

HCJC Plans To Expand Facilities

(Howard county voters will go to the polls Saturday to decide on increasing a tax levied from the current 20-cent maximum to a 30-cent maximum for support of the Howard County Junior College. The Herald today publishes the first of a series of four articles on HCJC, its financial problems, its needs for more instructional funds, and its plans for growth.—Ed. Note.)

After one year of service, the Howard County Junior College can look to an enrollment and a variety of study not anticipated at the outset.

Officials anticipated an enrollment of 100 for the first year. Instead there were 223 enrolled at one time or another, not counting 63 in the vocational school, conducted under college supervision. Vast bulk of the enrollment was local, for there were only nine from out-of-state and 23 from out-of-county.

Part of the 223 total includes adults taking evening school work and reduced to terms of normal load (15 semester hours per student), it is safe to arrive at an enrollment equivalent to 250 full time students, exclusive of the vocational agriculture school.

Courses have been varied, pointing strongly to vocational needs, and it is in this direction that the hopes of expansion largely lie. Expansion plans will rest upon the decision of Howard county voters, who are to go to the polls Saturday to decide whether or not the tax assessment for HCJC purposes shall be increased from the present 20-cent maximum to a 30-cent maximum.

Howard County Junior College offers basically two types of courses: 1) Pre-professional and academic or cultural, and 2) terminal or vocational. Pre-professional leads to further study in senior institutions in such fields as arts and sciences, agriculture, business administration, dentistry, engineering, home economics, journalism, law, medicine, music, pharmacy, theology.

For those who wish training to secure and better position a job, vocational courses embrace such courses as secretarial training, typing, shorthand, business law and mathematics, and correspondence education, general mathematics and sciences, psychology, Spanish and similar studies. Courses are laid out for one-year and two-year objectives. In addition, evening classes meet vocational needs.

The college offers a degree as Associate in Arts for completion of a two-year course and a requisite of 32 hours English and six hours American government along with other studies. The selection may be made from many departments such as music, language arts, sociology and psychology, science, mathematics, commercial, etc.

In its first year the work of the college has earned its accreditation from the Association of Texas Colleges, the state department of education and the American Association of Junior Colleges. It will take four more years, plus development of field studies, etc. before admission may be sought in the Southern Association of Colleges.

But even now, credits earned in the Howard County Junior College may be transferred to almost any senior institution in the nation.

The board and administrators are satisfied a good beginning has been made. They now believe that a decision needs to be made between mediocrity, which may, attend efforts to develop the institution out of current earnings, or the expansion of the college adequately meet the peculiar needs of the community.

While this will call for strengthening of the purely academic fields both with faculty and facilities, emphasis seemingly will be placed on meeting the needs of this vicinity. This will be the plane upon which vocational courses will be placed as the resources of the district will permit.

Reviewing The Big Spring -Week-

Joe Pickle

To take your mind off the heat, have a look at the flowers blossoming in many Big Spring yards. Bidding is strong and stock is in good flesh, considering most of it is off pasture. Here, as elsewhere, there are little or no feed lot classes so that when semi-finished animals show up, bidding jumps.

Cattle receipts continue to hang around the 1,000-plus mark here. Bidding is strong and stock is in good flesh, considering most of it is off pasture. Here, as elsewhere, there are little or no feed lot classes so that when semi-finished animals show up, bidding jumps.

The supplemental apportionment announced by the state board last week will prove a help to the Big Spring Independent School District, which comes in for \$23,000. This is not a windfall, however, for better than half of it had been anticipated in making budget.

Burma Heads Slaughtered By Terrorists

LONDON, July 19. (AP)—The British government announced that five "terrorists" almost wiped out the nine-man government of Burma today with a spray of machinegun fire which swept the council chamber in Rangoon.

Maj. Gen. U. Aung San, 32-year-old "strong man" who was in line to become the first prime minister of the aborning independent nation, and five of his colleagues in the cabinet were killed and two others wounded. A guard also was wounded, and the attackers fled unscathed in a jeep.

The British government's Burma office called it a "murderous attack."

Burma apparently was under a censorship blanket following the incident, as no news came directly from Rangoon concerning the incident except as relayed through the British governor, Sir Huger Rance.

But the official British statement said, "There is nothing in the reports so far received to suggest that the situation is not fully under control. Further information will be made available."

Aung San was leader of Burma's strongest political party, the Anti-Fascist Peoples' Freedom League which has come into frequent collision with Burmese communist party members and other Burmese who contended it was "working with the British" to make Burma a dominion within the empire.

The official account of the attack said:

"When the executive council was in session, a jeep drew up to the main entrance. One man stayed in the jeep and five men armed with Sten guns and two rifles went upstairs to the council chambers."

"An armed guard outside the door tried to stop them and was shot. He was badly wounded and could not give any details. The three men armed with Sten guns entered the council chamber and sprayed the occupants with bullets. They then made good their escape in the jeep."

The bonds could be turned in for cash at local banks after September 1. Under the present law the maturity date is five years after the date of issue.

The bill also extends for one year beyond September 1 the deadline for application for terminal bonds by veterans.

There was no immediate indication what President Truman might do about the terminal leave bond measure.

The measure adjusting benefits to veterans attending school would increase subsistence grants from the present \$65 a month to \$75 in the case of single veterans, from \$90 to \$105 for married veterans without children, and from \$90 to \$120 for those who have children.

Senator Taft (R-Ohio) said these 15 per cent increases are designed to compensate for higher living costs.

Estimating the cost of the subsistence bill at \$200,000,000 a year, Taft said he "believes it is justified and that it will enable more veterans to continue their education."

Senate Passes Bill For GI's To Cash Bonds

Benefits Hiked For Vets Who Are In School

WASHINGTON, July 19. (AP)—By a vote of 85 to 0, the Senate today passed and dispatched to President Truman legislation authorizing 9,000,000 veterans to cash \$1,800,000,000 in terminal leave bonds.

The Senate earlier had passed by a voice vote another bill which would increase living allowances to veterans going to school under the GI bill of rights. The bill now goes to the White House.

The terminal leave bond measure got unanimous House approval two weeks ago. It would permit but not require former enlisted men to cash bonds issued to them starting last year in lieu of cash terminal pay.

The bonds could be turned in for cash at local banks after September 1. Under the present law the maturity date is five years after the date of issue.

The bill also extends for one year beyond September 1 the deadline for application for terminal bonds by veterans.

There was no immediate indication what President Truman might do about the terminal leave bond measure.

Concern Growing Over Greek Crisis

KENNETH ROYALL

Royall Given Quick Approval For Cabinet

WASHINGTON, July 19. (AP)—The Senate unanimously confirmed tonight the appointment of Kenneth C. Royall to be secretary of war.

Confirmation was made by voice vote.

Royall, undersecretary of war since November, 1945, was named by President Truman yesterday to take place of Secretary Robert P. Patterson, who resigned.

Confirmation took little more than 24 hours. The armed services committee unanimously approved the nomination this morning, and the Senate waived its rule requiring nominations to lie on the desk for one day.

More than half a dozen senators paid tribute to both Patterson and Royall.

Found Guilty Of Tax Evasion

DALLAS, July 19. (AP)—Newton S. Locke, 57, Dallas businessman and war contractor, was convicted by a federal court jury today on 10 counts of a \$550,000 income tax evasion case. Federal Judge T. Whitfield Davidson sentenced him to 10 years in prison and fined him \$25,000.

Locke immediately gave notice of appeal and was released on \$50,000 bond. He had been in liberty on the same amount of bond since his indictment.

The government contended that the taxes were due on incomes of Locke, his wife and three of his companies for 1942, 1943, and 1944. With a possible 50 per cent penalty, plus interest, the total could run to more than \$1,000,000.

The taxes due remain a separate civil liability. Judge Davidson indicated that five years of Locke's sentence might be remitted if he paid all or a substantial amount of the taxes.

Draws Conviction In Fourth Trial

MCKINNEY, July 18. (AP)—Chesley Arthur Gragg today was formally sentenced to life imprisonment for the drowning of his wife four years ago in Dallas after Judge W. C. Dowdy overruled a motion for a new trial.

Tried three times previously, Gragg's fourth trial was sent to Collin county on a change of venue.

He was remanded to the custody of the Dallas county sheriff to await the outcome of his appeal, which he has 90 days to perfect.

Navy Would Merge Technical Training

WASHINGTON, July 19. (AP)—A tentative plan for consolidation of all naval air technical training at Memphis, Tenn., is under consideration by the navy.

A spokesman said this would involve transfer to Memphis of activities now conducted at Jacksonville and Corpus Christi. He said the change was proposed because of reduction in appropriations.

TEXAN IS VICTIM

FRANKFURT, Germany, July 19. (AP)—Lt. Alton M. O. Trull of Route 2, Wilson, Tex., was identified tonight as the pilot of an army plane who was killed July 14 in a collision with another fighter craft over Germany.

State Dept. Urges Speed With Funds

WASHINGTON, July 19. (AP)—The State Department today urged the Senate to speedily approve aid funds for Greece and Turkey, reporting that a guerrilla army is trying to "set up a stooge government by force" in Greece.

Robert A. Lovett, undersecretary of state, told a senate appropriations subcommittee, that the situation has become more urgent since President Truman first proposed in March to help Greece and Turkey.

In addition to asking the committee to provide the \$400,000,000 needed to carry out Greek-Turkish aid programs on which this country has already embarked, Lovett also urged action on a \$332,000,000 foreign relief fund. Both items already have been approved by the House.

In his unusual Saturday afternoon appearance before the committee Lovett reflected growing concern in high official quarters here over the situation in Greece, which under communist pressure appears to be building up more and more as a crucial test of both the Truman Doctrine and the peacekeeping powers of the United Nations.

Indicating that conditions in Greece are more instead of less difficult since the Truman Doctrine was declared March 12, Lovett said that the "urgency" has increased since President Truman first laid his program before Congress.

"I think it is clear," Lovett said, "that the urgency of this program, as stated by the President in his message, has been greatly increased by subsequent events in Greece and in the rest of the world."

"As you know from the daily papers, the Greek army is fighting an open battle with large numbers of well-trained and well-equipped guerrillas on the northern front."

"Guerrilla leaders have openly stated their purpose to try to set up a stooge government by force and the Greek government is faced with a much more critical security problem than that which existed at the time of the President's message."

Some of the American funds would go directly for military assistance to the Greeks in their fight against the communists. Col. Carl T. Tschibin of the army general staff said \$135,000,000 of the \$300,000,000 for Greece would be spent on military supplies and food. He estimated \$90,000,000 of the \$100,000,000 for Turkey would be used on military supplies.

The action came on a voice vote after nearly eight hours of debate and months of consideration. The measure now goes back to the Senate and, in all probability, ultimately to a joint committee to work out differences between the two Senate and House versions.

As now drafted, the measure would merge the present War and Navy cabinet posts into a single Secretary of Defense, create a powerful, new, policy-making defense council and set up a new department of air.

As Rep. Wilson (D-Tex.) put it: "The bill more properly could be termed a coordination instead of unification measure." Rep. Latham (R-NY) agreed, saying it provided for "unity at the top, but disunification, multiplication and complexities at the bottom."

Before final passage, the House accepted an amendment to guarantee, in immediate language, Navy retention of its air arm—the eyes and advance striking arm of the fleet—both carrier planes and land-based aircraft plus the responsibility for antisubmarine warfare.

Texans Die In Plane Crash

CROSS PLAINS, July 19. (AP)—Two persons were killed when a light plane crashed in the southeast part of town here shortly after 3 p. m. today.

The dead are Tom Bryan, Jr., 29, and Carl Weaver, 17, both of Cross Plains.

The two had taken off only a few minutes earlier from a newly completed Cross Plains airport for a pleasure flight in a Taylorcraft plane owned by G. H. King of Ranger.

Bryan, the pilot, was killed instantly. Weaver died 30 minutes later in an ambulance en route to a Cisco hospital.

Jester Will Ask Schreiner To Stay

AUSTIN, July 19. (AP)—Gov. Beauford H. Jester will try to persuade W. Scott Schreiner of Kerrville to withdraw his resignation as a member of the University of Texas board of regents.

Schreiner resigned this week, giving pressure of business as the reason.

Jester said he hoped to confer with Schreiner Monday.

Mine Blasts Truck In Jerusalem Street

JERUSALEM, July 19. (AP)—A rivet mine planted by terrorists blasted a British military truck in the Jewish quarter of eastern Jerusalem tonight, wounding five British soldiers, four civilians and one young Jewish boy.

A few hours earlier, a terrorist attack in Haifa had killed one policeman and wounded a second policeman and a Jewish civilian.

TO OPEN PAPERS

WASHINGTON, July 19. (AP)—The Robert Todd Lincoln collection of papers of President Abraham Lincoln—estimated to include up to 20,000 documents—will be opened a week from today at the library of Congress "for the benefit of all of the people."

Thousands Slain Or Tortured

LONDON, Sunday, July 20. (AP)—More than 4,980 Germans were shot, hanged or tortured to death in a reign of terror which followed the unsuccessful attempt to assassinate Adolf Hitler July 20, 1944, the British Admiralty announced today.

"The terror which followed (the attempt) was one of the worst that Hitler ever organized against his own people," the Admiralty said in a report based on German naval documents captured during the war by British and American intelligence officers.

The revolt was essentially a revolt from the top, the report stated. "It was impossible under the regime of Hitler's Gestapo

Greek Leaders May Increase Armed Forces

ATHENS, July 19. (AP)—The Greek military council, anxious to secure the kingdom's borders against leftist irregulars, has decided to ask that the size of the army be increased from its present 130,000 to 180,000 or 200,000, informants said today.

These sources said additional military classes probably would be called to active duty.

Greek army spokesmen reported that strafing planes and infantry veterans were continuing to harry retreating guerrillas, and indicated that troops were deploying for a large-scale mop-up battle northeast of Ioannina.

The communist-directed EAM (National Liberation Front) press bulletin denied that the "democratic army"—as it called the irregulars—was retreating.

The bulletin said the leftists were pushing forward in two directions, to the rear of government forces on Mount Grammos and south toward Khasia, where the national forces routed the guerrillas during the first phase of the offensive.

The ministry of public order, disclosing the extent of the government's crackdown against opposition elements, reported that 11,500 persons from all over Greece were now under arrest on political charges. Most of those seized have been deported.

Woman Convicted On Slavery Charge

SAN DIEGO, Calif., July 19. (AP)—Mrs. Elizabeth Ingalls, 62, was convicted in federal court here today of slavery and her sentence was set for 1 p. m. July 20. Defense Attorney Clifford Fitzgerald gave notice of appeal.

Her husband, Alfred Wesley Ingalls, whose fate on the same charge was still in the hands of the jury, made an impassioned plea that his wife remain at liberty on bail.

Federal Judge Weinberger called a recess before deciding on that plea.

Charges against the Ingalls couple were filed in connection with treatment of a Negro maid who had long been in their service.

Mine Blasts Truck In Jerusalem Street

H. M. WARD

HENRY A. LONG

Local Men Back As Operators Of Bus Terminal

Two Big Spring men—happy to be back home—have taken over operation of the Union bus terminal here.

They are Marvin K. House, Jr. and Henry A. Long, who, until last week, were stationed with Southwestern Greyhound Bus lines at the Fort Worth terminal. They have succeeded Clarence Fox, who opened the station and a cafe two years ago, in charge of the terminal which handles traffic for 34 daily schedules, including 18 for Greyhound and 16 for Kerrville and Texas-New Mexico Oklahoma coaches.

H. M. Ward, associated with Greyhound for a number of years as a post house manager in various points such as Fort Worth, Laredo, New Orleans, has assumed management of the coffee shop, operated in conjunction with the terminal.

Fox will devote his full time to a sporting goods distribution. House is the son of Mr. and Mrs. Marvin K. House, Sr., and, like Long, is a graduate of Big Spring high school. He became associated with Greyhound in 1940, taking a leave of absence two years later to join the air corps. He was stationed at Marfa and subsequently was sent to Okinawa. House was married to the former Lucille DePriest and she and their son, Keny, have joined him here.

Long's first connection with Greyhound dates back to 1941 when he also started out in the Big Spring terminal. He saw considerable overseas service with the air corps, and upon his separation was sent to an Arkansas assignment by Greyhound before being recalled to Fort Worth, where he and House have been serving for almost two years. Mrs. Long, the former Dorothy Bradford, and their two children, Carolyn and Janet, have joined him here. His mother is Mrs. W. W. Grant.

Service will continue on a 24-hour basis at the terminal, the two men announced, with connections available to all sections of the country. Each day, buses passing through the union terminal offer combined seating facilities well in excess of 1,000.

General Motors has produced more than 876,000 passenger vehicles since last January 1. Many industry observers assert that despite the present somewhat uncertain materials situation it still may equal that volume in the latter half of the current year.

In the first six months of 1947, before production limitations were imposed, GM made 1,231,999 passenger cars.

Elsewhere in the industry the sheet steel supply situation still is holding output to around 65 per cent of capacity. Any improvement in steel stocks, say industry authorities, is unlikely before the end of August or mid-September.

GM Shuts Down Assembly Lines

DETROIT, July 19. (AP)—The stop-and-go nature of the automobile industry's postwar operations is being emphasized again with the shutting down of virtually all General Motors passenger car assembly lines for five working days.

The plants will be closed next because, GM officials declared, of inadequate inventories of sheet steel. They will reopen July 28. Company executives declined to speculate on whether production then will continue without interruption until the end of the 1947 model run.

Two State Courts Announce Recess

AUSTIN, July 19. (AP)—Both the state supreme court and the third court of civil appeals recessed today, subject to call.

No cases have been set for submission in the supreme court until Oct. 1.

