Continue Set Aside Acres Through 1973

There will be no set aside of land in the 1974 government farm program, Collingsworth operators have been notified by Bob Weatherly, county executive director of the ASCS.

This action was taken in order to assure adequate supplies of food and fiber for both home and export markets.

In effect, it will free farmers to go all out to produce feed grains, wheat and cotton.

However, farmers will have to maintain their current set aside acres until the end of the 1973 program.

Mr. Weatherly explained that they can graze or hay these acres, but they must make a payment of 30 percent of their set-aside rate in order to do so. The rate varies from farm to farm.

There will be no maintenance of an established conserving base in 1974 in order to be eligible for price support or program payments, farmers were told. There is one exception to this. Approximately 50 CAP agreements (soil bank land) have not terminated, with most expiring in 1976. For the first time, these can be terminated at the producer's request if he wants to start farming the land again.

Mrs. J.F. Holley Dies in Abilene Early Monday

Mrs. France Holley who had lived here for more than half a century, died in Abilene Monday, August 6, after lengthy illness. She had gone there two months ago to be with a daughter.

She was 79 years of age. During her long residence here, Mrs. Holley devoted herself to her family, her friends and her church.

Born Addie Berryman on January 28, 1894, in Missouri, she was the daughter of the late O.R. and Bessie Berryman.

She was married to J.F. Holley on December 25, 1910, and they lived at Hollis before coming here 51 years ago. He died August 14, 1964.

She had been a member of the Church of Christ since early life.

Funeral services were conducted at 2:00 p.m. Tuesday at the Church of Christ, with Colquitt Nash, minister of music and education, officiating. Burial was in Memorial Gardens under the direction of Kelso Funeral Home.

Nephews served as pall bearers.

Surviving Mrs. Holley are a son, James Holley; a daughter,

Rain Varies to 2.5" On Tuesday Evening

Rain falling in the area Tuesday evening, August 7, measured from .60 up to 2.50 inches, according to reports.

Wellington received .70 inch by weatherscan report.

The heaviest amount was reported north of Samnorwood, where 2.50 was measured at the Donald Coleman place. Marvin Knoll said .80 inch fell at

GUARDSMEN AT NORTH FT. HOOD

It's summer camp time for Wellington National Guardsman PFC Andy Henard (left). Henard is a member of the local Detachment 1 of the 3rd Battalion, 144th Infantry Support Company now at North Fort Hood, Texas, for two weeks of annual summer training.

4,799 members of the 72nd Infantry Brigade, of which the Battalion is a part, are at the training session. It continues until Aug. 12. Pictured with him are PFC Andy Smith, SP4 Max Samford, and PFC Charles Burks.

Three Communities Plan Two-Day Reunion Events

Former residents of Salt Fork, Lillie, and Marella communities, all in the west central part of the county, will come together for a night and day of fun, remembering, and feasting in the old-fashioned hospitable manner, Mrs. R.H. Isbell reminded this week.

This annual Three Community Reunion will be held Saturday evening and Sunday, August 11 and 12, in Bura Handley Community Center.

The crowd will begin gathering at 6:00 p.m. Saturday, bringing sandwiches for supper. Fun night will follow.

"Anyone who wishes to bring a skit, poem, songs, or some other form of entertainment, is invited to present it during Fun Night," said Mrs. Isbell.

Sunday activities will begin at 9:00 a.m. and those attending are to bring a covered dish for the luncheon. The reunion will continue as long as anyone wants to stay and visit.

At one period in the county's history, these three communities, lying adjacent to each other, were among the most thickly populated of any in Collingsworth County. One of

the major entertainment forms were the singings, which alternated among the three.

Some of these beloved gospel songs will be revived Saturday night and Sunday, as the reunion crowd sings again as they did in Salt Fork, Lillie or Marella 40 or 50 years ago.

Invitations have been mailed to a number of former residents whose addresses are known, said Mrs. Isbell, president of the organization. However, no invitations are being sent locally, and all former residents, wherever they may now live, are invited and urged to attend.

Raymond Horton is reunion secretary.

A short business session will be held.

Reading Club Party Slated

Mrs. R.H. Isbell, county librarian, has reminded children in the summer reading club that their party will be held Wednesday, August 15, at the library.

It will begin at 2:00 p.m., when certificates from the State Library will be presented those who have read 12 books during the current vacation period. Refreshments will be served.

Wellington Teachers Begin Work Monday

Wellington faculty members begin the 1973-74 school year when they report for a week of in-service training Monday, August 13, Supt. Thayne Amonett has announced.

Student registration is slated for Thursday and Friday, August 16 and 17, and classwork will begin Monday, August 20.

Parents were urged to have their children register at the scheduled time. This schedule, for all grades kindergarten through twelfth, was released by Supt. Amonett.

In elementary school, Thursday registration will include kindergarten and first grade, 9:00 to 11:30 a.m.; and second and third grades, 1:00 to 3:00 p.m.

The schedule for Friday, Au-

Election on City Sales Tax and Rate Reduction Slated Sept. 8

The City Council has called an election for Saturday, September 8, to determine if a one percent sales tax shall be levied in Wellington.

The second part of this same proposal would lower the property tax rate from \$1.30 to \$1.05 per \$100 valuation.

This action to increase city revenue was approved by the council in its regular meeting Monday night, August 6.

In the same meeting, with Mayor Bill Hatch presiding, the council requested Sheriff John Rainey to assist in finding a city police officer, and in other action set the valuation on mobile homes.

Wellington is the only town in the immediate area that does not have a sales tax. City Manager Lyman Daniel said. Memphis, Shamrock, Clarendon and Childress all collect this tax.

The move to levy the sales tax and lower the present \$1.30 property tax rate would broaden Wellington's tax base to give relief to property owners who have carried the burden of taxes through the years, the council believes. At the same time it would place a tax on all persons making purchases within the city, and Council members expressed themselves that this was the fairest type of tax.

Figures presented by Mr. Daniel showed that if the sales tax is levied and the tax rate reduced, the city will have \$21,754.39 above the 1972 tax revenue of \$53,296.84 and that this will cover the rising costs with which the city is faced.

Sheriff John Rainey met with the council to discuss the city's plans for hiring a new police officer.

Councilmen Ralph Owens and Tom Wilkins spoke up for better co-operation between the city and county in law enforcement. It was brought out that Sheriff Rainey, with more than 18 years in that office, has the experience to train a young officer, and Mayor Hatch, with council approval, asked the sheriff to help find someone to be considered for the job.

Mr. Rainey said he would help the city, but pointed out the scarcity of young men wanting to go in law enforcement work and said his own office would like to find another deputy also. He and Deputy Al-

vin Minatrea are on duty 24 hours per day, 7 days per week.

The tax rate of \$1.30 per \$100 valuation was again adopted for 1973 tax year (If approved, the sales tax and lowered property tax would be effective in 1974).

A valuation schedule for mobile homes was set up as

part of a move to get all of these on the tax rolls. Mobile Homes one to three years old will be valued for taxing purposes at \$4.00 per square foot; four to six years old, \$3.00 per square foot; and those over 7 years at \$2.50 per square foot.

Mobile homes will go on the property tax roll if the home

and lot are owned by the same person, and on the personal property tax roll if they sit on rented lots.

The council approved pay raises for certain employees who did not receive salary increases earlier, and uniforms to be furnished by the city were approved for regular employees.

Four Groups Arrange Purchase of Ambulance

A new ambulance to serve the health needs of Collingsworth County people was approved in a joint meeting of four units of government Thursday evening, August 2.

The need for this action had become urgent within recent weeks, as the two present vehicles became mechanically less reliable.

Sharing in the decision were representatives of Collingsworth

County, the City of Wellington, Collingsworth County Hospital District and Collingsworth Volunteer Ambulance Service.

Mayor Bill Hatch presided.

The county and city will share equally the cost of the new ambulance.

The volunteer ambulance service will have ownership of the vehicle for legal reasons.

The hospital district will operate the ambulance.

Cost of the new ambulance will depend on the type of vehicle bought and the equipment selected. This choice will be made by the volunteer ambulance board and Jimmie Kelso Funeral Home. They are now into this work.

Discussion was amiable but open and frank as each group stated its position. During a break, they conferred separately, and when the meeting resumed the decision had been reached.

