Girls With Same Name Have Unique Trouble In Mind

STEPHENVILLE, Oct. 22 (AP)—There's plenty in a name, said Mavis Watson of Breckenridge, Tex., and Mavis Watson of Marquez, Tex., no kin today as they tried to unscramble their mail at John Tarleton college where they are both co-eds.

To make matters more confusing, the two attractive girls with identical names, who are both eighteen years old, live in the same dormitory. When Mavis Watson is called on the telephone, they both go to see who is wanted. The mail was so mixed they finally got a post-office box together.

"Even then, we just divide up the letters and open them," moaned one.

Old-Timer Of Pampa Passes

Mrs. Lizzie Cole, 74, longtime resident of the Panhandle, died Friday afternoon at the home of a daughter, Mrs. A. J. Crocker, 402 North Faulkner street. She had been ill only six weeks.

Born in Kentucky, in 1864, Mrs. Cole moved to Arkansas and then to Mobeetie, in 1906, where her husband, Dr. Robert Cole, practiced medicine and operated a drug store. He died in 1914. A son, Dr. Archie Cole, died here in 1934.

Mrs. Cole came to Pampa in 1917 and made her home with daughters here and in Perryton. She had been a member of the Church of Christ since childhood and was a member and active worker in the Francis avenue

Million Czechs On Hungarian Border

UZHOROD, Czechoslovakia, Oct. 22 (AP)—Whatever the outcome of diplomatic conversations, more than 1,000,000 soldiers are resting on their arms at either side of the Czechoslovak-Hungarian border, ready to fight if needs be over the minorities question.

Hungarian-populated districts of Ruthenia, the eastern-most province of this little republic, expressed increasing concern that serious trouble may develop if the two countries do not soon reach an agreement on the territory demanded by Hungary.

Hungarian peasants and party leaders here even fear that Czechoslovak soldiers might not obey an order to turn over lands to Hungarians if such an agreement is initiated.

Tool Pusher Killed In Dynamite Blast

LOVINGTON, N. M., Oct. 22 (AP)—"Doc" Price, a tool pusher, was killed and two other men were injured, one critically, in an explosion while they were working on a pipe line today.

Witnesses said Price, of Odessa, Texas, was sitting on a box of dynamite, crimping a cap with his teeth when the explosion occurred. His body was blown to bits and scattered over an area extending 100 yards from the explosion.

Ted Steen, another worker, was injured so seriously it was believed he would not recover. W. A. Davidson, a third, was only slightly injured.

Wise County Man Killed

SAN ANTONIO, Oct. 22 (AP)—Struck by an automobile about one mile east of San Antonio yesterday morning, George W. Yancey, 81, a wise county resident, died in a hospital today.

Canal Defense Becomes Issue

WASHINGTON, Oct. 22 (AP)—The vital importance of the Panama Canal to American naval policy and its vulnerability to air attack are prime considerations in the study of national defense needs which President Roosevelt announced recently.

Two solutions of the problem have been proposed. One is the construction of a less vulnerable sea-level canal via the Nicaraguan route; the other is the building of a separate fleet to remain in the Atlantic.

There has been no word from the President or any other administration spokesmen as yet to hint at an impending change in the basic idea of American naval policy—a single fleet.

Such a fleet must be able to shuttle from ocean to ocean via the Panama canal to meet any threat of attack either directly upon the United States or upon her South American neighbors. Until post-war developments in the air changed the situation, the canal

U. S. Ambassador To File Protest 'First Thing' Tomorrow

MEXICO CITY, Oct. 22 (AP)—The Mexican government today expropriated downtown rented offices of two American oil companies despite a temporary injunction granted by the Second District Federal Court and served during the actual seizure.

As a result United States Ambassador Josephus Daniels made representations to the Foreign Office, and was told the matter would be taken up "the first thing Monday morning."

The offices were those of the Titania and Mercedes Petroleum companies, affiliates of the Standard Oil Company of New Jersey. Five agents of the Ministry of National Economy entered the offices shortly after noon and presented a brief document saying the government "needs the offices" to carry on its petroleum business, and that the government's decree of March 18 expropriating foreign-owned oil properties was applicable.

MEXICO CITY, Oct. 22 (AP)—A court order equivalent to a temporary injunction today halted operations of Mexican government agents engaged in expropriating Mexico City offices of the Titania and Mercedes Petroleum companies, affiliates of the Standard Oil Co. of New Jersey.

Five agents of the ministry of National Economy entered the office and presented a document saying the government "needs the offices" to carry on its petroleum business, and that the government's decree of March 18 expropriating foreign-owned oil properties was applicable.

While the agents were taking over the offices, they were served with an order granting the second district federal court suspending the expropriation. Apparently surprised, the agents hurried to telephones. They did not indicate their future plans.

Tingley Intervenes In Lumber Strike

ALBUQUERQUE, N. M., Oct. 22 (AP)—Gov. Clyde Tingley intervened today in an impending strike of 4,000 New Mexico workers in the lumber and timber industry.

A strike was called for Monday by the executive council of the Sawmill and Lumber Workers' Union, in A. F. of L. affiliate, but the council agreed to consider the governor's request for a delay until late next week to try and effect peaceful settlement of differences.

John Murray, representative of the union, said demands for a 10 per cent wage increase under the new provisions of the National Wage-Labor Act had been refused by mill operators in negotiating new contracts.

Marland Promises To Halt Wet Goods

OKLAHOMA CITY, Oct. 22 (AP)—Gov. Marland announced plans today for halting the flow of liquor into Oklahoma from surrounding wet states.

Maintaining that liquor running from Arkansas already had been stopped, Marland said:

"We will devote our attention to the north line. When we stop that we will move to the south line to stop it coming in from Texas."

Published reports about alleged liquor payoffs still were being checked by the governor in his own private investigation.

14 GOT OUT ALIVE AS PILOT LANDED THIS BURNING PLANE

This charred wreckage was all that remained of an Eastern Airlines plane a few minutes after Pilot David Hissong, left, landed the flaming ship near Montgomery, Ala., without serious injury to any of his 11 passengers, himself or two others of the crew. The plane, headed for New York, caught fire soon after leaving the Montgomery airport about midnight. In the searing heat of the control room, Hissong fought to control the ship as the fuselage burned and one motor dropped out. In the dark and on a strange field, he brought the plane down, crew and passengers scrambling to safety as flames licked the ship.

Last Jury Week In Court Here Opens Monday

The last jury week and next to the last week of the September term of the 31st district court will open Monday, when both petit and grand jurors will report.

The week is civil jury, subject to criminal, as was the preceding week. The final week of the term, opening October 31, is non-jury.

Petit jurors who are to report tomorrow here: from Pampa, C. P. Cuts, H. G. McCluskey, John L. Lantz, R. B. Thompson, H. A. Yoder, G. G. Frasier, Alvin Bell, John Hankins, A. J. Stallings, C. E. Lovelock, O. S. Epperson, W. E. Ginn, J. M. Turner, F. E. Scheig, H. P. Sharp, H. E. Schwartz, M. G. Husted, H. W. Waters, Emory Crockett, C. W. Fuiks, O. H. Booth, John Yantes, E. P. Boyle, Roy Bourland, W. B. Hash.

From McLean, Paul Hugg, M. C. Burdine, Jack Cook, James Noel, J. F. Leebetter, from LePore, Thomas, J. Garrity, J. T. Snow, W. W. Cumberland, V. S. Whiteley, from Kingsmill, H. E. Phillips, J. L. Graham, Roy Ritter and Luther Byers, Groom, E. L. Goad, Miami.

Only one case, a non-jury matter, was tried in district court Saturday and the judgment in the case was the only one filed.

In the judgment in the Joe B. Bowers vs. Better Blacks Inc. et al, recorded Thursday, a receiver was appointed, but the matter was clearing up within 24 hours, one of the parties involved in the case said Saturday.

Snow, Sleet Sweeps Middle West Areas

CHICAGO, Oct. 22 (AP)—Winter staged a chilling preview in parts of the middle west today.

A snow and sleet storm swept across northern Wisconsin and upper Michigan. Power lines were snapped and highway traffic impeded.

Ishpeming, Mich., reported eight inches of snow.

The weather bureau predicted the storm probably would continue tomorrow with sleet and temperatures for lower Michigan, Illinois, Indiana and Ohio.

Pecan Plant Will Close

DALLAS, Oct. 22 (AP)—John Fisher, head of a pecan-shelling plant here, said today his plant, employing between 250 and 300 men, would close Monday.

"Just like the plant operators of San Antonio, Weatherford, Tyler and other parts of the state, we can't afford to pay the 25 cents an hour minimum," under the new Wage-Hour law, Fisher said.

was the foundation stone of naval policy in this country.

The recent creation of a temporary Atlantic cruiser squadron, by withdrawing some of the components of the Pacific battle fleet, marked a departure from policy. There were open intimations in congressional committee hearings last session that naval opinion opposed such a course as a permanent policy because it tended to weaken the battle fleet.

Committee discussions produced the alternative proposals of providing a powerful separate fleet for each ocean or opening the Nicaraguan sea-level canal route.

