THE HOG MARKET

TODAY'S QUOTATIONS:

Choice sorted	$6.00@6.10
Mixed packers	5.75@6.00
Light	5.30@5.75
Choice pigs	5.50@6.00
Stags and roughs	4.00@5.00

Receipts of hogs were some better today. One load of 77 head arrived late yesterday, and with two loads in today and those driven in, total receipts for the day were close around 250 head, against 241 for last Tuesday, and 95 head for the corresponding day last month.

Another high mark was reached today. Two loads topped the market at $6.20.

The market closed yesterday about 10 higher than the opening, and the bulk of today's trading showed a gain of 5c over yesterday's close, with the general market quoted 10 to 15 higher than the opening yesterday.

The small supply of hogs and the good demand has advanced the market, and prices have been holding steady with those on the highest Northern markets.

While this may have been brought about by the country holding hogs, the market is now advancing, and with a large increase in the marketing of hogs at this point the prevailing good demand is likely to keep prices on the up grade for some time to come.

Choice sorted are quoted today from $6.00@6.20, with mixed packers $5.75@6.00, light grades $5.25@5.75, choice pigs $5.50@6.00, and boars, stags and roughs from $4.00@5.00.

Three loads of Mexican cattle were unloaded for feed and rest today, that attracted the attention of the curious. They were all old oxen, five to ten years, thin and rough. They were shipped by L. E. Bookie of El Paso, in bond, consigned to Gordon & Ironsides, Montreal, Canada. Nobody accompanied them, and no information could be had as to the use they were to be put to. A good many Mexican cattle are shipped across the United States to Canada, but they go to the Western provinces to be put on pasture.

A BIG IOWA PORKER.

Iowa City, Ia., Aug. 20.—Timothy Fairchild, Sr., of Coralville, is the possessor of some fine hogs. He raises two breeds and most of them are registered, and are of the right sort. Neither of the breeds are very common in this section of the country. One is the Tamworth and the other is the Yorkshire. The Yorkshire hog is a lengthy, white hog, and the breed has long been known in the west, though not common of late, while the Tamworth is not only lengthy but has large, fine bones, stands high and weighs well. Mr. Fairchild has a number of the latter that are wonders for this section of the country. Without any flesh to speak of one of them weighs in the neighborhood of 1,000 pounds and another weighs 800. He has several that weigh in the vicinity of 600.

AS A LIVESTOCK MARKET

CATTLE RAISERS FIND A PLACE TO SELL THEIR STUFF HERE.

Good Demand for Fat Steers and Cows. Hogs and Sheep Will Always Bring the Best Prices at Fort Worth.

The growing importance of the Fort Worth market is shown by the figures published in The Reporter day by day, of the buyers and their takings. Last week's sales of cattle aggregated 7,891 head, and this number would have been larger if the right kind had been offered to meet the demand. All of the hogs on the market were snapped up as soon as buyers could get a chance at them, and ten could readily have been sold where one was offered, without affecting the market.

Yesterday's cattle sales were 2,584, the largest of any day since the packing houses began business here. The receipts were among the heaviest of any day in the history of the stock yards, but the market held up steady and strong throughout.

Packers are calling for good heavy steers and butcher cows. They would buy more of this class if they could get them.

Feeders are at the yards every day, looking for well-graded steers, 3s and up, for which they will pay as good prices as can be obtained at any market for such stuff.

There is a demand from packers for fat mutton sheep, and from feeders for thin sheep of good breeding, which will put on flesh quickly on feed.

Texas stock raisers can ship to this market with the assurance that the prices will net them more than they could get at any of the Northern markets. Now and then a sale is made at St. Louis or Chicago that nets more than Fort Worth prices, but such cases are few, and it is the general rule that the shipper who rejects a bid at this market and goes on to St. Louis or Chicago, finds when he deducts his expenses from his receipts that it was a losing venture. This paper reported an instance last week of a shipper who refused $3.75 here and went on to St. Louis, where he had to sell at the same price, which was the same as selling at $3.25 at Fort Worth. His loss could not have been less than $125 a car.

HOGS GOING UP AGAIN.

Sales Made at $6.20 Today, the Highest for Three Months.

