## City Designated "Jennie Holcomb" for City Woman

Wellington will honor Mrs. Jennie Holcomb, runner-up for the honor of American Mother of 1963, on Friday, May 24, when for the one day the city will be known as "Jennie Holcomb."

A proclamation designating the city name was issued Tuesday by Mayor Hiram Cudd. Mrs. Holcomb will be the honored speaker at the Wellington Kiwanis Club for its luncheon meeting Friday, May 24—the day the city carries her name.

Her son and daughter-in-law, Dr. and Mrs. Carter Holcomb, will be special guests.

In charge of the Kiwanis program for that day is B. F. Chance, and it was he who first suggested the honor the city now gives its "first lady," Mrs. Jennie Holcomb.

Chance and C. T. Hubbard met with the City Council on Monday night to make plans for the name designation.

Many points were considered. Among them was the honor which Mrs. Holcomb brought herself and her home town when she was named, first Texas Mother of 1963 and then received one of the top honors in the national Mother of America contest.

"This is one of the honors our city has received this year, and none could be more valued," Mayor Cudd said.

Also considered was Mrs. Holcomb's service to the City of Wellington during the 26 years she was its employee, first as a bookkeeper and then

## Quail Baccalaureate to Open Graduate Events

The Rev. J. F. Michael, Wellington Methodist minister and dean of the county's clergy, will preach the baccalaureate sermon for Quail graduates on Sunday, May 26, at 11 a.m.

This is the last of the county's four schools to open graduation exercises, and these will be held at the high school gymnasium.

The commencement will follow on Thursday evening, May 30.

Supt. Herman Moseley will introduce the baccalaureate speaker.

There will be three vocal numbers by the high school choir, the Koschat arrangement of the Twenty-third Psalm, "The Holy City," by Adams, and the "Goodbye Chorus."

Frank Kennedy will give the invocation and Richard Gilbreth the benediction. Patricia Kimbro will play as the procession at the "Grand March," from Verdi's Aida, and as the recessional, Handel's "Largo."

There are ten graduates in this year's class: Paul Boyce, president; Billy Wayne Lindsey, vice president; Jenny Ann Kennedy, secretary; Dean Johnson, treasurer; and Barbara Tyler, J. C. Saunders, Phil Pipins, Rita Moody, Richard Keller and James Branch.

## Funeral Rites Sunday for Mrs. W. V. Huffman

Mrs. W. V. Huffman, who at 88 was one of the town's older citizens, died in St. Joseph's Hospital Saturday, May 18. She was in ill health several years and critically ill several weeks.

Mrs. Huffman came here 42 years ago with her family from Sherman, where she had spent much of her life. She was a native of Silvain county, North Carolina, however, born Nancy Jane Buchanan on Oct. 18, 1874, the daughter of John and Ellen Johnson Buchanan.

She was married to J. D. Shumate at Sherman in 1892. He died in 1910.

In 1918, she was married to W. V. Huffman. He preceded her in death in 1949.

## Wheat Growers Reject Plan by 260 to 171 Vote

Collingsworth wheat growers rejected the proposed Freeman wheat program in the referendum Tuesday, May 21, by a vote of 260 to 171.

Approximately one-half the eligible producers and their wives voted—by far the largest percentage to participate in a wheat referendum in this county.

There were 17 challenged votes. Most of these were ballots cast in the wrong box, Millard Brown of the county ASC office said.

Three of the six voting boxes favored the referendum and three opposed it. The Wellington box, which polled half the votes, rejected the program by a 3-1 vote to result in the substantial county-wide turnout.

Here is how the vote stood:

Box	For	No	Challenged
Wellington	53	161	3
Quail	8	15	4
Dodson	25	14	1
Samnorwood	28	8	1
Lutie	34	32	0
Dozier	23	30	3
Total	171	260	17

All votes were counted and in to the county ASC office by shortly after 8 o'clock.

There are 507 wheat producers in the county, and the ASC office estimated a potential of approximately 900 votes, counting wives of producers.

## Cotton Insect Meeting Set for Saturday

A cotton insect meeting will be held in Wellington Saturday, May 25, when growers will be given information on insects to expect this year, when to expect them and what to do about them.

The meeting will begin at 10 a.m. in the district court room.

John Thomas, extension entomologist from College Station and a former Wellington resident, will be the speaker.

There will be a cemetery working at the Needwood cemetery May 30, Memorial Day.

Everyone with interest there is urged to come and help, bringing hoes, rakes and mowers, according to Mrs. Bill Hill of that community.

## VFW Auxiliary

## Poppy Sales Slated Here on Saturday

The Poppy Sale, which traditionally raises money for disabled veterans, will be held here Saturday, May 25, by the Auxiliary of the Veterans of Foreign Wars.

Mrs. Herbert Bearden, poppy chairman, announced plans this week.

Poppy tables will be set up in front of Parsons Drug and C&H Pharmacy throughout the day. Assisting the auxiliary will be a group of Camp Fire Girls, who will make personal contacts.

Part of the proceeds from the poppy sales go to the national VFW Auxiliary to help in its work with disabled veterans, the men who make the poppies.

The part that remains here will go into the Auxiliary's welfare fund, Mrs. Bearden said.

This money is used to help disabled veterans or their families, with much of the work done by the auxiliary.

# Jim Wood Delivers the First 1963 Wheat Here May 16

The county's wheat harvest opened Thursday, May 16, around 10 days early, when Jim Wood delivered the first load in Wellington.

Wood also delivered the first load at Dodson on Friday.

The Wellington load of around 200 bushels was brought to Warrick Elevator. It tested 59, with moisture content of 15.49 per cent.

A premium of 20 cents per bushel was paid on the first load, Velman Warrick, owner, said.

Wood had spot-cut over his field to get this load, but he estimated a 15-bushel yield, according to Earl Keller, manager at Warrick's.

The three elevators reported wheat dribbling in, although much of it is being cut a little green.

That cut so far is yielding higher than anticipated and elevator managers were revising their earlier estimates upward.

County-wide, the yield could be 8 to 10 bushels, or it could go higher, Jones Singley of Singley Mill and Elevator reported. He said Elvis Crawley delivered wheat that was making 21.4 bushels.

Mack Willis, living at the northeast corner of the town section, made 25 bushels on his wheat, Velman Warrick reported. He said J. H. Barton made 17 bushels and George Barton reported 9 bushels.

He thought the yield county-wide could be around 12 bushels, but added that "I just don't know."

Quite a few farmers will not cut at all and are reporting they have grazed their wheat.

## With University of Texas

## C-C Holds Special Training Course, Human Relations

Owners, managers, and supervisors and their employees in Collingsworth county will have the opportunity to participate in a week of special training starting Monday, June 3.

The Collingsworth Chamber of Commerce will sponsor a course in Human Relations, made available by the Distributive Education program of the University of Texas and the Texas Education Agency. The meetings are scheduled for 7:30 p.m., June 3 to 6, Monday through Thursday, at the community building.

Mrs. Mary Frances Bowden, supervisory and management training specialist on the staff of the University, will conduct the sessions. Mrs. Bowden has conducted similar programs throughout Texas for a number of years and has had broad experience in personnel administration, training in retail and service fields and retail merchandising.

This 10-hour course deals with the keys to good human relations and special techniques to be used in solving human relations problems as they arise.

Mrs. Mary Frances Bowden

Further information may be obtained on the course by contacting the Collingsworth Chamber of Commerce office at 447-5848.

A small charge of \$4.50 per person for the entire course will be made to cover the expense of handout material and meeting place rental.

N. M. Higdon, manager of the Chamber of Commerce, said Mrs. Bowden is a graduate of Tulsa University and attended New York University's school of retailing. She taught in the public schools a number of years and was training director of Titcher-Goettinger and Neiman-Marcus in Dallas, and she was educational director of the Texas Restaurant Association in Austin.

She has been a member of the University Staff for five years and participated in special institutes conducted in cooperation with a number of the leading associations in the state.

## Marvin Wynn, Dodson Leader, Dies Suddenly

Marvin Wynn, a man whose contributions to the Dodson area reached into its business, school, lodge and civic life, died in St. Joseph's Hospital Saturday, May 18, after an illness of only a few hours. He was 62.

His death was attributed to a heart attack.

For more than 20 years, Mr. Wynn was manager, and for part of that time, a co-owner of the Davis Gin.

"There are few men in Dodson who would be missed more than Marvin Wynn," a friend said in tribute.

A quiet man who did whatever was to be done, Marvin Robert Wynn, had spent almost his entire life in Dodson, although he was born at Rising Star January 31, 1901.

He was a long time member of the school board and served as its secretary; a past master and for many years secretary of the Dodson Masonic Lodge.

He was influential in the cotton industry of the area and contributed much to its improvement among the farmers.

## Student Program

## 30 Wellington Graduates Receive Diplomas Friday

Thirty Wellington seniors will receive diplomas in the commencement exercises Friday evening, May 24. At the same time a large number of awards will be presented for outstanding work done by individual students during the year.

Given in the high school auditorium, the program will begin at 8 p.m.

The students themselves will furnish every part of the program except the presentation of the diplomas and the awards.

Two students will speak, Vicki Glenn, giving the salutatory address at the opening of the commencement, and Frances Hill, who will give the valedictory.

Other special numbers will be a solo, "Climb Every Mountain," by Sylvia McQueary, accompanied by Mary Graham; and the class poem written and read by Johnny Ford. The entire class will sing "Now Is the Hour" and the Alma Mater.

J. L. Harper, superintendent of schools, and E. W. Clement, high school principal, will present the diplomas to the graduates.

School awards will be presented by Coach Don Beck; Mrs. Bob McAlister will present the Ex-Student Association scholarship, and Mrs. Bernice Welch the Classroom Teachers scholarship.

James Poteet will give the invocation and Craig Bergvall the benediction.

Vicki Killian, a junior, will be the pianist, playing Handel's "Largo" as the procession, and the "March" from Verdi's Aida as the recessional.

Graduates are Anne Coleman, Gayla Courtney, Barbara Dobbs, Helen Gibson Gollighugh, Mary Graham, Vicki Glenn, LaQuinta Hollingsworth, Frances Hill, Linda Millsap, Sylvia Mc-

Queary, Mary Ann Pierce, Elsa Romo, Alvina Roberts, Peggy Shanks, Janet West, Judi Bailey Dunnihoo, and Craig Bergvall, Herbert Duncan, Charles Floyd, Johnny Ford, Gary Holliman, Douglas Mitchell, Lynn McLain, James Poteet, Nat Romo, Don Roark, Raymond Sanders, Billy Tyler, Billy Wilkerson, and Gene Sweat.

## Memorial Day Service Set for May 30

Memorial Day services will be conducted Thursday, May 30 at the West Wellington Cemetery by the two veterans' organizations, Veterans of Foreign Wars and the American Legion.

The service will begin at 9 a.m.

The Rev. John Henry Ward, pastor of Fundamental Baptist Church, will give the memorial address and Judge Raymond Horton will serve as bugler.

The VFW firing squad will take part.

Graves of all veterans of all wars in the county's cemeteries will be decorated with a flag. Members of the American Legion and the VFW will meet at the VFW Hall at 6:30 a.m., and from there they will leave for the various cemeteries.

Ross Swift at Dodson will be in charge of decorating the graves in the cemetery there; Jim Lowe at Quail; W. R. Coleman at Dozier; Charley Bradley at Plymouth.

Herbert Bearden, commander of the Glynn Moore Post of the VFW will preside.

The public is invited to attend the services, which will be held immediately following decoration of the graves, at 9 a.m.

## Marian Airpark Pool to Open on May 30

Louis Graham, counselor in Wellington high school, will manage Marian Airpark swimming pool during the summer season, Mayor Hiram Cudd announced recently.

Opening date of the pool is Thursday, May 30.

First of the special events scheduled is Penny Day, Saturday, June 1, beginning at 2 p.m.

At that time, 1,000 pennies will be thrown into the pool and they will belong to those who can get them. Other prizes will be given, Graham said.

As in the past, free swimming lessons will be given each Tuesday and Thursday. There will be classes for beginners, advanced swimmers, and a diving class.

All lessons are given between 9 and 11 a.m.

Registration should be before Tuesday, June 4, and at that time the first classes will be held.

There will be a life guard on duty at all times, Graham said, and he added that these will be announced next week.

## Funeral Rites Friday for Mrs. W. E. Hall

Funeral services for Mrs. W. E. Hall were conducted Friday, May 17 at 3 p.m. at the First Baptist Church. Dr. Glenn Hickey officiated.