Naval experts, questioned about the cost of providing a separate sufficient fleet for the Atlantic, placed the figure at around \$3,000,000. The cost of the Panama

Jones Speaks At Barbecue

Celebrating the completion of the spillway at the Lake McClellan dam 23 miles south of Pampa, a barbecue honoring Bureau of Agricultural Economics officials was given at the dam site Friday afternoon by the Pampa Chamber of Commerce.

There were 75 persons attending the barbecue, including 3AE officials, SCS officials, and representatives of the Panhandle Water Authority. Pampa Chamber of Commerce board, Pampa Junior Chamber of Commerce, Gray County and Chamber of Commerce lake committees, Texas Highway department, Pampa city officials, Gray county officials, the Works Progress administration, and the board of the Pampa Independent School district.

Two Convicts Killed By Trusty's Dirk

MCLESTER, Okla., Oct. 22 (AP)—Two tubercular convicts were stabbed to death today in a fight with a dirk-wielding trusty over turning down a gas heater in McLeister penitentiary's tuberculosis ward.

The slain convicts were Ignacio Gomez and Vern Brothers.

Euster Murphy, a runner in the tuberculosis ward, was in the prison hospital with his head battered by blows from two foot-length gas pipes swung by Brothers and Gomez.

Stubbly Murphy observed the prison code and refused to talk but County Attorney W. J. Counts said he had obtained the details of the struggle from the others who were in the room.

Democrats Can't Explain Endorsement Of Opponent

DENVER, Colo., Oct. 22 (AP)—Editors of the Colorado Young Democrats' official paper could explain all right why they had to destroy 6,000 copies of the paper's latest edition—it contained an article praising Chief Justice Harlan P. Burke of the State Supreme Court, a Republican candidate for reelection in the November 8 election.

But they couldn't explain how the article got into the paper.

O'Daniel Asked To 'Close His Mind'

SAN ANTONIO, Oct. 22 (AP)—Military Methodists, convening here from West Texas, asked President Roosevelt today to call world economic and disarmament conferences and to help end war hysteria.

The West Texas conference also called upon W. Lee O'Daniel, who has declared himself of an "open mind" on horse race gambling to "close his mind."

2. Asserted the right of "every man, woman and child to the minimum demands of livelihood" and urged preservation of all civil liberties "that the problems of state may be worked out through the Democratic method."

3. Reiterated its opposition to advertising and consumption of liquor.

4. Asked the uniting conference of Methodists, who will meet next April in Kansas City, to pay a voluntary pension for old ministers.

Rayburn said "those who helped us put through this program deserve and will be returned to Washington."

The majority leader entered Pennsylvania, described by Postmaster General James A. Farley as the Republicans' "special battleground," to assist Pennsylvania Democrats in their fight to win re-election in November.

A parade in the morning, a salute to the colors at Harvester park preceding the Pampa-Lubbock football game, and a dance and veterans reunion in the evening, are on the program outlined by the local post of the American Legion for the celebration of this year's Armistice Day.

Plans for the observance will be made by a committee composed of Leo Southern, chairman, Paul Hill, Dan Kennedy, E. J. Kennedy, D. Monteith, J. B. Cox, L. R. Franks, Ed Tracy, and Charlie Maisel. The committee was named at the post's regular meeting at 8 o'clock Thursday night at the American Legion hut.

All civic clubs and veterans organizations are asked to be represented in the parade, which will start at 10 o'clock on the morning of November 11. The parade will form on South Cuyler. Just before 11 o'clock the fire siren will be sounded, and buglers stationed at various spots along the line of march will blow taps. Citizens will stand with hats off.

The colors will be paraded on the field at Harvester park preceding the Pampa-Lubbock football game, which will start at 2:30 o'clock.

At 7 o'clock that evening there will be a reunion of veterans at the American Legion hut on West Foster. Regardless of whether or not they are members of any veterans organization, all veterans are invited. There will be a "feed," and speeches will be at a minimum.

Plans for a dance, sponsored by the American Legion and the veterans of Foreign Wars, to be given at 9 o'clock, have not been completed as the committee has not yet found a suitable hall.

Building the planes would so expand the aviation industry that it could meet quickly any war-time orders for military craft, they asserted.

"It's the cheapest form of national defense," William R. Enyart, association secretary, said today.

Enyart and Charles F. Horner, association president, proposed "an American version" of the Nazi youth training, substituting planes with motors for gliders.

Army and navy officials, although expressing interest, declined to predict what support would be given specific proposals.

Spenser Tomb May Settle Arguments About Shakespeare

LONDON, Oct. 22 (AP)—An exploration of the tomb of Edmund Spenser in the poet's corner of Westminster Abbey has been begun in the hope of finding a buried Shakespearean eley which might help settle the Bacon-Shakespeare controversy.

It is believed that Shakespeare ("Bacon") may have been among the poets who, according to the historian, William Camden, placed "mournful elegies and poems with the pens that wrote them" in the grave of Spenser, who died in 1599.

Should this be true and the manuscript still be legible it could be compared with known specimens of the writings of Sir Francis Bacon in an effort to determine who was the real Shakespeare.

Ben Jonson, Francis Beaumont, John Fletcher and others were supposed to have placed poems in the grave of Spenser, the "Poet's Corner," who died, according to contemporaries, "for lack of bread in King street."

Lawrence Tanner, keeper of monuments at Westminster Abbey, said that because there is no exact record of the burial, "we do not know the precise spot where the remains lie nor how deep they may be."

50,000 Private Planes Urged As Defense Measure

WASHINGTON, Oct. 22 (AP)—Organized aviation enthusiasts intend asking Congress to help build up a fleet of 50,000 private planes to reinforce the administration's prospective new defense measures.

Officials of the National Aeronautic Association, as spokesmen for several groups of fliers, already have requested army and navy support for the training of civilian pilots, reduced insurance rates and other proposals.

They argued that a fleet such as they have in mind, representing a five fold increase of the existing 10,000 private planes, would make available upwards of 100,000 trained fliers for military service in the event of war.

Building the planes would so expand the aviation industry that it could meet quickly any war-time orders for military craft, they asserted.

"It's the cheapest form of national defense," William R. Enyart, association secretary, said today.

Invaders Say City To Fall In Two Weeks

Europe Begins Arms Race In Pessimistic Frame Of Mind

By LLOYD LEHRBAS
WITH THE JAPANESE ARMY BEFORE HANKOW, Oct. 22 (AP)—The commander of the forces pressing on Hankow, General Shunroku Hata, declared today Japan would continue her war until anti-Japanese resistance ended.

He said the Japanese would chase Generalissimo Chiang Kai-shek into Szechwan or Yunnan province, extreme southwestern China, if necessary, and were prepared as a last resort to fight any nation challenging what he called Japanese national rights and interests in China.

He predicted early capture of Hankow, Generalissimo Chiang's Yangtze river headquarters, and the "smashing of organized, large scale Chinese resistance."

Japanese staff officers, jubilant over the capture of Canton yesterday by a 10-day-old expedition into south China and the now faster approach of their own forces on the Hankow front, asserted they would be in Hankow within two weeks.

They said Hankow's defenders were disheartened and were virtually collapsing in all sectors.

While Hata was being interviewed at his field headquarters, Japanese naval forces were smashing their way up the curving Yangtze, within 35 miles by air and 50 miles by river of the Wuhan cities—Hankow, Yangyang and Wuchang—while northern and southern armies were closing in on their goal like a vise.

To rid the threatened zone of foreign shipping, and potential incidents, the naval command advised foreign vessels to withdraw from Hankow for at least 10 miles upriver.

Reuters, British news agency, corrected its previous report from Hong Kong that Generalissimo Chiang had left Hankow for Changsha, about 200 miles south, capital of Hunan province. The Reuters correspondent at Hankow reported the Generalissimo and

Allotment Plan Favored By FDR

AUSTIN, Oct. 22 (AP)—State Agriculture Commissioner J. E. McDonald said today that President Roosevelt "looked with favor" on the domestic allotment plan for most encouraging.

McDonald long has advocated substitution of the domestic allotment plan for the federal AAA crop control program.

"Millions of bales of cotton are piling up in warehouses under government loan which overshadow the farmers' future," McDonald telegraphed the President.

McDonald, in a statement, urged Southern farmers to vote down compulsory acreage reduction in the referendum Dec. 10.

British 'Propaganda' Assailed By Hearst

SAN SIMON, Cal., Oct. 22 (AP)—England was accused tonight by William Randolph Hearst of "flooding the United States" with propaganda designed to win this country's backing in her current imperialistic war.

Winston Churchill's radio appeal last Sunday to the United States in which he urged America to join with Great Britain and France to halt the aggressions of dictator nations was a piece of this propaganda, the publisher indicated.

Speaking from his San Simon home in a radio address Hearst said:

"... England needs help; and where should she turn for help except to good old Uncle Sam, so sought after when needed, so scoffed at and scorned in all intervening times."

"English propaganda is again flooding the United States." The Czechoslovakia situation, said the publisher, has definitely upset England.

