Lubbock Man Killed In Gun Battle Here

THOUSANDS SEE RODEO PARADE—A crowd estimated at between 30,000 and 35,000 people lined Lubbock streets and out Broadway to College avenue Wednesday afternoon to witness one of the most colorful parades in the city's history. The parade heralded the opening of the ABC-Boys' Club rodeo starring Gene Autry, scheduled nightly through Saturday at Tech's Jones stadium. In the top picture is shown a portion of the crowd as a miniature Santa Fe train passed by. To the right is Autry, the cowboy star of radio and movies, being followed by a host of youngsters in the line of march. Second row left shows young Jerry Trammel, 17-months-old son of Mr. and Mrs. H. H. Trammel, 1206 Twenty-third, as he looked on in wonderment. Bottom left shows a group of members of the Lubbock Boys' club. Bottom right shows a group of four old timers, men who have lived in Lubbock since its founding who rode in an honor position in the parade. In the front seat, left is Geo. Boles, pioneer cattleman and right is Clyde Tatum, driver. In the back seat, left to right, are: Dr. M. C. Overton, pioneer physician; Geo. R. Bean, pioneer attorney; and Geo. C. Wolffarth, who was one of the county's founders. (Staff Photos.)

Truman Hurls Fiery Blast At Congress

By ROBERT G. NIXON
INS Staff Correspondent

SPOKANE, Wash., June 9—President Truman twice today lashed out at the Republican majority Congress.

Shortly after the presidential train came to a stop in Spokane, the President branded the majority Congress as "the worst" in the history of the nation.

The President tempered this statement somewhat when he made a brief talk at Grand Coulee dam, 93 miles from Spokane. There, at the conclusion of his motor trip from the eastern Washington metropolis, he said that perhaps the corrupt Thad Stevens Congress of the reconstruction period after the Civil war was a worse Congress. But he added:

Voters Urged To Act

"This is the worst one in my memory."

During his Spokane visit, Mr. Truman spoke off-the-cuff to workers at the Davenport hotel. He told them the only way to get things done for the good of the country is for the voters to act in their own interest in November. He said that Democrats must be given back congressional control.

Thousands of persons turned out in Spokane to welcome the President this morning. The downtown sidewalks and windows of buildings were jammed along a mile route to a Spanish-American monument where other thousands gathered to hear him talk of matters of particular interest to the northwest.

Flood Control Talked

Mr. Truman called for full production and for peace in the industrial northwest and called attention to the production record of this area during the war. He talked about flood control and the need for river control not only for the Columbia but the other major watersheds of the nation.

Speaking at a convention of communication workers in Spokane, Mr. Truman told the delegates that they can get rid of the Taft-Hartley law in November if

Senate To Vote Today On Draft

WASHINGTON, June 10. (Thursday) (INS)—The Senate agreed to vote at 1 p. m. (CST) today on the bill to draft men 19 through 25 for two years of military duty and to permit 161,000 18-year-olds to enlist for one year's service in the continental United States.

The agreement was reached after the Senate had been in session more than 13 hours. It was the third consecutive day-night session at which the upper chamber tried in vain to complete action on the bill.

The decision came after the Senate refused to place on President Truman the responsibility for starting the draft.

"Politics" Charged

After reaching the agreement, the Senate recessed until noon today.

After debate punctuated by charges of "politics," the upper chamber voted 57 to 24 to retain provisions of the bill permitting inductions to begin as soon as draft board machinery is set up.

Under the House bill, inductions cannot begin for 75 days after the bill becomes law. Mr. Truman can begin the draft after that time only by proclaiming it is necessary.

The Senate in its third successive night session, accepted 44 to 39 a proposal to streamline court martial procedure in the Army and

BLAZE CAUSES

$275,000 Loss At Rising Star

(By The Associated Press)

RISING STAR, June 9.—Fire raged through a block in Rising Star's business district this afternoon, destroying eight buildings and damaging another. Estimates of damage ranged from $275,000 to $500,000.

The blaze started at 2:15 p. m. in the huge Higginbotham mercantile store's warehouse, Jack McCarty, co-editor of The Rising Star Record, reported. He said it was brought under control about 6:30 p. m.

Largest loss was that of the Higginbotham concern, whose manager, Jack Koonce, estimated damage to the company of $100,000 to $150,000. M. S. Sellers, publisher of The Record, put the total damage at $275,000 to $300,000.

McCarty estimated the damage at a half-million dollars. He said only the aid of a construction crew working on a highway between here and Comanche prevented the fire

Light Rains Fall In Area

SCATTERED thundershowers and cloudy skies ranged over a wide section of the South Plains late Wednesday afternoon and early evening, but rainfall of any consequence was reported only in isolated instances.

The weather station north of Lubbock on Plainview highway reported that three small showers early in the evening deposited .9 inches, .8 inches and .7 inches of moisture for a total of .24 of an inch in the immediate Lubbock area.

Rainfall between Lubbock and Monroe to the north was said to have been fairly heavy, with some hail reported in that area.

Good Fall At Tahoka

The telephone company here said that circuits to most smaller cities in the area were "noisy" and in a number of instances were "out" for short periods of time during the showers.

Light showers were reported at Abernathy, Hale Center received an estimated .25 of an inch in two showers and Plainview, further north, received no rain at all.

Rain fell generally over sections of southern Lynn county. Tahoka reported a heavy shower between 6 and 7 p. m. yesterday, measuring between .25 and .5 of an inch. O'Donnell reported about .25 of an inch in a shower about 4 p. m., and the O'Donnell Index said that between .50 and .75 of an inch fell in other parts of the county.

Light showers fell over Levelland and Hockley county, with

Soviets Protest U. S. 'War Propaganda'

LONDON, Thursday, June 10. (AP)—The Moscow radio said today Russia has protested to the American government that "unbridled propaganda for a new war is being carried on in the United States."

The broadcast said the Soviets had complained to the Netherlands as well the U. S. that American and Dutch publications were talking up a new war.

A note delivered yesterday by the Soviet embassy in Washington accused the United States of violating a United Nations resolution condemning warmongering, the radio said. It added that a copy of the note was sent to Trygve Lie, secretary-general of the United Nations.

Alvis Graves Shot To Death; Man Is Held

By JOE HITCHCOCK
Avalanche Staff Writer

A Lubbock man was killed and and another man narrowly escaped death in a blazing close-range gun battle in the crowded south residential section of the city about 6:30 o'clock Wednesday night.

Alvis Graves, 43, of 2102 Avenue L, died in West Texas hospital shortly after the shooting incident. The exchange of seven or eight shots occurred in the front yard of the Graves residence.

Tom Garrett, Jr., or 916 Thirty-second, was being held in Lubbock county jail early today in connection with the shooting. No charge had been filed late last night.

Several persons were reported to have witnessed the latter part of the shooting episode, but it was believed that only one person observed the affray from the start, according to statements being taken by District Attorney Lloyd Croslin last night.

Drives To Home

Garrett, in a statement to Captain of Detectives Pat Davidson, said that he had been working part time for Graves for about six months in a laundry repair shop. During recent weeks arguments had occurred in connection with the work, he stated.

On several occasions during that time he said he had dated the Graves' daughter, Alene, 18, had talked with her several times by telephone and had made a date with her for last night. He had gone to her home in his car for her and had driven into the driveway shortly before the shooting began, Garrett said.

He told Davidson that the shooting began before he could start his car again, after seeing that trouble was brewing.

Shots Are Fired

When he coasted into the driveway with the motor off, Garrett said that Graves walked toward the car while unbottoning his shirt. Then, he saw a gun, he told Davidson. He realized he couldn't start his car and get away in time to avoid trouble, Garrett said, and reached in the glove compartment for a .22 automatic pistol. At the same time, according to the state-

120 Of Vanport Feared Victims

PORTLAND, Ore., June 9 (AP)—The Red Cross tonight listed 120 men, women and children for whom there is "deep concern" whether they escaped the Columbia river flood waters that smashed Vanport nine days ago.

They are members of 64 families living in the war-built housing project city when a dike burst shattered the apartment homes of 18,700 residents on Memorial day Sunday.

Four bodies have been recovered from amid the floating debris of the housing project. Known dead in the stricken Columbia valley flood zone totals 31.

Maurice Reddy, director of Red Cross relief work in the Portland-Vanport disaster area, said the 120 persons on the agency's "critical

Son Of Former Lubbock Family Found Hanged To Death In Barn

SHERMAN, June 9 (AP)—Investigation of the death of a 16-year-old boy whose body was found hanging in a barn last night continued today.

The victim was Charles Dee Harvey. His mother found his body in a barn at their home near Whitewright. It was hanging from a belt around the neck and a small stool was overturned on the floor.

The parents, Mr. and Mrs. R. T. Harvey, formerly of Lubbock, said several boys were playing in the barn shortly before the body was found.

Anderson Winner Of New Mexico Contest

ALBUQUERQUE, N. M., June 9 (AP)—Former Secretary of Agriculture Clinton P. Anderson and Former Secretary of War Patrick J. Hurley will oppose each other next November for New Mexico's seat in the U. S. Senate now occupied by Carl A. Hatch.

Anderson defeated former Governor John J. Dempsey in yesterday's Democratic primary election. Hurley, cabinet member under President Hoover and President Roosevelt's trouble - shooter in China, was unopposed for the Republican senatorial nomination.

Dempsey conceded the race to Anderson early today. With 510 of the state's 868 precincts reported, the former cabinet member had 30,938 votes to Dempsey's 20,044.

Democrats also renominated Governor Thomas J. Mabry, handing him more votes than his two opponents received together.

RAIN THREAT CUTS FIRST NIGHT CROWD

Huge Throng Jams Lubbock Streets For Parade; More Than 8,000 Attend Opening Rodeo Show

By BILL HAMS
Avalanche Staff Writer

MORE than 8,000 persons braved the threat of rain Wednesday night to see the first performance of the eighth annual ABC-Boys' club rodeo which featured Gene Autry, movie, radio and cowboy star, and a host of cowboys and cowgirls.

The four-day event was launched Wednesday afternoon with more than 30,000 persons jamming Lubbock's downtown streets to watch a mile long procession of floats, cowboys and cowgirls, candidates, and notables parade. Autry, star of the parade, caught the eye of many small boys who followed in his wake and beside his stirrups during the parade.

Thunderstorms Threaten

Thunderstorms during the afternoon dampened hopes that the first performance would be held. However just enough rain fell at the rodeo grounds to settle the dust, but the threatening weather undoubtedly cut the crowd as a thunderstorm hung over the city over 30 minutes after the performance got under way.

The second performance will begin at 8 p. m. today at Jones stadium. The third and fourth shows will open at the same hour on Friday and Saturday.

Each night's rodeo program will include bareback bronc riding, saddle bronc riding, calf roping,

Palestine Armistice Starts At Midnight

CAIRO, June 9. (AP) — Count Folke Bernadotte announced tonight a four-week armistice in Palestine will start at Friday midnight (CST).

Bernadotte, the United Nations mediator, immediately asked military observers to supervice the cease-fire and announced a peace conference to attempt to end permanently the bloodshed in the Holy Land.

Arabs and Jews accepted without condition the United Nations truce proposal, Bernadotte said.

Bernadotte said he will call the peace conference as soon as possible on the neutral Mediterranean island of Rhodes, a Greek possession, to mediate the long-range issues involved in the Palestine war.

Although both Jews and Arabs said they had accepted the truce unconditionally, Israel Foreign Minister Moshe Shetok said he was asking certain technical modifications relating to immigration, war materials and the supply of Jerusalem.

HOUSE ACTION CALLED 'CYNICAL'

Vandenberg Bitterly Assails Cut In Foreign Aid Spending

By ED CREAGH
Associated Press Staff Writer

WASHINGTON, June 9.—Senator Vandenberg (R-Mich) bitterly assailed House cuts in foreign aid spending today as a "cynical" attempt to reverse Congress' own policy and to gut the European recovery program.

The Foreign Relations committee chairman pleaded for restoration of the cuts "for the sake of the hopes by which free men live" and to forestall "the war we do not want."

Vandenberg spoke at his own request to the Senate Appropriations committee as it opened hearings on the House bill, which cuts this country's foreign spending program from $6,533,000,000 to $5,980,000,000 and spreads it over 15 months instead of the planned 12.

"I respectfully submit that any such action is calculated to change the character of ECA from "recovery" to 'relief' alone—thus plunging us back into the dreary, hopeless, sterile and utterly costly routines from which we must escape," said Vandenberg.

UN Officials Doubt Holy Land Truce Will Be Truly Effective

By J. M. ROBERTS, JR.
Associated Press Staff Writer

Public expressions of elation by United Nations officials over Jewish-Arab acceptance of a truce for Palestine are quite obviously tempered by private doubts that it will be truly effective.

The complex reservations with which both sides view the truce terms, as well as the whole history of the dispute, lead to fears that any armistice will soon be denounced with charges of violations.

And, even if there should be a full four weeks of peace, I can't find anyone with the slightest idea of what to do with the time, other than to negotiate over all the old ground which has never given any signs of producing an agreement.

Both sides have insisted that, truce or no truce, their political positions remain the same—the Jews for a national state, the Arabs unalterably opposed.

Count Bernadotte, the United Nations mediator, has given no indication that he has any new suggestion. Apparently his principal duty is merely to bring the opponents together for another try at what has failed so often already.

The fact that the territory occupied by Israel has been largely cleared of Arabs might have some effect on the negotiations, but not much. It had ocurred to me that this might open the way to a field of negotiation which has never been tried.

Two Routes Appear Open

Everyone to whom I talked said the Jews would never admit Arab rights, nor agree to buy what they already hold and regard as theirs, and that the Arabs would never do it anyway.

So the whole business would seem to lead back to one of two things: Enforcement of the de facto partitioning which has already occurred, or to go back 30 years, forget all the mistakes and promises which have been made and establish a United Nations trusteeship under which both Jew and Arab would live in enforced peace.

This is oversimplification, too. What seems more likely is that the Arabs will be restrained from open warfare by international curbs such as sanctions, the Jews will continue their state of Israel under highly disturbed conditions, seriously hampered by lack of economic relations with the surrounding area, and the sniping will go on just as under the British mandate.

That is, unless the disturbances invite a major contest among the big powers for the Middle East, and both Jews and Arabs are submerged in a far more tragic conflict.

Cotton Congress Is Set In Dallas July 22

DALLAS, June 9. (U.P.)—"Cotton counts its opportunities" will be the theme of the ninth annual Cotton Research Congress to be held here July 22-24, it was announced today.

Speakers will include government authorities on world trade and exhibits will include the largest display of mechanical equipment for cotton farmers ever assembled in the Southwest.

Fifteen of the nation's implement manufacturers will show equipment ranging from terracers to mechanical pickers and harvesters at the state fair grounds, says Burris C. Jackson of the Statewide Cotton committee of Texas.

Opportunities for cotton in world trade, domestic markets, technical research, and improved production and mechanization will be discussed.

Industry leaders from all cotton states and several foreign countries will attend.

The program includes a luncheon, two night sessions, and a style show of the latest cotton fashions.

Four Conditional Pardons Are Revoked By Governor

AUSTIN, June 9. (AP)—Gov Beauford H. Jester today revoked four conditional pardons.

In each of these cases, the action was taken after the governor had been notified the subjects have become involved in subsequent criminal charges. Included were: Herman Ross, sentenced originally from Galveston county March 31, 1945, to serve five years for assault to murder. Conditional pardon granted, May 3, 1948.

A conditional pardon also went to Harvey Clark, sentenced from Anderson county Oct. 24, 1944, to serve 10 years for rape. Also conditionally pardoned were Phillip Richard, sentenced from Orange county to serve 10 years for murder Feb. 27, 1942.

OLD RIVALRY FLARES AGAIN

Fighting Marines Ignored In Latest Lineup Of U. S. Forces

By BOB CONSIDINE
INS Staff Witer

NEW YORK, June 9—Who said the unification of our armed forces is full of the old snafu? That's not true. Why, only the other day the Navy, which yields reluctantly, agreed to change the airspeed indicators on its planes from knots to miles per hour.

Beyond that concession . . . Well, we're not very sure. Inter-service neck hairs still bristle in the echlons below the office of Mr. Forrestal.

Army Says GI Needed

The Air Force may not be able to make up its mind on how many groups it needs. But it will fight, by tooth and by nail, all efforts of the Navy to build a carrier big enough to launch four-engined bombers of the long-range variety.

