

Say what about those Olympic games?

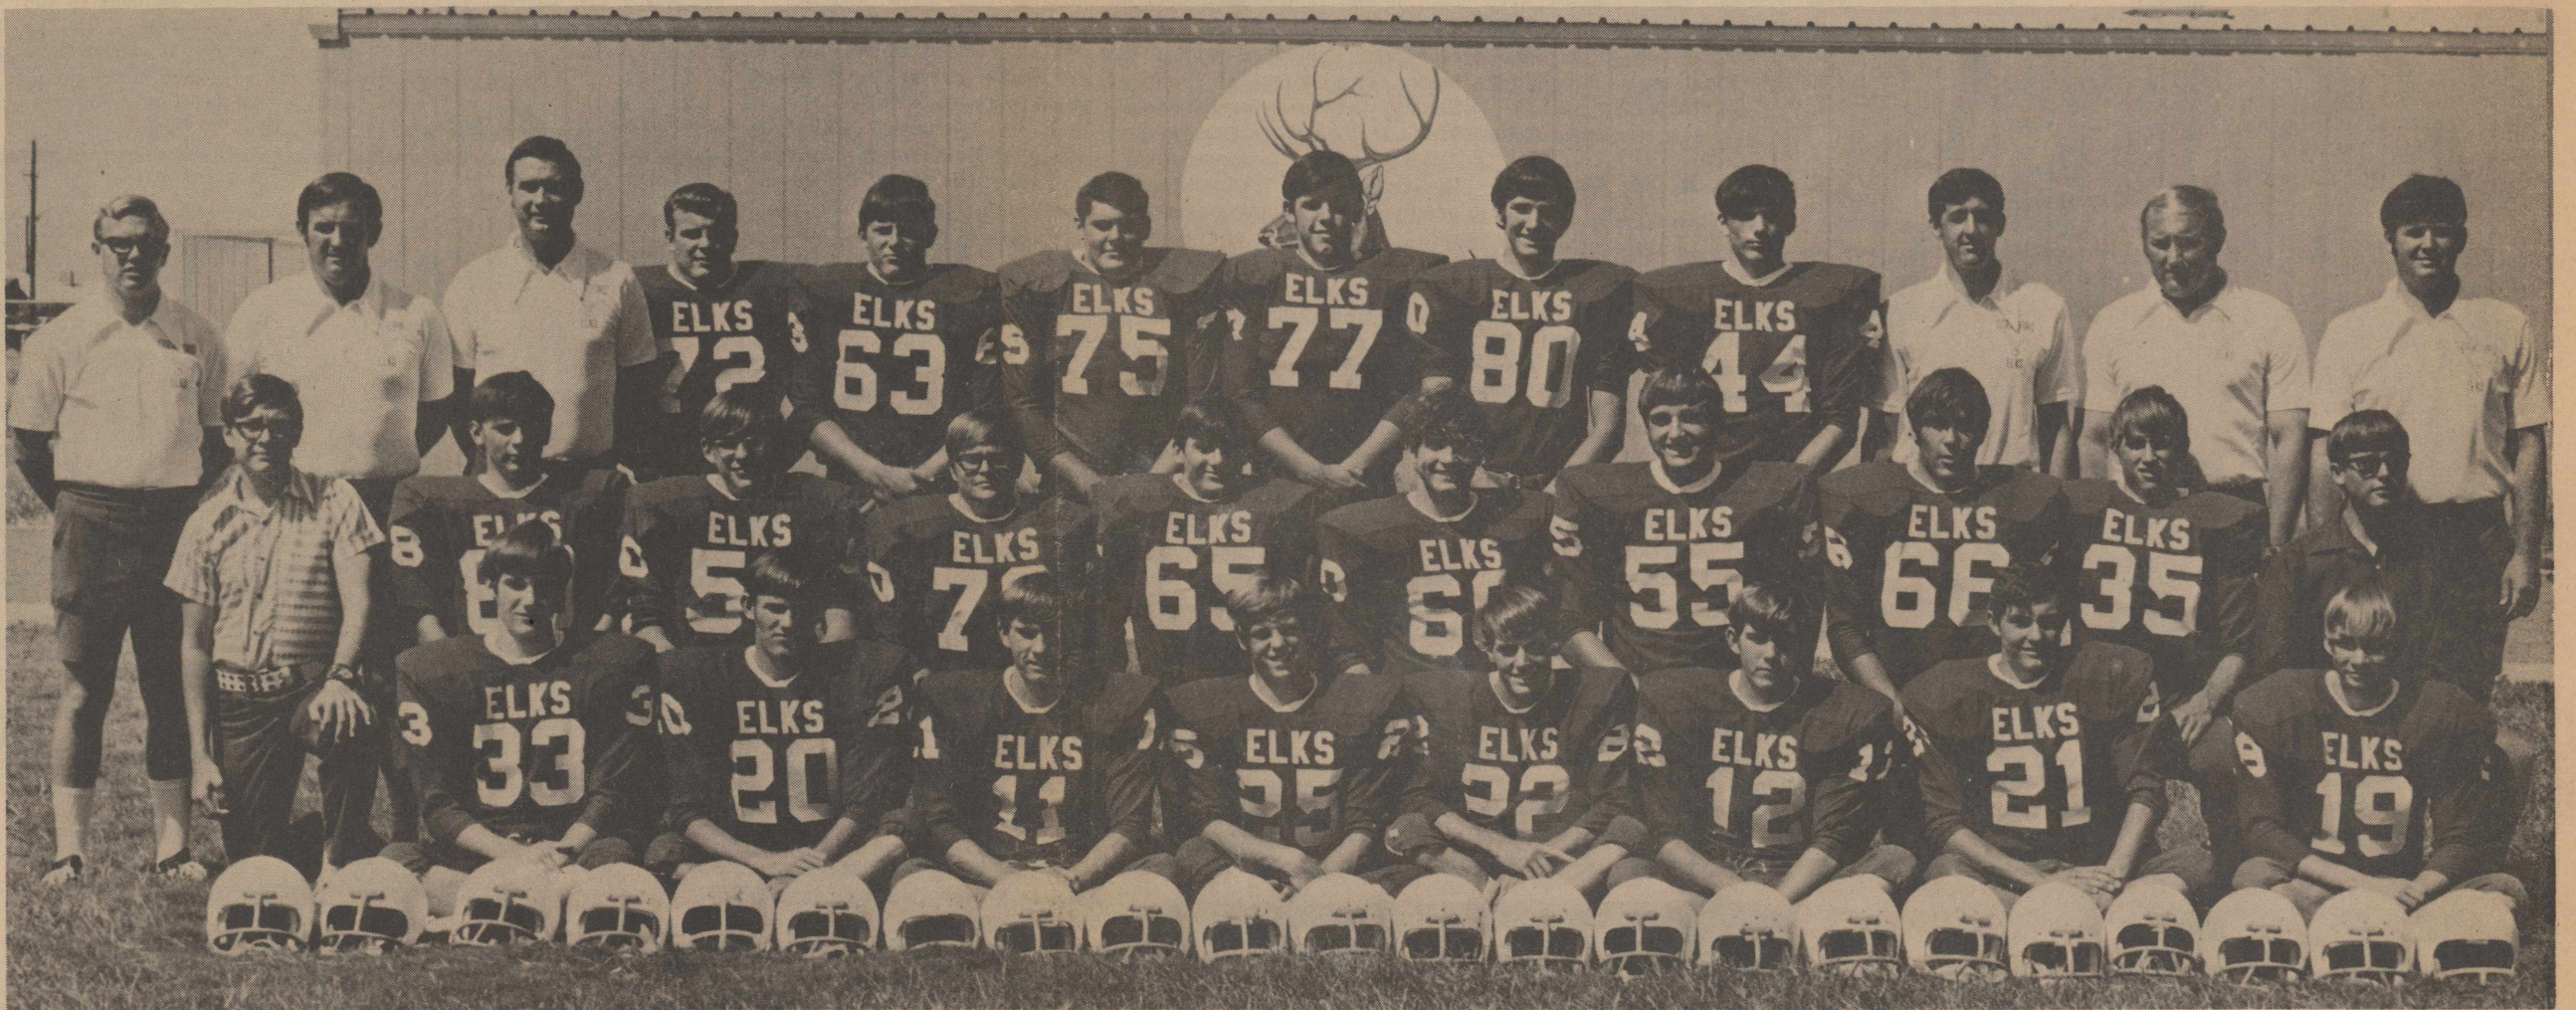

We don't recall ever enjoying watching any sporting event as much as we have this 1972 edition of the 20th Olympics held in Munich.

