Wildcat Set In Northwest Kent County

Sunray Oil Corp. has announced plans to drill a 7,500-foot wildcat 12 miles northwest of Clairemont in Northwest Kent County.

The test will be the No. 1 M. L. Reed, located 660 feet from south and west lines of the northwest quarter of section 2, John Rodman survey. The drillsite is on a 320-acre lease. Operations are to begin at once.

WELL TO DEEPEN

Taylor Oil & Gas Co. and G. L. Rowsey of San Angelo have filed an amended drilling application to deepen their No. 3-A Winston Brothers, Central Scurry County test.

The project, started to drill to 7,700 feet, will go to 8,500 feet under the new application. It was last reported drilling below 6,896 feet.

The No. 3-A Winston is in section 11, tract 68, block 1, J. P. Smith survey, about two and one-half miles southwest of Snyder.

STONEWALL DISCOVERIES

Three new field discoveries have been completed in Stonewall County.

A Bend Conglomerate discovery seven miles northeast of Old Glory in East Stonewall County was completed by Dan Auld and George Rhodes Drilling Co. at their No. 1 Bristow.

Operators reported a 24-hour flowing potential of 310 barrels of oil through a one-half-inch choke and through perforations at 5,812-818 feet. Gas-oil ratio was 150-1. Tubing pressure was 100 pounds. Casing is set on the bottom at 5,829 feet.

A Canyon sand discovery was completed in the Upshaw field four miles northeast of Aspermont. The strike is Seaboard Oil Co. No. 4 Upshaw, completed for a daily pumping potential of 45.51 barrels of 34-gravity oil through perforations from 4,476-486 feet. Total depth is 6,340 feet. Five and one-half-inch casing is cemented at 6,328 feet. Drillsite is 780 feet from south and 467 feet from west lines of section 61-D-H&TC.

Lone Star Production Co. completed its No. 1 Ruby Green, seven miles north of Aspermont, as a Caddo discovery from the zones at 6,081-088 feet and 6,093-100 feet.

The well made a 24-hour pumping potential of 40.60 barrels of 38.4-gravity oil plus 22.8 per cent water. Perforations had been washed with 13,000 gallons. Total depth is 6,231 feet, with casing cemented at 6,219 feet. Location is 2,150 feet from north and 800 feet from east lines of section 138-D-H&TC.

GARZA COUNTY

Ten miles east of Post in a recently opened San Andres producing area, Dr. Sam G. Dunn of Lubbock has completed two pumping producers and has spotted locations for three new tests.

Dunn's No. 2 McCrary, drilled 330 feet from north and west lines

Living Costs Edge Upward

WASHINGTON (AP)—Higher food prices, attributed mainly to drouth conditions sent the government's living cost index up slightly in July. It was the third straight month of rising costs and will mean a penny-an-hour pay boost for about one million workers in the auto, aircraft and farm equipment industries.

The Bureau of Labor Statistics reported today that its index for July was 115.2 per cent of the 1947-49 living cost average. This is just two-tenths of a point under the record reached last October.

Workers who will get an automatic pay rise have union contracts tied to the index. These workers took a cut of a penny-an-hour last April because of living cost declines.

The BLS said higher prices for fresh fruits and vegetables, owing to dry weather in the East and Midwest, caused the July living cost rise.

Food prices in the Far West were actually lower. There were no drouth conditions in that area to interfere with the usual summertime fruits-vegetables price decline.

SCOUTS AID POLIO DRIVE

Two girls from Post attending the junior rodeo here are shown dropping coins in the kegs at a Boy Scout and Junior Chamber of Commerce booth at the rodeo grounds. Goal for the local emergency polio fund drive has been set at $4,000. Shown from left are: Carolyn Hudman, Billy Shoemake, Eddie Miller, Jaycee president, Ronnie Martin, Glen Thompson, and Freda Kennedy. More than $25 was collected by the Scouts the first night of the rodeo. (Lee Watson photograph)

Schools Here Need 43 New Classrooms

Tentative plans for constructing facilities to give the Snyder school system 43 additional classrooms, an increase of 62 per cent over the present 69, were discussed last night by the board of trustees.

Meeting with the board were principals and assistants from all schools and Fred Buford of the Dallas architectural and engineering firm of Buford & Feinberg, which designed the present elementary buildings.

All members of the administration staff agreed that the schools at present are crowded to the extent that additional classrooms will have to be constructed as soon as possible. With the exception of high school and the Negro school, all campuses in the Snyder system have never ceased to use some temporary wooden buildings quickly constructed in 1950.

These temporary structures were built for use while three 18-classroom elementary buildings for white students, an administration building, a new building for the Negro school, and a $2,500,000 two-story high school building were being constructed. It was believed at that time that the wooden buildings could be disposed of upon completion of the new brick structures, but the majority of the 20 temporary buildings are still in use.

Staff members and trustees agreed unanimously last night that additional new facilities were already needed and would be essential even if there were no anticipated increase in enrollment in the next few years.

The enrollment is expected to increase, however, by at least 29.4 per cent in the elementary schools and by a smaller percentage in the junior and senior high schools during the next five years.

The board discussed various tentative plans and costs for enlarging facilities. Overall cost of the needed program will be considerably smaller than the last program's cost, however.

No action was taken last night except that the board agreed to call a special meeting in the near future to attempt to arrive at more nearly definite plans. Board members and administrators last night expressed hope that a representative cross-section of several citizens could attend the special meeting, which will be open as all school board meetings are.

No date for the special meeting has yet been decided, but announcement is to be made as soon as it is called.

Here is the present picture: all school buildings except the high school and the Negro school are already slightly overcrowded, temporary structures being used in addition to the permanent buildings; and children already living here who will become six years old within the next five years will swell the enrollment to at least the estimated increase of 29.4 per cent, which is conservative. The present junior high school building, previously used by the high school, is crowded but would not be if only junior high students were using it. It is being shared also, however, by half the central elementary school. This elementary school is set up as single school, but because its regular permanent building was a pre-boom small structure, it is used for only the first three grades, while the other three grades share the junior high building.

New tentative proposals: the elementary students sharing the junior high facilities will have to be moved; so it is believed that a new building should be constructed somewhere between Twenty-third Street and the Santa Fe Railroad and between Avenues H and O. This plan would require redistricting the elementary schools to reduce the number in the district now using the central school so that the permanent small building can be used for all six grades. The new elementary building would have 17 classrooms. The central

Announce Rodeo's Go-Round Winners

First go-round winners in the first annual World Championship Junior Rodeo here were announced this morning as the rodeo prepared for its third night of a four-night show.

In the show here, the junior rodeoers are competing for all the points they can get, since world champions will be named Saturday night. The Snyder show is the last one held in the American Junior Rodeo Association's point award year, so champs will be declared after the points from this show are added to those the juniors got throughout the year.

The winners:

Calf roping (first go-round) — Jake Bogard, Bula, 11.8 seconds; Cotton Kenney, Sulphur, La., 11.9; Mel Potter, Tucson, Ariz., 13.9; Sam Shanklin, Rocksprings, 15.6.

Ribbon roping (first go-round)—Bill Martin, San Angelo, 11.4; Sam Shanklin, Rocksprings, 11.6; Bobby Goodspeed, Wetumka, Okla., 13.0; Mel Potter, Tucson, Ariz., 13.5.

Barrel race (first go-round) — Amy McGilvary, Robert Lee, and Sherry Price, Addington, Okla., 17.8 seconds; Melinda Bartlett, Anson, 18.3; Marie Gist, Colorado City, and Janelle McGilvary, Robert Lee, 19.0.

Flag race (second performance) — Ronnie Huckabee, Andrews, first; F. J. Douthitt, Henrietta, second.

Kid pony race (second performance) — John Billy Koonsman, Snyder, first; Skeet Whatley, Snyder, second.

Cutting horse contest (night's winners) — Cory Crutcher, Houston, on Little Honey, first; Sherry Price of Addington, Okla., on Mona Dee, second; Nathalyne Kendrick, Houston, on Spooks, third; Betty Connell, Snyder, on West Bay, fourth; Connie Connell, Snyder, on Red, fifth.

Bull riding — 10 riders qualified.

Bronc riding — three riders qualified.

Absentee Ballots Are Ready For Election On Library Proposal

Absentee ballots marked and ready for casting at the county clerk's office in the second primary totaled 106 at noon today, and there were 25 other ballots out which had not yet been returned to the office.

Deadline for honoring applications for absentee ballots is midnight Tuesday. The election is a week from next Saturday.

The office also has ballots now for absentee voting in the county library election of Sept. 4, the ballots being received this morning. The deadline for applications for absentee voting in this election is midnight Aug. 31.

Pat Johnston, county clerk, said ballots for the library petition election were prepared by Charlie Smith, bond investment company representative, who sent only 25 absentee ballots.

Additional ballots for absentee voting may be called for if voting appears heavy.

Federal Pay Hike Okayed

WASHINGTON (AP) — The Senate today voted a 5 per cent pay raise [illegible] 1½ million federal workers.

The bill was passed 69-4 after a losing fight by Sen. Knowland (R-Calif) to attach a hike in postal rates to help meet the cost of the pay boost.