Pat Alderman, sales representative of Summers Funeral Car Company, Duncanville, met with the group and explained various vehicles available for ambulance use.

He pointed out that state and federal specifications will probably come within the next year or two, and Mrs. Margaret Vines, ambulance service secretary, said Medicare already has its requirements.

Regarding the condition of the present vehicles, Mayor said:

N'wood Teachers Report to Work On August 16

Two days of in-service training are slated for Samnorwood teachers Thursday and Friday, August 16 and 17, according to Kenneth Martindale, high school principal.

Students will report for classes on Monday, August 20, and buses will begin running their regular schedule at that time.

Parents of all students are urged to have them in school on the opening day.

New Date Set To Register for Kindergarten

A second registration day has been set for kindergarten age children who for some reason have not registered, Supt. Thayne Amonett announced.

"We are encouraging that any child who will attend kindergarten any time during the year 1973-74, to register at elementary school Friday, August 10, at 9:00 a.m. Someone will be there to register your child," he said.

School administrators need to know how many children will attend so they can evaluate the situation before the August 16 registration begins.

"If your child is going to attend any time during the year, regardless of when they have their fifth birthday," they should register Friday if they did not do so Tuesday," Mr. Amonett emphasized.

A total of 42 children were registered Tuesday, August 7.

O. W. Peebles, Retired Farmer, Dies Thursday

Oscar W. Peebles, 83-year-old retired farmer, died Thursday, August 2, after a long period of ill health. He had been a resident of the Wellington Nursing Center for a number of months.

Mr. Peebles came to Collingsworth County with his family as a 16-year-old youth, in 1906.

His farming operations covered a long period of years in the area southwest of Lutie where he was active in community affairs. He retired a number of years ago, and since then, the family home had been at 1611 Amarillo Street.

Mr. Peebles was born February 14, 1890, in Prescott, Arkansas, and before coming here, the family lived in Harmon County, Oklahoma.

He had been a member of the Baptist Church since early in life. On September 4, 1911, he was married to Miss Lala Haralson, a member of another family to settle here early in this century.

A man of keen and active mind, Mr. Peebles interest went far beyond his own work, or of the happenings of his area. He never lost this concern for what was happening elsewhere, nor his search for knowledge about these things.

Funeral services were conducted at 4:00 p.m. Saturday in First Baptist Church. Officiating was the Rev. Bill Rushing.

Services Held Saturday for Lymon Wallace

Lymon Edwin Wallace, 60, who moved to this county with his family in 1930, died Thursday, August 2, in Wichita Falls following a long illness.

He had lived there 38 years. The son of the late Mr. and Mrs. G.H. Wallace, he was a native Texan, born February 23, 1913.

Funeral services were conducted at 2:00 p.m. Saturday at Kelso Chapel with the Rev. Charles Floyd, pastor of Faith Baptist Church, officiating. Burial was in the family plot in Fairview Cemetery.

Pall bearers were Joe Tarver, Pat Kimbro, George Shadid, D.C. Thomason, Oran Starkey and Herman Belew.

Survivors are three brothers: Meryl Wallace of Huntington, West Virginia; Eynyl Wallace of Phoenix, Arizona; and Billie E. Wallace of Dallas; three sisters, Mrs. Mary Alice McCarver of Hereford; Mrs. Bessie Clark of Ft. Worth; and Mrs. Nancy White of Frisco, Colorado. A number of nieces and nephews also survive.

His parents and a brother, Henry Wallace, preceded him in death.

There is another division, and it is here some of the new features. All youngsters having bicycles are invited to ride them.

But never have there been so many adults riding bicycles as there are now, and it is these riders that the Chamber of Commerce is seeking to bring into the parade. Both two-wheeler and three-wheeler bicycles may be entered, and these may be decorated as elaborately as the owners wish, or not decorated at all.

A contingent of motorcycles will be in the parade, and the motorcycle club will be notified of arrangements.

Mrs. Vines assured that the motorcycles and horses will be kept at a distance from each other so the latter will not spook.

"We in Collingsworth County are known for the beauty of our parades. It is our hope that this will be the most beautiful of them all," she added.

#2—continued from page 1 of Samnorwood Baptist Church and Rev. George Howard officiated. Burial was in Memorial Gardens by Kelso Funeral Home. Active pall bearers were Hardy Wright, Jess Wilson, J.L. Alexander, Milburn Derryberry, Buddy Carter and Oran Starkey.

Survivors include his wife, Mrs. Lala Peeples; five sons, Denzil Peeples of Houston, Ray Peeples and Hubert Peeples of Wellington, Rex Peeples of Samnorwood, and E.B. Peeples of Seaford, Delaware; three daughters, Mrs. Mona Melott and Mrs. Estelle Gregory of Springfield, Oregon; and Mrs. Lola Estes of Wellington; two brothers and a sister, Herbert Peeples and Hugh Peeples of Pampa and Mrs. Lela Haralson, Canyon; 20 grandchildren, 21 great-grandchildren. A son, Berbie Peeples died in April.

Ben Enlow in 'Charlie Brown'

Mr. and Mrs. J.H. Wood were in Manhattan, Kansas, recently to see their grandson, 14-year-old Ben Enlow, in the title role of "You're a Good Man, Charley Brown." Ben is the son of Mr. and Mrs. Bill Enlow.

The production was presented by the Manhattan Recreation Commission.

Said Michael Barfield, reviewer for the Mangattan Mercury:

"What I like most about this production, I think, is that the cast has so much fun with it. They realize the play is no heavy weight, and thus do not try to make more of it than is there.

"This is all to the better, for in ignoring the drawbacks of the medium, the message is better.

.... "Ben Enlow creates of Charlie Brown a rather sumg yet surprisingly beguiling child neurotic. Not the round faced boor we are used to, he is here an imphish, yet very real character. No cad in kid's clothing, this particular Charlie Brown is indeed a good man."

The play ran for six performances.

Ben has been active in theatre at Manhattan Junior High, having been in "Twas the Night Before Christmas," Rubberneck," and "Sure as You're Born". In the latter he got a best actor award. He also direc-

ted "Foxy Grandma" and "Cheaper by the Dozen."

He made his musical debut in Charlie Brown.

The play was presented in Kansas State University Auditorium.

But Ben was not the only member of the family to star during the week end the Woods were in Manhattan. His older brother, Brad, 18, pitched a double header baseball game against a Topeka, Kansas, team in American Legion play, Brad won both games.

Ben returned home with his grandparents to spend last week end.

#4—continued from page 1

The fact that here will be no set aside will not mean too much to this county," said Mr. Weatherly. "A lot of our set aside acres are in expired soil bank land and a lot of the other has been put back to permanent grass. We don't anticipate very much plow up of this."

After President Nixon signs the 1974 Farm Bill, from two to three weeks will probable elapse before any information concerning its regulations are received here.

The general 1974 loan rates for grain sorghum, cotton and wheat have been announced but these will have to be adjusted for the various counties. The 1973 loan rate for cotton is 20.65 cents per pound and \$1.84 per hundred for grain sorghum.

If you don't need it any longer, sell it through a want ad in The Leader.

The Volunteer Ambulance Service has been in operation since January 1, 1972. At that time, the city and county each paid \$1,000 into its operation. On the construction of an ambulance building this year, the City has given \$4,250 in three payments and the county has paid \$1,250, for a total of \$5,500.