PANHANDLE REGISTERS 11 LOCATIONS LAST WEEK

Potential Of Field Hiked 3,681 Barrels

Eleven new locations, well scattered over the Panhandle field, were staked last week. Ten new oil wells were drilled by employees of the local office of the Texas Railroad Commission and given an open flow potential of 3,681 barrels. Three gas wells came in for total production of 184,780,000 cubic feet.

The largest gas well in Hutchinson county was completed late in the week when the Huber Petroleum company's No. 4 Weatherly in section 25, block Y, AB survey, was gauged at 110,188,000 cubic feet. The well is located a half mile south of Borger.

A good oil well was completed in the Talley addition of the City of Pampa when the Continental Oil company's No. 2 M. K. Brown in section 115, block 1, &GN survey, was gauged at 110,188,000 cubic feet. The well is located a half mile south of Borger.

Best well of the week, however, was the Stansylvania Oil company's No. 3 Wisdom in section 35, block M-23, TCRR survey, Hutchinson county, which gauged 710 barrels. Five of the new locations were reported in Hutchinson county with two each in Gray and Carson and one each in Moore and Collingsworth counties.

The Collingsworth county test, about 10 miles south of Shamrock in Wheeler county and 15 miles north of Wellington, will be known as the Tinsley, White and Knoll No. 1 Knoll in the southwest quarter of section 62, block 16, H &GN survey. It will be drilled about a mile north of the White and Knoll No. 1 Well in section 56 of the same survey which was shot after a nice showing of oil but which failed to clean out properly.

Seven of the new wells will be drilled for oil and the others for gas. Two of the gas wells will be drilled on the edge of proven territory by the Northern Natural Gas company, in section 67, block 7, and section 88, block 7, respectively, in Carson county.

Gas pay was opened up in the Phillips Petroleum company's No. 3 Chapp in section 78, block 46, H &TC survey, in Hutchinson county, a former oil well and pay was gauged at 21,584,000 cubic feet.

New wells by counties:
In Gray County
Ama-Gray Oil co., No. 2 Morse "A", section 6, block 26, H &GN survey, gauged 42 barrels with pay

from 2,600 to 2,840 feet in granite wash formation.
Continental Oil co., No. 2 M. K. Brown, section 115, block 3, I &GN survey, was given a potential of 499 barrels with lime pay between 3,210 and 3,300 feet.

Kewanee Oil co., No. 9 McKinney, section 137, block 3, I &GN survey, tested 395 barrels. Pay was between 3,155 and 3,265 feet in lime.

Magnolia Petroleum co., No. 20 Merten, section 82, block 3, I &GN survey, gauged 253 barrels with lime pay from 3,135 to 3,260 feet.

In Hutchinson County
Gibson Oil co., No. 1 Jameson, section 12, block M-21, TCRR survey, gauged 371 barrels with the lime formation between 2,905 and 2,934 feet.

Gulf Production co., No. 86 Dial, Warren Wimberley survey, tested 276 barrels. Pay was between 3,005 and 3,107 feet in lime.

Phillips Petroleum co., No. 8 Thompson, section 27, block M-23, TCRR survey, tested 436 barrels with lime pay from 3,144 to 3,165 feet. Stansylvania Oil co., No. 3 Wisdom, section 35, block M-23, TCRR survey, tested 710 barrels with the pay between 3,098 and 3,116 feet in lime.

Texas Plains Oil co., No. 9 Watkins, section 72, block Z, ELRR survey, gauged 561 barrels. Pay was between 2,905 and 2,965 feet in lime.

In Wheeler County
H. S. Dunaway No. 2 Worley Heirs, section 39, block 24, H &GN survey, tested 138 barrels. Pay was from 2,525 to 2,590 feet in granite wash.

Gas wells tested:
In Moore County
Phillips Petroleum co., No. 1 Powell, section 33, block 24, H &GN survey, tested 561 barrels. Pay was between 2,905 and 2,965 feet in lime.

In Hutchinson County
Phillips Petroleum co., No. 3 Chapp, section 78, block 46, H &TC survey, tested 21,584,000 cubic feet.

Pitt And Santa Clara Triumphs Awe Experts

By HERBERT W. BARKER.

NEW YORK, Oct. 22. (AP)—Pitt's Golden Panthers, No. 1 team in last week's Associated Press poll, gave another awe demonstration of all-around power and skill today as Syracuse, Georgia, and Carnegie Tech fell off the unbeaten football bandwagon.

In a day conspicuously free of major surprises, Notre Dame's Irish, the Horned Frogs of Texas Christian, the Indians of Dartmouth, Oklahoma, Duke and a half dozen others kept pace with Pitt in the dizzy dash for national championship recognition.

Pitt, mixing its powerful running attack with effective passing, buried the Mustangs of Southern Methodist under a 34-7 count before 37,000. Notre Dame, blocked for three periods by Carnegie Tech's rugged defense, finally pushed over a touchdown in the fourth for a 7-0 triumph.

Texas Christian, heirs-apparent to the Southwest conference throne, toppled Marquette, 21-0, as Dartmouth overcame stubborn Harvard, 13-7. Oklahoma twice repeated Nebraska's defense and won a 14-0 Big Six triumph as Duke was held to a 7-0 score by Wake Forest.

Syracuse's first defeat was a 19-12 set-back by Michigan State's speedy Spartans while Georgia, previously unbeaten, was soundly trounced by Holy Cross, 29-6.

Rams Bury Oregon. Fordham and Colgate upheld eastern prestige in intercollegiate warfare as the Rams, boasting a scoring punch for the first time in years, buried Oregon under a 26-0 score and Colgate travelled west to shellack Iowa, 14-0. On the other side of the ledger, Michigan spotted Yale a 13-2 half-time lead and then won, 15-13.

In the east, Lafayette's 7-6 victory over New York University was the only surprise as Cornell tripped Penn State, 21-16. Georgetown topped Manhattan, 14-13; Penn topped Columbia, 14-13; Navy and Princeton tied at 13-13; Army routed Boston University, 40-0; and Amherst won the first "little three" game from West Virginia, 13-0.

Rhode Island State scored 61 points as the former earned a 40-21 decision.

With Minnesota idle, Northwestern took over the Big Ten headlines by throwing Illinois for a 13-0 loss. Purdue came from behind to stop Wisconsin, 13-7, as Ohio State ran up a 42-7 count on Chicago. Kansas State, from the Big Six, pastured a 13-6 defeat on disappointing Indiana. Sharing Big Six honors with Oklahoma were Iowa State's undefeated Cyclones who mowed down Kansas, 21-7. Missouri whipped Washington (St. Louis) of the Missouri Valley conference, 13-0.

Auburn defeated. The South's "off" program was marked by Georgia Tech's narrow 7-6 triumph over Auburn in the chief Southeastern conference game of the day. Tennessee breezed thru a "breather," the Citadel, 44-0, as Alabama stopped Sewanee, 32-0. Mississippi rolled up a 47-14 score on Centenary, and Tulane swamped Mercer, 51-0.

North Carolina, which plays Duke in a pivotal Southern conference game next week, ran up a 34-0 score on Davidson as North Carolina State and Furman played a 7-7 draw; Washington and Lee topped Virginia Poly, 6-0; and Virginia Military tripped William and Mary, 14-0. Virginia outscored Maryland in a wild game, 27-19.

Rice chalked up its first victory, winning a Southwest conference tussle from Texas, 13-6, in the last three minutes of play. Baylor and Texas A. and M. played a 6-6 tie.

In the far west, California's undefeated Bears overcame Washington, 14-7, as Southern California came from behind to halt Stanford, 13-2, and Oregon State won from Washington State, 7-6. Santa Clara remained unbeaten in a 21-6 victory over Arkansas. U. C. L. A. surprised by the decisiveness of its 33-0 victory over hitherto unbeaten Idaho.

Sophomores Lose To Buchanan 43-0. A Pampa Sophomore team, weakened by ineligibility, fell an easy victim to undefeated and untied Buchanan of Amarillo in a Junior High league football game here Friday afternoon, 43 to 0.

Gene Sweet and Hoy Marcum ran and passed up and down the field to account for all of the Buchanan touchdowns. The Pampa youngsters never stopped trying and time after time they threatened to score but inexperience kept them from crossing pay territory.

One of the outstanding games of the league will be played in Amarillo Friday afternoon when Buchanan and Central meet. Both are undefeated.

TROOP 80.

Boy Scout troop 80, sponsored by the First Methodist church, enjoyed an overnight camping trip to Hoover-Stratton ranch and the Washita river Friday night and Saturday. Boys who made the trip were Don Childers, Bill Mazey, Dale Harrell, Edward Harvey, J. B. Dumas, Larry Fuller, Jerry Kerbow, Dick Manry, Delbert and Austin Hughes, John Knox, Jim Bob Austin, Wayne Elkins, and the scoutmaster, Saturday morning the boys visited personation groves on the Washita, Edward Harvey, Jerry Kerbow and John Knox passed their tracking, and about 10 of the boys passed their Scout pace. The boys found eight eagle nests on Eagle Mesa. Friday night the boys made a trip to the "growing tree" near the Washita river.

Board of Review will be held at the church Monday night and members of the troop committee and the boys who are supposed to come up for advancement are asked to be on hand by 7:30 o'clock in the Scout room.

