pak-Mor plunger type packer bodies, and one one and one-half-ton International truck with is being equipped with a stake body.

### ROUTES SET

Routes for trash and garbage collection have been carefully worked out by the city, with the aid of the Scurry County Health Unit and the State Department of Public Health.

"We will be able to empty one garbage container each minute under the system," Shelley said.

R. H. Waldrop, of the bureau of sanitary engineering of the state health department, and V. T. Hancock, Jr., of the bureau of sanitary engineering of Lubbock, were here two days last week aiding in working out the pickup routes.

"The ordinance and garbage and trash pickup system being put into operation here is definitely commended by the State Department of Public Health," Waldrop said. However, Waldrop said that the new system does not solve all Snyder's problems.

"A three-step program must be followed for the program to be completed successfully," he said.

The first step is for every individual to prepare his trash and garbage in the manner provided by the new ordinance and use containers like the ordinance calls for, he said.

"The second step in the program is efficient and regular pickup by the city, which can be provided with the new equipment purchased here," he said.

Waldrop outlined the third to complete the program as better methods of disposal of garbage and trash at the city dump grounds.

"However, more expensive equipment would be needed for correct disposal at the dump ground," he said.

"Snyder is to be commended for starting the program, because many cities attempt to wait until they have enough money to put the full program into operation at one time. They never reach that goal and never have the proper system," he said.

## High Hopes On Bermuda Talks

WASHINGTON, Nov. 21 (AP)—Prime Minister Churchill, who initiated next month's Big Three conference at Bermuda, was reported today to hope mainly that the meeting will give some new impetus to the West in its contest with Russia and its quest for security.

How this may be accomplished is not yet clear, according to informants familiar with the preliminary arrangements for the meeting.

The conference, bringing together Churchill, President Eisenhower and French Premier Laniel for the first time, is due to open on the Atlantic island Dec. 4 and to be concluded Dec. 8.

GIANT 'EGGBEATER'— YH-16, center, 124 feet long and able to carry 40 troops or 32 litter patients, dwarfs earlier model helicopter, Navy HUP, front, at Philadelphia Airport.

# Snyder Delegates State PTA Convention Ended In Harmony

Snyder's eight delegates to the San Antonio convention of the Congress of Parents and Teachers returned Friday night after a session expected to be a hot contest for the presidency ended in an amiable election.

Both sides in the presidential contest remained on harmonious terms throughout the session which began early Tuesday and closed Friday after the brief election Thursday, according to Mrs. E. N. Baker, president of Snyder's City Council of Parent-Teacher Associations.

Mrs. Baker, also a delegate, said the contest had erroneously been predicted as hard-fought campaign resulting in bits of possible bitterness flaring up with the presidential nomination from the floor of Mrs. C. R. Larimer of Houston.

Instead, there was no heated controversy on the floor when the floor nomination was made, Mrs. Baker related, and the election was quietly held with Mrs. Larimer being defeated by Mrs. Leon Price of Dallas, the nominating committee's choice. The vote was 3,213 to 608.

In campaigning before the convention, it was said Mrs. Price was a liberal while Mrs. Larimer was a conservative. One of the issues raised was that of support of the United Nations educational auxiliary, UNESCO, and whether it advocated world government. Another issue was that of the nominating committee's nomination of a person other than the vice president for succession to the presidency.

Mrs. Baker said that although it had been thought by some that a vice president's nomination for president was traditional, it had merely occurred three successive times and was not necessarily a custom.

Interest in the election, however, brought out about twice the number of delegates usually attending the conventions.

Delegates from here supported Mrs. Price, Mrs. Baker said. "Our delegates were not instructed as to how to vote on any matters," she said, "but we supported Mrs. Price because we had confidence in the nominating committee and believed it was well qualified to pick a leader."

The nominating committee is at present and heretofore has been composed of five members elected to the committee by the state organization's board of managers. In the session this year, however, the number on the committee was amended to seven.

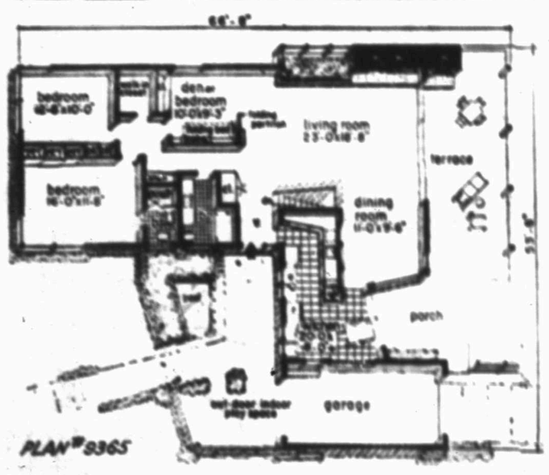
All offices have three-year terms, and the next nominating committee will be formed by the managers prior to the convention three years from now, Mrs. Baker said.

Two voting delegates may be sent from each local PTA unit in addition to one delegate for the council of local units. Snyder has six units and could have sent 13 voting delegates. Thirty delegates could have been sent, but votes allowed were two per unit. Delegates must pay registration fees of $1 each.

Delegates from here besides Mrs. Baker were Mrs. J. C. Massingill and Mrs. Tinsley Rainwater from the East Elementary PTA, Mrs. Waldo Montgomery for West Elementary, Mrs. W. C. Scarborough from Junior High, Mrs. Jack Harless from Central Elementary, T. D. Wiman, Jr., from High School and Mrs. T. D. Wiman, Jr., from the West Elementary PTA.

Also attending the convention was the superintendent, Dr. Cecil Yarbrough, a member of the board of managers.

## HOMES FOR AMERICANS



AP Newsfeatures

INDOOR-OUTDOOR living is exploited in this plan for a house erected by the Long Island Home Builders Institute and AFL building trades unions as a contribution toward raising funds for 13 community hospitals. Materials, equipment and services were donated by more than 150 associate members of the institute. The house is offered as a prize in a hospital fund raising campaign. Features include doors at both ends of the garage to create covered play space for children in bad weather. A picture window adjoining the living room fireplace extends into the finished basement, where plants and vines grow up from the basement through the living room level. Sliding glass walls merge living room and terrace, where a barbecue fireplace is provided in the massive multiple chimney. The house covers 1,585 square feet without porches and garage. It was designed by Matern & York, architects, 90-04 161st St., Jamaica 2, N. Y.

## Britain Turns Down French Request For Binding Aid Pact

LONDON, Nov. 21 (AP) — Britain has turned down a French request for a binding agreement that would commit British divisions to remain on the European continent indefinitely, informed sources said today.

These British informants said Britain has assured France there is no present intention in the face of the Russian threat to cut down on her continental garrison. But Britain has insisted on reserving the right to determine alone what size of the garrison should be and how long it should remain there.

The French request reportedly was made during the negotiations now going on in Paris for an overall agreement associating Britain with the projected six-nation European Defense Community.

# British Say Piltdown Skull Is A Phony

LONDON, Nov. 21 (AP)—Three sleuthing British scientists declared today the skull of the fabulous "Piltdown man", accepted for 40 years by many of the world's top anthropologists as a relic of man's earliest history, is a phony.

They branded the relic the product of a "most elaborate and carefully prepared hoax," partly faked from ape bones.

Charles Dawson, an attorney and amateur antiquarian, discovered part of the skull in a southern England gravel pit in 1911. In the next two years he produced from the same pit a jawbone and a tooth which some anthropologists said established the skull's age as at least 100,000 and perhaps 600,000 years old.

Dawson died in 1916 and a monument to his discovery now stands in the Sussex fields near the gravel pit where he found fame.

Dr. K. P. Oakley of the British Museum and two Oxford University professors, Dr. J. E. Weiner and Dr. W. E. le Gros Clark, reported in today's "Bulletn of the British Museum" that up-to-the-chemical tests have proved the jawbone and tooth to be deliberate fakes.

Both jaw and tooth, they said, came from a modern ape. Since apes don't live in Sussex that means they must have been planted.

The tooth, the investigators said, had been artificially pared down to disguise its original shape and the jaw had been stained.

The cranium itself is a genuine fossil, the scientists said, but they put its age at 50,000 years, less than half the previous widely held minimum.

They urged that experts taken in by the fraud should not be too hurt about it.

"The faking is so extraordinarily skilful and the perpetration of the hoax appears to have been so unscrupulous and inexplicable as to find no parallel in the history of paleontological discovery," they said.

Mrs. Georgia Anna Brooks, took a look at life on her 101st birthday and commented "There's too much devil in the world. Nobody's happy like they used to be when I was a youngster. People think too much about money." The Mt. Ranier, Md., woman is a former resident of Virginia and a widow of a private in the Confederate Army. Mrs. Brooks commented that the Yankee soldiers she saw during the Civil War were "pretty nice."

John Hammett, Polar Road, was taken to his home from a Sweetwater hospital yesterday by Bolger ambulance. Mr. Hammett is recovering from injuries suffered in an accident several days ago.

# Seek Federal Control Over Baby Selling

WASHINGTON (AP)—Sen. Hendrickson (R-NJ) said last week a New York City prosecutor's grim tale of a black market in babies has shown that a tough federal law to curb it "is a must."

Hendrickson made the statement as he called a husband-and-wife team of criminology students to testify today in this second day of public hearings into causes and possible cures of juvenile delinquency.

He said Dr. and Mrs. Sheldon Glueck, members of the Harvard Law School staff, would report their findings in a study of 500 juvenile delinquents and 500 youngsters of similar backgrounds who "went straight."

Yesterday the subcommittee heard Ernest Mitler, an assistant district attorney in New York City, declare state laws no longer are adequate to combat the reported baby black market.

Mitler said unwed teen-age mothers are easy prey for unscrupulous "vendors" who collect $1,000 to $2,000 for a baby. He said vendors often operate safe from prosecution in many areas where state laws do not forbid the practice.

Mitler appealed to the subcommittee to sponsor federal legislation to make interstate "sales" of babies a felony. Hendrickson said he thought such a law "is a must."

Mitler said there are interstate baby-selling rings operating a long-distance telephone order service or even, for $500 extra, personalized "door-to-door service."

Often, he said, babies are bought from mothers 1,000 miles away.

The subcommittee heard testimony by Dr. Martha M. Eliot, head of the Federal Children's Bureau, that 32,000 babies are born in a single year to unwed girls 17 years of age or younger.

Mrs. Sam H. Scarborough of Brownwood was brought by Bolger ambulance from a Sweetwater hospital to the home of her sister, Mrs. Pap Willis, 1601 Avenue L.

One of the largest single blocks of marble in the United States is incorporated in the Tomb of the Unknown Soldier n Washington, D. C.

R. J. Kubena is shown above in a plowed combine milo field that may prove to be an answer to the problem of winter winds blowing top soil away. Kubena farms one mile south of Hermleigh. The method of plowing leaves the plant stalks to catch blowing soil, yet provides all the advantages of fall or winter plowing. (Lee Watson photograph)

# Stubble Mulching Proves Good For Crop Land Near Hermleigh

R. J. Kubena, who farms one mile south of Hermleigh, has recently done a job of stubble mulching on 22 acres of his combine milo stubble that he believes will prevent the top soil from blowing this winter and early next spring.

"This method of managing the stubble really pays off in soil protection and increased yields on following crops," Kubena said.

"I stubble mulched 12 acres of milo stuble in 1950 and found that it is a good way to handle the residue. I planted cotton on the 12 acres of land in 1951 and it produced one-third bale per acre, and my adjoining cotton only made one-sixth of a bale of cotton per acre," he said.

"You could tell exactly where the mulched plot was by observing the size of the cotton stalk. They were twice as large on the mulched land and made twice as much cotton as the cotton on the unmulched land.

"The mulched land didn't blow as bad as the other land did," Kubena said.

He performed the stuble mulching operation with a chisel plow. He arranged two 20-inch sweeps to plow under each row and cut the sorghum roots to kill the present growth. He had five chisels attached on the rear to plow the middles.

Another farmer, B. R. Seidenberger, who farms two miles south of Hermleigh, put foot pieces on the tool bar of his tractor and has done an excellent job of stubble mulching with that equipment, Ed Bigham, conservationist with the Soil Conservation Service here, said.

"Many other farmers over the county have a good stubble that could be managed in a similar manner to aid in preventing erosion this spring," Bigham said.

"The important thing is to keep some kind of cover on the soil at all times. Cover can be growing plants or residue of dead plants," Bigham said.

Strong winds cannot cause serious damage unless they come in contact with loose bare soil, he said.

Bigham said mulching gives several other benefits.

It cuts down on the rate of moisture evaporation from the soil, serves as a protective coat to the soil against extreme temperatures and keeps the soil open for free movement air and water.

The mulch also aids in reducing water runoff and improves soil structure so that it will not bake or crust easily.

# Officers Alerted To Bank Robbery Try

Police and sheriff's deputies here maintained a constant vigil on both Snyder banks for six hours Friday morning during an 11-county alert for possible armed robbery.

A patrol car from each department here was assigned for use in watching a bank, one parked in view of one bank and the other in view of the other bank, Bill Love, chief deputy sheriff, said.

Bank officials here, however, reported yesterday they had not known of the alert.

Love said the units were alerted when the department here was notified by telephone from the police department at Abilene of a tip that a man in Abilene at that time contemplated a bank robbery. The telephone call to Snyder was made about 2:30 o'clock Friday morning.

The alert was eased after two Abilene city police detectives and a federal officer arrested a suspect there about 8:30 o'clock Friday morning, and the suspect was released Friday afternoon at 3 o'clock.

The man arrested and questioned gave his address as Mesa, Ariz. He was booked for vagrancy and held only for investigation. Checks with Austin and Phoenix failed to reveal any police record.

Abilene officers said he had been in Abilene about three days, and that they were tipped that he contemplated a bank holdup.

Abilene officers advised officers in 11 counties to place guards around banks, particularly small ones. The alert was sent to Breckenridge, Albany, Baird, Sweetwater, Anson, Colorado City, Coleman, Roby, Ballinger, Snyder, and all towns with banks in Taylor County.

It was believed any bank robbery attempted would be tried about the times the bank employes were going to work but before bank opening times.

Ralph Geisenhoner, executive vice president of Snyder National Bank, and Nolan Watson, president of West Texas State Bank, said yesterday morning they had known nothing of the alert until after it had been relaxed.

W. B. McDonald, captain of Abilene's city detective force, said, "We're called on to do something like this dozens of times a year, and we have to act on every tip. If we ignored one, we would probably miss the real case, and we can't take that chance."

## Gets Out Of Copper Business At No Loss

PRESCOTT, Ariz. (AP)—Bill Grace trudged into the Valley National Bank here with a heavy iron box, weighing some 140 pounds, draped over his back.

After placing the chest on the floor and regaining his breath, he opened the box and hauled out 18,850 pennies.

Grace, who operates a newsstand, said he decided to deposit the coppers in the bank because he thought they would be safer there and he still had plenty of change for his newspaper sales.