Hogs sold on this market today at $6.20. This is the best price paid on the Fort Worth market since the latter part of May. Two loads, both from Oklahoma points, sold at that price. One load from Wichita, Kan., sold for $6.15 late yesterday, that is reported among today's sales. It would have brought $6.20 today. Some wagon hogs were sold at $6.10.

Hogs are going up at all markets. The low stage seems to have been reached in the latter part of July. Since then there has been a slow stiffening of the market, and the tendency has been upward. The last week has seen a material advance. Best prices on the market a week ago were $5.90, and today they are $6.20, showing a gain of fully 30 cents in a week.

This market is strong enough to draw hogs from Kansas City territory, as is shown by the sale yesterday of a load from Wichita, Kansas.

TEXAS CATTLE IN SOUTH DAKOTA.

One Thousand Head Sold by Auction at Sioux City Fetch $16,000.

T. F. Bevington is the purchaser of about 1,000 head of Texas cattle sold at auction in the city by the trustees in bankruptcy for the creditors of J. H. Melott, of Oto. Mr. Bevington paying $16,000 for his purchase, says the Sioux City Journal.

The cattle, which are located on the range near Chamberlain, S. D., were offered for sale early in the month at Chamberlain, but at that time the trustee, James T. McVay, refused to let them go because of the extreme lowness of the bids, the highest bid made at that sale having been $12,500. Then it was announced the cattle would be offered for sale again at Sioux City.

The cattle are Texas 2-year-olds and have spent one winter on the range. It is declared they will be worth at least $35,000 by this time next year.

A $75,000 RANCH DEAL.

The San Angelo Standard says: Currier & Thames closed a big ranch deal the past week in the sale of the McKinley ranch to Messrs. B. M. Wales, W. A. Wilson, Dr. O. B. Atkinson, W. A. Shafner and W. W. Mullins, of Florence, Williamson county. The McKinley ranch contains 17,280 acres of as fine land as there is in the Concho country. It is situated 17 miles southeast of San Angelo on Lipan creek. The price paid for this property was $75,000 cash, which includes the ranch, tools and feed stuffs. The Concho country is fast settling up and before many years property will be worth double and possibly treble what it can be bought for today. The purchasers will take possession November 1st. They expect to incorporate under our state laws as a cattle company at an early date and one from among their number will be chosen as manager of the ranch. They expect to stock it with only the best Hereford cattle and go into the cattle business right.

THE BEST RANCH proposition is the one that offers the largest income on the investment. A feeding farm or feeding ranch close in to the packeries and stock yards is what we offer. This ranch contains 3,0 0 acres. It is chiefly open prairie; it is well grassed—sedge and mesquite mixed; it will easily and safely carry 500 cattle; it has 600 acres of choice agricultural land suitable to cultivate; it is crossed by a creek of running water; there is an artesian well, a large tank, etc. The land is all fenced and divided by cross fences into six pastures and a farm of 140 acres; permanent water in each pasture, plenty of shade and protection, full set of ranch improvements, including dwelling, barn, granary, cribs, sheds, lots, pens and corrals; it fronts on public road leading to Fort Worth, which is distant only fifteen miles; it is surrounded by good farms—six to eight cotton gins within a radius of eight miles, which insures plenty of available feed at lowest market values; it is a natural feeding ranch, close enough to give every advantage in dealing with the packeries and stock yards. We can sell it for $4 per acre, one-third cash, and arrange satisfactory terms on balance. If you want to investigate this, call at our office in Delaware hotel building, and we will send party to show it to you. WINTERS-DANIEL CO., corner Main and Fourth streets.

A Temple to Friendship.

"A Temple of Friendship," said Laura, enchanted,
"I'll build in this garden—the thought is divine!"
Her temple was built, and she now only wanted
An image of Friendship to place on the shrine.
She flew to a sculptor, who set down before her
A Friendship, the fairest his art could invent;
But so cold and so dull, that the youthful adorer
Saw plainly this was not the idol she meant.