The meeting Thursday night was attended by the new field executive of the council, Robert Shaffer, who made an interesting talk. Games were played and a knot-tying contest held.

The following boys attended: Childers, Mazey, Dale Harrell, Dumas, Fuller, Delbert Hughes, Auld, Elkins, Joe Cree, Jack Morgan, Manry, Knox, Kerbow, Tommy Atkins, Harvey.

Both England and France, parties to the "Munich peace" which paved the Sudetenland from Czechoslovakia, Saturday faced the problem of quicker rearmament in an atmosphere of pessimism over the future of relations with Germany and Italy.

Unless Britain's armed strength is sufficient to match Germany's, many British quarters believe, surrender instead of compromise will be inevitable when Chancellor Hitler raises the question of returning pre-war colonies, the next item on his agenda.

Its rearmament program slowed for months, the French government made it plain yesterday that it had committed itself to heavy purchases of war material unless an agreement could be obtained to minimize Europe's dangers of conflict.

If Britain and France were to show so little faith in the Munich accord as to speed up their armaments, Germany and Italy would have to do the same, say the inspired Nazi and Fascist press.

Even in high British quarters there is little attempt to conceal pessimism over the future of relations between the two western Democracies and the two authoritarian nations.

Big obstacles lie ahead—colonies, Spain, economic issues—and Britons from right to left are insisting the only way the Democracies can hold their own with

Benes Arrives At London Sick And Depressed

By JAMES C. OLDFIELD.

LONDON, Oct. 22. (AP)—A tragic figure, former President Eduard Benes of Czechoslovakia, stepped from an airplane here today, his 25 years of illustrious statesmanship all but nullified.

He was on his way, ultimately, to the University of Chicago. But first he must mend his broken health.

Nervous, depressed and sick, Benes made a dramatic flight into voluntary exile from the nation he helped forge and which, on the eve of his twentieth anniversary, he watched pay Adolf Hitler's price for Europe's peace.

The man who was known as "Europe's little statesman" came unheralded and alone except for his wife and secretaries. He already had landed at Croydon Airfield before his countrymen learned he had left carved-up Czechoslovakia.

All he sought was peace, rest and forgetfulness after his months of vain struggle to save Central Europe's democratic bastion from advancing Nazism.

His intimates said he would rest at an English countryside retreat for several months with a possible trip to Switzerland if he found the British winter too rigorous.

Jan Masaryk, Czechoslovak minister to London, said the health of the former president was "rather badly broken" and pleaded that his privacy be "strictly respected."

Masaryk said that Benes' visit had no political significance whatsoever.

The precautions of secrecy today were said to have been from friends' fears for his life. They said he might have been endangered by remaining in the country which many Czechoslovaks consider was ruined chiefly through his policy of cooperation with Great Britain, France and Russia.

The meeting is for the purpose of checking plans for the Lions club carnival to be given here Thursday, Friday and Saturday, in a tent on the Santa Fe right of way on West Atchison street.

D. L. Parker is general chairman of the Lions club carnival.

O'Brien Leads Frogs To 21 To 0 Victory

MILWAUKEE, Oct. 22 (AP)—Texas Christian, led by Davey O'Brien, a great little quarterback who tossed passes all over the field, smothered Marquette's football team here today, 21 to 0, before 14,000.

Marquette was all but helpless as it tried to stop O'Brien's accurate tosses in the opening period. The T. C. U. quarterback threw seven straight completed passes which figured in two touchdowns before he retired at the end of the quarter.

After the opening period thrust, T. C. U. reserves took over and kept Marquette in check until the final quarter, when O'Brien and his mates came back for another marker.

The first score came after an 82-yard march, with O'Brien passing to Clark and Wilkinson. O'Brien scored on a smash from the four-yard mark.

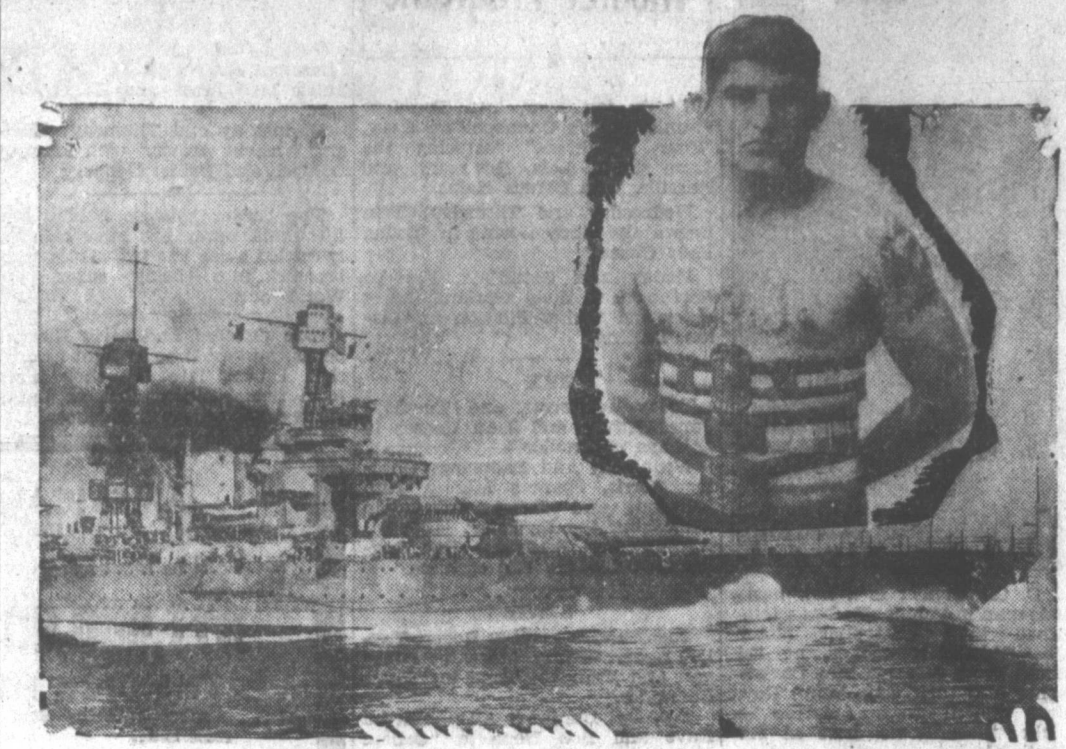

O'Brien passed to John Hall, a halfback, for the second touchdown. The play, good for 30 yards, culminated a march of 65 yards.

The final score came on a pass, O'Brien to Earl Clark. O'Brien passed from his own 32, Clark catching the ball on the Marquette 28 and outrunning everyone to count. O'Brien kicked successfully for points after every touchdown.

The T. C. U. squad tried 25 passes, completing 13 and to gain 200 yards, and picked up 193 yards on running plays.

Marquette threatened only once. It was late in the second period when the Avalanche got possession of a blocked punt, drove to the seven, but lost the ball at that point on a pass interception.

SAILOR WATKINS RETURNS TO PAMPA MAT WAR

He's tough enough to chew battleships is Sailor Tex Watkins, in insert above, who will return to the Pampa mat Monday night to meet Scotty Williams in the semi-final of Promoter Cliff Chambers wrestling war at the Pampa Athletic arena. Watkins has been out where they grow 'em rough and tough and he is reported to be even tougher than ever. Gust Johnson and Joe Kopecky will headline the card with Blacksmith Pedigo and Sheik Mar Allah opening at 8 o'clock sharp.

Kopecky And Johnson To Headline Grunt Program

Sir Joseph Kopecky, the cotton-picking Bohemian from Taylor, Tex., will continue to be a main event wrestler at the Pampa Athletic arena Monday night with Gust Johnson, the big Swede from Seattle, Wash., providing the opposition. The two are undefeated in local wrestling circles which makes it one of the outstanding battles of the season.

A semi-final of equal interest will bring the rough, tough Sailor Tex Watkins of Post, Texas, back to the local wars in the semi-final with Scotty Williams providing the opposition. Williams is a classy scientific grappler who holds a pair of draws with Champion Jack Reynolds.

Opening event, at 8 o'clock sharp, will pit Blacksmith Pedigo against Sheik MarAllah of Persia. Pedigo prefers to wrestle clean but he has been known to get 'mucky' nasty. MarAllah is a roughster of the first order and he doesn't deny it.

Kopecky will shoot the works in an effort to stay in the win column. Dope points to him getting more rough than ever. Johnson is a scientific grappler but he has been showing mad streaks in recent matches. He hasn't shown much rough stuff but has turned rough with elbow blows to the opponent's jaws which has proven effective.

Reserve seat tickets are now available at Cretney Drug store.

Rice Defeats Texas 13-7 For First Win

HOUSTON, Oct. 22 (AP)—The Rice Institute, a pre-season favorite for one of the bowl games on New Year's Day but a disappointment on the field, dropping its first three, rose against an inspired University of Texas team today and defeated the Longhorns, 13-6.

The game was nip and tuck with Texas showing vast improvement over the season's first four losing games. Texas scored the first touchdown of the game a few minutes after the kickoff.