## Customer Takes It All

BALTIMORE (AP) — A customer with plenty of time to spare spent an hour in Samuel Singer's Army and Navy store yesterday outfitting himself with shoes, trousers and sundry other items.

As Singer added up the bill, the customer pulled a gun, tied Singer up with some leather shoelaces among the "purchases," and cleaned out the cash register and the proprietor's wallet.

He made off with $931 in cash but left the pile of clothing behind.

*VIRUS AILMENTS*

# Dog Diseases Become More Prevalent In Cold Weather

Virus ailments are the leaders among those troubling dogs in Snyder, according to Dr. Robert J. Kidd, veterinarian.

A Chicago veterinarian recently said that over-eating is the chief cause of trouble among dogs there, as with human beings. Asked his beliefs on that, Kidd said he does not know of any cases like that here.

Several diseases among pets are caused by virus infections. They were previously all called distemper, Kidd said, adding that researchers are now finding that many of the virus diseases among pets, although similar, are not distemper.

Distemper is the result of a virus infection, as are the "hard pad" disease and a newly-discovered disease called hepatitis. Distemper is prevalent here now, Kidd said, since colder weather has come. The disease usually affects dogs up to one year old. The first symptoms include the dog's loss of appetite and drousiness. Later the pet will develop a running nose from its cold. By that time the owner should notice the trouble, Kidd said.

Shots are given for treatment of distemper, as are for "hard pad" disease, which is very similar to distemper and sometimes is hard to distinguish from distemper. The pads of the dog's feet will usually harden when the dog contracts the disease. Sometimes the dog can be heard walking because the pads are so hard. Other times the owner will notice the dog's apparent pain from walking. Without treatment, a dog usually dies in two or three weeks with this disease, Kidd said.

Hepatitis is a liver infection and has a high fatality rate among the younger dogs, the vet said.

Cold weather helps diseases along, Kidd said, adding that dogs probably get the virus diseases because many of them are always roaming their neighborhoods and coming into contact with many other dogs. All the virus diseases are contagious, he said.

Prevention inoculations can be given for distemper and hepatitis. They are also given for rabies. Kidd said he has given 650 rabies shots this year, and he added that he does not know of any rabies case in Snyder in several years.

Mr. and Mrs. M. C. Herod to Leland S. Herod, north 75 feet of lot 1 and north 75 feet of west half of lot 2, block 48, Wilmeth addition, except undivided half mineral interest during natural life of either or both grantors, Nov. 12.

Mr. and Mrs. Fred Walker Caudle to Mr. and Mrs. Truett Carter, lot 6, block 9, C. M. Payne subdivision, except minerals, Nov. 6.

John C. Kittrell to Mr. and Mrs. A. C. Weaver, lot 11, block 3, Kittrell Heights addition, with 1-32 non-participating mineral royalty, Nov. 12.

## Book Fines Can Grow

LONG BEACH, Calif. (AP)—A waitress, Mrs. Mary Kittrell, borrowed three books from the public library and agreed to return them June 15, 1950.

Somehow, she neglected to return them, but the librarian didn't forget the incident. By the time Mrs. Kittrell was brought into Municipal Court the accumulated fine had risen to $65.70.

She was given a $25 fine yesterday, suspended upon condition she pay the amount due on the books. The books? "Father of the Bride," "Young Claudia," and "Blind Man's Buff."

## Landlords Protest

VIENNA (AP)—Some 200 Viennese landlords marched silently through the streets of the Austrian capital today to protest the continued requisition of their property by the four occupation powers.

*LAUGH'S THE SAME*

In spite of the hat, the Presidential laugh is the same. Eisenhower was walking to the gymnasium on the campus of Catholic University when this picture was taken. He was in academic cap and gown, on his way to get an honorary degree of Doctor of Laws at a convocation at the university in Washington, D. C.

*BEGINS 16TH YEAR*

# Farm Bureau Leader's Tact Accounts For Continuation

By The Associated Press

A diplomatic dirt farmer, Walter Hammond, is starting his 16th year as president of the Texas Farm Bureau Federation.

His objective is the same: Keeping peace among Texas farmers and ranchers so they can work out their problems together.

At a convention last week in Mineral Wells, cattlemen trying to push through a resolution approving beef price supports were defeated.

Hammond, 66, tried to soothe their feelings.

"I know you cattle raisers are disappointed," he said. "Your difficulty lies in disagreement within your industry. When you work out a plan we'll go with you on it."

Tired delegates cheered the man with twinkling blue eyes. Moments later he was re-elected.

Hammond's diplomacy has helped him build the organization of farmers and cattlemen, in spite of controversies over how to solve rural problems. He helped found the Texas Farm Bureau in 1939 and became its first president. Membership has grown from 4,500 in 60 counties to 51,000 in 183 counties. The bureau claims to be the state's biggest farm group.

He is a member of the Texas Employment Commission Advisory Committee, the State Pink Bollworm Advisory Committee, the Texas Education Advisory Committee and the Executive Committee of the Texas Safey Assn.

Hammond goes to Washington often to plug for Texas farmers. He is on Agriculture Secretary Benson's Cotton Advisory Committee and is seeking an increase in Texas' 1954 acreage allotment.

He wrote the "Hammond Plan," a farm proposal to cut surpluses by retiring areage. Hammond is trying to get it backed by the parent American Farm Bureau Federation.

With his wife, Elizabeth, Hammond lives on a 559-acre place 2½ miles southwest of Tye near Abilene. Friends say he was the first to terrace scientifically in Taylor County.

Hammond says farmers can't get anywhere fighting among themselves or attacking individuals such as Benson. His advce is to agree on a program, then everybody back it.

Many members of his organization are critical of the American Farm Bureau for its more conservative policy on government farm programs. To those who would revolt, Hammond says:

"Elizabeth has been criticizing my driving for years. But she hasn't got out and walked yet."

## Labor Trouble Low

AUSTIN, Nov. 21 (AP)—Labor disputes in Texas dropped to their lowest point since June, 1949, labor commissioner Dean Maxwell of the Texas Employment Commission said today. Forty disputes existed Oct. 1, seven new ones occurred, and seven were settled.

The human brain reaches almost its full weight in the seventh year.

# 77 Locations Are Set For Operations In 32 Counties

A total of 77 tests for oil, including 28 wildcats and 49 field projects, were scheduled in 32 District 7-C and District 8 counties during the 45th week of the year.

The number compares to 85 tests, including 22 wildcats and 63 field projects, spotted the preceding week.

Totals for the year now stand at 2,594 field tests and 800 wildcats, a grand total of 3,394 tests for oil and a weekly average of 75.42.

Totals for the first 45 weeks of 1952 were 3,345 field tests and 742 wildcats, a grand total of 4,087 tests for oil and a weekly average of 90.82. A total of 4,997 field tests and 897 wildcats, making 5,894 tests in all, were staked during the initial 45 weeks of 1951. This was an average of 131.

Ten counties in District 7-C gained 28 applications to drill, including 12 wildcats, while 22 District 8 counties gained 49 applications to drill, including 16 wildcats.

District 7-C wildcats were: Tom Green, three; Runnels and Schleicher, two each; Coke, Crockett, Irion, McCulloch and Sutton, one each.

District 7-C field tests were: Coke, five; Runnels and Upton, three each; Reagan and Schleicher, two each; and Tom Green, one.

District 8 wildcats were: Andrews and Dawson, two each; Borden, Garza, Glasscock, Howard, Kent, Loving, Mitchell, Pecos, Reeves, Scurry, Terry and Winkler, one each.

District 8 field tests were: Andrews, five; Gaines and Midland, four each; Ward and Winkler, three each; Cochran, Howard, and Yoakum, two each; Borden, Crane, Ector, Garza, Martin, Pecos, Reeves, Scurry and Terry, one each.

*NIXONS MEET GEISHAS*

Vice President Richard Nixon and his wife, an a globe-circling tour, chat with the classical Geichas who attended them at lunch in Kyoto, the ancient cultural center of Japan. The Geishas are wearing traditional colorful kimonos and displaying the characteristic intricate hair styles.

## Dry Holes In Area Reported

Three West Texas Counties have reported the plugging and abandoning of dry wildcats.

In Northeast Nolan County, Midland Gasoline Co. of Abilene has plugged and abandoned its No. 1-A C. E. Boyd at total depth of 6,447 feet.

Location was 990 feet from north and 1,980 feet from east lines of section 70, block 20, T&P survey and six miles south of Trent.

Richardson Oils, Inc., of Fort Worth No. 1 Wirt Davis, wildcat in Southwest Crane County, was quit at 7,971 feet in shale.

It as 1,980 feet from east and 660 feet from south lines of section 39-4-H&TC and four and one-half miles north northwest of Imperial which is in Pecos County.

Anderson-Prichard Oil Corp. and others have temporarily abandoned and plugged No. 1-12 University at total depth of 245 feet.

Location was 467 feet from north and east lines of section 12-8-University survey and 15½ miles north of Andres. The failure was in the Prichard (Multipay) field of Andrews County.

## More Flowing Pay Is Found In White Flat

Honolulu Oil Corp. was pulling test tool after uncovering more flowing pay section in the Cambrian at No. 2 Whitaker, project in the White Flat (Multipay) field of Northeast Nolan County.

The project was drillstem tested in the section from 5,616 to 5,654 feet. Tool was open two hours. Gas surfaced in three minutes, mud in 17 and oil in 22 minutes. The flow was 41 barrels of oil the first hour and 17 barrels of oil the next 30 minutes.

Operator was pulling tool at last report.

Location is 2,713 feet from south and 467 feet from east lines of section 35-20-T&P.

## Drillstem Test Taken On Wildcat In Ector

Felmont Oil Corp. and associates of Midland No. 1 Eidson, wildcat in Southwest Ector County, was being drilled below 8,254 feet in lime, chert and shale after a drillstem test from 8,110 to 8,220 feet in an unidentified formation.

Tool was open two hours. There was a strong blow of air at the start, diminishing to a weak blow by the time tool was closed.

Recovery was 653 feet of drilling mud and 1,530 feet of slightly gas and water-cut mud.

Flowing pressure was from 700 to 1,150 pounds and shutin pressure in 15 minutes was 2,650 pounds.

Location is 676.1 feet from north and 708.6 feet from east lines of the east half of the southwest quarter of section 10—B-14—psl survey.

## Fuller Brothers Will Drill Offset In Coke

W. M. and A. P. Fuller of Midland will drill at one-half miles northwest offset to their No. 1 Mrs. Lou E. Johnson Estate, discovery and lone producer in the Fuller-Coke (Strawn) field of Northwest Coke County.

The new project will be drilled as No. 3 Mrs. Lou E. Johnson Estate to 7,000 feet.

Location is 467 feet from north and west lines of the northeast quarter of section 67-2-H&TC.

## Pumper Completed In Mitchell County Field

Humble Oil & Refining Co. has completed its No. 1 Bonita Phelan in the Westbrook field of Mitchell County for a daily pumping potential of 96.78 barrels of 26.4-gravity oil.

The potential plus two per cent water was made on a pumping test between top of pay at 3,056 feet and total depth of 3,127 feet.

Seven-inch casing was set at 3,056.19 feet. The hole was acidized with 300 gallons. Gas-oil ratio was 101-1. Elevation was 2,195 feet.

The well is located 510 feet from south and 660 feet from east lines of section 48-29-tln-T&P.

## Howard Project Is Testing To Complete

A. K. Turner and others Production Co. No. 1 Cauble, one and one-half miles southeast of the Moore (San Andres) field of Southwest Howard County, was testing to complete from the San Andres.

The project yielded 123 barrels of fluid in seven and one-half hours, 10 per cent oil and 90 per cent water, after the formation had been fractured with 5,000 gallons.

Production is coming through perforations at 3,135-3,180 feet.

Locaton is 330 feet from north and east lines of section 32-33-T-1-S, T&P.

## Crosby Gets Wildcat

Plymouth Oil Co. has set location in Crosby County for a 3,500-foot rotary wildcat.

It is the No. 1 E. H. Williams, 1,980 feet from south and west lines of section 90-8-H&GN, 15 miles south of Crosbyton.

## New Wildcat Location Set

Two West Texas Counties have reported new wildcat locations. Drilling will begin immediately on the testers.

B. C. Byars of Tyler and others will drill No. 1 G. W. Springer as a 6,800-foot Ellenburger wildcat in extreme Southwest King County.

Location is 660 feet from north and east lines of section 216-F-HTC and 14 miles southwest of the Tap (Pennsylvanian sand) field.

In Central Stonewall County, P. R. Rutherford of Houston has spotted No. 2-A M. A. Baldwin one mile southeast of the Upshaw (Multipay) field.

Drillsite is 2,173 feet from south and 467 feet from west lines of section 49-D-H&TC and one-half miles south of the same operator's No. 1-A Baldwin, a 6,515-foot Ellenburger failure.

Sid Katz Exploration, et al of Abilene has staked location for No. 1 Anna Harkins, et al as a 6,000-foot wildcat in Southeast Stonewall County.

It is two miles south of the Helen Glory (Bend conglomerate) field and 1,895.2 feet from south and 689 feet from west lines of T. C. Snallman (A. Klein) survey, A-1062.

## Tests Made On Deep Well In Upton County

Texas Pacific Coal & Oil Co. has resumed tests of the Ellenburger at No. 1-1 Egalf, indicated discovery from that formation in West-Central Upton County.

During the last 24 hours of swabbing on perforations from 11,669 to 11,730 feet, the project made 195 barrels of fluid. During the last six hours of the 24, the yield was 21 barrels of new oil and 14 barrels of load water.

Location is 1,980 feet from north and east lines of section 3-X-J-H. Gibson survey.

## Garza Field Well Set

Three-Way Drilling Co., of Midland has located its No. 1 Guy Schultz in the Garza field of Garza County 330 feet from north and east lines of the south half of the southeast quarter of section 1,402-1-EL&RR.

It is four miles northwest of Post. It will use rotary tools to drill to 4,400 feet.

The United States had about 53 million motor vehicles in 1952.

## Completion Of Well In Howard County Is Made

Completed in the Moore field of Howard County is W. W. Holmes and others No. 1 Hewitt, 330 feet from north and west lines of the lease in section 30-33-tls-T&P.

On potential test the project pumped 24 hours and made 305 barrels of oil and no water. Gas-oil ratio was too small to measure. Gravity was 31.1.

Top of pay was found at 3,119 feet, and five and one-half inch casing was cemented at 3,115 feet. Total depth was 3,170 feet. It was acidized with 3,000 gallons.

## Diamond M-Canyon Gets New Well

Located in the Diamond M-Canyon field of Southwest Scurry County is Humble No. 7 Herman Gartner, 990 feet from south and 330 feet from east lines of section 77-25-H&TC, 19 miles southwest of Snyder.

It will drill to 6,900 feet, using rotary tools.

## Big Spring Well Set

W. W. Holmes and others of Amarillo have set location in the Moore field of Howard County for their No. 3 C. V. Hewitt, 990 feet from north and west lines of the northeast quarter of section 30-33-tls-T&P, five miles southwest of Big Spring. It will drill to 3,300 feet with rotary tools.