Mrs. Hall died Tuesday, May 14, after a long illness.

Pall bearers were E. F. Bartlett, Alvin Horton, Ernest Harwell, Earl Keller, Frank Ford, and Doc Harris.

Burial was in North Wellington Cemetery by Kelso Funeral Home.

Mrs. Hall was born April 26, 1890 in Cave City, Ark., and had lived here since 1920.

Survivors are her husband, of the home; three daughters and a son: Mrs. Otis Roberson and Mrs. Leonard Karnes of Wellington; Mrs. Clifton Stafford, London, England; and Leo Hal, Hereford. Other survivors are a sister and brother, Mrs. J. E. Warrick, Hereford, and John L. Buchanan, Fort Worth, 14 grandchildren, and 16 great grandchildren.

# LOOKING AHEAD

by Dr. George S. Benson

## THE GOLDEN KEY

What kind of a key is it that is required to unlock the golden era, a period of undiluted prosperity and economic well-being for all.

It is obvious that we need more jobs, in order to wipe out the present unemployment and to provide the thousands of new jobs that will be required by our advancing population, particularly the youth who are reaching employment age. It is estimated that we will require from 50,000 to 60,000 NEW jobs each week to take care of new people entering the labor force and to replace jobs taken over by machines.

But how, in a free nation, do we get the jobs? The fate of the American way is dependent upon the success with which this problem is solved.

Private enterprise cannot just wave the hand and make jobs. The men who run business and industry do not have that kind of control over the situation, and neither does the government. The way to more jobs is through more markets.

Lots of careful planning and hard work will be required in advertising and selling, and as success is apparent here, another secret will be revealed.

### How to Get Lower Prices

The route to greater markets is lower prices. That has been the history of our system of mass production. Henry Ford found that every time he was able to lower the price of his cars his potential market jumped by the thousands.

But today we face keen foreign competition in almost every field. Foreign goods are making inroads in all markets in America and abroad. We have never before experienced foreign competition to this extent, and we have not yet learned how to compete with it.

How, then can we turn the key to more markets by building better products at lower prices?

Well, we are doing it by automation. These technological advances plus efficient merchandising are right now bringing prices on consumer durable goods to their lowest level in five years. This price advantage has occurred while the average wage level in U.S. factories was climbing to the record \$2.45 per hour, 15% higher than in 1958.

### The Real Key

But there is a way to achieve lower prices that has not been very well explored, and this, we believe, can become the golden key that will unlock a bountiful future. Although they have not been in a position to say much about it, many of the nation's top industrial leaders believe that productivity could be increased by as much as 20 per cent just through understanding, good will, and the co-operation of employees.

What a wonderful challenge they have, together with the unions in their plants, to see whether this can be done.

A production increase of 20% experienced without added costs would make this whole economy zing! In most cases this alone would put American goods back in the markets at home and abroad. Tax revenues would be adequate. There would be more national wealth and jobs for everybody. Americans, already the greatest consumers in the world, would have more and live even better than today. Communist societies would tend to lose their glamor.

### How to Win

Why have we not worked harder to see what can be done through mutual understanding? Possibly we have been too busy tooling up for production, as well as too busy boosting our wage levels. For 15 years fol-

### Texas Leads in Road Building

This state has led all others in road-building progress since 1956.

Highway engineers from other states and 19 Latin American countries who want to know how it has been done heard State Highway Department Engineer D. C. Greer speak on the subject in Washington, D.C.

A pay-as-you-go plan has been one secret of success, says Greer, in building a highway network of 65,000 miles. Some other states run into road delays because of bond elections and sales.

Greer said his department's motto is "Total road service to all the people."

"The highway administrator must not be guilty of favoritism for one region over another," he stated.

### Summer's coming, get going!

If this isn't a great time to get yourself a new Chevrolet—well, we just don't know when is. Why, you'd almost have to be anti-summer not to let one of these four convertibles get to you. Or any of Chevrolet's sedans, wagons, sport coupes and sport sedans, for that matter.

And there are a lot of other buy-now reasons besides the season. Like the care-free feeling you get on

a long vacation trip in a brand-new car. And it's a smart time to trade, what with your Chevrolet dealer all stocked up for a busy summer. Chances are, he has just the model and color you want—be it Chevrolet, Chevy II, Corvair or Corvette—ready to go right now.

So maybe now you're all wound up? Then spring into summer at your Chevrolet dealer's.

**Mrs. Whisenant's Iris Garden First 1963 Beauty Spot in Wellington**

The Wellington Garden Club has chosen the first 1963 Beauty Spot in Wellington — the iris garden at the home of Mrs. J. C. Whisenant.

The selection, announced this week, was made at the time the iris were in bloom.

One hundred and sixty-four varieties, most of them in bloom at the same time.

"A lovely sight to see, and interesting, too," commented Mrs. W. R. Franks, chairman of the selection committee. Serving with her are Mrs. R. W. Brantley and Mrs. J. M. Stowell.

Mrs. Whisenant, long a flower grower and a leader in the garden club, has all her iris labeled.

She includes in her garden Plicatas, selfs, variegatas, bicolores, blends, and amoenas.

"If you have never visited

her iris garden in the spring, you have missed a treat. This has been an unusual year and all of them bloomed ahead of time," the committee pointed out.

A Beauty Spot in Wellington is chosen each month through the summer by the Garden Club.

**Reeves-Tate Wedding Set**

Mr. and Mrs. Roy Reeves of Twitty are announcing the engagement and approaching marriage of their daughter, Paulette, to Butch Tate, son of Mr. and Mrs. Otis Tate of Dozier.

The couple has set Friday, June 7 as their wedding date.

**Shower Honors Miss Sisk, Who Will Be a June Bride**

Miss Margaret Rose Sisk, bride-elect of Mike Deason, was honored at a bridal shower on Saturday, May 18, in the recreation room of the home of Mrs. Grandol Forehand.

**To Graduate**

Jamie Ross of Quail will graduate Thursday evening, May 23, from Clarendon high school, where she has been a student three years. Among her honors this year, she has been FFA Sweetheart, and she also was a cheer leader and Spanish Club Queen. Jamie is the daughter of Mr. and Mrs. James R. Ross.

**Baptist GA 50 Years Old**

The Girls' Auxiliary of First Baptist Church celebrated the 50th Anniversary of this Southern Baptist organization, with a tea on Wednesday, May 15, in the dining room of the church.

Theme of the program was "W.M.U. History Comes to Life." Mrs. Dee Burba, director of the local auxiliary and her assistants, Mrs. Jimmy Wilson, Mrs. Norman Wilson, and Mrs. Charles Cason Sr. directed the program and assisted the girls at the tea.

Approximately forty girls and women were present for this celebration.

Hostesses were Meses. Boyd Derryberry, L. J. Courtney, Ralph Temison, Bob Crawford, Cecil Shanks, P. E. Starr, Jimmie Kelso.

Mmes. Clyde Alexander, Shelton Nunneley, Harry McEwen, Earl Hunter, Gorman Owens, Hurshel Tyler, Gracie White, and Alton Wilkins.

Mrs. Shelton Nunneley welcomed the guests and presented them to Miss Sisk and Mrs. E. A. Singley, the bride-elect's grandmother.

The serving table was laid with a white cut-work cloth trimmed in blue and the appointments were crystal. The centerpiece was an arrangement of ice blue hearts, love birds and white carnations.

Approximately twenty-five guests called during the evening.

**Tea Honors Mrs. Fleming**

Mrs. Cecil Shanks was hostess at a tea Thursday afternoon, May 16, honoring Mrs. Robert Fleming, who recently returned from Korea.

Mrs. Fleming will make her home in San Antonio, where her husband, Capt. Fleming, will be stationed. Last week they were visiting her parents, Mr. and Mrs. Jimmie Kelso.

Mrs. Shelton Nunneley presided at the tea table. Guests included Meses. Jack Nelson, Luther Gribble, Earl Hunter, A. T. Lentz, Travis Buske, Farris Wood, B. M. Sims, Elmer Hiatt and Jimmie Kelso.

**Tea Honors Miss Madelyn Eikenburg of Dallas, Who Will Be a June Bride**

Miss Madelyn Eikenburg of Dallas, who formerly lived here and who will be a June bride, was honored at a tea and recipe shower by Mrs. Clyde Drake and Mrs. William Bar-

jenbruch in the home of the latter Saturday afternoon, May 18. Miss Eikenburg, a teacher in the Dallas schools, will be married to Lt. William L. Brooks on June 8.

Receiving the guests were Mrs. Barjenbruch, Miss Eikenburg and her mother, Mrs. Frank Eikenburg of Dallas.

The tea table was laid with a white linen cloth, and appointed in silver and crystal. Miss Francis Drake of Dallas poured.

Guests were registered by Miss Livonia Eikenburg of Dallas, sister of the honored guest, and Miss Cheryl McWilliams of Brownfield, her cousin.

Mrs. Joe McWilliams of Brownfield, also a former resident, was a member of the house party.

Guests called between the hours of two and five o'clock.

**Mrs. Jack Sanford Presents Speech Students in Spring Recital Tuesday**

Four junior high speech students of Mrs. Jack Sanford were presented in a recital on Tuesday evening, May 14, at the elementary school cafeteria.

Students presented were Jacqueline King, Polly Browning, Beth Smith and Cherry Lewis. They gave headings and skits for an audience of their families and friends.

Beth Smith opened the program with a reading-speech, "A Most Interesting Subject," by Marie Irish. Polly Browning followed this with a reading, "Looking After Mary," also by Marie Irish. Cherry Lewis finished this portion of the program with another clever reading by Marie Irish, "At the Movies."

Next all four girls presented a skit which explained what

they study in their weekly speech lessons. This skit was primarily worked up and written by the girls themselves and was called "A Day in Speech Class."

Jacqueline King followed this skit with a reading entitled "Cause for Leaving." Beth Smith presented "The Symphony a la Mode," by Mary Sharpe.

The girls closed with a comedy playlet "The Superstitious Maid."

After the program the girls were presented with gifts and commendations by Mrs. Sanford, with special note going to Cherry Lewis for the best notebook and to Linda Richardson who helped with makeup and backstage work.

# 1963 Samnorwood

• Senior Series •

## LaDonna Ross

Any senior has the right to have her head in the clouds ... but LaDonna Ross plans to make that a career.

After graduating from Samnorwood high school this week, she plans to go to an airline school, she says.

The daughter of Mrs. Helen Ross, Route 3, Shamrock, LaDonna was born Jan. 28, 1944 at Shamrock. She has attended Samnorwood school for 12 years.

She was a member of the Future Homemakers chapter 4 years, Library Club 2, and the Office Club 2. She was in the junior and senior play casts.

Sophomores chose her their class favorite. Literature, bookkeeping and speech are LaDonna's favorite subjects.

Again, here is a senior that will be greatly missed.

## Bobby Colson

Mr. Samnorwood of 1963 is Bobby Colson, an honor he well deserves.

No one around Norwood calls him John Robert, but that is Bobby's real name. He is the son of Mr. and Mrs. T. W. Colson of Route 6, Wellington, and the brother of another senior, Peggy Colson.

He was born Nov. 22, 1943 at Wellington.

After starting to school at Muleshoe, Bobby attended school at Littlefield, then in Wellington from 1951 to 1954, when he transferred to Samnorwood.

Bobby was a member of the Future Farmers four years, and was on the state leadership team in 1962. He also was on the crops team and quiz team one year each. He was class treasurer all four years and also belonged to the Future Teachers a year, Library Club four years, the annual staff a year, and Pioneer Club two years.

He was manager of the basketball team this year and played baseball a year. Bobby also was in the cast of the junior and senior plays.

This year the seniors chose him their class favorite.

Math and science are Bobby's favorite subjects and sports are his hobby.

He plans to attend West Texas State University, Canyon.

## Darlene Rainey

The girl who sings so beautifully ... the girl who is such

a whiz on the basketball court ... it's Darlene Rainey.

The daughter of Mr. and Mrs. Selba Rainey, her full name is Marie Darlene. She was born Jan. 9, 1945 at Shamrock. All her school work was at Norwood.

Darlene has won many honors during her four years on the basketball team. She was Most Improved Athlete of 1961, on the 1962 and 1963 All-District basketball teams; and on the all-tournament team at Shamrock two years and at Miami one.

Now vice president of the Future Homemakers, she is a former president, treasurer and reporter. She is treasurer of the Future Teachers and has been a Beta Club officer two years; class reporter two years and member of the Office Club four years.

