Man Found Hanged Sunday In Lubbock City Jail

FINAL EDITION

John Willis Hill, 43, Is Dead In Second Attempt At Suicide

Noose Fashioned With Belt And Tied To Top Of Cell; Saved Once By Policemen

John Willis Hill, 43, of 214 Hub Homes, was found dead, hanging in his cell in City jail, at 8:20 p. m. Sunday.

A noose had been fashioned with a belt, the other end of which was tied to the top of a so-called "drunk" cell.

C. E. Lynn, justice of peace, said he would return an inquest verdict of suicide sometime today after talking with several other witnesses.

It was not the victim's initial attempt at self destruction, officials said.

Police informed Lynn that they had "cut down" Hill's body May 3 when it was found hanging in the jail. They said they rushed him to West Texas hospital after Capt. Gilbert Newton had given artificial respiration, then sent him to his home when a physician said the victim needed to "go to bed for a week."

Police alertness at that time was accredited with saving his life.

Hill was arrested at 11:30 a. m. Sunday after being found lying on the grass at the courthouse, official reports showed.

Moreover, police produced arrest cards showing the victim had been handled by that department approximately nine times since 1939, almost always on charges of drunkenness.

It was Sgt. J. T. Alley who cut the man down Sunday night. He also was the one who rescued him on the earlier occasion.

Officials said an inspection—they are conducted regularly in the jail—was made at 7:50 p. m.

The body was found at the next inspection period, 30 minutes later.

The so-called drunk cells have four bunks, a water toilet and a sink and water tap.

One other man was in the cell at the time, but he had been arrested for drunkenness. He paid a fine this morning. Lynn had not talked with him to determine what he saw, if anything.

It was not known definitely where the belt came from. Police said they had statements from other prisoners, testifying that Hill had sought to borrow their belts after being placed in the jail Sunday morning. They said Hill's

North Providence Police Chief Anthony B. Caranci said Henry A. Williams, father of three, calmly admitted in an oral statement he throttled Mrs. Genevieve Singleton early yesterday.

Caranci said Williams would be arraigned in Providence district court today.

The police chief said Williams gave this version of the slaying:

The couple went to a Providence night club and discussed going away together to California. Mrs. Singleton went to the powder room and Williams asked the orchestra leader to play a request number, "One To Ten."

When Mrs. Singleton returned, Williams told her he could predict the next number and got her to wager that if he was right she

Minimum Of 25 To 30 Degrees Expected Here

No Precipitation In South Plains Area Indicated

A cold front passed over Lubbock at 2:03 o'clock this morning, dropping temperature to a minimum of 35 degrees between 5 and 6 o'clock.

A minimum of 25 to 30 degrees was forecast for Tuesday morning by the U. S. Weather bureau station north of Lubbock.

Temperature was only 41 degrees at 1:30 o'clock this afternoon at the weather station, compared to 64 degrees at the same time Sunday.

Colder A Year Ago

Weather station personnel pointed out that Lubbock's 35-degree low temperature this morning was 12 degrees higher than the low of 22 degrees a year ago today. A year ago Sunday, the temperature dropped to 19 degrees.

The forecast of temperature below 30 degrees Tuesday morning was given in expectations that clouds will break up and that heat will escape. Heavy clouds form a "blanket," keeping heat in the weather station pointed out.

Today's cold front had been forecast three days ago.

Snow In Colorado

Some snow fell back of the cold front, but no precipitation was forecast for this area. Snow was falling early this afternoon at La Junta, Alamosa and Trinidad, Colo., and Raton, Santa Fe and Otto in New Mexico, according to information to the weather station here.

Amarillo's temperature fell to the 32-degree freezing point this morning and was only 2 degrees above freezing at 12:30 o'clock this afternoon.

The norther blew southeastward from the slopes of the Rocky mountains, the United Press reported.

In contrast to Lubbock's 35 degrees and Amarillo's 32 degrees, Wichita Falls had a reading of 50 degrees, Abilene had 53 and Dallas had 53 this morning, the cold front not having reached those places yet. At 8:30 o'clock this morning, the front had reached a line extending through Wichita Falls and north of Big Spring. Shortly after noon, it had

Companions Are Injured; All Students In New Orleans Theological Seminary

Miss Zola Mae Elliott, 21, of 1714 Ave. N, June graduate of Texas Technological college, was killed Sunday and four of her companions were injured in a highway collision near New Orleans, the United Press and Associated Press reported from New Orleans.

Miss Elliott was a student in the New Orleans Baptist Theological seminary. She was receiving training to be a missionary.

She was the daughter of Mrs. Callie Elliott of 1714 Ave. N. Other survivors include one brother, Sgt. C. H. Elliott, jr., who is stationed at Walker Air Force base at Roswell, N. M., and one sister, Mrs. Alton Clemmer of Hobbs, N. M.

Miss Elliott was born and reared in Lubbock. Last year, during her senior year at Texas Tech, she was social vice president in the Baptist Student Union council. She was a member of the Calvary Baptist church, where services will be conducted, probably at 2 p. m. Wednesday. Final arrangements are pending arrival of the body, a family member said.

Burial will be in Tech Memorial Park cemetery, under direction of Bryan McDonald & Son Funeral home.

Information from New Orleans quoted state police as saying the accident occurred when a tire blew out on an approaching automobile, which then swerved into the path of the station wagon occupied by the students. The seminary students were en route to nearby Sorrento, La., to conduct religious services.

The injured were listed as Albert H. Hodge, 27, of Kenly, N.

Tax Revision To Face Solons

Hike In Upper Levels Likely

Excess Profits Tax Revival Predicted

(By The Associated Press)

WASHINGTON, Nov. 8 — Rep. Eberharter (D-Pa) said today he looks for President Truman to urge a revision of the 1948 income tax cut.

The idea, said Eberharter, would be to pass more of the savings along to low income groups by boosting the levies for those in the upper brackets.

Eberharter, a member of the tax-framing House ways and means committee, also predicted that Mr. Truman will revive his excess profits tax proposal.

Some Take Dim View

However, some of the President's advisers are known to take a dim view of such a move because of its possible effect on business.

There has been considerable speculation that before Mr. Truman reaches any definite decision on business taxes he may renew his plea to industry to lower prices—and profits.

The President had little to say about an excess profits tax during his campaign. But he took several husky swipes at the income tax cut bill which the 80th Congress wrote into law over his veto.

He called it a "rich man's" bill.

The main features of that measure are (1) a $100 hike in the personal exemption, making it $600

Scramble For Leadership Of GOP In Making

(By The Associated Press)

WASHINGTON, Nov. 8. — A scramble for Republican party leadership—with Harold E. Stassen among those taking part—apparently is in the making as an aftermath of last Tuesday's election.

Despite an assertion by Gov. Thomas E. Dewey that he has no plans to step down as titular GOP head, his second straight defeat for the presidency may leave him little to say about future Republican policies.

These policies largely will be shaped by the Republican minority in Congress.

Congressman Named

There such familiar figures as Senator Arthur H. Vandenberg of Michigan, Senator Robert A. Taft of Ohio, Senator Kenneth Wherry of Nebraska, House Speaker Joseph W. Martin, jr., of Massachussetts and floor leader Charles A. Halleck of Indiana will be in the saddle.

But none of these is a standout now for the Republican presidential nomination in distant 1952.

Instead, some of the Republican politicians who have caught their wind after the surprise drubbing given them by the Democrats are beginning to look outside the formal congressional leadership.

Those catching their eye include men like Stassen, Senators Irving M. Ives of New York, William Knowland of California, Raymond Baldwin of Connecticut, Leverett Saltenstall and Henry Cabot Lodge, jr., of Massachusetts and Homer Ferguson of Michigan. Rep. Clarence Brown of Ohio is mentioned among House members.

Governors Mentioned

Governors who might be regarded now as available for one of the top spots on the ticket four years hence include Alfred E.

Prairie Fire Sweeps Sector In Oklahoma

SEMINOLE, Okla., Nov. 8. (U.P.) —Two hundred volunteers and national guardsmen fought a two-mile-long prairie fire northeast of here today, struggling against a brisk wind that had driven the flames since early yesterday afternoon.

Without water in the rural area of grass and scrub oak, the firefighters battled the blaze with gunny sacks. But the whipping wind made it a tough opponent.

The fire was one of several which struck areas of Oklahoma yesterday, including one southeast of Oklahoma City and another at Bowlegs near here. These two were reported dead or dying early today after burning several sections of grassland.

Battered Body Of Widow Discovered

CHICAGO, Nov. 8. (AP)—The battered body of a 79-year-old widow of a well-to-do retired farmer was found yesterday in her six-room bungalow where she had lived alone.