The Army tells Congress, in the now tri-cornered assault on military funds, that the Air Force and Navy are okay in their respective places but neither ever won a war. Wars in the future, even push-button wars, will still come down to the problem of training a G. I., moving him to the scene of battle and consolidating what he captures—the Army stoutly asserts.

The Navy, going in several directions, argues that its scope of activities has been immensely broadened by the march of science, and it wants to continue much of its individual research and procuring. It sees its air arm as the important battering ram which will demolish much of an enemy's will and means to fight—after which the Air Force and Army may come in and mop up.

Unification is a difficult melding, for much of the old bitterness remains on the high levels. The old Army generals are prone, however hard they try, to regard the Air Force as a precocious juvenile delinquent which should have been kept under the firm thumb of the signal corps.

The fustier brass of the Navy continues to look upon the Army as generally inferior, and regards any effort by the Air Force to comment on its carrier program as preposterously uncalled for as the sight of a Harvard man challenged to a duel by a graduate of the Lewis hotel training school.

In the confusion all the boys from Mr. Forrestal down seem to be overlooking the thumping fact that we have had in our midst since 1775 the perfect example of military unification — the United States Marine corps.

Marines Were Busy

Marines in this last war manned ships, flew planes and fought in fox-holes. They ran every conceivable gamut of modern warfare, yet always remained a unit—a combat unit. They remained a team.

Army and Navy men who worked with the Marines in World War II slipped easily and naturally into a state of one-ness they had never known before and have hardly known since — despite the new law on the books. In every marine landing there rode a Navy coxswain, an Army Air Force ground man. Army engineers and seabees. They fought everything, except that they were all on the side of their Uncle Sam.

But if the truth were known, and we hope this sheds some light on it, the Marine corps, the proudest of our services, is getting a terrible kicking around.

Marines Were Limited

When the defense program was set up it was decided—after the Army tried to exterminate the Marine corps—that the future role of the Marines would be to perfect amphibious operations and stand ready to serve as air-borne shock troops.

They were limited to four divisions, no two of which could be linked for an operation. But at the recent meeting of the topmost brass in Key West, Fla., the role of the Marines was considerably watered down . . . Watered down to a point where tough old Marine officers fear that the corps will become as sendentary as his majesty's royal Marines, who have become mainly sentries, ship gunners and potato peelers.

And yet our Marines could teach the Army, Navy and Air Force so much. With all their moods and facets they learned to live together among themselves at the birth of our nation and have shown—whenever called upon—that man for man and unit for unit they are the greatest force of warriors in history.

"Tain't fair to kick them around. 'Tain't fair to ignore them when we're spending billions to achieve a state they so long since gloriously achieved.

Half a million tons of water fall over Niagara every minute.

MEXICO CITY, June 9. (AP) — The government owned national railways announced today a 40 per cent reduction in fares from Sept. 14 to 25 and from Nov. 29 to Jan. 21, 1949 to encourage vacation travel.

The 40 per cent cut applies to first class travel. Fares for second class travel during the two periods will be reduced 25 per cent.

Texas Weather Aids Harvesting, Planting

AUSTIN, June 9. (AP)—Weather favored harvesting and planting last week but high temperatures were beginning a heavy drain on soil moisture.

The United States Department of Agriculture said today these conditions permitted harvest of small grains and planting and cultivation of summer crops.

Some southern, central and extreme western counties were more abundant supply with harvest becoming more widespread. Peak movement of green corn and tomatoes in the valley had passed but movement continued active. Later districts were shipping corn and exterem eastern counties were beginning to move tomatoes. Early districts were moving cantaloups and watermelons.

USDA said range and pasture grass was at peak development in most eastern and northeastern counties but rain was needed for continued growth in southern, plateau, and trans-Pecos counties.

MEMO TO THE MANAGER
No doubt your customers are pleased with the complete supply of attractively displayed goods on your shelves. You know and we know that many of these goods came from manufacturer's stocks and wholesaler's warehouses in San Antonio. Of course, we'd like it to be even more that way.
Whether you are the manager of a store, a farm, a ranch, or an oil field we want to furnish the goods and services necessary to insure a fuller living, a happier and more prosperous life for you and your customers.
We're proud to be associated with you. Together we are really building South Texas. We help you; you help us. It's kind of a partnership. We know and you know of the interdependence that exists. Lets keep working together—let's keep the ball rolling.

The Woman's Angle
By Margaret Turner

IF the annual ABC rodeo parade did little else than to bring joy to the hearts of hundreds of South Plains boys and girls, it would be voted worthwhile in our book. It was great fun to see the miniature "Gene Autrys," and "Roy Rogers" (excuse us Mr. Autry), "Lone Rangers," and other characters, both real and imaginary, running all over town throughout the morning and mid-afternoon.

Our vote for the cutest youngster goes to the little boy, gayly decked out in an Indian headdress who was beggnig his mother to buy him a coke.

• • •

Western apparel seen on Lubbock streets Wednesday ran the gamut from specially tailored whipcord trousers and gabardine shirts to costumes that more than likely were whipped up at home. But there was as much color as is in the flag of Mexico and we saw more light hearted people yesterday than we have seen in a month of Sundays.

The quiet that prevailed over the spectators was remindful of the stillness when the sound goes off at the movies. We think there should have been some whistling and shouting and "whoopeeing." After all, Gene Autry doesn't come to town except once a year.

• • •

From our vantage plase two floors up, we noted within thirty minutes a greater number of traffic violations (if you call backing down the street, turning around in the middle of the street and turning off into an alley violations) than will happen until the next parade.

The thought occurs that many people, both men, boys, girls and women, are driving automobiles today who never should be allowed behind a wheel.

NO HAPPINESS

HAPPINESS is within the reach of all of us if we only cultivate the proper mental outlook, according to an article by Dale Carnegie in a current national magazine.

Carnegie estimates that generally ninety per cent of the things in our lives are right, and that only ten percent are wrong, and lists seven ways people can adjust their mental outlook to bring happiness. They are:

"Count your blessings — not your troubles. Think and act cheerfully and you will feel cheerful; instead of worrying about ingratitude, let's expect it; let's not imitate others; when fate hands us a lemon let's try to make lemonade; forget yourself by becoming interested in others; and do a good deed every day that will put a smile of joy on someone's face."

IN THE MAIL

DEAR Miss Turner: Your column seems to be a source of all kinds of general information, not to mention its interest.

The thought occurred to me that you would mention that I have a 1913 dime and have been told it is of interest to coil coin collectors. If anyone is interested, he may telephone me at 2-8610.

Sincerely,
Mrs. H. L. Voelker.

BUT WHO SWEEPS UP?

THERE'S something new in mousetraps, and squeamish housewives who like their mice at a distance, undoubtedly will beat the proverbial path to the door.

It's an all-metal trap that ejects the dead mouse and resets itself—all in one simple motion, by pressure on a lever.

LOST YOUR HEART?

Some one lost her heart at the city bus stop at Ave. T. and Nineteenth. Well, not literally, of course. But she lost a gold locket in the shape of a heart and dangling from a black velvet ribbon. It's at our desk in the Avalanche-Journal office.

Miss Gates Is Bride Of Mr. Taylor; Will Make Home In City

PERRYTON, June 9 (Special)—Miss Doris Nell Gates, daughter of Mr. and Mrs. J. W. Gates of O'Donnell, and James William Taylor, son of Mr. and Mrs. Clyde T. Taylor of Littlefield, were married Sunday morning at 8:30 o'clock in the parlor of the First Methodist church in Lubbock. Rev. E. H. Crandell performed a double ring ceremony before a candle-lighted altar banked with baskets of white gladioli and palm. White satin bows marked the bridal aisle.

Miss Josephine Foote, niece of the bride, played "Traumerei" (Schumann), "Poeme" (Fibich) and The Lord's Prayer (Malotte) as a musical prelude. Traditional wedding marches were played, and "To a Wild Rose" (MacDowell) was heard during the service.

The bride, given in marriage by her father, wore a white satin gown designed with a boat-shaped neckline, long fitted sleeves and an elongated peplum which dipped to a point in the back, following the lines of the train. Her fingertip veil of bridal illusion was held in place by a satin coronet edged with split carnations, and her bouquet was a cascade arrangement of Regal lillies and caladium leaves. For something old she carried her mother's wedding handkerchief.

Mrs. Foote Is Attendant

The bride's only attendant was her sister, Mrs. C. W. Foote of Perryton. The matron of honor's gown was of ice blue taffeta and similar in design to the bride's gown. Picadilly gladioli made up her cascade bouquet and hair arrangement.

Leon West of Lubbock was best man. Ushers were Norbin Taylor, brother of the bridegroom from Littlefield, and John Ray Towles of Fort Collins, Colo.

After the ceremony, a reception given by the bride's parents was held in the home of Mr. and Mrs. J. W. Ford, 3303 Twenty-ninth. Sisters of the bride, Mrs. John Ray Towles of Fort Collins, Colo., and Mrs. Foote, served the bell shaped wedding cake and coffee from a linen laid bridal table, which was centered with an arrangement of white gladioli.

Mrs. Taylor received her B. S. degree from West Texas State college and her M. S. degree in nursing from Western Reserve university in Cleveland, Ohio, and is employed as clinical instructor at West Texas hospital School of Nursing.

The bridegroom attended West Texas State college and is a senior student at Texas Tech. During the war he served three years in the Army Air forces with 13 months overseas.

After a wedding trip to New Mexico resorts, the couple will be at home at 2207 Twenty-second in Lubbock.

Out of state wedding guests were from Colorado and Oklahoma.

New Book, Exposing Propaganda Methods, Joins Fight On Reds

By MERRYLE S. RUKEYSER
INS Economic Commentator

In the armory of weapons designed to contain Communism, two Americans have created a new instrument in a book entitled, "How To Be Popular, Though Conservative."

Fred G. Clark, chairman of the American Economics foundation, and Richard S. Rimanoczy, having conducted hundreds of radio debates over a coast to coast network, seek to explain in their handbook the psychological advantages of propagandists who want to change the system. They expose the technique of manipulation of the mass mind in the spirit of Gustav le Bon's "The Crowd" and Ortega Y. Gasset's "Revolt of The Masses."

The book is a hard hitting effort to unclothe the demagogue and to strip political blue sky of glamor. It presents an approach for making truth palatable and common honesty respectable, it is a useful guide for those who want to succeed in the competition for men's hearts and minds in this confused world in which we live.

A careful study of the contents would clarify for a public figure like Senator Robert A. Taft, Republican of Ohio, why his essays in public service so frequently bring hisses instead of cheers.

Perhaps some one will write a companion self help book on the theme "How To Be Right, Though Unpopular."

On this tangent, it is the philosophy of any well conducted central bank to put restraints on the use of credit during a boom and in reverse to loosen up during interludes of popular fright, panic, and intense pessimism. Thus, the well conducted central bank is always bucking the trend.

I sometimes think that what the country needs is one-term office holders, who, instead of perpetually trimming and mending fences to assure re-election, will attempt to display their greatness and excellence here and now.

The country needs courageous men, with objectivity of mind, who are willing to deal forthrightly with realities. Such leaders are critical toward bandwagon drifts. Instead of trying to get personal gains from exploiting the frailities of suckers, they aspire to render useful service.

In these times of high powered publicity, there is a real danger of misusing the Hooper or Crossley rating system in evaluating public men. The glib talker or the broadcaster who can put boom in his voice may be more a menace than a public benefactor. Hitler, the rabble rouser, would have had a high popularity rating, but that merely meant that his threat to a free society was in inverse ratio to his ability to arouse emotions.

In another field, when a highly articulate president of a great American bank retired, a fellow director told reporters: "I am glad he is getting out. He was dangerous because he had a gift for talking so effectively that, even when he knew he was on unsound ground, he couldn't compete with his talent for sounding plausible."

The threat to free institutions comes from propagandists who offer something in the way of a short cut to progress, obviating the need for self-help and self discipline. Escapism and reliance on mama government sometimes sound alluring to those borne down by the rigors of the competitive struggle, but the objective record or social accomplishment is on the side of thrift and industry and attainment of personal merit.

Church Encampment Held At Palo Duro

First Christian church officials announced here Wednesday that 11 young people from Lubbock are in attendance this week at a summer encampment sponsored by Christian churches of this area at Ceta Glen Christian camp in Palo Duro canyon.

The camp this week is for young people 15 years of age and older. It is to close Saturday and is to be followed immediately by a similar encampment for the intermediate group who will also spend a week at the camp site. Also scheduled to open July 25 is a family encampment that will include adults and children.

The encampments are a joint project by the Lubbock and Amarillo districts of the church, which bought the 86-acre camp site and improved it for recreational and religious training purposes.

Rev. Dearl Richardson, assistant pastor of First Christian church here, was named as dean of the camp for the young people's meeting, but is ill in a hospital and unable to attend. Instructors include Dr. and Mrs. B C. McCord of Brownfield, and Rev Dale Madearis of Slaton.

Attending the young people's meeting from First Christian church here are Juanita Thomas, Beverley Bantz, Norman Bantz, Mary Kathryn Roberts, Dorothy Yates, Opal Johnson, Marshall Pharr, Margaret Barrier, Aletha McCasland, Chloe T. Dawson, and Blair Hankins.

SPEAKS HERE TODAY — James D. Edgecomb of Fort worth, above, president of the Texas Association of Life Underwriters, will be speaker at a meeting of the Lubbock Association of Life Underwriters in Hilton hotel at noon today. His subject will be "Wake Up—Your House Is On Fire!" it was announced by Roy L. Krebbs, secretary-treasurer of the Lubbock group. Edcomb formerly was president of the Dallas Association of Life Underwriters.

Quarantine For Pink Boll Worm Extended

WASHINGTON, June 9. (U.P.)—The Agriculture department today extended the Texas and New Mexico areas now quarantined for pink bollworm and added six counties in Oklahoma.

The changes are effective Friday. The pink bollworm is cotton's most destructive pest.

The department placed 43 additional Texas counties in the quarantine area as well as Roosevelt county, N. M. The quarantine regulates movement of cotton, cottonseed and okra from infested areas.

The greater part of Texas and sections of southern Arizona and New Mexico are already under quarantine. No part of Oklahoma had been included until today.

Counties placed under regulation in Oklahoma are Beckham, Caddo, Greer, Harmon, Jackson, Kiowa, Tillman and Washita.

Jury Deadlocks Second Time In Kingsville Land Dispute

KINGSVILLE, June 9. (AP)—District Judge Paul Martineau today declared a mistrial in the Jay Simmons-Sam E. Wilson, jr., land dispute case after the jury deliberated 23 hours without reaching a verdict.

It is the second time a jury has been unable to reach a verdict in the case. It has been in court two years.

Wilson is suing for a one-half tract near Kingsville. Oil royalties are involved.

Wilson is from Corpus Christi. Simmons is a Dallas oil man.

Horse Meat Used In 21 Schools

HOUSTON, June 9. (U.P.)—Horse meat was served in at least 21 Houston school cafeterias and some of the meat contained a chemical substance to conceal odor and color of spoiled meat, state laboratory tests revealed today.

Thus far, tests conducted at the state capital at Austin proved conclusively that horse meat posing as beef was sold in at least 32 cafes and stores, and was served to thousands of children in school cafeterias.

One of the schools in which ground horse meat contained sulphite, to conceal odor and color of old meat, was the large Burbank combined elementary and junior high school with 3,000 students. The school is the largest in the city.

Grand Jury Gets Reports

In addition to the 21 schools named, several other numbered samples remained to be identified by school officials.

Reports of the 21 laboratory tests on samples from schools, plus other reports covering cafes and markets, were presented today to the Harris county grand jury investigating alleged horse meat sales. The reports were presented by J. F. Lakey, director of the bureau of foods and drugs of the state health department.

Lakey said no sample taken from a Houston school proved negative in horse meat tests at the department laboratories.

The grand jury also turned its attention to the city health department's meat inspection again today by summoning all five of the meat inspectors and sanitarians who have not been called previously.

Lakey was to be followed into the jury room by employes of the school system to testify on the source and handling of the meat, and in most instances on the collection of the samples.

Danger Is Explained

Lakey said he collected the sample from Burbank school himself. He said some school samples were not tested for sulphite because they were not large enough.

Sulphite also was found in some of the commercial samples. Use of sulphite in meat is illegal and the penalty is a fine of from $25 to $200.

Doctors explained that the danger in sulphite was in the fact that meat treated with the chemical may be badly spoiled. Eating such meat would produce food poisoning although the meat looked and tasted fresh.

Darkened meat treated with sulphite regains the color of fresh meat, and any foul odor is checked far past the point where it is considered safe to eat the meat.