The court of criminal appeals has been in recess for several weeks.

Tax Equalization Hearing Dates Set

The county board of equalization has set aside Aug. 6-7-8 as days for hearings on valuations of personal holdings pegged by that body in recent sessions.

The board recently completed the tax roll and notices are in the mails.

An official spokesman said valuations were raised in some instances.

Truman's Second Tax Veto Tossed Into 1948 Campaign

WASHINGTON, July 19. (AP)—Failure of the senate to override President Truman's veto of the GOP tax-cutting bill tossed the issue into the 1948 political campaign today. Both sides expressed willingness to let the voters decide who was right.

Prospects for tax reductions at this session of Congress died last night when backers of the bill marshaled only 57 senate votes against 36 supporters of the president—five short of the necessary

two-thirds majority.

Earlier the house had voted to override with 271 votes to 209, 290 to 108.

"I'm not unhappy," Senator Millikin (R-Colo.), floor manager for the bill, told reporters. "There are millions of taxpayers who would have had some relief except for two vetoes by a democratic president and administration."

Rep. Rayburn of Texas, the house Democratic leader, already had accepted the challenge. "If the Republicans want to throw this kind of tax bill into the campaign," he said, "we'll welcome the issue."

Although the senate failure to override the veto was foreshadowed by its 60 to 32 vote on passage last week—which also was less than the necessary two-thirds—the actual test was a lively political show.

Galleries were packed as the bill reached the senate and house members crowded in the back of the chamber.

Wings Over Big Spring

Hamilton Approved For Charter Hops

Cross-country traffic at Hamilton Field has taken a definite upturn during the past week with a large number and large variety of planes making stops at the field northeast of the city.

Cecil Hamilton has been notified that the CAA has issued a certificate for non-scheduled air line

operation, making charter flights available to any place any time. Hamilton also has been approved as a flight examiner by CAA and during the past week issued a private license to Clarence Huffman, who completed the initial phase of his private training under the GI program. Glenn Kirby, A&E mechanic at Hamilton Field, received his flight instructor's rating.

Bus, Ice Truck Collide In Arizona

SUPERIOR, Ariz., July 19. (AP)—One man was killed and 12 persons were hospitalized as the result of a crash between a Greyhound bus and an ice truck three miles west of here this morning. None of the 10 bus passengers were critically hurt, although all suffered cuts and bruises.

Dead is Forrest S. Lane, 28, of Miami, Ariz., a passenger on the truck. Leonard E. Woods, Miami, Ariz., driver of the truck, is at the Magma hospital here with cuts, bruises and burns. He and Lane's body were dragged from the burning cab of the truck by George W. Gugel of Wickenburg, Ariz., injured driver of the bus, and injured passengers from the bus.

CARD OF THANKS

We want to express our deepest gratitude to the many friends who were so kind to us during our bereavement in the loss of our mother, Mrs. C. L. Thurman. Especially do we thank members of the VFW Auxiliary and members of the East Fourth Street Baptist church and Sunday school for their many expressions of assistance and sympathy. May God's blessings be upon all of you.

The Thurman family.

College Goes Into Second Summer Term

Howard County Junior College Saturday completed the first six weeks of its initial summer school. Enrollment for the period has been 85, according to E. C. Dodd, president.

Registration for the last six months will be on Monday and Tuesday, with classes beginning Thursday, continuing six days a week until termination of the period on Aug. 29, said Dodd.

Knott School Is Near Completion

The modern, fire-proof Knott school plant is nearing completion, and it is now assured that it will be ready for occupancy when school opens in September. H. E. Barnes, superintendent, said Saturday.

Latest types of furniture and steel lockers have been purchased and are expected to be delivered soon. When complete, said Barnes, the Knott plant will be second to none of comparable size in this region.

Preparations are being made to continue the usual bus routes covering Richland, Moore, Fairview, and communities in Howard county as well as Valley View in Martin county. In order to be sure of enrollment, Barnes urged parents of students coming into the district to transfer at the office of the county superintendent before Sept. 1.

Faculty for the school is in sight and will meet new state requirements, said Barnes.

Madison On Naval Training Cruise

Ens. Ormon A. F. Madison, USNR, 1505 Runnels, is participating in a two-week naval reserve training cruise in the Caribbean area aboard the aircraft carrier USS Wright. The cruise is designed to instruct reservists in the latest developments of naval equipment and practices.

PFC. Lee Caldwell, son of R. A. Caldwell, Big Spring! was in the 25th Infantry group which was selected for the Independence Day parade in Tokyo. He entered the Army in May 1946 and went overseas in December of the same year.

Work For Y Fund Gets Publicity

The accomplishment of Big Spring's YMCA exceeding its quota in behalf of the YMCA World Youth Fund is explained in a story from the current issue of the bulletin of the World Youth Fund.

The story explains how a thorough-going educational campaign preceded the campaign effort in Big Spring. Motion pictures for clubs and the theatres, talks, press releases and pictures carried by The Herald are all mentioned in the story. The local Y had a beginning quota of \$500 toward the fund which the YMCA is seeking to raise as a means of helping devastated countries help themselves.

Minor Wreck Delays T&P Passenger

Second No. Seven passenger train, which ordinarily arrives in Big Spring at 9:50 a. m., was three hours and 50 minutes late this morning due to a minor T. & P. railway wreck immediately west of Sweetwater.

An east-bound freight train, with J. B. Neely of Big Spring at the controls, rammed into the rear-end of another freight stopped there. A caboose of the first train was demolished but no injuries were reported.

Truman Is Cruising

WASHINGTON, July 19. (AP)—President Truman is spending the weekend with members of his staff on the presidential yacht Williamsburg, cruising leisurely on the Potomac river. Leaving today, he will return to the White House late tomorrow.

BIG SPRING HARDWARE CO.

117-119 E. BIG SPRING MAIN STREET TEXAS

FORECAST: Continued Fair

SOMEHOW the sky seems bluer and the sun shines brighter when you and this Buick are enjoying the day together.

SOMEHOW the sudden summer shower seems more of a lark, less of a bother, when it's pattering on the snug shelter this tidy number throws up automatically at your touch on a control.

SOMEHOW autumn air is more winery, swirling winter snows more fun when your choice is a Buick — and a Convertible as tight and all-weather-ready as this one.

MAYBE it's because your style sense tells you these sleek lines and this rich treatment are going to stay the fairest of the automotive fair.

MAYBE it's because you find, in the big Fireball straight-eight under your treadle foot, an ever-eager, ever-lively companion-in-adventure that acknowledges no peer for life and lift and velvet-smoothness.

It could be the rare and pleasurable steadiness given an open car by good, solid Buick construction. It could be, simply,

that here at last you find size and ability and smartness and finish to match your dreams of a perfect travel mate.

All we know is that this is one of the standout favorites in a line of cars that stands out as the most wanted in America.

So when good friends come to us asking, "How do I get one of those snappy Buick Convertibles?" our full and forthright answer is always the same:

Sign up for one, sir — soon as you can. The sooner we have your firm order for one, the sooner you start climbing up our customer list.

And we promise you: You'll mount that ladder equally fast whether or not you have a car to trade.

ONLY BUICK HAS ALL THESE

STAR FEATURES

- * AIRFOIL FENDERS * FIREBALL POWER
- * ACCURATE CYLINDER BORING * FLUTEWEIGHT PISTONS
- * SILENT ZONE BODY MOUNTINGS * BUICK SPRINGING
- * FULL-LENGTH TORQUE-TUBE DRIVE * PERMI-FIRM STEERING
- * BROADRIM WHEELS * STEPPON PARKING BRAKE
- * DEEPFLEX SEAT CUSHIONS * CURL-AROUND BUMPER
- * NINE SMART MODELS * BODY BY FISHER

Prisoners Offer Skin To Disaster Victims

AUSTIN, July 19. (AP)—Three military prisoners have volunteered to contribute skin to be used in plastic surgery on victims disfigured in the Texas City disaster. Gov. Beauford H. Jester announced today.

Jester forwarded the three identical letters from the prisoners at Lewisburg, Pennsylvania, to hospital authorities at Galveston.

The letter said:

"It has been brought to my attention through various newspapers that a great many people who were so unfortunately disfigured in the

Forsan Bible School Attracts 72 Pupils

FORAN, July 19. — The vacation Bible school which started here during the past week has attracted 72 children thus far.

Mary Ellen Hardin of Hardin, Texas is in charge. Mrs. E. N. Baker has supervised Bible study with Mrs. Berl Clark taking her place Friday. General secretary is Mrs. Clarence McCluskey; nursery supervisor is Mrs. C. V. Wash; refreshment chairman, Mrs. Clark. Other workers are Mrs. R. P. Mitchell, Mrs. Jesse Overton, Mrs. Jewell White, Mrs. G. D. Kennedy, Mrs. Jim Calcutt, Mrs. E. C. McArthur, Mrs. Henry Park, Mrs. Bill Conger, Mrs. Willie Mae Rankin, Mrs. G. B. Hale, Mrs. O. D. Elliott, Mrs. Frank Thieme, Mrs. H. M. Smith.

Relative Dies

Mrs. A. T. Lloyd was notified late Saturday that her brother-in-law, F. C. Neidermier, El Paso, died Saturday evening after a critical illness. The body will pass through here Monday night en route to Marshall for burial Wednesday. Mrs. Roy Green is a niece of Mr. Neidermier.

Sunday School Lesson

The Problem Of Suffering

By NEWMAN CAMPBELL

(The International Uniform Lesson on the above topic for July 20 is Job 1:6-26; 13:15, 19; 21:7-26; 23:1-6; 42: James 5:11, the Memory Verse being Ephesians 4:32, "Be ye kind one to another, tenderhearted, forgiving each other.")

THE STORY of Satan's cynical remark to the Lord about Job, who he said, would not continue his faith in God if he lost his riches and was greatly afflicted, was told in this column two weeks ago to explain how it happened that these trials came upon him.

The whole problem of how evil came into the world and why some people who are wicked prosper and others who lead exemplary lives are the preys of misfortune, is discussed but not determined, unless it is by the assumption that suffering often is a purifier for those who take their trials in the spirit of Job, although even he became very melancholy and felt deserted—as who wouldn't, with all his afflictions?

In the first place, Satan was told he might afflict Job by taking away his material possessions and even his children, but that his person was not to be touched. After the various messengers told him that first his oxen, plowing in the field, and his asses, had been taken by the Sabaeans and the servants tending them killed, except the one messenger who escaped; that fire from heaven had killed his sheep and the servants with them; that the Chaldeans had carried off the camels, and worst of all, that his sons and daughters had been killed when a strong wind crashed their house down upon them. Job "rent his mantle, and shaved his head, and fell down upon the ground, and worshiped. And said, Naked came I out of my mother's womb, and naked shall I return thither: the Lord gave, and the Lord hath taken away; blessed be the name of the Lord. In all this Job sinned not, nor charged God foolishly."

Satan suggests another affliction. When God called Satan's attention to Job's trust and loyalty after these disasters, Satan craftily suggested, "put forth thine hand now, and touch his bone and his flesh, and he will curse Thee to Thy face."

"Behold, he is in thine hand," the Lord answered, "but save his life." So Job was afflicted with "sores boils from the sole of his foot unto his crown." At this Job's wife said to him, "Dost thou still retain thine integrity? curse God, and die." This is the only mention we have of his wife, and she certainly did nothing to uphold and

disaster which occurred at Texas City, Texas, have a chance to alter their disfigurements through plastic surgery.

"Therefore, I would like to volunteer to contribute a portion of my skin from my body to be used in any manner which will aid those who have been so horribly disfigured."

"I am a military prisoner who at the present time, is incarcerated in a federal penitentiary for military offenses. I am also a veteran of foreign wars."

"Should my services become acceptable all arrangements should be made through the adjutant general's office or the war department."

School Board

(Continued From Page One)

election, in case an issue is approved.

School officials said the maturity schedule, which provides lighter principal payments during the first few years, was a factor in acceptance of the Shelton proposal.

Trustees also agreed to fix a definite date for a bond and tax rate election at the regular board meeting in August. At that time, a complete and detailed program will be drawn up for submission to voters of the district.

It has not been determined exact amount of bonds that might be issued, nor, as yet, the complete construction program the district should undertake. Preliminary needs include high school building as well as elementary schools, and trustees will study overall costs on various parts of the program to which units should be given priority.

CHECK-UP FOR LINER — Between trans-Atlantic voyages, the big U. S. liner America gets its semi-annual dry-docking and inspection at Newport News, Va.

Vacations, Visitors Keep Forsan An Active Place

FORAN, July 19. —Visits, meetings and a variety of other affairs have kept this community active.

M. M. Fairchild attended a safety meeting in Odessa Thursday while Mrs. Fairchild attended church in Stanton.

Mr. and Mrs. O. D. Smith, Sr., Abilene, were guests last week with their daughter and her husband, Mr. and Mrs. W. V. Hudgeth.

Mr. and Mrs. G. F. Duncan and daughter, Jerry, Borger, paid Forsan friends a short visit Thursday while enroute to San Angelo to attend rites for her mother, Mrs. T. W. Twyford. The Duncans recently moved from here to Borger.

Mrs. Lloyd Peek and Savella are visiting this week with relatives near Snyder.

Mr. and Mrs. Jake Green and Vivian have returned from Burnett and Mullen, where they went on a vacation.

Attending the funeral for Mrs. Gressett in Sterling City Thursday were Mr. and Mrs. Sam Childress, Mrs. Homer McKinley and Aquilla and Haroldine West.

Monroe Arrott of Miles purchased a string of aged ewes from L. W. Longshore this week.

Mr. and Mrs. Bill Conger and family visited in Sterling City the past weekend.

Mr. and Mrs. L. W. Longshore and Roy were also Sterling City visitors.

Mr. and Mrs. Lloyd Burkhardt and James Lloyd of Wink visited friends here Saturday.

Mr. and Mrs. G. B. McNalley and family and Maden Brown attended the annual barbecue of the St. Thomas church at Big Spring Thursday evening.

Mr. and Mrs. A. J. McNallen are here from Breckenridge.

Maden Brown, Dallas, is a guest in the G. B. McNallen home. Another guest has been an Uncle of McNallen, Mr. John W. McNallen, Pittsburgh, Pa.

Mr. and Mrs. E. B. Prescott were in Hobbs, N. M. and Monahan on business Thursday and Friday.

Darrell Adams is home from Texas Tech to spend a few days with his parents, Mr. and Mrs. C. M. Adams.

Claud King, Jr. has returned to Camp Hood, where he is in the ROTC, after visiting his parents, Mr. and Mrs. Claude King.

Mr. and Mrs. Glenda Clark and Betty Lou and Glenda, together with her sister, Mary Ruth Howard, are vacationing for two weeks in Estes Park, Colo.

Dewey Howard, 6, son of Mr. and Mrs. Rowland Howard, swallowed a small whistle Wednesday evening and was rushed to a Big Spring hospital. X-rays showed it has dislodged from his throat, and subsequently it was expelled in a period of nausea.

New residents in Forsan are Mr. and Mrs. W. F. Griffin, who are at the Cosden camp.

David Hale, Royal Oil employee, left on a vacation for Christoval and Mexico.

Mrs. S. E. Davis has returned to her home in Mullen after visiting with the A. P. Oglesbys and Jake Greens.

Mr. and Mrs. Jack McCall and daughters are on their vacation at Llano and other points.

Recent guests in the M. M. Fairchild home were Mrs. P. P. Armstrong, Westbrook, Mr. and Mrs. Lawrence Palmer and Larry of Jal., N. M., and Mrs. J. R. Hart of Loving, N. M.

Mrs. M. E. Perry and son, Maurice, have returned home after a two-months visit with relatives in Oklahoma.

Z. L. Smith, Robert Lee, spent the weekend with his son, Tom Smith, and wife.

Mr. and Mrs. E. E. Blankenship have his father, W. W. Blankenship.

Germany

tired of Hitler, and belief that rather than surrender, he would "drag the whole nation to destruction with him."

Von Stauffenberg was to assassinate Hitler at Tatenburg. Witzleben was to assume command of the army, and Gen. Von Fromm, as head of the home army, was to seize Berlin. All communications with the German high command were to be cut.

"As soon as order had been established, Goerdeler and Beck were to form a government and sue for peace with the Allies," the report said.

"The plan miscarried, firstly because Von Stauffenberg did not wait to make sure that Hitler was dead, secondly because the communications were not secured, and thirdly because Fromm, uncertain of Hitler's death, betrayed the movement."

(Witnesses at the attempted assassination said that Count Stauffenberg, a one-armed and one-legged hero of the first world war, placed a bomb under Hitler's chair at a staff meeting. Stauffenberg then left the room, and there was a terrific explosion. The Count, looking through a door which had been blown open, saw Hitler covered with blood and lying on the floor, and took it for granted that the fuhrer was dead.)

Many Visitors During Week At Refinery Office

By PERSONNEL DEPT.

There have been several visitors in the Cosden offices during the past week, including: A. G. Talbot of Chicago, Scott Hammond of New Orleans and Houston, Alexander Keith of Eau Claire, Wisconsin. E. W. Berger with Center Street Oil Company of Milwaukee, Wis., and W. H. Gates, representative of the Mine Safety Appliance Co. of Dallas.

Douglas Orme left Tuesday on a business trip to St. Louis and will return to the office Monday.

Mr. Orme accompanied him as far as Fort Worth to be with his father who is in the hospital with a broken hip.

C. W. Smith left Thursday on a business trip to Fort Worth.

Hugh K. Harris returned last Sunday from a business trip to Mansfield, Ohio.

