

Floyd Joins Nation For Carter

The people of the United States have elected Jimmy Carter a 51% majority for President, and Floyd county gave him a

Jimmy Carter

little over 58% in one of the biggest voter turn-outs ever seen in this county.

Almost 100% of the qualified voters in Goodnight, Allman, and other smaller voter boxes voted. One election veteran stated Tuesday night that it was back when Dwight D. Eisenhower first ran for president when a similar amount of Floyd people took time to vote.

Mr. Carter received 1991 votes Mr. Ford 1402.

Senator Lloyd Bentsen Jr. carried Floyd county over challenger Rep. Alan Steelman 2229 to 990. In the Railroad Commissioner election Newton led 2319 to Wendlandt's 646 votes.

Although Floyd people wrote in 828 votes for Sam Houston and 242 for Lorraine, Don Yarbrough led 1469. Yarbrough, who faces disbarment proceedings led the state about 5-1 over Houston.

Although Floyd voters approved the two water bond amendments, it looked like the big city vote probably defeated both. Floyd voters voted 1605 to 675

for number one and 1675 to 659 for number two.

The same thing happened a few years ago when money was being voted for importation of Mississippi water.... and the big city people voted it down.

It should be noted that Floyd's Congressman Omar Burleson was re-elected with no opponent, and neigh-

boring U. S. Congressman George Mahon and Jack Hightower were also re-elected, all Democrats.

County and district officers (all

Democrats) and unopposed were elected. This edition of this newspaper carries complete vote for all boxes. The ballot boxes were in the county clerk's

office and the election returns complete around 10 p.m. Tuesday.

The Lubbock and Amarillo metropolitan areas went for Ford.

\$100,000 Paving Grant

Congressman Omar Burleson announced Monday the approval of a \$100,000 community Development Block Grant to the City of Floydada.

Purpose of the funding is to assist with a paving project in Floydada. This is the second \$100,000 paving grant in the past two years.

This project will be in northern Floydada.

VOLUME 81 FLOYDADA, FLOYD COUNTY, TEXAS 79235 THURSDAY, NOVEMBER 4, 1976 NUMBER 89

First National Open House Sunday

The new First National Bank is invited to Open House Sunday from 2:30 to 5:00 p.m.

Refreshments served by the homecoming classes and the First National House of Music will be served.

The bank was designed for custom service and we want to show you we mean Sunday during the Open House. Banker Kinder Farris is the reporter. "This bank is a new addition to the trade area that we want to serve," he continued.

For about a year's time the bank has been under expansion and remodeling construction. A strong wind lifted the roof and the north wall caved in. Banking officials set up offices in the community room.

Now, it is a beautiful, spacious new structure that has been enlarged some 7500 square feet, a modern three land motor bank has been added to the north....new sidewalks, stately columns and copper trim have been designed

into the front of the building. The bank and motor bank occupy an area 150' x 150'.

Inside, it's as big as Dallas...tellers have been moved from the south to the north side. Banking officials have private offices along the south and east sides.

The work area just west of the teller department allows room for types of equipment or banking personnel plenty of room for any size research or service.

New carpet, new furniture have been added to the popular community room and the petition has been removed.

The lobby area flooring is a combination of gray carpet and tile inlay. Modern lighting prevails throughout the interior of the bank. Outside lighting fixtures show off the front of the bank nicely, and the landscape area leading into the bank is well lighted.

A special section appears in this edition of The Hesperian...a sort of pictorial review of the bank's staff and many features of the expansion project.

Many messages of congratulations have been received on the occasion of the Sunday Open House. A local farm equipment owner, Mark Martin, who has conducted business at The First National for over 50 years said, "the banking staff has favored me many times, and I look forward to being present at the Open House Sunday. I think Floydada and Floyd County should be mighty proud of our fine new bank."

BULLETIN

A phone call from Lubbock at press time stated the Whirlwind Band received a II rating Wednesday.

Caprock Chat

By Wendell Tooley

AGGRESSIVE BANK can help a grow in many ways. It is a place for businesses to expand and inventory. A banker with the financing....or he can help a business to remain static or grow. A banker can take the lead in progress as he gives his help and help the people help in their endeavors.

As the farmer goes, so goes the business. Much of the business in the Floydada First National is with the farmer. Our farmers have a fantastic amount of money year after year.

The First National made its place in the community many years ago. It was the first bank in the early day and small farmer. With the bank, agriculture flourished in this trade area....the bank helped expand its service to meet the needs of the farmer.

President of this community, I served many progressive leaders. Steps offered by our bankers, helped money to start the Louisiana vegetable plant....the bank needed money to buy land for the Texas A&M Extension school was the first contributor with

green scarves at the game, they will be higher than a kite....they're gonna blow those Wildcats out of the stadium.

GUESS YOU ALL NOTICED B. A. Robertson made the national news with his pumpkin enterprise. Seems the demand for pumpkins was very good, but B. A.'s pumpkin production was off.

I sorta admire these farmers who risk raising a "different crop"....sometimes it pays real good....sometimes they lose money.

If the law of supply and demand controls the price of the farm commodities, it seems that the farmers of the U.S.A. should cut down on grain production. This is one of the big reasons cotton prices are so good at this time....there is a demand for cotton products and the supply is low.

....So, our farmers may have to switch some acreage to soybeans, sunflowers....some other crop until the surplus grain piles can be consumed.

Very likely there will be too much cotton raised next year....and the price will very likely drop.

Back to B. A. Robertson....don't you all go out and plant too many pumpkins.

LAST THURSDAY AND FRIDAY'S weather reminded me of my ski trooper days in Colorado....then Sunday's beautiful day reminded me of Hawaii. That's what I like about living in the Caprock Country....plenty of weather variety.

NOTES TO MILES AND BLAIR DAVIS....had the enjoyment of seeing the McMurry Indians defeat Austin College at McMurry Homecoming Saturday afternoon.

Let's see....all the great teams won last week: Whirlwinds, Cowboys, and Raiders

THE LITTLE GIRL asked her mother, "mommy, why don't the football players smile at the pep rally?"....and the mother asked me the same question. I really don't know.

THIS WARNING FROM the drivers of the fire trucks and ambulances. You are not to follow these vehicles and create traffic jams. Many times the saving of a life depends on how fast that person can get to the hospital and a doctor.

I REFER YOUR ATTENTION to two stories on page one about two very important meetings. One is the cotton referendum information meeting at King's this evening at 7 p.m. The other story tells the need for contributions to pave the "dirt areas" in front of the MAC. The Massie Activity Center is possibly the most enjoyed and used building in Floydada. Some organization or group is using it almost every night and many days.

