

CAPTAIN PLOTS POSITION—Capt. Edward L. Beach, commander of the nuclear-powered submarine USS Triton, plots the ship's position off the Canary Islands during an around the world underwater voyage. The lines on the map marking the submarine's course intersect at the spot where the submerged circumnavigation of the world was completed on April 25, 1960. This photo was made during the voyage and released in Washington. (U. S. Navy photo via AP Wirephoto)

Homefolks Welcome Globe-Circling Sub

NEW LONDON, Conn. AP—The world-circling submarine Triton came back home today to the strains of the tune "Around the World in 80 Days" and cheers from jubilant families.

As the 7,750-ton giant was nosed alongside the pier, wives of the crew waved and held high their small sons and daughters who have been waiting to see their fathers for almost three months — a period in which the nuclear-powered Triton circled the world under water.

The wife of the skipper, Mrs. Edward L. Beach, held a bouquet of red roses and pushed her three children forward to wave at their father.

The children—Ned, 12; Hugh, 11; and Ingrid, 7—held up red-lettered signs that said: "Welcome home Triton."

The white-lead landing crew stood at attention in the rain as the huge, gray submarine pulled alongside within a few feet of a platform of high officials waiting to greet the crew and officers who left here Feb. 16 on a secret mission.

It was a mission that took the Triton along the route of Ferdinand Magellan's first trip around the world and which won a Presidential Citation.

When Triton surfaced off Delaware Tuesday it had completed a 41,500-mile submerged trip that began 83 days, 10 hours and 15 minutes before. It had retraced the course Ferdinand Magellan charted 420 years ago.

Its commander, veteran submarine Capt. Edward L. Beach, was plucked from Triton's rolling deck by helicopter and flown to the White House, where a grinning Eisenhower said the underground nuclear tests to try out detection systems will be controlled by a joint group including Soviet representatives, President Eisenhower said today.

Soviets To Help Supervise Tests

WASHINGTON (AP)—The U.S. underground nuclear tests to try out detection systems will be controlled by a joint group including Soviet representatives, President Eisenhower said today.

The president was told at his news conference that last Saturday's announcement of the forthcoming tests caused some confusion over the extent of Russian participation.

Eisenhower said the underground tests will be supervised by a body representing Britain, Russia and the United States and that no weapons whatever will be involved.

In fact, Eisenhower said, many of the tests won't even involve nuclear materials.

School Board Wrestles With Problem Of Boundaries Again

Snyder School Board members wrestled with a familiar problem last night—what to do about crowded conditions at the East Elementary School.

Previously the board had ordered a survey by the administration and had received recommendations for elementary school zone boundaries based on geographic and membership factors designed especially to relieve East Elementary.

A delegation of patrons last night voiced protests of the boundaries, with most of those appearing involved in switches from the East Elementary to the Northeast Elementary School.

Patrons pointed out that some pupils who had attended the East school since the first grade would be moved away from their classmates and that friendships established in their first years would be broken off. Also, some questioned the possibility that the zoning as

President Doubts Plane Shot Down By Russians

Still Hopeful For Summit

By PRESTON GROVER

MOSCOW (AP)—The Soviet Union today put on display "spy equipment" it said came from the American plane downed over Sverdlovsk May 1.

Among the items was a hypodermic needle which Premier Nikita Khrushchev has said was carried by the plane's pilot, Francis G. Powers. Khrushchev said Powers was supposed to have killed himself with poison on the needle.

The equipment was displayed at a news conference where Foreign Minister Andrei Gromyko said any aircraft which "again dare to make a sortie into our borders will be smashed to smithereens."

He reiterated that fations furnishing bases for spy flights will have those bases obliterated.

Gromyko said evidence leaves no doubt that responsible U.S. agencies which sent the plane over the Soviet Union were acting in the interest of preparing an aggression and pursuing a course hostile to peace.

From the standpoint of international law, the foreign minister added, the intrusion of a U.S. plane into the air space of the Soviet Union is an act of aggression.

The Soviet Union, in a note Tuesday, laid the blame for the Powers' flight squarely on the U.S. government—not just its military leaders—and indicated the U.S. government would be tried for espionage.

Moscow Radio today followed up the protest note with a strong hint that further U.S. flights over the Soviet Union might trigger a Soviet bomb attack on the United States.

A broadcast beamed to North America recalled that Washington had repeatedly announced that at the first sign of enemy planes approaching the United States, American bombers would be ordered to deliver a return blow.

"Why then shouldn't the U.S.S.R. do likewise when it finds a U.S. plane in its territory," the commentator demanded.

The United States meanwhile requested permission for a U.S. Embassy officer to interview Powers, 36-year-old former Air Force pilot from Pound, Va., who the Soviet said confessed he was spying for the Central Intelligence Agency CIA.

The Soviet note said the American flier "will be brought to account under the laws of the Soviet state."

The Soviets were expected to stage a news conference today to show reporters the escape kit, the poisoned needle, pistol with silencer, maps and other gear they say the pilot carried.

Foreign Minister Andrei A. Gromyko handed the Soviet protest note to U.S. Charge d'Affaires Edward L. Freares Tuesday.

Hostile acts of American aviation which have taken place numerous times in relation to the Soviet Union are not simply the result of the activity of the military command of the U.S.A. in various areas, but are an expression of a calculated U.S.A. policy," the note said.

Dispatches from Geneva indicated that plans will be shown to Soviet scientists and that some details will be open to negotiation.

Bud's Office Supply was awarded typewriters and other office-type machines during the coming year. The firm's cumulative bid was the lower of two received.

The board authorized the school business manager to purchase some additional uniforms for junior high bands.

There was some discussion, but no formal action was taken, on awards for junior high athletes and on arrangements for additional coaches in the junior high school.

Kennedy Scores Smashing Triumph In West Virginia

By ARTHUR EDSON

CHARLESTON, W.Va. (AP)—Sen. John F. Kennedy (D-Mass.) took a giant stride toward the Democratic presidential nomination today with a smashing victory in the West Virginia primary.

He not only rolled over Sen. Hubert H. Humphrey (D-Minn.) but also knocked him out of the presidential race completely.

At 1:08 a.m. Eastern Standard Time, Humphrey conceded. Moments later he issued a statement in which he said:

"I am no longer a candidate for the Democratic presidential nomination."

Kennedy flew back from Washington early today.

West Virginia has tonight given me a major boost toward the Democratic nomination for president," he said jubilantly.

Kennedy, a Catholic running in a predominantly Protestant state, thanked the voters.

"I had no doubt," he said, "that you would cast your vote on the basis of the issues and not on any religious prejudice."

Kennedy jumped ahead 30 start and steadily increased his margin.