"Oh, never," she cried, "could I think of enshrining
An image whose looks are so joyless and dim;
But yon little god, upon roses reclining,
We'll make, if you please, sir, a Friendship of him."
So the bargain was struck; with the little god laden,
She joyfully flew to her shrine in the grove.
"Farewell," said the sculptor, "you're not the first maiden
Who came but for Friendship and took away Love."

NO MONOPOLY IN SPORT.

All Nations Have Their Share in Honors of the Game.

The honors of sport are international; no nation can claim that it has a monopoly of sporting achievements. The losing nations in the recent automobile race in Ireland will be able to congratulate themselves, no doubt, upon some other notable feat which has gained international distinction. Germany holds the record for speed at sea, although it has not the biggest ship, which belongs to England. America has sent up a kite higher than any other nation. More than 10,000 feet above sea level, or a height of nearly two miles, is the record achieved in Massachusetts. One of the British colonies—Tasmania—has an odd record which has never been beaten. Some skillful wielder of an ax at the antipodes has chopped through a 6 foot 4 inch log in 3 minutes 36 seconds, and his feat has never been matched inside or outside the commonwealth. It is a British ship which holds the world's record for coaling, and it is a British member of parliament who has done another that is unique by swimming twice across Niagara.

SECRET OF HIS SUCCESS.

How a Great Man Is Regarded by His Home Folks.

The Hon. M. E. Ingalls of Cincinnati, the president of the Big Four railroad, who will deliver an address in Portland on "Old Home Day," is a Maine man, and whenever he comes to his native state always spends a good portion of his time at Harrison, where he began the practice of law. He tells the following very good anecdote on himself:

"One evening when I was at Harrison on a vacation I had gone to the village store and joined the circle of loafers that had gathered to talk over the public and private events of the nation, state, town and village. One old fellow, whom I formerly knew well, when there came a lull in the conversation, leaned over and said that he wanted to ask me a question:

"'I want to know,' said he, 'if it is true that you get a salary of $10,000 a year?'

"I admitted that I did make as much as that in twelve months.

"'Well,' said he, 'it is remarkable what cheek and brass will do!'"—New York Tribune.

Disconcerted the Speaker.

A young and popular member of the British parliament has had an experience of the retort discourteous, which, being a man with a sense of humor, he does not hesitate to repeat against himself. He was addressing a meeting at which there was a considerable rowdy element present. Like the other speakers, he was frequently interrupted, until, losing patience, he called for silence, saying: "Don't let every ass bray at once." "You go on, sir," said the ringleader, and the speaker was left without a reply.

Can Not Set Fashions.

Whenever queens or empresses of royal parentage have attempted to influence feminine fashion they have always failed, and no better illustration can be given thereof than the fact that in spite of the circumstances that Queen Alexandra dresses beautifully and with the utmost elegance, yet she has never succeeded in setting the fashion, or in even influencing in any way the toilets of English women.—London Letter.

GIGANTIC ENTERPRISE

It Is to Connect Hudson Bay With South America.

OKLAHOMA CHARTER

The Estimated Length of the Projected Railway Line Is Ten Thousand Miles and Cost Many Millions.

Guthrie, Okla., Aug. 25.—Plans for a gigantic railway with a trunk line connecting Hudson bay with British Columbia, Buenos Ayres, South America, and showing a net work of branches was disclosed Monday when articles of incorporation of the Pan-American railroad company with a capital stock placed at $250,000,000 were filed here with the secretary of the territory. The plan is to build a line of railway extending from Port Nelson on Hudson bay, in a northerly direction, crossing the line of the Canadian Pacific, near Manitoba, through North and South Dakota, Nebraska, Kansas and Oklahoma and Indian Territory to Galveston, from Galveston through Mexico to the boundary line of Central America, through the Isthmus of Panama, thence through to Peru and to Buenos Ayres, on the Atlantic ocean; also a branch line beginning in Peru and extending in a southeasterly direction through Brazil to Rio de Janeiro; also a branch line beginning in Peru and extending in a southerly direction through Chile to Valparaiso, on the South Pacific ocean.

The estimated cost of the American railway is $250,000,000 and the estimated length 10,000 miles.

The incorporators are: W. H. Dodge, Stephen A. S[illegible], W. J. Pendleton, Eldredge G. Phelps of Shawnee, Oklahoma, and C. E. Wells of Lincoln, Neb.