That Mark Spitz was sumpin' else wasn't he? Our entire family stayed glued to the boobtube to watch this young man swim during his seven contests and we are sure when the relay team won that final event nobody made any more noise than our bunch hollaring for the young man from California. And not only Mark Spitz, but all our athletes who have trained so hard and sacrificed for this event who have represented themselves, their families and their country so well.

We have also enjoyed the barbs of "Howard" at the boxing arena and the bouts there plus all the many other thrilling events.

We know that television has a place in our entertainment field in our homes, and we want to thank ABC for making this particular series available. Quite frankly, this effort and most of their sports events, more than makes up for some of the more distasteful programs which are aired through the year.

Speaking of sports, we hope you will all make an effort to see the 1972 edition of the Stratford Elks when they open their season this Friday over at Gruver. The Elks have worked hard under the leadership of Coach David Bornstein and his staff. The boys are making mistakes, but we believe you will agree that this bunch of young men have made a turn in the right direction for a more successful year than we have had for a while in Stratford. They will open at home a week from now against Sanford Fritch.

On sports, this is the first week of the annual Football contest which the local merchants and The Star have sponsored for many years. Don't forget to turn in your football entry by Friday at 4 p.m. either at our office or over at Consumers. Enter every week for cash prizes plus a shot at two free tickets to the Cotton Bowl game come New Years Day!

We've gotten quite a bit of rahwiding concerning our "cattle-activities" and we admit we sure have a lot to learn. We also agree with the idea that all the big city congressmen and big wheels who hollar so much about the big money the cattleman makes...well, we sure would like to make it possible for some of these folks to get hold of one of the little varminters we got. or had, to put it truthfully.

A couple of weeks ago one of our "heard" of 10 animals escaped from our pasture and was missing for about six days when Ben Wheeler found him west of town. Since that time Ben has been kind enuff to keep the little critter with some of their cattle in order that he may settle down and we thought, learn to stay at home.

Well, the other day Ben phoned and said he was coming to town and had the calf in his trailer. We met Ben and the calf and lo and behold, what do you think happened?

That hard-headed thing didn't show a bit of appreciation for all the nice grass we had available, nor the other nine calves with whom he had been raised. Without so much as a how do do for his nine associates, that blasted critter busted right through a hot-wire fence, across a field, through another hot-wire and didn't slow down for almost three-quarters of a mile.

Needless to say yours truly was standing there open-mouthed. That fence had just knocked me on my knees couple of times and that calf didn't even apologize for busting it!

Well, to make a long story short, after the calf was caught he was bundled up and returned to the country for as Ben put it, "I don't think he is going to like being a city calf!"

This weekend has been rather cool and some needed moisture last week put every available wheat planter in the field over the weekend. We hope everyone gets their wheat sowed and up ready for some more showers.

Local markets showed wheat selling for \$1.75 per bushel, grain sorghum at \$2.05 per cwt and corn at \$1.26 per bushel.

Stratford's Elks, under Head Coach David Bornstein, open their football wars Friday night hitting the trail to the home of the Greyhounds of Gruver with kickoff slated for 8 p.m. The Elks, who have moved up in classification from Class A to AA this year, are picked as the cellar team in their new district and finished with only one win of 10 starts a year ago.

Since the end of the last season another new coaching staff has been hired and has been in harness working with what is virtually a senior ball club this year.

Football fortunes at Elkland have been going downhill for several years and Head Coach Bornstein says this is due for a change this year.