Editor of the school annual this year, she was a staff member two years previously.

Classmates honored her by naming her the Best Homemaker, Best Athlete, Basketball Sweetheart, and the Most Versatile.

Outside of school, the Wellington Business and Professional Women's Club named her Girl of the Month and last year the Lions chose her their sweetheart.

Math is her favorite subject and all sports, but especially swimming, are her hobbies.

Darlene will attend Wayland Baptist College at Plainview.

## Louis Boyd

One of the best boosters of the seniors of 1963 is Louis Boyd, now rounding out twelve years in the Samnorwood schools.

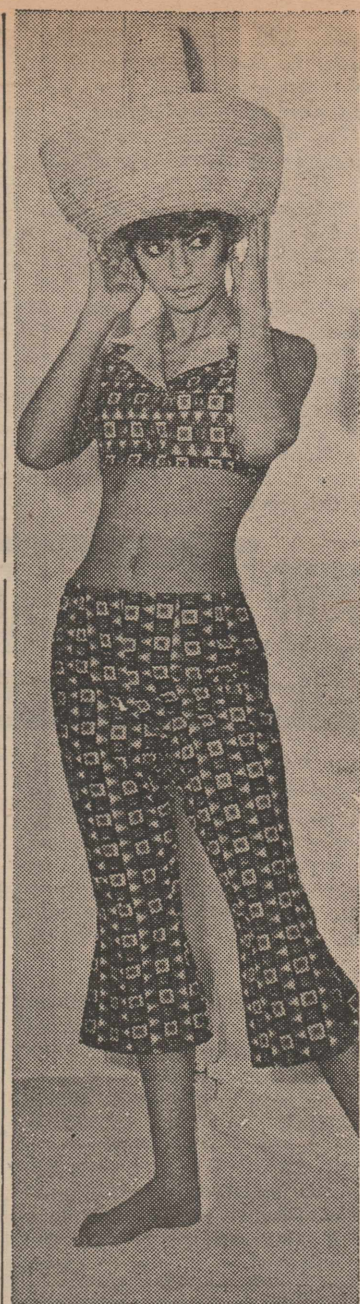

The son of Mr. and Mrs. B. J. Boyd of Route 3, Shamrock, Theodore Louis Boyd was born at Childress Feb. 1, 1945. He moved here when he was quite small.

His extra-curricular activities have been well rounded, for Louis played basketball and baseball, was a member of the Future Farmers of America and the annual staff.

History and math are his favorite subjects, while hunting and fishing are his hobbies.

He is not certain what his future plans will be.

When a pack of wild dogs attacked a puppy, a Hereford, England, woman frightened them off by barking.

## For 10 Year Period

# ECONOMISTS LOOKS AT TEXAS LAND PRICES

COLLEGE STATION.—Traditionally, land prices and net farm income move in the same direction with a lag of one or more years.

But, says John G. McHaney, extension economist, this generally hasn't been happening in Texas for about the past 10 years. During this period land prices have not been responsive to variations in crop and livestock yields, prices or net farm income.

McHaney cites several factors which have contributed to the situation; one that has caused many farmers and ranch owners to say land prices are so high they cannot make a

fair return on their investment. More and more, he says, land prices are being determined by off-farm factors. These include its use for recreation, rural homesites, hobby or part time farming, investment, and speculation.

With population on the rise, and with per capita income high plus longer week ends and vacations, urban people are in better position to purchase and operate land to say nothing of the enjoyment and wider range of benefits they can derive from owning land.

City life is becoming even more congested and complex and so many urban-dwellers are

turning to rural areas that some farm-to-market roads may be better described as "city-to-farm" roads, says the economist.

Many people feel that ownership of our basic natural resource—land—gives them more economic and social security and independence. Whether or not this feeling is real, it nevertheless, seems to be a factor in causing certain urban people to become interested in land ownership, believes McHaney.

As for the future, McHaney sees it this way. As the state's population increases and the supply of land remains constant, there is reason to believe that land will become even more precious in the minds of people. Over the long run, the trend in land prices will be upward. There will be, he adds, periods of ups and downs in prices. These will affect

## 3 Grandsons to Graduate

W. B. Wilson will be a very proud grandfather on Sunday, May 26, for on that day three of his grandsons will receive their degrees from West Texas State University, Canyon.

Grandsons to receive their degrees are Gano Wilson, son of Mr. and Mrs. Woodrow Wilson of Quail; Leslie Oldham, son of Mr. and Mrs. Bill Oldham of Samnorwood; and Travis Wilson, son of Mr. and Mrs. Wade Wilson of Amarillo.

some areas of Texas more than others.

So long, he adds, as we have general prosperity, high employment and per capita income, land prices are expected to remain at a high level. A severe recession in the future would drop prices but even this decline would lag behind the general price level by several years, he believes.

Mr. and Mrs. L. S. Riley and Mr. and Mrs. Fred Ammeter of Pampa spent Sunday in the home of Mrs. Riley's sister, Mr. and Mrs. Lewis Morris.

## School Picked in WTU Science Program

Wellington high school has been selected by the University of Texas as one of 12 schools in the area covered by West Texas Utilities Company to send a student and a teacher to the Third Annual Atomic Energy Symposium to be held in June at the University of Texas in Austin.

The manner of determining the name of the science student and his or her instructor was left to the discretion of local school officials.

E. W. Clement, high school principal, announced today that Danny Martin, student, and C. A. Crawford, science instructor at the high school, have been chosen to attend the symposium.

The Third Annual Atomic Energy Symposium for high school students will be conducted under the joint sponsorship of the University of Texas and the Texas Atomic Energy Research Foundation.

The Texas Atomic Energy Research Foundation is a non-profit organization composed of ten investor-owned electric utility companies operating in Texas. West Texas Utilities is a contributing member of the Foundation. The Foundation was formed for the primary purpose of conducting the world's first and largest major research program in the field of nuclear energy.

Currently, the Foundation and General Dynamics Corporation are jointly sponsoring a program in nuclear fusion research aimed at controlling thermonuclear reactions for the production of electric power. Fusion is the energy process of the sun and the stars. The purposes for which the Foundation was formed, however, are broader than the fusion research program alone. It is the desire of the Foundation and WTU to assist in advancing the knowledge of nuclear science in Texas schools and to bring students and teachers a realization of the privileges, responsibilities and opportunities which scientific discoveries in the field of nuclear energy present.

In line with these objectives the Foundation and WTU will again sponsor the three-day nuclear science symposium at the University of Texas. The lecturers will be chosen from among top men in their field. They will come from various universities and colleges and General Dynamics' John Jay Hopkins Laboratory in San Diego, Calif.

This nuclear science symposium at the University of Texas is designed to broaden the mind, encourage the study of nuclear science for peaceful purposes, and give qualified students their first taste of university life.

### More Junior Colleges in Sight

AUSTIN.—The State Board of Education named a committee to study Snyder's request for a junior college. Appointees were Penrose B. Metcalfe of San Angelo, Herbert O. Willborn of Amarillo, and Paul Mathews of Greenville. Committee will meet on May 31, in San Angelo.

Recently, the board authorized a junior college election for Travis county voters. The claim is that even though the University of Texas is in Travis county, entrance requirements are too stiff for many local youngsters to enroll.

### Marriage Licenses

Johnny Robert Stewart, 21, and Miss Lisa Oblida Mendes, 16, Collingsworth county, May 17.

Jerry Wayne Cook, 19, Collingsworth county, and Linda Ann Ritchie, 18, Childress county, May 21.

William Alvin Bentley, 20, and Rose Dell Bradley, 20, Collingsworth county, May 18. Jackie Jenkins, 19, and Charlene Wyatt, 19, Greer county, Okla., May 20.

### Bartlett to Portland, Ore.

Ozro Bartlett of the Lutie community left Tuesday, May 21 for Portland, Ore., where he will undergo medical treatment for a back injury received in 1953.

Bartlett, then living at Pendleton, Ore., was injured while working as an extra in the motion picture, "Sioux Uprising" filmed near that city.

He will also visit two children living in Oregon — Mrs. Ronald Hoefft, the former June Bartlett, at Pendleton, and J. L. Bartlett, head horse trainer for the Deer Island Ranch at Deer Island.

At the time he left, Bartlett did not know how long he would be away.

### Car Insurance Will Cost More

AUSTIN.—Many Texas drivers who carry insurance will need to notify their agents to increase their public liability insurance after Aug. 24.

By the narrowest of margins, a single vote, the House adopted a bill by Rep. Bob Fairchild of Center to raise the bodily injury insurance or security requirements under the driver financial responsibility law from \$5,000 for one person and \$10,000 for two or more to double those amounts.

Estimates are that it will cost the average driver about \$5 a year for the extra coverage. This will enable him to keep his driver's license and car license should he be involved in a collision in which someone is hurt.

It was a hard fought issue in the House. But Fairchild won, 68-67, with the vote of Speaker Byron Tunnell breaking the tie.

In the Senate, passage was by voice vote, with 12 Senators recording themselves as voting no.

Argument for the bill is that it would bring requirements up to a more modern figure. Court judgments in personal injury cases, resulting from auto collisions, often exceed \$5,000.

Argument against it, voiced by Rep. Eligio de la Garza of McAllen, was that 35 per cent of the drivers cannot afford to carry liability insurance at the present rates. So there will be even more uninsured motorists on the highways after the Fairchild law takes effect.

### Texas-Oklahoma in Road Race

Texas and Oklahoma are running a friendly race to close the gap between Wichita Falls and Oklahoma City.

Texas highway builders are aiming for an early-June 1964 completion date on the Red River Valley Expressway between Wichita Falls and Red River.

Oklahoma has set the same target for completion of the Southwestern Turnpike project between Oklahoma City and the terminal point of the Texas expressway.

### TO REMOVE SPARK PLUG ON BOAT MOTOR

You probably know the trick of opening stubborn jars by heating the top.

Try the reverse when spark plugs in your outboard motor stick and can't be removed.

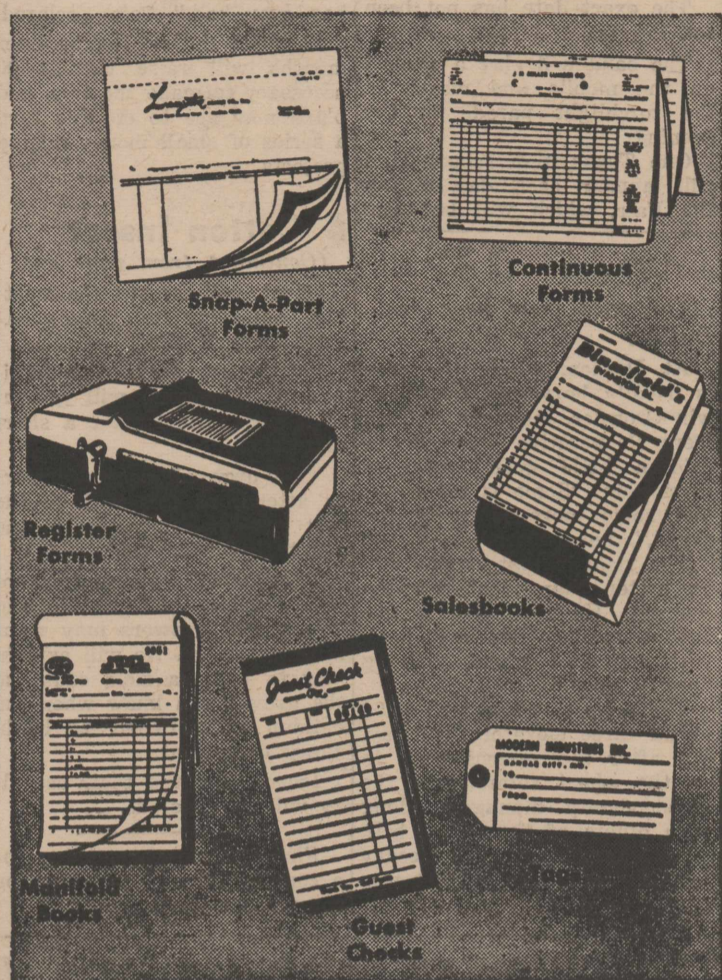

Fashion a cone of tough paper around the plug—small end snug around the bottom. Then fill the cone with cracked ice.

Ice will contract the metal just enough so that plug can easily be unscrewed, thus preventing damage to the cylinder head.

## Deck's DIDACTICS

—By Deskins Wells

The Farm Bureau has won a resounding victory in the wheat referendum and by the same token the Farmers Union has suffered a major setback, but it should be remembered that with success comes responsibility. Farm Bureau leaders realize this fact and already have the blueprints for what they believe will be a constructive wheat program.