House action was anticipated quickly.

Knowland's postal rate amendment was beaten 55-16.

Knowland, the Republican floor leader, told the Senate that President Eisenhower could be expected to veto the bill unless there was a postal rate increase to offset in part the cost of the pay rise.

Knowland had been a breakfast guest of the President this morning.

Some Democrats nevertheless hooted at the idea the President might veto the pay raise.

Sessions Here Due To Boost Both Candidates

Meetings are scheduled in Snyder today and tomorrow in behalf of both candidates for governor.

The first will be held in the district courtroom at 4 o'clock this afternoon, when three citizens of Port Arthur, one a former city official, will tell "The Port Arthur Story" and make talks in support of Allan Shivers.

At 8 o'clock tomorrow night, a rally will be held at the south side of the courthouse in behalf of Ralph Yarborough. Speakers will include Dallas Scarbrough of Abilene, Warren Burnett of Odessa, Floyd B. Chapman of Floydada, and Pat Bullock of Colorado City.

Compromise Reached On Social Security

WASHINGTON (AP)—The Senate-House conference committee agreed today on a compromise social security bill extending coverage to more than 10 million additional persons, and raising benefits and the taxes to pay for them.

The bill, last major piece of legislation holding up adjournment of Congress, was to be rushed to the House floor for expected quick passage, then sent to the Senate for final congressional action.

The conferees settled their major difference by agreeing to put under compulsory coverage 3,600,000 farm operators as asked by President Eisenhower.

This represented a capitulation on the part of the Senate conferees and a victory for Rep. Daniel A. Reed (R-NY) and his House group.

Sen. George (D-Ga) told reporters he had refused to sign the conference report because of the decision to include the farm operators. He held the proxy of Sen. Byrd (D-Va), the other Democratic senator on the conference, and said Byrd also would not sign.

Asked if he would oppose the report in the Senate, George said merely he would vote against it, indicating he planned no fight to block it.

The Senate and House versions of the bill were in general agreement on new benefit scales and on raising the tax base from $3,600 to $4,200. Their only major difference lay in just which additional workers should be covered by the legislation.

The compromise bill represents a substantial victory for the President, since it largely follows his views and embodies a big extension and liberalization of the 20-year-old social security program.

On the other major point in controversy, coverage of professional men, the conferees agreed to compulsory coverage of three major categories—accountants, architects and engineers. These total about 100,000 as compared with the 500,000 asked by the President.

The conferees eliminated coverage for doctors, dentists, and all medically related groups as well as lawyers.

The House originally had voted to put in all of the professional people except the 150,000 doctors. The Senate decided to exclude all of them.

The breaking of the deadlock on the social security bill was expected to bring the legislative sessions of the 83rd Congress to a close by nightfall. Leaders of both parties were predicting the congressmen would be on their way home tonight.

Efforts were made to get the Senate-House social security conferees together yesterday in an attempt to wind up the legislative business last night. But no meetings were arranged.

Finally, however, Reed and Sen. Millikin (R-Colo), head of the Senate Conference Committee, decided on a new meeting this morning. It didn't last long.

EDC Session Heading For Windup In Disagreement

Hostile Points Are Emphasized

BRUSSELS, Belgium (AP)—A six-power discussion of Pierre Mendes-France's proposals for drastic revision of the European Defense Community treaty neared its windup in complete disagreement tonight.

Entering a fourth session with the foreign ministers of West Germany, Italy, Belgium, the Netherlands and Luxembourg, the French Premier appeared extremely discouraged about the possibility of getting their approval of changes he deems necessary to get France's Parliament to ratify the army pact.

Two long sessions of the six nations' foreign ministers yesterday confirmed the two hostile points of view. Mendes-France told the parley the European Defense Community plan as presently drawn stood no chance of ratification by his Parliament. West Germany's Chancellor Konrad Adenauer turned down French proposals for turning EDC into a looser military coalition.

Today's talks centered on a Belgian plan which would permit the ministers to break off their meeting without formally admitting downright disagreement, and without taking final action on the French proposals.

The main objective for Germany, Italy, Belgium, the Netherlands and Luxembourg was to save the EDC treaty in its present form. Mendes-France insisted only the amendments he has proposed could win his Parliament's approval for the treaty.

At best, the conference promised a bad setback for the Western policy. Led by the United States and Britain, all the allies except France have united in deeming West Germany's speedy military contribution essential to their defense against the threat of Communist aggression. EDC was designed as the safest way to put the West Germans back into uniform and at the same time guard against a revival of the German militarism.

Belgian Foreign Minister Paul-Henri Spaak proposed yesterday a face-saving end to the meeting, which was scheduled to wind up tonight. But it would give little satisfaction to Mendes-France, who says he favors German rearmament and a European organization but not in the form prescribed by the European army treaty signed 27 months ago.

Spaak, Adenauer, Dutch Foreign Minister J. W. Beyen and Luxembourg Premier Joseph Bechned maintained they can accept no changes which would require new action by their parliaments.

These four nations already have given their final approval to the EDC treaty. To their objection was added Italian Foreign Minister Attilio Piccioni's contention that the proposed changes menanced his government's plans to secure parliamentary ratification of EDC this fall.

Spaak suggested the Mendes-France points requiring parliamentary action be listed. The rest, he suggested, could be settled by the ministers.

With agreement on this list, the Belgian foreign minister said all six ministers could sign a non-binding declaration of intention to consider real amendments, but only after the treaty goes into force.

The ministers put a committee of legal experts to work on the list.

If accepted, Spaak's solution would be a bitter pill for Mendes-France, since he has maintained so insistently that changes must be made in the treaty. The compromise plan would send him back to Paris empty-handed to face National Assembly debate scheduled to start Aug. 28.

The Germans, Dutch, Belgians, Italians and Luxembourgers at the Brussels talks appeared determined to stand pat on three basic conditions. They were:

1. The EDC treaty must not discriminate against West Germany. Several of the French proposals appear to do so.

2. No treaty changes requiring re-ratification can be accepted.

3. The supranational structure of EDC must be preserved. Critics of the French changes say they would destroy this by giving each member nation a veto right in major issues.

Johnson Says Issues Clear For Campaign

By JACK BELL

WASHINGTON (AP) — A Democratic leader today replied to President Eisenhower's praise for the Republican-controlled Congress with notice his party will fight the November election battle on the main issues of the administration's tax, farm, labor, power and business policies.

Sen. Lyndon B. Johnson of Texas, the Senate Democratic leader, said in an interview he believes that his party in Congress has "drawn the lines clearly on these issues and the people will decide in November who is right."

Eisenhower, in a Springfield, Ill., speech yesterday, cited tax reductions, flexible farm price supports, expansion of social security coverage and a claimed 10-billion-dollar cut in federal spending as domestic accomplishments of which his administration is proud.

Without direct reference to Eisenhower's remarks, Johnson said he thinks the Democrats have succeeded in dramatizing for the taxi driver, the farmer, the clerk and the businessman "the sharp difference in philosophy between the two parties."

"The Republicans are for tax reduction for the stockholders and the Democrats are for tax reduction for the individual," he said.

"The Republicans are for farm price supports at 82 per cent of parity and the Democrats are for 90 per cent support.

"The Republicans are for keeping the Taft-Hartley law as it is and the Democrats are for amending it.

"The Republicans are for private power development and monopoly in atomic energy and the Democrats are against."

Morrow Name Is Withdrawn

WASHINGTON (AP)—President Eisenhower today withdrew the nomination of Wright F. Morrow of Houston, Tex., to be an alternate delegate to the United Nations General Assembly. The White House said his name had been submitted to the Senate by mistake.

In his place the president nominated James Phillip Nash of Austin, Tex., an Eisenhower Democrat who was born in Philadelphia April 23, 1892. He is a petroleum and natural gas engineer.

Press secretary James C. Hagerty said "quite frankly a mistake was made in staff work" in the nomination of Morrow, former Democratic national committeeman who also favored Eisenhower's election in 1952.

Sen. Lyndon B. Johnson of Texas, the Senate minority leader, had objected to Morrow's approval. It developed only today that there had been a mixup and that he had recommended Nash instead.

Twining Urges Cool Firmness

OMAHA (AP)—Gen. Nathan F. Twining, Air Force chief of staff, said today the United States already has sufficient reason for war —"if we were seeking war."

"But this is a time for coolness as well as firmness, and a time for deliberation as well as for readiness," Twining told the Air Force Assn. in a prepared address.

The grey-haired air leader said that while the United States must and will defend itself and its allies from attack, it, seeks to avoid rather than to provoke incidents.

"Our fingers are not heavy on the trigger and we hope for peace," he said.

HERO'S REWARD

Tang, a 65-pound Collie, sits with his mistress, Mrs. Maurice L. Dyer of Denison, who holds the gold plaque awarded Tang Wednesday as the dog was named "America's Dog Hero of Heroes for 1954-55. Along with the title and plaque, Tang received $1,000 in U. S. savings bonds, a gold medal and gold-plated leash and collar. Tang is credited with saving four small children from possible death by pushing them from in front of automobiles. The presentation was made in Chicago.