S. K. Whaley spent Friday in Amarillo on company business.

The Cosden 6-man golf team played the Coltex team last Sunday, winning 4 matches and losing 2. The Cosden team will return this match in Colorado City August 3.

Mr. and Mrs. Jack V. Smith have as their weekend guests: Mr. Smith's mother, Mrs. Mary Oila Smith, his brother, Stanley Oila and family all of Abilene.

Leonard Blackwell and family are spending their vacation in Fort Worth.

Fred Stittzell left Saturday on vacation, part of which he plans to spend in Denison with his parents.

Lt. John B. Evans has been on active duty at Brooks Field, San Antonio, for the past two weeks.

Mrs. Duke Burgess, Sr., of Los Angeles is visiting her sister, Mrs. D. T. Evans.

Roy L. Wyrick's son, Tommy, was taken to the hospital Wednesday for an emergency appendectomy.

W. O. Washington's daughter, Sonya, spent two days in the hospital for treatment of lacerations which she received in a fall.

Judy Reynolds, daughter of Ed Reynolds, received treatment at the hospital for a broken arm.

C. M. Williams returned to work Wednesday after recovering from a recent illness.

Word was received from Mamie Mayfield that she was having a grand time in Long Beach, California.

Mrs. Walter Bishop who has been in a local hospital since July 4, is in an improved condition.

Word has been received that Mr. and Mrs. Bob Ward are the proud parents of a seven pound son born July 15. Ward is a former Cosden employee.

Mr. and Mrs. R. L. Williams of Fort Worth were visitors in the home of Mr. and Mrs. W. H. Kay last week.

Rowland Perry of Houston has spent the past two weeks with his aunt, Mrs. W. H. Kay.

The following refinery employees are on vacation: Robert James, W. E. Tate, J. O. Huff, R. L. Wyrick, E. B. Dodson, O. G. Milam, A. L. Souters, J. L. Coulter, R. D. Lane, Willie Johnke, W. H. Patterson, E. R. Richey, D. R. Gatterson, Wayne Johnston, Dalton White, J. W. Sanderson, Ed Gale and Jim King.

New Oil Test Located North Of Refinery

Oil activity in this vicinity was devoid of any outstanding developments last week, but on Saturday materials were being moved in for a test three miles north of Cosden refinery.

It is the A. M. Lacy No. 1 P. L. Buchanan, 660 feet out of the southwest corner of section 29-31-1N, T&P, on a farm-out from Cosden. The 3,600-foot venture was awaiting rotary. Location is a mile and a half north and slightly east of a duster at 3,670 feet and two and a quarter miles south and east of an abandonment at 3,464 feet.

F. A. Gillespie, et al No. 1 R. A. May, three miles southeast of the Westbrook, continued to make hole below 3,153 feet after encountering a light showing of oil at 3,075 feet in the Clear Fork.

Under an amended permit the test is slated for 3,250 feet. It is located 330 feet out of the northwest corner of the west 80 acres of the northwest quarter of section 66-27-1S, T&P.

Operations were due to start soon on the Wentz Oil (Division No. 1) No. 1 E. T. O'Daniel, a 4,250-foot wildcat in northeast Howard county on a 5,379-acre block turned by Charles Shaw and James Mascho of Midland. Location is 1,980 feet from the north and east lines of section 3-30-1N, T&P, and the operation will be rotary.

Six miles southwest of Big Spring, Stanolind No. 1 T. H. Gaskins, section 7-33-1S, T&P, was reported below 9,463 feet on a projected 12,300-foot exploration.

Dave Duncan No. 1 Roberts-Barkhurst, section 7-33-1S, T&P, north-central Glasscock shallow wildcat, was last reported coring about 2,800 feet, contract depth.

Pioneer Air Lines To Carry Freight

Pioneer Air Lines will commence air freight service on all regularly scheduled flights on Aug. 1, H. L. Lawrence, general traffic manager, has announced. The new service will complete the air line program, Lawrence pointed out, permitting merchants to receive stock replacement rapidly and others to obtain fast delivery—such as fresh Gulf fish for West Texas the same day of the catch.

South Central Texas Needs Rain Badly

HOUSTON, July 19. (AP)—Critical rain shortages exist in South Central Texas and in several counties of the Trans-Pecos region, the Texas section of the U. S. weather bureau headquarters reported here today.

Brownsville, Cuero, Falfurrias, Mission, San Antonio, San Marcos and Columbus were listed among the 81 reporting stations as facing possible drought conditions.

Universal Military Training Approved By Sub-Committee

WASHINGTON, July 19. (AP)—Compulsory military training of all American males upon reaching the age of 18, or after their graduation from high school, was recommended today by a house armed services subcommittee.

The 13-member group sent to the full armed services committee of

Hearing Slated On Dr. Newton Clemency Plea

AUSTIN, July 19. (AP)—A public hearing on the clemency application of Dr. W. R. Newton of Cameron was set for Monday at 10 a. m. by the state board of pardons and paroles today.

Chairman Abner Lewis said that Sen. Sterling Parrish of Lubbock had notified him a delegation from that area would be here to protest the application.

Newton was convicted of assault to murder on Dr. Roy Hunt of Littlefield and sentenced to two years in the penitentiary. The court of criminal appeals affirmed the sentence.

Meanwhile, Gov. Beauford H. Jester said his office had been "deluged" with appeals for clemency for Dr. Newton.

"This has cast a great burden on this office. Evidently the people who are interested in the clemency are not aware of the procedure. The board must act first, then the governor acts on the board's recommendation."

"When and if a recommendation reaches me, I will follow the usual procedure in notifying the prosecuting officials—the sheriff, the district attorney and the district judge—that a recommendation has been made."

Earlier this week, the pardon board revealed it has received 1,000 letters bearing 20,000 signatures requesting clemency for Dr. Newton.

Train Collision In Big Bend Sector Fatal To One

MARFA, July 19. (AP)—A trainman was killed and three others injured today in the collision of two Southern Pacific freight trains eight miles west of Valentine, Jeff Davis county. Traffic on the line was delayed many hours.

The man killed was W. P. Westfall of El Paso, head brakeman of the east bound train.

W. C. Morris and Rubie Clark, both engineers from El Paso, were brought to a hospital here. C. H. Lockhart, fireman of the east bound train also was listed as slightly hurt.

Navy To Organize Engineer Reserve

Capt. Jack Hite Gilbert, Navy construction expert, will preside at an organizational meeting of the Naval Civil Engineer Corps Volunteer reserve here at 8 p. m. on July 29.

Capt. Gilbert is anxious to meet all former "Seabee" personnel and civil engineer corps officers and enlisted men and talk to them about the reserve program which enables them to hold a military rate, yet retain civilian status.

The CEC is being established in 40 cities of the Eighth Naval district and will include technical seminars and even courses in nuclear physics as well as other subjects.

A special feature of the evening will be the showing of the Navy official film on the atom bomb tests at Bikini.

E. B. Bethell Is Big Spring Visitor

E. B. Bethell, Columbus, Ohio, is visiting here with his sister, Mrs. L. A. Eubanks, and with friends. Bethell was, for a number of years, a member of the police staff here, subsequently working at the army post before accepting a position in Columbus.

HERE'S YOUR WEEK'S ALLOWANCE, SON!

NO GO, POP! YOU DIDN'T DEDUCT FOR PAYROLL SAVINGS!

Smart Kid, Junior:

Maybe smarter than his father... unless father is buying U. S. Savings Bonds on a Payroll Savings Plan, or regularly at his bank or post office.

Buying these Bonds—and holding them—is one of the wisest things any American can do.

In 10 years, you get back \$4 for every \$3 you've put in. Meantime, your investment helps protect you and your country against the threat of inflation.

Can you think of any better use for money you don't really need today?

Save the easy way, buy your Bonds through payroll savings

BIG SPRING DAILY HERALD

This is an official U. S. Treasury advertisement—prepared under auspices of Treasury Department and Advertising Council

Piner Named Regional Chairman For Medical Foundation Council

Robert T. Piner, Big Spring, has been named chairman of region No. 10, which includes 36 West Texas counties, of the advisory council to the Southwestern Medical Foundation at Dallas.

To date the council totals 230 members each representing a Texas county in the interest of perpetuating medical education and scientific research in the Southwest, which is the purpose of the foundation and the Southwestern Medical college, which it operates.

Duties of the council are not only advisory concerning health information from their areas, but in dissemination of information concerning the activities of the foundation

Forsan Woman One Of HD Delegates

FORAN, July 19. — Mrs. J. M. Craig has been elected as a delegate to the state meeting of the home demonstration convention at Galveston in September. She was selected by the council in its meeting at Big Spring Wednesday.

Among Forsan women at the council parley were Mrs. H. L. Tienar and Mrs. G. B. Hale. The council has made plans for a county-wide gathering, August 12-14, which will feature a trip to the Carlsbad Caverns.

W. K. Williams Is Convalescing After Undergoing Surgery

Wayne K. Williams, who underwent surgery last week, was convalescing satisfactorily Saturday at the Cosper-Sanders hospital.

Williams, with Boone Horne, is a partner in Hester's.

Some primitive tribes play games at funerals in which the dead person is supposed to take part.

Plan Studied For Town Hall Series Here

Arrangements probably can be made to affiliate Big Spring with a regular concert-lecture series through the Southern Town Hall Association, provided enough local citizens are interested in such a project, J. H. Greene, chamber of commerce manager, reported Saturday.

Greene said that several neighboring cities have made arrangements for the concert-lecture series during the past few months and that the association, with headquarters in Dallas, has indicated that the same project could be arranged here.

One hundred and fifty dual memberships are required to establish a local chapter. Each dual membership, in turn, admits two people to all functions of the local organization.

Greene said the Town Hall organization would be prepared to furnish a number of authoritative lecturers on World affairs, literature, art, drama, science, education and national affairs and also artists in the fields of music, drama and dancing.

Local citizens interested in forming a local chapter of Town Hall have been asked to contact the chamber of commerce. If sufficient interest is evidenced, then plans will be made for an organizational meeting, Greene said.

Kenneth Royall Named To Fill Cabinet Post

WASHINGTON, July 19. (AP)—The senate armed services committee today approved the nomination of Kenneth C. Royall to be secretary of war.

Royall was named by President Truman yesterday to take the place of Secretary of War Robert P. Patterson, who resigned.

Patterson, satisfied that his fight to unify the armed forces is won, will leave his cabinet post next Thursday and return to private law practice in New York after seven years of service in the war department.

His successor, Royall, is a North Carolinian, a veteran of both World Wars and a former brigadier general.

B'Spring Man Hurt In Highway Mishap

Albert Davis, Big Spring, was taken to a Colorado City hospital after he had suffered injuries in an automobile accident on Highway 80 just inside the Mitchell county line at approximately 5 p. m. Friday.

Davis' vehicle overturned after leaving the thoroughfare. He was attempting to pass an automobile and faced the prospect of either ramming an oncoming car or departing the roadway. He is expected to recover.

"Please, Mr. Driver, Don't Forget Us!"

at the curb before I cross
I stop my running feet
And look both ways to left and right
before I cross the street
Let autos running quietly
might come as a surprise
I don't just listen with my ears
but look with both my eyes.

FIRST FLIGHT—Mrs. Ida Hilbun, 85, left, was thrilled over her first airplane flight here last week as she boarded a Continental plane here for El Paso, where she and her sister-in-law, Mrs. L. T. Hilbun, 78, Harlingen, caught a super-liner to the West Coast where they were to visit four of Mrs. Ida Hilbun's sons. Mary Bergman, hostess, looks on. (Jack M. Haynes Photo.)

Range Lands In This Section Needing Additional Moisture

Although cotton crops are not in particular need of additional moisture at present, more rains in the near future would be a great benefit to ranges and pasture land, farmers reported at the end of the week.

Cotton still is making favorable progress, and as far as moisture conditions are concerned, a sizable crop is virtually assured. However, range grasses were reported burning as surface moisture receded. Suffering of the range at this time is blamed principally on conditions during the past two years, when the grass supply dwindled to such an extent that rains this year, although heavier than usual, have not been sufficient to launch new growth on a large scale.

Some local observers doubted that current insect conditions are great enough to warrant immediate

alarm. Flea hoppers are still in some fields, but apparently they are damaging only a small percent of the potential fruit.

County Agent Durward Lewter said thinning fruit at this stage might be beneficial for the overall season, since cotton here needs additional growth and crops in this area usually make during August. Heavy fruiting during the early season might prevent such growth, he pointed out.

However, the county agent warned that farmers who have noted signs of heavier infestations of flea hoppers should be prepared to dust their crops on short notice.

Full-scale cotton chopping operations are continuing on most farms, and some operators have reported that more laborers are needed to finish the task. Generally, however, crews engaged in the work at present will be adequate.

Week's Business

Summer Slump Hits Commercial Building

Construction of new homes continued to move city building permits forward during the past week. Three new projects, combined with eight permits for repair work provided a weekly total of \$20,260. All new construction was confined to residential work.

however, reflecting a summer decline in commercial building. The week's permits boosted the year's total to \$773,384.

Warranty deeds filed in the county clerk's office gained sharply over the previous week, but figures still were below the year's average. Three instruments filed accounted for transactions involving a total of \$17,520.

The county tax assessor-collector's office registered 14 new vehicles during the week. Included were 11 passenger automobiles, one truck, one motorcycle and one station wagon.

Livestock prices advanced at local sales, as demands increased for both butcher animals and stockers. Receipts also gained, as individuals moved to take advantage of the strong market. Gains of from \$1 to \$2 a hundred were recorded on virtually all types of cattle, and all hogs consigned to local auctions brought at least \$1.50 a hundred more than the previous week's level.

Teachers Named By School Board

The Big Spring school board authorized election of five new teachers, and had to accept two resignations, at a board meeting Friday evening. There still remain some 15 posts to be filled throughout the system, Supt. W. C. Blankenship said.

Accepted were the resignations of Mrs. Martelle McDonald and Camilla Hoisaker. Elected were Mrs. J. W. Arnett, Alpha Schrank, and Mr. and Mrs. E. B. Blackburn to elementary posts, and Edith Thompson as high school home economics teacher. Stanley Cameron was named as instructor in mechanical drawing as well as in diversified occupations, and his salary was set at \$3,060. Of this amount \$2,800 is reimbursable from state and federal funds.

Two-Hour Parking On Johnson Street Block

A two-hour parking limit has been designated on the 300 block of Johnson street, city officials announced Saturday.

The time limit has been designated to eliminate lengthy parking on the block, which is just outside the parking meter zone. Enforcement of the new parking limit will begin as soon as proper markings have been established.

Gift Of Malones Honors Service Men

New Carillon Bells Installed In Local Church

The pealing tones of bells will resound over a Big Spring on Monday or Tuesday as a carillon bell installation at the First Baptist church is given its first test.

The electronic instrument, which duplicates the tones of carillon bells with high fidelity, is being presented to the church by two of its members, Dr. and Mrs. P. W. Malone, and will be dedicated later to all those who served from Howard county in any branch of the

armed services. In contrast to the ringing sound, the Schulerich carillon bell instrument embodies the principle of chiming—that is sound produced by the clapper striking a stationary bell. Instead of being limited to the 10 or 12-bell arrangement traditional in the carillons, the Schulerich has a range of two full octaves, chromatically complete.

A keyboard attachment to the organ console sets up the impulses in the control cabinet that projects the tones over four large amplifiers on top of the roof. Set at 45-degree angles, these amplifiers are so pitched that the sound will project sometime for a distance of three miles, yet not be any louder in immediate proximity than it will be at the near extreme of the range.

By means of a simple switch, the carillon bells may be sounded for the pleasure of the congregation alone. It also is possible to pick up the organ and choir music to be projected over the exterior be snodpe eatciaolin etain etao amplifiers—something that could be done on special occasions such as Christmas, Easter, etc.

Immediate use of the chimes will be confined largely to the playing of familiar hymns and religious music at appropriate times. The playing is done manually, which means that it is not "canned" music.

While the Schulerich instrument is being installed, the church also is installing an interior, high-fidelity amplification system for pulpit use. As an adjunct to this, two hearing aid devices are being provided for experimental purposes to determine their practicability.

Big Spring, Texas

The POWER OF NATURE is THE POWER OF GOD

Men are fascinated and sometimes appalled by manifestations of vast power beyond all human control.

Primitive man stared with frightened awe at angry storm clouds, and fled in terror to his cave when the fury broke and the winds lashed the trees and lightning tore great holes in the landscape.

New powers have been discovered as man has dug deeper into the secrets of Nature, and all of them have been viewed with apprehension or plain fear.

Steam, electricity, explosives, diesel, radium and many others, each in turn with its marvels of achievement and its vast potentialities, have filled mankind with awe as he wondered what other secrets of power lay buried in the bosom of the universe.

Today it is the atomic bomb which staggers man's imagination and makes him fear for the future of his world and his civilization.

But the power of Nature is the power of God. Used rightly, it always proves a boon and blessing for mankind; but employed for evil purposes, its destructive powers are unlimited.

The secret of the right use of the powers of the universe is embodied in religion and expounded in the teachings of the Church.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday.

First Rodeo Stock Coming In To Be Shaped Up For Contests

Forty head of cows to be used in the cutting horse contest in connection with the annual rodeo Aug. 6-7-8 are now on pasture adjacent to the rodeo grounds.

With the announcement that Marion Edwards and John Masters has acquired the cattle, Charlie Creighton, rodeo association official, said Saturday that Earl and Jack Sellers of Del Rio, who produce the show, would bring the first rodeo stock here possibly this week.

The initial group is due to include some bucking horses to be put on feed and made salty for the occasion.

Meanwhile, work is being pressed at the plant where the arena has been shortened. White sand is being hauled in as an arena

carpet, and the three-inch cover, wet before each performance, is expected to control dust and help illumination as well as the performers.