Attend Idalou Game, Get Free Scarf

Everyone who attends the Idalou game Friday night (if you're a Whirlwind fan, that is) will receive a free green scarf when he enters the gates to the stadium.

The green scarf material was cut Monday night following the Quarter-

Victory Over Idalou Means Championship

By Wendell Tooley
The Floydada Whirlwinds have a perfect 3-0 district record and a win over Idalou here Friday night would mean another district championship. Kick-off time is 7:30.

Peppers say Idalou Victory biggest step...

This is the last and biggest step the 'Winds will take for that big District Championship, and this week the mighty 'Winds take on the Idalou Wildcats.

Please show your support by coming to our pep rally at 3:30 in the high

The Whirlwinds were in the same situation this time last year and handily defeated the Idalou Wildcats 22-13 in a thriller at Idalou. Floydada barely led 15-13 at halftime.

Only Tulia has defeated Idalou this

school gym, and by going to the game at 7:30 at Wester Field. Let's Go 'Winds "Wind District." BEAT IDALOU!!!
The Green Peppers

Cotton Meetings

Cotton farmers met at a breakfast meeting at the Rebecca Lodge in Lockney this morning and a similar meeting is set for a 7 p.m. meal at King's Restaurant in Floydada tonight.

All cotton farmers and business men are urged to attend the meeting which concerns information about the cotton referendum vote coming up in December.

Representatives of the National Cotton Council and Cotton Inc. will speak on how the promotion of cotton to the consumer is paying off with more people wearing and using cotton products.

The referendum will seek approval of an increase of 4 of one percent of the gross weight of a bale of cotton. At present \$1.00 per bale is used in promoting the use and sale of cotton wearing apparel and other household uses.

BAND PARENT CLUB OFFICERS are pictured after their family night dinner at Lighthouse Electric Monday night. Standing (l to r) treasurer Bill Hardin, second vice president Max Harrison, secretary Carolyn Cheek, reporter Ann Willson, first vice president Jerry Finley and president Don Chesshir. Seated (l to r) Roberta Hardin, Jaynette Harrison, Julia Finley, third vice president Ann Helms and Sue Chesshir

Get Swine Flu Shots Sunday!

Sunday, November 7, is the day set for the free swine flu clinic inoculations to be given at the Massie Activity Center from 2-6 p.m. All volunteer workers are to report to the center at 1 p.m.

The Monovalent Swine Flu Vaccine will be given to persons 18 through 64 years of age and persons 65 years of age and older will receive Bivalent Vaccine, a combination of Swine Flu and Victoria Flu Vaccine.

The shots will be given all persons with the following exceptions:

1. Those with chronic disease should see their physician.
2. Anyone allergic to eggs should not take the vaccine.
3. Persons with an elevated temperature or illness should delay getting the vaccine until later.
4. Persons who have received any type of vaccine within the past 14 days

should delay their swine flu injection 2 weeks.

- Chronic illnesses are:
1. Heart-cardiac failure
 2. Real disease
 3. Metabolic, as diabetes
 4. Malignancy
 5. Bronchio-pulmonary problems.. asthma, bronchitis, emphysema.

A clinic is planned for Lockney next week.

652-2435

100

Flu Shots Get You?

...that they
...initial sting-
...passes.
...that some
...follow the

munization effort.
Persons who are allergic
to eggs are requested NOT
to take the swine influenza
vaccine. That's because the
virus used in making the
vaccine is grown in eggs.

The flu vaccine contains a
virus that has been killed, so
you can't get influenza from
the shot itself. The vaccine
stimulates the production of
antibodies in the body, with-
out causing the flu. Antibod-
ies are the body's defense
against catching the disease
if a person is exposed to it.

The dangers of catching the
A/New Jersey strain of
influenza are very real if the
expected fall and winter
outbreak occurs. A nation-
wide epidemic can be aver-
ted if everyone receives the
influenza vaccine. All Tex-
ans are asked to do their
parts.

OBITUARIES

...nobody
...Chinese.
...are about

and Mrs. Pauline Huerta
both of Floydada, Mrs. Dan-
iel (Natalia) Rodriguez of
Austin; and Mrs. Prospero
(Felicitiana) Perez of Plain-
view; two sons, Juan E.
(Nee Ines) Pesina and Del-
fino Pesina both of Floyd-
ada; 39 grandchildren and 40
great grandchildren.

S.Q. Dickson

Rites for Selma Q. Dick-
son, 61 year old resident of
Colorado City, and father of
Stewart Dickson of Floyd-
ada, were held last Saturday
in the Kiker-Seale Funeral
Home Chapel in Colorado
City. Dickson died in Hill-
crest Hospital there the
previous Thursday.

Oscar Batton, minister of
the Ropesville Church of
Christ, officiated.

Born February 3, 1915, in
Navarro County, Dickson
married Jimmie Lou Meador
August 28, 1937 in Corsica-
na. He was a member of the
Church of Christ, Masonic
Lodge, a 32nd degree Mason
and a member of the chapter
and council. He and his
family moved to Colorado
City in 1948 where he joined
the police force in 1954. In
1968 he became employed
for cable television in Sono-
ra, then moved back to
Colorado City in 1974.

Survivors include his
wife; a son, Stewart of
Floydada; a sister, Mrs.
Henry Williams of Waco;
and two grandchildren.

Henry Ansley

Services for Henry Ans-
ley, 66, of Lockney were
held Tuesday at the First
United Methodist Church in
Lockney with the Rev. Hugh
Daniel, pastor of the church,
officiating.

Burial was in Lockney
Cemetery.

Ansley was dead on ar-
rival at Lockney General Hos-
pital at 4 a.m. Monday from
an apparent heart attack.

He was born in Oklahoma
on July 10, 1910, and had
lived in Lockney since 1955.
He and his son operated an
implement business here.
He married Mary Elizabeth
Reimer, June 7, 1937, in
Spearman.

Survivors include his
wife; two sons, James Henry
of Bonners, Ferry, Idaho;
and Clarence of Lockney;
two daughters, Mrs. Janie
Lou Chandler of San Anto-
nio, and Mrs. Mary Evelyn
Anderson of Lamesa; three
brothers, W. D. of Hooker,
Okla.; J. B. of Fort Worth
and Wilson Ansley of Ama-
rillo; three sisters, Mrs.
Mary McCarter of Lubbock;
Mrs. Marvin Reese of Hoo-
ker, Okla. and Mrs. Merlene
Smith of Clinton, Okla.; and
nine grandchildren.