With 2,093 of 2,750 precincts reporting, the scoreboard looked like this: Kennedy 173,113; Humphrey 108,890.

The Kennedy victory wasn't even unexpected, but the size of it certainly was.

A few observers had thought that Kennedy might take a guess-bing here. But usually the guess was that it would be close, with the edge, if any, going to Humphrey, a Congressional favorite.

The timetable shows how unexpectedly easy it was.

West Virginia ballots are long and most are counted by hand, so the prediction was that it

Johnson Choice Of Alabama Democrats

MONTGOMERY, Ala. (AP)—Sen. Lyndon Johnson of Texas has air edge over other presidential hopefuls in bidding for Alabama's votes at the Democratic national convention.

More than any other prospective nominee, Johnson is the No. 1 choice among the 28 convention delegates elected in the May 4 primary.

He is out in front among the 34 candidates who will fight it out in the May 31 runoff for the remaining 17 convention seats from this state.

Believe Parts Of Plane Are Found

BILOXI, Miss. (AP)—The Coast Guard said today aluminum parts pulled up by two fishermen in the Gulf of Mexico may be parts of an airliner that crashed last November.

The fishermen pulled the objects up in their trawl nets yesterday in about 200 feet of water.

By MARVIN L. ARROWSMITH

WASHINGTON (AP)—President Eisenhower said today there is some reason to believe the American spy plane which flew into the Soviet Union was not shot down at high altitude as the Soviets claim.

The President also told a news conference it is absolutely ridiculous for the Russians to contend the United States, or any of its allies, is engaged in any provocative action in the use of espionage planes.

Eisenhower said he still is hopeful despite the furor over the plane incident—that the Paris summit meeting starting Monday will accomplish some good and help ease international tensions.

At the start of the news conference, Eisenhower read a pre-

pared statement dealing with the American U-2 plane which the Russians claim to have shot down from an altitude in excess of 60,000 feet.

In his statement, the President spoke of discrepancies in the Soviet account of shooting down the plane and capture of the American pilot, Francis G. Powers.

Explaining, Eisenhower said there is "some reason to believe that the plane was not shot down at high altitude."

In response to a request for elaboration about his mention of discrepancies in the Soviet account, Eisenhower referred to the photographs which the Russians released as pictures of the wreckage of the plane.

This government, Eisenhower said, believes that the pictures produced by the Russians are not actually photographs of the U-2.

After he read his prepared statement, Eisenhower said he would have nothing further to say regarding the plane episode. But

Asked which side with at least the fringe of the episode, and he replied to all.

For example, he was reminded that he has said many times that he would not go to a summit conference under the circumstances of any Soviet threat or ultimatum. A spokesman noted that the Soviet government Tuesday threatened to retaliate against the United States if it continued to send spy planes over Russia.

Asked whether he regarded that as a threat in the category he had mentioned previously in relation to the summit meeting, Eisenhower replied that he did not. That particular threat, he went on, belonged to a special category and should not be regarded as an ultimatum.

In his prepared statement, Eisenhower touched on these points: The need for intelligence-collection activities, the nature of these activities, how should we view them and that the United States must not be distracted from the current real problems of the world.

Clouds Bring Little Rain

Two flurries of activity, by the elements, raised hopes but introduced little moisture in the Snyder area late Tuesday and early today.

A brief early shower, which brought mostly blowing sand Tuesday evening. An abbreviated shower around 4 a.m. today produced only .65 of an inch of moisture.

Still, it was the first rainfall measured here during the month of May.

Forecasters indicated there was a possibility of more showers in Northwest Texas, but indicated that they would be widely scattered.

Nashville Lunch Counters Now Partially Integrated

By The Associated Press

Six Nashville stores have begun serving Negroes at, previously all-white lunch counters on a partially integrated basis.

Small groups of Negroes sat without incident at the six counters, Tuesday under a previously secret agreement to serve them during slack periods. Others planned a second test of the plan today.

Officials of the six Nashville stores said they reached an agreement with white and Negro civic leaders to serve Negro customers at the previously all-white counters during slack periods. The agreement was not announced in advance.

All six stores had closed their counters at various times in recent months during sit-in demonstrations which resulted in the arrest of nearly 150 Negroes.

As part of the agreement, Negroes ended a boycott of downtown stores which store officials said had not been effective. They said the agreement was made to bring an end to the threat of violence which had caused many customers to shift their business to suburban shopping centers.

A demonstration by about 200 Negroes in Winston-Salem, N.C., resulted in two arrests. But a temporary truce was arranged by City Manager John D. Gold who agreed to call a meeting of store managers and Negro protest leaders.

Lunch counters in three Winston-Salem stores and one in

Sen. Anderson Is Primary Winner

ALBUQUERQUE, N. M. (AP) — Sen. Clinton Anderson and New Mexico's two members of the House of Representatives won re-election in Tuesday's Democratic primary.

At the same time New Mexicans arranged another November battle between Gov. John Burroughs, Democrat, and former Gov. Edwin Mechem, Republican.

Siege Broken By Hostage's Quick Action

MARYSVILLE, Calif. (AP) — A plucky woman hostage broke up a 20-hour siege Tuesday when she grabbed two pistols from a Bible-reading gunman and broke for police lines.

The gunman, James W. Owens, 34, raced after the woman and was wrestled to the ground by four of the 50 policemen who surrounded the home. Owens was committed Monday.

Owens' hostage was Laverne Midgett, 25, a girl friend brought from Stockton to try to persuade him to give up.

Owens, a Negro, who is married and has three children, let Miss Midgett come into the house but grabbed her as she started to leave.

The ordeal began Monday as two officers took Owens, who said voices warned him that "everyone wants to kill me," to Yuba County Hospital for a mental examination after he tried to drink a bottle of bleach.

While at the hospital, Owens grabbed the revolver of one of the officers and then forced the other to turn over his weapon.

Owens ran into the home of James Brown, who later escaped.

During the next 20 hours, officers erected sandbag barricades around the house and tried to talk the gunman out.

During the long standoff, Owens repeatedly fired his weapon at the officers and threatened to kill them with a Bible and muttered prayers. He finally, however, and Miss Midgett broke from the house, a pistol in each hand.

Disagree On Photograph As Evidence

AUSTIN (AP) — A Court of Criminal Appeals judge today labeled as "hearsay testimony" a police photograph identified by a detective as a picture of a man wanted in Pennsylvania.

Such testimony should not be admissible, Judge Lloyd Davidson wrote in a dissenting opinion in a Houston case.

Oliver O'Connor had appealed from a district court which had ordered him turned over to a Pennsylvania sheriff on charges of acquiring property Aug. 12, 1955, by force or deception.