Pancho Nall has accepted chairmanship of the parade committee, which also includes D. D. Douglass and Morris Patterson.

Itinerary for two trips boosting the rodeo was announced during the week, the first on July 28 to go north and east and the second on July 30 south and west.

Big Springers are giving a good account of themselves in the Snyder rodeo. In Thursday evening performances, Ira Rice tied Sam Baugh, Rotan, with 15.2 in calf roping after Perry Walker, Big Spring, had sizzled a 12.1-second

tie only to be fined 10 seconds. Friday Curtis Driver, Big Spring, took second in calf roping with 16.3 seconds, trailed by Jim Bob Chaney with 21. Homer Hart, Big Spring, had 33.

Jan Dickerson, "Miss Big Spring," who finished out of the top four Thursday evening, rallied to win the Friday sponsors' contest with 20.4, barely ahead of Snooks Creighton, Gail, who won the previous night with a 34.

County Near Goals In Bonds

Howard county stood near realization of its E bond quota for June and July as of Saturday evening. Sales of \$18,875 for the week boosted the total to \$59,247, or 98.5 per cent of the \$60,000 quota.

At the same time, G bond sales went up by \$1,000 for the week, giving an aggregate of \$133,000 in this issue. Combined total is now \$192,247, far in excess of the overall quota of \$110,000 for the county for the two months.

Although the current campaign ended Tuesday, presumably all sales for July counted toward the quota. There was a possibility that the county is jam against the \$60,000 figure if consideration is given to bond purchase deductions made at headquarters of companies outside of Big Spring.

Ira L. Thurman, county bond chairman, appealed to the people of Big Spring and Howard county to invest in E bonds this week, first of all because of a sound investment and an aid to public debt management, and secondarily to put the county over the top.

Divorces Granted

Divorce decrees were granted in three cases heard in 70th district court proceedings Saturday morning. Alice Irene Hauser won custody of two minor children as well as marital freedom from John M. Hauser.

Ollie Iona Thurman was legally separated from H. L. Thurman and the marriage of Lucille and Donald B. Davis was dissolved in other cases cleared from the docket.

Local Woman's Kinsman Injured

Mrs. A. T. Lloyd has received word of the injury of her brother-in-law, F. C. Niedermier, in an automobile mishap in El Paso. Niedermier, receiving treatment in Southwestern General hospital, is reported in a critical condition.

Band Courses Due To Attract 100 Enrollees

Upwards of 100 elementary and high school students are expected to register, beginning Monday at 9 a. m., for a free school in instrumental music.

Joe L. Haddon, director of instrumental music and director of the band for the Big Spring schools, will be in charge of the school which is provided without any fee charges whatever to interested children in the local system. He also will be in charge of brass instruction and will be assisted by Terry Wilson, Lubbock, clarinet virtuoso, on the reeds, and Mrs. Haddon on harmony and theory.

During progress of the six-week school, other specialists in French horns, double-reeds, etc. will be on hand for additional instruction.

Haddon hopes to pack as much actual experience for band members and beginners into the pre-school program as students will be able to get out of a nine-months course.

While he considers it almost imperative for all band members to participate, Haddon urged all parents who want their children to take part in an instrumental program to register them in the school. Beginners are due to be enrolled not later than Aug. 1, but the door will not be closed on registration at any time in the school.

Monday the band registers at 9 a. m., the beginners (those who have never before had any musical experience) at 10:30 a. m., and the staff will be available all day for other enrollments.

For the first time, instruction will be offered to those interested in string instruments, said Haddon, whose prime favorite is the violin. This is looking toward the creation of a high school orchestra.

At the request of parents, there will be a display of instruments in connection with the beginner program.

City Wins 1948 Rotary Session

Big Spring Rotary club's bid for the annual conference of Rotary District 127, scheduled for April 4-5-6 next year, was accepted Friday at the district assembly meeting in Midland.

Fritz Wehner, Olen Puckett and Dave Duncan, who represented the local club at the assembly, filed a formal request for the conference. The Mineral Wells club was the chief contender for designation as conference host.

The 127th district includes 64 clubs in West Texas and the Panhandle, and from 600 to 700 delegates and visitors will be expected here for the annual session.

Scouts Advised To Register For Camp

Big Spring district Boy Scouts who plan to attend summer camp should register with their respective scoutmasters or at the scout office within the next few days.

H. D. Norris, field executive, reminded Saturday.

The Buffalo Trail Council plans to conduct camping activity at Camp Lewis Farr, near Mertzon, and Scouts from this district will attend during the first period, which begins on Aug. 4, Norris said.

Physical examinations will be required for registration, and local officials are anxious for members of troops here to comply with all registration requirements well in advance of the opening date.

The camp fee is \$12 for each scout who attends the seven-day session.

Assessed \$90 Fine

Tom Smith, arrested by members of the city police force Friday evening on a charge of driving while under the influence of intoxicants, was fined \$90 and costs in county court Saturday morning after he had entered a plea of guilty. In addition, his driving privileges were suspended for six months.

DIRECTORS TO MEET
Directors of the Big Spring chamber of commerce are scheduled to meet in regular session at noon Monday in the Settles hotel.

Cosden Directors, Officers Due To Be Renamed Monday

Re-election of the board and officers of Coden Petroleum corporation here Monday at 11 a. m. was a foregone conclusion Saturday as stockholders and officials gathered for the annual stockholders meeting.

In the wake of reports of earned net profits of \$609,083 (the equivalent of \$1.08 per share of common stock outstanding), only nominations for the board are the incumbents. Earnings, as well as other operations of the corporation, establish a new peak for Cosden.

R. L. Tollett, president, said that all except one of the directors are due here for the annual meeting. From New York City will come James L. Carey and Leo M. O'Neil. Others are Nelson Phillips, Jr.,

Dallas; Tollett, Marvin Miller and A. V. Karcher, Big Spring.

Although most stock will be voted by proxy, a few stockholders are here for the meeting, including Alexander Keith, Sr. and Alexander Keith, Jr. of Eau Claire, Wis.; J. F. S. Arthur and J. R. McGrath, Dallas, representatives of Lybrand, Ross Bros. & Montgomery, accountants; Emby Kaye, Tulsa, Okla., consulting engineer; and A. G. Talbot, Chicago, Petroleum Exchange corporation and Cosden's Mid-West representative.

Others may arrive before the meeting is called to order at 11 a. m. at the general offices. After election of the board, officers will be named by the board. No change is anticipated, leaving the slate as follows: R. L. Tollett, president; Marvin Miller, vice presi-

dent; A. V. Karcher, secretary-treasurer; Nelson Phillips, Jr., general counsel.

City Commissioners Will Meet Tuesday

Big Spring city commissioners are scheduled to meet in regular session at 3 p. m. Tuesday at the City hall.

Several routine business matters will be up for discussion at the meeting.

The CHIROPRACTOR and You

No. 24 of a series of articles published in the public interest to explain and illustrate the practice of Chiropractic.

CASE HISTORY No. 274. A girl of 17 who came to a Chiropractor suffering from severe headaches which she attributed to her eyes. She had worn glasses for five years, changing to a stronger type of lenses every six months. However, analysis revealed that the headaches were caused by nerve pressure at the base of the skull. A series of spinal adjustments released the nerves from pressure and the headaches promptly ceased. Further, eyesight so improved that within a short time she was able to discard her glasses and has not worn them since.

CASE HISTORY No. 742. A severe case of asthma resulting from the drainage of mucous from diseased sinuses which had affected the bronchial tubes. This middle-aged man had tried every available means of relief without success. Brought to a Chiropractor "doubting that anything could be done," he was restored to normal health within a few weeks. The cause of his condition was simply nerve pressure between the brain and the sinuses. When this pressure was removed by spinal adjustment the abnormality quickly cleared up.

CASE HISTORY No. 17. A typical case of gastritis. The patient complained of headaches, pain in the stomach, a feeling of fullness and distress, heartburn, and was given to vomiting after food. The

condition had existed for seven months, during two of which the patient had been unable to work. Analysis showed a displacement of a segment of the spine which had interfered with the nerve supply to the walls of the stomach. This interference was removed and immediately the patient began to show improvement. In a short time the stomach had normalized itself.

WHAT IS CHIROPRACTIC? Chiropractic is based on the fact that the brain is the human power house. It creates vital energy. Without brain energy no organ or part of the body can function. Brain energy is transmitted over the body's network of nerves. These nerves radiate from the spine, and it is in the spine that the nerves can be "pinched" by vertebrae, and the flow of energy over them impeded or cut off. When, in this way, the connection is broken between brain and one or more parts of the body, disease is the inevitable result. By skilful analysis and precise spinal adjustments, the Chiropractor is able to locate and release impinged nerves and restore an uninterrupted flow of brain energy to the part affected. Health follows naturally.

Butane and Propane users! Now IS THE TIME TO INSTALL A LARGER Butane or Propane System

If your butane or propane tank is not large enough to last four winter months without refilling, you may be without fuel when you need it this winter. The Texas Butane Dealers Association asks every user of heating gas to take stock of his present system at once.

Many people have added new appliances—ranges and refrigerators—until they've outgrown their gas systems. The war developed new industries which use butane and propane gas on a year-round basis, while domestic users burn four to seven times more in winter than in summer—but your dealer can furnish you very little more gas in winter. To ease this high winter demand, heating gas users must tank-up with a full four-month's winter supply.

It's the age-old question of "stocking up" early. Farmers have always stored summer grain for winter, just as housewives do their summer canning. And it's "Winter-Insurance" to store your heating gas ahead. Your four-months supply will be in your own tank when you need it most. You'll also help your dealer make deliveries more economically and efficiently when road conditions are worst for gas delivery.

The Texas Butane Dealers Association urges you to drop in and see your local gas dealer as soon as possible. He knows butane-propane, and he will do everything to help you get ready for new winter—now. Before you buy any heating gas system, see your local gas dealer first!

TEXAS Butane DEALERS ASSOCIATION

Stranahan And Ward Attain Finals Of Western Amateur

Stymie Gallops To Victory Over Assault In Gold Cup

NEW YORK, July 19. (U.P.)—The Cinderella horse of the turf—stretch-scoring Stymie—dropped out of the clouds in the rain and the slop at Belmont today and surged to victory in the first running of racing's World Series, the Empire City International Gold Cup.

With one mighty lunge at the wire, after he had rushed up from practically a city block behind, the turf's cheapest bargain baby hung his head on the wire in this hottest international horse race in 20 years to turn back such fancy steppers as Assault, the South American champion, Endeavour and Ensueno, and the three-year-old glamour boy, Phalanx.

And with it, the chunky Chestnut six-year-old veteran, who was claimed for \$1,500 by pigeon-fancier Hirsch Jacobs back in 1943, took back the world money-winning title he lost to Assault last week. There was a pot of \$75,000 waiting at the finish for him and tiny Conn McCreezy in this grand, which boosted his earnings to \$678,510 for his five years of racing and put him out in front among the all-time top bankroll boys once more.

The "Name" horse in the race not only didn't whip him as he came roaring along in the last five stretches of a mile; they couldn't even challenge him at the end. For, at the wire, it was Natchez, a Philadelphia-owned front-runner all hands expected to run out of gas long before the finish of this mile-and-five-eighths—who held on in a grim drive and forced Stymie to go all out to get home by a head.

Back in third place—four lengths back, in fact—was the clubfoot comet, Assault, one-time Texas playmate of Stymie. He made his move rounding the turn, got up close enough to almost be stepping on Natchez's tail, then seemed to peter out in the run home.

"The mile and five eighths might have been a bit far for him," Jockey Eddie Arcaro explained later. It might have been that, plus the chocolate pudding that the overnight downpour and day-long showers made of the track.

Phalanx closed some ground, from last place to fourth as the South American champs—the giant Endeavour from Argentina and the high-speed Ensueno from Brazil—made the meekest kind of an invasion.

Ohioan Rallies After Bad Start

DES MOINES, July 19. (U.P.)—Frank Stranahan, defending champion from Toledo, O., scrambled from almost certain defeat to advance to the final round of the Western Amateur tournament with a 4 and 3 victory over Thomas Sheehan, Birmingham, Mich., today.

Stranahan's victory, an uphill battle that found him 3 down at the end of the morning round of 18 holes, gave him a spot in tomorrow's championship stretch of 36 holes with Marvin (Bud) Ward, the genial golfer from Spokane, Wash., who defeated Robert (Bob) Willits, Kansas City, 3 and 1, in today's semifinals.

It will be the third meeting of Stranahan and Ward, who stands all-even for their first two matches.

Sheehan, swinging blazing-hot light irons and a steady putter, had a 5 up lead at the end of nine holes in the morning round as he made the turn in 31, five strokes under par, and finished the round 3 up.

The Fighting Irishman, Notre Dame golf captain and National Amateur medalist in 1939, lost his touch during the afternoon round and Stranahan had evened the match at the 24th hole.

Playing 3-under par golf for the second round—4 under for the day—Stranahan didn't lose one of the last 24 holes.

Sheehan's wildness was a boost to the great finish to Stranahan. The former Notre Dame star was in the rough twenty-two times on the last fifteen holes and his putter, deadly accurate earlier in the day, was a complete flizzle.

Tourney Starts Monday, Aug. 4

MIDLAND, July 19. (U.P.)—District Seven TAAF (Texas Amateur Athletic Federation) softball tournament will be held in Midland August 4-10, according to A. T. Pierce of Midland.

Deadline for entering this tournament is July 26.

This tournament is to decide an entry for the state meet in San Angelo, August 28-30.

Teams from 29 counties in this area are eligible to participate. Entry fee of \$15 is required and should accompany a letter of acceptance. Information regarding the tournament may be obtained from Midland Softball Park, Box 947, Midland, or Hugh Welsh, Standard-Times, San Angelo.

Teams will be notified by August 1 of their pairing and bracketing. Prizes totaling \$300 will be given the top two clubs with winner taking \$200 and runner-up \$100.

Equals Record

Bristow Fires 31 In Tuneup

Obie Bristow, the giant golfer who has been meandering around West Texas links for the past 15 years, began his preparation for the Big Spring Invitational tournament by firing a record-equaling nine hole score of 31 at the country club and coupling that with a 35 in play Friday afternoon.

The one-time football coach had three birdies and an eagle his first time around and, though he slipped a mile after the turn, he was still comfortably under par.

His eagle was registered on the 355-yard sixth hole, which has par four.

He was playing in a foursome which had as other members Foy Fanning, Shirley Robbins and Jake Morgan when he accumulated his amazing round.

His score:
Par 543 444 534-36
Bristow out 443 342 533-31
Bristow in 443 444 524-34

Obie equalled his own record when he fired the sizzling 31. He shot another five-under-par round several years ago.

Licenses for temporary theaters were first granted in the reign of Henry VIII of England.

RACE HORSES are being tattooed in the above manner by the Thoroughbred Racing Protective Bureau in a move to foil unscrupulous owners who would run ringers. The tattooing is painless and permanent.

Abbott To Get Show At Tough Tar Monday

Sailor Tex Watkins, who had told Promoter Pat O'Dowdy he could sell concessions and grapple at the same time and lick any of the so-called wrestlers the Irishman has thrown at him to date, gets a chance to further his own build-up at the Big Spring Athletic club Monday night when he takes on W. L. "Ace" Abbott of Abilene.

Abbott earned the shot at the Post-Terror last week when he surprised Salvador Flores in a preliminary bout. At the same time, Watty was mopping up the floor with Billy Weidner, who, it developed, could not cope with the ex-tar's rowdiness.

Abbott may be biting off more than he can chew. For one thing, he'll be outweighed more than a few pounds. For another, he's facing in Watkins a bloke who knows all the ropes, both figuratively and proverbially.

Come what may, The Ace asked for it. He didn't flinch when he signed to mix with the sailor-boy.

Flores gets a chance in the preliminary to get off on the right foot when he tangles with George Brockman, a Washington, D. C., veteran who made a single appearance here last fall.

Those who have seen him work say Salvador should hit the tape in front.

Forsan To Play Sluggers Today

FORSAN, July 19. —A collection of Forsan athletes, recruited from the various oil camps in this section, will play the Big Spring Colored Sluggers in a 3:30 o'clock game this afternoon.

Scene of action will be the Forsan community softball diamond, which has been lengthened especially for the baseball exhibition.

Al Batte will probably hurl for the home club while Harry Dooley is due to work for Big Spring.

Board Votes Expense Money For Coaches' Trip To El Paso

The local school board voted Friday night to provide \$150 in expense money for Coach Pat Murphy, which will be used to defray expenses for two men to and from the annual Texas Coaches' Association school, which will be held in El Paso this year Aug. 4-8, inclusive.

Murphy was notified he could select any member of his staff to make the trip with him. He has not indicated who that will be but it is not improbable that Herschel "Mule" Stockton, who is summering in Crosbyton, will attend the school.

Stasey Holds Team Bat Lead With .408

Manager Pat Stasey continued to hold his batting average above the .400 mark in games through Friday night, an unofficial check by the Daily Herald staff showed.

Stasey had collected 138 hits in 338 trips to the plate for a .408 mark, 35 points higher than Jake McClain, the Big Spring regular.

The pitcher also led in runs batted in with 114 to his credit while Orlando Moreno was up front in runs scored with 134.

Jose Cindan's pitching record of 15 wins as compared to three reversals was tops in that department.

Player	AB	R	H	RBI	AVG
Pat Stasey	338	105	138	114	.408

Enlistments In Army Reopened To Negroes

Lt. Robert Shively, local U. S. army recruiting officer, announced this morning that the War Department had re-opened enlistments in the Regular Army to Negroes.

