(Q) Is there anything that can be done about people throwing their trash (everything from weeds to watermelon rinds) beside their garbage cans instead of in them?

When it rains, all this garbage washes out of the alley and into the street and it looks terrible. Besides, it seems very unsanitary, especially in the summer months.

(A) City Manager Rick Crowley said that anyone who observes such a violation of city ordinances should report it to city hall, noting that the person should give the address of the person committing the violation so that steps can be taken to correct the problem as soon as possible. He also said that the person making the report should give their name, though their name will not be used when the city is making contact with the offender.

He added that a citizen could file a complaint himself by contacting the municipal judge.

Crowley wants to remind residents that city ordinance requires that garbage be placed in cans not exceeding 30-gallon size and that the cans must be placed on racks made for that purpose. The cans should also be covered, he said.

Hospital board decides

Credit cards to be accepted

In a surprise move during a called meeting of the Mitchell County Hospital Board on Tuesday night, the members voted to begin proceedings to be able to accept Visa and MasterCard credit cards for hospital services.

The board hoped that such action would en-

able the hospital to improve their collection rate, particularly in emergency room cases.

The problem of the low collection rate in emergency room cases, which is currently only 40 percent, came up earlier in the meeting when Dr. Pat Thomas and Dr. George Lind-

sey, representing Dr. Bill Jones and Dr. Tommy Noonan as well as themselves, appeared before the board to request that the hospital compensate the doctors on call during nights and weekends on a per patient basis, leaving the hospital responsible for billing the patient.

Thomas stated that, under the current practice of the doctor being responsible for billing the patient for emergency room care, "It doesn't cost me in money, but time is all we have to sell."

He also said that the major problem was the fact that many indi-

gents, especially obstetric cases, deliberately used the emergency room because they did not intend to pay.

While a physician occasionally treats an indigent patient by choice, Thomas noted, "I like to be in a position where I can decide for myself."

Board member Bobby

Lemons commented that the hospital also lost money in many of the same cases that the doctors did and board President Bob Reilly said the solution proposed by the doctors "would help the doctors but not the hospital."

Lemons told the doc-

Moyer's escape from the cab was made possible by a Big Spring man, Jesse Abel, when he threw Moyer an electrical extension cord and pulled him out of the cab and back up on the bridge. Also involved in the accident was a car driven by a New Mexico man. Neither person was seriously injured.

White Cane Week sponsored by club

This week, March 7-14 has been designated as Lions White Cane Week in Texas, and March is National Sight Conservation Month.

The Noon Lions of Colorado City will be asking for donations to help them with their sight conservation work.

The Lions help for sight seeing dates back to 1925 when Miss Helen Keller challenged the Lions Clubs of America to serve the blind and needy with impaired vision.

J. O. Dockrey, chairman of the Sight Conservation Committee says the money is to purchase glasses for needy children and to support the district eyebank in Midland. Last year 50 children were provided glasses by the Lions.

Spelling bee draws many contestants

More than 40 Mitchell County students will be participating in the county-wide spelling bee sponsored by the Colorado City RECORD to be held at 1:30 p.m. Thursday, March 24 in the Civic Center.

Students from Colorado City, Loraine and Westbrook Schools will be competing for a one-day trip to Lubbock for the regional contest, as well as the plaques that will go to the first and second place winners.

Pronouncer for the spelling bee will be George Womack and judges will be Bob Reilly, Mrs. Rex McKenney and Billie Ruth Tartt.

The Lions will also be providing travel expenses for a local person to go to Los Angeles to pick up a guide dog.

Council accepts Abilene firm as bond advisor

The regular meeting of the City Council, Tuesday night, accepted the bid of the First Southwest Company of Abilene to become the financial advisor for Co-

lorado City in preparing and selling the bond issue, if passed, for Colorado City's sewer improvement program.

Improvements and repairs to the Colorado

City sewer plant are expected to cost \$750,000. The First Southwest Company will charge a fee of \$9,000 for its work in connection with the bond election and the bond issue, if passed.

The bond issue will add about twenty-one cents per hundred dollars of valuation or \$2.00 for property valued at \$1,000.

City Manager Rick Crowley said Tuesday night that the city could do it, or the state will step in and do it, setting a tax rate sufficient to pay off whatever the state spends in redoing the sewer plant.