The appellate judge said he saw the O'Connor sought. A picture of him was taken by Houston police and sent to a detective in Pennsylvania who had arrested him. The detective swore that the photograph was that of the man he had arrested.

In the majority opinion, presiding Judge W. A. Morrison said the authenticated documents and exhibits were sufficient to authorize the trial judge to reject O'Connor's affidavit and deny him a writ of habeas corpus.

Davidson said that since O'Connor had denied he was the person named the burden was upon the state to overcome the testimony. Referring to the picture, Davidson said the "hearsay testimony is held by this court, trial court, to be admissible and sufficient in law to overcome the positive sworn testimony to the contrary. It is my opinion that such is not the law."

Youngster Is Too Obedient

MEMPHIS, Tenn. (AP) — Rauler Burks, 7, knows now a fellow can be too obedient.

Swallowing the teacher commanded when she spotted the second grader chewing away in class.

Ragel swallowed, then gulped. The youngster was taken to a hospital for removal of the pencil stump.

Waco City Manager Resigns His Post

WACO (AP) — City Manager Jack Jeffrey, 38, resigned today, effective June 30.

The Beaumont City Council was reported meeting to name Jeffrey city manager there.

Jeffrey has been city manager here seven years. Prior to that he was city manager at Kerrville. He also served as city manager of his home town, Carzozo Springs.

General's Famous Dog Is Missing

WINTER HAVEN, Fla. (AP) — Gen. James Van Fleet's internationally famous dog, Happy, is missing.

The dog was a gift to the retired general from Syngman Rhee, the recently ousted president of Korea.

Happy, a Korean husky, disappeared from the home of Van Fleet's wife, Mrs. Van Fleet, who was keeping the dog for the general.

Author's Ex-Wife Asks Back Alimony

LOS ANGELES (AP) — Marion Hargrave's ex-wife demands \$10,800 in back alimony and support payments from the author whose best known book is "See Here, Private Hargrave."

Alison Pfeiffer Hargrave filed the suit Tuesday. Divorced in 1950, the couple has two children.

Hargrave, 40, in 1954 married Robin Edwards, Roosevelt's widow of Curtis D. Roosevelt, grandson of the late President Franklin D. Roosevelt.

Ike Doubts Religious Issue Over FPC Chief Tells About Phone Call

WASHINGTON (AP) — President Eisenhower said today he isn't sure he agrees completely with observers who are saying Tuesday's Democratic presidential primary in West Virginia buried the religious issue in the 1960 campaign.

The President added that he stands by an earlier statement which he said used the strongest language he could command to deplore the injection of the religious issue in this year's election.

The smashing triumph of Sen. John F. Kennedy, D-Mass., a Roman Catholic over Congregationist Sen. Hubert Humphrey, D-Minn., in predominantly Protestant West Virginia has been viewed by some as minimizing the religious question.

Eisenhower did not elaborate at all in expressing his doubts, but the religious issue finished off the issue.

But he did seize a chance to chide the pollsters and the press for their advance assessments of the West Virginia situation.

The President said that while he normally reads only the Sunday newspapers, he had read what the press said was going to happen in West Virginia. Many political writers had predicted a Humphrey victory.

Deaf Youth Still Seeking Lost Dog

LOUISVILLE, Ky. (AP) — Every day 15-year-old Leslie Stayer, who is deaf, rides a bicycle through the neighborhood shouting the name of his lost dog, Teddy. Leslie has used the pet as his "wife" since both were small.

Mrs. Edgar Stayer says her son and the 12-year-old dog had "a sort of understanding."

"They would go to play together, and I'd call them when I wanted them home. The dog would hear and be bringing Leslie."

Elvis' Autograph Sought By Royalty

HOLLYWOOD (AP) — When royalty and Elvis Presley, teen-ager king, are in the same place, the king of the movies is king.

How do you do it, it's so nice to meet you, smiled the singer Tuesday when introduced to the touring King of Nepal and Queen Rathi on a movie set.

Sheriff Earl Abercrombie

Sincerely thanks the people of Scurry County for their support in the first primary and would appreciate your support in the second primary of June 4.

Earl Abercrombie

Parr Party Dealt Blow In Canvass

SAN DIEGO, Tex. (AP) — Political boss George R. Parr and his Old Party suffered severe losses Tuesday night when the Duval County Democratic Executive Committee refused to certify the 637 votes cast in the absentee box in Saturday's Democratic primary.

The absentee votes were the margin by which several Old Party candidates, including Parr, apparently had defeated Freedom Party candidates.

Tossing out of the 637 votes put Parr just three votes behind incumbent Santiago Cantu of the Freedom Party for county chairman.

Under the decision of the Duval County Democratic Executive Committee the Freedom Party will have a majority on the committee.

A court suit by the Old Party against the committee's decision appeared certain.

Under Tuesday's action a runoff will be required in the race for sheriff. Final returns gave 2,224 votes to H. R. Canales, a Freedom Party leader who died before the election. The runoff would be between Vidal Garcia, with 2,144 votes, and Pedro Saenz, with 187 votes.

Cantu said the executive committee refused to certify the absentee box because of reported irregularities. Among them, he said, was that 44 ballots were unaccounted for from the 913 issued to the county clerk for absentee voting.

Other new winners are in the constable and Democratic precinct chairman races.

The new winner for constable in Precinct 4 is Leonel Garcia, Freedom Party, who defeated PAOLO Chavera of the Old Party.

Texarkana Editor To Speak At TCU

FORT WORTH (AP) — J. Q. Mahaffey, editor of the Texarkana Gazette and News and a national known speaker, will address the banquet of the Texas Christian University Journalism Department Friday night.

He will speak on the topic "Wanted—Reporters Who Know The Score."

The Score is a membership of the board of the American Society of Newspaper Editors and is past president of the Texas Associated Press Managing Editors Assn.

Esther Williams Is A Mere Figurehead

LOS ANGELES (AP) — Movie mermaid Esther Williams said she was just a figurehead in the swimming pool team bearing her name that went bankrupt.

Miss Williams charged in bankruptcy proceedings Tuesday that she wasn't even permitted to examine the books of International Swimming Pool Corp., which sold 18 million dollars worth of Esther Williams swimming pools during the company's four-year operation.

Ike Is Invited To Vacation In Newport

PROVIDENCE, R. I. (AP) — President Eisenhower has been invited to spend his summer vacation in Newport.

Gov. Christopher Del Sesto, R-Del., announced Tuesday a General Assembly resolution extending the invitation to the president.

The President and Mrs. Eisenhower have vacationed at Newport in 1957 and 1958.