Mrs. William Roy Rogers
(nee Pam Breed)

FLOYD DATA
Ray Grimes of Canyon was in Floydada during the weekend visiting his mother, Mrs. L. L. Grimes. He

spent some time in Lubbock at Methodist Hospital with his ill brother-in-law, and his sister, Mrs. Johnnie Collins, who is staying at the hospi-

tal with her husband at this time.

FLOYD DATA
A. W. Coltharp, who recently underwent by-pass heart surgery was able to return home Friday and is reported to be doing fine. Visiting him at the hospital during his confinement was a son, Larry and family of Waco.

Coffee Hosted By Chamber Of Commerce Women November 9th

The public is invited to a coffee at the Community Room of the First National Bank in Floydada Tuesday, November 9th between the hours of 9:30 and 11 a.m.

Hosting the coffee will be the Women's Division of the Floydada Chamber of Commerce.

FLOYD DATA
Johnnie Collins is reported to be resting as well as could be expected in Lubbock Methodist Hospital. He is in Room 770 for those wishing to send cards. Jimmy Collins of Abilene was here Saturday visiting his ill brother and spent Saturday night in Floydada with his mother, Mrs. Gene M. Collins.

Candlelight Wedding Vows Unite Pam Breed, William Roy Rogers

Miss Pam Breed became the bride of William Roy Rogers, October 22nd in a candlelight ceremony performed in the Floydada home of the bride's parents, Mr. and Mrs. Frank Breed. Rev. Lloyd Hamilton, pastor of Floydada Bible Baptist Church, read the 6:30 p.m. double ring candlelight vows.

Parents of the groom are Mr. and Mrs. Ely Rogers of Crosbyton.

An arched candelabra, covered with melon colored gladioli and white chrysanthemums and wedding palms, accented with long white tapers, formed the focal point for the wedding. Both sides were complemented with Grecian urns holding arrangements of melon carnations and white chrysanthemums.

Miss Debra Smith was organist and also soloist. Selections were "More," "The Wedding Song" and "Twelfth of Never."

Rex and Joe Mack Breed, brothers of the bride, were candlelighters.

Presented in marriage by her father, the bride wore a white floor length gown of sheer tulle and polyester. Inlays of white Chantilly lace accented the long bell shaped sleeves, square neckline and full skirt, which was bordered in matching lace. She wore a white picture hat trimmed in lace and carried a white Bible on which lay a bouquet of white roses, stephanotis, gypsophila and accents of melon cushion mums. Streamers and satin love knots descended from the bouquet.

For something old the bride wore a single strand of pearls belonging to her mother; something new was her wedding ensemble and pearls earrings, a gift from her mother; something borrowed was the white Bible belonging to Miss Debra Smith; and something blue was her garter. She also had pennies in her shoe bearing the birthdates of she and the groom.

Mrs. Neal Knight of Cleveland, Texas, sister of the

bride, was matron of honor and Mrs. Austin Holmes, Floydada, was bridesmatron. Mrs. Knight wore a floor length yellow gown fashioned sleeveless, with a round neckline, empire waist and double train attached to the back waist. Mrs. Holmes was in a melon colored floor length gown styled with long sleeves and v-neckline. Both carried long stemmed melon colored carnations with white streamers, and wore gold chain chokers, gifts from the bride.

Austin Holmes of Floydada was best man, and George Thomas Rogers of Crosbyton, brother of the groom, was groomsman.

Following the wedding a reception in the Breed home was held. Mrs. Roy Jackson Jr., Floydada, aunt of the bride, registered guests at a small table holding a vase containing melon and white carnations and gypsophila. The serving table was laid

with a white lace over melon cloth accented with an arrangement of melon colored silk roses and brown foliage, accented by long melon tapers. Crystal and silver appointments were used in serving a three tier cake decorated with melon roses and a miniature bride and groom with a heart shaped background, and punch orange shurbet, mints and nuts. Presiding at the table were Mrs. Carolyn Castleberry, Petersburg, aunt of the bride, Mrs. Debbie Breed, sister-in-law of the bride and Mrs. Judy Rogers, Crosbyton, sister-in-law of the groom.

For travel, the bride changed to a rust colored pant suit and wore a corsage of yellow roses with rust colored ribbon.

Mr. and Mrs. Rogers are making their home at 636 S. Crosby in Crosbyton. The groom is presently engaged in farming.

Mrs. Carroll Honored With Linen Shower

Mrs. Ed Brooks Carroll was honored with a Linen shower Saturday in the Floydada home of Mrs. Ed Lamb. Mrs. Carroll is the former Doretta Gayle Couch of Olton.

Guests were received by Mrs. Lamb and presented to the honoree, her mother, Mrs. James Couch of Olton, and Mrs. Morris Carroll of Floydada, mother of the groom.

Special guests from out of town were grandmothers of the bride, Mrs. Young and Mrs. James Couch Sr., both of Olton; Mrs. Mike Carroll of Lubbock, sister-in-law of the groom, and Kayleen Couch, Olton, sister of the bride.

Pumpkin bread, hand painted pumpkin cookies and fruit punch were served from milk glass appoint-

ments. The table was laid with a white lace cloth and was centered with a spider plant arrangement, a gift to the bride from Mrs. Q. D. Williams, Miss Rhonda Bennett, Mrs. Mike Carroll, Mrs. Q. D. Williams and Mrs. Bill Lamb presided at the serving table.

Hostess gift was a harvest gold waffle and baking grill. Another special gift was a harvest gold pressure cooker given the bride by Mrs. Wayne Fuller. Guests presented the bride with various linens.

Hostesses included Mrs. Ed Lamb, Mrs. Q. D. Williams, Mrs. Wayne Fuller, and Mmes. Bill Lamb, C. L. McKay, Edna Patton, L. B. Cozby, Bobby Cozby, and Misses Rhonda Bennett and Penny Bertrand.

FLOYD DATA
Carlton Fawver is reported to be progressing from surgery in Caprock Hospital. He underwent an emergency intestinal operation last Thursday in Caprock Hospital and was removed from intensive care Monday. He is reported resting as well as could be expected.

Doris McLain Gives Program For 1950 Club

Doris McLain gave an interesting program on her travels and adventures in Europe to members of the 1950 Study Club at their regular meeting Tuesday night. Mrs. Hollis Payne and Mrs. Bill Womack were hostesses for the meeting held in Lighthouse Electric.

