The SDN Column

A year ago American Magnesium Company was a mere rumor around Snyder, one of those vague stories that somebody somewhere was looking into the possibility of establishing some sort of new industry here.

Today, American Magnesium Company, to Snyderites, is one of those pleasant happenings that nearly always seem to involve someone else and somewhere else.

As pointed out in the progress report on plant construction elsewhere on this page, American Magnesium is a true story of the typical American type that you read about in history books.

Now, it is apparent from actual construction work at the plant site that AM is likely to be everything that even the greatest optimist could have projected a few months ago, and perhaps even more.

Seeing a project of this type develop first-hand is a new experience to this community, but of course it is one that fulfills a long-time community ambition.

★ ★ ★

While checking over results of the annual campaign for funds now nearing a close, Scurry County United Fund President Lyle Deffebach came up with some interesting observations.

Of nearly $27,000 accounted for in the campaign, a little over $5,000 is in pledges. And some of the pledges are for total contributions of $1 each and some of these are on the payroll deduction plan. That will provide an interesting piece of calculation when the time comes to allocate one monthly payment on such a pledge among 10 participating agencies.

Contributions in the campaign have amounted to as little as 25 cents each, and there was one even smaller when someone sought to move the total off an odd number.

★ ★ ★

Many citizens of this area, and especially Manager Karl Mawhorter and other Chamber of Commerce officials, were keenly interested in a report which came out of a meeting Thursday of the Texas Highway Commission at Lubbock. It was noted at the session that the commission had recommended that a proposed north - south Interstate highway from Amarillo through Lubbock veer to the southeast at Lubbock and follow U. S. 84 to Sweetwater. That would put Snyder on an Interstate route.

—WACIL McNAIR

POWER STRUGGLE BEHIND DOORS

Protesters Strike In Prague

Armed Police Walk Streets

By GENE KRAMER
Associated Press Writer

PRAGUE (AP) — Protest strikes were reported in suburban Prague and in Olomouc, central Moravia, as Czechoslovakia's 3 Communist leaders waged a power struggle with pro-Soviet hardliners behind closed doors.

It was not immediately learned what action, if any authorities planned to take. The government has banned demonstrations to try and maintain calm during a crucial party Central Committee meeting, now in its second day.

Czechoslovak military policemen with submarchine guns patrolled Prague streets and informants said the Czechoslovak army's 6,000-man Prague garrison was alerted and all leaves canceled.

Armored personnel carriers were noticed at one of the small Soviet military command posts in the city, but there was no confirmation of rumors that some Soviet units had returned to Prague from permanent camps in outlying areas.

Student leaders said the reports of army and police alerts made them realize that demonstrations would be suicide. They announced plans for peaceful sit-ins, starting Sunday—one for a day to protest the ban on demonstrations, and another for up to three days if the Central Committee decisions are unfavorable.

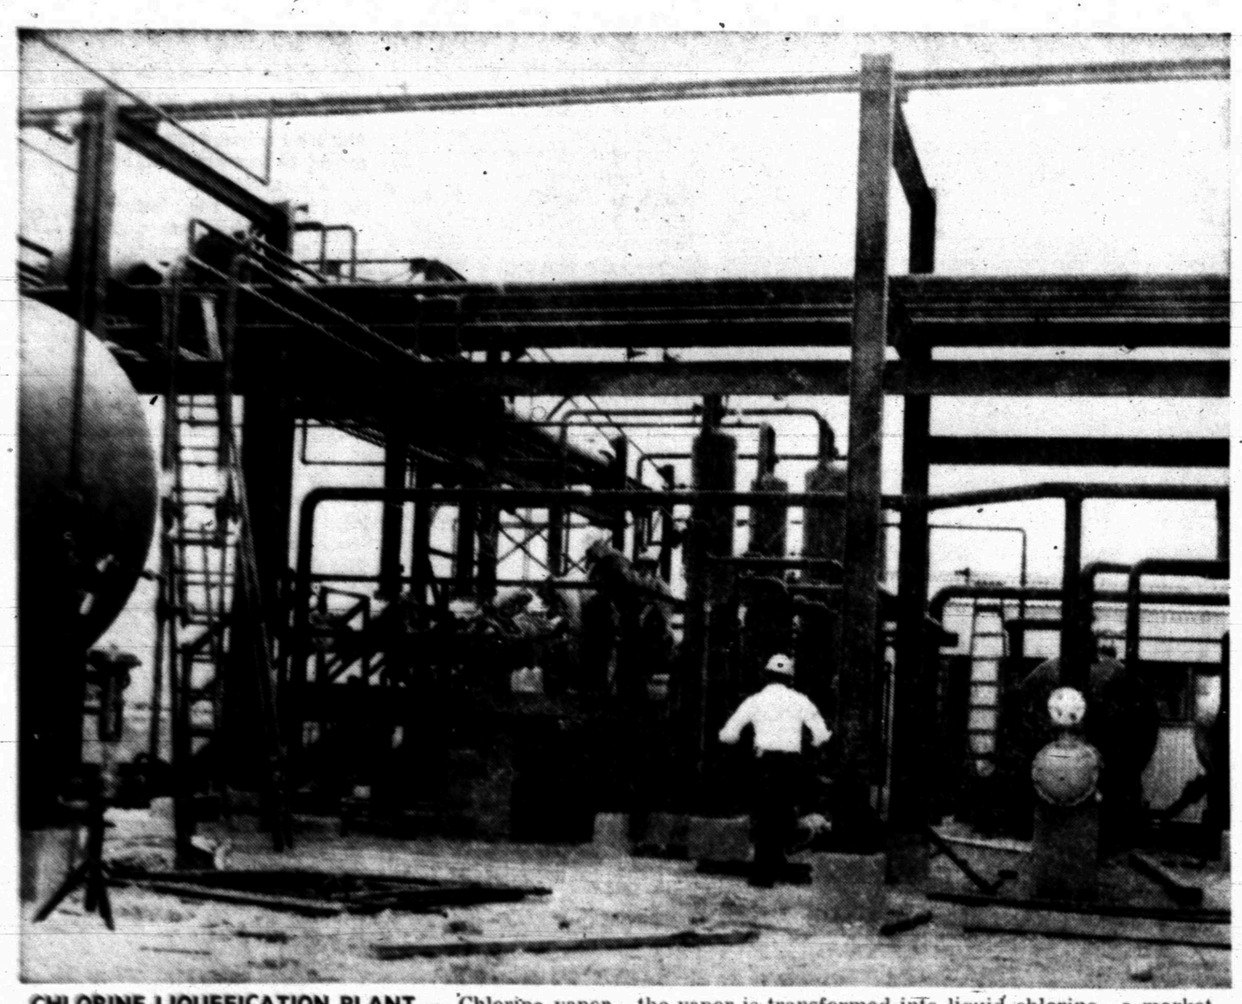
Numerous departments of Charles University in Prague also adopted a resolution to join factory workers immediately if the workers decide to demonstrate for political reasons.

Some students said they would participate in weekend "Dubcek shifts" at factories to show support for Communist party leader Alexander Dubcek and at the same time mass together groups of workers and students.

Snatches of arguments in the 190-member Central Committee, released by radio and television indicated Dubcek's supporters were fighting to defend his reform policies against attacks by Old Guard hard-liners. Some members had angrily demanded to know what leaders had invited the Soviets to invade their country for the purpose of quelling "counterrevolution." Many Czechoslovaks feared they were the dying gasps of free discussion.

Dubcek was reported to have announced new allegiance to "democratic centralism," the orthodox Communist principle that debate stops once the decision is made.

The decision in this case, the final resolution of the Central Committee, is due Sunday at the earliest.



CHLORINE LIQUEFICATION PLANT — Chlorine vapor is sent from the electrolytic building to this plant where the vapor is transformed into liquid chlorine—a marketable product. See other pictures on page 2.

A TRUE AMERICAN STORY

A Progress Report On AM

By BUCK SITTON

The story of the multi-million dollar American Magnesium plant, currently under construction west of town, really is a story of America.

It is a story of ingenuity, faith, and hard work. The guiding genius behind the story is Roger Wheeler, the brilliant young engineer who is president of the company. Convinced that it is economically feasible to produce magnesium from the salt deposits in Borden County, he surrounded himself with experts in the field of magnesium production and put his plans into concrete action.

Usually, magnesium is produced near the ocean where there is easy access to great quantities of salt. The decision to build the plant in arid West Texas in part is a tribute to Wheeler and to the civic leaders of Snyder and the people who stood behind them in their efforts to secure a new industry for this area. Everything that is needed for the plant is here. Raw materials are important. But the pioneer settlers who helped build a town here, who stayed during times of drouth and who stayed through long, cold winters perhaps have made as much a contribution to the ultimate location of the plant here as have their present-day successors who have worked long and hard in securing the new industry.

The plant is well along the road towards construction. Several buildings are nearing the completion stage, including the spacious new office building that houses the main office of Joe Pitts, executive vice president and general manager. This building also has the chemical lab which is the main concern of Ken Allred, the chief chemist. This will serve as headquarters for all of the management and administrative group. Stan Dodds, superintendent of the electrolytic area, already has located here.

Much of the construction work is being done by local firms. Holder Construction Co. is building the brine line. J. L. Wadleigh Construction has a sizeable contract for the office building and other steel buildings. Other local firms busily engaged in the work are Mapes Electric, Robinson Plumbing, Price Construction, McDonald, Southern Electric, Grimmett Brothers, Caprock Materials as well as several other businesses that are supplying many of the necessary materials and fixtures, such as Snyder Janitorial Supply and Stephens Office Supply.

Ultimately, American Magnesium Company expects to employ 350 persons, according to Pitts, who said applications for employment now are being accepted at the plant.

"We hope to have an open house some Sunday afternoon within the next four to six

See PROGRESS, Page 2

PREVENTING SEEPAGE — These workmen are lining the bottom of the salt storage pond with asphalt to prevent seepage to adjacent areas. There also will be other brine storage areas at the American Magnesium plant where the brine will be pumped from wells in Borden County.

Griffin Rites Are Set Here

Funeral service is set for 3 p.m. today at the Thirty-seventh Street Church of Christ for Mrs. Mollie Griffin, 84, longtime Scurry County resident who died at 6:30 p.m. Friday in a Sweetwater hospital.

Pat Abbananto, minister of the church, will officiate. He will be assisted by Preston Cotham, minister from Sweetwater. Burial will be in the Snyder Cemetery, under direction of Bolger Funeral Home.

A native of Hunt County, Mrs. Griffin was married in 1906 at Greenville to Joe S. Griffin. They moved to Scurry County in 1921 and Mr. Griffin died in 1954. Mrs. Griffin lived here until two years ago when she moved to Sweetwater.

Surviving are four daughters, Miss Nannie Griffin, Mrs. A. B. Corley and Mrs. A. H. Morton, all of Sweetwater, and Mrs. A. M. Corley of San Antonio; two brothers, Bazle Williams of Fort Worth and L. J. Williams of Odessa; seven grandchildren and seven great grandchildren.

Pallbearers will be Casey Bishop, Orvil Taylor, Talmage Bynum, Ed Blocker, Glendon Bynum and Wright Huddleston.

Bill Morgan Dies At 45

L. P. (Bill) Morgan, 45, who lived at 2709 Thirty-eighth Street died unexpectedly at 2 a.m. Saturday in a hospital at DeLeon.

He suffered a heart attack while visiting relatives.