Owners of commercial cafes where samples of horse meat were picked up have named four separate wholesalers as their source of supply.

The first white resident of Okmulgee, Okla., was Silas Smith, a blacksmith. He was sent there by the federal government to assist the Creek Indians with their farming tools.

MUCH ADO ABOUT NOTHING

NEW YORK (U.P.)—A small bulldog which frightened passengers by running back and forth and baring its teeth was responsible for an eight-car subway train being unloaded and taken out of service. A.S.C.P.A. officers, called on the theory that the dog had rabies, found that it was only frightened. They picked it up and carried it away.

Tyler Man Elected Shrine Potentate

ATLANTIC CITY, N. J., June 9. (U.P.)—Galloway Calhoun, Tyler, Texas, today was elected imperial potentate of the Ancient Arabic order, Nobles of the Mystic Shrine at the 74th annual convention.

Calhoun succeeds Karl Rex Hammers, Pittsburgh, Pa., as leader of the order.

Movie comedian Harold Lloyd, Beverly Hills, was elected deputy imperial potentate, and Hubert M. Poteat, Wake Forest, N. C., imperial rabban. All the candidates were unopposed.

The election of a number of other national officers continued with formal installation scheduled for tomorrow, final day of the four-day session attended by nearly 50,000 shriners and their families.

The Niagara Falls are receding about five feet a year.

Lubbock Bows To Loboes, 18-15

Hubbers Blow Big 12-3 Lead

LAMESA, June 9. (Special)—The Lubbock Hubbers can do more things the hard way than any team in the West Texas-New Mexico League and they proved it again tonight, blowing a 12-3 lead and winding up with an 18-15 licking at the hands of the Lamesa Loboes.

The Hubbers were far short of scintillating here as they tried hard to win. Doug Condit, Marvin Alexander and Cotton Russell were all short of brilliant on the mound. They gave up a combined total of 12 bases on balls and 15 hits, which were good for 18 runs.

Scarborough Hits Well

It wasn't the hitting that counted tonight, however, it was the length. Manager George Sturdivant and Walt Buckel slammed grand slam homers and that was enough to end the ball game.

Charley Scarborough made an awful one-man effort to keep the Hubbers in the ball game. Largely due to his efforts with the willow the Hubbers took a commanding lead. Here's what the terrific centerfielder did tonight.

He doubled home a run in the second, hit a four-run homer in the third, slammed another one-run double in the fourth, slapped out his second homer in the sixth with no one on and drove in another tally with a single in the seventh. He also had a single in the ninth to keep Hubber hopes alive.

Pitching Is Sour

Altogether he had a perfect night at the plate with six for six good for 14 total bases. In addition, he drove in eight of the 15 Hubber runs and played errorless ball.

But pitching was the sour note in the Hubber camp again tonight and not one chucker was able to stop the Loboes. They went into the sixth inning trailing Lubbock 12-3 and came out leading on 10 runs, one of the biggest innings this year.

In that frame there were six hits, including a double and home run, six walks and a damaging error. Buckel, who had hit only one home run this season, came to bat with four runs in and three men on and cleared the bases. Alexander was the victim of this blow.

Then, after the Hubbers had taken a 14-13 lead in the top of the seventh on Jackie Wilcox's triple, Jackie Sullivan's single and Scarborough's single, the Loboes won the game.

Sturdivant Slams One

Skidgel walked, but Russell got Buckel and Stan Grzywacz to lessen the pressure. Melillo singled and Skidgel and Melillo advanced on a wild pitch. Burke walked to load the sacks. Tony Fiarito also strolled, forcing in the tying run. Sturdivant then won the game with a four-run circuit clout.

It was a pretty disagreeable finish to a game that started well and which wasn't helped by the absence of Virgil Richardson, or the failure of Chick Fowler and Don Moore to get a single safety. Grzywacz won his seventh victory of the year, the Hubbers being unable to stage any kind of a sustained rally against him in the eighth or ninth.

Tonight the Loboes will throw Lefty Leon Hayes at the Hubbers. Hayes has a record of two and four and will be gunning for his third victory. Against him Sullivan may shoot Rookie Bobby Layne, Texas U. star, or lefty Frank Cobo, who did not work tonight.

Middleweight Go Set For Tonight

NEWARK, N. J., June 9 (INS)—Rocky Graziano, the big menace man, and his implacable "lead," Tony Zale, were awaiting entrance-cues for the third act climax of their middleweight championship drama today when rain stepped in and stole a curtain call.

It moved the promoters to declare a 24-hour moratorium on the proceedings until tomorrow night—same time, 10 p. m. (EDT); same place, Ruppert Stadium, and same cast.

The fight, in fact, will be presented without change in the original arrangements, which called formally for 15 rounds to a decision.

Even the respective weights, as registered at noon today, are to stand without further ceremonies, boxing commissioner Abe J. Greene announced. He presided over the weigh-in ritual at Newark's city hall, which saw both men comfortably under the middleweight limit of 160 pounds but one of them—Graziano—surprisingly high in the scale registry.

The champion hit 158½ pounds, the highest of his brief but vivid career, and for once was conceding only a fraction of a pound to Zale's routine 158¾.

In spite of this, the betting odds remain largely unaffected and show Graziano a steady choice at odds of 1-2.

This, in pool-room idiom, meant that those fancying Graziano's chances would put up $2 in order to collect one; whereas, those wishing to take a flyer on Zale could do so at the rate of 13-5.

HEMPHILL DOWNS FURR'S

The Hemphill-Wells softball nine defeated Furr Food yesterday in a city League series game, 9-1.

The fourth inning was the big one for the Hemphill squad, when they banged out six runs. Furr food gained their only homer in the second when one man was walked, stole on around and came in home.

Games in this section of the league are held every Monday, Wednesday and Friday. In the next scheduled game, Duplap's will meet Kuykendall.

Top U. S. Players In National Open

LOS ANGELES, June 9. (INS)—The nation's top golfers got in their last practice licks today and were ready to tee off tomorrow in the National Open championship over the tricky Riviera country club course.

If there is such a thing as a favorite player for the National Open this year, the laurel rested today upon a 138-pound lightweight named Ben Hogan.

The Hershey, Pa., professional will tell you himself that an ailment in his back—which doctors and X-rays failed to find—is gone.

And that made him the No. 1 boy to cinch the title. Furthermore, the Hershey pro said that he liked the tough, wind-swept 7020-yard Riviera layout.

Best Golfers Entered

One hundred and seventy-one of the nation's best professionals and amateur golfers face their starting assignments tomorrow.

Grouped in trios, they tee off every seven minutes.

Late Saturday, after fifty remaining low-score players play a final 36 holes, the year's best golfer will be crowned.

Today's session included hundreds of gallery-ites, paying $1.50 a head, watching the best in golfdom finish final practice rounds.

Officials looked for a total of 20,000 paying customers, contributing more than $50,000 during the three-day classic.

Ten men who once held the national open title are in the running.

Two players—Gene Sarazen and Ralph Guldahl—have tasted the same sweet victory twice, yet Hogan, a square-jawed, little pressure player, whose best in the open has been a tie for third, looms as the overwhelming choice of the Knickerbocker horde.

Probably the greatest advantage to Hogan is that the Riviera course has been a lucky one for him. Par for the 72-hole Riviera is 284.

Hogan shot a 275 over the course in winning the $10,000 Los Angeles open five months ago.

New Funds May Keep Marshall In League

MARSHALL, June 9 (AP)—Funds were raised at a meeting of business men here today to keep a Marshall team going in the Lone Star baseball league.

The Marshall Tigers had to forfeit last night's game to Kilgore after the club's equipment had been wthdrawn.

A makeshift team of 12 or 13 players with equipment borrowed from a semi-pro team at Tyler will play Henderson in a regularly scheduled league game here tonight.

Today's meeting raised $9,750 within 25 minutes. This amount is expected to be doubled by tomorrow. Business men who hold the franchise have called a meeting for 10 a. m. tomorrow to draw up papers and elect new officers. The group is headed by Willard Coker.

Other teams in the league have promised to aid the Tigers in any way they can.

Financial difficulties had beset the Tigers. R. R. "Gabby" Luck who had been operating the club had been negotiating several days to dispose of the franchise.

TOURNEY AT MEADOWBROOK

The first annual President's Cup golf tournament is scheduled to open this Sunday at Meadowbrook golf course, with 18 holes to be played each Sunday for the 54 hole handicap.

This will be the first year of medal handicap play. Meadowbrook's president is Sled Allen of Allen's arena.

BENNETT MOTORS WINS

Bennett Motors blasted the Post Office nine yesterday 13 to 7 in an Industrial League game.

In the 7 inning game, Thrush was the winning pitcher and Metcalf the winning catcher.

Cubs, Giants Divide; Tie With Cards

CHICAGO, June 9 (AP) — The Chicago Cubs dropped the New York Giants into a flat tie with the St. Louis Cardinals for first place in the National League today by earning a split in a double header before 26,044.

The Cubs overcame an early 6-0 deficit to shade the Giants 8-7 in the first game. The Giants bounced back to win the second game 5-1.

Bobby Layne Signs With Hubber Squad

Bobby Layne, star of athletic teams at the University of Texas for the past three years, yesterday afternoon signed a contract to play professional baseball with the Lubbock Hubbers.

Larry Larsen, general manager, made the announcement, adding that Layne was signed to a straight playing contract. Terms were not announced.

The blond-headed player is a pitcher with an outstanding record in Southwest Conference circles. During the past three years in SWC competition, Layne has not lost a single start on the mound.

Larsen said that Layne reported to the club three days ago, suited up and worked during pre-game practice. He warmed up with the players along the sidelines and pitched batting practice.

BOBBY LAYNE

Last night, hurling batting practice, Layne was using a fast ball that Manager Jackie Sullivan said "was alive." the Hubber manager believes that Layne will be able to help the Hubber mound corps and he will be given every chance to make good.

Layne's contract, although a straight one, has a termination clause in it which will allow him to leave the local nine before the season ends. He has a contract to play professional football with the Chicago Bears and their training camp probably will open some time in August.

The blond-haired grid and diamond star left with the Hubbers last night on their six-game road trip, which takes them to Lamesa and Abilene. Manager Sullivan did not know when he would use Layne in his debut, but indicated there was a possibility that it might be tonight.

Layne is married to the former Miss Carol Krueger, a daughter, of Dr. and Mrs. J. T. Krueger of this city.

Bakers, Cloverlake Game Set For Tonight

Baldridge Bakery will meet Cloverlake Dairy tonight at Webster Field in the first game of a doubleheader, while Golden Light Coffee will tangle with the Bluebonnet - Sunbeamer squad in the second tilt.

Cloverlake and Baldridge will use this game to make a decision as to who will be in third and fourth place in the South Plains Softball League. These two teams are tied in games won and lost, but the Bakerman are ahead by 16 percentage points. In their two previous games they each have won one and lost one, Baldridge winning the first game, by a score of 6 to 3 and Cloverlake taking the second with a 7-3 win.

Baldridge will probably start tonight's game with Kiser or Hubbard. Hubbard lost Tuesday's game to the League Leading Sunbeamers. Cecil Hale will be the probable pitcher for Cloverlake.

The Standings:

TEAMS	W	L	Pct.
Sunbeamers	20	1	.952
Thomas	6	6	.500
Baldridge	5	7	.416
Cloverlake	4	6	.400
Golden Light	2	9	.182

Longhorn Loop May Change Franchises

SWEETWATER, Tex., June 9 (AP)—Club owners of the Longhorn League will meet here Friday and it was understood several teams in the Class D league may be shuffled to new sites.

A closed door session of club representatives was held here today, but no definite action of any sort was taken.

It was understood Ballinger club officials have requested permission to shift the franchise to Roswell, N. M., at the same time, it was learned Ballinger business men want to purchase the San Angelo franchise and move it to Ballinger, if the local franchise is shifted to Roswell.

President Howard Green called Friday's meeting of club owners.

Nats Defeat Browns 5-2; Tigers Gain

WASHINGTON, D. C., June 9 (INS)—Pitcher Early Wynn scattered four St. Louis Brown hits tonight and he Washington Senators mates rapped three pitchers for eight safeties to secure a 5 to 2 victory, Wynn's sixth of the year.

St. Louis scored in the third frame on an error, but the Senators jolted losing pitcher Cliff Fannin for three runs on singles by Wynn and Al Kozar, and triples by Gil Coan and Ed Stewart, all with two out.

Coan added a run in the sixth with an inside-the-park home run, and Washington added the final run minutes later o a force play.

Wynn was in such complete control that he did not allow a hit from the fourth inning. Paul Lehner, who walked in the ninth, was the only man to get on.

Austin Buys Hurlers To Aid Hill Corps

AUSTIN, June 9. (U.P.)—The Austin Pioneers bought relief for an injury-riddled pitching staff today with the purchase of a hurler from a Texas League club and one from the West Texas-New Mexico League.

Felix Penso was purchased from Tulsa of the Texas League and Harold Smith was gained on a 10-day conditioned sale from Clovis of the West Texas-New Mexico League. Both are right handers.

Slaton's Mexican Tigers To Play Lamesa Tigers Sunday

SLATON, June 9 (Special)—Slaton's Tigers, a Mexican baseball team managed by Gavino Martinez, is to play the Lamesa Tigers next Sunday here, with game time set at 3 o'clock.

The Tigers played to a 5-5 deadlock in a nine-inning game last Sunday at Amarillo, with the Amarillo Aztecs getting four hits and Slaton's Tigers three, while the Aztecs were charged with four errors and the Tigers two.

J. Castillo was on the mound for Amarillo, with A. Perez behind the plate, and J. Garcia pitched for Slaton with J. Pompa as catcher.

Boynton Gains Mat Decision

Allen's Arena was the scene last night of another grudge match between Olan Boynton of Amarillo and Gil Knutson of Davenport, Ia., with the Amarrilloan coming out on top with two falls to the other's one.

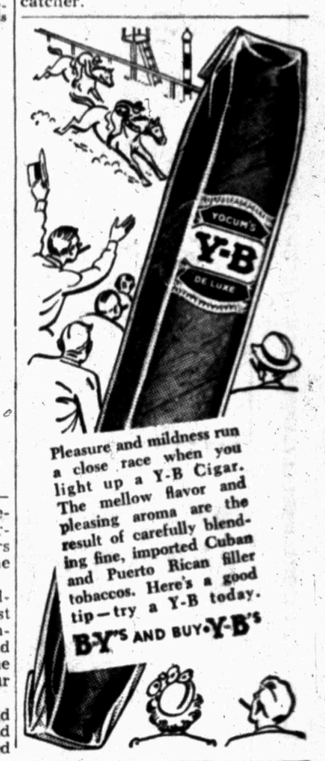

This was the fourth straight week that these two men have met in the main event at the arena. Knutson won the first event a month ago. They then tangled in tag team matches with Boynton, aided by "Big Train" Clements, getting the decision over Knutson and Eddie Gideon.

In the single tonight, a confident Boynton hit the mat in the first round in nine minutes. Knutson used body slams and pins to do the job. But Boynton came back in the second to put the Iowan to the mat with a surfboard, and again in the third round puled a reverse and a crab to gain the decision.

In the preliminaries, George Curtis tangled with Dorry Detton, and they fought 20 minutes to a draw.

In the semi-finals, George Lopez, substituting for Frank Hill, met Sanny Kohen, and the bout was going hot and heavy with a series of body butts, pins, when Kohen was disqualified for striking the referee.

In spite of the fact that a big time rodeo is in town, the groaners played before a good house.

HIROHITO'S PLANS OBSCURE

Cardinal Spellman Visits Jap Emperor During Trip To Tokyo

TOKYO, June 9 (INS) — The visit of Francis Cardinal Spellman to the imperial palace in Tokyo today threw no new light on reports that Emperor Hirohito had been in touch with Pope Pius XII on religious matters.

At the conclusion of his audience with the emperor, Cardinal Spellman told newsmen that the question of the emperor's conversion to Christianity was not discussed.

Priest Bring Reply

The emperor was reliably reported to have sent a message to Pope Pius, asking whether the Japanese ruler could continue to perform Shinto rites if he becomes a Catholic.

Father Fouljac, a French missionary, is reported to have carried the emperor's request to the Vatican from Japan. The French priest is now on his way back to Japan, presumably bringing the Pope's reply with him.

The mission of the French priest caused renewed speculation in Japan as to Hirohito's plans for the immediate future. Rumors depict the emperor as contemplating conversion to Christianity, abdication from his throne or both.