Mrs. McLain, club president, called the meeting to order, and members answered roll call with a short uplifting thought. Mrs. Payne, secretary, read the minutes.

During business, club voted to donate \$50 to Massie Activity Center toward ground improvements. The greeting card page, sponsored by the club, will be in the Hesperian again this December. Those wishing to have their names on the page may contact Mrs. Dallas Ramsey or any other club member.

Mrs. McLain gave highlights of her European tour last summer showing a number of souvenirs, postcards and snapshots from Switzerland, Germany and Austria. The program was well presented and enjoyed by members.

Attending the meeting were Mmes. Gene Arwine, Carolyn Cheek, Bob Copeland, Adrain Helms, Ray McDonald, Doris McLain, Edell Moore, Doyle Moore, Ray Morton, Hollis Payne, Bobby Rainer, Dallas Ramsey and Bill Womack.

Next meeting will be the Christmas party on December 7.

Macrame, Silk Flowers Making Told Club Members

A program on macrame and silk flowers was given members of the 1934 Study Club Tuesday night during a meeting held in the Allen Bingham home.

Mrs. A. L. Wylie Jr., led the club collect, and Mrs. Kyle Glover, club president, presided over the business session. Club members voted to send a cash gift to the State Hospital Christmas Tree at Wichita Falls.

Mrs. O. M. Watson Jr., demonstrated the making of macrame, then held a drawing for a macrame hanger she had made. Mrs. Wylie was the winner, and Mrs. J. T. Huckabay was the winner of a gift made by Mrs. J. T. Turner. Mrs. Turner showed how to make silk roses and Christmas decorations.

Attending the meeting was Mmes. Allen Bingham, Wilson Bond, Floyd Bradley, L. L. Clark, Dennis Dempsey, R. G. Dunlap, Leon Ferguson, Garland Foster, Kyle Glover, J. S. Hale Jr., J. T. Huckabay, Floyd Lawson, M. J. McNeill, J. P. Moss, W. O. Newberry, Vernon Parker, George Springer, Fred Stewart, L. B.

PAINTING TO FLOYD COUNTY MUSEUM...Penny Golightly is with her painting, a scene in the Lakeview area, which she donated to the art collection at the Museum. Penny showed this art at the Floyd County area artists who wish to donate a piece of their work to the Museum or any board member. Value of the gift is tax (Staff Photo)

Meddlin's

screen, his mother and a lady friend inside visiting. We never did figure out why the little tyke kept insisting that his mother wasn't at home, unless he was still playing Halloween tricks!

THE girdle ads that promises to prevent midriff bulge, give eye catching figures and smooth you into a natural shape, are now being worn by football players. Four members of Oklahoma State University football team are wearing the girdles but not for the reason women wear them. They say the girdle guards against hamstrings by preventing the muscles from knotting, applying equal pressure and support all muscles from the kneecaps to the waist.

One of the four players, Terry Miller, Oklahoma running back wears the long leg panty girdle, Playtex, that is. Wonder if we will see the men advertising the panty girdle like Joe Namath did the panty hose? Miller's name was the only one of the four whose names were revealed "until the next of kin could be notified."

APPARENTLY it comes in "threes" at Junior High or it seems that way to principal Bob Alldredge. He has had three of his students to suffer broken bones in unrelated accidents the past ten days or so. First it was Moody Younger, who sustained a broken ankle in a football game, then Gary Rinker suffered a broken wrist while playing in the gym, and Tuesday Ray Charles Lewis sustained a break below the knee cap while at play. Ray Charles is a new enrollee at Junior High having moved here from Lockney last week. The youngster underwent surgery yesterday morning in Central Plains Hospital to have a pin placed in the break.

FLOYDADA Girl Scout Troop 250 were busy last week reminding people to vote. They made vote tags for the teachers and students at R. C. Andrews School, then the youngsters took the vote tags home to their parents Monday as a reminder to vote.

Cedar Hill News

By Grace Lemons

CEDAR HILL—Harvesting was stopped by a beautiful snow with average moisture of about 1.40 in our area.

Rev. and Mrs. Jackie Thompson have been showing a film on Wednesday nights in different churches to raise

money to support the Pleasant Hill Children's Home located at Fairfield, Texas. Last week they showed the film at McLean, and this week the film was shown at the Assembly of God Church

LADIES LOOK OVER OUR TURTLE BAX LINE OF JEANS & TOPS. WE HAVE PANTASIES, RAPPER & MAVERICK 3 PIECE SUITS. JUMPSUITS, OVERALLS AND OVER 40 STYLES OF PREWASHED JEANS. BOOT HILL WESTERN STORE HUNDREDS OF GIFT IDEAS

in Floydada. Your contribution is appreciated.

Houseguests in the Edna Gilly home last week were her aunt, Mrs. Bill Newberry of Montrose, Colorado, and cousins, Gaylia Williams of Grand Junction, Colorado and Sandra Long and sons of Paonia, Colorado.

Craig and Trudy Gilly went to Lubbock Sunday to visit friends, Kreis and Kathy McIntosh and baby boy in University Hospital.

Mr. and Mrs. Jerry Lackey and daughter, Brandi had supper with the Phil Lemons family Thursday evening.

Mr. and Mrs. Royce Hess of New Deal spent Thursday night of last week with their daughter, Rev. and Mrs. Jackie Thompson and family.

Mr. and Mrs. Carl F. Lemons went to Amarillo on business Tuesday and had lunch with Mrs. Lemons sister, Mrs. S. A. Decker.

Mr. and Mrs. Garland Tucker and Rev. and Mrs. Jackie Thompson and family visited with Mr. and Mrs. Tom Fortenberry Sunday evening.

Mr. and Mrs. Boone Hall of Plainview and Mrs. Susie Brown Flanary of Houston visited their cousin, Mrs. Mae Taylor Monday afternoon.

Marvin Lemons of Lockney visited with his parents, Mr. and Mrs. Carl F. Lemons Thursday afternoon.

Stephanie and baby girl, Monica of Hereford had lunch Sunday with Stephanie's grandparents, Mr. and Mrs. Robin Fortenberry. They also attended church with them. Other guests for lunch were Mr. and Mrs. Garland Tucker.

Mrs. J. A. Welch and her parents, Mr. and Mrs. J. R. Kelly visited with Mr. Kelly's cousin, Cassie Gainer of Littlefield who is a patient in the Methodist Hospital in Lubbock. Mrs. Gainer has been seriously ill with blood clots forming in her leg and she was scheduled for amputation however they found her much improved Sunday and learned that surgery was not necessary.