Police said the woman, Mrs. Mary Wicks, apparently was clubbed to death sometime Saturday night. Her body and fragments of the club with which she probably was beaten were found on the dinning room floor. The house had been ransacked.

CONSPIRACY TO DEFRAUD CHARGED

J. Parnell Thomas Indicted By Jury

(By The Associated Press)

WASHINGTON, Nov. 8.—Rep. J. Parnell Thomas (R-NJ), chairman of the House un-American activities committee, was indicted today on charges of conspiring to pad the payroll of his congressional office.

His former secretary, Miss Helen Campbell, was charged jointly with him by a federal grand jury.

The jury has been investigating published charges of payroll irregularities in Thomas' office. He was called last week to testify but declined to do so.

The indictment accused Thomas and Miss Campbell of conspiring to maintain fictitious employes in Thomas' House office so the salaries paid to these persons could be routed into Thomas' bank account.

The indictment alleged that Miss Campbell's niece, Myra Midkiff, and a maid in Miss Campbell's home, Arnette Minor, were carried on the Thomas office payroll and received monthly checks without actually working for the government.

It was alleged that Miss Midkiff and Miss Minor, upon receiv-

States' Rights Move Against President Truman Is Denied

(By The United Press)

WASHINGTON, Nov. 8.—A leading State's Rights Democrat today denied reports that the party will attempt to lead a general southern move against President Truman in the election college unless he scraps his civil rights program.

Judge Merritt Gibson of Longview, Tex., the party's campaign director, said no member of its executive committee was engaged in any such movement to deprive Mr. Truman of the election.

Two other States' Righters also disclaimed knowledge of it but one of them — Democratic Chairman Gessner T. McCorvey — said it "sounds like a slick idea."

The reported plan was first made public yesterday by radio commentator Charles Parmer over station WEAM in nearby Arlington, Va. He said he had learned of it from a "southern statesman of outstanding integrity."

If Mr. Truman refuses to drop his civil rights program, Parmer said, the State's Righters—who will have 38 votes

China Warned Of Long War Against Reds

NANKING, Nov. 8. — Communist forces striking through the great wall from Manchuria have driven a strong spearhead of 10,000 men into Yutien, 85 miles east of Peiping, Nationalists sources reported today.

Generalissimo Chiang Kai-Shek, taking note of the crisis which threw open all north China to the Communist threat, called on the people to prepare for another eight years of war.

The Nationalist government is determined to fight on against Communism despite the military reverses which lost Manchuria and opened the way for three Communist armies reported marching toward Nanking.

Begin Feeler Attacks

Government reports said Communist units which infiltrated through the great wall had begun feeler attacks in east Hopei province in what may signalize a big battle for north China.

Twenty thousand Communist troops were reported to have reached Funing, 20 miles east of Chingwantgao. Both Funning and Yutien were some score of miles south of the great wall.

Military quarters reported that the Funing thrust appeared to be aimed at cutting the Peiping-Mukden railway and outflanked the Nationalist defenders at Shanhaikwan, the great wall pass. A garrison was holding fast there to keep open an escape corridor for the remnants of the Manchurian nationalists fighting their way south from Chinhsi.

On the central front, Nationalist forces were reported preparing for a big fight to hold the Huschow-Pengpu sector, which forms the northern approach to Nan-

Traffic accidents took 14 lives, three persons died of gunshot wounds, three were fatally burned, one was stabbed to death and another died in a hunting accident.

Two negroes died in Dallas of gunshot wounds. James Mallery of Mineola died on the operating table after he was shot in the abdomen during a dice game. Leon Love of Dallas was shot as he attempted to enter the home of another negro. Suspects were held in both cases.

A Laredo salesman who was shot through the chest at Encinal Friday night died Saturday in a Laredo hospital. He was Macedonio Segovia, 41. A suspect was held.

Larger Cotton Crop Forecast

WASHINGTON, Nov. 8. (U.P.)— The Agriculture department today forecast a 15,166,000-bale cotton crop for this year. This was slightly higher than last month's prediction.

"October weather was nearly ideal in the central belt and generally favorable in other areas," the report said.

The forecast was 87,000 bales or six-tenths of one per cent above the October figure.

Big Return Expected

The crop is expected to bring farmers more than $2,650,000,000, a record return. Farmers got $2,300,000,000 for the 1919 crop, the previous record.

The department predicted the average yield per acre of cotton lint would be 312.1 pounds—also a record. This is two pounds above last month's prediction and compares with 267.3 pounds for 1947 and a 10-year average of 254.2 pounds. The previous record high lint yield was 298.9 pounds for the 1944 crop.

Is Seventh Largest

This year's cotton output is the seventh largest on record. Last year's production was 11,657,000 bales. The average for the previous 10 years was 12,014,000 bales. The 1937 crop was all-time rec-

Evacuation Of Residents Is Ordered

California Gale Whips Brush Fire Into Uncontrolled Blaze

(By The Associated Press)

SANTA ANA, Calif., Nov. 8. Evacuation of all residents from Silverado canyon, an area of some 500 large homes and estates, was ordered today as the Orange county brush fire spread widely, fanned by 50-mile an hour winds.

Four buses and several large trucks were sent from El Toro Marine base to remove persons from the area.

The state division of forestry, reporting the situation as the "most serious yet," said hundreds of professional and volunteer firefighters were on the lines.

The blaze had been centered in Black Star canyon, but the gale-like winds whipped it out of control toward Silverado and Modjeska canyons, where wealthy Santa Ana businessmen maintain large homes. Some 100 homes are in Modjeska canyon.

As flames roared to the mouth of Silverado, the marine vehicles removed some 75 families and others fled in automobiles, loading their trailers with valuables, sheriff's

Mary Haworth's Mail . . .

In Hospital Miles From Home, Tuberculous Patient Is So Homesick He Can't Rest

DEAR MARY HAWORTH: I am a tuberculuos patient hospitalized in a sanitorium that is located about one hundred miles from my wife and children; and in order to get well I must have plenty of rest while in the hospital, and take it easy for a year or two after I get back on my feet.

My problem is that I am so much in love with my wife and so devoted to my children that I can't rest because I miss them so much, and this is doing me a lot of harm. It wasn't so bad when I first entered the sanitorium, but I am getting worse every day. Can you explain this reaction?

Judy cannot afford to make the trip here every week, so she comes once or twice a month; and I just can't go that long without seeing her. On the other hand, I cannot ask her to move nearby, as she has just started office work back home—her first venture at wage-earning.

FEELS HE'D THRIVE IF WIFE WERE NEAR

AFTER she learns the routine of office work, she will have training and experience to qualify her for a good job anywhere, and we are going to need that when I am released from the sanitorium, because as I've said, I won't be able to work for an other year or two.

There is another sanitorium nearer home that I didn't know about when I came here. Would I be doing right to press for a transfer back there? Maybe I wouldn't get the transfer; but should I try? If I were there, Judy could visit me three or four times a week; and if I were near her, I could rest and relax as I should.

At present Judy is living with friends of hers and we are boarding the children out in a boarding home; and although I trust Judy and know she has good morals and good judgment, I just can't stop thinking about her. I don't want to lose grip on myself; so please advise me what to do.

Signed: E. D.

MAN SHOULD REPORT ANXIETY TO DOCTOR

DEAR E. D.: It is to be hoped that the sanitorium is adequately staffed to treat the patients' neurotic anxieties along with their tuberculous infections, because in many—or perhaps the majority—of cases, the two afflictions go hand-in-hand. And from what I glean of advanced diagnostic comment on the subject, there is evidence to indicate that chronic neurotic "fear of the worst" tends to predispose the constitution to tuberculous illness.

So here are my advices: 1, Have the good sense to discuss your doldrums about separation from wife and children with a staff doctor, nurse or any other medical attache on the premises who is responsive and intelligent, for the purpose (a) of explaining why you can't rest, and (b) learning whether there is a phychiatrist or psychiatric social worker available to explore the problem with you, get to the bottom of it and help you decide what action to take, if any seems necessary after you've talked things out.

2. If the hospital staff cold-shoulders your petition for psychiatric service on the spot, to which you are entitled in your quest for full health, then do a self-help job of stocktaking on yourself this very day, as follows:

WORRIES FROM HABIT SO SLEEP ON THAT

3. Switch your thoughts from their one-track groove of worry about being "the forgotten man" in Judy's life, and go back over the past, year by year, to recollect the things you formerly worried about. See if it's true—as I think it is—that you've always been more or less afraid of life, in the sense of expecting loss, disappointment, betrayal, a run of bad luck. See if this pessimist streak has always been there, issuing from a miserably hard or unhappy childhood, maybe.