It is not known what outside interests, if any, these men represent.

The principal officers of the company are stated to be at Guthrie and Shawnee, Oklahoma.

A charter was also issued to the American Town Site company, an adjunct of the railway corporation with a capital stock fixed at $10,000,000 with business offices at Shawnee and Guthrie, Okla., New York city, Superior, Neb., Hutchison, Kans., Dallas and Galveston, Tex., Winnipeg, Canada and the City of Mexico.

MASSACRES ALLEGED.

Turks Reported to Have Killed Women and Children.

Sofia, Aug. 25.—The Turks are reported to have massacred all the women and children in two villages of the districts of Flyorina and Monastir, and to have afterwards burned the villages. They also are alleged to have killed a number of prisoners.

The streets of Krushevo are said to be strewn with dead and the survivors are afraid to bury the bodies, fearing to incur the suspicions of the Turks.

Following the proclamation of the revolution throughout the village of Adrianaople the insurgents cut all the telegraph lines connecting city of Adrianople with the eastern parts of the vilayet.

There are unconfirmed rumors here that fighting and massacres are proceeding in the streets of Adrianople.

DETAILS AWFUL.

Women Treated by Soldiers in a Most Revolting Manner.

Sofia, Aug. 25.—Reports from Monastir, authenticated by the Russian and Austrian consuls, give horrifying details of the massacres and atrocities. At the village of Arfmensko the Turks destroyed 150 houses out of a total of 157 and massacred every man, woman and child. The women were subjected to the most terrible atrocities by the soldiers.

Eight revolutionaries captured at Krushevo, who were sent in the direction of Monastir in chains were slaughtered by their guards.

The sanitary conditions of Krushevo are described as revolting. The dead are lying in the streets stripped of every garment, the Turks even taking the vestments off the body of a priest.

NO CHANGE.

Time Allowance of Shamrock Will Remain as Before.

New York, Aug. 25.—After removing 1100 pounds of ballast and taking on board a cable and anchor weighing fully that much the Shamrock III., was remeasured in a dry dock in Erie basin Monday. The net result was that there was no change in the time allowance of one minute and fifty-seven seconds, which the Reliance is compelled to give her. The challenger was just three-one hundredths of a foot shorter than before the change and that difference was not sufficient to make a second increase or decrease in her time allowance. Her load water line length is now 89.78 feet and her racing length 104.375.

AGAINST COLBERT.

Charges Alleged to Have Been Made by F. Finis Fox.

Washington, Aug. 25.—Charges are said to have been made by F. Finis Fox, editor of a newspaper at Ardmore, I. T., and forwarded to the department of justice against Benjamin H. Colbert, United States marshal of the Southern district of the Territory. Charges alleged are he used his own official position to further the territorial politicians. It is said he released prisoners from jail to vote for his candidate for governor, that he is continually absent from the session of the court to attend to private business.

Orange, Tex., Aug 25.—Charles Stafford shot and killed his wife and then emptied the contents of his gun into the face and head of William Stakes, who died from the effects of the shot on Monday shortly after 1 o'clock.

As a climax to this tragedy Stafford turned the gun on himself and put a bullet in his brain.

The principal cause leading up to this tragedy is jealousy.

BURNED TO DEATH.

Girl Was Igniting the Fire With Kerosene Oil.

Blossom, Tex., Aug. 25.—The twelve-year-old daughter of Jacob Wolf, a tenant on the Craig farm, three miles south of here, was burned to death from the explosion of a can of kerosene oil, which was ignited from fire in a stove in which she was starting a fire with the oil.

Her sixteen-year-old sister was terribly burned in trying to extinguish the flames. The entire building and contents were destroyed.

KILLED IN A FIELD.

Body of a Well Known Negro Found Near His Home.

Hempstead, Tex., Aug. 25.—Wilks Joshaway, a respected colored citizen living on a Guillemet's farm, about four miles west of Hempstead, was found dead in a field near his home.

He had been missing from home since Friday last, and searching parties were led to the place by the buzzards. He had been shot twice, supposedly by a Winchester, once in the body and once through the head.