Snyder Man Is Killed In Crash

Marvin Andrew Moats, 42, Snyder, a partner in the Marcum Drilling Co., 1903 Coleman, was killed early this morning in a highway accident 20 miles southwest of Colorado City. Four vehicles were involved in the wreck.

Moats and his wife, Dorothy, and their two daughters, Marla Jo, 10, and Judith Ann, 5, moved here from Hobart, Okla., Dec. 1, 1951. He was a partner with his father-in-law, Claude Marcum of Ada, Okla., and two brothers-in-law. The firm's main office is at Ada, where it is believed Mr. Moats will be buried. Another office at Colorado City is headed by Delton Marcum.

Tentative plans this morning were for a chapel service at Kiker Funeral Home in Colorado City at 10 o'clock tomorrow morning, the body to be taken later to Oklahoma for services and burial.

Mr. Moats was born April 17, 1912, at Aurora, Mo., and lived near Shawnee, Okla., most of his life. He was a Mason and a Baptist.

A highway patrolman who investigated the accident said it occurred as a truck driven by A. E. Smith, 30, of Snyder, was leading three automobiles on the highway.

The patrolman said a car driven by Mrs. James Barber of Colorado City passed the truck on its right, then ran into a field and overturned. The car Mr. Moats was in then crashed into the rear of the truck, and a car driven by Mrs. Barber's husband struck the back of the Moats car. In the truck with Smith was J. L. Lawhon of Snyder. None of the other persons was injured.

Mr. Moats is also survived by his parents, who lived in Oklahoma. Complete funeral arrangements are pending arrival of relatives at Colorado City.

Gasoline Retailers Post New Reductions

Snyder's price war on gasoline continued today, with several more service stations joining the fight.

At least four major company names on the stations are represented in the low-priced gasoline, which now ranges in price from 20.9 to 22.9 for regular. One group of stations, which had started the reduction two days ago and had regular down to 22.9, has now lowered the price to 20.9 to match the price of stations which cut under its original low price.

These stations had been selling gasoline at 27 cents for regular.

Coffee Slash Is Unanimous

NEW YORK (AP)—The Maxwell House division of General Foods Corp., the nation's biggest coffee roaster, joined the 10-cent-a-pound price cut trend today.

Telegrams went to the nationwide sales organization ordering the 10-cent reduction effective Monday. This brings the wholesale list price for Maxwell House coffee down from $1.22 to $1.12 a pound.

The 10-cent cut also applies to the company's Sanka, Yuban and Bliss brands which sell at various prices.

The Maxwell House action made virtually unanimous a 10-cent price slash which has snowballed since smaller distributors started on Monday, following easing of foreign exchange regulations by Brazil.

Some of the price cuts have been bigger. Among these was a 20-cent cut by National Tea Co. in Chicago, which dropped the price of its House brand coffee to 99 cents.

Campaigns Shifting To Coastal Areas

By BRUCE HENDERSON
Associated Press Staff

Gov. Allan Shivers and Ralph Yarborough swing their campaigns to the industrial Texas coast Friday after another round of speeches in which Shivers said Yarborough has "sold his soul" and Yarborough asked voters to oust Shivers, "this Republican governor."

Shivers went from Austin, where he addressed a rally Thursday night, to Texas City, Dickinson, Lamarque and Galveston. He was to make a state radio speech from Galveston. The governor winds up the next-to-last week of campaigning Saturday at Alvin, Angleton and Freeport.

Yarborough flew from Laredo to Orange for a "Ralph Yarborough day" celebration his headquarters said has been proclaimed by Mayor Joe Runnels, Jr. Later in the day he was to attend a "Veterans for Yarborough" meeting in Port Arthur—where a strike has become a campaign issue—then go to Beaumont for a night state radio broadcast. Saturday, Yarborough will stump through Cleveland, Conroe, Huntsville, Crockett and Centerville and speak at a barbecue and rally in Palestine that night.

Shivers and Yarborough are opponents for the Democratic gubernatorial nomination to be decided one week from Saturday in a run-off primary election.

Shivers told cheering Central Texans from 16 counties in Austin's Wooldridge Park Yarborough is the "captive candidate of unscrupulous, ambitious, selfish and ruthless forces who are trying to take over our state and national governments."

"In his lust for power," Shivers said in one of the longest speeches of his campaign, "and his long-thwarted ambition to hold state office, he has sold out Texas, he has sold out his old friends—he has sold his soul, and he is no longer the man that a great many of us used to know and respect."

A crowd estimated by police at more than 6,000 sat on the grass of the natural arena at the park on whose bandstand political office seekers have stood for generations to lambast opponents and beat their own drums. The crowd interrupted Shivers dozens of times with cheers and shouts of "Go get 'em, Allan."

Yarborough stumped through the Rio Grande Valley—where Shivers has a farm home and drew heavy support in the first primary—before addressing an estimated 1,500 persons at a rally in Laredo's Central Plaza.

At Laredo, as Ed Idar of Austin made a preliminary speech, an explosion was heard near the plaza and a 5-foot burning cross flamed into view. It wasn't known who was responsible.

Ira School To Open Aug. 30

School will open at Ira on Aug. 30 with about 260 to 265 students, according to superintendent Bill Allen.

Allen said the enrollment is expected to be about 30 more students than last year. They will register at 8:30 Friday morning. Buses will run.

The school's faculty will hold its first meeting at 9 o'clock next Thursday morning.

Added to the school's curriculum this year is shorthand, Allen said, adding that either plane geometry or second year algebra will also be added. One new bus has been added to the school's transportation system, making a total of four. A part of the school building's interior has been redecorated, Allen said.

Members of the faculty include L. M. Dawson, vocational agriculture; Kenneth Dismuke, athletics and social studies; C. J. Smith, English; Miss Bernice Birdwell, home economics; Mrs. Agnes McCormick, first grade; Mrs. Bill Allen, second grade; Mrs. Laura Holladay, third grade; Mrs. Georgene Galloway, fourth grade; Mrs. J. T. Burris, fifth grade; and Mrs. Jack McGlaun, social studies.

Snyder ROTC Cadet At California Base

ROTC cadet Billy Arthur Smith of Snyder is now training in summer encampment at March Air Force Base, Calif.

A senior majoring in agronomy at Texas Tech, Lubbock, Smith is the son of Mr. and Mrs. Raymond Smith, route 2. The summer training includes rifle marksmanship, leadership, flying safety and air rescue techniques, maintenance, and air base defense.

Smith is taking tours of all working installations at three air bases.

Red Party Is Stripped Of Legal Rights

By JOHN CHADWICK

WASHINGTON (AP) — An election-bound Congress, now verging on adjournment, overshot the mark set by President Eisenhower for anti-Red legislation by voting to strip the Communist Party of legal rights.

However, two of the principal measures he asked for dealing with subversives had not been passed. They were:

1. A bill to permit the government to use evidence obtained by wire tapping in the prosecution of national security cases. This passed the House but bogged down in the Senate Judiciary Committee.

2. A bill to let the government bar from defense plants in times of emergency persons whom it had reasonable ground to believe might engage in espionage, sabotage or other subversion. It passed the Senate but got pigeonholed by the House Judiciary Committee.

A compromise bill to deny the Comunist party legal privileges and force its members to register with the government passed yesterday.

The bill had not been asked by the President or Atty. Gen. Brownell, but apparently the administration was willing to accept it after it had been shorn of a Democratic-sponsored provision imposing heavy penalties on Communist party members.

The bill also strips the Communist infiltrated unions of any legal rights before the National Labor Relations Board.

In its final form, it passed the Senate 79-0 and the House 265-2.

Also sent to the President yesterday were bills he had requested to strip U.S. nationality from citizens convicted of advocating the forcible overthrow of the government and to permit the death penalty to be imposed for spying in peacetime as well as in wartime.

Valley Polio Count Up

HARLINGEN (AP) — The Rio Grande Valley polio count reached 168 cases yesterday. Henry Morrison of Baptist Hospital here appealed for more nurses. The hospital is the valley's polio confinement center.

'Hot' Shrimp Thief Trail Growing Cold

DALLAS (AP)—Dallas FBI agents found their "hot" trail growing colder today as they renewed efforts to track down two men believed to have hijacked a truckload of shrimp late last month in the Houston area. The 17,500 pounds of shrimp, worth about $12,500 in good condition, were turned up yesterday at a Dallas cold storage locker.

The truck driver who was hijackled told Houston FBI agents two men had tied him to a tree, blindfolded his eyes, and then made away with the shrimp.

SCHOOLS

Continued from Page 1

district now has only 15, including those of both Central Primary School and Central Elementary School. A wing of seven classrooms would be added to the West Elementary School, making a total of 25 classrooms there. Nine new classrooms would be added at East Elementary School, bringing the total to 27. Six would be built onto the North Elementary School, making 24 there. At Central Primary, no new classrooms can be built, but plans are to add a music room, library, and an auditorium-gymnasium, which are additions planned for all elementary buildings.

The board reported that a recent investigation of facilities in other school systems of this size revealed that nearly all had small libraries in all elementary schools. The combination auditorium-gymnasiums will only be about 40 by 60 feet and will be used for indoor recreation on rainy days, for special programs of the pupils, etc.

