County Agent Williams Is Transferred To Mitchell County In Agent Trade

Mitchell County Man Will Come To Lamesa

Announcement was made this week by J. D. Prewitt, agent for District Six of the Texas A. & M. Extension Service that Joe C. Williams, Dawson County Agent for the past five years will be transferred to Mitchell county effective March 15th.

The announcement further stated that B. J. Baskin, Mitchell County farm agent for the past five and one-half years, would succeed Williams as agent in this county.

Mr. Baskin has made an enviable record in Mitchell County during his term as agent there and comes to Dawson County highly recommended as an efficient agent and civic leader.

While Dawson County regrets to lose Mr. Williams as agent, he will carry with him the best wishes of the entire citizenship. Much good and worthwhile work has been accomplished by him during the five years he has served as agent in this county.

Trophy Is Offered Best Barbershop Quartet In Contest

Series of Contests Will Determine Winner

The Lamesa Recreation Department's Barber Shop Quartet Contest is ON.

The first meeting will be held at the First Baptist Church in Lamesa, on Sunday afternoon, March 12, at 2 o'clock.

Any group of four amateur voices is eligible to compete.

Awards will be based as follows: Selection, 20 points; Technique, 20 points and harmonious execution, 60 points.

The contest is to be run throughout the year with meetings to be held monthly at various places. No quartet may win the trophy two times in succession.

Judges will be individual persons in the audiences. Finals will be arranged at the end of the year to determine permanent ownership of the trophy, which is now on display in the jewelry window of Taylor-McCall Drug Store.

Mail or bring your entry to: Lamesa Recreation Department, Box 352, City Hall, Lamesa, Texas.

GOOD WHITE TYPING PAPER

We have received a large shipment of good bond typing paper which we are in position to offer at a bargain price.

This is not to be confused with ordinary cheap paper, but is a good, white, watermarked paper. It takes either pen, pencil or typewriter and at the price we are offering it, costs little more than ordinary yellow second sheets.

If you need a good white paper... whether you use only a small quantity or thousands of sheets, you will find no better value.

For a limited time we are offering this paper at

\$1.00 FOR 1,000 SHEETS

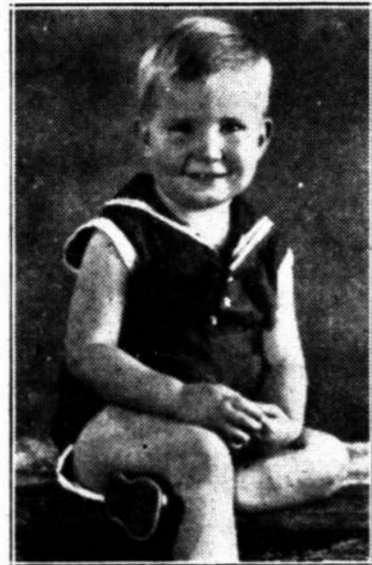

60c FOR 500 SHEETS

Size 8 1/2 x 11 inches, or regular business letterhead size

Among The Younger Set

PHOTOS BY ASH STUDIO

This week the Courier is happy to present little Derrell Keith Bearden as king of the younger set for this week. He is the little son of Mr. and Mrs. J. C. Bearden, whose address is Route B, Lamesa. He was born on March 11, 1937 and thus will soon celebrate his second birthday. He has brown eyes and blond hair. He loves horses and to ride in an automobile is the height of happiness.

Forrest Opening Will Be Held Here Beginning Friday

Demonstrations Will Feature Big Event

Plans are all complete for the big formal opening of the Forrest Lumber Company general office and store building Friday and Saturday of this week, in Lamesa.

Many interesting exhibits and demonstrations will feature the two days. Manufacturers of many lines of building materials are cooperating with the Forrest Company in making of these two days the biggest event of its kind yet attempted in this section.

The building, which was occupied for the first time last week, is now entirely finished and all stocks are neatly arranged for this special showing. The office staff have familiarized themselves with the new surroundings and are thoroughly at home in the new place so that they may assist in showing visitors all the interesting things which will be placed on exhibit.

Free balloons are being offered for the kiddies attending, and will be given to all youngsters beginning Friday morning, as long as the large supply lasts.

S. S. Forrest of Slaton, founder of Forrest Lumber Company, will be here to assist his son, S. L. Forrest general manager, in extending a welcome to all visitors on these two days.

Many out of town lumbermen are

(Continued on Page 4)

OTT LEE HOME IS DESTROYED IN BLAZE HERE

The home of Ott Lee in the One Thousand block of North Second, was completely destroyed by fire in the early hours of Sunday morning.

Mr. and Mrs. Lee and children were away from home, having left for Eastlast last Saturday afternoon to visit her mother.

When the fire was discovered, the entire building was in flames and the house and contents were a total loss. It is understood that the loss was only partially covered by insurance.

NOTICE TO WATER USERS

We have had several inquiries of late as to the condition of our water supply; and, as a result, are taking this means of acquainting water users with both the present condition of our water supply and the methods being used to keep ourselves posted on it's purity.

Mr. Walter Byrd, the City Pump Operator, sends two water samples twice each month to the State Department of Health for analysis. These samples are taken from different points on the water system each time. As soon as tests are made, the State Department of Health notifies us as to whether our water is good, bad, pure or contaminated. Results of samples taken February 16 are now in our office, and are marked "Good, No Contamination."

These water reports are kept on file in the City Secretary's office, and any citizen is invited to inspect them at any time.

Should our water supply become seriously contaminated, you may rest assured that we will make the knowledge public in order that precautions may be taken against the spread of an epidemic of sickness.

City Officials.
City of Lamesa.

Hiway Baptists Are To Have Many Out Of County Visitors

All Day Services With Dinner On The Grounds

Next Sunday, March 5th, an effort is being made to have the entire membership present at the Hiway Baptist Church, when the Lord's supper will be observed at the morning service, and an election of church officers will be held.

Sunday night at eight o'clock, the pastor, Evangelist Jno. R. Denning, will deliver the second of a series of prophecy sermons from the Book of Daniel, which are proving most interesting to the listeners, in the light of present world events and conditions.

Preparations continue to go forward for the entertainment of a large group of out-of-county visitors one week from next Sunday, March 12th, when an all day Fellowship Meeting and old time "get-together" will be held, with dinner being served to all who attend. Five visiting preachers have already accepted the invitation to participate in these services, and answers to invitations received thus far indicate that

(Continued on Page 4)

LAMESA AUTO SUPPLY OPENS STORE HERE

The Lamesa Auto Supply Store opened for business this week in the Kayal building on North First Street, the first door east of the Lamesa Feed and Hatchery.

The owners of the store, Clyde Privit and Ebbie Lee, are by no means strangers to the motoring public of this section, each having worked with the A. G. Waugh Company here for a number of years.

They will handle Pennsylvania Tires, National Batteries, Westinghouse Refrigerators, as well as a complete stock of auto parts, supplies and accessories.

Your attention is called to their ad elsewhere in this issue of the Courier.

J. F. COX BUYS BARRETT & SON GROCERY HERE

Announcement was made this week that J. F. Cox, who was formerly in the grocery business in Lamesa, has purchased the grocery and market of Barrett and Son and took charge this week.

Mr. Cox opened this store in Lamesa several years ago and sold it. His ad appears elsewhere in this issue of the Courier.

Interscholastic Meet Dates Are Set For Friday And Saturday March 23 And 24

Scenes On Dean Ranch

That John Henry Dean, owner and operator of the Dean Ranch, between Lamesa and Gail, is thoroughly sold on soil conservation and better livestock programs is proven by these three pictures. Upper picture shows check dams which are stopping the gully by retarding the flow of water in a deep ravine. This is a part of a program that will soon cover the entire 36,000-acre ranch. The central picture shows the largest of 11 dams which form lakes on the ranch. In the construction of this dam 13,000 cubic yards of dirt were moved. The lake holds 36 acre-feet. The lower picture shows New Prince Domino 29th, winner of three firsts, a grand championship, and two second places in some of the best shows in the country. Dean's show herd is now on the winter Hereford circuit, along with herds from Winston Brothers of Snyder and other well-known West Texas breeders. Most of Dean's herd came directly from Winston Brothers or descended directly from the Snyder Domino Return herd.

That Lamesa Will Endeavor To Join Baseball League Is Decided In Group Meet

Prospects For Local Franchise Are Good

At a meeting held Tuesday night in the District Courtroom, it was decided by those present that Lamesa make application to the West Texas-New Mexico League officials for a franchise for a ball club in the League this summer. The annual meeting of the League officials will be held in Lubbock, on March 5th, at which time application for franchise will be considered.

Lamesa has been assured by the League officials that prospects were good for Lamesa to be granted a franchise, providing proper playing facilities can be furnished by the town. In this respect, it is necessary to furnish a playing field, including grand stand and lights for night playing, and to put up \$500 in cash deposit to guarantee the payment of one-half of a months salary for the players. It has been decided to organize a stock company for the purpose of providing the necessary out-

lay, and several committees are now at work and are taking pledges for the stock. The association has not been organized as yet, but pledges are being accepted.