Alex. Lawder, colored, is in jail, charged with having done the shooting.

SHAM BATTLE.

It Was a Grand Success and Seen by Many.

Camp Mabry, Tex., Aug. 25.—The sham battle was a grand affair and witnessed by an immense crowd. The camp was defended by the Third and Fourth infantry and Second battery United States artillery, all commanded by General J. A. Styron.

The offensive, or attacking party, was commanded by Colonel Henry Hutchings, and consisted of the First and Second infantry and battalion of field artillery.

There were but three or four heat prostrations, but none serious.

FEAFUL HOLOCAUST.

Between Forty and Fifty People Perish in a Conflagration.

Buda Pest, Aug. 25.—Fire Monday evening in a four-story building, the two lower stories of which were occupied by a fancy goods firm and the upper floors by flats, cut off the escape of many of the 200 working people and the residents on the third and fourth floors. Between forty and fifty presons were burned to death. The house contained piles of flimsy material and the flames spread with rapidity. Only the working people near the doors were able to escape. The residents above, seeing their escape cut off clung to windows screaming for help. The firemen held out sheets of canvass and called to them to jump. Fifteen persons were saved in this way but many missed the sheet, thirteen being killed on the spot, including two children. Sixteen persons were injured.

CLIQUE OF USHERERS

They Make Large Demand on Recent Wedded Count.

MUCH CASH IS ASKED

Marrirge Brokers Assert That They Furnished the Bridegroom the Necessary Money to Woo and Win Heiress.

Berlin, Aug. 25.—A clique of usurers and marriage brokers has been demanding $50,000 fgom Count Franz Joseph Maria von Larisch-Monnich since his marriage with Miss Marie Satterlee of Titusville, Pa., at Buffalo, N. Y., in June 1901, which sum the count has refused to pay. The public prosecutor has now brought proceedings against three usurers for attempting swindle. Some time before Count Larisch-Monnich visited America the accused persons assert they supplied him with funds to go to Nuremberg and court the daughter of Faber, the pencil manufacturer and the count signed a note for $50,000, payable on condition that he married Miss Faber. He went to Nuremburg, it is stated, properly supplied with cash and paid his addresses to Miss Faber, but was not accepted. Later the count went to America at his own expense and eventually married Miss Satterlee. The group which avers that it financed the Faber matter, demanded $50,000, not on the conditional note, but on another which it is insisted Count Larisch-Monnich signed and which he refused to pay. The public prosecutor was informed of the case by some one whose name does not appear and the matter was investigated with the result that the public prosecutor has instituted proceedings against a merchant referred to as R, in the statements given to the press, and against a retired cavalry captain. The trial has been set for the autumn term of court. Count Larisch-Monnich belongs to the Austrian nobility. His father has an estate near Astronitz, Prussia, and has become a naturalized German.

"BILL ARP" DEAD.

Noted Georgia Humorist Departed This Life Monday Evening.

Cartersville, Ga., Auf. 25.—Major Chas. H. Smith, widely known by the pen name of "Bill Arp," died at his home, "The Shadows," late Monday evening, after an illness of many months, which, within the past three weeks, has become serious, following an operation for the removal of gall stones. Several days ago he became gradually weaker, most of the time unconscious until the end. Of his family, his wife, four daughters and four sons were at the dying bedside. Two in Texas, one in Mexico and one, Victor Smith, in New York, have been summoned by telegraph. Major Smith was born at Lawrenceville, Ga., June 15, 1826.

NEGROES ATE.

White People Walked Around on Outside and Went Hungry.

Atlanta, Ga., Aug. 25.—While Booker Washington of Tuskegee and a party of some forty negro men and women enjoyed a hearty breakfast in the railroad dining room at Hamlet, N. C., Sunday morning, Senator A. O. Bacon of Georgia, Joel Hunt, an Atlanta millionaire, and a large party of white men and women from the Pullman cars walked around on the outside and went hungry. The negroes took possession of the dining room and after the meal emerged smoking. A small dining room was improvised for the whites, but they refused to enter it. After the negroes left the main dining room they were invited in, but indignantly refused.

FIFTY KILLED.