This step was taken in order to implement the Gillem Board recommendation concerning the maintenance of ten per cent Negro strength in the Army, Lt. Shively said.

Vacancies exist in both the Army Air Forces and Ground Forces, the lieutenant stated.

The throne is the ancestor of all chairs, which originally were symbols of authority and rule.

Locke Sacks Up Toronto Gold

TORONTO, July 19. (U.P.)—Bobby Locke, the South African golfer who now has taken top money in six of 10 North American tournaments, today won the Canadian Open at Scarborough country club with a record-breaking 268, two strokes ahead of Ed (Porky) Oliver of Wilmington, Del.

Locke's victory put him in first place in the United States pro circuit money winners. He took first money of \$2,000 and the Seagram gold cup back to his home club in Johannesburg.

Locke said it was "the biggest thrill of my golfing career and I hope to be back in Vancouver to defend the title next year."

Oliver finished with 270, still beating the Canadian Open record 271 set by Lawson Little of Cleveland in 1936 at St. Andrews.

Locke, like Little, shot in the 60's all the way through the four 18-hole rounds.

Low Canadian amateur—though he now plays out of Detroit Meadowbrook club—was Nick Wisnock, with 272. Wisnock was low-scoring Canadian amateur with 288 at the tournament last year at the Montreal Beaconfield club.

Six-Man School Dates Are Set

The second annual American Business Club Six-Man Football Coaching school has tentatively been set for Saturday and Sunday, August 29-30.

Members of the club's committee for the clinic met in County Supt. Walker Bailey's office last week to lay preliminary plans for the school and will gather again Thursday night, July 31, to discuss the faculty and the program.

Invitations to the coaches of the 176 schools in the state boasting six-man teams are already in the mails and indications are that a record registration will be on hand.

Norman Craft, Toyah: Joe Holladay, Forsan; and Bailey served as instructors in the 1946 school, which Rodney Kidd of the Texas Interscholastic League described as the best of its kind held in the Southwest.

Bums Defeated By Cards, 7-5

BROOKLYN, July 19. (U.P.)—Hitting safely in all but two innings, the World Champion St. Louis Cardinals defeated the Brooklyn Dodgers, 7-5, today to cut the Brook's first place National League margin over the runner-up New York Giants to two and one-half games.

The fourth-place Red Birds combed the offerings of Vic Lombardi and Hank Behrman for 14 hits while Howie Pollet and Murry Dickson checked the Dodgers with ten.

Stan Musial, Al Schoendienst, Terry Moore, Enos Slaughter and Joe Medwick each got two hits.

Both Pollet and Lombardi were in plenty of trouble during their stay on the mound. Pollet finally bowed out for a pinch-hitter in the sixth and Lombardi was driven to cover when the Cards clinched the game with a two-run rally in the seventh.

The Cards picked up two runs in the first when Johnny Jorgensen made a wild throw on Joe Medwick's infield hit with the bases loaded. The Brooks bounced back with two in their half on a walk, double, fly out and a double steal with Jackie Robinson swiping home.

Brooklyn went out in front by scoring once in the second but the Cards came back with two in the fourth on three singles, a walk and fly out. The Dodgers tied the score for the last time in their half of the fourth on three singles and Robinson's force out.

Cincinnati at New York, p.p.d.
St. Louis 200 200 210-7 14 1
Brooklyn 219 109 100-5 10 2
Pollet, Dickson and Rice, Wilbur Lombardi, Behrman, Casey and Edwards.

Trio Of Putting Contests Booked

The first of three putting contests, this one for men exclusively, will be held on the country club's new lighted putting green starting at 8:30 o'clock Tuesday evening.

The women members of the club will stage their version of the tournament Tuesday night, July 29, while a tournament for couples will be conducted on Tuesday, Aug. 5.

A nominal entry fee will be charged and all money will go toward the purchase of premiums.

Giants Sign Texans

NEW BRUNSWICK, July 19. (U.P.)—Bill Lacy, scout for the New York Giants baseball team announced today the signing of two New Brunswicks boys to contracts and said they had been assigned to the Jacksonville, Texas team in the Lone Star league for the remainder of the season.

The two players are Ray Kott, 20-year-old catcher, and Randolph Reinartz, 20-year-old righthanded pitcher.

Drive Safely

A lot depends upon your steering wheel. But the entire steering assembly including the front wheels, are also very important parts. They are most subjected to the strain of driving. Mis-alignment is the term applied to steering assembly troubles. In order to obtain the greatest possible amount of driving safety, these troubles must be corrected. They can be easily and quickly remedied by our scientific tool designed to do the job. Drive safely. Hard steering... tire wear and wander are indications of mis-alignment. Drive safely... get a safety inspection check-up NOW. It's FREE.

Pacific Island Administration Agreement Signed By Truman

WASHINGTON, July 19. (UP)—The White House announced today that President Truman has signed the agreement for United States administration of former Japanese islands in the Pacific. Admiral Louis E. Denfeld was appointed temporary administrator of the trust territory.

Denfeld is commander in chief of the Pacific fleet. He will serve as United States high commissioner of the territory pending its transfer for permanent administration by a civilian agency of the government.

The trusteeship agreement was approved in April by the United Nations security council and congress then gave its sanction.

The islands—the Marshalls, Carolines, and Marianas—were captured by United States forces from the Japanese in the last war. They were German islands and were mandated to Japan after the first world war.

The president's executive order, while authorizing the secretary of the navy to carry out the administering authority for the time being, provides that the authority granted to the United States in the agreement to "close any areas for security reasons" shall be exercised jointly by the secretary of the navy and the secretary of state.

It further provides that all relations between federal agencies and appropriate units of the United Nations with respect to the trust territory shall be conducted through the secretary of state.

The order terminated military government in the trust area.

Library Given More Books

Several more contributions of books and magazines have been received by the Howard County Free Library, Mrs. Benny H. Collins, librarian, announced today.

Volumes of both fiction and non-fiction are represented in the latest contributions.

They include 25 magazines on agriculture and other topics, contributed by J. C. Webb; 12 volumes of juvenile fiction, Mrs. Garland Sanders; 36 volumes of juvenile fiction and three adult fiction, Mrs. Ben LeFevre; one adult fiction, Joseph Preston; one non-fiction and 36 juvenile fiction, Mrs. Hank McDaniel; four juvenile fiction and four readers, Peggy Toops; one adult fiction, Dan Conley; 12 juvenile fiction and three adult fiction, Billie Marie Harrison; three adult fiction, Mrs. Maurine Long.

SPILLMANS RETURN HOME

Mr. and Mrs. J. B. Spillman, who have been visiting their son, Clifford Spillman, and family, have returned to their home in Wichita Falls.

The Texas Poll

Truman Has Endorsement Of 60 Pct. Of State's Voters

AUSTIN, July 19.—If Texans were voting to elect the next President of the United States, Harry S. Truman would be their overwhelming choice for the job.

President Truman's popularity in Texas hit its peak in April after his enunciation of the "Truman Doctrine" and fell into a sharp slump after his veto of the Taft-Hartley labor bill and the income tax reduction measure.

Despite this, however, the man who became President in 1945 when Franklin D. Roosevelt died in office has ridden out his first encounter with a G. O. P.-controlled Congress to remain high in the esteem of Texans. No other potential 1948 candidate—of either party—offers a serious challenge at present to President Truman's popularity among voters of the Lone Star State.

Today 60 per cent of all adults in Texas who have made up their minds would choose President Truman for another term in the White House, Texas Poll interviewers found upon questioning a cross-section of the State's adults of all

political beliefs and shadings.

Republican Tom Dewey and Democrat Henry Wallace tied for second place, each receiving 9 per cent of the voters' support.

Only five other men—three of them wartime generals—received as much as one per cent support among persons interviewed. None of them could be ranked as close contenders to the three leaders.

These other men are former Minnesota Governor Harold Stassen, General Ike Eisenhower, General Douglas MacArthur, Senator Robert Taft, and Secretary of State George Marshall. Former Secretary of State James Byrnes had some support early in the year, but since his retirement from public life this support has vanished.

The Texas Poll survey was made over a period of six months covering the first half of 1947.

In February 44 per cent of the voters were undecided about their choice for President in 1948; by April the undecided element had dropped to 32 per cent; at present only 27 per cent are uncertain.

President Truman, faced with a hostile Republican Congress just beginning its deliberations, was wanted for a second term by only 57 per cent of Texans interviewed in February.

After this survey the Chief Executive outlined his plan to stop Communist expansion in Europe through the so-called "Truman Doctrine". He also visited Texas, receiving an honorary degree from Baylor University in Waco. The next check—made in April—found that his popularity curve had soared to 71 per cent.

The last statewide survey conducted after his clash with the G. O. P. Congress over labor legislation and taxes showed President Truman's popularity on the wane, falling to the 60 per cent mark.

New York's Governor Dewey—ranked as the most popular potential Republican candidate in 1948 both nationally and in Texas—maintained a consistent bloc of support during this same period. He had 9 per cent in February, dropped a negligible one point in April, and now has returned to his February level.

AN
INVISIBLE
PROTECTION

ELIMINATES
FIRE
HAZARDS

Insulation Is The Creation Of Thousands Of Dead Air Cells Which Prevents The Passage Of Heat. Four Inches Of FI-BLAK INSULATION Is Equal To 12 Feet Of Concrete.

Fi-Blak Home Insulation Offers

1. Bedrooms up to 15 degrees cooler in summer.
2. A warmer, healthier home in winter.
3. Reduction of dangerous indoor drafts.
4. Absorption of excessive street noises.
5. Fuel bills cut up to 40 per cent.
6. Increased resale value of your home.
7. An investment, not a purchase.
8. Permanent efficiency.

This Means That

Fi-Blak Insulation will keep your home 10 to 15 Degrees Cooler in the Summer.

FI-BLAK INSULATION will save you up to 40 per cent on your fuel cost in the winter.

Once we install FI-BLAK INSULATION in your home, it becomes a permanent part of your home with no upkeep, no deterioration or cost to operate it.

Fi Blak Can Be Installed In Your Home Through FHA Financing Plan
NO MONEY DOWN

Fi-Blak Home Insulation Eliminates

1. Hot, stuffy rooms and sleepless nights.
2. Excessive waste of fuel.
3. Dust and dirt from over-worked furnaces.
4. Shadow lines on the ceiling.
5. Cold rooms, chilly second floor areas.
6. Body heat radiating to cold walls.
7. Excessive sweating of windows and walls.
8. Spread of fire through empty stud spaces.

PLAN EVERY DETAIL—Mr. and Mrs. Larson Lloyd, pictured with their daughter, Patricia, in their new living room, planned every detail of their home, themselves. The couch on which Lloyd is enjoying himself is a cleverly concealed bed which rolls out. The cabinet with book shelves, table top for lamps and magazines and storage space was designed by Mrs. Lloyd. The house is, at present, three rooms with a bath but was built with plans for three more rooms, another bath, and a built-on garage to be added as soon as materials are more reasonable and plentiful. A Dutch door leads from the room pictured onto a long terrace. The entire house is finished on the inside with tile.

COMBINATION ROOM—Mr. and Mrs. Lloyd Wasson and daughter, Sue Caroline, have a new home at 811 West Park street, which also features a game room, dining room combination. The sunken room, finished in a soft pastel green with white woodwork, has a white fireplace surrounded with book shelves and a built-in couch across the entire end of the room, covered in a bright yellow material. The handsome large window by the dining table offers a view of the town from the hilltop home. The door leading from the dining room portion of the room goes into a large kitchen and the other door leads into the living room. The house has five rooms.

ULTRA MODERN—Mr. and Mrs. Charles E. Wilson and daughter, Patsy Charlyne, are anxiously awaiting the day when they can move into their originally designed modern home at 1514 Martha avenue. The five room house with a bath and shower and built-on garage, features a large combination kitchen, sitting room and dining room. The kitchen and the sitting-dining room combination are separated by a snack bar and a large work desk for Wilson. The living room is at the large window, pictured right, and the combination room is at the window on the left.

WINDOW INTEREST—Sliding windows used throughout the house, which are designed to keep out weather—West Texas dust—are the main feature of the home at 1701 Johnson street, being built by Garland Sanders with the assistance of his family. Pictured examining the largest window which is in the living room are Mrs. Sanders and two of her sons, Ronnie, left and Robert, right. Another popular idea in the home is the H-shape. The bedroom for the three boys in the family is finished in knotty pine.

FINISHING TOUCH—Adding the final decorative touches to their newly built home at 1000 Bluebonnet street, are Mr. and Mrs. Charles F. Tompkins, as their son, Tommy, looks on. Mrs. Tompkins made the plates which she is hanging, using transferable designs on plain white plates and bright red fingernail polish for the outside design. The Tompkins' home is of rock and has six rooms.

A Home Of Our Own

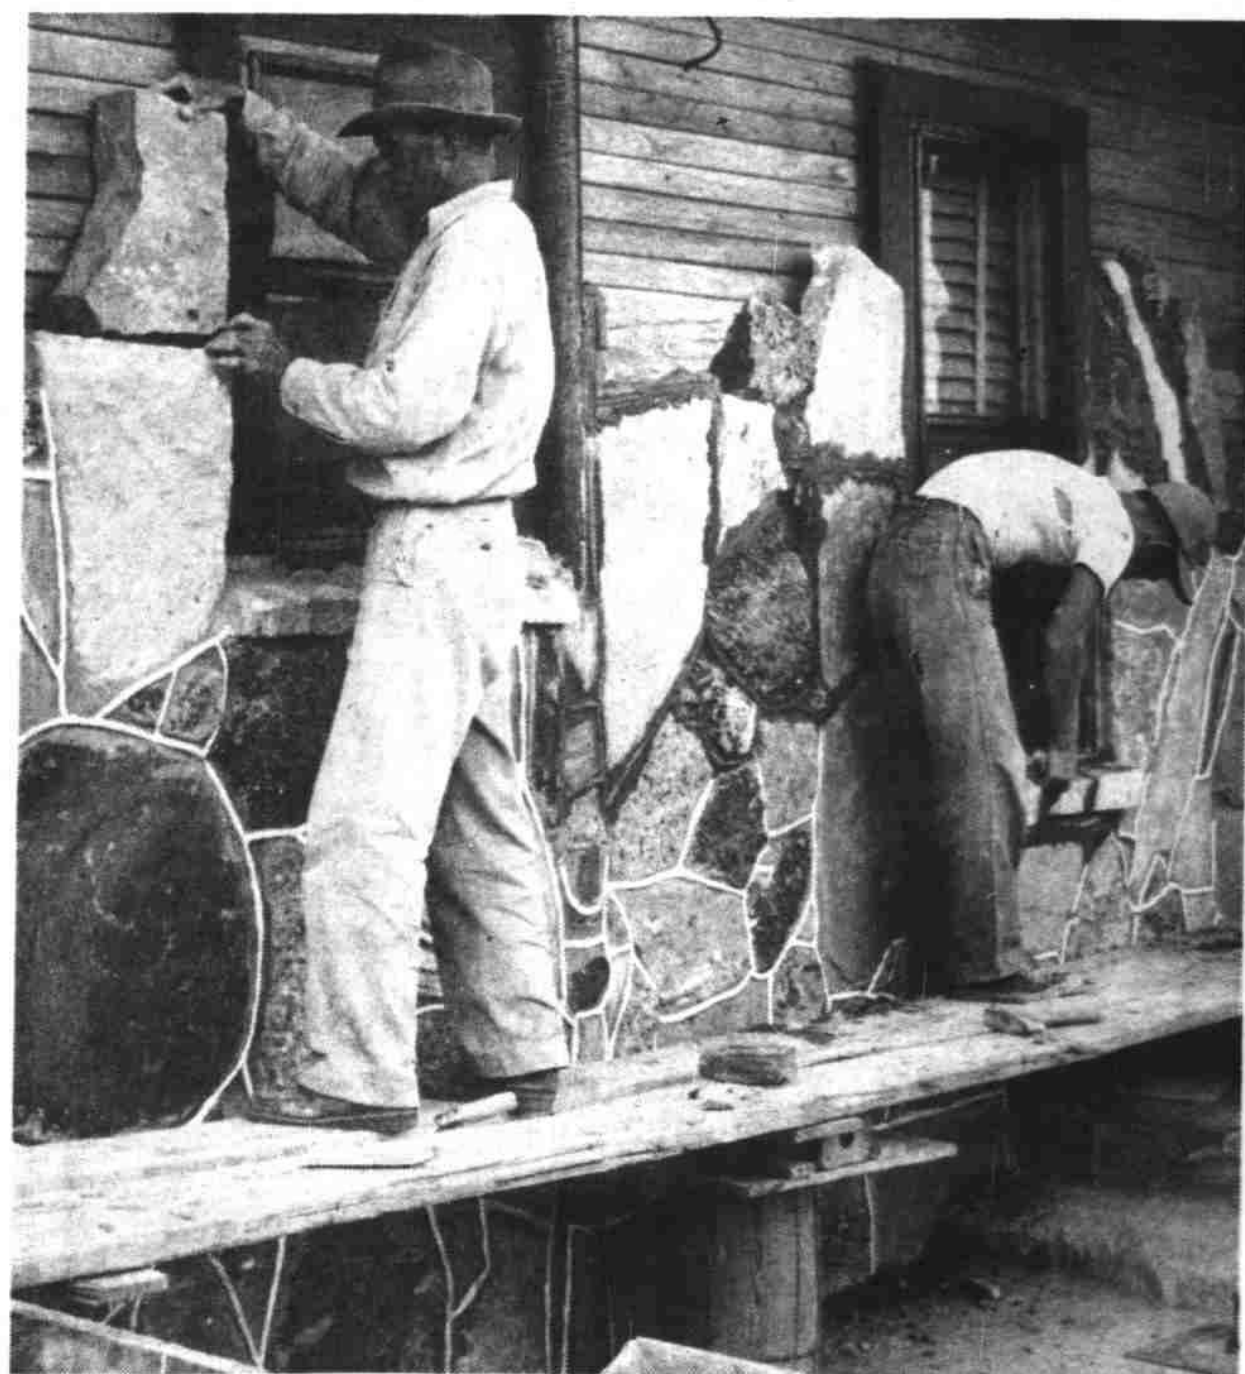

Dozens of Big Spring families have solved their own housing problems during the past few months by the most ideal method known to the American people—construction of their own home units.

