FBI Gets Information On Nashville Bombing

WASHINGTON (AP)—The Justice Department said today it has information of "possible significance" concering the dynamiting of the Hattie Cotton School in Nashville, Tenn., and is turning it over to local authorities.

Atty. Gen. Brownell said this is in line with the Justice Department's desire to be of all possible assistance to local authorities regarding violations of law.

Brownell said the information is being turned over to Nashville authorities by the Federal Bureau of Investigation.

This was the first formal announcement that FBI agents had taken a hand in investigating the blast Tuesday.

The explosion wrecked the half-million-dollar school building.

The dynamiting followed the admission of a Negro child to the first grade of the school.

Brownell's brief announcement gave no indication as to the nature of the information developed by the FBI.

NASHVILLE, Tenn. (AP)—City officials armed Nashville police today with copies of a broad federal court order prohibiting any interference with school integration here.

Besides banning acts intended to keep Negroes out of racially mixed first-grade classes, the order specifically forbids boycotts of the newly integrated grammar schools. Six schools end their first week of integration today, after two days of surface calm.

U.S. Dist. Judge William E. Miller issued the temporary order yesterday at the request of city and school officials. They asked for it to bolster a police get-tough policy in dealing with racial flareups since 15 Negroes reported for classes along with about 2,000 white first-graders Monday. Miller ordered the integration.

LIBRARY FURNITURE ARRIVES—Much of the furniture for the new Scurry County Library has arrived and is being placed in the building. Two members of the board of directors of the library are shown examining some of the new furniture above. They are Mrs. Robert R. Patterson, left, and Mrs. Gene L. Dulaney. The board is now checking qualifications of several applicants for the job of head librarian. (Lee Watson photograph)

SPOT MUSE

AURORA BOREALIS, the northern lights, was visible in this part of the state last night. The Weather Bureau reported that was the first time it was visible this far south in more than 30 years. The lights were seen as far south as Corpus Christi. Appearance this far south is an indication of rapidly-increasing activity on the sun, the weathermen say.

J. T. HUGHES, operator of Radio Station KSNY, is now back in town after having an operation at Cleveland, Ohio. Reports are that he is doing well, although he is tired from the trip home.

THE NEED for another elementary school was brought out at this week's meeting of the Snyder school board. With overcrowding starting again in the elementary schools after a big gain in enrollment, and with a more overcrowded situation developing for the next school year, the board is preparing for a bond election. The schools, incidentally, already own an elementary school site south of Forty-second Street and west of the Big Spring highway. The southwest part of town is getting the biggest increase in elementary enrollment, as indicated by the big jump in enrollment at the West Elementary School, which already has almost 800 students.

FOOTBALL SEASON is now underway, and especially so for the fans who boarded the special train for the long ride to Borger. Santa Fe was to have 10 coaches for the trip. The trip to Borger by train, through Lubbock and Amarillo, is 259.8 miles, Thomas Ledbetter, telegrapher-clerk for Sante Fe in Snyder, said.

GUEST: MRS. MERRIWEATHER POST

Post Will Stage Three-Day Jubilee Beginning Saturday

POST, Tex. (AP) — This colorful West Texas town starts Saturday a three-day Golden Jubilee, looking back to 1907 when C. W. Post, wealthy breakfast food magnate from Battle Creek, Mich., began a unique colonization experiment.

He bought 333 square miles of West Texas land and founded his town 70 miles from the railway at Big Spring. He built sturdy farm homes, barns, fences and windmills, and sold them to settlers on the installment plan.

A mule train with 24 bright new wagons, and 72 of Missouri's finest mules, hauled supplies to Post.

He advertised the Post, Tex., community as he had advertised Postum. Big excursions from the Midwest brought settlers to look. If they bought a farm, Post paid for the trip.

Post wanted to prove that given the opportunity—even in the midst of the 1907 depression—free men could establish a farm community in the Texas cattle country.

His town-building exploits were varied and many. He started a textile mill to process cotton from nearby fields. Today it is the town's biggest industry, with over 450 workers and a million dollar annual payroll.

Post built a fine home, with a living room 84 feet long, and two floors of bedrooms, bathrooms and servants quarters. Now it is a funeral home.

With projects well started, Post died in 1914. The Post interests continue in West Texas, with land and oil properties.

His daughter, Mrs. Merriweather Post of Washington, will come to West Texas for the Jubilee in a special railway car. She will be one of the central figures of the celebration. Monday at noon she will be host at a barbecue for 5,000 people—heralded the biggest meal ever served in Post.

Mrs. Post is one of the richest women in the nation and a famous Washington hostess. She will dedicate the site of a statue of her father to be erected in the town.

The Jubilee includes a parade Saturday, religious ceremonies Sunday, and the barbecue Monday. A historical cavalcade runs three nights.

Rain-making experiments which Post carried on in West Texas were sensational during the 1910-14 period.

With doggedness and without government aid, he spent $50,000 on "rain battles" for the parched lands. On the theory through many wars that cannonading brought on rain, Post trained men to fly kites carrying dynamite and long fuses. Violent agitation of the air from the explosions was to cause rain. During the fourth battle, in June, 1911, 250 two-pound dynamite shots were exploded from kites. A ten-day rainy period followed. Another battle brought more rain and Post bought more dynamite.

Bigger battles were planned for 1912. In one, 9,000 pounds of dynamite was exploded and 12,000 pounds in another. But drought conditions set in and battle after battle ended rainless.

Post never lost faith in his experiments, but his heirs were less enthusiastic.

When the U.S. entered World War I in 1917 there were 24,000 pounds of dynamite still stored in Post.

Fearing German agents might blow up the town, permission was obtained to blow up the dynamite and on April 17, 1917, a tremendous explosion sounded requiem for the rain maker's experiments.

200 TICKETS SOLD ON SPECIAL TRAIN

About 200 tickets for the special train for Snyder Tiger football fans to Borger were sold before the train left shortly after noon today.

The train was to have left the Santa Fe depot at about 12:30 p.m. today and arrive at Borger at about 6:45 p.m.

The train-bound fans are due back in Snyder early tomorrow morning, possibly sometime between 4 and 6 a.m.