Mrs. Robin Fortenberry has been spending much of her time with her mother, Mrs. Gill, who is very ill in the Lockney Nursing Home. Visitors in the W. E. Lackey home Sunday afternoon were their children, Mr. and Mrs. Jay Fowler of Silverton and Mrs. and Mrs. Lindsey Lackey.

Mr. and Mrs. J. R. Kelly visited relatives, Mrs. Annie Smith and Fred Brown and

others in the Floydada Nursing Home Wednesday.

Rev. Jackie Thompson left Monday morning enroute to Sacton, Arizona to Pima Indian Reservation where he joined other ministers who are building a church.

Mr. and Mrs. A. V. Bethel entertained his niece and her husband, Mr. and Mrs. L. I. Thomas of Center, Texas this past week.

Defense Leads Winds To Victory

By Doug Simpson
For a team that normally averages more than 20 points a game, L. G. Wilson's title-bound Floydada Whirlwinds have certainly changed things up a bit in the course of their district action in 1976. The Winds have averaged only around 11 points per outing in loop action thus far, but 14 points coupled with an outstanding defensive effort was enough to overcome a "scrappy" Abernathy team and remain unbeaten in District 4-AA. The win, which clinched at least a tie for the 4-AA crown, was the fourth in a row for the Whirlwinds, who now need only a win over the Idalou Wildcats Friday to capture their sixth district championship in a nine-year span.

On the opening series of the first half, Floydada recorded its first penetration, as Jay Womack engineered a 56-yard drive that finally ended on the Antelope 18. From there, Abernathy took over, was pushed back twelve yards, and had to punt. Mickey Minnitt took Roddy Shippman's 42-yard boot in Antelope territory, and scampered 7 yards to the 35.

The Whirlwinds then went the distance in just 6 plays, as Minnitt galloped 16 yards to the 19 on the

opening play, setting up Womack's 10-yard scoring pass to Randy Ratheal moments later. Minnitt then added the PAT, and Floydada had taken a 7-0 advantage with 6:01 elapsed in the first period.

With about 9 minutes to play in the first half, Jay Womack stood in punt formation at his own 15, but took the snap, saw an opening, and challenged the Antelope defenders to a heated foot race to the first down marker. He made it with yards to spare, to keep the drive alive. A few moments later, with 7:51 showing, Womack dropped back to pass and found Ratheal open at the Abernathy 30-yard line, where he was able to breeze to the 6, before being brought down. This effort by Floydada's effective passing duo put them in perfect position to take a commanding lead at intermission. Womack went upstairs again on third down, but was picked off at the goal line by Abernathy's Lee McCune to end the drive.

On the Winds' first play from scrimmage in the third stanza, Minnitt got the call, burst through a gigantic hole in the line, and sprinted 81 yards for an easy score with 9:10 remaining. He also tacked on the point after to increase the lead to 14 points.

The Antelopes did have plenty of

opportunities to stage a comeback but continuously had possible scoring drives thwarted deep in Whirlwind territory. On two occasions, Ratheal made spectacular catches for interceptions, one being at the end zone, the other at the five-yard line.

The Whirlwinds made a total of 13 first downs, and Abernathy managed 11. Floydada chewed up 244 yards on the ground, while the Antelopes had 127 rushing yards. The Winds connected on three of seven aeriels for 57 yards, and Abernathy went to the air 13 times, but only completed three for a total of 38 yards. It was a night for punts. Womack punted five times for a 34-yard average, and the Antelopes kicked three times for a 31-yard norm. Each team committed three turnovers.

Jayvee, Freshmen Play Away

The Whirlwind Junior Varsity football team will be playing Dunbar there at 4 this afternoon and the Freshmen Whirlwinds will be playing at Crosbyton at 5 p.m. today.

They will be playing Lubbock Coronado here next Thursday.

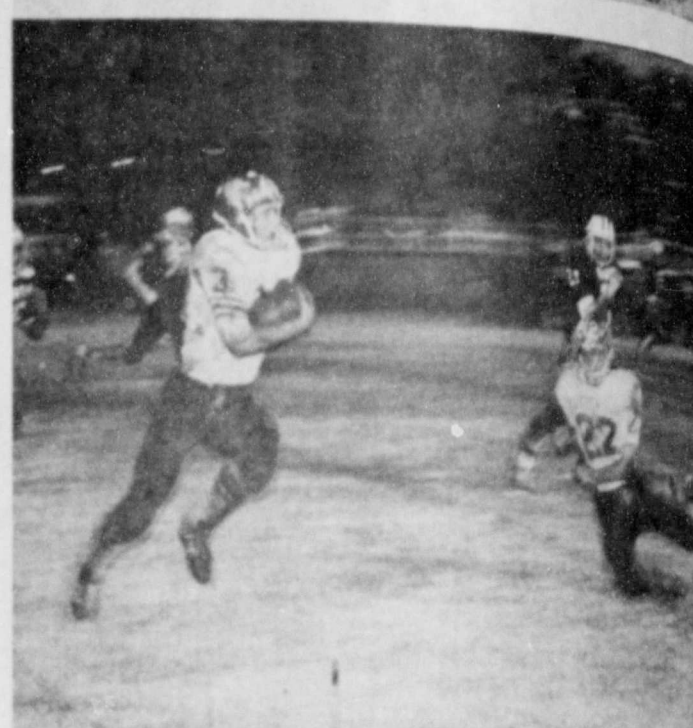

Whirlwinds Second In Tennis Tournament

FHS tennis coach Gary Steves had two players to win in the tennis tournament at Lubbock last week. Alonzo Gonzales and Keith Tooley received second place trophies in the doubles division.

They lost 8-6 in the finals to a doubles team from Brownfield. The Whirlwinds led 5-2, but couldn't hold the lead.

Pro matches were played since the tournament was snowed out on Friday.

The tennis team will be playing a dual match in Lubbock Saturday.

MICKEY MINNITT takes off for long yardage in the Abernathy game. photo Larry Jones makes good yardage with Randy Ratheal.

Geneva Stofel Repeat Football Contest Winner

Geneva Stofel, Rt. 1, is a repeat first place winner of the Hesperian's football contest. She missed only four contests and will receive the \$7.50 first prize.

Debra Allen, Box 282, missed five contests and will receive the \$5.00 second place prize.

Carl Lewis, 906 South 4th, will receive the \$2.50 third place prize. He also missed five contests.

