John Stone Dies Sunday In Accident

John Lewis Stone Jr., 17, son of Mr. and Mrs. John L. Stone Sr., 2210 Morrison, was killed in a two-car crash about 6 p.m. Sunday at the Fourth Street and Birdwell Lane intersection.

Police said Stone was driving his small, foreign car north on Birdwell Lane when it was struck on the drivers' side by a car driven by Juan Gonzales Ruiz, 16, 106 E. 3th, Coahoma which was traveling east on Fourth Street.

The fatality was the sixth in the city this year, the eighteenth county-wide. Ruiz was taken to Howard County Hospital Foundation, where he was reported in good condition today by attendants.

Born Aug. 24, 1948 in Tyler, the youth came from Talco to Big Spring in January, 1957 with his parents. A senior in Big Spring High School, he was a member of the Future Farmers of America, active in the Little League, and was a varsity baseball player.

Services were today at 4:30 p.m. in the Nalley-Pickle Rosewood Chapel, Rev. Don Hungerford, St. Mary's Episcopal Church, officiating. Graveside services will be Tuesday at 3 p.m. in Linden Cemetery, Linden, Tex.

Lead False In Manhunt

WEATHERFORD, Okla. (AP) — Officers in western Oklahoma tracked down another false scent Sunday night on the trail of elusive Delbert Garmon Jr.

As the hunt went into the 14th day, officers again concentrated on the Weatherford area of west central Oklahoma, the last place Garmon definitely was seen. It was reported Sunday night that a car fitting the description of the last auto the 26-year-old ex-convict fled in was seen parked in a farm yard near Hinton, about 25 miles east of here.

Garmon has been sought since Oct. 5 when he fled from Wichita Falls, Tex., after exchanging shots with a policeman investigating a report he had threatened his wife. Garmon has abducted or held captive 18 persons and stolen several cars as he played hide-and-seek with officers, mainly in central and west central Oklahoma.

Webb Airman Killed In Road Crash

Airman 3.C. Earnest A. Preston Jr., 19, stationed with the Field Maintenance Squadron at Webb AFB, was killed about 11:30 p.m. Saturday, when the car he was driving overturned about a mile east of Midland on US 80.

Airman 2.C. Carleton Ogburn, 24, in the same squadron, was injured in the accident, and is reported in satisfactory condition in the Webb AFB Hospital. Attendents said he has a fractured shoulder.

Rosary for Airman Preston will be recited at 8 p.m. today in the Nalley - Pickle Rosewood Chapel, by Rev. Thomas D. Holland, Webb chaplain. The remains will be shipped to the First National Funeral Home, Shreveport, La., for services and interment.

Airman Preston's parents are Lt. Col. and Mrs. Earnest A. Preston Sr., stationed at Anderson AFB, Guam. They were due to return to the mainland today. He was born Oct. 28, 1945 in Houston, and entered the service in March, 1964 at Bossier City, La.

Texan Killed In Shoot-Out

HELENA, Ark. (AP)—Antonio Davillo, 27, of Santa Rosa, Tex., was killed and a peace officer was seriously wounded in a Saturday night shoot-out near here.

Sheriff Edgar Hickey said City Marshal Clayton Johnston had arrested Davillo after a cafe disturbance at the nearby town of Elaine and was trying to take him to jail when the gunfire broke out.

LA PESCA, Mexico (AP)—J. W. Chadwick of Houston was killed Sunday when his Beechcraft Bonanza crashed and burned on takeoff here.

This tiny fishing village is on the Sota La Marina River about halfway between Tampico, Mexico, and Brownsville, Tex.

Pair Of Grid Coaches Die In Accident

KNOXVILLE, Tenn. (AP) — A Southern Railway passenger train crashed into a compact car at a crossing today, killing two University of Tennessee assistant football coaches and injuring a third critically.

Killed were Bill Majors, 26, defensive backfield coach, and Bob Jones, 39, end coach. Charlie Rash, 28, offensive line coach, was in critical condition in a hospital.

The train, the Tennessean, was en route from Memphis to Washington and struck the car at a grade crossing in West Knoxville as the coaches were en route to work.

Police said the diesel locomotive carried the car 84 feet down the tracks and knocked the engine from the vehicle about 150 feet.

Police quoted the engineer, J. E. Pafford, of Knoxville, as saying he first saw the car on the crossing about 500 feet ahead of the train.

Sheriff's Deputy Jess Wolfenbarger said it was uncertain whether the car was stalled on the track. He said the engineer told him he set the train's emergency brakes in an effort to avoid hitting the car.

Majors, a former Tennessee player, was a member of one of Tennessee's most prominent football families. His father, Shirley Majors, is coach of the University of the South at Sewanee. A brother, Johnny Majors, was an All-America halfback at Tennessee in 1956 and is now an assistant coach at Arkansas.

Jones joined the Tennessee staff last summer, giving up a law practice at Waco, Tex.

He was captain and quarterback on the Baylor University team that defeated Tennessee 13-7 in the Sugar Bowl at New Orleans in 1957.

He coached at the Air Force Academy in 1960 and 1961 and returned to Baylor in 1962 as defensive backfield coach.

Majors was married to the former Lynnie Thompson of Kingsport, Tenn., and was the father of two sons, Bobo, 3, and Mark, 2.

Jones is survived by his widow, Rosemary, and three sons, Bobby, 5, Steven, 3, and Mark, 2.

Rash, a star lineman at the University of Missouri, was named to the All-Big Eight team in 1957 and 1958 and in one stretch kicked 29 extra points, a record which still stands.

He joined the Missouri coaching staff after graduation, went to the Air Force Academy as line coach in 1961 and came to Tennessee to join Coach Doug Dickey's staff in 1964.

Friends said the three coaches normally rode to work together each morning. The car belonged to Rash.

Majors was one of five brothers, all of whom played or are now playing football. In addition to Johnny, an older brother, Joe, was a quarterback at Florida State; Larry played at Sewanee, and Bobby, the youngest brother, is a junior at Franklin County High in Winchester, Tenn.

Jones, who had been practicing law at Waco about a year, came to Tennessee as a replacement for Bill Anderson, who quit the Vol staff to return to pro football. Anderson is a member of the Green Bay Packers' squad.

Cold Front Spreads, State Areas Flooded

Burning Protest David Miller, 22-year-old pacifist, burns what he claims to be his draft card during a rally in New York protesting the war in Viet Nam. Miller was one of 100 demonstrators attending the rally outside the Armed Forces induction center in downtown Manhattan. Today he was arrested. (AP WIREPHOTO)

Card-Burning Brings Arrest

WASHINGTON (AP) — FBI agents today seized David J. Miller, 22, who publicly burned what he claimed to be his draft card during a public rally protesting U.S. involvement in Viet Nam.

Two agents arrested Miller on a street in Hooksett, N.H., as he left a hotel and walked to a nearby garage. FBI Director J. Edgar Hoover said Miller was arrested when he failed to produce required draft documents.

Miller, a former student at Lemoyne College, Syracuse, N.Y., burned what he said was his draft card Friday at the beginning of a week-end of nationwide demonstrations protesting the U.S. role in Viet Nam.

Klansman Goes To Trial Again

HAYNEVILLE, Ala. (AP)—A Ku Klux Klansman charged with killing a civil rights worker was called to trial again today and seven Negroes were on a panel of 55 prospective jurors drawn for the trial.

There was a new prosecutor and a new defense attorney as well for the second trial of young Collie Leroy Wilkins Jr., who is accused of first degree murder in the slaying of Mrs. Viola Luzzo.

One of the prospective jurors is Oscar Means, a 6-foot-6, 310-pound Negro farmer and special part-time deputy sheriff. Means is one of four Negroes on Sheriff Frank Royal's auxiliary of special deputies.

Atty. Gen. Richmond Flowers took over the prosecution on the eve of the trial. When Wilkins, 21, was tried last May for Mrs. Luzzo's death, a deadlocked jury caused a mistrial. The charge against the stocky Fairfield, Ala., mechanic was reset for the October term of court.

IN MAY Wilkins was defended by Klan attorney Matt H. Murphy Jr. during the four-day trial in

Bodies Of Four Miners Found

SARDIS, W.Va. (AP) — Rescue workers today found the bodies of the last four men trapped inside a smoldering coal mine near this central West Virginia town. They were found together deep in the mine, where a fire already had claimed three lives.