The vote was a surprise to many people, and this county was no exception. Collingsworth voted 171 for and 260 against while 60 miles south of us Cottle came up with a 325 to 78 vote for a percentage of 80.2. Only 17 votes were challenged here, but in Deaf Smith there were 232 challenged votes and 284 in Parmer under question. Evidently some people thought they had a right to vote while somebody else thought they did not.

Farmers with a small wheat acreage were expected to carry the plan if it carried, but it seems that they were the ones who killed it.

Next Friday Wellington won't be Wellington. The City Council has issued a proclamation on naming the town "Jennie Holcomb" for that day in honor of the lady who was named Texas Mother of the Year and who won second in the nation. She will be the honor guest at Kiwanis Friday and will tell something of her trip to New York.

I am going to quit saying that I was born a mile south of Grassburg and start claiming that I was born less than a half mile south of the Dysart home.

It rains everywhere except Wellington, but I may not have to move to Mississippi after all. Billy Waters up in the north part of the county has had rain and he says I can have squatters rights on a small part of his land until the Sirocco blows over south of Salt Fork. They did get from an inch to an inch and a half in the Lutie-Dozier country, but that is not what I had in mind. I was thinking more in the line of what happened at Friona and Bovina.

Richard Owens took my predictions seriously and wagered \$5 that it would rain between May 10 and 18. He may not have to pay for it did rain in the county in that period. Cliff Campbell, Buck Breeding and Silas Crawford say keep right on forecasting. Buck says he would rather have to put in two or three washed out bridges than have no rain at all.

OK. Here goes: Bigger and better rains in the next three weeks.

### For New Players

## Little League and Pony League Work-outs Slated May 27-28

Little League baseball try-outs for boys who did not play at 5:30 p.m. at Marian Airpark last year but who want to participate in the program this summer will be held Monday week.

Try-outs for Pony League players will follow at 6:30 on the same afternoons.

Try-outs for the Pee-wees will be announced later.

The opening date is just 10 days away, Monday, June 3, McEwen said.

In announcing the try-out dates, McEwen also explained the age rules for the various categories.

All boys 9 years of age before Aug. 1 or who will be 13 after Aug. 1, will play in the Little League.

Pony League includes those boys who will be 13 after Aug. 1 and 17 after Aug. 1. There will be at least two teams, one for boys 13 and 14 years old and one for 15 and 16 year olds.

All boys who will be 6 before Aug. 1 and 9 after Aug. 1 will play Pee-wee baseball.

The first baseball game will be Monday, June 3, at 5:30 p.m., when Team 4 meets Team 5. At 7:30 Dodson Little League will play Wellington Team 6.

Tuesday games will be played between Wellington Teams 2 and 8, and between Quail and Team 7.

"The player auction will be after the work-out of new boys May 28," McEwen said. "You will be notified by your coach of the team you are on."

Game time through the season is 5:30 and 7:30 p.m. Each team will play twice a week and games will be played on Monday, Tuesday, Thursday, and Friday.

"A complete schedule for the first half will be worked up as soon as we have placed all the boys on a team," McEwen said.

There will be a rules meeting Thursday, May 23, at 7:30 in the Soil Conservation Service office in the court house.

Bob Crawford will be in charge. All coaches, assistant coaches and umpires and members of the baseball commission are asked to attend.

## WHS Band to Play at State Fair of Texas

The Wellington high school band will play at the State Fair of Texas next October, Band Director Tubal Cain announced this week, following approval by the School Board.

The exact date has not been set.

The band will play a concert on the mobile and march in the torchlight parade in the evening.

One Texas high school band will appear each day during the Fair, which will be from

Oct. 5 to 20.

The theme this year is "The Exposition of Our American Heritage."

"This is the biggest trip the Wellington high school band has ever had," Cain declared. Students during the summer months will raise the \$1,600 necessary to make the trip, and plans now are to do this thru a series of small money-raising projects.

resident, will conduct the meeting, according to County Agent Cecil Regier.

"If the insect situation justifies it, the group will go out to a cotton field after a short discussion.

"We urge all cotton farmers to attend, as this will be the last one for some time in the county," Regier said.

Thomas will discuss fleahoppers, trips, boll weevil and others that growers may want information on. He will explain how to make a field count so the grower can know when the buildup is sufficient to begin spray operations.

Insecticides and their use also will be covered.

Fish can see you coming for a country mile, if you have on conspicuous duds.

### ♦ Wheat

(Continued from page one), already.

At Dodson, where the crop is usually harvested first, Edwin Crowder, manager of Farmers Cooperative Enterprises said a little good wheat is coming in. "Some is too green and some more is a lot too green," he declared.

The yield in that section will be better than most growers thought. He estimated a 15-bushel average on dry land, with irrigated wheat yielding "pretty good."

The price of wheat was \$1.93 at all three elevators Tuesday, but after the returns were in on the wheat referendum, the three county managers along with others of the wheat belt, were wondering Wednesday morning what the market was going to do.

### GRADUATING AT SAMNORWOOD

The honors received by these six during the school year add up to an impressive number. They, along with eight other seniors, will be graduated from Samnorwood high school Friday evening, May 24. In the top row,

reading from left, are Wanda White, Jimmy Taylor and Bobby Colson. Below, from left, are pictured Mike Wischkaemper, Neal Lowry and Mary Shields.

### Susie Romo to Graduate with Honors at CJC

Jessie-Marie (Susie) Romo, a graduate of Wellington high school in the spring of 1961, graduates from Clarendon Junior College May 24. She is the second highest ranking girl in the class, with a grade average of 94.87 for the two years of college work, according to Dean Oliver J. Abel.

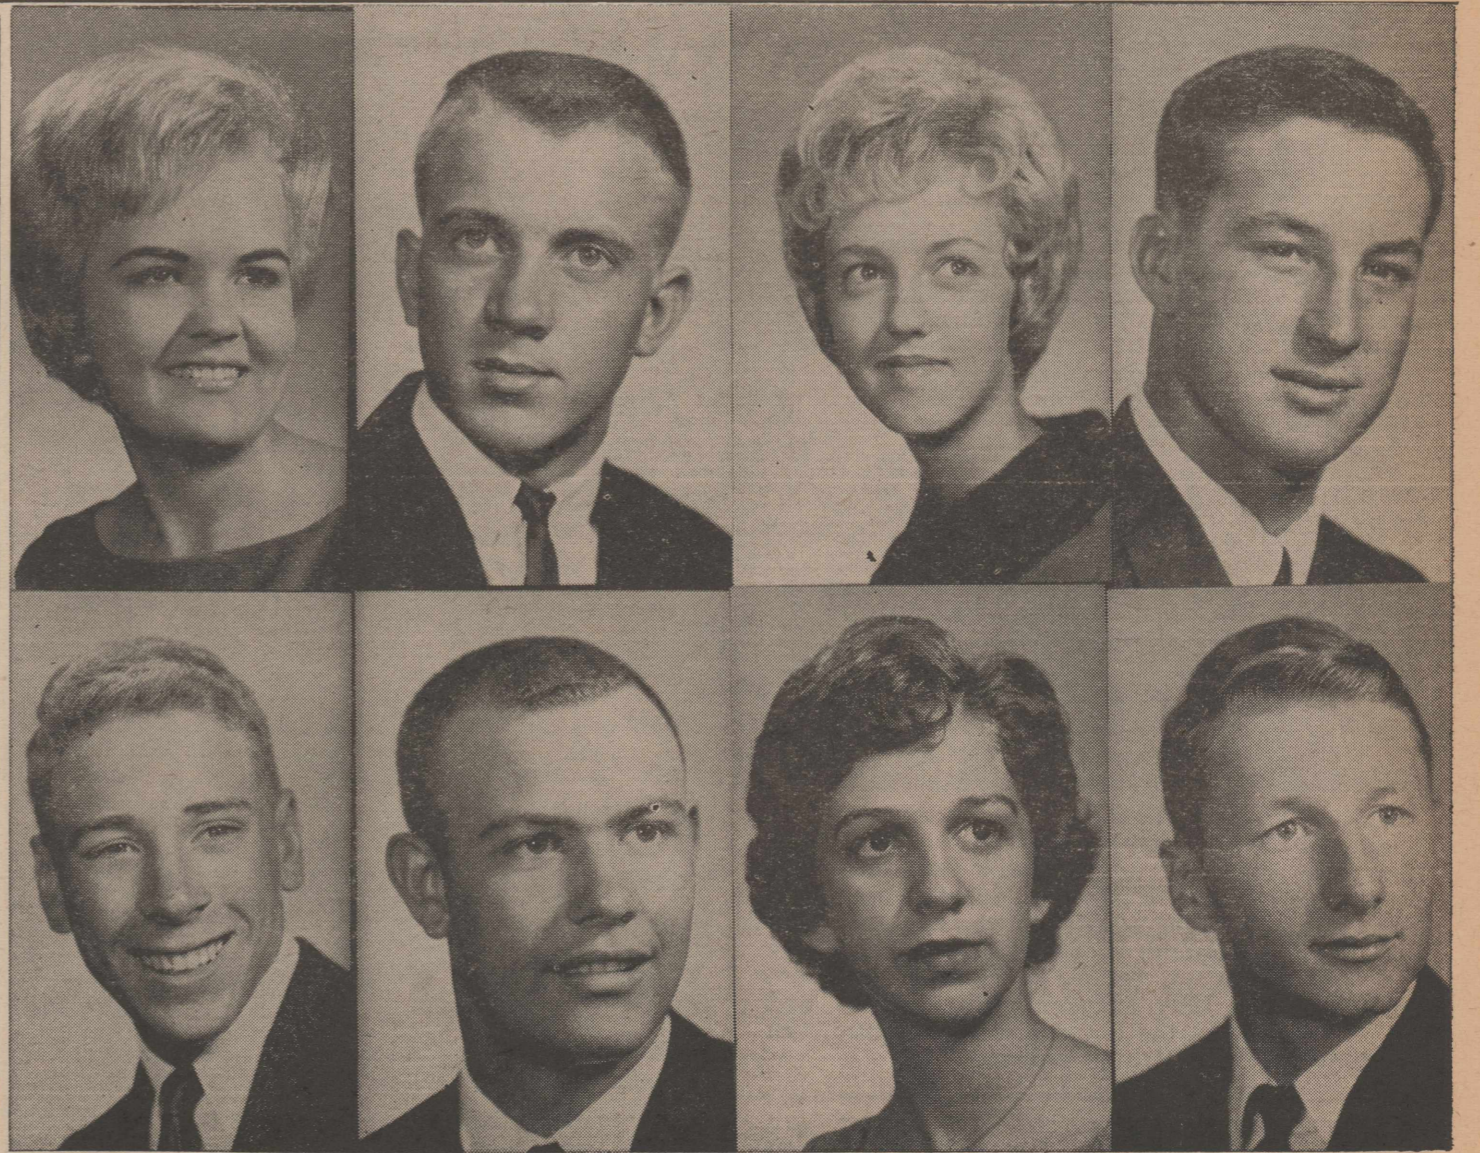

Besides maintaining a good scholastic record, Susie participated in a number of extracurricular activities at CJC. She was a member of Phi Theta Kappa and this year was editor-in-chief of the college annual. The students elected her Most Likely to Succeed, and she was also Sophomore Favorite.

She was a member of the Texas Student Education Association both years, and was president of the TSEA this year. Susie served as secretary treasurer of the Sophomore class and member of the Student Government this year. Recently she received a plaque for being on the Dean's Honor Roll eight consecutive 9-week periods or 4 full semesters, and a medal in recognition of her service to Clarendon Junior College.

Susie is the daughter of Mr. and Mrs. J. M. Romo. She held a scholarship both years at CJC. She plans to continue college work in elementary education.

### 1963 WELLINGTON GRADUATES

Graduating Friday, May 24, will be these eight Wellington seniors, whose accomplishments have been as varied and distinctive as their personalities. Most of them plan to enroll in some college this fall. In the top row, reading from left, are

Barbara Dobbs, Don Roark, Gayla Courtney and Raymond Sanders. Below, left to right, are Johnny Ford, Gary Holliman, Linda Millsap and Herbie Duncan.

## Booker T. Washington SENIOR SERIES

### Elmer Joe Price

Elmer Joe Price has been one of Booker T. Washington's better athletes during his high school years.

The son of Mr. and Mrs. Alonzo Price, he was born here Oct. 12, 1944.