That Number Reported Dead and About One Hundred Wounded.

Constantinople, Aug. 25.—According to Turkish advices, when the insurgents captured Vasiliko, in the eastern part of the villayet of Adrianople, they killed the garrison consisting of fifty soldiers, and about 100 inhabitants. The insurgents are now threatening Midia, sixty miles northwest of Constantinople, on the Black sea, and are reported also to be attacking an important town, Kirk-Killioseh, thirty-two miles from Christian, Greek and Mussulmen refugees arrived at the mouth of the Bosphorus from the neighborhood of Midia, fearing a massacre there. They have been sheltered in the lazaretto at Aondolikavak and are being fed by the authorities.

The lighthouse at Kuria-Burun in India bay is not working. It has been abandoned by the keepers on account of the nearness of insurgents.

Following the proclamation of revolution throughout the vilayet of Adrianople the insurgents cut all telegraph lines connecting the city of Adrianople with eastern parts of the vilayet. There are unconfirmed rumors here of fighting and massacres proceeding in the streets of Adrianople.

While the passenger train, westbound, on the latter road was passing over the crossing a car of stock which was being pushed by a switch engine on the Illinois Central broke loose from the engine and dashed into the side of the passenger train with terrific force, breaking a coach in two and injuring nearly every one of the sixty occupants.

The servants of the family will act as pallbearers at the funeral, which will be held at the end of the week, when Lord Edward Cecil, military secretary of the Egyptian army and fourth son of the deceased stateman, shall have reached England from Egypt.

Ambassador Choate telegraphed to Hatfield expressing in behalf of the American nation his sorrow at the death of Lord Salisbury. The text of Mr. Choate's message, which was addressed to Lord Cranbourne, was as follows: "I heard with the deepest regret of the death of your father. The people of the United States sincerely sympathize with those of England in deploring the loss of the great statesman."

WAS REMEASURED.

Racing Rank of Shamrock III. Has Not Been Affected and Will Remain.

New York, Aug. 25.—Shamrock III. was remeasured at the dry dock in the Erie basin early Monday after having taken on board her cable and anchor, required by rules affecting the measure of the cup yachts. Sir Thomas Lipton was on board. The measurement was taken by Charles D. Mower, official measurer of the New York Yacht club, and watched by Mr. Fife, representing the Shamrock III., and by Secretary Carmack, representing the New York Yacht club. When the measurement was concluded Sir Thomas Lipton said he had been informed by Mr. Mower that the Shamrock III.'s racing rank had not been affected and it will be unchanged. It is presumed that sufficient weight has been removed to equalize the weight of her anchor and cable.

The Reliance was taken out for a sail at 10 o'clock Monday morning. The boat sailed out to the horseshoe with her main sail and lower head sails set.

The woman was a slave until 1852, when she was purchased from the Lario family by her husband, Victor Deranbourg, with nine children. All told, deceased has given borth to twenty-two children, of which number only nine survive, the eldest being sixty years old and the youngest forty-seven years.

CONTEST A WARM ONE

Johnson and Zimmerman Say They Will Win Out.

BUCKEYE DEMOCRATS

Are Arriving at the Capital of Ohio in Order to Nominate a Ticket For the Election to Be Held This Fall.

Columbus, O., Aug. 25.—Prominent Democrats are in conference here preparatory to the Democratic state convention. For weeks there has been a contest of unusual intensity in eighty-eight counties between Mayor Tom L. Johnson of Cleveland and Hon. John L. Zimmerman of Springfield, the two candidates for gubernatorial nomination, to secure delegates. Both come here claiming a majority of the 690 delegates, basing their claims on having secured 345 delegates whose seats are contested. It is conceded the control of the committee on credentials means control of everything else, including the new state central committee, that controls the organzation for the coming presidential year, as well as the committees on resolutions, rules and order, business and permanent organization, all of which are of importance at the present time in the contest between Bryan men and the conservatives for supremacy. The withdrawal of John W. Bookwalter as a candidate for the senatorial endorsement to succeed Hanna has been used to advance Zimmerman's candidacy. Zimmerman and Bookwalter both reside in Springfield, and it is claimed that Johnson men started the Bookwalter movement to affect Zimmerman's interest, especially if the order of business could have been so fixed so the endorsement for senator would come before nomination of the state ticket. Johnson men still insist that there must be an endorsement for senator, although no one has been named for Bookwalter's place. Zimmerman men are not in favor of the convention naming any one for senator. While all interest centers in the contest between Johnson and Zimmerman for the gubernatorial nomination, there is little heard about the rest of the state ticket.