Shortly before the bodies were found, rescue workers discovered a message scrawled in chalk on a mine regulator. It said, "Couldn't get across." and was signed with the names of the four men trapped since Saturday night.

E. E. Spotee, vice president of the Clinchfield Coal Co., said the men apparently had started toward the fire and were forced to go deeper into the mine

which runs six or seven miles back into a mountain. The last victims to be found were Clell Leedy, 53, of Bluefield; Robert Savage, 57, of Rosemont; Isaac Moats, 39, of Moatsville, and Andy Kurusz, 44, of Galloway.

Bodies of two miners, who died from smoke inhalation and lack of oxygen, were found early today. They were Carl Banish, 45, Lost Creek, and Kennedy Kerr, 53, Belington.

The first man found, Charles Lantz, 26, Buckhannon, was brought unconscious from the mine late Sunday night. He was dead on arrival at a hospital in Clarksburg, six miles away.

FIRE STARTS Lantz, Banish and Kerr were found in an area about three-fourths of a mile beyond the point where a mining machine cut a power cable, touching off the fire.

Ten men were in the mine when the fire started. Three, who were operating the continuous mining machine, escaped after vainly trying to extinguish the blaze.

They were Jerry Povroznik, 22, Albin Znosnik, 30, and Bernard Keener, 47, all of Clarksburg. Keener, a mine foreman, said flames suddenly shot up from the power line as the machine passed over it. "We spent about 20 minutes fighting the fire, but there was just too much smoke."

No Flooding Reports Made "Sunday's rains caused absolutely no flooding or washing problems in the city," Ernest Lillard, director of public works, said today. "Evidently the city did not get as heavy a rain as did other parts of the county," he added.

Only a few weeks ago, a heavy rain caused heavy wash-out on Northside "stabilized" streets and to work for three days to clean up the resultant damage. But Sunday's rain was slow enough to allow normal drainage without problems.

Rains Measure To Seven Inches

By The Associated Press A cold front kicked off floods in parts of Texas today, dousing Rotan in West Texas with 7 inches of rain. The deluges brought scattered tornadoes with them and caused a railroad track washout, utility disruption and hail.

Just across the state line, schools closed at El Dorado, Okla., because the rains made routes to school impassable. At Rotan, 30 miles northeast of Snyder, Police Chief M. E.

Hughes reported one woman rescued when flood water entered her residence. POWER OUT Water surged over curbs and along store fronts. Power and telephone service was knocked out for more than two hours. Light hail accompanied the downpour.

Quannah reported an official 5.05 inches of rain by dawn and several gauges around the town, 75 miles northwest of Wichita Falls, measured more than 5 inches. A section of railroad track washed out 13 miles west of Quannah.

J. C. Harris, a store owner at Quannah, said the creeks in the area ran higher than he had seen in many years. SCHOOL CLOSED At El Dorado, school Superintendent Berna Durham said the downpour made rural roads impassable and he closed classes.

The Weather Bureau said the rains were heavy and widespread over West Texas, caused by a line of thunderstorms moving slowly toward the southeast. By dawn, the rain line had reached the eastern South Plains and western North Central Texas and extended southward to the Lower Pecos River and Middle Gulf Coast.

Minor temperature drops occurred along the rain line, but the main cold front remained roughly on a line between Texas and New Mexico. BROWNWOOD RAIN Brownwood reported heavy rains beginning at 3 a.m. which brought well over 2 inches and continued during the day.

Some other heavy rainfall totals to 6 a.m. included Midland 1.41 inches, Abilene 1.68, San Angelo 1.40, Wichita Falls 1.33, Childress 2.46, Truscott 5.40, Antelope 1.53, Rocksprings 1.43, Utopia 1.50, Carbon 2.55, Downing 1.45, Gorman 1.45, Strawn 1.27 and Rising Star 2.03.

One twister inflicted minor damage at Anton while another tornado was reported in the Aberrath area. No injuries were reported. Hailstones covered the ground to a depth of an inch and a half at Littlefield on the South Plains. Winds of up to 60 miles an hour raked the city during the storm.

At Odessa the temperatures dropped 21 degrees in an hour when a violent storm, packing hail, rain and high winds, struck the city. Some minor flooding was reported. MIDLAND AREA Midland had 1.20 inches of rain for the 24 hours ending at 6 p.m. Dalhart had 1.04, Amarillo .91, Lubbock .81, San Antonio .63 and El Paso .15.

Maximum readings Sunday afternoon ranged from 62 degrees at El Paso and 66 at Dalhart behind the front to 91 degrees at Laredo. Early Monday morning Abilene, San Angelo and Childress reported rain. There were also thunderstorms extending from Abilene to the Wichita Falls area and also in an area east of Brownwood.

The forecasts called for mostly cloudy skies through Tuesday with scattered thundershowers in the central, eastern and southern portions of the state. Cooler weather was forecast for the western portion of the state Monday and in the central section Tuesday.

Brezhnev Pays Visit To Czechoslovakia MOSCOW (AP) — Leonid Brezhnev, head of the Soviet Communist party has completed a previously unannounced three-day visit to Czechoslovakia.

Light Craft Safe While Two Planes Demolished

By The Associated Press A light plane that had been reported missing as turbulent weather raked the western portion of the state Sunday was reported safe this morning. Two other planes were demolished.

The Federal Aviation Agency office at Lubbock, Tex., said the plane, piloted by Ed Giddings, a Dallas pilot, landed in Petersburg, Tex., this morning after spending the night at a small landing field in the Post, Tex., vicinity. He had left Bonham in Northeast Texas with Petersburg his destination.

MUNDAY AREA Giddings was flying a Piper Super Cub. He was last seen by Bill Munningham, flying another Super Cub, when the two encountered turbulent weather in the Munday-Knox City area Sunday.

A gust of wind blew a light plane, making an emergency landing because of menacing thundershowers, off a runway at the Andrews Airport Sunday. The craft was demolished.

The pilot, Gene Darby, and his three children escaped injury. The plane was on a flight from Houston to Hobbs, N.M.

Two Shreveport, La., residents escaped serious injury when their light plane crashed east of Longview Sunday. T. E. Roseboro, 52, and his 12-year-old son, Clint, were reported in satisfactory condition at a Longview hospital.

UNITED FUND DRIVE graphic showing a progress chart with various bars and numbers representing fundraising goals and current status.

Webb's Effort Pictured

Lt. Col. Robert H. Tydesley, project officer for the United Fund at Webb AFB, has a graphic presentation of how the effort is going on base. Three units are over the top, according to the chart, and several others are nearing their goal. With \$7,285 turned in, the base has accounted for 61.4 per cent of its goal.

Species Exhibited By Basin Orchid Society

Orchids were exhibited and judged at the Sunday afternoon meeting of the Permian Basin Orchid Society in the First National Bank at Midland.

Mrs. Preston Harrison of Big Spring presided and two other local members, Miss Charlene Gains and Horace Whiteside, attended the meeting.

Mr. and Mrs. Victor Williams of Midland, program chairmen, showed slides on the growing, planting and watering of orchids as well as pictures of species raised for exhibition in this country. Most were orchids grown by hobbyists; some sprays having as many as 1,000 blossoms. Cattleyas orchids were given as prizes during the meeting.

Mrs. Harrison announced that Gordon Dillon, editor of the American Orchid Society journal, will be in Midland Oct. 30, 31 and will meet with the Permian Basin Society from 3 to 5 p.m. Oct. 30. He will lecture on the growing of orchids as well as explain requirements for membership in the American Orchid Society.

The next regular meeting will be Dec. 5 in Midland.

Bride-Elect Honored

Miss Darla Carol Moore, bride-elect of Jerry Dean Kilgore, was honored with a pre-nuptial lingerie shower Thursday evening in the home of Mrs. Dean Robertson, Ponderosa Apartments.

Cohostesses were Mrs. Ronny Moser, Mrs. R. D. Owens and Mrs. Wilbur Grigg.

Gifts were presented to the bride-elect, and refreshments were served to a group of her close friends. A special guest was her mother, Mrs. Miles Moore.

Miss Moore and Kilgore will be married Friday in the home of the bride's parents with the Rev. Paris Barton, minister of the Westside Baptist Church, officiating.

Newcomer Club Names Officer At Dinner Meeting

Mrs. Walter Korzep was elected first vice president of the Newcomers Club during the Wednesday luncheon meeting held at Cosden Country Club.

Mrs. Earl Ezzell presided during the election which also saw Mrs. Mike Craddock named secretary.