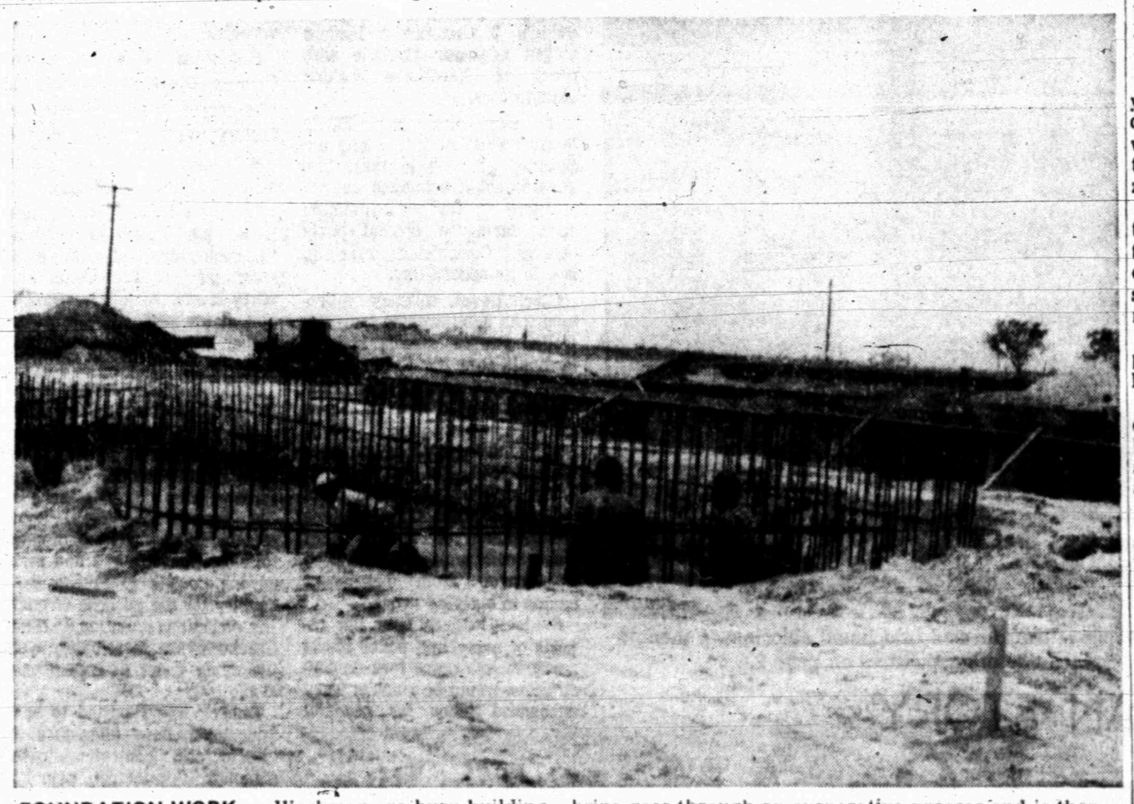
A native of Erath County, he had lived in Snyder since 1950 and was an employe of K&W Oil Co. He was married on Jan. 18, 1941, at DeLeon to Eloise Hodges. Mrs. Morgan, who survives, is a deputy in the county tax office here.

Also surviving are a daughter, Mrs. Sharon Mallouf of Arlington; a son, Scott Morgan, a student in Snyder High School; his father, Chas Morgan of Dublin; two sisters, Mrs. H. C. Sharp of Dublin and Miss Dorothy Morgan of Kingsland.

Funeral arrangements were pending Saturday at Bell-Seale Funeral Home.

PLANT HEADQUARTERS — From left, Ken Allred, chief chemist for American Magnesium Company; Joe Pitts, executive vice-president and general manager; and, Stan Dodds, superintendent of the Electrolytic Area, stand in front of the building that will serve as headquarters for all of the management and administrative group. Pitts played basketball while attending Oklahoma A&M.

ELECTROLYTIC PROCESS—Work on American Magnesium Company's electrolytic building is progressing on schedule. This is the place where magnesium chloride is separated into magnesium and chlorine, the two important products of the firm. The product is a molten material when it first arrives here.



FOUNDATION WORK — Workmen are busy building a foundation for the brine preparation area at the American Magnesium plant site west of town. The brine goes through an evaporative process and is then sent to the melting furnace where it is made into a molten state.

Final Appeal For UF Drive Made

An appeal has gone out from the Scurry County United Fund headquarters for any persons who were missed during the regular drive and who wish to contribute to call the headquarters at 573-9532.

There are not enough workers available to back-track over the entire area to pick up contributions from those missed the first time around, said Lyle Deffebach, United Fund President. However, there will be workers who can go out and pick up contributions when the campaign headquarters is notified.

At the end of the week, the campaign total stood at $26,919.54, which is approximately 70 per cent of the goal. The contributions so far are slightly ahead of the total last year, but the increase is not nearly as much as campaign leaders and United Fund officials had hoped for.

The campaign goal is $38,805.60 and there are 10 participating agencies.

Contributions still may be made by mail, of course, but emphasis in the next few days will be on picking up contributions from those who call in. Anyone who was missed during the regular campaign, in Snyder or anywhere else in the county, is urged to call if he wants to have a contribution picked up.

Blood Purified By Chimp's Liver

ATLANTA, Ga. (AP) — A 3-year-old child was in a coma today following an operation in which her blood was purified through the liver of a chimpanzee.

The child was connected to the animal six hours by two tubes, and doctors said after the operation that her blood showed signs of returning to "almost normal."

A similar operation has been performed previously, using a larger primate, a baboon.

Dr. Joe Patterson said the child, whose identity was withheld, is breathing on her own and "her reflexes are more than active."

Before the operation, the child was dying of a severe case of hepatitis.

Jaycees Are In Session

Reports on club projects were heard at Friday's luncheon meeting of Snyder Jaycees.

Truitt Bryan reported on the "Get out the vote project" and President Mickey Nunley reported that the housing project for Hermleigh tornado victims was nearly complete. Nunley also announced that a board meeting was set for Thursday night at the Boys Club.

Program for the meeting consisted of a group discussion on "How to Achieve Better Participation in Clubs and Civic Activities."

Guests were Shelby Coker, president - elect of the Snyder Chamber of Commerce; Mickey Birdsall, Wayne Boggett and Joe Jones.

'Broadway Tour' Today

First of two presentations of 'A Tour Of roadway" is scheduled for 3 p.m. Sunday in the Snyder High School Auditorium. A second performance will begin at 8 p.m. Monday.

The production will feature choruses and solos from well-known Broadway musicals, such as "My Fair Lady," "West Side Story," "The Music Man," etc.

The production here is being staged by the SHS Choir, under direction of J. D. Smith, Snyder High School Choral Music Director. Music arrangements were done by Ralph Wesson, while Choreography is by Mrs. Elaine Lambert and Mrs. Kay Price.

Sets designed by Peter Wolfe, designer for the State Fair Musicals in Dallas, have been obtained for the two performances here.

BIRTHS

Mr. and Mrs. Leon Crenshaw, 3101 Fortieth, are the parents of an 8 lb. 4½ oz. baby girl born Nov. 14 at 9:58 p.m.

HOSPITAL NOTES

Chaplain: Rev. Bill Parkey

ADMISSIONS: Lisa Kissire, 1404 Nineteenth; Blanche Tate, 605 Twenty-eighth; Ruby Roberts, 1804 Thirty-ninth.

DISMISSALS: Sandra Rollins, Rosa Melton, Mrs. Donald Crowder and baby girl, Dennis Carlton, Carolyn Glenney, John Noble, Amber Berryman, John Corbin, Doyle Scott, Alta York, Mark Sager, Eric Preston.

Protesting Students To Be Heard

WACO, Tex. (AP) — Dr. L. H. McCloney, president of Paul Quinn College here, meets with protesting students and ex-students today at 9 a.m.

McCloney announced Friday suspension, pending an investigation, of a basketball coach and a security guard.

Student leaders, who began a series of protest meetings at 1 a.m. Thursday while the college president was out of town, said that the coach attacked a male student in the college cafeteria.

The security guard, they charged, entered a women's dormitory with his gun drawn.

McCloney said he would have no statement to make until after today's meeting.

Public Notice

THE STATE OF TEXAS TO: IRENE DERRYBERRY, Defendant, Greeting:

YOU (AND EACH OF YOU) ARE HEREBY COMMANDED to appear before the District Court 132nd. District of Scurry County at the Courthouse hereof, in Snyder, Texas, by filing a writen answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty - two days from the date of the issuance of this citation, same being the 9th day of December A. D. 1968 to Plaintiff's Petition filed in said court, on the 22nd day of October A. D. 1968, in this cause, numbered 9702 on the docket of said court and styled JOHN PAUL DERRYBERRY, Plaintiff, vs. IRENE DERRYBERRY, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Petition for divorce

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The office executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Witness, ZADA D. CHAPMAN, Clerk of the District Court(s) of Scurry County, Texas.

Issued and given under my hand and the seal of said court at Snyder, Texas, this the 23rd day of October A. D. 1968.

(s) Zada D. Chapman Clerk, District Court Scurry County, Texas.

Progress Report

(Continued from Page 1)

weeks," said Pitts, "and visitors will be welcome at that time." Meanwhile, for safety reasons, he asked people not to visit the construction site. "We certainly don't want anyone to get hurt, but there is a lot of heavy machinery around here.

"We'll have several of our supervisors and other plant personnel here to conduct tours during the open house," Pitts stated.

Talking with employes at the construction site, one gets the impression they would make good neighbors. Indeed, many of them will be moving here soon. Take Allred, the chemist, for instance. After a few minutes of conversation with him, one learns that he is a member and a faithful worker in the Mormon Church.

He tried to explain in general terms that the layman can understand something about the operation of the plant, which is expected to go into partial production in about three to four months.

In substance, this is what he said:

First, the salt is pumped from the wells in Borden County to the brine preparation area where it undergoes a man-made evaporative process. Then, it is dried to a powder and fed to the melt furnaces. Then, the resulting molten product is fed into electrolytic cells where the material is separated by electrolysis, using direct current. Magnesium, which is attracted to the negative electrode, is separated from the chlorine gas which is attracted by the positive electrode. The chlorine undergoes a liquefication process that turns it into a liquid. The magnesium comes off as molten metal which is then cast into ingots. Thus magnesium and chlorine are the two main products of the company.

Ultimately, American Magnesium hopes to produce a substantial percentage of the magnesium in this country, as well as thousands of tons of chlorine annually.

Magnesium is used for alloying with aluminum to make chain saws, lawn mower housing, automobile transmissions and engines, luggage, material handling equipment and many other uses where light weight and strength are important. It is 33 per cent lighter than aluminum.

Chlorine has many uses in the chemical field such as water purification, manufacturing, solvents and plastics, and bleaches for the paper industry.

Wildcatters Scoring

AUSTIN (AP) — Texas wildcatters scored heavily last week, the Railroad Commission reported Saturday.

The commission said nine oil discoveries and eight wildcat gas wells were reported.

Two oil discoveries each were reported in the Abilene and Wichita Falls districts, with one each in Districts 2 (San Antonio), 3 (Houston), 4 (Corpus Christi), 8 (Midland) and (Lubbock).

Six gas wildcats were in District 2, with one each in the Corpus Christi and Midland districts.

The commission reported 105 oil and 50 gas wells were completed during the week, bringing the year totals to 4,443 oil wells and 1,935 gas wells. Last year's comparable totals were 5,496 oil and 2,171 gas wells.

A total of 162 wells were plugged, including 58 dry holes.