If such is the case, then realize that you're not so much worried by separation from Judy as you are worrying from habit. Having grasped that fact, go to sleep, resolved to work more on the problem later.

4. Have Judy bring you on her next visit a copy of Joshua Loth Liebman's "Peace of Mind" (Simon & Schuster, publishers), also Emmet Fox's "Make Your Life Worthwhile" (Harper & Brothers, publishers), and after studying these books for several days, if you still want to press for a transfer, by all means do so. It may come through or it may not; but if it doesn't you'll be much better able to "grin and bear it."—M. H.

November building permits totaling $90,325 have pushed the Lubbock building permit total to $12,099,204, nearly a million dollars over the 1947 total, figures at the office of Lloyd Ross, city building inspector, revealed this morning.

Rule Changes Made In WT-NM League

Between . . . The Lines

— By JOE KELLY —

Having scathingly given off with reflections upon the student body at Texas Tech a week ago today, he hasten to comment favorably upon their deportment at Saturday's gridiron encounter. It was exemplary. In fact, there was a good bit of well-earned cheers for Ernest Hawkins when that young man left the game. We hope it sounded as pleasant to his ears as it did ours. There wasn't much more he could have done during the time he was in the game.

• • •

He was calling the signals when Cal Steveson scored Tech's first touchdown. He made the pitchout that shook Charley Reynolds loose around end for the second touchdown. He was calling the signals when Glenn Lewis, behind beautiful blocking, went 88 yards to score. He made four yards on a sneak, made a first down when apparently trapped on a pass attempt, and passed to Elbert Johnson for a first down on the two, which set up the fourth touchdown.

• • •

Later, in the second quarter when Mines was marching down the field and had reached Tech's 39, Hawkins intercepted a pass on the 16 to prevent one possible touchdown. He also ran it back 18 yards, although no great runner. Later in the same quarter, when the Orediggers reached the Tech 12, to be thrown back to the 18 by Bobby Williams, Hawkins took another pass on the Raider four and raced it back to the Raider 49. Still later he set up the fifth touchdown with a pass to Bill Kelley. All in all, he did the same thing Saturday he did against Rice, only the opposition was somewhat weaker.

• • •

Tech's offensive machine was well-oiled Saturday and the backs had a field day. Most of the yardage rolled up came on long runs and the Raiders wound up with 339 yards on the ground for one of their best days of the year. Add to that 116 yards through the air on seven competions and you have 455 yards for the day. Texas Mines, with the best ground game, next to Army, rolled up a total of 273 yards through the air and on the ground. And the Raiders, with eight kickoffs and one punt, held the miners to 71 yards on returns. On the other hand, Tech took two kickoffs and five punts, turning them into 155 yards.

• • •

Our good friend Chuck Whitlock of El Paso and The Times didn't cry crocodile tears over the defeat, although it left him a little stunned. He was the first to admit that the touchdowns came against the Mine first stringers and he was amazed at the blocking. He also said that if Mines was going to lose to anyone, he was glad it was Tech. In all honesty, we must admit that Chuck told us Friday that the Mines squad came up here with a defeatiest complex. We thought it was malarkey and told him so, but he stuck by his guns. He pointed out that the loss of Ray Evans at tackle had hurt and the players let his loss get them down.

• • •

Not all was happiness with us Saturday, though. We wanted to see Baylor win, simply because they have gone so long without a SWC pennant. We didn't think that they had a chance to beat SMU this year, but we thought that they might slide by Texas. And we were glad to see Rice beat Arkansas so decisively. Looks as though the Owls were doing the same thing this year they did last; rallying from a dismal start and finishing strong. And the Aggies definitely surprised us with their strong showing against SMU.

• • •

There were all manner of upsets Saturday, not the least of which was Arizona's defeat of New Mexico, Oklahoma's smashing victory over Missouri, William and Mary's tie with North Carolina and many more. It was an-

The maximum number of veterans permitted on each team was raised from five to six and the minimum number of rookies was lowered from four to two yesterday at the annual fall meeting of the West Texas-New Mexico Baseball League held in the Hilton Hotel.

Milton E. Price of Dallas, was re-elected unanimously to the presidency and H. G. Fausett of Albuquerque and R. L. Edmondson of Pampa were re-elected unanimously to serve as vice presidents.

Season Opens April 20

The season's tentative opening date was set at April 20, with the closing date Sept. 5, when a doubleheader will be played.

Selection of the site of the all-star game was changed yesterday, with members voting to award the contest to the team in first place at the mathematical half-way point in the race. In case of a tie, the game will be played in the city of the team that first has undisputed possession of first place after that date.

In addition to being allowed to carry 19 players for the first 15 days of the season without penalty, the league yesterday voted to allow any team to hire not more than two rookies for the final 15 days of the season. This would bring the player list to 18 players during the final 15 days.

Salary Limit Rule

The league voted that the salary limit would not apply to players carried above 16 during the first and last 15 days of the season.

The Wilson baseball was accepted for two years as the official league ball, providing it meets specifications of the National Association of Professional Baseball Leagues. It also was voted that the home team should supply the visiting team with a dozen batting practice balls for each scheduled day of the year.

Tentative opening season pairings were made, with two schedules under consideration. One would pair Lubbock at Amarillo, Albuquerque at Borger, Clovis at Pampa and Abilene at Lamesa. The other opening season schedule, on a two-game home and home basis, would pair Lubbock and Amarillo, Lamesa and Abilene, Pampa and Borger and Albuquerque and Clovis.

No Franchise Changes

There were no franchise changes in the league, but several new ownership changes were announced. Most startling was revelation that H. V. Young, Abilene, and three associates will buy the Abilene Baseball club—providing they can secure contract release of Hayden "Stubby" Greer. Greer, a brilliant infielder for the Blue Sox two years ago, last year was with Mobile of the Southern Association and has had his contract assigned to Newport News, Va., of the Piedmont League.

Edmondson announced publicly, for the first time, that his son, R. L. Edmondson, Jr., was a partner in the Oiler management.

H. A. Duke has been elected president of the Lamesa Baseball club, with Dr. Sam Fraser as vice president and Travis Tartar as secretary-treasurer. Dan Y. Davis, former owner, has sold to this group and moved to Seminole.

El Pasoan Buys Clovis

W. T. Tuley of El Paso has bought the Clovis, N. M., franchise and will serve as business manager of the Pioneers. The Clovis Sports Association retains controlling interest in the club and has specified that the franchise cannot be moved.

Dr. Marshall Dikes is the new president of the Borger Baseball club, with D. M. Specter as vice president.

And Bob Seeds of the Amarillo Baseball club announced that Buck Fausett, manager of the Gold Sox last year, had bought 48 percent of the stock.

Conditions of the eight franchises were discussed, with each management indicating that they were making extensive improvements to diamonds and physical properties in the parks.

Carlsbad, N. M., indicated that they would like to be considered first in line should a vacant franchise ever appear in the WT-NM loop.

Price announced that the league, financially, was in good shape, although drawing to about 8,000 to 9,000 less fans this year than in 1947. He said that 600,011 fans saw regular season games, 59,844 fans attended playoff games and an additional 8,289 fans saw three Little Dixie series games. Thus, a grand total of 668,144 paying fans saw the WT-NM loop in action in 1948.

Present for the meeting were the following: Abilene, Howard Green, Young, Greer, Collier Parrish; Albuquerque, H. G. Fausett; Amarillo, Seeds, Fausett, Harry Gilstrap; Borger, Eddie Carnett, Larry Gilchrist, Dr. Dikes, Miss Lee Specter, Specter; Clovis, J. Harvey Wilson, Tuley, Jim Rollas; Lamesa, Duke, Dr. R. F. Nix, Lawrence Spencer, Walter Buckel, Stan Grzywacz, Tarter, Dutch Luenberger; Lubbock, Mrs. Sam Rosenthal, George Schepps, Jackie Sullivan, Royce Mills, Bob Clodfelter, Sylvan Skibell, Ray McNally, John Smith, C. W. Ratliff, Judge W. D. Girand; and Pampa, Edmondson, Edmondson, Jr. Also present was Lefty Craig, umpire supervisor for the league.

Schoolboys In Title Clashes

By HAROLD V. RATLIFF
Associated Press Sports Writer

Half the 18 districts of Texas schoolboy football have undisputed leaders as the campaign rolls through its final three weeks.

Four championships go on the line this week, two of them offering rugged tests for teams undefeated and untied over the full season route.

As the battle for play-off spots turns down the stretch, these districts have undisputed leaders:

City conference—1, Woodrow Wilson (Dallas); 3, Lamar (Houston); 4, Thomas Jefferson (San Antonio). In district 2, Paschal and Arlington Heights, both Fort Worth teams, are tied for the top.