The tie breaker Floydada-Abernathy game was used to determine second and third place winners. The score was 14-0. Debra guessed 24, Carl 26.

Honorable mention goes to Dennis Teasdale, Ricky Vasquez, who also missed five contests, but were farther off on the tie breaker.

Olga Enriquez, Todd Denton, Mrs. Sammy Hale, and Frank Morales missed six contests each.

The last big contest of the season appears in Sunday's Hesperian...so you have two more chances to receive some contest money.

TENNIS WINNERS IN THE LUBBOCK TOURNAMENT. Andy Holcomb first in singles, Scott Graham second in doubles. Barrera winner of consolation match.

\$1600 Needed For MAC Concrete Work

The Massie Activity Center was dedicated five years ago. Since that time it has met a vital need for the Floydada community. It is used night and day. Meeting in the MAC regularly are the Lions, Rotary and 4-H clubs, Cub Scouts, Girl Scouts, Weight Watchers, Future Teachers of America.

During the summer months many families hold reunions, wedding anniversaries, church and school groups use the MAC for many special events.

At the last meeting, the MAC board decided to completely concrete the area in front of the building. The total

cost will be approximately \$2,000. The board voted to seek donations (which are tax deductible) and Cheryl Derryberry has been contacting individuals and business firms, with an excellent response.

However more money is still needed. If you can help on this project, please

call Cheryl at 983-3702 to pick up your contribution also mail the contribution to the MAC Summary Board, 101 S. Main Street.

Contributions may also be given to the board, or any other local organization.

"The White House" To

Be Presented

Saturday Night And Sunday

The high school play entitled, "The White House" postponed last Saturday due to the change in the football schedule, will be presented this Saturday night, November 6, at 7:30 and again Sunday, November 7th at 2 p.m. in the high school auditorium.

Tickets are available at high school or from any member of the cast or crew at \$1.75 for adults and \$1.25 for students.

LUBBOCK, TEXAS

Center News

By Mrs. J.E. Green

CENTER: NOV. 1—We've had nice weather since the big beautiful snow last week.

Mr. and Mrs. Mike Carroll of Lubbock came Saturday to visit home folks, the Morris Carrolls and had supper with them, then went on to Abernathy to the football game.

Mr. and Mrs. C. W. Denison reached home Wednesday night from a ten day trip to Arizona, the Grand Canyon and other points. They were accompanied by Dr. and Mrs. Dallas Denison of Brownfield. They visited a brother and wife at Sun City Arizona, the Russ Denisons; also a nephew and family, the Russell Denisons at Phoenix.

Weekend guests of the W. L. Hartlines were a cousin and husband and a woman friend from Clovis, on their way to Oklahoma.

Mr. and Mrs. Wade Warren visited Mrs. Elmer Warren Saturday evening, and Johnny Warren and family of near Lubbock, spent Sunday with his mother, Mrs. Elmer Warren.

Visitors at the Henry Brewers were telephone calls from Lubbock children.

Mr. and Mrs. Milton Mensch and baby of Lubbock spent over the weekend with her parents, Mr. and Mrs. Hal Thomas. Mr. Bill Thomas of Lockney came Sunday.

Mrs. Fred Battey visited

Sunday afternoon with Mr. and Mrs. Elco Frizzell.

Mrs. Joyce Owens spent Friday night with her grandmother, Mrs. Ola Warren.

Mr. and Mrs. Marion Carpenter and Mr. and Mrs. Claud Carpenter were in Plainview Friday where they and Mrs. Claudine Conway celebrated the father's and daughter's birthdays by dining out.

Mr. and Mrs. Homer Hill of Lubbock visited Sunday afternoon with Mrs. R. C. Rose.

Mrs. Gordon Mayfield and several local women are in Flomot today attending a W.M.U. meeting.

Mrs. Leo Frizzell is spending over the weekend in Plainview with her daughter and family, the Garvin Beedys.

Mrs. Ava Jackson's daughters and husbands visited her during the weekend. Mr. and Mrs. Orbin Carroll of Amarillo came Saturday night, and the Neal Wrights of Rotan came Sunday.

Mrs. Cloy Muncy of Lockney visited Miss Vera Meredith Tuesday afternoon.

Cottage prayer meetings are being held this week preceding the Revival, nights only, and Sundays at Calvary Baptist church next week, Nov. 7-12. Everyone is invited to prayer meetings and the Revival.

COUNTY EMPLOYEES

GET RAISES

In a called meeting Friday by Floyd County commissioners, it was decided to give hired county employees a \$20 per month raise, with the exception of the sheriff dispatchers, effective November 1, 1976. Raises of 5% for all county employees, those hired, elected and appointed will become effective January 1, 1977, as previously reported in the county's budget. The raise of \$20 per month for non elected or appointed employees carried 3-2.

The motion was first made by Bob Jarrett that salaries of deputy sheriffs (not dispatchers), road hands, deputy clerks, county secretaries, district attorney secretary, Veteran's Service officer and court house janitor be raised 7.5 percent effective November 1, 1976. This motion died for want of a second, as did a two cent increase in mileage of sheriff and deputies.

Aaron Carthel made the motion that all unelected county employees, except the dispatchers in the sheriff's office, be raised \$20 per month beginning November 1, 1976, and then beginning January 1, 1977 give all county employees a 5% raise and to raise the sheriff and his deputies mileage increase from 13 cents per mile to 15 cents per mile beginning the first day of January, 1977. This motion was seconded by Judge J. K. Holmes and carried 3-2 with Bob Jarrett and Jack Lackey voting against the motion.

After interviewing representatives of several carpet and flooring companies in regard to repairing the court house hall floors, the motion was made by Bob Jarrett that commissioners receive and open bids at 10 a.m. Monday November 8th. The motion, seconded by Grisby Milton, carried unanimously.

Fieldan Motel Owner In Service

WESTOVER AFB, MA.—Capt. Robert L. Jacobs, owner of the Fieldan Motel in Floydada, has recently been assigned to active duty at Westover AFB near Springfield, Massachusetts. Captain Jacobs, accompanied by his wife, Barbara, is the project officer for the establishment of a new Air Force Reserve Intelligence Production and Training Facility at the Base. At the direction of Maj. Gen. Keegan, Asst. Chief of Staff, Intelligence, Capt. Jacobs has been preparing the production facility since September 1, 1976 with an operational deadline of January 3, 1977. This will be the first facility of its kind for the Air Force Reserve.