Much interest is being shown in the prospects for a baseball club, and it is recalled that several years ago that Lamesa was one of the leading baseball towns of this section. It is believed by those who are sponsoring the organization of the club that a baseball team in Lamesa will be helpful in tying in the trade territory, provide some wholesome entertainment and recreation for the people of this section, obtain some good publicity for the town, and the addition of several new families to our citizenship; also, many visitors from other towns will come this way and will place Lamesa on an equal footing with other leading towns of this section. A survey was made previous to the meeting Tuesday night, and it was found that the general sentiment in the town and county was favorable to Lamesa's entering the League, and it is hoped that all will join in and help to put the proposition over.

Rogers Announces Annual Affair Will Be Held In Lamesa

Record Crowd Is Expected To Attend

Dates for the annual Dawson County Interscholastic League Meet were announced this week by V. Z. Rogers, County Director General, as March 24th and 25th. The meet will be held in Lamesa.

The number of member schools has increased this year from 25 to 26 by the addition of the Pride school which is now assigned to this county from Lynn county, because of its union with the Fairview district.

The list of member schools as presented to Mr. Rogers, is as follows: Ackerly High, Ackerly Ward, Bartlett, Fairview Rural, Fivemile, Grandview, Hancock, Harmony, Key, Klondike High, Klondike Ward, Lamesa High, Lamesa Elementary, Liberty, Lou, McCarty Rural, Munger, Mt. Olive, O. K., Shumake, Sparenberg High, Sparenberg Ward, Union High, Union Grammar, Woody Rural, and Pride.

Literary and athletic events other than basketball will be contested during these two days.

This event has always proven one of a great deal of interest to the people of this county, and advance information reveals that this year's meet should be the outstanding event of the many that have been held.

More complete details of the event and the different directors will be given in a later issue of the Courier.

Borden County 4H Show Last Week Is A Decided Success

Large Crowds Gather Despite Bad Weather

The Borden County Livestock show last Saturday was an outstanding event and one of the largest crowds ever to gather in Gail was present, despite the inclement weather.

Those attending the meet report that there was never a dull moment and that the entire show went off with dispatch and interest. Warren Buzette, principal of the Gail school acted as master of ceremonies, keeping things moving along and something interesting happening all the time, over the public address system in the big entertainment tent. The old fiddlers contest was one of the outstanding events of the show, with Mrs. Lona Smoot proving her versatility on this popular old instrument. The jig dance prize went to Bert Massengale. Clem Smoot demonstrated a few of the fancy steps of grandma's day.

In the livestock exhibits Lewis Clark of Dawson County 4-H club carried off the grand championship honors in the club calf contest, with Weldon Street of Borden county taking second and Ralph Burleson of Dawson taking third.

An estimated thousand Borden county citizens, ex-citizens and visitors from neighboring counties helped to make Borden County's first Livestock Show an outstanding success.

The credit for this most interesting and entertaining day should go to County Agent R. E. McLeroy of Borden County, and his assistant, W. W. Percifell, as well as the cooperation of every citizen of Borden county. A large number of Lamesa people were in attendance at the show and all report a splendid show.

Mesdames O. E. Wallace and P. B. Hart, of Odessa, visited with Mrs. Mattie Herndon and other Lamesa friends over the week end.

"I'm Back Again!"

"Just can't find another station that's as clean and as friendly as yours!"

"I'm back again!" We hear it all day long. And how we enjoy it. It proves that Lamesa motorists prefer our service and our quality motoring products.

We're pretty certain that you will too! Let us prove it today!

expected to attend this opening, as well as all managers of the company's other yards, at Slaton, Andrews, Seminole, Seagraves and Morton.

Your attention is called to their ad in this issue of the Courier.

SHERROD BROS. MAKE CHANGE IN MANAGERS

Announcement was made this week by Paul Sherrod, a partner in the firm of Sherrod Brothers, of a change in management of the Lamesa store, effective this week.

Barney McKinney and Arnold Bedwell, both of whom have been with the Lamesa store for some time will serve as co-managers. They will also be on the sales force, with one of them working in the field and the other in the store.

There will be no change in the service of the store, according to Mr. Sherrod. They will continue to sell and service Butane Plants over the country and will maintain their truck delivery system as heretofore.

J. C. Powell, who has been local manager for the company here for the past several months has not announced his plans for the future.

INCOME TAX EXPERT HERE ON SATURDAY

Attention is again called to the fact that Deputy Collector H. C. Broadus, of the Department of Internal Revenue, from Washington, will be in Lamesa, Saturday of this week to assist those who need his services relative to income tax returns.

Mr. Broadus will maintain offices in the Dal-Paso Hotel from 9:30 a. m. to 4:30 p. m. Saturday.

Those who are not entirely familiar with the report, are invited to visit him at this time and he will be glad to answer all questions and explain fully all the details.

This service is free to taxpayers and the department urges the people of this section to use it.

ENUMERATOR FOR SCHOOL IS APPOINTED

The Lamesa School Board this week announced the appointment of Mrs. Leslie Pratt as the School Census Enumerator for this year.

Mrs. Pratt will take the census during this March and will enumerate every child in the school district between the ages of six and eighteen.

The cooperation of the people of the district is asked in this connection, as it is highly important that every scholastic be enumerated, as this has a great bearing on the amount of money with which the district will have to operate next year.

If your children are missed in this census, you are asked to report either by phone or calling at the office of the secretary of the school board.

BRADY WOMAN, 79, TO HAVE 19TH BIRTHDAY NEXT YEAR

Mrs. J. J. Kyzar, Brady, is 79 years February 28th, but has only had eighteen birthdays because they fall on February 29.

She was born in 1860, about 60 miles north of New Orleans, but came to Texas as a small child, and lived in San Saba county a half century before moving to Brady.

Mrs. Kyzar is the only occupant of her home, but can take a long vacation visiting her eight children. They are Mrs. John Self of Lamesa, Mrs. Ophelia Biquin of Cherokee, Mrs. W. E. Crocker of Melvin, Ben Kyzar of Whiteand, Doc Kyzar of Brownwood, Joe Kyzar of Zephyr, and Mrs. C. H. Langley and Houston Kyzar of Brady.

SENIOR CLASS TO SPONSOR PICTURE SHOW

Through the courtesy of Manager Audrey Cox, the Senior Class of Lamesa High School is sponsoring a film entitled "Heart of the North" at the Palace Theatre on March 9 and 10.

The film is a select all Technicolor production which shows the Northwest Mounted Police in action. This picture shows in gorgeous colors the magnificent forests and the beautiful lakes of its lovely Canadian setting.

See the Royal Mounted in action against the fur thieves. The Seniors promise you a thrill for your money. They all urge you not to miss the "Heart of the North," March 9 and 10.

LINDLEY DRUG STORE NOW IN NEW BUILDING

The Lindley Drug Store is this week moving to its new location in the new Broughton buildings on North First Street.

Although they will not be entirely straightened out by Saturday, they will be open and ready for business. Mr. Lindley, owner of the store, said today. They formerly occupied the Meyers building on the north side of the square. In their new quarters they will have a well lighted and ventilated store.

ROTARY CLUB ENTERTAINED WITH ADDRESS

Dr. Klienschmidt, of Texas Tech, delivered a most interesting and educational address on "Art" at the last meeting of the Lamesa Rotary Club. His talk was thoroughly enjoyed by all present.

The Lamesa club is sponsoring the organization of a Rotary Club in Seminole, and Mr. W. B. Collins has had charge of this phase of the club's activities. He reports, following a trip to Seminole, that here is much interest there and that they are anxious that Lamesa aid them in getting a club. A group of local members plan on going there Friday night of this week.

The attendance at last Friday's meeting was again one hundred per cent.

PLATES MAY BE PLACED ON VEHICLES

Beginning Wednesday of this week the new 1939 auto and truck license plates were allowed to be placed on vehicles.

The plates which have been on sale at the Tax Assessor-Collector's office for the past several days, were not allowed to be placed on cars and trucks until Wednesday, March 1.

April 1 is the deadline in which tags must be placed on all vehicles to avoid penalties. R. W. Herndon, tax collector, urges that motorists of the county avail themselves of the opportunity to secure these plates as early as possible and thus avoid the last minute rush which usually prevails during the last few days of March.

Many new plates have already been purchased and some few new ones showed up on vehicles Wednesday.

CARD OF THANKS

We take this method of expressing our sincere and heartfelt thanks and appreciation to our many friends, who have helped and are helping us in our hour of need. "A friend in need is a friend indeed."

We also want to thank Dr. Frazier and the nurses and staff at the Loveless and Bennett Hospital for their kindness.

Mr. and Mrs. O'Neil Overman.

Dawson County Cotton Oil Co.

Lamesa, Texas J. FRED SMITH, Manager

PINK BOLLWORM QUARANTINE IS STILL IN EFFECT

Pink bollworms were again found widely scattered over the Panhandle quarantined area during the past season, according to Joe M. Peterson, chairman of the Dawson County, A. C. A. This area is comprised of the counties of Andrews, Cochran, Dawson, Ector, Gaines, Glasscock, Hockley, Howard, Martin, Midland, Terry, Yoakum, and part of Bailey and Lamb counties in Texas and Lea and Roosevelt counties in New Mexico.

The pink bollworm hibernates within cotton seed and it may be spread by seed movement to non-infested areas. Therefore, the danger of movement of such seed, except through the prescribed channels, cannot be over emphasized. The movement of cotton seed produced in the area described above is prohibited under both Federal and State Pink Bollworm Quarantine Regulations, except when consigned to designated oil mills for treatment, or the seed is treated under the supervision of an inspector prior to movement, in which case it may move to any destination under permit.