Although material problems have been encountered locally just as they have in other sections of the country, many of the 1947 home builders have proved to themselves and their neighbors that there is some basis for the ancient adage, "Where there's a will, there's a way."

Pictured on this page are some of the approximately 90 new one-family residences that have either been started or completed during the current year.

Needless to say, the 1947 Big Spring home builders generally have not varied far from the conventional in design and type of construction. But neither have they followed monotonous patterns. Modernism, though held in check to a certain extent by limited supplies of materials, can be detected in virtually all of the new homes. In some cases it may be incorporated in the design of the building, while in others it may be limited to appliances, fixtures and furnishings.

A majority of the new homes this year are either five-room or six-room units, with a few larger, while construction costs vary from \$5,000 to \$10,000, depending, of course, upon type of materials and floor space.

REMODELING—Henry Tubbs and son, Billy, rock-veneer their own home at 601 State street, which has grown from a three room house to six rooms with a basement and bath. Tubbs, who hauls rock, has gathered specimens from all parts of Texas, Arkansas, Oklahoma and New Mexico for his home. He started the rocking in February and spends only spare time working on his home. Mrs. Tubbs also lends a hand in the veneer work.

TO LIVE IN EL PASO—Mrs. David H. Elliott, above, was Kathleen Little before her marriage Saturday in the home of her parents, Mr. and Mrs. James Little. Elliott is the son of Mrs. Lucile Elliott of Canton, Ohio, and William J. Elliott of El Paso.

Kathleen Little Marries David Elliott Of El Paso

In a double ring ceremony read Saturday at high noon in the home of the bride's parents, Mr. and Mrs. James Little, Kathleen Little became the bride of David H. Elliott of El Paso, son of Mrs. Lucile Elliott of Canton, Ohio, and William J. Elliott of El Paso.

The service was solemnized by the Rev. Gage Lloyd, pastor of the First Presbyterian church, before an improvised altar banked with wood-wardia fern and tall baskets of white gladioli.

The bride, given in marriage by her father, wore a street length dress of blue crepe with fagoting and tucks tiered to the hemline of the back. Her only jewelry was a crystal and pearl necklace, a gift of the bridegroom. She carried a white Bible belonging to her sorority, the Zeta Tau Alpha, topped with an orchid tied with showers of arrow satin ribbon. Her hat was made of fresh orchid pom-poms and astors.

Camille Inkman was maid of honor. She wore a dusty rose and white silk shantung dress fashioned with a fitted bodice and full skirt. Her accessories were black and she wore a corsage of pink rosebuds.

James Elliott of El Paso attended his brother as best man. Traditional wedding music was furnished by record and Helen Blount sang "Because" (D'Hardelot) and "Oh Promise Me" (De-Koven).

The bride's mother wore a black tunic dress of crepe and satin and a corsage of gardenias. At the reception which followed the ceremony Doris Joanne Glenn and Louise Ann Bennett presided at the bridal table, assisted by Mrs. Neil Hillard, Mrs. Jack Rhoden and Mrs. M. K. House.

A pink organdy floor length cloth covered the table, which was centered with three-tiered wedding cake topped with a miniature bride and bridegroom.

Helen Blount presided at the bride's book which was decorated with gardenias and wide satin ribbon.

After a ten-day wedding trip the couple will return to Big Spring for a visit before going to El Paso, where they will live. For traveling the bride wore a summer weight grey suit with a back bustle effect, gold trim and navy accessories.

The bride is a graduate of Big Spring high school and attended Christian College, Columbia, Mo. and the College of Mines in El Paso.

Elliott graduated from high school in Canton, Ohio. He served in the Army three years. He attended the University of Wisconsin.

UNDERGOES SURGERY
Mrs. G. W. Thomas, daughter of Mr. and Mrs. J. G. McGee of Coahoma underwent surgery Wednesday in the Malone and Hogan Clinic-Hospital.

Mrs. Pershing Morton Is Sewing Club Hostess
Mrs. Pershing Morton was hostess Thursday afternoon to a group of sewing hobbyists who met in her home to organize the "Happy Stitches" sewing club.
The group will meet each Wednesday at 2 p. m.
The hostess served refreshments to Mrs. Buck Tyree, Mrs. Johnny Cox and Mrs. Jay Hull. The club will meet next with Mrs. Cox.

Gift Party Recent Bride Compliments

A gift party on the lawn of Mrs. E. L. Herring's home Friday evening honored Mrs. Ike Reddell, the former Jean Jenkins.
Party hostesses were Elzada Herring, Georgia Stroop, Mrs. Dillard Driggers and Mrs. Truett Thomas.
Guests were received by Mrs. Reddell, Mrs. J. D. Jenkins, mother of the honoree, and Mrs. Luther Reddell, mother of the bridegroom.
The honoree and all members of the houseparty wore pink corsages.
Melba Dean Jenkins, sister of the bride, presided at the registry.
Miss Stroop presided at the refreshment table, which was laid with an Irish linen cloth and centered with a bouquet of pink and white flowers and pink candles. The pink and white theme was also featured in refreshments. Assisting Miss Stroop were Mrs. Driggers, Miss Herring and Mrs. Thomas.
Approximately 42 attended.

P-TA, YMCA To Entertain High School Students

All high school age students will be entertained with an open house sponsored by the Parent-Teacher Association and the Young Men's Christian Association, next Thursday.
The open house will begin at 8 p. m. in the 'Y' with refreshments, dancing, games and a program scheduled.
Mrs. Ann Houser will present music students in a program. The evening's entertainment is being planned by Mrs. W. D. Wilbanks and Mrs. J. C. Rogers.
The open house is the second in a series of entertainments for high school students this summer. The first was held June 21.

Out-Going Officers Of Rebekah Lodge Honored At Party

Mrs. Tracie Thomason and Mrs. Amanda Hughes, out-going officers of the Rebekah lodge, were honored with a party Friday evening in the A. F. Gilliland home, with Mrs. Gilliland, Mrs. Ruth Wilkerson and Mrs. Julia Wilkerson as hostesses.
Both Mrs. Thomason and Mrs. Hughes were presented gifts from members of the lodge.
The lodge will meet Tuesday at 8 p. m. at the Settles hotel for a banquet honoring the state president, Mrs. Louise Reinicke. Regular lodge meeting will follow at 8 p. m.
Refreshments were served to Mrs. Hazel Nichols, Mrs. Thelma Braune, Mrs. Ola Ruth Barbee, Maggie Richardson, Mrs. Winifred Wood, Mrs. Lona Crocker, Mrs. Nannie Adkins, Mrs. Billie Barton, Mrs. Sonora Murphy, Della Herring, Beulah James, Mrs. Lois Foreyth, T. H. Hughes, Mrs. Beatrice Mittle, Thelma Crenshaw, Eula Pond, Mrs. Carolyn Runyan, Ruth Wilson, A. C. Wilkerson, W. Braune, Joe Barbee, Jim Crenshaw and Billie Wood.

BETTY RICE

Betty Rice, Hardie Fortenberry To Wed August 15 In Baptist Church

Announcement is being made by Mr. and Mrs. D. B. Rice of the betrothal of their daughter, Betty, to Hardie Fortenberry, son of Mr. and Mrs. A. T. Fortenberry of Decatur.
The couple will be married August 15 in the East Fourth Baptist church at 8:30 p. m. The Rev. J. W. Arnett, associational missionary and uncle of the bride-elect, will read the double ring service.
Miss Rice is a graduate of Midland high school and attended Texas Wesleyan College, Fort Worth.
Fortenberry graduated from Slidell high school and from Texas Wesleyan College last June. He was a member of the Rams, basketball team of the college, and will play professional basketball next year.

Ina Mae Bradley Weds Jerome Arthur Nagorsky

Ina Mae Bradley, daughter of Mrs. Norma Bradley, 1700 Main street, became the bride of Jerome

Wesley Methodist Bible School Closes With Commencement

Wesley Methodist church vacation Bible school closed with 70 students receiving diplomas in a program Friday evening.
The Bible school students gave the program and exhibited work completed during the week. Approximately 150 attended the program.
Gifts of recognition were presented to workers in the school including Mrs. Aubrey White, Mrs. J. W. Garrison, Mrs. Earl Hollis, Mrs. W. D. Lovelace, Mrs. G. H. Briden, Mrs. Luther Coleman, Mrs. S. E. Smith, Mrs. L. N. Childress, Mrs. Ray Eckler, Mrs. Tommy Ratliff, Mrs. L. A. Pickle, Mrs. T. L. Lovelace, Peggy King, Ann Meador, Juanita Hobbs and Mary Frazier.
Also recognized were the pastor, the Rev. Aubrey White, J. W. Garrison and workers who served refreshments during the week.

Seven-Year-Old Honored At Party

Margaret Ann Croan was the honoree Friday at a party given on her seventh birthday by her mother, Mrs. J. W. Croan, assisted by Mrs. J. E. Freeman.
Games were played and gifts presented to Miss Croan.
The refreshment table featured a color theme of pink and white with a center floral arrangement of dahlias and zinnias flanked with double candles. Individual white cakes topped with a pink candle were served.
Plate favors were marbles and jacks.
Present were Kay and Elaine Beene, Sheila and Robbie Allen, Judy Carson, Linda Woodall, Julius Glickman, Bill Norred, Judy McCrary, Betty Lou and Nita Jean Jones, Edith, Clara and Johnny Freeman, Jimmy and Jerry Dearing, Jolene Reynolds, Freddie Simpson, Carolyn Sewell, Linda Mason, Gayle Gray, Lonnie Jean Webb and Jimmy and Billy Croan.

Careful Compounding

This Pharmacy has built its reputation upon the careful compounding of prescriptions. We employ only the ablest registered pharmacists; permit them to give undivided attention to the doctor's directions. That is why so many physicians suggest that patients bring prescriptions to this "Reliable" Pharmacy.

Couple Observe Golden Wedding Anniversary

Mr. and Mrs. T. C. Patterson, 1215 West 6th street, observed their golden wedding anniversary Friday with a dinner.
The couple was married July 18, 1897 in Mt. Pleasant. They came to Big Spring in 1909. Mrs. Patterson is the former Liddle Jane Mayes. She was born in Todd county, Ken. Patterson, known in Big Spring as "Uncle Tom" was born and reared in Titus county.
Mr. and Mrs. Patterson have eight children, 33 grandchildren and 12 great grandchildren living. Children attending the anniversary dinner were Orbia Patterson and family of Big Spring, Ernest Patterson and family of Bakersfield, Calif., and Leon Harvey and family of Bakersfield, Calif.
Others present were Mr. and Mrs. Tom Wakefield of Mt. Pleasant, Mrs. Fletcher Gary and family of Big Spring, Mrs. Otis Barnett and family of Fontano, Calif., and Mr. and Mrs. Charles Teague of Big Spring.

Credit Women Plan Benefit Game Party

Plans were made for a benefit buffet supper and game party next Tuesday evening for members and guests, when the Credit Women's Club met for a luncheon Thursday in the First Methodist church.
The supper and party will be in the home of Mrs. Veda Carter, 300 Dixie street.
A roundtable discussion led by Mrs. Ollie Eubanks, was held on credit.
Maxine White was accepted as a new member and revised by-laws were accepted.
The next meeting will be August 7 in the Methodist church with Mrs. Johnny Morrison in charge of the program on credit applications.
Present were Pauline Sullivan, Kathryn Homan, Edith Trapnell, Alice Cravens, Mae Hayden, Florence McNew Marguerite Wooten, Ina McGowan, Josephine Raoul, Jessie Nalley, Lois Marchbanks, George Johnson, Velma O'Neill, Johnny Morrison, Veda Carter and Jeanette Wear.

Mr. and Mrs. J. T. Anderson arrived in San Francisco, Calif., Tuesday where Mrs. Anderson is delegate from the local Fireman Ladies lodge at the national convention of the Brotherhood of Locomotive Firemen and Engineers. Following the convention, which is to last some 10 days, the Andersons will vacation in the middle western states.

Donald Summar Is Birthday Honoree

Donald Summar, son of Mr. and Mrs. M. F. Summar, was complimented with a party on his ninth birthday Friday.
Assisting Mrs. Summar in entertaining was Mrs. J. C. Harmon. The group met at 608 Goliad street before going to the City park for swimming and returned there for refreshments and games.
Those attending were Al Klove, Oakley Hagood, Rickey Terry, Tommy Underhill, Happy Murdock, Glenn Louise Harmon, Anita Gwen Gafford, Betty Faye Cain and Kenneth Harmon.

Early oil production methods recovered only 20 per cent of the existing oil but modern methods recover as much as 80 per cent.

You'll find COOKING a Snap in your NEW FREEDOM GAS KITCHEN

Imagine cooking a complete meal... when you're not even in the house! Well, that's just one of the marvels of convenience in your New Freedom GAS Kitchen... with a beautiful new automatic GAS range... built by 20 manufacturers to CP specifications.

You'll enjoy fool-proof baking... in an oven that lights automatically and heats to precisely the right temperature... all in record time.

You'll have a cooler, cleaner kitchen... thanks to the modern insulation and the easy-to-clean burners of your new GAS range. What's more your New Freedom Gas Kitchen will be ventilated. Unwanted cooking odors, are whisked away like magic!

You'll serve juicy steaks... from a smokeless, odorless broiler that slides in and out on roller bearings... vitamin-rich vegetables cooked quickly on high-flame top burners... savory stews simmered with patient slowness on the same burners set at low flame. And these are just a few of the countless good things that GAS with its thousands of automatically controlled heats can bring to your table!

Ease of cooking... is just the first step in your individually-planned New Freedom GAS Kitchen. The "clean-up" convenience of a new economical automatic GAS water heater... and the work-saving efficiency of a new silent GAS refrigerator... are both essential for a truly modern kitchen. Let us help you plan your New Freedom GAS Kitchen.

WHAT GIVES 'ROUND TOWN

By Leatrice Ross

Inasmuch as so many of our buddies often are going hither and thither on vacation, we fail to see how the favorite downtown haunts and stop-offs can endure the peace and orderliness.

Helen McDowell and Charles Sherwood are among those who spent the weekend at Ruidoso, N. M. James Fannin got in Tuesday from Abilene where he spent five days. Guy Burrows is in town for a respite from the Navy. Stationed in Brooklyn, N. Y., Guy is on 30-day leave.

Mary Ann Goodson left Saturday night for Penn's Grove, N. J., on a month-long vacation. She might take in New York City while up that way. Joyce Bugg, back home several days from Flagstaff, Ariz., tells of attending a traditional Indian "pow-wow" there. Thousands of Redmen milled about, says Joyce, and there were ceremonial dances and a rodeo.

Lynn Martin's brother, Junior Martin, of Comanche was here Friday and Saturday. Yvonne Billings, who moved here from Monahan about a month ago, is visiting now in Borger. Word comes that Pvt. D. D. Douglass, Jr., who has been ill in an Army hospital in Germany, is much better and will be back to the grind before long. D. D. has been with occupation forces in Europe several months.

W. E. Eubanks, laboring for some time now in Dallas, requests those of his crew to pen words to him now and then. Eggbrains' address is 722 1/2 North Zang Blvd.

Get Welcome Relief From Stomach Gas, Sour Food Taste

Do you feel bloated and miserable after every meal? If so, here is how you may rid yourself of this nervousness. Thousands have found it the way to be well, cheerful and happy again.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment, sour food, acid indigestion and gas frequently cause a morbid, lousy, fretful, nervous, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better. Avoid punishing yourself with overindulgence of soda and other alkalies to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy health.

Dallas. . . Dormand Hill may return to Texas Tech at the beginning of the second summer semester. . . Cornelia Frazier is on vacation in Mexico City.

Dot Wasson was chosen best all-around girl of her tribe at Camp Waldemar at the close of its six weeks session Tuesday. Ann Currie, also attending the camp, was named girl-of-the-week for one period of the encampment. . . Ike Robb is just back from Camp Stewart where he was a junior counselor.

Around the town Thursday evening: Girls were out by threes everywhere we went. Trios in the movies or at the drug store were Melba Dean Anderson, Cordie Selkirk and Mary Nell Cook; Betty Smith, Colleen Davidson and Millie Balch; Mary Lou Redwine, Carolyn Cantrell and Wanda Richardson. This a new fad?

Couples in the Ritz Thursday eve: Betty Jean Underwood, Ike Robb, Betty Lou McGinnis, Delbert Shultz, Doris Jean Morehead, Ardis McCasland, Luan Wear, Charles Lovelace, Vegavene Apple, Billy Bob Watson. . . Others out lately: Vivien Middleton, Jack Ewing, Jo Nelle Sikes, Joe Robert Boadle, Jane Rice, Dormand Hill, Dalpha Gideon, Thomas Underwood, Betty Ray Nail, Grady Kelly. Marilyn Keaton sang at the Rotary club luncheon meeting Thursday. . . Sight of the week: A car being lifted completely off the ground by a group of strong men including Don Wood, Donald Lester, Chubby Jones, Guy Burrows, James Fannin, Jack Ewing, B. B. Lees, Sam Thurman and Harold Berry. What manner of sport is this?