MacArthur Entertains Cardinal

Cardinal Spellman's audience with the emperor took place some 24 hours after the New York prelate and 14 other American Catholic churchmen were entertained by General and Mrs. Douglas MacArthur at a luncheon at the U. S. embassy in Tokyo.

One of the clergymen present during the conversation at the imperial palace disclosed that the cardinal had thanked Hirohito for the latter's part in bringing to an end the war in the Pacific. The emperor was quoted as saying to the cardinal that he was "very sorry that the war could not have been prevented from breaking out."

Later, Cardinal Spellman told newsmen that the emperor had "expressed gratitude to Gen. MacArthur for the inspiration and direction he had given the Japanese and for the help America is giving the Japanese to reestablish and rehabilitate them."

Older Men Needed

The emperor, Cardinal Spellman said also expressed gratitude to the missionaries of all faiths for their work in Japan.

Commenting on other questions, Cardinal Spellman expressed the belief that it would be better if older men were sent to the Far East, rather than the youthful soldiers now making up the bulk of the occupation forces. His eminence also observed that the Catholic church does not object to American - Japanese marriages, provided the couples are able to live together.

Cardinal Spellman also took note of the crowded islands of Japan and said the question of Japanese migration "is one of the problems facing world statesmen." He added that this problem must be solved for the peace of the world.

Cardinal Spellman and his entourage are scheduled to leave Tokyo by plane tonight after their tour of the Far East. They will fly back to the United States via Wake island and Honolulu.

Princess Anne, King Michael Of Romania To Wed Today

ATHENS, June 9. (INS)—Princess Anne of Bourbon-Parma becomes a bride and a queen-in-exile at one stroke tomorrow when she weds handsome young Michael of Romania in a Greek Orthodox ceremony in Athens.

The marriage of the 24-year old French-Danish princess will not be recognized by the Roman Catholic church, to which she belongs. Vatican officials have said they are "saddened" that she is marrying without Roman Catholic sanction.

Nor will her queenship be recognized by Communist-dominated Romania which has cut off all ties with Michael.

Coke County Well Is Fifth Oil Producer

SAN ANGELO, June 9. (AP)—The No. 1 Jack Lassiter oil well, opener of Coke county's fifth and latest oil producing area, had been completed today.

On an official 24-hour gauge the well flowed naturally 221 barrels of high gravity oil plus 78 barrels of salt water and basic sediment.

It is owned by Alan Guiberson and others of Dallas.

Production was through an 11/32 inch tubing choke from open hole at 6,235 to 6,250 feet, the total depth in Marble Falls lime. Operators estimated the gas oil ratio was 7,000-1. They plan to set a plastic plug on the bottom in an effort to shut off the water.

No. 1 Lassiter is in the C SW SE 308-L,A-H&TC 2½ miles northwest of Sanco. It is lower structurally than Sun Oil company's No. 1 J. W. Arledge Marble Falls lime strike 2½ miles north and three-quarters of a mile east. No. 2 Lassiter has been staked as a diagonal northeast offset.

Exchange Club Sees Film On Security Loan Bond Drive

The current security loan bond drive was the highlight of the Wednesday noon luncheon program for members of the Lubbock Exchange club meeting at Hotel Lubbock. The group witnessed a security bond film, "America the Beautiful," and heard announcements by Waggoner Carr and Bill Buck to the effect that only an approximate 30 per cent of Lubbock county's assessed quota has been raised thus far in the U. S. Treasury department security loan drive.

Members also learned from President Warlick Carr that the "East Siders" are leading the "Dead Enders" in a club point contest based on personal contracts made by Exchange club members with Soap Box Derby entrants and sponsors. Members voted to purchase Exchange club shirts for use on Derby Day, July 5.

Guests were U. V. Blake, Bobby Layne, Dwain Rampy, Charles Brewer and several members of the Treasury department bond-mobile which appeared in Wednesday's Frontier Week parade. Rampy and Brewer, members of the Lubbock Exchange club sponsored softball team, spoke briefly on the progress of the team.

Nine New Faculty Members To Join Negro University Staff

HOUSTON, June 9. (AP)—Nine new faculty members, including eight doctors of philosophy, have been added to the Texas State University for Negroes staff.

Craig F. Cullinan, chairman of the university's board of directors, announced the appointments here today following a meeting of the board.

The faculty now includes 19 doctors of philosophy.

The new members are Dr. Hugh Morris Gloster, New York university, professor of English and chairman of the division of humanities; Dr. James W. Holmes, University of Pittsburgh, professor of English; Dr. Walter William Gibson, Ohio State university, professor of biology; Dr. Campbell L. Upthegrove, University of Southern California, professor of history; Dr. O. A. Fuller, Iowa State college, professor of music and chairman of the school of fine arts; Dr. Howard E. Wright, Ohio State university, professor of education and administration, and Dr. Roy L. Woods, Kansas State college, professor of chemistry.

Herbert H. Hartshorn, University of Minnesota, new professor of statistics, receives his doctor of philosophy degree this summer.

Cullinan said Dr. R. O'Hara Lanier, recently named president of the university, is expected here in mid-June to assume his duties. He has been U. S. minister to Liberia.

Burglary, Thefts Reported Here

City police Wednesday night were investigating a report of an attempted rape, a burglary and several thefts.

A negro complained to police that another negro attempted to rape the former's wife. He named a suspect to officers.

Dr. Lee E. Hale, of 1807-B Seventeenth, reported theft of a medical bag from his car yesterday. The bag contained a small quantity of narcotics, police were informed.

Burglary of Webb's Drive-In restaurant at 105 North College was under investigation.

Cigaret and pin-ball machines were broken open and money taken, and other money was removed from a juke box, investigators were told.

Approximately $19 was taken from the cigaret machine, $5 from the juke box and $2 from the marble machine, drive-in officials said. In addition, cigars, chewing gum and other properties, including $2 in pennies, boosted the loss by $5 or $6. It also was said that new locks would have to be installed, inasmuch as intruders took from a cash register the keys to the building.

Total loss exclusive of locks, was approximately $32.

Cash Reported Stolen

Christine Franklin of 1101 Third informed police that persons in a car, license number of which was given, had taken about 15 phonograph records, groceries and clothing from her quarters.

A prowler got $1 from the apartment of Doris Anderson, behind King's Drug store, at 2201 East Ave. D, a complaint said.

Youth Is Released

Police announced that they had released an 18-year-old route 1 Lorenzo youth after James W. Roberts, of 1504 Ave. N, had declined to appear against him as a prosecution witness. Roberts told officials, police said, that he had talked with the boy's father and that the matter had been settled.

Roberts charged early Tuesday night that the youth and a 15-year-old brother made an "undesirable" remark toward Mrs. Roberts and that, after Roberts protested, that they drove around the block and returned to the scene, at Thirteenth and Ave. L, and advanced upon him with a flashlight, a screwdriver and another metal object.

One of the youths, he said, had struck him with an object before Patrolman A. E. Sherrell, who was walking in the area, rushed up and grabbed the two. A police car was then called, and the two youths taken to the police station.

The proprietor of a shop in 1800-block Sixth telephoned police that several boys, 16 to 18, had been "causing trouble here" and that one of them had "threatened to get his gang together and beat me up."

The complainant said he didn't "want trouble" but that "I don't propose to be beat up."

H. H. Sampson, Bridgeport student of Texas Tech, informed police that some of the loot returned to him after W. W. Hoffman, 32, an ex-convict, had admitted in a Lynn county interview with Lubbock police that he stole $170 worth of Sampson's property from a car here was not his own. Missing still were a suit, a sports coat, a pair of shoes, cuff links, two belt buckles, a tie clasp, eight ties, two shirts, and two pairs of trousers.

The sheriff's department said bond of $1,500 had been set for E. L. Walker, who was arrested by that office for Sweetwater officials, who said they held a felony warrant charging wife and child desertion.

Clara Respondek, 22, was fined $50 and county court costs on a charge of drunk driving.

Carl Walker, 24, a negro, was fined $25 and county court costs for driving while his license was suspended.

F. M. Bowden, about 50, was fined $1 and costs on a check law violation charge.

Bond of $100 was set by C. E. Lynn, justice of peace, for James Preston Way, 18, charged with disturbance by exposing his person in the private home of a woman, the sheriff's department said.

$100,000 Damage To Crops In Western Oklahoma Reported

WOODWARD, Okla., June 9. (AP) —With harvest only about a week away farmers in two counties in western Oklahoma today surveyed an estimated $100,000 storm damage to their already light wheat crop.

J. D. Edmonson, Woodward county agent, made the estimate following a high wind storm last night.

He said a 'major portion' of an estimated 10,000 acres of wheat was damaged by severe wind, hail and rain.

Fire Damage Heavy

from spreading throughout the town.

The crew, employed by Harry Campbell of Fort Worth, hauled water from a nearby creek in two giant trucks. McCarty said this water was used to "wet other buildings down" and to fight the blaze.

A shortage of water hampered early efforts to control the fire.

McCarty said the Star Drug company, Cinderella Dress shop, Trading Post Furniture store, Phillips' Beauty shop, Love Shoe shop, two storage buildings, and the Higginbotham store were destroyed. He said the only building on the block which was saved was the one housing the Masonic hall. He said this building was badly damaged.

Only minor injuries, such as burned hands, were reported. A man named Jake Kirby suffered an eye injury when he was hit in the face with water.

Heat Breaks Windows

Heat from the blaze cracked plate glass windows in stores across the street and blistered paint on a lumber yard in the next block.

Fire departments from Cisco, Abilene, Coleman, Cross Plains, Eastland, and Brownwood aided in fighting the fire.

The blaze destroyed some telephone lines and for a while long distance communication with the town was disrupted.

All but two of the destroyed buildings were of brick construction, McCarty said. He said all were burned to the ground.

The Higginbotham store was Rising Star's biggest general store. It had been in operation since about 1914.

The body of Joe Henley, 2, son of W. L. Henley of the Rumley community, was in the undertaking part of the Higginbotham store when the fire started. Jay Koonce, manager of the store, put on a gas mask and braved flames to hand the body out. It was taken to the Higginbotham Funeral parlor at Cross Plains.

Rising Star's water wells are operated by electric pumps. The water shortage developed when the fire burned out electrical wires, stopping the current.

The condition of stores across the street from those burned attested the seriousness of the blaze. Their fronts yawned open where glass was broken out. Awnings had burned.

Chief of Police Virgil Foster and Sheriff J. B. Williams of Eastland county conferred with Ranger Clarence Nordyke of Brownwood about setting up policing of the damaged business district.

Koonce said nothing was saved from the Higginbotham establishment. Its 120 x 110 foot building and warehouse were razed. As fire consumed the Higginbotham buildings, fronting on main street, the water ran out. Several buildings fronting on College street, a side street, then caught. Among them were the beauty parlor, shoe store, drug store, dress shop, and trading post.

Lubbock Man Killed

ment, Garrett was then standing a the left window with a pistol pointed in the younger man's face and cursed him.

Garrett slapped the threatening weapon identified by Police as a 32-20 uistol, with his left hand and a bullet crashed through a front window, the officer was informed. According to Garrett, Graves then stepped back a few steps and fired one or two more shots.

Whipping his gun over the steering wheel with his right hand, Garrett said he fired, he thought, three shots and Graves fell to the ground.

He said that Graves fired two more shots. One of them splattered the left front windshield, before he could start his car and back out of the driveway, Garrett told Davidson.

From the street, Garrett stated that he took a side glance and Graves was still snapping a pistol at him.

Garret said that he drove to the corner of Twenty-third and Ave. L and stopped.

Several persons were seen to come from the Graves workshop across the street. They put the wounded man in a car and took him to West Texas hospital where he died shortly afterwards.

Bullet Holes Found

The body was removed to Sanders Funeral home where an inquest was held by Justice of Peace C. E. Lynn.

Garrett waited near the scene of the shooting and was taken into custody by Dep. Sheriff Carl Frances.

Examination at Sanders Funeral home showed that Graves had a wound in the right shoulder, one in the right chest, and one in the left side.

Three bullet holes were found in the left front door of Garrett's car and two in the windshield. He was treated at West Texas hospital for abrasions on the left side of his face caused by flying glass.

Eight witnesses had been interviewed at 1 a. m. today by District Attorney Lloyd Croslin. Six written statements had been taken.

There was some conflict in the various statements as to the sequence of the shots fired between Garrett and Graves, the district attorney indicated.

One witness claimed to have seen from a distance the entire incident.

No funeral arrangements had been made for Graves last night.

Survivors include his wife, three daughters, Mrs. R. B. Rodgers, Alene, and Mary Ann, all of Lubbock, two sons, Jimmie Lynn and Billy Dick, also of Lubbock; four brothers, C. W. of Lubbock, Jim of Post, O. C. of Clovis, R. A. or Wichita, Kans., and one sister, Mrs. Linnie Gregg of Lubbock.

News Briefs

Two Lubbock youngsters being treated for polio in Lubbock Memorial hospital were reported in satisfactory condition late last night. The two are Jimmie Dale Marcy, 3, son of Mr. and Mrs. Zed Marcy of 2406 Twenty-second, and Michael Harter of 2410 Twenty-second.

A Tech student, Robert Cox, of Milton, Ind., was seriously injured when struck by a car yesterday on the college campus. He was taken to Lubbock Memorial hospital where examination showed that he suffered a fractured pelvis and a possible bladder injury. The accident occurred about noon. Official police report on the mishap was not available last night.

Mrs. B. F. Pearman and children, Tommy and Jane, of Pomona, Calif., arrived early Wednesday for a visit in the home of her parents, Rev. and Mrs. J. F. Nix, 1917 Ave. M.

GOP LEADERS LAUNCH ATTACK ON PRESIDENT

WASHINGTON, June 9 (INS) —Republican House leaders struck back today at President Truman's charge that the GOP-controlled 80th Congress is the "worst" in history by asserting "some people think" Mr. Truman is history's "poorest" chief executive.

Speaker Martin, Mass., a leading "dark horse" possibility for the GOP presidential nomination, smiled when informed of Mr. Truman's Spokane charge, and said:

"There are people who have said that about the President."

House GOP leader Halleck, Ind., "favorite son" presidential candidate of Indiana Republicans, took a similar view. Halleck declared:

Truman Scored

"Some people around here say that Mr. Truman is the poorest president who ever sat in the White House."

House GOP whip Arends, Ill., wryly observed that "those are very big words for a little man."

Senate GOP policy committee chief Taft, Ohio, greeted the Truman accusation with an icy "no comment."

The Ohio senator, a leading candidate for the Republican nomination is expected to answer Mr. Truman on the radio Friday night.

Draft Bill Vote

Air Force, but rejected an amendment by Sen. Russell (D-Ga) providing guarantees of racial segregation for draftees upon their request.

Procedure Revised

The court martial amendment was proposed by Sen. Ken (R-Mo) and is similar to a bill passed by the House last January.

The new court martial procedure:

1. Calls for a unanimous decision by the military court to invoke a death sentence.

2. Gives an enlisted man the right to demand that one-third of the members of a board hearing his case be enlistees.

3. Subjects officers to trial by special courts martial and gives an accused the right to have counsel during the pre-trial investigation.

HOUSE OKAYS FUNDS

WASHINGTON, June 9. (AP) — The House passed and sent to the Senate today a $5,795,048,931 appropriation bill. It finances the Atomic Energy commission, the Veterans' Administration and several other agencies, and it abolishes the War Assets administration. The House followed generally the recommendations of its Appropriations committee, which had ordered an aggregate cut of $504,570,069 from the amounts President Truman had requested.

AUTHOR DIES

BOSTON, June 9. (AP) — Rabbi Joshua Loth Liebman, 41, author of the best-seller "Peace of Mind," died at his home today. He had been ill with grippe since Sunday morning and suffered a heart attack this afternoon.

Scattered Rains

some hail reported west of Levelland during the afternoon. However, no damage was done, reports indicated.

At Floydada, Mrs. Homer Steen, wife of the local newspaper publisher, said that fairly heavy rain fell there between 6 and 7 p. m. yesterday, leaving puddles of water standing in the streets. The fall was estimated to have been between .25 and .50 of an inch.

Littlefield, Abernathy, Lamesa, Brownfield, Sudan, Anton, Morton, Slaton and Ralls reported only light showers ranging from "dust settlers" to .16 of an inch. Lamesa and Morton had strong winds of short duration during the rains.

Post, Crosbyton and Matador had no rain at all yesterday, informants in the towns indicated.

Partly cloudy to cloudy skies continued in most sections of the South Plains shortly before midnight, last night, with lightning and other indications of more showers present in some instances.

The temperature soared to 98 degrees shortly after noon before the thunderstorms started.

