Council agrees to sell effluent water to FGE

The City Council of Colorado City met Thursday evening to discuss terms of an agreement to sell effluent water, or wastewater, to the power plant company, FGE Texas, LLC. Specifics of the agreement were discussed, and changes were suggested by council members. The meeting recessed Thursday and reopened on Friday at 5 p.m., giving the counsel of FGE Texas time to make the changes specified by the city. After a phone confer-

ence with the company's lawyer, terms were agreed upon and the council voted to approve the agreement.

Time was of the essence for FGE Texas, LLC, as the company had to turn in the agreement to TCEQ in order for processing to continue on a permit application required to construct the plant. Financing for the project was contingent upon the contract.

The city has agreed to sell up

to 500,000 gallons of effluent water per day to the company, and FGE will construct the pipeline necessary to transport the water from the wastewater treatment facility located 2.5 miles east of the intersection of State Hwy. 163 and FM-1229 south of Colorado City to the plant which will be constructed near Westbrook.

No new information in Hailey Dunn case

No arrests have been made in the murder case of Hailey Dunn, and there is no new information being made available to the public, according to FBI Media Representative Kary Chaumont. The teenager went missing on December 27th, three years ago, and her decomposed body was found near Lake J.B. Thomas March 16th of this year.

Billie Jean Dunn first reported her daughter missing on December 27, 2010, saying she had left

home to walk to a friend's house to spend the night. Dunn said that her daughter never made it to the friend's home.

When the 13-year-old missing teen failed to reappear, local police began an investigation that led them to name the girl's mother, Billie Dunn and her boyfriend, Shawn Adkins, as persons of interest in the case.

The two both failed polygraph tests, leading people to believe

Commissioners approve roofing bid, CD renewal

The Mitchell County Commissioners' Court met for a called meeting on Monday, December 23rd to approve payroll, pay bills and approve specifications on roofing contracts.

Payroll in the amount of \$74,272.52 was approved as presented by County Treasurer Jennifer Rivera, and payment of the bills totaling \$166,332.16, as presented by County Auditor Heidi Harris, was also approved.

Commissioners also approved the bid of \$29,876 to re-roof the tax office building, located on the corner of Hickory and 2nd Street.

Because of the size of the job, the court approved to seek bids regarding a new roof for the Mitchell County Ag Barn. Spec-

ifications include power washing the metal roof, applying seam tape to all seams, applying a base coat and top coat, and clean up of all debris. Any companies submitting bids for the job must supply at least a 10 year warranty.

Renewal of a certificate of deposit was approved by the court. Commissioners voted to renew the CD with First National Bank for four months, and Bank President Mark Waldrip agreed to keep paying .25% interest on the money.

Before adjourning, County Judge Ray Mayo said that he and one of the commissioners had been asked to meet with city officials regarding a tax abatement-like program for development of property east of town.

Prison unit plans annual holiday meal for offenders

Texas Department of Criminal Justice Wallace Unit offenders have something to look forward to on Christmas Day, as a special meal will be served that day. Barbecue brisket and all the trimmings will be served to the 1,387 offenders on Wednesday.

Serving will begin at 9:15 a.m. on Christmas and continue until 2:30 p.m., as offenders get to take their time. They will also be permitted to take a dessert plate to their cells, following the meal.

The menu will consist of barbecue ribs, brisket, ranch style beans, potato salad, vegetables with cheese sauce, buttered corn, celery sticks, olives, sweet pickles, fruit salad, cole slaw, bread, butter-milk pie, starburst cake and orange drink or tea.

In order to feed the 1300 inmates, those working in the kitchen will prepare 350 pounds of potatoes, 114 briskets and 34 cases of ribs which comes to approximately 2,770 individual long beef ribs. Offenders will be able to take a sack lunch to their cell for supper, containing bologna and peanut butter sandwiches.

Teri Marsh, Food Service Manager III and acting Food Service Captain, said preparations

are already being made, as planning begins at least two months ahead of time. She said it takes about a week to prepare all the food.

Just like at home, several dishes are made ahead of time and frozen to be reheated Christmas Day, in order for everything to be served hot. It takes 12 cooks and bakers that work in three shifts to prepare the meal. There will be 24 servers dishing out the barbecue meal.

It takes quite a bit of organization to make sure the hot food is served hot and the cold stuff is kept cold. Marsh said warming of some of the dishes will take place while breakfast is still being served. "We'll have everything ready," she said.

While confrontations can be part of everyday prison life, Marsh said that she doesn't expect to have any behavioral problems from the offenders because no one wants to miss out on the special meal.

Marsh said that she receives the beef ribs during the year from Huntsville, and they are frozen and stored until preparations for Christmas begins. This year, Frito-Lay donated 18,000 pounds of potatoes, some of which will be used to make the potato salad.

