(Q) Will plum trees, which have already bloomed, bear fruit despite the cold weather witnessed during the past month or month and a half?

(A) County agent Bob Benson and county entomologist Deanna Myers were out of town Friday. However, according to former county agent Bobby Lemons, the past cold spell met the chilling requirements for the trees. However, an additional freeze could possibly damage the trees. Lemons said a cold spell is usually current before Easter.

Interim city manager named

The Colorado City Council voted to appoint planning and management consultant Gary Smith of Abilene as an interim city manager until a full-time manager can be secured, during a meeting Tuesday night.

Smith, 31, is employed by Randolph Gilbreath & Associates Inc. of Abilene. He is currently

working with the CDBG project in the Sands area for Colorado City. He has worked with Colorado City on different projects for about three years.

The City Council accepted the resignation of present City Manager Rick Crowley during a called meeting last week. Crowley accepted a position as Admin-

istrative assistant in Rockwall.

Crowley's resignation will be effective March 23.

The council also granted a rate increase for Texas Utilities Electric Company (TUEC) tied to a decision reached by the Public Utilities Commission.

TESCO manager B. B. Hardee made the

request hike. The initial hike was for eight percent or \$304.2 million. The hike was essential for the condition of the company to stop deteriorating, Hardee said.

The Council members also accepted the specifications presented by Bill Foster, Freese and Nichols representative, for the sewer installation in the Sands area.

The project will also be put up for bids.

In conjunction with the sewer project, the council also approved the specifications on the street paving for the Sands area also. This project was also approved to be authorized for bids by the members.

Foster also presented an update on the sewer treatment project. Ph-

ase I of the project has basically been completed and Phase II of the Project will be ready to be authorized for bids, City Manager Rick Crowley said.

Resignation accepted by commissioners

The Mitchell County Commissioners' Court accepted the resignation of Justice of the Peace Precinct 3 and also approved the appointment of county Health Authority and a Home Extension Agent during a regular meeting Monday afternoon.

The Court, with all the commissioners present, accepted the resignation of JP Mary Lee Moore effective March 7, last Wednesday. Ms. Moore had served as JP since January 1967. She was officially elected in 1966. Her resignation was due to health reasons, said County Judge Bill Carter.

The Court also accepted the appointment of local physician Dr. Joe Terry as the new County Health Authority to replace Dr. Kenneth Cowan, who announced his retirement and resignation in February.

Mitchell County Extension Agent Bob Benson told the commissioners he was recommending Debra Christian for the County Extension Agent Home Economist position made vacant by Marian Morris Farr.

The commissioners accepted the recommendation.

The Commissioner's Court also accepted an offer by Mackey Tree Service from Abilene for the landscaping of the County Courthouse.

Initially, a recommendation was made by Judge Carter to look into the possibility of landscaping the courthouse lawn.

The court accepted a price quotation of \$4,752.00 for the complete pruning of all the trees, topping all the

Munoz seeking additional term

Council member and Mayor Pro-tem J. M. Jesse Munoz announced that he will be seeking an additional term on the Colorado City Council.

Munoz, 33, is a mainstay of the Council. He has been employed by Southwestern Bell Telephone Co. for 13½ years. He is a life-long resident of Mitchell County.

"My main two reasons for seeking another term on the City Council are to be able to help oversee the completion of our sewer plant renovation and also the work that is to be done this year on the CDBG in the Sands area," Munoz said in a statement to the RECORD.

"I've enjoyed working with previous councils, the city manager and department heads in helping to solve problems for the city and its citizens."

"Exercise your voting right. Your vote will be appreciated."

Munoz is a member of St. Ann's Catholic Church. He is also the vice-president for the Church Council and sponsor for the Catholic Youth Organization. Munoz is also actively involved with the United Girls Softball Association.

Munoz and his wife, Anita, have two children, Jennifer and Jeremiah. He is a graduate of Loraine High School.

Devorce seeking council seat

Mitchell County Sheriff's Department employee L. C. Devorce announced that he will be seeking one of the three available positions on the Colorado City Council.

Devorce, 53, has been a resident of Mitchell County for 43 years. He has been employed by the Sheriff's Department for approximately four years.

"First of all, I do not want to make promises that I cannot keep," Devorce said. "But I am running because I am interested in Colorado City, the citizens of Colorado City, and for better government."

"I have lived in Colorado City for a long time and I have seen it rise up and I have seen it decline. It seems it is on the rise again and I

would like to see it keep on rising to become a better city."

"If I am elected, I will work to the best of my ability to see that the best interest of this city is carried on and that all the people benefit from their taxes or be informed of why they are not."

"I would appreciate your support in this election for city council."

Devorce is a member

of the Saint James Baptist Church where he is chairman of the Board of Deacons and Chairman of the General Finance of the Church.

Devorce and his wife, Vernamae, have four children. The children are Florida Devorce Collings, Carl Dawerence Devorce, Elroy Devorce and Mary Martha Devorce. All are from out of town.

Get ready kids, here comes the circus!!

Recognized for three years as "The Biggest Big Top on Earth," the great Carson & Barnes 5-Ring Circus reaches a new pinnacle with its enlarged 1984 performance, coming to Colorado City for one day only, shows at 4:30 and 8 p.m. on March 29 sponsored by The Colorado City Band Boosters.