NEW
Gates low profile
nylon tire

gives 25% MORE miles!

New shape reduces flexing and heat...increases tire life thousands of miles

Conventional tire running on the road bulges, flattens, scuffs the tread, generates heat in tire body to shorten life.

Low profile Air-Float Deluxe is built in revolutionary new shape—actually, the running shape of a tire! Reduces flexing that causes heat build-up and tread scuffing. A major reason you get fully 25% more mileage!

GUARANTEED
against ANY failure!

Made with more than 2 miles of tempered nylon cord, this tire is so tough it is virtually blow-out proof! Guaranteed against any failure. Get a new tire, with full credit for full tread life, should full credit for standard adjustment schedule.

If you can beat it... buy it!

"The new Ford Starliner was built and powered to be the finest performer FORD ever made. We invite you to enjoy the experience of driving it"—YOUR FORD DEALER!

If you're hankering for the sweetest performance you've ever experienced, this is for you... the one and only 1960 Ford Starliner.

Beneath that racy, hard-top roofline, there's room for six strapping folks... and sheer elegance in the smart interiors that will win over the most discriminating. As for comfort, there's a new 5-foot-wide tread beneath that makes this the smoothest, loveliest-riding car in all Ford history.

And, just for you... beneath that road-hugging, safety-vision hood, you've got an engine that says "yes" when you say "go."

We're talking about the optional Thunderbird 352 Special V-8... and to make it even more spectacular, it's teamed with Ford's Cruise-O-Matic Drive!

Why not see your Ford Dealer right now?

SPECIAL SPRING SHOWING!

Don't Slap Your Child Too Often

BY DOROTHY V. WHIPLE, M.D.
AP Newsfeatures

Children love a commotion. Usually when you slap a child you are annoyed—or maybe even angry—and you not only slap but scold and make a fuss. Of course the child doesn't like the pain of the slap; he may even cry. Nevertheless he loves the commotion. He loves being the center of the stage and having so much fuss made just about him. Next time things are a bit dull he is likely to repeat the forbidden behavior in order to have a lot of attention paid him.

Mary was toddling around the living room looking for something to do. Mother and Dad were talking to each other and paying no attention to the little girl. She felt left out. She began playing with the cigarettes on the coffee table and keeping an eye on her parents, expecting that this behavior would arouse their attention. Nothing happened. Mary dropped the cigarettes—they really were not much fun. Presently mother stopped talking and looked toward the child. Mary immediately reached for the forbidden cigarettes, keeping one eye on her mother to make sure she was looking. She was. Immediately things began to happen.

Attention-Getting
"Mary, haven't I told you not to touch those cigarettes?" And Mother dashed across the room to the child.

"You're a bad girl!" And Dad's voice was big.

Mary had achieved what she wanted.

Both her parents were paying lots of attention to her. She got a little spank, but it didn't hurt much. Mary had learned that she could always make life more interesting by doing the things that brought spanks. She loved being jumped on and made much of and she knew how to make the adults dance to her bidding.

Useless Spanking
Spanks give in anger and with few seldom teach what we want to teach. Very often it's quite the opposite—the child learns.

Usually you can find better means than spanking for teaching a child the "do's" and "don'ts". There are times, however, when you have to teach a little child that he cannot do something. Some things are dangerous, such as turning on the gas stove, and he simply must not do it. For a few things spankings or slaps are necessary.

Justifiable Lesson
But when you must use physical punishment, think about it this way. Suppose Johnny puts his hand on a hot stove. He gets burned, it hurts, and it hurts quite badly, but the stove doesn't care—the stove just stands there and hurts when you touch it. It didn't scold, it didn't fuss, it didn't say anything, it just hurt. Chances are pretty good Johnny will not touch that stove again—once was enough. If you must use physical punishment, remember the hot stove. Don't scold, don't talk, don't make a fuss and above all be absolutely consistent.

WOMEN'S CALENDAR

THURSDAY

Town and Country Garden Club Spring Luncheon and installation of officers at Martha Ann Woman's Club.

Central P-TA meets at 3:45 p.m. at the school.

The Snyder Garden Club will meet at 6:30 a.m. at the home of Myrtle and Fay Harrell, 3611 Avenue V to leave for Weatherford. The group will tour the Chandler Gardens.

FRIDAY

Altarian Club meets at Martha Ann Woman's Club with Mrs. A. C. Preuit, hostess.

Senior Mothers and student planning committee meet at 4 p.m. at high school for final plans on senior day activities.

SATURDAY

Antheneum Study Club installation breakfast at Martha Ann Woman's Club.

SUNDAY

Delta Kappa Gamma Tea at Martha Ann Clubhouse, 2:30 p.m.

Snyder school P-TA organization will hold joint installation services at East Elementary at 4 p.m. Mr. Clois Henry installing officer. Mrs. Fred Beatty to present life memberships.

Sunshine

If clothes responded to sunshine as flowers do, we'd fully enjoy the pretty colors available in fabrics today. Unfortunately the sun bleaches the life out of most colored fabrics. The reaction of sun, shade, water and dye not only fades color but weakens the fibers as well.

Cheese-Cake Pie Deserves A Try

By Cecily Brownstone

AP Newsfeatures Food Editor

LET WHO will take credit? Various grateful cooks have attributed the world's best cheese-cake pie to the friends from whom they borrowed the recipe. We can't track down the genius-originator, but one thing we know—filling a graham-cracker crust with cream cheese, eggs, sugar and vanilla and topping it with sweetened sour cream that is allowed to set in the oven results in a supreme dessert.

We tasted this cheese-cake pie for the first time almost a dozen years ago when a friend's cook offered it as a surprise at a New York party. About this time, too, the recipe began to appear in printed form in various versions—the same basic ingredients in slightly varying amounts.

In recent years this dessert has been manufactured and turned up all over the country in frozen-food cabinets. Be that as it may, we strongly advise you to try this version; you'll get a lot for your money and that extra bonus of homemade flavor.

Two innovations of our own go with this rule. Walnuts are added to the crust and our tasters agree they should never be omitted. See-

and we make the dessert ahead of partytime, cover it with transparent plastic wrapping and freeze it. Before serving time we let it thaw briefly at room temperature, then put it into the refrigerator to chill so it will cut firmly.

BEST CHEESE-CAKE PIE

INGREDIENTS: 1 cup, finely crushed graham-cracker crumbs; 1/4 cup chopped medium-coarse walnuts; 1/4 cup butter, melted; 2 eggs; 3 packages (3 ounces each) cream cheese at room temperature; 1/2 cup sugar; 1/2 teaspoon vanilla; 1 pint commercially prepared sour cream; 3 tablespoons sugar; 1/2 teaspoon vanilla.