Bell Manager Named

BEAUMONT (AP) — Appointment of Royce S. Caldwell as manager of the Beaumont districts of Southwestern Bell Telephone Co. has been announced. A native of Austin, Caldwell graduated from high school in San Antonio and attended Abilene Christian College.

TO WED — Mr. and Mrs. R. K. Thomason of Gouldbush have announced the engagement of their daughter, Charlene, to George Mack Norris, son of Mr. and Mrs. George E. Norris of Snyder. The bride-elect graduated from Mozelle High School and is presently attending Abilene Commercial Business College. Mr. Norris is a graduate of Snyder High School. Vows will be exchanged at 8 p.m. on November 30 at the Coleman Concho Baptist Church.

WOMEN'S CALENDAR

MONDAY

Gamma Upsilon Chapter of ESA, 7:30 p.m. pledge ceremony with Islasu Minor, Rt. 1, hostess.

Lamar PTA meets at 7:30 p.m. Program "Living With Discipline," by Judge McCloud.

TUESDAY

Art Guild Study Club Thanksgiving dinner, 7:00 p.m. at Martha Ann Woman's Club. Hostess Mmes. M. W. Pilcher and Hattie Gatlin.

Snyder School Food Service Association 2:45 p.m. at Stanfield.

Twentieth Century meets for Friendship Day at Martha Ann Woman's Club Executive committee hostesses.

Lambda Kappa Chapter of Beta Sigma Phi, 7:30 p.m. at Snyder Savings and Loan. Program "Verse Making" by Patsy Elliott. Virginia Kimmey hostess.

Ladies Golf Association meets at Country Club. Tee - off at 9 a.m.

Martha Ann ladies game day and duplicate bridge, 9:30 a.m.

Snyder Early Tops 8:30 p.m. at Dan Gibson building.

Toperettes meet at Stanfield cafeteria, 7 p.m. Visitors welcome.

WEDNESDAY

State PTA convention at Houston.

THURSDAY

Order of Eastern Star, 7:30 p.m. at Masonic hall, stated meeting and Thanksgiving dinner. Men of chapter are hosts.

ABWA meets for regular monthly meeting, 7 p.m. at Carlos Little Mexico.

FRIDAY

Altrurian Club annual Thanksgiving Love Feast at home of Mrs. Dave Harlin, 3301 Avenue U.

Friday duplicate bridge at Country Club, 9:30 a.m. Open.

SATURDAY

Church Women United tea at nursing homes. All members urged to participate.

Alpha Study Club guest luncheon and book review. Mrs. Ben Thorpe hostess.

SUNDAY

Duplicate bridge at Snyder Country Club, 1:30 p.m. Open.

SHRIMP, so popular everywhere as an appetizer, are quite up to the job of appeasing the whole appetite. As a highly digestible complete protein food (as is all seafood), shrimp are main-dish fare in anybody's cookbook.

New Conductor Of Marshall Orchestra

MARSHALL, Tex. (AP) — Gary O. Choate, instructor in music and director of band at East Texas Baptist College since 1967, is conductor of the Marshall Symphony Orchestra for the 1968-69 season.

The new conductor holds Bachelor of Music Education and Master of Science degrees from East Texas State University.

All Girl Scouts are asked to donate stamps (Frontier, Green, or Buccaneer) for tables for the Scout Hut.

Please turn in any amount of stamps to troop leaders!

So far, Mrs. Neves' Brownie troop is out in front with three books

• • •

Brownie Troop 219 (Mrs. Jack Chastain)

Mrs. Bill Love and Mrs. Wendell Biddle are new assistant leaders for this troop.

Investiture for girls from Troop 219 was held on October 31st.

Brownie pins were presented to twenty - two girls and membership stars to six girls.

• • •

Junior Troop 85 (Mrs. Geo. Stewart, Mrs. John Fagin, Miss Lou Head).

On November 7th the girls planned menus for an overnight at the Girl Scout Hut. Calendars were given to troop members for their annual calendar sale.

On November 14th plans were discussed for the overnight to be held November 15th. Shoppers (sixth graders) purchased groceries. Other girls in the troop cleaned the hut and set out cooking equipment. The girls planned to cook a complete meal for supper Friday night and to cook cereal for breakfast Saturday morning. These are two requirements that will complete their Cook Badge.

For their "good turn" the girls planned to plant bulbs in front of the Scout Hut. For fun, they planned games and singing.

• • •

Junior Troop 168 (Mrs. Bill Campbell and Mrs. Billy Prince) met Friday, Nov. 8th at the Scout Hut.

They elected patrol leaders and made plans for an outing to be held soon.

• • •

Girls, start collecting toys and games now for Goodfellows!

Broiled chicken is delicious when it is basted with a mixture of melted butter, lemon juice, crushed garlic and thyme.

Wartime Events Recalled

FIRE FROM THE FOUNTAINS. By Pauline Innis.

You'd think this was one of those dotty English novels full of accentrics and madcap happenings, except that the publisher assures you it is a real memoir about the author's teen-age experiences in the Devonshire countryside during World War II.

Pauline, her Granny and her Aunt Lizzie were bombed out, and became paying guests at the Old Vicarage, along with some assorted oddballs, including pathetic Miss Tilley, an old maid soured against men because her one youthful crush had ended in frustration.

There is an old colonel who tries to be helpful, one of those relics of the Indian campaigns, and one episode deals with the macabre result of one of his hunting trips.

Then there's Ernestine the pig, whose rearing was supposed to be Pauline's contribution to the food supply, except that things didn't turn out so well.

Now every incident is humorous. There is a tragic tale of a rescued flier whose mind has been shattered by what he underwent in his trip to freedom through the French underground.

But the key figure in this chronicle is Algy, a young man with a medical reason for not serving in uniform. Pauline is a bit enamored of him, but worried over the fact his mysterious activities with boats along the coastline might indicate that he is a spy. Good heavens. Of course he wasn't, really.

It's all quite dizzily English. And we'll say it again — it reads like fiction.

Lamar P-TA To Hear Judge McCloud

Judge Austin McCloud of Colorado City will be guest speaker Monday night at a meeting of the Lamar Junior High P-TA.

Judge McCloud was appointed in 1963 as judge of the 32nd Judicial District. He received the BBA degree from Texas Tech and the LLD from Baylor University. He is married and has two daughters.

A panel of parents and youth will participate in the program titled "Living and Discipline." Panelists will be Bill Dryden, J. D. Hinton, Mrs. Bobby McCormick, Travis Bunch, Steven Weyel and Celia Westbrook.

All parents are urged to be present for the program.

Shrimp For Supper?

A deliciously different shrimp dish to prepare during the autumn months is Shrimp Creole. This recipe, delectably seasoned with green onions, bay leaves, thyme, and cayenne pepper, is sure to become a family favorite and is only one of thirteen seafood favorites available free from the Texas Parks and Wildlife Department in a new publication entitled "Texas Seafood Recipes."

SHRIMP CREOLE

1 lb. raw peeled and cleaned shrimp, fresh or frozen
¼ cup flour
1-3 cup melted fat or oil
1 cup hot water
1 can (8 oz.) tomato sauce
½ cup chopped green onions and tops
½ cup chopped parsley
¼ cup chopped green pepper
4 small cloves garlic, finely chopped
1½ teaspoons salt
½ teaspoon crushed whole thyme
Dash cayenne pepper
2 whole bay leaves
1 lemon slice
2 cups rice

Thaw frozen shrimp. Cut large shrimp in half. Blend flour into fat and brown, stirring constantly. Add water gradually and cook until thick and smooth, stirring constantly. Add remaining ingredients except rice. Cover and simmer 20 minutes. Remove bay leaves. Serve over rice. Serves 6.

Allegro Music Club Has Meeting

The Allegro Junior Music Club met in the home of Mack and Susie Walker for the November meeting.

President Sharon Roach opened the meeting with the singing of the Junior hymn, followed by the collect and pledge.

After a short business meeting, which members drew names for the Christmas party, Debbie Clements and Marla Burrow were welcomed as new members.

Janna Tharp gave a report on the Junior Music Club Convention held in Lubbock in October. Jonlyn Thomas and Dee Peeveler were elected to offices of District II, as vice president and reporter. Allegro Junior Music Club also won first in the achievement book division.

In conjunction with the recent elections, Sharon Roach presented an inspiring program on "Patriotism Through Music." Non - musical events were traced from the election of George Washington a President in 1789 through to the Gold rush in California in 1848 and the admittance of Calif. to the union in 1850.

Our nation's struggles, victories, sorrows, joys, ideals, customs and sense of humor are revealed in its song. Sharon told the exciting story of how the words to "The Star Spangle Banner," which the members sang, were written. In March 1931, 117 years after it was written, congress adopted it as our national anthem. The group sang another great song "America."

Mark Bollinger played "Saucer Men" at the piano.

Refreshments were served to Mark Bollinger, Toni Townsend, Debbie Clements, Marla Burrow, Mark and Susie Walker, Debbie Sadler, Janna Tharp Sharon Roach, and club sponsor, Mrs. Jack Patchell.

To make tomato cups to hold salad mixtures, cut each tomato almost through into half-a dozen sections: separate the sections slightly and pile the salad mixture in the center.

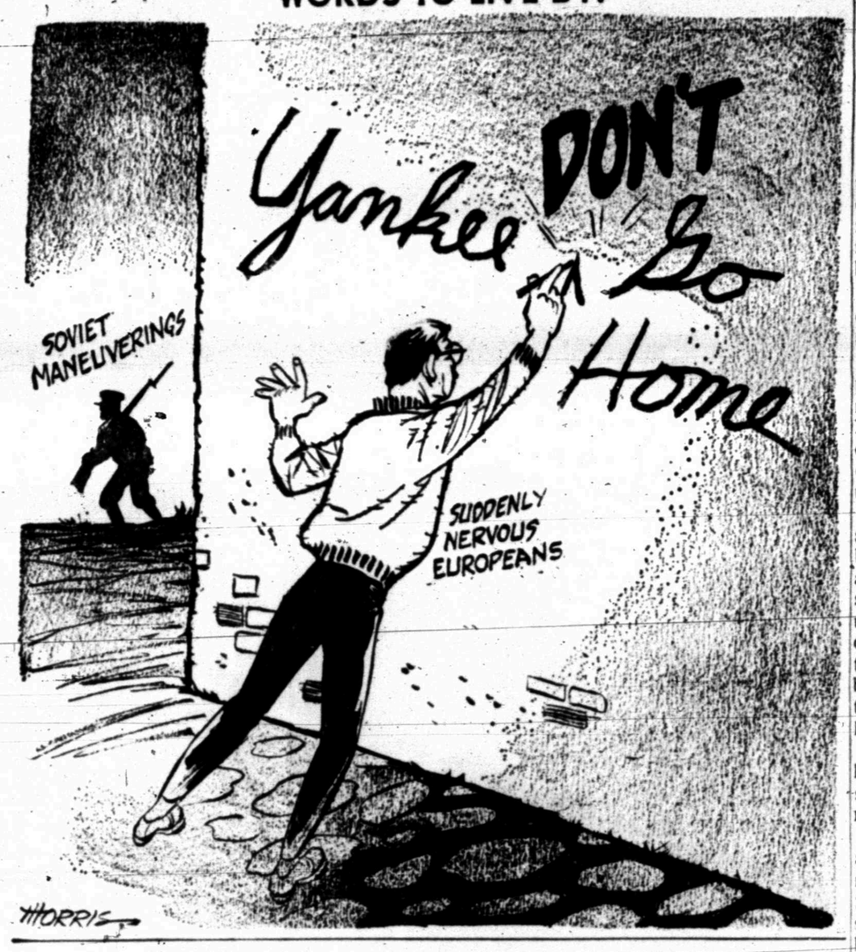
WORDS TO LIVE BY!