STRUCK ON THE SIDE – The driver of this Toyota Avalon pulled out in front of a Chevy Camaro near the intersection of S. Hwy. 208 and Bus. 1-20 last Wednesday. No major injuries were reported from the accident. Photo courtesy of John Bivins.

No major injuries in accident

A minor traffic accident at the intersection by Gas 'n' Grub last Wednesday caused damage to two vehicles, but no major injuries were sustained.

On Wednesday, December 18th, Carolyn Smith, driver of a 2005 Toyota Avalon, was traveling south on S. Hwy. 208 and came to a stop at the intersection of S. Hwy. 208 and Bus. 1-20. Unfortunately, Smith did not see the Chevrolet Camaro, driven by Maria Lambaren, traveling west on Bus. 1-20, and she pulled out in front of the westbound vehicle.

Lambaren tried to swerve to avoid the Toyota, but ended up striking Smith's vehicle on the back driver's side door, damaging both cars. The accident occurred around 3 p.m.

Funding approved for "energy" roads

Recognizing a growing traffic safety concern in the state's energy-production areas, the Texas Transportation Commission today awarded a \$150 million contract to Austin-Angel, JV (Austin Bridge & Road and Angel Brothers) for much-needed road work resulting from the state's oil and gas boom. The funding, part of the \$225 million provided by the Legislature through House Bill 1025 for energy sector road improvements, will allow the Texas Department of Transportation to begin repairing and rehabilitating roadways damaged by heavy trucks and increased traffic in these regions.

"The energy sector provides a tremendous economic boost to the state of Texas, but it must be supported in a manner that is safe to everyone on our roadways," said Texas Transportation Commissioner Fred Under-

wood. "Our decision today will get much-needed work started so that we can improve travel for drivers on these roads."

In 2012, crashes in Texas' five energy sectors (Eagle Ford Shale, Permian Basin, Barnett Shale, Granite Wash and Haynesville/Bossier), rose by 6 percent over the previous year, while fatalities rose 13 percent.

"While increased energy exploration and production activities are yielding tremendous economic benefits for Texas, the unprecedented volumes of heavy traffic are contributing to crashes and fatalities," said Phil Wilson, TxDOT executive director. "We are pleased that our commission agreed to fund some of these safety-focused rehabilitation and repair projects."

Overall, the \$150 million project, set to begin in spring of 2014, will improve mobility

and address safety concerns by widening damaged roadways to better accommodate the increased volume of heavy vehicles. Focused on the Corpus Christi, Laredo, San Antonio and Yoakum districts, Austin-Angel, JV will reconstruct or resurface 27 roadways and bridges in most need of restoration.

Today's \$150 million award follows September's \$75 million dollar allocation that allowed repairs to begin in the Amarillo, Corpus Christi, Lubbock, Odessa and San Angelo districts. With this action, all \$225 million provided by House Bill 1025 has been awarded to construction projects.

As the Texas oil and gas industries help move the United States toward energy independence, the state has identified more than \$400 million in immediate roadway safety needs such as repairs to severe edge damage on nar-

row roadways, deep rutting and pavement damage caused by the increased traffic associated with these activities. Estimates show an additional \$1 billion per year is needed to restore roadways heavily impacted by energy development to "good" or "better" conditions.

With more than 80,000 miles of highway, Texas has the largest highway system in the nation. In addition to the booming energy industry, Texas grows by more than 1,000 new people each day, further crowding the state's aging transportation system. The increasing number of vehicles combined with the state's aging highways will continue to require a balanced program of preventative maintenance, rehabilitation and reconstruction.

CHRISTMAS DELIVERY — Hutchinson student Jacob Deen delivers a lap blanket and Christmas card to Tom Underwood who resides in Kristi Lee Manor. Students helped with the collection and delivery of the blankets in conjunction with the Colorado City Fire Department Auxiliary.

Over 400 blankets given to elderly in the county

Thanks to the generosity of the citizens of Mitchell County, the Colorado City Fire Department Auxiliary collected over 400 blankets which have been and are still being distributed to the disabled and elderly in the county.

According to Auxiliary Pub-

lic Relations Shan Roberson, enough blankets were donated to give one to each resident of both local nursing homes, Kristi Lee Manor and Valley Fair Lodge, as well as senior citizens in Colorado City and Loraine.

"We had an overwhelming re-

sponse on blanket (donations)," Roberson said Monday.

Several organizations have helped the CCFDA with locating disabled and elderly people to distribute the blankets, and Roberson said that several home health agencies, along with hospice organizations, will continue to hand out the donations.

Hutchinson Elementary students raised enough money to purchase 60 blankets to give to the good cause, and students delivered the blankets with a handmade Christmas card to nursing home residents last week.

