Two Webb Airmen Die In Crash

Missing T-28 Debris Found In Glasscock

BIG SPRING—A training accident took the lives of two Webb Air Force Base airmen Thursday night. First Lt. Gordon R. AcMoody, 30, of Bryan, a Webb instructor, and his student died when their T-28 training plane crashed in Glasscock County, seven miles south of Garden City.

The name of the student, a foreign national training under the provisions of the Mutual Defense Assistance Program, has been withheld pending notification of next of kin through official channels.

Air search and rescue officials organized a full scale search Thursday night when the aircraft failed to return from a night transition flight. A team of search experts flew into Webb from Ellington Air Force Base, Houston, to direct the activities of Webb aircraft as well as Civil Air Patrol planes from the Abilene and Sweetwater areas.

Deaths Confirmed

Discovery of the downed craft was made by a Webb pilot shortly after 7 a.m. Friday. A ground convoy dispatched to the scene radioed confirmation of the death of the airmen.

Lieutenant AcMoody, a veteran of air combat in the European Theater of Operations during World War II, saw action in Korea before being assigned to Webb AFB. He had been awarded the Distinguished Flying Cross and the Air Medal, both with Oak Leaf Clusters.

Mrs. AcMoody and two children, Paul, nine and Virginia Lee, six, live in Bryan.

THREE HURT, RADIO ESCAPES—Apparently fleeing the scene of the crash, this large radio seems to be climbing out of window at right as a car comes crashing in the front door of this Columbia, Mo., home. Three passengers of the automobile were hurt. Seven persons in the house at the time escaped injury in spite of the terrific impact which forced the radio out the window.

SECOND DIXIE SWING—

Ike Raps 'Cheap Money' Policies

ABOARD EISENHOWER SPECIAL —(AP)— Gen. Dwight D. Eisenhower opened a second invasion of the South Friday to the thunderous welcome of 48,000 cheering North Carolinians at Charlotte.

Greeted with a massed "I like Ike" chant from 18,000 persons who overflowed Charlotte Memorial Stadium, the smiling Republican nominee asserted he was going to recognize "no political mortgage" by the Democrats on Dixie.

Eisenhower hit at what he called the Administration's "cheap money" policies.

Holding up a pine board he said would have cost 15 cents a few years ago, Eisenhower cracked it in the middle and announced that was all 15 cents would buy now.

"The Administration is asking for a new four-year lease on your present holdings," he told the crowd. "If they continue to cheapen money for the next four years this is what you will get."

The Eisenhower invasion of North Carolina followed up a major address he made Thursday night at Baltimore, where he received tumultuous acclaim for his slashing attack on the Truman Administration's defense policies.

Triplication Of Effort

The Republican presidential nominee—speaking from his background as a general of the Army—told a howling crowd of 12,000 persons who jammed Baltimore's Fifth Regiment Armory that armed services unification is a virtual failure.

Continuing his bristling indictment, Eisenhower said instead of duplication the United States has reaped "triplication" from efforts to mould its fighting forces into one.

He adopted the same line pursued by Senator Robert A. Taft of Ohio, with whom he recently has joined forces, in opposing universal military training so long as the Korean war continues the necessity for the military draft.

Eisenhower made it clear, during a day of whistle stopping in West Virginia and Maryland, that Nixon is securely on the ticket with him after the latter's explanation of his acceptance of some $18,000 in expense money raised by wealthy Californians.

At Hagerstown, Md., Eisenhower said a woman urged him to "keep Dick Nixon with you" and he replied: "That already has been done."

Adlai Soon May Identify Fund Donors

SPRINGFIELD, ILL.—(AP)—Gov. Adlai Stevenson said Friday he is contacting contributors to his much discussed fund for supplementing state salaries with a view to making their names public.

The Democratic nominee said he was having trouble with his canvass because there were "so many" donors. He did not indicate when the names might be made known.

Before boarding his plane for another campaign tour, Stevenson told newsmen "eight or nine" key state empoyes benefited from the fund and he had been in touch with all of them.

The campaign tour, to last two days, takes Stevenson to Evansville, Ind., Indianapolis, Paducah, Ky., and Louisville.

After the nominee said he was contacting contributors, a reporter asked: "With a view to making their names public?"

Stevenson replied "yes."

He said he would issue a statement on the fund later on and possibly make a speech dealing with it. He did not say when.

He made the announcement as he toed the line for 11,546 miles of rugged campaigning through 17 states.

Houston Reports One New Polio Case

HOUSTON—(AP)—One new city polio case was reported to the city health department Friday.

The city count now is 425 cases and 17 deaths as compared to 140 cases and eight deaths at this time last year.

TRYGVE LIE
... Wants To Go Home

Trygve Lie To Step Down From UN Job

UNITED NATIONS, N. Y. — (AP) — Secretary-General Trygve Lie has decided to step down from his $40,000-a-year United Nations post Feb. 1, 1954, at the end of a three-year extension of his term, and retire to Norway. Some day he would like to be prime minister of that country.

This was disclosed Friday by persons who know the mind of Norway's former foreign minister. He has been top boss of the 4,000-man UN Secretariat since 1946.

Lifetime Pension

When he leaves, he will get a lifetime pension of $10,000 a year, but he cannot hold public office until he has been away from the UN five years. Lie now is 56.

Lie's intentions came to the fore as UN officials studied a draft of a staff reorganization scheme which would abolish the posts of eight assistant secretaries general, each paid $22,000 annually, and would create three deputy secretaries general, each at a considerably higher salary.

Upton Bond Issue Election Scheduled

McCAMEY—Upton County voters will go to the polls Saturday to decide on a $65,000 bond issue for the construction of a park.

The funds, if approved, will be used to purchase land here and construct a park building for the use of negroes in the county.

Woodville Rogers, Texas Demo Leader, Dies Unexpectedly

SAN ANTONIO —(AP)— Woodville Rogers, prominent San Antonio attorney and noted Democratic Party leader, died unexpectedly at his home here Thursday night.

The veteran Democrat had returned from Dallas Wednesday, where he had been conducting party business.

Rogers was a delegate-at-large to the Democratic convention in Chicago this year from Bexar County and was a candidate for U. S. representative in 1948, losing to Paul Kilday.

A veteran of many stormy intra-party battles, Rogers was a staunch supporter of President Truman in 1948. He led the fight in Texas in 1944 to keep Roosevelt on the ticket.

He is survived by the widow and two daughters, Mrs. Robert Sawtelle and Betty Rogers."

Technique Blamed In San Juan Crash

WASHINGTON—(AP)—The Civil Aeronautics Board Friday blamed "inadequate maintenance" of an engine and "questionable flying technique" by singer Jane Froman's husband for a plane crash in which 52 persons died last April.

A Pan-American DC-4, piloted by Capt. John F. Burn, plunged into shark-infested waters off San Juan, Puerto Rico, April 11. Seventeen persons escaped, including Burn, who was married to Miss Froman after he had rescued her from a similar crash nine years previously.

Apco Completes Deep Discovery In SE Andrews

Anderson-Prichard Oil Corporation has completed its No. 1-24 Fasken as a flowing Ellenburger discovery in Southeast Andrews County.

The wildcat reported a daily initial potential of 674.89 barrels of 40.9-gravity oil, flowing through a 24/64-inch tubing choke. That was calculated from an actual 20-hour flow of 562.41 barrels of oil.

Production Is Natural

The production was natural. Gas-oil ratio was 560-1. Flowing tubing presure was 600 pounds. There was no formation water with the oil which was produced on the completion test.

The oil and gas is coming from perforated section in the Ellenburger at 12,672-702 feet. This project drilled to a bottom of 12,775 feet. That bottom section made water. The 5 1/2-inch casing is cemented on bottom. The pipe is filled with cement from 12,702 feet to the depth to keep the water out of the oil pay zone.

In Shallow Oil Field

Top of the Ellenburger is at 12,645 feet. Elevation is 2,067 feet.

The discovery is 15 miles southeast of the town of Andrews and 23 miles northwest of the city of Midland. It is a twin to a shallow producer from the Grayburg in the Midland Farms field.

Location is 550 feet from north and east lines of the southeast quarter of section 24, block 42, T-1-N, GaMMB&A survey.

Superior Completes North Outpost In E-C Lea Region

The Superior Oil Company has completed No. 1-4 State as a one-half-mile north extender to the Townsend (Wolfcamp) field of East-Central Lea County.

It was finaled for a 24-hour flowing potential of 294.24 barrels of oil plus 2.2 per cent basic sediment and acid water through an 18/64-inch tubing choke.

Gravity of the oil is 40.6 degrees. Gas-oil ratio was 1,379-1.

Tubing pressure during the potential test was 450 pounds.

Production was through perforations at 10,332-10,383 feet. That set was treated with 2,000 gallons of acid.

Location is 1,980 feet from east and 3,300 feet from south lines of section 4-16s-35e.

Phillips To Test Waddell Zone In W Ector Project

Phillips Petroleum Company was preparing to test the Waddell in No. 1-B Millard, indicated discovery from that formation in Southwest Ector County.

Five and one-half-inch casing has been perforated from 8,375 to 8,405 feet for the testing. The Waddell flowed oil on drillstem test when the formation was drilled.

No. 1-B Millard, west offset to a recently completed five-eighths mile northwest extension to the Penwell (Ellenburger) field, already has shown for production in the Ellenburger.

Last flow from open hole in that formation was 129.36 barrels of oil through a one-half-inch choke in five and one-half hours.

Plans are to dually complete from the Waddell and Ellenburger.

Location is 660 feet from north and 665 feet from east lines of section 24, block B-15, psl survey.

Magnolia Slates New Destination At Upton Explorer

Magnolia Petroleum Company No. 1-T TXL, project in Northwest Upton County, has a new destination of 13,500 feet.

Originally staked as a 9,000-foot Spraberry wildcat, it is 1,980 feet from north and 660 feet fom east lines of section 17, block 41, T-5-S, T&P survey.

It is one-half mile north of the lone Ellenburger producer in the Davis field.

No. 1-T TXL was drilling below 8,913 feet in lime and shale at last report.

New destination will take it into the Ellenburger.

NW Loving Area Gets Large Oiler, New Prospector

Davis, McDaniel & Beecherl of Dallas has completed No. 9-O TXL, as an extra large producer for the Tunstill field of Northwest Loving County.

The well was completed for a 24-hour flowing potential of 758 bar-

(Continued on Page 16)

City Moves Rapidly To Erase 1953 Water Shortage Threat

One and a half million dollars still hasn't wiped the worried look off the face of Henry Nunn.

The City of Midland this week finished putting that much money on the line to double the city's water supply by next Summer

And by next week, the first drilling bits are expected to bite into the dirt of McMillen Field to bring the city it's biggest major water supply addition in history.

But Henry Nunn, the little 59-year-old sewage and water engineer, still is worried.

"The additional water will put us over the hump next Summer," he explained, "but there's still the year after that and the next one.

"If the city keeps on growing we're just going to have to keep on getting more water. We can't afford to sit back and think we have no more water problems."

The city's water supply has been Nunn's particular worry the last two years.

During the Summer of 1951, he warned the city would be pretty lucky to get through without rationing the available water to its consumers.

Additional Wells Drilled

During the following Winter, he supervised the drilling of additional wells to boost the supply for 1952's Summer and during the hottest months, Nunn held his breath as water consumption mounted and storage tank levels dropped lower and lower.

Last week, however, as the city awarded more than $1,000,000 worth of water development contracts, the 1952 crisis was over.

The city's water consumption had dropped from a peak of approximately 11,000,000 gallons daily to a comfortable 3,000,000 gallons a day.

That's just about the amount the engineers figure the city's present wells should produce daily from now on out. That 11,000,000-gallon daily pumping put a terrific strain on the wells.

The city's new water development program, engineers estimate conservatively, will provide the city with an additional 3,500,000 gallons daily which can be produced on a perpetual basis. During peak periods, an additional 10,000,000 or 11,000,000 gallons can be produced each day.

That's a comforting thought to most Midland citizens, who have watched their water pressure fall to a dangerous low during the hottest Summer days.

But it will cost money.

Within two weeks after the taxpayers had voted $5,290,000 in bond funds for various civic improvements, the city had committed or already spent $1,430,689 for additional water at McMillen Field — four and three-quarter sections of land located approximately eight miles northwest of Midland

Already spent is $263,445 for the water rights alone. Of this amount, $131,510 went to Mr. and Mrs. Forrest King for perpetual water rights to 1,315 acres and $131,935 went to David Fasken for the water rights to 1,750 acres of land

Approximately $20,000 has been spent in exploring this property and city authorities feel all the element of chance has been removed from the proposed development

"Sixty test holes were drilled over a wide area," said Nunn, "and we believe we know all there is to know about the water supply lying beneath the ground."

On the basis of these tests, engineers recommended that the city proceed with the development program.

Within the last eight days, the program has been launched, with no delay.

Contracts have been awarded for the construction of a 1,000,000-gallon elevated storage tank, $153,950; a 30-inch supply line, $502,586; drilling of 10 wells, $69,540; gathering lines and pump station, $282,725; well pumps, $22,706, and two 2,000,000-gallon surface reservoirs, $134,737.

The first water is expected to be flowing from the field by June 1, 1953.

"Then," explained worried Henry Nunn, "we'll have to start planning for the Summer of 1954 and maybe the Summer after that, too"

STORM CHARLIE WHIRLS AT SEA

MIAMI —(AP)— Upstart Charlie, the season's third hurricane, developed howling 115-mile-an-hour winds Friday as it began a gradual swing away from the mainland.

Grady Norton, chief storm forecaster at the Miami Weather Bureau said "The present course the hurricane indicates it will not hit land."

Norton said the tropical twister was about 430 miles east of St. Augustine, Fla., at 10 a.m.

Continued Cool, No Rain In Sight

By The Associated Press

No rain for drouth-plagued farmers and ranchers, nor rain for thirsty city lawns and gardens and reservoirs was in sight Friday.

No rain fell Thursday, either.

Temperatures stayed at usual Texas Fall levels. Most thermometer readings Thursday afternoon ranged along in the middle and upper 80's. The highest maximum of the day was 91 at Laredo on the Texas-Mexico border. The lowest maximum was a cool 78 at Marfa.

Saturday? About the same thing.

West Texas Firemen To Meet In Midland

Midland will be the mecca for hundreds of West Texas firemen on October 25 when the semi-annual convention of the Permian Basin district of the State Firemen's Association will be held here.

Fire Chief Melvin Little said Friday the program for the meeting, which will attract volunteer and paid firemen from throughout West Texas and southeast New Mexico, now is being arranged.

It will include a barbecue during the afternoon at Cole Park with a Fireman's Dance at night.

During the day, business sessions will be held and pumper races will be staged.

Grady Brown of Midland is the president of the district organization.

Ike, Adlai To Carry Duel Into Texas Political Arena

By The Associated Press

Both presidential candidates will visit Texas in mid-October.

And the Republican vice presidential nominee, Richard Nixon, will be in Amarillo Friday night to deliver what has been billed as a major address.

Dwight Eisenhower, the Republican presidential nominee, will arrive in Texas October 14 and leave the next day—just two days before the Democratic nominee, Adlai Stevenson, comes in for two days.

Eisenhower will make five stops in Texas—Houston, Waco, Lubbock, San Antonio and Longview.

Stevenson will be in Texas October 17 and 18 and will make three stops—Fort Worth, Dallas and Houston.

Texas Vote Prize

Hanging as the prize of battle are Texas' 24 electoral votes, more than enough to swing a close Presidential election to either of the candidates.

For the first time since 1928, when Herbert Hoover carried the state for the Republicans over the Democrats' Al Smith, Texas is looked upon as a doubtful state.

Republican headquarters in Washington Thursday night announced a 26-state plane and train trip by Eisenhower beginning October 1. He hits Texas October 14 at Houston, Waco, Lubbock, and San Antonio. The next day he is expected to speak at Longview and Shreveport, La., and plans flying appearances the same day in Tennessee and West Virginia.

Stevenson Tour Set

Stevenson - Sparkman headquarters in Dallas say the Democratic presidential nominee will be in Fort Worth the afternoon of October 17, flying there from San Diego, Calif. He will deliver an evening address in Dallas the same day, and the next day he will talk to what is expected to be his largest crowd of the state tour in Houston.

The Illinois governor's detailed itinerary for his Texas trip had not been worked out Thursday night. There was a possibility he would not make a speech in Fort Worth, and sites for his Dallas and Houston talks had not been selected.

Porter announced the details of the Eisenhower visit to Texas in detailed fashion. The general will arrive by train in Houston at 9 a.m. October 14. He will speak from a Rice Hotel balcony and then board a special plane for an 11:45 a.m. speech in Waco.

Ike At Lubbock

Flying from Waco to Lubbock, the general will speak in the South Plains city at 2:30 p.m. and then fly back south to San Antonio for the major speech of his Texas tour. It's set for 8 p.m.

Eisenhower will be the guest of honor at a special birthday party in San Antonio. He was born in Denison, Texas, Oct. 14, 1890.

A special train will take the GOP nominee from San Antonio to Longview, where he is scheduled to arrive at 9 a.m., October 15.

Plans have been set tentatively for the general to speak at the airports in Waco and Lubbock, and Porter said the Longview speech would be made from the rear platform of the special train.

On his first visit to Texas since receiving the GOP nomination, Eisenhower will be escorted in a parade at San Antonio to the historic Alamo for his speech there.

While in the Army, Eisenhower lived several years in San Antonio and met his wife, Mamie, there.

Nixon's Tri-State Fair speech Friday night at Amarillo will be broadcast from in front of the Fair Park pavilion and is to run 30 minutes, instead of the original 15 minutes.

★ *LATE NEWS FLASHES* ★

SEATTLE —(AP)— Undersecretary of Air Roswell Gilpatric said Friday targets in Russia are within reach of jet bombers flying from American-operated airdromes abroad and refueling in the air enroute.

MOSCOW —(AP)— The Communist Party newspaper Pravda Friday attacked U. S. Ambassador George Kennan as a "slanderer disguised as a diplomat" who has lied about the Soviet Union and is an enemy of the country.

ANKARA, TURKEY —(AP)— Gen. Matthew B. Ridgway's top NATO deputy, British Field Marshal Lord Montgomery, headed back to Paris Friday after a 10-day survey of Turkish defenses.

CHICAGO —(AP)— Senator Robert A. Taft, Ohio, told Illinois Republican leaders Friday the GOP goal for the November 4 election should be "eight million more Republican votes than we've ever had before."

Midland Christmas Shopping Season Opens November 17

Christmas shopping in Midland will get an earlier start this year.

Midland merchants, attending a Chamber of Commerce Retailers Committee meeting Thursday afternoon, decided to open this city's Christmas shopping season officially Monday, November 17, when Christmas street lights will be turned on and store windows unveiled.

A unique ceremony and entertainment program are planned in downtown Midland that evening.

Then on Thursday, December 4, Santa Claus will come to Midland on his annual pre-Christmas eve visit as a guest of the Junior Chamber of Commerce. A huge parade honoring the visitor from the North Pole is scheduled at 5 p.m. Santa Claus will lead the procession, riding on a sleigh drawn by four reindeer. Candy will be distributed.

Foil garland and colorful lights will be used again this year in the street decorations. Efforts will be made to make the decorations the most colorful ever seen here.