YEAR AFTER DEVALUATION

Britons Surviving The Test

By LAWRENCE MALKIN
Associated Press Writer

LONDON (AP) — Just one year ago the British fell off of their economic tightrope and devalued the pound.

They've been picking themselves up since then and discovering that the bump from $2.80 down to $2.40 per pound didn't hurt half as much as they had feared. Another drop would certainly hurt, especially in terms of national stability and self-confidence, but so far it doesn't seem likely.

Ask an Englishman what devaluation has meant to him and you get a shrug. It's all but forgotten. He doesn't meet this financial abstraction face to face unless he goes abroad for his two-week vacation. But many Britons go to Spain for their summer sunshine, and Spain devalued its currency along with Britain.

At home the government has been forced to cut spending in its drive to reduce home demand for goods that must be exported. The first slashes hit the welfare state, and the labor government feared wails of criticism. Public opinion polls show that many Britons were ahead of their leaders. They favored fewer state welfare benefits, and more money to spend as they liked.

In fact, they've almost got it. If devaluation works by booming British export sales, they will.

Statistical indicators show that prices have gone up about 5 or 6 per cent in the last year, a shade less than predicted. Earnings of workers are going up only slightly less, virtually canceling out price rises and relaxing the squeeze on most people's pocketbooks. Unemployment is steady at 2½ per cent.

Devaluation has made little difference to the housewife. A year ago, the Sunday Observer sent out a woman reporter with five pounds to fill a shopping basket. She's been making monthly trips to the supermarket, and the latest one shows that the same basket of staples cost 46 cents more, not much different from price rises in recent years. What's more, most of it came from higher beef due to last winter's foot and mouth outbreak. Some prices even went down.

If anyone has reaped an immediate benefit, it's the propertied middle classes—ironically the group that complained about devaluation a year ago. People with property have profited from the rush by people with savings to buy—anything, so long as it represented something more solid than paper money.

Putting an economy into balance means working out a delicate international equation by careful trial and not too much error. Per Jacobsson, the International Monetary Fund's director until his death in 1964, once said: "You can no more define equilibrium in international trade than you can define a pretty girl, but you can recognize one when you see one."

By this subjective test, many economists and businessmen agree with Chancellor of the Exchequer Roy Jenkins' recent claim that Britain's drive to get out of the red "shows every sign of working out."

You rarely hear experts talking seriously now of another devaluation—unless it is forced on Britain by events beyond its control. One often mentioned is the fear of an American recession, throwing world trade into a slump.

Britain seems to be putting its own house in order. The consumer buying boom, which followed a serious miscalculation by Jenkins and his economic forecasters of the underlying strength of consumer demand, is finally tapering off. The chancellor gave it the coup de grace last month with a new, pre-Christmas clamp on installment buying.

The buying boom has resulted in the most stubborn figure in the devaluation equation—a persistently high level of imports.

According to the theory of devaluation, higher import prices—up 11 per cent on average—should cut the demand for foreign goods. But everything from Italian cars to American popcorn has been sucked in by the buying boom while exporters try to earn the foreign currency to pay for them.

Exports are up 17 per cent in one year, more than enough to cancel out the 14 per cent drop in the value of Britain's economy. Leading the way is the auto industry, which set a record high of $1.44 billion worth of exports.

If things seem to be going so well after devaluation, why did Britain fight so hard against it? In retrospect, the fight seems to have been largely self-generated. Prime Minister Harold Wilson made preservation of the pound the prime object of his government's policy. He paid for failure in devalued public stature.

But devaluation helped Britain face reality as a medium-sized nation that could no longer afford imperial pretensions. "We can't be a world policeman if we have a hole in our shoe," Jenkins often says nowadays.

Junior Editors Quiz on DOGS

QUESTION: *Why does a dog pant?*

* * *

ANSWER: Both Charlie and his dog Red are warm-blooded — meaning they have a body temperature which must be kept at a reasonable level, neither too hot or too cold. The exertion of climbing to that mountain top has heated up both the boy and his dog. Charlie's skin has a very special system to take care of the overheating. About 2 million tiny sweat glands are distributed over his skin, and these discharge extra liquid or sweat. As the sweat evaporates in the air, it cools off the skin and tends to keep Charlie's body heat in balance. If Red could speak, he would explain that his skin is not covered with such useful little sweat glands. Dogs possess such sweat glands only on their noses and on their feet. But the dog has a special cooling system of his own for use after strenuous exercise has warmed him up. He opens his mouth, sticks his tongue far out and pants. This is a kind of heavy breathing which draws cool air inside his body, gradually cooling it down.

(David Miller of Bristol, Conn., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize).

Philippine Bankers Are A Soft Touch

By MARCELINO H. ROXAS
Associated Press Writer

MANILA (AP) — The staff of the Philippines' newest bank consists only of women and the feminine touch is everywhere—from delicate handshakes to bone-crunching karate chops.

No men work there but plenty come in to ogle and even do some banking.

The woman's influence is so pervasive at Banco Filipino's new branch in Quezon City near Manila that the desk in front of one big steel walk-in safe is decorated with a statuette of Venus.

Two shapely security guards stand nearby, wearing white boots, long stockings and above-the-knee skirts to make startingly clear they are not the usual man-type guard. Their outfits make equally clear that these pretty sentinels are not to be fooled with. Pistols are featured, worn fashionably on the hip.

The weapons, which the gals know how to use, fit a white holster with broad white belt, to match the boots.

The guards—Francisca Feliciano, 21, who favors a .22-caliber revolver, and Lumen Alcantara, 22, who flashes a 38—are from a security agency and trained to handle rifles, too.

They are still learning, however, about some aspects of the rough and tumble in self-defense. Their teacher is Warlita J. Jorda, an attractive bookkeeper for the bank who holds a black belt in karate and a brown belt in judo.

She is giving a special instruction to the guards, but also has held classes for the 14 other petite Filipinas on the staff just in case would-be robbers think an all-woman bank would be a soft touch.

Manager Mualhati de Leon said she doesn't think that just because there are no men on the staff that bank robbers will be unduly tempted—to rob the place.

"We hope," she said, "that a robber would forget all his bad intentions if he saw all the friendly smiles."

The girls, all unmarried, are called Customer Relations Models—CRMS—officially, and the bank's advertising motto is, "Our CRMS will do anything for you—except perhaps accept a date."

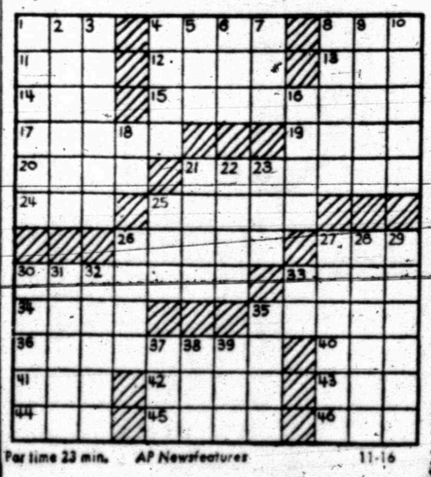
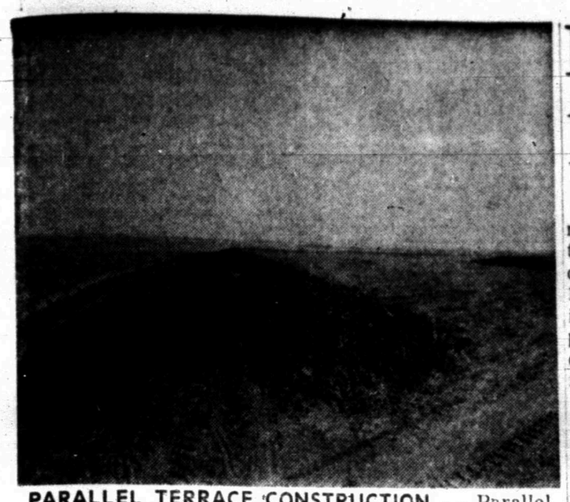
SOLUTION OF YESTERDAY'S PUZZLE



Par time 23 min. AP Newsfeatures 11-16

"WHICH WOULD YOU RATHER..."



PARALLEL TERRACE CONSTRUCTION — Parallel terraces are constructed by taking soil from the lower side to build the ridge. This helps to spread the trapped water over a larger area. Since the water is spread over a larger area and not as deep as it stands in conventional terraces it will soak into the soil faster. The water will be held over more productive soil because none of soil was removed in constructing the terrace ridge.

Mills Says Surtax Is Here To Stay

WASHINGTON (AP) — The man who controls congressional tax-writing machinery has cast doubt on chances for lifting the 10 per cent income surtax, striking a note of discord among postelection Democratic pledges of cooperation with the incoming Republican administration.

Rep. Wilbur D. Mills, chairman of the House Ways and Means Committee, said Friday there is scant likelihood of Congress permitting the 10 per cent surtax to die a natural death as scheduled June 30.

President-elect Richard M. Nixon said during the campaign the surtax was a "war tax" and should not be extended.

But Mills, D-Ark., said in a speech to the Arkansas Petroleum Council in Little Rock: "We may as well face the fact that the cessation or lessening of hostilities will bring immediate demands from all sides for additional spending on the domestic front."

Some Nixon aides have indicated the new administration might settle for a reduction in the surtax to 5 or 6 per cent if it can't block it outright.

Mills didn't mention the possibility of a reduced tax.

He said normal growth alone —not counting increased demands for domestic spending in the cities, education and other areas—will increase next year's expenditures by $7 billion to $10 billion. Government economists have estimated the surtax will raise $15.2 billion in the fiscal year ending June 30.

The speech was Mills' strongest public comment on the surtax since the election.

Three days after the election he said in an interview that a combination of a tax cut and increased federal spending would produce "an unmanageable deficit" in the fiscal year starting next July 1.

He has also differed with Nixon on another fiscal matter. The president-elect's proposals to cut back federal antipoverty spending in favor of tax credits to industries who take up the slack.

Mills has called the plan "back door spending" that could cost billions more than direct spending to get the same job done.

State Leads Nation In Junior ROTC

SAN ANTONIO (AP)—Texas leads the nation in the junior Army Reserve Officers Training Corps program for the academic year with 99 high schools participating, officials of 4th Army Headquarters report.

There are 532 high schools throughout the nation offering junior ROTC training.

A total of 123 high schools offer the program in the five-state 4th Army area of Texas, Arkansas, Louisiana, Oklahoma and New Mexico.

Conservation Projects On Increase Here

The 1968 fiscal year report shows that farmers and ranchers in the Upper Colorado Soil and Water Conservation District are doing an outstanding job in carrying out their conservation plans.

There are now 1156 cooperators in the district covering 866,604 acres. In 1968, 30 farmers and ranchers became new cooperators of the district. 41 farmers and ranchers revised their conservation plans with the district.

The following conservation practices were carried out during the 1968 fiscal year: brush control — 21,187 acres; deferred grazing — 61,678 acres; diversion terraces — 61,066 feet; 23 farm ponds; pipeline for livestock water — 10,619 feet; proper grazing use on rangeland — 232,763 acres; range seeding — 1,632 acres; constructing of new and rebuilding of standard terraces — 1,678,956 feet; and new parallel terraces — 110,000 feet.

