Trustees and Wives Inspect School Cafeteria Tuesday

Trustees, their wives, and a number of guests were served dinner in the new Rockport Elementary School Cafeteria Tuesday night, and then taken on a tour of inspection of the new facility. The dinner was prepared by the cafeteria staff, directed by Mrs. James Crusier.

Of concrete block construction, the building was erected by maintenance crews under direction of Maintenance foreman Glen Martin at a cost of approximately \$20,000.

It will seat approximately 200 children at one time, and auxiliary equipment has been added to feed students at Fulton Elementary by means of a portable steam table. Food in the table will keep hot long enough to allow its transportation and serving at Fulton.

The kitchen in the new cafeteria is all-electric, and planned according to recommendations from the Texas Education Agency to give maximum efficiency.

Highway 35 Bids To Be Re-Advertised

Bids on Highway 35 north are being requested again, according to M. G. Yoes, resident engineer of the Highway Department at Corpus Christi, and will be opened at 9 a.m. Sept. 20 in Austin.

Re-advertisement was necessary he said, because only one contractor, Heldenfels Brothers, bid at the previous letting.

The bids will be for the rebuilding of 25 miles of Highway 35 from immediately north of Copano Bay to the Refugio-Calhoun County line.

Yoes, who will be resident engineer for the project, said yesterday that he expects the contract to be in the neighborhood of \$1,250,000.

This, he said, would be the largest single contract let in the district in several years except for Corpus Christi Harbor Bridge.

The Aransas Pass - Harbor Island Causeway cost 2 1/2 million dollars, but it was covered by several contracts.

The stretch of highway north of Rockport is to be completely rebuilt. The contract will call for a new base and surface.

The present 20-foot wide paved surface will be widened to 26 feet with the "crown" (paved surface and shoulders) to be 42 feet wide. The shoulders will be covered with asphalt.

Right-of-way for the new road has been increased from 100 feet to 140 feet.

Yoes said this width would be adequate for the construction of a four-lane divided highway if traffic warrants this at some future time.

The portion of the highway in Aransas County was built in 1932 and the part in Refugio County was built in 1927 or 1928.

Yoes said the rebuilding of the highway will require about one year to complete, allowing for delays caused by weather.

He said the highway will continue to carry traffic during construction but that one lane will be built first and then the other to keep traffic moving.

Storm Was On 12th and 13th Instead of 14th

Fred Bracht called our attention to an error in our story of the 1919 storm which ran in last week's Pilot. It occurred on the 12th and 13th of September instead of the 14th, and we certainly won't argue with him about it, for he was there and we weren't.

"It started to blow real hard about 9 p.m. Saturday, the 12th," he said. "I was out and had a hard time getting home. By 12:30 a.m., Sunday, it was blowing terrifically hard and the wind had switched from the northeast to the southeast."

"The water came in Sunday morning about 9 o'clock, and it wasn't long until the whole front of town was covered. You could see it coming in."

John H. Wood, of San Antonio, also dropped in for a minute to talk about the storm.

"It wasn't the Cyrus B. Lucas Ranch on St. Joseph at that time," he said. "It belonged to R. H. and Will Wood, and there were 5,000 cattle drowned instead of 2,000."

They were strewn all the way from St. Charles Bay to Corpus Christi, and one of Woods' bulls was found drowned in the lobby of the Nueces Hotel. Mr. Lucas bought the island in 1925."

Grand Jurors Called For 36th District

The following grand jurors have been called for the fall session of the 36th District Court which will open Tuesday, Sept. 5, with Judge John Miller of Sinton on the bench.

James B. Jackson, Clyde Townsend, Frances M. Rouquette, Bill Neville, Roy V. Rogero, W. O. Young, J. W. Hunt, C. C. Fowler, Henry Ballou, Alvin Brundrett, Floyd Smith, J. E. Burkett, Chas. A. Roe, Jr., Chester Johnson, Ted Little, and Harold Picton.