Bud White, chairman of the Jay-Cee's Christmas Activities Committee, outlined plans for special events to be presented during the Christmas season. The events include a Miss Christmas Spirit contest, December 13, with the winner to receive a college scholarship; an all-civic luncheon, December 17; a community sing, December 21, and a Christmas theater party for youngsters, December 22.

The merchants agreed to keep their stores open until 7:30 p.m. each Thursday in December as a convenience to shoppers. Stores also will observe the 7:30 p.m. closing hour on Monday and Tuesday of Christmas week.

Henry Murphey, Retailers Committee chairman, who presided at the meeting, pointed out that approximately $2,400 will be needed to finance the Christmas program. He named a finance committee, composed of Harry Krist, Floyd Bell, C. W. Dunnam, Charles Knorr and Bill Green, to obtain the needed funds.

The money will be used to retire the indebtedness carried over from last year's program, as well as to finance phases of the 1952 program, including the installing, taking down and storing of street lights; electricity; replacing garlands and lights destroyed by high winds last December, and bringing the sleigh and reindeer to Midland for the December 4 parade.

Mona Freeman Granted Divorce

LOS ANGELES —(AP)— Actress Mona Freeman, who played bobby-soxer roles long after she become a mother, was granted a divorce Thursday from Pat Nerney after she testified her husband was so possessive he hurt her movie career.

Nerney, 33, wealthy Hollywood auto dealer, "was critical of everything I did," Miss Freeman, 26, told Superior Judge Thurmond Clark.

The couple's daughter, Mona, five, was awarded $75 monthly support.

Raft To Beach Acting Career, Launch Himself As Director

By ERSKINE JOHNSON
NEA Staff Correspondent

Exclusively Yours: Sleek-haired George Raft, who faced movie cameras for the first time 23 years ago, has reached a decision about his future that will surprise Hollywood. He says he'll turn movie director after he completes his new starrer, "Cairo Incident," in Rome and Algiers.

"It's what I want for the future," he told me on the set of his tele-film series, "I'm the Law." "I believe I know more about directing than 90 per cent of the men in the industry today."

• • •

So you think only Hollywood scribes play the game of adding two-and-two? A big glamor star who's just returned from a personal-appearance tour had this question put to her over and over again by people who follow Hollywood divorces: When are John Wayne and Maureen O'Hara going to marry? That's one Hollywood didn't think up.

• • •

An insider's explanation of Mario Lanza's shortage of that green stuff: "He spends money like it's going out of style."

SOCIETY

Mrs. Worden Is Club Speaker

Mrs. L. L. Worden talked to the Welcome Wagon Garden Club Thursday on growing gladioli, the club flower

Mrs. H. E. Rothrock was hostess and Mrs. F. C. Lochte, co-hostess. Mrs. Rothrock presided and discussed the schedule for the flower show to the held October 28. Mrs. Frank Dickerson was voted in as a new member. Guests were Mrs. W. A. Lochte and Mrs. James E. Munday.

Others present were Mrs. O. T. Adams, Mrs. M. F. Barber, Mrs. R. B. Cornell, Mrs. E. E. Evinger, Mrs. W. D. Gill, Mrs. J. T. Gist, Mrs. O. C. Griffis, Mrs. Calvin Lawrence, Mrs. J. E. Lewis, Mrs. J. S. Knaur, Mrs. R. M. Nugent, Mrs. F. W. Perrin, Mrs. L. W. Randerson, Mrs. T. A. Stroud and Mrs. C. J. Zabcik.

Coming Events

SATURDAY

The St. Ann's Altar Society will hold its annual Family Fair.

The Ranchland Hill Country Club will have a dance in the clubhouse with Lee Po ers orchestra f nishing the music.

The Children's Story Hour will be held at 10:30 a.m. in the children's room of the Midland County Library. The Dunbar Branch will have a story hour at 11 a.m.

The Midland County Museum will be open from 2 30 until 5 p.m.

The Order of the Rainbow for Girls will install officers at 7:30 p.m. in the Masonic Hall.

Council To Meet In Youth Center

The Adult Council of the Guadalupe Youth Center will meet at 4 p.m. Saturday in the youth center, 414 East Illinois Street.

Members will elect directors, consider amendments to the by-laws, discuss program and budget for the year and hear a report on plans for a city park for Latin Americans.

Personal letters of

EDNA St. VINCENT MILLAY

Our most famous modern poetess "spoke for every woman who had ever broken her heart." And now Edna Millay has spoken for herself with magnificence and candor through this rich heritage of letters. Read the story of her own love, ambition, triumph, and tragedy, in the October issue of The Ladies' Home Journal. Get your copy today and read *A Lovely Light.*

The MATURE PARENT

'Self-Sacrificing' Parents Strike A Madonna-Like Pose

By MURIEL LAWRENCE

Three days ago, Chris Ainslie and her mother went shopping for Chris' Fall coat.

In the assortment produced by the saleswoman was one of brown broadcloth, trimmed with beaver buttons and cuffs. Chris snatched it immediately from its hanger and, slipping into it, said, "Oh, mother, isn't it precious? I don't want to even look at anything else. This is it!"

Mrs. Ainslie reached for the price tag. It read "$129.95."

She cleared her throat. "It's very becoming, dear, but broadcloth is not practical for school, you know. And remember that I was planning to get myself some blouses with the check daddy gave me. It's much more than we expected to pay and I really think . . ."

"It is JUST," announced her daughter intensely, "the color of my new suede pumps."

Chris got her coat.

Is everything happy and peaceful in the Ainslie home? Don't be silly. Chris and her mother have been arguing over something ever since they brought the coat home. Tonight real battle was joined.

• • •

Chris says her mother promised her use of the living room this evening. Mrs. Ainslie says she promised nothing of the sort. When Chris presents evidence to prove her case, her mother loses all control of her temper. "You ungrateful girls," she cries, "how dare you accuse me of breaking my word when I sacrifice for you the way I do?"

Because, you see, Mrs. Ainslie did not want to give up her blouses to pay for Chris' coat. She has been furious for three days at having to give them up. She is so mad at the anonymous pressures that force her to give up clothes she needs in order to strike the heroic maternal pose, that she has grabbed the first excuse she can find to release her resentment at the child whom she has allowed to deprive her.

A "selfish" mother? No—just a normal on like you and me.

Even the most athletic of artists' models require intervals of rest when they have been straining human facial and body muscles in the benign pose of a Madonna. Only dead canvas, dead stone can maintain the eternal sweetness, the ineffable smile indefinitely. If we try to do it, the sweetness goes sour and the smile becomes a grimace.

So we shouldn't try. It exhausts us and is very bad for the children. For our rage at the taboo that forbids us to admit we have human needs we would like attended to betrays us into demanding acknowledgement of phoney goodness.

• • •

We think, "By jiminy, if I can't have my blouses, I'm going to have gratitude!" And thus we are lured into making demands for it—those demands which are really demands for children's admission of independence.

There's just no choice for a mother who loves Chris. If she has to choose between buying her blouses and demanding gratitude, she has to buy the blouses. There's no alternative. She has to be an honest woman, look the Madonnas straight in the eye and say to them, "No, you beautiful, noble ideal you, I can't take it. I'm taking my child back to the store where she's going to get a cheaper coat and I'm going to get the clothes I need."

What's more, on the way to the store, she should tell Chris all about the shenanigans that have been calling themselves "self-sacrifice."

Adult Training Union Has Social Meeting

The Adult II Training Union of the First Baptist Church held a social Thursday in the educational building.

Games were played and refreshments were served to the following: Mr. and Mrs. Jimmy Thomas, Mr. and Mrs. Harlan Howell, Mr. and Mrs. David Bishop, Jr., Mr. and Mrs. Joe Angel, Mr. and Mrs. Lee Feemster, Mr. and Mrs. Martin Neill, Mr. and Mrs. Jack Schuler, Mr. and Mrs. Ralph Mills, Mr. and Mrs. George Glover, Mr. and Mrs. Bill Hill, Mr. and Mrs. John Heagy, Mr. and Mrs. Merrill Hutto, Mr. and Mrs. Gene Shelburne, Jr., Mr. and Mrs. Alvin Woody and Mrs. Frances Alsop.

Church Council Sets Future Sessions

The executive board of the Midland Council of Church Women discussed plans for future meetings Thursday when the group met in the First Christian Church.

Mrs. E. B. Van Saun, president, presided. Announcements were made of the regular Council meeting to be held at 3 p.m. Monday in the First Methodist Church and the District Meeting scheduled for October 8 in Odessa.

Board members attending were Mrs. Earl Chapman, First Methodist; Mrs. C. E. Bissell, St. Andrews Presbyterian, and Mrs. A. H. Vineyard, Westminster Presbyterian.

MRS. WESLEY PADDOCK IS PARTY HOSTESS

Mrs. Wesley Paddock was hostess at a '42' party Thursday in her home.

Guests were Mrs. Ella Ragsdale, Mrs. D. B. Snider, Mrs. J. R. Jones, Mrs. Gan, Mrs. Pickle, Mrs. Frank Elkin and Mrs. Patterson.

TO HOLD DANCE

An end-of-the-month dance will be held Saturday from 9 p.m. until 1 a.m. in the Midland Country Club. Music will be by Jack Free's orchestra.

T&P Fete Honors Veteran Employes

DALLAS —(AP)— The Texas and Pacific Railway Company honored its "Royal Family"—employes with 50 years or more of service—at a Golden Jubilee luncheon here, Friday.

Forty-eight of its half-century of service veterans were present for the occasion. These old-time railroaders came from all points along the the T&P, from El Paso to New Orleans.

Highlight of the luncheon was the presentation of diamond-studded service emblems by President W. G. Vollmer to 10 T&P veterans, all of whom have reached the 50-year mark of service this year.

The T&P inaugurated its presentation of these diamonded pins, emblematic of a half-century of continuous service, in 1947. Since that time, 84 of its employes have been presented these awards.

RETURNS FROM VISIT

Mrs. T. G. Jenkins, 604 East Broadway Street, returned Wednesday afternoon after a three-week visit with her mother, Mrs. R. B. Walker, in Jefferson.

Lutheran Church To Hold Rally

The Grace Lutheran Church will hold its annual mission rally Sunday with the Rev. C. E. Kleber of Sparenberg, Texas, as guest speaker.

At the morning worship service at 11 a.m. Mr. Kleber will talk on "Your Great Desire—What Is It?" The Senior Choir will sing an anthem, "Praise to the Lord, the Almighty." Director of the choir is Mrs. Bob Macina and organist is Elizabeth Bodenman.

A basket lunch will be served at noon. Mr. Kleber will speak again at 3 p.m. on the topic, "I Have Set Before Thee An Open Door." The Senior Choir will sing two selections, "The Creed" and "The Benediction."

Following the service refreshments will be served by the Parish Workers.

Bridge Group Meets In Ranch House

Mrs. Joe Chastain and Mrs. Alfred Tom were co-hostesses to the AAUW Bridge Group at a meeting Thursday in the Ranch House.

A Fall football theme was carried out in the decorations. The tables were centered with replicas of bullfrogs and arrangements of Autumn flowers.

Prizes were awarded to Mrs. Tom, Mrs. W. B. Ahders, Mrs. R. M. Minton, Mrs. O. R. Adams and Mrs. Norman Dawson.

Guests were Mrs. A. E Rettig, Mrs. O. O. McNary, Mrs. Adams, Mrs. K. N. Boone, Mrs. James Brown Mrs. John Castner and Mrs. Dawson.

Others present were Mrs. George T. Brown, Mrs. Ross Miller, Mrs. L. A. Cornish, Mrs. J. W. Baker, Mrs. O. F. Sebesta, Mrs. R. M. Minton, Jr., Mrs. J. Wayne Campbell, Mrs. W. O. Keller, Mrs. M. A. Knock, Mrs. W. J. Sprecher, Mrs. C. R. Gaylord, Mrs W. H. Carter, Mrs. John S. Braun, Mrs. R. O. Burkett, Mrs. Mann Rankin, Mrs. P. T. Rumsey, Mrs. George Putnam and Mrs. Ray Hurst.

Druggists Wives Have Coffee

The Druggists Wives marked the beginning of their Fall club season with a coffee in the home of the president, Mrs. Lester Short.

New members attending were Mrs. Ed Penland and Mrs. Coy Dennis. Mrs. J. W. Crawford of Waco, sister of Mrs. C. C. Tull of Midland, was a guest. Arrangements of roses and Autumn flowers were used on the refreshment table. Mrs. Bill Wood presided over the coffee service.

Others attending were Mrs. Harry Douglas, Mrs. W. E. Fowler, Mrs. J. C. Lawrence, Mrs. C. C. Tull, Mrs. Bill Worthen and Mrs. E. A. Cameron.

Brownie Troop Elects Officers

Officers were elected when Brownie Scout Troop 47 met Wednesday in the Little House.

They are Linda Latham, chairman; Melinda Mayhew, secretary; Judy Edman, program chairman; Betsy Johnson, telephone chairman; Sandra Kay Moody, monitor; and Lillian Walters, reporter.

Mrs. Bill Holland is troop leader. Mrs. R. A. Diemer was a guest at the meeting.

Kiwanis Show Features Humor Of World Travel

With first-night flaws smoothed out of the production, Thursday night's audience for the minstrel-revue, 'Here We Go," saw a fast-moving, lively show.

"Here We Go" is the Midland Kiwanis Club's sixth annual minstrel-revue, produced by the Midland Community Theater.

The show will continue through October 1, with the exception of Sunday, with performances at 8:30 p.m. daily in the City-County Auditorium. Proceeds will be used by the Kiwanians to support their program for helping deserving boys and girls.

Lampooning world travel, Act I of the show includes comedy skits and songs that advise the audience of the problems and pleasures of a vacation—from a lecture on preparing for a trip with th kiddies to etiquette "On the Reservation."

Act II is the traditional minstrel, with Thomas E. Beal, Sr., as interlocutor and Bob Traweek, Bill Cumberland, Jr., Art Cole, Hulon B. Brown, Duke Jimerson and Toby Hilliard as endmen.

Tom Campbell is general chairman for the show, with Paul Laverty as show treasurer. Serving on the minstrel committee are Albert S. Kelley, Joe Koegler, Allan Roberts and Campbell.

The show is staged by Art Cole, with dances by Barbara Muensinger and choral direction by Beal. Show pianists are John Springer and John Bizzell.

Altrusa Club Fetes Members With Birthdays

Members who had birthdays in September were honored when the Altrusa Club met Thursday night in the Grill Room in Miller's Supper Club.

Lillie Marie Carter, chairman of the birthday committee, served a birthday cake baked by Jerry Bizzell for the honorees, including Mrs. Lucille Johnson, Mrs. Lucy Mashburn, Maria Spencer, Laura Jesse and Hella Mae Williams.

A report was made by Grace Wallace on the Latin-American students at Sul Ross State College, Alpine, who are being sponsored by the club.

Appointed on a ways and means committee to supervise the project of student assistance were Mrs. Mashburn, chairman, Mrs. Bertie Boone, Mrs. Annie Ford and Mrs. Kay Williams.

Mrs. Virginia Hoffman and Mrs. Ford spoke on their recent trip to Europe.

Sunday School Class Holds Dinner Meet

The Business Women's Sunday School Class held a dinner at the Hotel Scharbauer Thursday. Following the meal, Mrs. C. M. Dunagan presented a review of the Book of Revelations.

Guests attending were Mrs. Cecil Holifield, Mrs. James O. Simmons, Jr., Mrs. Dunagan and Edith Conyers.

Members present were Mrs. Alpha Day, Mrs. Brookie Belden, Mrs. M. C. Hill, Mrs. Roy H. Davidson, Mrs. Novella Montgomery, True Routh, Mrs. J. F. Littlejohn, Mrs. Guy Wilemon, Mrs. Dona Dunagan and Mrs. Myrtle Franklin.

Terminal WMU Has Odessa Speaker

Mrs. Arthur DeLoach of Odessa talked to the Terminal Baptist Woman's Missionary Union Thursday on "The Christian Home." Mrs. G. H. Wagoner of Dallas gave the devotional.

Also a guest was Mrs. E. D. Oliver of Odessa. Others attending were Mrs. A. R. Beardsley, Mrs. A. W. Hunsinger, Mrs. E. L. Worlow, Mrs. McRoys, Mrs. P. T. Thurman, Mrs. Curtis Rogers, Mrs. C. E. Pierce and Mrs. J. L. Taylor.

Try Them For Convenience

Have you ridden the city buses recently?

If not, why not ride one of the modern buses downtown or back home sometime, trying the service just for convenience.

More and more Midlanders are using the bus service these damp, cool days, but there still are too many vacant seats on most runs.

The Midland Transportation Company started its city bus service here last February 22, and although business has shown a nice gain, we are told the operation still has not reached the break-even point. The transportation company officials are not complaining, but it does seem the firm at least should be breaking even by this time.

• • •

The company, which has a perfect safety record, provides excellent, dependable bus service to all sections of the city and to all schools. Two new buses were added to the fleet early this month, bringing the total now operating here to seven, and affording improved service to Ever-Growing Midland.

Although the Midland Transportation Company is a privately-owned concern, it is a public utility whose welfare should be of interest to all residents of the city.

Midland was without bus service almost a year before the Midland Transportation Company started its operations, and many and loud were the complaints heard by city officials and others concerning the lack of public transportation. But now that the finest bus service possible is available—well it appears that many residents just haven't gotten around to using it.

But it still isn't too late to at least try the service, which is offered for your comfort and convenience.

• • •

We still are of the opinion that increased use of the city buses would ease the downtown parking situation, which is getting no better fast. That is something to think about, too.

Bus company officials say that if persons will ride the buses a few times, they likely will become steady, satisfied customers. It is worth something just to hear the pleasant "Good Morning" spoken by the courteous women bus operators.

Anyway, it is hoped bus patronage will continue to increase and that the company soon will realize a fair profit on its investment.

Let's not again wind up without bus service in Midland.

No youngsters enjoys doing his daily dozen exercises—when they're all errands.

Most boy geniuses are kids who usually grow up to be just another adult.

If you want to miss some of your friends, just continually try to fall back on them.

Answer to Previous Puzzle

L & L

Q—How many jewels are there in the British state crown?

A—The imperial state crown, which was made for Queen Victoria in 1883, contains a total of 3093 diamonds, pearls, sapphires, emeralds and rubies.

• • •

Q—What is the Mazarin Bible?

A—This is another name for the Gutenberg Bible. It also is called the "Forty-two-line Bible" because there were 42 lines of type to a column.

• • •

Q—Has Japan resumed its pearl industry?

A—Yes, with the help of government subsidies, Japan's pearl industry hopes to reach its pre-war level of experts by 1958.

• • •

Q—What is the origin of the expression "to vamoose"?