NEBRASKA POPULISTS.

Their State Convention Will Excite Considerable Interest.

Grand Island, Neb., Aug. 25.—Interest in the Populist state convention manifested itself Monday in the arrival of a number of party leaders, among them former Senator Allen. The question of fusion is a predominant one and Senator Allen has sounded the key note to the opposition. In a letter written to a Madison, Neb., newspaper Mr. Allen takes exception to Mr. Bryan's stand on the question and asserts that the Populist party must declare its independence. He says, however, that Judge Sullivan will be re-nominated by the Populists. Judge Sullivan is a Democrat.

Nebraska Democrats.

Columbus, Neb., Aug. 25.—A number of leading Democrats have put themselves on record as being opposed to fusion, while they still adhere to the policy of joining hands with the Populists and dividing the ticket. While Mr. Bryan has not made his position clear, it is beleved he favors fuson and may rely on his influence to secure harmony.

HOURS AND WAGES.

Disagreement on These Points Results in Lockout at Chicago.

Chicago, Aug. 25.—Waiters and cooks employed in several down town lunch rooms were called out on strike early Monday. The number of men responding to the order was small owing to the small forces on duty at the time. This is the first move of the Waiters' and Cooks' union in the renewed fight against the Chicago Restaurant Keepers' association, which two months ago tied up establishments controlled by them and which resulted in the granting of an increase of wages of 10 per cent to the employes. In the general statement issued by the cooks and waiters the reason assigned for their action is the alleged discrimination on the part of the arbitration board in the decision relating to the question of hours and wages.

Bourne Proposed as the Successor of Late Primate of Winchester.

Rome, Aug. 25.—The congregation of the propaganda met under the direction of Cardinal Gotti, prefect. After some discussion it decided to propose to Pius X. that he appoint Rt. Rev. Francis Bourne, bishop of Southwark, England, as archbishop of Westminister, in succession to the late Archbishop Vaughan.

Louisville, Ky., Aug. 25—The Louisville hotel, one of the most widely known hostelries in the south, has been sold. Control of the place has passed to C. W. and Jack Ross of Elmira, N. Y., and J. H. and W. Parks of Frankfort, Ind. The price paid was $280,000.

PROF. COBURN'S REPLY.

His Explanation is Not for the Benefit of Southern Cattle.

Prof. Coburn has written a letter to Mr. C. F. Martin, secretary of the National Live Stock association, defending his action in excluding Southern cattle from the St. Louis World's Fair. In this letter he says, among other things:

"To the man wheresoever he be, on or off the range, (outside of quarantined territory) who has the cattle and the courage to compete there is, for example, open for either one of the four leading beef breeds opportunity and invitation to enter and exhibit without money and without price eighty-six animals (equivalent to five, six or seven carloads,) for 119 cash prizes aggregating $3,980, besides forty diplomas and certificates of commendation. Of this, $1,40 in cash prizes is offered on twenty purebred and grade steers or spayed heifers of each breed. He may win as much as $375 on the showing of a single cow or bull, or $140 on one grade steer or spayed heifer.

"If he is partial to either of the four less popular beef or dual-purpose breeds, such as Red Polled, Polled Durham, Devon, or Brown Swiss, the door stands open through which he may enter in the breeding rings sixty-six head of each breed for 119 cash prizes aggregating $4,105, besides forty diplomas. If steers or spayed heifers of either of these secondary breeds are his specialty he can enter twenty head of them and $370 in cash is hung up for him, $90 of which he may win with a single range half-bred calf. If the range presents at St. Louis in 1904 the animals of highest merit, pure bred or grade, male or female, breeders or non-breeders, fat or lean, they will easily secure the highest prize, and no one will be less dissatisfied than the management here, but no special dispensation can be made for them or the range as such.