Violations of the regulations of the Federal and State Quarantine are subject to prosecution under law. Farmers, ginners and other interests have cooperated splendidly in fulfilling their obligations during the past. The continued cooperation is requested to the extent that you advise anyone planning to move planting seed outside of the area that such seed must be given special heat treatment and move under permit. Seed may be moved from one part of the above described area to any other part of it without treatment or permit. For additional information, you are requested to contact one of the inspectors who will be glad to cooperate with you.

DR. CUTLER TO HOLD HEALTH CLINIC HERE

Announcement is made this week by Dr. Hall W. Cutler to the effect that he will hold another free health clinic at his offices the three days of Thursday, Friday and Saturday, March 9, 10, and 11th.

Dr. Tanner, widely known dietitian and diagnostician will conduct the clinic, which is free to one member of each family.

Your attention is called to their ad in this issue of the paper.

PROGRESS IS BEING SHOWN ON HIGHWAYS

Work on the Brownfield highway is progressing very satisfactorily and the caliche base is being put down this week. Grading and drainage structures are complete on the first section and the caliche will be put down as rapidly as possible, according to county officials.

On the Gaines County part of Highway Fifteen, which runs from Seminole east to the Dawson County line, all caliche base has been installed and the road now only awaits the asphalt topping to be completed.

It is understood that all culverts and bridges are practically completed in Borden county west from Gail to the Dawson County line on Highway Fifteen and grading is going forward at a rapid rate.

FINISHING IS BEING DONE ON SCOTT BLDG.

The buildings being constructed by Grady Scott on South Dallas Street are nearing completion this week.

Concrete walks were being run early in the week and finishing touches are being put on, preparatory to an early completion.

These buildings face fifty feet on Dallas street and are divided into two stores. They are finished in white oriental stucco.

It is understood that Mr. Scott will occupy one of the buildings for his auto repair business, while the other side will be leased out. It is not known at this time who will occupy the other building.

WORK IS GOING ALONG NICELY ON HIWAY PARK

Work is progressing nicely on the State Highway Park, at the intersection of Highways Nine and Fifteen, about two miles southeast of Lamesa. A large crew of men began preliminary work there last week.

Water is being piped from the reservoir to all parts of the park, which covers an area of approximately 37 acres, and is the largest Highway Park in the State of Texas.

Already more than three hundred trees have been planted and are growing on the plot. These are to be sup-

plemented with many more, as well as shrubs and flowers. Paved drive and walk ways will be run throughout the site, making it easily accessible from all three sides, Highway Nine on the south, Highway Fifteen on the north and the connecting pavement between the two highways on the east.

The State Highway Department in conjunction with the Department of Public Roads, of the Federal Government, are financing the project and supervising it. All told they will spend in the neighborhood of nine thousand dollars on the beautification of the park.

Barbecue tables and benches are also to be built and when completed it will be one of the beauty spots of West Texas.

BROUGHTON BUILDINGS COMPLETED

The J. T. Broughton buildings on North Second street are practically complete this week as the finishing touches are being put on.

The east building will be occupied by the Lindley Drug Store, who now occupy the Meyers Building on the north side of the square. It has not been learned who has leased the west building.

These buildings are finished in modernistic design of white oriental stucco, conforming to other buildings in that block. They will face forty feet on North First, the two buildings having 20-foot frontage.

PAVING GOES FORWARD HERE

The city paving program is moving along very nicely, with a large crew of men working. Curb and gutters have been complet-

ed on one block on North Austin and three blocks on South Austin and most of the caliche has already been put down. Nine blocks in the city are only awaiting warmer weather to be topped with asphalt, that many blocks being already filled and packed with caliche.

No definite announcement may be made at this time, but it is reported that several more blocks will be included in this program, and construction on some of them is expected to get underway very soon.

Dr. Cox Says:-

"Pneumonia is a seasonal disease in that its incidence and mortality are much increased during wet, cold weather," according to Dr. Geo. W. Cox, State Health Officer. Last week 234 cases of pneumonia were reported to the State Health Department. The disease is most prevalent and serious in urban centers where contact with people is most frequent. Pneumonia is always dangerous but it is especially so to persons in a run-down condition. This accounts for the number of cases following illnesses from some other disease.

The germs that cause pneumonia are spread by careless coughers, sneezers, spitters and objects they thus infect. The first symptoms are usually a severe chill and fever, a very sick feeling, loss of appetite, rapid breathing and a heavy sensation in the chest. Sometimes coughing brings up blood from the inflamed lungs. Any of these symptoms should be the signal for going to bed at once and sending for your family doctor.

The rules and prevention of other respiratory diseases apply to pneu-

monia. These rules should become personal habits and not put on or off at times of prevalence or absence of disease. Persons should avoid careless coughers and sneezers even if it means rudeness. Wash your hands thoroughly

before each meal. Keep your hands, pencils, money, and such objects away from your mouth and nose. Get plenty of fresh air day and night. Exercise and eat in moderation and wear clothing suitable for the weather.

KLONDIKE

Louise Foster

Brother Pepper of Ralls filled his regular appointment at the North Side church Sunday morning and evening. There seems to be quite a bit of sickness in this community at this time. Mrs. Travis Dossey is seriously ill in a Lamesa hospital. She underwent an operation Saturday afternoon. We hope she will soon be better. Clarence Day and family of Coleman, Texas, spent the week end visiting in the home of his parents, Mr. and Mrs. B. F. Day. Jean Duff, who is teaching at Lou, visited her parents, Mr. and Mrs. L. A. Duff, over the week end. Mr. and Mrs. Ocie Yeager and children of Lamesa were dinner guests in the home of B. Slatter and family, Sunday. Brother Sullivan of Fort Worth visited his wife over the week end. Mrs. Sullivan is one of our teachers and Brother Sullivan is in school at that place. E. L. Eoff and family visited Mr. and Mrs. Troy Moss of Key, Sunday.

SPARENBERG

Mable Parchman

Rev. Phillips preached an interesting sermon to a large crowd both Sunday morning and evening. Mr. and Mrs. E. A. Reid and daughter of Lamesa attended church here Sunday morning. Harold Beckmeyer of Lubbock spent the week end here with home folks. Lloyd Cogburn of Monahans spent the week end here with his wife. Those attending the Methodist Young People's Rally at Lubbock Friday night were Rev. Bryant, Walter Reithmayer, Charles Tyler, Ruby Pruitt, Lavenia Davis, Inez Carlisle, and Dorothy Corbitt. Mr. and Mrs. Bud Turner and family visited in Hobbs, N. M., Sunday. Jimmie Airheart spent last week with his grandparents at Knott. J. T. Pruitt visited in Lubbock Saturday.

BARTLETT

Mrs. Eulus Damron

Mrs. Bill Wallace, Mrs. Lee Thurman and son, visited Jim Fuson, Tuesday. He has been ill for some time.

Mr. and Mrs. Ernest Palvado visited Mr. and Mrs. Hug McCormick, Wednesday night. Brother and sister Wright of the Fairview community took supper with Mr. and Mrs. Lillard Thomas, Sunday night.

Mr. and Mrs. W. E. Womack visited her mother and father, Mr. and Mrs. Roupe, Sunday. Mrs. Roupe is ill again. Mr. and Mrs. Fred Damron spent Sunday with Mr. and Mrs. Norman Wallace. Darrell Lloyd Thomas is still ill at this writing.

RICHARDSON

Pauline Williams

Mr. and Mrs. C. P. Amos, Mr. and Mrs. Jack Warren and Miss Teto Warren returned Monday night from a few days visit in Pauls Valley, Okla. Mr. and Mrs. W. B. Bruce of Big Spring spent the week end with G. R. Phillips and Mr. and Mrs. A. V. Williams. H. L. Kirkland of Lamesa spent Saturday night in our community. Mr. and Mrs. R. C. Warren visited a while Friday night in the M. C. Turner home. J. T. Williams of Hobbs, N. M., and Mrs. W. W. Eggleston of Odessa spent the week end with their parents, Mr. and Mrs. A. V. Williams. Mr. and Mrs. O. L. Williams visited Mr. and Mrs. G. R. Phillips, Sunday. Wilma, Dorothy and Junior Phillips spent Sunday in the Williams home. Victor McGee returned Saturday night from a week's visit in San Angelo and O'Donnell.

THREE LEAGUE

Marie Lambright

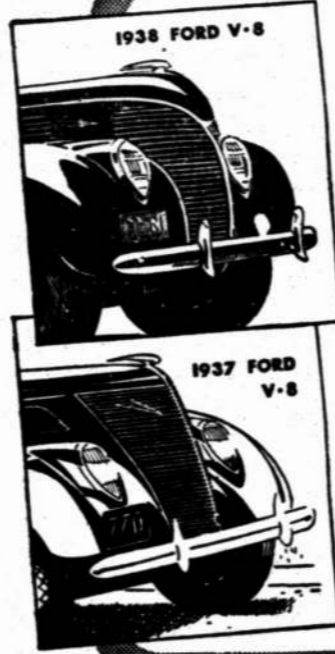

Several from this community attended Sunday school and church at Patricia, Sunday. Mr. and Mrs. R. L. Reed of this community attended Sunday School at Walcott, Sunday afternoon. Mr. and Mrs. Eric Johnson and family and Mr. and Mrs. Gordon Shipp of Patricia visited in this community Thursday night. Mr. and Mrs. B. B. McGuire and son of Sand visited in this community Saturday night. Mr. and Mrs. R. L. Brewer and family

visited in the Newland home Sunday. Mr. and Mrs. Russell of this community went to Midland, Sunday. Mr. and Mrs. Good Penn of this community entertained the young folks Saturday night with a party. Every one reported a nice time. Mr. and Mrs. Elbert McNew, Mr. and Mrs. Lester Lambright and daughter of Five Mile, visited in the Lambright

home, Sunday. Howard Adams of Loyola spent the week end with Melvin Penn. The high school students of this community together with those from Flower Grove attended a weiner roast Friday night. Mrs. Wallas Penn and son of Mungler spent last week with Mr. and Mrs. George Penn and family. Mr. and Mrs. Glenn McGuire of

Sand visited in this community, Tuesday night. **FAIRVIEW CLUB REPORT** "The your house to the ground with shrubs," said Miss Mattie Phenix, our county home demonstration agent, to the club members at the home of Mrs. J. R. Tipton, Tuesday afternoon, Feb. 21.