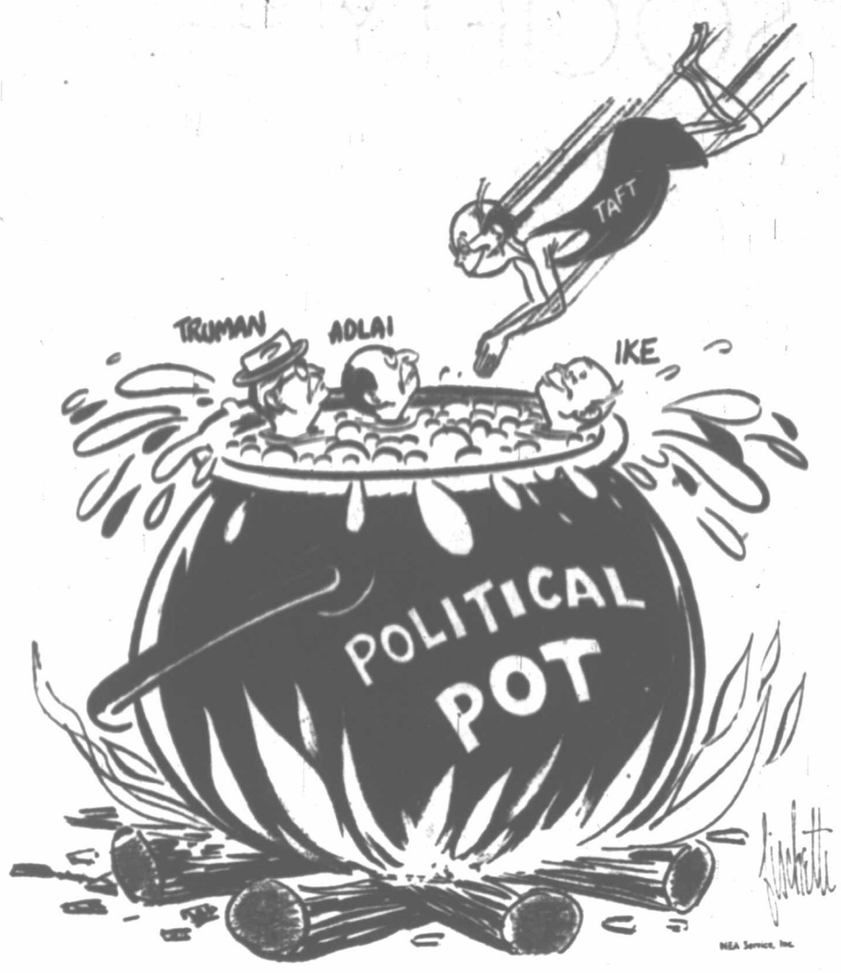

A—It is an American corruption of the Spanish word, vamos, meaning "let us depart."

• • •

Q—Who is often called the "Burbank" of Florida?

A—Lou Gim Gong, a Chinese horticulturist who settled in Deland in 1886. He introduced a new variety of orange and developed a more hardy type of grapefruit.

. . . Add Spice And Let Boil

• The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1952, By The Bell Syndicate, Inc.)

Drew Pearson says: Eisenhower was torn between professional and amateur advice on Nixon; Taft peeved at Ike for tightrope walking; Ike didn't like Nixon's first statement on "expenses."

WASHINGTON — General Eisenhower's period of indecision regarding his vice presidential running-mate was due largely to the fact that he was torn between a crossfire of advice from two groups of backers.

One was the professional politicians who accompanied him on the train. These, led by GOP National Chairman Arthur Summerfield, fought hard to keep Nixon on the ticket. With him were Senator Seaton of Nebraska, Congressman Hugh Scott of Philadelphia; while Milton Eisenhower, the general's brother, a non-professional, was emphatically in favor of dropping Nixon, and General Wilton Persons, one of Ike's old military friends, was on the fence.

But the enthusiastic amateurs who got on the train during its stops enroute urged that Nixon be taken off. These were the leaders who had rounded up the big write-in votes for Eisenhower during the primaries, who sometimes had voted Democratic and who represented the independent bloc which can swing an election.

They felt that the general must give an example to the nation, must show that he meant business right at the start by cleaning out any taint or even suspicion of corruption. They argued that if the Nixon "expense gifts" had been known at Chicago he would not have been nominated, and that if the general put action to words the election would be in the bag.

In The Dark

One factor which hampered Eisenhower's decision was the fact that his advisers kept the Nixon news from him for 18 hours. Although they got the first query on the New York Post story via the United Press on Thursday afternoon, they did not tell the general about it until next morning.

And since the general seldom reads the newspapers carefully, he did not learn the bad news—even though his advisers sat up until 3 a.m. at Omaha trying to decide what to do while the man chiefly concerned slept peacefully in the next car, blissfully ignorant that the worst political storm in fifty years of presidential campaigns was about to break over his head.

Next morning, the general was told what had happened and at first it was suggested that perhaps Senator Nixon should fly to Kansas City or St. Louis to talk things over. Finally it was decided that Senator Seaton of Nebraska would get off the train at the next stop and telephone Nixon—which he did.

Nixon, when reached by telephone, had some strong opinions. He asked that no action be taken until he could give a full statement, and he put some of his staff on the phone to tell of the big crowds he'd been getting. They indicated that the people around Eisenhower had buck fever. The thing to do, they urged, was to play down the story and proceed as if nothing had happened.

Kansas City Conference

That night, at the Muehlebach Hotel in Harry Truman's home town, the general called a staff conference in the "Little White House," the penthouse used by President Truman when he comes back to Missouri. Truman's picture had been removed, although the piano on which he sometimes plays the "Missouri Waltz" remained.

At the meeting were Chairman Summerfield, Governor Adams, Milton Eisenhower, president of Penn State College; Jim Hagerty, press secretary; Senator Seaton, Maj. Gen. "Slick" Persons, Brig. Gen. Robert Cutler and Eisenhower himself. They decided to have the general make another statement, then wait for Nixon to explain all. It also was decided that the general himself should meet the press in an off-the-record conference and reiterate his determination for honesty in government. Next day this was done.

In doing so, the general, by pure coincidence, used the same expression used by President Harding in defending some of his associates—"clean as a hound's tooth."

Meanwhile Senator Taft was really sore at the general for not backing Nixon at the start. Taft thought that Eisenhower's tightrope walking was what made the Nixon affair a big headline and a big issue.

Ike's Irk

The general meanwhile was irked not only at his own staff for not telling him of the Nixon "gifts" when the news first broke, but also sore at Nixon himself because he had shot off to the press without clearing with him. The general especially didn't like Nixon's first statement blaming "Communists and crooks" for the newspaper stories.

One voice which kept urging the general to drop Nixon was that of Bert Andrews, ace political writer for the New York Herald Tribune who originally introduced Nixon to Eisenhower. Andrews felt that Nixon's position materially had hurt the ticket and that the general would be sure of election if he showed he was against any suspicion of unethical conduct.

On the other hand, the general was boiling mad at Chairman Summerfield for stating that Nixon definitely would remain on the ticket. Since Summerfield made the statement after Eisenhower already had said he was going to make up his mind only after Nixon told his story, he didn't like Summerfield's word to the contrary.

When word of Summerfield's precipitous statement reached the general, he snapped:

"Summerfield may be Republican national chairman but he doesn't speak for me."

Ike's Security

Security aboard the Eisenhower train could be a lot better.

As a candidate, the general gets no official government protection so there are no Secret Service or FBI men on board. His bodyguard is a Chicago plain clothesman while Mamie has an ex-cop from Denver. The local cops in each town chiefly are depended upon for security. On several occasions Eisenhower has been separated from his police guard, which has some of his advisers worried.

Their concern is over fanatics, especially in Ohio where the GOP old-guard has been far more bitter than the Democrats. Because of this, the FBI was sufficiently worried in Cincinnati to slip some G-Men quietly in the crowd for security purposes, even though officially the FBI is not suppposed to guard candidates. This is the work of the Secret-Service—although not until the candidate is elected.

LITTLE LIZ

It's surprising how many first-class quarterbacks show up after the final whistle has blown. ©NEA

CICERO WANTS OUT—Ed Allen, of Cicero, Ill., looks over a gagged-up sign that may soon be replaced with a new name for the town. Cicero voters who would like to wipe out the name symbolic of gunmen, bootleggers and gamblers will get their chance at the November election. They will vote on a petition to change the name made notorious by Al Capone and his friends and foes.

• JACOBY ON BRIDGE

By OSWALD JACOBY
Written for NEA Service

Today's hand was played in the semi-finals of this year's national team championship, held in Cincinnati a few weeks ago. At both tables the South player was a great expert, but only one of them found the right way to make the contract of three no-trump.

At the first table Mrs. Helen Sobel won the opening diamond lead with dummy's king and immediately tried a spade lead to the king. West took the ace of spades and led the nine of diamonds to South's jack.

Mrs. Sobel now tried another spade, losing to East's jack. East returned a diamond, and the defenders could now take three diamonds and three spades. The contract was thus set two tricks, for a penalty of 200 points.

At the other table, Sol Mogal, another well-known New York expert, played the South hand. He likewise won the opening lead with dummy's king of diamonds. But he then ran four rounds of clubs on the theory that this might embarrass the enemy but could not damage his own hand.

The idea was a very good one. Charles Goren, who held the West hand, had to find two discards on the clubs. No discards would have done him any good; he chose to part with the four of spades and then the nine of spades.

Mogal had won the fourth club in dummy and was therefore in position to lead a spade towards the king. This lost to West's ace, and a diamond came back to the jack.

Now, however, a second round of spades cleared the whole suit, and nothing could stop declarer from winning ten tricks.

The difference between making four no-trump and going down two tricks was 830 points. This was the biggest single swing hand in the match, which saw the elimination of the Goren team from the championship contest.

	NORTH ♠ 10 8 5 3 2 ♥ K 8 2 ♦ K ♣ Q 8 7 3	26
WEST ♠ A Q 9 4 ♥ J 9 ♦ A J 10 9 8 4 ♣ 9 2		EAST ♠ J 7 ♥ Q 8 7 6 3 ♦ 7 6 3 ♣ 6 5 4
	SOUTH (D) ♠ K 6 ♥ A 10 4 ♦ Q J 5 2 ♣ A K J 10

2 N.T.	Pass	3 N.T.	Pass
Pass	Pass		

Opening lead—♦ 10

CARD Sense

Q—With neither side vulnerable, the bidding has been:

North	East	South	West
1 Diamond	1 Heart	?	

You, South, hold: Spades K-8-5, Hearts K-Q-5, Diamonds Q-7-3, Clubs J-6-4-2. What do you do?

A—**Bid one no-trump. This shows ample strength for a free bid, with strength in the opponent's suit. Your strength is limited, however, by the fact that you could not double the enemy nor could you jump to two no-trump.**

TODAY'S QUESTION

The bidding is the same as in the question just answered. You, South, hold: Spades K-8-5, Hearts K-Q-9-5, Diamonds 7-3, Clubs K-J-4-2. What do you do?

Answer Sunday

★ WASHINGTON COLUMN ★

Nixon Would Be In Clear Now If Senate Bill Had Been Passed

By PETER EDSON
NEA Washington Correspondent

WASHINGTON — Just a year ago, Senators Paul Douglas of Illinois, Wayne Morse of Oregon and Hubert Humphrey of Minnesota introduced a bill intended to make one stab at improving the ethical standards of government.

It goes almost without saying that this bill died a-borning. Nobody was interested and not even the hearings of Senator Douglas' Committee on Ethics could stir up any enthusiasm.

The purpose of the Douglas-Morse-Humphrey bill was to require all senators, all congressmen, and all other government officials earning more than $10,000 a year to report publicly on what they were worth.

It would require them to report all their outside earnings in addition to their government salaries, list all their assets and liabilities, and give details on all their dealings in securities and commodities.

There was a sincere doubt among many people that this bill would have accomplished what it set out to do—which was to keep public servants honest and uninfluenced.

There was a feeling among many constitutional experts that such a law would violate guarantees of rights to privacy. Furthermore, it might make many honest and competent private citizens refuse to take government jobs.

Hullabaloo Would Be Over

Whether the passage of this bill would have prevented or checked the government scandals that have been disclosed in the last few years, or whether it would have uncovered even more skullduggery is something for debating societies to argue.

But it is fairly safe to say that if such a law had been passed in 1951, Senator Richard M. Nixon of California would not be in the hot water he is in today.

Under this law, Senator Nixon would have had to report that, in 1951, $11,000 worth of his extraordinary expenses in the conduct of his office had been paid by a group of from 50 to 100 of his California constituents.

This would have been on the record. Any hullabaloo about it would have been all over and done with before the Chicago nominating convention of the Republican Party.

This might have prevented Senator Nixon from getting the nomination. But even that would have spared him his present embarrassment, and the clamor to have him resign as Republican vice presidential nominee.

In a way, Senator Nixon today is the victim of his own frankness in revealing that he received this outside help. He could have denied it. The collector of the fund, Attorney Dana C. Smith, could have denied it. Unless one of the secret list of donors had talked, the whole thing would have been hushed up.

There still is considerable dispute over whether Senator Nixon should have reported this additional financial help he received as income, for tax purposes. His argument, and the argument of Dana Smith, who is a tax attorney, is that the senator never received any of the money, so it was not income to him.

But as Senator Nixon told this reporter when he first revealed the facts of the case, "If I had not received this help, I could not have made the down payment on my house."

Senator Nixon recently bought a new house in Spring Valley, a Washington suburb. What he meant by this disclosure was that if his extra-office expenses had not been met by the California contributors, he would have had to use part of his $12,500 salary to meet the bills, and he could not have bought his house.

In effect, by disclosing these payments, Senator Nixon was complying with the intent of the unpassed Douglas-Morse-Humphrey bill. He is the first victim of his own intent to come clean.

Have A Laugh

By BOYCE HOUSE

"The best kind of fish to use to catch real big catfish isn't minnows; no, sir, it's gold fish," Deputy Sheriff C. F. Robinson of Marshall once told me. "You have to train the goldfish but they are intelligent and, with a little patience, you can teach 'em what to do.

Here was Robinson's method of catching catfish: He takes a goldfish and ties him to a long line, then turns him loose in a lake. Robinson of course holds the other end of the line. Well, that goldfish sets out to hunt for a big catfish—he don't fool with any but the very biggest. When he spots a whopper, the action starts. Of course, the big catfish wants to swallow the goldfish and that fits right in with the goldfish's plans.

He lets the big fish get him—but, the very instant the goldfish enters the big fish's mouth, he darts out through the catfish's gill and then he swims around that catfish's head twice before you can say "C. F. Robinson"—and there that catfish is, with a double-hitch tied around him. And all that Robinson has to do is haul him to the bank.

He offered to take me out and show me just how it was done, but just then, a report came in that there had been a shooting so the deputy had to go and investigate that.

What's RIGHT?

You send a wedding gift to a bride-to-be, and several weeks later you have not had a thank-you note from her.

WRONG: Write and ask her if she or her mother received the gift.

RIGHT: Give her more time, since brides are often slow in getting all of their thank-you notes written.

SECOND MAN on the Ticket

XVII

THE plane was banking, and I saw the lights of an airport down below. The hostess passed smiling along the aisle, reminding us to buckle our safety belts.

"Lucy," I said, "you're a very handsome girl, but I didn't think it was necessary for me to tell you that. You're pretty well aware of it already. It shows in everything you do."

"It does?" she said tightly. "How?"

"Well, in the way you walk," I said. "That little wiggle."

"I don't wiggle!"

"Yes," I said. "You wiggle. And it shows in that smile of yours. It's sort of contented. When you smile at a guy you make him think he's just a mirror reflecting it back at you."

"You heel," said Lucy.

"And it shows in the way you pat your hair and look at your nails and lift your right shoulder," I went on. "It shows all over you."

"Mr. Mason," she said. "You say the nicest things."

"You asked me," I said. "I wasn't criticizing. It's usually that way with your type. Girls who have been around are always pretty sure of themselves."

"Been—around?" Lucy said.

"You know what I mean," I said. "Sophisticated. You're not denying you're sophisticated, are you?"

"I have an overlay of sophistication," Lucy said. "But it's wearing pretty thin right now. In just about a minute it will crack and the primitive woman will break through and gouge out your eyes."

The plane bumped on the runway, and Lucy, somewhat flushed, unbuckled her belt in silence. The plane taxied up to the apron, and as soon as the door was opened Lucy went ahead of me down the steps. I followed her into the administration building, without a backward glance for Governor Warburton.

In the waiting room, smoking a cigar, was John Mills. He moved his head slightly a nod toward the door, and Lucy and I went on out and waited to claim the luggage. A moment later Governor Warburton came through the door and moved on past us into the darkness.

• • •

WE were on a three-lane highway, driving very fast through the night. John Mills said, "It was a surprise when I got that phone call to meet you here, Willie. At first I thought it was a gag. What's the trouble, anyhow?"

Governor Warburton began explaining to his friend just what the situation was, and I leaned back on the seat beside Lucy and lighted cigarets for each of us. She took hers without a word.

"We'll be about an hour on the road," I said. "Lucy, you and I always kid each other. I never guessed you were sensitive."

"I'm not sensitive," she said. "No more than anybody." She took a deep drag of the cigaret. "But, Roy, enough is enough. You'd praise a cook for dishing a good dinner. You'd compliment a bootblack for a high shine. Sometimes you ought to praise a girl for—for—"

"For what?"

"For being a girl," said Lucy.

The Governor turned his head. "Roy, John and I have been talking it over. Now, it's pretty late. It will be touching midnight when we get to Hydetown."

"Ginny Perkins," John Mills said. "She's our problem."

"We don't want the word to get out that I paid a midnight call on Miss Hattie," the Governor said. He grinned at me. "You and the girl got along pretty well, didn't you, Roy?"

"Passably," I said.

"Roy," the Governor said. "What do you think? Think you can get her out of the house?"

"I'll try, Governor," I said.

The headlights picked up a sign that said: "HYDETOWN: Rotary Meets Wednesday." John Mills said, "I'll stop a way down the street, and we'll get out there. Then you drive on up to the house, Mr. Mason."

He turned the car to the curb and stopped by a sycamore tree. "We'll wait here," he said. "You take the car, Mr. Mason, and as soon as we see you drive away with Ginny, we'll hustle up there."

"One more thing, Roy," the Governor said. "Bill Evers and I mapped this thing out. If we are seen here, we call up the hotel. There's a photographer there from Ego Magazine, to make a big layout on Warburton Day. If we're seen we call him and pretend it was a prearranged stunt, a sentimental call on my old schoolma'am."

I got behind the wheel and drove off, leaving them grouped under the sycamore tree. I stopped in front of Miss Hattie's cottage 100 yards farther on. A porch light was burning, and most of the downstairs lights were on. I went through the gate and up to the door.

• • •

I KNOCKED, and heard slow steps approaching. The door came open a few inches and I stood facing Miss Harriet Perkins. The lines around her eyes tightened and she said stiffly, "So it's you. I suppose you've come for your reading lamp?"

"The lamp was a present for you."

"I don't accept bribes, young man," Miss Hattie said crisply. "Come in and get it."

The lamp was on a hall table, the cord wrapped around its stem. Miss Hattie picked it up and held it out to me.

"Just take it along, young man."

"Of course," I said. "But now that I'm here, may I speak to Ginny a moment?"

"Virginia's not here," Miss Hattie said.

"Do you know where I can find her?"

"At the depot," Miss Hattie said, with a shrug of her vast shoulders. "She went down to the depot. Good night, Mr. Mason."

(To Be Continued)

Grand Jury Charges Name Starr Clerk, Tax Deputies

RIO GRANDE CITY — (AP) —Nine persons were under indictment Friday for alleged election irregularities in last July's Starr County Democratic Primary.