Amarillo, Pampa Tied

Class AA—2, Wichita Falls; 3, Odessa; 6, Highland Park (Dallas); 11, Port Arthur; 13, Austin; 14, Alice. In district 1 Amarillo and Pampa are tied for the lead, in district 4 Bowie (El Paso) and Austin (El Paso) share the lead, in district 7, Breckenridge and Brownwood are tied for the top, in district 8, Henderson and Texarkana are tied for the lead, in district 9, Temple and Waco share the lead, in district 10 Conroe and Palestine are tied for the lead and in district 12 Baytown and Galveston share the lead. There is a four-way tie for the top rung in district 5 among Denison, Greenville, Paris and Sherman.

This week finds Amarillo playing Pampa, Austin meeting Bowie, Breckenridge engaging Brownwood and Henderson taking on Texarkana.

In district 5 two of the leaders get together as Denison battles Greenville.

The defeat of Alamo Heights in district 4 of the City conference was the major surprise of last week's play. Alamo Heights had beaten Brackenridge, the favorite, and had been regarded in most quarters as the most likely state champion. Jefferson trimmed the Mules 20-15.

The list of undefeated, untied teams in the state was cut to four as Sweetwater fell before Odessa 28-12. This result incidentally apparently handed the district 3 class AA championship to Odessa.

Unbeaten and untied now are Port Arthur, Waco, Henderson and Amarillo. Undefeated but tied are Baytown, Milby (Houston), Alice, Lamar (Houston) and Arlington Heights (Fort Worth).

Quarterback Club To Meet Tonight

A large crowd is expected in the main ballroom of the Hilton Hotel at 8 tonight, when Lubbock's three coaches talk over their weekend football games with members of the Quarterback club.

Coach Dell Morgan of Texas Tech, whose Red Raiders rolled over Texas Mines 46 to 6, will relate highlights of the fifth victory of the year. Coach C. R. "Pat" Pattison of Lubbock High school will explain factors in the Westerners defeat by Pampa 26 to 19. And Coach Damon Hill of Dunbar High school will chortle over the Panthers' 12-0 victory over Abilene.

Also on the menu will be awarding of the prizes to winners in the club's football prediction contest.

And pictures of the Rice-Texas Tech game will bring the meeting to a close.

Grid Teams Hit By Upset Tidal Wave

By JOHN GRIFFIN
United Press Sports Writer

NEW YORK, Nov. 8. — With their teeth still rattling from a bombardment of upsets during the weekend, the five remaining candidates for the national football championship were looking forward today to more woe next Saturday.

A tidal wave of surprises without parallel this season swamped the ranks of the hopeful and, when the flood had receded, only Army, Notre Dame, Michigan, California, and Clemson were left high and dry.

Cichigan Faces Easy Go

Of the five only Michigan, a 35-0 winner of Navy, can expect easy going again this week when it meets Indiana, one of the weaker Big Nine teams. On the other hand, Notre Dame, which trounced Indiana, 42-6, faces what may be its toughest game of the year in Northwestern, the team likely to play in the Rose Bowl.

Army, which breezed over Stanford, 43-0, will meet Pennsylvania, the major upset victim of the past weekend when it fell out of the unbeaten ranks at the hands of Penn State, 13-0. California, with a 4-0 record in the Pacific coast conference after slugging U. C. L. A., 28 to 13, takes on Washington State, owner of a 4-2-1 record.

Clemson places its Southern conference hopes on the line when it tries to follow up a 41 to 0 win over Furman by beating Wake Forest. But Wake Forest figures to be tough off its 4-1 record in the conference.

Other Leading Games

In other leading games around the country next Saturday:

In the Ivy league: While pacemaking Penn is out playing Army, Cornell (3-0) and Dartmouth (3-1) meet in the headline clash, with Yale — Princeton an interesting sidelight having less bearing on the loop standings.

In the Southeastern conference: Georgia, unbeaten in conference competition after a 20 to 12 win over Florida, will be heavily favored over Auburn, which has lost five, won none in the league. Georgia Tech, bounced from the lead when it was upset by Tennessee, 13 to 6, will attempt to get back on the victory trial against Alabama, which has won only one of five loop games.

Mississippi, which owns a 4-1 record like Georgia's Tech's, will meet the same tartar in Tennessee. Tulane, also 4-1 will be out of the league against Baylor.

In the Big Nine: Michigan and Indiana the big clash of the day, of course, while Northwestern hopes for prestige in its outside game against Notre Dame. Another leading intra-conference tilt sends Minnesota, with a 3-2 record and still hopeful of sneaking in as the Rose bowl representative, against Iowa, with a 2-3 record. Also on the bill is the less crucial, but important, Illinois-Ohio State battle.

In the Big Six: Utah, unbeaten in four games in the conference, will be outside for a game with Oregon State. Colorado A. and M. (3-1) will meet Brigham Young (0-2) and Utah State (2-1) faces Denver (0-2) in leading loop games.

In the Big Seven: League-leading Kansas, unbeaten in three conference games, seemingly had little to fear in Kansas state, a five-time loser. Oklahoma, also unbeaten in three loop games, meets Nebraska (2-2), while Missouri, victim of a horrendous 41-7 upset at the hands of Oklahoma, will try a comeback against Colorado.

SMU Is Favored

In the Southwest conference: Southern Methodist sends Doak Walker against Arkansas and figured to stay unbeaten in the loop. While Baylor plays outside Tulane, the loop's next best was Texas (3-1) against Texas Christian (1-2).

In the Pacific coast conference: Oregon, unbeaten in five loop games and rivalling California for the Rose Bowl bid, meets U. C. L. A. a sidelight is Southern California (2-2) against Washington (1-4).

In other leading games. Penn State will meet Temple and Navy seeks it first win against Columbia.

Lightweight Champ Will Battle Texan

PHILADELPHIA, Nov. 8 (AP)—Champion Ike Williams gives Buddy Garcia a fighting chance tonight to qualify for a lightweight title fight.

The obliging Trenton, N. J., belter who defends his laurels at the scratch of a pen takes on the pellmell and persistent Garcia in a 10-round over-the-weight contest that promises to fill the arena to capacity. Garcia, of Galveston, Tex., is pledged to scale above the 135-pound title weight and less than 140 for the most ambitious test of his ring career.

Williams' appearance here will be his first since he blasted Beau Jack at Shibe park July 12. Since that fight he turned aside a title bid by Jesse Flores at Yankee stadium, New York, on Sept. 23.

Garcia earned his bid for tonight's encounter with the champion by thrashing Jimmy Collins here on Oct. 4.

Tech Heading For Loop Flag

Texas Tech's Red Raiders laid claim to an open path in the race for the Border Conference football crown with a 46-6 victory over Texas Mines to remain the only undefeated, untied team in loop play after Saturday's contests.

The defending conference champions put on one of their most impressive shows of the year in tripping a highly regarded Orediggers eleven. They took advantage of an early break with less than three minutes of the first quarter gone to get their first touchdown, then rolled to six more before the game ended.

Arizona Closest Rival

Their closest competitor for Border loop honors now is Arizona university, which turned back New Mexico university at Albuquerque Saturday 14-6. The Wildcats have been defeated only by Tech and have victories over Arizona State of Tempe and Hardin-Simmons.

Tempe climed to third in the conference race with a 52-7 route of New Mexico A. and M., a helplessly outclassed eleven. Tempe claims two victories in the regular season, the same as Mines, but Mines, which dropped to fourth, has one tie on the record.

West Texas State Teachers college was idle over the weekend, but Hardin-Simmons upheld conference honors with a 34-21 victory over Oklahoma City university and no score was available on the Arizona State of Flagstaff-LaVerne, Calif., game.

To Be Idle This Week

Tech, the league-leader, is idle this week, but two conference clashes will draw more than the usual amount of attention. Arizona draws Texas Mines in one of the top games and West Texas has a meeting with Hardin-Simmons.

In games out of the conference, four teams appear to be in fair shape to get trimmed. New Mexico A. and M. challenges Fort Hays of Kansas, New Mexico challenges Drake university, Flagstaff has a date with Pepperdine and Tempe takes on Loyola.

Cleveland Browns Face Crucial Tilts

NEW YORK, Nov. 8 (AP) — The Cleveland Browns spent the past two Novembers primping for the All America football conference's championship game. But this month finds the Browns preparing for two clashes against the upstart San Francisco 49ers with the western division title at stake.

The first of these two crucial games is slated for Cleveland's lakefront stadium Sunday. The second of the do-or-die clashes is scheduled for the 49ers' home gridiron two weeks after the Cleveland meeting.