Contracts To Texas Firms

WASHINGTON (AP) — Sen. Ralph Yarborough, D-Tex., announced Friday that companies in eight Texas cities would receive Defense Department contracts totaling about $99.6 million.

The contracts, issued to 16 Texas companies, would provide for nearly one billion gallons of jet fuel.

They are Humble Oil and Refining Co., Coastal States Petro-Chemical Co., Continental Oil Co., Fort Worth Refining Co., Signal Oil and Gas Co. and Tonkawa Co., all of Houston.

Also, Bayou Refining of Pasadena, Adobe of Midland, American Petrofina of Texas in Dallas and Hunt Oil Co. in Dallas.

Also, Diamond - Shamrock Corp. of Amarillo, Southwestern Oil and Refining Co. of Corpus Christi, Texro Petroleum Corp., Cardinal Inc. and Monarch Refining Co. of San Antonio, and Southwestern Pallet of Abilene.

Campaign Expenses Are Tallied

AUSTIN (AP) — It cost Lt. Preston Smith $1,233,074 to campaign successfully for governor of Texas, reports filed with Secretary of State Roy Barrera retary of State Roy Barrera show.

Smith's Republican opponent, Paul Eggers, spent about a third as much—$384,422, Eggers' campaign finance reports indicate.

Both totals are from the start of each candidates primary campaign to the finish of their general election contest.

Smith reported contributions totaling $1,207,237 and Eggers said he received $291,352.

Final reports covering the period since preliminary statements were filed Oct. 28 show Smith received $206,254 in gifts and paid out $196,241 in the closing days of his campaign.

Eggers report verified reports that his campaign ran short of cash in its final days, showing gifts of $17,159 and payments of $16,005 since the filing of his preliminary statement.

Gifts of $1,000 or more received by the two gubernatorial candidates:

Smith

Taylor, Malibu, Calif., $1,000; L. Berben, Jr., Houston, $1,000; Preston Smith Campaign Fund, Victoria, $1,525; C. Wyly Sr., Dallas, $1,000; P. Lindsey, Dallas, $1,000; Smith Fund, West Texas Committee, Fort Worth, $1,200; Smith Fund, East Texas Committee Fort Worth, $1,000; Smith Fund, Central Texas Committee, Fort Worth, $1,200 F. Erwin Jr., Austin, $1,000; R. Carlton, Dallas $1,000; P. Barnhart, Houston, $1,000; C. Coates, Houston, $1,000; J. Stemmons, Dallas, $1,000; S. Wittenberg, Amarillo, $1,000; J. Culpepper, Cleburne, $1,000; L. Dorma, Dallas, $1,000; C. Moore Jr., Dallas, $1,000; J. Coogan, Houston, $1,000; T. Wallace, Dallas, $1,000; T. Cassidy Jr., Dallas, $1,000.

Also, Dallas Committee for Smith, $5,515; Citgo, D. Lawson, Trustee, Dallas, $5,000; R. Nasher, Dallas, $1,50; M. Hart III, Dallas, $5,000 M. Thomas, Dallas, $1,000; E. Jordan, Dallas, $1,000; A. Meadws, Dallas, $1,000; Smith Committee, Tyler, $1,000; Houston Appreciation Dinner, $51,678 A. Brashear Jr., Temple $2,432; J. Milam, Lubbock, $1,000.

Also $4,800 contributions from each of the following committees; each of Dallas, and each with R. Thornton Jr., as trustee; Committee for Constitutional Government, Committee for Educational Advancement in Texas ad League for Sound Government Philosophy.

Eggers

Texas Republican Finance Committee, $12,500; Hays County Republican Party, $1,000; Eggers Campaign Committeee, $1,000.

15,000 Deer Killed On Texas Highways

AUSTIN (AP)—With a fifth of the nation's deer, Texas has more deer killed accidentally on the highways each year than hunters shoot in at least 18 other states.

The Parks and Wildlife Department estimates motorists killed about 15,000 deer the past year while a national hunting and fishing magazine lists 18 states with smaller deer kills.

DEFENSE PAVES WAY

Strong Brownfield Thwarts Snyder's Game Bengals 22-0

BROWNFIELD — A tough goal line defense paved the way here Friday night for Brownfield's 22-0 decision over Snyder's game but outmanned Tigers in next to last District 3-AAA clash of the season for both teams.

Brownfield, with a 6-2-1 record, closes out at home against Sweetwater next week while Snyder, now 3-6, is host to La Mesa.

Oddly enough, the Tigers also probably turned in one of their better if not best defensive performances of the season against the Cubs. They held the physically powerful Cubs seven times, including a couple of times deep in Tiger territory.

The game was much closer than the score indicates. Both teams made two long drives. The only difference was Brownfield got into the end zone in both of their distance marches in the first and fourth frames while Snyder reached the shadow of the goal twice only to be thwarted by the tough defense of Brownfield. The other Cub tally resulted from a hard pass rush and an interception.

Quarterback Bob Craig traveled nine yards for the Cubs' first TD to cap a 60 yard drive during the hosts' first possession in the first quarter. The big play was a 38 yard gainer on a reverse by Richard Lepard, 167 - pound junior fullback. Craig swept right end for the extra points.

The Tigers began a long march in the first frame with Randy Levens scooting 22 yards to the Tiger 42 to set the drive in motion. He added three to the 45, then Efrain Cervantez went wide right on a tricky run to the Cub 22 for a nifty 33 yard gain. Then the gun signaled the end of the quarter and both teams traveled almost the length of the field. The hike apparently cooled the Bengals. They did get another first on a 6-yard toss, Lee McNair to Jerry January, and a 5 - yard run by Levens to the 11, but had to settle for a field goal attempt from the 21 when the drive stalled. Mitch Rambin's kick went in the right direction but one of the Cub defenders partially blocked it and the ball fell short.

Credit Snyder's defense, led by Eddie Ray McClain, with holding the Cubs three times in the third quarter. On the last play of the frame, however, the Brownfield defensive unit put a hard rush on McNair that set up an interception at the 20. Lepard speared the ball at top speed and barreled into the end zone. His kick from placement boosted the margin to 15-0.

Snyder made a 74 yard drive after taking the kickoff that opened the last period. Operating from the Bengal 20, Levens gained four in two cracks at the line, then McNair hit January with a 7-yard strike and Mitch Rambin near the east sidelines with a 30 - yard aerial. It was Levens' turn again and he cracked through the line on a draw play, getting 15 to the 24. He added one more, then Lee connected with January again on a short one to the 15. Jerry tucked the ball in, ducked his head, and charged forward for seven more paces to the eight to set up first and goal. Levens gained another yard, then the stout Cub defenders arose to the occasion to nip the threat.

Taking over at their 10, Brownfield drove 90 yards in nine plays plus a 15 - yard penalty, for the last TD. The Cubs completed only two of eight passes during the night, but one of them came at this points. It was a 24 - yarder from Craig to Keith Neill up the middle. The tall, lanky end fell into the end zone as he made the catch. Lepard added the extra point.

The Tigers have nothing to be ashamed of. They tried their best and forced a good team to go all out to win. At least one observer feels the Cubs may surprise Sweetwater next week.

STOUT DEFENSE — Two tenacious goal line stands by the tough Brownfield defense helped pave the way for their 22-0 District 3-AAA football triumph over Snyder's Tigers Friday night. Here, Cub tacklers Charles Gaines (44) and Larry Fink (64) move in to stop Snyder's Efrain Cervantes. Other Tigers identifiable are Valvin Garcia (65), Scott Hartley (62) and Willis Harrison (kneeling).

All Clear For Racers

PHOENIX, Ariz. (AP) — Ideal racing weather is expected Sunday for the two turbines entered in the 200-mile U.S. Auto Club Bobby Ball Memorial Race at the Phoenix International Raceway.

The weather forecast called for partly cloudy skies and cooler temperatures. A rain storm was scheduled to leave Arizona late today.

Two turbines are entered in the annual race, one by Parnelli Jones and the other by Andy Granatelli. Jones said Friday the colder the temperature the better for his car.

A strong battle also is expected between the turbo-charged Offies and Fords in the 24-car field. Defending national champion A.J. Foyt said he expected to win if his turbo-Ford finishes. Battling Foyt will be Mario Andretti, also in an Offenhauser.

Granatelli said Friday he plans to put a two-way radio in the helmet of driver Art Pollard. He said the radio would permit direct contact between the driver and the pit.

He said the idea may eliminate the need for pit crews to use blackboards to signal drivers.

Other drivers expected in the field are Roger McCluskey, Lloyd Rudy, Billy Vukovich, Gary Bettenhausen, Al Unser, Johnny Rutherford, Gordon Johncock and Ronnie Bucknum.

Kathy, Marilyn Share Golf Lead

PENSACOLA, Fla. (AP) — Kathy Whitworth, vowing she didn't want to gamble on her putting, moved into the second round of the Pensacola Invitational Golf Tournament Saturday hoping to break her first-place tie with Marilyn Smith.

Miss Whitworth posted a 35-36-71 Friday to tie Miss Smith who toured the par 73, 6,316-yard Scenic Hills Country Club course with a 33-38—71.

Miss Smith indicated she had to make some adjustments to the Pensacola greens. She said they were true, but playing in intermittent showers Friday, the women found the greens "a little faster than we have been used to."

Debbie Austin, a rookie from Oneida, N.Y., birdied five holes and one-putted four greens on the backside to gain a third-place tie at 72 with Sandra Haynie.

Top-Ranked Prep Teams March On

BY THE ASSOCIATED PRESS

All four top-ranked schoolboy football powers marched into the playoffs in convincing fashion Friday night, led by Class AAAA kingpin Dallas South Oak Cliff.

South Oak Cliff, the No. 1 ranked team in the Dallas Morning News Class AAAA listing, blanked Dallas Kimball 32-0 for the Dist. 12-AAAA championship.

Henderson, No. 1 in Class AAA, easily defeated Longview Womack 38-6 for the Dist. 7 AAA championship.

Undefeated Iowa Park, which has retained its No. 1 plateau in Class AA throughout the season, rolled over Shamrock 34-0 to wrap up the Dist. 2 AA crown.

Poth, No. 1 in Class A, trounced ninth ranked Three Rivers 39-8 for the Dist. 31 A championship and an unbeaten status in regular season play.

Galveston Ball, only two points behind South Oak Cliff in the voting for No. 1 in AAAA, thrashed Bay City 28-0 to enter the race for the state championship. Galveston won the 24 AAAA title.

All the No. 2 ranked teams also advanced into the playoffs. Refugio, runnerup in Class AAA, whacked Cuero 28-6; San Antonio Randolph moved into Class AA title contention with a 38-24 victory over Hays Consolidated; and Honey Grove swatted Whiteface in Class A.

Numerous other schoolboy teams won district titles, including Lubbock Estacado, which cinched the 3 AAA crown with a 6-0 victory over Sweetwater.

Estacado's title marks the first year it has competed in the University Interscholastic League. Estacado is ranked 4th in the state.

Lufkin Dunbar, ranked 9th in Class AA, whipped 8th ranked Crockett 20-7 to complete its third straight unbeaten season. Dunbar won two straight state Negro champships before moving into the UIL.

Piccolo To Play For Bears

By HAL BOCK
Associated Press Sports Writer

Brian Piccolo gets a long-awaited chance as Chicago's starting running back in the Bears' National Football League game against Atlanta Sunday. It should be a moment of great joy for him but it isn't.