Two great backs, Wallace Lawson of Texas and Ollie Cordill of Rice, kept the Rice homecoming crowd of 20,000 on their feet.

After the Rice halfback, Rice's star back, was carried from the field with an injured ankle after throwing a touchdown pass to Cordill in the second quarter.

It was at first feared his ankle was broken, but he walked out of the hospital and insisted on playing the rest of the game but he was not permitted to play, however.

The game was but a few minutes old when Rice fumbled on their 30 and Texas recovered. Lawson shot a pass to Lewis (Bullet) Gray, Texas back who was standing in the Rice two-yard line and fell over for the touchdown. Bill Forney missed try for extra point.

In the second quarter a Texas back fumbled on his own 20 and Rice covered. Lain passed to Cordill, who was standing in the end zone, waiting. Matt Landry, missed the placement.

Rice came back in the second half and pushed the Longhorns up and down the field, but when the Owls got the ball close to pay dirt the Texas line braced, twice staving off Rice from the two-yard line.

A 68-yard quick kick by Cordill that went out of bounds on the Texas one-yard line, put the Longhorns in the hole in the last half.

Beatus Bryan, sub Texas back, punted to his own 30 and Cordill returned it to the 21. From that point, Landry failed to kick a field goal.

Eryan punted again and Cordill was downed on the 50. Billy Cline, Rice sub for Sullivan, shot a long pass to Cordill, who stepped out of bounds on the Texas' 23. Sullivan went back in the game and broke through the line for 20-yard gain and a first down on the Texas three. Sullivan then rammed the Texas line twice for the touchdown. Landry converted.

Porkers First To Score On Santa Clara

SAN FRANCISCO, Oct. 22 (AP)—Undeclared, untied University of Santa Clara, one of the two great football teams of the West Coast, strengthened its bid for national recognition today with a smashing 21 to 6 victory over the University of Arkansas Razorbacks.

From the opening kickoff it was the wildest, thrill-filled game seen here this year.

The ball changed hands time after time on intercepted passes, punts and fumbles.

The Broncos scored their first touchdown on a forward lateral play, Sub Left Halfback Clark tossing to Right End Anahu and the latter flipping a lateral to John Schiechl, center, who spee'd some 20 yards to cross the goal. It climaxed a yard gaining spurt of 76 yards.

Arkansas pulled up to within nearly even terms after a drive which opened later in the first period and paid off in the second quarter. During the 75-yard thrust, the Razorbacks' abandoned their vaunted passing tactics until the scoring play. They powered along the ground to within 15 yards of goal, where Left Halfback Kay Eakin tossed a lateral to Sub Right Half Atwood who dove over a couple of Santa Claran to light in the end zone.

Simington, right guard, failed to convert the extra point and the Razorbacks still trailed, 6-7.

Shortly after, Sub Fullback Roche bobbed up to intercept a pass by Cloyd Lyons, substituting at left half, and raced 52 yards to score in a 10-play, 100-yard drive.

An intercepted pass paved the way for the fourth period Bronco touchdown. Quarterback McCarthy snagged the ball 15 yards from the Arkansas goal and Clark went through left guard for two yards and the touchdown.

Baylor And Aggies Play To 6-6 Tie

By FELIX R. MCKNIGHT.

WACO, Oct. 22 (AP)—Battered, unbroken Baylor twice reared up on its one-foot line today to muzzle the Texas Aggies and escape with a 6-6 tie that only its courage earned.

Crippled and helpless before Aggie charges until the enemy leaked past its 10-yard stripe, the "good old Baylor line"—the one they write says "about—dug in while rain pelted their faces and snipped defeat in the face twice while 15,000 fans screamed.

Not even the Aggies' magnificent Dick Todd, one of the nation's craftiest broken field runners, could work his magic down around the goal line.

Back from a sudden Baylor surge in the first five minutes that netted their score came a Cadet team to cutrush and outplay Baylor, rolling up 299 yards from rushing to the Baylor 35 and earning 16 first downs to five.

But behind that Baylor line was Bullet Bill Patterson, who first used his aerial skill to bring in the Baylor touchdown and then his uncanny kicking foot to hold off the Cadets.

Three minutes after the first kick-off Patterson started sniping, finding his ace receiver, Sam Boyd, great end, for a 16-yarder that carried deep in Aggie ground, but the score was denied when W. J. Wimpee, the other end missed a perfect peg across the goal line.

Wimpee atoned for that two minutes later, jumping between two Aggie pass defenders to Spear Patterson's throw from the 23-yard line for the Baylor score. A 25-yarder to Boyd had placed the ball in scoring position. Graham's try for point failed.

Pitt's Football Juggernaut, Unbeaten In 21 Games, Swept Over Southern Methodist 34 To 7

PITTSBURGH, Oct. 22 (AP)—Pitt's football juggernaut, unbeaten in 21 games, swept over Southern Methodist 34 to 7 today in a scramble at times so bewildering the 37,500 spectators were left gasping.

The Mustangs trotted out a Southwest aerial attack and the Panthers, true to Coach Jack Sutherland's promise, struck back with the same weapon.

Yet Pitt used its unparalleled power with such skill the Methodists never had a chance.

The first of their five touchdowns came on a 30-yard pass from Harold (Curly) Stebbins to John Chickenee in less than six minutes of the first period.

The Mustangs fought every minute, including the last, but collected on their gallantry only once.

Taking the opening kickoff, Ray Malouf tried three passes from the vicinity of his own 20-yard line. After Pitt's first score he brought the second kickoff back 56 yards to Pitt's 39 and engineered the ball to the Panther eight only to be stopped and a field goal attempt go wide.

But at their persistence they cashed their chips early in the second, travelling 78 yards in three plays with Billy Dewell, their tow-

White Deer Wins 14 To 13 Thriller At McLean

By HARRY E. HOARE, Sports Editor Pampa News.

McLEAN, Oct. 22.—Led by a stouter-footed, weaving powerhouse named Moore, the White Deer Bucks defeated the McLean Tigers 14 to 13 in an inter-sectional class B football game Friday night. McLean had the edge in first downs, 12 to 9, yards gained on the ground and yardage in the air but it was not good enough to overcome the educated tee of Seitz of the Bucks who added two points after touchdowns.

Moore was ably assisted by a much smaller speed demon named Phillips and an even smaller ball totter by the name of Seitz with Russell leading the blocking. The speedy Buck backfield, however, had plenty of trouble piercing a big and well trained McLean line and it was through the use of trick plays, scintillating speed and pass interceptions that White Deer roared to victory.

McLean also had its backfield stars in Braxton, a passing and running dynamo; Carpenter, a speed demon, and Bond, a huge fullback with unusual speed for a big lad. Lee, a pass snatcher, rounded out the Tiger ball totting department after the starting Humphrey and Mantooth had been removed because of injuries.

McLean Line Strong.

The McLean line was almost rocks of granite. A big end named Cash, who could reach yards after being blocked out, a tackle, Norman, and Jones, a guard, led the Tiger line play, making shoestring tackles that stopped ball carriers in their tracks.

Gores, a 180-pound tackle; Woods, a midsize guard who played by his side, and Buchanan, big end, were standouts in the White Deer line.

Neither team gained a foot in seven attempts after the kick-off. Finally McLean made two yards but lost three on the next play. McLean punted for the second time and it was then White Deer made a first down with Moore and Seitz totting. Seitz punted out on the McLean eight and the return kick fizzled, going out on the 12.

Phillips took the ball and started around his right end but Seitz came from nowhere, took the ball from behind Phillips' back and skirted his left end to cross pay dirt stalling. He then added the extra point from placement.

Moore Sparks Bucks.

Lee drew first blood for McLean with a 13-yard run for a first down at the quarter, after an exchange of punts had favored McLean.

Moore sparked a drive which bogged down on the Tiger 45-yard stripe early in the second quarter. It was then the Tiger line started to function at its best. The forwards opened large holes or boxed in the ends to allow Braxton to carry on. He stepped long enough to heave a 15-yard pass to Cash on the Buck three from where he ran the ball over. An attempt to carry the ball over failed.

McLean started another drive near the half but Moore appeared in the picture. He snagged a pass meant for Cash on his 30 and started for the southeast corner. His interference failed to form until he reached the Tiger 30 but from then on Phillips, Seitz and Buchanan took care of would-be tacklers and Moore finished his 70-yard run. Seitz

Oklahoma Beats Nebraska 14-0

NORMAN, Okla., Oct. 22 (AP)—Fading Big Six title hopes of the Nebraska Cornhuskers virtually vanished today, wafted away by a 14 to 0 defeat at the hands of an Oklahoma football team which met power with more power, speed with difference.

Seven minutes after the opening kickoff Oklahoma had a touchdown. A short behind-the-line pass from Hugh McCullough to Bill Jennings, good for 18 yards, was the biggest individual factor.

In the last quarter, a 21-yard punt return by McCarthy to the Nebraska 35, and some dazzling gallops by him and Jennings carried the ball to the four, from where McCullough drove through.

