Underground Tank Removal

Due to new Federal laws regulating the storage of underground tanks the City of Stratford Officials elected to remove the gasoline tank belonging to the City.

The new regulations will effect all underground tanks used to store regulated substances since January 1, 1974 that are in ground as of May 8, 1986 or that are brought into use after May 8, 1986. The Texas Water Commission will monitor the new laws. Failure to comply with these regulations could result in a fine not to exceed $10,000.00 for each tank.

The City of Stratford employees have used this tank to provide gasoline for City vehicles for approximately 18 years. Gas will now be bought from various service stations on a bid basis.

TEXAS PRESS ASSOCIATION

Your Right To Know

By Terry Kennedy

Although tornadoes, severe thunderstorms and floods can strike virtually any part of Texas at any time, spring seems to bring an increase in violent weather.

You can take precautions to assist yourself and your family in the event of a tornado.

Periodically hold a tornado drill so that family members know what to do and where to go if the National Weather Service issues a tornado warning. The safest part of a house during a tornado traditionally is the basement but be aware of the potential for flooding if there is heavy rain in the area. Interior bathrooms, hallways and closets on the ground floor also offer protection from tornadic winds. Avoid windows and outside walls. Take along blankets or sleeping bags to protect yourself from falling debris and shattering glass, which are frequently the cause of death and injury during a tornado.

Make certain you have a portable radio and several flashlights (and fresh batteries for both) as well as bottled water, extra prescription medications and a first aid kit in your shelter area.

Remember, if a tornado strikes, electricity, gas, water and sewer service may be disrupted for several days.

Mobile homes and automobiles are dangerous places to be during a tornado. If you live in a mobile home, make sure all family members know where the nearest substantial shelter is. If you are in your mobile home or car and can't get to a better shelter; go outside, lie down in the nearest ravine, ditch or culvert and cover your head with your hands. Be aware of the possibility of flooding in low-lying areas. Do not hide under your mobile home or car because both can easily be picked up and carried away by a tornado.

Your local county emergency management office can provide you with additional information on severe weather precautions. The Governor' Division of Emergency Management, the National Weather Service, the Texas Insurance Advisory Association and the Federal Emergency Management Agency are sources of information and publications on various weather phenomena for local governments.

The first Presidential news conference to be televised was held by President Eisenhower on Jan. 19, 1955.

Tillery Completes Training Course

Terry Tillery, service specialist at Oglesby International Inc. of Dumas, has completed a 4½ day training course at the Case IH Training Center in Mempyis, Tn. the week of Jan. 22, 1990.

The course emphasized the Case IH 7100 Series tractors, called the Magnum line.

The training program included classroom and hands-on study of the Magnum line's transmission engine, hydraulic system, hitch and electronic systems. Students received an overview of the manufacturing processes used to assure high quality in the Magnum tractors.

To sharpen their servicing and repair skills, students disassembled and reassembled components. They also practiced performing critical adjustments and learned precise testing and troubleshooting procedures.

Case IH offers a wide variety of training courses for dealer service specialists.

by Timmie Brown

Surprise! Surprise! Sherman County Older Texans, Friends, Neighbors and Scotters. Scot Notes are being written on Sunday evening March 11th, 1990, because the writer plans to be in Amarillo Monday at 9 a.m., because we are invited to ride along just for fun. However, we are as egar to wish you a beautiful, busy, happy week Mar. 12-17th as if we were giving weather statistics on Monday A.M. Rain fell this morning (Sunday) about 5 a.m. Nice shower. All clear by Sunday School time, tho.

Scot calendar shows that regular ceramic lessons, quilting, dance practice and Tues. games will be in progress at Scot Hall as usual on Thurs. Mar. 15th the Sherman County Senior Citizens bus will leave Scot Hall at 9 A.M. bound for an interesting day in Amarillo. Several have signed up to go. If interested get your name in the pot.

The Western Cowpunchers Dance in Amarillo is scheduled on Sat. March 17th and Scot bus will take Stratford folks down.

Items that need Calendar markings are Tuesday Mar. 20th at 10:00 a.m. is S.C.O.T. board meeting. Board Meetings are the times when Scot advance programs are planned; finances and business attended to. ANY Scot member may attend and present ideas to consider for the good of the organization. Participation of Scot members is welcome.