The bones of birds are often without marrow in adult life.

# Import Problem Is Called Family Affair

HOUSTON, Nov. 21 (AP)—Two groups of independent oil producers have taken different approaches to the foreign oil imports problem.

Both want foreign oil to supplement, but not supplant, domestic production.

C. H. Lyons, president of the Independent Petroleum Assn. of America, said this week the problem must be settled as a family affair.

"There was never a time when the industry so needed to be unified," Lyons said.

PLEDGE VIOLATION

The executive committee of the Texas Independent Producers and Royalty Owners Assn. recently was instructed to determine whether importers have violated their pledge not to supplant domestic production with foreign oil.

President M. D. Bryant explained:

"Failure of importers to correct the situation immediately will constitute evidence that those companies are unwilling to practice the industry statesmanship of which they boast.

"We then must reconsider our earlier conclusion that the problem of imports can be solved without congressional action."

Lyons recommended:

"I urge all those concerned promptly to consider and act on the import problem. Therein lies the road to unity and strength."

CLEAVAGE DEVELOPS

Lyons said a cleavage has developed within the industry and is widening as the solution of the import problem is postponed.

He made no reference to seeking action by Congress.

"Failing to achieve this goal, domestic producers must, and will, fight for the preservation of the principles they deeply believe to be in the best interest of our country," he said.

Imports were emphasized this week as Texas ordered another cutback in production allowables, 65,854 barrels daily for December. The new allowable will be 2,756,906 barrels daily, compared with the state's record level of 3,372,252 just 13 months ago.

DOMESTIC YIELD OFF

Domestic production last week averaged 6,219,250 barrels daily, compared to 6,612,300 a year earlier. The American Petroleum Institute placed last week's crude and products imports at 1,289,000 barrels daily, compared to a 965,300 average for the four weeks ending Nov. 7.

Lyons said thoughtful producers do not attribute all domestic injury to imports.

He listed as other factors the steel and refinery strikes, railroad dieselization, reductions in exports, keen competition with coal, increased use of natural gas, abnormally warm weather and excessive domestic production.

Lyons said imports have a definite place in the nation's economy and international relations but are having a harmful impact on the domestic industry and on the economy of oil producing states.

## DRILLING REPORTS

Texas Pacific No. 1 Little in Howard County took a drillstem test at 9,878-900 feet with tool open three hours.

Gas surfaced in 24 minutes at the rate of 16,000 cubic feet per day. Recovery was 642 feet of free 42.4-gravity oil and 370 feet of mud cut oil with no water.

Thirty - minute shutin pressure was 1,250 pounds. Top of the Siluro-Devonian was found at 9,873 feet. Elevation is 1,715 feet. It is now coring.

Blanco and Newman Bros. No. 1 Swenson in Kent County, now on total depth of 6,855 feet, is preparing to turn pipe for completion.

Texaco No. 1 Patterson in Borden County is drilling at 6,720 feet in lime.

## To Deepen Hole In Dawson To 9,600

Ray Albaugh of Big Spring has announced plans to deepen a hole drilled to 7,760 feet by Stanolind and temporarily abandond January 6, 1948.

The project will be a wildcat operation in Dawson County, 660 feet from south and 1,980 feet from east lines of section 48-34-t3n-T&P, two and one-half miles northeast of Ackerly.

It is the No. 1-A J. Y. Graves, which Albaugh will deepen to 9,600 feet with rotary tools.

Jackie Grimmett, Snyder fullback and only three-year letterman on the grid team, sweeps left end for 25 yards, one of his longest runs in the Tigers' 13-0 win over Sweetwater here Friday night, while Reagan White, left, and Joe Baxter, No. 40 left center, come to his aid. Rushing in pursuit of Grimmett are Mustangs Charles Hudgins, (just behind Grimmett) Glynn Parrish, No. 42; Bobby McNeal, No. 47; Jack Leonard, No. 76, and Roland Powell, No. 75. Grimmett gained 181 yards of the Tigers 256 total in the game. He made most of his yardage across right tackle, where Jerry Smith opened holes for him. (Lee Watson photograph)

# Hard Working Tigers Scoop Up Their First District Win

Continuing to play the caliber game they gave Breckenridge and Big Spring, the Snyder Tigers surprised the Sweetwater Mustangs Friday night by ripping them 13-0 in an upset.

The win was the first Snyder had taken over Sweetwater since 1939 and the third in eight meetings of the two clubs.

Jackie Grimmett, running from his fullback position, led the Tigers to their victory. Grimmett made most of his yardage running through holes in the line made by Tackle Jerry Smith, who was also a defensive standout.

Grimmett netted 181 of the Tiger's 256 yards made on the ground. He smashed over for the first touchdown, while Bernie Hagins tallied the second.

MUSTANGS ROPED

There was little question among Snyder fans as to how the game would turn out by the time the first half ended. Sweetwater made only one first down during that half and gained 31 yards. During the entire game, Sweetwater never got closer to the goal line than the Snyder 27.

The Tigers gained to the Sweetwater 13 early in the first quarter before giving up the ball. The two teams then rocked in midfield until early in the second period.

Sweetwater, then on the Snyder 41, punted out, and the ball went dead on the Snyder seven. The Tigers took the ball from there and drove all the way for a touchdown. Grimmett and Joe Baxter did most of the heavy duty, with Grimmett setting up the score on runs of 29 and six yards and plunging the final six inches for the tally with one minute and two seconds remaining in the half. Royce Pierce missed the extra point kick, and Snyder led 6-0.

SECOND HALF

Sweetwater punted out after one series of downs in the second half, and the Tigers drove from their own eight to the Mustang 31 and gave up the ball on downs. Mustang Quarterback Freddie Armstrong fumbled on his team's first play, and Paul Hayes recovered for the Tigers on the Sweetwater 27. From there Gerald Crawford went across left tackle for 12 yards, then Grimmett carried the same route for eight. On the third play, Hagins swept left end on a keeper play and went six yards for the second Snyder score nine and one-half minutes deep in the third quarter.

Sweetwater appeared several times to be on its way, beginning hard drives toward Snyder territory, but the team could make very little yardage through the Snyder line. The team took to the ends and air but was again stopped by the Snyder defense, led by Smith, Jimmie Rodgers, Reagan White, Douglas James, and Frankie Minton. Minton recovered one Sweetwater fumble during the game, while Bernie Hagins intercepted one long Sweetwater pass on the Snyder 25 and carried it back to the 38, aided bya block thrown by Pierce.

OFFENSE WEAK

Sweetwater gained two first downs in a row only one time during the game. That team's offense was led by Frank Smith, who gained 28 yards on the ground and passed twice for a net of four yards, and Angel Olvera, who made 16 yards rushing and caught one pass for 11 yards. Olvera, also a defensive standout, intercepted on Hagins' pass. Heading up defense for the Mustangs was Guard Jack Leonard. Harold Hobbs did the team's punting.

Much of Snyder's offensive blocking was done by Smith, Minton, White, and Pierce. Grimmett netted his 181 yards in 26 carries, while Baxter made 68 yards in 13 carries and Crawford 24 in 13 carries. Hagins did most of the Snyder passing. He tied six and completed one to Crawford for a loss of two yards, while Jack Spikes completed his only pass to Baxter for four yards' gain. That netted the Tigers two yards in passing. Grimmett was the Snyder punter.

Bernie Hagins, Tiger quarterback, cuts around right end on a keeper play for six yards and the second Snyder touchdown in the Snyder-Sweetwater game here Friday night. The scoring drive started 27 yards away when Paul Hayes recovered a Sweetwater fumble. Jackie Grimmett puts out one Mustang defender just behind Hagins, while Sweetwater's John C. Morris tries to stop Hagins before he crosses the goal line. (Lee Watson photograph)

# Baylor Pushes SMU Out Of Southwest Conference Running

By HAROLD V. RATLIFF

WACO, Nov. 21 (AP) — Francis Davidson bombed Southern Methodist out of the Southwest Conference football race today, passing for two touchdowns—one with only a minute and a half to go—to bring Baylor a 27-21 victory in one of the wildest games ever played here.

It was a game in which everything happened. SMU fumbled five times and lost the ball—and lost the game, there were eight pass interceptions, four by each team, and all in all, it was one of the most loosely played but one of the most thrilling battles of any season.

The victory kept Baylor in a tie with Texas and Rice for first place in the Southwest Conference race.

The wild running of Hal O'Brien and Don McIlhenny, a couple of talented sophomores, and the passing of Duane Nutt kept SMU in the game until the final second, but it was Davidson, both passing and intercepting passes, that gave Baylor its glittering triumph.

A crowd of 30,000 shook the stadium in pandemonium as the two bitter rivals forsook defense for an all-out offensive duel that shifted about the field like lightning.

Jerry Coody, Allen Jones, Wayne Hopkins and Davidson himself scored the Baylor touchdowns. O'Brien got two of the SMU touchdowns and end Ed Bernet the other.

While Davidson had three passes intercepted and was guilty of some questionable quarterbacking, he still was the hero. Not only did he pass for the winning scores but he intercepted three passes himself. The last one came with only seconds to go as SMU drove deep into Baylor territory. With SMU on the Bear 20, Sam Stollenwerck passed into the end zone but Davidson gathered it in to stop the last Methodist threat.

Midway of the fourth period, SMU followers thought they had won the ball game when Dale Moore intercepted a Davidson pass and ran 87 yards to the Baylor four. It set up the touchdown that put SMU ahead for the first time —21-20.

But Baylor gathered itself for one more great effort and romped 67 yards for the score that kept the Golden Bears in the running for the title and a spot in the Cotton Bowl. The winning touchdown came on a 37-yard pass Davidson arched into the gathering shadows of the end zone. Coody dragged it down and that was the ball game although SMU gave the Bears some anxious moments with that surge that Davidson finally thwarted.

Davidson passed for a magnificent 198 yards, playing the full 60 minutes. He was the boy who was knocked out in the first period of last week's 37-7 trouncing by University of Houston and for whom there was concern al week on whether he could play today.

| | | | | | |
|---|---|---|---|---|---|
| Baylor | 13 | 7 | 0 | 7 | —27 |
| SMU | 0 | 14 | 0 | 7 | —21 |

Baylor scoring: Touchdowns, Jones, Davidson, Hopkins, Coody. Conversions, Davidson 3.

SMU scoring: Touchdowns, O'Brien, 2, Bernet. Conversions, Bernet 3.

## Women's Bowling Loop Lead Held By Salon

Modern Beauty Salon took over the lead last week in the women's bowling league by downing Hughes Gulf 2,635 to 2,372.

The Modern team held second place last week, while Gordon's Drive-in, which held first last week, fell to second after losing to D&H Super Market 2,459 to 2,448.

Friendly Flower Shop still held third after winning over Harris Pharmacy 2,487 to 2,387.

Carla Clark, member of the Modern team, had high line of 186 and high series of 499.

Tomorrow night, the first place Modern teams will meet last place Harris Pharmacy, Friendly Flowers will be matched with D&H, and Gordon's will meet Hughes Gulf.

## Michigan State From Behind To Overtake Marquette 21-15

EAST LANSING, Mich., Nov. 21 (AP)—Michigan State, gunning for a Big Ten Rose Bowl bid, had to shoot the works and come charging from behind to overcome a classy Marquette team 21-15 before 42,170 today.

The game looked at first like a runaway when Michigan State scored on its second play and led 14-0 after the first period. But the MSC lead was only 14-9 at the half and Marquette led 15-14 in the third quarter.

Rugged little Leroy Bolden, 159 pounds of compressed dynamite, butted his way for the last 10 yards for the touchdown that put Michigan State in the lead again 21-15.

The hard-won victory put Michigan State in a tie with Illinois for the Big Ten Rose Bowl selection. Marquette, which showed a brilliant passing game, also was likely to get an extra season bowl offer for looking so good in losing.

Michigan State, rated third in The Associated Press poll before today, was a 20-point pregame favorite.

Marquette made both its scores on pass plays and picked up a 2-point safety for its 15 points.

# Games On Friday Bunched Up Bottom Of District Standings

Second place in District 1-AAA was clinched by Breckenridge Friday night when it downed Vernon 31-0 and finished its season, while the lower places were left for five teams to fight over.

Big Spring had already taken first place last week and still holds a 5-0 district count to Breckenridge's 5-1. The Steers next week must meet Sweetwater, which fell to Snyder Friday night. Whether they win or lose the Sweetwater game, the Steers will still represent this district in playoffs. Their first playoff competition will be Brownwood, which won its district Friday by taking Cleburne 33-14.

The Steers Friday night crashed over Ysleta 58-0 in a non-district game, while Lamesa fell to Plainview 19-6.

MANY SCORE

Big Spring's scoring was done by a horde of players, with Brick Johnson taking the first on a two-yard plunge. J. C. Armistead followed with a 25-yard scoring gallop. Ysleta fumbled the ball on the next kickoff and Roger Brown recovered in the end zone for another Steer TD. Billy Martin took the next one on a 21-yard run. Tiny Ellison blocked an Ysleta punt next and picked it up to go 20 yards for the last tally in the first period.

Carlisle Robison took the only second quarter score on a 64-yard run. Frank Long passed to Martin 37 yards in the third quarter for another. Johnson raced 71 yards for a fourth period score, with Buddy Cosby marking 48 yards for the final touchdown. Wayne Medlin accounted for three extra points, while Johnson made one.

PASSES WORK

Kenneth Ford of Breckenridge wound up his passing arm to down the Vernon team, passing for three scores. Receivers on the scoring aerials were Billy Dendy, Tommy Beasley, and Roger Hobson.

Dendy led scoring for the Breckenridge team with two touchdowns, one on the pass and one on a run. Dick Carpenter scored one on a 71-yard run. Dendy got the conversion after the third TD.

Lamesa led off against Plainview in the first quarter of that game when Conrad Alexander went through tackle 31 yards for the score.

Plainview came back in the second period and made a 44-yard scoring drive, with Lonnie Holland passing five yards to Bobby Bryant for the tally to tie up the game. Lamesa later fumbled on its own 36. From there, Plainview drove to the 22, then Jack Williams took the remaining yardage to put his team ahead. Dale Stone converted.

PLAINVIEW DRIVE

Plainview drove from its own 15 for the third score. Holland made the tally on a 15-yard run made on a bootleg play. Plainview had its winning score before the half. The last two quarters were played between the 30-yard lines. Johnny Jones stopped another Plainview drive when he intercepted a pass in his own end zone and carried it out to the seven.

The Friday night games left Vernon, Sweetwater, and Plainview all tied for third place, while Snyder and Lamesa are tied for the cellar.

Next Thursday, Lamesa hosts Vernon, Big Spring will be at Sweetwater, and Snyder will go to Plainview. Wins by Lamesa, Big Spring, and Snyder would tie Vernon, Sweetwater, Plainview, Snyder and Lamesa for third place. Vernon, Sweetwater, or Plainview could take third by winning their games.