Elmer Joe lettered in basketball two years, and played football, baseball and was a member of the track team. He placed third in the 100 yard dash last year.

He also was a member of the choral club and treasurer of the senior class.

Government is his favorite subject and baseball his hobby.

He plans to attend Bishop College at Dallas.

### Betty Earline Meadows

The only girl to graduate from Booker T. Washington high school this spring is Betty Earline Meadows, daughter of Mr. and Mrs. Odell Meadows.

Betty was born at Idabel, Okla., May 13, 1944.

Her school work has all been at Booker T. Washington.

Betty was a member of the choral club and participated in basketball, soft ball and track. She has won honors in track and basketball.

She is president of the senior class.

Mathematics is Betty's favorite subject and sewing and cooking her hobbies.

She plans to attend Bishop College, Dallas.

### Charles Maurice Carney

Charles Carney lettered in basketball two years, and that sport he also names as his hobby.

He has participated in other sports, too—football, baseball, and track.

The son of Mr. and Mrs. Eugene Carney, he was born here Feb. 2, 1945.

Charles started to school at Booker T. Washington in 1951, then went to school at Haskell, to Spring in 1956; Dunbar high school, Shamrock, 1956 to 1960 and then returned here.

He lists English as his favorite subject.

Charles has not decided if he will attend college, but after he graduates, he will go to California and study for a business career.

Mrs. Mabel Willingham and Mrs. Jack Willingham of Blair, Okla., were Sunday visitors in the home of their sister, Mr. and Mrs. Riley Dunson.

## 1963 Dodson Seniors

### Kenneth Minatrea

Kenneth Minatrea has divided his time between the Quail and Dodson schools, attending at the first from 1951 to 1957 and then the remainder of the time at Dodson.

Kenneth is the son of Mr. and Mrs. Bill Fox, 1708 Sunset Drive, Altus, Okla. He was born at Wellington and his birthday is January 29.

In Dodson, Kenneth has played basketball and volleyball.

His favorite subject is health.

After graduating, Kenneth plans to enlist in the United States Navy.

### Kenneth Eugene Gollihare

Kenneth Eugene Gollihare, since coming to Dodson in 1955 has participated in the three

sports offered—basketball, volleyball and baseball. He has done an excellent job in all three.

The son of Mr. and Mrs. C. R. Gollihare of Dodson, he was born Nov. 22, 1946, at Daisetta.

He started to school at Vannoss, Okla., in 1951, and then attended at Blair, Okla., in 1954.

English and math are his favorite studies, and woodworking is his hobby.

Eugene is undecided what he will do after graduating this week.

## Father of City Residents Dies

Lee Anderson Gilmore, father of L. A. Gilmore and Mrs. Robert Posey, passed away May 16 in Dade City, Florida, after an extended illness.

Mr. and Mrs. Posey had been in Florida with him since early in February.

Mr. and Mrs. Gilmore and two sons left for Dade City Thursday, as soon as word of the death reached them. The funeral was to be held Sunday May 19.

## Congratulations Graduates of 1963!

It's not easy to fulfill the requirements demanded of a graduating senior. We salute each of you fine young people of the county's four schools who have achieved this goal; we're proud of you, and we wish you all the best for the future. May the knowledge you have gained in Collingsworth County serve you well in the years to come.

Just as you were our customers in high school, we invite you to continue this relationship during the years ahead. We believe, and with good reason, that Collingsworth County has the finest young people in the world.

**1963 QUAIL GRADUATES**  
These ten form the graduating class of Quail high this year. But they are ten who have been unusually active, and their accomplishments equal those of much larger schools. In the top row, from left, are J. C. Saunders, Phil Pipins, Paul Boyce and James Branch. Second row, from left, are Barbara Tyler, Billy Lindsey, Rita Moody and Richard Keller. In the bottom row are Jenny Ann Kennedy, left, and Dean Johnson.

## 1963 Quail Senior Series

### Phil Pipins

Phil Pipins attended school at Jefferson, Pauls Valley, Okla., and Wellington before coming to Quail high school.

Phil is the son of Mr. and Mrs. John Pipins, of Wellington. He was born in Pauls Valley, Okla., July 22, 1944.

For four years Phil was a member of the FFA. He was a member of The Echo staff and an annual staff member. This year he was a senior class officer.

Math and biology are Phil's favorite subjects. He spends much of his spare time working on cars and motors as a hobby. Phil is undecided what he will do after graduating.

### Dean Johnson

Dean Johnson has been a very busy young man this school year, serving as a school bus driver before and after school.

Dean is the son of Mr. and Mrs. Robert Johnson, Route 1, Quail. He was born Dec. 15, 1944 in Wellington. All of his school work was done in the Quail school. His favorite subjects are science and math.

Dean has been a class officer and an FFA member for four years. He was also an officer in the FFA his junior year.

Dean has the Queen's escort one year and voted the senior boy most likely to succeed. He was a member of the Beta Club and served as an officer his junior and senior years.

Dean played basketball four years, and was on the volleyball and track teams. Other activities Dean participated in were FTA, and staff member of The Echo and the annual.

Dean's outside activities include Sunday School Superintendent 1962-63. Reading is his hobby.

He plans to attend Clarendon Junior College, where he has a science scholarship that he won this year.

### Jenny Ann Kennedy

Jenny Ann Kennedy is a very versatile young lady, and her activities in and out of school prove it.

Jenny Ann is the daughter of Mr. and Mrs. Frank Kennedy of Quail. She was born Nov. 12, 1944 in Sarasota, Fla., but has attended only the Quail schools, where her father is a teacher.

Jenny Ann is the valedictorian of her class. In FHA she has been the historian, pianist, president, and vice president. She is a member of the high school chorus, the Beta Club, FTA, the Echo staff, the annual staff, and secretary of the senior class.

Jenny Ann was a member of Who's Who in Music her junior year, Who's Who in Homemaking her senior year, and appeared with the chorus on Cotton John's TV program and Christmas program.

School honors awarded Jenny Ann have been many and varied. She was the FFA Sweetheart her freshman year, was Sophomore Favorite, High School Annual Queen, Betty Crocker Award and State Degree in FHA, all in her senior year.

Jenny Ann also received outside honors as runner-up in the Farm Bureau Queen contest; representative to Girls' State; Junior Counselor of the American Legion Auxiliary and Honor Guest of the Business and Professional Women's Club for April.

She is the pianist and assistant Sunday School secretary for the Quail Baptist Church. American History and English are Jenny Ann's favorite subjects and water skiing, and horse riding and sewing are her hobbies.

She plans to attend Draughon's Business College in Amarillo.

Future Teachers chapter, the Beta Club, the Future Homemakers, and the FHA Chorus. She was a vice president of FHA, also vice president of her class. She was on the staff of The Echo, also.

Barbara was Class Favorite in 1960 1962, and 1963. She was High School Queen in 1962; and this year she was named Senior Girl Most Likely to Succeed, and for Who's Who in commercial subjects.

Outside school, she is active in West Avenue Church of Christ, Wellington.

English and biology are her favorite subjects, and reading, skiing and boat riding are her hobbies.

Barbara plans to attend Draughon's Business College in Amarillo.

### Billy Wayne Lindsey

Billy Wayne Lindsey is another senior who has been busy before and after school driving a school bus.

Billy Wayne is the son of Mr. and Mrs. Frank B. Lindsey and was born in Wellington, June 9, 1945.

Billy Wayne has spent all his school years at Quail where he was a member of the FFA, on the annual staff, The Echo staff, and served as vice president of the senior class.

Billy Wayne was in the junior play. His favorite subject is history and hunting, fishing

and playing pool are his hobbies.

Billy Wayne says he plans to be a Game Warden or a Highway Patrolman.

### J. C. Saunders

J. C. Saunders was outstanding for a number of activities, but he will be best remembered for his unusual work as a Future Farmer.

The son of Mr. and Mrs. A. M. Saunders of Wellington, he was born at Clarendon April 6, 1945.

All his school work was done at Quail.

A member of the Future Farmers four years, J. C. received the DeKalb Award this year, and he also received his Lone Star Farmer degree.

He was Area I treasurer in 1962 and that same year he was the Greenbelt District Star Lone Star Farmer.

Active in sports, he played basketball four years, and was on the track team. J. C. is also on The Echo and school annual staffs.

He was named this year's Most Outstanding Athlete and last year he was class favorite.

J. C. was chosen last year to attend the American Legion Boys' State.

Math is his favorite subject and water skiing and hunting are his hobbies.

He will attend Tarleton State College in Stephenville.

### Rita Moody

Rita Moody has included sports as well as literary activities in her extra-curricular work during her high school career.

The daughter of Mr. and Mrs. C. L. Moody, she was born at St. Joseph's in Wellington July 14, 1945.

She started to school in Wellington, then in 1956 transferred to Quail to complete her school work.

Her sports were basketball and volleyball. She was a member of the Future Homemakers chapter and the FHA Chorus, and on the staffs of both the high school annual and The Echo.

Rita also was a candidate for Pie Supper Queen and Annual Queen.

Outside school, she belonged to 4-H Club.

History and English are her favorite subjects, and collecting records and cooking are her hobbies.

She will attend Draughon's Business College in Amarillo.

### James Branch

James Branch has only gone to school at Quail two years, but he has become well known in those years.

James is the son of Mr. and

Mrs. J. L. Branch of Route 2, Wellington. He was born Jan. 21, 1944 in Wellington, where he attended school until 1961.

James is a member of FFA, was on The Echo staff and the annual staff, and is also a school bus driver. He was a class officer his sophomore year. James played football at Wellington, and has also been on the baseball, basketball and track teams.

James was named Senior Class Favorite and is in Who's Who for '63. He says algebra is his favorite subject, and he considers sports his hobby. James will attend Draughon's Business College in Amarillo after graduation.

### Barbara Tyler

Editor of the Quail high school annual is Barbara Tyler. But this is only one of the number of activities she has participated in while in high school.

Barbara June is the daughter of Mr. and Mrs. W. L. Stephens, and was born at St. Joseph's Hospital in Wellington Feb. 19, 1945.

She attended school at Hedley and Pampa in the elementary grades, but for ten and a half years she has been a student at Quail.

She was a member of the

It is our pleasure to see you graduate, to step out and take your place in community life.

We are especially interested in the boys and girls of our own graduating class, Quail, whom we have known through their entire school life.

But we wish for all young graduates the best that the world has to offer, and we urge you to look here at home before deciding where your future will be.

Glenda Lancaster, "Falling Waters," Truax, and as a two piano presentation with Linda Moore, "Country Gardens," Nevin.

Panice Pitts, "Yodler's Waltz," Clark, and as a two piano number with Linda Peters, "Shepherd's Hoe-down," by Nevin.

Linda Peters, "Dorothy," by Smith.

Tommy Needham, "School Chorus," S. King, "Arkansas Traveler," J. Thompson, and as a trio with Linda Moore and Lavelle Harper, "March Militaire," Schubert.

Linda Moore, "Battle Hymn of the Republic," Shores, "Band of Gold," Taylor, and as a two piano number with Lavelle Harper, "Country Dance," by Beethoven.

Lavelle Harper, "The Robin's Return," Fisher.

A vocal duet, "Jesus Hold My Hand," will be sung by Glenda Lancaster and Janice Pitts, accompanied by Mrs. Marshall Peters.

## Bradley-Bentley Wedding Set

Miss Rose Bradley will become the bride of Bill Bentley on Saturday, May 25, her mother, Mrs. Lillie Bradley, announced this week.

Parents of the prospective bridegroom are Mr. and Mrs. S. A. Bentley of Dozier.

The ceremony will take place at the Baptist Church in Samnorwood at seven o'clock in the evening.

Friends and relatives are invited to attend.

### Six Lovely Graduates

These six are among the girls who will receive diplomas at the Wellington commencement exercises Friday evening, May 24. In the top row from left are Anne Coleman, Mary

Graham and Alvina Roberts. Below, reading from the left, are Mary Anne Pierce, Janet West and Sylvia McQueary.

### Camp Fire Girls on Television

Mrs. J. B. King took her Camp Fire Group to Amarillo Thursday, May 16, to appear on "Freddie the Fireman" television program.

This was the end-of-the-year excursion for the girls.

After the program, the girls were treated to a hamburger supper.

Girls in the group were Marcia King, Judy Jones, Rose Mary Popwell, Debra Jones, Ann Smith, Doris Tingle, Karen Maxwell, Pam Kersten, Jane Campbell, Mary Nell Edens, Carole Cochran and Mary Saied.