Secondly, Thurs. March 22 is Dinner Day. That day, Thursday 22nd is also Easter Parade Day. What would to parade be without EASTER Bonnets? For inspiration and ideas for Easter Hats - Men and Women - drop by Scot Hall and study pictures of former creations on the two bulletin boards in the entrance hall. They can be seen anytime. Most important of all, however, get YOUR HAT ready. The Easter Parade is Scotters best enjoyed event!

The posters are works of art, prepared by Director Vicki and assistant Dorothy. do tell Vicki and Dorothy you appreciate them. They put in lots more hours serving us than they are paid for!

Thirdly, all day quilting takes place Friday March 23. What would Scot do without our quilters?

Hosts for Scot Dinner Thursday, Mar. 22 are Janet & Bill Riffe, Chris & Howard Ethridge, Peggy & Jimmy Jackson, Georgia Cook, Delores Bunch, Ruby McNeal and Audrey Gamble.

Last Tuesday found Opal Bryant, Timmie Brown, Clarence Willman and Basil Naugle engaged in a hard-fought game of dominoes, which was greatly enjoyed even if Timmie and Clarence "bit the dust" before the onset by Opal & Basil - Remember, Scotters, just drop by Scot Hall at 2p.m. on Tues. and join in games. Any Senior Citizen (person over 55 years of age) may become a Scot member for $12.00 per year or $1.00 per month. What can any Senior Citizen buy in the way of entertainment and fellowship for $1.00 per month? Membership in Scot!!

Some conversation takes place during Tuesday games. This week we learned that Jan and Stacy Sell are parents of newly arrived little Courtenay Jade Sell, who is the great-granddaughter of Scotter Delores Bunch and of Trophena and Earl Phelps. the little one is also the grand-daughter of the Dennis Phelps.

Clarence Willmon also has a new great-grandson, born in California.

NOT learned at Scot Hall news about new arrivals is as follows - Corda Pleyer's 18th great-grandchild, Christopher Isaac Perry, came into the home of Carrie (Terrill) and Randy Perry, Houston, March 7, 1990. The young fellow is the grandson of Billie (Pllyer) Doyle Terrell, Dumas, who are Carries' parents.

Corbin Roland White came into the family of Paul and Tammy White lately. this young man is the grandson of Carolyn and Glenn White; also the great-grandson of Faye and Howard White. Billie, Paul and Jan are S.H.S. graduates.

John Ellison, Ca. in a telephone conversation with his sister, Opal Bryant, sent word of the death of Mary Helene (Higginbottom) Goodman, Weaversville, Ca. John and Lew Higginbottom, former Stratfordites, found each other in Ca. and share The Stratford Star.

Many Sherman County people will remember Mary Helene and her parents, the late Mary and Lewis Higginbottom. We send S.C.O.T. and personal love and prayer support to Lew Jr. in the loss of his only sibling.

Leo Cook remains in the Dumas Memorial Hospital, his wife, Gerogia, tells us. He is awaiting skin grafting.

Birthday girl, Doris Dyess, was greeted by husband, Roscoe, Dicy Stephenson, Geneva Bell, Rowena Williams, Lillie Galloway, Opal Bryant, Corda Pleyer, Timmie Brown, Jewel Dovel, Clarence Willmon and Max Stephenson who arrived later. Everyone enjoyed birthday cake, baked by Dicy, ice cream and coffee, after which we had fun playing games.

Guymon Sr. Citizens dance was attended by the Gores, Rowena Williams, the Hills, the Judds, the Pembertons and the Bunis. The Browns were at home babysitting grandson, Caleb, while parents Jim Bob and Patty and sister, Ashley, skied at Red River.

Dorothy Robbins spent the weekend visiting in Lubbock.

The H.L. Hailes are in Houston where they are with Geneva's son, Eddie Moon, who is very ill and has been transferred to a Houston Hospital. We have no report on Eddie's condition to date.

Barbara, Steve, Courtney and Jack Dettle attended the wedding of Andrea Dettle, Steve's younger sister, in Ca. last week.