## Kentucky Hits Tennessee For 27-21 Tumble

LEXINGTON, Ky., Nov. 21 (AP)—Brilliant Bob Hardy, a babe in arms the last time Kentucky defeated Tennessee, engineered the Wildcats to a 27-21 victory today, their first in 18 years over the Volunteers.

The win, attained in a see-saw thriller, kept Kentucky hot in the running for a post-season bowl bid.

The clinching touchdown was Ralph Paolone's 25 - yard gallop across the goal with seven minutes to play.

Tennessee wonder - boy Jimmy Wade, stopped cold on the ground, took to the air for three key plays that produced scores and seemed for a while destined to keep the Vols moving in a streak which has held Kentucky winless in the series since 1935.

The Wildcats had the guns to come from behind twice, however, and stretched their 1953 comeback streak to seven victories and a tie since losing their first two games.

The game was witnessed by 37,000.

Kentucky, overwhelmingly superior in both offense and defense except for Wade's passing wizardry, built a 13 to 0 lead in the first two periods. Then it watched the Vols click for a score on the last play of the half and go ahead, 14-13, early in the third.

The Wildcats asserted themselves again after the kickoff and went 63 yards in 10 plays to grab the lead again, 20-14.

At the outset of the final period, Wade connected on a 15 - yard scoring pass to Dan Sekanovich, and the Vols were out front again, 21-20.

The hard-charging Kentuckians got the break they needed when Harry Kirk blocked a Vol punt on the Tennessee 25.

## Lead Changes In Keg League

The Goss Hotrodders rooted Williams Jewelry out of first place in the men's bowling league last week and took the spot for itself in a win over the jewelers 2,597 to 2,533.

That dropped the Williams team to second, while B&B Televisors, who were tied with the Hotrodders for second last week, dropped to third place after taking a defeat from the Sun Pickhandles 2,736 to 2,597. The Pickhandles remained in eighth place.

Now holding fourth are the Sun Valvetwisters, who moved up from sixth after taking a win over Pasotex by forfeit. Fifth place team is still Lee Service, which beat Sun Pipeline No. 2,640 to 2,580, while Snyder Wholesale, which defeated Sun Pipeline No. 1 2,679 to 2,650, in sixth, and the Wholesalers are seventh. The Sun Pencilpushers last week edged the Independents 2,549 to 2,521.

Next week's games will include Snyder Wholesale vs. Valvetwisters and Sun Pipeline No. 2 vs. Pickhandles Tuesday night, Televisors vs. Lee Service and Pasotex vs. Pencilpushers Wednesday night, Hotrodders vs. Sun Pipeline No. 1 and Williams vs. Independents Thursday night.

# Rice Racks Up 19-6 Victory Over TCU

By WILBUR MARTIN

FORT WORTH, Nov. 21 (AP) — Rice's stable of fleet, powerful backs made like old-time dray horses today to grind out a 19-6 victory over Texas Christian and keep the Owls in the running for a spot in the Cotton Bowl New Year's Day.

It was Rice's old reliable, Kosse Johnson, leading the seemingly inexhaustible supply of quarterbacks, halfbacks and fullbacks that tore through and around the fired-up TCU team.

Johnson smashed out 126 yards in 25 carries and scored the touchdown that broke apart a tense Southwest Conference game that had Rice's chances to share in the championship riding on the outcome.

Texas Christian, shooting for its first conference victory of the year, scored first in the second period as Ray McKown dived over from the one. But Rice matched this touchdown moments later in a lightning, three-play drive. Johnson broke open the game in the third and Dicky Moegle put it on ice early in the final quarter.

Little Horton Nesrsta ran seven yards for Rice's first touchdown and Leroy Fenstemaker added the extra point. Johnson plowed over from the two and Moegle sprinted 14.

Rice now comes up to its final game with Baylor, tied with Texas and Baylor for the lead. A win over Baylor would give the Owls a tie for the title and the host spot in the Cotton Bowl. They defeated Texas when the two teams met and precedent gives the bowl role to the victorious team in case of a tie for the championship.

A crowd of 20,000 watched Rice rumble to TCU's 11 at the game's outset but stumble when Ronald Fraley intercepted Buddy Grantham's pass. Then the Owl backs moved slowly back down to the TCU 12. But this drive stopped, too.

Before the Owls got another march going, Carl Johnson fumbled and R. C. Harris recovered for TCU. Here the Horned Frogs went to work and in eight plays covered 39 yards for their only touchdown.

Rice stormed 36 yards moments later for the touchdown and tie-breaking extra point. Johnson got 29 and Nesrsta finished it up.

In the third, Max Schueble recovered Fraley's fumble on TCU's 20 and it took just five plays for the Owls to score. Kosse Johnson made 17 of the 20, including the last two.

Moegle's touchdown climaxed a three-play, 51-yard march after Gordon Kellogg intercepted McKown's pass on Rice's 49. Kellogg set up the score on a 35 yard run.

## Sooners Push Record To 41

LINCOLN, Neb., Nov. 21 (AP)—It's 41 consecutive games without defeat for Oklaroma now in the Big Seven conference. The Sooners made it by beating Nebraska 39-7 today.

All that was at stake was Oklahoma's conference football streak. It already had won the conference championship and a trip to the Orange Bowl.

After fumbling away an early scoring chance, the Sooners were pushed out in front by a wild pass from center that sailed far over the head of Nebraska's kicker, Ray Novak, and out of the end zone.

Starting late in the first period, the Sooners upped their slim lead with a 98-yard drive in which Bob Burris's 28-yard run was the big wallop. That gave Oklahoma a 9-0 lead.

Nebraska came back to score and cut the margin to 9-7 but seven plays after the next kickoff, Oklahoma had another score. Jerry Donaghey took it most of the way on a 44-yard run and Merrill Green went over from the five to make it 16-7 and a Sooner cinch at the half.

Oklahoma continued grinding away in the second half, relentlessly and with precision, to widen the margin.

Before the Sooners started moving away, there was some funny football.

WHAT THE V.F.W. MEANS TO THE OVERSEAS VETERAN

As One Who Hates War . . .

You know from personal experience that the man with the best gun or hand grenade—and covered with the best air, tank or artillery support—has the best chance to survive in war.

You know enough about war to know this same basic fact applies to nations—as well as men.

You must agree that the best and cheapest way to insure our peace is to make Russia too scared of our great strength to start another war.

As a member of the V.F.W., you will be giving added "voice power" to the organization when it asks Congress for Armed Forces second to none in potential size and punch. You will be supporting the V.F.W. fight against those who refuse to understand that weakness invites attack—and that the Communist world is ready to pounce upon any country that is not ready to meet force with force.

Veterans are Good Citizens! Be a V.F.W. Member and be a Better Citizen! Join the V.F.W. Now!

# TECH TAKES HOUSTON FOR 41-21 GRID RIDE

HOUSTON, Nov. 21 (AP)—Three Sugar Bowl scouts watched today as Texas Tech's Red Raiders struck with first half efficiency to win their ninth victory of the season by defeating the University of Houston 41-21.

The West Texans ripped the Houston line to pieces while grabbing two first quarter touchdowns before the Cougars could run more than two plays.

They continued to a 27-7 halftime advantage but had to roar back for two final period scores after Houston, aided by two partially blocked punts, pulled to within 6 points at 21-27.

The victory gave Tech a 9-1 season record, with the Raiders ending their regular schedule next Saturday at Lubbock against Hardin-Simmons. Its lone defeat was to Texas A&M.

Halfback Bobby Cavazos sparked the Tech offense in the first half, scoring on runs of 29 and 49 yards. Halfback Don Lewis plunged over from the two, and quarterback Jerry Johnson passed 14 yards to halfback Norman Jones for another.

In the final six minutes, Lewis scored again from the nine and Johnson connected in the end zone with end Claude Harland from nine yards out.

After a fumble recovery on the 16, halfback Ken Stegall rammed over from the one for Houston's first score. Halfback Don Hargrove plunged across from the one in the third period before halfback Billy Polson put the pressure on the Raiders at 21-27 by taking a pitchout from the five and racing across the goal untouched with 6 minutes and 44 seconds remaining in the fourth quarter.

Quarterback Jack Kirkpatrick converted three times for Tech, fullback Rick Spinks twice. End Jackie Howton kicked two extra points for Houston and fullback Paul Carr added another.

A crowd of 20,000 saw the Raiders roll up 401 yards rushing and passing, their sixth game in a row to break the 400 mark. Cavazos in 13 carries collected 121 of Tech's 368 yards on the ground.

Houston, which upset nationally-ranked Baylor 37-7 just a week ago, was held to 190 yards on the ground and 39 on passes.

The Sugar Bowl scouts, headed by Claude (Monk) Simons, former Tulane quarterback from New Orleans, had no comment after the game. Simons was aided by two Houston members of the Sugar Bowl committee, John Niehaus and Norman Schwarz.

Tech's touchdown drives were good for 68, 30, 62, 64, 62 and 38 yards. Houston moved 16, 67 and 34.

The two partially blocked Tech punts, by Cougar end Donald Folks and Carr, kept the Raiders in trouble much of the second half. The first, on the Tech 41, caused no serious damage but the Cougars scored their third touchdown after falling on the second on the Tech 34.

| | | | | | |
|---|---|---|---|---|---|
| Texas Tech | 13 | 14 | 0 | 14 | —41 |
| Houston | 0 | 7 | 7 | 7 | —21 |

Texas Tech scoring: Touchdowns, Cavazos 2, Lewis 2, Jones, Harland. Conversions, Kirkpatrick 3, Spinks 2.

Houston scoring: Touchdowns, Stegall, Hargrove, Polson. Conversions, Howton 2, Carr.

# Iowa Makes Notre Dame Eat Crow In 14-14 Tie Contest

SOUTH BEND, Ind., Nov. 21 (AP)—Iowa's hard-hitting young Hawkeyes rocked Notre Dame's national prestige today, holding the country's premier football team to a 14-14 tie and missing what would have been the season's greatest upset by a matter of seconds.

Nonetheless, Notre Dame, rated by far America's top outfit, suffered the first nick in a season that through seven previous games had been all-victorious.

The Hawkeyes, 14-point underdogs, forced the proud Irish to come from behind twice. Bruising touchdown drives produced a 7-0 Iowa lead in the first quarter and a 14-7 edge with about two minutes left in the game.

The Irish overcame the first deficit mostly because of the quick-thinking of their big tackle, Frank Varrichione.

The huge Notre Dame lineman screamed and staggered as the final seconds of the second period ticked away and an umpire called an "injured player" timeout with just one second remaining in the half.

Notre Dame, at this point, was on the Iowa 12, Ralph Guglielmi's passes having accounted for 53 yards in a drive that started on the Irish 42.

With time for only one play, and with Varrichione duly replaced, Guglielmi spotted end Dan Shannon untended at the Hawk goal line and threw to him for a touchdown. Don Schaefer kicked the point that gave the Irish a 7-7 deadlock.

Then, after Iowa went ahead 14-7 on Bob Stearnes' four-yard pass to Frank Gilliam with two minutes left in the game, Guglielmi again capped a return Notre Dame march—this one good for 58 yards—with a nine-yard touchdown pitch to Shannon. Six seconds were left in the game when Guglielmi made the connection.

Again Schaefer converted, tying the score. And the game ended 14-14 as the Hawkeyes had time only to return the following kick off to midfield.

The two thrilling Guglielmi-Shannon touchdowns—beating the clock by a total of only seven seconds—averted even greater disappointment for the heavily-partisan crowd of 56,478.

Iowa gave every indication, throughout the rest of the game, that its sophomore-loaded squad wholeheartedly intended to smash Notre Dame's great record.

In the first quarter the Hawks, having stopped Notre Dame's first serious march when Dusty Rice intercepted a Guglielmi pass, took over on their 29 and in eight smashing line plays — including one up-the-middle spurt for 30 yards by fullback Binky Broeder —crashed into the end zone. Ed Vincent charged through tackle the final 12 yards and Jim Freeman made the first of two conversions.

Notre Dame controlled the ball most of the remaining first-half—holding it for 6½ minutes straight at one point and allowing Iowa possession for only 18 plays.

These ball-control tactics eventually paid off in the final Notre Dame drive of the half which culminated in Varrichione's dramatics and Guglielmi's last-second pass to Shannon.

Neither team was able to do much in the third quarter. Broeder and the Irish ace, Johnny Lattner, confining most of the activity to a personal punting duel.

Then, after a generally inactive fourth-quarter start, the Hawkeyes again picked up steam.

Broeder intercepted a Guglielmi pass and returned six yards to the Hawkeye 48. Then, with the Hawkeye fullback and Vincent alternating with short, heavy smashes, the Iowans rammed down field for a first down on the Notre Dame 6.

After a couple of line plays did little damage, Coach Forrest Evashevski rushed Stearnes into the game. The little Negro southpaw immediately rifled a four-yard touchdown heave to Gilliam. Freeman's conversion, coming with just over two minutes left in the game, seemed to cinch the game for the Hawks.

But at this point Guglielmi — who had been unable to direct a really effective ground attack all day—took to the air again.

Starting on the Irish 42 he passed 12 yards to halfback Joe Heap, 17 to Lattner, 9 again to Heap and 11 again to Lattner. This gave the Irish a first down on the Iowa 9 and, after an incomplete toss, the Notre Dame quarterback socked Shannon in the stomach with the pass that produced the final, tying touchdown.

| | | | | | |
|---|---|---|---|---|---|
| Iowa | 7 | 0 | 0 | 7 | —14 |
| Notre Dame | 0 | 7 | 0 | 7 | —14 |

Iowa scoring: Touchdowns, Vincent, Gilliam. Conversions, Freeman 2.

Notre Dame scoring: Touchdowns, Shannon 2 Conversions, Schaefer 2.

# Michigan's Best Game Of Season Swamps Ohio State

ANN ARBOR, Mich., Nov. 21 (AP)—Thrice-beaten Michigan played its best game of the season and ambushed favored Ohio State today, 20-0, before 90,136—the biggest home crowd of the year.

The Wolverines scored two quick touchdowns in the second period and chalked up another in the third in handing Ohio State its first shutout of the season. Stolen passes set up two Michigan scores.

The upset gave Michigan a 3-3 Big Ten conference record for the year, poorest since 1937, and furnished a sweet ending to an otherwise disappointing league season. It was Ohio's third loss in seven Big Ten games.

Michigan scored on a 60-yard drive in the second period with Dick Balzhiser making the touchdown.

The Wolverines turned pass interceptions into two more touchdowns, one by Tony Branoff about three minutes after the first score, and the other in the third period by halfback Dan Cline.

Quarterback Lou Baldacci made good on the first and third conversion tries.

With a highly charged Michigan defense bottling up Bob Watkins and Howard (Hopalong) Cassady, Ohio State's drives were stopped five times on pass interceptions.

The Michigan team, which had lost three consecutive conference games, carried Coach Bennie Oosterbaan from the field on their shoulders.

Ohio, which matched Michigan's 6-3 season record in all games, drove to the Michigan 23 in the first period. But Michigan took over and bridged the quarter intermission with a 60-yard drive to Balzhiser's touchdown in nine plays. The scoring play traveled less than a yard.