A reading of 109 degrees at Presidio was the highest in the state, the Associated Press reported. Other points reported 100 plus readings.

Aid Slash Flayed

istrator Paul G. Hoffman and Secretary of State Marshall are to testify before the Appropriations committee Friday.

Marshall said at his news conference today that, with American prestige and interests deeply involved, it would be most unfortunate to limit ECA funds to a degree that might imperil the success of the whole program.

Vandenberg's statement, one of the most forceful he has ever made, brought him into open legislative warfare with Chairman Taber (R-NY) of the House Appropriations committee and other GOP leaders who backed the foreign spending slashes in the House.

Without naming any individuals, Vandenberg accused them of seeking, through the "back door" and with a "meat axe technique," to veto "the declared policies of Congress and thus to brand those policies before the world as capricious, unreliable and impotent."

Taber countered immediately: "I'll fight to the end to retain this reduction in the bill and resist all the special pressures which are being mustered to make a treacherous raid on the American taxpayer."

Meanwhile, the swirling stream surged through a dike protecting Puget island near the mouth of the Columbia for several hours before crews gave up trying to plug the breach. In spite of their efforts it became 200 feet wide.

The flood waters threatened another dike across the rich dairy island protecting 650 acres on the downstream end. Engineers expressed doubt that it will hold.

No Early Relief Seen

Farmers who evacuated the 3,320-acre island were using barges to get 100 head of cattle from the threatened area. All residents had left before the break.

No early relief was in sight for crews fighting the flood on both sides of the Columbia 125 miles east from the Pacific.

bull riding, steer wrestling and the special acts by Autry, the women trick riders and others.

Tickets for the rodeo are on sale at booths operated by the ABC Dames at Dunlap's, Sears Roebuck, Wylie's Drug Store and Mark Halsey Drug No. 1 and at a headquarters booth in the lobby of the Hilton hotel. Box seats are $3 and general admission seats are $2 for adults and $1 for children.

The 11-event first night show was run off rapidly and with excellent times in many events. Arena Director Everett E. Colborn kept the events moving rapidly and presented an unusual array of fine bucking horses and brahma steers.

In addition to the rodeo events, the crowd was especially pleased with the antics of Jasbo Fulkerson and George Mills, clowns. A cowboys and cowgirls horseback quadrille and an exhibition of cowgirls trick and fancy riding were especial crowd pleasers.

Autry, Champion Perform

Autry put his horse, Champion, through the tricks that are expected of a Hollywood star and his horse. Later Autry returned with a cowboy string band and sang several melodies that he has made popular.

Byron Hendricks was cheered when he presented a two-horse act which Abe Lefton, announcer, said had been added since the show visited here last year.

In the rodeo events bareback bronc riding, steer wrestling, and steer riding attracted the most attention. According to Fred Alvord, rodeo arena secretary, excellent times were marked up in steer wrestling.

Joan Crawford Slated To Make Two Movies After Reaching Agreement With Warners

By DOROTHY MANNERS
INS Staff Writer

HOLLYWOOD, June 9—Joan Crawford is off the suspended list at Warners which means that she and Jack Warner have ceased firing. The terms of the treaty are as follows:

Joan will do the disputed "Flamingo Road" which she refused last week. For being such a good girl, Warner has promised she can follow it with her pet, "Miss O'Brien"—the school teacher yarn she was holding out for.

Everyone Is Happy

So everybody's happy — Joan, particularly, since "Flamingo Road" reunits her with her academy award pals, Mike Curtiz and Jerry Wald, director and producer of "Mildred Pierce."

With such a distinguished setup —who knows?—Maybe Ann Sheridan will be sorry she turned down the Robert and Sally Wilder story about political intrigue in the South.

Robert Donat and Renee Asherson, his actress fiancee, will be married in six weeks when his divorce is final. But, meanwhile, the bride-to-be has accepted her first movie job since "Henry V."

She'll co-star with Derk Bogarde in "Once a Jolly Swagman" for J. Arthur Rank. In case you don't know, and why should you, a swagman is a driver of a midget racing car.

All I can say is that the story must be jolly, jolly exciting. An American producer would drop dead before hanging that title on a picture.

Now that Robert Montgomery is on the Warner lot, he will stay a spell. When Bob finishes "June Bride" with Bette Davis, he reports to Jerry Wald for "Task Force" — a pictorial history of Navy aircraft carriers.

It's a story close to Bob's heart after serving as a Navy commander four years during the war and coming out covered with glory.

Jerry Wald tells me the yarn starts with the first Navy carrier, "The Langley" built in 1922, and finishes aboard our latest pride and joy, "The Valley Forge."

Keep your eye on the Robert Walker romance with Barbara Ford, John's pretty daughter. He has just bought a new home in the Will Rogers estate which may, or may not mean he's seriously thinking of matrimony for the first time since he fell in love with Jennifer Jones.

Something has certainly happened to bring about a change in Bob, who has been Mr. Blues, himself, for the past year or so. If it isn't love, maybe it's a hit picture. He's back on the old charm bandwagon in "One Touch of Venus."

Actor Writes Comedy Script

Since no one paid any attention when he said he wanted to do a comedy, Vincent Price has written his own. Most of these stories about actors writing their own material usually smack of press agent's dream-ups. But I happen to know, Universal-International is reading Price's script.

It's about an Englishman who has cause to hide out on a Texas ranch and he's titled it, "Sir Sagebrush."

Hollywood in shorts: Marie Montez is the most disappointed girl in town now that Hedy Lamarr has cinched Delilah in "Samson and Delilah." She had her heart set on it.

Irene Dunne remains in the east to attend the Republican convention kickoff in Philadelphia.

Judy Clark, who will sing for President Truman at the Los Angeles Press club luncheon next Monday, sang for President Franklin Delano Roosevelt at the Washington Press club luncheon exactly eight years ago.

Monsters In Movie

Just before landing in Ireland, Louella Parsons put in a ship-to-shot call to Harriet Parsons, reporting a peaceful and restful crossing on the S. S. America. This, no one believes—least of all her best friends.

Working with all the prehistoric monsters in 'The Unbelievable" must have had its effect on good looking Richard Denning. He's discovered a giant abalone bed off Paradise island. Incidentally, Jack Bernhard who directed that picture says it will make Denning a star.

The guy the debutantes dream about, Guy Madison, goes east for two months of summer stock starting with "Joan Loves Mary," in Massachusetts.

Tony Martin's Palladium opening in London was a sell out with the English version of American bobby-soxers swarming outside. His bride, Cyd Charisse, joined him on the stage for the finale, giving the British gents a break.

"The Twelve-Thirty Club," a luncheon group headed by Phyllis Daniels, tossed a bazaar raising thousands for cancer research equipment for General hospital in Los Angeles.

The steeple of Boston's Old North Church has a chime of eight bells, oldest in America. The bells were rung there in 1744.

Lewis And Soft Coal Operators Talk Over Plan To Avert Strike

WASHINGTON, June 9. (AP)—John L. Lewis and soft coal operators today swapped peace plans aimed at avoiding a nationwide mine strike in July.

1. The United Mine Workers chief offered what amounted to a contract extension with strings on it, the most important being that mine owners agree now to his $100 monthly pension plan for aged miners.

2. The owners proposed a pension plan short of what Lewis wants, asked for an airtight no-strike pledge, and said the miners have no pay boost coming to them.

Neither side was expected to agree to the other's plan. But the offers served to spur the bargaining efforts. And they fanned hopes that a successor contract can be negotiated in the three weeks remaining before the present union-employer agreement expires on June 30.

Stock Market Hits Highest Point Since August, 1946

NEW YORK, June 9. (AP) — The stock market weathered heavy selling today and closed at the highest average level since August, 1946. Gains for individual stocks ranged from a few cents to around $1 a share.

Orders to buy rolled into the exchange in heavy volume at the opening and blocks of 1,000 or more shares appeared frequently on the ticker tape. Numerous issues sold at the highest prices of the year or longer.

Buying enthusiasm soon wore off and widest gains were not fully held. In a handful of cases small declines appeared.

Suspect Is Held In 'Ape Man' Slayings

NEW YORK, June 9 (INS)—A six-week wave of terror by an "Ape Man" mugger who killed one woman and attacked many others was claimed by police today to have ended with the arrest of a pipe-smoking studious-looking negro.

Police said that Theodore Samuels, 26, admitted the strangulation-murder of a 48-year-old German refugee seamstress and "mugging" attacks on a dozen other white women in the Washington heights section of New York.

He also related, according to police, that he was convicted by an Army court martial for strangling a French girl while serving in France in 1944. He said he was released after serving only 16 months of a 30-year term at Chillicothe, Ohio.

Samuels was turned over to police by his family who were not aware that he was the alleged killer of Mrs. Frieda Frank, who met a violent death last Wednesday as she was entering her home.

The family said the turned the youth over to police because he had been drinking and nervous and "we've been scared of him since he killed that girl in France."

'Whirling' Bow Tie Newest Fad On Market For Teen Agers

ST. LOUIS, June 9 (INS) — St. Louis, still reeling under the effects of the atomic whirler beanie which has intrigued small fry, faced a new menace today.

It's the "whirl-a-bow" which in no tway resembles he kind Frankie wears.

Each wing of the tie is decorated with a small propellor, guaranteed to whirl in the slightest breeze.

The store selling the gadgets expects their sale to equal the 5,000 whirling beanies it sold in six weeks.

Injunction Blocks Search For Suspect

EL PASO, June 9 (AP) — The father of a 19-year-old youth charged with murder today halted the search for his son by obtaining a Mexican injunction against Chihuahua and El Paso officers.

The El Paso youth, Irving Fink, is sought in connection with the slaying of a local jewelry salesman.

The father, W. N. Fink, El Paso mining engineer who has properties in western Chiahuahua, had told authorities he wanted to find his son and persuade him to return to El Paso.

But yesterday the elder Fink obtained an "amparo" (injunction) in the Chiahuahua city federal court restraining officers from "trying to take the life" of young Fink. The writ also prevents deportation of the suspect to El Paso.

In granting the injunction the Chiahuahua court ruled that the suspect, if apprehended, must be turned over to the district court in Juarez, Mexico. The injunction is effective for 72 hours.

Young Fink is charged with the murder of Irving Kordish. He allegedly shot Kordish to death here last Friday and fled into Mexico in a black 1938 Buick sedan.

BROWNWOOD PIONEER DIES

BROWNWOOD, June 9 (U.P.)—Walter G. Denman, 65, an Armour and company salesman since 1913, died early today at a local hospital after a month's illness. He was a native of Bell county but had lived here since 1885.

No species of birds or fowls now existing have teeth.

Georgia Refuses To Parole Man Who Started New Life In Texas

ATLANTA, June 9 (AP)—Georgia parole officials have declined to grant clemency to a life termer who fled the state prison, married a girl in Texas and became a respected citizen there before being captured.

Parole Board Chairman Ed B. Everrett said commutation could not be considered because T. Heard Ryckeley, 34, is under indictment on a second murder charge in addition to the one on which he was convicted.

Ryckeley was accused of slaying Ambrose Daniels and R. T. Parker in a pool room argument at Columbus, Ga., in 1943. He was tried in the Daniels case and convicted.

In 1945 he escaped prison, fled to Texas and married. A few months ago when picked up on a minor charge, it was discovered that he was a prison escapee. He was returned to Georgia state prison.

The wife he married in Texas and their child came to Georgia, joining his parents at Columbus. Everrett said he had advised the wife she could demand disposition of the old cast against Ryckeley in the Parker slaying. Board rules prevent consideration as long as that indictment stands.

Arguments Start In Appeal Of Doctor Convicted In Slaying

AUSTIN, June 9. (AP)—Arguments in the appeal of Dr. Lloyd I. Ross, convicted slayer of Mrs. Gertrude York, today centered on admissibility of testimony of non-expert state witnesses who considered the San Antonio surgeon sane.

Defense attorneys based their case in the trial court last October on a plea of insanity. The jury, convinced Ross was sane when four members of the Willard York family were slain May 25, 1947, found him guilty. He was sentenced to death in the electric chair.

Ruling Is Disputed

Defense witnesses "overwhelmingly established" that Ross was insane, defense counsel Leonard Brown of San Antonio told the Court of Crimnial Appeals.

Brown declared the trial court in Fayette county erred when it permitted non-expert state witnesses to testify as to the sanity of Ross. He challenged whether they had sufficient acquaintance with Ross, or enough time to observe him, to determine whether there had been a change in his nature.

The state witnesses to whom he referred were two newspaper reporters, the deputy sheriffs of Comal county, where the slaying took place, lawyer, and three Bexar county police officers.

"The record will disclose that five of these state witnesses didn't spend together the time with Dr. Ross that Dr. W. J. Johnson did on one of his visits," Brown argued. Dr. Johnson, chief psychiatrist for the San Antonio state hospital, was a defense witness who testified he considered Dr. Ross insane.

A total of 18 witnesses, including 14 doctors and two nurses, testified in support of the insanity plea, Brown said.

WASHINGTON, June 9. (INS)—Polls showing him a leading candidate for the GOP presidential nomination have left Sen. Vandenberg of Michigan unaffected in his determination to remain in the Senate, he said today.

Vandenberg was urging the senators to grant the administration's full request for world aid and recovery, and then to make adjustments on the basis of the situation as it may exist next year. He said:

"You are likely to find me making totally different recommendations next January."

Sen. Reed (R-Kans) asked:

"As senator or as president."

Amid laughter, Vandenberg replied:

"As president—pro tem of the Senate."

Club Is Told Of Need For More Dairy Cows

Bryan Blalock of Marshall, East Texas dairyman, told the Rotary club Wednesday at Hilton hotel that "it is time we are doing something about agriculture," pointing out that the number of milk cows had been reduced to the point where the nation's milk supply is seriously endangered.

Blalock said milk cow numbers are down for the fourth successive year, while the demand for milk and other dairy products has grown at the most rapid rate in the history of the country.

Among reasons he cited for the decrease in cows were the grain shortage due to the great demand for export by the government, and the price cull cows have brought in the best markets.

He said that in the nation the number of cows dropped from more than 27,000,000 in 1945 to 25,165,000 at present, and that heifers for replacement are down proportionately. In Texas, the number of milk cows on farms on Jan. 1, 1947 was 1,400,000, compared with 1,270,000 the first of this year.

He fears that Texas is faced with the greatest shortage of milk this winter of any year since 1941. This he attributed to increased population in the state, plus the decline in number of cows.

Several notable visitors, state officials and candidates for high public office were among visiting Rotarians. These included former Gov. Coke Stevenson of Junction, Attorney General Price Daniel of Liberty, and George Peddy of Houston. Other visiting Rotarians included W. P. Lane and Roy S. Mack of Slaton, L. G. Daugherty and son of Seminole, Richard Simon of Fort Worth, Woody Robbins of Marfa, Bob Westerberg of Abilene, Fred W. Adams of Austin, Carl Hertzog of El Paso, and Harrison Watson.

Club President Rex Webster was in the chair, with invocation by Rev. Wm. F. Blakeslee.

DeGaulle Scores German Setup

By LOUIS NEVIN
Associated Press Staff Writer

PARIS, June 9.—Gen. Charles De Gaulle today made a blistering attack on the six-power London agreement to establish a separate western German government.

He said it would prepare "the way for Russian domination of all Germany."

De Gaulle gave a statement to newsmen soon after the Foreign Affairs committee of the French National Assembly approved the London accord. The French cabinet approved it yesterday, and it is scheduled for parliamentary consideration Friday.

De Gaulle, leader of the Rightist French People's party, said the London agreement would create two rival Germanys: One with Frankfurt as its capital, the other, Berlin.

"It is easy to see which of these two German camps would be strong enough within and forcefully enough supported from abroad to win the struggle," he declared.

Despite the weight of De Gaulle's prestige, thrown full force against the agreement, many political observers saw in the foreign committee vote a forecast of parliamentary approval of the accord.

Former Officers May Return To Service

Former officers in the Army who want to go back into service as officers now have opportunity to apply, under a new program through which the Army is seeking 1,500 civilian component officers in field and company grades to volunteer for extended active duty on a quota to be filled by June 30, Major Harold Fulghum of the Army and Air Force recruiting office in Lubbock federal building announced.

Major Fulghum said numerous men of Lubbock and vicinity had inquired about chances for going back into service with officer's rating, but heretofore they could enlist but had slight chance of officer's rating since only 50 a week were taken back into service as officers in the nation.

According to Army announcement, 20,000 more officers will be called up in the fiscal year 1949, if Congress authorizes expansion.