State officials have played a major role in the development of the plan to improve the sewer treatment plant, a plan which will come before Colorado City voters on April 2 in the form of a bond election.

Their first involvement came in notifying the city that the existing situation at the forty-year-old facility was un-

acceptable to the State of Texas and that the State would mandate correction of the problem; State officials then moved quickly to schedule an enforcement conference and summoned city officials to Austin to attend.

A seven-member delegation, which included Mayor Elmer Martin, Mayor Pro Tem Jesse

No decision reached on prisoners' board bill

Representatives of the City of Colorado City and the City of Loraine met with the Mitchell County Commissioners and Sheriff Wendell Bryant Monday afternoon in a called meeting of the Commissioners to discuss the board bill for prisoners held in the county jail, but no decision was reached about the amount that each city should pay for the housing of their prisoners.

and Bryant.

Bryant told the group that it currently cost the county \$27 per day per prisoner, excluding salaries, insurance, transportation to medical facilities, etc. and that the cities were paying only \$3 per day per prisoner. The cost of the food before it was prepared was \$5.65 each, he added.

Physician hopes to provide insight

Dr. Bill Jones

Dr. Bill Jones, the only physician who has filed for a place on the Mitchell County Hospital Board, stated as his reason for running for that position, "If I'm on the board, I can contribute information to the other members regarding the everyday problems the hospital has

and the needs of the hospital and if they're looking for a solution maybe I can have some insight into how to solve the problem."

He added, "I think I can function as a good go-between for the hospital board and the medical staff when there are problems."

Jones continued, "As a citizen, I'd like for us to have a hospital we're proud of and that we have confidence in. As a physician, I'd like to have a hospital that I have confidence in and that has the equipment that I need to practice good medicine. The hospital board is the board that makes those decisions and I want to be part of it."

In conclusion, he stated

Farm Equipment Auction slated

The Colorado City Kiwanis Club will have its annual Consignment Farm Equipment Auction Saturday, March 12 at 10 a.m. at the Mitchell County Fair Grounds located one mile West of Colorado City on Highway 80.

This is the second year for the Kiwanis fund raising activity. According to Kiwanis President Tom Levell, last year the club's board members got toge-

ther and decided the auction would be a good money making project that would benefit the community.

Lovell said that Grady Morris was responsible for the auction, and would be the auctioneer. Lunch at the auction can be purchased at the booth sponsored by the Mitchell County Chapters of the Texas Extension Homemakers.

State played role in improvements

Munoz, City Manager Rick Crowley, City Attorney R. L. (Pete) McKinney, Director of Public Works Buzz Rich and Council members Macca Findley and Ray Mason, did attend and met with representatives from the Enforcement, Permit and Legal Divisions of the Texas Department of Water Resources as well as

representatives of the State Department of Health.

As a result of the meeting, State officials decided not to proceed with legal action against the city provided that several conditions were met within a specified time schedule.

The city complied with these required in-

terim improvements which involved about \$25,000 in expenditures for equipment, engineering services and operational adjustments.

The city selected the \$750,000 project which is to come before the voters as the most attractive available for compliance with State standards.

The project would include complete renovation of the plant, construction of additional treatment lagoons and irrigation with the option to discharge after treatment (if the weather should require it).

It was determined that what is known as a

"30-90 permit" which is issued by the Texas Water Commission would be required in order for the plan to be viable. However, it was necessary to obtain approval from the Department of Water Resources before being considered by the Water Commission.

The city then presented its plan, formulated by Freese and Nichols, engineers, as the best plan for correcting plant's problems. State officials, engineers and legal representatives reviewed and evaluated the plan for compliance with state regulations and its potential impact on the state's rivers and

streams.

The plan was approved with several additions and alterations.

The next step was to present the plan to the Texas Water Commission.

The three member commission then considered the proposal on two separate occasions. The city purchased (for \$500) an option to buy easements and property necessary to implement the plan (which would total \$50,000) from M. W. Hammond. The Commission issued the "30-90 permit" and the city was ready to approach voters to finance the project.

Council members voted Tuesday night to call the \$750,000 bond election on Saturday, April 2, the same date as the election of city council officers.

If the election passes and the project begun, the State will again have the opportunity to review the work of the city's engineers through examination of plans, specifications and design.