That's because Piccolo is replacing Gale Sayers and while a player can occupy Sayers' spot on the field, it's quite another thing to replace him. Sayers, of course, is out for the season with torn ligaments and cartilage in his right knee.

"This isn't the way I wanted it," says Piccolo. "Gale should be out there."

In other NFL action Sunday, Cleveland is at Pittsburgh, St. at Detroit, Los Angeles at San Louis at Baltimore, Minnesota at Detroit, Los Angeles at San Francisco, New Orleans vs. Green Bay at Milwaukee, Atlanta at Chicago, Philadelphia at New York and Dallas at Washington.

In the American League, New York plays at Oakland, San Diego is at Buffalo, Denver visits Houston, Cincinnati is at Miami and Boston at Kansas City.

Piccolo picked up 67 yards in 18 carries after replacing Sayers last Sunday. Gale had 32 yards in 11 carries and 856 for the season—second best in the league—before the accident.

The Bears have won four straight with rookie Virgil Carter at quarterback and share the NFL's Central Division lead with Minnesota.

The Vikings, sky-high after dropping Green Bay last Sunday, hope for as strong a defensive show against Detroit this week as they had against the Packers. They dumped Bart Starr five times, blocked a field goal and jarred the Packers into two costly fourth period fumbles.

The Lions ended a 14-quarter draught with their first TD scored by the offense since Oct. 20, but still lost to Baltimore last week.

The Colts, sharing the Coastal Division lead with Los Angeles, run up against the host Cardinals, who have not lost in five weeks. Jim Hart passed for 353 yards last Sunday as the Cardinals wiped out a three-touchdown Pittsburgh lead and battled the Steelers to a 28-28 tie.

Earl Morrall continues to pilot the Colts and together with a devastating defense which has permitted just two touchdowns in the last three weeks, he has kept Baltimore neck and neck with the Rams.

Los Angeles, too, has been doing it with defense. The Rams have allowed 111 points—only three more than league-leading Baltimore. They beat Atlanta by a touchdown last week with some clutch running from Tommy Mason and Willie Ellison.

John Brodie passed for 199 yards and two TDs but suffered four interceptions against Chicago as the 49ers lost their fifth game last week.

Green Bay tries to climb back into the Central Division picture against New Orleans. The world champion Packers have lost four and tied one in five division games this year. Over-all, they're 3-5-1 and 1½ games back of both Detroit and Minnesota.

Cleveland, clinging to a one-half game edge in the Century Division, has won four straight and five in the last six weeks. The Browns have the NFL's leading rusher in Leroy Kelly, who has gained 890 yards in 144 carries. Pittsburgh, after dropping six straight, has not lost in three weeks.

New York closed to within one game of Dallas in the Capitol Division race by knocking off the Cowboys last Sunday. The Giants could tie for the lead by beating winless Philadelphia and getting some help from Washington, which hosts Dallas.

Klondike Gains Tie

KLONDIKE — The host Cougars connected on a 25 - yard scoring "bomb" from Jimmy Etheredge to Russell Dunbar in the fourth quarter here Friday night to gain a 20-20 tie with the Borden County Coyotes from Gail in an Eight - Man gridiron clash.

Gail scored first on a 9 yard run by quarterback Guy Zant in the first period. Both teams connected on 75 - yard pass - and - run plays in the second stanza. Zant and Don Jackson are the combo that clicked for Gail while Joe Cozart passed to Etheredge for the Cougars.

The Coyotes' Glen Perry sustained a concussion during the game and was taken to a Big Spring Hospital where he remained overnight for observation. He probably will miss the tilt with Sterling City this week.

Shorthorns Rip Wogs, 47-27

AUSTIN (AP) — The Texas freshmen beat the Texas Christian University frosh 42-27 Friday although the Shorthorns were down 27-7 in the middle of the third quarter.

A TCU fumble and an intercepted pass set up two Texas scores in the third quarter.

But it was all TCU in the first quarter when Texas lost three fumbles and had a pass intercepted.

Quarterback Steve Judy passed for two TCU touchdowns and ran in two more. He ran for 90 yards in 18 carries and completed 14 of 30 passes for 145 yards.

Texas quarterback Tony Adams scored two on the ground and passed for a third. Adams hit 6 of 13 for 122 yards.

Leading ball carrier in the game was Jim Bertelsen, Texas' 198-pound halfback from Hudson, Wis., who crunched for 164 yards in 28 carries, but also fumbled four times, losing three.

Texas is now 3-1 for the season and TCU is 2-2.

Bowl Picture Clearing

BY THE ASSOCIATED PRESS

The annual riddle of which teams will play in college football's bowl games should get some unraveling today. At least selectors should get a clearer line on whom they want.

One Rose Bowl berth was expected to be filled by the outcome of the big Pacific-8 game between Southern California and Oregon State, each with a 4-0 conference record.

The Rose Bowl spot, which goes to the Big Ten champion, probably won't be decided until the Ohio State-Michigan game next week.

The Orange Bowl also apparently has filled one spot, with Penn State. The Orange also would like to get Georgia, but the Bulldogs reportedly have a no-strings-attached invitation to the Sugar Bowl, although no official invitation can be made until Monday under NCAA regulations.

Kansas and Auburn also are being mentioned for the Orange Bowl.

Tennessee is a strong contender for the Sugar Bowl. Others being considered are Oklahoma, Missouri, Arkansas and Texas. However, either Arkansas or Texas could wind up in the Cotton Bowl as the Southwest Conference champion.

Southern Methodist and Texas Tech also are in the race for the host spot in the Cotton Bowl. Missouri or one of the top Southeastern Conference teams is likely to get the other spot.

It could be Alabama against one of the Southwest Conference losers in the Gator Bowl.

Auburn, Alabama and a Southwestern Conference team are being mentioned for the Auburn, Alabama and a Southwest team are being thought of for the Liberty Bowl. The Sun Bowl pairing could be Mississippi and Wyoming.

Decisions on pairings for the many smaller bowls also will be reached today.

Highland Tops Panthers 22-15

HOBBS — The host Panthers dropped a hard - fought 22-15 District 3-B Six - Man football match to a talented Highland team here Friday night. The visitors pused across the clincher in the third frame.

CATCHES PASS — It was a short haul for Brownfield's Richard Lepard (40) after he took a 5-yard aerial from Bob Craig during the District 3-AAA thriller Friday night. Moving in to make the tackle during this first period action is Snyder's Willis Harrison (45).

Blonde Jockey Faces Boycott?

LOUISILLE, Ky. (AP) — Pretty Penny Ann Early prepared to take the track aboard Bo Tree at Churchill Downs today, amid unconfirmed reports that male jockeys might boycott the race.

Miss Early, 25, received her first assignment Friday afternoon when the owner of Bo Tree authorized the blonde jockey to ride the 2-year-old colt in the first race.

Florine Stelzig, the owner, said "Penny and I have been friends a long time. I have every faith in her."

Later, there were unconfirmed reports that male jockeys would refuse to ride in the first race and possibly boycott the entire card if Miss Early is permitted to race.

If she does, the petite rider would become the first woman in modern history to compete as a professional jockey.

When asked whether she had heard about the possible rebellion, Miss Early replied, "Yeah, I heard about that strikearoo but I don't know anything except what some newsmen told me the jockeys said."

Miss Early was granted a temprary license by the Kentucky State Racing Commission Thursday. The license permits her to ride two horses, after which a final decision will be made by the commission.

Friday night, miss Early said, "Sure, I' m nervous. Everybody's nervous in their first race. I just hope he runs good."

Miss Stelzig said Bo Tree would put Penny out front early "because he's a speedball." She added, however, that the horse "is going to lose a lot of races" unless his early speed can be controlled. Thus far, that speed has gone uncontrolled and Bo Tree has yet to win a race.

The first race is a six furlong test for 2-year-olds.

Miss Early, a divorcee and mother of an 8-year-old daughter, is the second woman in the United States to be licensed as a jockey. The first, Kathy Kusner of Maryland, has a broken leg and has not ridden.

CINCINNATI FALTERS, BALTIMORE GRABS 1ST

BY THE ASSOCIATED PRESS

A Tale of Four Cities—or A Gruelling Way to Drop out of First Place. That's the latest chapter of the Cincinnati Royals' episodes in the National Basketball Association.

In first place in the NBA's Eastern Division with an 8-2 record, the Royals opened a four-straight-day, four-city tour with a 126-115 victory over the Bullets at Baltimore.

They finished it Friday night in third place with a 10-4 mark after losing 116-105 to the Celtics in Boston.

The Royals go home tonight to play Atlanta before finally getting a rest Sunday.

Meanwhile Batlimore, 12-4, is in first place, ahead of Boston, 9-3, after pounding the Milwaukee Bucks 129-102 Friday night.

In other action Philadelphia nipped Atlanta 116-115, Los Angeles stopped San Diego 127-119, San Francisco turned back Detroit and Seattle edged Phoenix 128-124 in two overtimes.

Minnesota took Indiana 105-95 and Miami topped New Orleans 102-91 in the American Basketball Association.

Player-coach Bill Russell sent Cincinnati out of first place when he sparked a 10-point Boston surge that broke an 80-80 tie by turning in a three-point play in the third period.

Baltimore outscored Milwaukee 39-19 to increase an 82-80 lead to a commanding 121-90 bulge with just over three minutes left in the game.

Two missed fouls shots and a pair of good ones spelled the difference in the Philadelphia-Atlanta game. With Atlanta leading 115-114 and seven second left, Walt Hazzard missed two free throws that would have clinched it for the Hawks. Bill Cunningham then made two with two second remaining to win it for Philadelphia.

Jerry West and Elgin Baylor teamed to guide Los Angeles' Western Division leaders to their sixth straight. West drilled in 34 points and Baylor scored 28, offsetting a 38-point performance by rookie Elvin Hayes.

Lenny Wilken's six points in the second overtime enabled Seattle to slip past the Suns.

The SuperSonics' rookie, Joe Kennedy, hit a jumper with 10 seconds left to produce a 112-112 deadlock at the end of regulation time. Then Dick Snyder of the Suns—connected on a jumper to tie it 119-119 at the end of the first overtime.

Wilkens, who scored 30 points, hit a pair of free throws with 28 seconds left in the second extra session to give Seattle a 128-123 lead. The Suns' Dick Van Arsdale took game honors with 34 points.

Rookie Fritz Williams scored 21 points, including some vital ones in the third period when San Francisco built as much as a 35-point lead, to help the Warriors maintain their role as runnerup in the Western Division.

BOSTON (AP) — E. Ross Anderson, 72, of Wrentham, Mass., who headed the syndicate that built the America's Cup racer Nefertiti in 1962, died Friday at New England Baptist Hospital.

He was president and board chairman of Anderson-Nichols & Co., a leading consulting and management engineering firm.

Nefertiti was eliminated in the America's Cup trials and Weatherly was chosen to defend the trophy first won by the United States yacht America in 1951. Weatherly won the challenge races 4-1.

Maybe It Ain't The Coaching?

BY THE ASSOCIATED PRESS

The Indiana Pacers' first game under Bob Leonard Friday night had the same ending as seven of their nine under Larry Staverman—an unhappy one.

Connie Hawkins scored 35 points and grabbed 20 rebounds to spark the Minnesota Pipers to a 105-95 victory and spoil Leonard's coaching debut in the American Basketball Association.

Hawkins broke a 76-all tie at the start of the fourth period and also held Indiana's Mel Daniels to 12 points. The triumph gave the Pipers a 6-2 record and a one-game lead over Kentucky in the Eastern Division. Indiana dropped deeper into the cellar with a 2-8 mark.