Balzhiser intercepted a pass by Borton two plays later and Michigan drove the distance in four plays with Branoff racing the last six yards.

Michigan piled up 285 yards rushing while holding Ohio to a mere 98.

Michigan, which has been underdog, was held off through most of the third period until Ohio, backed against its 10-yard line, hit pass interception trouble again.

Borton faded back to his own goal line for a desperate pass when Thad Stanford, Michigan end, speared the ball and returned all the way to the three-yard line. Cline smashed off tackle and scored standing up.

Michigan, which has been unimpressive since opening victories over Washington and Tulane, came up with its brightest performance. The Wolverine line outcharged Ohio throughout, and blocking and tackling were at a season peak.

As a result, Ohio never penetrated beyond Michigan's 23, the depth of its first-period thrust, until the game was well stowed away by Michigan.

| | | | | | |
|---|---|---|---|---|---|
| Michigan | 3 | 13 | 7 | 0 | —20 |
| Ohio State | 0 | 0 | 0 | 0 | — 0 |

Michigan scoring: Touchdown, Balzhiser, Branoff, Cline. Conversions, Baldacci 2.

# North Carolina State Bows To West Virginia

RALEIGH, Nov. 21 (AP)—West Virginia's big Mountaineers, with an eye cast on a Sugar Bowl bid, broke loose for 27 points in the second period and went on to smother North Carolina State 61-0 today in a tremendous display of power.

A small crowd of 5,800 saw west Virginia close its best season since 1925 with an 8-1 record. Only blot was a 20-14 loss to Sout' Carolina last week.

Unconfirmed press box reports said West Virginia had been told it might receive a Sugar Bowl bid if it made an impressive showing today. There was no doubt about its impressiveness.

Paced by fullback Tommy Allman, who scored two touchdowns, the Mountaineers put across one touchdowns in the third period, and ed four touchdowns and a safety in the second quarter, scored two touchdowns in the third period, and closed out with two more scores in the final quarter.

## Oregon State Wins Over Oregon 5th Time

EUGENE, Ore., Nov. 21 (AP)—Coach Kip Taylor of Oregon State continued his mastery over Oregon as his team again upset the favored Ducks today 7-0.

It was the fifth consecutive Oregon State win over Oregon, and preserved for Taylor his record of never having lost to Oregon.

Fullback Tommy Little provided the margin in the early minutes. An Oregon pass bounced off a receiver's shoulder and Little grabbed it on the Oregon 20. No one was near him, and he ran over for the touchdown.

# Maryland Is Over Alabama

COLLEGE PARK, Md., Nov. 21 (AP)—After Chet Hanulak sprinted 81 yards and Bernie Faloney followed in the first period with a 52-yard scoring pass, Maryland threw up a magnificent defense today to beat Alabama 21-0 to end its 10-game season undefeated before going to the Orange Bowl.

Hanulak's long range touchdown run came on the second Maryland play to set 36,000 fans jumping in misty Byrd Stadium.

Faloney was hurt three plays before he hit end Bill Walker for the second score and again in the second quarter after completing a 21-yard pass to Hanulak, which paved the way for the third score. Faloney left the game during the half because of an injured left knee and substitute Charley Boxold had to finish the game.

Boxold, in for Faloney in the second quarter, found Walker for a touchdown pass that covered 25 yards and then the Maryland defense took over in the last two periods.

# Georgia Tech Back In Bowl Picture Again

ATLANTA, Nov. 21 (AP) — Halfback Billy Teas ran a punt back for 48 spectacular yards and a touchdown in the closing minutes today and Georgia Tech jumped back into the bowl picture with a 13-10 victory over Duke's Blue Devils.

Had it not been for the masterful running by the speedy Andrews, N.C., junior, Tech fans would always have argued that the officials had robbed their Yellow Jackets of victory.

Duke grabbed a 10-6 lead in the third quarter. The key play in Duke's drive was a lateral that brought thunderous boos from the sellout crowd of 40,000 when officials allowed it to stand.

The crowd had heard an official's whistle and it was sure halfback Lloyd Caudle had been stopped at the line of scrimmage. But officials allowed his lateral to quarterback Jerry Barger, who went 22 yards to the Tech 20. The Blue Devils scored in five plays, fullback Jack Kistler smashing through from the 4.

That appeared to be the game until Teas made his fancy run behind smashing blocks by his fired-up mates.

Even Coach Bobby Dodd, who usually is calm, jumped and waved his hat and the Tech partisans went wild.

Duke started passing desperately in the remaining three minutes, but Joe Hall stopped it with an interception of a Barger pass.

Duke scored first on Bernie Jack's field goal after a 74-yard Blue Devil drive stalled. But most of the first half thrills in this topsy-turvy game came in the final minutes.

Tech's Dave Davis punted 52 yards and the ball rolled dead just inches from the goal. Duke's Barger was forced to punt from his end zone and Tech took over at the Duke 41.

Pepper Rodgers passed to Charlie Brannon for 22 yards and Henry Hair for nine more. Fullback Glenn Turner smashed twice and put the ball just inches shy of the goal. Rodgers sneaked over.

With 40 seconds left in the half, Turner tried an on-sides kickoff. But Duke's end-captain Howard Pitt snatched up the ball and streaked to his 44, where he lateraled to Caudle. Caudle hugged the sidelines and raced to the 17 before guard Jakie Shoemaker slammed him out of bounds.

Barger, with time for two plays at most, tried a pass to Pitt but Turner intercepted on the 7 and that was it.

# Harvard Upsets Yale By 13-0

NEW HAVEN, Nov. 21 (AP)—An inspired line and Dick Clasby, a fiery triple-threat back, led Harvard to a 13-0 upset triumph over favored Yale and a triple tie for Big Three honors today.

A near capacity crowd of 65,000 saw the Crimson forward wall outplay its highly rated and heavier rivals and Clasby, winding up a brilliant career, pass, run and kick the Elis dizzy.

Long runs brought Harvard both of its touchdowns in its first victory over Yale since 1948 and 24th in this ancient series which goes back to 1875. Yale has won 40, tied seven.

Dexter Lewis put Harvard in front in the second with a 22-yard sprint and John Culver burst off tackle for 31 yards in the third period. Joe Ross converted after the second score.

Yale, a 26-24 victor over Princeton last week after a thrilling second half comeback, staged its most serious threat at the start of the third.

Yale, on long passes from Bob Brink to Bob Pool, drove from its 34 to Harvard's 6 and looked touchdown bound. But the Harvard line tightened and not only held but pushed the Elis back to the 15 where the Crimson took over and started an assault of their own.

Harvard plunged and passed 85 yards in 10 plays for the touchdown, Culver tallying from the 31.

| | | | | | |
|---|---|---|---|---|---|
| Harvard | 0 | 6 | 7 | 0 | —13 |
| Yale | 0 | 0 | 0 | 0 | —0 |

Touchdowns, Lewis, Culver. Conversion, Ross.

# LSU Barely Able To Defeat Arkansas

By CARL BELL

LITTLE ROCK, Nov. 21 (AP) — Louisiana State's Tigers threatened to run the Arkansas Razorbacks off the field with a terrific offense at the start but needed two dogged goal line stands to preserve a 9-8 intersectional football victory in the mud today.

Twice in the fourth quarter, Arkansas pounded its way to the LSU one, one of the drives going 88 yards, but was unable to punch over the winning point.

The Tigers took the opening kickoff and rolled 68 yards to a touchdown in 12 plays. Jerry Marchand, a bull-like fullback, led the rush and George Brancato scored from the two.

Cliff Stringfield's kick for a point was no good.

Arkansas tied it up 6-6 before the end of the first quarter when tackle Jim Roth blocked and recovered Al Doggett's punt in the LSU end zone.

The visitors from the Southeastern Conference went ahead to stay on freshman Tommy Davis' 21-yard field goal in the opening minutes of the second period.

An intentional safety in the last four minutes gave Arkansas two points but got LSU out of a hole on its five.

A crowd of 22,000 turned out for what loked at first like a scoring jamboree, but rain, which began in the second quarter, chased most of them away and less than 10,000 were on hand to see the Tigers dodge Arkansas lightning in the final period.

Lamar McHan, the Razorbacks multi-talented tailback and Southwest Conference total offense leader, and fullback Henry Moore sparked the power drive that carried from the Arkansas 11 to the LSU one.

McHan had a first down easily on a six-yard end run to the one but fumbled when he was hit. The ball rolled through the end zone and off the field for a touchback.

The next time they got the ball, the Razorbacks stormed back to the two, mainly on a 22-yard run by Moore. On fourth down, McHan was stopped inches from the goal. The Tigers got out to the five in two power plays. Then, rather than to risk a fumble, Doggett loped across the end zone until Red Warren tackled him for a safety.

Marchand was the man who wrecked Arkansas offensively. He made 105 of LSU's 163 yards rushing and caught three passes for 41 more.

| | | | | | |
|---|---|---|---|---|---|
| LSU | 6 | 3 | 0 | 0 | —9 |
| Arkansas | 6 | 0 | 0 | 2 | —8 |

LSU scoring: Touchdowns, Brancato. Field goal, Davis.

Arkansas scoring: Touchdowns, Roth. Safety (Doggett tackled in end zone by Warren).

# Wisconsin And Minnesota Tie

MINNEAPOLIS, Nov. 21 (AP)—Unpredictable Minnesota shattered Wisconsin's dream of a second straight Big Ten title share today by hanging a 21-21 tie on the Badgers and narrowly missed the winning touchdown in the final minute.

Ten-point underdogs, the four-times beaten Gophers loosed a remarkable display of ball possession in the second half. They scored twice and marched 73 yards in the dying minutes of the game, only to lose the ball on the three on a fumble.

Wisconsin quarterback Jim Miller passed for two touchdowns, one on the last play of the first half, and fullback Al Ameche banged over from the three in the fourth quarter to give the Badgers their tie.

Wisconsin needed a victory to tie for the championship.

Minnesota scored the first time it handled the ball. All America Paul Giel, playing the final game of his brilliant career, lanced over from the two after collaborating with quarterback Geno Cappelletti on a 54-yard pass play.

Miller pitched 24 yards to end Norb Esser and 52 yards to halfback Jerry Witt for second quarter scores and a 14-7 Wisconsin halftime lead. Cappelletti and fullback Mel Holme scored Minnesota's second half touchdowns.

# Sikes Quits As Kansas Coach

LAWRENCE, Kan., Nov. 21 (AP)—J. V. Sikes today resigned as head football coach at the University of Kansas after six seasons.

Dr. Franklin D. Murphy, university chancellor, said in accepting the resignation:

"We are grateful for the six years of untiring service which he has given to the University of Kansas. He leaves K. U. with the best wishes of the university family and with our feeling of appreciation for his technical skill as manifest by the overall record of his team..."

At the end of the Kansas-Missouri football game, won 10-6 by the Tigers, the Kansas players lifted Coach Sikes onto their shoulders and carried him out onto the field.

Sikes, a lean, tall and likeable native of Texas, took over as head coach at Kansas in 1948. He succeeded George Sauer, who in 1947 coached the Jayhawks to a Big Seven co-championship with Oklahoma and an Orange Bowl engagement with Georgia Tech.

Except for a stretch in the Navy, Sikes was a member of the University of Georgia football staff for 10 years prior to his coming to Kansas. He served as end coach and scout for some of Georgia's greatest teams.

The season completed today was the first losing one for a Sikes-coached team. The Jayhawks wound up the 1953 campaign with only two victories against eight losses.

# Italian Cars Still Leading PanAm Races

By LAURANCE STUNT

DURANGO, Mexico, Nov. 21 (AP)—Italian Lancias and Ferraris traded the lead today in the big sports car division of the Panamerican road race in a fierce speed duel which cost the life of Italy's Felice Bonetto—one of the world's most beloved racing drivers.

Argentina's daring speed demon, Juan Manuel Fangio, took over the lead in total time for the 1,912-mile run from southern Mexico to the U.S. border at El Paso, after the tragic death of Bonetto who was 50. The five-day race ends Monday.

The pipe-smoking, gray-haired Bonetto, who won the first lap of the world's most dangerous race Thursday, was the third Italian to be killed in the first three days. Four spectators were killed on the first day when a speeding car crashed into a group of watchers along the road. Antonio Stagnoli and his co-driver, Giuseppi Scotuzzi, died as the result of a first day crash.

There were two laps in the race today, a total of 590 miles.

Fangio, driving a Lancia, was first over the finish line at Durango to end the second lap of today's run, 329 miles from Leon. However, the lap was won by Piero Taruffi of Italy, with a Lancia. Taruffi, 51, had won both laps yesterday, and Bonetto was second. Bonetto was leader in elapsed time when today's first lap, from Mexico City to Leon, began.

Humberto Maglioli, in a Ferrari, won the 261-mile leg from Mexico City to Leon as Bonetto's car smashed into an electric light pole in Silao, just short of the end of the lap near Leon. Bonetto's neck was broken and he died at once. His body remained in the car an hour as officials kept the road clear of rescue workers because other machines were roaring past constantly at high speed.

Three Lancias followed Maglioli into Leon, driven by Fangio, Guido Mancini and Eugenio Castellotti.

In the big stock car division, four Lincolns led the way after the way after the Mexico City-Leon lap, paced by Jack McGrath, South Pasadena, Calif.

## Here's What Happened To Nation's Top Ten

NEW YORK, Nov. 21 (AP)—Here's how college football's top 10 teams, as determined in the latest Associated Press poll, fared today:

1. Notre Dame was tied by Iowa 14-14.
2. Maryland defeated Alabama 21-0.
3. Michigan State defeated Marquette 21-15.
4. Oklahoma defeated Nebraska 30-7.
5. UCLA defeated USC 13-0.
6. Texas was idle.
7. Illinois defeated Northwestern 39-14.
8. Wisconsin was tied by Minnesota 21-21.
9. USC lost to UCLA 13-0.
10. Rice defeated TCU 19-6.

# California Tied By Stanford

PALO ALTO, Calif., Nov. 21 (AP)—California's Golden Bears battled the favored Stanford Indians to a 21-21 tie today in a memorable football contest that knocked the Indians out of a possible chance to go to the Rose Bowl.

The deadlock meant the UCLA Bruins probably will get the bowl bid after defeating Southern California 13-0 in Los Angeles today.

A capacity crowd of 92,500 saw California come from behind in the fourth period to score after recovering a Stanford fumble. Quarterback Paul Larson placekicked his third conversion of the game for the equalizer.

The Indians jumped into a 21-7 lead by scoring twice in the third quarter. The Bears came back in the same period to get back into the game. With seconds to go in the final period, Larson missed a 16-yard field goal attempt that would have put the Bears out in front.