Proposals also include adding two special classrooms at one of the elementary schools to be used for training of handicapped students, such as polio victims, those needing speech therapy, etc. This phase of education has been in this system several years but without adequate facilities.

of section 61-5-GH&H, was finaled for a 24-hour pumping potential of 63.88 barrels of 37.2-gravity oil. The production is from open hole from 2,764-836 feet after 1,000 gallons of fracture solution had been used.

Dunn No. 1 Henderson, 282 feet from west and 842 feet from south lines of section 82-5-GH&H, was finaled for a daily pumping potential of 33.02 barrels of 35.5-gravity oil. Production is from open hole at 2,678-747 feet which had been fractured with 4,000 gallons.

Dunn is to drill the No. 2 Davis 990 feet from north and 330 feet from east lines of the southwest quarter of section 80-5-GH&H, 10 miles east of Post.

Dunn No. 8 McCrary will be 990 feet from south and east lines of the northeast quarter of section 79-5-GH&H. The No. 9 McCrary is 330 feet from north and east lines of the northeast quarter of the northeast quarter of section 79-5-GH&H.

Each of the new wells is to drill to 3,000 feet.

COKE COUNTY

C. L. McMahon, Inc., and others of Tulsa No. 1 A. S. Hendry, prospective multipay discovery in Northeast Coke County, swabbed 100 barrels of oil and 92 barrels of water on a 12-hour gauge.

The swabbing is being done on perforations in the Cambrian from 5,710-720 feet which were fractured with 2,000 gallons. The hole is to be plugged back and the pipe perforated for tests of the Odom and Gardner limes where drillstem tests have previously developed flowing production.

DRILLING REPORT

Humble Oil No. 1 Touchstone-Maberry, Fisher County wildcat, is drilling ahead below 3,468 feet. A two-hour drillstem test from 2,881-901 feet had a recovery of 150 feet of oil and gas-cut salty mud with 1,250 feet of salt water. A test from 3,164-227 feet with the tool open 30 minutes recovered 450 feet of muddy, salty, sulphur water and 2,372 feet of salty sulphur water.

Lone Star Production No. 2 H. H. Eiland, Scurry test, is drilling below 3,300 feet in lime.

Hanley No. 1 J. L. Higginbotham, Borden wildcat 13 miles southeast of Gail, is waiting for cement to cure after setting surface casing at 136 feet. Hanley No. 1 Russell is drilling in shale below 7,060 feet.

Sunray Oil No. 1 Cave, six miles west of Girard in Northeast Kent County, is drilling in shale below 5,160 feet.

Scientist Reminded Of Pharaoh's Curse

By RELMAN MORIN
(For Hal Boyle)

NEW YORK (AP)—Remember the famous story of "the curse of the Pharaohs?"

It came from the dim recesses of the tomb of Tutankhamen, a king who ruled Egypt and died at an early age about 3000 years ago. The tomb was discovered and opened in 1922. There the archaeologists came upon a staggering profusion of gold and jewelry, furniture, chariots, household articles, and the mummy of the young sovereign, encased in nearly a ton of solid gold.

They also noted a warning engraved on the wall—"Cursed be he who touches me."

Such messages were not unusual in the royal tombs. They probably were put there to frighten away grave robbers. If so, they failed, for virtually every tomb—royal, noble or common—was rifled thousands of years before the modern Egyptologist ever began probing into the tombs.

However, less than a year after the opening of Tutankhamen's tomb, the man who financed the expedition, Lord Carnarvon, died suddenly. The cause of death—curious combination!—was recorded as pneumonia and the effects of a mosquito bite.

This started the story of "the curse of the Pharaohs."

It merely amuses the professional Egyptologist. He reminds you that the other members of the Carnarvon expedition lived to a ripe old age and died quietly in bed. And also, that thousands of people have been "exposed" to the dire warnings, engraved on the walls of the tombs.

Yet, a strange and tragic misfortune has overtaken one of the scientists connected with the discovery of the "solar boat," found a few months ago beside the Grand Pyramid of Cheops.

His two daughters died suddenly, within a few months of each other, while the work was in progress.

Zaky Nour is keeper of antiquities for the region where the boat has been found. He was one of the directors of the excavation of it. In Cario a few weeks ago, he told me this story:

"Leila, the oldest girl, went to school as usual that day. She was nine years old and apparently in good health. During the afternoon, she suddenly developed a nosebleed. They couldn't stop the flow. She died before sundown."

Doctors diagnosed it as a heart attack, he said.

Three months later, his younger daughter, Wafaa collapsed and fell dead at play. She was 8½. Zaky Nour said the cause of her death is not known.

She died the day before the opening of the chamber holding the "solar boat."

He said, "as a scientist, of course, I can't believe this is anything but a coincidence. But there are many things we don't know."

Chicken Pie Is Favorite Dish Of Reunion Attendants

By ANITA HALL

For the last twenty years Mrs. HOUSTON COTTON, of Dunn, has been preparing baked chicken pie for the Cotton family's annual reunion at Dunn each year. She was taught to cook by her grandmother, the late Mrs. Charlie Brown of Dunn, "who was a wonderful cook", she said. This chicken pie recipe has been in her family many years and has now become a "must" with the Cotton family. Here is the method she uses to prepare it:

PIE DOUGH

1 cup sour milk
Dash of salt
4 tablespoons shortening
¼ pound butter
Flour sufficient to make stiff dough

Mix these ingredients together and roll out to make layers of dough. Salt a hen and boil it until it is tender; remove the meat from the bone and cut it in small pieces. Butter a large baking dish and put a layer of chicken and some of the broth it was boiled in on the bottom of the dish and dot them with butter; then place a layer of dough over that; continue this procedure until all the ingredients are used. Use plenty of black pepper. Bake until brown in a hot (450F) oven, about 40 to 45 minutes.

Mrs. Cotton prepared a large dish of the pie for the recent family reunion at Dunn and it was gone in a matter of minutes. There was plenty of other food for the 54 descendants of the late Mr. and Mrs. Taylor Cotton who attended.

E. R. Cotton, the oldest member of the family, and his grandson, Joe Finley Lane, came from San Diego, Calif. to the reunion.

Snyder relatives who attended were Mr. and Mrs. JOE DRINKARD, Mr. and Mrs. E. J. RICHARDSON, Sr., Mr. and Mrs. E. J. RICHARDSON, Jr. and children, Mrs. MACK PEACOCK and children, Mr. and Mrs. LOYD COTTON and sons and Miss NELLIE COTTON.

Mr. and Mrs. FRED COTTON and Mr. and Mrs. HOUSTON COTTON and son of Dunn; Mr. and Mrs. Lorin Cotton and sons and Mrs. Larue Goss and sons from San Angelo; Mr. and Mrs. H. C. Cotton, Clyde; Mrs. Lynn Ault and sons, Baird; Mr. and Mrs. Gary White, Tahoka; Mrs. C. H. Beaty, Dyer White, Lubbock; Mrs. Paul P. Steed, Dallas; Mr. and Mrs. Damon Cotton and Mr. and Mrs. Arless Cotton of Hermleigh.

Mr. and Mrs. John C. Sikes, 411 Thirty-first Street, returned Sunday from a two-week vacation in Houston where they visited Mr. and Mrs. Jimmy Moats.

Men Learn Decorating Office Fun

By DOROTHY ROE
AP Women's Editor

American business men suddenly have found that it's fun to decorate their offices, says Melanie Kahane, who tells them how.

"Just as everybody all at once seemed to discover the American home," says this decorative decorator. "Men have discovered offices as a field for personal expression. With all the current todo about interior decor, anyone would think that up to now we've been hanging from trees."

Miss Kahane, known as one of the top figures in her field, arrived in New York's decorator's row from Sioux Falls, S.D., by way of Paris. She has designed interiors for homes, apartments, offices, showrooms, restaurants, hotels and factories. Says she:

"All this sudden office-consciousness really makes very good sense. Anyone can work better in pleasant surroundings. The Army can. Industry can. So can executives, but they were the last to discover it.

"A lot of the country's most important financiers were still back in the golden oak office era until recently.

"But all that is changing fast. The big boys have found that they can get more done in an office that is restful and functional, with everything planned for their convenience. They are discovering that it helps to have an easy chair or a couch where they can relax for a few minutes, or a television set where they can keep up with congressional hearings and other events which affect their business.

"Besides, a lot of men find that one way to be a success is to look successful—and a handsome modern office provides the right background."

Today's smart office looks more like the library at home, says Miss Kahane. It can come equipped with all conveniences such as kitchenettes, refrigerators, bars, dressing rooms and TV sets.

"A man's home is his castle," she observes, "but he spends most of his waking hours in his office. In order to do his best work, he needs an office with facilities to meet whatever emergency arises."

Miss Kahane says the era of red leather chairs and steel desks has passed. Nowadays the men prefer handsome tweed upholstery and furniture that could fit in a modern living room. Some like modern decor, some are traditional, but the idea is to make the office look like a room at home.

The blink of a human eye can last as long as half a second.