Parenting tips for stress-free holidays

AUSTIN, TX- The holidays are a joyous time when loved ones come together to share traditions and to celebrate. But for many families, the holidays can also be a time of stress and frustration, sometimes unintentionally resulting in an increased risk of child abuse and neglect.

"Research tells us that economic and personal stresses are leading contributors to child abuse and neglect," said Wendell Teltow, Executive Director of Prevent Child Abuse Texas. "For too many parents, the holidays increase stress levels because of extra demands on their time, money and energy. To minimize the risk of abuse, it's best to reduce unnecessary stress by planning ahead."

Prevent Child Abuse Texas offers the following tips to help families enjoy the holidays while keeping tension to a minimum:

1. Establish a budget for holiday spending. Be realistic about what you can afford to spend of gifts, entertainment, decorations for the home, special foods, travel, etc.
2. Hold a family meeting to discuss holiday plans. Ask for ideas from the children for family activities that would appeal to them.
3. Post a calendar of family activities in a place where all family members will see it. Ask each person to remind you of school events, church activities, parties, etc.
4. Remind children that a gift's importance is not determined by the amount of money spent on it. Handmade gifts and freshly baked cookies are welcome and appreciated by friends and relatives.
5. Check community calendars

Trash schedule is same

With the exception of Wednesday, December 25th, Republic Dumpster Services will be sticking to their regularly scheduled trash pickup this week, according to city employee Denna Dickard. Employees of Republic will take Christmas Day off to be with their families.

With the extra refuse produced at Christmas, Republic trucks will be emptying dumpsters until trucks are full. Trash pickup will continue through Saturday in order to complete the heavy load.

Dickard said that there will be a dump truck parked behind city hall this week to allow residents to get rid of any trash that won't fit in their dumpsters.

OPINION & COMMENTARY

TUMBLEWEED SMITH Mr. Santa Claus of Nederland

Earl Gregg lives at Weches, near Crockett. He makes chocolate turtles, peanut patties and pralines for his grandkids at Christmas time. This year he had to make 20 bags full of the sweets. He starts cooking in November to be ready for the holiday.

For seven years during the 1980's, Earl was Mr. Santa Claus in Nederland. He dressed as Santa and visited with people in their cars as they drove by his house.

"I had many thrills," he says. "I'd average passing out about 1200 to 1400 candy canes every night. We'd have traffic jams on the street in front of my house. Some people told me they were in line for an hour waiting to get to Santa Claus. When they were about half a block away, they'd start hollering, 'I'm coming, Santa, I'm coming.'"

In the early 80's, Mr. Gregg was in Wal-Mart with his wife shopping for Christmas presents when they saw a Santa Claus suit. He told his wife he thought he would buy it and get dressed up for his grandkids. When they got home that evening, Earl couldn't wait to try it on. He used a pillow to give him a belly. After he put it on, he asked his wife if she had any candy in the house. She said she had some mints. He took them and said he was going to stand in the driveway and see what happens. He got out to the driveway about 6:30 and it was 9:30 before he could go in the house. Everybody wanted to talk to Santa.

"We had plywood cutouts of our eight grandkids in the front yard and we had thousands of lights around the house. There was a pretty stream of cars passing by just to see the lights. Our neighborhood had lots of traffic in December."

Every year, houses on eight blocks of his street in Nederland were decorated and became an enchanted area called Candle Light Lane. Each house had a big candle made out of plastic pipe with a light on top of it. The neighborhood had meetings starting in September planning what they were going to do about decorating for Christmas. Earl got to be a major attraction from December 1 through December 24.

"I'd go out at about 6 o'clock in the evening. Sometimes I'd be out there until 11 o'clock at night. Cars would drive by, stop at the driveway and I'd try to spend two or three minutes with each one. I had people from all over the world: Japan, France, Great Britain, Italy. They were visiting, you know. Some of the Vietnamese would come by with a carload of kids and they would get so excited their eyes would get as big as saucers."

Mr. Gregg talked to people of all ages and could make Alzheimer patients smile. KPRC-TV in Houston went to Nederland to do a report on Mr. Santa Claus. Rain was falling when the crew got there. Ray Miller, the producer, stayed there the whole night and told Mr. Gregg, "this is the best thing I've seen in a long time."

Do angels really sing?

By Monte Wilke

We have always associated the angels with singing the Christmas message to the shepherds. But the Bible does not say this! It says when the host of heavenly angels came they were praising God and saying their message of joy. In the Revelation the angels are always quoted as saying their message, not singing. There is singing from the 24 elders, but not the angels. It is also these same elders who play golden harps, not the angels. But they are mighty on the trumpets!