METHOD: Mix together the crumbs, walnuts and melted butter. Press evenly over bottom and sides of a 9-inch heat-resistant glass pie plate; have crumbs come up to rim. Bake in moderate (375 degrees) oven 5 minutes; remove.

Beat eggs until thickened and lemon-colored. With out washing beater, beat cream cheese, 1/2 cup sugar and 1/2 teaspoon vanilla together; add eggs; beat until blended. Turn into crust; return to slow (325 degrees) oven for 20 minutes. Meanwhile stir together the sour cream, 3 tablespoons sugar, and 1/2 teaspoon vanilla. Remove pie from oven; spread top with sour cream mixture; return to slow oven for 5 minutes. Cool and chill. Before serving finely chopped or grated walnuts may be sprinkled over edge of topping. Makes 6 to 8 servings.

Make A Toy For The Baby

AP Newsfeatures

ONE OF THE brightest ideas on the infant sewing front is a giant Humpty Dumpty doll, which may double as a pullie or a punching bag for small fry.

With the rising cost of toys, wise mothers and grandmas will be delighted to know that a leading pattern company has put out a standard pattern for making this impressive and whimsical toy which should lend tone to any nursery.

Local sewing center experts suggest selecting a sturdy fabric such as corduroy, denim or felt for Humpty Dumpty and stuffing him with shredded foam rubber or kapok.

The pattern envelope contains two sizes, a foot high and 11 inches around, or 20 inches high and 9 inches around. Directions are easy to follow, even for an amateur seamstress.

Humpty Dumpty's face may be

embroidered on your sewing machine. Yellow yarn hair makes an amusing tonknot and a red yarn pom-pom makes a pullable nose. A ribbon bow tie on his collar adds the finishing touch.

Some good cooks like to add a little minced onion to corn pudding.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N.Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At your druggist. Money back guarantee.

Between You And Me

By Jerry Jackson

Showdown time is nigh at hand. Tomorrow's base ball battle in Colorado City will tell the tale. The winner of that game will advance into the playoffs, while the loser will be forced to regress to spikes hanging up ceremonies and a hearty "wait'll next year."

Win or lose, the Tigers have

One Down, One To Go

THE TIGERS HAVE ENGAGED Colorado City crew only once this season and had little trouble downing the Wolves by a 12-3 tally. It being the district opener for both clubs, Steve Hillhouse went the distance in that one and was a terribly shaky performer that day, which, coupled with shoddy support from the remainder of the team turned the game into a rout.

The Wolf infield committed seven bobbles during that particular mad-capped marathon, while in addition the Tiger basemen made the most of a stiff wind blowing in from the plate by stealing at will off catcher Jimmy Palmer to

collectively had a most profitable year on the sports front. They shared a one-third slice of the district pie in football, drew a blank in basketball, and then waited to not only the district title but also the regional crown in track.

Now for a few pot-shots at tomorrow's game...

the tune of 11 thievings. Hillhouse, the Wolves' ace left hander, gave up only three earned runs throughout the tilt, however. Also, he has chunked every inning of his team's past two conquests over Lamesa. The first was a rain-abbreviated five-inning no-hitter, and the other Saturday 3-15 extra-inning triumph which set the stage for tomorrow's do-or-die clash.

He'll be on the mound against the Tigers, armed with a home-field advantage and two recent district wins under his belt for confidence-boosters. Which is to say that he'll be tough to handle.

Gladson, Greenfield Grooving

NORMAN GLADSON, the Tiger starter who throws from the third-base side is another had customer, however. In times past he has been plagued by rashes of wildness, but can usually be counted on to be double-tough in the clutch.

Bennie Greenfield, a south-paw, is better known for his pitching stints than for his batting. He has made mound appearances in only two games. In the first he pitched one and a half innings, and in the second he pitched three and a half. He has been in the lineup for a victory and the championship which goes with it. The first pitch will be delivered at 4:15, so plan on shuffling over at all possible. It should be well worth witnessing.

BOWLING RESULTS

A brand spanking new league completed its first night of competition this past week at the Town and Country Lanes, it being the Couples Summer League, and Team 6 leaped out to a quick lead with a shutout 4-0 victory at the expense of Team 5.

Team honors were shared by still another threesome of kegging delegations, however, with Mixon Tire and Supply showing the way although halving their total points for the evening. That team threw together the top series of 1910 and high game of 695, while teams 4 and 2 trailed in series with 1861 and 1766, respectively, then occupied positions in the shot at high game laurels as Team 8 posted 650 to Four's 629.

Individually, J. L. Bunch of Team 3 made the biggest noise for the men as he rolled the high series of 650 which included the top two games of the night, a pair of sparkling 234's. Mitch Jackson (Team 4) placed second in series with 606. J. L. King of Robinson Plumbing grabbing off the third slot with his 528. Jackson also had the third high game, a 222.

Mary Carr (Team 8), Jean Krake (Team 2), and Doris Jackson (Team 4) finished in that order for the women bowlers in both top series and high games. The series totals ran 471-432-422, with the games tallying out at 178-171-167.

A variety of split-pickups were registered and included: Team 8—Mary Carr 2-7; Team 6—Betty Tatum 4-5; Jace Green 3-10; Mixon Tire and Supply—Martha Coffee 3-10; J. L. Bunch 5-7; Jo Ann Richardson 4-5-7; Team 4—Doris Jackson 5-7; Lawrence Vincent 5-10; and Robinson Plumbing—Junior King 5-8-10; Chock Robinson 3-10; Rob Robinson 5-7.

The standings following the first night's play follow:

Team	Won	Lost
Team 8	4	0
Team 6	3	1
Robinson Plumbing	2	2
Team 2	2	2
Mixon Tire & Supply	2	2
Team 4	2	2
Team 7	1	3
Team 5	0	4

TOPS IN STRIKEOUTS—Camilo Pascual poses in the dressing room after hurling the Washington Senators to an 8-1 victory over the Kansas City Athletics in Washington. With the Cuban curveballer are outfielders Bob Allison, left, who had a single, a home run, a double and a walk, and Jim Lemon, right, who chalked up a single and a homer. Pascual gave up only three hits and struck out 11 men to run his total to 42, tops in the American League. (AP Wirephoto).

Tigers Interlock With Rotan Today

The lineup is shook up once again, as Snyder's Tigers take a jaunt to Rotan today for a clash against the Yellowhammers. The game is

Saperstein Maps Radical Strategy

By JERRY LISKA

Associated Press Sports Writer CHICAGO (AP)—If Abe Saperstein's new American Basketball League starts operating in 1961-62 as scheduled, the little guy and the long shot specialist may have their day.