Quotas to be filled by June 30 have been established in nearly all arms and services.

Applicants must agree to accept active duty in a grade not higher than that in which they served immediately prior to processing for relief from active duty, and to accept any general downgrade readjustments in the same manner as other officers on extended active duty, according to announcement.

LUBBOCK MORNING AVALANCHE

Lubbock, Texas, Thursday, June 10, 1948

Lubbock Quartet To Attend Meet

The Lubbock chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America met Wednesday night to elect new officers for the chapter, and it was announced that members of the chapter would take part in the tenth annual international convention and quartet contest of the SPEBSQSA in Oklahoma City Friday and Saturday.

Officers elected were: President, G. P. Cunningham; vice president, Ray Wells; and secretary-treasurer, Dr. H. L. Spitzer.

The clash of the vocal cords will begin Friday afternoon in Oklahoma City, and by Saturday night all quartets except five will have been eliminated. Finals of the contest will be held by these five contestants Saturday night at 10:30 o'clock, and the program will be broadcast through the facilities of the Mutual Broadcasting company.

Lubbock Group To Participate

Quartets will be judged by arbiters appointed by the national headquarters of SPEBSQSA in Detroit, Mich., and judging will be based on harmony, arrangements, costuming and showmanship.

Lubbock's entry in the contest, clad in the traditional garb of the West—blue-jeans, plaid shirts, boots and ten-gallon hats—will be the Westernnaires, a quartet composed of Robert Dennis, Jack M. Hall, Robert S. Hufstedler and R. S. Roberson.

A chorus of Lubbock members, which includes the quartet, will participate in a concert on the steps of the capitol building in Oklahoma City Saturday morning. In the chorus will be Dr. Clyde C Craig, Harry Delaney, J. Ray Dickey, Russell Hardin, Dr. Alfred Hornquest, George S. Meiser, Vic Payton, Bob Rose, Ronnie Shepherd, Claude A. White, Cunningham, Spitzer, Wells, Dennis, Hall, Hufstedler and Roberson, all of Lubbock.

SWEENEY'S BANJO IN MUSEUM

LOS ANGELES, (U.P.)—The first banjo with five strings, invented around 1830 by "Old Band Joe" Sweeney, father of American minstrelsy, is now on display at the Los Angeles County Museum. The relic was handed down to a niece of Sweeney and was given to a Los Angeles music teacher in 1890. It was presented to the museum when the teacher died.

Good Crop Conditions Reported Over Wide Area

Box Cars Are Needed For Wheat

(By The United Press)

Transportation facilities in the North and West Texas wheat areas remained seriously overtaxed today because of an unexpectedly good crop which ripened simultaneously over wide sections.

The yield in North Texas was generally higher than expected, with the area along Red river averaging 25 bushels per acre. Barring extended rains, the North Texas harvest is expected to be complete by early next week.

Cars Sent To Area

In an effort to alleviate the transportation overload, more boxcars were rushed into the Wichita Falls-Burkburnett vicinity. The Missouri - Kansas - Texas railroad had 150 cars on hand in Wichita Falls as five trains of the golden grain arrived in the North Texas wheat center.

But the boxcar situation on the Fort Worth & Denver Railway Co. remained tight. The railroad was bringing in 50 cars from Kansas and Nebraska, and an official said efforts were being made to get other cars back from the gulf coast.

Meanwhile, the M-K-T sent 30 empty cars from Fort Worth into the Wichita Falls area. Railroad officials said there were 400 cars of wheat on hold tracks in Fort Worth today, and 179 cars were moved to consignees yesterday.

The storage situation in the Panhandle is in better shape than ever before, due chiefly to the erection of several huge grain elevators over the area. The crop outlook is fairly good for the top tier of the Panhandle counties. However, it is below normal in nearly all others in the Panhandle.

Hot harvest weather placed combines in fields over scattered areas of the Panhandle and the South Plains early this week. But the harvest is winding up in the Vernon, Quanah, Seymour, Benjamin and Electra vicinities.

The cutting is gradually moving north. First loads have been received in several counties in the Panhandle proper, but general cutting is not expected before the end of next week.

Good Crop Seen

Wheat harvesting was expected to start in the Dalhart area this week or early next week, Dallam county agent Marvin Simms at Dalhart reported.

Simms said this early harvest was because a large acreage of triumph variety, an early-maturing grade, would move the starting date up approximately 10 days.

The triumph variety was introduced in the Northwest Panhandle to meet the need for better milling and baking wheat, while retaining the stiff straw and nonshatter qualities of Red Chief and Chieftan varieties.

Two and one-half weeks ago, prior to rains that ranged up to three inches, the wheat yield average in the Dalhart area looked like five to eight bushels per acre, including summer-fallowed land.

Now the average is estimated conservatively at 10 bushels per acre.

Most elevators in the Wichita Falls area have been forced to shut down periodically because of the boxcar shortage. In some areas, like Burkburnett, thousands of bushels of wheat have been dumped on the ground, reminiscent of last year's bumper crop.

At Burkburnett, an estimated $250,000 worth of wheat was lying on a block-long pavement area in the downtown section. That estimate came from J. V. Brookshear, president of the First National bank, who said the immediate area was making "its best harvest in history."

The flow of water of Niagara Falls has never stopped entirely, so far as is known.

UNITY OF NATION FORESEEN

Marshall Says U. S. Government Accepts Western German Pact

By JOHN M. HIGHTOWER
Associated Press Staff Writer

WASHINGTON, June 9 — The United States government accepts proposals of the London conference for unifying western Germany, Secretary of State Marshall announced today. He said they should provide a basis for bringing all Germany together.

The proposals, which now become basic American foreign policy, call for (1) creation of a separate western German government, (2) international control of Ruhr steel, coal and coke production and (3) continued occupation of the Reich until the peace of Europe "is secure."

Approval of Congress was not sought although some members informally contend that at least part of the program should go before the Senate as a treaty.

French Reassured

Marshall announced American acceptance at a news conference at which he also sought to reassure the French that the projected steps for the future of western German contain adequate safeguards against German military revival.

The question of security has been uppermost in French concern over Germany's future. The French cabinet approved the London conference proposals yesterday but its position has still to be debated in the French assembly.

On the question of security against possible future German aggression, Marshall said that the fears of the French were easily understandable and moreover it is hardly to be expected that the general public will understand complicated economic arrangements.

The problem of Germany's future, he declared, involves a careful balance between (1) the requirements of rebuilding Europe with German industrial help and (2) danger that revival of certain types of German industry might be a future threat to peace.

He said that he considered that the decisions of the London conference struck a balance between those two extremes.

The London meeting was attended by representatives of the United States, Britain, France, each of which has occupation zones in western Germany, and by Belgium, the Netherlands and Luxembourg, neighbors of the western zones. The conference decisions have no power as policy until formally accepted by all six governments.

Rio Grande Area Is Hardest Hit

By MARTHA COLE
Associated Press Staff Writer

Texas has the largest number of polio cases reported for any state in the nation, Warren Kingsbury, regional director for the National Foundation for Infantile Paralysis said yesterday.

Total cases for the state from Jan. 1 until June 5 were 343, according to State Health department records. In 1943, a record 1,274 cases were reported in the state.

"Statistically, the chances of getting polio are remote," Kingsbury said. "Of course it is a trial to the family afflicted, but there is no reason for running off to the mountains."

Forty-nine new cases were reported for the week ending June 5. This was 11 less than for the preceding week.

"We cannot say that polio is on the decline," said Kingsbury, "but the signs are encouraging."

The largest concentration of polio remained in the lower Rio Grande valley, where it started early this year, and in the Houston-Galveston area. It did not reach epidemic proportions in the valley until the middle of April.

Cases are now spread up Texas from the Rio Grande to the Red river. The Panhandle and West Texas have no reported incidence except in Childress county, El Paso county and Lubbock county.

Polio Follows Warm Weather

The demarkation line runs up the state from the citrus valley belt through Bexar, San Saba, Brown, Eastland, Haskell and Hardeman counties.

The polio movement north from the valley up Texas only follows a characteristic pattern," Kingsbury explained. "It follows the hot weather north, and the northern states have the peak of their outbreaks in September."

An epidemic is declared in an area where there are more than 20 cases for a 100,000 population. The highest average recorded is 140 cases for 100,000 population.

Kingsbury said that the incidence of bulbar polio, a type with high mortality rate, is only average in Texas.

Since the peak total in 1943, Texas recorded 238 cases in 1944, 996 in 1945, 979 in 1946 and 184 in 1947.

According to state reports, for the week ending June 5 Harris county reported 20 new cases, Hidalgo 6, Willacy 3, Nueces 3, Bexar 2, Falls 2, Jim Wells 2, Hale 2 and one each for Bailey, Bastrop, Bell, Cameron, Duval, Harrison, Henderson, San Patricio and Wharton counties.

The National Foundation officer was in Dallas Wednesday to attend a meeting of the Dallas county chapter of the foundation.

WHEAT IN THE STREET—An estimated $200,000 worth of Texas and Oklahoma wheat is lying on four roped-off city blocks in Burkburnett, Texas, because the three grain elevators are already full. Trucks were said to be lined up for a mile waiting to unload. (AP Photo.)

Ranch Field Day To Be Held Near Slaton

Between 40 and 50 ranchers of the South Plains area are expected to gather at the Edwin Forrest ranch headquarters, six miles north of Slaton, this morning for an all-day ranch field day. D. A. Sherrill, Lubbock county agent, arranged the program.

Speakers will include: Geo. (Scotty) Samson of Post, who will give grass and range plant identification; Dr. F. G. Harbaugh, member of the Texas Tech animal husbandry staff, who will talk on livestock diseases and parasites; and Ray Dixson, superintendent of the State Experiment station at Spur, who will give a talk on results of range experiment work conducted by the station.

ROAD BUILDERS TO MEET

Cotton Research Setup Urged For Lubbock By State Official

WASHINGTON, June 9—A Texas member of the cotton industry advisory committee, in Washington for a meeting of the group, urged Wednesday that a cotton research laboratory be established in Lubbock.

Burris Jackson of Hillsboro said that such a laboratory is needed in that part of West Texas because of the short staple variety and "sledding" method used to harvest the crop.

The only Texan on the 9-man cotton industry advisory group which is appointed by the Secretary of Agriculture, Jackson said he has discussed the West Texas project with the committee.

"The Agriculture department has a lump sum appropriation sufficient to set up such a research laboratory," Jackson told a reporter, "and no action by Congress is required.

"...ear, but we are laying the ...thing may come of the idea groundwork and will have a better chance in 1949."

He estimated the center might cost $2,000,000 to $3,000,000.

Emphasis, he said, would be laid on developing improved ginning methods.

HOUSTON, June 9 (AP)—Western Natural Gas company of Houston today announced completion of a wildcat gas well for an open flow of 25,000,000 cubic feet daily in the San Juan basin area of southern Utah.

Three Chicago Hoodlums Are Sought In Ambush Slaying

CHICAGO, June 9 (INS)—Three Chicago hoodlums were sought today by police in the gang slaying of Norton Polsky, 27, a reputed gambler.

Polsky, who was placed on probation for two years in 1945 for possessing stolen gasoline ration stamps, is the third Chicago gambler to be killed in recent weeks.

Polsky was shot once in each wrist, back and head, a few moments after he alighted from his new car near his home.

Police said they are looking for Willie Block, Leonard Patrick, and David Yaras for questioning.

Witnesses reported that three men in a dark car ambushed Polsky. They said the men called him by his first name.

Miss Adelyn Weiner, 27, who had a date with Polsky prior to the shooting, told police he was "nervous" during the evening "but he never told me he expected trouble."

Life Term Affirmed For Lubbock Negro

The conviction of Willie Roberson, 40, a Lubbock negro who on Feb. 24 was sentenced by 72nd District Judge Dan Blair to life in the penitentiary as an habitual criminal was affirmed Wednesday morning by the court of criminal appeals.

The announcement was made in Austin by the Associated Press.

Roberson's latest conviction was of burglary of the W. A. Conwell residence in Lubbock.

He had gone to the penitentiary five times earlier, each time for burglary, District Attorney Lloyd Crosslin and E. G. Pharr, assistant district attorney said: On Dec. 9, 1927, for two years; Nov. 31, 1931, for two years; Feb. 17, 1934, for four years; June 15, 1941, for two years, and Nov. 20, 1941, for two years.

A penal term of "life" is automatic upon conviction as an habitual criminal.

Specialist Will Speak At Meeting For Area Ranchers

County Agent D. W. Sherrill issued a general reminder Wednesday to ranchers and others interested in range improvement and ranch operations of the get-together to be held today at the Edwin Forrest ranch headquarters six miles north of Slaton.

Cited by Sherrill as one of the few meetings of the kind ever held especially for the benefit of ranchers, the meeting, which starts at 9:30 o'clock, is to study range improvement and identification of range grasses and plants.

Scheduled to speak, and to be available for counsel on various questions during the day will be A. H. Walker, range specialist with the extension service, and William C. Banks, extension service veterinarian, who is to discuss livestock diseases, parasites and their control.

Military Rites For Veteran Set Today

TAHOKA, June 9. (Special)—Military services for Lt. Lee Edward King, son of the late Mr. and Mrs. R. L. King, will be held at 2 p. m Thursday at the First Methodist church here with George Maurice Small, student minister, officiating. The American Legion post will have charge of graveside services.

Lt. King enlisted in March 1942 and received training as a gunner pilot with the Army Air forces. In 1943 he entered the Air Transport command and later was sent to India where he was killed in an airplane crash in March 1944.

He is survived by his wife, the former Miss Odell McKaugan, and a son, Jerry, three brothers, W. L. King, Hobbs, J. J. King, Norfolk, Va., and Kelly King, Perryton; two sisters, Mrs. Florence King Smith, Lubbock, and Mrs. Kathleen King Holtwick, Tahoka. A brother, C. C. (Boots) King, a glider pilot, was killed in Germany in 1945.

Stanley Funeral home is in charge of arrangements.

NEW FORD ANNOUNCED—The smooth, flowing lines of the 1949 Ford passenger cars are accented by the simplicity of the air-scoop grille. Fresh air for the pressurized ventilation system also enters through the grille.

Details Of 1949 Ford Revealed In City; Lubbock Auto Co. To Show Models June 18

The Ford Motor company made public Wednesday the 1949 Ford, revealing a radical departure from traditional Ford styling and engineering.

Lubbock Auto company will show new models of the car on June 18, simultaneously with other dealers the nation over.

New standards of beauty, comfort, economy and performance have been incorporated into the new Ford, Harry Morris, president of Lubbock Auto Co., said today. "Styling of the new Ford definitely establishes it as the car of the year," Morris said.

Clean, Unbroken Lines

The modern design has been molded along functional lines, resulting in a long, low, sweeping silhouette. The grille is distinctive, the hood massive but shorter and the body so wide the rear fenders have been eliminated. There are clean, unbroken lines from front to rear.

Comfort has been one of the primary objectives in the new Ford. There is more room in the "lounge car" interiors than in many cars with much larger over-all dimensions. Front seat widths have been increased six inches and the rear seat nearly eight inches. The body has been moved five inches forward with the seats cradled between the axles for a much smoother ride.

A new type of suspension system — "hydra-coil" springs — replaces the traditional transverse springs and the front axle.

Engine Vibration Reduced

The drive shaft tunnel has been decreased by adoption of the Hotchkiss drive and the hypoid rear axle. Engine vibration has been reduced by literally floating the power plant on rubber mounts.

Economy of operation has been increased up to 10 per cent improvement in gasoline mileage for the new six-cylinder engine and the extensively redesigned V-8. Both are offered as power plants in all Ford models. A new intake manifold achieves better fuel distribution.

The new "equa-flow" cooling system contributes to good performance under extreme conditions by improving general operating efficiency. Water flows in volume the full length of the block.

Economy In Gasoline

As much as 25 per cent improvement in gasoline economy may be achieved by taking advantage of the overdrive which is available as factory-installed optional equipment.

New standards of safety have been set in the rugged construction of the chassis and body. The box-type frame is of all-welded construction.

Lowering the over-all height by four inches and placing the seats between the axles results in a lower center of gravity, an aid in safe driving.

The windshield has been increased in height and width and the rear window now provides "picture window" visibility for driver and passengers. The rear window is larger than the ordinary windshield. There is as much as 20 square feet of windows in the new cars.

Doors Hinge At Front

All doors hinge at the front. Inside handles push up instead of down to open the door. Both features combine to preclude accidental opening of the doors.

Increased performance values are one of the highlights of the new cars.