Hostesses were Mrs. Nan Salver and Mrs. Max Werking, and 13 attended.

The card games began at 9 a.m. with Mrs. Bob Coleman winning high and Mrs. Craddock taking second place.

The program was a showing of antiques by Mrs. Luke Fortenberry and Mrs. Ezzell. The antiques were from Brook's Upholstery and Antique Shop, and a number of interesting antiques were also brought by the members and guests. The guests were Mrs. Robert Tyldsley, Mrs. Terry Isaacson, Mrs. Eugene Reinkemeyer, Mrs. Jack Tyson, Mrs. James Blotner and Mrs. Melvin Billingsley. Mrs. Werking won the name prize game.

The next meeting will be the couple's bridge group, Nov. 4, and the club will have a Christmas dinner and game party for members and husbands Dec. 11 in the home of Mr. and Mrs. Jack Lamb.

Newcomers are invited to the Newcomer Club meetings and may make reservations or obtain information by calling Mrs. Craddock, AM 3-4924, or Mrs. Ezzell at AM 3-7615.

Area ESA Meet Held In Crane

The Epsilon Sigma Alpha district meeting Sunday in Crane was attended by three members from the local Alpha Chi chapter, Mrs. D. M. Moore, Mrs. Glyn Mitchell and Mrs. Robert Rogers.

Mu Delta chapter was the host group, and the meeting was conducted by Mrs. Richard Bartlett, district president. She announced that the state project for 1965-66 will be the state school at Pyote, and a film, "The Life of A Child," was shown by the National Foundation. The next district meeting will be Jan. 16 at Midland.

Saturday evening, Alpha Chi held a "Shipwreck Party," as part of the rush series, in the home of Mrs. Lloyd Nalls, 1404 E. 18th. Rushes and members were costumed for the occasion, and decorations carried out the theme.

Rushes attending were Mrs. Bill Crow, Mrs. Kenneth Dodd, Mrs. John Hamilton, Mrs. Jerry Kohler, Mrs. Athlene McIntosh and Mrs. Ray Tannis.

Games were played and refreshments served.

A closed meeting will be held at 7:30 p.m. Thursday in the home of Mrs. Jackie Touchstone, 2700 Central.

PLAN CONVENTION

Music Club Performs Selections From Operas

Romantic opera dominated the Big Spring Music Study Club program Wednesday in the home of Mrs. H. M. Jarratt, 429 Edwards Blvd. Mrs. Timothy Thomas was cohostess.

Prior to the program, the hymn of the month, "Dear Lord and Father of Mankind," was led by Mrs. Robert Heinze. This was followed by a duet of "Barcarolle" from "Tales of Hoffman" by Mrs. B. F. Meacham and Mrs. Max Nelson. Mrs. Fred Beckham, pianist, performed the sextette from "Lucia di Lammermoor," and Mrs. Rene Brown was heard in a solo, "Un Bel Di" from "Madame Butterfly."

The program concluded with Mrs. L. L. Beauvais, Mrs. Gerald Terreau and Hubert Murphy performing selections from "Die Fledermaus." Murphy, a guest, also sang the father's aria from "Hansel and Gretel."

Mrs. Beauvais led a discussion on the District 12 convention scheduled here Friday and Saturday at Howard County Junior College. The meetings and meals will be held on the campus. Mrs. E. W. Snowden, state president, will speak at a board meeting Friday evening, and at 8:15 p.m. Friday, four choirs will perform in a program open to the public. The choirs are the Odessa College Choir, the Sul Ross Choir, the HCJC Choir and the Big Spring High School Choir. There will be an all-day meeting Saturday with a luncheon served at the college.

It was announced that this year's HCJC music scholarship was awarded to Beverly Green, and the club will present a Christmas program at the State Hospital Dec. 17.

The 15 attending were served refreshments from a table covered with a white embroidered linen cloth and centered with an arrangement of yellow chrysanthemums. Flanking the flowers were yellow candles in silver holders.

Mrs. Heinze will be hostess to the club Nov. 10.

AAUW Hears Division Head

The local branch of the American Association of University Women held a salad supper Sunday at 5 p.m. in the Community Room of the First Federal Savings and Loan Association building with 42 members and six guests attending.

The guests were Mrs. John Haslam, Orange, Texas division president; Miss Maude King, Abilene, Texas division mem-

Golden Age Class Meets At Dinner

The Golden Age Sunday School class of Berea Baptist Church had its monthly meeting Friday evening in the home of Mrs. Rufus Tuckness. Following a covered dish dinner, Mrs. Truman Wood gave the invocation, and Mrs. R. W. Dolan the devotion from the 23rd Psalm. The group sang the class song, "Our Best," and Mrs. Dolan pronounced the benediction. Next meeting is Nov. 19 with Mrs. O. C. Mason.

Mrs. C. E. Shive Wins Rook Play

Mrs. C. E. Shive won high when the Rook Club met Friday with Mrs. Isla Davis, 1305 Lincoln. Nine members and three guests attended. The guests were Mrs. Lina Flewelen, Mrs. A. C. Hart and Mrs. Sammy Baker. The club will meet Nov. 19 with Mrs. S. P. Jones.

bership chairman; Mrs. Charles Davlin, Fort Worth; and Mrs. Jim Blockner, Mrs. Lewis Ceronne and Mrs. Clifford Underwood.

Mrs. Gary Sims, president, reported on the leadership workshop in Abilene Saturday. Attending from here were Mrs. John Branscum, Miss Helen Ewing, Mrs. W. H. Hallmark, Mrs. John Hardy, Miss Anne Ratliff, Mrs. Dan Shockey and Mrs. Sims.

The organization of the local branch was given by Mrs. Shockey, and Mrs. Hallmark introduced Mrs. Haslam, the guest speaker. Her topic was "AAUW - What Is It?"

Mrs. Haslam gave brief explanations of the College Faculty Program and a review of the national convention in Portland, Ore., last June. The local branch was complimented on its growth and the program planned for the coming year. Mrs. Sims has been invited to a state conference in Houston Oct. 30 to report on the outstanding growth of the local branch. Mrs. Bill Earley was introduced as a new member.

The next regular meeting of the local branch will be this evening at 7:30 o'clock in the Community Room.

MRS. GEORGE BRUCE NICHOLS

Couple Recites Vows In Catholic Church

Miss Mary Katherine McNallen and Lt. George Bruce Nichols exchanged wedding vows Sunday afternoon at 5 o'clock at the Immaculate Heart of Mary Catholic Church. The double ring ceremony was performed by the Rev. Francis Beazley, O.M.I.

The bride is the daughter of Mr. and Mrs. Albert Jerome McNallen Jr., Sterling City, and the bridegroom is the son of Dr. and Mrs. Ralph Gibbs Nichols, Knoxville, Tenn.

An altar background was formed by arrangements of white gladiolus, stock and pom-pom chrysanthemums. The decoration was centered with a white prie dieu flanked by column pedestals holding jars of fern, and white aisle markers were laced with white satin roping. Gracing the bridal aisle was white carpet which terminated with a garland of white carnations and white chrysanthemums. The garland was cut by the bridegroom's mother as the wedding began.

Traditional wedding music was presented by Mrs. Leslie Green, organist. She also accompanied Mrs. Harold Talbot, vocalist, in the selections, "Ave

Maria," "Blessed Be This Day" and "Mother At Thy Feet We're Kneeling."

IVORY GOWN

The bride was escorted to the altar by her father who gave her in marriage. She wore a floor-length gown of ivory peau de sole with re-embroidered imported Chantilly lace and seed pearls. The gown featured an A-line demi-fitted skirt softened by two pleats. The fitted bodice was styled with a square neckline outlined with a Chantilly medallion and long, tapering sleeves ending in petal points above the wrists.

A shower of Chantilly lace and seed pearls cascaded down a flowing cathedral train, and the bride's English silk veil of illusion fell from a tiara of seed and drop pearls. She carried a bouquet centered with a white Cattleya orchid accented with a shower of stephanotis on picot ribbon, and wore pearls that were an inheritance from her maternal grandmother.

Miss Mary Lynne Guthrie was maid of honor and Miss Gen Ann Brundrett, Beeville, was bridesmaid.

The attendants wore identically styled gowns of candlelight pink peau de sole and pink velvet in an Empire design. The softly-pleated backs fell into a semi-train effect. Completing the costumes, the attendants wore formal-length gloves and pink hats with a spray of pink tulle. Their bouquets were deep pink satin ribbon love knots designed with pink carnations.