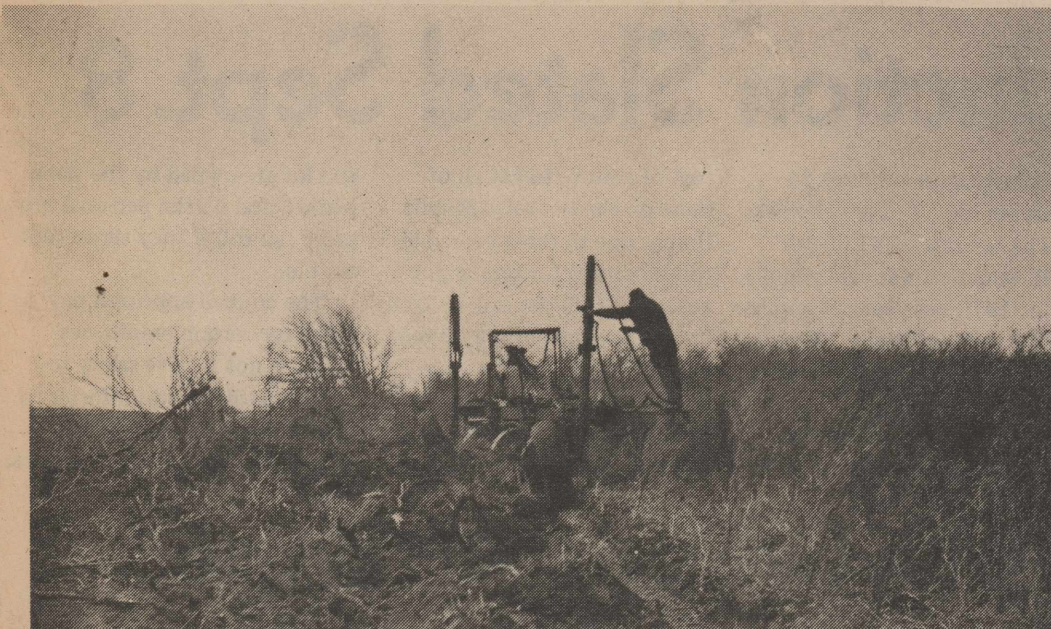

So far in 1973, there have been 114 ambulance calls, with about 25 percent of these being out of town runs, Mrs. Vines pointed out.

Representing the city at the meeting were Mayor Hatch, City Manager Lyman Daniel, and councilmembers Loyd Vines, Lynn Jenkins, Tom Wilkins, R.L. Mabery, and Ralph Owens; the county, Commissioners Melvin Seale, Pat O'Hair and W.R. Breeding;

From the hospital board were Mr. Kelso, Mr. Hubbard, Otis Emmert, John E. Forbis, Clyde Drake and Mr. Altom; and from the ambulance service, Bob Watson, Bob McAlister, Mr. Kelso, Buster Hughs, and Mrs. Vines. Mr. Alderman was a guest.

PASTURE IMPROVEMENT

This improved weeping lovegrass at top is on land owned by Mr. and Mrs. Oscar L. Ketchum of Los Angeles. The field was formerly infested with shinnery. The seedbed was prepared with a heavy disc and the grass planted on a clean tilled seedbed.

Below, shinoak is being plowed with a 42" disc pulled with a crawler tractor on the Hobart Smith farm. It was followed by seeding of weeping love grass. Both farms are in the Quail area and are two of a number of fields planted under the SCS program.

More Operators Look to Soil Conservation During 1972-73

Farmers and ranchers in the Salt Fork Soil Conservation District can look back on a year of greater accomplishments than the preceding 12 months, reminds Lynn Courtney of the Soil Conservation Service Staff.

The SCS year ends June 30. There was strong interest in wildlife and improving its Collingsworth County habitat, Mr. Courtney reported, with improvements made on 14,355 acres altogether.

"We went high on this one," said the SCS staff man. "There is a tremendous push on as town people take hunting leases. We are little behind in this one in Salt Fork SCD but there is a golden opportunity for us.

"The drouth was hard on the Quail and there are not as many as we sometimes have, but they will come back."

Although only four new farm ponds were built due to weather, there was considerable restocking of fish, withwork on 25 ponds.

"We had a lot of fish killed by the freeze or by ponds drying up," Mr. Courtney explained.

Altogether, 2,300 producers contacted the SCS office for various reasons. Many were asking information on such things as seeds, fertilizer, and conservation methods.

At the same time, 73 new conservation plans and plan revisions were drawn up, and 44 inventories and evaluations were drawn up.

This soil and water conservation district has been a leader in the Great Plains Conservation Program, and during the year ending June 30, SCS received 15 applications and developed nine new Great Plains contracts.

Weather cut into the amount of brush control work accomplished, and only 4,389 acres was sprayed, Mr. Courtney said.

But at 46 points, rough areas were shaped and well established in grass.

Grass was also established on waterways totaling 34 acres.

Area-wide a hard look is being taken at the use of minimum tillage and this was tried on 205 acres in Salt Fork SCD. Some was cotton, other acres

Visiting Mr. and Mrs. Henry Langford recently were Mr. and Mrs. Garland Fielding, Tim and Mollie of Garland and Mr. and Mrs. Loyd Langford, Lana Kay and Glen, of Lubbock. The Fieldings also visited his brother, Mr. and Mrs. Paul Fielding and family, and the Loyd Langfords were guests of her parents, Mr. and Mrs. Milburn Gibbs.

were sorghum following wheat harvest.

Mr. Courtney explained that the land is sprayed for weeds so that no cultivation is required. He believes, however that this practice is more adapted to wheat country under irrigation.

Another of the popular practices is pasture and rangeland seeding, which during the year totaled 3,316 acres.

Despite weather, a total of 28,859 feet of terraces were built. This long has been one of the most popular practices in the district.

Unit conservationist for the Wellington SCS office is Tommy Powell, and other staff members besides Mr. Courtney are James Herring and Bobby Gronewald.

MRS. JAN CURTIS MAGEE

Diana Sowell, Jan Curtis Magee Wed In Garden Ceremony at Arlington

Miss Eunice Diana Sowell and Jan Curtis Magee of Arlington were married in a garden wedding at the home of Mr. and Mrs. Vernon Taylor, Arlington, Saturday, August 4, at five in the afternoon. The Rev. Glenn Dunbar of Elwood, III, grandfather of the groom officiated.

The bride is the daughter of Mr. and Mrs. Buren David Sowell of Al Kobar, Saudi, Arabia. Her mother, who was Laverne McWhorter, lived here. She is also the granddaughter of Mr. and Mrs. Herbert McWhorter of Headrick, Oklahoma, and a niece of Mrs. J.I. Morgan. The bridegroom's parents are Mr. and Mrs. Robert Glenn Magee of Arlington.

The ceremony was performed before a bank of English Ivy with accents of white and pink bows. An overlay of green foliage showed the setting.

Mr. Sowell gave his daughter in marriage. Her gown of off-white chiffon crepe over taffeta was designed with an empire bodice of Alencon lace and the long sleeves with matching lace cuffs, accented with self material ruffles. Her finger-tip veil was attached to a lace cap and she carried a bouquet of mixed spring flowers.

Attending the couple were Miss Charlie Watkins, maid of honor, and Eddie Clark, best man.

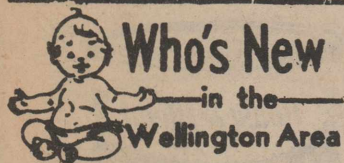

A reception followed the ceremony. The bride's table was laid with a cut-work cloth over pink, and appointed in

Quartet Attends 'Texas' Program

Four Wellington women attended the production of "Texas" at Palo Duro Canyon one evening last week.

They were Mrs. Olean Leggett, Mrs. Ruby Ball, Mrs. S.L. Lindsey and Mrs. Jennie Holcomb.

As they waited for the opening, they were joined for a short visit by Mrs. Majorie Anderson and her daughter, Mrs. Ben Meadors and Ray Ann of Amarillo.

Mr. and Mrs. Jackie Gunnels are the parents of a son born July 26, in Harmon County Memorial Hospital. He weighed seven pounds and eleven ounces, and was named Jay Dean. The grandparents are Mr. and Mrs. J.T. Gunnels and Mr. and Mrs. Eran Klemann of Tulsa.

Dr. and Mrs. Paul Moran of Highland Park, Michigan, are the parents of a son born August 2. He weighed eight pounds eleven ounces and was named Joel Howard. The grandparents are Mr. and Mrs. Clyde Dwight of Lutie and Dr. and Mrs. Austin Moran of Haskell, Oklahoma.

Couples Attend Highway Picnic

Mr. and Mrs. Willie Gragson and Mr. and Mrs. Mike Smith attended the annual picnic held Saturday, August 4, for employees of the Childress District, Texas Highway Department.

The event was in Rotary Bowl, Childress. Registration began at 4:00 p.m., followed by a business meeting. Lonnie Lynn of Childress is president of the group and Mr. Gragson serves on the board of directors. A picnic supper was held afterward.

'Texas' Staffer Has Dozier Ties

CANYON - Residents of Collingsworth County have close connections with "Texas" the musical drama of the Texas Panhandle by Paul Green which plays in Palo Duro Canyon State Park. This is the spectacular story of the Texas Panhandle in the 1880's, which played to more than half a million people.