Mexico City Trip Proves Too Costly

FORT WORTH (AP)—Dr. C. W. Flint, Negro dentist here, had a 1957 car in the Mexico City earthquake. It was a total loss.

He would have liked to have left it in the Mexico City garage where its top was caved in and forgotten about it.

Regulations being what they are to Mexicans Flint wasn't let off that easy.

His wife was told that since she drove the car into the country, she would have to take it out. No giving it away or selling it would be allowed.

Mrs. Flint and the Flints' two grandchildren, who were on vacation in Mexico City, boarded a train for Texas after arranging to have the car towed to Laredo.

They had to get off the train at Laredo, walked back to the Mexican side and accompany the demolished car as it was pulled across the bridge into Texas.

The three got back on a train and came to Fort Worth. Meanwhile, Flint arranged with a garage here to send a wrecker to Laredo and haul his worthless car back. The wrecker arrived today.

The cost for the entire hauling job from Mexico City: $200.

Any insurance? Sure. Flint had insurance on the two-month-old car but it was cancelled, he said, when the car went into Mexico.

He bought Mexican insurance but on looking up the policy, he came across a boldfaced clause that said no recovery on earthquake damage.

Disorder In Court Room

NEW YORK (AP) — A Brooklyn judge says teen-age defendants have been brazenly defying the law in Children's Court—hurling chairs and inkwells and threatening the lives of presiding justices.

Kings County Judge Samuel S. Leibowitz cited examples of juvenile disrespect yesterday as he charged two grand juries on methods of dealing with youthful offenders.

Leibowitz said the chair-throwing occurred in Queens a few months ago. He said the chair struck the judge on the head and "nobody ever heard a word about it."

"I've had them stand before me in court and spit at me," Leibowitz added. "I don't believe in brutality or club-swinging, but I think it's the height of insanity to treat them with creampuffs."

Newspaper For Penny

PHILADELPHIA (AP) — On Monday the Philadelphia Inquirer will sell each copy of the newspaper for a cent, part of a program launching a weeklong promotion called Inquirer Jubilee Week. The last time the Inquirer sold for a penny was Jan. 27, 1917. The regular price now is 5 cents.

IN PROGRAM HERE

Bus-Car Safety Being Stressed

The Snyder schools have joined with three agencies of the state in urging motorists to become acquainted with the Texas law requiring all vehicles to stop when approaching a school bus loading or unloading children.

State agencies working in the program to help acquaint citizens with the laws are the Texas Education Agency, Texas Highway Department, and Texas Department of Public Safety.

In the Snyder schools, there are more than 1,000 students who are transported to school and home by bus each school day, and the schools here urge motorists to take precautions when approaching buses.

There are 23 buses on routes in the Snyder school system, and the routes cover a total of 1,208 miles. All the drivers of the buses are qualified by having chauffer's license, and they are given training schools occasionally.

Skipper Joyce, school director of maintenance and transportation is in charge of the bus drivers.

There have not been many accidents involving school buses or children who rode school buses here, but at least two occurred in recent years. One involved a bus and car near the North Elementary School, another a bus rider struck by a car on a farm road just west of Snyder. One of those accidents resulted in serious injury.

Although there are not many of those accidents here, several drivers have turned in reports in the past of drivers disregarding the law and passing school buses which were unloading or loading.

Throughout the state, seven lives were lost during the past school year in collisions involving school buses, or two more than the previous school year. The total number of accidents reported declined in the state, however, from 379 to 335.

The highway department during the past year erected signs on all major raods warning motorists of the safety measure.

The law says, in effect, that upon meeting or overtaking a school bus which has stopped on the highway for the purpose of receiving or discharging children, the driver of any vehicle must stop immediately before passing. After coming to a complete stop, the driver of the vehicle can proceed with due caution at a speed which is prudent and does not exceed 10 miles per hour. The law does not apply within city limits.

Vehicles are not required to stop on highways with separate roadways when the bus is on a different roadway from that of the passing vehicle. Vehicles are not required to stop if the school bus is stopped in a loading zone which is part of or adjacent to a controlled-access highway and where pedestrians are not permitted to cross the roadway.

All public school buses are painted yellow and have "School Bus" painted in large letters on the front and rear. They are equipped with flasher lights, usually mounted high on the front and rear of the bus. These lights are used only when the bus is in the process of stopping or is stopped to receive or discharge children.

A person could be fined up to $200 for violation of the school bus law.

Faubus Leaves For Meeting

LITTLE ROCK, Ark. (AP)—Gov. Orval E. Faubus took off today for a history-making conference with President Eisenhower on the aggravated federal-state integration problem at Little Rock.

"I feel the same—hopeful" Faubus said. "I'm just going to see the President and I can't discuss the conference in advance, but I'm optimistic."

The governor, accompanied by Arnold Sikes, his executive assistant, and Rep. Brooks Hays (D-Ark) left in a small two-motor Aero-Commander belonging to the Brown Aero Corp. of Dallas, Tex.

Asked whether he was annoyed by the "throw in the sponge" comment by a television commentator yesterday, Faubus said:

"No, I wasn't annoyed—particularly after the President and his aide made the statements denying it."

Did he consider that the expression might have weakened the possibility of a solution of the problem?

"I don't think so," Faubus said, "particularly after they said what they did up there."

He was asked whether tomorrow's meeting might be the first of a series — or whether there might be other conferences on other government levels in the attempt to solve the integration controversy in Little Rock.

"I couldn't say," Faubus replied. "It's a possibility there might be others."

Both the governor and Rep. Hays, intermediary between Faubus and the White House, declined to say who brought into the role of go between.

"I'd have to look at my diary," Hays said. The governor simply said he was not in a position to answer.

Hays told reporters he hoped to have a preliminary private meeting, perhaps in Providence, with Sherman Adams, top presidential assistant, tonight.

Hays said the Eisenhower-Faubus conference "may bring the conclusion of one phase of the problem of not only Little Rock and the South but of the natiop."

The reference apparently was to the general problem of race relations.