Keep the foundation planting in proportion to the size of the house. They should be arranged to give variety in texture, shape, color and size. Shrubs should be selected that are best suited to the climate. You get variety of color by using different shades of green, and in flowering shrubs. Mrs. J. R. Miller was appointed our recreation chairman. Five members and three visitors were present.

CHEVROLET LEADS IN TEXAS

CAR REGISTRATIONS IN 1938

Texas' automotive registration figures for the year 1938, made public today, show Chevrolet in first place in the state, as in the country at large.

Chevrolet the figures reveal, registered 37,691 passenger cars and trucks in Texas in 1938. This represents 39 per cent of the state's total passenger car registrations in the low-price group and 38.7 per cent of truck registrations.
 This showing in 1938 gives Chevrolet leadership in seven out of the past eight years for passenger car sales in Texas, while Chevrolet trucks have led in seven out of the past ten years in Chevrolet's weight class.

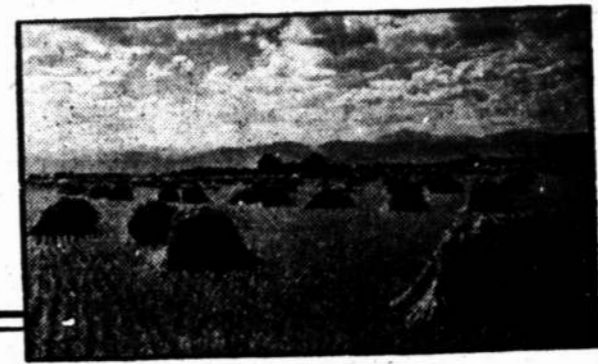

FAIRVIEW CLUB NOTICE

The Fairview Home Demonstration Club will meet March 2nd at 2:30 p. m. in the home of Mrs. Dick Kelley. All members are urged to be present.

Tech Band To Play Here Monday At School

The Baritone and Trombone Sections of the Texas Tech Band: Front row right to left: Joe Haddon, San Angelo; R. L. Floyd, McLean; Leon Harris, McCombs; Durward Boyd, Cisco; second row right to left: Fred Stout, Midland; Joe Foote, Slaton; Oscar Schilling, Amarillo; James Heald, Lubbock; Berthul Leuenberger, Hobbs; N. M.; Jack Boone, Lubbock; Harold Thompson, Denver, Colo.; R. L. McClellan, Spearman.

The oboe, flute, piccolo, bass and alto clarinet, bassoon, and saxophone sections of the Texas Tech Band: Front row right to left: Lee Hacker, Kansas; Tommy Prickett, Mexia; Emily SoRelle, Amarillo; Milton Kes-sell, Slaton; Stanford Knox, Hereford; Second row right to left: J. C. Douglas, Big Spring; Gus Nester Gikas, Borger; L. C. Hanes, Wink. Third row right to left: Hunter Brannon, Colorado; Lillian Horner, Wink; Earl Jacobs, Sweetwater; Neil Stewart, Dallas; Willard Bauman, Munday. Fourth row right to left: Lewis Jones, San Angelo; Ettry Oates, Mexia; Lester Grimes, Lubbock.

that this No. 1 market "requires no trade agreements, no foreign bargaining, no freight rates or distribution adjustments" and that if every family engaged in agriculture in the state were provided with a first rate diet with sufficient variety to be conducive to health, this would represent a "store value of \$250,000,000, or the equivalent of six million bales of cotton at eight cents per pound.

Included in the adequate diet needs per person for one year are these items most of which can be produced on the farm: 91 gallons of milk, 30 dozen eggs, 175 pounds of meat and fat for cooking, 200 pounds of potatoes, 200 pounds of green and yellow vegetables and 200 pounds of other vegetables, 100 pounds of citrus or tomatoes, 200 pounds of other fruits, 170 pounds of grain products, 20 pounds of butter, 70 pounds of sweets, including syrup and honey, and 15 pounds of dried peas and beans.

TECH BAND TO APPEAR HERE NEXT MONDAY

The famous Texas Tech Band presents each season a soloist of outstanding ability. When this band plays at the high school auditorium, Monday morning, March 6 at 10 o'clock, the soloist will be R. L. Floyd, a freshman Band Major from McLean, Texas.

Floyd, who has won first division in State and National contests the past three years, is one of the finest baritone players in the nation. His tone is so fine that many musicians have compared it with that of a fine cello player. His technique is so well developed that he plays the most difficult cornet solos with the ease of a mature artist.

TEACHERS TO MEET HERE ON TUESDAY NIGHT

A meeting has been called by the county superintendent of all the teachers of Dawson County to meet in the district courtroom at 7:30 p. m. March 7. Mr. Day, Deputy State Superintendent, will be present at that time and will be glad to aid any teacher with problems they may have. It will also be an opportunity for the teachers to become better acquainted with Mr. Day. The main purpose of the meeting, however, is to lay plans for next year, which will vitally concern every teacher in the county. You are urged to be present.

AVERAGE PERSON NEEDS MORE THAN A TON OF FOOD A YEAR, FIGURES SHOW

No piddling enterprise but big business is the home production of food for the family table.

The average person needs more than a ton of food a year, figures compiled by the foods committee of the Texas A. and M. College Extension Service show. The estimates are based on the requirements of a safe diet as recommended by nutritional experts.

With some 500,000 farm and ranch families, the No. 1 market of Texas agriculture could account for around 2,390,000 tons, or the equivalent of 119,500 carloads, of food a year. H. H. Williamson, director of the Extension Service, recently pointed out

World-Famous Violinist To Be In Lamesa March 10

Music patrons will have the opportunity of hearing again this year Josef Piastro, that world-famous violinist, when he appears in the concert here Friday evening, March 10 at eight o'clock. This is the third of the Musical Arts Series sponsored by the Parent Teachers Association and will be one of the outstanding attractions of the year.

Piastro was formerly court musician and friend of the ill fated Czar Nicholas II of Russia. Born in Crimea, Piastro's first teacher was his father. When he was 10, he passed to the Conservatory of Petrograd, where he became the pupil of the late Leopold Auer. Upon his graduation, Piastro was awarded a gold medal, a prize of 1000 rubles and was given the famous "Gobert" violin, a gift of the Princess Alsenboursky. While at the Conservatory Piastro was associated with Mischa Elman, Zimbalist, Jascha Heifetz, and Kathleen Parlow.

As a concert artist, Piastro has toured every country of the globe and has appeared with leading orchestras both in this country and abroad, many times acting as conductor. For a number of years he was a member of the famous Auer String Quartet which was the most famous chamber music organization in Europe.

King Alexander of Greece decorated the artist with the title "Chevalier de Saviour". This was in 1920 and is the

only time in history that a foreigner has received this honor. Piastro was decorated by the Sultan of Arabia and it is of record that he has received more honors and distinctions than any musician who has ever appeared in the Far East.

As a concert artist, Piastro has few equals. Critics rank him among the elect with Kreisler, Paderewski, Gilgi, and others. He has appeared many at Carnegie and Town Hall in New York and the music centers throughout the country.

Piastro will be accompanied on the piano by Virgean Englande Estes, gifted concert pianist and native of Texas. She made her debut in Town Hall in 1932 and achieved immediate recognition by her critics. She was honored student of Felix Borowski, coached two seasons with the famous pianist, Percy Crainger, and in New York studied with Mme. Carregas and Edwin Hughes. The records of achievement of Miss Estes are too numerous to list. She has toured the southern states with many orchestral appearances and as guest soloist with chamber music ensembles.

It is indeed a privilege to hear two such outstanding artists on a single concert and one which all music lovers will long remember.

Mr. and Mrs. E. J. Bradley of Waco spent several days here visiting with friends.

HOSPITAL NEWS

Elzie Holden underwent an appendix operation, February 22.

R. B. Porter is receiving medical treatment this week.

O'Neal Overman is receiving medical treatment for gas burns.

W. M. James, son of Mr. and Mrs. Weldon James, is receiving medical treatment this week.

Mr. and Mrs. E. L. Welty are the parents of a baby boy born, February 22. He has been named Raymond E.

S. F. Johnson underwent an appendix operation, February 26.

Mr. and Mrs. W. B. Osborne are the parents of a baby girl born, Feb. 28. She has been named Jimmie Jean.

Mr. and Mrs. C. M. Bray are the parents of a baby girl, born March 1.