Saperstein is chock full of ideas for a new type of cage warfare, and the term is literal, for an eight-team per circuit intended as a rival to the National Basketball Assn.

Saperstein Tuesday disclosed that his projected league was expanded from six to eight teams, but instead of starting next fall, as first planned, will begin in the 1961-62 season.

Pittsburgh and Portland, Ore., have joined an original charter group including Chicago, San Francisco, Los Angeles, Cleveland, Kansas City and Washington, D.C.

Saperstein said Pittsburgh and Portland must wait a year for construction of new arenas in those cities and the other cities decided to mark time a year so everybody could start from scratch.

Saperstein holds a fine scorn for the free-scoring tactics of the NBA, even though he owns 35 percent of the Philadelphia Warriors in that loop. He said he soon will sell his interest in the Warriors.

Abe has come up with a number of novel rules changes which will be tested this summer by his Harlem Globetrotters and used in the league if feasible.

Saperstein would have his league play 40 minute games, instead of 48 minutes as the NBA plays. Bonus fouls would be out. But that's only a starter. Abe proposes to widen the free throw lanes from 12 to 18 feet under the basket to whittle down rebounding by skyscraper players. This three-second parking zone would taper to 12 feet at the free throw line.

Prepping For Pimlico Is Stepped Up

BALTIMORE (AP)—Preparations for the May 26 Preakness at Pimlico moved into high gear Tuesday with the arrival of Venetian Way and Bally Ache, the one-two finishers in Saturday's Kentucky Derby.

The two colts were flown from Louisville.

Their arrival brought to five the number of candidates on the grounds for the \$150,000 Preakness, second leg of racing's triple crown.

Llangollen Farm's pair of Divine Comedy, ninth in the derby, and Command Pilot, a non-starter at Churchill Downs, were flown in Monday night, joining T. V. Lark, the California colt.

There is a chance that both Venetian Way and Bally Ache will join the field for Saturday's mile and one-sixteenth Preakness prep.

Casey Recalls Bygone Days

NEW YORK (AP)—Casey Stengel started his second half century in baseball today with his usual sly wink and a long look back to Kankakee, Ill.

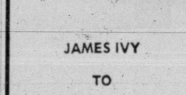

It was on May 10, 1910, that Stengel, 19 years old, took his spot in center field for the Kankakee club in the old Northern Assn.

"They called me 'Dutch' in them days," rasped the 69-year-old New York Yankee pilot. "I dunno why, but they did. I remember the team like it was yesterday."

The league only lasted until July 4, and no records were kept. I never did find out what I was hitting. After the last game the owners split up all the dough they pulled in and beat it.

"I didn't know it during the last two weeks, but I was playing for nothing. I never did collect that pay."

Giants Clip Phils To Preserve Lead

By ED WILKS

Associated Press Sports Writer

It isn't how many you win in a row that counts in the National League race, it's whom you beat and when. Ask the San Francisco Giants, who have a modest, four-game winning streak but a 1½ game lead.

They matched their longest success string since 1958 with a 4-2 victory over the Philadelphia Phillies Tuesday night after replacing

Dodgers In Doldrums As Hitting Lax

By CHARLES MAHER

Associated Press Sports Writer LOS ANGELES (AP)—The meager-muscled Los Angeles Dodgers apparently are about ready to recall rookie Frank Howard.

But they have at least temporarily given up the idea of retiring veteran Carl Furillo to make room for the Ohio strongboy.

The latest rumble was that Howard would be brought up from Spokane—where he is hitting .385 and leading the league in RBIs—as soon as his expectant wife had her baby. The baby arrived Tuesday night. So Howard's arrival here may be only days away.

The Dodgers, who have lost 12 of their last 18 games, said they had talked to Furillo about the possibility of his going on the voluntarily retired list, but he had decided to stay on, who hit .290 in 54 games last season, has been troubled by a sore leg.

There was general speculation earlier that rookie catcher Norm Sherry—brother of pitcher Larry—would be among the first to leave if a cut were necessary. But Sherry won a game Saturday with an 11th inning homer, hit another one Tuesday night. The Dodgers lost 3-2 to Pittsburgh. He will be in the lineup again tonight.

With Sherry apparently assured of a job, the guess is that the Dodgers may cut shortstop Bob Lillis to stay within the 25-player limit.

Out-Of-State Teams Abound For JC Meet

BIG SPRING (AP)—Twenty-two teams—12 from out of state—have entered the National Junior College Track Meet May 20-21.

Texas entries include Cisco, San Angelo, Lubbock Christian, San Antonio, Howard County of Big Spring, Paris, Blinn of Brenham, Victoria, Tarleton of Stephenville and Schreiner of Kerrville.

Ingo Slates Lotta Work, Plenty Play

By JACK HAND

Associated Press Sports Writer GROSSINGER, N.Y. (AP)—The world heavyweight boxing champion intends to mix business with pleasure once more as he prepares for his June 20 defense against ex-champ Floyd Patterson.

Ingenar Johansson, widely criticized last summer because he didn't worry about his boxing 24 hours a day, can point to the record to back up his strategy.

"I box six or seven rounds every day," he said. "He only went four (Tuesday). I think I actually worked harder for our last fight than Patterson. He just kept staying in the training room all the time."

"Nobody sits in the workout after he is finished work. When he leaves the place when you are through with your job?" Johansson, 27, said he and his fiancée, Birgit Lundgren, who is on the premises, had set no date for their wedding.

The champ insisted he had given no thought to retirement from the ring.

"I do not know how many more fights I will have," he said. "I have not thought about it. If I beat Patterson again there is no more rematch contract."

Brittain, McDonald Sign With Cowboys

ABILENE (AP)—Fullback Bradley Brittain of Rotan and tackle Jerome McDonald of Santa Fe, N.M., have signed scholarships at Hardin-Simmons University, the school announced Tuesday.

Sportsman's Club Figures In Insurance Empire Probe

AUSTIN AP—A rough marshy tract of land near Athens has figured prominently in the rise and fall of the W. L. Bridges insurance empire under investigation here.

The tract three miles southwest of Athens was promoted by Bridges as a hunting and fishing club for well-heeled members. A lake estimated from 60 to 100 acres adds to the value of the property, located near the exclusive Koon Kreek Klub with its 400-acre stocked lake.

Testimony before State Insurance Commissioner William Harrison shows how Bridges took over the land and built a swank club and estate.

In recent months the "Sportsman's Paradise, Inc." which controls the land has done little to improve the property. A roofless shell of a club house, a runway for airplanes and a dam for the lake are the principal assets.