The Elks haven't had a winning football team in many years, since the blue and white won their way to Class A Quarter-finals back in 1964.

This year's seniors have never played on a team with better than a 4-6 season and last year's 1-9 record was the poorest in Stratford's history. The gun will be on Coach Bornstein, who moved here from head defensive coach at Hereford a year ago, but the young coach and his staff are looking forward to building a winner at Stratford.

"The boys' attitude has changed and this means a lot," says Bornstein. "We have to become aggressive and although in our last two weekends of scrimmages (at Claude and Canadian) we've had some real fine individual efforts they must all go at once to make the offense move."

The Elks meet a determined Gruver team Friday night built around returning veteran Andy

Hoel, all-district both ways a year ago at tackle but has been moved to the backfield this year.

The Hounds returned only four starters from last year's team but the experts put them "in the running" for District 1A this year due to those who moved up from the Junior Varsity.

Veteran Tackle Larry Hicks and Hoel will be aided by several newcomers which include Jim Taylor and Billy Boone battling for the starting signal-calling chore; Phill Gross and Gene Brooks are top candidates for halfbacks and either Hoel or Carlos Cazares will be going at fullback.

In the line, John Gibson is at Center with Chris Johnson and Wesley Bontke at guards, Dustin Frazier and Mike Kimbrough both have good hands at the end positions.

Coach Bornstein has announced his offensive starters for Friday night. These include Mike Hughes at Quarterback

with Gary Pool, Mark Beaty and Paul Wells rounding out the running backs. In the line Jerry Sherrod and David Judd at ends, Jim Bob Brown and Ronny Laramore at tackles, Danny Meil and Hardy Bill Coffman at guards with Chester Maas at Center.

On defense the Elks will be looking at Meil at left defensive end, Brown at left tackle, Coffman at nose guard with Brady Heil, Paul Wells and Steve Coats at linebacker positions. Right tackle will be Maas with Judd at a corner with Hughes, Sherrod and Gary Pool rounding out the secondary and safety slots.

Steve Barrett is nursing some injuries as a result of the Canadian scrimmage and is doubtful this week. No other injuries were known at press time.

The Elks open their home season this week as they entertain the Sanford Fritch Eagles here

PSALM 16-11

HERE IS THE PATH

Plenty of ROOM!

Have you ever, when on a vacation, in the peak of the tourist season, looked and looked along the highway for a roadside park with an empty table so that your family could have a picnic lunch and rest? Then, of course, all might travel refreshed. How nice it is to come upon a park like this one, with the breeze blowing across the water.

Isn't it wonderful that there is always plenty of room at the House of God? There is always a church where you can receive spiritual food, and sweet rest of the soul. The church holds out its arms in welcome to all, inviting everyone to come and learn of God. Won't you attend this week?

"Come unto me, all ye that labour and are heavy laden, and I will give you rest." Matthew 11:28.

Coleman Adv. Ser.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Report

By Fred Cross

A lot of wheat has already gone in the ground, but there is still quite a bit of wheat to be planted for grain production. It may be tempting to omit seed treatment of small grains in hopes that seed borne or seedling diseases will not be a problem. Considering the cost of seed treatment fungicides, one cannot afford to take the risk. Seed treatment offers the best possible protection against soil and seed borne diseases and is both practical and profitable.

Application of seed treatment fungicides may be made in homemade treaters or by commercial seed treatment plants. Regardless of equipment used, it is important to get a uniform coverage of seed with the recommended amount of material. Planter box application is also practiced and effectiveness depends on proper dosage and coverage of seed. Read the label carefully for dosage recommendations and precautions. It is not long until fair time. Everyone in Sherman County and, or Stratford Independent School District is urged to take part. Things are shaping up for a real good fair. Prize money in nearly every department has been increased, in hopes of getting more entries. So why not look around for some

good big maize heads, or ears to corn, or tomatoes are what ever you may have. Pick out some that are uniform in size, free from defects and mature to enter in the fair.

It looks like there will be a real good parade this year, so plan to be in town on Saturday, September 16, to take in the parade, jamboree and fair.