Hays said also he felt it is important "to avoid any letdowns if we don't come to a solution." He did not elaborate on this point.

Hays probably will join Faubus in at least some of the discussion with Eisenhower.

"Both parties have to recognize, as I believe they have, that legalisms alone won't solve these problems," Hays said.

"Under our Anglo-Saxon law there are certain flexibilities."

Hays declined to specify what he thought these "flexibilities" might be in the struggle over integrating Central High School in Little Rock.

"I have some definite ideas and I think the President and the governor have, too.

"It may take several keys to open this door but if any one of them is found it will be a long step toward a solution," Hays said.

Snyder Girl's Ring Removed By Firemen

Firemen removed a ring from the finger of a small girl here last night.

D. A. Porter, fire chief, said that the ring had cut off circulation and caused considerable swelling before Homer Cary and other paid firemen filed through it and cut off.

In the excitement and relief of the rescue, the mother of the three-year-old girl did not leave her name with the firemen, Porter said.

Fishing Is Man's Job

LONDON (AP) — Each morning these days a man here goes trout fishing in as unlikely a spot as one would care to name.

The man is a government clerk employed by the Ministry of Agriculture. He fishes—on government time—in the moat around the jewel tower of the Palace of Westminster. And if you think he's nuts you ought to see the 13 spanking rainbow trout he landed in six days.

The Palace of Westminster is the House of the British Parliament. It is maintained and beautified by the Ministry of Works.

Until a few months ago, the moat was beautified only by a sprinkling of water lilies and some goldfish. It was all mildly decorative, but dull. Somebody at the Ministry of Works decided that an infusion of trout might liven the place up a little.

The Ministry of Agriculture and Fisheries was glad to oblige. In due course, it delivered 26 trout.

The trout, fed on ground ox liver and herring, thrived.

Not long ago a member of Parliament, who prefers to be anonymous, was peering perplexly into the moat, pondering the problems of his constituents. To his horror, he saw one of the Ministry of Agriculture trout chase and gulp down one of the Ministry of Works goldfish.

The M. P. notified the Ministry of Works, which asked Agriculture to kindly come and remove its trout.

Agriculture thought of using an electrical stunning device, but this would stun the goldfish, too. A net was considered, but goldfish are delicate and might die of the excitement.

In the end, it was decided to fish the trout out, using liver for bait. Trout dote on liver. Goldfish can take it or leave it alone.

So each morning there's this man fishing in the moat around the jewel tower of the Palace of Westminster. There are still 13 of those rainbows lurking in the water lilies.

Warehouse In Houston Burns

HOUSTON (AP) — Fire swept through a lumber and building supply warehouse early today, causing an estimated $500,000 damage.

More than 200 firemen, with 40 pieces of equipment, battled the flames for an hour. Seven firemen were treated for injuries or smoke inhalation, but only one was hurt seriously enough to require hospital care.

The blaze was discovered at 5 a.m. in a building occupied by the Houston Lumber & Salvage Co. The building was filled with lumber, millwork, paints, hardware, plumbing fixtures and household goods.

"The building was partially insured, but there was no insurance on any of the merchandise," owner Allen Field said. "The loss will be at least $500,000."

Boy To Be Sentenced For Shooting Father

HOUSTON (AP)—Douglas Luther, 15, who admits shooting his father to death, will be sentenced Monday.

A jury deliberated two hours yesterday before telling Judge J. W. Mills it had decided he was a juvenile delinquent.

Mills can place the boy on probation or send him to the State School for Boys at Gatesville.

The youth testified he killed his father, Paul Luther, Aug. 4 as he slept because he was tired of "whisky inspired brutality."

Mr. Motorist, Don't Speed

LOS ANGELES (AP) — A letter addressed to "Dear Mr. Motorist" arrived at the Mirror-News.

"I am not writing this to you to remind you all over again," the letter said, "but to all motorists because school again begins.

"I want to prevent the tragedy that we have shared together—a mother and you, Mr. Motorist.

"That day three sun-tanned little faces smiled as they waved me a happy goodby and so importantly went on their way to school. I wanted to call them back to tell them how lonesome it would be.

"Mr. Motorist, I wanted to kiss them once more. . . . Then I saw you take that corner — tires screaming, car out of control.

"What was your hurry? Were you late for work? Were you angry at someone?

"Surely not my three. I am sure you would not want to run your screaming tires over their happy faces intentionally, erasing forever the smiles they had for me.

"But, Mr. Motorist, children are very forgiving in life and — I'm sure—in death. They would if they could, pat your hand and feel sad that because of one tragic moment you are left to live over and over again.

"I don't hate you any more. I feel sorry for you. I can still see those smiling little faces as they wave me goodby."

The letter was signed. Under the signature this postscript: "Another year. And once again your flowers arrive. They are beautiful. Thank you."

The newspaper sent reporter Charles Neiswender to investigate. He talked with a close friend of the letter writer. She told him the letter was written four years ago on the first anniversary of the tragedy. It was written but never intended to be mailed to the man who was driving the car. The friend sent the letter to the paper, which printed it yesterday.

The motorist?

He still sends the mother flowers on each anniversary of the children's death.

And the mother?

She couldn't write a letter now. For in her mind she still waves goodby to the smiling faces of her children.

The tragedy was too much.

She is in a mental hospital, hopelessly insane.

OIL ROUNDUP

Wildcats Slated In SE Fisher

A wildcat was slated in Fisher County, a second well indicated in a field and a discovery continued to test.

Great Lakes Carbon Corp. of Abilene has filed application to drill a 5,200-foot rotary wildcat, eight miles southeast of McCaulley. It will be drilled as the No. 1-B Hanson.

Location, on an 80-acre lease, is 660 feet from the south and east lines of 35-219-E, Miles survey.

The prospector 2¼ miles northeast of the Raven Creek (Canyon and Strawn) field.

A second well and a ⅝-mile south extension to a recently opened undesignated Strawn field has been indicated with the flowing of gas and recovery of heavily oil and gas-cut mud on a drill-stem test at White Eagle Oil Co. and American Trading & Production Corp. No. 1 Ada Mitchell, in 11-313-J. N. Weakley subdivision, four miles northeast of Roby.