### SNYDER ROTARY PLAYS HOST

An inter-city Rotary Club banquet was held in the high school cafeteria here Friday night with the Snyder club hosting the Sweetwater club. About 50 couples from Sweetwater were present. Shown above seated are: Charles E. Paxton, secretary of the visiting club; Elmer Taylor, Snyder club member; and standing from left: Dr. and Mrs. D. K. Ratliff, of Snyder; and Mr. and Mrs. Tom Kassner, of Sweetwater. Kassner is a past president of the visiting club. (Lee Watson photograph)

## Three Top Staff Members Suspended At Mental Hospital

HOUSTON, Nov. 21 (AP) — The Houston Chronicle said today three top members of the staff of the Rusk State Hospital have been suspended temporarily pending completion of a state investigation of the mental hospital.

Dr. C. L. Jackson, superintendent, was quoted as saying those suspended were:

Dr. C. L. Burns, surgeon; Mrs. E. K. Woelber, director of nursing, and Mrs. Cleora Myrick, nurse in charge of the narcotics department.

The suspensions follow the Nov. 11 resignations of Dr. Clyde Adams, psychiatrist, and Misses Roselin Bolton and Eliza Ivy, supervisors.

Jackson said the resignations were requested on orders from the State Hospitals office in Austin.

An investigation of the hospital has been on for a month.

## Freezing Friday Night

Maximum temperature here Friday was 59 degrees, dropping to a minimum of 30 during the night, and the reading at 7:30 o'clock yesterday morning was 37, according to Mrs. D. P. Strayhorn, official weather observer.

### ALL DRESSED FOR FOG

Three British ice skaters protect their faces with smog masks as they head for rehearsals in London. The girls apparently have heeded warnings of British doctors against the often fatal respiratory troubles blamed on London's smoky fogs. The three don't seem worried about the cold. Behind the masks, left to right, are Heather Belbin, Jane Conlon and Joan Connell.

## Wad Of Cash Recovered

SALT LAKE CITY (AP)—Insurance adjuster Thomas B. Thurman found a packet of $10 bills—$500 in all—on a downtown street yesterday.

He turned the money over to police. An employe of a Salt Lake City department store showed up to report the loss within an hour.

"I sure never expected to see that money again," the employe said.

But Thurman, notified of the recovery said:

"I hope he didn't worry too much—anyone would have returned the money."

Alexander Graham Bell, inventor of the telephone also invented a boat with hydrofoils which broke the world speed record in 1919.

OUR BANK WAS BUILT ON SERVICE

## Patman Wants Anti-Trust Laws Stronger

WASHINGTON (AP)—Rep. Wright Patman of Texarkana hopes to get Congress to strengthen the Robinson-Patman Act because he asserts "big business" is trying to cripple it.

The 1936 law is an anti-trust measure to prevent price discriminations.

Patman cited the new 150 million dollar Lone Star Steel Co. at Daingerfield to illustrate his subject.

But for the protection of the R-P Act, he asserted, steel companies of the East might absorb rail rates in times of slack demand and sell their goods at cut prices to lure Lone Star customers.

This would be all right so long as it was a case of meeting competition in good faith, Patman added, but not when done to drive a competitor out of business so prices later could be boosted.

Patman put up amendments June 19. These provided nothing in the act shall prevent a seller from absorbing freight costs if this is done in good faith to meet competition and if the low delivered price is available to his competing customers.

This, Patman said, would prevent eastern mills from cutting prices just to Lone Star customers, who account for only about 15 per cent of the iron and steel goods consumed in the Southwest.

Mrs. Shannon Kelley Clark, former banker at Pharr and Junction, says her Navy admiral husband will retire Dec. 1 after 36 years.

Vice Adm. Joseph Clark, one of the few American Indians to reach the rank, commands the 7th Fleet off Korea. He is to be promoted to full admiral.

Mrs. Clark said her husband has been offered position in an industry.

A White House social function was desiribed thus by Rep. Walter Rogers of Pampa in a letter to his voters:

"The President sat at the head of the table. The wives of Secretary John Foster Dulles and Henry Cabot Lodge sat next to him. Directly across the table Mrs. Eisenhower was seated between Mr. Dulles and Mr. Lodge.

"A six-course dinner was served, with four wines, sherry, red burgundy, sauterne and champagne. The meal consisted of cream of almond soup, fried red snapper, roast turkey with wild rice, and dessert of frozen rum pudding with sliced peaches and butterscotch sauce. Crabmeat cocktail, celery and olives, a green salad with wine sauces and cheese straws, nuts and bonbons were also served.

"At the conclusion of the dinner, the men retired to the Green Room, where brandy, liquors, coffee, cigarettes and cigars were served."

Rogers noted that 72 guests attended the dinner, which opened the fall season.

## Services For Howard Fritz

Funeral services are to be held at the First Methodist Church in Hermleigh this afternoon for Howard Taft Fritz, 49, of Hermleigh, who died about 11:45 o'clock Friday night at the Johnson Hospital in Loraine.

The Rev. S. A. Sifford, pastor, is to officiate at the services which were set for 3 o'clock. Services will be under direction of Bolger Funeral Home.

Mr. Fritz, who had been an employe of the Hermleigh school district, was born June 11, 1904, at Goldthwaite. He moved from there to Hermleigh about 12 years ago.

Survivors include his wife, Mrs. Ruby Lee Fritz, two daughters, Sandra Lee Fritz and Shirley Ann Fritz; three sons, Jimmy Lynn Fritz, Doyle Wayland Fritz, and Richard Wayne Fritz; and two sisters, Mrs. C. C. White of Goldthwaite and Mrs. J. L. White of Gatesville.

## Senator Would Give FBI Security Checks To Nominee Panels

WASHINGTON, Nov. 21 (AP)—Sen. Olin Johnston (D-SC) said today he will offer legislation to require that FBI reports be submitted confidentially to Senate committees considering presidential nominations.

Johnston, a member of the Senate Internal Security subcommittee investigating the Harry Dexter White case, said the measure would provide an additional safeguard against Communist infiltration of government.

Testimony has brought out that a Senate committee approved White's nomination as U. S. director of the International Monetary Fund in 1946 without being told of FBI reports naming him as a Soviet spy suspect.

Fish fights are a major sport in Thailand.

## Coach Travel In Air Brings Cheer To Lines

By STEVEN V. DAVID

NEW YORK (AP)—The air coach business, providing fast transportation for 30 per cent less than standard fare, continues to climb like a jet plane. The industry thinks this sort of thing can go on for years.

Airline men, pointing out that profit margins are slim, like to suggest that only the angels fly cheaper. But since the future of the industry appears to be in the mass-transportation field, they're out to make the most of it.

Nearly all of them plan to put additional planes into this service in the months ahead. Many will be older aircraft that spent their seven-year depreciable life on the standard-fare runs. For the air coach—or "air tourist"—business is based on the most economical handling of the greatest number of people. You get there without many of the "frills" of standard-fare travel.

The industry is confident about the outlook for business next year and in the years beyond that, largely because of the growth prospects in the coach field.

"We see a substantial growth in 1954," says William J. Hogan, vice president and treasurer of American Airlines, "and we look for a 100 per cent growth between 1953 and 1960. The greater part of this will be in the tourist bracket, but standard fare traffic also is growing."

"The volume of domestic air travel," says president Harold R. Harris of Northwest-Orient Airlines, "should be greater in 1954 than in 1953, but tourist class travel, because of its price appeal, should constitute an increasingly large proportion of the traffic carried." Harris adds that new trans-Pacific coach service is expected to bring "much heavier" travel on those routes next year.

### HONOR MAN IN CLASS

Recently commissioned 2nd lieutenant in the Marine Corps, Billy J. York, right, son of Mr. and Mrs. Joe York, 1501 Avenue T, is shown receiving his diploma after graduating in an equitation and packing course. Diplomas were presented by Maj. Gen. E. A. Pollack, left, director of the Marine Corps Education Center at Quantico, Va. Lt. York was honor man in a class of 15.

BOYLE'S COLUMN

## Cave Man Has To Keep Up With Times To Make Money

By HAL BOYLE

NEW YORK (AP)—Lester B. Dill's biggest asset is a hole in the ground.

"I guess you'd be safe in saying I am the most successful private cave operator in America," admitted Lester, who is the Phineas T. Barnum of underground showmanship.

As a barefoot farm boy Lester used to love to explore the giant Meramac Caverns, 55 miles southwest of St. Louis, where legend held that outlaw Jesse James and his gang hid and buried their loot.

In 1933 Dill achieved his boyhood dream and bought the cave, which he says is exceeded in size only by Kentucky's Mammoth Cave and New Mexico's Carlsbad Caverns. It has 26 miles of passageways, an underground river, and according to Dill "is celebrating its hundred millionth birthday this year." Nobody baked it a cake.

The cave cost $30,000, and Lester, who saw the business possibilities in it that Jessie James overlooked, now wouldn't sell it for a million dollars.

"We've had 1,600,000 visitors since 1933," he said. "But the cave business isn't as rosy as some people think it is. You can't stand still in the cave business. You have to keep up with the times.

"People don't want to go into a cave just to look at the darkness. They want to see something. You have to dramatize the cave—put in music and daylight lighting."

Lester puts on a show that winds up with a record of Kate Smith singing "God Bless America" and a projection of the U.S. flag proudly waving against a rock wall 500 feet underground.

He has found that most people will believe anything but the truth once they get in a cave. Take those blind fish in his caverns. They are only two or three inches long. Lester went to a lot of trouble catching 50 of them and putting them in a pool.

"Everybody thought they were fakes," he said. "So I just tossed me a 30-pound catfish in that pool. Now, as far as I know, that catfish could see as well as an eagle, and I didn't even claim it was near-sighted.

"But everybody looked at it and said, 'See that big blind fish.' And they were happy. Couldn't sell 'em at all on the little fish that were really blind."

## Reed Still Favors Increase In Social Security Tax In Jan.

WASHINGTON, Nov. 21 (AP)—Rep. Daniel A. Reed (R-NY) said after a White House conference today that he still favors allowing increased social security taxes to go into effect in January, despite administration recommendations to the contrary.

He did not say what the present White House attitude is.

Reed, Rep. Carl T. Curtis (R-Neb) and Secretary of the Treasury Humphrey reviewed the whole social security program with President Eisenhower at a one-hour conference.

Rep. Reed is chairman of the House Ways and Means Committee and Rep. Curtis heads a subcommittee studying the social security program.

The committee last spring divided on the question of allowing the social security tax to rise in January from 1½ to 2 per cent each on employers and employes and from 2¼ to 3 per cent on self-employed.

Reed and Curtis then were opposed to freezing the 1½ per cent rate as Eisenhower had recommended and they told newsmen today their position has not changed.

Boomerangs are traditionally weapons of Australian aborigines, but similar weapons are found in Africa, India and America.

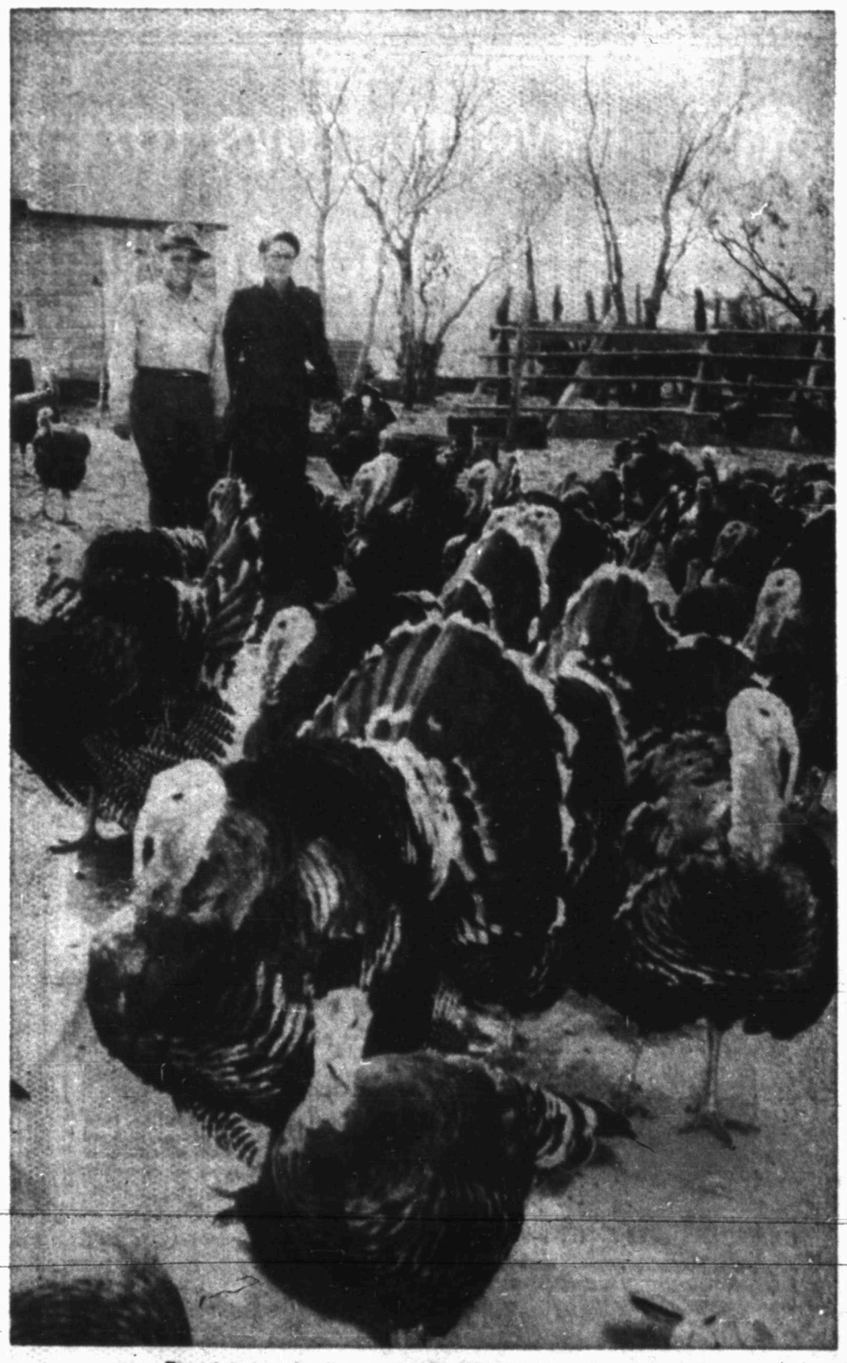
THE SNYDER DAILY NEWS

VOL. 4, No. 176 SNYDER, TEXAS, SUNDAY, NOVEMBER 22, 1953 SECTION TWO

Although Mrs. Lloyd Webb, route 3, had a part in the preparation of many turkeys here last week and will have more of the same next week, she says her family will have chicken for Thanksgiving dinner. The turkey she is holding is one of six baked Tuesday for an oil company's Thanksgiving party that night. She is a cook in the north elementary cafeteria.



Enough turkeys for dinners at more than 100 tables have been raised this year by Mr. and Mrs. George Webb, shown with their flock above. The turkey crop will be divided between Thanksgiving and Christmas dinner tables, however, Webb said. The turkeys range from 20 to 30 pounds in weight, he said.