Others making the trip were Mrs. Ronald Kersten, assistant leader, and Mmes. LeRoy Jones, Howard Jones, Cliff Campbell, and Jim Cochran.

Other children going were Kathy Kersten, Neal Cochran, and Tommy Campbell.

Visiting Mr. and Mrs. George Brewer during the week end were his niece and nephew, Mr. and Mrs. Ed Riley and Mr. and Mrs. J. N. Tucker and family of Wheeler.

W. M. Brewer of Batesville, Ark., is here visiting his two brothers and sisters-in-law, Mr. and Mrs. George Brewer and Mr. and Mrs. Jack Brewer.

Mrs. Alfred Hutchinson of Denison, Iowa, is recovering from major surgery and was released from the hospital in Denison Monday. Mrs. Frank Light says Mrs. Hutchinson hopes to be able to return to Wellington in about two weeks.

Mr. and Mrs. Andy Bell were guests of Mr. and Mrs. E. W. Arthur on their ranch near Dundee last week. They all had good luck fishing.

Mr. and Mrs. B. F. Wolford and Miss Lota Wolford of Dublin visited in the home of her brother, Mr. and Mrs. Andy Bell last week.

## B&PW Club Hears Program on Fallout and Fallout Protection

A program on "Fallout and Fallout Protection, What to Know and Do About Nuclear Attack," was presented at the recent meeting of Business and Professional Women.

The film shown taught that each particle of fallout gives off radiation as though it were a miniature X-ray machine. The most dangerous fallout—early fallout—would consist of radioactive particles that are relatively large and heavy—about the size of table salt or fine sand.

Some of the most essential shelter supplies are: eating utensils and food, clothing and bedding, sanitation and medical supplies, radiation meters, water, first aid supplies, and a hand operated air blower, and

shelters should have an air filter.

Nancy Thomas, dressed in her Uncle Sam apparel gave a tap dancing number.

Mrs. A. V. Lowrie and Mrs. Pearl Aaron were program hostesses. The business session was conducted by the club president, Miss Louise Fulcher.

Others present were John Coleman, who operated the film projector; Mrs. Robert Fleming, a visitor; and members, Mrs. Ruth Aaron, Mrs. Burnalee Duncan, Mrs. Truman Estes, Mrs. Luther Gribble, Mrs. E. H. Harwell, Mrs. R. Isbell, Mrs. H. L. Jenkins, Mrs. Don Jones, Mrs. Jimmie Kelso, Mrs. Guy Owens, Mrs. Raymond Patton, Mrs. Dudley Phipps, Mrs. Rufus Sweat, Mrs. Louise

Templeton, Mrs. Marie Watkins, Miss Patsy Falk, Miss Bessie Rainer, and Miss Edith Jackson.

### BUSINESS ACTIVITY DOWN AGAIN

The seasonally-adjusted index of Texas business activity went down in March for the second month in a row, according to the Bureau of Business Research, which bases its index on the 1957-59 average.

Business in general in March was 7% below February's level and 4% below that of March 1962.

Only three cities—Beaumont, Tyler and Texarkana—showed increases. El Paso and Lubbock remained at their February levels, while other cities showed declines from 2 to 16%.

The United States ranks fourth in world population with 180 million people.

**WELLINGTON GRADUATES OF 1963**

From music to science to homemaking to agriculture, these six have been active in Wellington high school and have accumulated their share of honors. Friday night, May 24, they will receive diplomas in the commencement exercise.

In the top row from left are Billy Wilkerson, Helen Gibson Gollighugh and James Poteet. Below, left to right, are Charles Floyd, Judi Bailey Dunnihoo now of Arlington, and Gene Sweat.

**1963 Samnorwood Senior Series**

**Neal Lowry**

There are many facets to the career of Neal Lowry.

Some of them extend beyond his local school to district and state level, and others reach out into community service. These have brought him many honors.

The son of Mr. and Mrs. Jack Lowry of Luttie community, Henry Neal was born May 28, 1945, at Shamrock.

All his school work has been in Samnorwood.

Neal has served the Future Farmers with distinction four years. He was treasurer, vice president and president of the chapter, vice president of the Greenbelt District, and this

year he is vice president of Area I.

He also was on the state-winning FFA leadership team, and he won first in the Greenbelt public speaking contest two years and placed in the area this month.

He received his Lone Star Farmer Degree in 1962.

His essay on "Citizenship" won first in the Farm Bureau contest, and this year he was school winner in the Save the Soil and Save Texas essay contest.

Neal played basketball and baseball four years each, and as a sophomore was named Most Improved Athlete.

He is president of the Beta Club, and also of the Future Teachers chapter. He has been

student body representative to the Student Council; vice president of the freshmen, sophomore and senior classes; and a member of the Office Club three years. He was elected Most Courteous two years.

Neal was on the all-district basketball team and on the all-tournament teams at Shamrock and Miami.

Last year he was chosen to attend Boys State.

Math and Science are his favorite subjects and his hobbies are fishing, basketball and water skiing.

Neal will attend Texas Tech at Lubbock next year.

**Wanda White**

Although she has attended Samnorwood high school only this year, Wanda White has been a valued senior and will be missed when school opens next year.

The daughter of Mr. and Mrs. Jesse White of Lela,

Wanda Pauline was born June 13, 1945, at Shamrock. She attended school at Lela from the first through the eighth grades; went to Shamrock high school from her freshman through her junior years, then enrolled at Samnorwood.

She has belonged to the Future Homemakers chapter four years; to the Library Club and the Science Club. She was in the cast of the senior play. Wanda names home economics, bookkeeping and English as her favorite studies. Sewing is her hobby.

After graduation she will enter beauty school.

**Carlos McLemore**

Carlos Eugene McLemore is another of the Lela students who comes to Samnorwood to school.

The son of Mr. and Mrs. Carlos McLemore, he was born April 18, 1945 at Shamrock.

He attended school at Lela from 1951 to 1959, when he transferred to Samnorwood.

A member of the Future Farmers chapter four years, he also belonged to the Future Teachers chapter two years, the Office Club and the Library Club three years.

He played baseball and basketball a year each. Hunting is Carlos' hobby. He is undecided if he will attend college.

"I have enjoyed my high school years very much," Carlos says, "and would like to say 'Thanks' to all my teachers."

**Mary Shields**

Both beauty and intelligence are in the make-up of dark-haired Mary Jeanette Shields.

The daughter of Mr. and Mrs. Worth Shields, of Samnorwood, she was born at Shamrock Aug. 10, 1945. She has attended only Samnorwood school.

Two special honors came to her this year: she was elected Miss Samnorwood and she won the Betty Crocker Award.

She also was selected best actress in the senior play.

Mary was a member of the

**BOOKER T. WASHINGTON GRADUATES**

Three seniors form this year's graduating class from Booker T. Washington high school. Their commencement exercises will be held Thursday evening, May 23, when eighth

grade students also will participate. Shown here, from left, are Charles Maurice Carney, Betty Earline Meadows and Elmer Joe Price.

Future Homemakers chapter four years and the Future Teachers two.

She was secretary of the freshman, junior and senior classes, and a member of the Student Council three years. This year she is secretary.

Other organizations in which she held membership was the Office Club and the junior and senior play casts. English is Mary's favorite subject.

She plans to enroll in Texas Technological College in

Lubbock next year.

**Congratulations Graduates**

We extend our heartiest congratulations to all the graduates of the four schools of Collingsworth county . . . just as we extend congratulations to their teachers and their parents.

Now you come face to face with your future. You will use every bit of the knowledge you have gained through the years. You will remember the words of those who have taught you and others who helped you.

We hope your future is here in Collingsworth. Those in high places look to the Eastern Panhandle, of which we are the heartland, as a place of the future. We believe that you can be a vital part of this great future.

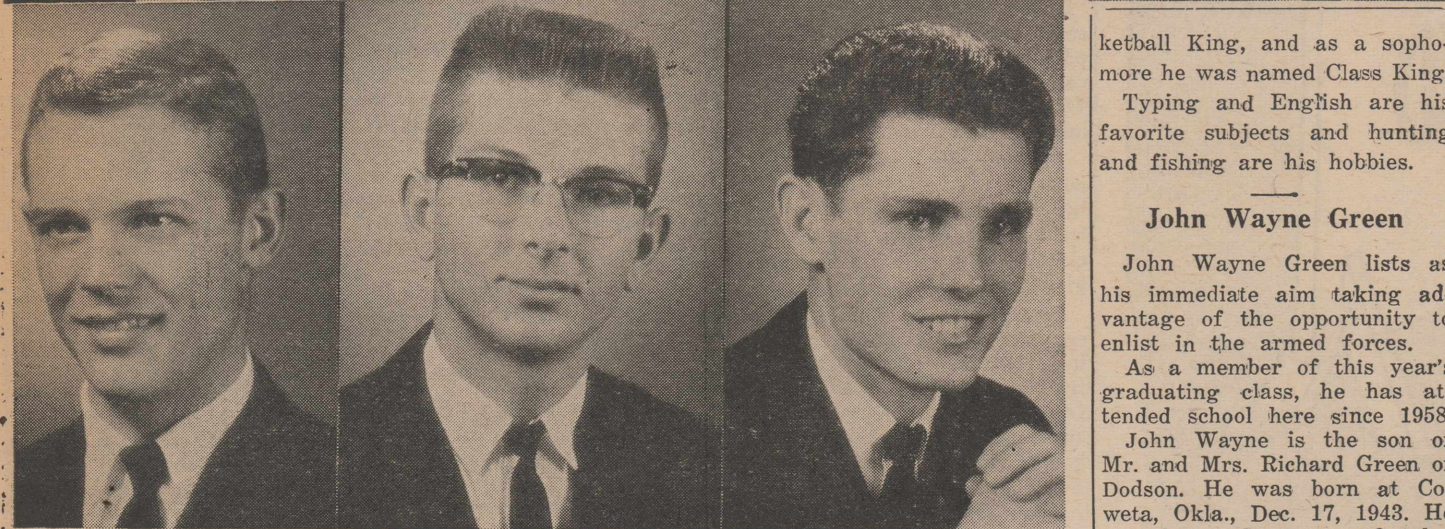

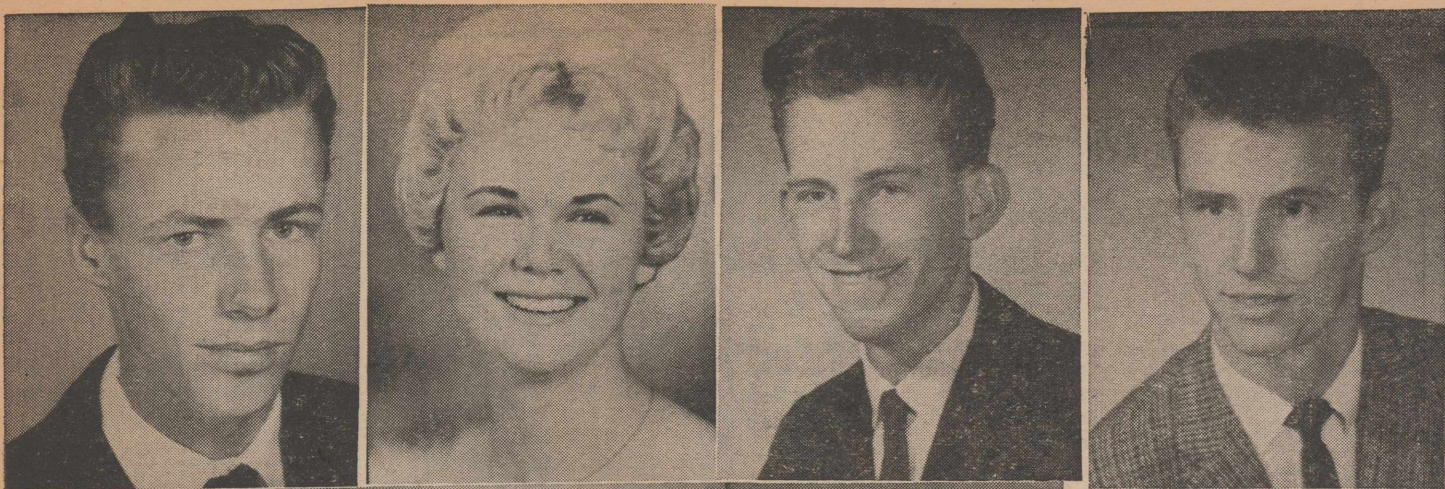

But whatever you decide to do, we cordially invite you to discuss your plans with us. We welcome the opportunity to help.