Both of these powers tuned up for their important battle next week with triumphs yesterday. The Browns dumped the Baltimore Colts, 28-7. The 49ers trounced the Chicago Rockets, 44-21, to stay a half game in front of the Browns.

The Buffalo Bills tamed the Brooklyn Dodgers, 26-21. In the other conference game, the New York Yankees humbled the Los Angeles Dons, 38-6.

Meanwhile, the Chicago Cardinals and the Chicago Bears, powers in the rival National league, remained tied for top honors in the circuit's western division.

Cards Stomp Lions

The Cards, defending champs, stomped the Detroit Lions, 56-20. The Bears turned back the Los Angeles Rams, 21-6.

Philadelphia's red hot Eagles crushed the New York Giants, 35-14, to maintain their half game edge over the Washington Redskins in the eastern chase. The Skins, led by Sammy Baugh, tamed the lowly Boston Yanks, 23-7.

The Pittsburgh Steelers stunned the Green Bay Packers, 38-7.

Hanover Grid Star Nation's Top Scorer

NEW YORK, Nov. 8 (AP)—Hank Treesh of Hanover (Ind.) college, one of the top offensive football stars among small schools, now leads the nation's college scorers with 102 points.

He scored three touchdowns Saturday as Hanover whipped Indiana Central, 40-12. This gave him a three point edge over Dan Towler of Washington and Jefferson, who had been leading the scoring parade. Treesh has scored 17 touchdowns in seven games.

Fred Wendt of Texas Mines in the Border conference is third with 86, one point ahead of Lawrence Orr of Adams State college of Colorado.

Lou Kusserow of Columbia picked up a pair of touchdowns, one of them on a 103-yard run, to boost his total to 84 points. Doak Walker, the Southern Methodist star, moved even with Kusserow with a pair of touchdowns and a couple of points after them.

Information While You Wait: There are 15 different kinds of rain—all of them wet!

* * *

MOST of us have had great fun ever since last Wednesday morning, slowing Doc Gallup down to a walk, calling Archibald Crossley "Archibald Crossed-up," and consigning them and radio's huffers and puffers to the staff of the defunct Literary Digest.

In fact, the nation owes the pollsters, the "I Predict" newspaper columnists and the radio know-all boys a big debt of gratitude for furnishing us with so many laughs and an opportunity to blow off so much good-natured steam.

But in ragging the wise-acres let us not forget that they were not alone in confidently expecting an easy win for the Dewey-Warren ticket.

Just as confident that Truman couldn't get to first base were the deep thinkers of the Democratic party, itself; the guys who were supposed to know more than anyone else about how much support the party and Mr. Truman could ecmmand the nation over.

* * *

There were more indications of Democratic high command defeatism than a man could count between now and doomsday, not the least of which was the care with which most party big-wigs stayed away from the stumps and the microphones.

But the chief, undeniable proof that the Democratic high command, itself, expected Mr. Truman to take a terrible trimming was the nomination of Senator Barkley as the President's running-mate.

* * *

WHEN Mr. Roosevelt died in 1945, everybody in the country—and especially the big bosses of the two parties—told themselves and each other it is very important that the Vice Presidential candidate on every ticket be a strong, active, able administrator, around whom the nation could rally in case of the death of the Chief Executive.

This point has been discussed countless times, around country stores in smoke-filled rooms, over the past three years.

But when the Democrats gathered in Philadelphia, what did they do?

They nominated Senator Barkley largely because no younger, more active party big-wig wanted the nomination and the ticket had to have two men on it.

The Kentuckian's rip-roaring keynote speech — which was a gem of campaign spell-binding of the oldfashioned school—put him squarely in the convention limelight and he got the nod simply because he was standing where lightning struck.

* * *

Senator Barkley is a very loveable gentleman, a fine story teller and the possessor of a long and honorable career as a politician.

A great war-horse for Democratic liberalism, he carried tremendous burdens as Senate Majority Leader under the Roosevelt administrations. He deserves the acclaim of all partisan Democrats.

His service to the liberal wing of the party has been both generous and valuable.

Yet not even the most partisan New Dealer can defend the senator's election to the Vice Presidency as a wise move.

Senator Barkley simply is too old to be a good choice for the Vice Presidency, which should be held by a much younger, more active man in case death again strikes at the White House.

* * *

SENATOR BARKLEY was 71 years old this very month. That means he will be 75 before he finishes his term—which further means that Mr. Truman's unexpected death could catapult into the man-killing job of the Presidency a man considerably past his prime.

That would not be good. It wouldn't be good for Senator Barkley, or for the country.

Just because a man has reached his seventies is no reason for suspecting that he is in his dotage, or for arguing that he should be relegated to an arm-chair before the fire.

But the task of presiding over the Senate, of attending countless social and political functions, of thinking and planning moves both political ad governmental is a severe one—especially after long years of the hurly-burly of public life.

So let us not forget that the pollsters, the columnists and the commentators weren't by themselves in missing the national political boat this year.

The McGraths, the Hagues, the Arveys and all the rest of the Democratic party's "think boys" were just as far off base. And a lot of young hopefuls of the party must be kicking themselves these days for not contesting for the No. 2 job from which they fled in a gulf of defeatism at Philadelphia!

* * *

Sudden Thought: Sometimes it pays to be ignorant. For knowing what a glockenspiel was, a contestant in a radio give-away program the other night was given one of the darn things!

(P. S.: We don't know what one is, either.)

* * *

SOME old fuddy-duddies very likely will describe as "silly, disgraceful and illegal" some college boy monkey-business down at Houston the other day, but for our part we welcome this sign of return to healthy rivalry to American campuses.

It seems that some Sam Houston Teachers college kids "raided" the University of Houston campus at night, prior to a football game between teams of the two schools, and were "captured" and caged — with their heads shaved — as a result.

But it our book, it was all good, clean fun and the youngsters thus disporting themselves were acting more sensibly than they otherwise might have been.

* * *

In recent years, too many college kids — prodded by left-wingers—have spent too much time trying to tell school officials how to run the colleges and too little time in having youthful merriment.

We think it is a good sign that campus cut-ups have gone back to horse-play, instead of organizing picket lines to "defend" radical professors from justified discipline, or to give synthetic support to a political campaign of some rag-a-tag organization.

Let the kids blow off steam trying prematurely to light the rival school's bonfires, giving three rousing cheers for the team, etc.

That's much better than encouraging them to sop up a lot of half-baked political, social and economic ideas springing from Moscow.

NEWS NOTE on the Opening of the 1948 Deer Season in Texas, and the Exodus of So Many of Our Strong, Silent Men of the Great-Out-Of-Doors:

They say that in Alpine last night a long, lean, bowlegged, blue-jeanned cowboy clumped into a cafe and, with a heavy sigh, climbed onto a stool.

The cafe man slapped a glass of water on the counter and, noticing that his customer had both hands bandaged, inquired:

"What did-ja do to yore han's, Buck?"

"Wal," drawled Buck, in answer, "it was this-a-way. Thuh ranch where I'm a-workin' is all deerleased to a herd uh them Lubbock dudes and I've had to rope so many bucks and tie em to thuh corral fence so's they'd be ready fur thuh hunters, that I plumb wore blisters on both uh my han's."

BY DREW PEARSON: EVERYONE WAS AGAINST TRUMAN—EXCEPT THE PEOPLE

HST's Victory Greater Than Any Of Roosevelt's

WASHINGTON—My wife has been making things quite difficult for me ever since election day.

She talks about "that cute little Harry" and won't let me forget that I predicted he would not be re-elected.

PEARSON

"Such a nice little man," she says, "and he got no help from anyone. The liberals were against him, the conservatives were against him. Everybody was against him — but the people."

I have reminded her that at least I predicted a Democratic Senate and that I reaped a harvest of squawks and jeers even for doing that. But she isn't satisfied.

"No, you can't alibi," she says. "I know you too well. That poor little man fighting all alone, and you discouraged him by predicting he would lose. Such a nice man, I just love him."

"Listen," say I gruffly. "Mrs. Truman isn't going to like hearing you say that about her husband. And I don't either. Love and politics don't mix."

"This wasn't politics," replies Mrs. P. "This was a lot bigger. This was bigger than any victory Roosevelt ever won, because Roosevelt never had Wallace and the Dixiecrats running against him. I want you to tell everyone what a really great victory this was."

"They don't need me to tell 'em," I argue back. "They know it. Besides I tried to call the shots all during the campaign. I said a lot of nice things about the President. I was about the only one who defended his idea of sending Chief Justice Vinson to Moscow. I compared his courageous war record with Dewey's farm draft deferment. I told about his devout desire for peace and his reluctance to drop the atomic bomb. I defended him on a whole raft of things. But . . ."