A member of the company with roots in Collingsworth is Jan SoRelle, granddaughter of Helen and George Caperton who settled at Dozier, coming in a wagon and living in a half-dug-out. Mrs. Caperton was the first school teacher and first postmistress.

Miss SoRelle is from Dumas, where she graduated from high school. She is a student in West Texas State University, where she is active in her sorority, Delta Zeta, and is a member of the Rodeo Club and Leather and Lace. She is on the "Texas" hospitality staff.

Mr. and Mrs. W.L. Bailey have moved to Waka, where he will work on a ranch. They have lived here since September, and prior to that were at Dodson four years.

Two Days of Rain Fail to Spoil 23rd Annual Groves Family Reunion

The descendants of Mr. and Mrs. Will Groves and Mr. and Mrs. Tom Groves, pioneers of this area, held their 23rd family reunion on Saturday and Sunday, July 28 and 29, at Lake Quannah Parker campground near Lawton, Oklahoma.

Decorate With Wallpaper, Too

Wallpapers furnish patterns and textures to rooms - yet require little maintenance.

"Many present-day papers are washable - even scrubable. Patricia A. Bradshaw, housing and home furnishings specialist with the Texas Agricultural Extension Service, Texas A&M University, pointed out. Factory-applied plastic coatings make washing possible and minimize maintenance. However, even non-washable paper can be treated after it's hung.

Wallpapers are available as two basic types - hand-made and machine-made.

"Hand-made types are usually colored manually, using a separate silk screen for each color. Since they require considerable time and labor, they're the most expensive.

"Colors of machine-made prints are applied simultaneously on printing presses having up to 12 rollers. Consequently, several yards can be done by machine in the time required to do one yard by hand.

"However, prices of roller prints vary greatly - depending on quality and weight of paper used, complexity of design, and number of yards produced," Miss Bradshaw explained.

Vinyl wallpapers are another category. Considerably heavier, they consist of a vinyl surface backed with either paper or fabric. Designs are printed on the vinyl surfaces.

"Since most vinyls can be scrubbed, they're ideal for kitchens, utility rooms and bathrooms.

"As an added bonus, vinyl fabrics pull off the wall in strips

making replacement easy." To determine how much paper to buy, multiply distance around the room by the wall height. Then divide this figure by 30 (number of square feet in a single roll of paper) to get number of rolls needed. Deduct one roll for every two doors or windows of average size.

For "insurance," buy an extra roll of paper - for repairing any damage or lining a closet. As an extra precaution, take the room measurements along when going shopping.

"In addition to patterns, textures and solid colors, scenic murals and border prints also are available.

"However, shopping for murals or scenic requires a few extra precautions," the specialist noted.

"Consider the number of strips needed for a specific

Shower Thursday Evening Honors Carol Burba, a Mid-August Bride

Miss Carol Burba, whose marriage to Jim Gibbons, of Edsell, Scotland, is planned for mid-August, was honored at a bridal shower Thursday evening, August 2. The Heritage Room was the setting for this event.

Hostesses were Mrs. Wayne Parker, Mrs. Jack Colson, Mrs. Darrell Colson, Mrs. Steve Owens, Mrs. Albert Fulcher, Mrs. Jerol Morris, Mrs. Jimmie Kelso, Mrs. Ernest Harwell, Mrs. Glen McLain, Mrs. Gorman Owens and Mrs. Bob Sessions.

Members of the hostess group alternated in receiving the guests, then presented them to Miss Burba, her mother, Mrs. Dee Burba, and Mrs. Doc Turner, the grandmother of the prospective bridegroom.

Mrs. Darrell Colson registered friends at a table laid with a blue cloth and centered by a gold candelabra, with a green candle.

The reception table, laid with a white linen cloth, was decorated with seven candles in a circular holder, which was

Ronnie Rogers Takes Bride

Miss Suzann Barrington became the bride of Ronnie Dale Rogers Saturday evening, August 4, in First Christian Church, Wichita Falls.

Parents of the couple, all of Wichita Falls, are Dr. and Mrs. James Albert Barrington and Mr. and Mrs. Jeff Lamb Rogers, formerly of Wellington.

The bride wore a gown of white silk organza and Venise lace, with a veil of English Illusion. She carried a bouquet of stephanotis, gypsophila and stock.

She was attended by her sister, Mrs. Terry Mac Cromer of Grand Prairie, Miss Maxine Amy Milburn and Miss Karen Boles of Dallas; Miss Carol Ann Judson of San Antonio, Miss Patti di Ann Burch of Houston, Miss Monica Martin, Miss Sylvia Mann and Miss Sally Powers of Wichita Falls.

Randy Lee Boldgett, was best man, with Bradford Gregory Barrington, brother of the bride, David Jeff Rogers, brother of the groom, Kenneth Lynn Haney, Larry Weldon Burt, Larry Joe Carr, and Terry Mac Cromer of Wichita Falls and Bradley Arthur Beyer of Ft. Worth as ushers and groomsmen.

The bride, a Junior Forum debutante, was graduated from Southern Methodist University. The bridegroom, who received his degree from Midwestern University, was captain of the swim team and now teaches in the Weslaco School.

Attending from here was Mrs. C.O. Wilkerson, accompanied by her daughter, Mrs. Euris Phipps, Jim and Jan of Amarillo.

Mrs. W. D. Bailey Has Birthday

Mrs. W.D. Bailey observed her eightieth birthday when two of her sons came for a week end visit, and a family dinner was given in her honor.

Here Saturday and Sunday were Mr. and Mrs. Richard Bailey of Nocona and Mr. and Mrs. Floyd Bailey of Albuquerque, N.M.

The other two sons phoned during the day, Alfred Bailey of Casper, Wyoming, and Joe Bailey of Atlanta, Ga.

Also attending the Saturday evening dinner were Mrs. Bailey's brother, Henry McClure, and Mr. and Mrs. R.T. Savage.

Young Family Flies to California To Celebrate Fiftieth Reunion

The 50th reunion of the children of the late Mr. and Mrs. J.H. Young was held recently at the home of a daughter, Mrs. Frank (Ruth) Thompson in Southgate, California.

Only one of the 9 living children could not attend. All of the 7 going from Texas and New Mexico, along with some of their children, traveled by plane - not a single car made the trip.

They had three meals together. A Saturday backyard buffet lunch was given by Mrs. Thompson, who is the oldest daughter. That evening, they gathered on the patio at the home of a daughter, Mrs. Alice Ruth Williams. Sunday, the biggest day of the reunion, they met at a club house and were joined by distant relatives and a number of friends who have moved from Collingworth County to southern California.

But for the most part, the time was spent as it was originally planned - visiting, reminiscing and catching up on family happenings of the preceding year. There was singing, too, for no Young reunion would be complete without it.

Assisting Mrs. Thompson as hostess were her seven children, six living in the Los Angeles area.

They tried to remember incidents of the first reunion but what they recall best is that the event was planned as a surprise for their parents, but before it was held, it was apparent it would be so large, the guests of honor had to be told.

The group believes there have been more than 50 reunions, but they are not sure. They do think the reunions began before the younger children were born.

Only once was a reunion cancelled, and that was during World War II.

Moments of this reunion were specially made anniversary plates for each of the children. Going from Wellington were Mrs. H.L. Lowry, Mrs. Jack Lowry and Mrs. Rufus Sweat, who was joined by her daughters, Mr. and Mrs. Tommy Lowrie of Irving and Mrs. Jim Coley of Rockwall.

Others of the Young children present were Dewey Young of Dallas; Henry Young of Portales, N.M.; Mr. and Mrs. James Young of Irving; Mr. and Mrs. Walter Taylor (Aldah) of Arlington; and the hostess Mrs. Thompson.

The daughter unable to be present was Mrs. Madelend Vaughan of Arlington. Neither could three widowed sister-in-law be present, Mrs. Grover Young, Mrs. Jason Young and Mrs. T.C. Young.

One brother and sister were in the process of moving when reunion time came, but they dropped everything to fly to California. These were Henry Young, who now teaches in Eastern New Mexico University and was moving to Portales from

Susan White Competes in World's Our Little Miss Contest This Week

The daughter of a former Wellington girl is competing this week in the World's Our Little Miss Contest in New Orleans.