In the only other action, Miami trailed New Orleans for three periods and then swept past the Buccaneers 102-91. The Floridians went ahead for the first time 73-72 with 10:39 left and took control in the closing minutes.

Les Hunter scored 23 points and Don Sidle added 22 as the Floridians evened their record at 4-4. It was the fifth loss in nine starts for the defending Western champion Bucs and dropped them into fourth place, 4½ games behind idle Oakland.

In the National Basketball Association, Boston whipped Cincinnati 116-105, Baltimore crushed Milwaukee 129-102, Philadelphia nipped Atlanta 116-115, San Francisco stopped Detroit 133-105, Los Angeles defeated San Diego 127-119 and Seattle nipped Phoenix 128-124 in two overtimes.

Boros In Top Form

ROME (AP) — Now that Julius "The Moose" Boros has recovered his putting form, the chances looked better than ever for the United States to take the undisputable lead Saturday in the World Golf Cup Championship.

The 48-year-old Boros of Fort Lauderdale, Fla., fashioned a 70—much of it on the greens—in Friday's second round.

Along with U.S. Open champion Lee Trevino's 71, Boros's score put the U.S. at 283, five-under-par at the halfway mark in the 72-hole tournament.

Nationalist China was at the same level. Both nations were five shots ahead of the field.

"Yes, I found the putter," said Boros.

That's all this lazy swinger needs to outstrip the field.

Trevino of Dallas has shown fine style around the greens ever since the contest started Thursday and Friday's rain and chill failed to dampen his spirits.

The next challenger was Ireland with veteran Christy O'Connor and Jimmy Kinsella.

MODENA, Italy (AP) — The Stanguellini Stable announced today that its factory is assembling a new formula 3 auto racing car with a 1,300 CC fiat motor. The new single-seater is expected to be ready for the next racing season.

Champion Jets Ready For Coastal Clashes

By MIKE BRYSON
Associated Press Sports Writer

The New York Jets, already a cinch winner in the Eastern Division, launch phase one of their role Sunday to help determine the team they will face in the American Football League's championship showdown.

The Jets, owners of a bulging 3½-game lead in their division, step into the thick of the Western Division chase—tightest in AFL history—for a two-game West Coast swing.

They take on Oakland Sunday, then meet San Diego the following week—the two teams currently locked in second place with 7-2 records, just one half game behind Kansas City, 8-2.

A pair of Jet victories would not only assure them of their first Eastern title ever, but also could help set up Kansas City as the Jets' toe for the right to move on to the Sugar Bowl.

New York's magic number is only two for clinching the title—any combination of Jet victories and Boston or Houston losses totaling two gives the Jets the crown.

The Raiders may have to combat New York with the oldest player in the league—40-year-old George Blanda—handling the quarterback duties again.

A decision on whether injured Daryle Lamonica would start was not expected to be made until game time. Blanda filled in last week and rifled four touchdown passes in a 43-7 blasting of Denver—the Raiders third straight since a loss to Kansas City.

The Chiefs and the Chargers, meanwhile, aren't expected to have much difficulty winning. Kansas City plays host to Boston, 3-6, while San Diego goes to Buffalo, 1-8-1, Denver, 4-5, is at Houston and Cincinnati, 2-8 at Miami 3-5-1 in other league games.

In National League games Cleveland, 6-3, is at Pittsburgh, 2-6-1; St. Louis, 5-3-1, at Baltimore 8-1; Minnesota 5-4 at Detroit 3-5-1; Los Angeles, 8-1, at San Francisco, 4-5; New Orleans, 3-6 vs. Green Bay, 3-5-1 at Milwaukee; Atlanta, 1-8, at Chicago 5-4; Philadelphia, 0-9 at New York, 6-3, and Dallas 7-2, at Washington, 4-5.

Boston's big chore in trying to stop a three-game losing streak will be to contain the Chiefs' rookie Robert Holmes who carried 21 times for 158 yards and caught all five of Kansas City's completions for 62 yards in a 16-9 victory over Cincinnati last week. The Pats gave San Diego a rugged battle most of the way last week before finally losing, 27-17.

Buffalo faces a murderous task in attempting to stop the Chargers' John Hadl-led attack, the most potent in the league. And, the Bills have to do it with a lineup riddled with injuries. Even rookie quarterback Dan Darragh, who is subbing for a sub, is injured and may not be able to play.

If quarterback Steve Tonsi can bounce back from a poor showing against San Diego, reviving Denver could make it a long afternoon for Houston, in second place in the Eastern Division despite only a 4-6 record.

Cincinnati rookie Paul Robinson, who has taken over the league rushing lead, will be looking for his fourth straight 100-yards-plus showing against Miami, which has the league's worst defense.

SPORTS

Latin Fight Fans Rip Up Seats

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — The new Madison Square Garden got its baptism of whiskey and wine bottles and stray chairs Friday night in a wild demonstration after the main event of a fight show.

When Ismael Laguna of Panama, former lightweight champion, was given a majority decision over Roman Blanco of Venezuela by way of Puerto Rico, the trouble started.

Ringside spectators scattered for the exits and reporters and the referee crawled under the ring while pieces of glass boanced off chairs and showered the fugitives.

Several seats were ripped with knives. One small fire was reported to have started. The hockey press box was torn up and a small refrigerator was torn from its moorings.

It was a scene reminiscent of riots in the old Garden in recent years. Trouble started after the Flash Elorde-Frank Narvaez match March 10, 1967 and the Dick Tiger-Jose Torres bout May 16, 1967.

Three spectators were reported to have been slightly injured. One compl ined of a shoulder injury suffered in a fall. Another had superficial cuts. Both were examined by Dr. Kazuo Yanigasawa, the Garden physician.

This spectator can report that the thump, thump of hard objects overhead in the ring and the shower of splintering glass were real enough to make a man want to take his boxing on television.

Laguna, 136, is fancy dancer type with quick hands and agile moves. Blanco, 136, called in Wednesday as a sub for the ailing Bunny Grant of Jamaica, is a sturdy little man who gave away height and reach but almost made up for it in punching power.

He wobbled Laguna two or three times but the Panamanian always escaped and came back strong, his jab spinning his opponent with those quick hands.

Referee Jimmy Devlin and Judge Tony Rossi each scored it 7-3 for Laguna. Judge Johnny Behan had it even at 5-5 in rounds and 6-6 in points. The AP had Laguna a 6-4 winner.

Schedules Change At Texas Tech

LUBBOCK, Tex. (AP)—After this year, Texas Tech students will be able to complete their final examinations before going home for Christmas.

The new calendar calls for resident halls to open on Aug. 26, 1969, with registartion Aug. 27-29 and classes to begin on Sept. 7. Final exams will be held Dec. 12-19.

Also announced was a break between spring commencement about mid-May, and the summer session's opening, about June 1.

COLUMBUS, Ohio (AP) — Franklin E. Devlin, of Monticello, N.Y. Raceway, was elected president of the Grand Circuit of Harness Racing Friday.

Bad Omen For Racers!

MACAO, Portugal (AP)—Five more preliminary crashes, including one by the only woman driver entered—today spelled out a possible bad omen for Sunday's 15th Macao Grand Prix.

The crashes supported what some drivers have been saying during three days of practice runs. Although the 3.8 mile Macao route is exactly the same used for the past eight years, the track surface and skid turns are more dangerous this year than ever before.

There have been 16 crashes in the three days. Three Hong Kong car drivers are in Macao hospitals and Hong Kong motorcyclist Dan Chang was in critical condition from head injuries.

Hong Kong's Maureen Ng crashed and rolled her Lotus Cortina on treacherous "fishermen's bend" in today's first heat of the Auto-Mobile club of Portugal Trophy race. Mrs. Ng was stunned and shocked but doctors said she apparently was not seriously hurt.

TORONTO (AP) — Raynose Fernandez of Brazil beat out four United States riders in a jump-off and took first place Friday night in the International Stakes at the Royal Agricultural Winter Fair horse show.

Riding Cantal, he completed the course in 36.8 seconds. His nearest U.S. rival, Carol Hofmann of North Branch, N.J., on Salem, also jumped without a fault in 43.3 seconds.

GM

Chevrolet's got a big surprise for the guy who'd buy a sports car if only it had more room. It's the Impala SS 427.

Like all Impalas, it comes with a 119-inch wheelbase, Astro Ventilation and full door-glass styling. Like all Chevy Sportsters, it comes with a beefed-up suspension and grabby red-stripe wide oval tires.

Under the hood, it's more of the same. We tucked in a 427-cubic-inch 390-horsepower Turbo-Jet V8.

That means it's the kind of car you can take for a workout even if you're just going to work.

There's driving excitement in these other packages too: Corvette Stingray, Chevelle SS 396, Camaro SS, Camaro Z/28 and Nova SS.

Vaaarrrrroooooooooommm!

Listen for it at your Chevy dealer's Sports Shop.

CHEVROLET

Putting you first, keeps us first.

INDIVIDUAL INCOME GIVEN LITTLE CHANCE OF KEEPING PACE

Thursday Morning, October 17, 1968—LUBBOCK AVALANCHE-JOURNAL • • E-3

Study Shows Average Home Cost May Increase $10,000 In Only Five Years

WASHINGTON (UPI) — The high cost of housing is starting to concern not only home buyers but home builders.

While individual income has risen 141 per cent since 1950, the Federal Housing Administration (FHA) estimates the prices on home mortgages it guarantees will rise even greater in the future.

Indications are the answer is "no."

The have risen 118 per cent while conventional mortgages have gone up 153 per cent.

The question then becomes, can personal income continue to keep ahead of housing prices as the demand for homes becomes even greater in the future?

This kind of increase could be boost the price of houses an additional $10,000 in only five years, ing year.

Right now the National Association of Home Builders (NAHB) predicts the $24,500 average cost of a home will rise by $1,500 the following year.

For example, back in 1950 only 8 per cent of America's families had incomes in the $10,000-plus range. Today, 33 per cent of the families are in that bracket.

Over the last 20 years, home buyers have been willing to pay the added freight on new homes because incomes were either rising or getting ready to.

But wages are not going to continue at that pace—at least not while the income tax surcharge is in effect—and home builders are beginning to look at the factors which have boosted home prices over the years to see if homes can be done.

Some of those factors include: more bedrooms, bathrooms, recreation rooms, air conditioning, all-electric kitchens and even sauna baths.

Land costs: Another survey reports that land costs have risen 180 per cent for a lot. This is not just due to higher labor costs. This is not though the Labor Department reports building trade wages up 50 per cent over the past 10 years. One key factor is the dwindling manpower available for home building.

Home buyers: Since prospective buyers have been making more money it is only natural they should demand homes with more extras. A NAHB survey said that since 1950, single-family homes have grown in size by only about 70 per cent and added

because readily developable land is becoming more scarce. Higher labor costs: This is not higher wages, although

at a rapid rate, but also simply because

"FHA properties are offered for sale to qualified purchasers without regard to the prospective purchasers race, color, creed, or national origin. Purchasers should contact the Real Estate Broker of their choice. Offers to purchase may be submitted direct to FHA when the purchase cannot secure the services of a qualified broker. The local FHA office is located at 1601 Avenue "N", Lubbock, Texas."

CAREER CORNER

By F. J. LAIN

Miss Lain awards a Mercury portable, courtesy of the Royal Typewriter Co., to Mrs. Herbert F. Peterson, Sun City, Ariz., for her suggestion:

"Real estate seems to be a likely career possibility for mature folks especially 'empty-nesters' who want something to do with their time. And the earnings for a good salesman or saleswoman in a moving area are excellent."