Miss Karen Fortson was flower girl, and Paul Hand, Abilene, cousin of the bride, was ring bearer.

Lt. Glen H. Perry, Morristown, Tenn., was best man, and Lt. Guitano Belcore, Los Angeles, Calif., was the groomsmen. Lt. Arthur K. Poe, Apiston, Tenn., and Lt. Mohammed Dahhou of the Moroccan Air Force were ushers.

For a wedding trip along the Gulf Coast, the bride wore an oatmeal-colored wool sheath accented with mahogany buttons. The ensemble was completed with a full-length camel-colored cape. She wore a ranch mink pillbox hat and winter white accessories. Her corsage was a beige cymbidium orchid accented in gold. The couple will reside at McChord Air Force Base, Tacoma, Wash.

The bride is a graduate of Big Spring Senior High School and attended Howard County Junior College. She plans to attend the University of Washington, at Seattle in January.

The groom is a graduate of the University of Tennessee and attended graduate school. He has completed pilot training at Webb AFB and has been assigned to the Seventh Air Transport Wing at the Washington base.

RECEPTION

Following the ceremony, a reception was held in the Blue Room of Cosden Country Club where the honored couple, parents, and attendants greeted guests.

The refreshment table was covered with a white lace cloth over a satin underlay. The cen-

terpiece was a silver champagne cooler surrounded with rose and pink carnations and silvered leather leaf foliage. The bride's cake was three-tiered and topped with a miniature bride and groom.

Mrs. Roy Lamb was in charge of the register. Members of the house party were Mrs. Paul Gordon, Miss Cherie Sabbato, and Miss Paula Gregg.

Out-of-town guests included Mr. and Mrs. R. A. Brundrett and Miss Rae Parker, all of Beeville; Miss Sharon Brundrett, San Antonio; and Capt. and Mrs. Ronald Hand, Abilene.

The Holiday Inn was the scene of a Saturday evening rehearsal dinner, given by the bridegroom's parents; and of a Sunday morning breakfast, given by the bride's parents where gifts were presented to the wedding attendants.

Plan Color Games For Rainy Days

When the children run out of things to do on rainy days, why not arrange a painting session? Food coloring, cotton-tipped swabs, and paper are all the materials you'll need to provide children with hours of fun. If you don't have any drawing paper on hand, let them color newspaper pictures or decorate brown paper bags.

Embroidery

Designs of fruit and vegetables may be embroidered with odd lengths of left-over floss from the sewing basket. Hot-iron transfer Pattern No. 704 contains six motifs from 3 1/2 by 10 to 5 1/2 by 10 1/2 inches each. Send 50 cents for Needlework Book. Contains free stole pattern and embroidery and a coupon for free pattern of your choice.

Send 25 cents plus 5 cents postage in coins for this pattern to MARTHA MADISON, Big Spring Herald, Box 1400, New York 1, N. Y. Add 15 cents for first class mail.

French Envoy Favors Meet Of LBJ, De Gaulle Later

WASHINGTON (AP) — Departing French Ambassador Herve Alphand says a meeting between Presidents Johnson and Charles de Gaulle "would be certainly very useful to have one day."

But the diplomat said such a session should not be arranged "before we have clearer views about some very important problems we have to discuss in the next months."

Alphand commented on a possible Johnson-De Gaulle meeting in an interview with The Associated Press.

He is returning to France later this week after nine years as its ambassador to the United States. Alphand will become secretary general of the French Foreign Ministry, the highest post reserved for a career diplomat.

On other questions the ambassador said France:

NATO QUESTION
— Will be ready next year to discuss its concept on the reorganization of the North Atlantic Treaty Organization.

— Will be prepared in 1966 to negotiate with the United States

on the coordination of the two countries' nuclear forces.

— Sees no present hope for a negotiated settlement of the Viet Nam war.

— Hopes that the European Common Market and the Geneva conference on tariff cutting will overcome current trade difficulties.

There has been talk of a possible Johnson-De Gaulle conference since Johnson became president. They met briefly after President John F. Kennedy

Castro Brother In Kremlin Meet

MOSCOW (AP) — Deputy Cuban Premier Raul Castro had a meeting today in the Kremlin with Deputy Soviet Premier Vladimir Novikov, the Soviet news agency Tass reported.

It gave no details.

Castro, Fidel's younger brother, came to the Soviet Union Oct. 7 at the invitation of Defense Minister Rodion Malinovsky.

was assassinated, but have not met again since.

NEED CLARITY
The problems which should be clarified before the two heads of state meet center around European integration and the Atlantic Alliance, Alphand said, adding:

"The differences we have are really differences of opinion and, as Jefferson said, differences of opinion are not differences in principles."

"It is normal and sound between free people and allies to disagree; it is the privilege of our free community of nations."

Reminding that France today is a strong country, he said that "it is better for you to have a friend who is more solid than he was before, than to have an uncertain protegee."

The Atlantic Alliance, Alphand said, should be maintained, but France insists on the "complete reorganization" of NATO.

He said: "We consider the alliance necessary as long as a threat exists, and it will exist for a long period of time. But for the form of the alliance, the organization called NATO, which was established 15 years ago is no longer adapted to the circumstances of today." When it was established the United States, alone in the world, was the atomic power capable of destroying the planet. This is no longer true today.

Latin Nations Wait Belgian Royal Pair

BRUSSELS (AP)—King Baudouin and Queen Fabiola of Belgium left by plane today for their first official visit to Latin America. For the next month they will travel 25,000 miles in Mexico, Chile, Argentina and Brazil.

Poets Have Their Day At The Fair

DALLAS (AP)—People who preferred poetry to popcorn heard the work of 40 Texas poets read in the Dallas Museum of Fine Arts auditorium while the State Fair of Texas jostled past outside.

For poets it was the high spot in the week that had Texas Poetry Day. The second largest poetry society in the world—the Poetry Society of Texas—has celebrated that day for 40 years.

TAKE ADVANTAGE
The marathon poetry reading—as the poets called it—went on for three hours Friday afternoon. A sign on the auditorium door said: "Come in (quietly)—leave when you wish."

Women with tired feet and kids lugging give-away shopping bags took brief advantage of the invitation. Poets and their friends stuck it out all three hours.

Dallas, Fort Worth, Houston, Denton, Rising Star, McAllen, San Angelo, San Antonio, Austin, Odessa, Waco and Corpus Christi poets were represented in the "Living Anthology of Texas Poets." There were a dozen readers, two piano players and a guitarist.

LOVE, DEATH
Texas poets write about love and death, the same as other poets, but they are more partial to Gulf seagulls, Big Bend canyons, migrant farm wives and cotton blossoms and "The Little Towns of Texas" somehow sounded all right read to Debussy's "Clair de Lune."

War-Cargo Ships Planned

WASHINGTON (AP) — The Navy is considering building about 20 big, fast military cargo ships that would be loaded with tanks, other heavy equipment and supplies and stationed near potential trouble spots.

Such a fleet of "fast deployment logistic" ships would cost about \$840 million, by current Navy estimates.

Coupled with house-size C5A transport planes recently ordered into production, these cargo vessels would give the United States the capability to speed large ground forces to distant areas, and to have the gear close at hand to enable them to fight in limited war situations.

The Navy study has the blessing of top Pentagon officials, who consider the fast deployment ships an integral part of modernized U.S. airlift-sealift for the 1970s and beyond.

However, Pentagon officials

have not settled on any final figure as to the numbers of such ships that would be needed, nor have they adopted the Navy's cost figures.

The Navy study estimates each of the new vessels would cost about \$32 million. Defense specialists are skeptical of that figure, believing it may be too low.

Congress has voted \$67.6 million for two of the ships. This comes to \$33.8 million apiece, with the additional \$3.6 million attributed to higher costs of first-of-their-kind models.

The cargo ships would have about twice the capacity, greater speed and, hopefully, lower operating and other costs than current Navy sealift vessels.

They would be equipped with ramps to permit rapid loading and unloading of wheeled and tracked vehicles. This is called a "roll-on, roll-off" capability.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®.

Answer: What happened after a man stayed out too late on a cold night—**HE WAS OUT COLD!**

Guard Brigade Chief Named

AUSTIN (AP)—Ross B. Ayers of Friona has been appointed commander of the new high priority National Guard brigade which will be on alert for service in Viet Nam.