She is Susan White, 12, the daughter of Mrs. Molly Scott White of Amarillo, and the granddaughter of Mrs. Sam R. Scott of Wellington and the late Mr. Scott.

Susan won the Texas Our Little Miss Photogenic at the state pageant in Waco earlier this summer.

For this, she received a set of luggage, diamond necklace, key to the city of Waco and \$200 cash. Susan won over 144 other contestants. She also received another award, having the best party dress, and received another trophy. She is the only little girl to receive two honors.

The World's Our Little Miss Pageant began Sunday, August 5 and will continue through Saturday, August 11. This is an expense paid trip for Susan and her mother, and Mrs. Scott will fly to New Orleans on August 10 to join them.

Children ages 7 to 12 will compete in the world contest. This is the second year Susan has received honors, as she was

Questions People Ask About the Catholic Church

Q. Do you think there is any bigotry or prejudice left in the US?

A. Lots of it, but since it's less fashionable in the Seventies, it has more or less gone underground. Once in a while it flares up in all its foulness. There are still sweet little old ladies who thump the Bible every Sunday in church, and then go home and practice bigotry against blacks, Indians, Mexican-Americans, and other minorities for rest of the week. That's not Christianity; that is hypocrisy.

Q. Is the US on its way to disaster by way of moral decay?

A. No doubt about it. World history has shown us that all great powers fall prey to vice, lies, deceit, corruption in high places, injustice, dishonesty, police-surveillance, neglect of the poor, pampering of the rich, tax-evasion, bribery, etc. Watergate is a perfect example of all these signs of decay. It's up to us to vote corrupt officials out, locally and in the Federal Government, before it's too late.

MR. AND MRS. ROY TISDALE

Mr. and Mrs. Roy Tisdale Honored At Reception on 50th Anniversary

The seven nieces of Mr. and Mrs. Roy L. Tisdale were hostesses at a reception given Sunday, July 22, to honor them on their golden wedding anniversary. The event was held in the spacious Tisdale home on US Highway 83 North.

The seven were Mrs. Sherrell Beanland of Hollis, Mrs. Melvin Cardwell of Pampa, Mrs. Garland Hightower and Mrs. Clinton Norman of Dodson, Mrs. Ellis Dawson of Ontario, Calif., Mrs. Bill Duncan of Richardson and Mrs. Orville Roediger of Borger.

Mr. and Mrs. Tisdale have lived all of their married life in Wellington and Dodson, and both came to Dodson as young children.

Mrs. Bob Hightower, a sister-in-law, received the guests and presented them to Mr. and Mrs. Tisdale and their nieces. Miss F. Ebbie Duncan of Richardson was at the register. Gifts were displayed by Mrs. Tisdale's sister, Mrs. Ocie Lewis, and a long-time friend, Mrs. Seldon Price of Richmond, Calif.

The reception table was laid with a gold and white lace cloth over gold satin, and appointed in crystal and silver. The centerpiece was an arrangement of gold chrysanthemums and baby's breath in a pedestal urn.

Mrs. Glen Roe of Bethany, Oklahoma, and Miss Marlene Ekes of Richardson cut the anniversary cake and Mrs. Terry Roediger of Bethany poured.

Assisting were Mrs. Ray Peoples, Miss Renessa Cardwell of Pampa and Miss Kimberly Roediger of Borger.

The large number of out of town guests joined county residents in honoring Mr. and Mrs. Tisdale, but the reception was for many an occasion to visit with friends they had not seen for a number of years.

Late in the afternoon, the young people attending gathered around the organ to sing, and they were joined by many of the other guests.

Roy Tisdale and the former Vela Hightower were married July 23, 1923, at Wellington, by the Rev. Mr. Brewer. His par-

ents were the late Mr. and Mrs. Eli Tisdale, she was the daughter of the late Mr. and Mrs. R.R. Hightower.

They lived in Dodson, where Mr. Tisdale farmed and was in the implement business, until 17 years ago, when they built their home in Wellington and moved here. At that time, he entered the car business.

They have been active in both communities, but their greatest devotion has been to the Church of the Nazarene at Dodson. Both have served on the church board for 25 or more years. In addition, Mrs. Tisdale is past-president and the current secretary-treasurer of the World Missionary Society, is church secretary and teaches a class of junior boys.

Those attending the golden wedding reception from out of the county included Mr. and Mrs. C.C. Williams and family of Elk City, Oklahoma; Jerry Tisdale and family, Nancy Whatley and Alva Mae Tisdale of Dimmitt;

Mr. and Mrs. Orville Roediger of Borger, Mrs. Ellis Dawson and Miss Denise Dawson of Ontario, Calif.; Mr. and Mrs. Mike Carter of Sudan; Mr. and Mrs. Terry Roediger, Teri Dawn and Cheri of Bethany, Oklahoma; Mr. and Mrs. Van Breedlove and Bryan, Mr. and Mrs. Guy Breedlove, Annie Breedlove, of Silverton; Kim Roediger of Borger;

Renessa Cardwell of Pampa; Mr. and Mrs. Earl Smith of Amarillo, Wayne and Bertie Smith of Dumas, Mr. and Mrs. E.V. Carter of Hereford.

Ruth Middleton and Christine Stotts of Amarillo; Mr. and Mrs. John Kizer of Hollis; Cindy and Glen Roe of Oklahoma City; Mr. and Mrs. Pink Carter of Hollis; Marlene Ekes and Debbie Duncan of Richardson; Mr. and Mrs. W.W. NOTICE

of Free Lunch Policy

Wellington Independent, Samnorwood, and Quail School Districts will continue a free lunch policy for school children unable to pay the full price.

Local School Officials have adopted the following family size and income scale to assist them in determining eligibility, as set up by the state.

FREE MEAL ELIGIBILITY INCOME SCALE (Minimum Guidelines Increased by 25%)

Family Size	Family Annual Income
1	\$0-2740
2	0-3600
3	0-4460
4	0-5310
5	0-6100
6	0-6890
7	0-7600
8	0-8310
9	0-8960
10	0-9600
11	0-10,240
12	0-10,880
Each Additional Family Member	\$640

Families falling within these scales or those suffering from unusual circumstances or hardships are urged to apply for free lunches for their children. They may do so by filling in the application form sent home in a letter to parents. Additional copies are available at the principal's office in each school. Applications may be submitted any time during the school year. The form is simple to complete and requests information needed to determine economic need based on the income and number of persons in the family and any unusual circumstances or hardships which affect the family's ability to pay for school lunches. The information on the application will be confidential and will be used only for the purpose of determining eligibility.

Under the provisions of the policy the Superintendent of each school will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the local official, he may make a request either orally or in writing for a hearing to appeal the decision. Hearing Officials for each school district are:

Wellington Independent School District

Glen Taylor, 1601 Amarillo St.,
Wellington, Texas 79095
Phone No. A/C 806 447-2311

Phone No. A/C 806 256-2902

Quail Rural High School District

Carl Wischkaemper, Route 1, Box 97
Quail, Texas 79251

Hearing procedures are outlined in the policy.

The policy also provides that there will be no identification of or discrimination against any student unable to pay the full cost of a lunch. A complete copy of the policy is on file in each school and in the office of the Superintendent, where it may be reviewed by any interested person.

MRS. JOHN INGRAM

McGills Vacation in New York City Area

Mr. and Mrs. Sam McGill, Sandra and Jan, have returned from a vacation at Valhalla, New York, where they were guests of her brother, and family, Mr. and Mrs. Gene Baird, Amy and Paul.

A number of trips from there highlighted their visit, with a boat trip around Manhattan Island being among the most memorable.

This was an 18-mile tour that took them under 17 major free-way bridges, alongside the Statue of Liberty, and gave them a

view of the entire Manhattan Shore line.

They had lunch at and later toured the UN Building, spent a day on a Long Island beach, and visited Playland at Rye, New York.

They went to Bear Mountain for a cook-out.

"It reminded us of parts of Colorado," said Mrs. McGill.

At the United States Military Academy at West Point, they watched cadets drilling and heard the Cadet Band.

Baird goes by train from White Plains to his New York City office each day, arriving at Grand Central Station. He took the McGills along this route.