Golfer Makes 150-Yard Hole In-One With Putter

MIAMI, Fla., Oct. 22 (AP)—It wasn't a mistake, after all, when Sam Barken used a putter for his tee shot on the 150-yard, eighth hole at the Municipal golf course, thinking he was using a mid-iron. He half-topped the ball, but it was good for a hole in one.

There must have been a couple of other mistakes though, for Barken took 71 for the nine holes.

Wheeler Whips Groom 12 to 2

WHEELER, Oct. 22.—Scoring two quick touchdowns in the first quarter the Wheeler Mustangs took a 12 to 2 inter-sectional game from the Groom Tigers here Friday night.

Early in the game Wheeler took advantage of a Groom fumble, recovering on the Tiger 20 from where Emier carried across. The try for extra point was wide.

Near the final whistle in the opening quarter Emier took the ball on his own 30-yard line, cut out and roamed 70 yards for another touchdown. Again the try for extra point failed.

Groom registered two points in the third period when Wheeler held on her two-yard line and the attempted punt-out was blocked. An alert Wheeler back, however, dropped on the ball to give Groom only two points.

Wheeler rolled up 192 yards from scrimmage to 110 yards for Groom. Wheeler tried only three passes, completing one for 50 yards and having one intercepted. Four of Groom's 13 passes were completed for 38 yards and one was intercepted.

Emier, Green, transferred from guard to halfback, Pitcock, Weeks, and Groves led the Wheeler attack with Kuehler and Lack in charge of the Groom attack.

Starting lineups:

Wheeler—Weeks and Pitcock, ends; Wright and Piller, tackles; Farmer and Jones, guards; Stephens, center; Groves, quarter; Geen and Hall, halves; Emier, full.

Groom—Crowell and Toyt, ends; James and Angel, tackles; Collins and Wood, guards; Whaley, center; Burgin, quarter; Babcock and Kuehler, halves; Lack, full.

Panhandle Rolls Over Claude 20-7

CLAUDE, Oct. 23.—Panhandle's powerful Panthers won their second conference victory rolling over the Claude Mustangs 20 to 7, Friday afternoon.

Smith, Panhandle back, recovered a fumble on the eight-yard line and sprinted to pay dirt for the Panthers' first touchdown. Slagle intercepted a Mustang pass and scored Panhandle's second touchdown. Coffey kicked extra point and the score stood 13 to 0 at the end of the first quarter.

Smith ran 80 yards for the third touchdown, and try for extra point succeeded.

Tyler smashed for three first downs and a touchdown from the 48-yard line in the fourth quarter for Claude's only tally. He kicked extra point.

Starting lineups: Panhandle — Pruitt, le; Walters, lt; Anderson, lg; Slagle, center; Bettingfield, rg; Cox, rt; Coffey, re; halfbacks, Smith, W. Coffey; quarterback, Daby; M. Coffey, fullback.

Claude—McWhirter, le; Tims, lt; Bagwell, lg; Smotherman, center; Jim Jones, rg; John Jones, rt; Patterson, re; Tyler, rb; Joe Wilson, hb; Doshier, qb; Ben Wilson, hb.

WHERE WAS HE?

RALEIGH, N. C. Oct. 22.—Mickey Thompson, North Carolina State end, never saw a football game until he entered college.

LeFors Crushes Guerrillas 57-0

The Class B LeFors Pirates romped over the Pampa Guerrillas 57 to 0 in a game played at Shaw park. LeFors, Friday afternoon. The Pirates showed a remarkable aerial attack which has been in need of brushing up, according to Coach Francis Smith.

Scholastic difficulties, among the Guerrillas, weakened the eleven somewhat but even a full string would not have been able to cope with the Pirate attack. It is believed, besides showing a sparkling offense, the Pirates came up with a top defense which the Guerrillas were unable to penetrate. The LeFors attack was paced by Carruth and Ellington.

Tech Has Trouble Beating Mines 14-7

ODESSA, Oct. 22 (AP)—Texas Tech's potent Red Raiders remained in the undefeated, untied class by scoring a hard earned 14-7, border conference victory over the rugged Texas School of Mines before 5,000 fans yesterday.

The Plainsmen tabbed their scores in the first and fourth quarters. The Miners' tally came in the final period.

Weekly Review Of Book Given

"400 Million Customers", by Carl Crow, Harpers and Brothers publishers.

Carl Crow is an American newspaperman whose work took him to China. That was more than 25 years ago. He has stayed there and now he has been conducting an advertising agency in Shanghai. He has introduced the Chinese to Western advertising methods.

In China a shopkeeper chooses his employees not for their intelligence, industry and honesty, but because they are members of important and influential families whose trade the shopkeeper desires to keep.

The women will not even accept as a gift a small packet of assorted needles. The business men like to conduct their business in the open so that people passing by may see and comment on their industry.

It is a book of practical information concerning China and the Chinese. The book does not apply to China alone but to the entire human race.

The author has found the Chinese to be lovable as well as amusing. "400 Million Customers" is entertaining, amusing, and informative. Carl Crow has also written a popular guide book to China and the life of Confucius, "Master Kung"—which is being published in England this fall.

Women Today Fail To Develop Education, Speaker Asserts

TYLER, Oct. 22 (AP)—"Today, 100 years after women were admitted to colleges and 50 years after formation of the American Association of University Women, America's womanhood is failing to use channels open to them to develop their education," Dr. Margaret Justin, head of the school of home economics at Kansas State college, Manhattan, told AAUW delegates Friday. Doctor Justin, who is also a member of the National Board of the AAUW, spoke before the state convention of the organization.

"More women, at least as many as men, should be on boards of education for local public schools and on college boards of regents as well as state boards of eleemosynary institutions," she asserted.

SHEER DRAMA IN EVENING GOWN

Here's the now famous Altx gown in sheer black silk jersey with the ingeniously boned corsetlike bodice. The jersey is ultra sheer—almost cobwebby in texture—and the bodice is of black silk moire with the boning underlined with gold embroidery. No more dramatic evening gown than this has come out of current Paris collections.

Dallas Will Get \$75,000 A Month In CCC Program

SANTEE, N. M., Oct. 22 (AP)—Dallas, Texas, will have approximately \$75,000 more to spend each month, third regional officials of the United States Department of the Interior announced today. Purchase of equipment and supplies for 31 CCC projects, which the National Park Service is supervising in Texas, Oklahoma, and Arkansas will be consolidated in Dallas with the opening of offices Saturday in the Cotton Exchange building, there.

William S. Bryant, of Fort Worth, Texas, will be in charge of the Dallas headquarters. Fourteen other employees will be transferred from offices at Austin, Oklahoma City, and Little Rock. The latter offices are being discontinued.

Bryant, who attended Texas Christian University at Fort Worth, is being transferred from Austin. Purchases to be made through Dallas will be exclusively for projects. Approximately half of the \$75,000 monthly expenditure will be paid out in salaries to technical personnel. Supplies for CCC camps will not be handled.

The work hygiene comes from Hygieia, the Greek goddess, of health.

Accidents, rather than disease, are the principal causes of death for persons from 5 to 19 years of age.

Bell Club Names New Committees At Recent Meeting

Bell Home Demonstration club met in the home of Mrs. Roland Daurer this week to discuss plans for achievement day.

Committee reports were made for the 1938 years and the following committees were appointed by Mrs. Jess Morris, president-elect to serve the coming year: Recreation, Mrs. Melvin Whitcomb and Miss Geraldine Skibinski; finance, Mrs. Elbert Keahey and Mrs. R. E. Daurer; educational and year book, Mrs. C. McKnight and Mrs. L. C. O'Neal; expansion, Mrs. T. S. Skibinski and Mrs. L. F. Kotara, and exhibit, Mrs. H. H. Keahey and Mrs. Jess Morris.

In the business session the date of the Hallowe'en party was changed to Saturday evening, Oct. 29, instead of Monday night as planned.

After the business session, Mrs. Julia E. Kelley, home demonstration agent, made suggestions to the club for their pantry achievement which is to be held Monday, Oct. 24, at the home of Mrs. Elbert Keahey. Mrs. Kelley also talked on program material for the year of 1939.

Refreshments of sandwiches and coffee were served to nine members and Mrs. Kelley.

Mrs. Wells Leads Lesson For WMS

DENWORTH, Oct. 22—Mrs. Earl Wells was the teacher of the Bible lesson when members of the Women's Missionary society met at the church Wednesday afternoon. The lesson was from the second chapter of Timothy II.

"Let the Tide Come In" was the opening song. Mrs. Linzy Cotham led in prayer. Mrs. Vester Dowell made a talk on the Southern Baptist W. M. U. Margaret Fund chairman, Mrs. H. M. Rhodes. Mrs. Earnest Dowell, president, was in charge of the business meeting.

Those attending were Mesdames C. B. Copeland, H. D. Hale, Fred Browning, Vester Dowell, Linzy Cotham, Earnest Dowells, and Mrs. Earl Wells.

Hood Pioneer Once
Held By Comanches

DALLAS, Oct. 23-Owen Collin West, pioneer Hood County ranchman who died at Dallas recently at the age of 77, was captured by Comanche Indians when a small boy.