Ayers, who has held the rank of colonel, was promoted to brigadier general Sunday when he was named brigade commander.

The appointment was announced by Maj. Gen. Selden Simpson of Amarillo, commander of the 36th Infantry Division, at a meeting of all National Guard leaders who will be involved in forming the new brigade.

Ayers' promotion to general filled a vacancy when Mac Specht of New Braunfels, assistant division commander, resigned last week.

For the past two years, Ayers, a Friona cotton farmer, has been division artillery commander of the 36th. He will be succeeded in that position by Lt. Col. Robert Allen of Luling. Succeeding Allen will be State Rep. John Traeger of Seguin, who holds the rank of major. He will become commander of the 4th Battalion, 133rd Artillery.

Violence Toll At Least 27

By The Associated Press

At least 27 persons met violent deaths in Texas over the week-end with traffic mishaps accounting for 10 of the fatalities.

The toll was a sharp drop from the previous weekend, when 41 persons were killed, including 36 in traffic accidents.

The Associated Press tabulation started at 6 p.m. Friday and continued through midnight Sunday.

Orville Eugene Lee, 31, of Duncanville was fatally injured Sunday night when his small foreign car and a large sedan collided on State Highway 121 about five miles south of Bonham. Four other persons were injured in the crash.

LAKE FATALITY

Tom L. Campbell, 68, drowned Sunday while fishing in Eagle Mountain Lake near Fort Worth.

The body of Y. H. Lang, 58, was found Sunday in Possum Kingdom Lake near Mineral Wells. A justice of the peace ordered an autopsy to find the cause of death.

Eighteen-months-old Roland Vasquez was found dead Sunday at his parents' home in Cibolo, near San Antonio. The parents said the baby was bruised on the head Saturday when his three-year-old brother hit him with a hoe.

Herman Herrie, 72, died Sunday in his tightly sealed car outside his home in Lone Oak, near San Antonio. A hose fitted onto the car's exhaust had been brought into the car.

Henry Long, 34, of Houston died Saturday night when his car hit a truck three miles south of Splendora, near Houston.

ABILENE AIRMAN

An airman from Dyess Air Force Base in Abilene died Saturday night after falling into the Three Rivers Reservoir near San Angelo. He was Airman I.C. Leon H. Collick, 43. His wife said she thought he might have suffered a heart attack before toppling into the water.

Ernest A. Preston, 19, was killed early Sunday after his speeding car flipped over on US 80 near Midland. A patrolman said the car was going about 120 miles an hour. A friend was hurt.

Two small children burned to death Friday night when a can of gasoline, used for cleaning, exploded at an apartment in Lubbock. The victims were Bonnie McGraw, 3 months old, and Roland Fitzgerald Pogue, 14 months old, the children of Airman 2.C. and Mrs. George W. McGraw. The parents were flown to Brook Army Medical Center at San Antonio for treatment of burns.

An unidentified guest shot to death another guest, Domingo Aguilar, 36, at a wedding reception on the south side of San Antonio Saturday. The assailant fled from the scene after pistol-whipping an uncle of the victim.

San Antonio officers arrested a man for questioning after Andres Barrientes, 43, an iron works employe and father of nine children, was shot to death Saturday on the rear steps of a residence.

The body of M. C. Mann, 55, a bullet wound in his heart, was found at his home in Mineral Wells Saturday. Justice of the Peace Bob Lunday ruled the death a suicide.

Maureen Davis, 15, a Freer High School cheerleader died after she collapsed during the Freer-Benavides football game in Benavides Friday night. A justice of peace withheld an inquest verdict pending an autopsy report.

FIRE DEATH

Mrs. James A. Jones, 87, was found dead after fire razed her home in Fort Worth Friday night. An inquest verdict was withheld pending an investigation.

Mrs. Lupe Rivera, 34, of Port Lavaca was killed Friday night in the collision of two cars at a Port Lavaca street intersection.

Jimmy Henderson, 14, was fatally injured Friday night when his motor scooter and a car collided in Vidor.

Calvin George Lee, 22, was killed early Saturday when a pickup truck in which he was riding slammed into a utility pole in Dallas.

DALLAS SHOOTING

George W. Warren, 32, was shot to death in the kitchen of his home in Dallas Friday night. Police said he and another man had been playing dominoes when an argument started.

Doris Jean Smith, 28, died early Saturday in a Dallas hospital of knife wounds in the chest and neck. A 24-year-old man was held for questioning.

Sam Williams, 59, of Baytown, was killed Friday night in a two-car collision at the intersection of two highways near La Marque.

The body of Otto Hennich, 63, was found in the back yard of an Austin residence Saturday. Officers said his head had been bashed in.

William Benjamin Evans, 40, drowned Friday night when he fell from a boat in rough water between Bay Vista and Redfish Reef near Seabrook.

Condalaro Garcia, 15, drowned Saturday night while

swimming with two companions in the lagoon at the State Fair of Texas in Dallas.

Carl Lee St. Clair, son of Mr. and Mrs. Ralph B. St. Clair, was killed Saturday night when he ran into the path of a car on a Dallas street.

Benjamin L. Simms of Cedar Hill was fatally injured Friday night when he lost control of his car on US 67 near Dallas.

Adjournment Eyed; Several Battles Remain

WASHINGTON (AP) — With fingers crossed, Congress begins today what its leaders predict may be the last week of the 1965 session.

Only a few major obstacles stand in the path of adjournment. But veteran legislators have become accustomed to seeing adjournment targets

missed, and legislative tangles have a way of developing at the last minute.

COLLEGE AID

The seeds of such tangles are in several pending bills, particularly a measure to apportion foreign and domestic sugar quotas and an aid to higher education bill.

Both the Senate and the House have passed bills to aid higher education. But the House version did not include establishment of a national teacher corps to strengthen teaching in low-income areas.

Now that Senate and House conferees have included the corps in a compromise version of the bill, House Republicans

have pledged a fight to knock the provision out when the compromise makes its final run through Congress.

THE HOUSE TAKES UP THE BILL TUESDAY

The sugar bill has cleared the House, and Senate Republican Leader Everett M. Dirksen said Sunday he thinks the Senate Finance Committee can complete action on the bill today.

If that happens, said Senate Democratic Leader Mike Mansfield, the bill will be brought before the full Senate Tuesday.

Both Dirksen and Mansfield said Congress could adjourn this week if it quickly disposes of the pending major bills.

bill carrying funds for the anti-poverty program and other projects passed the House last week. It is scheduled for Senate action early this week.

\$120 BILLION

Last of the annual money bills, it would shoot total appropriations this year close to a record high of \$120 billion.

Also scheduled for Senate action this week is a bill approved by the Senate Post Office Committee to give federal workers a \$641.4-million pay raise this year.

The House has voted for a \$1.55-billion increase, Johnson asked a \$400-million boost.

OIL REPORT

Currie To Test Clear Fork Zone

One wildcat and one field location were staked in Glasscock County, and three field locations staked in Howard County last Friday.

M. B. Koonce Found Dead

Mills Bennett Koonce, 47, died Sunday of a wound in his throat caused by a shotgun blast, according to Jess Slaughter, peace officer, who ruled in the death.

Mr. Koonce was found dead, lying over a 20-gauge semi-automatic shotgun, in a garage behind his apartment at 1605-A Lincoln, officers said.

Called to the garage by a neighbor who found the body at about 11:15 p.m. Sunday, officers said Koonce was wearing house slippers, which were dry, indicating Koonce had been in the garage before last night's rains.

Services will be Tuesday at 4 p.m. in the Robstown Episcopal Church, Robstown Funeral Home in charge of burial.

Actor Hurt In Play Due Back

NEW YORK (AP) — Sammy Davis Jr. expects to return to night in his starring role in the musical "Golden Boy," his producer says.

Record Crowd At Fair's End

NEW YORK (AP) — Wrecking crews start today tearing down most of the buildings on the 646-acre fantasy land of the New York World's Fair which ended its two-year run with a record one-day attendance of 446,953.

Witness Returned

Johnny Renteria, 16, an inmate of the Texas State Reformatory at Gatesville, was returned to Howard County Sunday by Deputy Sheriff Sam Roberts.

WEATHER

NORTH CENTRAL TEXAS: Cloudy scattered showers and thunderstorms tonight. Showers ending early Tuesday becoming partly cloudy Tuesday afternoon. Low tonight 57-68. High Tuesday in the 70s.