Named in indictments returned by a grand jury here Thursday were:

County Clerk Jose J. Hinojosa, indicted on five counts of making false certificates involving absentee balloting.

Santiago Clarke and Jose Sanez, deputies in the county tax office, indicted for issuing poll taxes to fictitious persons.

Amador Gonzales and Fernando Gonzales, election judges, charged with refusing to issue ballots to qualified voters.

DeWitt Jones, Matilde Munoz, Jose Lopez and Placido Pena, members of the Absentee Ballot Canvassing Board, indicted for illegally allowing unauthorized persons to examine voted ballots and of illegal rejection of 117 ballots.

A case set for argument Friday in the Fourth Court of Civil Appeals at San Antonio has the same charges as those in the indictments. In the election suit Armando Longoria charges fraud. He claims he won a county commissioner's seat by 85 votes but the the County Democratic Executive Committee declared J. M. Longoria the victor by 88 votes.

In his petition Armando Longoria charges aliens, minors, non-residents, illiterates and county paupers voted for his opponent

Maxie Davie Heads Stanton FFA Group

STANTON—Maxie Davie has been elected president of the Stanton Future Farmers of America chapter.

Other officers include Norman Blocker, vice president; Alton Long, secretary; Glenn Greenlee, treasurer; Wayne Petree, reporter; Wayne Reynolds, second vice president; Bennie Joe Blissard, third vice president; Danny Foreman, parliamentarian; Homer Hull, sentinal, and Archie Butler, historian.

A Green Hand initiation will be held September 29 at 7:30 p.m. in the agriculture room. Committee in charge includes Bennie Joe Blissard, Wayne Petree and Glenn Greenlee.

The Stanton FFA will sponsor a livestock judging contest for the FFA chapters in this district and the county 4-H club. Final plans are to be mapped at a district session in Stanton.

DO SEX LAWS KEEP HUSBANDS FAITHFUL?

"No!" says an eminent New York Judge. "Even when adultery was punishable by death—as in early New England—men still continued to be unfaithful to their wives." ARE our sex laws obsolete? IS adultery a crime? How SHOULD rape be punished?

Don't miss why "We Must Change Our Sex Laws"... in Oct. Coronet now on sale

CAMERA CALL!

Read a lot of the advertisements nowadays and you'll get your fill of "extra value" for this and that... Which got us to thinking as to what *we* had that we could talk about...

Well, there's so *much* "value" in the pleasure of Pictures that it would take us a week of Mondays to tell it all, and even then we'd probably not do it justice.

But there's one thing keeps cropping up—that you get actual Double-Value every time you shoot a roll of Kodachrome or Ansco Color...

First, you get the actual "transparency" for projection onto a screen so's you can enjoy the "ah's" and "oh's" of an appreciative audience. *Second*, you can have wonderful Prints made of your color shots. Sort of two-for-the-price-of-one...

Matter of fact, *all* pictures give "value" multiplied many times over, for their enjoyment lives for years and years..

QUEEN BESS WEARS PLAID

LONDON—(AP)—The Duke of Edinburgh apparently has won "the battle of the kilt" with his wife, according to new pictures of the royal family published Friday.

Queen Elizabeth's father, George VI, always wore the traditional kilt in Scotland. Reports have said the Queen wants her husband, the Duke, to do so, too, but he doesn't like the things.

Friday's pictures show Edinburgh in a Bernard Shaw-like Norfolk suit with baggy knickerbockers and heavy shoes.

The Queen wears a kilt.

WTCC Committee Plans Roads Study, Not Recommendations

ABILENE — The West Texas Chamber of Commerce Highway Policy Committe will not make recommendations on division of funds for construction of various classes of highways, or any method of creating additional state funds the highway department may need, according to Chairman Virgil P. Patterson of Amarillo, chairman of the committee.

Patterson said he wanted to emphasize that point because the WTCC has heard that reports have been circulated in several places that the organization will "take sides" in highway matters during the next session of the Legislature.

"Such reports are unfounded and in direct contradiction to the firmly expressed policy of our committee," Patterson said.

He said the committee will devote all of its activities to making an inventory of highway needs and conducting a public information program on the whole problem.

Patterson said Gov. Allan Shivers has declared he will appoint a statewide committee to advise him before the Legislature convenes.

"We will try to be in position to give the governor's committee a complete picture of our West Texas hihghway needs—from big city expressways to farm roads—and that is all," said Patterson.

Japs Believe Ship Victim Of Volcano Beneath Ocean

TOKYO —(AP)— Japanese authorities said Friday night either a tidal wave or suction from an underwater volcano must have sunk a Japanese observation ship which vanished Tuesday with 31 abroad.

Japanese Coast Guard boats and U. S. Air Force planes found no trace of the 210-ton No. 5 Kaiyo Maru, which vanished Tuesday 200 miles southeast of Tokyo. It was on an inspection tour of the Myojin Reefs, which rose from the ocean floor two weeks ago in a violent submarine explosion.

The missing vessel carried nine scientists and a crew of 22 toward the seething cauldron of smoke, flame and ashes surrounding the reefs.

A spokesman for the Central Meteorological Observatory said the Kaiyo Maru "must have been sucked into the submarine volcano crater."

Yonekichi Yagisawa, director of the Coast Guard, said "it is highly probable" that a tidal wave washed the vessel to the bottom.

He recalled that a tidal wave was seen north of the reef Wednesday.

Martin County's Sears Swine Show Scheduled Saturday

STANTON — The Martin County Sears Swine Show will be held at 9:30 a.m. Saturday in the show barn here.

Boys that will display gilts are: Bobby Wren, Stanton; Carl Anderson, Patricia; Jerry Welborn, Tarzan; Ed Wilson, Stanton; Ronnie Bingham, Stanton; Freddie Martin, Stanton; Jerry Caugham, Ackerly, and J. C. Randolph, Ackerly.

Showing pens of three will be Chalmer Wren, Jr., Stanton, and John Paul Cave, Ackerly.

Elbert Steele, Stanton vocational agriculture teacher, will judge the show.

Winners in this show will compete October 2 in the Area Show at Big Spring.

Mexico Police Seek Plane Bomb Suspect

MEXICO CITY—(AP)—Police said an arrest warrant was out Friday for a person, identity undisclosed, who recently took out a large insurance policy on a Mexican passenger aboard the Mexican airliner almost wrecked Wednesday by a mysterious explosion.

Investigators said they believed the explosion, in which several of the 17 passengers were injured, was caused by a bomb placed in the baggage compartment by the purchaser of the insurance policy. They refused to disclose the identity.

MISSILES KILL CHILDREN

NAPLES, ITALY—(AP)—Six Italian children were killed Friday by World War II missiles they dug up.

Ben Gay Elected DAV Post Commander

Ben Gay, an officer of the Midland Police Department, Thursday night was elected commander of the Midland post of the Disabled American Veterans.

Gay will call a special election at a later date to elect a senior vice commander and a junior vice commander.

Thursday night's election was held during a meeting at the American Legion Hall here.

TRAIN CRASH KILLS TWO

OWOSSO, MICH.—(AP)—Two crew members were killed and a third injured Friday in the collision of two Grand Trunk Western mixed passenger-freight trains five miles west of here.

O'Dwyer Visits U. S. For Physical Check

BEVERLY HILLS, CALIF.—(AP)—William O'Dwyer, U. S. Ambassador to Mexico, is spending five days here for a physical checkup and visit with his brother, Frank of El Centro.

The former mayor of New York City arrived by plane Thursday night from Mexico City. Mrs. O'Dwyer flies Friday from Mexico City to New York for a visit.

Patrick Henry was the only man to decline appointment as Secretary of State.

★ Daddy Ringtail ★

By WESLEY DAVIS

Daddy Ringtail Day After Christmas

"The Huffen is home, he is!" called out the Huffen, when Daddy Ringtail knocked on the door.

"Happy day, Huffen Puffen!" said Daddy Ringtail, and closed the door behind him.

The Huffen didn't answer with a "Happy day." Instead he said, "The day isn't happy for me, it isn't. Worry, worry, and worry."

The Huffen sat in a chair in a corner to do his worrying. He held his hands between his knees. His chin was almost touching them. Worry, worry, and worry.

"Oh now, Huffen," said Daddy Ringtail with a happy laugh. "Don't worry!" Again Daddy Ringtail laughed. Oh no! Let the Huffen hurry to eat his breakfast. What a happy day it was outside! Why, the day outside was a fine Summer day of a gentle sun, a cool breeze, and the sweet smell of wild flowers growing.

"Worry, worry," answered the Huffen.

"Wait!" said Daddy Ringtail. This was early morning, really. Daddy Ringtail hurried to say some more what a fine Summer day was the day outside.

Why, it was a day just made for fishing. The day was a happy, lazy day indeed. Fish were jumping in the river, wanting someone to catch them. Yes, and his riverboat was ready to go, Daddy Ringtail said. A

fine lunch was packed away in the box, ready for happy fishermen to eat when lunch-time came. Fishing poles were in the boat and ready to go, and now would the Huffen stop his worries? Now would the Huffen be happy?

But the Huffen answered he couldn't stop his worries, he couldn't', and he couldn't be happy, either. Said the Huffen, "Three months from this very day is the day after Christmas, it is. What an unhappy day it will be, with Christmas come and gone."

Daddy Ringtail smiled to hear these words. He said the Huffen had just forgotten. The day after Christmas is a happy day after all, it is, with all the Christmas presents. But a fine Summer day is happiest of all—if a fine Summer day is the day you have. Happy day! Happy-Huffen-Fishing-too, the Huffen decided.

Continental Trailways Add Bus Service To San Angelo

Announcement of the purchase of the San Angelo-Midland-Odessa operations of Baygent Coaches were made Friday by T. S. Reece, vice president-general manager of Continental Trailways Bus System in Dallas.

Acquirement of the route will permit extension of the present Continental Trailways bus service from Dallas through Brownwood and San Angelo into Odessa.

The announcement of the purchase follows on the news released last week of the proposed acquisition by Continental of the 14,900 mile American Busline whose operations include service east and west through Midland and Odessa between Dallas and Los Angeles.

The new route will thus provide thru service for the first time into the Midland-Odessa area for travelers from Dublin, Comanche, Brownwood and Coleman, with direct connections for thru buses to the west coast.

500 Mexican Cattle To Enter U. S., But Cross Border Again

EL PASO —(AP)— About 500 head of Mexican cattle are expected to enter the U. S. here soon. But they won't stay long.

The first large contingent of cattle to reach the U. S. since the lifting of the foot and mouth disease embargo, September 1, the stock will be exported to Lower California.

Shipments of fresh meat are increasing sharply. All the meat has come from Juarez, Mexico, packing plants to date. Carloads from the interior of Chihuahua are expected to reach here next week.

About 250,000 pounds of beef have entered since September 1. At least 70,000 pounds will reach El Paso Friday for shipment east.

Some Mexican cattlemen say it is more profitable to slaughter their animals below the border and send the meat to U. S. markets than to bring live animals here for pasture and feeding.

Jimmie MacNicoll, Noted Prosecutor, Dies Unexpectedly

DALLAS —(AP)— Minutes after he had closed state's arguments in a criminal trial Thursday night, Assistant District Attorney Jimmie MacNicoll, 52, widely known criminal prosecutor, died in the emergency room of St. Paul's Hospital.

MacNicoll had appeared in good spirits when he left the criminal district courtroom shortly after 8 p.m. to go home, court attaches said. He suffered a heart seizure soon after reaching his home and was rushed to the hospital.

He died there in the emergency room after suffering a second seizure.

MacNicoll, a veteran in the practice of criminal law here, was recognized as one of the state's ablest prosecutors. He had appeared over the years in many major criminal trials.

He was one of the prosecutors in the murder trial of Mrs. Rebecca Doswell a few months ago, one of the most widely publicized trials in Dallas in several years.

Iran Ripe For Red Coup, Says Oil Man

NEW YORK—(AP)—The president of Cities Service Oil Company said Thursday oil-rich Iran is "ripe for a Communist coup."

The executive, W. Alton Jones, returned by plane from the Middle East after looking over the Abadan refinery at the invitation of Iranian Premier Mohammed Mossadegh.

"The threat of communism in Iran is serious," Jones told newsmen at Idlewild Airport. But he added that most Iranians are resisting the Red threat with "much courage."

World-wide standards have been set for signal lights of all kinds—aircraft, railroad, automobile, and ocean liner — with yellow, green, blue, and white signal lights.

WHISTLE STOP TOUR IS COSTLY

WASHINGTON—(AP)—President Truman's 15-day, 24-state whistle stop campaign tour will cost the Democratic National Committee about $21,250, spokesmen said Thursday.

Committee officials said that was a White House estimate based on an average cost of about $2.50 per mile for the 8,500 mile trip.

Court Order Asked To Halt Truman's Whistle Stop Tour

WASHINGTON—(AP)—A Washington man sought a court order Thursday to halt President Truman's whistle-stop campaign tour and direct the President to stay home and attend to official business.

The suit by Andrew J. Easter, a draftsman, was filed in the District of Columbia Court. Truman leaves Saturday night on a 15-day, 24-state campaign for Adlai Stevenson, Democratic presidential nominee.

Papers in the suit asserted that the President "is not devoting his full time to the duties cast upon said President and therefore depriving the citizens of the United States of America of his abilities, time and undivided attention."

Weather Holds Up Air Rescue Effort

LONDON—(AP)—Bad weather Thursday delayed attempts to rescue nine men marooned nine days on a Greenland ice cap.

Two transport planes are standing ready at the U. S. Air Base at Thule, 480 miles to the south, to fly to the stranded men when the weather lifts.

The nine are members of a 12-man party which crashed on the ice cap. Three men, one an American, were picked up two days ago by a U. S. rescue plane and flown to the base hospital at Thule.

30,000 Tons Of Hay Rolls Toward Texas

DALLAS—(AP)—About 30,000 tons of government-subsidized hay have been shipped to drouth-plagued Texas livestock raisers, a federal official estimated Thursday.

B. F. Vance, state director of the Production Marketing Administration, said another 70,000 tons are on order and should arrive in 10 days.

The PMA, a branch of the Department of Agriculture, is administering the federal government disaster relief program which became effective last month after President Truman declared more than 100 Texas counties disaster areas. Governor Shivers had asked the entire state get emergency relif.

Vance said requests for hay still are pouring in from livestock raisers.

Texas Telephone Convention Slated

FORT WORTH—(AP)—The 1954 convention of the Texas Telephone Association will be held March 15-17 in Fort Worth.

Board members meeting Thursday announced the date and site.

+ Barstow News +

BARSTOW—Mr. and Mrs. Thomas E. Halliday, Sr., of Pyote and formerly of Barstow, received word recently that their son, Thomas, Jr., has arrived in the States following a tour of duty with the U. S. Marine Air Wing in Korea.

Mrs. W. D. Black returned this week from a visit with her sister in Hillsboro.

Newcomers to Barstow are Mr. and Mrs. C. E. Towery and their children, Eddie, La Nelle, Mike, Janie and Larry. Towery is associated with Armstrong and Fletcher.

Mrs. Irby Dyer and her brother, Dr. Gage Lloyd of Big Spring, have just returned from a trip to Bennington and Durant, Okla.

Hold Rally

The Barstow Presbyterian Church observed rally day Sunday with a special program presented by the children of the church.

Reuben Tally, son of Mr. and Mrs. Alva Talley, made a business trip to Dallas this week. Tally is a plane dispatcher at the Pecos Airport.

Cpl. James Lawrence Crawford, now stationed at Tachikawa Air Base in Japan, has won a place on the base's football team for the second year. Crawford is the son of Mr. and Mrs. Raymond Crawford.

Senior and Junior 4-H Clubs, under the direction of Mrs. Alma Hale, county home demonstration agent, have begun their year's activities. Sue Wilson has been named president of the senior club and Jenelle Echols will lead the Junior unit.

Mrs. Margie Knowles and daughter, Eddie, returned last week to Barstow after a visit with relatives and friends in the state of Washington.

Mrs. Henry King, who underwent major surgery this Summer in Temple, is reported to be improving.

Gottlieb Daimler is called the "father of the automoble."

Dallas Youth Dies In Elevator Mishap

DALLAS—(AP)—Sammy McCreary, 17, was crushed to death in a factory freight elevator here Thursday.

Fellow workers said the youth made a leap for the elevator as it passed the second floor and was caught between the ceiling and the floor of the elevator.

(Continued On Page Nine)

"Daddy, give me a PUSH!"

There is a man in our community who doesn't understand the importance of religious education.

He has never taken his little boy to Sunday School because he figures "it's time enough for a child to learn about religion when he's old enough to know what it's all about!"

One day his little boy, while sitting on the swing, said "Daddy, give me a push."

Wouldn't you have thought he would refuse? (Time enough for a child to swing when he's old enough to know what it's all about.)

But he gave him a push . . . and another . . . and many more!

Which prompts us to observe that religious education has far more to do with a child's happiness and character than swinging. Those early years in the Church mold moral fibre and awaken spiritual discernment.

The soul of your own child . . . at the threshhold of FAITH . . . cries "Daddy, give me a push!"

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

McCarthy To Mine Sulphur In Bolivia

HOUSTON —(AP)— The Houston Post said Thursday Oil Man Glenn McCarthy has been granted a sulphur mining concession in Bolivia.

The paper quoted McCarthy as saying: "My plan is to develop a complete sulphur operation in Bolivia. We'll ship it all over the world."

Once financial and other arrangements are completed, McCarthy said, it will take between five and six months to get into actual mining.

6:30 p.m.: Fellowship Groups.
7:30 p.m.: Evening worship.

JUSTICE IS BLIND—First blind judge to be inducted into office in the history of Puerto Rico is Victor Pares-Collazo, who presides over the San Juan Municipal Night Court. His eyesight began failing when he was in high school. He became a farmer and studied law on the side, taking his degree at the University of Puerto Rico in 1951. He went to Morristown, N. J., where the Seeing Eye Institution provided him with the guide dog Tuck, who goes everywhere with him.

Early Eisenhower Supporter Says Nixon Case Backfires

"I believe the Price-Waterhouse audit and his own simple method of explaining the facts has cleared Nixon," said Jay Taylor, prominent Amarillo resident who is in Midland on a business trip.

Taylor, who is staying at the Scharbauer Hotel, was an early Eisenhower supporter. He was active in a Texas group formed two years ago to persuade Eisenhower to accept the presidential nomination. Out of the original organization of five Democrats and five Republicans came the seminar "America United" which discussed national problems.

Eisenhower was the head of the group, but he refused to consider the presidential race as a possibility at first. The organization helped to organize the Madison Square Garden meeting in New York. A Texas delegation was sent to the meeting, which was held to convince Ike that the people wanted him.

Taylor is a member of the Citizens for Eisenhower Committee which worked to secure the nomination for the general at the Republican convention. They still support Ike actively. Taylor says, "I am not a Republican, and I never will be. I am just a Democrat for Eisenhower." Taylor thinks Ike has a good chance to be elected.

The Amarillo businessman believes that the Nixon scandal hurt Eisenhower at first, but he feels that the speech by Nixon will clear the air and have a boomerang effect that will help the Republicans.