**DODSON GRADUATES**

These seven are graduating from Dodson high school Wednesday night, May 22. They have been an unusually active group through the year, and have carried out a number of things usually accomplished only

by a much larger group. Pictured in the top row, from left, are John Green, Sherry Crownover, Eugene Gollihare, and Jerry Mann. Below, from left, are Tommy Hunt, Louis Wilkerson and Bobby Motesbocker.

**1963 Dodson SENIOR SERIES**

**Sherry Dian Crownover**

Only girl in this year's graduating class at Dodson is Sherry Dian Crownover, blonde and charming addition to any class.

The daughter of Mr. and Mrs. Thurman Crownover, Dodson, she was born March 30, 1945, at Hollis.

"All my 12 years of school work was right here in Dodson," she says.

Sherry was on the annual staff three years, a member of the Glee Club four years, and the Sex-tet two; the Science Club four, and an officer two; the contest play cast three years; and 4-H Club four.

She played basketball and volleyball two years, was vice president of the junior and senior classes, and was Class Queen two years.

This year she was named the best actress in Interscholastic League district competition, and during the years she was in

the one-act play contest, the group won area, regional, district and state honors.

Sherry's favorite subjects are history, music and typing, and music, dancing and singing are her hobbies.

Besides her school work, Sherry has taken a cosmetology course at Altus Beauty School, and after she graduates, she plans to work as a beautician.

**Bobby Carroll Motesbocker**

Valedictorian of the Dodson graduating class is Bobby Carroll Motesbocker, who twice previously has won the school's scholarship award.

Bobby is the son of Mr. and Mrs. S. A. Motesbocker, Arlie Route, Loco. He was born at Hollis Oct. 15, 1944 and has attended Dodson schools for 12 years.

He played basketball, volley-

ball, and was a member of the Glee Club, Science Club, annual staff, 4-H Club. He also was a class officer and in the sophomore play.

This year Bobby was chosen Most Popular. His favorite subjects are English and Chemistry, and quail hunting is his hobby.

Bobby will attend Draughon's Business College in Amarillo.

**Louis Wilkerson**

Louis Wilkerson is the salutatorian of this year's Dodson graduates. He, too, plans to attend Draughon's Business College at Amarillo.

Louis is the son of Mr. and Mrs. T. L. Wilkerson, 1205 Floydada Street, Wellington. He was born at Wellington May 7, 1945, but started to school at Lorenzo. He moved to Dodson during the 1959-60 school year.

He has played basketball, and volleyball, and was member of the Glee Club, 4-H Club, Science Club, and annual staff. He also was a class officer. This year he was chosen Bas-

ketball King, and as a sophomore he was named Class King. Typing and English are his favorite subjects and hunting and fishing are his hobbies.

**John Wayne Green**

John Wayne Green lists as his immediate aim taking advantage of the opportunity to enlist in the armed forces.

As a member of this year's graduating class, he has attended school here since 1958. John Wayne is the son of Mr. and Mrs. Richard Green of Dodson. He was born at Coweta, Okla., Dec. 17, 1943. He attended school at Optaha, Okla., from 1950 to 1953 and at Victor from 1953 to 1957.

He played basketball a year and volleyball four years. Science, English and Math are his favorite subjects.

"There isn't any person who could get too much education. I'll get all I can manage," he remarked.

**Jerry Mann**

Recognition for outstanding achievement came this spring to Jerry Mann, son of Mr. and Mrs. Wilson Mann of Dodson.

He won first place in the county in the historic drawing contest sponsored by the Panhandle Heritage Foundation, and his drawing will be placed as a permanent plaque in the new amphitheater in Palo Duro Canyon.

Jerry was born April 22, 1945 in Anadarko, Okla.

He started to school at Apache, Okla., in 1951, then attended Draughon's Business College in Amarillo.

**887 Here Draw \$47,538 Social Security Monthly**

By the end of 1962, there were 24,806 people in the Texas Panhandle receiving old-age survivors and disability insurance benefits, according to Hal Geldon, manager of the Amarillo Social Security office. The total benefits paid to these people for December 1962 was \$1,529,866.

This is an increase in the number of people receiving the benefits by about 12% over the same month in the previous year, Geldon said.

Nationally, almost 15 million people were receiving about a billion dollars a month in old-age, survivors, and disability insurance benefits at the close of 1962.

Collingsworth county people participate and share in this program along with the rest of the United States. In December 1962 there were 887 persons in the county receiving payments. These insurance benefits totaled \$47,538.00 for that month.

For the entire state of Texas, old-age, survivors, and disability insurance payments at the end of December 1962 were being paid to 785,995 persons at the rate of \$45,504,045 per month.

Thomas J. Walters of Amarillo Air Force Base visited his grandparents, Mr. and Mrs. J. K. McGill Sunday.

**FARM INCOME DOWN**  
Between 1929 and 1961, farmers' and farm laborers' incomes showed a percentage decrease of 12.8%, according to the Bureau of Business Research.

Percentages are up in mining, contract construction, manufacturing and retail trade, but down in transportation, property income and proprietors' income.

## Look What's Happened in Collingsworth County Lately

To those who wonder what ever happens of interest in a small town in a farming county, Wellington and Collingsworth have the answer.

Let's look at ourselves for the past few weeks.

First Lennie Sims was named Mrs. Texas of 1963 and immediately Mrs. Jennie Holcomb became Texas Mother of 1963.

Lennie got home from the national Mrs. America Finals, where she was in the top 20, just in time to take part in the send-off for Mrs. Holcomb, who was second only to the winner in the American Mother of 1963 competition.

Before they got settled, the Wellington Federated Music Club learned its year book had been judged second best in the nation at the National Federation of Music Clubs.

Then Mrs. Holcomb was named Mother of the Year by the Texas Federation of Women's Clubs.

Quail's team won the Interscholastic League Bi-District baseball championship. Mike Wischkaemper of Samnorwood was named Area I FFA President. Travis McGuire Jr. of Quail was picked as the Area's No. 1 candidate for the American Farmer degree.

The Farm Bureau brought its Vice President to town to talk to farmers. A top man from A&M came up to look over our research demonstration program.

The Masons brought one of their state officials here to level the cornerstone of its new building. St. Joseph's Hospital put in operation some fine new equipment.

A nationally recognized artist, Dord Fitz, who teaches art classes here, finished up the spring course and was preparing for the summer sessions, while some of his local students had pictures in a New York exhibition.

These are just some of the special things that happened to us lately. It does not include those many other events so important to the individuals concerned, such as graduation, banquets, church and other affairs, etc.

Of course these things don't happen to us all the time. We couldn't stand the pace if they did.

Next time someone asks:

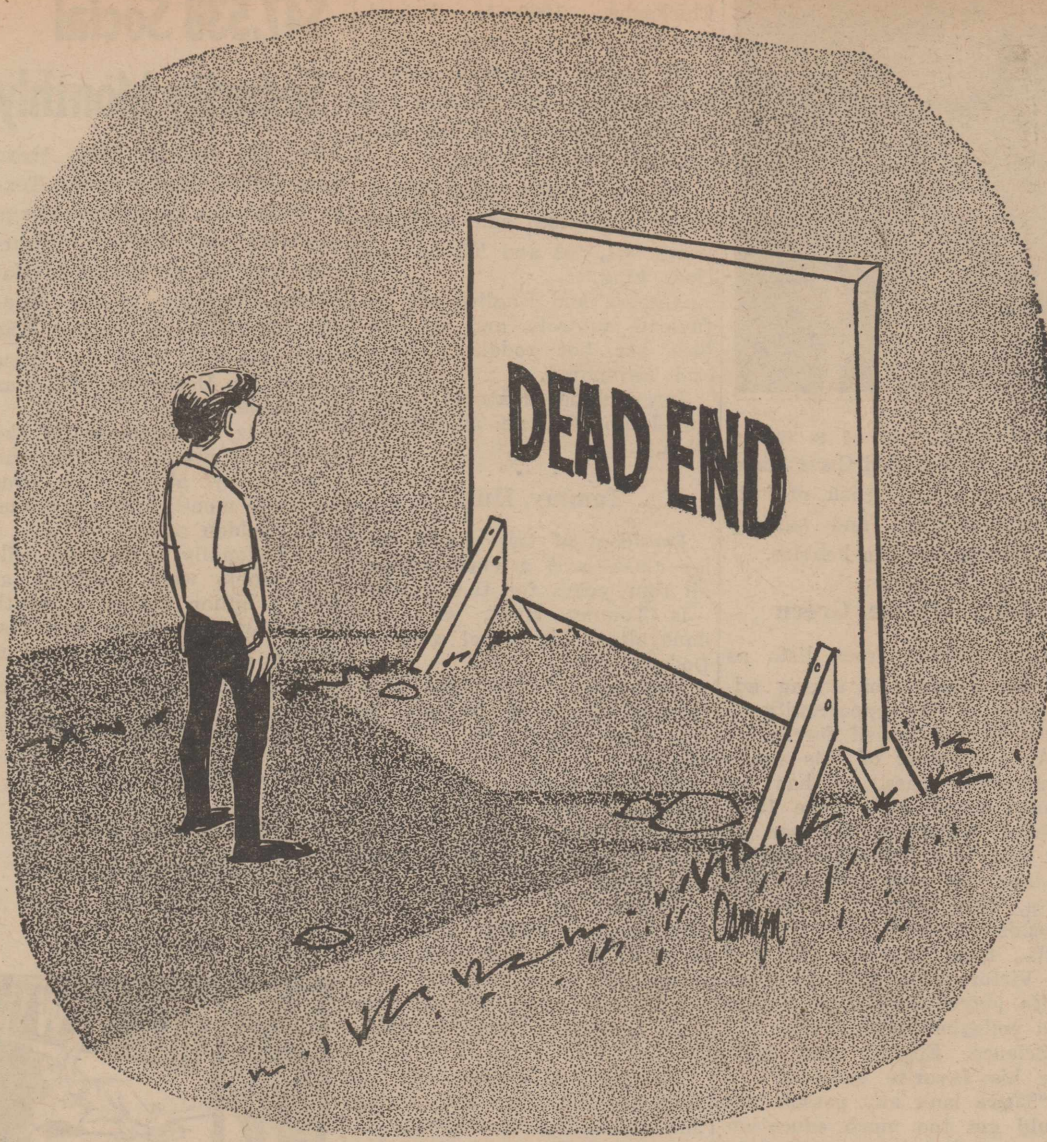

"What ever happens here you live?"

Tell them!

Happiness can be defined as being like the salesman who finds a prospect who really needs his product.

It is said there are two kinds of men who don't understand women: one is the bachelor: the other the husband.

## High School Dropout's Route

## Other Days and Familiar Names

From the Files of The Wellington Leader . . .

### 10 Years Ago—1953

Lt. Royce Lowry was killed in a B-29 crash in Nebraska.

Hubert Mauldin resigned as chief deputy under Sheriff-Tax Collector Claude McKinney in order to enter dairy farming.

Word was received that J. Porter Neal, Jr., formerly of Wellington, died in the tornado that struck Waco.

James Frederick LeDerer was valedictorian of the Wellington graduating class; Priscilla Baumgardner was salutatorian, and Roberta Posey was the high ranking student, but she was not eligible for honors because she completed high school in three years.

### 30 Years Ago—1933

Formal opening of the Rivercrest Country Club was held.

J. L. Thomas had a mare "tin canned" by a man, just to see her run. She ran into a gully and broke her neck, whereupon the man buried her. He agreed to replace the animal.

Sand storms, which had prevailed over the Panhandle for 75 days, gave way to a heat wave.

A case of smallpox was diagnosed and Dr. John W. Harper, city health officer, quarantined the family.

### 50 Years Ago—1913

Hardy Drug Store announced their rental library had been increased by 100 new volumes of the latest writings of the most popular authors.

Some boys did some careless shooting with a .22 target and a stray bullet hit a window sill of the home of Mrs. Mamie Salter.

Miss Carter's Expression Class gave a 3-act comedy, "Miss Fearless & Co." Taking part were Bessie Fuller, Ida Haley, Clem Chrisman, Nan Chrisman, Delia Bartlett, Clay Wells, Ruby Curtner, and Avis Wilson.

C. H. Caperton and Miss Maxey Shields of Dozier were married.

### CANCER SOCIETY REQUESTS SOUGHT

Legacies and bequests have become a major factor in financing the American Cancer Society's fight to conquer cancer through research, education and service. The Society reports that in 1952 this source supplied more than \$590,123 of its funds. In 1962 it amounted to more than \$5,523,000.