Mr. and Mrs. Carl Singley and sons, Larry Don and Roy Wayne, and Mrs. Carl Matheis and children, Brenda and Keith, all of Rotan, visited in the Floyd Strickland home, 323 Thirtieth Street, yesterday.

Mr. and Mrs. J. L. Browning and son, Paul, 3101 Hill Avenue, have just returned from a vacation trip to Washburn, Mo., where they visited Mr. and Mrs. Jesse Browning and children, and also to Hot Springs, Ark.

...to hold Texas for Texans!

From time to time in the history of this great freedom of ours, it has become necessary for the people to rise up in righteous indignation against great grasping threats from without!

AT THIS MOMENT THE PEOPLE OF TEXAS STAND AT SUCH A CROSSROAD! The issue is clear: Whether we will hold TEXAS for Texans or surrender our great TEXAS heritage to out-of-state labor bosses, pinkos, the promisers and their henchmen.

Travis, Bowie, Crockett, Houston—all great names in the fight for Texas Liberty—gave their lives for TEXAS! The least we can do to hold their faith is to give our vote.

THEY KEPT TEXAS FOR TEXANS—WE MUST KEEP THEIR TRUST ON AUG. 28th!

Vote for Shivers

...We helped hold Texas for Texans!

Conference Is Set At Church In Hermleigh

A stewardship-evangelism conference for the Mitchell-Scurry Baptist Association is to be held next Friday at the Central Baptist Church in Hermleigh.

Dr. C. Wade Freeman of Dallas, evangelism superintendent for the Baptist General Convention of Texas, will serve as team captain and be in charge of the conference. He will be introduced by the Rev. Avery Sullivan of Roscoe, stewardship chairman for the association.

The Rev. Aubrey Short, evangelism superintendent for Louisiana Baptists, will be the evangelism speaker. The Rev. Joe Weldon Bailey, pastor of the Dallas' East Grand Baptist Church, will discuss stewardship. Royce E. Curtis, minister of music for the First Baptist Church in Kilgore will be in charge of music.

The Rev. Jimmy Burleson, pastor of the Hermleigh church, will serve as host pastor.

The Hermleigh conference is one of 122 scheduled during August and September for members of the 3,152 Baptist General Convention of Texas churches, and is part of the Southern Baptist Convention's fall program. This is the first year that evangelism and stewardship have been combined in an annual emphasis. During the conferences, plans and materials for the churches' fall observance of "Harvest Week" will be presented to pastors and other church leaders.

Report Made On Death Of Emilie Dionne

STE. AGATHE, Que. (AP) — The coroner's jury investigating Emilie Dionne's death has sent Quebec's attorney general a private report which reportedly makes recommendations about proper medical care.

The jury ruled last night that the 20-year-old quintuplet died accidentally.

The report was not published, but Coroner Jean Taillon said it contained recommendations dealing especially with the Roman Catholic hostel for the aged where Emilie died Aug. 6 while preparing for entry into a Catholic lay order.

She died unattended in her bed after suffering three epileptic seizures. The third came while the hostel personnel were attending mass.

The jury found that death was due to suffocation during a seizure. After hearing testimony from nuns at the hospice and from the provincial medico-legal expert, Dr. Rosario Fontaine, it agreed there was no criminal responsibility. The doctor said the girl "accidentally suffocated in her pillow."

One juror asked Fontaine if Emilie's final attack could have been avoided if a doctor had been called after the earlier seizures. Fontaine acknowledged it would have been advisable to call a doctor but said that the latter might not have been able to administer sedatives.

Witnesses said Emilie's mother told one of the sisters that Emilie had epilepsy.

Emilie's brother-in-law, Maurice Girouard, of Waterloo, Que., was the only member of the family present at the inquest. He testified that Emilie had been under treatment at Montreal's Royal Victoria Hospital a few years ago.

The coroner also told the jury he understood Emilie had at one time been under treatment.

2 Divisions To Get Out Of Korea

By MURRAY FROMSON

SEOUL (AP) — Two U.S. infantry divisions — the 25th and 2nd — will be pulled out of Korea "in the immediate future," the Army announced today, but they will not be transferred as units.

Two other American divisions scheduled to leave Korea before the end of the year have not yet been identified.

Gen. Maxwell D. Taylor, U.S. Army commander, said there will be "considerable shuffling" of men in the 2nd and 25th to give men with long service in Korea priority.

The 25th Division, which came to the Far East from Hawaii, returns to Hawaii's Schofield Barracks. The 2nd will be stationed in the United States. It formerly was based at Ft. Lewis, Wash.

Remaining U.S. divisions now in Korea are the 3rd, 7th, 24th and 1st Marines.

A U.S. regimental combat team now stationed here is to be pulled out, and the number of support troops unquestionably will be cut.

The 1st British Commonwealth Division is expected to be sharply reduced.

Previously announced plans call for leaving two U.S. divisions plus one division of U.N. and U.S. troops to bolster South Korea's 20-division army.

South Korea has bitterly protested the withdrawal. Some 10,000 Koreans paraded in Pusan today and other groups demonstrated in Seoul and Inchon.

Woman 112 Today

TECUMSEH, Neb. (AP)—Mrs. Betsy Baker of Tecumseh is 112 years old today.

Friends explained no celebration was planned because Mrs. Baker "just doesn't care for them."

"She says she has had enough birthday celebrations," they said.

Thirteenth Baby Is Free, Hospital Says

NEW YORK (AP)—A Brooklyn couple has discovered that children are cheaper by the baker's dozen—at least at Midwood Hospital.

Fire Capt. Arthur Wallace, 50, and his wife Helen, 36, celebrated the birth of a baby boy, their 13th child, at Midwood yesterday.

The hospital, which charged for the other 12, decreed that little William was on the house.

The other Wallace children range in age from 14 months to 15 years.

Comedian Is Found Dead In His Car

NORTH HOLLYWOOD, Calif. (AP)—Comedian Pat Patrick, 40, who originated the role of Ercil Twing on the Edgar Bergen radio show, was found dead yesterday in his parked station wagon. Police said a vacuum cleaner hose led from the exhaust pipe to the interior of the car.

He had appeared for the last eight years in a night club near here. His widow Lani said she knew of no reason why he should take his life. They had two sons.

REV. O W. CARTER
. . . revival speaker

Rev. Carter To Lead Revival

The Rev. O. W. Carter, superintendent of the Big Spring district of the Methodist Church, will be the preacher for the annual revival meeting opening Sunday at the Hermleigh Methodist Church.

The revival will continue through August 29, with services at 10 a. m. and 8 p.m. daily. Song services will be directed by local leaders, the Rev. S. A. Sifford, pastor of the church, said.

200 Young People Are Expected At Meeting

An estimated 200 young people are expected to attend a West-Central Texas Youth Fellowship meeting at the Calvary Baptist Church, 2300 Thirty-fifth Street, on August 27.

The young people will be representatives of about 15 churches in this district. Each church represented is to present part of the program with the Rev. T. Gerald Cates, pastor of the Calvary church, serving as program coordinator. The meeting is intended to promote fellowship among the youth and their spiritual growth, Mr. Cates said.

Refreshments will be served at the conclusion of the program.

North Side Baptist To Be Host For Rally

The North Side Baptist Church will be host for the North Colorado Youth Fellowship youth rally at 8 p.m. Saturday.

Representatives are expected from churches in Lamesa, Lubbock, Pettit, Vealmoor, Whitharral, Seminole, Hermleigh, Flowergrove and Anton. The rally will also be open to the public.

Visiting Speaker Due

The Rev. Lindell O. Harris of Abilene will speak at the Green Hill Baptist Church Sunday in the absence of the Rev. Jack O'Neal, pastor of the church. Mr. O'Neal, who is conducting a revival at the First Baptist Church in Throckmorton, is to return home Monday.

Col. Fleming Set For Court Martial

FT. SHERIDAN, Ill. (AP) — An Army lieutenant colonel goes on trial today before a general court-martial on charges he collaborated with the Communists in a North Korean prison camp.

Lt. Col. Harry Fleming, 46, of Racine, Wis., is the first American officer to face a court-martial for behavior as a prisoner of war in Korea.

The 5th Army said he is charged with violating the 95th and 96th Articles of War and the 133rd and 134th articles of the Uniform Code of Military Justice—in essence, that he "wrongfully collaborated with the enemy and committed acts detrimental to fellow prisoners of war."

A prisoner for three years, Fleming was released in the exchange of prisoners last september. He was captured in October 1950 while serving with the military advisory group attached to the South Korean 6th Infantry Division near the Yalu River.

A previous court-martial in Washington convicted Cpl. Edward S. Dickenson of Crackers Neck, Va., of similar charges of collaborating with the Communists while a POW and sentenced him to 10 years in prison. Similar charges are pending against another enlisted man.

A board of inquiry of high officers held hearings in Washington to determine whether Col. Frank Schwable, a Marine flier, was fit to continue leading troops after having made germ warfare broadcasts on Peiping radio. It decided his conduct was excusable on the grounds of mental torture.

The 5th Army said Fleming's trial would be in open court except for deliberation periods.

Fleming was one of the officers who uncovered the Sunchon massacre in October 1950. He was wounded shortly before his capture by the Chinese Communists.