We tender Scotter and personal congratulation to the following persons. To Cyndy James for certification as EMT Intermediate from Texas Department of Health. She joins the five paramedics and EMT in service, who have advanced skill capabilities, Sherman County, Stratford and surrounding area are fortunate to have this outstanding group available in times of need. We know Cyndy has worked diligently to secure a place with them.

To Superintendent Bass who received a Certificate of Appreciation for Public School Awareness issued by Grand Chapter of Texas O.E.S. thank you Jane Smith (Mrs. J.W.) committee of P.S.A. of O.E.S. Stratford for submitting the name of Mr. Bass to represent our P.S. Jane is a S.C.O.T. AND to Colby Wheeler for catching that calf in Houston! The result will help you grow into a responsible adult. To Ida Crabtree Leonard, Dalhart, we send S.C.O.T. and personal love and appreciation on the occasion of your 90th birthday. You ARE a Sherman County Older Texan!

Our blessing to the following Stratfordites who plan to join the Amarillo Muscular Distrophy Walkers March 31, 1990, namely; Bonnie Hamilton, Marillyn Albert, Elizabeth Sanders, Terry Kennedy and Leonda Fedric.

Senior Texans Employment Program (S.T.E.P.) proclaims the week of March 11-17, 1990 as a time to recognize Older Workers of Texas. Through this Agency Sherman County older citizens enjoy the services of Shirley Foreman and Dorothy Robbins.

A letter from Ann Blackwell Lassiter brought the announcement of the death of Dick Blackwell, who died suddenly and peacefully Mon. a.m. Feb. 26th. Services were held Wed. Feb. 28 (We think these dates are correct since Ann dated her letter 3/3). Dick's daughter Rosemary et al and siblings Raleigh and Ettie Fisher survived him.

Stratford friends send love and prayer support to the remaining family members. Ann ihcludes the news that lately the Blackwell families celebrated Raleigh's 85th birthday. Most of his 70 decendants were on hand to celebrate the occasion. Best wishes and S.C.O.T. "luv" to you, Friend. May you enjoy many more birthdays. Thank you for letting us know of Dick's death.

Now Scotters and Senior Citizens we remind you to vote, get your Easter Bonnet and be at Scot Hall Dinner. Scatter shoulder pats & luv day by day.

In a non-leap year, the middle day of the year is July 2.

NOTICE OF TARIFF CHANGE TO CENTRANET® SERVICE

GTE Southwest Incorporated gives notice of its proposed tariff changes to CentraNet® service, which is a Central Office-based service that provides PBX-type features to multi-line business customers and is currently being offered in all company wire centers where such facilities exist to provide the service.

The Public Utility Commission of Texas approved a generic tariff for CentraNet® service up to 100 lines in Docket No. 7652. The proposed tariff revision would establish specific rates for CentraNet® service involving 101 to 400 lines. Other proposed revisions involve the rate applicable to changes, additions, or deletions to the data bases and a new rate is proposed for additional trunks.

The names of the three CentraNet® packages have changed from Standard, Premium, and Deluxe to CentraNet® 1000, CentraNet® 2000, and CentraNet® 3000, respectively. Direct Call Pickup has been added to the three CentraNet® packages while Multiple Call Park and Shared Speed Call 30 have been added to CentraNet® 2000, and Speed Call 30 and Call Forward Busy/No Answer Split have been added to CentraNet® 3000. Flexible Night Answer and Automatic Route Selection also have been added as new optional features.

The proposed changes and new service offerings have been assigned Docket No. 9251, and pursuant to Section 43(d) of the Public Utility Regulatory Act will become effective June 23, 1990. Rates for service will be applicable to customers who subscribe to the service as well as existing customers. Therefore, there will be no effect on any other rates of the company. The company's gross annual revenues will increase by approximately $399,600, or less than one percent annually.

The proposed rates are on file with the Public Utility Commission of Texas, and are available for public inspection at the offices of GTE Southwest Incorporated. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission. The deadline to intervene in this docket is 3:00 p.m., April 9, 1990.

A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas, 78757. Not Alone

I cannot walk alone, dear Lord,
Without the touch of Your hand.
My legs are weak and I'm afraid
But I know You understand.

When I reach out for You, dear Lord,
I always find You there.
And You will renew my strength
When I come to You in prayer.