A — Good thinking. While real estate is an excellent first-career choice, it is also a field where maturity is an asset. It requires professional preparation, and, as in most other things, success comes to the man who looks for work after he's found the job. Many new real estate sales people fall by the wayside during the first year because — let's face it—the bushes are hard to beat in the beginning. As Shakespeare said. . .

"MUCH RAIN WEARS THE MARBLE." Monsoons of perseverance, and enough money to live on while you're getting your feet wet, are two highly desirable properties.

BEST LOCALITIES FOR REAL ESTATE JOBS are generally speaking, large urban areas and smaller, fast-growing communities. But there are opportunities in every part of the country as well. WOMEN DO GREAT selling real estate, particularly in residential transactions because wives are inclined to value another woman's opinion about a home.

A SALESMAN obtains listings of properties for sale, develops lists of people interested in buying, and sells the specific properties which he and his firm have to offer. He needs a working knowledge of such things as the neighborhoods with which he deals, taxes, schools, value of different locations, the strengths and weaknesses of each property. And for advancement, he should acquire a knowledge of finance, accounting and appraisal.

REQUIREMENTS: Every state requires salesmen and brokers (a broker employs salesmen) to pass a written exam on the fundamentals of real estate and on the laws affecting its sale before being issued a license. The exam is more comprehensive for brokers, and brokers are usually expected to have had from one to three years in related experience or education. Both salesmen and brokers may be called a "real estate agent," or if a member of the National Association of Real Estate Boards, a "Realtor."

PROFESSIONAL PREPARATION. Agents may take courses in real estate fundamentals, principles and practices, real estate law, financing, property development and management. These courses are given by local real estate boards, colleges and universities and adult evening schools.

COMMISSION ON SALES is the basis upon which most real estate sales people are paid. For homes, the suggested commission is about six per cent, while farm, commercial properties and unimproved land commissions may be higher or lower. The salesman shares his commission with the broker who employs him. Many full-time salesmen earn $5 - 10,000, although beginners usually earn less, and the better producers make $15,000 or more. Salesmen may have to pay their own travel expenses and there's much evening and weekend work.

PUTTING YOURSELF ON THE MARKET: Apply directly to local real estate firms — check this paper's classified help-wanted ads. Also, local real estate boards may be able to suggest which organizations are hiring.

FOR MORE INFORMATION, write to the Department of Education, National Association of Real Estate Boards, 155 E. Superior St., Chicago, Ill. 60611.

PICKED FOR MOON FLIGHT — The National Space and Aeronautics Administration released this picture of three spaceflight veterans picked as the prime crew of an Apollo mission which may fly to 50,000 feet above the surface of the moon. Named to Apollo 10 mission were Navy Cmdr. Eugene A. Cernan, left; Navy Cmdr. John W. Young, center, and Air Force Col. Thomas P. Stafford, the flight commander. (NASA Photo via AP Wirephoto)

BY NATION'S BISHOPS

Ban On Birth Control Eased

By JAMES R. POLK
Associated Press Writer

WASHINGTON AP) — The nation's Roman Catholic bishops have offered a measure of freedom to married couples to use artificial birth control, but little immediate help to dissident priests who clamored for them to take a stand.

In a 16,000-word compromise pastoral letter, the National Council of Catholic Bishops firmly defended Friday Pope Paul VI's continuing ban on all aritifical contraception.

But, in the climax of a week of fierce debate, they said couples who break the ban will not be turned away from the church and communion.

The bishops suggested "circumstances may reduce moral guilt," although they did not go as far as listing any circumstances.

The pastoral letter, viewed as a compromise in the fierce church fight over birth control, was passed by an overwhelming 180-8 vote at the windup of a week-long conference.

The bishops' statement stirred one new dispute immediately—over the Vietnam war and the draft and failed to silence another over priests punished for public dissent.

The Catholic hierarchy openly questioned the worth of the war and asked, "Has the conflict in Vietnam provoked inhuman dimensions of suffering?"

The bishops urged an end to the military draft in peacetime. And called for selective conscientious objection to military service for those who may feel only a specific war is unjust.

Gen. Lewis B. Hershey, 75-year-old director of the draft, said the church was encroaching on politics, not voicing a religious objection.

"They want it so the individual can pick his war, and that's a political question," Hershey said.

Forty Washington priests penalized by Patrick Cardinal O'Boyle for supporting a choice of conscience on birth control hailed the bishops' statement as a victory.

"Our position has been vindicated," the priests said in a formal announcement calling for the cardinal to lift the penalties.

But a spokesman for them cautioned that "it would be rash to say that the controversy is over" until and unless the cardinal acts.

There was no comment from the Washington Chancery.

The pastoral letter steered carefully clear of any specific mention of the Washington dispute, and the church leaders added that it was not binding on member bishops.

The statement defended dissent but only when voice with prudence and without scandal.

Soviets Launch Biggest Ship Yet

MOSCOW (A) — The Soviet Union today launched Proton-4, described in an official announcement as the world's biggest unmanned spaceship.

The announcement said a booster rocket put a payload of 17 tons into earth orbit. Of this, 12.5 tons constituted unspecified scientific equipment.

By ABIGAIL VAN BUREN

DEAR ABBY: My husband recently joined the Masonic lodge. Naturally I was very proud of him, but now it has presented a problem to us.

He tells me that this is a "secret organization" and he has given his word that he will tell no one about the secrets of the lodge.

Abby, in all the 18 years we have been married we have not kept any secrets from each other. I have cried begged, threatened, and tried everything I could think of to make him tell me these "secrets" of his lodge, but he refuses.

How can an organization which is supposed to be dedicated to such high ideals create a barrier between a man and his wife? I'd appreciate your views.

WIFE OF A MASON

DEAR WIFE: Consider yourself fortunate to be married to a man whose word means something. And quit pestering him to reveal the lodge secrets or you'll lose your Mason by degrees.

* * *

DEAR ABBY: The boy who sits in front of me in history is very smart and gets 100s on almost all his tests. I was stuck during a test last week and asked him for some answers. He gave them to me wrong! I didn't know it until we got our papers back. He got 100 and I got 65! I was plenty mad and told him I thought he was a dirty cheat. I admit I wasn't very honest to ask him for the answers, but don't you think he was twice as dishonest to have purposely given them to me wrong?

CHEATED

DEAR CHEATED: Don't expect to find an honest partner for a crooked deal.

* * *

DEAR ABBY: I have often read letters in your column about women who were worried about their husband's being unfaithful. Well I am one woman who is not worried. In fact, I am all for it.

You see, my husband's capacity for love making is far greater than mine, and rather than force himself on me night after night, he attempted to divert his energies to various other hobbies. The hobbies didn't help, so he eventually took up drinking, and was well on his way to becoming an alcoholic before I realized his problem.

We discussed it, and I told him I would rather have him out playing the field than killing himself with the bottle. He agreed and complied with my request, and it has made a new man out of him.

His other women aren't taking anything away from me. In fact, they are doing me a favor. I am grateful for other women.

CONTENT

DEAR CONTENT: If you are so sure of yourself in this strange love, why are you blabbing about it? I don't advise your system.

* * *

DEAR ABBY: My husband is not speaking to his parents because last Sunday we invited them for 12 o'clock noon dinner. They didn't show up, but at around 1:45 p.m. my husband's sister phoned to say that Mom had unexpected company and they couldn't make it.

My husband thinks they should have told the unexpected company they were sorry but they had a previous dinner invitation and had to leave. What do you think?

A. H.

DEAR A. H.: I think your husband is right. And I also think your husband should start speaking to his parents. If only to tell how he feels and get it off his chest.

* * *

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal., 90069 and enclose a stamped, self-addressed envelope.

FOR ABBY'S NEW BOOKLET "WHAT TEEN-AGERS WANT TO KNOW" SEND $1.00 TO ABBY, BOX 69700, LOS ANGELES, CAL. 90069.

Genealogical Session Set

The Permian Basin Genealogical Society will hold its annual workshop Sunday, 1 to 6 p.m. in the Ector County Library, 622 North Lee Street, Odessa. Principal speaker will be Dr. James Day, former director of the Texas State Archives. Dr. Day has contributed much to the understanding of the history of Texas through the many books and articles he has written. He will speak on genealogical information available at the Texas State Library, Archives, and other libraries in Austin, Texas and area. At present Dr. Day is professor of English at Texas University in El Paso.

Members are requested to bring their personal genealogical books and records in order to exchange information. The workshop is oriented for both the experienced genealogist and the beginner. Members will be available to advise beginners how to pursue genealogical research. Talks will be given in a separate room so that visitors may examine exhibits and the genealogical library during part of the program if they choose. Everyone interested in genealogy is urged to attend. A small registration fee will include cost of genealogical forms and information for each registrant.

Gypsy Dies After Surgery In Houston

HOUSTON (AP) — Mark Mitchell of Savannah, Ga., a gypsy whose clan maintained a hospital vigil after he underwent surgery Nov. 8, died Friday night.

Mitchell, 40, had been in serious condition at St. Luke's Episcopal Hospital ever since one of his kidneys was removed.

About 150 members of the Mitchell clan converged on the hospital. They stayed in nearby motels and about 20 remained in the hospital lobby at all times.

"It is tradition that those who are closest come when it is a matter of life and death," said Miller Mitchell of Laurel, Miss., a spokesman for the clan.

A member of the group said they paid $3,000, half to go to the hospital and the other half to heart surgeon Dr. Denton A. Cooley, who performed the operation.

A hospital spokesman said there was no official comment on a clan report that Cooley would return his money if Mitchell died.

Mitchell's wife, Ann, and their three children were in the hospital when he died.

A funeral home spokesman said the gypsies will accompany the body Sunday in a motorcade to Pensacola, Fla.

SIC Lists Dividend

The regular quarterly dividend of 17½ cents per share on the outstanding common stock of the company was declared by the Board of Directors of Southwestern Investment Company at its regular meeting in Amarillo Nov. 12.

Dividends were also declared at regular rates on all issues of Southwestern Investment Company preferred stock. All dividends are payable December 1 1968, to stockholders of record Nov. 22.

Southwestern Investment Company and its finance subsidiaries operate 110 consumer finance offices in Texas, Oklahoma, Missouri, Kansas, Colorado, New Mexico, Arizona and California. Other subsidiaries are Western National Life Insurance Company Commercial Insurance Company, engaged in the automobile, fire and casualty insurance business, Standard Leasing Company, and a commercial bank in Colorado.

Snyderite Is Listed

Billy W. Early of 2100 Forty-second Street, Snyder, has been selected to appear in the 1969 edition of Personalities of the South. Recipients of this honor include Governors, United States Senators and Congressmen of the various southern states. The publication includes educators, leading businessmen and women, members of state legislative bodies, civic and political leaders, elected leaders of various political subdivisions, farmers, ministers, officers and officials of trade organizations leading sports figures, and many other individuals who, because of past achievements and service to their community and state are recognized as personalities of the south.

The 1967 edition of this book was released in February, 1968, and can be found in the state library of each southern state and the Library of Congress in Washington, D.C.

Wives To Be Guests At SPE Meeting

Wives of members will be guests at a meeting of the local section of the Society of Petroleum Engineers (AIME) Tuesday night at the Snyder Country Club.

George Killam, County Attorney of Scurry County, will be the guest speaker. His subject will be "Tell 'Em Like It Is." A social hour will begin at 6:30 p.m. and dinner will be served at 7:30.