MOTHER OF LAMESA RESIDENTS DIES AT ANSON

Mrs. Elizabeth Ann Dean, 84, resident of Anson for about 40 years, died Wednesday morning at the home of a daughter, Mrs. J. M. Glazner of near Anson.

Born in Louisiana March 15, 1854, Mrs. Dean married C. S. Dean, January 2, 1872 in Williamson county. The couple moved to Anson about 1900. Mr. Dean died several years ago.

Survivors are eight children, Mrs. W. B. Love, L. I. and Cleude Dean, all of Lamesa, H. A. Ellis Burt and Buck Dean, all of Anson, Mrs. Glazner, and a sister, Mrs. J. T. Berry of Llano.

Funeral services were held Thursday afternoon at 3 o'clock at the Baptist church in Anson. Burial was in the Anson cemetery.

PUBLIC NOTICE

We are very sorry we have been unable to supply the demand for our clean, Pasteurized milk for the past few weeks.

However, this proves to us that the people of Lamesa want the same quality and protection demanded by doctors, hospitals, U. S. authorities and a hundred million American citizens.

Therefore our Grade A Dairymen are working with us to increase their high quality out put for you.

THANKS TO OUR MANY PATRONS

SHUMAKE

Audrey Whitmire

Church was well attended both Sunday morning and Sunday night. Rev. Aslin of Lamesa preached at both services.

Mr. and Mrs. F. P. Hoffman and family visited in the Robert Hoffman home at McCarty, Sunday.

Mr. and Mrs. Chester Guinn of Lamesa visited in this community, Sunday.

Audrey Whitmire visited a few days this week with Mr. and Mrs. Dean Hambrick of Ackerly.

Several young people from this community visited Mr. and Mrs. Rex Richardson of Lamesa, Sunday evening.

H. A. Wright of Wilson spent the week end with Mervin and Savoy Tenyson of this community.

Mr. and Mrs. Shorty Porch and son visited in Lubbock and Slaton this past week.

Patsy Ruth Williams of Lamesa visited her grandparents this week.

HANCOCK

Mary Bob Harrell

To the sick list this week the names of Mr. and Mrs. Webb Weaver and Mrs. Luther Wilcher must be added. Mrs. Patsy Nelson is still receiving medical treatment, but Mrs. G. W. Nelson is decidedly better. Mrs. Jack Meares is sick, too, as well as Eugene McLendon and Elbert Harvick.

The condition of Mr. Jack Hancock in the Big Spring hospital is slightly improved. He has received two blood transfusions within the last week. Lonnie Stephens of this community was the second donor. Tate and Webb

Weaver and Charlie Roberts are on the waiting list and if another transfusion is necessary, one of these men will likely be called. A number of residents and relatives have been to Big Spring offering their aid. The Sunday school had a pot plant delivered there Monday.

Oscar McLendon was painfully but not seriously burned Wednesday when some gasoline ignited as he was cranking a maintainer.

The W. M. U. met in an all-day meeting Monday at the school building studying Home Missions. Rev. and Mrs. Burns attended. A lovely covered dish luncheon was served at noon and the teachers were guests. The Sunbeam meeting was conducted Friday because of the all-day meeting Monday.

Mrs. Ben Dopsen entertained the primary room Friday afternoon honoring her son Ben Mac on his seventh birthday. Balloons were favors, and after the candles on the cake were lighted, angel food cake and fruit salad were served to the children.

Mrs. J. C. Pace and daughter, Edna Earl of Sweetwater spent the week end visiting Mrs. Charlie Roberts.

Mr. and Mrs. Dee Dickson of Abilene visited her parents, Mr. and Mrs. G. M. Jones over the week end.

Mr. and Mrs. Syd Coffman visited her mother, Mrs. J. W. Benton in Brownfield Sunday. Mr. Coffman visited in Bledsoe.

Mr. and Mrs. Ben Dopsen visited in Lubbock, Saturday.

Mr. and Mrs. John Nelson went to Big Spring, Sunday.

Mr. and Mrs. Roy Foreman and Hershel Jones of Lamesa visited here Sunday.

FEMININE FANCIES

By Kathleen Eiland

To make one appreciate his or her own house, there's nothing like having some friend approve it. Ditto for dresses, hair-do, et cetera.

Novel and easily-made bathroom curtains consist of two large bath towels, hemmed and hung like regular curtains. Any desired color scheme may be carried out, of course, in this way. Tiebacks? Nothing more or less than strips from matching wash cloths. Such curtains should prove a boon

to the housewife who likes clever things but has little time for sewing. Also, their washability is 100 per cent.

Another of the multitude of hints given for linking up color accents in the spring costume is to match the colored veil on one's hat (and colored veils are popular) with the flower on one's frock or glove. Oh yes, the newest place to wear a flower is on the back of one glove. Quite a nice idea.

Panels, even panels of contrasting color, are gaining in favor among the new frocks. A black alpaca dress seen recently had a full length panel down the front, flaring deeply in the skirt. The panel was of Paisley print in shimmering satin.

Panels are an aid to the maker-over in her wardrobe projects. We know one clever young woman who effectively rejuvenated a last year's blue alpaca dress by having a full-length panel of fuchsia inserted in the front. Shirring above the waistline and a gored design in the skirt inset made the panel even prettier. General effect—that of a new and becoming frock, up-to-the-minute in style.

Now is the time to go through one's

old jewelry boxes and bring to light the odd, lovely old brooches and pins that have rested in obscurity so, these many years. Take them out, dust them off, and parade them on one's newest dresses.

All kinds of beautiful, unusual or colorful chips and pins are being used as finishing touches on smart frocks.

CARD OF THANKS

Mr. Robert H. Kirk, Secy.-Treas. Equity Life Insurance Co., Lamesa, Texas.

Dear Sir:

We are indeed grateful to you and your reliable company for being so prompt in paying the claim on the death of our son. This is insurance that really insures.

Very sincerely,
Mr. and Mrs. Luttrell,
Route 2, Takoha, Texas.

Mrs. Jewel Liles and Mrs. Pete Perelle of Shamrock spent the week end here visiting with friends and relatives.

Mr. and Mrs. Quinton Collins visited with friends in Big Spring, Sunday.

Miss Gene Sims left Sunday for Menard where she will spend several weeks visiting with friends and relatives.

Miss Elmerine Barron of Hardin-Simmons University, Abilene, spent the week end here visiting with her parents, Mr. and Mrs. J. E. Barron.

Raymond Steele of Canyon spent the week end here visiting with his parents, Mr. and Mrs. L. C. Steele.

Mrs. Pauline Campbell of O'Donnell is receiving medical treatment this week.

Mr. and Mrs. Shelby Dalmont are the parents of a baby girl born Feb.

17. She has been named Marjorie Marie.

TEXAS ELECTRIC SERVICE COMPANY
C. E. CAMERON, Manager

WEST TEXAS TEACHERS TO MEET MARCH 10-11

Hayes Hilman of Post, president of the West Texas Teachers Association, announced the program for the two day session, which will be held in Lubbock March 10 and 11.

The general session begins at 9 a. m. Friday, March 10, with registration at the Lubbock Senior High School. Dr. J. C. Umstadd will talk on "The Pupil Adjustment in the Secondary School", to be followed with an address, "The Layman and the Taxpayer Views the Public Schools", by Judge J. D. Hamlin.

Dr. Cora B. Martin and Carl J. Rutland will take up the afternoon general session before the assembly is dismissed for sectional meetings. Included on the evening program, beginning at 7:30 p. m., are George W. Frasier, Dr. J. M. Gordon and W. H. Stillwell.

Saturday's program begins at 9 a. m. with an address by G. B. Wilcox on "Educational Legislation and the Teacher's Responsibility". The morning session will be followed by a regular business meeting at 11:10 a. m.

Luncheons scheduled for the two day meeting will be held at the Hilton Hotel and the Mexican Inn.

Friday afternoons between 3 and 5 p. m. all the various sectional meetings will be held. Music for the programs will be furnished by the high school bands of Slaton, Plainview and Lubbock and by the Lubbock High School Chorus.

Approximately 2,000 teachers, principals, superintendents, trustees and other school officials will be present. Twenty-six counties in West Texas make up the membership of the Association.

CITY COMMISSION PETITIONED TO PASS AIRGUN ORDINANCE

The following petition, signed by approximately one hundred citizens was filed with the City Commission on the last meeting date:

"The undersigned citizens respectfully petition you to enact an ordinance making it a misdemeanor for any person within the corporate limits of Lamesa to discharge any missile across or

into any alley, street or other public place within the city limits or on private property of another, without the permission of the owners thereof, such ordinance to apply to firearms of any description, air guns or instruments where missiles are hurled by rubber slings or by any other instrumentality."

This petition shows conclusively that considerable damage is being done to local property by the unthoughtful use of nigger shooters and airguns. Perhaps some of the damage is resulting from malicious intent on the part of those who use these weapons; but, in discussing the matter, the City Commission generally agreed that most of it is due to carelessness and lack of forethought on the part of our boys and girls. The idea was advanced that general laws now on our statutes sufficiently cover the matter, and that perhaps an ordinance is unnecessary. No definite action was taken, pending the City Attorney's investigation as to the necessity of supplementing the general laws of the city ordinance.