Some of the world's finest arenic stars from Europe, Asia and Latin

and Central America have been added to the Carson & Barnes roster this season to create the largest circus to visit this community in almost 50 years.

As usual, the human performers are complemented by wild and domestic animal acts, for which this show has gained an international reputation—notably Patricia White's mixed group of Bengal tigers and Nubian lions, five herds

of performing elephants and five groups of prancing liberty horses.

Highlighted are no fewer than 41 separate artists, featuring for the first time in circus history three triple-somersaulting athletes performing under a single big top.

Carson & Barnes is

the last American circus still carrying a big zoo, which is exhibited to all patrons without additional charge. This year, it features, among the 27 species, twin baby giraffes.

History books come to life as Carson & Barnes uses matched teams of Belgian draft horses during the morning chore of erecting the shining new polyvinyl tent, which stretches for more than a city block long.

Area residents are invited to come to the showgrounds on circus morning to witness the meshing of men, beast and machine in this gigantic task and to see the unloading, watering and feeding of the more than 200 wild, domestic and exotic animals carried by the huge show.

All in all, this circus day will afford residents of this area a rare opportunity to relive "The Golden Age of the Cir-

cus," when huge big top shows criss-crossed the nation. Carson & Barnes is the type and size of show that grandparents remember seeing when they were youngsters.

Advance tickets afford a saving of \$1 each over showday prices and are available now

at: Chamber of Commerce office, Judy's Beauty Shop at 1721 Vine and Band Booster members.

Light bulb sale set by Lions Club

The Colorado City Noon Lions Club will conduct an all-out drive from March 16 to April 16 to sell electric light bulbs to Colorado City area residents, according to an announcement made by the club president, Eddie Gregory. The proceeds will go to the college scholarship fund, sight conservation, including the purchase of eye glasses, restoration and other community welfare services.

The entire membership has been organized to supply friends and neighbors with light bulbs delivered right to their door. The first door-to-door sale will

begin at 1 p.m., Friday, March 16. The light bulbs will be sold in handy Project-Paks of six bulbs each at the regular price of \$4. In addition to assorted Paks of two 60-watt, two 75-watt and two 100-watt bulbs, they will also be available in Paks of six 60-watt bulbs and Paks of six 100-watt bulbs. A limited number of individual three-way bulbs will also be available.

Every householder can use light bulbs and this drive affords an opportunity to get a good supply, while helping to support a most worthy cause.

Barbara Gray also asked the council for additional funds for the operation of the Wallace Center.

The Center currently receives \$3,500 from the city. The funds will come out of the Revenue Sharing Funds.

Albert Gerald Anderson also requested that adequate funds be set aside from the Revenue Sharing to be used to offset the cost of moving water lines from the street side to the alley side on a portion of the Eastover Sub-division.

Anderson asked that no cost of the moving be

charged to the homeowners.

The council also opened bids on the city hall renovation and painting of city buildings. However, all the bid recommendations were submitted to a committee to be reviewed. A bid will be awarded at the next Council meeting.

Loraine Garden Society meets

The V.I.G. (Very Important Garden Society) met recently in Loraine amidst a Spring setting as noted by those attending.

The program was centered around "Perennials, a garden of Delights" with the members giving their thoughts on the faithful perennial that comes up year after year to fill their gardens and vases with color all summer long.

The following members gave these tips: Berta Fuller - bachelor button blooms July-August and the color is blue.

E. M. Burleson - black-eyed Susan blooms July-October and the color is yellow and orange.

Marsha Rickard - Day-lily, colors orange, yellow, purple, red and purple, blooms spring-

frst.

T.K. Kuncicky - Sunflower, color yellow, orange, blooms summer.

B. N. Gross - Oriental poppy, color white, yellow, red purple, pink and blooms in June.

R. R. Linebaugh - Canterbury bells, blue, purple, pink, white and blooms spring-midsummer.

Ann Rowell Gregory closed the program by giving her piano rendition of "Mem'ries of Eden" a waltz of her

her own composition for the piano.

Officers and associate members of the club are B. D. Miles, Ms. Kuncicky, B. N. Gross, R. Preston, Ann Gregory, Joy Culwell, Marsha Rickard, Ricki Linebaugh, Berta Fuller, E. M. Burleson and E. D. Bond.

trees, sealing tree knots and removing dead trees.

Mackey said work on the lawn landscaping would begin later this week.

The commissioners also accepted the highest bid for a county-owned motor grader. The bid went to L. R. Barr for \$9,000. A low bid for the purchase of a tractor for county use went

to Moody and Thompson. The tractor bid of \$17,000 will be accepted after repairs are made on the tractor to fit county specifications.

Other items on the agenda taken up by the commissioner's court were:

-Tabled a motion to purchase a filing system for the Mitchell County Sheriff's Department.

-Accepted a petition made by Frank Chappell on behalf of the Rendbrook-Spade Ranch

to close a county road within the ranch itself. The petition asked for the closing of two sections of county roads within the boundaries of the ranch.