He said after his return from Korea, "Before I was captured I disliked communism. Now I know why I dislike it. You might say I'm something of an authority."

Telephone Situation Gets Bad In Mexico

MEXICO CITY (AP)—Ultimas Noticias, Mexico City's largest afternoon newspaper, complained in a front-page story yesterday that it hasn't had a telephone for two weeks.

The newspaper said it had reported the breakdown to the telephone company and every day had been promised quick action. But two weeks have passed without results, the paper said, and it is having "great difficulty" in covering the news.

Excited To Death

RUTLAND, Vt. (AP)—Mrs. Daniel Bruten was killed last night when, police said, she became startled by a runaway automobile.

Police said that when she saw the driverless auto zigzag down hilly Washington Street she leaped from the car in which she was riding and landed on her head.

The driverless auto struck the car in which she was sitting and caromed into another car but none of the four persons in the cars was injured.

Series Is Concluded By WSCS Circles Here

The last of a series of lessons on "Alcoholism" was studied by members of the Women's Society for Christian Service of the First Methodist Church Wednesday morning.

Mrs. Ned White taught the lesson for the group, made up of members of the Mary-Martha, Berean and Philathea circles. Twenty-four members were present. Mrs. R. E. Schutz was introduced as a new member and Mrs. Ed Ratliff of Rusk, Tex., was a visitor. Mrs. R. D. White, hostess, served refreshments following the program.

The regular business meeting of the WSCS is to be held at 10 a.m. Monday and will be followed by a covered dish luncheon.

Missionaries Are To Speak Here Wednesday

The Rev. and Mrs. Courtney Smith, who served as missionaries to South Africa for about seven years, will speak Wednesday night at the Church of the Nazarene.

Mr. and Mrs. Smith were born and reared in England. They went to Africa in 1947 as missionaries for the International Holiness Mission which was united with the Church of the Nazarene in 1952. All interested persons will be welcome to attend the lecture, the Rev. Henry Thomas, pastor of the church, said.

Braves Are Hopeful They Can Do What Giants Did In 1951

By BEN PHLEGAR
AP Sports Writer

The "History of the 1951 Pennant Race" became required reading for the Milwaukee Braves today.

Written into the annals of the National League by the New York Giants, this remarkable record provides convincing and recent proof that baseball miracles are possible.

Although firmly believing they are the new team of destiny, the Braves could use a little solid encouragement. They lost two out of three games to St. Louis, including a 2-1 10-inning thriller yesterday, and now trail New York by 5½ lengths.

Even now, however, they are much better off than the Giants were at this stage three seasons ago. Milwaukee still could do it all alone, without depending on a collapse by either the Giants or Brooklyn.

It could work this way. The Braves have five games left with the Giants. They've lost five more than the Giants. A sweep of the five would cancel out the New York lead. The Braves and Brooklyn play six more times and the Braves have lost only two more than the Dodgers.

In 1951 the Giants trailed Brooklyn by seven games as late as Sept. 1. They were still six games behind in the losing column on Sept. 20. Only a complete Dodger collapse in the final week paved the way to the playoff.

The Giants, apparently back in good health after a critical slump, won their third in a row, 5-0 over Philadelphia. Brooklyn again had to hustle for a 7-5 verdict over the hustling Pittsburgh Pirates. Cincinnati took two from Chicago, 7-0 and 6-3.

In the American League, Detroit and Cleveland split a twin bill. The Indians won the first game 4-3 but lost the nightcap 8-2, ending a nine-game winning streak. The Yankees whipped Philadelphia 8-5 for their 10th straight and Chicago edged Baltimore 4-3.

Cleveland now leads New York by 2½ and Chicago by 8½.

Boston jumped ahead of Washington in their private battle for fifth place with an 11-6 triumph. Ted Williams broke his string of 17 hitless times at bat with a single and a double. He also walked four times.

Ruben Gomez tamed the Phillies on seven hits and received home run support from Davey Williams, Ray Katt and Boby Hofman.

The last-place Pirates refused to fold, even when Brooklyn ran up a 7-0 lead in the first three innings on Gil Hodges' 32nd homer and a bases-loaded triple by Walt Moryn. Jerry Lynch, Preston Ward and Frank Thomas homered for Pittsburgh.

The Braves drew 48,057 to an afternoon ladies' day contest with the Cardinals, the largest crowd ever squeezed into County Stadium. Milwaukee came from behind with two out in the ninth to tie the score at 1-1. But a triple by Wally Moon and a long fly by Solly Hemus brought victory to the Cardinals in the 10th.

Bobby Feller won the 260th game of his brilliant career in the opener against Detroit with home run support from Vic Wertz and Dave Pope. The Tigers fell upon three Indian hurlers for 14 hits in the second game, including a three-run homer by Bob Nieman.

Baltimore ended Jack Harshman's string of scoreless innings at 34 by scoring three runs in the fifth but the White Sox held on for their one-run triumph, getting the winning tally in a two-run uprising in the eighth. Nellie Fox, who had a perfect day at bat with four hits, drove in the deciding run.

The Yankees got a late-inning scare from the usually docile Athletics, who knocked out Eddie Lopat with five straight hits in the eighth. But after scoring five runs the A's were checked by Johnny Sain. Philadelphia put two men on in the ninth with two out before Sain finished off by getting Elmer Valo on an infield grounder.

Dodgers Take First Of Pony Playoffs

The Scurry Butane Dodgers took the first game of the Pony League's playoffs for local championship last night, edging the Von Roeder Red Sox 2-1.

The second game of the two-out-of-three series will be played Tuesday night.

Mickey McGrew got hitting started for the Dodgers with a double in the first inning with none on base. That was the only extra base hit of the game. In the second, Harley Merritt got on base with a hit, went to second on an error, and was brought in by Bo Brown to put the Dodgers out front.

The Dodgers got their other run in the fifth, when Johnny Griggs got to first on an error and was brought in by Neil Boyd. In the sixth, the Red Sox managed their one run when A. L. Miniga walked, stole second, went to third on an error, and was sent home by George Williams.

The Dodgers pulled one double play in the second. There was already one out for the Red Sox, and one runner on first. The play, retiring the side, was from Griggs on the mound to Roe Lashaway at second to Ronnie Baker at first.

Baker was winning pitcher. In five innings, he allowed only one hit, walked three, and struck out eight. Griggs, who pitched two innings, gave up no hits, walked four, and fanned two. Loser was Bud Morgan, who pitched the whole game for four hits, two walks, and eight strikeouts.

St. Louis Has Four Hurlers For Next Year

ST. LOUIS (AP)—Three rookie hurlers, plus veteran Harvey Haddix as the backbone, could form the nucleus of a top-flight corps of starting pitchers for the St. Louis Cardinals next season, something they have missed in 1954.

Brooks (The Bull) Lawrence, 29-year-old Negro who has compiled an 11-5 record since coming up in mid-June, heads the list.

The other two are Gordon Jones, 24, who has been with the club about two weeks, and Ralph Beard, 23, who came up with Lawrence.

Jones turned in an eight-hit performance yesterday to defeat the Milwaukee Braves in 10 innings 2-1. His bid for a shutout was spoiled in the ninth.

Jones has allowed nine runs—only three of them earned—in 24 innings of work for an earned-run-average of 1.50. He has appeared in four games, three as a starter, and has a 1-1 record.

Lawrence, who got his nickname through his ability to pitch with little rest, has appeared in 23 games for the Cards, 10 as a starter. His won-lost record places him second on the current staff behind Haddix's 15-9.

The Bull, who has beaten all other teams in the league at least once, has pitched 97 1-3 innings while allowing 36 earned runs for an earned-run mark of 3.32.

Beard, although he is yet to chalk up his first victory against two defeats, has turned in able performances during his nine appearances for the Cards.

He has pitched in 44 innings, allowing only 15 earned runs for an ERA of 3.06. Only 12 home runs have been hit off the trio.

The Card hitters have carried their share of the load this year but ineffective and spotty pitching has the club mired in sixth place in the National League.

Vitter Wins A Close One

By The Associated Press

Temple fans saw Thursday night why Jim Vitter is a 20-game winner in the Big State League this season.

Vitter struck out the last two Temple batters—one of them the team's top hitter—with the tying run on third base, to give Corpus Christi an 8-7 triumph over the Eagles.

The victory kept the Clippers three games back of second-place Tyler, which downed Del Rio 7-4. Galveston defeated Waco 6-2, and Austin beat Harlingen 1-0 and 7-5.

Lee Roy (Stumpy) Jones picked up both decisions in the Austin-Harlingen clashes. Jones pitched a one-hitter in the opener, then came back in relief to win in the nightcap.

Tyler broke a 4-4 tie in the fifth inning with a three-run surge that proved the difference over Del Rio.

Ed Konick's six-hit pitching kept Galveston in the running for a playoff berth. Galveston won on four runs in the top of the ninth.

Oklahomans Look For 1st Oil Bowl Win

WICHITA FALLS (AP)—A ponderous line and talented backs, headed by Royce McQueen, passing quarterback from Ardmore, carry the hopes of Oklahoma for its first victory against Texas in the Oil Bowl football game tonight.