Third graders had charge of making the display for the showcase at the entrance of the west elementary school shown being completed above. The display is arranged by a different grade in the school each week. Shown from left are: Jerry Phil Berry, Helen Joyce, Ruth Bryant, Barbara West, Penny Holley, and Pat Gibson. The group shown are pupils from rooms taught by Mrs. Mary May, Mrs. Christine Hamil, and Mrs. Elizabeth Brinner. Log cabins, pilgrims, cornucopias, and all Thanksgiving traditions are included in the display. (Lee Watson photographs)

# Thanksgiving Gives Turkey His Big Day; School Classrooms Holding Observances

Complete story of the first Thanksgiving held in America is being studied by the fourth graders in Mrs. Doris Helm's room at east elementary school. The pupils are decorating their room in the theme of the first Thanksgiving. Shown making the decorations from left are: Patsy Foree, Toni Taylor, Carolyn Ann Harty, Beverly Black, Linda Staton, Monette Lewallen, Barbara Duckworth, and Sidney Ann Burgess. Most primary and elementary school rooms will be decorated in the Thanksgiving theme for the occasion.

*american designer's pattern*

*by Biki*

Biki, one of the Italian designers who has been taking the fashion spotlight, has designed this party dress with the best of her graceful, pretty lines. The bodice has an intricate-looking but easy to handle collar drape, actually a collar run through a drapery. The skirt is flared, but not too full. Taffeta or other stiff silks are suggested for fabrics, with size 12 requiring five and one-eighth-yards of material. To order, send $1 to Spadea Syndicate, Inc., Box 535, Dept. 163, GPO New York 1, N.Y. Select your size from this guide:

| BUST | WAIST | HIPS | SIZES |
|---|---|---|---|
| 34 | 24 | 35 | 10 |
| 35 | 25 | 36 | 12 |
| 36½ | 26½ | 37½ | 14 |

| 39½ | 29½ | 40½ | 18 |

# 25 YEARS AGO

(Taken from the files of THE SCURRY COUNTY TIMES for Nov. 22, 1928.)

While other cities are looking for more water, Snyder's water supply as well as the new and efficient equipment and system, is meriting the envy of many West Texas cities. Snyder is fortunate in having one of the most bounteous and pure water supplies of any town or city in West Texas—and it has water to spare—plenty of it on every hand. Sinking a well anywhere from 80 to 150 feet gives a water supply that tests nearly perfect in any laboratory. The new equipment recently placed in position by Supt. B. L. Baze could deliver 1,500,000 gallons a day, or enough to take care of a city of 50,000 people.

• • •

The State Department of Education Saturday in announcing gains made in scholastic population in the recent census shows that Scurry County leads in this section of West Texas with a gain of 342 over 1927. Dawson County shows a gain of 106, while Fisher County shows a loss of 14. Garza shows a gain of 63, while Kent County shows a loss of 63. Mitchell County shows a gain of 110, while Nolan also shows a gain of 110.

• • •

The Airport Committee of the Snyder Lions Club has been definitely assured that a representative from the Department of Commerce, Aeronautics Branch, will arrive here within the next two weeks to co-operate in the selection of a suitable field to be placed here by local men. As quickly as definite announcement can be made, the Times-Signal will be happy to carry the news, because it is good news and will be remarkable help in getting Snyder on the national airway routes.

• • •

Passing on to the motoring public the benefits of economies arising out of tremendous volume production, the Chevrolet Motor Company this week introduces "the Outstanding Chevrolet of Chevrolet History —A Six in the Price Range of the Four."

First deliveries to purchasers will start January first. Giles Garner gets the honor of purchasing the first six cylinder model to be delivered in Scurry County. As soon as Mr. Garner learned the new car was on the market he placed his order.

• • •

The special election held in Snyder Tuesday for the conferring upon the City Council the power to close by ordinance any street or alley or part of parts of any street or alley was in favor of granting that power upon the council by a vote of 65 to 50.

• • •

Late last night Snyder officials definitely ascertained that Hubert Carnes, star Tiger center, was overage. As quickly as Supt. Wedgeworth could get a phone connection through to Stamford, he forfeited all conference football games in which Carnes was a member of the team.

While Snyder was turning this information in to Stamford, Supt. Wedgeworth also found out that the Sweetwater Mustangs were out of the running owing to the ineligibility of Oran Browning. As the League now stands, the Colorado Wolves as undisputed champions of the western section of District 9, Class B, having lost games to both Sweetwater and Big Spring and having yet to play Snyder.

# PERSONALS

Mrs. W. L. Haley, 2707 Avenue R, attended the Ballinger schools homecoming Friday. She was accompanied by her granddaughter Mrs. C. J. Nelson of Tulsa, Okla.

Mrs. O. B. Truelock and son Johnny of Colorado City were guests of Mrs. Truelock's mother, Mrs. Ola Leath, 2612 Avenue R. Thursday.

Mr. and Mrs. R. L. Brice, Claremont road, and Mr. and Mrs. Manning Davis left Friday for Waco where they will visit with relatives and attend the SMU-Baylor football game Saturday.

Mr. and Mrs. Wilbert Sonnier, 1505½ Twenty-seventh Street, had as guests last week Mrs. Sonnier's brother, Sgt. V. J. Viator, Jr., and family of Majaba, Cal.

Spending the week end in the hom. of Mr. and Mrs. Gene Dulaney, 3717 Highland Drive, is her sister, Miss Betty Bloomer of San Antonio.

Among those on the special train Friday from Lubbock taking Texas Tech students and fans to the Tech—University of Houston game played in Houston yesterday were Madolyn and Gwendolyn Crow, twin daughters of Mr. and Mrs. J. L. Crow of Snyder. The train was one of the largest passenger trains ever to make the trip from Lubbock to Houston.

It is estimated that the Belgian Congo river represents 130 million horsepower of unused water power.

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-2488.

**I am planning to have a buffet supper soon and would like to know if you have any chicken casserole dishes that would be suitable? A. V.**

CHICKEN TAMALE PIE

1 three and one-half to four-pound stewing chicken
3½ quarts water
2 large onions
1 large clove garlic
4 bay leaves
3 large stalks celery
1 tablespoon salt
2 cups yellow corn meal
1 cup tomato catsup
1 can tomato soup
¼ teaspoon chili powder
2 tablespoons Worcestershire sauce
1 tablespoon sugar
seasoning to taste
1 large can ripe olives, pitted
Parmesan cheese

Bring to boil, then let simmer the chicken, water, onions, garlic, bay leaves, stalks and leaves of celery, and salt. Simmer until chicken is tender. Strain chicken stock. Using the stock, make a mush with the corn meal. Take out enough of the corn meal mush to line a large, greased casserole. To the remainder of the mush, add the catsup, tomato soup, chili powder, Worcestershire sauce, sugar and seasoning to taste. Bone and dice chicken and add it, together with the olives, to the mush. Pour mixture into corn-meal-lined casserole, sprinkle top with Parmesan cheese and bake for one hour at 325 F. Yield: 12-14 servings.

• • •

Keep steel wool submerged in a jar of soda water between uses to prevent rusting.

• • •

Can you tell me how long it will take a frozen sandwich to thaw? Also, do you know some fillings that will freeze satisfactorily? J.M.

Frozen sandwiches will thaw in one hour's time. If carried in a lunch box, they will keep other foods fresh, crisp and cool for several hours.

The best fillings for frozen sandwiches are peanut butter, Chedar, American or cream cheese, sliced or ground meat, fish or chicken.

## Birthday Party For Sherilyn McGlaun

Sherilyn McGlaun celebrated her third birthday Wednesday with a party given by her mother, Mrs. Douglas McGlaun, 2341 Sunset.

Favors given were balloons and toy musical horns.

Cake and ice cream were served to Donna Hopson, Tony Scott, Bob Battles, Beckie Battles, Belinda Jordan, Beverly Hukill, Randy Barnett, Jack Dillon, Nancy Dillon, Bryan Jordan, Paul Jordan, Chris Jordan, Marshia McGlaun, Ruth Wallace, Toni Lyons, Eddie Mac Peacock, Ann Peacock, Keith Longbotham, and Debra McGlaun.

## Mrs. Wyatt Lipscomb Honored At Party

A coffee and coke party honoring Mrs. Wyatt Lipscomb, who is moving to Plains, was given Thursday afternoon in the home of Mrs. Frank Wilson, 3001 Thirty-eighth Street. Assisting Mrs. Wilson as hostess was Mrs. Stanley Noah.

Gifts of pottery were presented Mrs. Lipscomb.

Guests present were Mrs. L. R. McCollum, Mrs. Dale Johnston, Mrs. Stella Kimbro, Mrs. Jake Hodges, Mrs. David Harlan, Mrs. Alma Young, Mrs. Olin Lane, and Mrs. Billie Payne; out - of-town guests were Mrs. Hark Haney and Mrs. H. Heine, both of Roscoe.

Beautiful scenic regions of the northwest gave Mr. and Mrs. Warder K. Novak endless occasions to enjoy their hobby of photography recently. Postcards and souvenirs sent their children are other mementoes of their trip.

SOCIETY SCRIBBLINGS

# Minister And Wife Like Oregon This Time Of Year

Not a dull moment is the description of a 5,000-mile trip from which Mr. and Mrs. Warder Novak have recenty returned. Mr. Novak, minister of the Twenty-seventh Street Church of Christ here, held revival meetings in Salem and Eugene, Ore., where he was once minister.

He had an opportunity to utilize his skill as a carpenter, since he designed and built the small house trailer which they pulled behind their car. It didn't cause any difficulty in driving through the mountainous country but it did slow their speed some.

Time was taken for sightseeing in Arizona, and at cliff dwellings of the vanished Indian tribes. Cobra Gardens, a laboratory where venom is extracted from cobras, was also visited. Mr. Novak recalls that the largest cobra there is approximately 17 feet long. This particular snake is considered dangerous, but was not classed with the most deadly of the species. Thick glass separated the cage from spectators, and in addition a large sign was posted, warning people not to stand close to the cage. "They didn't need to warn me," Mrs. Novak said.

Days in Oregon were filled with visits to old friends and sightseeing. "We even went deep sea fishing on a day when storm warnings were out," Mrs. Novak stated. She also remarked that it was a lot of fun, even though they didn't catch anything and she was slightly seasick.

Both are sea food enthusiasts and coastal cafes afforded them ample opportunities to enjoy the specialties.

Possibly one of the most beautiful sights was Timberline Lodge at McKensie Pass, where volcanic rock is found. They were fortunate to have a day so clear that pictures could be taken of Mt. Hood, 78 miles away. The next day a heavy snowfall covered everything.

It seems that many people are mistaken in thinking that all of Oregon has a severe winter. The Willamette Valley, surrounded as it is by mountains, offers a good year-round climate. Oregon is rapidly expanding, Mr. Novak said, and many dams are being built throughout the state to furnish power for the increasing usage of electricity. The estimated population of the valley is expected to reach one and one-half million within the next two years.

"The valley's fruit crop is amazing," Mr. Novak said. Apple orchards were so heavily loaded that the ground beneath the trees was covered with rotting fruit. Roasting ears were still in the fields and canning of corn was in full swing. Mr. and Mrs. Novak had a real treat when they found they could pick strawberries for breakfast. "We have the pictures to prove it," Mrs. Novak laughed.

Several boards of myrtle wood which Mr. Novak was fortunate to locate were taken home in the trailer and are intended as materials for a bookcase he plans to build. Myrtle wood grows only in Oregon and Palestine, which makes it almost a collector's item.

## Christmas Gifts At H-D Meeting

Christmas gifts made by members of the Murphy Home Demonstration Club were displayed at the club meeting Thursday in the Murphy School lunch room.

Mrs. V. W. Tatum gave a discussion of a meeting she and Mrs. Ed Murphy attended at Gail, at which the Borden County Home Demonstration Agent demonstrated the making of Christmas gifts.

Mrs. Clifton James, newly elected president, offered her resignation, and a new president will be elected at the next meeting which will be a Christmas party with Mrs. J. E. Sorrells as hostess.

Mrs Borden Gray served refreshments of sandwiches, ice box pudding and coffee or cocoa to the fourteen members and children present.

MRS. VERN V. McGREW, JR.
. . . to live in Kansas

## Miss Hamblen Weds Vern V. McGrew In Church Rites

Miss Martha Anne Hamblen, the daughter of Mr. and Mrs. James Pascal Hamblen of Houston, became the bride of Vern V. McGrew, Jr., in a ceremony read yesterday morning in the Sacred Heart Church in Houston.

Mr. McGrew is the son of Mr. and Mrs. V. V. McGrew, Sr., 3602 Avenue V.

The Rev. J. D. Connolly read the vows before an alter banked with white chrysanthemums. Cathedral tapers in floral candelabra decorated with polished magnolia foliage were placed on both sides of the altar.

The bride, given in marriage by her father, wore an original gown of antique-tone silk satin. The shaped shoulder neckline was molded by hand-run alencon lace overlaid with pearls and crystal paillettes. The skirt, gathered onto a torso sculptured bodice, swept into a circular cotillion train.

The bridal veil, bought by the bride in Europe, was of Brussels lace. It fell from a coronet studded with bridal jewels. She carried a cascade arrangement of phalaenopsis orchids, fleur d'amor and lilies of the valley.

Miss Joan Hamblem, sister of the bride, was maid of honor. Bridesmaids were Miss Rosemary Bintliff, Mrs. R. L. Warren III, Miss Noelie Duggan, Miss Mary Ann Davis, Miss Jane Maxwell, Miss Kitty Sanguily and Miss Phyllis. All wore identical dresses of ciel blue velvet and carried muffs of matching material embossed with yellow roses.

Barbara Bouldin was flower girl.

Mr. McGrew served as his son's best man. Groomsmen were Jim Carlton, Don DeWalsh, Charles Folwell, Jerry Perlitz, Joe Dave Scott, William Franklin Jones and Francis Scott Baldwin. Ushers were J. A. Castille, Bob Rowland, Tom Kirksey and Alfred Weathers.

For her daughter's wedding, Mrs. Hamblen wore a dress of antiqued blue lace over pecan satin. Mrs. McGrew chose a dress of rose chantilly lace over rose satin.

A reception at the Houston Country Club followed the wedding. Members of the houseparty were Miss Patty Perlitz, Miss Joan Parks, Miss Gloria Goldstoy, Miss Ann Reeder, Miss Sandra Cutbirth, Miss Annette DeWalsh, Miss Barbara Kunetra, Miss Lucia Kyle, Miss Sue Eckhardt, Mrs. Ben Brewer, Mrs. Buster Arnim and Mrs. Albert Hill.

For her travel ensemble, the bride wore a suit of steel-blue accented with navy velvet and blue and white accessories. Following their wedding trip, the couple will be at home in Manhattan, Kan.

The bride attended the University of Texas, where she was a member of Kappa Kappa Gamma sorority. Mr. McGrew, a graduate of Rice Institute and the University of Texas law school, was a member of Alpha Tau Omega.