City Manager Rick Crowley said that the plan had been thoroughly studied by city engineers, the mayor, the council and staff, as well as state officials ranging from administrators to attorneys to engineers to public interest advocates. "In each case the plan has been found to be sound in every respect," he said.

Dockrey said that miniature white canes will be given to those making donations to the cause.

A WESTBROOK volunteer fireman helps fight one of the largest grass fires in Mitchell County last Saturday night. Colorado City Volunteer Fire Chief Jerry Hammond estimated about 200 acres were burned in Mitchell County. The fire apparently started from a passing train and firemen from Colorado City, Westbrook, Coahoma, Sand Springs and Jonesboro were called in. Hammond said the fire burned from Coahoma to Westbrook along the railroad tracks. Approximately 40 firemen were on hand.

Bryant suggested that the two cities pay more than the \$3 to help defray expenses of the county in housing their prisoners, possibly \$20-\$25.

Shackelford noted that conversations with other commissioners during a conference he and Hunter had recently attended indicated that most cities paid \$35-\$40,

Some equipment to be auctioned off will be an eight foot International grain drill, a 1974 Heston stripper and basket and a two row Chisel Ford plow.

Miscellaneous items include 50 pound sacks of cottonseed, barrel pump and 11 by 16 front tractor tires.

sometimes \$50 per day per prisoner.

Hunter presented the group with figures he had calculated on the basis of expenses last year on an average of eight prisoners per day. The amounts he quoted, which did not include building costs, repairs, equipment, and so forth, were: supplies, \$2.67; food, \$5.35; salaries, \$13.65; utilities, \$2.75.

He also stated that the Jail Standards Commission now required another jailer which would average \$5.52 per day per prisoner.

While Crowley agreed that "Three dollars a day is not adequate," Martin counseled further study of the problem, noting "The point is what's fair to all taxpayers," since the taxpayers paid to both city and county.

Logsdon stated that the records should reflect from which source the money came.

Martin and Crowley,

as well as Brewer, said that they would take the county's proposal to the city councils for discussion, a plan the Commissioners readily approved.

Those assembled agreed to meet again at a later date to come up with a solution to the problem.

After the discussion, County Auditor Martha Smith appeared before the Commissioners with a request to place some of the idle county funds from the Road and Bridge Special account in First State Bank at Lorraine, Col-Tex Credit Union, Colorado City Savings and Loan, Home-state Savings and First National Bank.

The Commissioners voted to place up to \$100,000 (the maximum amount federally insured) into each of the banks in interest bearing accounts with interest at or above the other types of investments available.

complex at the corner of Waco and 10th Street, asked the council to share in the cost of paving one half block of Waco Street. The half block lies at the entrance to Andrea Gardens, the new apartments expected to open about April 2nd.

The council told Van Dell to get a rough estimate of costs for the project and to contact the landowner on the west side of the half block to see if the person owning the land would be willing to participate in a paving project.

In other business—The council held a public hearing to discuss possible uses for revenue hearing. Shirley Delaney requested \$3,500 to be used for the Wallace Center. Her request was the only one made.

City Manager Crowley said that \$68,600 is to be distributed.

The council voted to hire an administrative service to oversee spending the Community Development Block Grant recently received by Colorado City. Authorization was given City Manager Crowley to advertise for bids to supply this service.

The council authorized Crowley to advertise for bids for eight inch and ten inch pipe to be used in the rush northside water program. Director of Public Works Buzz Rich said that one of the pleasant surprises during the "get ready" period was the discovery of conduit under Interstate 20 with 10 inch pipe in place.

The council retained H. P. Lee, retired highway department employee, to inspect seal coating under a planned street improvement program.

The council tabled the establishment of a police department firing range on land owned by Jim Kelley until questions concerning liability could be resolved.

tors, "We're sympathetic to the problem," however, the fact that the money would have to come from the taxpayers had to be considered.

According to figures compiled by hospital administrator Ray Dillard, if the hospital paid the doctors \$35 per patient for emergency calls only on the weekends (based on the number of cases last November), the net loss to the county because of the 40 percent collection rate would be about \$20,000; if the doctors were compensated for nights as well as weekends, the loss would amount to approximately \$120,000-\$150,000 per year.

The matter was not resolved during the meeting, and both groups agreed to conduct further studies into the problem and meet at a later date to try to come to a decision.

Track teams kick-off season

The Colorado City Wolves seventh, eighth and ninth grade teams kicked off the 1983 track season last weekend with the Optimist Relays held in Big Spring.