Testimony was brought out that Bridges Jr. took over operations of the Texas Mutual Life Insurance Assn. of Texas, Waco, on Aug. 13, 1957. On Aug. 14 he had

the tract appraised and issued a note for Sportsman's Paradise. The note held by the insurance company with an unpaid balance of \$144,000 was the main item questioned by Harrison when he placed the company into conservatorship.

David McCord of Dallas, who served as president of the club, said he resigned because he was too busy and "none of us knew what was going on."

McCord traced the following history of the club:

V. E. Chis, West, owner of the land, placed the property into the Empire Securities Co. in about 1956 and received 75 per cent of the stock. E. B. Monzingo, Dallas security dealer, headed the company and got authorization from the secretary of state to sell \$200,000 in stock.

The company sold \$180,000 in stock, including \$1,800 to the Bridges. The \$180,000—less 20 per cent commission—was used to start building a clubhouse. The company ran out of money about a year later, 1957.

To clear some back taxes, McCord continued, Bridges made a deal with the Internal Revenue

Service to buy 75 per cent of the shares of the company, 300,000 shares, for \$100,000. Some 100,000 shares were sold publicly. Bridges' Commercial Discount Corp. made the payments.

McCord said Bridges asked him to revise the issuances of shares which were reduced to 10,000 shares on a pro rata basis. He estimated the club had about 200 members, all but 15 or 20 of whom were stockholders.

He said Bridges sold about 20 memberships for either \$350 or \$750.

McCord said the company could not raise enough money to develop, put in a deep water well, chop out undergrowth around the lake, add minnow pens and worm beds. He said the only way Sportsman's Paradise could bring in more money would be to sell more stock or club memberships or to subdivide the tract and sell cabin sites.

Bob Gorham, a relative for the Insurance Department, estimated the present value of the property at \$72,000. It has two small houses. McCord disagreed and said he figured the property is worth at least \$200,000. One reason, he said, is because the secretary of state authorized the original issuance of \$200,000 in stock.

McCord said he understood Monzingo and West had spent about \$160,000 to build the four walls of the giant center room of the club plus walls and foundation for two additions on either side of the main room. No roof has been put on the clubhouse.

Gorham reported that a J. C. Powers is caretaker at the property and drives a truck with the words "W. L. Bridges Farms" written on it.

He gave his estimate after checking with officers at the First Federal Savings and Loan Assn. in Athens and the county tax assessor-collector's office. He said he got estimates of \$60 to \$100 an acre.

He estimated the dam to be about 250 feet long and wide enough for a car to drive over. He estimated the dam's cost at about \$2,000.

Others Do Shooting On Earp Show

SAVANNAH, Ga. AP—Just like on television, when there is any wild shooting on the Wyatt Earp show, it's the other guys who do it.

And that was the case Sunday night during the stage show featuring Hugh O'Brian, the television Wyatt Earp, who is in Lubbock, Tex., this week with his show.

During the show, Frisco Estes, 22, fell like so many have done who faced Wyatt. But his expression of pain was real. He had been hit in the chest and arm by six-bird shot.

But it wasn't Earp—or rather O'Brian—who fired the shot which hit Estes.

Savannah City detective J. H. Griner said the shot was fired from the pistol of William Daniel Woland of Burbank, Calif., who was supposed to be shooting blanks. Griner quoted Woland as saying he did not know how the target shell got mixed in with the blanks.

Griner said Woland was released at O'Brian's request and added, "Our investigation showed that Hugh O'Brian was in no way connected with the incident."

8 Texans On Triton

WASHINGTON AP—The executive officer and seven enlisted men aboard the around-the-world atomic submarine Triton are from Texas.

The executive officer of the history making craft was Lt. Cmdr. Will Adams Jr., son of Judge and Mrs. W. M. Adams, 1306 W. 18th, Amarillo.

The enlisted men:

Curtis Beachman, quartermaster 1.C., is the son of Mr. and Mrs. Hiram Beachman, 2233 Palm, Abilene.

George Bloomingdale, electrician 1.C., is the son of Mr. and Mrs. George Bloomingdale, Weatherford.

Walter O'Dell, chief electrician, is the son of M. H. O'Dell, Dallas, and Mrs. B. W. Vaughn, El Cajon, Calif.

Jerry Saunders, radarman 2.C., is the son of Mrs. J. E. Parr, El Paso.

Joseph Walker, chief yeoman, is the son of Mr. and Mrs. Joseph Walker, Temple.

Ernest Zimmerman, radarman 2.C., is the son of Mr. and Mrs. Olin Zimmerman, Dallas.

Ernest Meadow, photographer 1.C., assigned to the Triton for the cruise, is the son of Lee Meadows, 83 N. Forrest, Amarillo.

Texas Towns Granted Water Works Loans

WASHINGTON AP—The Community Facilities Administration Tuesday approved a \$2,600,000 loan to help finance construction of water facilities to serve the Texas towns of Haskell, Rule, Munday and Gorree.

The federal loan is contingent on the inability of the applicant, the North Texas Municipal Water Authority of Haskell, to obtain private financing at reasonable rates. The project cost is \$3,800,000.

AS BIG AS A PLAYHOUSE—Yes sir, the new city portable garbage units are big enough for a little girl to play house. Above Lou Head sits in the door of one of the Dempster-Dumpsters in the alley behind the Fabric Mart where her mother, Mrs. Bob Head, works. These huge units, when full, are picked up and replaced with others while they are being dumped. With doors big enough to crawl in and no transfer from unit to truck, there is a minimum of trash blowing about the downtown alleys—they are cleaner in some respects than the streets nowadays.

Demand For Water Goes Up In April

Water consumption by the member cities of Odessa, Big Spring and Snyder offset substantial losses by the oil repressuring companies, and the Colorado River Municipal Water District showed a slight increase for April.

The 778,541,000 gallons metered to customers was 74 of one per cent over the amount delivered in April of 1959.

Odessa required 336,120,000 gallons, a gain of 11.8 per cent, while Big Spring's 189,270,000 gallons was 7.25 per cent over last year. Snyder was up 17.3 per cent in reaching 66,118,000. Total consumption by the cities was 595,518,000 as against slightly more than 537,000,000 a year ago.

SACROC dropped 22.7 per cent to 117,311,000 gallons. Shafter-Ridge 38 per cent to 37,975,000 and Lion Oil declined 13.4 per cent to touch 24,939,000. Texas Gulf Pro-

duction, took 3,698,000, a gain of 17 per cent. Total oil repressuring take was 183,023,000 gallons, down sharply from the 231,404,000 for the same month a year ago.

Through the first four months of 1960, consumption has aggregated 2,321,517,000 gallons as against 2,579,924,000 for the same period in 1959.