They went to the top of the 57 story Pan American Building to look out over the city.

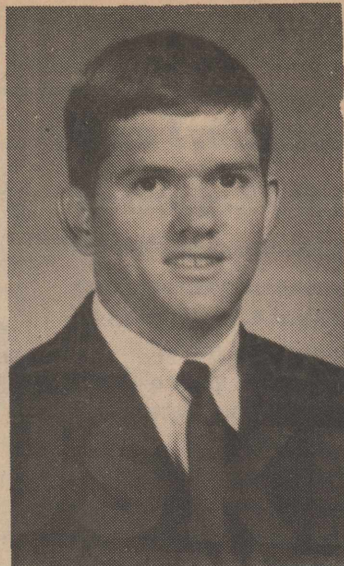

"New York City has run out of room for new buildings, and the Pan American Building is on top of Grand Central Station," said Mrs. McGill. Baird's office is only three blocks from here.

They shopped in Macys and Saks 5th Avenue.

Another day, they went through the ghetto sections of Harlem.

"Kids ran out after us, and Gene said they were wanting to wash our windshield, for pay. He told us to lock the door. We saw people overhauling cars in the street. There was no other place to do it. My brother told us that if a car developed trouble here and was left for an hour, it would be stripped. This is not true of other parts of New York City, though.

Mrs. Jones Singley returned home Thursday, August 2, after spending most of the last six weeks with her daughter and family, Mr. and Mrs. John Brudette and small daughter, Mrs. Burdette, the former Jennifer Singley, was critically ill and underwent surgery. She is now at home and is convalescing, Mrs. Singley said.

Hobby Show to Feature Work Of All Ages

Each year one of the delightful divisions of the fair is the Hobby section, and this year, there are divisions for all age groups.

Mrs. Bill Hall is the chairman, and before fair time, she will name those to work with her.

A variety of items are included, but they are subject to approval by the committee.

They are to be received for judging and exhibiting on Thursday, September 6, between 3:00 and 5:30 p.m. and judging will begin that night at 7:00 p.m.

First, second and third place ribbons will be awarded, with special awards as merited. Cash prizes also will be given in each division.

Items are to be checked out Saturday, September 8, at 5:00 p.m.

There will be four classes, Mrs. Hall announced, including:

Junior hobbies, open class, age 12 and under; Intermediate training program. He then moved to Shamrock to become Assistant manager in March of this year.

He and his wife, Becky, have one daughter, Ginger, age one and one half years. They are members of the Baptist Church.

"I feel that this Association offers an interesting opportunity, and that there is quite a bit of potential here," said the new manager.

S.S. Benefits Paid To 1,100 Countians

Social Security benefits were being paid to 1,110 residents of Collingsworth county at a rate of \$127,000 a month at the close of 1972, Travis C. Briggs, Social Security District Manager in Amarillo, said today.

Of the social security beneficiaries living in Collingsworth county, 755 are retired workers and their dependents, 260 are receiving benefits as the survivors

in three age groups: 6 to 9 years, 10 and 11 years and 12 to 14 years.

Young Men's Hobbies, open class, for ages 15 and 16.

Adult men's hobbies, open class for ages 19 or over. These hobbies may be models, leathercraft, woodcraft, or other similar hobbies.

Women's hobbies, ages 14 and up.

of workers who died, and 95 are getting benefits as disabled workers or their dependents.

Although most social security beneficiaries are older people, about one of every four is under age 60. In Texas, 375,417 people under age 60 are collecting social security payments each month. Nearly 210,000 are under age 18, receiving payments because a working father or mother has died or is getting social security disability or retirement benefits. Most of the 38,072 beneficiaries in Texas between 18 and 22 years of age, are getting student's benefits under a provision in the social security law permitting the continuation of a child's benefits beyond his 18th birthday, and up to age 22, if the child is attending school full time.

A group of out of town friends and relatives were here to attend the funeral services for O.W. Peoples Saturday, August 4.

These included Mrs. Mona are some other types of beneficiaries illustrating the broad family protection that the social security program provides workers of all ages. Some are children of retired, disabled, or deceased workers who became disabled before reaching 22 and who will probably never be able to work and become self-supporting. The monthly benefits of these young people, severely handicapped by physical or mental disabilities, will continue indefinitely. Benefits are also payable to the mother if the disabled son or daughter is in the mother's care.

Rolling Plains PCA Seminar Slated August 10

Directors of Rolling Plains Production Credit Association will have the opportunity to hear one of the nation's top leaders in the field of director responsibility at a PCA Director-Manager Seminar in Amarillo Friday (August 10).

Area participants include Lasater Hensley, Guthrie; Dean Decker, Childress; Mack Claburn, Anson; Winfred Mann, Clarendon; and John Paul Perrin, Haskell. J.R. Gleaton of Stamford, PCA president, will accompany the group.

Dr. Vernon E. Schneider, past president of the American Institute of Cooperation, will outline director duties to the more than 60 participants. Schneider presently is the Roy B. Davis Distinguished Professor

King Directs WF Production

Bob King, formerly of Dozier, managing director of the Backdoor Theatre in Wichita Falls, directed its mid-summer melodrama, "Dirty Work at the Crossroads."

He also played the hero, Adam Oakheart. The Backdoor Theatre recently moved into its new home at 907 Travis, just in time for the melodrama opening.

Preparations included tiering the seats, painting the walls, and generally converting the building. The new theatre holds just under 100 persons.

The seminar is designed to specifically meet the needs of Association directors, with emphases on roles, responsibilities, and decision analysis. Gleaton said.

Junior Quarter Horsemen Meet

AMARILLO - For the second consecutive year, Amarillo will host the American Junior Quarter Horse Association Convention and National Finals, which close Saturday, August 11. Headquarters will be the Camelot Inn on I-40 East.

More than 800 entries from over 30 states, including 40 from Texas, are competing for \$25,000 in awards. The show is strictly invitational with the top ten youth in the 25 approved AQHA youth events receiving invitations to attend. Each state has the option to send two additional entries to be chosen by the state affiliates. The young riders do not receive points for their participation in the finals.

One of the highlights of this year's convention and national finals will be the appearance of

Ambulance Service Updating Has Co-operation of All

The cordial and wholehearted co-operation of the county, city, hospital district and ambulance service in buying a new ambulance and approving the future operation of the Collingsworth Volunteer Ambulance Service Shows an awareness of a critical problem and the knowledge that we alone must take care of it.

It was only a matter of time until a new ambulance would be needed, and this solution was in the best way possible.

The realization has come, also, that volunteers were best as the Ambulance Service was getting established. But it has boiled down to where only a few men are making most of the calls, working a hardship on them and their employers. A paid employee who will receive training, and be responsible for the service's operation is a logical move, also.

A review of the financial statement for the first six months of 1973 operation shows charges of \$3,099. The service will collect almost all of this. During the first 7 months, 114 ambulance calls were answered, far ahead of the comparable period of 1972.

Charges are in keeping with the ability of local people to pay: \$20 for calls within city limits; \$20 plus 50 cents per mile one way for all calls outside city limits.

The Volunteer Ambulance Service has been handled most efficiently, and it deserves and needs the support of every resident. Any of us, at any time, may have to use it.

Clearing the Air

Washington's climate is no bargain in any summer, with the infamous humidity and heat. But lately it is getting downright dangerous.