The tracksters survived blowing dust and some very tough competition in their season opener. Entered in the meet were teams from Midland, Odessa, Snyder, Big Spring, San Angelo, Sweetwater and Levelland.

The seventh graders fared the best of the teams by scoring 53 points, paced by a first place performance of the 1600 meter relay team composed of Eduardo Melendez, Cary Ritchey, Israel Davilla and Tom Davenport. The foursome clocked a 4:15.33. The splits for the relay were Melendez, (66.3), Ritchey (63.1), Davilla (60.0) and Davenport (64.1).

The sprint relay team of Melendez, Davilla, Davenport and Ken Norman finished fifth with a

time of 53.10. Melendez placed fifth in the long jump with 15-5, Ismel Silva placed second in the 800 meters, 2:32.4. Davilla won the 400 meters with a 58.80 and Davenport placed sixth in the 200 meters with a 27.91. Silva came back to capture the 1200 meters with a time of 4:01.68.

The eighth grade scored 22 points led by Wylie Dakan's first place finish in the 1200 meters with a time of 3:52.3. Domingo Salazar took second place in the 400 meter with a 57.82.

The 400 meter relay team of Jerry Salazar, David Birmingham, Domingo Salazar and Ralph Gonzales places sixth with a 51.26.

In doubles competition Trey Cade and Tim Nowell won one and lost three matches, while Gerry Hamilton and Tony Nobles lost four

A complete set of revised rate schedules has been filed with the Public Utility Commission at Austin, Texas, and is available for public inspection in each of the Company's Business Offices in the State of Texas. A summary of the Company's rate filing has also been sent to the Mayor's Office of each affected Municipality.

Garbage collection bid awarded to Rose

Loraine City Council members hired a new garbage collector Tuesday night at their regular scheduled monthly meeting. Sylvester Rose submitted a bid of \$2.00 per residential city water meter, to pickup trash once a month using a truck with a compactor.

The contract will become effective in April.

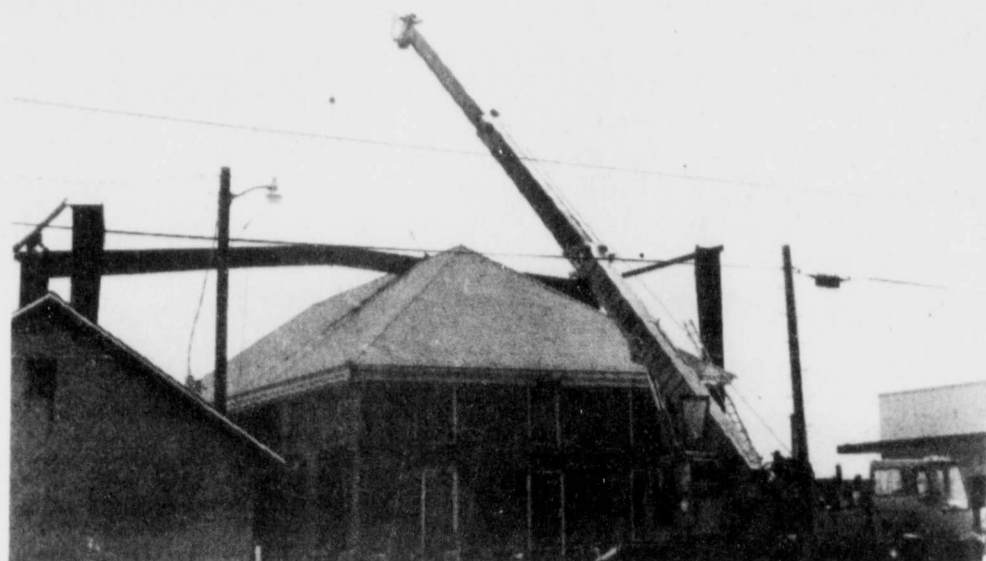

Council members also awarded a bid to Mitchell County Utilities for a new water line on Colorado St. The amount of the bid was \$4,912.32.

Also board members rescinded an ordinance that dated back to 1907, which prohibited the burning of trash in the city limits. Members also talked about the necessity of meeting for a workshop to review all ordinances as some need to be updated or deleted. The date will be set at the next meeting.