It is also astonishing that angels are never described as having wings. These are reserved to the four beasts gathered around the throne. They have six wings, not two. Creatures like this were described in Isaiah 6. They used two of them to cover their faces in order to hide from the brightness of the glory of God, two draped clear down to their feet for modesty and the last two were used for flying. There were also winged creatures in the visions of Ezekiel.

The other winged creatures, except for fowls of all kinds, are the cherubim on the mercy seat in the Holy of holies. Their wings swoop down, meet in the middle of the Ark covering and become the mercy seat of God. David asks to remain under the wings of God several times in the Psalms, and we never

think of God having wings.

It is so easy to read into the scriptures what we want them to say instead of actually reading and seeing what they are actually saying. It is so easy to read our interpretation into the thoughts and actions of others, to judge them by our criteria or sense of values. It is also easy to twist things and apply certain parts, as in isolating one scripture from another to prove a point.

The Christmas story is covered in four chapters, two in Matthew, two in Luke, prophecies in Genesis, The Psalms, Isaiah, Micah, Zachariah and Malachi. The material is limited, but the impact of His birth is huge and eternal. He was born as a man as we are and insisted that we born of the Spirit as He is.

The Christmas story is also rich in tradition, man-made additions and celebrations. The joy of Christmas is that Jesus came to our world, comes into our hearts and we can celebrate that glory at any time. There is nothing like the power of a baby to draw people together into conversation or concern.

Even if the angels did not sing the story, it is still the greatest declaration of all time. God's Son has been born! Yes, Hallelujah!

Christmas music sets the tone for holiday festivities

Decorations and shopping are integral parts of the holiday season, but very often it is the music being played over the airwaves that sets the tone for the festivities to come. Christmas music has been enjoyed for decades and certain compositions are widely loved and played year after year. The American Society of Composers, Authors and Publishers, who compiles lists of the most popular songs, lists "Santa Claus Is Coming to Town" and "Winter Wonderland," both of which were written in 1934, as the oldest and most popular tunes. The newest popular song is "Wonderful Christmastime," composed in 1979. Though personal preference often determines a holiday playlist, the following tunes are of the more popular Christmas songs:

- * "The Christmas Song (Chestnuts Roasting on an Open Fire)" - Mel Torme, Robert Wells
- * "Santa Claus Is Coming to Town" - Fred Coots, Haven Gillespie
- * "Have Yourself a Merry Little Christmas" - Ralph Blane, Hugh Martin
- * "Winter Wonderland" - Felix Bernard, Richard B. Smith
- * "White Christmas" - Irving Berlin
- * "Let It Snow! Let It Snow! Let It Snow!" - Sammy Cahn, Jule Styne
- * "Rudolph the Red Nosed Reindeer" - Johnny Marks
- * "Jingle Bell Rock" - Joseph Carleton Beal, James Ross Boothe
- * "I'll Be Home for Christmas" - Walter Kent, Kim Gannon, Buck Ram

- * "Little Drummer Boy" - Katherine K. Davis, Henry V. Onorati, Harry Simeone
 - * "Sleigh Ride" - Leroy Anderson, Mitchell Parish
 - * "It's the Most Wonderful Time of the Year" - Edward Pola, George Wyle
 - * "Silver Bells" - Jay Livingston, Ray Evans
 - * "Rockin' Around the Christmas Tree" - Johnny Marks
 - * "Feliz Navidad" - Jose Feliciano
 - * "Blue Christmas" - Billy Hayes, Jay W. Johnson
 - * "Frosty the Snowman" - Steve Nelson, Walter E. Rollins
 - * "A Holly Jolly Christmas" - Johnny Marks
 - * "I Saw Mommy Kissing Santa Claus" - Tommie Connor
 - * "Here Comes Santa Claus (Right Down Santa Claus Lane)" - Gene Autry, Oakley Haldeman

LETTER TO THE EDITOR

Letter to the Editor:

Brady Polich celebrated her 13th birthday as most teenagers do: with five girlfriends, movies and a slumber party. She had no idea that her father and step-mom would show up unexpectedly.

The two showed up with Brady thinking it was another parent coming to pick up one of her friends, but it was not. Boy, did she get a surprise, as it wasn't Santa or the cable guy, but her Dad!

There were so many emotions, disbelief, happiness and a lot of tears. It's been almost two years since Jeremy Polich has gotten to see his two daughters, Brady and Maddy. He has been busy serving his country as a Marine.

He enlisted right out of high school in 1999, and went on several deployments in Iraq and Afghanistan. He is now working as a drill sergeant, as he has just completed a class with 79 soldiers.

Last week, Jeremy enjoyed spending time with his daughters. He enjoyed doing the everyday things and going to school activities before heading back to Vista, California. While there, the Poliches will participate in the Marine Candy Cane 5K race.

We often forget how much sacrifice military families make for our freedom.