Since November 1974, Capt. Jacobs has been a reservist assigned to Air Force Intelligence Service (AFIS), Bolling AFB, Washington, D. C. He is specifically attached to AFIS Reserve Detachment 25 at Bergstrom AFB in Austin. For the past two years, Captain and Mrs. Jacobs have operated the Fieldan while fulfilling military obligations in various parts of the country. Following the assignment at Westover, Capt. Jacobs and his wife will be returning to Floydada for a short period before traveling to Omaha, Neb., where he will be attending an intelligence training school for three months. Captain Jacobs has also been selected for promotion to the rank of Major, effective in May 1977.

Veterans, widows and parents should seek competent assistance to complete the income reports. Such help may be obtained by contacting your local Veterans Service Officer. If incorrect information is reported, the VA may be required to suspend or terminate benefit payments.

FLOYD DATA

Mr. and Mrs. Bill Morgan of Austin and Mr. and Mrs. Larry Guffee of Duncan, Okla., spent the weekend in Floydada with Mr. and Mrs. S. D. Medley. Mrs. Morgan and Mrs. Medley are sisters and Mrs. Guffee is the Medleys daughter. Mr. and Mrs. Guffee also spent part of the weekend with his parents, Mr. and Mrs. Corky Guffee and grandparents, Mr. and Mrs. Clarence Guffee.

FLOYD DATA

Ester Johnson of Yucaipa, Calif., spent last week in Floydada visiting her mother, Mrs. A. C. Collins and her sister, Mrs. Wesley Adams.

Floydada Nursing Home Happenings

By Faye Walters

This has been an unusual week for October, wind, rain and snow. The residents seemed to enjoy it all.

Everyone received a blessing from the beautiful singing and the word of God during our devotionals. We all need this spiritual food. Tuesday afternoon Girl Scout Troop 362 sang for the residents. They also brought little ghosts for everyone. We want them to know how much we appreciate their interest in our residents.

We did not take our field trip Wednesday due to the cold and rain. Maybe it will be pretty next week.

We have been making some warm lap robes in arts and crafts and everyone is still enjoying our exercise classes.

We have a new resident. She is Marquerite Lipscombe, from Matador. We hope she will feel at home here.

We have two residents in the hospital. L. H. Alldredge and James Henderson. We hope they will be home soon as everyone misses them.

Thursday was a real good day for Bingo, as it was so bad outside. Top winner was Hope Hammonds with three games; Lillie Luttrell, Agnes Anderson, Clara Williamson, and Ray Reed all two games. Hallie Bertrand and Della Finley, won one game.

We appreciate all our visitors this week which included: Mildred Plumlee, and Billie Ruth Laurence, Matador; Jonita Gilbert, Sarah and Matt Gilbert, Lubbock; Herschel and Ruth Frieds, Glenn and Opal Thomas, Carthage, Mo.; Linda and Rusty Totty, Debby Howell and Faye Yandell, Plainview; Artie Webb, Louis and Lisa Anderson, Parnell Powell, Mr. and Mrs. Otis Anderson, Mrs. Mary H. Wilson, Corine Mankins, Sue Moore, and Flo Ella Jarboe all of Floydada.

Energy Saving Tips

You can reduce your fuel costs by 10 percent or more if you caulk and weather-strip your doors and windows, suggests International Paper, which developed the Operation Badger (Better Actions Develop Greater Energy Reductions) program to promote saving energy on the job, in the schools, at home and on the road.

VA News

Some veterans, as well as widows and parents of deceased veterans, are required to report their income to the Veterans Administration each year in order to remain eligible to receive benefit payments. According to D. G. AYRES, Service Officer for FLOYD County, persons who are required to report their income will receive a questionnaire with their regular benefit check on Nov. 1, 1974. The income report must be completed and returned to the VA by Jan. 1, 1977, or payments will be terminated.

The annual income report will be sent to veterans and widows who are receiving vice-connected disability and death pension. Also required to report annual income are the dependent parents of veterans whose deaths were caused by service-connected disabilities. A veteran or widow with no dependents, or a

single parent, is entitled to VA benefits if annual income does not exceed \$3,300. The income limit for a veteran or widow with dependents is \$4,500. When there are two eligible parents, or a remarried parent living with his or her spouse, the annual limit is also \$4,500.

When completing the questionnaire, all income should be reported. Present laws authorize the VA to allow 10% deduction on income received from retirement benefits, including Social Security. Thus, only 90% of such income is counted by the VA. Each claimant is allowed to also report any family medical expenses which are incurred during the year. Any such expenses which are in excess of 5% of the reported income of the claimant may be used by the VA to reduce the countable income, thereby establishing entitlement to a larger monthly payment.

THIS SIGN STOPS LOST HEAT at the edge of town

When it comes to heating bills, Lost Heat is the villain. You can stop him... with the Energy Efficient Home... If you're thinking of buying or building a new home, look for the sign that says "Energy Efficient Home". Because the Energy Efficient Home is designed for greater heat-saving, energy-saving efficiency, you can stop Lost Heat and save money. So, be sure to look for the sign, or call The Electric Company and get all the information on the Energy Efficient Home.

Winter Irrigation Stressed

By CHARLES H. LARSEN

Extension Agronomists at LAS CRUCES, N.M., report that the last irrigation of the winter wheat crop will require maintenance of the center pivot system. On a center pivot system, the water is pumped to the center of the circle and then to the outer edges. The water is then distributed to the crops by a series of pipes. The pipes are usually made of plastic and are buried in the ground. The water is then pumped to the center of the circle and then to the outer edges. The water is then distributed to the crops by a series of pipes. The pipes are usually made of plastic and are buried in the ground. The water is then pumped to the center of the circle and then to the outer edges. The water is then distributed to the crops by a series of pipes. The pipes are usually made of plastic and are buried in the ground.

Check for the proper pressure of the water. The water should be at least 100 psi. If the pressure is too low, the water will not reach the outer edges of the circle. The water should be at least 100 psi. If the pressure is too low, the water will not reach the outer edges of the circle. The water should be at least 100 psi. If the pressure is too low, the water will not reach the outer edges of the circle.

Be sure that the water is not too hot. The water should be at least 60 degrees Fahrenheit. If the water is too hot, it will damage the crops. The water should be at least 60 degrees Fahrenheit. If the water is too hot, it will damage the crops. The water should be at least 60 degrees Fahrenheit. If the water is too hot, it will damage the crops.