Children Slain

Four children of former Kansas congressman and Coffeyville mayor Denver D. Hargis, 44, shown with his wife Charlee, were found shot in an apartment in Laurel, Md., today. The bodies of Brenda Hargis, 2; Sandra, 12; and Michael, 8, were found in two bedrooms. Debra, 5, died on the way to a hospital. (AP WIREPHOTO)

WOMAN QUESTIONED

LAUREL, Md. (AP) — Four children of a former Kansas congressman were found shot in the head early today in a Laurel apartment. State police said three were dead and the fourth died en route to a hospital.

Children Of Former Congressman Slain

Rainfall is expected Monday night in the midlands from the Western Gulf Coast northward to the Missouri and Upper Mississippi valleys, and in sections of Florida, the North...

Henry's Case May Be First Tried

Elmo Henry, charged with assault with intent to murder, will be the first defendant to go to trial Tuesday on the 118th District Court criminal jury docket, provided his physician will certify that the man is physically well enough to stand trial.

Directors At Co-Op Meeting

Four directors of Cap Rock Electric Co-Op are attending a three-state regional meeting of the National Rural Electric Cooperative Association in Santa Fe, N.M.

Only One Jury Trial Is Held

Only one jury trial was held in Howard County Criminal Court last week, and that was to decide the punishment to be assessed, rather than the guilt or innocence of the defendant.

Mrs. Franklin Dies Following Long Illness

Mrs. Catherine Franklin, 62, 1009 E. 21st, died at 1:40 a.m. Monday in a local hospital following a lengthy illness. She was born Feb. 17, 1903 in Howard County and had lived here all her life.

Policeman's Ball Called A Success

"This was perhaps the best Policemen's Ball we've ever had," Jay Banks, police chief, said Monday.

Morgan Rites Slated Tuesday

John W. Morgan, 93, of 1209 Sycamore, Big Spring, died at 10 p.m. Sunday in a local hospital. He had been in failing health for six years.

Peronists Stage Buenos Aires Riot

BUENOS AIRES (AP) — Police arrested 650 persons Sunday night after a six-hour battle between riot squads and thousands of followers of exiled dictator Juan D. Peron.

Stock Market Edges Upward

NEW YORK (AP) — The stock market edged higher at the opening today in active trading. Fractional gains outnumbered losers.

Health Unit Moves To Center

Transfer of equipment from the former location in the Read Hotel building to the new Dora Roberts Health Center was accomplished by the Howard County-Big Spring Health Unit Saturday.

Hog's Crockett Left Texas Reeling

By The Associated Press

One-hundred and twenty-nine years after one Crockett died defending Texas, another left the Lone Star State reeling. Not as badly as the Alamo perhaps, but reeling nevertheless.

SWC Still Has Hot Races Left

By The Associated Press

Take Arkansas and Texas out and it would be a thriller-diller of a Southwest Conference football race.

Except where Arkansas, which is the only undefeated, united team left in the league, and Texas are concerned, the widest margin between the teams has

Mele Happy With Contract

By The Associated Press

QUINCY, Mass. (AP) — Minnesota Twins manager Sam Mele, "very happy" with the terms of a new two-year contract, plans to start thinking soon about strengthening his infield for next season.

Mele, back home after the Twins' defeat by the Los Angeles Dodgers in a seven-game World Series struggle, has two priority items on his agenda, however.

His wife is expecting their fifth child. Mele plans to look after her and at the same time, watch the progress of the Georgian-style house the couple is building down the street from their present home.

It was reported in Minneapolis that Mele will receive about \$47,000 annually under the first two-year contract offered a Twins' manager. He received an estimated \$37,000 in each of the two past seasons.

Mele said he agreed with Griffith that the Twins' infield could be bolstered. He said that during the winter he would hunt for an experienced shortstop to back up Zoilo Versalles and another second baseman.

Frank Quilici came from Denver late in the season to fill a gap at second base, but Mele said the club could use another man.

SUNLAND P.K. RACE RESULTS

Lackland Man Sleet Winner

DALLAS (AP)—Jack Jackson of Lackland Air Force Base defeated William F. Peale Jr., of Austin Sunday in the 12 gauge event of the Pan-American Sleet Tournament.

Both men had perfect two-day scores of 200 out of 200 targets. Jackson won the event in a four-round extra shoot.

Kenny Barnes of Bakersfield, Calif., took the four gun championship event with a total of 493 out of 500 targets for the best score of the 410, 28, 20 and 12 gauge gunners in a field of 146 shooters.

Mrs. Evelyn Jones of Dallas won the women's 12 gauge title with 197 out of 200 and Mrs. Barbara Thomas of Dallas won the women's all-around title with a 482 out of 500.

Hurt Critically

SAN ANTONIO, Tex. (AP)—A young football player from Chicago, Tom Jennings of St. Anthony Junior Seminary here, remained in critical condition with head injuries Sunday. He collapsed during a football game Saturday, shortly after leaving the playing field.

Brittenu's chief target on the 80-yard march downfield in the waning moments Saturday that brought Arkansas a thrilling 27-24 victory over top-ranked Texas.

He caught five passes on the drive including a diving grab of a 14-yard pitch that put the ball on the Texas one and set off a wild celebration on the Razorbacks' bench. On the next play, Brittenu busted into the end

zone and third-ranked Arkansas, which had blown a 20-0 lead earlier, was on top to stay.

Over-all, Crockett caught eight passes for 102 yards and one touchdown with a show that left Texas Coach Darrell Royal shaking his head.

"That Crockett made some fantastic catches," Royal mused later. "Lord, they were fantastic."

The victory was the 17th in a row for Arkansas—longest winning streak in the country.

And, while the No. 1 and No. 3 teams battled it out in the Southwest, second-ranked Nebraska blithely continued scoring points and winning easily.

The Cornhuskers, averaging five touchdowns per game, romped past Kansas State 41-0 for their fifth straight. Nebraska broke it open scoring 21 points in the second quarter after a scoreless first period.

Fourth-ranked Michigan State held Big Ten foe Ohio State to minus 22 yards rushing and walloped the Buckeyes 33-7. It was the first time in Ohio State history that the Buckeyes' famous "cloud of dust and a first down" rushing offense had been held to minus yardage.

The Spartans, unbeaten in five games and frontrunners for a Rose Bowl berth, wrapped it up with 20 points in the final period. It was the second straight conference game in which Michigan State's defense allowed minus rushing yardage.

Two of the Top Ten teams were upset. Fifth-ranked Georgia, which had won four straight, fell to Florida State 10-3 and No. 10 Mississippi State lost to Memphis State 33-13.

Southern California, No. 6, blanked Stanford 14-0. Seventh-ranked Purdue used Bob Griese's late field goal to get past Michigan 17-15. Notre Dame, ranked eighth, was not scheduled and ninth-place Florida downed North Carolina State 28-6.

Clay Reinstated By WBA Sunday

HOUSTON (AP) — Cassius Clay, the boxer whose job is almost as good as his, once again is a fighter in good standing with the World Boxing Association.

The WBA lifted its suspension of Clay Sunday after three days of secret meetings.

There is a hitch. Both Clay and Floyd Patterson must post bond that the winner of their Nov. 22 fight in Las Vegas will meet the winner of the Nov. 1 fight in Toronto between Ernie Terrell and George Chuvalo.

Among other rulings Sunday the WBA ordered welterweight champion Emile Griffith to fight Manuel Gonzalez of Odessa, Tex., "in the near future." Gonzalez whipped Griffith in a non-title fight last January in Houston.

Riessen Claims Second Tourney

MIDLAND (AP) — Marty Riessen of Evansville, Ill., won his second big tennis tournament in two weeks Sunday when he beat Antonio Palafox, Mexican David Cupper, 6-3, 6-2 in the singles finals of the Midland Racquet Club Invitational.

Riessen, a member of the United States Davis Cup team, previously had taken the Pacific Coast International tournament.

Riessen made it a clean sweep here when he teamed with Clark Graebner of Los Angeles, his teammate at Northwestern University, to beat Dennis Ralston and Chuck McKinley, the defending champions, in the doubles, 6-2, 6-2.

DONNIE ANDERSON Tech's Fabulous Back Is Taxing West Texas Hearts

LUBBOCK, Tex. (AP) — Donny Anderson is living up to his press notices as an All-America and producing great moments in Texas Tech's football campaign.

But the fans wish dauntless Donny would pull his heroics earlier. It's affecting the hearts of the people in the South Plains.