Livestock show rules released for exhibitors

The 77th Annual Mitchell County Livestock Show is set for January 9th through 11th at the county ag barn, and area 4-H and FFA students are getting their animal projects ready for exhibition.

Exhibitors will begin weighing animals at the county fairgrounds on Thursday, January 9th, at 5 p.m. All animals must be in the barn by 4 p.m. that day.

Hogs, heifers, steers, lambs and goats will be exhibited and judged on Friday, January 10th. The premium sale, along with a buyers' meal, will be held on Saturday, January 11th. Several awards and scholarships will be presented during the sale.

To be eligible for competi-

tion, whether in singles or groups, animals must be the bona fide property of the exhibitors. Animals must be fed under the supervision of the county agent or vocational agriculture teachers in the county.

Exhibitors must be a resident of Mitchell County and members of Mitchell County 4-H, Colorado City FFA, Loraine FFA or Westbrook FFA. Eligible students are nine to 19 years old, by the day of the show.

All exhibitors will be required to show their own animals unless they have more than one animal entered in the class, or they cannot be present to show the animal. In the event a substitute showman is needed, he or she must also be an exhibitor

at the show, meet the approval of the superintendent and be scholastically eligible.

If the exhibitor is ineligible in school, he or she is ineligible to bring an animal for exhibition or to the sale.

Any protest or complaint must be filed in writing with the executive committee composed of the president, vice president, secretary, treasurer and superintendent of the division involved within one hour of the end of the show. The protest must be accompanied by a \$100 deposit. If the protest is overruled, the \$100 will be forfeited.

All livestock must have a state validation tag, other than heifers.

SERVING OTHERS — Gary Rogers (far right) and Helen Marshall (far left) collected donations to help throw a Christmas party for dialysis patients last week. Clinic employees Raymond Limones, Roberta Adams and Victoria Limones helped patients celebrate the holidays.

Dialysis patients enjoy party

Thanks to the generous hard work given by Gary Rogers and dialysis patient Helen Marshall, patients at DaVita Dialysis in Colorado City got to take part in a Christmas party last week. The party was held on Friday and Saturday, December 20th and 21st to make sure all dialysis patients got to take part.

Rogers said he wanted to do something nice for the people who sometimes suffer from a poor quality of life. Dialysis is performed on 39 patients at the local clinic in three shifts per day, six days a week.

Several local businesses and organizations donated money and food for the party, including New Life Bible Ministry, Fuller Foods, Gas 'n' Grub and Bigg's

Pizza. There was a cold cut platter, desserts, punch and other goodies available to patients all free of charge.

they might be involved in the girl's disappearance. Many searches of the girl's home were conducted, and police found disturbing videos with violent sexual content but no evidence to support foul play.

The public rallied and performed extensive searches for Hailey all around Mitchell County and the surrounding area to no avail. A computer was taken by authorities from Adkins' mother's home, and several instances of child pornography were found on the computer. However, no arrests could be

made since the computer was shared by several individuals.

Then, in March of this year, skeletal remains were found in Scurry County by a citizen who was out searching for arrowheads. Forensic teams searched the area for other evidence, and once the evidence was collected, it was sent to a medical examiner's office.

On Friday, April 26th, it was announced that the remains had been positively identified as missing teenager Hailey Dunn. Scurry County Sheriff Trey Wilson made the announcement before

law enforcement and members of the media. Billie Dunn was notified of the results by Texas Rangers.

Following the announcement, friends and family met at Dunn's former residence on Chestnut Street for a candlelight vigil.

On Monday, Sheriff Wilson said that there has been no change in the status of the case, as it is still an "active investigation".

will be sold by the city to FGE, at a rate of \$1 per 1,000 gallons of water. If at any point in a calendar year, Colorado City provides in excess of the minimum annual water supply, FGE will pay a high-volume water fee of \$1.50 per 1,000 gallons.

Total dissolved solids amounts were a topic of discussion, and the city agreed to provide water with no more than 2,000 parts per million. As of now, the TDS in the city's effluent water is running around 850 ppm.

FGE will be responsible for any operational and maintenance expenses, including electricity costs for the pumps and other water transportation equipment that it maintains or is responsible for.

The first date of water delivery is set for January 1st, 2016.

When construction of the planned power plant was first announced, company officials said the plant would use brackish water in day-to-day operations. According to Board of Economic Development Director Sue

Young, the change in plans to secure water comes from the fact that using effluent water "is the greener thing to do."

Young said that the company is a very ecologically-friendly business, always concerned about the environment. This summer FGE representatives bought into new technology that will allow for the drastic reduction of the amount of water used by the plant.

Also, transporting water from the city's wastewater treatment facility will be cheaper than desalinating brackish water. "It was their first choice all along," Young said Monday.