"Yes, I know your alibi," says the wife, not even willing to let me finish what I was going to say. "The Republican editors cut all the nice things you said out of the column. So what? Then say them on the radio where you aren't censored.

"I want you to come out on the radio," she demands, "and give Harry a great big hand. You're chairman of 'be kind to pussy week'—why don't you start a 'be kind to Harry week'?"

"Incidentally, youre always going in for Democracy contests and slogans," continues Mrs. P., who is now really steamed up. "I'll give you a slogan free. You won't have to pay me $20,000 in prizes. Here it is: 'Don't Hamper Harry, Help Him.'"

Message To Truman

Well, that ended that. However, Mrs. P., who has good sense about most things (except pigs), hit the nail right on the head.

It was a great victory, in a sense greater than Roosevelts victories because Truman fought it singlehanded, with a divided party, and with an extra quota of nonpaying deadheads dragging their feet on his bandwagon.

So, to the President of the United States I would like to say:

"Although I was wrong in predicting your defeat, I am glad I was wrong. And after that grand fight you put up, and regardless of any names you may have called me, I don't know anyone I would rather eat humble pie for than a good sport and a great battler like you.

"You, Mr. President, now have your own mandate from the people. You won it entirely on your own. You need feel no inferiority complex that you were a political accident who came into office through another man's choice.

"Nor need you feel any obligation to some of the cabinet Judases who buttered you up to your face, while making deals with the enemy behind your back; nor to others in your official family who don't pull their full weight on the oar. The people will applaud if you get rid of them; if you banish entirely all government-by-cronies.

"The nation is expecting big things of you, Mr. President—big things in extremely trying times.

"For my part I would much rather write the good than the bad. And though I know you believe in fair criticism. I for one would like to urge that we work, strive, give as a united nation and 'help Harry, not hamper him' to make Democracy live."

* * *

FLUSHED friends of Harry Truman were talking with him at Independence, Mo., regarding the chief factor behind his victory. He said it was hard work. "I grew up on a farm where you have to work for what you get," remarked the President . . . While Truman's campaigning undoubtedly won him votes, Wallace's didn't. Here are the tell-tale figures: Of Wallace's 986,771 votes, 844,189 came from eight states. The rest of the country where he gathered crowds just didn't vote for him. In other words, 40 states were not affected by his trips or his radio broadcasts . . . The only three cabinet members who really worked for the re-election of their chief were Attorney General Tom Clark, Secretary of Agriculture Charlie Brannan and Secretary of Labor Maurice Tobin. They rolled up their sleeves . . . New Speaker Sam Rayburn has grave doubts as to whether the new Congress will tolerate Congressman J. "Kickback" Thomas, regardless of whether he is convicted for taking salary kickbacks from clerks and stenographers . . . Republican Governor Kim Sigler of Michigan was defeated by a young protege of Justice Frank Murphy—Menhen Williams. Williams, whose grandfather founded the Williams soap and Mennen's baby-powder business, came to Washington as aide to Murphy when he was attorney general . . . Watch Williams. You can figure on Williams challenging the seat of Senator Homer Ferguson the next time around . . . The man who swung last-minute votes against Sigler was Mayor George Welch of Grand Rapids, president of the mayors conference of America. He whaled thousands of votes away from Sigler by telling Michiganders how Sigler knifed the plan to rebate part of the sales tax to Michigan schools and cities . . . Shrewdest move Truman made in the entire campaign was reconvening the 80th Congress right after the Philadelphia convention in July. When the Republicans adjourned without acting on inflation, price control, housing or teachers' pay, etc., it clinched more votes than any other campaign issues . . . It was Col. Jake Arvey, Democratic boss of Chicago, vigorous opponent of Truman's nomination at Philadelphia, who got out the biggest crowd for him of the entire campaign.

"He's Still A Little Incoherent"

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

"AMERICAN men don't treat a lady like she is one," complained a British actress, in summing up her reasons for returning to England to make movies instead of working in Hollywood.

There's probably some justice in her charge. But American men aren't entirely to blame.

MILLETT

Being a lady has just about gone out of style. To be sure, there are still plenty of ladies. But they try to keep the fact quiet. They'd rather look glamorous than lady-like. They'd rather earn a reputation for wit or sophistication than be described as "perfect ladies."

And they'd start worrying about their attractiveness if no man ever made a pass at them.

* * *

NO WONDER

So no wonder American men "don't treat a lady like she is one." Until they've tried her out, they usually don't know whether she's a lady or not.

Under those conditions it is easier for American men to just assume that a lady isn't a lady until she proves herself to be one.

That puts the burden of proof squarely on the women. American women don't mind particularly. They know how to play the game.

And if the English actress had stayed in America a little longer, she, too, would undoubtedly have acquired the technique that enables a woman to be a lady without playing it up and to put a skeptical man in his place without causing any particular resentment.

"Try And Stop Me"

STEWART HOLBROOK was lecturing to a group of prim clubwomen in a conservative New England town. He was talking about the sparsely settled stretches of the Northwest and, by way of a joke, remarked, "This might be a good region for some of you ladies to explore; I understand that the men out there outnumber the women four to one."

One lady in the audience obviously resented this pleasantry. She banged her 1892 model chapeau firmly over her left eye, seized her parasol, and ostentatiously stamped out of the hall. Holbrook recovered the full sympathy of the audience by calling after her, "Keep your shirt on, lady. Those men will still be there tomorrow."

"THE HIT DOG HOWLS"

No evidence could be more convincing as to the effectiveness of American aid to Western Europe than the recent attacks of Soviet satellites upon the plan. Their latest outbursts have charged that relief is being used as a weapon against Eastern Europe.

In one sense, the charge is correct.

Relief is intended as a weapon, but not for aggression.

One of its important purposes is to strengthen European recipients of aid in their ability to resist assaults which might come from Russia, or any other totalitarian nation. Aid is a weapon for defense, but not for attack.

Apparently the program already has achieved a considerable measure of success in this purpose. Otherwise the stooges of the one nation, Russia, which boasts of its ambitions to dominate the world, would not be squawling now.

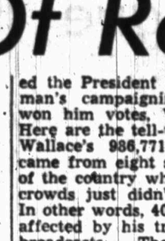

Their bleat has the sound of a fury which results from frustration of ambitious plans.

BY MARQUIS CHILDS

Election Shows How GOP Is Far Removed From Realities

WASHINGTON—We were wrong all of us, completely and entirely, the commentators, the political editors, the politicians—except for Harry S. Truman. And no one believed him.

The fatal flaw was reliance on the public opinion polls. No amount of rationalization ever can explain away this mistake by Gallup, Roper & Co. It is nearly as complete and disastrous as the fiasco of 1936 when the Literary Digest poll predicted the election of Alf Landon over Franklin D. Roosevelt.

CHILDS

The only person I know of in the so-called expert class who came close to predicting the outcome—besides President Truman — was Jack Kroll, director of the CIO's political action committee. He was saying, privately at least, that the election would be so close it would be thrown into the House of Representatives.

Similarly in Michigan, where the "political experts" were predicting an overwhelming Dewey sweep, key individuals in the United Auto Workers union were aware of a groundswell that might bring a result entirely different from the one so widely predicted. The quiet, intensive work of CIO and A. F. of L. had as much to do with the outcome as any external factor.

* * *

One Real Reason

But in spite of the flood of rationalization there is only one real reason—Truman. He did it almost singlehandedly with an endurance and a persistence rarely matched in American politics.

A few assistants do, however, deserve special commendation. One is Under Secretary of Interior Oscar L. Chapman. Chapman was far and away the ablest lieutenant in the strategy field.

During the weeks when the fight seemed so hopeless, he was advance man for the Truman road show. His tireless work with politicians and labor leaders at the grass roots had not a little to do with the huge and friendly crowds that turned out to listen to the President everywhere.

Chapman, a new dealer of integrity and conviction who remained loyal to his party in adversity, has proved himself one of the most astute and knowledgeable politicians in the country. But even Chapman, sitting close to the flow of intelligence from out in the country, recognizing the shift in opinion taking place in the closing weeks, could hardly bring himself to believe it was sufficient to mean an upset.

* * *

ANOTHER who deserves commendation is Harold L. Ickes, the old curmudgeon. In the closing days he added the salt savor of lusty humor to what had been a dull campaign. He should now return to the Truman administration, which is in sore need of men of conviction and capacity.

Perhaps it gets down to the old political axiom: You can't beat something with nothing. Dewey and his famous team of efficiency experts tried to hold the needle as nearly as possible on the neutral mark. Only in the vaguest and most general terms did the Republican candidate discuss the issues before the country. He chose to assume that a rich, ripe air of victory would induce the reality.