In the meantime, parents of children who possess airguns and other instruments referred to in this petition are earnestly requested to cooperate with City Officials in handling this matter in the best interests of all. Please do not allow your children to hunt on any property other than your own or property from the owner of which permission has been obtained for such hunting. It is not the intention of the City Commission to work any hardship on any citizen, but at the same time our rights and property must be protected. We feel sure that none of us wish to impose upon our neighbors and that with the proper cooperation this matter can be worked out for the best interests of all. You are cordially invited to discuss this problem with any member of the City Commission at any time.

SONS OF REPUBLIC OF TEXAS OFFER PRIZES FOR ESSAYS TO HIGH SCHOOL STUDENTS

Three prizes are being offered this year by the Sons of the Republic of Texas to students of Texas high schools who submit the best essays or histories on some ghost town of the

Republic of Texas, according to announcement made last week by Hobart Huson, of Refugio, State President of the Sons of the Republic organization.

The contestants may select for their subject any town they may choose which was a town during the days of the Republic but is now a "ghost town." The subject selected must be treated fully and show historical merit. The first prize will be \$100, the second \$50.00, and the third, \$20.00. The contest will close June 1, 1939, and the prizes will be awarded during the fall.

The rules of the contest are: (1) The contestant must be a white high school student of some private, public or parochial school in Texas. Students in 8th and 9th grades of schools not having a separate high school department will be considered to be high school students. (2) All contestants attending the same school must submit their papers to the principal who shall select the best essay submitted by his students and certify same. The principal may delegate some teacher to make the selection. (3) Essays to be written or typewritten on one side of a sheet, and are to be in the mails not later than midnight June 1, 1939. (4) The essays with accompanying certificates to be mailed to Kenneth Krahl, Recording Secretary, Sons of the Republic of

Texas, 616 Citizens State Bank Building, Houston, Texas. (5) All essays, whether awarded prizes or not, to become the property of the society. (6) The judges' awards are to be final.

The prizes for the contest are made possible through the generosity of Col. George A. Hill, Jr., president of the Houston Oil Company of Texas, who has for several years past furnished the prize money in memory of his grandfather, James Monroe Hill, who was a soldier at San Jacinto. For that reason the contest is known as the James Monroe Hill Essay Contest. Similar prizes were made available last year by Colonel Hill. The winners were Miss Blanche Hoff, Sealy, Texas, first prize, Miss Polly Anna White, second prize, and Miss Dorothy Aarts, third prize.

Mr. and Mrs. Woodrow McLaurin of O'Donnell are the parents of a baby boy, born Feb. 21. He has been named Johnnie Frank.

CARD OF THANKS

We take this method of expressing our sincere and heartfelt thanks and appreciation to our many friends, who have helped and are helping us in our hour of need. "A friend in need is a

friend indeed." We also want to thank Dr. Frazier and the nurses and staff at the Love-

less and Bennett Hospital for their kindness. Mr. and Mrs. O'Neil Overman.

CHIROPRACTIC

If Others Have Failed

An outstanding feature of Chiropractic is that 90% of our cases come to us after others have failed to get them well. But, even in the face of that fact, we get 85% of our cases well.

Maybe you or some loved one is failing to get well under regular methods. Use Chiropractic and see the difference. Come to see us for consultation, if yours is a Chiropractic case we will tell you, if not, we will certainly tell you.

CHIROPRACTIC IS ALWAYS BENEFICIAL

SATURDAY ONLY . .

Those suffering from heart ailments are invited to visit us Saturday when we will have a Cardiograph expert who will examine you without charge or any obligation.

Cathartics have never cured constipation, but instead tend to lessen the natural movement.

You should visit McIlroy's Health Clinic and investigate the new scientific colon irrigation.

LAMESA STUDENT WILL ATTEND OUTSTANDING LITERARY EVENT

Denton, Texas, Feb. 28 (Special to the Courier)—A special invitation has been extended to Miss Elizabeth Lee Davis, daughter of Mrs. Z. T. Davis of Lamesa, to attend all sessions of the Writer's Conference to be held at Texas State College for Women, Feb. 27 through March 4. A limited number of students at the college who are interested in the technique of writing will take part in the meeting, which has been called the "outstanding literary event of the Southwest this spring."

Six famous Texas writers and one British novelist, Phyllis Bentley, will give lectures and readings on the campus each afternoon and evening. J. Frank Dobie, noted author and collector of southwestern folklore, will begin the series Monday. Following him will be the others.

Miss Davis, who is a student in the literary science department, has shown a great interest in creative writing and in literature, and was recommended by her teachers to attend.

Mr. and Mrs. A. E. Jacobs visited with friends in Phoenix, Arizona, this week.

S.C.S. NOTES

The farmers are confronted with the problem of making the land show a profit even though the price of farm commodities are a very little above the cost of production. They realize they have no control over the price of farm products so in order to show a profit they strive to increase the amount of commercial crops. This is quite often accomplished by increasing acreage. While increasing acreage to make a profit the operating cost is also raised to the extent that they are still operating on a narrow margin. While a farmer increases his acreage it is forcing another farmer to seek a livelihood elsewhere.

More profit can be derived from the farm by increasing the yield per acre rather than increasing the acreage. This can be done by adopting Soil and Water Conservation measures. Terraces are being built in the Lamesa Camp area at a cost of from fifty to seventy five cents per acre. One good rain conserved should increase the yield enough to pay for the terrace system. It is not uncommon for one farm

where moisture is conserved, to produce twice as much per acre as an adjoining field with similar soil types and the same rainfall. The difference in yield is due to the amount of moisture conserved in the soil and the tillage operations that are carried on. Increasing the yield per acre does not raise the cost of operations, other than additional harvesting cost.

Many tenants in cooperation with the Soil Conservation Service at Lamesa are terracing the land at their own expense while many landlords are standing the entire cost. Most of the tenants and landlords are working together in terracing the land. Both parties derive the benefit from the increased yield and soil conservation. A tenant who does not have any consideration for the land or try to show the landlord a profit on his investment will likely be looking for another farm or employment which are both very hard to secure. If a tenant is to remain on a farm from year to year he can well afford to contribute something to improving the production of the land. If the farm does not show the landlord a profit he can not afford to spend anything on improving or maintaining improvements which are beneficial to a tenant. If the standard of living is raised on the farm the land must show a profit such as that accomplished by applying soil and moisture conservation practices.

polluted underground seepages and surface drainage is fundamental.

If the supply is a well, the top should be made of concrete and the casing water tight from the top down to the compact soil. A solid base pump should be installed in such a manner that will prevent any contamination entering from the top. Where a cistern is used, the same care should be exercised to prevent any outside dirt pollution from reaching the supply.

A second and important source of typhoid fever is the fly. Having access to filth it spreads the germs of typhoid fever in milk and food.

In this connection it is essential that the rural dweller maintain a sanitary privy. This may be in the form of a septic tank or a pit privy. The point is, however, that it should be fly-tight. If it is not, the present is an ideal time to take the necessary precautions and thereby anticipate the typhoid fever season. Moreover, the privy should be located in such a way that it will not endanger the source of drinking water; preferably, it should be at least 100 feet away.

Vaccination against typhoid fever by your family doctor is economical, safe and sure. Everyone should give attention to this important preventative measure before the advent of the typhoid season, for certain protection in rural areas, and on vacation.

viewpoint. Don't miss a one of them. The name of the speaker and his home town will not be announced until he comes to the platform to speak. You are cordially invited to hear them. The hour, 7:30 p. m.

T. C. Willett, pastor.

HITLER FORESEES HIS END

"MY TIME IS NOW SHORT,"

prophesies Adolf Hitler in the most revealing, historic article ever printed in any publication

In one of the most amazing documents of our time, Karl H. von Wiegand for the first time reveals that the leader of the Third Reich knows he is doomed... he foresees his end within six months or at longest two years. In the meantime he works with feverish haste, punctuated by hysterical outbursts of anger at any delay in his plans. Mr. von Wiegand reveals the closely guarded secrets of German intrigue and diplomacy—and of the Fuehrer.

"HITLER FORESEES HIS END" by Karl H. von Wiegand

Cosmopolitan

now on sale—25¢

Dr. Cox Says:

"Perhaps no more convincing example of the value of applied public health service exists than the success achieved in combatting typhoid fever," declares Dr. Ge. W. Cox, State Health Officer.

In 1900 typhoid fever mortality in the United States totalled 35,000. In terms of illness, this meant that approximately 350,000 persons, or one out of ten, contracted typhoid fever in that year.

"Since then typhoid fever death rates in the urban centers have steadily declined. Texas cities and communities are reporting less and less typhoid due to mass control in purifying water and milk supplies, providing adequate sewage disposal, and widespread typhoid vaccination.

"The rural areas of Texas are still beset with the typhoid problem, however, as shown by the fact that the greatest per cent of the 379 Texans who died of typhoid in 1937 were from the rural districts.

"Contaminated drinking water is a potent source of typhoid in rural areas. Protecting the water supply against

MIDWAY
Donnalita Love

Sunday school was well attended Sunday. We invite every one to be with us next Sunday.
Mr. and Mrs. Curtis Woodward and family spent Tuesday in Stanton.
Truly Bound and his son, John, of Levelland, spent Saturday afternoon in the A. B. Guinn home.
We are sorry to report that Mr. and Mrs. James' baby son is dangerously ill. We wish him a speedy recovery.
Mr. and Mrs. Floyd Moore and Mr. and Mrs. Chester Guinn and little son, Darwin, all of Lamesa, spent Sunday in the A. B. Guinn home.
Della Dean of Lamesa spent the week end with her parents, Mr. and Mrs. Claud Dean.