Monthly payments will be made by FGE Texas, LLC to the City of Colorado City via electronic funds transfer, according to how much water is used by the plant. The city will supply, on a quarterly basis, a laboratory analysis of the effluent water.

The first date of commercial operation of the power plant is anticipated to occur on or close to June 1, 2016.

Sherwood speaks to Lions Club

Doctor shares stories of mission trips he has gone on

Dr. Brent Sherwood from the Mitchell County Hospital District was the guest speaker for the Lions Club at the weekly meeting last Friday, and he surprised many with his stories of his life outside the clinic. Dr. Sherwood is "unabashedly Christian" and he has been on several mission trips that have changed his life.

After graduating from Texas Tech University with a degree in chemical engineering, Sherwood quickly realized that the field was not for him. He returned to

the university to study medicine, and began his residency in 2001 in Amarillo.

He spent much of his time in Amarillo working as an emergency room doctor, dealing with "high drama and high trauma". After many years in the ER, Dr. Sherwood said he felt led to move and talked extensively to Hospital Administrator Robbie Dewberry, making sure Colorado City would be a good fit for him.

A good friend of Sherwood's who is a retired physician and "man of God" approached him about going on a mission trip with him. The two have traveled to Northern Africa, in the Sahara Desert, to provide medical care to people who have never had any before.

"It helped me get closer to the Lord," Dr. Sherwood told Lions Friday. Many of the places the doctors travel are predominantly Muslim, and they provide medical care with the proviso that they will be able to preach and show Christian films in the evening.

At times, the physicians have had to sneak in and out of countries to avoid persecution, and they have often been escorted by military men carrying automatic weapons. During their time in Africa, the doctors saw up to 300 patients per day, 150 each, in one-room school houses, providing healthcare to people who welcomed the help.

As interpreters translated preaching into the native language, Sherwood said he saw a change in the men whose duty was to protect them. One of the soldiers asked one of the interpreters if he was translating correctly during a Christian service

one evening, and the interpreter responded affirmatively asking why. "Because I've never heard words like this," the young soldier said.

Basic medicine was provided to people who were mostly treated for malaria and skin diseases.

Before closing, Dr. Sherwood praised Mitchell County Hos-

pital and CEO Dewberry. "You have a good medical institution here," he said. "I think the administration of our hospital is wonderful."

Before adjourning the meeting, club treasurer Pat Cawthron reported that the annual chili supper fundraiser had netted \$1200.

SHARING HIS FAITH— Dr. Brent Sherwood spoke last week to the Lions Club, sharing his faith and stories of his travels on various mission trips.

POLICE REPORT

On December 16th at 12:04 p.m., an officer received information that a male subject who resides in the 1800 block of Colorado Street held an outstanding warrant for his arrest from the Abilene Pardon and Parole Board. The 37 year old was located at his residence. He was then arrested and taken to the Mitchell County Jail.

On Dec. 19th at 7:21 a.m., an of-

ficer observed a vehicle fail to stop at intersection in the 2000 block of South Hwy. 208. After the officer stopped the vehicle he found the female to have a suspended license and a previous conviction for the same. The 32 year old was arrested and taken to the Mitchell County Jail where she was booked accordingly.

On Dec. 20th at 1:31 a.m., police

dispatch received a 911 call advising a robbery had just occurred at a local business in the 100 block of E. I-20. Witnesses saw a male run into the store and demand money. He grabbed money from the counter and ran out of the store. The case is under investigation.

On Dec. 21st at 7:45 a.m., an officer on patrol observed a school crossing sign at the intersection of

15th and Elm streets to be knocked down, bent and ripped from the ground. The sign appeared to have been struck by a vehicle.

On Dec. 21st at 11:13 p.m., an officer was dispatched to the 2100 block of Locust in reference to a loud party with possible underage drinking. When the officer arrived and walked in the door he was seen by a female standing at the door and she quickly closed the door and turned off the lights. The officer could see several people through the window at the front due to the fact that the blinds were broken. The officer announced, "Police, open the door". The officer could hear running and shuffling sounds from inside people possibly leaving through the back door. When the officer finally gained entry to the property only one juvenile was found to be intoxicated due to this lethargic nature and slurred speech. The two females 22 year old and the 21 year old were arrested and taken to the Mitchell County Jail.

Recycle your Christmas cards

The holidays have come and gone, and now it is time to pack away the decorations and retire the tree for another season. It's also time to decide what to do with the dozens of greeting cards that arrived in the mail over the last few months.

According to the Greeting Card Association, around seven billion greeting cards are sold each year. Estimates suggest that roughly two billion are holiday cards that will be discarded in the month of December. These cards frequently hold sentimental value. Tossing them into the trash is wasteful, and some people would rather repurpose them into something that is meaningful and creative.