Helps GOP Chances

Taylor said that there would be a few people that would remain unconvinced by the Nixon radio address, but as a whole he held that it would benefit the Republican candidate's chances for victory.

"We have been counted too long as sheep that will follow," said Taylor in supporting his belief in a strong independent voting element in Texas. He said the independents should learn to vote always for the best man to make Texas a "potent force" instead of a "weak sister" in the world of politics.

Taylor arrived in Midland early this week. He has been to Marfa, San Angelo, and Odessa, and he says that he is surprised by the strong Eisenhower support in these cities. He is leaving Midland Friday night, on his way to Amarillo to see Nixon in his personal appearance there. It will be the first time in the presidential campaign that Nixon has come to Texas.

Paleography is the study of ancient writing.

+ Crane News +

CRANE — A luncheon was held Tuesday for the WSCS of the Methodist Church. Fifteen members attended.

G. C. Olson of Kermit, district judge, will address a joint session of the Odd Fellows and Rebekah Lodges Monday. His subject will be "This Is Our Problem."

A special program in observance of the publication of the Revised Standard Version of the Bible will be held at 7:30 pm. in the high school auditorium. Dr. Edwin Parker, pastor of the First Methodist Church in Odessa, will speak on "The Word of Life in Living Language."

Show Is Sellout

More than 600 tickets to the movie, "Wait Till the Sun Shines, Nellie," were sold by members of the Crane Study Club. Proceeds are to be donated to the Iron Lung Fund for Crane.

Mr. and Mrs. Wayne Ervin had as their guest last weekend their granddaughter, Kathy Ellen of Odessa.

Mrs. J. F. Miller will leave Saturday for Long Beach, Calif., to meet her husband who is returning from overseas duty.

Loyd Henderson will leave for Houston Monday on the first leg of a trip to San Tome, Venezuela. Henderson has accepted the position of production foreman for an oil company there.

Mr. and Mrs. C. P. Brunette were honored last week with a farewell party in the Gulf Recreation Hall. Hostesses were Mrs. Jim Russell, Mrs. T. C. Brightman, Mrs. E. F. Craig, Mrs. Buck Kelton, Mrs. P. O. Vines, Mrs. Bob Hester and Mrs. Tom Hogan.

The Fireman's Auxiliary met last week in the Fireman's room with Mrs. Lewis Early as hostess.

HOW MUCH FUN do you get from a GALLON OF GAS ?

Power Steering now available on Super as well as Roadmaster. Optional at extra cost.

"MILES PER GALLON" is something everyone talks about—and Buick owners take pride in telling us that they're doing OK on this score.

But the *kind of miles* is important too. The real pay-off you get when you own a Buick is in *what happens while you're turning gas into power.*

Every drop of gas sets off a tiny tornado of compacted energy in Buick's Fireball 8 Engine.

You swoop from a standing start to any speed the law or good sense permits with effortless smoothness, thanks to Dynaflow Drive.*

You soar over the road with magnificent levelness—buoyed by big soft coil springs on every wheel—coddled by a dozen other features which make up Buick's million dollar ride.

The car holds direction like an airliner on the beam. You snug into turns with sure-footed poise—ease your grip on the steering wheel and feel the car seek a straight course again like a compass points to the pole.

This is travel as you've always hoped to find it—relaxed, carefree, luxurious, happy—while you leave the miles behind.

Yes indeed—life's different in a Buick. How different you should find out firsthand.

How about letting us give you a sample—any day you say?

*Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.*

SURE IS TRUE FOR '52—

WHEN BETTER AUTOMOBILES ARE BUILT Buick WILL BUILD THEM

Reinjured Knee May Keep Ace Back Out For Month

The Midland Bulldogs will go it again Friday night in Memorial Stadium without the full services of Larry Friday, senior quarterback and defensive star.

The 180-pound triple threat back appears on the shelf for at least three or four weeks because of the reoccurrence of a knee injury suffered in the first week of practice for the 1952 season.

☆ ☆ ☆

LARRY FRIDAY
. . . knee trouble again

Coach Tugboat Janes had announced at mid-week that Friday would be ready for the Polytechnic Parrots from Fort Worth. He had performed kicking duties only against the Lamesa Tornadoes in the opening game.

Then Friday went down again. His knee was rehurt in scrimmage Wednesday afternoon. It gave way as Friday swerved to avoid tacklers.

So, as far as the Bulldogs are concerned, the lineup looks about the same for the Parrot game as it did in the Lamesa encounter. Terry Fuglaar, 150 pound guard, will get a starting assignment in replacing Jimmie Mashburn. Fuglaar has recovered from a bruised side.

Other Bulldog guards, Jimmie Mashburn and Kenneth Schrum, who have been ailing, appeared Friday to be at full strength.

M. A. Rose, zigzagging back, may not see any service opposite the Parrots. He still favors a bruised knee.

The Bulldogs and the Parrots both will be seeking their second victory this season against no losses at 8 p.m., kickoff time. The Midlanders laced Lamesa, 35-13, last weekend while the Parrots turned back Adamson of Dallas, 19-0. The Bulldogs and Parrots fought to a 13-13 deadlock in Fort Worth last year.

Poly will enter Friday night's battle with a decided advantage in weight. Its line outweighs the Bulldog front wall on the average of some 10 pounds per man. Parrot backs average at least five pounds more.

The fans will witness one of the best passing attacks of the current campaign with the celebrated Harry Taylor, Jr., tossing for the visitors. Roy Kimsey, left-handed passer for the Bulldogs, continues to improve, assuring a good offensive show.

The Bulldog passing defense looked alert in weather-limited workouts this week. Coach Jones and his assistant backfield coach, Jimmie Williams, have shaped a pattern designed to explode the Parrot passing myth.

Line Moves In

Coaches Audrey Gill and Red Rutledge have taught the Bulldog linemen new tricks in moving in hurriedly on the passer. Taylor and other Parrot passers will be forced to get their heaves off in a hurry.

Along with Taylor, big Jarry Hyde is a marked man by the Bulldogs. The lumbering fullback gained 86 yards in 12 trics against Adamson. Hyde isn't listed to start but will be in there most of the game. Parrot coaches plan to hold him back until the position of their team ripens into a scoring threat.

The Parrots operate from the normal T with occasional use of a flanker. The offensive pattern may change, Bulldog coaches know from experience. Last year scouts found the Parrots employing the T. A week later, Poly used the spread in its game with the Midlanders.

The Parrot squad left Fort Worth early Friday by bus. A limited number of fans was expected to follow the team to Midland.

A crowd of 4,000 or 5,000 is figured for the second meeting of the Bulldogs and Parrots.

Probable starting lineup (offense):

Midland	Pos.	Polytechnic
Mims	RE	Myall
Cast	RT	King
Leonard	RG	Henson
Jones	C	Baldwin
Fuglaar	LG	Brannon
Curry	LT	Decker
Keisling	LE	Bruner
Erskine	QB	Taylor
Hatfield	LH	Shugart
Kimsey	RH	Hoyler
Spivey	FB	Montgomery

San Angelo Colts Consider Martin, Stasey As Leader

SAN ANGELO—Sports Columnist Bob Milburn reported Friday that Pat Stasey and Pepper Martin, Big Spring and Odessa managers, respectively, last season, are being considered to manage the San Angelo Colts next year.

Stasey wants to sell the Big Spring franchise and enter a straight manager's orle. Martin applied for the Colt skippership last year.

Pat McLaughlin, who finished the last season as manager at Vernon had been talked as the new Colt pilot. He has accepted the post of business manager and field director at Carlsbad, which bought the Vernon franchise.

Farmers Insurance Group Names Agent

C. B. (Cotton) Sharbutt has been appointed district agent for the Farmers Insurance Group, with offices at 204 South Main Street.

Sharbutt comes to Midland from Seminole, where he was a representative for Farmers.

The former veteran's wife and small daughter accompanied him here.

DRUM MAJORETTE PUTS FOOT IN THE BALL—Pretty Patsy Shockey, drum majorette at Poly High School in Fort Worth, shows four Parrot football stalwarts a pointer or two on kickoff technique. She'll be an attraction along with the Parrots against Midland in Memorial Stadium Friday night. Don Looney, Parrot quarterback, held the ball for pretty Patsy in her kickoff demonstration. Looking on are three other Poly lettermen, Donald Decker, Glen Montgomery and Bob Baldwin, left to right. Montgomery is the highly touted Parrot fullback.

Clyde Perry Is Sparkplug For Gold Sox

AMARILLO —(AP)— Amarillo is champion of the West Texas - New Mexico League in one of the greatest fights against adversity in baseball history.

The up-and-down story of the Gold Sox has gripped this Texas Panhandle city like no other sports happening.

Changes in ownership, changes in ball parks, changes in most everything came before the Sox battled their way into the playoffs of this Class C League.

Amarillo lost a coin toss to Borger and drew first-place Clovis in the playoffs. Clovis had finished 17 1/2 games ahead of second-place Albuquerque and 23 1/2 ahead of Amarillo and Borger. Amarillo lost the series opener but won the next four, then beat Borger four straight in the final series.

The Sox finished with four injured players in the regular lineup.

The best prospect of the club? It's Clyde Perry, former Texas League shortstop who was released by Dallas in early season. Perry, still a youngster, played great baseball for Amarillo and is expected to go up next season. He is a former Midland Indian in the Longhorn League.

Langford, Jon Hall Extend Korean Tour

SEOUL—(AP)—Songstress Frances Langford and her husband, movie actor Jon Hall, Friday extended their USO show tour of Korea three more days.

FRIDAY IS FLAG DAY FOR YANKS—

Bombers Need Single Win For Fourth Crown In Row

By ORLO ROBERTSON
Associated Press Sports Writer

This is flag day for the New York Yankees.

A victory over the Athletics at Philadelphia Friday night will give Casey Stengel's men their fourth straight American League pennant —a feat in major league history accomplished only by Joe McCarthy's 1936-39 Yanks and John McGraw's National League Giants of the roaring 20's.

To try to wrap up the pennant suffering back miseries during the Summer, has won his last five starts for a 10-5 record. Byrd, beaten 1-0 and earn the right to meet the Brooklyn Dodgers in the World Series opening next Wednesday at Ebbetts Field, Stengel will send the junkman of his pitching staff, Southpaw Eddie Lopat, against young Harry Byrd of the A's.

Lopat, back in the groove after by the Yanks last Sunday, carries a 15-14 mark into the game.

There is nothing the runner-up Cleveland Indians can do about the situation Friday. They are idle until Saturday, when they open a two-game final series in Detroit. Trailing by two and a half games, the Tribe can only hope for a complete collapse by the champions and two triumphs by them selves over the Tigers. Such an outcome would throw the race in a tie and force a one-game playoff in Cleveland Monday.

Allie Reynolds, the strong-armed right-hander, assured the Yankees of a tie Thursday as he joined Hal Newhouser, another veteran moundsman, in producing the outstanding performances of the day.

Reynolds' 3-2 conquest of the Boston Red Sox was not only an artistic but a financial success since it went a long way toward making each of the Yankee players some five or six thousand dollars richer.

Newhouser, in the twilight of his 14-year career with the Detroit Tigers, can look for no such financial gain, however, but his 3-2 triumph over the St. Louis Browns was the 200th of his major league career and placed him in a select group with 54 other pitchers.

It was a great day for Reynolds, who a year ago this week pitched a no-hitter against the same Red Sox to clinch the Yanks' 1951 championship. The pitching of the quarter-blooded Creek Indian was not of that variety Thursday, but he drove in the winning run with a ninth-inning single to rack up his twentieth win of the season .

Only 569 fans — smallest crowd in Briggs Stadium's history — saw the 31-year-old Newhouser strike out eight, walk only one and pitch out of two bad spots in joining the comparatively small group of pitchers who have won 200 games. Only two other active pitchers—Bob Feller and Bob Newsom—are in the group.

The only day game in the National League saw the New York Giants clinch second place with a two-run, ninth-inning rally that brought a 3-2 victory over the Boston Braves.

Case Stengel Won't Count His Chickens

By JOE REICHLER

PHILADELPHIA—(AP)—The New York Yankees were within a whisper of winning their fourth successive American League pennant Friday but Manager Casey Stengel refused to admit his world champions were in.

STENGEL

"We still got to win another game," the cagy old pilot declared, "and the last one might prove to be the toughest of all. No, I won't say we're in until those other guys (Cleveland) are mathematically eliminated."

Reminded the Yankees needed to win only one of their final three games with the Philadelphia Athletics to clinch the flag, Casey retorted.

"We haven't won it yet, have we? And don't forget, Jimmy Dykes Philadelphia manager is going to shoot the works against us. I hear he's mad at me, too. They tell me he's going to throw that young phenom of his, Harry Byrd, against us tonight and Sunday. Yep, those A's are going to be rough as long as they have a chance to finish third."

No Faith In Tigers

Stengel has no faith in the tail-end Detroit Tigers, who could assure the Yankees the flag by knocking off the Indians in one of their two remaining games with Cleveland.

"I can't depend on them," he said. "We got to do it ourselves. And I won't feel easy until we win one. I can't afford to let up one bit. I'm going with my best pitchers —Eddie Lopat tonight, Vic Raschi tomorrow night and Allie Reynolds Sunday.

"You know, we can still lose it. All we have to do is drop the next four-three to Philadelphia and one to Cleveland in a playoff. It can happen, you know."

S.M.U. To Win Over Duke In Close Contest

BY: PITTS SMITH

NOTRE DAME at PENNSYLVANIA—It's been twenty years since these powerhouses last met with the Irish winning 49 to 0. There won't be any such one-sided score this time. Both squads run heavy to Juniors and Sophomores, so anything can happen. The Irish should win this touchdown rodeo.

DUKE at S.M.U.—This might be one of those free-wheeling things, that could go either way. The Blue Devils unveiled a surprisingly strong squad, that can dish out plenty of misery. Top flight players from two straight undefeated freshmen teams should lead the Mustangs to a close victory.

Duke, SMU Set Offensive Duel

DALLAS—(AP)—Southern Methodist and Duke open the college football season in Dallas Friday night in one of the nation's top intersectional games.

Clashing for the first time in their football history, the teams are expected to wage an all-out offensive duel with defense merely incidental. If either is weak, it appears to be defensively.

Duke has a senior football squad whereas Southern Methodist will be liberally sprinkled with sophomores. In fact, several of them are due to start—Doyle Nix at left end, and Duane Nutt at quarterback if the veteran Benton Musslewhite still favors an ankle sprain that has kept him slowed down this week. Nutt is one of a group of talented passers that will have the Southern Methodist aerial circus performing as usual.

Herman Morgan, assistant Southern Methodist coach, scouted Duke last week in its season-opening 34-0 victory over Washington and Lee and he says SMU couldn't have picked a tougher outfit to start the campaign against. But Southern Methodist is a mild favorite to beat the Blue Devils.

A crowd of 35,000 is expected to be in the Cotton Bowl. That attendance is lower than usual for an opening game but SMU athletic officials explained it by pointing to last year's record. The Methodists wound up last in the Southwest Conference.

Duke's attack is built around Ward Luta, passer, runner and quarterback of note. He stood out in last week's conquest of Washington and Lee. Jack Kistler, the Blue Devils' fullback, averaged 11.3 yards carrying the ball in that game.

The punting is expected to be top drawer. Red Smith of Duke led the Southern Conference last year with an average of 40.7 yards. Jerry Norton of Southern Methodist topped the Southwest Conference with 41.8.

HATFIELD TABS RUSHING FIFTH

Jesse Hatfield, fast - moving Bulldog back, ranks fifth in individual rushing in 1-AAAA play, the district statistician reported Friday. He totaled 86 yards in the Lamesa game.

Eddie Ward of Borger leads the department with 190 yards, followed by Jimmy Welsh of Lubbock with 99 Third comes Ed Dudley of Pampa with 91.

Dudley has scored 19 points to take over as the top scorer after one week's play. Robert Kelsing, Midland end, and Hatfield are tied with four others for second with 15 points apiece.

Scots Tangle With Lubbock In Top Game

By The Associated Press

Highland Park (Dallas) plays Lubbock Friday night at Lubbock in the feature game of Texas schoolboy football for the week.

It matches unbeaten teams of Class AAAA—teams that could win their district championships and meet later on in the state playoffs.

Another headliner pits Temple, the terror of Class AAA, against Waco of Class AAAA at Waco, and still another standout sends Jefferson (San Antonio) against mighty Baytown.

The feature of Classes AA and A is the Pecos-Wink game at Pecos. Each is a favorite in its class.

Two undefeated teams fell in the scattering games over the state Thursday night.

In Class AAAA Edison of San Antonio whipped San Antonio Tech, 38-6, to knock the latter from the unebaten ranks. In Class AA Mt. Pleasant rolled on undefeated by taking out Atlanta, 46-0

Other games played Thursday night were:

CLASS AAAA—Bowie (El Paso) 39, Cathedral (El Paso) 7; Arlington Heights (Fort Worth) 19, Sunset (Dallas) 13; North Dallas 12, North Side (Fort Worth) 6; San Jacinto (Houston) 14, St Thomas (Houston) 13

CLASS AAA—Seguin 26, Lanier (San Anotnio) 0

CLASS AA—Jesuit (Dallas) 60, White Settlement 0; Teague 13, Waco Tech 6.

CLASS A—Wills Point 19, Rockwall 0.

SPORTS MIRROR

By The Associated Press

A YEAR AGO TODAY—Sandy Saddler retained his featherweight title by stopping Willie Pep in the ninth round of a scheduled 15-rounder.

FIVE YEARS AGO—Louise Suggs defeated Dot Kirby, 2-up, to win the Women's National Amateur Golf Title.

TEN YEARS AGO—The Brooklyn Dodgers walloped the Philadelphia Phils, 8-3, and cut the idle Cardinals' lead to one and one-half games.

TWENTY YEARS AGO—Max Schmeling stopped Mickey Walker after eight rounds, before 55,000 at Madison Square Garden.

In 1916, Pitcher John Nabors lost 19 straight games with the Philadelphia Athletics. His record for the year was one victory, 20 losses. It was the only big league game he won in three years.

College Football Hits Full Stride

NEW YORK—(AP)—Autumn's annual madness, college football, swings into full stride Friday night and Saturday from coast to coast with every major team in the country scheduled to get into action.

Headed by Michigan State, the No. 1 team in the pre-season Associated Press poll, the big boys will flex their muscles against opponents who, for the most part, will not play dead when they show up.

State, for example, opens with no less an adversary than Michigan. The Spartans, who won't count in the Big 10 standings until next year, rule a two-touchdown favorite over the sophomore-laden Wolverines.

Firday night's action also is heavy with some intersectional tussles that will have a bearing on the final outcome in December. Southern California, which has pretentions toward the Pacific Coast Conference title, entertains Northwestern of the Big 10—almost like a Rose Bowl game.

The result should give some indication of how serious a challenge the two schools can throw up against the favorites of the conferences—California on the coast and Illinois in the Midwest.

California and Illinois, incidentally, appear to have easy takes. Pappy Waldorf's Golden Bears are prohibitive favorites to trounce Missouri and Illinois goes against Iowa State, which proved that it could score when it lashed South Dakota State last week.

From an audience standpoint, the big one will bring together a pair of old Ivy League rivals—Princeton and Columbia—in New York. The game will be the weekly televised contest of the NCAA's program. It will be beamed throughout the country except in the Philadelphia area, which will show the Penn-Notre Dame fray.