Teacher Workshops Held For Elementary And High Schools

With the opening of school just around the corner, workshops were held Tuesday for faculty members of all schools under the tutelage of Dr. W. E. Barron, Associate Professor of Education from the University of Texas.

Barron, who has been a high school principal, superintendent of schools and a teacher before he became associated with the University, dealt with fundamentals of teaching.

The morning workshop was held at Rockport Elementary School in the new cafeteria, and was attended by administrators and teachers from the elementary schools.

At noon, school administrators, including principals of the elementary, junior and senior high schools and Superintendent J. D. Gray, had an informal luncheon in Barron's honor.

The afternoon was devoted to the problems of the high schools and was held at ACHS, with Supt. J. D. Gray, Principals A. B. LeFevre and Chester Barre, and members of the high school faculty attending.

In other activity for the day, after the workshops were ended, trustees of the school system and their wives inspected the new cafeteria at 7:30 p.m.

School Music Program Is Re-Organized

In order to obtain more effective use of the school personnel and provide a more effective instruction program the public school music program of the Aransas County Independent School District has been re-organized for the coming year. This new program is in keeping with the trends in schools throughout the state where highly successful music programs are being carried on.

Miss Jean Venable, public school music teacher for the past two years, will serve as a consultant to the classroom teachers of the first and second grades who will introduce to their pupils music through rhythm activities and songs related to their classroom studies. In these grades, as well as throughout the music program, patriotic songs of the American heritage will be emphasized.

Upon reaching the third grade the music teacher will teach the pupils to read notes and to become familiar with musical terms. Fourth grade pupils will be introduced to rhythm instruments, the song flute, and the auto-harp. They will also be taught to recognize the instruments of the band and orchestra by sight and sound.

Students in the fifth and sixth grades will be given the opportunity of choosing between vocal music in the Elementary School Chorus and instrumental music in the Beginner Band. The entire Music Department will emphasize music appreciation and several programs are planned through the year to include visiting musical groups as well as performances by the local students.

MOTOR VEHICLE INSPECTION PERIOD STARTS

The Texas Public Safety Commission has designated September 1 as the beginning of the 1961 Motor Vehicle Inspection period in Texas. The period ends on April 15, 1961.

Colonel Homer Garrison, Jr., director of the Texas Department of Public Safety, said today that 4,700 inspection stations will be ready on Thursday, Sept. 1 to attach the new 1961 inspection stickers on the windshields of more than four and one-half million vehicles coming under the provisions of the Motor Vehicle Inspection Act. All such vehicles must display the new sticker on April 16, 1961.

Garrison said, "We feel that the vehicle inspection program in Texas has provided a deterrent to vehicle accidents on our streets and highways." He urged all motorists to get their vehicles inspected before the bad weather of winter begins.

"It takes just a few minutes to have a vehicle safety checked," Garrison said, "Yet those few minutes thus spent today could mean the saving of someone's life tomorrow."

Garrison noted that the percent of accidents in which vehicle defects were causative factors has been cut approximately in half since the program was started in Texas.

The fee for each inspection is \$1.00 plus any repair or adjustment necessary. The average cost for inspection in 1960, including the \$1.00 fee, was \$2.00 per vehicle.

IN TEXAS...

**You pay 90¢ tax
on 10 gallons of gasoline**

Gasoline taxes up 51% in ten years

Federal tax to 4 cents a gallon, in addition to the State tax of 5 cents a gallon.

Looking at it another way, in the last ten years gasoline taxes have skyrocketed 51%—yet the price of gasoline itself has risen only 5.5% during the same period.

\$78 a year for gasoline taxes! Gallon by gallon, these taxes add up to a lot of money. Each year the average motor vehicle owner in this state pays \$78 for gasoline taxes alone. That's just a few dollars less than the average week's pay for most people!

Everywhere in Texas, car owners pay 90¢ tax on every 10 gallons of gasoline they buy.