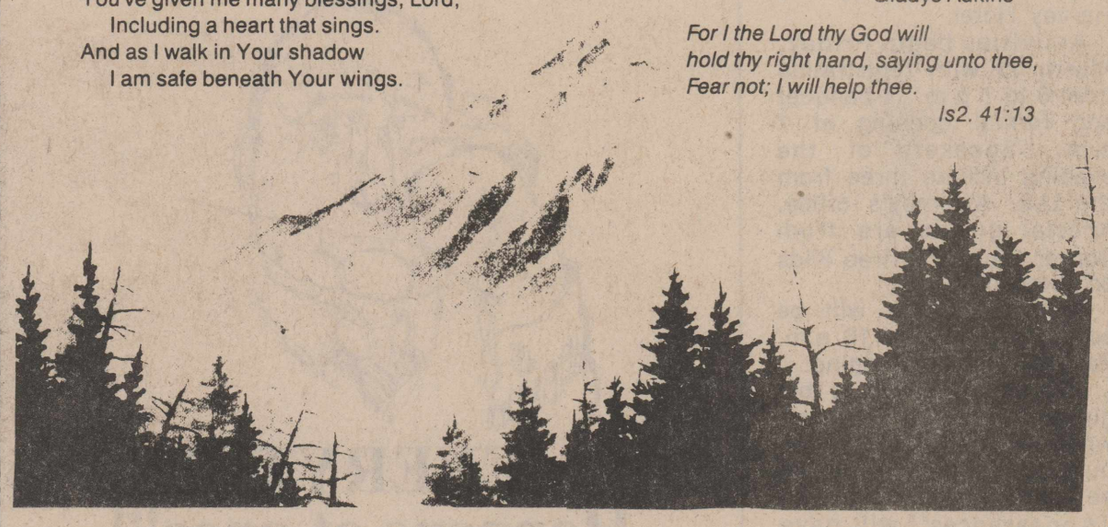

You've given me many blessings, Lord,
Including a heart that sings.
And as I walk in Your shadow
I am safe beneath Your wings.

In my distress I cried, dear Lord,
And I know You heard my plea.
You said, "dear child, take My hand,"
And, "Fear not but come unto Me."

I know I need not fear, dear Lord,
For You call me by my name.
You'll walk with me all the way
And help me to not complain.

Gladys Adkins

Out The Library

By Dorothy Haile

If you are interested in UFOs and this bizarre phenomenon, a new book in the Sherman County Library is ''must'' reading. The authors are a husband and wife team, Ed and Frances Walters. This couple live at Gulf Breeze, Florida.

They present the most stunning and persuasive UFO story told to date, with the clearest, most detailed UFO photographs ever taken in U.S. history. With such startling photographic evidence, this is an absolutely riveting firsthand account of the Gulf Breeze UFO sightings as told by two of the central witnesses.

1990 Census

It's census time again. Some people may downplay the importance of the population survey conducted every 10 years, but an accurate count may be crucial to the future of this area.

Seats in the U.S. House of Representatives are distributed on the basis of the census. The more representatives the area has, the louder its voice on the House floor, and that frequently translates into positive action for the region.

An undercount could cost Texans $300 million in federal aid in the 1990's, according to the Texas Comptroller's Office. Federal funds for communities also are distributed according to the population count. Those most in need are often the ones shortchanged when there's an undercount.

Area officials are determined to conduct an accurate tally to ensure that this area won't be penalized in the coming decade.

Particular emphasis is being placed on accurately assessing the area's homeless. Preparations have been taken for an estimate of the homeless population in March.

Assistance centers will be operating to help people fill out the census. These centers are scheduled to open one week before Census Day, April 1, and stay open for three weeks.

Clella Lewis, Manager of the Amarillo District Census Office which serves 33 counties, encourages people all over the region to take part in the census.

There should be no concern about the confidentiality of your responses to the census. Census Bureau employees take an oath to keep people's answers confidential. Violation of the oath can result in a fine and imprisonment. Federal agencies are prohibited by law from getting specific information on people. Questionnaire responses are used strictly for statistical purposes.

Households will begin receiving census questionnaires on March 23. Watch for yours, and plan to participate fully in the population count. It's important for the future of this entire region.