WOODY
Arlene Drennan

Brother L. H. Tarbet of Abilene Christian College preached at the Woody Church of Christ, Saturday night, Sunday and Sunday night. All three services were well attended.
Miss Erma Lou Jones gave a party Friday night for the 7th, 8th, and 9th grades of the Woody school. Every one reported a nice time.
There have been several families moved out of the Woody community and several moved in. We hate to lose these people, but we are happy to welcome the ones that have moved in.
Mrs. D. L. Adcock who has been in a hospital at Lubbock returned home last week. We hope for her a speedy recovery.
Miss Erma Lou Jones spent the week end with Aladine Drennan.
Mrs. T. C. Drennan and family visited Mrs. F. M. Mullins of Arvana, Sunday.
Mr. and Mrs. Bush Leatherwood visited in the home of Mr. and Mrs. J. E. Boatright, Sunday.
Marcelle Cliff made a business trip to Fort Worth this week.
Mr. Orvis Davis and Miss Naomi Davis, who are attending Abilene Christian College, spent the week end with their parents, Mr. and Mrs. Ben Davis of this community.

ACKERLY
Hazel Ward, corres.

We had a good attendance at church and Sunday school Sunday. Rev. Hollowell filled his regular appointment.

Mr. and Mrs. J. L. W. Coleman and children spent Sunday visiting their son, Mr. and Mrs. Luther Coleman at Big Spring.
Little Helen Joyce Hollowell has had the chicken pox the past week.
Mr. and Mrs. S. F. Britton attended a birthday dinner at the home of Mr. and Mrs. Preston Morrison at Flower Grove Sunday. About thirty guests attended.
Mrs. J. T. Cook and children were Ackerly visitors Sunday.
Mr. and Mrs. George Bryson attended the show at Lamesa, Sunday.
The play that was presented at the school auditorium by the Senior class was a grand success. A good crowd enjoyed it. About \$25 was made which will go to the senior expenses.
The Junior Class will sponsor a play Friday night, March 3. Everyone is invited to attend.
Oleta White has been on the sick list this week.
S. F. Britton visited his brother at Lorraine this week.
Several of the young people of this community attended the show at Big Spring, Saturday.

HIGGINBOTHAM

There were eighty-seven at Sunday school and preaching services, Sunday.
Rev. C. M. Curry filled his appointment both Sunday morning and night.
Rev. R. C. Guest will fill his appointment next Sunday. Everyone is invited.
Mrs. Norman Gandy underwent a minor operation in a Lubbock hospital Saturday. She is doing nicely.
Mrs. Bud Astin and daughter visited Mrs. T. L. Smith, Friday afternoon.
Mrs. Ham of Lamesa, Mrs. E. E. Ham and daughter, Mrs. Otis Archer and son, and Mrs. Arthur Robertson visited in the Cozart home Friday afternoon.
Miss Emma Sanders of Albany spent Tuesday and Wednesday with Mrs. T. L. Smith.
A large crowd attended the services which were held at the church Thursday night.
Mr. Ham of Lamesa and Mrs. E. B. Ham and daughter visited Mr. and Mrs. Lester Lewis, Thursday.
Owen Smith and Mr. and Mrs. T. L. Smith visited in the Cozart home Wednesday night.
Mrs. Lambert Austin and son of Sparenberg visited Mrs. Brown, Thursday.
Mr. and Mrs. D. P. Huddleston and

son and daughter visited relatives in Eastland and Waco last week.
Willie Huddleston and Mr. and Mrs. Logan Cozart visited Selma and Edith Tuckness of Klondike, Sunday.
Mrs. T. L. Smith visited Mrs. John Webster, Thursday afternoon.
Mrs. Alton Stevenson and Miss Eva Stevenson visited Mrs. T. L. Smith, Tuesday afternoon.
Mr. and Mrs. T. P. Blackstock and family and Mr. and Mrs. T. L. Smith visited Mr. and Mrs. Norman Gandy, Sunday afternoon.
Mr. Preston and daughter, Myrtle Antha, visited Mr. and Mrs. Debnam, Sunday afternoon.
Mrs. Luther Preston visited her parents in Dublin last week.
The Baptist workers conference will convene at the church, Thursday, March 9. You are invited. Dinner on the grounds.
Hardin and Edwin Easterwood of Tech, Lubbock, are spending the week here visiting friends and relatives.

Good Vision Is Priceless...

Can you afford to take chances on your eyesight? After all, nature only endowed you with one set of eyes and if they fail you, there is no provision for another pair.

By all means, if your eyes are weak, or if you suffer from headaches, have your eyes examined today. It is highly possible, that all you need is suitable glasses to assist nature in restoring your normal eyesight.

Weak eye, although you may not realize your eyes are weak, are conducive to excessive nervousness, an irritable, cross disposition, as well as inability to properly cope with the busy whirl of modern everyday life.

By all means you should have only a recognized optometrist fit you with glasses, for if you are improperly fitted, you may be worse off than before. Our years of experience, backed with the latest scientific equipment assures you properly fitted glasses in our office.

Don't put it off, delay might prove of untold damage to your most precious possession - your eyes!

Dr. J. M. Harrington

Office in Palace Theatre Building

Lamesa, Texas

SMART RIMLESS GLASSES

NOW PRACTICAL FOR EVERYDAY WEAR!
Now you can wear inconspicuous rimless glasses without the annoyance of wobbly lenses caused by loose screws in the mounting . . . New Loxit Rimless Mounting uses molded rivets to tightly seal the lenses into the mounting. Lenses seldom work loose and there is much less danger of breaking your glasses . . . Loxit glasses look better on you, too, because there are no ugly screws to mar the jewel-like engraving, and you can choose your most becoming style from a variety of attractive designs. When you next have our eyes examined we will be happy to show you the advantages of Loxit.

EYES Examined FREE!

Modern scientific perfection and expert opticians combine to give you an exact case record of your eyes . . . FREE! If you need glasses, we are prepared to give you a perfect, guaranteed prescription.

MANY STYLES . . .

Good vision may now be had with the good looking, inconspicuous modern glasses. With the many styles from which to choose, there is no reason why the wearing of glasses should mar your appearance. If the glasses you are now wearing are outmoded and out of style, drop in and let us show you these ultra new designs. They are really beautiful.

S.C.S. NOTES

Soil Conservation Practices Aids Highway Maintenance

Soil conservation practices that are being adapted in the Lamesa Camp area are proving to be a big saving to the counties in highway construction and maintenance.

On the new Brownfield highway six drainage structures were reduced to one half their original plan due to the water conservation measures applied by SCS Cooperators along the road, according to County Judge W. M. Yates. The Highway Engineer stated "All drainage structures could have been eliminated if the watersheds adjacent to the highway had been terraced."

According to the Dawson County Judge and the Commissioners, several thousand dollars will be saved the

next few years in road maintenance due to conservation practices. The Lamesa camp has been getting excellent cooperation from the County Commissioners in assisting the SCS Cooperators to terrace their land with county equipment.

Mr. Burdett, a commissioner in Borden County, states: "I can terrace the watersheds of the wet weather lakes along the roads for less than I can make the fills to put the road bed above the high water stages."

"The Lamesa CCC Camp Area is now a bright spot from the standpoint of a water and soil conservation program. One hundred and fifteen farmers have entered into an agreement with the Soil Conservation Service in the last six months, making a total of 290. Over one hundred additional farmers have requested the Government's services, but the camp could not enter into an agreement at the present time because of the limited technicians and equipment available at the camp," states O. T. Williams, Project Manager of the Soil Conservation Service Demonstration Project at Hereford, Texas, and Supervisor of the Soil Conservation Service work on the South Plains area.

These farmers are carrying out a complete soil and water conservation program, which consists of terracing, contour farming, strip cropping, contour furrowing of range land, crop rotation, and control grazing. All cultivated land in the Camp Area is being terraced except the real sandy farms. These soils have such a texture that very little run-off occurs from rains of high intensity. Where such soil is planted to cotton or corn the farmers are using a close strip crop pattern, using either sweet or grain sorghum, or both, to strip the cotton and corn for the purpose of controlling wind erosion.

The 290 farms are terraced where needed, or are in the process of being terraced now, or will be terraced in the near future as soon as equipment is available. Many of the farmers who do not have available equipment are planting strips of early maturing variety of sorghums at regular terraced intervals, so that they may start ter-

race work late in the summer as soon as harvesting of feed has been done.

The following equipment is at this date in use in the Lamesa Camp Area for terrace construction:

SCS equipment: 28 fresnos, 5 six-foot graders, 3 nine-foot graders, 1 twelve foot grader, 4 eight-foot graders, 4 V-draws, 2 ditchers, 1 50-horse power diesel catapillar tractor, 9 Kelly terracing plows, 9 terracing plows. County equipment: 7 large main-tainers, 2 60-horse power catapillar tractors, 2 twelve-foot graders. Cooperator equipment: 60 farm type tractors, 40 horses.

"Grass brought civilization to the Plains and is the basis of one of the most important industries of this part of the country—stock raising," declares J. G. Gould, Jr., Range Examiner, of the Soil Conservation Service at Lamesa.