"At all events the conditions are such that the exposition at St. Louis in 1904 will not have classifications for cattle from any state or country except individual animals. This is not, either a "ruling" by Chief Coburn, but it is declared the policy of the exposition, and it is to be regretted that anyone should regard himself as 'discriminated against or barred thereby."

Notice the exception Prof. Coburn makes, in parenthesis. His explanation is for the man "outside of quarantine territory." In the states covered by quarantine, which includes most of the Southern states and a number of the southwestern, it is confessed that the cattle raiser is left out of the competition, and there appears not to be a disposition to consider his application for a hearing.

JUST LIKE FINDING MONEY.

Dakota Stockmen Cashing in Horses That Once Were Valueless.

The Pierre, S. D., Rustler says: One firm yesterday shipped about 600 head of 3,000 head of horses which they have purchased on the range west of this city, and will make other shipments the last and 15th of August. It will be late in the fall before all their stock will be rounded up and delivered. Another firm took out about 500 head last week, this seeming appearing to be the one which can come the nearest to furnishing the class of horses wanted. The puchases already made many thousands of dollars for horse raisers, as the average price is about $40. With these sales and the returns from the regular monthly horse sales at this city, the horse owners will clear up about a quarter of a million dollars for their stock this year, out of a product of the range which has been for many years looked upon as practically without selling value.

St. Louis quotes market steady for Texas cattle, with receipts 5,000.

Sam Rosen has bought the Byrs ranch, containing 263 acres, just west of Rosen Heights. Price $46,300.

Kansas City hog market opened 5 to 10 higher, broke, and closed 10 lower than high point. Top $6.15.

J. H. Lovelady of Weatherford has filed a voluntary petition in bankruptcy in the United States court at Fort Worth. Liabilities $11,709.69, assets nothing above exemptions.

Sir Thomas Lipton, who is trying to win the "America" cup, was invited to attend the fall festival in Fort Worth, next October. He wrote in reply: "It would give me great pleasure, indeed if I were able to avail myself of your kind suggestion to visit your good city, but I am afraid my time in this country, after the conclusion of the races, will be so limited that it will be impossible. I, nevertheless, greatly value your kindness in giving me the opportunity, and I shall hope at some future time to give myself the pleasure of making your personal acquaintance."

Attorneys representing saloon-keepers at Gainesville appeared before Judge Smith of the Seventeenth District court of this county, yesterday, and applied for an injunction to restrain the publishers of the Gainesville Signal from publishing the results of the late prohibition election in Cooke county. The official publication of the election returns would have the effect of putting the prohibition law in force, and this the applicants seek to prevent. Judge Smith issued an order requiring the defendants to appear before him the 29th of August, to show cause why the injunction should not be issued.

A shooting affray took place on Main street, in Fort Worth, yesterday, between two men, in which a woman had her arm broken by a pistol ball, and bullets were sent whizzing at random in all directions, the street being crowded at the time. Gus Minchew was standing beside Mrs. Margaret Stepp, in front of Childress' furniture store, corner of Main and First streets, when Hugo Brandt came up, and they pulled their pistols and began shooting. Mrs. Stepp was hit in the left arm and the bone shattered so badly that the arm may have to be amputated. Eight shots were fired, and pretty nearly everything in reach was hit, except the shooters, who escaped without injury. Brandt ran off and eluded the officers. Minchew was arrested and a misdemeanor charge made against him. He was released on a bond of $200.

Luxury in Greenland.

Even Greenland's icy mountains have their plutocrats. One Kor-ko-ya of East-Baffinsland, literally stupefies his fellow-tribesmen with his luxury. He lives in a wooden house, owns a table and a parafin lamp and recently, to celebrate the fortieth anniversary of the foundation of his business, he stood cod liver oil all round to his employees. Such a scene of unrestrained revelry had never been witnessed in the country before.

A Seat, Anyway.

There were four billion street car passengers in 1902 and but twenty-two thousand of them hurt. The relative mortality among chaffeurs was far greater. But there is this to be said in favor of automobiling, even if you don't live long—you have a seat while it lasts.—St. Louis Republic.