Anderson made his longest run yet Saturday night when he sped 103 yards with the opening kickoff and led Texas Tech to a 17-14 victory over Oklahoma State. He triggered a field goal with a 31-yard run, and that was the eventual difference.

But it was that winning touchdown that again had the crowd in a stew—just like it had been in the previous two games. Anderson ripped off a 37-yard punt

and took a 30-yard pass to lead the charge to the winning touchdown in the last minutes.

And the week before that Texas Tech beat Texas A&M 20-16 and it was Anderson who made the heart of the South Plains beat like a trip-hammer. He took a lateral and raced 37 yards to the touchdown with 1:38 left.

He leads the conference in pass-receiving with 31 catches for 390 yards and four touchdowns. He tops in scoring with 36 points, he leads in kickoff returns with 13 for 397 yards, he's sixth in rushing with 264 yards on 67 runs and he has punted for an average of 37.4.

Not only that but he has been playing defense lately what with some key defense men out with injuries. And the guy is as good as that as anybody on the team.

Official Squeeze

Umpire Tony Sacco is trapped between 400 pounds of converging Ram defenders on the goal line as San Francisco 49ers' John David Crow (top center) plunges over for a touchdown at Los Angeles yesterday. Sacco went to the bottom of the pile. San Francisco's Monty Stickles at right. Forty Niners won, 45-21.

Skeptics See Rookie In 4 Touchdown Performance

The University of Kansas half-back to the NFL at a party at a big Chicago hotel last winter.

The Bears showed films of Sayers in action, but viewers were skeptical, figuring that no one could be that good. The Bears just picked out his best plays, they said. The NFL would be different.

Five games later, Sayers looks as if they're still picking out his best plays. They came frequently against the Vikings.

Safety Blitz Results In Bill's Score Clincher

When George Saines of the Buffalo Bills said "I do" at a wedding he got a job instead of a wife.

And Sunday, playing against the Kansas City team that jilted him, the all-star defensive back turned in the key play by speeding 18 yards with a fumble for the clinching touchdown in Buffalo's 23-7 American Football League victory over the Chiefs.

A master of the safety blitz, he tried the maneuver against the Chiefs midway in the fourth quarter with Buffalo holding a precarious 10-7 lead, jarred quarterback Pete Beathard loose from the ball and raced for the touchdown that put it out of reach.

Defenders also played key roles in the other two games. Western Division leading San Diego threw back repeated Boston threats in the second half while holding on for a 13-11 tie and defensive back John Griffin scored Denver's final two touchdowns in a 28-17 victory over Houston.

The Patriots, now 6-5-1, took a 7-3 lead against the Chargers on Babe Parilli's 73-yard touchdown pass to Ron Burton but San Diego pulled ahead at the half 13-7 on John Hadji's 84-yard strike to Lance Alworth and a 10-yard field goal by Herb Traveno.

The Chargers, the league's lone remaining unbeaten team with four victories and two ties, then spent the rest of the day turning back Boston threats with a pair of field goals by Gino Cappelletti finally pulling the Patriots even.

Golfers Nominate Officer Slate

Nominations have been returned for officers in the Big Spring Golf Association for next year. Ballots will be sent by mail to all members soon.

Nominated were: President—Pat Allen, Spot Cockrell, Bernard Raines; vice president—Bill McRee, Jackie Touchstone, Marvin Williams; secretary-treasurer—Robert Coffey, J. P. Gordon, Jimmy Newsom.

In addition to nominating officers, the association also decided to conduct two more tournaments this year. There will be a 2-man partnership tourney on Oct. 30-31, and then the annual turkey tournament the weekend before Thanksgiving, Nov. 20-21.

Thursday Tilt

GARDEN CITY—The Garden City Bearcats step up to an 11-man status Thursday to test the Stanton B team in a game set here at 7:30 p.m.

Umpire Tony Sacco is trapped between 400 pounds of converging Ram defenders on the goal line as San Francisco 49ers' John David Crow (top center) plunges over for a touchdown at Los Angeles yesterday. Sacco went to the bottom of the pile. San Francisco's Monty Stickles at right. Forty Niners won, 45-21.

Skeptics See Rookie In 4 Touchdown Performance

By The Associated Press

Gale Sayers, who was greeted by skeptics at his coming out party, now has believers wishing he had stayed in.

The Chicago rookie created possibly the biggest explosion of the season Sunday, scoring the last four touchdowns—one on a 96-yard dash with a kickoff—as the Bears outlasted Minnesota 45-37 in the National Football League.

It was a performance that couldn't have left many, if any, doubts about Sayers' ability. There were some doubts when Coach George Halas introduced

Can Steers Come Back?

Can the Big Spring Steers get up off the mat and come storming back like a champion? This is the big question mark around the Steer corral this week, and coaches are hopeful that some of the boys will draw on leadership qualities to lead the revival.

"They're pretty down about their loss to Midland," said coach Don Robbins. "We probably won't work out today so the boys can go to Johnny Stone's funeral (the former Steer squadman was killed in a car mishap Sunday) this afternoon. Whatever the boys do will have to be crowded into about three days. That's not much when you're preparing for a team like Abilene."

Steers Lose Some Of Edge

The loss to Midland cost the Big Spring Steers some of their lustre in the statistics, but they still enjoy a wide margin in figures although their game total is now 4-1.

The rushing margin declined some to 1,189 to 561, the passing yardage dropped off to only 484-77, the thinnest in several seasons. In total yardage the Steers kept nearly a 2-1 edge.

Bobby Griffin was leading ground gainer with an 8.2-yard average, followed by Joe Juarez with 6.9. Wayne Nall was the top receiver with 13 catches, one for a touchdown, followed by Terry Fields with seven receptions. Greg Pate had a respectable 41.3 average on punting.

Here is how it stacks up through five games:

Lorenzen Wins National Race

CHARLOTTE, N.C. (AP) — Racing neck and neck at speeds reaching 145 miles an hour, Fred Lorenzen outdueled "the guy I've always wanted to beat" Sunday and won the National 400 stock car race.

Lorenzen, from Elmhurst, Ill., found himself in a battle for the lead against two-time Indianapolis winner A. J. Foyt of Houston, Tex., with more than 50 laps to go.

In 37 laps they traded the lead five times. The duel ended with six laps to go, when Foyt bumped the guard rail on the fourth turn and had to maneuver to the infield. He was back on the track after a short pit stop and finished sixth.

Four Killed In Auto Racing Mishaps Sunday

Two drivers and two spectators were killed in auto racing accidents at three different sites Sunday.

The most serious accident occurred at Salem, Ind., where a stock car being warmed up by a mechanic crashed through an infield fence at Salem Speedway and killed two spectators while they were spreading a picnic lunch.

The victims were Hayden Daugherty and Mrs. Cornelia Farris, both of Louisville, Ky. The accident, in which no one else was injured, occurred before the 100-mile Kentuckiana stock car race.

State police said the car was driven by Steve Doninger, a mechanic who was warming it up for driver Forrest Moores.

At Charlotte, N.C., Harold Kite of Augusta, Ga., was killed and Jimmy Helms of Charlotte injured in a spectacular five-car pileup in the first lap of the National 400 stock car race.

The accident occurred when a car driven by Frank Warren of Augusta apparently spun out and other cars, following almost bumper to bumper, were forced

Midland's Hall Will Try Again

MONTREY, Calif. (AP) — Millionaire racing driver-designer Jim Hall of Midland, Tex., will try again next week at Riverside, Calif., after demolishing one of his older Chaparrals at the Monterey Grand Prix.

Hall was unhurt in a wreck on the fourth lap of the first heat Sunday and watched Fast Sharp, also of Midland, in another Chaparral lose to Walt Hansen in the second, 100-mile heat. Hansen, of New Jersey, was the day's over-all winner.

U.S. Bombs Missile Unit; Planes Lost

SAIGON, South Viet Nam (AP) — U.S. jets smashed a Soviet-supplied missile launcher in North Viet Nam over the weekend, but five American planes were lost in other raids on the Communist North, a U.S. military spokesman reported today.

Four of the American airmen were presumed captured and two others were killed when three Navy planes were lost Sunday 40 miles north of Hanoi, the spokesman said. Two U.S. fliers were listed as missing after two Air Force jets were lost Saturday on a raid southwest of Hanoi.

Peking broadcasts claimed seven U.S. planes were downed and several pilots captured in North Viet Nam, which has threatened to try captured American pilots as war criminals.