"If stock raising is to be continued upon a profitable basis the range must be preserved through proper grazing practices. When this is done, dividends will accrue each year without the value of the grass land being diminished. Grazing is good for normal range, but there is great danger in over grazing. A few simple rules of range management are necessary to insure a sufficient forage supply and at the same time reserve healthy grass for soil holding and building."

The number of stock must be adjusted to the carrying capacity of the range, it is pointed out. Stock must be properly distributed over the range and grazing regulated by the proper seasonal grazing is necessary to provide for adequate seed crops, healthy grass plants, and reserve feed. Finally, spacing of salt licks and water holes, the kind of stock should be adapted to the range.

"Range lands in this area have been depleted severely within recent years because nature's balance has been upset," Gould asserts. "Nature builds up a balanced relationship between soil, grass, and animal and human life. When this balance is destroyed and grass and other vegetation stripped from the soil through improper land use, nature exacts a severe penalty. Dust storms and floods occur spreading destruction over the country."

"Grass, in addition to its forage value, is of utmost importance in erosion control. It anchors the soil against erosion by wind or water and builds up a permeable topsoil."

"One of the most important problems confronting farmers of this area is the restoration of the grass lands," Gould believes. "This can be accomplished through proper range manage-

FREE HEALTH CLINIC

BEGINNING THURSDAY, MARCH 9, 10, 11, DR. TANNER WILL BE WITH US THREE DAYS. YOU SHOULD CALL FOR APPOINTMENT

These free health examinations include a thorough analysis and explanation of your entire system, given on a Pathoclast, a scientific diagnostic instrument, of the very latest type, different from anything that ever has been in Lamesa before, by an expert technician.

By the use of this instrument we are enabled to find the location and cause of your trouble without it being necessary for us to ask you one question regarding your condition, or for you to remove any clothing. Married women should be accompanied by their husbands so that both may have a thorough understanding of the examination.

ment to prevent further erosion, conserve moisture by pasture furrowing, build up a permanent fertility of the soil, and to allow as complete a utilization of the forage crop as is possible. The best grasses, the fattest stock, and the least erosion are found on well-managed ranges."

BARTLETT H. D. CLUB REPORT

"Tie your house to the ground with shrubs," said Miss Mattie Phenix, to eleven members and three new members at the home of Mrs. J. C. Stewart, Wednesday afternoon, February 22.

A country home should be so attractive that the passerby would inquire "Who lives in that lovely home?" The house is of minor importance. The gorgeous setting of trees and shrubbery hold the eye. The trees, shrubbery and flowers should be arranged to give variety in texture, color, shape and size. Select shrubs that are best suited to the climate conditions.

A number of the members are planning to start a cutting bed soon.

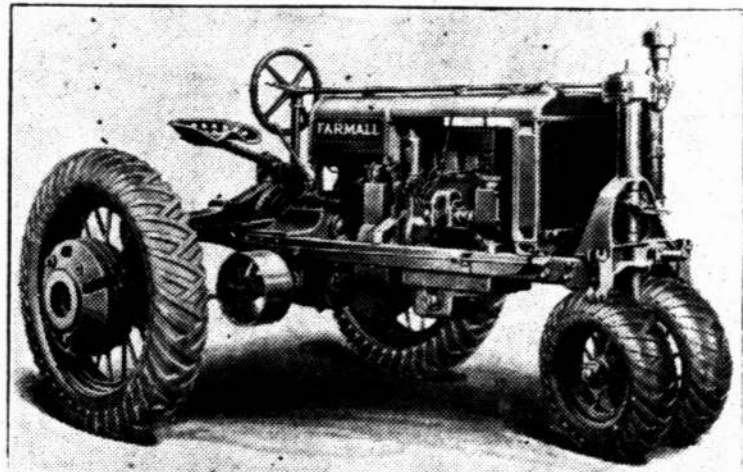

BARTLETT 4-H CLUB

Miss Mattie Phenix met with the Bartlett 4-H club girls Tuesday, February 21, in the home of Mrs. M. H. White.

Our discussion was on personal appearance. We practiced on exercises. Our next meeting will be in the home of Mrs. L. D. Thomas, Tuesday, March 7th.

SURE!

The FARMALL
Is the Best Bet!

-- The Recognized Leader For 16 Years --

The original Farmall first took its place on the farms of America. In those sixteen years the Farmall system has revolutionized tractor design and farming methods. It was natural that many manufacturers during this period should also begin to build tractors of the Farmall type. They had to - farmers themselves settled that by demanding Farmalls.

In the meantime the original Farmall has been completely transformed. Each year has brought valuable improvements, but the time-proven Farmall principle is unchanged. The greatest all-purpose tractor value on the market is today's Farmall.

If you want power, insist on smooth 4-cylinder Farmall power, with valve-in-head efficiency and economy. If you want beauty, insist on the useful beauty of Farmall power and performance. If you want accessibility, insist on the convenience of Farmall's simple uncluttered design. If you want to be sure, insist on the Red Tractor - the one and only genuine Farmall. On display in our show rooms. Remember the farmer's proudest boast: "I own a FARMALL."

Let us demonstrate the Farmall on your farm

SIR ARTHUR WILLERT, AUTHOR AND DIPLOMAT, TO SPEAK AT LUBBOCK

South Plains citizens who are interested in the world political, economic and military situation and who would enjoy back-stage comments along those lines, are invited to hear Sir Arthur Willert, distinguished diplomat, author and newspaper correspondent in Lubbock on Saturday night, March 4.

Sponsored by the Lubbock Morning Avalanche and the Lubbock Evening Journal, Sir Arthur's address on "Europe, 1939," will be delivered at the Lubbock Senior High School Auditorium beginning at 8 p. m. With no idea of profiting from Sir Arthur's appearance here, which is in connection with his third American tour, the Avalanche Journal has set admission prices at 25 cents for students and 40 cents for adults. Tickets will be sold at the Avalanche-Journal prior to the night of the lecture, and on that night at the box office at the Auditorium. Mail orders addressed to the Avalanche-Journal will be filled when accompanied by cash, money orders or stamps.

DISTRICT BAPTIST MEETING AT LUBBOCK MARCH 7-8

The joint convention of the Women's Missionary Union, Laymen, Baptist Training Union and Sunday School for the Ninth District will be held in Lubbock March 7 and 8, according to an announcement made by officers of the association.

The first session begins Tuesday morning at 9:30 a. m. in the auditorium of the First Baptist Church, with Clyde D. Hamilton presiding. W. J. Lites of Dallas will give the address. Sunday school conferences will be held for every department until 10:50 a. m., when Dr. T. C. Gardner will deliver the B. T. U. address, followed by conferences in that department.

Dr. R. C. Campbell of Dallas will deliver the convention sermon at noon Tuesday.

The afternoon session is devoted to the Missionary Union. On the program will be Mrs. Ozro Stephens of Dimmitt, Mrs. Vernon Shaw of Floydada, Mrs. E. H. Perry and Mrs. C. E. Roark of Plainview, Mrs. Mae Abbott of Bovina, and Mrs. W. H. Jackson of Silverton. Mrs. W. E. Kirkpatrick of Dimmitt will have charge of the program.

Three sessions are planned for the evening program, with R. A. Springer of Dallas, State Layman Leader; Herman C. Pipkin of Amarillo; Mrs. R. L. Mathis, State YWA Secretary, and Dr. Gardner.

The second and closing day of the convention will be devoted to additional conferences and the annual election of officers with adjournment at 12:30 p. m.

MEETING FRIDAY NIGHT TO DISCUSS COTTON PROBLEMS

In order to discuss improvement of the cotton situation, there has been called a special meeting of farmers, ginners, bankers, newspaper editors, chamber of commerce officials, county agents, vocational agriculture teachers and business men generally, for Friday night of this week in Lubbock.

The meeting will be held in the ballroom of the Hilton Hotel, beginning promptly at 8 p. m., Friday, March 3, at which time Mr. Burris C. Jackson, Chairman of the Texas Statewide Cotton Committe and well known cotton expert, will be the principal speaker.

Mr. Jackson's subject will be "What We Can Do To Help Ourselves in the Cotton Situation." He will tell of the activities of the Statewide Cotton Committee, what it is doing and what it plans to do. He will also discuss the findings of the various subcommittees on improved quality in ginning, insect control, and cotton seed planting.

This meeting is of vital importance to all South Plains business men and citizens. Large delegations from the various South Plains towns are expected.

LAMESA BOY TO MAKE TOUR WITH TEXAS TECH BAND

Homer Simpson, sophomore student in engineering at Texas Technological College, is one of seventy band members selected to make the three-day concert-clinic tour March 6-9. He is the son of Mr. and Mrs. R. E. Simpson of Lamesa.

Towns to be visited are Lamesa, Big Spring, Midland, Odessa, Monahans, Wink, Jal. N. M., and Eunice, N. M. The band accompanied by D. O. Wiley, director, will play nine programs including special concert numbers for spring contests.

Band organizations in the towns are sponsoring the programs and in several cases have invited bands from other towns to be present. Garden City, Coahoma, and Forsan bands will attend the Big Spring concert; Stanton musicians will attend the Midland program; bands from Kermit, Pecos and Grand Falls will be in Wink; and those of Hobbs and Lovington, N. M., will hear the Eunice performance. Special request numbers will be played for benefit of high school musicians, Wiley said.

The Matador band totals approximately 160 members.

Miss Olga Butts of Eunice, N. M., is here this week visiting with friends and relatives.