Among those who lately have taken the final step: Debra Bradford and Jimmy Felts, Kathleen Little and David Elliott of El Paso. Wilma Jo Taylor got that diamond Tuesday evening from John Rudeseal. . . Come to see us in three months and we will reward you greatly if you can name any of your friends who are not either married or contemplating.

The junior college cage team, the "Jayhawks," got sweaters last week. The garment was red with grey sleeves and a 6-inch high letter "H" and a smaller letter "C" on the left side. Each had one bar indicating one year's playing on the team. Those receiving sweaters are Beans Miller, Ladd Smith, Harry Middleton, Wesley Deats, R. L. Keith, Jimmy Peden, Bill Mims, John Rudeseal, Troy Brown, Fred Phillips, Steve Stevenson, Jack Griffin and Tommie Elliott. . . Boys who have not yet gotten their award may pick it up at the school.

The ancient Sumerians had a system of numbers based on sixties rather than on the tens used in modern arithmetic.

Resignation Of YWA Sponsor Accepted

The resignation of Mrs. L. T. Ewing as sponsor of the Lottie Moon Young Women's Auxiliary of the First Baptist church was accepted at the group's meeting Thursday in the church parlor.

Nidra Williams presided over the business session. Plans were completed for the next meeting, which is a regular monthly social. In presenting the program, Billie Jean Younger discussed the social and economic problems of China. Closing the meeting, the group sang a hymn, "Blessed Be The Tie."

Refreshments were served to Ruth and Martha Hobbs, Billie Gross, Jean Cornelson, Billie Sue Leonard, Tommie Hill, Patsy Ann Young, Charlene Tucker, Quepha Preston, Joyce Worrell, Pat Phillips, Clema Helen Potts, Marlene Burnett, Mrs. Marie Haynes and Carl Phillip and Johnny Haynes.

East Fourth Baptist Training Union Has Ice Cream Supper

The Adult Training Union of the East Fourth Baptist church was entertained Thursday evening with an ice cream supper at the W. E. Grice home.

Outdoor games provided recreation. Present were Mr. and Mrs. B. A. Cross, Mr. and Mrs. O. R. Smith, Mr. and Mrs. Bob Wren, Mr. and Mrs. Bill Sandridge, Mr. and Mrs. Billy Roy Minchew, Mr. and Mrs. Elmer Rainey, Mr. and Mrs. R. Y. Cloud, Mr. and Mrs. Ernest Rainey, Mr. and Mrs. C. D. Lawson, Mr. and Mrs. George McLellan, Mrs. John Porter, Mrs. A. S. Woods and Mrs. T. E. Moore.

Methodist Youths To Present Playlet

A group of young people from the First Methodist and Park Methodist churches will present a playlet, "The Good Samaritan," Monday evening at the opening of the Methodist youth camp at Buffalo Gap.

Having part in the skit and enrolled for five days of camp activity are Betty Hayworth and Alice Dorton of the Park Methodist church, and Kitty Roberts, Richard Laswell, Larry Dillon, Elbert Long, Halley Hodnett Lillian Rowe, Joyce Gowan, Ann Crockett, Woody Wood, Wanda Taylor, all of the First Methodist church, and Mrs. A. C. Moore, sponsor.

Youth Rally Attended By 21 From Big Spring

Twenty-three persons attended a youth rally Thursday evening at Odessa from the Church of God here.

Making the trip were Jerry Stevens, Patsy Hale, William Rackley, Farris Suiter, Darline Coulter, Joyce Thomson, Velma Chavers, Evelyn Stevens, Barbara Hale, Mary Dawson, Donna Wagner, Mildred Chavers, Wanda Gennings, Shirley Morgan, Mr. and Mrs. R. J. McKinney, William Rackley, Mr. and Mrs. O. C. Gilbert, Mrs. Viola Suiter, Mrs. Unice Gennings, Mrs. G. W. Gilbert, and the pastor, the Rev. N. L. Suiter.

Debra Bradford, James Felts III Marriage Read In Candlelight Rites

A candlelight ceremony solemnized Friday evening in the P. L. Bradford home united in marriage Debra Bradford, daughter of Mr. and Mrs. P. L. Bradford, and James Ernest Felts III, son of Mr. and Mrs. James E. Felts, Jr.

The double ring rites were read by Dr. C. A. Long, pastor of the First Methodist church, before an improvised altar flanked by tall baskets of white gladioli and fern.

Candles were lighted by Mary Felts, sister of the bridegroom. Miss Felts wore a white dress with a wrist corsage of salmon gladioli. The bride, given in marriage by her father, P. L. Bradford, wore a powder blue crepe dress styled with a draped skirt. Shivering from the waist was caught with a pearl clip at the shoulder. She wore a white gladioli corsage. Something borrowed was a strand of pearls belonging to Faye Simpson and something old was a ring of her mother's. She carried a white Bible topped with an arrangement of white gladioli tied with satin streamers. Her headpiece was also of white gladioli.

Attending the bride as maid of honor was Faye Simpson, and J. E. Felts, Jr., served as best man. Miss Simpson wore a pink crepe dress and a shoulder corsage of white gladioli. Soft music was played before and during the ceremony. Following the wedding, the bridal party and guests were present at a reception given by the bride's parents in their home.

The refreshment table was spread with an ecru lace cloth over white satin and centered with white gladioli. Mrs. Velta Childers of Lamesa served cake and Mrs. H. A. Long, sister of the bride, was at the punch service.

Wanda Bradford, a sister of the bride, registered guests. Mrs. Felts was graduated from Big Spring high school in 1942, having served on the student council and as a member of the Spanish club. Felts, a 1943 graduate of Adamson high school, Dallas, was vice-president of the senior class, vice-president of the Library Council, and a member of the D. club, student council, Excelsior club, and Latin club. He served with the Merchant marines three years. The couple will live at 1602 1/2 Gregg street.

Farley's Revelation About Farley

By FRANK GRIMES
Special Writer

Jim Farley's post mortem vendetta against his friend, confidant and boss, F. D. Roosevelt, should make Texans feel prouder than ever of John Nance Garner, the Sage of Uvalde.

Although Farley makes obvious and awkward efforts to drag Mr. Garner into his "expose" of Roosevelt, that wise old gentleman himself never said a word in the first place, never said a word in the second place, and will go right on never saying a word to his dying day.

We don't know what Mr. G. thinks of Mr. F.'s blab-book, and we probably never will, for like most men in the environment in which he was born and brought up, Mr. Garner respects confidences and hates a snitcher.

But we know that Mr. Garner assembled all his papers, notes, letters and clippings of 45 years in politics, including eight years as vice president of the United States, into a neat pile and touched a match to them.

There isn't a human being living who doesn't know enough on somebody else to blast the part of the second part into disgrace and disrepute. Happily for human communication and intercourse, fortunately for peace and tranquility, few people ever abuse such confidences.

There is an unwritten law in the underworld that he who "sings" is taken for a ride.

This same law prevails in the politics and honest circles of society. What one learns in confidence from his associates in business, politics and the professions is held inviolate, for otherwise doubts and suspicions would make all such associates a sham and a shamless.

Mr. Farley does not tell the American people anything they didn't already know about Mr. Roosevelt, but he does tell them a lot they didn't know, and need never have known, about Mr. Farley. If Roosevelt is revealed as a gay deceiver in politics, subject to sudden changes of mind and moods, not above giving the back of his hand to old friends, Mr. Farley is self-revealed

as a man without reticence, full of pique, with envy and spite rankling in his soul, and not a big enough man to put such unworthy emotions behind him.

We are disappointed with Mr. Farley, not for exposing the weaknesses and pettinesses of F.D.R. for we knew them all along—and had made allowances for them in light of the man's vast contributions to his times—we are disappointed with Mr. Farley for having shattered our faith in Jim Farley. His self-revelations are infinitely more damning than anything he "reveals" about his principal.

The country had a sincere affection for Big Jim Farley, a man of many parts and accomplishments, a friendly fellow, and a successful politician. We can explain and excuse the purport of his story only on the ground that it was ghosted by the chief of the Washington bureau of the Chicago Tribune, but this isn't a very convincing excuse; for why should he turn the writing job over to a representative of a newspaper which had made a fetish of hating Roosevelt if he hadn't wanted to make his story as bitterly personal and partial as only an ex parte story can be?

Some passages make Mr. Farley look ridiculous—as when he argued with the late Cardinal Mundelein that he positively could be elected President if Roosevelt would only get out of his way, for instance—and we can only conclude that Mr. Farley either did not read the story himself, or read it too hastily and carelessly for his own self-interest. Or maybe it's just his devastatingly frank Irish nature.

We can only hope that other members of the presidential cabinet who are contemplating writing a book—Old Curmudgeon Ickes is giving off roiling sounds and emitting smoke at every pore, for instance—will profit from the Farley mistakes before publishing, but that is rather too much to hope for.

We are quite sure it's too much to hope that they'll be as wise as old John Garner and touch a match to their potential literary mare's nests.

We Must Pay For Worthwhile Things

Propertyed voters of Howard county have the opportunity to go to the polls Saturday and voice their decision on whether to permit an increase in the tax rate of the Howard County Junior College district.

At present the tax limit is 20 cents per \$100 assessed valuation. The election is for the purpose to grant the board authority to increase the tax rate in any amount not to exceed a total tax of 50 cents per \$100 valuation. It is hazardous to say the full amount would not be levied, for it might become necessary. It is the consensus of the board, however, that 40 cents will suffice at the outset.

If this figure is used, it means an increase of approximately \$30,000 per year on current valuations. Thus, the matter ought to interest eligible voters sufficiently to go to the polls and to vote.

At the time the district was created in November of 1945, the tax limit was fixed at 20 cents by law. The 50th legislature recognized that this was not ample in most instances and authorized an increase in maximum tax rates up to 50 cents, subject to approval by the individual districts.

Reason for seeking authority for the increase in our own district is to meet the needs of providing a good college. If a need is met, it must be adequately, else it is not met. If we are to have a college, we ought to have a college which will serve the needs of this vicinity.

To do this, there must, first of all, be a good staff. Without capable, satisfied and enthusiastic teachers, no institution of learning can be most effective. There must be adequate plant, and al-

ready heavy conversion costs have been incurred to utilize buildings at the Big Spring Bombarrier school. Other changes must be made to meet expanding demands. In addition, the broadening of curriculum will call for more instructional facilities. This is especially true in the vocational field, where much of the expansion effort will be concentrated in the future.

A certain economy is involved, though this may seem contradictory. The economy accrues primarily to those who send children to college and who could send them to a good college at home. For those who take terminal or vocational courses, this will be a substantial saving. For those who plan to send their children to senior college later, the savings on two years can provide for a third year and part of a fourth at a senior college. Besides this, there is a secondary economy in that funds expended for college training bill, in a large measure, be spent here at home. It helps bolster our economy to that degree.

Dividends which may be expected from an effective college include an enlightened, capable and virile citizenship. The majority of these students will put their roots down here. The better we equip them, the better they can come to grips in meeting the problems which we will pass on to them.

There is only one sure way to obtain worthwhile things. It is to pay for them. It is still true that "nothing ventured is nothing gained." The Herald believes that the venture of more funds for strengthening our college is a definite step to community gain.

Texas Today—Jack Rutledge

Dime Box? It's A Texas Town

Dime Box, Texas, always first to go over the top in the March Of Dimes campaign, and frequently in the news otherwise, has caused many to wonder where and how it got that name.

A gentleman from Corsicana whose signature is vague but looks like Hugh Loper (1212 W. 11th) gives this explanation: early settlers paid a dime each to a stage coach driver from Waco to leave their mail in a box located near the center of the community.

When the post office was established there, it was automatically named Dime Box, which was a familiar name to all the citizens.

Mabank was named for two

persons—Dodge Mason and Tom Eubank.

Eustace was named, you might say, for a rousing address. A lawyer named Capt. W. L. Eustace made a roaring talk when the little town was organized on the railroad, and his listeners were so impressed they named the place for him.

From El Campo, W. W. Dusen writes to tell how Blessing got its unusual name. When C. C. Dusen was routing the branch of the Southern Pacific from Bay City to the prospective town of Palacios, the right-of-way passed through the large ranch holdings of the late John Pierce, brother of the famed Shanghai Pierce.

When someone asked him what name he wanted given to the sta-

tion on his ranch, Pierce immediately said, "Thank God." Officials said that wouldn't be very appropriate, so he compromised on "Blessing." He said he had waited so long for the coming of the railroad that it was surely a blessing to have one.

Midland was named that because it is located half way between Fort Worth and El Paso—300 miles each way.

Holland was originally "Mountain Home" but later was changed to Holland in honor of J. R. Holland, a pioneer who came to Texas in 1874 and settled near what is now Holland. In Bell county, that's straight from the horse's mouth from Walter S. Dickinson of Lubbock, Mr. Holland's grandson.

True Stories Of West Texas—N. H. Kincaid

Wallet Eating Cow Scares Texan

The men about the chuck wagon were relaxed but their faces still bore signs of fatigue. Their mission had been completed and the 3,000 steers marketed in Abilene, Kansas; the badlands had again been traversed and they were back on Texas soil. From here on home they could take it easier.

As they refilled their coffee cups and grouped themselves in a casual semi-circle about the low fire, the new look-out rode off to his post.

The conversation turned, as usual, to their own northern drive. Its full flavor, unappreciated in the midst of the sweat and dust and stampedes, was now muller over.

But gradually quiet prevailed, and their thought served homeward. It would be good to be back again with some hard cash in their pockets! This was in 1870; money could surely be used in war depleted Texas!

The boss of the outfit patted his pocket fondly. This trip meant much to him. He had come out of the Civil war a captain and with a shoulder wounded at Chickasaw. And no money nor business. All that Texas had been cattle—and no home market. So he had talked several friends into trusting him with some of their herds and another into staking him with purchasing some of his own, and had then set out for the railroad in Kansas. And his gamble

had paid off well. The hand on the pocket suddenly contracted and dived in side. Other pockets were searched frantically but to no avail. His wallet was gone! And gone, too, was the peace around the camp fire that night. Each cowboy took up the search, but it was finally agreed that the wallet, with the hopes of a man's future tucked inside, was surely lost.

"When do you remember having it last?" someone asked, and the young captain sat down to collect his whirling thoughts.

"I know that I had it this morning just before we broke camp," he decided, and he hadn't had it since. Already he was starting for the remuda and a few seconds later he rode off in the moonlight.

He was glad that they had dwindled today and covered less territory, but if his wallet had been lost on the trail, it had probably been cut to shreds by that herd that had passed this morning.

In the murky light of dawn he rode up to the charred remains of last night's cookfire. An old cow stood nearby chewing her cud at that time of morning. As he looked, she lowered her head. And there at her feet lay his lost wallet.

His spring from the horse was instantaneous and he reached the wallet just as her grasping tongue was encircling it. But a

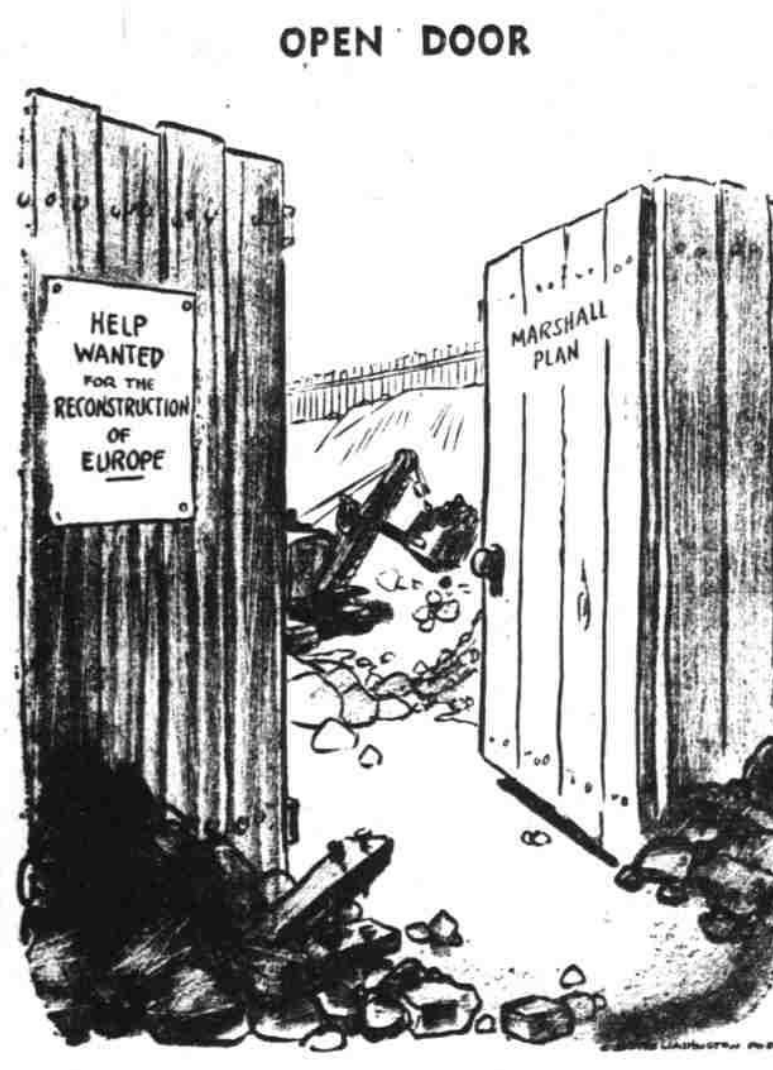

sad looking object it was! Only half of it was there; it has been bitten in two, and the other half swallowed.