Princeton, which owns the longest winning streak among the major colleges—22 games—will be the choice.

Texas and Kansas will be out to prove their opening of last week over Louisiana State and Texas Christian, respectively, were no flukes. The Longhorns meet North Carolina, always a toughie, and Kansas tackles Santa Clara.

Texas Christian, the defending champion in the Southwest Conference and the favorite to win it again will be tested against UCLA. The Horned Frogs don't figure to lose two in a row, but if they do, Texas probably will take over the favorite's post.

But then that loop is so unpredictable that the No. 1 team changes every week.

Georgia Tech, another powerhouse, and probably the best team in the South, warms up against Florida. Tennessee, which finished on top of the heap last year and would like to debate the Engineers' claim to the No. 1 team in Dixieland, plays Mississippi State.

Other major games:

FRIDAY NIGHT—Boston College vs. Richmond, Boston U. vs. Syracuse, Detroit vs. Wichita, U of Miami, Fla. vs. UMT, Southern Methodist vs. Duke, Temple vs. Albright.

SATURDAY—Alabama vs. LSU, Arizona State Tempe vs. Colorado A&M, Army vs. South Carolina, Bucknell vs. LaFayette, Cincinnati vs. Kansas State, Clemson vs. Villanova, Cornell vs. Colgate, Georgia vs. Tulane, Holy Cross vs. Dartmouth, Kentucky vs. Mississippi, Navy vs. Yale, North Carolina State vs. George Washington and Ohio State vs. Indiana.

FOOTBALL CENTER, BASEBALL CATCHER—

Bruising Rocky Marciano Was Born To Be Champion

This is the second in a series of three articles on Heavyweight Champion Rocky Marciano.

By MURRAY ROSE

NEW YORK—(AP)—Like most boxing champions, Rocco Marchegiano, better known as Rocky Marciano, heavyweight champion, comes from a humble home.

Born Sept. 1, 1924, Rocky is the eldest son of an Italian immigrant who migrated to the bustling shoe manufacturing town of Brockton, Mass. Rocky has two brothers, Louis and Peter, and three sisters, Alice, Concetta and Betty.

His 58-year-old father, Perrino Marchegiano, was gassed during the first world war while serving overseas with the AEF. His mother, Pasqualena, is a short, stout, black-haired woman whose eyes fill with tears when she talks about Rocky.

Rocky was destined to be a champion. Shortly after he let loose his first holler as a 13 1/2-pound baby, his father received a congratulatory card with the imprint of a pair of boxing gloves on it. The card: "Hail to the champ."

His mother didn't like the idea of Rocky being a fighter. She never has seen him fight.

He Likes To Fight

A bruising football center and a baseball catcher in his pre-fight days, Rocky likes tough contact sports. He likes the attention he gets although he is very modest about it. He never has disappointed an autograph seeker.

"I like to fight. I hope to go on fighting for a long time," said Rocky following his knockout of Jersey Joe Walcott to win the heavyweight title after less than five years as a pro fighter.

The dollar still is a big thing with Rocky although he soon may be a millionaire. He never had much spending money when he was a kid.

Now that he can have anything his heart desires, he still delights in ordering meals sent up to his hotel suite. He urges others to do it.

"I get a kick out of watching the waiter bring it in."

Rocky met his wife, Barbara, daughter of a retired police sergeant, at a dance in Brockton.

"I told her, 'I can't dance much.' She said okay. We hit it off right away."

His wife watches all of his fights. Although she expects a child next month, she went to Philadelphia last Tuesday to see him win the championship.

The champ and his wife now are celebrating his victory in New York.

When Rocky started out as a pro boxer, Manager Al Weil told him it would be better to cut down the long Marchegiano handle to something more simple. He had fought once as Rocky Mack and that name was suggested along with Rocky Marsh.

"No," Rocky said. "Let's make it Marciano. At least that sounds Italian."

The champ left high school in his sophomore year to go to work. He didn't like to study and was restless in class.

He drifted aimlessly from one job to another until he was drafted when he was 18. That was the making of the champion. He began boxing while in the service.

RATLIFF'S GREAT GUESSES—

Six SWC Elevens Picked As Victors

By HAROLD V. RATLIFF
Associated Press Sports Editor

Southern Methodist meets Duke at Dallas Friday night to open a big weekend of intersectional football for the Southwest Conference. Four of six games are against teams from other areas and the other two are against strong outfits in the conference's own bailiwick.

Two of the teams travel far, with Texas Christian, downhearted over losing its opening game of the season against Kansas last week, journeying to Los Angeles to take out its spite on UCLA, and Texas going to Chapel Hill, N. C., for a clash with North Carolina. These games are Saturday afternoon.

The other intersectional struggle pits Texas A&M with Oklahoma A&M in the Cotton Bowl Saturday night.

Rice, SMU Waited

Rice, which along with Southern Methodist, waited until this week to open the season, engages a tough Texas Tech team at Houston in a night game. Arkansas, with a 22-20 victory over Oklahoma A&M under its belt, takes on University of Houston at Fayetteville in a daytime affair.

Baylor, which opened the season with a 17-14 victory over Wake Forest last week, rests this week.

Texas, Rice, Arkansas and Southern Methodist are definite favorites to win their games but Texas Christian is an underdog against UCLA and Texas A&M is expected to have its hands more than full with the Oklahoma Aggies.

Fireworks Expected

Southern Methodist and Duke, top-rated team of the Southern Conference, will be playing for the first time and the initial meeting is expected to produce offensive fireworks for which games in the Cotton Bowl have become noted. Duke has a veteran team. Southern Methodist has an experienced nucleus but is depending on many sophomores to dig it out of the cellar, where the Methodists reposed last season.

Texas goes to the stadium where it was humiliated in 1948 with a crushing 34-7 defeat. The Longhorns have played the Tar Heels three times, winning two games at home. Last year Texas licked North Carolina, 45-20. North Carolina hasn't played a game as yet this campaign. Texas opened the season last week with a 35-14 strapping of Louisiana State.

Frogs May Improve

Texas Christian is due to be a greatly improved team this week against UCLA, and if the field is dry should get back into the wild offensive groove for which the Frogs were famous last season. The 13-0 defeat to Kansas last week was the first time in 43 games that the Frogs have failed to score. They blamed a muddy field for most of their troubles.

Texas Aggie scouts, who saw Oklahoma A&M play Arkansas last week, reported that the Cowboys should have won the game, throwing away a couple of opportunities to score. But Texas A&M appears to have a much better team than anticipated. The Aggies' 21-13 victory over University of Houston last week built A&M hopes high.

Hogs Fear Clatterbuck

Bob Clatterbuck, who kept Texas A&M on the edge of the chair all the way with his passing, is the man Arkansas fears. Coach Otis Douglas says he still doesn't have the proper pass defense.

Texas Tech whipped West Texas State, 48-7, last week and Rice anticipates trouble aplenty in its opener with the Red Raiders. The Raiders showed quite a passing attack in the rout of the Buffs.

Since we hit only three out of five last week along the prediction front, that qualifies us as an expert on Southwest Conference football where games going according to form are called upsets. Here goes for this week:

Southern Methodist vs. Duke at Dallas—a lusty vote for the Methodists to handle the Blue Devils like they own them: SMU by two touchdowns.

Texas Christian vs. UCLA at Los Angeles—It's the comeback trail for TCU; the boys ought to be mad enough to eat UCLA after all the riding they got for losing to Kansas: TCU by a touchdown.

Texas A&M vs. Oklahoma A&M at Dallas—It could go the other way but we'll take the Texas Aggies in a Garrison finish.

Texas vs. North Carolina at Chapel Hill, N. C.—Picking the Longhorns to win, 27-7.

Rice vs. Texas Tech at Houston—Look for a tough ball game here but Rice, with a team that should be better than last season, is the choice. It will be close.

Arkansas vs. University of Houston at Fayetteville—Arkansas is expected to have much less trouble with the Cougars than the Oklahoma Aggies last week: Arkansas by a touchdown.

Harlingen Makes It Three In Row

HARLINGEN—(AP)—The Gulf Coast League is Texas' last holdout in pro baseball—and Harlingen may wind things up here Saturday night.

Harlingen, that is, needs only one more victory to capture the playoff championship from Port Arthur. And their fourth and next battle comes Saturday night after a holiday to avoid schoolboy football Friday night.

The Capitols won their third straight from Port Arthur Thursday night as Earl Caldwell spun a four-hit, 8-0 triumph.

Texas Construction Drags Behind 1951

DALLAS—(AP)—Construction contract awards in Texas this year are five per cent under the same period last year.

O. O. Paulsell, district manager of F. W. Dodge Corporation, said Thursday the 1952 contracts total $892,804,000.

Dodge is a construction news and marketing specialist firm.

Victoria Trips Schreiner 11

By The Associated Press

Victoria's impressive debut and Paris' winning 83-yard drive in the fourth period Thursday night opened Texas Junior College's third week of football action on a high note.

Victoria tripped a loaded Schreiner Institute eleven 18-0 after breaking open a scoreless battle in the third quarter.

Paris shaded Tarleton State, 20-14, while junior colleges came out even—Stephen in two battles with College B teams. Kilgore won over North Texas B, 15-7, and East Texas B ran away from Decatur Baptist, 40-0.

Top clashes Saturday find Tyler vs. Wharton at Wharton, Cisco vs. Southwest Texas in a Texas Junior College Conference opener at Uvalde, Blinn vs. University of Houston freshmen at Brenham and Allen Academy vs. Ranger at Bryan.

Monahans Gridder At Hardin-Simmons Sick Of Poisoning

ABILENE—(AP)—More than 60 Hardin - Simmons students and teachers who became ill Wednesday, possibly of food poisoning, were recovering Friday, school physicians said.

The physicians made a room-to-room check.

Football Coach Murray Evans, however, was admitted to a hospital Thursday. Doctors said he should be able to leave with his team Friday. Hardin-Simmons plays Tulsa Saturday night.

Eighteen football players were among those ill. Gene Tone of Monahans, the first hospitalized patient, will not be well enough to make the Tulsa trip, Dr. C. L. Prichard said. Tone's condition was described as "fair."

The doctor said four or five other players probably will miss the game.

Midland B Drops First, 25-12

The Midland B team dropped a season opener, 25-12, to the Reagan County Owls Thursday night at Big Lake.

The Owls took an early lead, by pushing across the double stripes in the first two minutes of play with Jerry Thompson galloping 50-plus yards to paydirt. Jackie Holmes' try for extra point was wide.

Midland staged a comeback in the second period with William Brooks, tailback, skirting right end for seven yards and six points. The touchdown play climaxed a sustained drive for almost the length of the field. The conversion try failed.

In the third period the Owls unleashed a potent aerial attack. Charles Martin heaved an aerial to Bobby Walker, good for 30 yards, down to the Midland six. Edward Compton then went over tackle for the touchdown. The attempted conversion failed again.

The Owls chalked up two additional touchdowns early in the fourth period. Midland was backed up to the one-yard line by a penalty and the attempted punt was blocked. Martin grabbed the ball in the air for an Owl TD. Another conversion attempt went wild. Martin passed to Kenneth Keener, good for 25 yards, down to the Midland six, and then the same duo connected for the remaining distance and the last Owl score. Holmes split the uprights to make the score 25-6.

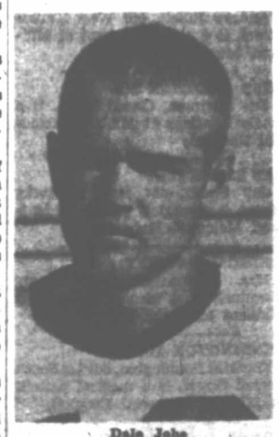

Midland's hustling eleven, retaliated on the last play of the game with Dale Jobe racing around right end for six points. The conversion attempt failed.

While Coaches Keith Bobo and B. M. Patterson fielded a light and inexperienced team, the Midland lads displayed plenty of hustle and scrap.

The Midland lads played a better brand of ball than the score would indicate, and the game could have easily gone the other way with a few breaks.

At the end of the half, for instance, Midland was on the Owls' one-yard line with a first down under their belts.

Martin, Tommy Johnson, who played both fullback and blocking back on the offence, and Jobe were outstanding for Midland.

HE SAID IT; HE MEANS IT

WHEELING, W. VA.—(AP)—Senator Richard M. Nixon hurried to catch his campaign plane here Thursday, a Wheeling policeman tried to hand him a brown topcoat he thought the Republican vice presidential nominee has left behind.

"No, sir," said Nixon. "I don't take anything that doesn't belong to me."

Farm Income Drop Slows Long Uptrend In Farmland Prices

WASHINGTON —(AP)— A decline in the prosperity of farmers is acting as a brake on a long upswing in prices of farmland, the Agriculture Department reported Friday.

Land prices increased less during the four-month period ended last July 1 than in any other four-month period since the Korean War began in mid-1950.

The department has reported that farm income will be smaller this year than last, largely because of higher production costs.

In a report on the farm real estate situation, the department said that in the broad Midwestern corn-livestock area, weaknesses in producer prices of hogs and cattle and some uncertainty as to the long-range outlook for farm product prices are slowing further increases in farm land prices.

The department reported prices of farm real estate for the country as a whole rose an average of one per cent from March 1 to July 1. In the corresponding period last year, the increase was five per cent. The department also reported that the number of farms being sold is declining.

City Plans Move To Permit Mining Of Lode Underneath

RUTH, NEV. —(AP)— This little Eastern Nevada copper town is to be moved so miners can dig beneath it.

John C. Kinnear, general manager for Kennecott Copper Corporation, here, said half the town will be shifted to a new site not far away by next Summer.

The other half will be moved the following year.

The town of "New Ruth" will be modern in every respect, he said, with wide streets, ample landscaping, a theater, hospital and other facilities.

Sixty-nine buildings are marked for immediate removal and several new buildings are to be constructed.

The company wants to go under the present townsite to dig a new shaft. This will subject most of Ruth to cave-ins. The town has been on its present site for about 50 years.

Barham, Former Midlander, Dies

George Barham, former Midland drilling contractor, died Thursday afternoon at his home in Shreveport after an extended illness, according to word received here Friday.

Barham left Midland about five years ago.

Funeral services will be held at 3 p.m. Saturday.

COTTON

NEW YORK—(AP)—Friday noon cotton prices were 10 to 45 cents a bale lower than the previous close. October 38.81, December 38.86 and March 38.82.

MOVIE VETERAN DIES

HOLLYWOOD—(AP)—Harry (Pop) Sherman, 67, veteran producer of Western films who made the first 54 Hopalong Cassidy pictures, died Thursday night.

HUMANE SOCIETY LEADERS—Directors of the Midland Humane Society have inaugurated a campaign to raise $20,000 for erection of buildings on four acres recently purchased north of the city. Contributions should be mailed to P. O. Box 651, Midland. The project will include an administration building, home for manager and a shelter for animals. The society recently purchased a new truck. Pictured, left to right, around the table are Mrs. John Younger, Robert E. Stripling, Mrs. John W. Le Sassier, Alden S. Donnelly, Mrs. E. D. Porter, Leo Brady, Mrs. Lee Flood and Mrs. Robert E. Stripling. Mrs. Donnelly is society president. Officers and directors not pictured include Mrs. Irma Moncill, Mr. and Mrs. Ed Watts and Mrs. Bonnie Barners.

U. S. Sees Little Hope In Newest Demand By Mossadegh On Iranian Oil Settlement

WASHINGTON — (AP) — United States officials saw some hope Friday—but not very much—in Premier Mossadegh's latest proposal for a settlement of his country's oil dispute with Britain.

The Iranian Premier's tough talking note—he appeared to imply his country might go Communist unless his demands were met—was received here Thursday, addressed to President Truman. It was in the form of a copy of a detailed set of counter proposals which he addressed initially to British Prime Minister Churchill.

The message to the two Western leaders was considered tough in three respects:

1. Mossadegh rejected as "inequitable" a joint settlement plan which Truman and Churchill placed before him on August 30.

2. He waved the apparent Communist threat.

3. He gave only 10 days from Friday for an answer.

The implied threat to yield to communism was seen in this paragraph:

'One Of Two Roads'

"In the present circumstances the Iranian nation may follow one of two roads; either it should endeavor to improve the social conditions and ameliorate the situation of the deprived classes, something that would be impossible without the income from oil, or, if this road should remain blocked, it should surrender itself to probable future events which would be to the detriment of world peace."

State Department officials said there would be quick consultation between British and American leaders who have struggled with the Iranian problem for months.

The principal reason for hope among American experts now is that Mossadegh has not closed the door to a settlement. One informant said, "Our policy certainly is to keep the door open and we will do all we can to that end now that he has not closed it."

Odds Overwhelming

However, the odds against settlement still appeared almost overwhelming, particularly because one of Mossadegh's powerful political supporters already has attacked Mossadegh's proposals as too soft and in effect threatened an overthrow of the government if they are accepted.

The Western powers thus found themselves in a position of uncertainty over what Iran eventually would be prepared to accept in the way of a deal, if anything. The basis of Mossadegh's proposition was that claims for compensation by the Anglo Iranian Oil Company as a result of Iranian nationalization of oil 18 months ago could be determined by the International Court of Justice at The Hague. Truman and Churchill had proposed this so there was no dispute on that point.

Most Difficult Bar

Mossadegh, however, laid down a number of conditions which would have to be agreed to before the case went to the court. One would limit Anglo Iranian Oil Company claims to compensation for actual loss of physical property, thereby eliminating any claims for loss of profits.

But what is regarded here as the most difficult obstacle is a demand that Britain pay Iran an advance 49,000,000 pounds which the Anglo Iranian Oil Company had been accumualting to pay in—royalties to Iran under an agreement which the Iranian Parliament never ratified.

Mossadegh always has contended this money really belonged to his country and now he has insisted, as State Department officials read his note, that it should be paid in pound sterling convertible into dollars. That would mean a maximum dollar demand on Britain's slender dollar reserves.

Odessan Awarded $45,000 Damages

PECOS—Troy Cox of Odessa, plaintiff in a damage suit against the Olson Drilling company, was awarded $45,000 by a federal jury here this week as a result of injuries Cox received while working for that firm in 1950.

The jury, headed by Foreman J. E. Farr of Monahans, returned the verdict Tuesday to U. S. District Judge R. E. Thomason.

Cox, who claimed he was injured on an oil well six miles northwest of Snyder on July 17, 1950, was asking the court for $266,000. He alleged that the company was pulling a jackknife rig from a hole when the wench line broke, causing the trailchain to strike him.

His injuries, including a broken leg, fractured vertebras and a ruptured spinal disc, were alleged to be permanent.

The case had been removed from state court at Odessa to the federal court at Pecos last November.

QUESADO HOSPITALIZED

Francisco Quesado, 909 North Lee Street, is a medical patient at Western Clinic-Hospital

FACE UP TO IT—Okay, we won't blame you if you don't believe it. But this is actually the way a tomato looked when Edward Goodreau, of Annapolis, Md., picked it in his back-yard garden. He brought the freak to the office of the Annapolis Evening Capital, where this unretouched photo was taken.

County Democratic Candidates To Get Refunds From Party

The two Midland County Democratic primary elections cost a total of $4,317, Chairman Frank Benoni of the Midland County Democratic Executive Committee reported Friday.