It will be the tenth meeting of schoolboy stars. Nine games have been won by the Texans but last year the Sooners almost made it. They outplayed Texas but lost 20-19.

The Oklahomans will start a line averaging 210 pounds. Against it the Texans will array a forward wall averaging 204.

Ken Ford of Breckenridge, a fine passer, is the Texas quarterback. Walter Fondren of Lamar (Houston), Texas' top player last fall, will be at left halfback.

The running power of the Oklahomans is bound up in Charles Joseph of Seminole, the top schoolboy player in that state last season.

A capacity crowd of 15,000 is forecast at 8 p.m.

Pat Pattison, who had two state championship teams at Lubbock, and Henry Armstrong, coach of Del Mar Junior College, are tutoring the Texans.

Proceeds go to crippled children in the two states.

GRIDDERS TO GET CHECKUPS

Football season is just around the corner, and the Snyder schools are beginning to prepare for a start in football.

Head athletic coach John Conley has issued a call for all high school boys except freshman interested in playing football to report at 8:30 o'clock next Wednesday morning for physical examinations. Drs. Carl Dillaha and Tom Hartley, athletic physicians, will run the athletes through the line to check on their condition before they begin workouts.

The actual fall drills will not begin until next Friday, Conley said. Between that time and the start of the season Sept. 10, the team will have one scrimmage, a match here with Colorado City on Sept. 3.

Freshmen will take their physicals at a later date.

Artesia Low On Funds Now

By The Associated Press

Artesia's Numexers are in trouble in the Longhorn League—not on the playing field, where they lead the league by eight games, but at the gate.

Numexer President Steve Lanning said Thursday attendance in the club's last 10 home games must pick up or the team will wind up in the red.

Whatever its financial condition, the team seems a safe bet to finish the season atop the league standings. The Numexers haven't been out of first place since July 7.

They won their fifth straight game Thursday night, downing Midland 12-2 on the three-hit pitching of Bart Dimaggio and 14-hit slugging.

Big Spring beat Sweetwater 10-6, Carlsbad whacked San Angelo 11-1 and Odessa downed Roswell 10-7.

Mickey Sullivan had two home runs and Frank Gallardo and Dan Howard one each to pace Artesia past Midland. The Indians scored only in the second frame.

Joe Bauman slapped his 57th home run of the year in behalf of Roswell's lost cause, as the Rockets dropped a full game in their race to overtake Artesia.

Clovis Is Two Games Ahead

By The Associated Press

Clovis kept climbing in the West Texas-New Mexico League Thursday night, beating Plainview 13-8. The Pioneers are now two games ahead of the pack.

Albuquerque lost 4-3 to Lubbock, the season-long doormat. The Dukes have now usurped the "doormat" title, 14½ games behind the leader and 1½ games behind the Hubbers.

Amarillo, trying to better its third place position, dropped another full game behind with an 8-5 loss to second-place Pampa.

A big seventh inning highlighted the Clovis-Plainview game as Pioneer batsmen explored the hurling capacities of four Plainview pitchers in the one frame and emerged with eight of their 18 runs. Clovis batting was given a boost by six actual errors and enough of the other close ones too that only five of the Pioneer runs were earned.

Harvey Haddix, St. Louis Cardinals' southpaw, fanned 13 Pittsburgh batsmen on April 29.

Lacy Turner Goes Back To Coaching

After some 13 years out of the coaching field, Lacy Turner, Scurry - Borden rancher and school teacher for the past several years, has decided to go back to coaching.

LACY TURNER
. . . coaching again

Turner, now 44, has been employed by the Odessa school athletic department. He must report there by next Wednesday, although he has net yet been assigned specific duties.

Well-known in Texas athletics in the late 1930s, Turner had a 91.4 per cent win average while serving as head football coach at Wink. He was head coach there from 1937 to 1941 after beginning as line coach in 1934. During his tenure at Wink, he had the highest scoring football team in the state for two years and never lost a district game. At one time his team won 24 consecutive games before tying one, then it finally lost its 27th game to Midland.

Turner, after his time at Wink, went to Brownwood, where he served one year as head coach before being drafted into the Army. He spent three years in military service, serving in the South Pacific, and came out as a first sergeant.

After his Army discharge, Turner bought a ranch west of Fluvanna. For the past several years he and his wife have operated the ranch while Turner was teaching English at the Fluvanna schools. Turner said that Mrs. Turner and their six-year-old daughter, Lala, will stay for awhile at their home near Fluvanna.

A native of Claude, Turner graduated from high schol there after lettering in "all sports but tennis." He then went two years to Wayland (then) Junior College at Plainview, playing on that school's football team as a guard. He went from there to Texas Tech and was a guard for the Red Raiders three years. He was given the Canon Standifer Scholastic Award as the football player with the highest scholastic standing, having a 91.3 average. In 1934, Turner graduated from Tech as the first athlete there to receive a master degree.

City Playoffs Into Second Game Tonight

Magnolia and Tri-Service will meet at 8 o'clock tonight on the Towle Park baseball field here in the second game of their four-out-of-seven city league championship series.

The two will also continue play tomorrow night with an 8 o'clock game.

Tri-Service owns one win in the only series game played so far. The team downed Magnolia 11-3 Monday night. After tonight's and tomorrow night's games, the two teams will go on to another game Monday night. Tri-Service could, by downing Magnolia four straight, end the series then. Magnolia, however, could stretch the series across at least another week.

Pitchers for the two teams, along with their records for the regular season before playoffs, are M. L. Galloway (2-1), Mutt Thomson (4-0), and Carl Foree (3-0) for Tri-Service and Wendell Autry (2-0), Charlie Epperson (1-2), Johnny Claybrook (1-0), Bill Chambless (3-1), Carl Foree, and Bill Hanks.

Lawton Keeps Hold On Its Second Place

By The Associated Press

Lawton kept second in the Sooner State League Thursday night. The Braves defeated Seminole 3-2 on a home run in the bottom of the 11th by Wayne Cummings.

Ardmore won its fifth straight, 11-3, at McAlester's expense.

Olson Is Favorite In Tonight's Bout

By BOB MYERS

SAN FRANCISCO, Calif. (AP) — Middleweight king Carl (Bobo) Olson of San Francisco lays his world championship on the line tonight and is a solid favorite to retain it in a 15-round match with the nation's leading challenger, Rocky Castellani of Cleveland.

The bout will be nationally televised and broadcast by NBC, with the San Francisco area blacked out of the TV picture.

The show goes on at 9 p.m., EST, at the Cow Palace.

The balding, 26-year-old Olson captured the middleweight crown from Randy Turpin of England in 1953, turned back the threat of Kid Gavilan in Chicago last April in one of his greatest fights, and he hasn't been beaten in his last 15 bouts.

The last time he was beaten, in fact, was in a bid for the title against Sugar Ray Robinson here in his adopted home in 1952.

Castellani, at 28 a seasoned ringman without much of a punch—less, in fact, than the champion, who is not famous for chilling his foes—has not been whipped in 10 straight matches. He was last defeated in 1953 by Pierre Langlois.

Olson and Rocky have had 62 professional fights apiece, each has lost five, and both tuned up for this title struggle by belaboring a young man named Pedro Gonzales. Rocky won a decision; Bobo ended the matter in four rounds.

Olson has been guaranteed $120,000 by Rocky's manager, wealthy Al Naiman of Cleveland. Rocky will get 60 per cent of anything over the net above that sum.

The match will be scored under California's system of 11 points per round. An even round is scored 5½-5½. A good margin might be scored 7-4, and a genuine knockdown 8-2.

Plaintiffs allege that plaintiffs, American Republics Corporation and Union Oil Company of California, between them own oil and gas leases which cover all the oil, gas and other minerals in the following described land in Scurry County, Texas, to-wit:

The North ½ of Section 99 (containing 322 acres, more or less) and the South ½ of Section 138 (containing 316 acres, more or less), all in Block 2, H. & T. C. Ry. Co. Survey.

plaintiffs describing in their original petition in this cause eleven oil and gas leases which they allege cover all the oil, gas and other minerals in the foregoing described land, and that the title of plaintiffs in and to said land is in accordance with the terms and provisions of said eleven oil and gas leases.

Plaintiffs allege that all other owners of other interests in al of the hereinbefore described and under the judgment of the 126th District Court of Travis County, Texas, rendered on June 28, 1948, in the hereinbefore referred to Suit No. 79,683, and in all other land described in said judgment were and still are the owners in fee simple of their respective interests in the hereinbefore described land, subject to the hereinbefore described oil and gas leases and in all other land described in said judgment.

Plaintiffs allege that this suit is brought by plaintiffs, American Republics Corporation and Union Oil Company of California, both for themselves and representatives of the class who own the title under the aforesaid judgment dated June 28, 1948, rendered in the aforesaid Suit No. 79,683, for the purpose of clearing title to and removing cloud from titles to the hereinbefore described land and all other land described in the aforesaid judgment in said Suit No. 79,683, to the end that no one could hereafter question said judgment dated June 28, 1948, in said Suit No. 79,683, in the 126th Judicial District Court of Travis County, Texas, and so that said judgment will hereafter be binding on everyone as to the way said judgment fixed the title to the hereinbefore specifically described land and to all other land described in said judgment.