Clairborne W. Merchant, future cattle baron and "father" of both Abilene and Amarillo, Texas, stood looking at those saved-off halves of many hundred dollar bills. And a smile wreathed his face. Their serial numbers were intact.

Russia's Boy Wonder

LAKE SUCCESS.—Soviet Russia's boy wonder of the diplomatic world, Andrei Gromyko, is now the leading tourist attraction of the United Nations.

What Grant's tomb is to River-side drive, what Frank Sinatra is to the bobby sox brigade—that is what this poker-faced Russian has become to visitors who flock to the verbal arena of the U. N. security council. Many of them secretly come for the reason given by a middle-aged Long Island matron: "I just want to hear him say 'No.'"

They are a little dismayed to learn that when Gromyko says "No!" he may do it in a speech lasting longer than a banker's lunch.

The 39-year-old career diplomat, who worked up from a farm boy to the post of spokesman for the Soviet Union, is the youngest member of the security council. He is tall, powerfully built, and has black hair. His dark eyes look small behind a large nose set in a face slightly too full for his forehead.

"He's the caveman type dressed up," is the way one secretarial employee describes him.

Gromyko is strongly neat in appearance without the dapper polish of an Anthony Eden.

He sits on the same side of the horseshoe-shaped wooden table as the British, American and Australian delegates, but rarely glances at them.

All other delegates appear to aim their speeches at him, as he sits rocklike behind the severe horn-rimmed glasses he dons at the table. When representatives of the smaller nations speak, Gromyko listens often with an expression of bored disdain. But

his attention is keen when the big powers speak. With set face he notes down objections.

There is complete silence—almost a holding of the breath—when Gromyko suddenly lifts up his pencil. It is his signal he wants to be heard.

When he finishes, there is again a gap of silence. The other delegates shift uneasily. Gromyko again settles back—cold, withdrawn, aloof to objections, his black brows half-frowning.

One lady from Georgia (U.S.A.) listened intently to a Gromyko speech. Her son asked "er opinion of it."

"He makes me think of a bear when he talks," she said. And that's a good picture of Gromyko—the young Russian bear with a tone of old injury.

It Happened Back In—

FIVE YEARS AGO

Mrs. Albert Smith returns from vacation in Massachusetts and Ohio; Roland Swazebach chosen instructor at Naval school in Chicago, Ill.; 420,000 pound rubber salvage shipment sent to Dallas from here.

TEN YEARS AGO

J. A. Thurman shows to public quilts which he makes as a hobby; H-D club members organize dramatic club for intra-county contest; three Big Spring couples married in triple wedding ceremony in Colorado.

FIFTEEN YEARS AGO

John W. Weismuller stops here enroute to Los Angeles; Obie Bristow wins golfing coaching school championship.

Washington Merry-Go-Round—Drew Pearson

Gene Cox Is King Nepotism

WASHINGTON.—Congressman Gene Cox of Georgia still is popular with his colleagues, especially Republicans; but, around the house of representatives' cloakroom, it is whispered that Gene is slipping. He hasn't quite as many relatives on the payroll as before.

But the congressman from Georgia still probably tops the nepotism list in the nation's capital. Here are some of the relatives receiving salaries at the expense of the taxpayer through the benefit of "Goober" Cox:

Lamar P. Cox, son, runs his father's office. Salary—\$7,022.40. Mrs. Rosa Robinson, sister, is listed as a clerk in the congressman's office, though she doesn't come near Washington. Her checks are mailed to her at Camilla, Ga., the Cox family's home town. Salary—\$3,185.16.

Mrs. Jim Lou Cox Hoggard, sister, postmistress at Camilla, Ga. salary—\$3,600. Charles M. Cox, nephew, executive assistant to the assistant production administrator for the agriculture department. In fairness, it should be noted that he began as a clerk and worked his way up, officials say, without his uncle's assistance. Salary—\$7,100.

Total "take" for the Cox family, including the \$15,000 paid the congressman, is \$35,907.56. Note—meanwhile, three Cox relatives have slipped off the government payroll: Grace Cox, wife, formerly worked in the congressman's office; J. Chaney Robinson, brother-in-law, formerly assistant house clerk; Robert Cox, Sr., brother, formerly postmaster at Donaldsonville, La.

BEHIND GREEK REVOLT. According to the diplomatic greivance from Athens, the so-called communist uprisings inside Greece were carefully timed—not by the communists, but by the Tsaldaris-Maximos government—to coincide with the departure of Gov. Dwight Griswold, Greek aid administrator for Athens.

The Greek government's motive is to convince Griswold that the Tsaldaris

State Offers Story For Horse Lovers In 'Stallion Road'

A dramatic story of horse breeders and ranch life, "Stallion Road," is the featured offering at the State theatre today and Monday. Heading the cast are Ronald Reagan, Alexis Smith and Zachary Scott, while supporting players include Peggy Knudsen, Patti Brady and Angela Greene.

The story tells of the horse breeders who raise their blooded mounts on the slopes of California's Madre range, and of a romantic triangle that set the range breeders buzzing with gossip.

Larry Hanrahan (Ronald Reagan), the best veterinarian on the range, owns Stallion Road ranch, where he breeds horses. He invites his old friend, Steve Purcell (Zachary Scott), a famous novelist to vacation at his ranch. When Larry and Steve pay a visit to the Teller ranch, they both are attracted to Rory (Alexis Smith).

Steve declares his interest in Rory, but she has fallen in love

with Larry. Her love, however, is shaken with jealousy when she discovers that Daisy Otis (Peggy Knudsen) attractive wife of the town banker, is going to ride Larry's horse in the Range show. Rory's horse, after winning the pumping race becomes ill and Rory phones Larry for help. Larry, who is inoculating the Otis' cattle against anthrax, explains that it's more important to stop the spread of the disease than to take time out to treat one horse, and the horse dies.

Rory feeling that Larry has let her down accepts Steve's proposal. Larry continues working on his anti-anthrax serum. Just before he can perfect it, an epidemic breaks out and he himself becomes a victim. While watching Rory's reaction to Larry's illness, Steve realizes the mistake he almost made, as the film reaches a heartwarming climax.

ON RITZ STAGE—Feature attraction at the Ritz theatre Tuesday and Wednesday will be a stage presentation by the "Texas Wranglers" a troupe of six performers, plus Smoky Boy, trained horse, who gives a variety musical, novelty and comedy show. Murl Alexander, shown here with Smoky Boy, is the leader of the Texas Wranglers, and he brings the horse on the stage to put the animal through a vast repertoire of acts. Other acts of the show are built around the famous Trout family, a Texas group, Curtis Trout is billed as an outstanding young musician, and Elmer Trout provides the comedy for the show. The Texas Wranglers act is in addition to the screen program, which features "Alexander's Ragtime Band."

IN WESTERN DRAMA—Alexis Smith has two handsome suitors, Ronald Reagan and Zachary Scott, in the story of ranch life, "Stallion Road," which is at the State theatre today and Monday.

--Highlights On KBST--

Valentina, John Fredericks, Schiaparelli, Mainbocher, Carrie Munn and Claire McCordie, six of the world's top fashion experts, will serve as associate editors on KBST's Three Views of the News, summer replacement for the Walter Winchell program beginning this evening. Broadcast time is at 8.

"BREAKFAST CLUB"

Allen Prescott will serve as guest emcee of the Breakfast Club on three successive mornings, beginning Monday, July 21, in the absence of Toastmaster Don McNeill who will take a brief vacation.

"MR. PRESIDENT"

How an American President who felt certain of defeat almost resigned during an election year, along with the Vice President and Secretary of State, will be dramatized during the KBST Broadcast of Mr. President, Thursday at 8:30 pm.

Faced with the possibility of declaring war in an election year, the chief executive was sure that his action would bring defeat at the polls. He reconsidered his resignation, however, and was re-elected.

Edward Arnold will be heard as Mr. President.

AL PEARCE SHOW

The Al Pearce Show, starring

the famed comedian-creator of "Elmer Blurt" and other wacky characters, will be heard over KBST each Saturday morning, beginning July 26, at 8 a.m.

Mexicans Drafting Participation In The Big Bend Park

MEXICO CITY, July 19. (P)—Mexican and U. S. park officials are here planning the Mexican half of an international park—a park which will be combined with the Big Bend park in Texas to make what may be the largest such international area in the world.

The Mexican members of the international park commission are drafting a decree which will include expropriation of lands for public use in the states of Chihuahua, Coahuila and Sonora, to provide companion parks both for Big Bend national park and the Coronado park in Arizona.

The U. S. half of the Coronado international monument park will cover 2,800 acres.

Big Bend park is already open and was visited in June by 2,403 persons.

Racing Story Is Featured At Lyric Theatre

"Born to Speed," a picture which gets its name from, and has as its background, the thrills of mid-get auto racing, is the featured offering at the Lyric theatre for today and Monday.

It introduces two newcomers to films, Johnny Sands, in the major role, and Terry Austin in the feminine lead.

"Born to Speed" tells the story of a young man's struggle to conquer his fears and to make his place in the world. Fighting against a fear of racing, young Johnny Randall, played by Johnny Sands, forces himself to go out and drive the midget racers. Terry Austin plays the part of his girl friend who realizes the need for him to prove that he can master the art of auto racing.

The picture ends with a thrilling Sweepstakes race in which Johnny is victorious against great odds. Thrilling racing scenes add excitement to tense drama and sparkling comedy.

The supporting cast features Orth and Don Castle. "Born to Speed" was produced by Marvin D. Stahl and based on an original story by Robert B. Churchill.

Boxcar Shortage Closes Elevators

CHICAGO, July 19. (P)—About 450 southwestern grain elevators have been forced to shut down as a result of a shortage of boxcars in which to ship the record wheat harvest, a transportation spokesman said today, although more wheat is being shipped in less cars than ever before.

Eugene W. Coughlin, of Washington, assistant chairman of the car service division of the Association of American Railroads, said in an interview here that the boxcar situation is "very tight."

He said that approximately 450 elevators, mainly in Kansas and Oklahoma, have shut down either partially or entirely during the past week due to a lack of cars.

SOME QUIET MOMENTS—Bouncing Betty Hutton and John Lund find time for serious romance in this scene from the hilarious "Perils of Pauline," a Technicolor production which is at the Ritz theatre today and Monday. Telling in part the story of the famous movie star of years gone by, Pearl White, "The Perils of Pauline," recalls the old serial thrills.

Old Movie Thrills Brought Back In 'Perils Of Pauline'

The fascinating, fabulous story of the early movie days is Technicolorfully depicted in Paramount's "The Perils of Pauline," a spectacular picturization of the life and times of the screen's

first great thrill-queen, Pearl White. The picture is at the Ritz theatre today and Monday.

The film stars Betty Hutton, an inspired selection for the role of the dare-devil serial star who made the movies famous and herself a national heroine, and John Lund, sensational find of "To Each His Own."

Betty Hutton calls upon every bit of her seemingly boundless energy as she re-creates many of Pearl White's daring escapes from the diabolical villain who pursued the original Pauline through fifteen chapters of the old serial. It is hilariously funny to get the behind-the-scenes lowdown of how she is lashed to the tracks before onrushing locomotives, tied to buzz-saw, thrown from airplanes, off cliffs and out of windows, is burned at the stake by savage Indians and attacked by wild beasts in the jungle.

But these sequences make up only a part of "The Perils of Pauline." It goes on to tell of Pearl's acquisition of fame and fortune, and of her great love for one man. It takes her to Paris, where she gained further fame in French musical revues, and closes with the accident which ended her career, but brought her the man for whom she had waited through-out the years.

It is during the Paris scenes that Betty sings the top number of the four Frank Loesser tunes in the film. This is the widely popular "Poppa Don't Preach to Me," and it sparks a lavish stage presentation of the Folies Bergere type.

Billy De Wolfe, William Demarest, Constance Collier and Frank Faylen head the supporting cast of "The Perils of Pauline" and it was directed by George Marshall. All concerned deserve credit for a picture that approaches the ultimate in screen entertainment.

SERIOUS TALK—Frank Orth and Johnny Sands in a serious conference, in this scene from "Born To Speed," an action melodrama about the midget auto race tracks which is at the Lyric theatre today and Monday.

Mrs. Roy Lassiter Entertains Bridge Club With Breakfast

Mrs. Roy Lassiter entertained members of the Double Four Bridge club with a breakfast Thursday morning.

In bridge games Mrs. O. L. Grandstaff won high score and floating prizes; Mrs. Ben Hogue, second high and Mrs. Earl Corder, a guest, bingo.

The next meeting will be with Mrs. Grandstaff.

Others present were Mrs. Franklin Jarrett, Mrs. Pat Blalock, Mrs. Howard Lester, Mrs. Dennis Wall and Mrs. W. J. Garrett.

Program On China Given At Meeting Of First Baptist GAs

A World Comrades program on China was presented at the meeting of the Junior Girl's Auxiliary of the First Baptist church Thursday morning in the church.

Taking part on the program were Shirley Cullum, Ella Ruth Paine, Frances Reagan and Janice Anderson.

Mary Frances Norman directed the meeting.

Mrs. J. C. Pickle met with the group.

Others present were Nelda Boatman, Maxine Williams, Virginia Carpenter and Ethel Chapman.

Mrs. Ray Clark, Recent Bride, Complimented With Gift Party

Four were hostesses Thursday evening at a wedding gift party in the Albert Smith home honoring Mrs. Ray Clark, who, before her marriage in May, was Wanda Rose Bobb.

Entertaining were Mrs. Wallace V. Cataldo, Mrs. Andy Arcand, Patti McDonald and Bobbie June Bobb.

In the receiving line were the honoree her mother, Mrs. Lou Baker, Miss Bobb, Mrs. Cataldo and Mrs. Ray C. Clark. Calling hours were 8 to 10.

Mrs. Tommy Gage registered guests in a bride's book decorated with hand-painted roses, by Mrs. Smith. The register was topped with a pink rosebud nosegay. Mrs. Smith and Mrs. Baker presented each guest with a corsage.

Displaying gifts were Mrs. Cleo Richardson and Mrs. Tommie Elliott.

The refreshment table was spread with a hand-crocheted cloth over an under skirt of deep pink. Crystal candelabra holding green tapers flanked a center arrangement of roses, carnations and snap dragons. Mrs. Arcand and Miss McDonald served refreshments which featured the pink and green color scheme.

Bouquets of pink zinnias, primroses and verbenas decorated the entertaining suite. All members of the houseparty were dressed in black with peach gladiola corsages.

Attending were Mrs. H. Hall, Mrs. C. G. Griffin, Mrs. B. Lamun, Marilyn Keaton, Mary Nell Cook, Mrs. Carl Bloomfield, Mrs. J. D. Jones, Wilrene Richmond, Mrs. R. P. Kountz, Mrs. C. L. Richardson, Mrs. C. A. Murdock, Melba Dean Anderson, Billy Barnett, Catherine Bowler, Joyce Bugg, Mrs. Clyde Thomas, Jr., Mrs. W. J. Flowers, Mrs. Kelly Lawrence, Mrs. Ollie White, Mrs. E. F. Davis, Mrs. Claude Bird, Kathleen Little, Wilma Jo Taylor, Mrs. Hubert Smith, Francis Newsom, Mrs. Laura Dearing, Mrs. Ernest Buckley.

Mrs. Q. Q. Elliott, Mrs. Alvis H. Alexander, Mrs. W. A. Laswell, Marjorie Laswell, Mrs. A. McCasland, Clarice McCasland, Mary Gilmour, Mrs. Elizabeth Murdock, Nell Hatch, LaVerne Hampton, Mrs. F. H. Talbott, Mrs. R. E. Satterwhite, Mrs. D. Stuteville, and Betty Stuteville, Doris Stuteville, Betty Lou McGinnis, Mrs. C.

W. Saunders, Mrs. Tom Rosson, Mrs. W. E. Ramsey, Mrs. T. Lowry, Mrs. James Underwood, Mrs. C. White.

Mrs. J. B. Apple, Mrs. George Houghton, Mrs. Tabor Rowe, Mrs. J. S. Peden, Mrs. L. S. Lilly, Dorothy Sue Rowe, Mrs. Mildred Long, Janis Yates, Billie Riggs, Mrs. W. L. Shaffer, Mrs. Charles Pool, Mario Thurman, Mrs. J. Nabors, Mrs. R. L. Heath, Mrs. A. F. Hill, Mrs. Iva Johnson, Mrs. Joe E. Kuykendall, Mrs. Ella Gordon, Mrs. D. O. Platt, Mrs. J. A. Gordon, Mrs. C. L. Lumpkins and Mrs. H. G. Keaton.

Jeanne Roberts Becomes Bride Of Paul Dearing

Jeanne Roberts, daughter of Mr. and Mrs. Arch Roberts of Big Spring, was united in marriage Friday at 8 p. m. in a home wedding to Paul Dearing of Abilene.

The bride wore a pale blue dress with white accessories. She was attended by Rosie Schaefer, Garden City, who wore a pink dress with white accessories. Arthur Pursley, Abilene, was best man.

Mrs. Dearing was graduated from the Garden City high school in June and Dearing has been attending school in Abilene, where he currently is employed by the Abilene Candy company.

Attending the ceremony were the bride's parents, Bill Roberts, Mr. and Mrs. L. J. Woodard and son of Big Spring, Mr. and Mrs. H. E. Williams, Eugene Williams, Bobbie Brannon, Bob Woodard, Glen Lang and Billie Jennings of Abilene. The couple will be at home at 133 Victoria, Abilene.

Mr. and Mrs. Leon Mays and daughters are guests here in the home of Mr. and Mrs. Johnny Hodges. Mrs. Hodges and Mrs. Mays are sisters.