Benoni made a formal report on the expenses following an auditing of the committee's funds by a private auditing firm.

The candidates had put up a total of $6,954 to meet the expense of the first and second primaries and thus had a balance of $2,637 for refund.

Benoni said this amounted to refunds of $126 to each of the candidates for major county offices with smaller refunds for precinct candidates.

FINGER FRACTURED

O. H. Nick, roughneck for McFarland Drilling Company, suffered a fractured finger on his right hand at 1 p.m. Thursday in the Driver Field. Attaches at Western Clinic-Hospital, where he was treated, said he caught his hand in a pair of tongs.

DEMOS MIME DRAMA CRITICS

WHITTIER, CALIF.—(AP)—Directors of the Whittier Democratic Club took a caustic view of the report to the people by their fellow townman, Republican vice presidential nominee Richard M. Nixon.

They announced Thursday night that they are sending him a ham.

North Texas Women Flay Price Curbs, Call On OPS Boss Tighe Woods To Quit

DENTON—(AP)—Denton still buzzed Friday about the way North Texas women jumped on Price Boss Tighe Woods Thursday.

Some suggested the best thing Woods could do was resign. And a German war bride said she thought the Office of Price Stabilization which Woods heads "is leading us into dictatorship."

Woods, who got a round of applause for being a good sport, said the reaction here was the most critical of his nation-wide grass-roots tour.

The meeting at Texas State College for Women, attended by about 125 housewives, was the fifth held by Woods to find out how housewives feel about OPS and price control.

Several of the women spoke up favoring controls, but the cheers and applause were reserved for 16 who criticized OPS Woods forecast a two to three per cent rise in prices during the next six months.

"I was born in Germany and know what a dictatorship is like," said Mrs. John A. Brewer of Denton, a pretty young war bride. "I think OPS is leading us into a dictatorship."

Mrs. Boyrd Armstrong, also of Denton, added, "I don't like paying your salary. If you folks would let the supply and demand alone they would adjust themselves."

"Don't you think it's time we stopped being dictated to?" queried a Denton County farmer's wife, Mrs. P. S. Travis. "Why can't we go back to the good old days like when Ma was alive? My kids ask me why my table isn't loaded down like Grandma's was. I tell them the good old days are gone forever."

Woods pleaded with the women to give specific replies to his questions, which included: "What category of prices is giving you the most trouble?"

To this the audience chorused: "All prices."

Explaining that "the consumer will bear the freight in any event," Woods asked the women whether they wanted inflated prices of commodities added to the cost of building ships, tanks and airplanes.

"I don't see what that has to do with prices," reported Dean Pauline Berry Mack of TSCW college of household arts and sciences. Later she told a reporter "They keep dragging in defense and waving it like a red flag."

ALMOST LIKE TEXAS YARDS

KANSAS CITY—(AP)—Dr. Graham Asher will be getting heat for his home right out of his yard this Winter.

He hired a drilling company to dig a water well to supply an air conditioning system.

The drillers ran into a natural gas pocket.

Friday a crew was preparing to pipe the gas into the house.

Protestant Group In Bogota Accuses Police Of Murders

BOGOTA, COLOMBIA — (AP) — The Evangelical Confederation of Protestant Churches has accused Colombian police of shooting and killing a youth and stabbing two others during a district prayer meeting.

The purported attack was one of 30 cases of religious persecution in this predominantly Catholic country between June 21 and August 31, the confederation reported Thursday.

It charged also that Wade Coggins, a member of the U. S. Christian and Missionary Alliance Mission, was beaten with a machete by a civilian while the missionary was conducting a religious service. In other indictments, it was charged, Protestants were beaten, abused, insulted and jailed.

The confederation, a group of 17 Protetsant denominations, has issued periodic reports of trouble here between Protestants and Catholics. The government has replied in the past that it deplores the religious strife but cannot guarantee protection to the Protestants if they try to win convert ain what is officially a Catholic state.

JayCees See Film On Bible Revision

A film on "The New Translation of the Bible" was narrated by the Rev. Flynn V. Long, Jr., pastor of the Westminster Presbyterian Church, at a meeting of the Midland JayCees at 5:45 p.m. Thursday in the John M. Cowden Junior High School cafeteria.

H. D. Bushnell, program chairman, presented the speaker.

Mr. Flynn pointed out that while the text had not been changed, clearer interpretations were given in the new translation. He outlined a history of the writing of the Bible.

Doyle DeArmon, treasurer, gave a report on the JayCee-sponsored concessions at Midland Bulldogs home football game.

President J. P. Marchioli announced that a Fall JayCee convention would be held November 15-16 at Waco. He also announced that Minneapolis JayCees were sending out invitations for the national convention to be held in that city next Spring.

'Lures To Drink,' Including TV, Hit By WCTU Speaker

ST. LOUIS—(AP)—A poke at television and other "inducements to drink" in taverns was taken Friday by a National Woman's Christian Temperance Union officer.

Mrs. Blance Butts Runion of Evanston, Ill., urged state legislatures to follow the precedent of the Canadian Province of Quebec in banning inducements in taverns as "lures for drinkers." She spoke at the opening session of the seventy-eighth annual WCTU meeting here.

"Bars in the United States," she said, "are using every device for customer bait. They were the first to install television and remain the only business using it for the purpose generally, supplementary to other kinds of shows."

Mrs. Runion said the law in Quebec bans shows of any kinds in taverns to attract or hold customers.

TREE SEXES

Males and females are separated in the holly, persimmon, ash, juniper, most maples, yew and several of the less familiar trees of the United States. In those cases, it is essential that both sexes be present to obtain well-developed fruit and seed.

Growing seeds that are particularly sensitive to the richness of the soil is a good way to find out whether your garden needs fertilizer. Clover, alfalfa, or rye are good to use in testing your soil.

WESTERN POWERS FOREWARNED—

Reds Set To Pull Trigger On Big Propaganda Cannon

By WILLIAM L. RYAN
AP Foreign New Analyst

Opening barrages of a gigantic world Communist peace offensive will be fired this weekend. The thunder of the propaganda guns will mark the first phase of a new Soviet tactical assault on the United States.

For about 30 countries — those in Asia and those such as Canada and Latin America bordering the Pacific — delegates have assembled in Peiping, capital of Communist China, to do the bidding of the Moscow-Peiping axis in this latest campaign.

The countries "represented" by the Communist - inspired delegates have a population of more than a billion and a half people and cover two-third's of the earth's surface.

Plans for this assault were concocted in July, under Soviet guidance, at the conference of the Communist World Council of Peace in Berlin. The Peiping meeting is a curtain raiser to the mighty peace offensive which reaches its climax December 5 in Vienna with a world congress.

Anti-American Theme

There is little doubt that the offensive is tied in with the decision of Moscow to summon an All-Union Congress of the Soviet Communist party October 5, the first such congress in 13 years.

The major attack is in Asia. One goal is the expulsion of American influence through damage to American prestige. The ultimate goal is Communist domination of all Asia. But the Communist appetite will not even be satisfied with that. In the future are plans for domination of the Middle East, Africa and South and Central America.

Here is what will take place in Peiping, under much noise.

The "Congress of Partisans in Defense of Peace in Asia and the countries of the Pacific Ocean"—the mouthful title of this meeting—dutifully will adopt resolutions as follows:

The Korean War

1. Against remilitarization of Japan. Demanding withdrawal of all occupation forces (meaning American forces now there under a separate treaty) from Japan.

2. Against bacteriological warfare and weapons of mass destruction.

3. For the outlawing of war propaganda.

4. For "peaceful solution" of the Korean conflict and other conflicts threatening world peace.

5. For development of international trade on "the basis of equality and mutual advantage," for development of cultural relations among nations, for steps to raise living standards of nations.

All these will be depicted as Communist goals thwarted by American warmongers and aggressors. There will be other resolutions, too, dealing with such matters as Indian-Pakistan relations, national independence of countries in North Africa and the Middle East, against remilitarization of Western Germany and for a united Germany, and so on.

South Americans

The presence of large delegations from Latin America can be regarded as a clear warning to the West.

The Peiping news agency announces that delegations will be present from Mexico, Guatemala, Colombia, Salvador, Honduras, Peru, Chile, Ecuador and Panama.

The work of the peace congress is cut and dried. It has been decided well in advance, and the dupes present will be led about by the nose by the Communist manipulators of the sessions. The Communists are going to squeeze out every ounce of propaganda from this effort.

In Moscow, the Soviet Union will use its party congress to announce that the USSR wants only peace and the right to build socialism. There will be a crashing crescendo of Soviet propaganda all through this Fall and Winter. The West has been forewarned in time to plan its counterattack.

DOOMED—New York's Fifth Avenue will soon say good-by to the last relic of its 19th-Century grandeur remaining between 12th and 61st Streets. It's the old Gould mansion, built nearly 100 years ago, pictured above as it looked in 1906. In 1868 the famous Helen Gould was born there. The site will be occupied by one of twin 15-story office buildings to be erected by Ivor B. Clark.

Sam Rayburn Hands Adlai Campaign Job To Corsicana Judge

DALLAS—(AP)—Judge James C. Sewell of Corsicana Friday became Adlai Stevenson's Texas campaign manager.

U. S. Rep. Sam Rayburn appointed Sewell as his successor in running the campaign for the Democratic ticket.

The Navarro County judge, 40, accepted immediately.

"I am taking on this job because I am vitally interested in the success of the Democratic Party at the polls on November 4," he said. "I want to do my part in helping this party elect its candidates for president and vice president."

Sewell's appointment completes the organizational setup of the Central State Committee, except for a steering committee.

Rayburn got the Democratic campaign rolling in Texas, pushing the formation of the Stevenson-Sparkman Campaign Committee and delivering the first big speech in the campaign on a state-wide radio broadcast Wednesday night.

Sabre Jets Boost MIG Kill Record

SEOUL—(AP)—U. S. Sabre jets Friday shot down four Communist MIG jets in the first air battles in four days, the Fifth Air Force said.

The blazing dogfights boosted the September toll of Russian-built jets to a record 56 destroyed. The old monthly mark of 44 was set last April.

U. S. Studies Plight Of Churches In Italy

WASHINGTON—(AP)— State Secretary Acheson said Friday the U. S. is giving careful study to complaints by American Protestant groups in Italy.

Acheson told a news conference protests charging persecution by the Italian government are of great interest to this nation.

The Rome Embassy has taken up the matter with the Italian government, Acheson said.

Gillette Resigns From Elections Panel

WASHINGTON —(AP)— Senator Gillette (D-Iowa), the chairman, resigned Friday from the Senate's Elections subcommittee which has been looking into the Benton-McCarthy political disputes.

Gillette announced the subcommittee will be cut down from five to three members and Senator Hennings (D-Mo) would succeed him as chairman.

Woman Gets Embassy Job For Vietnamese

SAIGON, INDOCHINA — (AP) — A young Vietnamese woman is going to be the first secretary of the newly established embassy of Vietnam in Washington.

She is Elisabeth Nguyen Xuan Dung, who holds a diploma from the University of London and is a resident of Saigon.

Tran Van Kha, Vietnam's first ambassador to Washington, in announcing her appointment here pointed out this recognizes the increasing role women are playing in Vietnamese governmental affairs.

Nixon Swings Back Into Campaign, Jabs At Stevenson Fund

SALT LAKE CITY—(AP)—Senator Richard Nixon was greeted with shouts and applause during his speech here Thursday night when he promised a counter-offensive against the Democrats who accused him of wrongdoing in accepting an $18,235 political fund.

The Republican candidate for vice president, saying he's had a "rough time" himself turned his guns on Gov. Adlai Stevenson, the Democratic presidential nominee. He spoke of Stevenson as "the chlorophyll candidate" and demanded a full public airing of the Illinois governor's own special fund.

What Nixon described as "an important speech to me" drew an estimated 6,000 people. It was his first since flying away from Wheeling, W. Va., Thursday with a 112 to 0 vote by the Republican National Committee to retain him on the national ticket.

The California senator said if there was any question whether he would continue his attacks against crime and Communists in the government the answer was: he's going to redouble his efforts.

Tulsa Sets Holiday To Promote Biggest Vote Ratio In U. S.

TULSA, OKLA.—(AP)—Tulsa business, industrial and labor leaders swung Friday behind a proposal for a November 4 city holiday designed to challenge any city in the country to a percentage-wide voting contest in the presidential election.

Mayor C. M. Warren said he would issue a proclamation asking all citizens to cooperate in the plan offered by John H. Dunkin, owner of one of Oklahoma's largest department stores.

Dunkin told 350 industrialists, business and professional men and union labor leaders he doesn't intend his plan as an ordinary holiday but as a chance for employes to work among voters and at the polls to get out the biggest possible vote.

New Red Envoy Gets Into Social Whirls With Minimum Delay

WASHINGTON —(AP)— Ambassador Georgi N. Zarubin, new Soviet envoy to the United States, lost no time in joining the Washington social whirl.

A few hours after he presented his credentials to President Truman Thursday, Zarubin attended a party at the Norwegian Embassy honoring Prime Minister Oscar Torp of Norway.

Zarubin impressed other partygoers as a more affable diplomat than his predecessor, Alexander S. Panyushkin. He chatted about such matters as his previous visits to the United States, his study of the English language, his previous assignments in Canada and England and non-controversial subjects.

RETURNEES DUE MONDAY

SEATTLE —(AP)— The troopship Marine Adder will arrive Monday with 1,791 soldiers from the Far East.

SPRINGFIELDS GET CHALLENGE

SPRINGFIELD, MO. — (AP) — Mayor Bill Karchmer of Springfield has challenged three other Springfield mayors to a "get out the vote" contest.

Karchmer issued the challenge to the mayors of Springfields in Ohio, Illinois and Massachusetts. The results will be tabulated on the percentage of registered voters who cast their ballots November 4.

HEAVY HITTIN' HAMMER—World's oldest, biggest and heaviest gavel is hefted to Rep. Joe W. Martin, Jr., right, by Alvin F. Derre, chairman of the San Francisco Republican Central Committee. Weighing 60 pounds, the all-redwood rapper, from a tree 2,000 years old, was donated by the California Redwood Association.

Counsel Withdraws Call For Eisenhower As Witness In Trial

BALTIMORE—(AP)—Counsel for George Edward Grammer, charged with slaying his attractive wife and trying to make it look like an accident, says Gen. Dwight D. Eisenhower will not be summoned to appear as a character witness in Grammer's trial next month.

Attorney Anthony S. Frederico said last week the Republican presidential nominee would be summoned to appear at the trial beginning October 6. But Thursday he said he was withdrawing the request for the summons.

Grammer, 36-year-old New Yorker, is accused with the murder of his 33-year-old wife, Dorothy May Grammer. He has pleaded innocent.

Mrs. Grammer's body was found in her wrecked car last August 30 after it plunged down a hilly street in North Baltimore. It appeared at first she had been killed in the crash, but medical experts determined she had been injured fatally before the car ran up an embankment and overturned.

Officers Indicted In Alleged Beating Of Negro Prisoner

HOUSTON —(AP)— Indictments have been returned against two Texas sheriffs for allegedly beating a negro prisoner.

The bills were returned Thursday by a Federal District Court grand jury empaneled by Judge Allen B. Hannay.

The peace officers are Sheriff T. A. Cauthen of Walker County and Sheriff John L. Franklow of Grimes County. Bond in both cases was set at $1,000.

The indictments charge the two officers "committed illegal assault and battery on a negro prisoner, Henry Isaac, Sept. 21, 1951, while acting under the cover of the law, depriving him of his constitutional rights."

Deputy Sheriff John Mabry of Huntsville said Isaac was arrested on charges of receiving and concealing stolen property. He said the stolen property was cottonseed and feed taken from the W. S. Davis and Company warehouse at Shiro in Grimes County.

Dean Acheson Accuses Ike Of Misquoting Korea Talk

WASHINGTON —(AP)—State Secretary Acheson accused Gen. Dwight Eisenhower Friday of misquoting him on his attitude toward the defense of Korea prior to the outbreak of the Korean War.

Acheson told a news conference that, as Army chief of staff, Eisenhower had been "wholly in accordance" with views on Pacific defense which Acheson set forth in January, 1950, and which Eisenhower, now running for President on the Republican ticket, assailed in a speech at Cincinnati Monday.

Eisenhower's Cincinnati talk was an attack on what he called Acheson's mistakes and on "incompetent" leaders and foreign policy. Much of this criticism was based on a speech which Acheson made to the National Press Club in January, 1950, when the secretary outlined a defense perimeter in the Western Pacific which included such places as Japan and the Philippines but did not include South Korea.

To his news conference Friday, Acheson read from a statement, authorizing direct quotation, and beginning with the charge that Eisenhower's account "tortures the fact." He added, "It says things I didn't say and omits things I did say."

Principal Point

One of the points Acheson stressed was that the "defense perimeter" he described was one which the United States would "defend alone" if necessary. He also stated emphatically that he did not exclude Korea or any other area and said he found it impossible to believe Eisenhower would have had him include Korea.

"It was a line developed by our military authorities at that time," Acheson asserted. "I cannot believe General Eisenhower now means to imply that Korea should have been included by me within the defensive perimeter and that it should have been manned by American troops.

"Certainly, as chief of staff of the Army, his opinion was quite to the contrary and wholly in accordance with the statement I made."

QUEEN BRINGS KNOTHOLE GANG

UPTON, MASS.—(AP)—The Arthur W. Morrisons have a problem.

A knot fell out of a board in their kitchen annex during the summer, a queen bee entered the hole, thousands of worker bees followed, and now the walls are full of honey.

The Morrisons want to know how to get rid of the bees and salvage the honey without tearing down the annex.

Bill Gaskamp, Rice Halfback, Ineligible

HOUSTON —(AP)— Bill Gaskamp, speedy Rice halfback from Brenham who had been counted as an offensive threat, Friday was declared ineligible for this year's competition by Howard Gribbs, executive secretary of the Southwest Conference.

Gaskamp had been alternating at left half and had been looking very good in scrimmage sessions.

He was a freshman at Rice in 1950, then left school and went home to Brenham, planning on going into the service. He was ill a couple of weeks, then returned to Rice to take two final exams, passing one and failing the other. He didn't take the other three exams. It was taking those two exams which made him ineligible, Grubbs ruled.

Gaskamp will remain at Rice and will have two years of eligibility starting next season.

OPS Clamp-Down On News Studied

WASHINGTON—(AP)—Office of Price Stabilization (OPS) officials Friday were looking into an order barring an OPS division's employes from giving newsmen information not cleared by higher-ups.

The directive was distributed Thursday—precisely one year after President Truman ordered withdrawal of a general order to keep certain information from newsmen.

E. E. Fogle, who issued the order to the division which he heads was not reached for comment.

MEDICAL PATIENT

Mrs. Florence Brisendine, 942 North Dallas Street, is a medical patient at Midland Memorial Hospital

Jenner Says War May End In October Pursuant To Scheme

WASHINGTON, IND.—(AP)—Senator William E. Jenner (R-Ind.) says the State Department is maneuvering for a Korean War truce about October 15.

Jenner told a Republican rally Thursday night:

"I have just received information from sources that know what is going on that the State Department frantically is pulling every international wire in its hands for a truce about October 15.