Many crafts, gifts and even boxes can be made from recycled Christmas cards and other greetings. With a little ingenuity and effort, it's possible to create eye-catching items. Here are just a few ideas.

- * Cut the front panels off of the cards -- the part with the decoration -- and save them in an envelope for next year. When wrapping presents, use the cards as your gift tags.

- * Use the front panels of cards as ornaments. Use stencils and cookie cutters to trace patterns and cut them out. Punch a hole into the top of each cut-out and attach a string to hang on a tree.

- * Cut the card into strips and then laminate or cover in clear contact paper. Punch a hole in

the top and attach a tassel. These can be used as bookmarks.

- * Use cards to form paper angels that can serve as table centerpieces next year. With a few embellishments, like yarn hair and pipe-cleaner halos, these can make for some cheerful additions to your holiday decor.

- * Decorate inexpensive gift bags or brown paper bags with pieces of cut-up greeting cards. Now you have inexpensive wrapping materials for gifts that are also environmentally conscious.

- * Gather the fronts of many cards and punch holes along the edges. Use yarn to sew each card to another, creating a Christmas tapestry, place mats or other creative ideas for decorating.

- * Photo cards are popular greetings for the holidays. Cut out the images of families and

friends from the cards and make a collage to be saved. You can look back each year and see how children have grown or fashions have changed.

- * Use pieces of the Christmas cards to decoupage wooden or paper boxes. Then these boxes can be given as gifts for the holidays.

- * Create drink coasters or trivets by cutting images out of the Christmas cards. Laminate the images and attach them to cork to serve as coasters. For trivets, attach images to ceramic tiles and then coat in a heat-resistant shellac.

Christmas cards do not need to be relegated to the trash can when the holiday season has ended. Such cards can be used to create crafts that will add flair to upcoming holiday seasons.

4-H food judging teams compete in district dairy food competition

Members of the Mitchell County 4-H participating in food judging traveled to Lubbock recently to compete in the 2013 District Dairy Foods Judging Competition held on the campus of Texas Tech University.

The intermediate age group team, consisting of Kynzie Hardegree, Kyler Hardegree, Hadley Redwine and Josh Hardesty took first place, as the high scoring team. Kynzie also received honors for being the 1st place individual, Kyler placed 2nd, and Redwine placed 3rd, also as an individual. Kalyann Hardegree competed in the senior division and was named high point individual.

The 4-H members judged various types of cheese and identify each by sight, smell and taste.

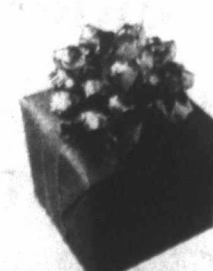

They are also asked to identify differences in milk by smell and taste alone, judging between salty, malty, bitter and flat. Participants also must be able to tell the difference between dairy and non-dairy margarine, butter, imitation cheese, real cheese, whipping cream and Cool-Whip.

In the final portion of the contest, club members take an exam that tests their knowledge of the dairy industry and milk regulation.

"The Mitchell County 4-H kids did a spectacular job," Mitchell County CEA-AG Robert Ferguson said. "The competition helps build a kid's decision-making skills and confidence."

HELPING HANDS — Gracie Caswell (left) enjoyed helping Kristi Lee Manor resident Imogene Crawford make a Christmas ornament last week. The students delivered lap blankets to residents and made Christmas ornaments as well.

LOCAL NEWS

Small gesture can make a big difference

The following is a letter received by Language Arts teacher Alison Alvarez at Colorado Middle School. The letter is anonymous, but almost anyone can relate to the difference often made by educators in the lives of their students.

Mrs. Alvarez;

About 63 years ago I was in the 7th grade attending school at Colorado City Junior High. One cold morning I was sitting on the steps before school started reading a book. The 7th grade Language Arts Teacher, a lady named Mrs. Barry came walking up the steps and took a dim view of me sitting there reading what she thought was a "paperback" book.

She took a firm grip on my ear and took me to the entry doors, all the time lecturing me on the misadventures of reading such lewd and vulgar material at school, and especially in front of the other girls and boys. As I realized what she was upset about, I began explaining that the book was in fact a Boy Scout Manual. It took a while for her to grasp what I was saying, but she stopped and started to look closely at the book she had in her hand. She then ducked her head and without saying anything, handed it back to me and went into the building. I could see the remorse in her eyes and wanted

to apologize for causing her to believe what she did.

From that day on, she made me feel special when I was in her presence. She didn't afford me special grades or things like that, but she took care to help me understand what she was teaching.

One day, she came to me and told me that she had noticed that I did not have a coat to wear and often came to school without one. She explained to me that she and her husband had taken a trip to Colorado the previous summer and found it to be quite a bit cooler than they expected. They had gone to a store and purchased coats to keep warm in the higher altitudes. The only coat she could find that would fit her was a smaller mans or a boys coat. She wanted me to have it. I was very thankful and very appreciative and I let her know.