## CROSSROADS REPORT

Dear Editor:

I see where Armed Forces Week has now been celebrated, and many kind words have been said about the military, in lieu of good wages.

But my past-drafted neighbor says to offset the indifferent pay, our armed forces people get to share in the glory of recent great military victories, such as in the Little Rock, Oxford, Birmingham, and Cuban Exile engagements.

And a young man who likes to travel can join the Army and see the South.

My forbearable neighbor says you can't blame the government press agents for some news out of Washington being based on adjusted facts.

Says these boys get paid to point out the good features of the prevailing administrations, and the game is that the people are supposed to hire their own reporters to dig out the real facts.

Which works out pretty good except when some of the people's fact-diggers get a tail-wagging crush on reigning politicians and don't know a fact when they see one, on account of love being blind.

I see where a professional football player got benched on account of it was found out that he sometimes put up a lit-

tle money-bet on his own team to win.

Of course, when a man bets on himself, it shows a type of barefaced self-confidence that ought to be stamped out, as an epidemic of it could undermine this new style social order we have building by leaning on the Everlasting Arms of Washington.

Nowadays, it is against the public interest for non-official people to believe in their own talents, and nobody but bureaucrats ought to be issued self-confidence permits.

I see where government honesty-herders have jumped on a packing firm which was deceiving the people by cramming 17 ounces of chicken in a jar labeled 16 ounces.

My simplist neighbor says without the government warning us about tricks like this, he would have just thought the chicken packers were trying to give good measure.

Says he reckons, though, we can rest easy nowadays, knowing that in spite of our untrained ignorance, we are safe from all hoodwinkers like the super-patriots, and the super-honest chicken canners.

I see where a scheme is now being worked on to solve all of our farm problems in the U.S. with "supply-management" by political appointees.

My over-fed neighbor says he notes this type of total control program is being used in Communist countries, and it works good, as they don't have any trouble with food surpluses, high storage costs, or rich farmers.

Says government management of crop production also frees everybody but the boss class from having to bother with reducing diets.

I see where the U.S. House of Representatives has passed a bill to set up a Bureau of Recreation to teach us citizens how to play outdoors.

My pro-sleep neighbor says he has watched people fishing, bird watching, picnicking, etc., and some don't seem to be having a very good time, so maybe they need this recreation appreciation program.

Says, personally, he never cared much for rough, non-airconditioned activities, so he's hoping this new Bureau will just put him on unrecruited relief.

## LETTERS from the People

Dear Mr. Wells:

It was our distinctive pleasure to host several Jr. High and Grade School bands during a band festival held in Quana Saturday, May 11, 1963. Because of the outstanding work the Wellington group conducted themselves as ladies and gentlemen, we feel it only fitting that the citizens of Wellington know our feelings. Mr. Tubal Cain should be highly commended for his outstanding work and abilities with these young people.

Quana was indeed honored by their presence and it is our desire that these fine young people will participate in our band festival again next year.

Very truly yours,  
AL HARD, Manager  
Quana Chamber of Commerce.

Something new in **FRIGIDAIRE** refrigerators?

**YOU BET!**

Think back over recent developments in flameless electric refrigerators. Freezing compartments have grown steadily larger reducing the refrigerated area. At the same time, home freezers have gone into countless homes. Result? Lack of adequate refrigerated food storage space. Well... here's the answer... Frigidaire's new "Mini-Freeze" refrigerator! It's designed strictly for the housewife with a home freezer, for it has 96% refrigerator space and only 4% freezer space for ice cubes and the like. This new innovation can be yours for a small down payment and sensible monthly terms — even less with trade-in. Call West Texas Utilities today — or better still, go by and see the sensational new Frigidaire "Mini-Freeze" refrigerator.

**TO RECEIVE DIPLOMAS AT WELLINGTON GRADUATION**

Diplomas will be awarded these eight outstanding seniors in the Wellington commencement exercise Friday evening, May 24. Their accomplishments during their senior year, and before that, have been in the fields of music, art, literature,

and sports. In the top row, from left, are Billy Tyler, Elsa Romo, Douglas Mitchell and Peggy Shanks. Below, from left, are LaQuinta Hollingsworth, Nat Romo, Craig Bergvall and Lynn McLain.

**WTU Sponsors Student Nuclear Science Meet**

The Third Annual Texas Nuclear Science Symposium for high school students and teachers will be held at the University of Texas June 9-12 under the co-sponsorship of the University and the Texas Atomic Energy Research Foundation. It was announced today by Cal Young, president of West Texas Utilities Company, and a Foundation director.

West Texas Utilities Company is one of ten investor-owned electric utility companies which comprise the membership of the Texas Atomic Energy Research Foundation.

Similar symposiums for selected high school science stu-

dents and teachers were held at the University of Texas in 1961 and 1962. This year some 500 students and teachers from across the state will attend, Young said.

"The symposium will bring together students, teachers, and outstanding scientists for discussions dealing with basic and frontier nuclear science for educational guidance in this field," Young said. "The symposiums are part of a continuing program of the Foundation to advance knowledge of nuclear science through research and education."

The Foundation is co-sponsoring with General Atomic Corporation's General Atomic Division the world's largest privately financed research effort to control nuclear fission for peaceful purposes, such as the generation of electric power. The research is being carried out at the General Atomic Laboratory in San Diego, Calif.

A thrilling new life is opening for you, marked by new paths, new jobs, new ambitions and new accomplishments.

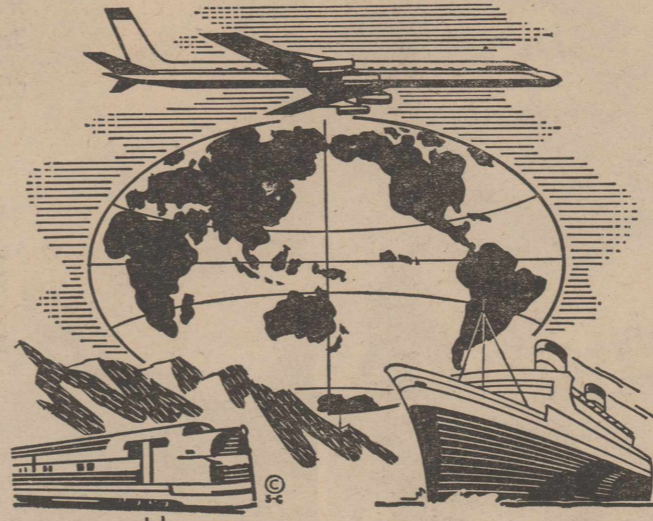

It is not always a kind life, nor an easy one. But as long as you hold your bright hopes, your energy, your eagerness, it will be a good life.

In all friendship, we wish you well all the days that are ahead of you. And in your future plans, we urge that you include a good sound insurance program. That is necessary just as are your profession and possessions.

**1963 SAMNORWOOD GRADUATES**

These are eight of the 14 who will graduate from Samnorwood high school Friday evening, May 24, at the commencement exercise. Among them, they have records of achievement scholastically, as well as in sports, extra curricular activities and com-

munity honors. In the top row, from left, are Pollye Clark, Leon Garcia, LaDonna Cook and Peggy Colson. In the bottom row, reading from the left, are Carlos McLemore, Louis Boyd, Mack Shields and Darlene Rainey.

**Peggy Colson**

Samnorwood seniors will remember Peggy Colson for many things; the county will remember her as the senior spelling bee winner several years ago. The daughter of Mr. and Mrs. T. W. Colson, Route 6, Wellington, Peggy Juanita was born at Wellington July 18, 1945. She attended school at Muleshoe during half of the first grade, then at Wellington thru the third grade. The remainder of her school years were at Samnorwood.

Peggy was a four-year member of the Future Homemakers chapter and is treasurer this year. She has been a member of Beta Club two years — attesting to her scholastic standing, and she belonged to the Office Club two years. She was in the junior and senior play casts and on the annual staff both years. Typing and math are Peggy's favorite subjects. She plans to attend a beauty school or business college.

**Leon A. Garcia**

This year's senior class has made many contributions to the Samnorwood school, but probably the most unique has been that of Leon Garcia. Frequently Leon has been called on to act as interpreter for young Spanish speaking students coming into the system. He is one of those fortunate young Tex-

ans who speaks two languages with ease and fluency.

Leon is the son of Mrs. Mary Zermeno of Route 3, Shamrock. He was born Aug. 28, 1943, at Donna.

He attended school in Edison before coming to Samnorwood in 1958.

Leon played baseball and he was a member of the Future Farmers and the Future Teachers. He worked in the school office. He was in the cast of both the junior and senior plays.

This senior has outstanding ability in bookkeeping, and it is but natural that would be one of his favorite subjects. Others are physical education and speech. His hobbies are playing baseball and reading sports books.

Leon will attend Clarendon Junior College.

"I have enjoyed my high school years very much," he says, "and I would like to say 'Thanks' to all the teachers and students."

**Pollye Clark**

Blonde and lovely, Pollye Clark just naturally is picked as "sweetheart" or "queen" of Samnorwood activities, both

in and out of school.

Pollye Kay is the daughter of Mr. and Mrs. David Clark, Dozier Route, Shamrock. She was born at Shamrock Feb. 27, 1945, and has attended school only at Samnorwood.

She is secretary of the Beta Club this year; she has been a member of the Future Homemakers four years, and is parliamentarian this year, and was treasurer last year. Pollye was a member of the annual staff two years, an officer of the freshman and senior classes; a member of FTA three years; Office Club two years; Library Club two years, and in the cast of the junior and senior plays.

A member of the Eaglette basketball team two years, she was on the Irish All-Tourna-

ment team this year.

Pollye was FFA Sweetheart and Harvest Carnival Queen, and Class Favorite this year. Last year she was Valentine Queen.

The Lions Club chose her as their sweetheart. Bookkeeping and typing are her favorite subjects and swimming and tennis and basketball her hobbies.

She will attend West Texas State University at Canyon.

Mr. and Mrs. Harold Bourland of Comanche visited several days last week with Mr. and Mrs. Ira Self. The four went on to Chickasha to visit Mr. and Mrs. Leroy Null.

**1963 Samnorwood Senior Series**

**Mike Wischkaemper**

Honor has stacked on honor for Mike Wischkaemper, and there is every indication he will continue to receive still more recognition in college.

Mike—his real name is Larry Michael—is the son of Mr. and Mrs. A. F. Wischkaemper, Dozier Route, Shamrock.

He was born Sept. 23, 1944 in Childress, and has attended school only in Samnorwood.

Mike's high school career has touched on many points—athletics, agriculture, scholarship.

He played baseball four years, and basketball two.

The new president of Area I Future Farmers of America, Mike also was Greenbelt District president this year; Star

Chapter Farmer in 1962; Best Farmer in Who's Who in 1962; and before that Star Greenhand.

He was a member of the dairy cattle judging team and the senior chapter conducting team.

Mike was class president three years and member of the student council three. He belongs to Beta Club, the Future Teachers of America and the Pioneer Club Government, speech and geometry are his favorite subjects and cars and farming are hobbies.

He will attend Texas Tech next year.

**Jimmy Taylor**

Another senior who will be

greatly missed is Jimmy Taylor, a student in Samnorwood school 11 years.

He is the son of Mr. and Mrs. Arthur Taylor, Dozier Route, Shamrock, and was born at Shamrock May 25, 1945.

Jimmy belonged to the Future Farmers chapter four years, and also to the Office Club and the Future Teachers chapter two years. He was in the cast of both the junior and senior plays.

Speech and plane geometry are his favorite subjects, and hunting and fishing are his hobbies.

Jimmy is undecided if he will go to college, but if he doesn't, he will attend a mechanics' school, then enter that trade.

**Mack Shields**

Mack Shields was a member of a number of FFA teams during his high school years, but probably the high point

came when he was on the state-winning Leadership team when he was a sophomore.

William Mack Shields is the son of Mr. and Mrs. W. W. Shields, Dozier Route, Shamrock. He was born Feb. 21, 1945, in Shamrock, and all his school work was done at Samnorwood.

Other Future Farmer teams on which Mack served are the Livestock judging team, farm skills team, crops team, and Quiz team. He is a four-year Future Farmer and served in the office of sentinel.

Mack also belonged to the Future Teachers of America, Library Club and Pioneer Club. He was on the annual staff.

Sophomores chose him their Class Favorite.

Math and modern physics are Mack's favorite subjects.

He hopes to enroll next year in West Texas State University, Canyon.