On the one-hour and 20-minute test between 5,549-571 feet, gas surfaced in three minutes, flowing at the rate of 532,000 cubic feet per day. Recovery was 160 feet of oil-cut mud, which was 33 per cent oil, plus two feet of clean oil no water.

On a core cut between 5,571¼-92¼, recovery was 1½ feet of shaley sand, no shows; 2½ feet of sand with good odor and stain, one-foot tight sand, no shows; nine feet sand with good fluorescence, stain and odor; four feet of shale, no shows; and 3½ feet of tight sand.

The project, scheduled to 5,700 feet, was taking a drillstem test between 5,569-592 feet.

On an earlier test in an unidentified formation, possibly the Canyon between 4,872-92 feet, recovery was 1,966 feet of gas and 80 feet of heavily gas and distillate-cut mud.

GARZA COUNTY

W. Ridley Wheeler of Fort Worth has filed application to drill the No. 1-LS W. A. Hamilton, as a ¼-mile southeast offset to the opener and line producer in the Hackberry (lower San Andres) field of Garza County, four miles south of Southland.

It will be drilled to 4,700 feet with rotary.

Location, on an 80-acre lease, is 330 feet from the north and 660 feet from the east lines of the southeast quarter of 1249-AB&M.

The discovery, the same operator's No. 1-LS H. V. Wheeler, was completed in August for a daily pumping potential of 157.32 barrels of 37.3 gravity oil, plus 10 per cent water through perforations between 3,858-4,007 feet.

HOWARD COUNTY

The Varel (San Andres) field of Howard County has been extended one location west with completion of E. L. Wilson of Dallas No. 1-A H. G. Talbot, in 26-34-2n-T&P, eight miles northwest of Big Spring, for a daily pumping potential of 94 barrels of 30 gravity oil.

Production was through perforations between 3,141-150 feet.

Elder Attending Chamber Course

Grady Elder, Chamber of Commerce manager here, is attending the sixth annual West Texas Chamber of Commerce short course, which is being held in Big Spring today and tomorrow.

More than 100 chamber managers, staff personnel, and chamber presidents were expected to attend from communities throughout the WTCC's 132-county region, according to Wayne Smith, chairman of the WTCC community services committee.

Elder is a member of the committee which planned the program for the event. Highlighting the program will be an address by Melvin Sisk, former West Texan and now executive vice-president of the San Antonio Chamber of Commerce. A Texas Tech graduate, Sisk served several years as manager of West Texas chambers, including those at Levelland and Graham.

Sisk will make the noon luncheon address tomorrow on "Professional Improvement." The theme of the short course is "Professional Dedication."

Another feature will be the keynote address by Dr. P. D. O'Brien, pastor of the First Baptist Church of Big Spring.

Registration was to start at 3 p.m. today. Those attending will be hosted at a buffet supper at 6:45 p.m. at the Cosden Country Club today. Registration will resume at 7:30 a.m. tomorrow and continue until the opening session at 8:45 a.m.

After Dr. O'Brien's address, the group will divide into four panel groups, one for presidents, one for secretaries, and two for chamber managers and staff. At 12:15 p.m. tomorrow, the group will meet for luncheon and the address by Sisk.

Panels will resume at 2 p.m. At 3:30, a general assembly will be held to discuss the program for 1958, make resolutions and announcements, and adjourn.

Topics to be covered in panel sessions include committee indoctrination, committee management, retail trade development, member indoctrination, membership, industrial development, and industrial advertising.

Aviation Club To Reorganize

Reorganization of the Snyder Aviation Club will be held in a meeting of the club tentatively set for one night next week, Ben Hays, a member, said.

The club which was organized about a year ago, has been inactive during the summer months, and the first meeting this fall will be to elect new officers and schedule activities of the club.

A plane owned by the club is available to members for flying or for student training, and the club provides instruction for students as part of its regular program.

Anyone interested in the club is urged to contact Hays at 3-6969.

Farmer Referendum

WASHINGTON (AP) — Tentative plans have been made by the government to hold a farmer referendum between Dec. 10 and 15 on a proposal to continue federal marketing quotas on the 1958 cotton crop.

Garden Club Holds Meeting

The Twilight Garden Club opened their new year Thursday at 7 p.m. at the Cogdell Nurses Home. Mrs. Ray Devers, president, presided.

Miss Leah Davis explained the functioning of the flower school which will be available to Snyder gardeners in October. Each member was urged to participate in the school not only for the personal benefit, but for the community benefit. Upon graduation from the school, one would be classed as a national judge. Miss Davis also gave the group a list of dates to remember.

Mrs. Ray Sims gave a recap of the year book that will be presented members at the next meeting.

Twenty-two members were served refreshments by the hostesses, Miss Davis and Mrs. Sims.

Five new members were welcomed. They were, Miss Ethel Roberts, Mrs. Hattie Phillips, Mrs. W. N. Jones, Mrs. Homer Ray and Mrs. Carrie Line.

NEWS FROM UNION

By MRS. J. B. ADAMS

Mrs. W. H. Varner returned home Monday after spending several weeks in San Antonio with her daughter and new granddaughter.

Mr. and Mrs. Troy Bentley and sons, David and Joe Wayne, recently returned from a vacation in Durango, Colo. with her brother, Mr. and Mrs. W. P. Thompson and family. Others that met them there were his uncle, Mr. and Mrs. Tol Turner and children, and Mr. and Mrs. Melvin Brock and children from Albuquerque, N.M.

The W.M.U. met Tuesday evening for a study of Pakistan. The Rev. Ralph Odom, missionary from India, spoke to the group on customs and needs. He also told of his experiences as a missionary and Mrs. Odom modeled clothing of the natives. Twenty-five ladies enjoyed the interesting talk. A social hour was held in fellowship hall following the meeting. Refreshments of pie and coffee were served.

Mrs. Johnnie Langford and her mother, Mrs. W. R. West, made a business trip to Lubbock Tuesday.

Mrs. J. B. Adams visited in Hermleigh Wednesday.