Plaintiffs allege that all plaintiffs and all defendants herein and all classes whom they represent have a common source of title, namely, all the proceedings in the hereinbefore referred to Suit No. 79,683.

Such action is a suit in trespass to try title and for the purpose of clearing title and removing cloud from title.

Plaintiffs pray in their said original petition that plaintiffs, American Republics Corporation and Union Oil Company of California, have judgment for the title and possession of all the oil, gas and other minerals in the North ½ of the hereinbefore described Section 99 and the South ½ of the hereinbefore described Section 138 in accordance with the terms and provisions of the hereinbefore described eleven oil and gas leases covering said land, and removing cloud from the title to any and all of said oil and gas leases, that the Court render judgment in favor of all other members of the class whom own interests of record in the hereinbefore described land and in all other land described in the judgment dated June 28, 1948, in the aforesaid Suit No. 79,683, establishing the title of all members of such class and removing cloud from their title as against all defendants herein and the aforesaid classes whom they represent, that plaintiffs recover damages, costs of suit and such other and further relief, general and special, at law or in equity, to which they may show themselves entitled.

If this citation is not served within 90 days after date of issuance, it shall be returned unserved.

Issued this the 20th day of July, 1954.

GIVEN UNDER MY HAND AND SEAL OF SAID COURT at office in Snyder, Texas, this the 20th day of July, 1954.

7 In Running For Playoffs In Texas Loop

By JOE BENHAM
Associated Press Staff

The field of teams eligible for the Texas League playoffs stood at seven Friday, following Thursday night's mathematical removal of Dallas.

The once-proud Eagles lost even a mathematical chance at what would have been their third straight pennant when they dropped a doubleheader to Fort Worth 6-2 and 3-2.

It left Dallas 15 games behind fourth-place Oklahoma City, with only 13 games still to play.

The first of the week is likely to find no more than six teams still in contention. Beaumont dropped 9½ games out of fourth place as the Shippers lost 3-2 to Houston in 10 innings. The Exporters have 12 games still on the schedule.

Oklahoma City beat Tulsa 4-3, and San Antonio downed Shreveport 7-4.

Fort Worth came up with a pair of late-inning rallies that beat Dallas, scoring four runs in the top of the seventh in the first game and two runs in the eighth inning of the nightcap.

Howie Phillips doubled with one out and Dick Rand on base to give Houston its extra-inning triumph.

San Antonio and Shreveport got started an hour late, but the Missions made up for the delay with two runs in the first inning and a total of 17 hits.

Californian Leads Jaycee Golf Rounds

ALBUQUERQUE (AP)—Allen Geiberger was the man to beat today as he teed off in the third round of the International Jaycee Junior Golf Tournament.

Boasting a three-stroke lead with his 36-hole total of 145, the 16-year-old California Jaycee champion could sit back and let the rest of the field try to catch up.

Close challengers included Jackie Cupitt of Greggton, Tex. with 151.

Hasty Action On Commie Bill Results In Vague Structure

By JAMES MARLOW

WASHINGTON (AP) — Congress acted in haste when both houses yesterday passed a bill to deny the Communist party legal privileges and force its members to register with the government. The bill goes now to President Eisenhower to be signed into law.

Because it was whipped together so fast, government lawyers, who will have the task of making it work if the President signs, must think it through to determine exactly what it means and how they shall proceed under it. They cannot say precisely now.

In the preamble to this legislation Congress declares the Communist party is part of a conspiracy to overthrow the government by force and therefore "should be outlawed." Nowhere else does Congress say the party is outlawed or that it must cease to exist.

In the dictionary meaning of outlaw — "to deprive of the benefit and protection of law" — the Communist party is outlawed, at least in so far as federal laws are involved. The legislation says the Communist party or its successors under any other name are not entitled to "any of the rights, privileges and immunities attendant upon legal bodies . . . "

But what rights, privileges and immunities does the party lose? No one available would attempt to give a complete list.

Under this bill the party could not put candidates on the ballot in any federal election. And the party could not make contracts where federal laws were involved or sue in federal courts. That much seems clear.

What is less clear is what rights, privileges or immunities it might have under state laws. One lawyer, who followed this legislation closely, said that while Congress could keep the Communist party candidates off federal ballots it could not tell states what parties could appear on their state election ballots.

It seems a safe bet the party will fight this legislation all the way up to the Supreme Court, or try to, on the grounds it is unconstitutional. But if the party loses there and folds and later reappears under another name, will the government have to go through another long court fight to prove it's the same old Communist party? That can't be said now.

The party may have to fold anyway before it ever gets up to the Supreme Court on this legislation of yesterday because, before then, another law, already on the books, the McCarran Internal Security Act of 1950, may have proved effective in smashing the party.

That act requires the officers and members of the Communist party to register with the federal government if the Subversive Activities Control Board, after hearings, decides the party is a Moscow tool. The board, after long hearings, made that finding and ordered registration.

As was to be expected, instead of registering the party went to court, protesting that the McCarran Act is unconstitutional and therefore the party members should not have to register. The Supreme Court is expected to give the final answer on this by next spring.

If the court rules against them, it would be a crime for the party leaders and members not to register then. But the leaders already have indicated they would never register. They could be jailed and fined if they didn't.

If that fate overtook them while they were fighting yesterday's legislation in the courts, they'd no doubt have to abandon the latter.

So there is plenty of machinery for hampering and hamstringing the party, at least until the Supreme Court speaks. But just what this legislation can do to help the government in dealing with individual Communists is not clear at all. It's doubtful that it adds much.

Yesterday's legislation does not make it a crime to be a Communist — unless a member of the party knows its purpose is overthrow of the government. In bringing a Communist to trial under this legislation the government, therefore, would have to prove he knew the party's purpose.

But there is a law already on the books — the Smith Act, passed in 1940 — under which the government can prosecute Communists if it can prove they knew the purpose of their organization was forcible overthrow. The government already has started such action under the Smith Act. But the new legislation, because of certain language it uses, may mess up the government's use of the Smith Act.

Burma-Japan Talks In Second Session

TOKYO (AP)—The top Burma-Japan reparations negotiators met in their second session today and reportedly began point by point discussions of proposals made by both nations.

Neither side would reveal the amount of war damage to be paid by Japan in the two proposals.

An informed source said the total in the Japanese offer is close to 100 million dollars—mostly in goods and services. The source said, however, that Japan is so anxious to settle the Burma reparations question she may go higher, if the increase is held to technical aid.

The same source said Burma is asking about $200,000,000.

Jim Jeffries Barn To Be Torn Down

BURBANK, Calif. (AP)—Plans to build a two-story, 100-room hotel on the Jim Jeffries barn site here were disclosed yesterday when the City Planning Board received a request for a zoning variance on the site.

The property houses the famous barn built by the late ex-heavyweight boxing champion. The barn has been unoccupied since March 1953, but before that was used as a training gym for young fighters and a site for amateur matches.

Man Rescued From Ledge

GRAND CANYON, Ariz. (AP)—"It seems like I am reborn," Albert Cane, 34, Los Angeles, muttered after his helicopter rescue yesterday from a ledge in the Grand Canyon where he had spent two days.

Cane was on a hiking expedition with his brother Donald, 24, and Otto Straussberger, 34, Los Angeles, when his companions left him to get water.

While they were gone, he stumbled over a 10-foot cliff and landed on the ledge.

"I tried again and again to scramble back up the cliff above me but I just couldn't make it," he said.

His brother and Straussberger notified rangers Cane was lost and a search party was launched.

The helicopter was provided by nearby Nellis Air Force Base, Las Vegas, Nev.

"I dozed off a few times during the two nights on the ledge but I couldn't sleep comfortably," Cane said.

Deeds Get Mixed Up

OKLAHOMA CITY (AP) — Two neighboring families were surprised to learn they are living in each other's home.

The J. D. Fishers have a deed on the house down the street in which the V. J. Chandlers live. The Chandlers, in turn, have the deed to the Fisher home.

City Clerk Earle M. Simon uncovered the strange situation when paving bills were mailed yesterday and is correcting the filing error.

Both families are satisfied with the home they thought they bought.

Small Girl Shows She Really Wants Piano

ST. PETERSBURG, Fla. (AP)—For weeks 10-year-old Dora Maus pressed her nose against the window of a piano store here and admired a piano.

Finally, Dora, a pert little blonde, walked into the store and told the owners she wanted that piano and would make payments of 50 cents a day on it. It was a deal and she made the money by selling newspapers.

After she had paid $40, the piano company gave her the piano. The manager's wife, Mrs. Lee Gable, even agreed to give her lessons.

That was two months ago. Today, Dora not only can play tunes but she also has become a teacher in her own right. She is teaching a friend, Penny Trecky, who already can play two songs.

Marijuana Cost Up

MEXICO CITY (AP)—A dope peddler complained to police arresting him yesterday that Mexico's rising cost of living has boosted the price of marijuana cigarettes to two pesos—16 cents—each. Officials estimated this is a rise of about 20 per cent.