-Rejected proposal for a dance at the Mitchell County Agricultural Barn by Chamber of Commerce president Horace Caldwell.

-Passed a motion to blade and caliche an area to make room for an emergency vehicle at the fair grounds (MC Barns area). Commissioners Paul Hunter and Johnny Shackelford will speak to the Texas Highway Department for use of state land.

-Upon recommendation by County Auditor Georgie Griffith, the Court decided to let the friends of the library to maintain their own books on donations and memorials to the Friends of the Library organization itself.

Christian assumes position as county extension agent

Debra Christian has assumed the position of County Extension Agent in Home Economics with the Texas Extension Service effective April 1, according to County Judge Bill Carter of Mitchell County and Ken Cook, District 7 Extension Director.

Miss Christian will be headquartered in Extension offices located in the Annex of the Mitchell County Courthouse. As Home Economist she will be responsible for all Extension Home Economics activities in the county.

"We feel fortunate in finding an applicant with the aptitude and knowledge Miss Christian has for this position," said Cook. Mitchell County has a history strong in home economics and we feel this agent will add to an already outstanding record."

Miss Christian, a native of Stephenville, attended Tarleton State University and graduated in 1980 with a Bachelor of Science degree in Home Economics.

While attending Tarleton she was a member of Alpha Chi, the National Honor Society of College Students.

Following graduation she was buyer and manager for a retail clothing store prior to joining the Extension Service as Home Economist in Hill County. The new Mitchell County Agent has

served in Hill County since 1980. While there she was the Rookie of the Year nominee in 1982 for the Texas Association of Home Economists for District 8.

Presently she is a member of American Home Economists Association, Texas Association of Home Economists and Texas Association of 4-H Agents.

Miss Christian replaces Marian Morris Farr who left the Extension Service to be married.

Computer workshop set in Brownwood

A workshop dealing with the use of microcomputers in the home and on the farm and ranch will be held April 3-4 at the Texas 4-H Center at Brownwood.

Conducted by the Texas Agricultural Extension Service of the Texas A&M University System, the workshop will focus on the basics of computer terminology and computer selection.

In addition, an advanced session will be conducted to give those with some prior computer experience an insight into operating systems and basic programming procedures, announces Dr. Ashley Lovell of Stephenville, Extension Service economist.

"The program is designed to help participants identify personal needs for computers, to learn basic microcomputer terminology, and to develop a set of criteria for selecting a computer," says Lovell.

Open discussions will focus on family resource managements and farm and ranch managements and will set the stage for subsequent talks on computer hardware and software.

Special workshops will deal with preparations for computerized

accounting systems, crop decision aids, electronic spreadsheets, marketing decision aids, data base management systems, livestock and dairying decision aids, and selection of a farm or ranch accounting system.

Individuals interested in attending or in more information about the microcomputer workshop should contact Lovell at 917-968-4147.

Westbrook fire calls

February 6—At about 9 p.m., a fire was reported south of Westbrook on the Greens place. Colorado City Fire Department and Westbrook Fire Department had the blaze out in minutes. A small vacant house and cellar were destroyed.

February 17—At about 7:45 p.m., a fire was reported southwest of Westbrook about one mile in a small pasture area. Westbrook firemen quickly responded and put the blaze out before it got too big.

February 17—At about 11:30 p.m., a fire was reported northwest of Westbrook about eight miles on the Morrison place. A couple of acres of pasture land was burnt before the blaze was extinguished.

Notice of Rate Change Request

General Telephone Company of the Southwest, in accordance with the Rules of the Public Utility Commission of Texas, hereby gives notice of the Company's intent to implement a new schedule of rates in Texas, effective March 28, 1984.

The proposed changes in rates will affect all the Company's 829,291 Texas customers who represent all customer classes, and are designed to increase the Company's gross intrastate revenues by \$84,777,000, or approximately 13.34 percent annually.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223, (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

A complete set of revised rate schedules has been filed with the Public Utility Commission at Austin, Texas, and is available for public inspection in each of the Company's Business Offices in the State of Texas. A summary of the Company's rate filing has also been sent to the Mayor's office of each affected Municipality.

Lorraine News

Martin reads scripture to Methodist women

The United Methodist Women met for their monthly business meeting and time of devotion in the home of Mrs. Pearl Bruce at 8:30 a.m. March 7th.

Rev. Richards gave the opening prayer and Mrs. Wiley Walker led in the singing of "Help Somebody Today."

Mrs. C. H. Martin read scripture from First Corinthians, Chapter IV, then gave a resume on Martin Luther's life. She stated more had been written about Luther and his works than any other known person,

except Jesus Christ. Martin Luther being the tool that God used to bring the Bible to the common man in his own language has brought millions to accept Jesus Christ.

During the business, plans were made regarding the up-coming revival that will begin March 18th through 21st.

Also, a followup on a recent visit of a Salvation Army Representative, the group voted to make a monetary contribution to the Salvation Army. Two of the ladies volunteered to

work each third Thursday of each month with the Helping Hand in Colorado City. These decisions all tie in with the study now in progress "No place called Home."