Wynn Is Old Sensation

HOLLYWOOD, Sept. 7 (AP)—Ed Wynn, at 70, has become the dramatic acting sensation of the year, but it is causing him pains that only another comic can fully appreciate.

This is Ed's 56th year in show business, believed to be the record among active stars. As most everybody knows, the first 55 years were spent making people laugh—the last making them cry.

"I still don't feel right as a serious actor," he confides, explaning:

"When I see myself on the screen or on television, I start worrying because there are no laughs. Comics can't take silence."

Ed has snagged one of the plum roles of the year as the uncle in "Marjorie Morningstar." It's a serious role, but it also has comedy moments.

On Sept. 19, NBC-TV is staging a spectacular saluting Ed Wynn's contribution to showbusiness.

Douglas Surprised At Scandinavians

HOLLYWOOD (AP)—Kirk Douglas says that Scandinavian women are an exceptionally brave breed—else they never would have answered this ad in such force.

Kirk writes from a Norway location site that he put an ad in papers throughout Denmark, Norway and Sweden for a blonde viking Amazon for a small part in his movie.

"I took great pains to explain what the part called for—that the girl's one scene required that she be locked in a stock-like contraption while I chopped off her long braids—with a Viking ax at 20 paces.

"I was convinced that I would have to cable Hollywood for a stunt girl but I didn't. More than 250 girls answered the ad."

Relocation Of Colleges Needed

CHICAGO (AP)—An educational expert says colleges should consider relocation to keep up with population trends.

Arthur E. Nealy, director of "Who's Who in America," says there are no less than 155 four-year colleges, junior colleges, denominational colleges, coeducational colleges and women's colleges that are located in the wrong place.

He examined college buildings and studied endowments, capital funds and area potentials all over the United States before concluding that the 155 should move.

Nealy reports that only a few of the 155 are seriously considering moving at this point. Some of the 155, in fact, don't even agree with him that they should move.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

SNYDER MAY BE setting some sort of a record in the schoolboy ranks in sending a "special train" to a season opening football game with the running of the special to Borger today.

We don't ever recall this being done before.

Even if we aren't the first to charter a train for a season opener, surely we can hold the record for running a special to the first two games of the season. A special is being run to Dumas next week, as you well know by now.

No Hint Given

There wasn't any light thrown on how the Tigers and Sweetwater will be stacking up with each other three and four years from now with last night's three football games.

Each team won a game with the third ending in a tie. Judging from the 8th grade and Freshman games, the Tigers and Mustangs will be strong defensively in the near future. Only two touchdowns were scored in the two games in question.

The "B" teams of the two schools will square off Saturday night at Sweetwater. Judging from last year's Freshmen teams of the two schools which teams form the nucleus of the B teams this year. Sweetwater will be favored to win Saturday night's game.

Sweetwater Freshmen swept both games of last year's home-and-home series with the Tiger Frosh.

All-American Staff

The Hardin-Simmons University staff could easily be called an All-American staff.

The three fellows holding top positions in the Cowboy coaching ranks, head coach Sammy Baugh and assistants John Steber and Wayne Milner, are all-former college All-Americans.

Baugh received the honors while quarterbacking for TCU, Steber was an All-American guard at Georgia Tech and Milner was a two-time All-American guard at Georgia Tech and Milner was a two-time All-American end at Notre-Dame.

Baugh and Steber, incidentally, played in the Snyder Country Club invitational Golf Tournament last June.

And speaking of golf, the Round Robin tournament at the local club draws to a close Sunday.

There will be a playoff, though, a week from Sunday between the winners and runnersups in each flight which will determine the "Grand Champion."

The Round Robin affair has been running for seven weeks and has proven very popular with local linksmen. It will probably be an annual affair.

Don Scott, incidentally, has already clinched the Championship Flight title of the Round Robin Tournament. Scott, a tough player to beat on the links, won all seven matches in the Round Robin.

Scott, too, is the current City champion. Dates for this year's City Tournament will be announced following the Round Robin Tournament.

Rex Baxter To S-Finals In National Am

BROOKLINE, Mass. (AP)—Before the 57th National Amateur Golf Championship started last Monday, Rex Baxter predicted that a member of the U.S. Walker Cup team would win the title.

Dick Yost, a team alternate, figured if he wanted to bet on the outcome, he'd have to string along with Dr. Frank (Bud) Taylor or Baxter as his choices.

The astuteness of their forecasts and of the selections of the Walker Cup Committee were reflected in the matches today in the tournament's 36-hole semifinals.

It was Taylor, the stylish 40-year-old dentist-golfer from Pomona, Calif., against Mason Rudolph, bespectacled 23-year-old Army private from Clarksville, Tenn., and Baxter, 21 and a senior at the University of Houston, against lean Hillman Robbins, an Air Force lieutenant from Memphis, Tenn.

All four played on the U.S. Walker Cup team against Britain's top amateurs less than two weeks ago and all but Robbins won their singles matches.

None of them reached the semi-finals without a few misgivings. Taylor, who hadn't seen the last six holes since Monday, had to go to the 18th twice yesterday to beat Jim Tom Blair and former Public Links champion Gene Andrews, both by two-hole margins.

Rudolph eliminated Yost, a big, blond youngster who played on the 1955 Walker Cup team, with a birdie on the 19th hole of their quarter-final match after Yost had caught him with a superb approach shot from behind a tree at the 18th.

Robbins a 2-up winner over Tim Holland in the morning's fifth round, finished off former champion Dick Chapman 3 and 1 in the only quarter-final match that didn't reach the 18th green. Baxter had to go to the 21st before stopping another University of Houston player, Phil Rodgers.

11 IS MAGIC NUMBER

Braves Halt Skid; Edge Dodgers, 2-1

By ED WILKS
The Associated Press

After 12 months of living with "choke up" taunts, Milwaukee's Braves have proved their stuff, for the moment at least, against their chief tormentors — Brooklyn's dethroned Dodgers.

The Braves never looked more like champs than last night. Held to only four hits by rookie Danny McDevitt, they paired 'em with walks and beat the Brooks 2-1 on Del Crandall's pinch single in the ninth.