Steering has been greatly improved. The new Ford may be guided by a minimum of effort even under severe wind conditions.

The 114-inch wheelbase, convenient for parking and in moving through heavy traffic, has been retained.

The new six develops 95-horsepower, providing better acceleration in passing and heavy traffic. The V-8 develops 100-horsepower.

Interior styling is colorful and practical. Traditional, neutral-toned automobile fabrics have been discarded for new tweeds, broadcloths and mohairs which retain the ability to absorb hard family usage.

Easier To Operate

Hardware is massive and door handles and other hardware are much easier to operate. The doors have new type locks which eliminate all possibility of persons being locked out of the car with the keys inside.

The flight panel dash provides centralized grouping of instruments for quick, easy reference in line with the driver's view of the road.

Chrome trim, both inside and out, has been reduced.

There are two lines of cars, the Ford and the Ford Custom. Body styles in both lines include the four door sedan, two door sedan and club coupe. Convertible and station wagon models are obtained only in the Custom line and the three passenger coupe only in the Ford line.

There are eight durable new exterior colors — Bayview Blue Metallic, Birch Gray, Sea Mist Green, Arabian Green, Colony Blue, Gun Metal Gray Metallic, Midland Maroon Metallic and Black.

Two additional colors — Fez Red and Miami Cream — are available in the convertible only.

The female Kiwi (a New Zealand bird) lays her eggs in a burrow and the male does most of the incubating.

TWO KILLED IN BLAST

MILAN, Italy, June 9. (AP)—Two persons perished and a score were seriously injured yesterday in Aosta when an illegal dump of a ton of dynamite blew up, according to reports received by Milan newspapers. The town itself was badly damaged, the reports said.

House GOP Committee To Seek Final Adjournment By June 19

WASHINGTON, June 9 (INS)—The House Republican steering committee voted "overwhelmingly" today to attempt to complete the House legislative program by June 19.

The action was taken despite a Senate GOP policy decision that adjournment of Congress on that date will not be possible.

Speaker Martin (R-Mass.) explained that the House committee wishes to complete its program by June 19 even though it may have to return after or between the national political conventions.

The Senate GOP policy committee, headed by Sen. Taft (R-O.) favors a two-week congressional sitting between the Republican convention beginning June 21 and the Democratic Convention July 12.

In that event, Martin said, the House hopes to be able to hold only perfunctory sessions, meeting every three days to fill the constitutional requirement "until the Senate catches up."

The vote in the 22-member steering committee was not announced, but Martin said it was "overwhelmingly" in favor of driving through to legislative completion as scheduled.

Speaker Martin also said it is still the opinion of the House committee that "if possible congress should adjourn June 19."

New Method To Fight TB May Be Found

PALO ALTO, Calif., June 9. (AP)—Discovery of the hidden process by which tuberculosis germs destroy body cells was announced today by a Stanford University scientist.

The findings may give medical science new openings for attacking the disease. It also may point the way toward new methods of combatting allergic reactions such as those caused by poison oak and poison ivy.

The substance which gives the TB germ its destructive power is a wax-like matter composed of starch and fatty acids, said Dr. Sidney Raffel, bacteriologist, in the Journal of Infectious Diseases.

This substance, called a lipid, is a component of the TB germ. It is not the substance which does the actual destructive work. The destructive part of the germ is a protein. It causes a delayed allergic reaction which destroys cell tissue.

But the TB germ protein cannot destroy body cells unless the fatty substance is present, Dr. Raffel reported. The wax-like substance acts by "softening up" the body cells for the attack by the protein in the TB germ.

Dr. Raffel said there is evidence that the destructive effect of poison oak and other powerful irritants is due to the presence of this waxy stuff.

Nebraska Demo Chairman Is Invited To Join Southern Group

OMAHA, June 9. (AP)—Southern states rights Democrats opposing nomination of President Truman today invited Nebraska Democratic Chairman William Ritchie to sit in their pre-convention caucus, Ritchie said.

The Nebraska Democratic chieftain who announced Sunday he would oppose President Truman at the Democratic national convention, said the invitation came from Gov. Ben Laney of Arkansas following a meeting of the states rights campaign committee in Jackson, Miss., Tuesday.

Ritchie said the telegram stated. "The state's rights Democratic campaign committee in session Tuesday in Jackson, Miss., representing 11 southern states, authorized telegram of congratulations to you in your wise decision to oppose nomination of Harry S Truman at national convention. We invite you to join the southern states in their efforts to bring about the nomination of a true states' rights Democrat, and would like for you sit in your pre-convention causus July 11."

Galveston Man Told He Has Inherited Total Of $185,000

GALVESTON, June 9. (AP)—Harold A. Abney, 33-year-old Galveston filling station operator said today a lawyer had told him he had inherited $185,000 from an uncle in Illinois.

Abney named the attorney as Walter Deuchlie of St. Louis, and said, "all I know is what the attorney told me over the phone from Houston."

The Galveston man, a war veteran, said until tangible evidence of inheritance comes into his hands he was making no plans. He said when the news is confirmed a trip to St. Louis, where the estate is located, will be made.

Abney said he had rather not name his uncle because he has not received notice of the uncle's death.

Bevin Says Russian General Changed Mind About Deserting

LONDON, June 9. (AP)—Foreign Secretary Ernest Bevin said today Russian Col. J. D. Tassojew who turned up here mysteriously last month was a case of a man who changed his mind.

Tassojew disappeared from his post as Russian reparations officer in Bremen, and the Russians charged he had been kidnaped by the Americans. This was denied, and shortly afterward the foreign office said Tassojew had appeared in London asking political asylum. Nobody seemed to know just how he got to London.

On May 27 responsible British sources said Tassojew had been returned to the Russians, probably at his own request.

Back with the Russians Tassojew was said by Tass, Soviet news agency, to have made a statement that he had been kidnaped in Bremen, taken to Britain, and that he returned to Germany only after he had escaped from a London intelligence service apartment. Tass quoted him as saying he was beaten and forced to sign a political statement.

U. S. Claimed Ready To Give More Reparations To Soviets

LONDON, June 9. (AP)—Official British sources said today they expect the United States to agree soon to give Russia the rest of the reparations from Western Germany due under the Potsdam agreement.

Russia has not been allocated any dismantled industrial plants from any of the three zones of Western Germany since mid-1946.

Allotments were handled by a subsidiary of the Allied Control Council in Berlin, and the United States vetoed every Russian effort to get more German plants.

The U. S. also stopped delivery of previously allocated equipment although Britain and France on continued handing over plants which had been earmarked for Russia earlier.

Americans Doubt Soviet Report Of Troop Cuts In North Korea

SEOUL, June 9 (INS)—American observers in Seoul today were inclined to view as propaganda the report that Russian forces in north Korea will be reduced.

The Russian-controlled Pyongyang radio said Lt. Gen. C. P. Korotkov will return to Moscow with his staff officers with the remaining of the Soviet occupation army in north Korea being placed under the command of Maj. Gen. Murotkov.

The announcement of the withdrawal was regarded by American observers as a move designed to back up the recent Soviet statement that Russia is ready to withdraw entirely from north Korea.

It was pointed out that if the Russians do withdraw they will leave behind a well-trained, Soviet-equipped Korean Communist army. The size of this army has been variously estimated to number 100,000 to 200,000 troops.

ACTION SOUGHT ON MEASURE

Clark Reported To Have 'Ruled' Anti-Communist Bill Invalid

By FELIX COTTEN
INS Staff Correspondent

WASHINGTON, June 9—Attorney General Clark has drafted an opinion declaring that the Mundt-Nixon Anti-Communist bill is unconstitutional.

This was learned from an unimpeachable source today as House sponsors of the legislation started conversations with Senate leaders in an effort to get action on the bill before adjournment of Congress.

Clark's opinion, it was disclosed, was in reply to a request from Sen. Wiley (R-Wis.) chairman of the Senate Judiciary committee, which has had custody of the bill since the House passed it May 19 by the lopsided majority of 319 to 58.

Ruling Not Received

Wiley's office said he had not received Clark's ruling, and Wiley himself refused all comment.

The Judiciary committee completed hearings on the measure May 31, but the bill has not been assigned to a place on the Senate's legislative schedule.

Rep. Mundt (R-S.D.) author of the bill, said:

"We are just trying to get the ball rolling. We would like to see the Senate pass this bill before the scheduled June 19 adjournment.

"Our position is that legislation to deal with Communists was a specific Republican commitment in the 1946 election campaign."

Informed that the Attorney General holds that the bill was unconstitutional, Mundt said:

"I don't know how Attorney General Clark can set himself up as a Supreme Court to decide what is constitutional and what is not."

Sen. Kilgore (D-W. Va.) a member of the judiciary committee declared emphatically that the bill was unconstitutional. He said illegal features included registration of Communist political and Communist - front organizations with the attorney general and "restrictions on freedom of thought and assembly."

U. S. Consulate Guarded As Peiping Students Demonstrate

PEIPING, June 9 (INS) — The U. S. consulate was under strong police guard today as Chinese university students demonstrated in protest of American aid to Japan.

All entrances to the quarter housing foreign diplomatic and consular offices were also blocked off by detachments of unarmed auxiliary police.

Groups of students paraded through the streets of Peiping carrying sketches purporting a villianous-looking Uncle Sam giving aid to Japanese war criminals.

Earlier, leaders of the demonstration said that three of the paraders were beaten by police, who struck them with belts in order to head off the procession from entering the diplomatic quarter. The leaders also said the police had twice fired over the heads of the demonstrators in an effort to disperse the crowd.

Youngster Locked In -- But Finds Way Through Window

GLOUCESTER, N. J., June 9. (AP)—Very carefully, Mrs. Mary Herbert locked the doors of her home today. Three-year-old Madeline was romping on the floor and Mrs. Herbert didn't want the child to wander when she went to a neighborhood store.

A little later Mrs. Herbert returned. From around the side of the house strolled Madeline. Her dress and face were dirty but she was smiling.

"Hello, Mommy," she said. "I fell out the window."

The child was hurried to the hospital. Doctors found no injuries.

Bond Is Reduced For Houston Woman

GALVESTON, June 9. (AP) — Bond for Margie Dee Carreon, 22-year-old Houston woman, charged with murder in the death of a Houston cab driver, Merion G. Metts, May 21, was reduced from $2,500 to $500 today.

Justice of the Peace Emil Schenk of League City set the bond following an examining hearing during which Dr. N. D. Schofield, autopsy surgeon, testified it was possible for a man to cut off his own breathing and be so intoxicated he wouldn't struggle against it.

The case was referred to the grand jury. Bond was made immediately after the hearing by Defense Attorneys Sam S. Minter and Sam Williamson of Houston.

Mrs. Carreon was found in a taxicab between La Marque and Dickinson, Tex., with the dead man. She claimed in a statement at the time of her arrest she had come to Galveston following an argument with her husband and had done some drinking with the cab driver.

She said she had never seen the driver before she hired him to bring her from Houston to Galveston. An autopsy report of death due to asphyxian was returned by Dr. Schofield.

Dr. Schofield, under questioning by Byron R. Conwell, assistant Galveston county attorney, said there was no evidence that would indicate death from natural causes.

He pointed out, however, that a person's air supply can be cut off either by flexing of the neck too far forward, or by the head being tilted too far back. Later he testified that it is possible for a man to get in this position without being forced into it.

IT COMES HARD

John Public's Cash

TOO many government officials seem to be wholly without any sense of values when they consider expenditures for which taxpayers must provide the money. Too many have the attitude of "hang the expense."

Illustrative is a bill introduced in Congress by Rep. Paul J. Kilday, of San Antonio, proposing a $65,000,000 appropriation to build a National Air academy for the air forces in his home city. The idea, which has obvious merit, is to provide a school for the air force comparable to the Army's West Point and the Navy's Annapolis.

In connection with the proposal various very high officials were quoted that it would cost $70,000,000 a year to train 175 men annually at Annapolis especially for the Air Force. The cost of training 300 such men annually was estimated at $100,000,000 a year. The per man costs, according to those figures, would be $333,000 to $400,000 a year. So the idea evolved to set up a National Air academy near San Antonio, which in itself, is all right and logical, since Randolph and other fields already have made San Antonio quite a "capital" of the air.

The average taxpayer won't pretend to guess how much it might cost to train officers for the Air Force. But his common sense tells him that $333,000 to $400,000 per year per man is out of all reason. It also tells him that $65,000,00 as the initital cost of establishing an academy is equally ridiculous.

It remains to be seen what Congress may do about the Kilday bill. Certainly many taxpayers would be appreciative if the lawmakers would give more positive evidence of their awarness that John Citizen has to work just as hard for the money with which he pays taxes as for that he spends for any other purpose. This sort of a sincere consciousness in Congress probably would result in substantial reductions in practically everything for which taxpayers must provide the money.

HST And Lilienthal

PRESIDENT TRUMAN has himself chiefly to blame for the Senate's refusal to confirm the re-appointment of David E. Lilienthal to a five-year term as chairman of the Atomic Energy commission.

If the President had proposed a shorter term, it might have been approved. Otherwise, he would have been justified in criticism. But Mr. Truman insisted upon a five-year term which would extend beyond that of whomever may be elected President in November.

If the next President is someone other than Mr. Truman, he would be "stuck" with Mr. Lilienthal in one of the most important positions in the entire government through the whole of his term. It would be unfair to force a Truman appointee upon such a president.

Particularly does this apply when Mr. Lilienthal is involved. He was an exceedinly unpopular choice when originally proposed for the position. Thirty-one Senators voted against confirmation.

This is persuasive evidence that, if the next President is a Republican, he won't want Mr. Lilienthal. He should not be placed now in the position where he would have to accept Lilienthal regardless of his preference in the matter.

Nature Boy

The Innocent Impostor

By RENEE SHANN
Distributed By NEA Service, Inc.

(THE STORY: Patience Mond goes to London three times a week to attend dressmaking school. It is the only freedom allowed her by the two old-fashioned aunts who have brought her up and with whom she lives in the country. On the commuting train she meets Paul Taylor, who lives in a neighboring village and who finds himself attracted to the prim young girl. They date secretly, fall in love. The aunts find out, force Patience to promise not to see Paul again. Heartbroken, she keeps her word. Returning home one evening, she finds the aunts in a state of great excitement. They have a visitor. It is Charlotte, Patience's long-lost twin. Charlotte, who had been kidnapped by her father when he deserted their mother, is now a stage star, soon to open in a London show. She is appalled at the restricted life Patience has obviously led, determines to do something about it.)

* * *

XI

IT was the following Tuesday. Patience paced the platform, wondering if the train would be much longer. Her heart leaped when at last it was signaled. This wasn't a day when she usually went to London. But she was going up especially to be with Charlotte. Charlotte had arranged it with Aunt Helen before she herself had gone back to London.

Patience jumped into the first carriage as the train stopped at the platform. She told herself that she wasn't going even to notice whether Paul stepped from one of the compartments when they eventually reached Liverpool Street Station. Instead she would think of Charlotte. Of the good time they were going to have together.

She saw her the moment the train came to a stop and flung herself out of the carriage. She raced towards her.

"Charlotte, it's so lovely to be here! I feel so terribly excited!"

Charlotte smiled at her fondly. Gosh, she thought, fancy getting such a kick out of spending a few hours with one's sister in London!

"What shall we do first?" she asked, as they walked away from the barrier.

"I don't mind. Anything you like."

Charlotte hesitated. She wanted to dress Patience over. A round of the shops might be a good idea. On the other hand they could return to her hotel and have a round of her own wardrobe!

* * *

PATIENCE drew a gasping breath as some little while later she passed through the swinging doors into the luxurious foyer of the Mayfair.

"D'you mean to say you're staying here, Charlotte?"

"Why, yes."

"Isn't it terribly expensive?"

"It is fairly. But it's comfortable. And I'm making quite a lot of money." She strolled over to the reception desk to ask if there were any messages.

"Mr. Dickson telephoned, Miss Carlotta. He'll be picking you up here at twelve-thirty."

"Thank you."

"Carlotta?" asked Patience.

"That's my stage name. It sounds more effective than Charlotte Mond."

"Sort of like Garbo?"

"Well, yes, I suppose so. Look, there's a lift waiting."

"Who's Mr. Dickson?" Patience inquired as together they walked down the long corridor to Charlotte's room.

"Roger Dickson. Darling, don't tell me you've never heard of him."

Patience shook her head. "I don't think so."

Charlotte gave a delighted little laugh. "That'll be good for him. You must tell him when you see him."

"Am I seeing him?"

"Yes. He's taking us out to lunch."