Present were Mmes. C. H. Martin, Wiley Walker, Rita Richards, B. B. Blair, J. D. Norman, J. M. Templeton, G. L. Bryant, Alva Smith, Pearl Bruce, Alva Bennett, Percy Bond and Raymond Wheeler.

Hallmark listed on Dean's List

Ricky G. Hallmark of Lorraine was among the 1,353 students whose 1983 fall semester grades earned them places on the Dean's List at Southwest Texas State University.

To qualify for the academic honors listing, an

undergraduate student must have earned a grade point average of at least 3.5 during the semester while taking at least 12 semester hours of course work.

Hallmark's address is listed as Box 356, Lorraine.

Atheneum Club meets

Mrs. Doyle Hester hosted the Atheneum Club in the home of Mrs. Floyd Coffee Tuesday afternoon March 6. Irene Hester presided at the business meeting. Minutes of the last meeting were read and approved. The treasurer's report was given.

Estha Coffee was leader for the day. She gave a resume of March and this is the month for Texas Independence Day. She then had each one answer for roll call to give their idea of "A different life style of coming generations." Lula Bond gave an article on "The next 50 years." This was taken from the U.S. News. This was very interesting and we heard about

all the new super drugs which will be able to take care of a lot of our bad diseases, like cancer, etc. Also the advances in surgery which they will have.

Irene Hester gave an article on "Squinting

into the Crystal Ball." She asked "High Tech- is it a blessing or a curse? There is no stopping America's Technological revolution, as it creates both opportunities and jitters. The big pay offs are still ahead,

along with concern over lost jobs. Seven members were present and two new members were

welcome, Iris Preston and Mary Agnes Haney. Refreshments were served by the hostess.

"Klatter Kombo" plays for Sweetwater group

On Thursday, the Lorraine Senior Citizens "Klatter Kombo" travelled to Sweetwater to entertain the SNAP Group.

Coffee in December 1983. It has proved to be a source of real fun for the group. It presently has 23 members whose ages range from 65 to 90.

Their instruments include such items as Tupperware bowls, sifters, sticks, washboards, col-

landers, metal tubes, burner-covers, a nail keg and lively tambourines, along with bells and the harmonica. The group also sings.

Mrs. W. A. Taylor, accompanies the band at the piano.

West Texas Relays "tough" for Wolves

By TONY FRANCO
"Tough" was the word head track coach Rick Robinson used to describe Odessa's West Texas Relays held last Friday and Saturday.

Out of sixteen teams competing in the AAA division, the Colorado City Wolves track team tied for eighth place with Friendship.

The 1600 meter relay captured one of four fourth place finishes for the Pack.

After posting a time of 3:31 in the preliminaries, the team of Kevin Norman, Donny Davenport, Perry Conner and Mike Ligon came back to run a 3:37 in the finals.

Jay Claxton, CHS top long distance runner, placed fourth in two events. In the 1600 meter run, Claxton took fourth with a time of 4:47 and then added another fourth place finish with a time of 10:25 in the 3200 meter run.

The Wolves other fourth place finish came from shotputter Fred Dakan, who threw the shot 48'.

Larry Hamilton, Davenport, Conner and Joey Ritchey made the finals of the 400 meter relay with a time of 44.8 and then took fifth place with a 45.8.

Dennis Rivera added another fifth place for Colorado City by running a 42.15 in the finals of the 300 meter intermediate hurdles. Rivera's prelim time was 41.46.

"We had some kids run really well but just missed getting in the finals," said Coach Robinson.

Davenport, in addition to his leg on the 1600 meter relay, also reached the finals of the 800 meter run.

"A meet like that helps because the competition is strong," said Robinson.

The 27 points the Pack scored represent the

most points Colorado City has ever recorded at Odessa's West Texas Relays.

After two weeks of competition coach Robinson feels district 6-3A looks a little more even now.

"Crane and Sonora are really looking good," said Robinson. "Crane has good athletes but Sonora has had two good showings."

Team totals for the meet, won by Slaton with 91 points, were Kermit in second with 77, Merkel 74, Muleshoe 67, Odessa JV 44 one-third, Stanton 31, Crane 30, Colorado City and Friendship 27, Seminole 23 one-third, McCamey 11, Coahoma nine, Permian JV seven, Alpine four, Van Horn two and one-third and Plains zero.

Colorado City next competes at Ozona's Relays this Friday (tomorrow). Field events begin at 2:30, running prelims at 4:30 and finals at 6:30 p.m.

Girls take second

By TONY FRANCO
The Colorado City girls varsity track team, behind the four first place finishes of sophomore Sandra Williams, totaled 103 points to take second place at Lamesa's Tornado Relays held last Saturday.

Lake View, with 131½ points, won the meet that included seven 4A schools and the Wolves. Williams, a strong bet to return to this year's state meet, won the 100 meter dash, the 200 meter dash, the long jump, the triple jump and anchored the winning 400 meter relay.

In the 100 meter dash, Williams won with a time of 12.8. Juanita Green took sixth place in the event with a time of 14.19.

Williams' winning

time in the 200 meter dash was 27.55 with Dora Andrews taking sixth place with a 28.91.

A 16'8¾" long jump and 35'1" triple jump provided for Williams' other first place finishes.