With second-place St. Louis idle, the Braves padded their National League lead for the first time in nine days, gaining a five-game bulge with 15 to play and reducing their pennant-clinching magic number to 11.

Any combination of Braves' victories and St. Louis defeats totaling 11 starts the beer flowing in Milwaukee.

The American League should settle its pennant scrap in the next 24 hours in a two-game showdown between the New York Yankees and Chicago's second-place White Sox opening at Yankee Stadium today.

The Sox, who whipped Boston 7-1 yesterday while the Yankees were idle, are five games behind with 16 left (two more than the Yankees have).

Only one other game was played in the majors, with Detroit defeating Washington 8-5.

The Braves, who had lost five of eight, had to scrap all the way against McDevitt, 24. They collected eight walks, but managed hits in the fourth and ninth—scoring in each frame.

The Dodgers scored in the second off Bob Buhl, then chased the right-hander in the fourth with a single and two walks that loaded the bases.

Bob Trowbridge relieved and got out of the jam through a double play.

In the ninth, after a leadoff walk, Wes Covington hit into an apparent double play, but plate umpire Dusty Boggess ruled he had called time before the pitch. Boggess started the play over again after rejecting Dodger arguments, and Covington singled. A forceout followed, but Crandall then slashed his single.

Trowbridge won his sixth.

'Dethroned' Bums Lambast Umpires

By CHUCK CAPALDO

MILWAUKEE (AP) — Friday the 13th came a day early for the umpires who worked last night's Brooklyn-Milwaukee game at County Stadium.

Two "double plays"—one that was and one that wasn't—helped the National League-leading Braves to a 2-1 decision over the Dodgers.

The Dodgers dropped such verbal brickbats as "worst call I've ever seen," "terrible umpiring," and "just plain lousy."

With five umpires working the game, including Dusty Boggess behind the plate, Hal Dixon on second and Ed Sudol on the right field foul line, Brooklyn took a 1-0 lead in the second inning.

In the fourth, the Dodgers loaded the bases with one out. Charley Neal was on third, Roy Campanella on second and Danny McDevitt, who lost a four-hit heart breaker, on first. Junior Gilliam pumped a sinking liner to right. Andy Pafko charged the ball, but it popped out of his glove. Recovering quickly, he threw to second baseman Red Schoendienst, who put the ball on Campy, standing on second. Then Schoendienst stepped on second for a DP. Or was it?

No, said Dixon, who admitted later he thought Pafko caught the ball. There was only one out. McDevitt was forced at second.

Out stormed Manager Fred Haney, pointing to right field. After a conference in which Sudol came in to confirm the ball had indeed eluded Pafko, Dixon reversed himself and called it a double play. That nullified a run that had scored in the person of Neal and ended the inning.

Howls of protest erupted from the Dodgers, especially Campanella.

Then, with the Braves at bat in the ninth, the score tied 1-1 and Johnny Logan on first via a walk, came the "double play" that wasn't.

With an 0-1 count on him, Wes Covington made a halfhearted move out of the batter's box as McDevitt started his delivery. Boggess motioned time out as the ball sped toward the plate, but Covington swung and hit a potential double play grounder to Gilliam.

Boggess signaled "no play" and once again came howls of anguish from the Brooklyn side. But Covington was permitted to bat again and slammed a single to right, sending Logan to third from where he scored the winning run minutes later on Del Crandall's pinch single.

OU To Start Negro H-Back

NORMAN, Okla. (AP) — The first Negro to play football for the University of Oklahoma said he didn't worry half as much about breaking the color barrier as he did about learning to play defense.

But, as a sophomore now, 193-pound Prentice Gautt feels comfortable talking about either.

He said simply: "Things like that usually work out all right."

The 19-year-old Oklahoma City Negro will be filling All-America Tommy McDonald's place in the Big Red backfield if his preseason showings do not fizzle.

He said a talk with Coach Bud Wilkinson did more good than anything else in his learning defense. "When I first came down here as a freshman, and also this spring, I had sort of a slight feeling that if I really let go and popped somebody it might cause trouble," he said.

"But Coach Wilkinson called me in and said to just get in there and let loose. It's really helped me."

Gautt was a whiz in Oklahoma City's Doublass High School as he led the Trojans to 43 straight victories before they were defeated in his senior year.

Tiger-Borger Tilt A 'Tossup'

5,000 Fans Due For Lid-Lifter

By BUCK FRANCIS
News Sports Editor

BORGER, Sept. 13 — Acrowd of about 5,000 is expected to crowd their way into Bulldog Stadium here tonight for the Snyder Tiger-Borger Bulldog football contest that opens the 1957 season for both teams.

The game, only the second in history between the schools, is billed as a "tossup." Most of the Panhandle critics are favoring the Bulldogs while the Tigers are drawing the nod from most of the West Texas experts.

In the only previous game between the two schools, the Tigers romped to a 21-0 decision in Snyder last season.

The Tigers, however, only have one lad back who started last year's game while the Bulldogs have three returning starters.

Tackle Bill Phillips, a 185-pounder, is the lone Tiger back who started against the Bulldogs last season.

The three Borgerans who started the 1956 tilt are End Mickey Miller, 160; tackle Bob West, 185; and halfback Gene Sewell, 154.

One Tiger who got in on the scoring act in last year's game, Bud Morgan, will see action tonight. Morgan climaxed a Tiger drive with a one-yard off tackle smash for one of the three TD's the Tigers scored last season.

Morgan, incidentally, is one of the Tiger co-captains for tonight's game. Letterman tackle Larry Mullins is the other co-captain. The Tigers, as in the past, will name co-captains before each game.

Borger is said to have one of its best teams in years. Coach Billy Williard, in a pre-season statement, said:

"I believe we have the boys who can win it all in District 3-AAAA this season."

With Amarillo, one of the state's favorites, in 3-AAAA, Willard's statement raised a lot of eyebrows.

The Tigers arrived at noon today and have set up headquarters at Hotel Borger. They will spend the night here before returning home.

Fullback Israel Hinojos is the only Tiger "out" with injuris. Hinojos, however, may see action. The 150-pound two-year letterman may be called upon to kick extra points if the Tigers score.