Water must be pumped to the center of the circle. The water should be at least 100 psi. If the pressure is too low, the water will not reach the outer edges of the circle. The water should be at least 100 psi. If the pressure is too low, the water will not reach the outer edges of the circle. The water should be at least 100 psi. If the pressure is too low, the water will not reach the outer edges of the circle.

Water must be pumped to the center of the circle. The water should be at least 100 psi. If the pressure is too low, the water will not reach the outer edges of the circle. The water should be at least 100 psi. If the pressure is too low, the water will not reach the outer edges of the circle. The water should be at least 100 psi. If the pressure is too low, the water will not reach the outer edges of the circle.

If the pressure is too low, the water will not reach the outer edges of the circle.

The First reflects the progress of Floydada

In the winter of 1890 The First National Bank, then the Floyd County Bank, occupied part of the floor of the temporary courthouse. In 1903 on September 27th, a charter was issued to The First National Bank of Floydada, Texas. The original Capital was \$30,000; immediately The First purchased the Floyd County Bank. L. T. Lester, formerly of the Floyd County Bank, was named President. Servant stockholders were James B. Posey, also a former of the Floyd County Bank; C. Surginer, Will R. C. Andrews; J. R. Burrus; and John N. In 1909 the Capital Stock was increased to \$50,000; at this time a building site was purchased. In the spring of 1912 The First National Bank moved into a new brick building, the largest in the town. Additions were made in 1918, and in 1928. The 25th anniversary was celebrated in a newly decorated and refurbished First. In March, 1949, the Capital Stock was increased to \$100,000; in August, 1950, to \$200,000.

January of 1974 deposits at the bank hit a new high of \$24 million, 600 thousand.

Directors Of The First National

Lester	October 24, 1903 to January, 1911
N. Farris	Jan. 13, 1911 to December, 1918
Surginer	Dec. 30, 1918 to November, 1920
Butler	January, 1921 to March, 1921
Nelson	March, 1921 to Nov. 12, 1932
Daniel	January 10, 1933 to January, 1943

THROUGH THE GLASS WINDOW of the Motor Bank at The First National Bank Jackson and Margie Fowler. The Motor Bank serves three lanes of traffic.

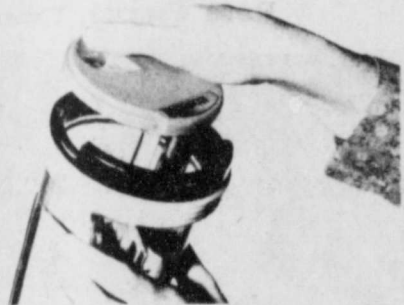

How To Use Motor Bank

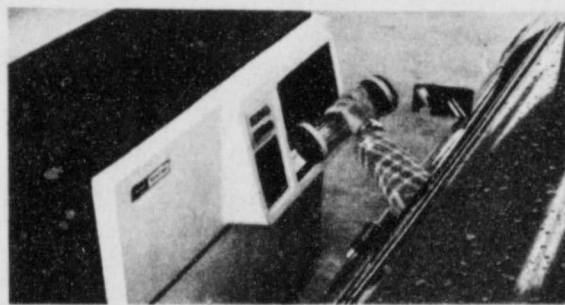

Drive-up and take the waiting carrier from the tray.

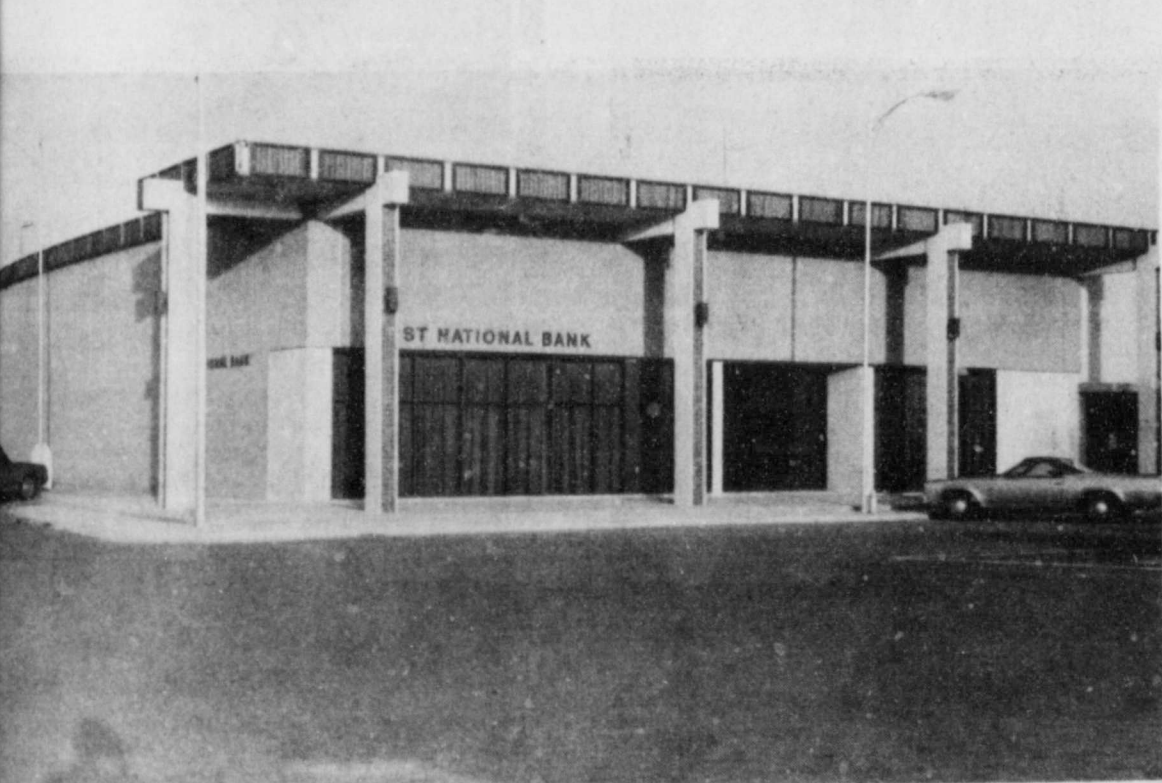

C Close the cap and the carrier locks itself. Nothing can slip out in transit. Place the carrier in the tray and press the button marked, "press to send carrier".

The easy-to-hold transparent carrier opens from either end with a little twist of the cap. It's roomy enough to handle big transactions easily. Holds passbooks without bending plus money, checks, receipts.

D The teller completes the transaction and sends the carrier back to you. Remove the transaction, close cover and replace the carrier on the tray. You're on your way in minutes!