Green, Lynn Scott, Sherry Fite and Williams won the 400 meter relay with a time of 52.37.

Fite, also a sophomore at CHS, won the 400 meter dash with a time of 63.41.

In the 800 meter relay, Green, Jody Huff, Andrews and Scott raced to a second place finish with a time of 1:57.03.

Yvette Camp, Huff, Fite and Andrews, the Wolves 1600 meter relay team, took third place with a time of 4:34.02.

Huff, with a throw of 82'½", also won a fifth

place finish in the discus.

Another fifth place finish was captured by sophomore Janie DeLoera, who ran the 100 meter hurdles in a time of 18.25.

"I'm really pleased," said coach George Martin of his squad. "They all competed and performed very well, but we're hurting in the long distances."

Colorado City trailed champion Lake View 66 to 22 after the field events but then outscored the Maidens in the running events to close the gap.

The Lady Wolves next compete at the Big Lake Relays this Saturday. Field events are scheduled to begin at 10 a.m. and running prelims at 1:30 p.m.

Middle School tracksters put on a good show

By TONY FRANCO
The Colorado Middle School track teams put on a show last Saturday, winning 13 out of a possible 14 trophies, including all four team championships of the Junior Lone Wolf Relays. The eighth grade boys, paced by 12 first place finishes, totaled 226 points to easily capture their division.

Double winners for the eighth grade Wolves were Ismael Silva in the 1600 and 3200 meter runs, Ito Davila in the 400 meter run and long jump and Eduardo Melendez, who won a first in both the 110 and 300 meter hurdles.

Other eighth grade first place finishers were Guy Compton in the high jump, Cory Flanagan in the discus, Tom Davenport in the 200 meter dash and Bill Dossey, who led a first, second and third place sweep of the shot put.

The eighth graders also won both the 400 and 1600 meter relays. By beating Coahoma 184½ to 167½, the eighth grade girls had the closest race in winning their division.

Pacing the Lady Wolves were first place finishers Debra Luera in the discus, Margie Beltran in the 800 meter run and Jennifer Monroe in the 200 meter dash.

also won the 800 and 1600 meter relays.

Beau Rees won the shot put, discus and the 400 meter run to pace the seventh grade boys to their division championships.

Other first place finishers for the team included John Cantu in 3200 meter run, George Lara in the 110 meter hurdles and Bubba Bailey in the 300 meter hurdles.

The seventh graders also won both the 400 and 1600 meter relays.

The seventh grade girls won eight of 10 running events to overcome a strong Midland Greenwood showing in field events.

First place finishers were Amie Arnett in the 800 meter run, Denise Lowrance in the 100 meter hurdles and Sheila Monroe in the 200 meter run in the 200 meter dash.

Amy Aguilar led a first, second and third sweep of the 3200 meter run, as did Kim Wulfjen in the 400 meter dash.

The seventh grade Lady Wolves also won the 400, 800 and 1600 meter relays.

MORGAN HOME STORAGE, HOBBY AND RECREATIONAL BUILDINGS

Morgan

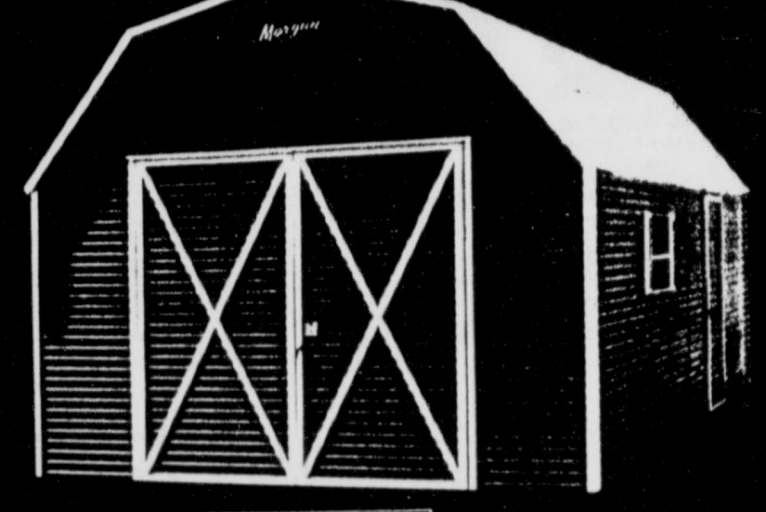

ECONOMY BUILDING

ECONOMY BUILDING
Morgan's most versatile, heavy-duty building. Stronger than "shed" buildings, lasts years and years. The Economy style is equally at home in your backyard or at your business. Beautiful, galvanized steel siding with matching steel trim coated with baked-on enamel finish (handsome, hardboard siding also available). All standard Morgan quality features are available including a heavy-duty floor system. Chemically treated girders and floor joists resist rot and termite decay. Also, galvanized steel hinges on Morgan's toughest door frame. Rough-duty swing door and key lock for security. Available in New Deluxe Economy style with windows for ventilation and added illumination. (See photo on reverse side).