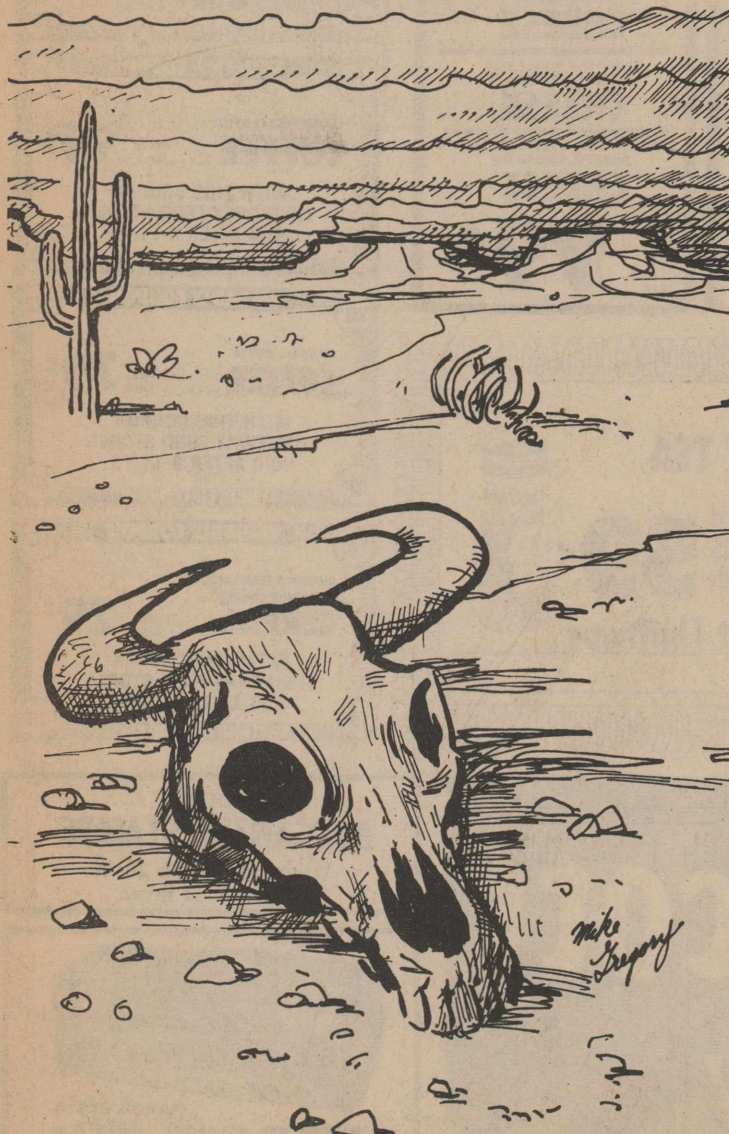

The problem is a lingering blanket of smog that recently provoked one tourist from Texas to exclaim: "I can taste it and smell it. It gets in my nose. The whole city has turned into a pigpen."

According to the pollution gauge, the rating is right at 100, which is the hazardous level. Residents and visitors are hoping for a cold front to disperse the hot air and muck floating over the nation's capital.

That ought to help some. And come Labor Day Congress and the Watergate hearings will be taking a break, which should clear up the atmosphere completely.

— The Dallas Morning News

The Beef Picture

AUSTIN, TEX. — Federal Environmental Protection agency proposals to cut auto pollution smog in Texas ran into opposition in public hearings recently.

EPA proposes to put the smog control plans into effect August 15 unless convinced it should alter or delay them.

Here's what the controls would mean, with variations from area to area:

* Special traffic lanes for buses and car pools on free-ways.

* Installation of anti-pollution devices on pre-1968 cars.

* Elimination of downtown parking in major cities like Houston and San Antonio.

* Gasoline quotas.

* Reducing gasoline fumes in some areas (like Austin-Waco) by improved storage tanks and tighter gasoline delivery trucks.

A Texas Good Roads Association spokesman assailed the idea of special traffic lanes as potential contributors to all-time record traffic pile-ups.

A Texas Air Control Board representative also challenged constitutionality of EPA recommendations to require owners of seven-year-old (and Older) cars to install anti-smog equipment.

The latter requirement, said the Board spokesman, places an undue and discriminatory burden on the poor and raises questions under due process and equal guarantees of the fifth and 14th amendments.

Air Control Board Spokesman have contended emission control devices would cost owners of old cars \$300 million and would affect one per cent of the total pollution problem.

PRICE INCREASES CONTINUED — The Texas Department of Agriculture reports dramatic increases in prices of eggs, pork and other commodities throughout the state.

TDA estimated the egg price increase at 10 cents per dozen this week on the retail level, and said grade A large eggs could sell for 85 cents a dozen.

Potatoes are expected to increase from \$1 to \$2 per hundredweight.

Pork prices are up 10 cents a pound, and lamb prices are also soaring. The Agriculture Department said some smaller packers are contemplating discontinuing cattle slaughter. Distributors were said to be seeking additional supplies of vegetables since they are permitted to raise prices.

A major problem is a shortage of trucks to move grain.

REIMBURSEMENT FOR CITIES — Cities which constructed sewage treatment plants between July 1, 1966 and July 1, 1972, without benefit of full federal construction grants can get reimbursements.

Texas Water Quality Board Executive Director Hugh C. Yantis Jr. said applications for the reimbursements should be made to the Environmental Protection by October 17. Yantis also suggested cities which constructed plants as far back as July 1, 1956, without full federal grants should make applications for reimbursement in case regulations are changed to qualify them.

COURTS SPEAK — Third Court of Civil Appeals agreed with lower court that St. Mary's University of San Antonio owns the Laredo Archives and other documents in the Sebron S. Wilcox collection.

The same court dismissed South Texans' suit for hunting rights in Uvalde, Dimmit and Zavala counties river beds.

Affirming an intermediate court, the State Supreme Court backed a new trial for a candy flavoring mix company's suit to collect insurance on ice

CROSSROADS REPORT

Dear Editor:

I see where Senator John Tower says trying to get by on his measly \$42,500-plus-fringes wage is a mighty struggle for him, with three teen-age daughters.

But lots of taxpayers with far less income and as many or more daughters manage to get by somehow.

My skeptical neighbor says maybe if we had more people in Washington with experience and aptness in the art of stretching available dollars to meet needs, the federal taxarchy might not be going in the hole so prodigally every year.

The Third Court of Civil Appeals affirmed a district court verdict that a miscarriage by an Austin woman was not caused by an auto accident.

OIL PRODUCTION WIDE

OPEN — For the 17th straight month, the Railroad Commission has directed 100 per cent oil production during August.

Crude oil buyers' request for more than 3.78 million barrels daily was slightly less than the record for July, however.

Exceptions to the wide-open order were allowed for East Texas field (86 per cent), Kelly Snyder of West Texas (84 per cent) and Tom O'Connor Field (70 per cent).

Commission Chairman Jim C. Langdon said state crude reserves dropped 13.1 million barrels since July, 1972.

AG OPINIONS — Atty. Gen.

John Hill conditionally approved the state's \$5 million tuition-equalization grant program for private college students but warned that rules must be framed to meet U.S. Supreme Court tests of aid to parochial schools.

In other recent opinions, Hill concluded:

* A college professor cannot be employed simultaneously as an assistant state district attorney.

* Residence of a minor for purpose of school attendance is normally that of his parents.

* Texas Water Quality Board has authority to require feed-lot owners to submit evidence that wastes from their operation will not cause pollution of ground or surface waters.

APPOINTMENTS — Allen Eugene Richardson, a native of Bailey County, is new executive director of Texas Water Rights Commission, and Clinton R. Mertschin of La Grange will be

the agency's acting chief engineer.

Governor Briscoe appointed Don Carroll of Tyler as district judge of the Seventh District Court in Smith County, replacing R.P. Pawer who resigned.

Briscoe named LeRue Dixon of Jacksonville as district attorney in Cherokee County.

Governor Briscoe placed Frank Barron of Fort Worth and Robert T. Mattox of Crockett on the Trinity River Authority and reappointed Guy C. Jackson III of Anahuac, and Amon G. Carter Jr. of Fort Worth.

Sam Damron of Muleshoe and Albert Hopkins of Houston were picked by Briscoe to serve on the State Board of Pharmacy, succeeding John R. Fowler of Memphis and Eugene Wilson of Dallas.

Mrs. Blake Sparenberg of Austin is the Governor's choice for the State Board of Canvassers.

County FU Members On New Task Force

Mr. and Mrs. Donald Langley of Quail and Mr. and Mrs. Rudie Tate of Abra were among the 50 Texas Farmers Union members to convene in San Task Forces.

According to Texas Farmers Union president Jay Naman of Waco the Task Forces are a part of a National Farmers Union plan to provide a vehicle for the members to use the Farmers Union to solve problems. The three Task Forces will serve in the areas of the environment, international trade, and farmers' economic problems.

Each Task Force selected co-chairmen at the meeting. Co-chairmen of the International Trade Task Force are Rudy Tate of Samnorwood and Joe Ranking of Rawls. Ben Archer of Maxwell and Mrs. Karen Tate of Samnorwood are co-chairing the Environmental Task Force, and Vernon Chandler of Midland and W.R. Sage of Lubbock are co-chairing the Economic Task Force.