Patience felt a slight pang. She'd been hoping that Charlotte and she would have lunch alone.

"Is he a very special friend of yours, Charlotte?"

"Not quite so special as he'd like to be."

His photograph was in a silver frame on the table beside her bed. Patience picked it up and looked at it. "To Carlotta, with all my love, Roger."

"He's awfully good-looking, isn't he?" she said.

"Oh yes, Roger's quite the answer to a maiden's prayer. And he has more charm than is good for any woman."

* * *

PATIENCE smiled and put the picture back again. No, she wasn't going to think of Paul. Of Paul who had more charm than was good for her certainly. And now Charlotte was opening the long built-in cupboards. Running a hand along the many dresses.

"Come and choose something you'd like."

"Charlotte, you don't mean that?"

"Of course I do."

Patience tried on first one and then another. She stood before the long mirror and wondered if she were dreaming.

"Charlotte, that's not me. It can't be."

She wished Paul could see her. She wished this more than anything in the world. The dizzy blonde would stand no chance beside her. She wouldn't have believed that clothes could make so much difference. Clothes, a new hair-style, and the right make-up. She was wearing now a gray dress with scarlet embroidery. She was wearing a little scarlet hat that sat crazily over one eye, and carrying a scarlet handbag.

She was looking now exactly like Charlotte, and yet there was a subtle difference.

Charlotte eyed her thoughtfully, wondering what it could be.

"Me and yet not me!" She laughed. "Me without a past, I suppose. Well, darling, there's one thing I beg of you."

"What's that?" asked Patience.

"Don't take Roger away from me. You in those clothes with that unsophisticated air—I'm not sure I'm not taking a great risk in introducing the pair of you!"

Looking At Life - - By Erich Brandeis

"WHOA!"

According to the dictionary, "whoa" is "an exclamation ordering a draft animal to stand still, hence 'Stop!' "

That is the dictionary definition.

But it is also going to be something else from now on for me, and I suggest it to you as well.

"Whoa!" is going to be my motto from now on.

I hope it will be yours, too, before your doctor says "Whoa!" and puts you to bed for six or seven weeks as mine did me.

BRANDEIS

Here I was speeding merrily along life's highway, as fast as the old engine would go.

Then suddenly, the darn thing slowed up and just about crawled along.

Afraid that it might stop altogether, I called in a mechanic.

He listened with his stethoscope. He checked the blood pressure. He took a cardiograph.

Then this mechanic (physician he is called when he tinkers with human engines) made his pronouncement.

"Cracked cylinder."

* * *

Unfortunately, when something goes wrong with the human motor there aren't any replacement parts. I hope the General Motors people or Chrysler or Ford will invent human engines with bolts and nuts and wires some day, so that when something goes wrong you just take out the old part and put a new one in.

But so far they haven't done it, so the doctor did the only repair job on me that can be done for what ails me and millions of other people. He put me to bed.

Complete rest for at least six weeks. Can't even stand up and shave. No excitement. No activity. That's the only way it will heal up, he said.

Visitors no more than a half hour a day.

"May I play cards with my visitors?" I asked.

He looked at me as if I was crazy.

It's three weeks now since I have been on my back. Three more weeks and then, perhaps, I'll be up again and live a fairly normal life.

"If you follow directions," the medico said this morning, "you'll be better than ever. If not—well look at the daily obituary notices in your paper and see how many people didn't follow their doctor's advice."

* * *

LISTEN, friends, I am not telling you all this to talk about myself. I don't matter one bit. Maybe you like my column. But there are a hundred young columnists just waiting to take my place and they'll do just as good a job as I am doing.

And, incidentally, no matter what you are doing for a living—there are a hundred people waiting to take YOUR place—and they'll do just as good a job as you are doing.

ON WELFARE PROGRAM

GOPs Defy Mass Vote

By RAY TUCKER
Special Correspondent

WASHINGTON—Henry A Wallace's third-party candidacy as the self-appointed apostle of "Roosevelt reforms" and more tender treatment toward Russia has had the political effect on the Republican Congress that he wanted and anticipated, although his role in the 1948 presidential picture means that millions of prospective beneficiaries of his own humanitarian pledges will be disappointed at least temporarily.

TUCKER

As the Eightieth Session moves toward possible adjournment on June 19, it becomes increasingly clear that the G.O.P.'s legislative bosses will shelve or sidetrack a tremendous batch of social and economic legislation designed to improve the lot of F D.R.'s famous "one-third of the nation."

Rarely has any Congress since the depression shown such reluctance toward strengthening and broadening the reforms which enabled Mr. Roosevelt to win four elections.

* * *

DEFIANCE: It is a daring defiance of the nation's mass vote. And Congressmen would not have shown such disregard for this vast segment of the electorate if they did not believe that the Iowan's desertion of the Truman faction alone assured their triumph next November.

Had Mr. Wallace remained loyal, it is doubtful if the Capitol Hill opposition would have taken such a gamble in so critical a year. But believing that he will capture millions of leftish and liberal voters, who might otherwise have cast their ballots for President Truman, the G.O.P. has deliberately confined its appeal to the solid, conservative, middle-class group.

* * *

STRATEGY: It is no secret that the more enthusiastic sponsors of the Wallace movement are delighted at the success of their strategy. They count on this kind of Republican reaction to pave the way for the election of a Roosevelt or Wallace believer in 1952. Their politically selfish philosophy seems to be that eventual good will come from a G O.P. landslide next autumn.

The Republicans recognize that Mr. Truman will try to capitalize on Congress's neglect of social, economic and labor advances. In their opinion, he has demanded last-minute action on these proposals in recent weeks only so that he can blame Congress for their failure.

But the Republicans do not feel the President's belated support of this program will weaken the Wallace appeal in this direction. They think Mr. Truman has left himself open to the indictment that he lacks force and determination.

* * *

ORDER: It is expected that their ultra-conservative attitude will be reflected in the Republicans' platform, and presumably in its presidential ticket, at Philadelphia.

In view of their legislative record, it would be difficult and politically unwise to promise or repromise the measures they failed to enact at the current session. It would make it easy for their opponents to hurl the charge of "hypocrisy" at them.

There may be an ulterior motive behind all this conservative lawmaking at Washington. If the platform accords with the record of the Eightieth Congress, it will be a document designed for the men who hold these views.

In that event, it will be made to order for the following candidates, in order: Senator Taft of Ohio, Speaker Martin of Massachusetts, Governor Dewey of New York, Senator Martin of Pennsylvania, and Senator Vandenberg of Michigan.

It would be less acceptable to such prospects as Harold E. Stassen of Minnesota, Governor Earl Warren of California or even "Ike" Eisenhower, whose ideas on many major problems appear to be more "liberal" than those which formed the basis of 1947-1948 legislation.

* * *

DOOMED: Although some of the following measures may be rushed through in a last-minute burst of energy, here is a partial list of so-called liberal and vote-getting bills which seem doomed:

Social Security: Congress may add 3,500,000 people not now covered. But it will rebuff President Truman's demand that 20,000,000 additional be benefited. It will also refuse to increase the monthly payments.

Wages: There is little likelihood of any increase in the minimum hourly wage from 40 to 75 cents or $1. Also, the proposals for a high cost of living bonus to federal and post-office employees are in danger.

Consumers: The House-passed bill to repeal federal taxes on colored margarine may die in the Senate or conference

* * *

SLASHED: Power: Appropriations for numerous projects extremely popular to California and Northwest interests have been slashed heavily. Administrative staffs have been reduced to such a degree that Secretary J. A. Krug doubts whether he will be able to supervise properly vast reclamation, conservation and power undertakings.

Education, housing and health: It seems unlikely that any of these schemes for federal aid in these fields will be enacted in the form asked by President Truman and social welfare groups throughout the country

Civil Rights: Fair Employment Practices legislation, which is regarded as the most essential measure by sponsors of economic equality of opportunity, has almost no chance of becoming law. A majority of Republicans and Democrats oppose it.

* * *

VICE-PRESIDENT: F.R.R. of Bryan, Tex., asks whether "Mr. Edward R. Stettinius would make Mr. Truman a good running mate?"

Answer: Mr. Stettinius's many years in government service, as well as his industrial experience prior to his arrival in Washington during the Roosevelt regime, seem to qualify him for the vice-presidential post. With television playing an important part in a national campaign for the first time, his good looks would not hurt him, for he is regarded as one of the most handsome men ever to serve at the Capital.

I doubt, however, if the regular politicians would be strong for him. He was distinctly an F.D.R protege, and he has never been identified with "the gang." In view of the near escape they had from seeing Henry A. Wallace enter the White House by the back door, both parties will probably devote more time and thought to selection of a vice-presidential candidate than they usually do.

On behalf of the former Secretary of State the idea has been advanced that his close association with the University of Virginia might make an appeal to the rebellious Southerners. However, from a canvass of numerous Dixie recalcitrants in the Delta area, I imagine they prefer a man whose interest in their problems is more than academic.

Of course, Christmas has been commercialized. In fact, name something that hasn't been.

It is said that no new sin has been invented in 5,000 years. But that doesn't keep some men from trying to invent one.

The meanest man in the world is the fellow who will poison his neighbor's pet dog.

Truman Takes Fight To People

By THOMAS L. STOKES
Special Correspondent

ABOARD PRESIDENT TRUMAN'S SPECIAL TRAIN—To speak figuratively, the only equipment Harry Truman lacks on this trip over the country is a rope and a wad of gum.

Which is going back for a comparison to the late Will Rogers, the cowboy humorist. It is not, of course, entirely apt. But there is something of a reminder in the President's use of homely references that the people who hear him can catch instantly, his occasional sallies in a casual, offhand manner, his use of the plain language of the street and the farm.

STOKES

He does it always with restraint. It is done, too, without the use of props except rarely, as at Pocatello, Idaho, where he was telling about all the reports a President has to read. He referred to one by the Interior department on the Columbia basin project.

* * *

Shows Report To Group

"It is really a sample of the reports that the President is supposed to read and study all the time," he said. "You know—I fool them—I get up early in the morning and I read them."

He reached back to an attendant behind him who handed him a book as big as a Sears - Roebuck catalogue, which he held up before an early crowd gathered about the back platform.

"Look at that," he said, grinning. "That is only a sample."

He refers often, as here, to the fact that he is an early riser which gives him a kinship with the people in the farm and cattle country. He gets up at 5:30 regularly, and maintains the schedule on this trip except that a ouple of mornings he slept 15 minutes overtime.

* * *

A crowd assembled late at night at Rawlings, Wyoming — their faces sharply outlined in the lights from the back platform—knew what he meant when he referred to a hat presented him at Cheyenne as "a fifty-dollar hat." The expression, beyond being appropriate for his audience—like the ten-cent "seegar" which is the quintessence of elegance among southern farm negroes—also reflected his own experience and his own familiarity with the haberdashery business.

Incidentally, he spoke of that that at another place. Referring to the depression after the first World War and what it did to lots of people, he remarked with a smile that he was in business then.

"And you know what happened to me," he concluded.

The crowd at Rawlins also knew very well what the President meant when he described the coming election campaign as "a brawl," for it has its special application to Saturday-night disturbances in small towns on the western plains which are much less civilized than similar affairs in big eastern saloons, which are handled by the bouncer with promptness and dispatch.

* * *

Family Is Presented

Every crowd has its quota of males who regard themselves as henpecked—if it does not include virtually every husband present and the President established his fellowship there. At one stop, after introducing Mrs. Truman to the crowd, he said, "I am henpecked by another member of the family whom I would like to introduce to you—my daughter Margaret."

The young lady snorted with mock derision and said in an aside:

"Henpecked—Huh."

He constantly identifies himself with the western country by talking about his native state of Missouri and its people and its customs.

* * *

In his informal speeches from alternates between the folksy manner and the forthright attack he the back platform the President levels continually at Congress. And quite frequently he reveals his inner resentment over criticism he gets. Though he never mentions its specifically, it seems clear from what he said that what rangles most is the criticism about his association with the Pendergast machine in Kansas City, upon which Republicans harp so often and so insistently. To one back platform crowd, he said:

"I am coming out here so you can look at me and hear what I say and then make up your minds as to whether you believe some of the things that have been said about your President.

"I have been in politics a long time and it makes no difference what they say about you, if it isn't so. If they can prove it on you, you are in a bad fix indeed. They have never been able to prove it on me."

Graham bread was named after Sylvester Graham, an American lecturer on food reform who recommended bread made of unbolted wheat flour.

Cotton

NEW YORK REPORT
NEW YORK, June 9 (AP) — Cotton futures turned steady today, following earlier easiness as light mill buying and short covering met only limited offerings. Trading was light and featureless, pending further developments on the $150,000,000 revolving fund for commodity purchases, including cotton, new before the House.
Traders also awaited the outcome of the debate in Congress over the aibe of appropriations for foreign aid.
There was further evening-up in nearby July and switching to later months, anticipating first notice day for July contracts on June 24.
Scattered rains were reported in the southern states which were considered beneficial for the cotton crop.
Late afternoon prices were 5 to 35 cents a bale higher than the previous close. July 36.96, Oct. 33.40 and Dec. 32.74.
Cotton futures rallied into new high ground for the day in late dealings on a flurry of short covering and trade buying partly attributed to covering against recent sales of cotton to Japan. A good part of gains were lost, however, on increased profit taking brought out by the advance.
Futures closed 20 cents a bale higher to 10 cents lower than the previous close.

STOCKS CONTINUE FAST RALLY
NEW YORK, June 9. (AP)—The stock market started ahead at a gallop today, slowed to a walk, and reached the finish line at a new 21-month high.
Most of the gains were posted during the first hour when buying orders streamed onto the floor of the exchange so rapidly that the high-speed ticker tape dropped behind actual transactions.
Volume totaled 1,870,00 shares, compared with 1,530,000 Tuesday.
The Associated Press average of 60 stocks advanced .2 of one point to 71.5, the highest since August, 1946. The previous peak of 71.3 was first hit in mid-May and matched yesterday.
Numerous issues reached new highs during the day although the widest gains were chipped down in many cases. In this group were U. S. Steel at 81¾, Republic Steel 31, Youngstown Sheet. 84¾, General Motors 64¼, Westinghouse Elec. 33, Union Carbide 42⅛, Standard Oil (NJ) 85⅝, and Gulf Oil 76⅝.
In the curb higher prices were paid for Brown Rubber, Raytheon Mfg., Fairchild Camera, and American Maracaibo. Cities Service ended a notch lower. Volume of 460,000 compared with 370,000 yesterday. Railroad and utility bonds moved forward.

Grain

CHICAGO REPORT
CHICAGO, June 9 (AP) — Mill buying gave wheat support on the board of trade today while corn was aided by small supplies of the cash grain in terminal markets. Oats tended to lag, selling fractionally lower most of the session.
Government flour buying overnight was estimated by the trade at between 500,000 and 1,000,000 hundredweights. In addition, domestic flour business was said to be showing some improvement. Mill support of wheat represented lifting of hedges against flour sales.
Wheat closed ¾-1⅛ higher, July $2.29⅝-$2.30, corn was 1 to 2⅛ higher, July $2.19¾-⅞, oats were ⅛-⅜, higher, July 94⅝-¾, and July soybeans were 4 cents higher at $4.26.

Snyder Says Treasury To Make Tax Form More Simple

WASHINGTON, June 9 (AP)—Secretary Snyder said today the Treasury plans to make even more simple its simplified income tax form for wage earners.
About 25,000,000 persons or nearly one-half of those making federal income tax reutrns use the simplified form.
Snyder said four years of experience "has proved that the use of Form W-2 as a tax return has caused much confusion."
Form W-2 is the tax withholding statement furnished by employers to employes. It can be used by some employes for income tax returns on which the revenue bureau figures the amount of tax due.
The plan now is to create a new form, 1040-A, for use as a tax return. Withholding statements will have to be attached to this new form to show wages received and tax withheld. The withholding statement will no longer serve alone as an income tax return.
On the new form, Snyder said, "every effort will be made to simplify language and minimize the number of questions. Collectors offices will continue to compute the tax for these taxpayers."

Georgia Sheriff, Legislator Convicted For Taking Bribes

ROME, Ga., June 9 (INS)—A Georgia sheriff and a state legislator were given 18-month federal prison sentences today for conspiring to take bribes from illegal liquor dealers.
Sheriff A. H. Glenn of Chattooga county, and Rep. Ed Knight of Gilmer county were sentenced by Federal Judge Robert L. Russell.
A third man, General Gordon Hartline, of Summerville, Ga., was given 15 months.
The trio was convicted May 21 of conspiracy to defraud the government and violating liquor laws.