Does a tax this high—on a basic commodity like gasoline—really make sense? Gasoline taxes across the nation amount to a 50% sales tax—and that's five times as high as the tax rate on luxuries like diamonds and mink coats.

How did gasoline taxes get so high? Well, since World War II, there have been three increases in the federal gasoline tax alone. This brought the

Your gasoline dealer—who must collect these taxes from you—feels that gasoline taxes are much too high. More and more, thinking people are coming to agree. What do you think?

HIGHWAYS AND GASOLINE TAXES

Your gasoline retailer, naturally, favors construction of the roads that the motoring public needs. He believes in fair and reasonable taxation for this purpose but feels that taxes on gasoline have now reached unreasonably high levels. He also believes that all special taxes on the motorist should be used only for highway purposes. Yet last year, out of every automobile tax dollar collected by the Federal Government from highway users, more than 40 cents went for non-highway purposes. If these automotive tax revenues were dedicated for highway purposes, there would be no need for the latest increase in the federal gasoline tax.

Mrs. Grady West to Head Two Daily Conferences

Mrs. Grady West, Woman's Missionary Union president for this district, led two daily program conferences at the 7th annual Texas Baptist WMU House Party at Baylor University, Waco, Aug. 29-Sept. 1.

The four-day meeting was expected to attract more than 2,500 women from throughout the state.

Designed to acquaint Texas Baptist women with the coming year's program, the meeting featured addresses by four Baptist foreign and home missionaries in addition to 23 specialized study conferences.

Convention theme was "His Message . . . Our Mission." Mrs. Clem Hardy, state Woman's Missionary Union president, presided over the meeting.

Morning and evening general sessions were held at Seventh and James Baptist Church adjacent to the Baylor campus where idea exchange sessions, panel discussions, and workshop sessions were held.

The Woman's Missionary Union, which emphasizes the Southern Baptist mission program, is composed of four member groups including the Woman's Missionary Societies for adults, Young Woman's Auxiliary and Girls' Auxiliary for teen-age girls, and Sunbeam Bands for children.

A shower was given in honor of Sylvia Solis at the Tommy Wooten home on Wednesday.

Miss Benningfield Marries Clyde Townsend

In a candlelight setting at First Methodist Church on Thursday, Aug. 25, at 8 p.m., Miss Georgia Benningfield became the bride of Clyde J. Townsend, with the Rev. A. H. Bankert officiating at the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. George W. Benningfield. Parents of the groom are Mr. and Mrs. Clyde Townsend.

The vows were pledged before an altar lighted with white candles and flanked by twin flower baskets holding white gladioli and asters interspersed with narrow-leafed Commadore and Plumosa greenery.

Given in marriage by her father, the bride wore a street-length dress of white cotton eyelet with full skirt and short sleeves. The molded bodice was fashioned with a V-shaped neckline and trimmed with a buckled cummerbund. Her shoulder-length veil of tulle was fastened to a large tulle rose accented with seed pearls. She carried a bouquet of white carnations centered with a white carnation corsage.

Miss Jane Benningfield served her sister as maid of honor. Her street-length dress was a sleeveless model of embossed blue cotton, in princess style, and featuring a scoop neckline. She wore a tiny hat fashioned of white tulle roses and carried a colonial nosegay of white carnations.

Richard Hapner was best man, and Tom McCabe and Monte Rouquette served as ushers.

Mrs. Ronnee Schultz rendered the traditional wedding music. J. Allen Frye sang "Because" and "Always."

A reception was held at Fellowship Hall immediately following the ceremony. The table was laid with a pale blue cloth over white flounced net. Arrangements of white gladioli and asters completed the blue and white color scheme. The tree-tiered wedding cake, topped with miniature bride and groom, was served by Mrs. Mike Vargo of Corpus Christi and Mrs. Cecil Boone. Serving the punch were Miss Mary Ann Barber and Miss Nell Mundine.

The guest registry table held a bouquet of white carnations and asters. Presiding here was Miss Janice Kay Benningfield, sister of the bride.