In my opinion he was less inclined than many of those around him to underestimate the Democratic threat. This was indicated in a private talk I had with him on his campaign train two weeks before the election.

I had said to him that many observers were of the belief that even if Truman had begun on Sept. 1 with the headstart, as shown by the polls, the Republican candidate had, the advantage would have been fumbled away. Dewey challenged this at once, expressing his view that the voters of the country had been educated to vote Democratic and that his formidable task was to persuade a sufficient number to switch to the Republican side.

* * *

Party Dead Weight

He had to try to do this against the dead weight of his own party. With Senator Taft telling southern bourbons they were just like the Republicans and under the forbidding stare of reactionaries and covetous spoilmen, he could not have taken a clear and positive line even if he had been so minded.

What is startingly revealed is the way in which the Republican party is removed from the realities of present day American life. The information brought to Dewey from out in the country was completely wrong. It is today a party in bankruptcy. What its fire sale value may be only the distant future can tell. De Gaulle Scores Impressive Victory In French Elections

By JOSEPH W. GRIGG
United Press Staff Writer

PARIS, Nov. 8 — Gen. Charles De Gaulle moved a step nearer the leadership of France today when returns from yesterday's elections showed his rally of the French people (RPF) had scored a sweeping victory over all other parties for seats in the Council of the Republic.

De Gaulle's 18-months-old rally and other groups allied with it took 107 of 262 upper house seats contested. Though De Gaulle emerged with the most seats in the Senate and administered Communists their worst defeat since the liberation, control of the council escaped him.

Take 140 Seats

Middle-of-the-road parties, which now control the government of Premier Henri Queuille, took 140 seats. But with strength drawn from near-right parties, De Gaulle was expected to exert some check on the National Assembly and may dominate certain projects in the council. Ministry of interior figures issued this morning gave:

Socialist party, 48; Left Republican union, 26; Independents, 20; Radical Socialists, 19; and Popular Republicans, 14. These seats, in combination, would give Queuille's coalition government strength enough to hold off rightists and their probable drive for new elections in the national assembly.

Reds Hold 16 Seats

The Communists, who lost strength, held 16 seats. Radical Independents held three seats. The Republican Liberty party, which probably will associate with De Gaulle, got three. The Democratic and Socialist Resistance union took down two seats. Republican and Independent Socialists also took two. Five were divided among obscure parties and several still were to be decided.

None of the Paris newspapers, regardless of political affiliation, tried to cloak the fact that De Gaulle had scored an impressive victory.

Jacques Soustelle, secretary general of the RPF, said in a post-election statement:

Before Public Opinion

"The question is now put clearly before public opinion whether government parties now that they have been disowned by the country will continue to impose themselves without giving the country its say."

Soustelle's statement was taken as an indication De Gaulle would step up his campaign for dissolution of the National Assembly and seek a call for new nationwide general elections.

Prison "Brain" Has Matter Of Romance

LOS ANGELES, Nov. 8. (AP)—The so-called "brain" of Alcatraz prison has some business to dispose of, quickly, and then there's the matter of an old romance.

Cecil Wright earned the nickname for legal studies which freed him after 18 years. He hopes to leave for Charleston, Ill., in a day or two to visit Miss Beulah Brimberry, who was his high school sweetheart.

Wright is now 41 and Miss Brimberry, 40. He told reporters that when he telephoned her she said she wanted him to come home to "talk about getting married."

In Charleston Miss Brimberry declined to comment. She is a floorlady for a shoe manufacturing plant there.

Wright was released from Alcatraz Saturday, successful in his 13th attempt to gain freedom on a writ of habeas corpus. Originally he was convicted of a $2.43 post-office robbery at Strasburg, Ill.

He's here conferring with his lawyer about possible sale of his life story to the movies, radio and magazines.

Man Says Cigarets Made Small Fortune

COLORADO SPRINGS, Colo., Nov. 8 (AP) — A veteran army sergeant told incredulous police officials today how he parlayed 1,500 cartons of cigarets into a small fortune in jewels, furniture, paintings and an automobile in Austria.

Police Chief I. B. Bruce identified him as M/Sgt. Wiley C. Walters, 40. He arrested Walters and his wife, Marian, 42, for investigation after finding the articles at the couple's home.

"He has a good army record and has violated no state laws," Bruce said, "but we're notifying the Treasury department so it can investigate and see if any law was violated in bringing the items into this country."

Bruce valued the jewels at $10,000 and said the other items were worth "at least $10,000 more."

Hunters Find Body Of Missing Woman

EL MONTE, Calif., Nov. 8. (AP)—Two men hunting for bob-cats yesterday found the body of an Alhambra divorcee, missing since Sept. 19.

The body was identified as that of Mrs. Martha Shirley Lipsey, 24, who had last been seen in a cocktail bar at nearby Five Points. Her mother, Mrs. Gladys Joran, Los Angeles, made the identification.

The hunters were combing the San Gabriel river wash when their dogs led them to the body. An autopsy was planned today.

Sheriff's investigators said Mrs. Lipsey's escort of the evening of Sept. 19 told them she left with another man in an automobile late that night.

Conviction Of Meyers Upheld

WASHINGTON, Nov. 8. (AP)—The U. S. Circuit Court of Appeals today upheld the conviction of Maj. Gen. Bennett E. Myers on charges of inducing another person to lie under oath to a Senate committee. The court split 2-1.

Meyers has been in jail since last March 14, serving an 18 months to five years sentence imposed after his conviction in U. S. district court.

Grew Out Of Contracts

The case against him grew out of a Senate investigation of wartime Air Force contracts.

Meyers, now retired, was the chief purchasing officer for the Air Force during the war.

In summary, the charges made against him amounted to this:

Meyers was the actual owner of the Aviation Electric corporation, Dayton, Ohio, which received profitable war contracts, but hired Bleriot H. La Marre to act as "dummy" president of the concern. When the Senate investigation got underway, Meyers persuaded LaMarre to testify falsely.

In testimony to the committee, LaMarre first said Meyers had no connection with the firm but later, giving what he said was the truth, testified Meyers did own it.

Meyers contended throughout that he was innocent, but was tried and convicted of subornation to perjury.

Man Hanged

(Continued From Page One)

belt had been removed from him when he was jailed.

Uless, alias Blackie, Adams, identified as a negro of 1818 Ave. B, was charged with assault with intent to murder his wife Lillie Bertha Adams.

Bond of $1,000 was set by Lynn.

The woman said Adams came in with this statement:

"I got murder in my heart—and I wanna kill someone."

Whipped Out Knife

She told assistant District Attorney A. W. Salyars that her husband whipped out a knife and "cut at me, but I dodged." Jewel B. Harris, 13, the woman's nephew, leaped between the two principals. The knife thrust narrowly missed the woman, then Adams cut the boy, Salyars was told.

A Mexican, Fernando Merneo of Brownsville, was stabbed in the left side of the back Saturday midnight by another Mexican who had not been charged. Two women and a man were struck down before the knife thrust, official reports showed. The victim was not believed seriously injured.

Six Prisoners Removed

Six men who had been convicted of felony offenses in the district courts here were removed from county jail this morning by a state prison transfer agent, T. O. Ross.

They were:

Roberto Bustillos, 29, sentenced to life for murder; William Johnson, 20, a negro, eight years in two burglary cases; Charlie Lee Smith, 38, three years for theft; D. L. Spriggs, 27, a negro, 10 years for burglary, as well as additional time from Lynn and Potter counties for burglary; Daniel D. Floyd, 30, of Lumberton, N. C., four years for theft by bailee; and Jim A. Hampton, 32, 10 years for burglary.

Six other prisoners, from several West Texas counties, were lodged in jail overnight by the transfer agent. They were removed with the other six.

Also removed from county jail were 28 Mexicans who had entered the state illegally from the Republic of Mexico. They will be returned to their native country.

Peace Bond Posted

Dewitt Bailey, 21, a Lubbock negro, posted a $200 peace bond set in the court of D. W. Robertson, justice of peace. Robertson also fined nine persons $270 plus costs of court when they were charged with gambling.

There were several theft reports:

A 1939 black Ford convertible, license BR 5959, reported stolen from Ignacio Oguin; 6,000, possibly 7,000 pounds, of red Martin maize from the field of V. Snodgrass north of Idalou; a suitcase and clothing from Patsy McCarty of 1638 Ave. P; $70 worth of clothing from J. W. Hobgood of Texas Tech dormitory 3.

A 1939 light automobile owned by Jack Dickson of Slaton was stolen, but recovered by the department of George B. Jones, Lubbock constable.