"If the Administration can obtain a truce this Fall, it could have obtained one a year ago and saved thousands of American casualties.

"A year ago, however, the Administration needed the war to prolong its artificial prosperity. Now its needs to end it temporarily for political advantage.

"If there is a truce before election, it will be a Russian truce and will be only for campaign purposes. And as soon as the election is over, Russia will strike again."

CITATION BY PUBLICATION
THE STATE OF TEXAS

TO: Mary M. McGill and her husband, J. B. McGill, and if they or either of them be dead, then their unknown heirs, devisees and legatees, all of whose names are unknown and all of whose residences are unknown

GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 20th day of October A. D., 1952, at or before 10 o'clock A. M., before the Honorable District Court of Midland County, at the Court House in Midland, Texas.

Said plaintiff's petition was filed on the 3rd day of September, 1952.

The file number of said suit being No. 6965.

The names of the parties in said suit are: Maude Cowden Blakeney, joined herein pro forma by her husband, B. H. Blakeney as Plaintiff, and the above named parties to whom this citation is issued and directed as Defendant.

The nature of said suit being substantially as follows, to wit:

Plaintiff alleges ownership in fee simple of that tract of land situated in Midland, Midland County, Texas, to-wit:

All of Lots 1, 2 and 3, in Block No. 26, of the Original Town of Midland, Texas.

That on the 25th day of August 1925, defendants unlawfully entered upon and dispossessed plaintiff of such premises and withheld possession thereof.

Such action is a suit in trespass to try title to said lands based upon peaceable, continuous and adverse possession under the three, five, ten and twenty-give year statutes of limitation.

Plaintiff prays for recovery of title and possession to and of the lands above specifically described, for damages and costs of suit.

If this citation is not served within 90 days from date of its issuance, it shall be returned unserved.

Issued this the 3rd day of September, 1952.

Given under my hand and seal of said court, at office in Midland, Texas, this the 3rd day of September A. D., 1952.

KEY, WILSON & MAXSON'S

REAL ESTATE

Bulletin Board

REPORTING THE TOP NEWS IN REAL ESTATE

AN AUTUMN GIFT to your family and yourself. Remove the cover from this exquisitely wrapped home and you'll be delightfully find two spacious bedrooms, 25 feet of living room, full dining room, and attached garage. The charming kitchen has all the features and roominess that you've ever wanted: Breakfast area with picture window, Vent-A-Hood, washer connection, and numerous cabinets. Distributed heating, wall-to-wall carpeting throughout, passionate water-well. Even the tile bath has colored fixtures. Tied in salmon-pink brick, and resting on about 1½ acres (with horse-shoe drive in front), this gift is only 2 years old. ONLY $17,500.

"HOT AS A PISTOL", my boss calls this one. But I'm forced to be more descriptive (altho I agree with him). Three nice-sized bedrooms, 13x21 living room with picture window, convenient kitchen with off-setting dining room, tile bath, and attached carport with storage. Panel ray heating, ducted for central air-conditioning, permanent water-softener, and washer and electric stove connections. Located in TOWN NORTH, it is constructed of cream brick with a gravel built-up roof. As we said, it's hot! ONLY $12,750.

HUMANS MAY ERR, but it is also human to aspire to the more beautiful. Did you know that human looks and personality improve with beautiful surroundings? And here is the background for your portrait's beauty. Framed in white chipped brick and pecky cypress, it is designed with 3 large bedrooms, spacious living room and dining room arrangement, two ceramic tile baths, and 2-car attached garage with full pine paneling. Entry hall and guest closet, wall-to-wall carpeting throughout, and, of course, central heating and air-conditioning. Worlds of closets and storage room. Permanent water-softener, tile features in the kitchen, pantry, birch cabinets, and many more built-ins. High tile fence ringed around the beautiful lawns. $28,500.

NEXT TIME YOU ARE DRIVING along South Main Street, take a look-see at 1106. It's right across from the park and only two blocks from the grade school. Assume the 4% GI loan and make payments of $59 per month. ONLY $9,900.

THE RUMBLE THAT YOU HEAR is the low down payment on this attractive 2-bedroom home located in TOWN NORTH. It ain't got no waste space, but it does have a large living room, 17 feet of kitchen which is wainscoated in mother of pearl Masonite. Gorgeous oak floors, nice closets, mahogany doors. It's only 6 months old, priced at a rumblingly low $6,550, and can be purchased for as low as $1,750.

IF YOUR RENT BILL PUSHES you down, let us pull you up—right by your dollar bill. For as little as $900 down, you could move tomorrow into this really cute two-bedroom home on Kentucky. Nice living room, dining room offsetting the kitchen, and attached garage which could be converted into a huge den. Fenced yard, attractive lawn and full-grown trees (10 of 'em), on a corner lot which is paved on both sides. Furnace heating, carpeting in the living and dining room, washer connection. You can move in a rental unit in the rear yard. Our telephone is still 2-1693.

AS I KEEP TELLING YOU, your best deals are with KEY, WILSON & MAXSON.

THE ONLY PROFANITY WE USE is when we swear by what we firmly believe is a good real estate buy. We then go further by guaranteeing it. Want a for instance? What about 2 large bedrooms and a 12x26 den paneled in California Redwood? It's located on Brunson (where there ain't too much dust a-flying), and look what else it's got: 17x21 living room, lovely kitchen, tile features in bath and kitchen. Furnace heating, air-conditioner, washer connection. Absolutely beautiful lawns in front and rear, 12x16 tile storage house, tile fence, and BBQ pit. FHA financed, and priced at a low $11,750.

HAVE YOU STUBBED YOUR TOE on one of your own children or the cat because your home is so cramped for space? Don't you REALLY think that it's time for a BETTER AND BIGGER change? What about an almost new 3 large bedroom and den home located in the Northwest section? Two beautiful ceramic tile baths, utility room, garden tool room, and two-car attached garage. The magnificent den is paneled and highlights an Austin Stone fireplace. The banquet-size living room also has a wood-burning fireplace. The kitchen is superlatively designed and outstanding. The rest you'll have to see. Under $35,000.

FOR BETTER OR FOR WORSE. Rental or home-ownership? With $1,750 down, you could make the better. And this one has two bedrooms, cozy living room, 20 feet of delightful kitchen, and attached garage. CULLIGAN water softener, oak floors, and furnace heating. It's on a Kentucky corner. Full price is only $9,750.

YOUR BEST FOOT FORWARD. No, we don't sell shoes. But we do fit you to even more: your richer personality, your living comfort, your savings. We are home fitters. Just for size, try this exquisitely attractive home on Parker. Two large bedrooms, spacious living room, and a most inviting kitchen. Attached carport which can easily be enclosed as a den. It's been worn only 2 years. Paved street. Low down payment and $53 per month thereafter. Priced at $10,390.

WE HAVE NOTHING ON ADLAI or Ike, but we do have something terrific on Illinois. I'll whisper it to you because I know that the whole town will be wanting to know about it:

First, let me tell you that this story is about a year old, and it's covered with cream velour brick. It's got 3 lovely bedrooms, a private study, and 3 baths. Come closer—the baths are REAL CERAMIC TILE!!! But that's not all. It's got a huge covered porch which is pine paneled, 3 carports, lots of closets, and storage space. The kitchen will be discussed for a long time. It's so spectacular. Central heating and air-conditioning. And you know what else they got? A lawn that's like a carpet—and a high tile fence! But I know you—You'll tell all your friends about this. I might as well finish it: It's priced at $28,500. Now you know it all.

IT'S WHITE'S WHITE HOUSE and it's on Big Spring. Constructed of Johns-Mansville asbestos siding, it has two sprightly decorated bedrooms, den (or third bedroom), nice living room with picture window, and family-size kitchen. Behind the carport is an 8x12 utility and storage room with a water well and pump. Tile fence in front and back. ONLY $9,500.

AND THE REASON FOR IT is that a furnished rental unit in back is income without working. But that isn't all. The main home is in immaculate condition thru-out, and has two lovely bedrooms, liveable living room, and a large kitchen where you'll spend a lot of your warmer hours in winter. Detached garage with storage, furnace heating. And as I said, the rental unit is completely furnished. Only 4 years old, and priced at an amazingly low $10,500.

MADE MUCH LARGER just to accommodate your larger family. For ONLY $2,500 down, with pride you may step into this attractive 2-bedroom and huge den home. Located in TOWN WEST, it has furnace heating for the winds of Midland's winter, luxurious carpeting in the living room and hallway. Interior recently re-decorated. Fenced yard. Can assume GI 4% loan and your payments will be only $54 per month. Priced at $9,900.

You do not have to have an appointment with us, to find out where our listings are. Just phone. The best buys, right now, are GI equities, for you get a 4 per cent loan and do not have to be a GI. You see what you are buying and know exactly what the cost is, and how much the payments are. Homes cost more, now, to build than one or two years ago. You get copper plumbing, extras, built up yards and most of them are on the pavement. Also close to schools.

AT LEAST, COMPARE BEFORE YOU BUY!

M. G. Scott, Former Midland Man, Dies

M. G. Scott, 75, of Abilene and formerly of Midland County, died Thursday.

Born Feb. 10, 1877, in Gatesville, Scott was married in 1900 to Mollie Adams in Coryell County. They later lived in Glasscock and Midland Counties and ranched in Winkler County before moving to Trent in 1912. He operated a general mercantile store in Trent 26 years. In 1936, the Scotts moved to Abilene, where they operated a grocery store.

Funeral services were to be held at 3 p.m. Friday at the Elker-Warren Funeral Chapel in Abilene. Interment was slated in Elmwood Memorial Park.

CHILD CUTS CHEEK

Larry Wayne Melton, five-year-old son of Mr and Mrs. O. E. Melton, suffered a lacerated right cheek Thursday when he ran into a washing machine lid at a Midland washateria. He was treated at Western Clinic-Hospital.

501 West Texas

Permian Basin Oil And Gas Log—

(Continued From Page One)

reis of 42-gravity oil and no water. Flow was through a 26/64-inch choke. Gas-oil ratio was 700-1.

Top of pay is at 3,547 feet and total depth is 3,560 feet. Seven-inch casing is set at 3,539 feet. The open hole section was fractured with 1,500 gallons of fluid.

Location Given

Location of the new well is 330 feet from south and 1,650 feet from east lines of north half of section 37, block 36, T&P survey.

Hanlon-Boyle, Inc., of Tulsa will drill No. 1-B Mrs. Sid Kyle as a new project in the Mason field of Northwest Loving County.

Location is 330 feet from south and east lines of section 20, block 36, T-1, T&P survey and on a 320-acre lease. It is nine miles northeast of Orla.

Rotary tools will be used to drill to projected depth of 4,000 feet. Operations will begin at once.

Wildcat In SE Nolan Fails In Ellenburger; Backs Up To Test

United States Smelting, Refining & Mining Company No. 1 J. L. Hicks, Southeast Nolan County wildcat, two miles north of Hylton failed to find production in the Ellenburger.

The prospector will likely plug back and test the Caddo lime and the Fry sand. Both of those sections logged slight shows of oil and gas.

Would Be Small

If either of them make a well it probably would be small.

The Ellenburger was entered at 5,856 feet. Elevation is 2,308 feet.

It ran a three-hour drillstem test at 5,895-5,940 feet. There was a weak blow of air at the surface throughout the period.

Recovery was 480 feet of slightly gas cut salty drilling mud and 180 feet of muddy salt water. There were no shows of oil in the fluid which was recovered.

Due To Plug Back

Open flowing bottom hole pressure was 270 pounds. Shutin bottom hole pressure, after 20 minutes was 2,160 pounds.

Operator was taking electric logs at last report and will then probably start plugging back to test the Caddo and Fry shows.

Location is 660 feet from north and east lines of section 187, block 64, H&TC survey. It is two miles northwest of the Moore field and four miles east of the Hylton field.

Failures Plugged In Seven Counties In WT District

Wildcats in seven West Texas Counties have been plugged and abandoned as dry holes.

In Northwest Andrews County, L. F. Oil Company No. 1 G. T. Hall was abandoned on total depth of 4,405 feet in the San Andres which was topped at 4,307 feet. Elevation was 3,511 feet.

Location was in section 8, block A-29, psl survey.

George T. Abell No. 1-A Texas American Syndicate is a dry wildcat in Southwest Crane County. It was plugged at 5,565 feet. Top of the upper McKee was at 5,438 feet and top of the lower McKee was at 5,468 feet, on an elevation of 3,488 feet.

Location Given

It was 660 feet from east and 330 feet from north lines of the southeast 40 acres in section 25, block 1, H&TC survey.

Duncan Drilling Company has quit its No. 1 Currie, wildcat in the Howard-Glasscock field of Howard County. It was drilled to a total depth of 3,166 feet in lime.

Location was 15 miles south of Big Spring and 330 feet from south and east lines of the southwest quarter of the northeast quarter of section 187, block 29, W&NW survey.

Northwest Of Lohn

In Central - North McCulloch County, Toser & Meers No. 1 Shelton has been abandoned at 231 feet. It was 770 feet from north and 1,684 feet from west lines of A. G. Mitchell survey No. 102 and two miles northwest of Lohn.

Hill & Hill and others No. 1 T. N. Wiggens, Jr., is a 2,988-foot failure in Northwest Reeves County. The project showed salt water at the total depth.

Location was four miles southwest of Orla and 330 feet from north and east lines of section 40, block 87, T-2, T&P survey. That made it one mile northwest of the Chapman field.

Top of the Delaware lime was picked at 2,264 feet and the Delaware sand was topped at 2,327 feet. Elevation was 2,019 feet, derrick floor.

In Northeast Ward County, Ashmun & Hilliard No. 1 John Edwards, et al, has been plugged and abandoned. Total depth is 3,338 feet in dry lime.

It was two miles southeast of Monahans and 660 feet from south and west lines of section 1, block B-19, psl survey. It was three miles south of the Monahans field.

Quit In Sand

Charles F. Garlits and others No. 1 T. G. Hendricks, et al is a duster in Southwest Winkler County. It was quit on total depth of 3,327 feet in sand.

Location was 330 feet from south and east lines of the northeast quarter of section 35, block 27, psl survey, seven miles west and slightly south of Kermit and two and one-half miles east of the Kermit field.

Conoco Plugging Back To Test In NW Sutton Venture

Continental Oil Company was plugging back to 750 feet for test of the Cretaceous sand above that point at No. 1 Sol Mayer, wildcat in Northwest Sutton County.

The project was drilled to the Ellenburger wher eit found no shows for possible production Total depth is 8,652 feet

Location is 660 feet from the most northerly south line and 660 feet from the west lines of section 2, block C, GC&SF survey. It is 12 1/2 miles northwest of Sonora

Conoco No. 2 Sol Mayer, wildcat in the same area, 660 feet from south and 1,980 feet from west lines of McMullen County School Land survey No. 4, was preparing to plug and abandon.

It was bottomed at 9,852 feet. The Ellenburger developed sulphur water on a drillstem test at 9,476-675 feet.

Standard Amends RRC Filing On Wildcat Location

Standard Oil Company of Texas No. 2 Glen F. Pool, recently staked, is in Northeast Gaines County and not in Dawson County as previously reported.

Operator filed application with the Railroad Commission of Texas which was amended to place the well in Gaines County. Location remains the same.

It is 1,400 feet from north and 2,100 feet from west lines of section 123, block M, EL&RR survey and nine miles southwest of the town of Welch. It is to drill to 9,000 feet.

New Well Finaled In SW Glasscock Spraberry Field

The Driver (Spraberry) field of Southwest Glasscock County gained another new oiler and site for a 7,800-foot project.

The new well is Hanley Company of Midland No. 2-B TXL. It was finaled for a daily flowing potential of 640 barrels of oil through a one-half-inch choke. The 24-hour gauge is based on an actual six-hour flow. Gravity of the oil is 40.1 degrees. Gas-oil ratio was 1,050-1 and tubing pressure 400 pounds. Pay was topped at 6,874 feet. Total depth is 7,735 feet.

Completion was through perforations at 6,860-75 feet and at 7,000-7,015 feet. Each zone was fractured with 2,000 gallons.

Location is 660 feet from north and east lines of the southeast quarter of section 13, block 37, T-5-S, T&P survey.

Tokian Production Company will drill No. 1 Driver 660 feet from south and east lines of section 30, block 36, T-4-S, T&P survey.

Project Scheduled For Coke Sector

S. E. Adams and Lloyd Davidson of San Angelo will drill No. 1 Pallie Phelan as a 6,500-foot project in the Jameson area of Coke County.

It will be drilled one-eighth mile south and slightly west of a recent one-half-mile northwest extension to the field.

Location is 2,307 feet from southwest and 330 feet from southeast lines of Snyder & Von Rosenburg survey No. 6. It is on a 480-acre lease.

Elevation is 1,944 feet.

Operations will start within 90 days.

WRIGHT HOSPITALIZED

Richard Wright, Route 1, has been admitted to Midland Memorial Hospital for minor surgery.

Truman To Hit Whistle Stops Swinging Political Shillelagh

By JAMES MARLOW

WASHINGTON—(AP)—Everyone in the campaign is hopping mad but the one probably angriest of all is the one who hasn't said much lately but will soon: President Truman.

This is his chance to blow the Republicans out of their britches, if he can. He starts his whistle-stop tour this weekend. And he isn't giving out any previews. Reporters at his weekly news conference Thursday tried to find out what he is going to talk about but he told them they'd have to wait and see.

He has from now on until election day, about five weeks, to repay the Republicans for the blame and ridicule they've heaped on him and his Administration not only in the campaign but for seven years.

More At Stake

He has more at stake in the election than just the victory of Governor Stevenson and the Democratic ticket. His speeches to the voters also will be an appeal for vindication of his presidency.

Truman had expressed admiration for General Eisenhower. But that was in the days before the campaign began, before he had a chance to see or hear the kind of campaign the general would make.

Perhaps because he's been in politics so long himself Truman wasn't shocked when Eisenhower began pouring scorn on the Truman Administration and talking about getting rid of the "crooks" and "robbers."

But now the general has made a political career of denouncing the Administration in attacks which have increased with such intensity that Eisenhower is outdoing Senator Taft in that department.

Truman has kept more or less mum on the subject of Eisenhower since the general began these tactics. He's probably pretty mad inside, particularly with Eisenhower's criticism of the Administration's foreign policy.

Has 'Inside'Story

When Eisenhower was chief of staff after the war he certainly was in a position to know something about the shaping of that policy, even though he may have had nothing to do with the shaping.

But if Eisenhower did have a hand in making some of the policy which he is now criticising, no one is in a better position to know it than Truman.

There has been speculation here, but not officially, that if Truman is mad enough he may declassify government documents to show what part some of the Republicans most active in this campaign played in foreign policy.

Governor Stevenson, who hasn't been around Washington to contend with the Republicans throughout these past seven years, has been devoting most of his time to talking about the issues and his own ideas as they would affect the future.

But raking over the past was made to order for Truman who has had to live with the Republicans. In this campaign he can make that his speciality. He has a knack for it, as he demonstrated in 1948.

Grunewald Testifies For Tax Fraud Jury

NEW YORK—(AP)—A grand jury probing tax frauds heard Thursday for the fifth time from Henry Grunewald, mystery man of the influence investigations in Washington.

Neither he nor the jury had any comment. He appears again next Thursday.