The current trend is upward, however, according to records of O. H. Ivie, assistant general manager-production. For instance last Saturday Odessa exceeded 19,000,000 gallons, which is comparable to its summertime peak. Big Spring on the same day had mounted to 7,725,000 gallons.

Blame Embezzlement On Fear Of Cancer

TAMPA, Fla. AP—A 31-year-old mother told police she had such a great fear of cancer that she embezzled nearly \$3,000.

Helen G. Bass first told officers she took the money to pay an extortionist who threatened the lives of her four children. But she broke down Tuesday and told police it was a hoax.

"I wanted a nest egg to pay for medical expenses," she said.

A physician examined her and said he found no evidence of cancer.

Auditors discovered funds missing from the Springs National Bank Saturday, four days after Mrs. Bass had quit her job as a teller. She said she took the money in small amounts over a two-year period.

Civil Service Voted In Beaumont Election

BEAUMONT AP—Police and fire departments were voted under Civil Service Tuesday by a 4,549 to 700 count.

The proposition was on the city election ballot with unopposed members of the Progressive slate named in earlier primaries.

Injured In Blast

SAN ANTONIO AP—An explosion blamed on accumulated gas demolished a frame house Tuesday and burned Nancy Hill, 27. Hospital attendants said the woman suffered second and third degree burns over half her body.

Experts Analyze Plane Photograph

WASHINGTON AP—U. S. experts have deduced some significant information from the picture of a Soviet air base that Moscow claims was taken from an American spy plane.

The picture, made available for world publication by the Soviets after it had appeared in the Moscow newspaper Pravda, purports to show an airfield on which aircraft are arranged in two rows.

Specialists in the analysis of aerial photographs agreed that it was possible to get a picture as clear as the Soviet-supplied photo from an aircraft flying at an altitude of from 10 to 12 miles.

The most significant fact deduced from studies of the Soviet photograph, however, is that the aircraft shown are probably obsolete TU-4's, the Soviet copy of the American B-29 bomber that won fame in World War II. The Soviets were known to have mass produced this type of bomber that is powered by four conventional piston engines.

The identity of these Soviet planes has led to two alternative conclusions.

Hearing For Beverly Today

LOS ANGELES AP—Beverly Aadland, sometime actress and a girl friend of the late Errol Flynn, faces a hearing today on whether she will be made a ward of Juvenile Court.

Earlier proceedings were postponed to give the 17-year-old mother, Florence, time to listen to secret recordings in which she allegedly discussed Beverly's amorous advances.

Juvenile authorities say the girl should be turned over to them because she does not have sufficient supervision. She has been in Juvenile Hall since a boy friend, William Stanek, 21, was killed in her apartment. The girl said the shooting was accidental and police said they were satisfied with her account.

Young Lawyer Is Up For Promotion By Ike Regime

By JACK ADAMS
WASHINGTON (AP)—Robert Alan Bicks is known to associates in the Justice Department as a sort of human dynamo. He is known among congressmen as the incisive young man who has so often given scholarly analyses of proposed antitrust legislation to House and Senate committees. American big business knows him as a very tough administrator of the antitrust laws. On Monday, with his 33rd birthday still two weeks off, President Eisenhower nominated him to be assistant attorney general in charge of antitrust matters. If confirmed by the Senate, he would become the youngest man ever to

Divorce By Parliament

OTTAWA (AP)—To get a divorce in Quebec or Newfoundland you have to go before Canada's Parliament. Parliament handles these marital cases because neither province has a divorce court. A petition must go through an exhaustive inquiry before parliamentary approval is granted. First a Senate committee hears the petition in private, then it goes to the full Senate. Next a Commons committee takes it up and finally the full House. Parliament has granted divorce only for adultery or nonconsummation, the only grounds recognized in the eight other provinces with the exception of Nova Scotia which includes extreme cruelty. Now, for the first time, Parliament is considering a petition based on desertion. If the decree is granted, an important precedent will be set. A Canadian's divorce in Reno, Mexico or anywhere else outside Canada is not recognized at home. This is based on the idea that one cannot go outside his country to seek something his country's laws deny him.

PATSY CAREY
... Miss Snyder contestant

Patsy Carey In Miss Snyder Race

Patsy Carey, Miss Snyder entry from Ira, is a green-eyed blonde with many talents and a contagious personality. While a member of the journalism club, the Quill and Scroll, she was also a member of the Lucky 13 Sports Club. She has been on the student council and a member of the Future Teachers Association. She was a Spanish Princess in the coronation of the Spanish club queen. Class Favorite her sophomore and senior years, she was elected secretary of the senior class. Miss Carey is the daughter of Mr. and Mrs. H. H. Carey.

Suit Is Filed To Evict Squatters

BLYTHE, Calif. (AP)—The ax has fallen on the Colorado River squatters, a determined band of nearly 1,000 who for half a century have farmed land they know they didn't own. "It's a terrible blow," says Fay Olson, secretary of the Associated Farmers of the Lower Colorado River. She referred to an eviction suit filed Tuesday in Los Angeles against Benjamin and Lucille Langendorf of nearby Crossroads, Calif.

Moving Fund Of College Is Growing

DALLAS (AP)—Trustees of Bishop College were told Tuesday that one million dollars has been contributed to move the college to Dallas. The money represents two-thirds of the funds needed to bring the Negro college here from Marshall in East Texas.

Judge Denies Prejudice

LOS ANGELES (AP)—The judge who'll hear re-trial of the Finch murder case denies he's prejudiced against Carol Tregoff. Attorneys for Miss Tregoff charged Tuesday in an affidavit that Superior Judge Leloy Dawson cannot give the onetime receptionist and Dr. R. Bernard Finch a "fair or impartial trial." No specifics were cited. Judge Dawson refused to disqualify himself. The re-trial begins May 23. Miss Tregoff and Finch are charged with the ambush slaying of Finch's socialite wife, Barbara, last July. Dr. Doxey A. Wilkerson was made a "scapegoat" for the sit-in incidents, Curry said. Wilkerson was asked to resign when it was disclosed that he had once been a member of the Communist Party.

be basis for the settlers' hopes of staying. "This has been going on for years," said one townsman. "It was almost exactly a year ago that the Interior department announced it was going to file suit, and yet the settlers are still here. It will be a long time, if ever, before they are actually forced off the farms and resorts they have developed over the years." The government says the land was withdrawn from public settlement many years ago for use in river channel control and reclamation projects. The farmers, admitting they have no legal standing, are planning to fight on moral grounds—that their efforts have already reclaimed the waste land. "It's hard to say yet," said the townsman. "These are stubborn people."