One of the last of the company as West was the son of Robert West, old-time Indian fighter, early Hood county settler and friend of Davy Crockett. West was born on the family ranch near Tolar, Hood county, and lived there all his life.

He was about eight when the Comanches captured him while he was riding a horse to mill. A posse of white men rescued him within a few hours. West was an expert on Comanche lore and was known through Hood county for his Indian stories. He was no less well known for his antipathy to cities and his dislike to spending a night in one.

Math, Engine Courses Will Be Offered

A second meeting of persons interested in studying oil field mathematics and the care and operation of internal combustion engines has been called for 7:30 o'clock Tuesday night at the Pampa High school.

One class in oil field mathematics has already been formed at the high school, with 14 students. W. C. Huckabee is the instructor. The class was organized a month ago, and meets on Monday and Wednesday nights.

There are 17 enrolled in an oil field mathematics class at LeFors, formed two weeks ago. 17 in a class in the same subject at Hopkins, organized in mid-September, and a total of 40 students in two classes at Kellerville, who are studying production practices and natural gas. The Kellerville classes were formed two weeks ago.

Pampa High school Harry Kelley is the instructor for a class in blueprint reading and show card writing. These classes were formed a month ago. The class in blueprint reading meets on Monday and Wednesday evenings, the class in show card writing on Tuesday and Thursday evenings.

All of the classes are a part of the vocational training courses of the state department of education. W. C. Huckabee is in charge of the adult vocational classes and E. C. Pennington is coordinator of diversified occupations in Gray county. There are 20 Pampa High school students in the diversified occupation classes that provide students with practice and theory in various trades.

George Quinn will be the instructor in oil field mathematics and J. C. King the instructor in new class in care and operation of internal combustion engines, to be formed Tuesday night. All classes meet twice a week for a period of 12 weeks.

Driller Develops New Type Of Talisman Rose

TYLER, Oct. 23 (AP)—A new rose, a sport of the Talisman family and the first to be officially named for a queen of the Texas Rose festival, will be introduced to the world this fall by L. H. Stiller of Tyler, a former oil well driller who learned to grow roses by reading books.

The rose, named the Queen Frances Connally after this year's queen, shades the bright lemon yellow of the cuter petals to the deep vivid red of its center.

Stell, who wandered for 15 years among oilfields of Texas, Arkansas and Oklahoma, was moved to become a rosegrower by the beauty of several acres of roses in full bloom. He takes no credit for the new rose. It was produced when half of the bush "decided to go haywire" and produce a sport. I only followed it up," he said.

"The theory as to the cause of this change is that some shock almost killed the genes and chromosomes which govern the inheritance of the plant, then the strongest of the ancestral factors survives and produces an entirely different rose," Stell said.

"All the human element can contribute to this new rose is in the selection of plants with which to propagate it."

Many Texas Feeder Cattle Shipped Out

FORT WORTH, Oct. 23 (P)—Large shipments of feeder cattle to northern and southern states today were outstanding among the fall movement of Texas ranch products to markets.

"Southeastern states are going heavily into the cattle business," said W. L. Piper, vice president of the Fort Worth National Bank. "Farmers there are coming to Texas and paying good prices for livestock, being forced to this course by the AAA program, which has cut cotton and tobacco acreage by some 60 per cent."

Much more feeding will be done in Texas this winter because of the great supply of feed produced, low prices for which make it necessary to consume at home, he said.

"Feeder calves and yearlings are in active demand at an advance of about \$1 a hundred pounds over a year ago, bringing \$7 to \$8 now. Feeder lambs, however, are about \$2 lower, selling at \$5.50 to \$6."

"Prospects are pretty fair and most livestock producers are cheerful over the outlook," he said. "With the coming of winter better prices should prevail on all classes of meat animals."

SERIAL STORY

MURDER TO MUSIC

BY NARD JONES

Copyright, 1938 NEA Service, Inc.

CAST OF CHARACTERS
MYRNA DOMBEY—heroine.
WIFE OF THE ANTI-HERO swing band leader.
ROBERT TAIT—hero, newspaper photographer—detective.
ANNIE LESTER—Myrna's closest friend.
DANNIE FEELEY—officer assigned to investigate Ludden Dombey's murder.

Yesterday, Feeley and Tait were unable to identify the assassin, but the taxi driver remembers a cat meowing as he fell. Tait recalls the Dombey song success, "The Cat's Meow."

CHAPTER XVIII

NEITHER Tait nor Feeley saw any humor in the fact that they were quite as much in the dark as the unfortunate taxi driver. Certain that the wounded man could enlighten them no further they left the General Hospital a disconsolate pair if ever there was one.

On the steps of the hospital Feeley looked at Bob Tait. "I know a good beer tavern near here."

"Lead me to it," said Tait wearily.

Within the next five minutes they were seated in a back booth of beer parlor, a stein before each of them and a heaping bowl of popcorn between the steins. "Suppose," said Dannie Feeley, "that you start talking. You hire a taxi to take you on a foolhardy trip into the Millbay district. The driver gets killed and thinks he heard a cat meowing. And you ask me if I ever heard of the cat's meow?"

"I mean the song," grinned Tait. "I told you about that song. If you paid any attention to swing music you'd know that song. The one that Ludden Dombey was supposed to have written—and didn't."

Feeley nodded. "The one that was written by George Weeks. I remember."

"Yeah. So there's the chance that the guy who wanted to cut me up was our erratic friend, the unknown musician." Tait took a drag at his beer, leaned forward and went on excitedly. "Look, Dannie. Put yourself in his place. Suppose you'd been a third-rate musician all your life, living from hand to mouth—"

"I wish," said Feeley in a tired voice, "I was."

"All right, let's dream it, then. You are. All your life you've figured you are as good as some of these guys in the big dough. And maybe you really are, the breaks being what they are. Then you write a song, and you're sure

it's pretty good. But the song publishers don't think so. They never heard of you, anyhow, and what jobs have you had and with what orchestra? But you have faith in this song—it's called 'The Cat's Meow'—and you know how Ludden Dombey is the king of swins. And this is a swing song. It's ready. It's a thing from the bowels of Africa. It's Beethoven and Irving and something from the drums of the jungle. You know it is, because you know music and you've got the feel. But you're stuck—because, somehow, some way, you didn't get the breaks. You begin to realize that the authors of the Declaration of Independence were nice guys all right, but they weren't quite right when they said that all men were created free and equal. You begin to tumble to the fact that something can happen between the time you were created free and equal and the time when you start to earn the daily bread. But that's all right. You're a good sport. You see that a guy named Ludden Dombey has got some breaks along with his hard work. So you take your song to him, and you ask him to put it over for you."

"I'm following you," said Dannie Feeley. "And I'll buy another beer."

Tait nodded. "Okay. . . . Well—you've taken your song to Ludden Dombey and he sees something in it. It's decided that you ought to let him plug it under his own name. Maybe he decides that, or maybe you do. Anyhow, that's the way it's done. And the agreement he makes is all right with you. Then, under Ludden Dombey's guidance, the song becomes one of the greatest contemporary hit smashes. And then . . . Tait paused a moment. "Then Dombey doesn't pay."

"I'd be sore," said Feeley. "Naturally."

"Not only that, Dannie. The song would come to be the one thing in your life. You'd think of nothing else. You'd see Dombey rising on that song. You'd hear it a dozen times a day. You'd want to scream out, 'I wrote that—I wrote it, I wrote it!' But you don't. Because you've an agreement with Dombey, and you think probably he'll pay out in the end and maybe he's getting more out of the song than you would with your name of—well, George K. Weeks."

TAIT stopped long enough to let the waiter set down two fresh steins on the table. "Little by little, you get a little screwy on the subject of that song. Maybe you get a little hungry, too, and a little tired of spending your nights in 20-cent flop joints. So you up and shoot Ludden Dombey dead

after you've raised the price of a ticket to the Golden Bowl of the Pacific-Plaza."

Feeley nodded. "I get it. That sets me off. I hear that a guy named Robert Tait has been elected manager of Dombey's band. And I still haven't got my money—and by this time I'd like a little recognition, too. So I inveigle you down to the Millbay district and make some passes at you with a knife. And while I'm doing it I make a noise like a cat's meow—because that's the name of the song I got on my added bean."

"That's it! That's what I mean," Feeley grunted. "It sounds like something Leonard Macy would figure out with the help of that alienist, Doctor Darryl Mattise."

"Just the same it's a theory." "Sure. And here's another one. Harris Rogers wanted to get even with you for doing him out of a soft job—with plenty of side money—and he figures to throw you off by making a noise like a cat. And the reason he does it is just because he thinks you'll code up a fancy idea like the one you've been retailing to me."

"I agree with you, Dannie. That's another possibility, and probably it's a better one than mine. But what about that perfume?"

Feeley sighed. "You would bring that up. Are you sure you smelled that stuff outside the Claremont Apartments where Anne Lester and Myrna Dombey roomed together?" "If you'd seen the blond, Dannie, you'd remember it perfectly. It was in the entrance of the Claremont and it came from the blond, it isn't the kind of perfume that Myrna would choose."

Feeley regarded the younger man oddly. "I see. Then we've got to consider the possibility that the person who wanted to bleed you to death was the blond."