## Mrs. Bill McLennon Feted At Lion Camp Shower On Friday

Mrs. Bill McLennon was honored with a stork shower by members of the newly organized Lady Lions Club Friday in the home of Mrs. W. S. Hart, Lion gasoline camp.

Refreshments of cake and coffee were served to Mrs. Albert Aycock, Mrs. Billy Joe Poe, Mrs. Eugene Overby, Mrs. M. M. Rambin, Mrs. L. O. Thomas, Mrs. Rex K. Nall, Mrs. Jack Blanchard, Mrs. Troy Wylie, Mrs. J. E. Dupont, Mrs. R. H. Griffin, Mrs. Pat Bills, Mrs. Jim Moore, Mrs. John Pickering, Mrs. Troy Lilly, Mrs. Dick Davison, Mrs. M. A. Howard, and Mrs. A. C. Floyd.

## War Orphan Will Be Adopted By Acacia

Members of the Acacia Study Club voted to adopt a German war orphan at its meeting Wednesday at the Texas-New Mexico Pipeline, with Mrs. Fred Kizer acting as hostess.

Mrs. Virginia Montgomery spoke on "Building a Better America Through Education."

A Christmas party will be given by the club Dec. 16 at 7 o'clock.

Seventeen members and one guest, Mrs. Richard Brice, were present.

Brazil was ruled by an emperor from 1822 to 1889.

# WOMEN'S CALENDAR

**MONDAY**

Monday Duplicate Club, 1:30 p. m., with Mrs. Ross Carroll, Lemons Lease camp.

## Annual Love Feast At Altrurian Club

The annual love feast of the Altrurian Club was held Friday in the home of Mrs. H. G. Towle, 3000 Avenue U, with Mrs. Florence Leftwick and Mrs. R. D. English assisting as hostesses.

The banquet table was laid with a white linen cut-work cloth, centered with white chrysanthemums and white candles, carrying out the club colors of green and white.

Mrs. C. T. McLaughlin gave a report on the National Convention of Federated Women's Clubs which was held in Washington recently.

Eighteen members were present.

## Mrs. Evans To Join Husband In Germany

HERMLEIGH — En route to Germany to join her sergeant husband, Mrs. D. W. Evans and their small daughter, Anita, left for New York Monday.

A reunion of the family of Mrs. Evans' parents, Mr. and Mrs. W. H. Huddleston, route 2, was held before the departure. The only member of the family unable to attend was John Huddleston of Tucson, Ariz., brother of Mrs. Evans.

## Communist Enemy

PHNOM PENH, Cambodia (AP)—King Norodom Sihanouk of Cambodia assured France today that he considers the Communist-led Vietminh his country's No. 1 enemy.

## Stars Entertaining For Free Irked At Latest Criticism

By BOB THOMAS

HOLLYWOOD, (AP)—The week's work—

The city fathers of Los Angeles aroused a teapot tempest over their claims the show for the King and Queen of Greece was in bad taste. It was the last straw for many performers who have donated their services for nothing.

Many of these stars have long given their talents to entertain visiting royalty, film executives, sales conventions, beauty contests and other such events. When they work for free and then get criticized, the performers naturally are peeved.

Everyone else who works those affairs gets paid," argued one top performer. "The doormen, waiters, bus boys and musicians get their money. The entertainers get nothing but abuse. It ain't right."

It's going to be increasingly hard to obtain stars for any free shows but the most legitimate of charities.

Actually both sides were in the wrong in the Greek controversy.

The politicos were ungrateful for all that free talent. And some of the performers failed to remember the best entertainment is clean entertainment . . .

The fan mag photographers tossed a dandy ball for which dozens of stars gladly paid $30 per couple. The players realize these boys can be their best friends or worst enemies.

Such get-ups you have never seen. Jeffrey Hunter and Barbara Rush came as a couple of ghouls from a Charles Addams cartoon. Vera-Ellen in an obvious plug for "White Christmas" was attired in a white bathing suit bedecked with dozens of Christmas balls. She even had Christmas tree bulbs and was all lit up. Humphrey Bogart arrived late, disguised as Humphrey Bogart.

Joan Crawford wore a costume from her latest picture, natch, and Robert Cummings was scarcely recognizable as a leopard, whiskers and all. Marie Wilson, who cannot be disguised, was wearing a low-cut gown. Tony Curtis and Janet Leigh, who perhaps are angling for the forthcoming picture, came as Paris and Helen of Troy. Aldo Ray appeared in his brother's USC football uniform.

Capsule review: "It Should Happen to You" is a weak title for one of the funniest movies of the season. After stubbing her toe on tragedy, Judy Holliday is back with a farce and she is as delightful as ever.

## SOMETHING DIFFERENT!

2506

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5c per pattern.

## Audit Shows County Books In Good Shape

The county grand jury for district court rendered a report late Friday on investigation of a four-year professional audit of financial records and reported county finances "to be generally in good condition."

The report given to District Judge Sterling Williams also stated that the audit found no shortages and only minor discrepancies in connection with only one transaction of nearly four years ago.

The discrepancies, Judge Williams said, were reported to be only minor and dated back to the early height of the oil boom and to an instance in which it could not now be determined, whether a certain small fine was paid in cash or by serving of jail time.

The grand jury recommended in its report Friday that more detailed accounts be kept and that an annual audit be made.

The audit recently completed was ordered by the grand jury in January at the request of Judge Williams to the court, the grand jury, and the commissioners court. Judge Williams said he requested the audit as a routine measure.

The grand jury which reviewed the audit report was the same body which ordered it in January, and this body was recalled for the review.

## Club To Send Gifts To State Hospital

Plans were made to send Christmas gifts to patients in Abilene State Hospital at the meeting of the Union Home Demonstration Club Wednesday.

Two members gave a demonstration on baking ham. The club discussed plans for a Christmas party.

Refreshments were served to nine members and one guest by the hostess, Mrs. H. J. Shulze.

Early printed books imitated manuscript volumes.

### WHERE BRICKS WILL DRY

The 114-foot tunnel above is one of six completed and ready to operate at the new Southwestern Brick & Tile Co. located two and one-half miles south of Snyder on the Roscoe, Snyder & Pacific Railroad. Six more tunnels will be built, and the 12 tunnels will be capable of holding 192 cars of bricks for the drying process. The plant, owned by the Albert Martin family, started production this week. (Lee Watson photograph)

## Traditional Holds Forth On Menus Of Snyder Homes

A traditional Thanksgiving dinner is the choice of many Snyder families, who prefer to leave newer ideas in menus for other occasions. Cranberry salad, which seems to have won out over the time-honored sauce, is the one exception.

Turkey, dressing, giblet gravy, and "all the fixin's" will whet many an appetite this week on one of America's favorite holidays.

Mrs. W. T. Murphree, East Highway, who says her family likes chicken instead of turkey, varies her dressing a little by sometimes substituting one-half cup nutmeats and one-half cup raisins for the usual sage and onion. She makes it in this way:

Moisten two cups cornbread and two cups biscuit crumbs with warm water to soften crumbs. Add salt and pepper and three or four eggs, beaten. Add broth from cooked fowl, skimming first for gravy; add one and one-half teaspoon sage, one medium onion, chopped, and one chopped apple. Bake until done.

Cranberry marmalade is a specialty of Mrs. G. W. Parks, made by cooking four cups cranberries and three cups water together until berries crackle. Remove from fire and run through sieve. This should make about four and one-half cups juice. Add water to complete measure, if necessary. Add two and one-half cups sugar and boil 20 minutes, counting time starting when mixture comes to full, rolling boil. Remove from fire and seal in jars.

Mrs. Leighton Griffin's family prefers cranberry salad and to make it, she uses:

1 cup coarsely chopped cranberries
1 small can crushed pineapple
2 apples
¾ cup pecans
1½ cups sugar
12 marshmallows.

Mix ingredients and let set 30 minutes before serving.

Pumpkin pie s the favorite dessert of Mrs. Giles Bowers, who says it is rich, but very good. Mix together
three egs, beaten
½ cup cream, or ½ cup milk with ¼ cup melte, butter
1 cup brown sugar
1 cup pumpkin
½ teaspoon cinnamon

Pour into nine-inch unbaked pie shell and bake until firm. Serve with whipped cream.

Mrs. Ola Leath's date pudding is always a good choice for dessert at her home and can be prepared early. Cook until thick:
2 cups water
1 cup sugar
2 tablespoons flour
one-half pound package dates

Add one cup nutmeats. Line bottom of a square of oblong pyrex pan with vanilla wafers, top with layer of date mixture. Repeat, using date mixture as top layer. Cut in squares and serve with whipped cream.

## Losses Under Reds Outweigh Gains In China

HONG KONG, Nov. 21 (AP)—After four years under Communist rule, China has made gains. But the price has been death and drastic loss of freedom.

If the Reds actually have done half of what they claim in flood control, conservation, rail and road construction and industrialization, it would still be astonishing.

What they claim always is within the realm of possibility. After all, not even the old despots who once ruled China whipped so many political prisoners into so much man-killing work as the Reds have since 1949.

From evidence available, these appear to be the biggest Red improvements in China:

The army. It is the best China ever had. It is also a whopper. Even after losses suffered in the Korean War are figured, Communist China's field armies are believed to include well over two million men. Add the tremendous Red militia and you have a possible Red Chinese army of 10 million.

Flood control. The Reds claim they have set up great reclamation projects to hold back flood waters. Red China still has floods but they have been small ones in the last two years. None was caused by the big rivers running loose over thousands of miles of countryside as in the old days.

Railroads. The Reds are known to have rebuilt old rail lines and laid some new ones with frantic haste and much waste. New markets have been opened for farmers and for factory products.

Outside these three fields, Red claims of improvement meet with skepticism, even among neutral observers.

The Communists cite land redistribution among their accomplishments. But this is doubted.

Most of the Chinese industry for which the Reds claim credit was built by the Japanese. It was stripped by the Russians at the close of World War II. Since then the Russians have helped the Reds put much of it together again.

Beyond doubt, the Reds have made some improvements in China. But the price was high.

The U. S. Census Bureau estimates that an American dies every 11 seconds, on the average.

# Local Man With PhD Starts Training As Private In Army

Pvt. John Jay Boren, 26, son of Mr. and Mrs. Wayne Boren, 3112 Avenue X, has begun 16 weeks of basic training at the Anti-aircraft Artillery Replacement Center at Fort Bliss, after which he is to be permanently assigned.

Plans for assignment of Pvt. Boren, who holds three degrees and is a former teacher in Columbia University, have not yet been released. The first half of his basic training includes infantry drill, machinegun and bazooka marksmanship, and a one-week field maneuver. The second half is to include firing of light and medium weapons at moving aerial targets at various altitudes.

Boren last month received his degree of doctor of philosophy in psychology from Columbia, where he also taught in the psychology department while working for the degree. He received his master of arts degree from the university in June, 1951, having majored in psychology.

Before going to Columbia, Boren attended University of Texas four years, graduating in 1949 with a bachelor degree in psychology. He had maintained an average grade above B during his four years there and was a member of the Pi Kappa Alpha fraternity, the Hogg Debating Society, two honorary professional societies, and the Alpha Phi Omega honorary service organization composed only of Boy Scouts.

Active as a Boy Scout, he attained the rank of Eagle and also served as a counselor in the Commaroncita Boy Scout Camp in New Mexico.

Having been chosen for a page in 1942, he served in that position during one session of the state senate.

Boren graduated from Snyder High School in 1945 as salutatorian of his class. While in high school here, he lettered in football, basketball, and track.

Boren entered Columbia in the spring of 1950 and spent the summer as counselor at Winnebago Boys Camp near Augusta, Me., re-entering the university in the fall. A year later, after receiving his master degree, he re-entered as a student and also as a student assistant and began work toward his PhD degree, serving also as laboratory instructor and classroom lecturer-instructor.

He was born at Fort Worth Nov. 15, 1927.

JOHN JAY BOREN
. . . at Fort Bliss

### Brags About His Bad Habits And Gets Job

SPRINGFIELD, Ohio (AP)—Victor Wagle, 31-year-old father of three children, needed a job. Today he had prospects of any number of jobs at $75 a week after he had inserted the following classified ad in the Springfield Daily News and Sun:

"Undependable, sloppy, liar, cheat, drunkard, allergic to work, man needs job, $75 week. Married, three children to support."

Mr Wagle said he had been swamped with offers, including two for bartending jobs.

"Actually, I am just the opposite of those things I said in my ad," Mr. Wagle said, "but I thought the psychology would work."

### Sweetwater Planning Homecoming Activities

The Sweetwater High School student council is inviting former students of Newman High School to homecoming activities Wednesday and Thursday.

Registration will begin Wednesday at 2:30, and will be followed by an assembly program and pep rally. The homecoming parade will be held Thursday morning at 10:30, with the afternoon football game scheduled for 2:30. Sweetwater will be host to Big Spring in Mustang bowl.

### Postal Receipts Up

AUSTIN, Nov. 21 (AP)—October postal receipts in 123 Texas cities totaled $5,800,000, up 13 per cent from September and 4 per cent from a year ago, the University of Texas said today. Levelland had a 72 per cent rise.

### Bigger Home Needed

MEDFORD, Mass. (AP)—Frank J. Fontaine, 34, comedian, plans to move into a bigger home next week —he became a father for the ninth time yesterday.

### Former Hermleigh Residents In Wreck, Recovering In Hospital

HERMLEIGH — Mrs. T. P. Henderson has returned home after visiting a week with her uncle and aunt, Mr. and Mrs. Walter Moore, in a Hillsboro hospital. Mr. and Mrs. Moore, former residents of Hermleigh, were injured in an automobile accident near Hillsboro two weeks ago.

The Moores were transferred this week from Hillsboro to a Dallas hospital. F[illegible]ffered shoulder and head inju[illegible]ractured ribs, and a broken [illegible] Mrs. Moore suffered a skul[illegible]acture, severe abr[illegible]sions, and lacerations.

Mrs. Henderson said the couple's neice, Mrs. Don Moore, driver of the car, suffered only lacerations and other minor injuries. She reported she lost control of the car when she was forced off the highway by an automobile they were meeting.

### Atomic Mineral Bought

ROTTERDAM (AP)—A Dutch firm said today it has bought 50 tons of the mineral monazite, which frequently contains atomic bomb material, for a Japanese customer who wants to make sparking flints. The Dutch Company, Vulcaan Ltd., said none of it would go behind the Iron Curtain.

A typical man's brain weighs about 50 ounces.

### Mother Of Snyderite Is Buried In Carlsbad

Funeral services for Mrs. Ida Harrison Pannell, 74, the mother of Ernest L. Harrison of Snyder, were to be held today in Carlsbad, N.M.

Mrs. Pannell, who owned property here and in Carlsbad, had divided her time between here and Carlsbad. She died Friday morning in Midland Memorial Hospital, where she had been a patient several days.

Survivors in addition to her son include three daughetrs, Mrs. Zula Ringer and Mrs. Carie Hayes of Carlsbad and Mrs. Hazel Line of Hobbs, N.M.