Police recovered a model A car owned by Sid Caraway, which had been taken from 1714 Ave. K, and arrested two suspects. One, a 14-year-old boy was being questioned by juvenile authorities.

The other suspect is 17.

Also recovered was a motorcycle owned by J. T. Mann of Lubbock route 6. It was found in an alley behind the police station.

GOP Leadership

While most of the new crop of Republican hopefuls hold public office, Stassen has perhaps as good a forum as any of them in his presidency of the University of Pennsylvania. His understanding with the university is that he is to have a free hand to engage in politics.

Stassen's appeal to many Republicans lies largely in their belief that he has widespread influence among younger voters.

Stock Market

MARKET IS LOWER

NEW YORK, Nov. 8 (U.P.) — The stock market turned irregularly lower today, when dispatches from Washington put new emphasis on the probability of a drive for restoration of the excess profits tax, plus higher income tax rates for high-bracket incomes.

At the start, the list was momentarily higher in extension of last Saturday's small price rise. But the Washington reports quickly unsettled the list and toward the close only the railroad group was able to show any kind of improvement, most of it in Nickel Plate common.

So much attention was placed on Washington developments that the Street showed little interest in the announcement here of the American Iron & Steel Institute that steel mills this week will produce more steel than ever before in history, including the years of World War II.

Operating at 99.4 per cent of capacity, the mills are scheduled to turn out a record-breaking 1,791,700 net tons of ingots.

Other favorable business news included several favorable earnings statements, including a sharply higher nine-months figured for Ohio Oil.

Cotton Market

NEW YORK REPORT

NEW YORK, Nov. 8 (AP) — Cotton futures were firm in early dealings today, but lost part of the advance when the government issued a higher November forecast of the 1948 cotton crop compared with October. The cotton trade had looked for a small decline in crop report.

Early gains extended to $1.65 a bale, with the new crop months leading the advance on sentiment that the next Congress will strengthen the farm support program.

Old crop months were supported by mill buying and short covering.

The government estimated the 1948 cotton crop at 15,186,000 bales, up 87,000 from its October 1 forecast. The trade had looked for a figure of 15,000,000 bales.

Grain Market

CHICAGO REPORT

CHICAGO, Nov. 8 (AP) — The grain market's price advance, touched off by the surprise election result last Tuesday, had just as much momentum today as any day last week. All cereals pushed higher in a brisk trade, with several contracts making new seasonal highs.

Corn was strengthened by export business, both private and domestic. Export houses bought the December contract. In addition, trade sources said the government had raised its buying price 1 cent to 14 cents above the December futures quotation.

Strength in wheat was centered more in the deferred contracts than in December, as the latter delivery is now well above the government loan level here. July and September wheat hit new seasonal highs. Also at seasonal peaks were September oats and May soybeans. Wheat closed 1 to 3½ higher; December $2.31½-2.32, corn was 1¼-2¼ higher, December $1.42¾-¾, oats were ¾-1¼ higher, December 80½.

Local Jaycees Name Man-Of-The-Month

Jimmie Williamson was named Jaycee "Man of the Month for October" at today's weekly Junior Chamber of Commerce luncheon at the Hilton hotel.

Williamson, operator of a local service station, was selected because of his part in the club's fire prevention campaign during October. Presentation of the award was made by Bill Collins, department manager at Hemphill-Wells department store.

The day's program featured several songs by a student choir of J. T. Hutchinson Junior High school, under direction of Miss Nell Goodloe.

At the luncheon, members quickly subscribed to the local club's quota of the national Jaycee War Memorial fund, to be used for construction of a war memorial building in Tulsa.

Approximately 90 members and guests attended the luncheon.

would go to California with him.

After the playing of "One To Ten," the couple left and drove to a secluded spot in nearby North Providence. Williams started to kiss Mrs. Singleton 32 times because it was her 32nd birthday.

As Williams kissed her for the 13th time, she pulled away and said she would not go to California.

Then, Williams was quoted by Caranci as saying, he seized her by the throat. They struggled and toppled in the back seat where, the police chief said, Williams removed his necktie and tied it around the woman's throat.

Providence Police Lt. Thomas P. Dunn said Williams drove to police headquarters in Providence and said:

"I've just killed my girl friend."

Dunn said he found Mrs. Singleton's body in the rear seat of the car.

Williams, an unemployed cook, told police he had been keeping company with Mrs. Singleton since his discharge from the Navy in 1945.

Truman Sheds Cares Of Nation To Relax

KEY WEST, Fla., Nov. 8. (AP)—Harry S. Truman shed the cares of state today to frolic in the Florida sunshine.

The President started a vacation at this naval submarine base in the company of a small group of White House cronies.

Many decisions involving changes in his administration may be made before Mr. Truman returns to Washington two weeks from now. But for the present, he is in no hurry to act.

George said it was all news to him. He told the United Press he had not been approached by the States' Righters and that he would not favor such a plan anyway because he didn't think it would work.

No Odds Quoted On Elizabeth's Child

LONDON, Nov. 8. (U.P.)—A spokesman for Lloyd's of London said today when asked what the odds were on whether Princess Elizabeth's child will be a boy or a girl:

"We do not quote odds. We sell insurance, but we do not run a gambling establishment."

He added further that the probability of the arrival of a boy or girl was uninsurable.

Tax Revision

instead of $500; (2) allowing husbands and wives in all states split the family income for taxsaving purposes, and (3) percentage cuts in tax rates ranging from 12.6 per cent in the low income brackets to five per cent at the top.

Eberharter did not say what sort of revisions he thinks Mr. Truman has in mind. But in his own tax reduction proposal early this year, the President suggested that each person be allowed a $40 "cost of living" tax cut — a plan that would make the percentage saving big for low-income people but tiny for those in the high brackets.

The President estimated the cost of his plan at $3,200,000,000. He proposed that amount be made up by an excess profits tax.

Enough Of A Shock

One high-ranking White House aide told a reporter shortly after the President's upset election victory last week:

"I wouldn't like to hear talk about an excess profits tax now. Perhaps business has had enough of a shock."

It remains to be seen what luck Mr. Truman will have with tax matters in the new Democratic Congress. Rep. Doughton (D-NC) who will return as ways and means chairman after a two-year interval of Republican control, supported the GOP tax cutting bill in its final form. And he made no fight for the President's profits tax bill, introduced by Rep. Dingell (D-Mich).

ing their government checks, indorsed them over to Miss Campbell who deposited them in her personal checking account. Thereafter, according to the grand jury, Miss Campbell withdrew this money by check and deposited it in the account of Rep. Thomas in the First National bank of Allendale, N. J.

The indictment said that "with the intent of concealing and covering up the fradulent and fictitious employment" of Miss Midkiff, the congressman and Miss Campbell prepared income tax returns in her name, with Thomas paying the tax due on the salary listed for her from the government.

The indictment formally charged Thomas and Miss Campbell with a conspiracy "to defraud the United States of its money and property."

At his Allendale, N. J. home, Thomas said "I have nothing to say at all at this moment."

Court officials said that conviction on all the charges against Thomas would carry a possible maximum sentence of 32 years in prison, $40,000 in fines, or both.

Repealers Fined In Liquor Law Cases

Two persons who had been fined for liquor law violation last week were fined on similar offenses this morning, County Attorney Steele said.

Steele said County Judge Walter Davies fined L. W. Wall, 42, $200 and costs this morning, and explained that, last Wednesday, Wall had been fined $150 on an inhanced penalty liquor law violation complaint that set up a prior conviction.

Steele said he recommended a fine of $1,000 this morning, after drawing another enhanced penalty case that set up the Nov. 3 conviction.

Thomas Hubert Wilson, 32, of Midland was fined $250 and costs this morning, two days after he had been fined $200 and costs for liquor law violation, officials said. Arresting police said he had 12 pints of whisky in his car. The Saturday charge named the man as Hubert Thomas, officials said, adding that "the two are one and the same."

Other county court business:

Bond of $500 each returnable instanter on drunk driving charges was posted by Earnest E. Poyner, 38; Earl Wager Tucker, 37, and Wilburn E. Gray, 22, all of Lubbock.

Gonzalo Martinez, 26, of Houston and W. J. Bullington each pleaded guilty of drunk driving. Each was fined $50 and costs and his driver's license revoked six months.

The sheriff's department said Marjorie Sims was fined $100 and costs on a charge of liquor law violation.

Last week, more than 28,000 acres of brush and grazing lands were burned over in a two-day fire. Only three cabins were lost. There were no deaths.

Meanwhile, in Los Angeles county more than 100 men were at work today widening fire lines around the area burned over by the Topanga canyon fire which destroyed 39 habitable dwellings and damaged 70.

Embers of Thursday's $250,000 blaze still smouldered.