"We have."

"And that she also was the girl who knocked Dombey off."

"Yes." Feeley shook his head. "I've had Miss Dunphy making the rounds of the names we got from Dombey's papers. But there was nothing doing. At least half of them were blonds, too."

Tait glanced toward the window. The first streaks of dawn were breaking into the all-night beer tavern. "What do you say we go back down to the Millbay district and have a look at that factory building now?" "There're two things I'd rather do," said Feeley. "One is sleep, and the other is drink a third glass of beer. But when I see my duty . . ."

Red Cross Combatting Accident Toll In U. S. Homes And Farms

Describing efforts to prevent what he characterized as "the shocking loss of lives and permanent injuries" attributed to accidents in homes and on farms, Alex Schneider, Chairman of the Pampa Red Cross Chapter, Saturday night said that efforts of the local Red Cross group were being concentrated on preventing such waste in human lives and efficiency. "Few persons realize that in their homes last year, 32,500 men, women, and children were killed by accident, and that 4,500 persons were killed on farms—a total of 37,000 fatalities," Mr. Schneider said. Home and farm accidents continue to happen because so little is being done about them. Judged by the large numbers injured, maimed, and killed, home is the most dangerous place for rest and comfort, while the farm is the most dangerous place to earn one's bread.

To bring home and farm accidents to public attention, he said, some 10,000,000 children in schools throughout the country are being given check-lists for common hazards in homes and on farms. With their parents, they will go over homes and farm buildings looking for places or situations where possible accidents might occur, and make efforts to have such hazards eliminated.

"We are confident such efforts will bring results," Mr. Schneider said, "for during the three years the Red Cross has carried on this fight, there has been a noticeable and encouraging drop in the national totals for home and farm accidents."

The leading types of home accidents, Mr. Schneider said, "include falls, burns and scalds, food and drug poisoning, poison gas, and mechanical asphyxiation, followed by a miscellaneous group of cause including cutting and piercing instruments, electric currents, firearms, drowning, and household pets."

"Farm accidents," he said, "are mainly caused by ignorant or careless handling of farm machinery and farm animals."

"The prevention of farm fires," Mr. Schneider said, "was a major object in the campaign, since \$90,000,000 annually of farm buildings, equipment, seed, and other farm products goes up in smoke, and one farm family in every ten has suffered from accidental fires in the past five years."

"Accident prevention is the responsibility of the entire community," Mr. Schneider concluded. "Parents as well as school children need to be taught this lesson. Accidents will not let up until there is a general realization of the need for elimination of useless hazards."

Tom Eckerd, of the Pampa fire department, has been named chair-

ED SMITH PLANS TO 'BLAST AAA TO KINGDOM COME'

Senator Maps Proposal For New Farm Act

Plan Would Cure Major Farm Ills, Carolinian Says

NEW YORK, Oct. 23.—Senator "Cotton Ed" Smith of South Carolina, who piloted the AAA through the Senate last winter, is now dead set against the Act as impracticable and is planning to introduce a new agricultural bill of his own during the coming session of Congress, he reveals in a statement to the Country Home Magazine.

"Cotton Ed," survivor of the recent "purge," is framing a farm bill which he predicts "will blast AAA to kingdom come" when he throws it like a bomb into the next meeting of the Senate agricultural committee. If it becomes law he believes it will solve all the country's major problems, end subsidies, and for the first time in history place American agriculture on a basis of equality with industry. The proposed bill is described by the magazine, a national farm publication, as follows:

"In its simplest definition, this bill, based upon the success of the United States seed loan laws, would set up a system of state banks for farmers similar to the Federal Reserve bank system. Coordinated under one federal agency, these banks would grant farmers two to three-year loans, would take liens on their crops, provide elevators and storehouses for holding the farmers' equities in their crops, and become a marketing agency for this produce disposing of it as marketing conditions warranted.

Would Eliminate Land Banks
"This system, Senator Smith explained, would do away with land banks and intermediate credit banks. It would also provide for soil conservation, because the farmer who wanted a loan would have to prove that he was taking proper care of his land and farming by the most improved methods. It would also take care of surpluses because each bank, governed by farmers themselves, would keep its creditors informed of national and international agricultural demands and advise them on the most profitable crops to raise."

The magazine quotes Senator Smith as follows in support of his plan:

Seems "Butterfly" Rule
"It may be a large order, but I am sick and tired of farm laws framed by hysterical and wide-eyed dreamers. We have had enough butterfly rule. The AAA won't work. It won't work because it attempts to mold farmers to the law instead of law to the farmers. I piloted the AAA of 1936 through the Senate. I voted for it. But I warned those who framed it that I didn't think it would work. I merely hoped for the best. Now I know it won't work. "I was reared on a farm. I have been a farmer all my life. I shall create my bill out of the experience of farmers and not out of the theories of men who would starve to death if they were tossed on their heads in a cotton patch."

Schools Adopt Polar Book Of Joe Hill, Jr.

CANYON, Oct. 23.—In Little America With Byrd, a book based on the experiences of Joe Hill, Jr., on the Second Antarctic Expedition, has been adopted for supplementary reading in the public schools of Texas.

It was written by Mrs. J. A. Hill of Canyon, and Joe, Jr., her son. It is illustrated with photographs made on the trip and has a foreword written by Admiral Byrd. Young Hill will receive a degree in mechanical engineering at the University of Texas in June of next year, then will study aeronautical engineering at a technical school.

Adopted as a basal text in reading for the fourth grade was another book, "America's First Families," written by a W. T. ex-student, Miss Annie McDonald of Amarillo. She is assistant superintendent of the Amarillo public schools.

EVANGELIST

Rev. J. C. McKenzie of Amarillo, district 10 missionary, will conduct a ten-day revival at the Baptist church at Panhandle, starting Wednesday.

Panhandle Students Given Poster Awards

PANHANDLE, Oct. 22.—Awards were presented to winners of the safety poster contest in a grade school assembly program here Wednesday morning. The awards were made by Zane Smith, member of the Panhandle fire department.

Winners in the contest, held in cooperation with National Fire Prevention week, Oct. 9-15, were: grades 1 and 2, first prize, \$1.50, Floyd Pond; second prize, \$1.50, Joyce Cummings; third prize, 50 cents, William Carroll Surratt.

Grades 3 and 4, first prize, \$3, Billy Grace Gurrum; second prize, \$2, Patricia Robinson; third prize, \$1, to Thad Carroll.
Grades 5, 6 and 7, first prize, \$3, Harold Welsh; second prize \$2, Otis Sterling; third prize, \$1, John Murray.
A package of fruit mints was given to each grade school pupil by W. A. Miller, fire department president, in appreciation of their participation in safety week.
A chalk drawing entitled "When the Sun Has Turned the Ocean's Blue to Gold," was made by Rev. A. L. Haley and presented to Mrs. Maud Hunt Owens, music teacher, for the grade school music room.

Shamrock School Plans Carnival

SHAMROCK, Oct. 22.—Plans are being made for a Halloween carnival to be held at the Junior high school building Oct. 31.

Each class in the high school has nominated a girl for carnival queen. In the Junior high school each class has a nominee for queen's attendant.

Different rooms have served lunches, sold sandwiches and candy the past week to raise money for the carnival.
The dinner will be served Halloween night in the high school home economics department. All money raised by the carnival will be used to buy books for the libraries of both the high school and Junior high school. Much interest has been shown as this is an annual affair, the carnival having been held for the past several years.

District Head Visits Shamrock Rotary Club

SHAMROCK, Oct. 22.—For the first time since its inception the Shamrock Rotary club had an official visit Thursday from the district governor, Linton H. Estes, district governor of the 127th district of Rotary International.

Estes met with the assembly of the board of directors and committee chairmen at the Chamber of Commerce office at 10 o'clock. After this conference which lasted two hours, he addressed the Rotary club at their regular weekly meeting.

Governor Estes stressed the selfishness of Rotary, the necessity for regular attendance and individual interest and work within the club.

He praised the progress of the club which was organized just six months ago through the efforts of the Pampa Rotary club.

WTSC To Hear Connally On "Prexy Day"

CANYON, Oct. 23.—Senator Tom Connally, a boyhood friend and classmate of Dr. J. A. Hill, will be the "Prexy Day" speaker on October 29, the 61st birthday of the president of West Texas State College.

Senator Connally has accepted an invitation extended by the Epsilon Betas, men's social club which annually sponsors "Prexy Day," and a group of local citizens. He will speak at 11 a. m. in the main auditorium. A luncheon honoring the Senator and other distinguished guests will be given at Cousins Hall by Clyde W. Warwick, Randall county democratic chairman, and C. R. Burrow, local lumber dealer and former mayor, and a longtime friend of Senator Connally.

Letters are being sent urging the presence of all Democratic county chairmen in Northwest Texas, and

legislators of the same area will be invited.

In the afternoon, the visitors will be taken on a tour of Palo Duro State park and to Buffalo dam and lake. The concluding event of the day will be a football game at 8:30 p. m. between the West Texas State

College Buffaloes and Kansas State College of Pittsburg.

The Epsilon will open the assembly program with a short tribute to President Hill.