Sizes: 8'x6', 8'x8', 8'x10', 8'x12', 8'x14', and 8'x16'

THE BARN

THE BARN
The Morgan barn captures the rustic gambrel roof of old to fit well in any setting. Over-width double doors (available in 10, 12 and 14 foot wide models) provide ease of entry for bulky items such as lawn and garden tools, riding mowers, even tractors. Perfect for farm and ranch, hay or feed storage, horseman's tack room. This beautiful building, accented with durable and attractive siding materials, will keep its looks year after year. Single door available on smaller models.

Standard Sizes: 7'x8', 8'x8', 8'x10' and 8'x12'
Large Sizes: Standard sizes 10'x12', 10'x16', 12'x16', 12'x20', 12'x24', 12'x32' and 12'x40'. Available in 14' width in certain areas.

DUTCH BARN

DUTCH BARN
Here's Morgan's unique storage/hobby building series with a flair. The combination barn roof and "end-wing" create the unique styling of the Morgan Dutch Barn. Varied accents available on exterior "wing" include transparent acrylic, providing more interior lighting. The Dutch Barn is very functional with built-in work benches leaving the do-it-yourselfer with ample working area. There's generous storage space below the benches and along the walls, too.

Sizes: 8'x8', 8'x10', 8'x12', 8'x16'

THE GREENHOUSE

THE GREENHOUSE
Finally, a greenhouse that stands up to constant use and weather year after year. With built-in benches there is ample growing room, and overhead bars for hanging baskets. Plus, there's a surfaced area in the rear for potting, storage or additional plants. The screened aluminum storm door has top and bottom glass panels. Acrylic covering diffuses light evenly so there's no glare, and screens deflecting ultraviolet light. Louvered aluminum rear vents open and close with air flow for added ventilation and circulation. All wood is treated with Cuprinol to inhibit warping, cracking, rot and mildew (will not harm plants).

Standard sizes: 8'x8', 8'x10', 8'x12', 8'x16', 8'x20', 10'x10', 10'x12', 10'x16' and 10'x20'

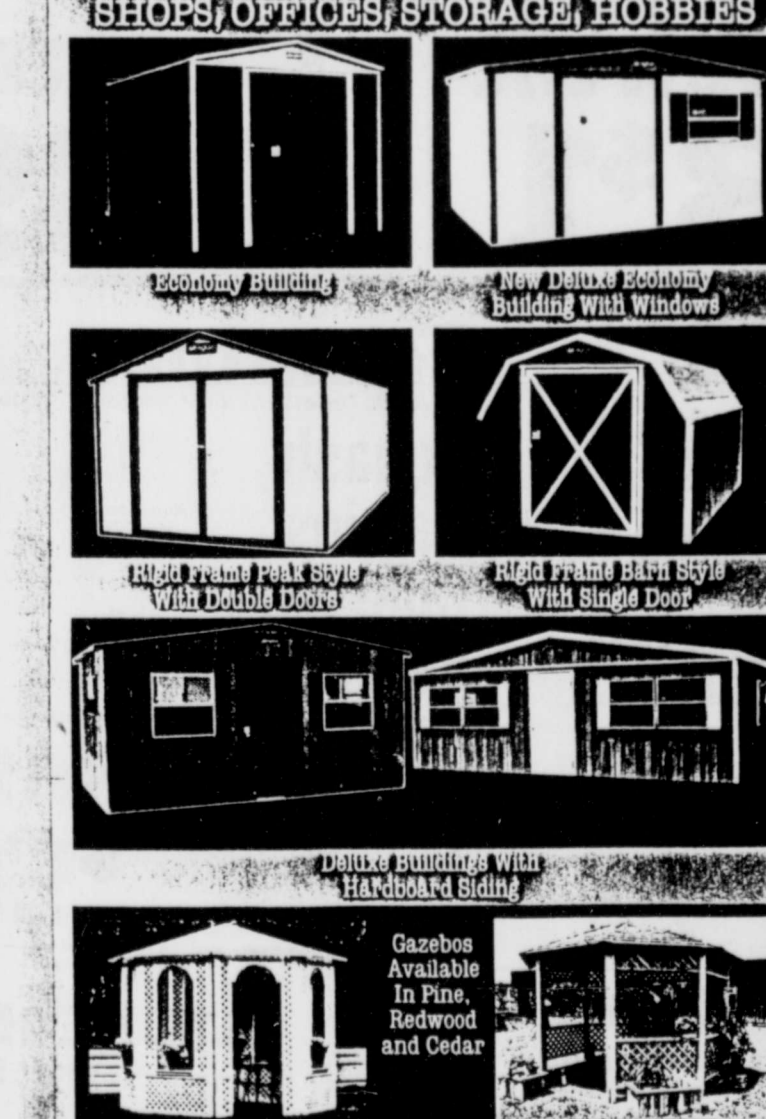

DELUXE SERIES

LINED BUILDING — Once this Deluxe model building is completely wired and insulated by Morgan, it can be your cabin, guest cottage or additional office space. Lined (paneled) buildings offer rich, exposed beam ceilings, attractive window treatments, and full-height doors. Multiple windows provide maximum lighting exposure. Options include carpet, tile, heating, air conditioning, plumbing and more. Available with ceiling and insulation. Available in 10', 12' and 14' widths with varying lengths. If we don't have what you need in stock from over 75 building styles with hundreds of options, Morgan will custom build for you.