Hinojos is suffering from a dislocated elbow and will not see any contact work for several weeks.

Center Larry Page is nursing an injured foot but the big fellow (210 pounds) is expected to see action.

A special train carryung between 200-300 Tiger fans was due to arrive here at 6:45. Another 100 or two are coming by auto which will swell the Tiger following to about 500 for the game.

Following is the probable starting Tiger lineup as announced by Coach John Conley before the team left Snyder.

Ends — John Ward, 160; and Dwayne Merritt, 160, or Bill Dubose, 152.

Tackles — Bill Phillips, 185; and Larry Mullins, 194.

Guards — Bill Jennings, 177; and Gene Williamson, 190.

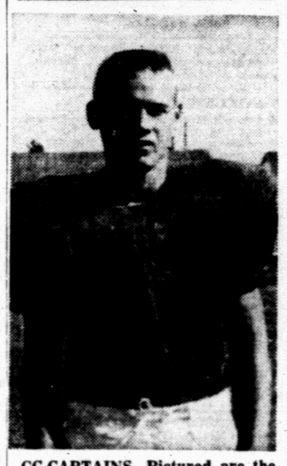
Center — Bill Rinehart, 176.

Quarterback — Dickie Martin, 155, or Richard Mahan, 152.

Halfbacks — Bud Morgan, 145, and James Vincent, 135.

Fullback — Mickey McGrew, 200.

Tonight's game will be carried by Radio Station KSNY with John Boren and Roy Meador at the mike.



CC-CAPTAINS—Pictured are the Tiger co-captains for tonight's season opener at Borger, tackle Larry Mullins, upper, and halfback Bud Morgan. Coach John Conley, as in the past, will appoint co-captains for each game this season. The squad will then pick the full-season captains at the end of the season. (Lee Watson photographs)

Eagles, Buffs Lead Playoffs

By The Associated Press

Dallas had Tulsa on the ropes and poised for the kill while Houston held a one-game lead over San Antonio Friday in the first round of the Texas League playoffs.

Dallas walloped the Oilers 8-1 Thursday for its third straight and needs only a victory Friday to enter the finals.

Houston beat San Antonio 4-2 to make it two games to one.

Tulsa will put Earl Mossor (11-7) on the mound.

Dallas will use Ernie Broglio (17-6).

San Antonio called on Don Schultz (8-4) to get it back in the running against Houston. The Buffs will go with Joe McClain (3-3).

Dallas cracked 16 hits off five Tulsa pitchers in smashing the Oilers Thursday.

The Oilers could get only two hits off Charley Fowler and Joe Kotrany—a triple by Dick Means and a double by Harry Fisher. Dick Getter and Fowler each drove in two runs for the Eagles.

Howie Nunn, Houston's rookie righthander, set San Antonio down with only three hits, one a homer by Hank Moreno that drove in the two Mission runs. Houston pounded 13 hits, with Bennie Valenzuela getting three and Nels Burbrink two.

300 Games On Tap Tonight

By The Associated Press

The first big weekend of schoolboy football shoved off Thursday with a scattering of games.

Abilene, defending state champion of Class AAAA, starts Friday against Thomas Jefferson of San Antonio at Abilene. The Eagles will be after their 38th straight victory.

Garland, champion of Class AAA, hosts Dallas Hillcrest.

Stamford tries to extend a 33-game winning skein as the Class AA kingpins battle Ballinger at Ballinger.

Class A champion Stinnett is idle this week. The Rattlers made it 17 in a row in opening the campaign last week.

AA Atlanta repelled Texarkana, Ark., 18-18 while in Class A Abilene Wylie smashed Rising Star 39-12 Thursday.

More than 300 games are scheduled Friday in the top four classes.

10-Rounder Set

SYRACUSE, N.Y. (AP) — Randy Sandy of New York City and Germany's Franz Szuzina tangle in a 10-round televised middleweight bout tonight.

Snyder, Sweetwater Teams Break Even In 3-Game Card

Snyder and Sweetwater broke even in a "three game set" last night, each winning a game with the other ending in a deadlock.

The local win came in the 8th grade game. Snyder edging the Sweetwater lads 7-6. Sweetwater won the 7th grade game, 27-6, while the 9th grade tilt (Freshmen) wound up in a 0-0 stalemate.

The 7th and 8th grade games were played in Sweeteater while the Freshman contest was played at Tiger Stadium.

The games were season openers for all three Snyder teams.

In the Freshman game here, the defense took complete charge of festivities with neither team able to dent the scoring column.

The only thing that resembled a touchdown in the Freshman game was a 60-yard run by Snyder's John Weaver in the first quarter for what appeared to be a TD. But the play was nullified by a clipping penalty.

Both teams had scoring threats in the first half but neither was able to penetrate the other's 20-yard line in the second half.

Outstanding on defense for the Snyder Freshmen were ends Jimmy Don Robinson and Stanley Kruse and tackle Tommy Minton.

The 8th grade game last night was a thriller-diller, too.

There was no score in first half. Snyder took the opening kickoff and put on a 60-yard sustained drive, but lost the ball on a fumble on the Sweetwater 2-yard line in the first quarter.

Sweetwater had driven to the Snyder 15-yard line as the half ended.

Early in the third quarter, Steve Free ran back a punt for 65 yards to get the Snyder touchdown. He had good blocking, with Halfback Mike Morris taking out the last Sweetwater man who had a chance to stop Free on about the 15 yard line. David Gan plunged over for the extra point.

Sweetwater then took the kickoff and drove 60 yards, mostly on short plays, for its touchdowns. A plunge for the extra point failed to gain.

Sweetwater never made another serious threat, but Snyder had the ball on the one-yard line as the game ended. Snyder had gained possession after holding Sweetwater for downs inside the Sweetwater 20. Sweetwater tried to punt out on fourth down, with one minute left in the game, but the snap from center was fumbled and Snyder took over on the eight. Three plays moved the ball to the one as time ran out.

Lions Event Planned Here

Members of the Evening Lions Club here will stage a special event Saturday to help raise money for their crippled children's camp and other project programs.