In other action: board members approved the purchase of six new coats and six new pairs of boots for the Loraine Volunteer Fire Department. The purchase price was not to exceed \$1,260.

Gave City Attorney Frank Conard permission to start researching the procedures council members can take to condemn some old buildings in downtown Loraine. Most council members feel the old buildings have become a safety hazard to the citizens and want them repaired or torn down.

Also discussed legal ways in which the loose dog ordinance can be enforced. The matter was tabled until city secretary Kay Nell Cornutt can locate a dog pound which the city can use.

WORK ON THE Colorado City Playhouse has resumed Monday since verbal approval has been received from the United States Post Office. Plans for the expansion of the structure were delayed when it was discovered that there was a misunderstanding about where the property line between the playhouse and post office was located. When it was discovered that the property line was approximately three feet closer to the playhouse than was originally believed, the

playhouse directors offered to buy the land

and the post office has agreed to the sale.

Upton to be honored

Oren Upton

Oren Upton, 16-year-old son of Charles and Louree Upton of Colorado City, is one of the Eagle Scouts to be honored at the Eagle Recognition Banquet to be held at 6:30 p.m. Friday, March 11 at the Ranchland Hills Country Club in Midland.

Upton, who achieved Eagle Scout status last May, has moved through the ranks from scout to Life Scout, having

earned 21 merit badges, giving him a well rounded set of experience.

He was also recently chosen by the Lone Buffalo District to represent them at the Boy Scouts' Report to the State at the Capitol in Austin and hopes to participate at camp in the Davis Mountains this summer as a counselor.

Jon Millington, owner of a computer service in Colorado City, has volunteered to be Upton's sponsor in the Eagle Scout Association. Upton is interested in a career in the computer field.

Tax credits available to some

Some taxpayers who are 65 and older, and some even younger, can receive a tax credit for the elderly of up to \$375 if they are single, and \$562.50 if they are married and filing a joint federal income tax return, the Internal Revenue Service says.

The tax credit for the elderly is available on 1982 federal tax returns filed by taxpayers who are age 65 or older. Even taxpayers under age 65 can claim the credit if they receive a taxable retirement income from a public retirement system and meet certain other requirements.

Because this is a credit, it is subtracted from the tax due, but it cannot be greater than the total tax, the IRS says.

The IRS will compute the credit if the taxpayer filed a filled-in Schedule R&RP, "Credit for the Elderly," with the Form 1040. The credit cannot be claimed on Form 1040A.

More information on the credit for the elderly is available in the free IRS Publication 524, "Credit for the Elderly." It can be ordered by mail using the handy order blank contained in the tax package.

Root Valley Fair Lodge

By PAM JARNAGIN

We had our Western musical last week and the group was great, as usual. The sounds of fiddle, guitar and mandolin took some of our residents "back to the old home place." One lady stated it very well: "I was raised with music like that." Everyone enjoyed the music and we are looking forward to the next musical.

Vanda Martin's two daughters were in to see her and played the piano for our residents. John Webb, Trey Cade, Charles R. Dillard, Mickie Palmer and friends were nice enough to do the polka, schottish, waltz and Cotton-Eyed

Joe. To everyone's delight, Billie Norman, our dietician, came by and did the Charleston for us. With our four days of music in our social hour we had quite a musical week.

Some of our residents started a new craft this week, as we haven't gotten our pet day started yet, we are making our own poodles.

Brother Fox, who has our Friday Bible Study, wasn't able to be here due to being out of town. We look forward to next Friday when he will be with us again.

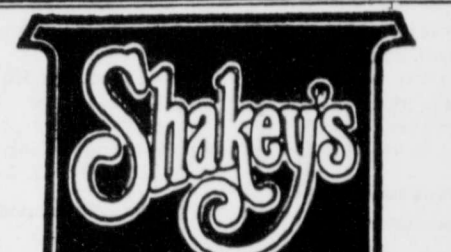

March 2 was Texas Independence Day and one of the residents who is a historian reported

that Asa Mitchell, one of the Mitchell brothers our county is named after, was a signer of the Declaration of Texas Independence, fought in the Battle of San Jacinto and was one of the Three Hundred who settled the Austin colony; he was a personal

friend of Stephen F. Austin, the Father of Texas.

As long as we are name-dropping, we want to welcome two new residents who have come to grace our home: Mrs. Nova Dunn and Lottie Pritchett. We are glad you chose us.