UNLINED BUILDING (non-paneled) — The Deluxe series offers maximum storage area to fit any requirements. Unpaneled gives the hobbyist enough wall and floor space for ceramics, woodworking or large repair tasks. Options include single or double window arrangements, additional windows in front and/or side available. Do-it-yourself finishing on inside for office or recreation. In the end of the Jewish Ceremonial Law Service, the Lord Jesus Christ sat to take the last prepared Passover of that age. He was closing the book of dead sacrifices and ushering in the age of living and spiritual sacrifices. Rom. 12:1; Heb. 13:14-15; and Pet. 2:5. In all four of the Gospels, we read the account of the Passover. However, only in John do we read of the washing of the feet of the apostles. I would call to your attention that John, the beloved disciple, displayed the humanity and the realness of God being manifested in the flesh more clearly than the entirety of the rest of the New Testament. And the man, yet Lord of all, washed the feet of his disciples, and was very clear in setting this as an example they should follow. John 13:13-14-15 states: "Ye call me Master and Lord: and ye say well; for so I am. If I then, your Lord and Master, have washed your feet; ye also ought to wash one another's feet. For I have given you an example, that ye should do as I have done unto you." We can readily see that He said they should follow His Example. Many times in the spiritual warfare of this life, is would be an insult to our dignity to physically wash our brother's feet. Yet, until our dignity has been removed and we have denied self, Mat. 16:24, we are not able to enter into the kingdom as described in Mat. 18:1-5. This practice was continued in the early church. One of the requirements of the widow-in-deed was that she had washed the saint's feet. 1 Tim. 5:10.

That service will be observed by the Primitive Baptist Church Saturday, March 17th at 2:00 P.M.
The Church is located at College and Terrell.

We encourage you to come witness the observance of this scriptural practice by this body of believers in your community.

PUBLIC NOTICE

The City of Colorado City as part of its Community Development Block Grant (CDBG) program is seeking qualified applicants for participation in the housing rehabilitation program. The program provides for the rehabilitation of existing owner-occupied housing for low and moderate income persons. Homes must be located in the CDBG designated area in the northwest part of town, as outlined in the CDBG application on file in City Hall. Homeowners must meet income guidelines and owner criteria as set forth in the Rehabilitation Program Guidelines.

Interviews with prospective applicants will be conducted March 20 and 21 at the Civic Center from 10 a.m. to 4 p.m. both days. Applicants should bring proof of income (i.e., social security payments, payroll stubs) and proof of ownership along with any other documentation as to savings accounts, other property owned, home insurance, etc. This information will be kept confidential.

All interested persons regardless of age, sex, national origin, race, or religion are encouraged to apply. Eligible applicants will be determined on a "first come, first served" basis with priority given to elderly persons living alone and to handicapped persons.

NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT

Sparkman Producing Company, 777 Taylor St., Suite 11, A Fort Worth, Texas 76102 has applied to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil or gas. The applicant proposes to inject fluid into the San Andres H.G. Kruse, Well Number 7. The proposed injection well is located 6 miles NW of Colorado City in the Sharon Ridge (1700) Field, in Mitchell County. Fluid will be injected into strata in the subsurface depth interval from 1535 to 1542 feet.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Underground Injection Control Section, Oil and Gas Division, Railroad Commission of Texas, Drawer 12967, Capitol Station, Austin, Texas 78711 (Telephone 512-445-1373).

NOTICE OF HEARING BEFORE THE TEXAS WATER COMMISSION OF AN APPLICATION TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS

Notice is given that COLORADO RIVER MUNICIPAL WATER DISTRICT P.O. Box 869, Big Spring, Texas 79721-0869, applicant, seeks to amend its Certificate of Adjudication No. 14-1008 pursuant to S11.122, Texas Water Code, and Rules 156.04.10.004-006 (31 TAC 6347.24-347.26).

Certificate of Adjudication No. 14-1008 authorizes the applicant to maintain a dam on the Colorado River in Coke County creating Lake E. V. Spence with a capacity of not to exceed 488,760 acre-feet and to maintain an off-channel reservoir (referred to as Barber Reservoir) in Mitchell County with a capacity of not to exceed 2500 acre-feet of water diverted from a designated point on the Colorado River. The certificate authorizes the municipal use of not to exceed 40,000 acre-feet of water per annum diverted from Lake E. V. Spence, the industrial use of not to exceed 2000 acre-feet of water per annum diverted from Lake E. V. Spence and the mining use of not to exceed 8000 acre-feet of water per annum diverted from Lake E. V. Spence (of which the District may divert not to exceed 6000 acre-feet of water per annum from the authorized diversion point on the Colorado River to Barber Reservoir for mining use). The certificate includes a special condition that the Colorado River to Barber Reservoir can take place only when the chloride content equals or exceeds 500 PPM.

The certificate authorizes three diversion points on Lake E. V. Spence and indicates that the combined maximum diversion rate at all four points of diversion will not exceed 156 cfs. The time priority of the certificate is August 17, 1964.

The certificate includes a special condition concerning use of water from Lake E. V. Spence in combination with use from the District's Lake J. B. Thomas (Adj. Certificate No. 14-1002) and special conditions designed to protect and honor downstream senior and superior water rights.