The club's members will work from 6 a.m. to 10 p.m. Saturday at seven different service stations in Snyder. With one to two members at each station, the members will help wait on cars, wipe windshields, sweep floorboards, etc.

The seven station operators are contributing two cents per gallon of gas sold during the day.

The stations are Birdwell's Conoco, Phillips 66 Super Station, Red McCravey Humble Station, Roberts Magnolia, Terry Motor Co., Bud Miller Texaco, and Denson Gulf.

Big Church Planned

LIMA, Peru (AP)—The Evangelical Church of Peru is building the largest Spanish-speaking Protestant church in this capital. It will seat 800 in the sanctuary, 500 more in the social hall.

Apostolic Church Has New Pastor

New pastor of the Apostolic Faith Church, 2506 Twenty-fifth Street, is the Rev. Murphy Barnes, formerly of Perryton.

Rev. Barnes came here after several years of evangelistic work. As pastor at the church, he succeeds the Rev. Jake Pletcher, who has moved to Leakey, where he is in business.

A native of Perryton, the new pastor has been in the ministry 22 years, most of that time in evangelistic work throughout the Southwest.

He is married and has one son, Phillip, 6. The family lives at the parsonage just east of the church building.

Rev. Barnes will speak at Sunday services at the church. This will be his second Sunday here.

Tiny Chapel Constructed

LEXINGTON, Ky. (AP)—Transylvania College has one of the smallest churches in the South.

The 11 by 12 foot chapel was constructed and furnished in 1952 by Theta chapter of Phi Kappa Tau, a social fraternity on the campus.

The chapel, seating 12 persons, was dedicated in honor of Dr. Harvey A. Wright, now emeritus Transylvania. The altar was dedicated to the memory of Dr. E. W. Delcamp who died in September, 1952, after nearly 50 years of service to the college.

Among the furnishings is a Bible printed in 1880.

Snyder Men Go To State CMF Meeting

Several men from the First Christian Church here will attend the state Christian Men's Fellowship meeting during the weekend at Lake Brownwood.

The Rev. John Reaves, pastor, and the Rev. Pliney Elliott, visiting evangelist, will attend the meeting Saturday, while some of the men of the church will go Friday and return Sunday.

Ministries Combine Effort In Program

PHOENIX, Ariz. (AP)—Indian and migrant ministries under the National and the Arizona Councils of Churches have been combined in a new effort to meet the needs of off-reservation Indians and migrants now living in urban centers.

In charge of the integrated program is Harold B. Lundgren, formerly director of the Phoenix Indian school.

Australian Minister Gets British Medal

MELBOURNE, Australia (AP)—A Church of Christ pastor has become the first Australian aborigine to receive the Medal of the British Empire.

Doug. Nichols, preacher of a Church of Christ at Fitzory, Melbourne, was honored by Queen Elizabeth II for work on behalf of Australian aborigines.

Library Seeks Funds

LONDON, England (PA)—The library of the archbishops of Canterbury, one of the most important collections in London, is seeking $450,000 to insure its continuance. The library was founded in 1610, and has been open to all since that time.

Baptists In Annual Meeting

More than 300 persons are expected to attend the annual meeting Monday and Tuesday here of the Mitchell-Scurry Baptist Association.

The Colonial Hill Baptist Church will be host for the meeting, which will involve persons from 30 churches representing a total membership of about 8,200 in the two counties.

Dr. J. Woodrow Fuller, associate executive secretary of the Baptist General Convention of Texas, will be one of the principal speakers at the two-day meeting. He will present the main address at the Monday night session, which will start at 7:30. He will report on denominational work and outline goals for next year's state Baptist program.

As associate executive secretary, Dr. Fuller works in promotion of Baptist work in the state. He directs and correlates church growth and missions activities for an association of churches in Wisconsin and Minnesota. Southern Baptist churches in that area are affiliated with the Texas group and co-sponsored by the BGCT home mission board.

The Rev. Jimmie Nelson, pastor of the Colonial Hill church, will be moderator for the association meeting, which will include the sharing of progress reports, getting firsthand knowledge of denominational work, and hearing messages.

The Monday evening session will open with a song service led by David Oglesby, music-education director of the First Baptist Church here, followed by scripture and prayer by the Rev. A. B. Teague, pastor of the Dunn Baptist Church. Special music will be by the men's quartet from the First Baptist Church at Loraine. Reports will follow, including an association mission report by the Rev. P. D. Sullivan of Snyder, missionary to Latin-Americans. Another part of the program, "In Memoriam," will be directed by the Rev. W. L. Cass, pastor of the Green Hill Baptist Church here, followed by special music by Mrs. Bill Cathey of the Payne Baptist Church before the main address.

The group will reconvene at 9:30 a.m. Tuesday. Included on the program will be the Rev. L. P. Lee, pastor of the Westbrook Baptist Church; the Rev. L. R. Stuckey, pastor of the Central Baptist Church at Hermleigh; Don Page, layman of Snyder; E. J. Gregory of the Mexican Baptist Orphans Home at San Antiono; Oglesby; Rev. Cass; Benton Cain, educational director for the First Baptist Church of Colorado City; H. L. Wren, Snyder layman; E. W. Wiman, Roscoe layman; the Rev. Bobby Rine, pastor of the First Baptist Church at Loraine; the Rev. A. J. Martin, pastor of the Avenue D Baptist Church here; the Rev. C. E. Strickland, pastor of the Knapp Baptist Church; the Rev. J. W. Arnett of Big Spring, district secretary; and the Rev. W. D. Green of Loraine, retired minister.

On the afternoon program will be the Rev. Kenneth Andress, pastor of the Buford Baptist Church; the Rev. Norman Wood, pastor of the Ira Baptist Church; and the Revs. J. L. Selcraig of the First Baptist Church of Colorado City, R. C. Hester of the Austin Street Baptist Church at Colorado City, Roy Womble of the Union Baptist Church, Neil Rogers of the Plainview Baptist Church, James Carraway of Oak Street Baptist Church at Colorado City, and the Rev. G. M. Cole, pastor of the First Baptist Church here, who will present the final address.