Mrs. A.D. Barry lived on the southeast corner of Walnut and 7th Street there in Colorado City. I can remember that every time I went close to her house I had fond memories of her.

The next spring, I answered an ad in the Colorado City Record for people to deliver circulars. I went to a small hotel; I don't remember the name, on the northeast corner of old Highway 80 and Elm. There is a bank there now. I was to deliver my circulars and return to get my pay. By the

time we left for our areas, it had warmed up and I asked the man if I could leave my coat in his room until I returned.

After I finished my route, I returned to the hotel to find the man had left. I didn't get paid for the work, and he had taken my coat with him. A short time after that, my mother let me know that we were moving to near Abilene where she could get a better job. We moved and I never had further contact with Mrs. Barry.

Over the years I have often wished I would have taken the time to explain to her how much her act of kindness had affected me. I would like to repay her in a very small way by giving a coat to some child that needs one.

My name is not important and I would like to remain anonymous. That's the reason for this letter. I intend to mail a coat to

you and let you chose a recipient from one of your students, boy or girl, that you feel needs it. I just did not want to mail you a package without a return name and address and have you thinking it might be something other than what it is.

I would appreciate you doing this for me, very much.

Thanks,
A Former Student

11 Days before Christmas 2012

By Cameo Smith

T'was 11 days before Christmas, around 9:38
When 20 beautiful children stormed through heaven's gate.
Their smiles were contagious, their laughter filled the air.
They could hardly believe all the beauty they saw there.
They were filled with such joy, they didn't know what to say.
They remembered nothing of what had happened earlier that day.

"Where are we?" asked a little girl, as quiet as a mouse.
"This is heaven," declared a small boy.

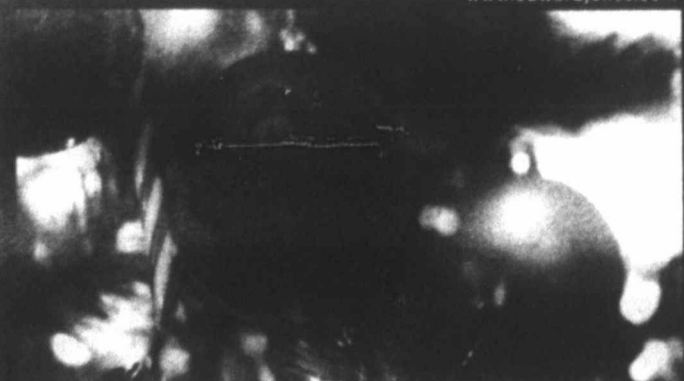

We're spending Christmas at God's house."

When what to their wondering eyes did appear,
But Jesus, their savior, the children gathered near.
He looked at them and smiled, and they smiled just the same.
Then he opened his arms and he called them by name.

And in that moment was joy that only Heaven can bring
Those children all flew into the arms of their King
And as they lingered in the warmth of his embrace,
One small girl turned and looked at Jesus' face.
And as if he could read all the questions she had
He gently whispered to her, "I'll take care of mom and dad."

Then he looked down on earth, the world far below
He saw all of the hurt, the sorrow, and woe
Then he closed his eyes and he outstretched his hand,
"Let my power and presence re-enter this land!"
"May this country be delivered from the hands of fools"
"I'm taking back my nation. I'm taking back my schools!"

Then he and the children stood up without a sound.
"Come now my children let me show you around."
Excitement filled the space, some skipped and some ran.
All displaying enthusiasm that only a small child can.
And I heard him proclaim as he walked out of sight,
"In the midst of the darkness, I AM STILL THE LIGHT."

Merry Christmas

During this holiday season and every day of the year, we wish you all the best.

THE GREATEST GIFT

Glory to God in the highest, and on Earth peace, goodwill toward men. New KJV Luke 2:14

Each year we celebrate the birth of a helpless child: Jesus the Lord, the King of kings, the Messiah, the only Son of God. However, the significance of this special gift, given to us by our Heavenly Father, often becomes secondary to all the other things that the Christmas season has to offer. During this time of year, we are also thinking about all of the gifts that we may receive and all those we have to purchase for our loved ones and friends. Surely, decorating our homes, buying gifts, and all of the holiday preparations can become quite hectic; nevertheless, most everyone enjoys doing these things for this special holiday. Also, because of Christmas, most places of worship have special events scheduled during this time of year that we should try to attend and take part in. God wants us to enjoy all of the wonderful things during this blessed time, and to be mindful of the great love that He has for us. His love is uniquely exemplified by giving us eternal salvation in a helpless Child, lying in a manger, wrapped in swaddling cloths.