The applicant seeks to amend Certificate of Adjudication No. 14-1008 as follows:

1. To authorize construction of a channel dam forming a 3.4 acre-foot capacity reservoir on Beals Creek, tributary of Colorado River, Colorado River Basin, in Howard County, about 5 miles east of Big Spring;

2. To authorize a diversion point on the reservoir created by the Beals Creek Channel dam that is S 82°52' E, 2910 feet from the NE corner of the O. M. Brack Survey, Abstract No. 1518, Howard County, with a diversion rate of 25 cfs;

3. To authorize construction of a dam forming an 8538 acre-foot capacity reservoir on Red Draw, tributary of Beals Creek, about 1.5 miles south of the proposed channel dam on Beals Creek;

4. To authorize use of the water diverted at the proposed Beals Creek diversion facility and stored in the proposed Red Draw Reservoir to satisfy up to 6000 acre-feet per annum of the existing allocation of 8000 acre-feet per annum for mining purposes;

5. In addition to the presently authorized diversion points on Lake E. V. Spence, to authorize use of the water diverted at either the existing Colorado River diversion point in Mitchell County or the proposed Beals Creek diversion facility and stored in either the existing Barber Reservoir on the proposed Red Draw Reservoir to satisfy the existing allocation of 2000 acre-feet per annum for industrial purposes; and

6. To authorize use of 50 acre-feet of water from Beals Creek for construction purposes during construction of the proposed Beals Creek and Red Draw facilities.

The proposed channel dam on Beals Creek will be in T&P RR Co. Survey No. 7, Abstract No. 107, Howard County, with Station 1+00 on the centerline of the dam being S 81°57' E, 2932 feet from the aforesaid Brack Survey corner. The proposed dam on Red Draw will be in T&P RR Co. Survey No. 13, Abstract No. 158, Howard County, with Station 26+01 on the centerline of the dam to be S 09°42' E, 2628 feet from the NE corner of T&P RR Co. Survey No. 13.

Water diverted from the proposed Red Draw Reservoir will be diverted at a point S 02° 45' E, 3080 feet from the NE corner of T&P RR Co. Survey No. 13, at a maximum rate of 25 cfs, all being more fully set out in the application.

This amendment to Certificate

of Adjudication No. 14-1008 was accepted for filing on March 6, 1984, and a hearing thereon will be held by the Commission in the Stephen F. Austin State Office Building at 1700 North Congress Avenue in Austin, Texas, on April 12, 1984, at 10:00 a.m.

Those opposing the granting of this application may appear at the hearing and/or, not less than eight days before the hearing date, may file written protests with the Commission and serve copies on the applicant with proof of service to be provided to the Commission. Written protests shall contain the name and address of the protestant, an identification of the pending application, the basis of protestant's interest, location of protestant's diversion point (s) or property, if applicable, and any amendments or adjustments to the application which would result in a withdrawal of the protest. The written protest will be noted by the Commission but will not be considered as evidence since the right to cross-examine is absent. No protestant will be admitted as a party to the proceeding unless the protestant complies with the Commission Rule 155.04.00.001 (31 TAC §267.1) which requires a justifiable interest and actual or representative presence at the hearing. If any party participating in the hearing desires a transcript of the proceedings, it will be done at the request and expense of the party requesting the transcript. Due to the technical nature of the hearing, it may be advisable for the protestant to have an expert witness, such as an engineer, available at the hearing. Persons desiring further information in connection with this application may contact Mike Rogan, P.O. Box 13087, Capitol Station, Austin, Texas 78711. "Ready" Class enjoys salad supper Monday

Members of the "Ready" Class of First Baptist Church Loraine enjoyed a salad supper at the church fellowship hall Monday night when Ruby Lee Small, Lee and Allie Ruth Wiggins hosted the March meeting.

Rosie Hamrick gave the invocation before the meal.

Mrs. Snyder brought the devotional using the subject, "The Importance of self control of our minds and body." She said the Lord will give us strength to be temperate in all things. We should honor our Christ with doing His will. She closed her talk with the poem "What is Love."

Ruby Lee Small, president, presided over the business when the class planned to serve the Monday dinners during the revival services to be held March 25-April 1st.

During the social

hour, Juanice Butler, as "Minnie Pearl of Valley View" told her life's story which proved to be very entertaining and livened up the party. She also accompanied at the piano as all took part in a sing song.

Present were Mmes. Bertha Fay Snyder, Estelle Lee, Estelle Merritt, Domingo Galvan, Juanice Butler, Billie Schroeder, Rosie Hamrick, Geraldine Parnell, Gladys Hart and Billie Ruth Tartt.

Coldways arrive home

Mr. and Mrs. Leonard Coldewey arrived home Thursday after being in the Texas Valley at Mission, Texas the past five months.

They report the Valley looks very desolate since the unusual severe prolonged freezing weather there this winter which killed most of the citrus fruit trees, as well as tall pine trees, etc. The trees that had been kept watered suffered most as the trunks burst. Some of the ones that were dry may put out, but will take a long time for the Valley to be brought back to its beautiful state they said.