The Task Forces also each agreed on a plan of action for the coming months. The Economic Task Force will organize a series of Congressional District meetings to be held while Congress is in recess to discuss the new farm legislation. The group also plans to invite city congressmen to the sessions in an attempt to inform them of the farmer's side of the consumer problems.

The Environmental Task Force defined four problems areas for consideration. They are: the quality of rural human life, the farmer's role in relation to the total environment, oil related problems, and the relationship of natural fibers and the energy crisis.

Jerry Nix Family Visits Colorado

Mr. and Mrs. Jerry Nix and children, Lisa and Darvin, vacationed recently in the Durango and Silverton areas of Colorado. They fished and also rode the narrow-gauge train between those towns.

They took their camper and reported no difficulty finding gas. Mr. Nix said there were fewer tourists than when they were there last, and the number of campers they saw was down sharply.

Life With the Rimples

Deck's DIDACTICS

—by Deskins Wells

THERE ARE many ways in which we might lessen the problems caused by high food prices and some of them would improve our health and lengthen our lives. One of these would be to eat plainer foods which cost less. Another would be to waste less food.

LET US consider first, the amount of food the average family wastes. I will exclude the traditional feast of Thanksgiving and Christmas, the festive barbecues and family reunions and the unholy waste of food that people foist upon a family when someone dies. I am writing about the day to day waste in the average family meal.

THE AVERAGE family in the United States wastes enough food to feed a second family in many parts of the world. We should not only eat less for our health's sake, we should waste less for the sake of our pocket-books.

TOO MANY of our eating and cooking habits were based on the fact that the man worked strenuously from dawn to dark and his wife did the same. Coupled with this was the fact that many people in the cities and out in the country simply did not have enough food to keep them from hunger a good part of the time.

AS OUR ability to produce food of all kinds increased it became more plentiful and cheaper in price compared to wages and earnings. As a result we became such eaters that obesity has become one of our major health problems. Taking fat off the corpulent has become a profitable industry. Nearly half of the deaths of men under the age of 65 are hurried to their conclusion by animal fats. It is second only to those who draw their lives to a close faster by smoking cigarettes.

LAST WEEK I wrote that we could remain healthy without much of the food we are eating.

IF I HAD a family of growing children under my roof, I might be thinking of putting some beef in the locker and canned goods on the shelf. As it is I intend to do nothing. There is a lot of food. Panic buying is forcing the prices up and some of it is ridiculous. A lot of people may be eating meat and other items that are a little old and therefore less palatable later on as a result of this hoarding.

THIS SHOULD be a good year to plant a fall garden. Many people generally plant turnips, mustard and collards for fall. This is also a good time to plant beans, cabbage, tomatoes and a number of other vegetables that do well in a fall garden. Tomatoes and cabbage have a better chance of beating the frost if you can buy them somewhere as started plants. Moisture for August is supposed to be better than average.

VEGETABLES are desirable; but don't get as enthused over their desirability as some of the people who have been visiting the irrigated fields near Dimmitt. According to The Castro County News, thieves have been stealing onions by the sackful and digging potatoes with their hands.

Mrs. Frank Hajek had as weekend guests two friends who lived here several years ago, Miss Loree Smith, and Mrs. Ruth Alexander, both from Lubbock.

AT THE RITZ

Clint Eastwood tells frontier town housewife Verna Bloom that it will not be necessary for her to defend her honor in the exciting outdoor adventure drama, "High Plains Drifter," showing Wednesday Aug. 8 through Tuesday, August 14 at the Ritz Theatre. In addition to being the star, Eastwood also directed.

Boys Ranch Slates 29th Annual Rodeo

Approximately 10,000 people are expected to celebrate the Labor Day weekend by attending the 29th annual Boys Ranch Rodeo at Cal Farley's Boys Ranch.

Two performances of the rodeo are scheduled at 2:30 p.m. at the Ranch's Rodeo Arena where more than 150 boys will be riding calves, steers, bulls and bucking broncs. All of the 385 boys who make their home at the Ranch will have some part in the rodeo, either as contestants or working in the many behind-the-scenes activities. The older boys will ride professional rodeo stock under R.C.A. rules.

The Rodeo is also a traditional home-coming for those who have graduated from the Ranch and are members of the Boys Ranch Alumni Association. More than 2,500 boys have lived at the Ranch since it was founded by Cal Farley in 1939 and many travel long distances with their families for the rodeo.

An added attraction will be big bar-be-que sandwiches that will be prepared and sold by the boys for only \$1.00. Reserve box seat tickets for \$2.50 are available at the Boys Ranch office, 600 West 11th Street in Amarillo, or can be obtained by writing to Cal Farley's Boys Ranch, P.O. Box 1890, Amarillo, Texas, 79105. General admission is \$1.50 for adults and 75¢ for children.

Screwworms Increase During Late Summer

COLLEGE STATION -- Texas had recorded well over 600 cases of screwworms for 1973 as July drew to a close, and indications are that the year's total will climb rapidly in the next few months.

"The hot summer weather and recent rains have spurred the spread of screwworms in South and Southwest Texas," said Dr. M.D. Meadows, veterinarian-in-charge of screwworm eradication operations at Mission.

"From now until November 1 is considered the crucial time in the screwworm program," Meadows noted. Thus he urged livestock producers and pet owners to be especially alert for screwworm infestation.

About 80 percent of the screwworm cases have been occurring in the southern-most 11 counties of Texas. However, El Paso and Hudspeth Counties in Far West Texas have also recorded cases. In fact, El Paso County has already recorded six cases, more by this time of the year than any other year since the Screwworm Eradication Program began in 1962.

According to Meadows, current eradication efforts involve a two-pronged attack on the vicious flesh-eating livestock pest. Infested herds are being sprayed with a pesticide free of charge. The Texas Animal Health Commission, in cooperation with the USDA's Animal and Plant Health Inspection Service, is conducting this service for all livestock producers who submit a confirmed screwworm sample.

Sterile fly drops are also continuing at the rate of 1,000 to 2,000 flies per square mile each week in areas where cases are confirmed.

"But the spraying and fly drops are only part of the eradication program," pointed out the veterinarian. "We need the cooperation of all livestock producers and pet owners in inspecting and treating infested animals to make the program really effective."

Screwworm sample collection kits are available at any county Extension office and from livestock inspectors and veterinarians. All worm samples should be sent to the Mission Lab, Box 969, Mission, Texas 78572.

Accidents involving the feet and toes account for about one in nine disabling injuries in the U.S.

Five Register At Draft Board

Five young men from the county registered with Selective service during July, according to Bill Hatch of Local Board No. 20.

They were Jacob Ronald Green, Johnnie Ray Perry, Paul Gonzales, Richy Michael Montgomery and Dana Vaughn Bell.

Personal

Mr. and Mrs. Wayne Gulley of Ft. Worth and their guest, Steve Farr of Kailua, Hawaii, were week end visitors of her mother, Mrs. L.D. McMinin, and his sister and brother-in-law, Mr. and Mrs. Dick Sweat. They were en route to Red River, New Mexico, for a few days vacation. From there, Mr. Farr will return home. He is the brother of the Gulleys' son-in-law.

Visiting with Mr. and Mrs. Sid Bell recently were her grandson and family, Patrolman and Mrs. Don Gosnell, Cindy and Bonnie of Cross Plains, and her daughter, Mrs. Virgie Gosnell of Cieso. Another granddaughter also came, Miss Debbie Clark of Tulare, Calif., and her step-mother, Mrs. J.C. Clark of Mineral Wells, along with Mrs. Beulah McGee of Vernon. Mrs. Bell is convalescing from a recent illness.

Mr. and Mrs. Oran Starkey and his sister, Mrs. W.M. Boston, were in Abernathy Sunday to visit another sister, Mrs. J.W. Brooks, who has been ill and is now convalescing at home. They also visited for a short time with the Starkeys' son, Gary Starkey.

Mrs. Margaret Hewett and daughter, Jan, of Oklahoma City visited from Thursday until the week end with their parents, Mr. and Mrs. Guy Bumpas. Jan is a nursing student in Oklahoma City.

R.M. Horn of Panorama City, Calif., visited recently with his parents, Mr. and Mrs. Roy Horn. The two men also