LEFT SMOKING

Four A4 Sky Hawks and an A6 Intruder from the U.S. 7th Fleet carrier Independence hit the mobile antiaircraft missile unit with eight tons of bombs. Pilots said they left a missile smoking on the ground and launchers and 10 vehicles in flames. The

Firm Facing Strike Threat

GRAND PRAIRIE, Tex. (AP) — Union workers at Ling-Temco-Vought have voted to strike if a new agreement is not reached by next Saturday, when the contract expires under an extension.

Nearly 3,000 members of United Auto Workers Local 948 are involved. A union spokesman said the workers want about the same economic package offered by other large aircraft companies throughout the nation.

LTV has offered 33 cents per hour in total benefits in a three-year contract, according to a source. This compares to 43 to 52 cents at other aircraft plants.

New Refugee Boat Delay Hints Agreement Nearing

KEY WEST, Fla. (AP) — The Camarioca-Key West shuttle has increased the U.S. Cuban refugee colony by about 450 but an expected stream of boats appeared delayed. One refugee boat was feared sunk.

Two others made it Sunday, bringing a total of 44 refugees from Fidel Castro's island. There was some feeling that delay in stepped-up crossings, for which the Coast Guard had prepared itself over the weekend, could mean that an agreement with Cuba over a systematic exodus plan sought by the United States might be near.

RED TAPE

New arrivals claimed red tape in processing applicants at Camarioca, the port of exit, delayed departures.

The captain of a fishing boat that landed in New Orleans with six refugees aboard said he would rather stay in jail in the United States than be free in Cuba.

With Capt. Guillermo Quintero, 41, the captain of a 32-foot fishing boat, were his son, two other men and two boys, aged 16 and 17. The boys said they were boat crewmen and had no plans to leave Cuba.

The boat became disabled and was towed into New Orleans Sunday by the Coast Guard.

IN INDONESIA

Ban Slapped On Red Party

SINGAPORE (AP) — Radio Jakarta announced Monday night a military ban on the Indonesian Communist party and affiliated organizations.

The ban on the Communist party, announced in the name of Maj. Gen. Umar Hadikusumo, commanding officer in the Jakarta area, appeared to be limited to the capital region, where he is in control.

The broadcast said the big, powerful Communist-dominated Sobsi, also was banned on orders of the government of the Central Bank, which has jurisdiction over all unions. This presumably meant the Sobsi ban was nationwide.

The announcement by Hadikusumo directed Communist party leaders and officials of the

missiles, supplied by the Soviet Union, are believed accompanied by Soviet technicians. There was no mention of personnel casualties at the site, 32 miles northeast of Hanoi.

U.S. aircraft are known to be hunting at least five of the mobile missile units, which can be assembled or dismantled within 24 hours.

The Defense Department says five U.S. planes have been knocked down by Soviet-supplied missiles. Launchers are permanently installed around Hanoi and the port of Haiphong.

RETURN SAFELY

Pilots on the missile raid reported heavy ground fire but all five planes returned safely, a spokesman said.

However, heavy Communist ground fire knocked down two F4 Phantoms from the Independence and a third crashed into a mountain side during a 16-plane strike against a high-way bridge north of Hanoi, the spokesman said.

Returning pilots said four of the Americans parachuted and were seen on the ground. Enemy troops were spotted in the area.

U.S. briefing officers said Communist ground fire downed one F105 Thunderchief and another disappeared during a four-plane raid Saturday 70 miles southwest of Hanoi. The pilots were listed as missing.

114 LOST

The U.S. planes downed over the weekend brought to 114 the number lost in Communist territory since American planes began attacking targets in North Viet Nam last February.

Near Da Nang, 350 miles north of Saigon, two U.S. Marines were killed in a helicopter crash. Eight others escaped injury.

In ground action, the Viet Cong hit a government force 20 miles north of Saigon and inflicted heavy casualties on a Vietnamese unit of 75 to 100 men.

U.S. Marines near Da Nang killed three Viet Cong guerrillas and captured three others in several clashes. Marine casualties were termed light.

Mrs. Carter's Funeral Today

COLORADO CITY (SC)—Services for Mrs. Dick Carter, 62, were set for today at 3 p.m. in the First Methodist Church of Colorado City. Burial was in Colorado City Cemetery under the direction of Kiker and Son Funeral Home.

Mrs. Carter was born Dec. 27, 1902 in Mitchell County. She was married to Dick Carter in 1925, and they moved to Midland 14 years ago. She had been ill for several weeks, and she was in Midland Memorial Hospital when she died. Mrs. Carter was a member of the Methodist Church.

Survivors are the husband; a son, Richard Ware Carter, Dallas; three brothers, Landon Dorn, Huron Dorn, and Brooks Dorn, all of Colorado City; three sisters, Mrs. Charles Mann, Colorado City, Mrs. Maxine Fitch, Chapel Hill, N.C., and Gladys Dorn, Washington, D.C.

Storm Elena May Brush Azores Isles

WASHINGTON (AP) — Hurricane Elena evaded scientific intervention today as she moved east-northeast over the North Atlantic.

The season's fifth tropical storm was expected to pass a short distance north of the western islands of the Azores to night.

The U.S. Weather Bureau in Washington placed Elena about

700 miles west-southwest of the most western island of the Azores early today.

She was expected to maintain her east-northeast heading at a speed of about 35 miles per hour.

Her highest winds were about 80 m.p.h. near the center.

The Weather Bureau and the U.S. Navy had hoped to seed Elena in another attempt at breaking up a storm's force.

The plan was dropped, however, when Elena picked up speed and moved too far from Puerto Rico where the seeding aircraft were based.

Seeding involves the spraying of silver iodide into the storm.

The idea is that this will form ice crystals and dissipate the heat energy. Previous experiments have proved inconclusive.

Investments Of Foreigners 'Not Welcome'

MONTERREY, Mexico (AP)

—The president of the Mexican Hotel and Motel Association, Cesar Balsa, Sunday came out against foreign investors who seek to take advantage of this country's tourism bonanza.

The Spanish-born hotel chain operator, who is often called the "Conrad Hilton of Mexico," spoke at a luncheon hosted in his honor by the Nuevo Leon

(Monterrey) chapter of the association.

Balsa made a brief stop here en route to Tampico to a hotel operators meeting.

In his speech to the luncheon group, Balsa said it would be unfair to open the tourism industry to foreign investors after efforts made by nationals to boost the industry to its present bonanza status.

Balsa predicted a tourism business peak for 1968, before, during and after the 1968 Olympics which will be held in Mexico City.

Speaking with newsmen after the luncheon, Balsa said that Spain had 13 million visitors who left one billion pesos for that country in 1964, while Mexico had only one million visitors who spent the same amount in that year.

A Devotional For The Day

If any man will come after me, let him deny himself, and take up his cross daily, and follow me. (Luke 9:23)

PRAYER: Dear Lord, our God, we submit ourselves in obedience to Thy will. We thank Thee for Thy love as manifested in Thy Son, and for the faith in Thee He taught us to have. We pray for Thy pardoning grace, through Him who taught us to pray, "Our Father who art in heaven . . . Amen."

(From the "Upper Room")

No Such Thing As Retirement

Former President Eisenhower observed his 75th birthday anniversary last week and millions of his fellow Americans, of all political persuasions, wished him well.

"I'm personally busier now than I ever was." So Eisenhower described his life at Gettysburg to a group of interviewers recently. The word retirement, he sighed, is not in the dictionary.

Ike has written two books, "Mandate for Change" and "Waging Peace, 1956-1960," since leaving office and is now "putting around" with another. He is in constant demand as a speaker. And his correspondence alone is a heavy burden—he received 45,000 letters last year. Ordinarily he puts in an 8 a. m. to 5 p. m. day at his office on the Gettysburg College campus. When he takes an afternoon off it's to golf at the Gettysburg Country Club.

His routine belies a prediction he made at the National Press Club on Feb. 5, 1948. On the occasion of his farewell appearance as chief of staff,

Gen. Eisenhower gave his notion of ideal retirement: "Put a chair out on the porch, sit in it for six months, and then begin to rock—slowly."

Eisenhower won fame first as a soldier, but as a man of peace he was voted "The most outstanding personality in . . . 1950-59 anywhere in the world" in a Gallup poll of 11 free world nations. Despite a stroke eight years ago and the heart attack and ileitis operation, at 75 he is crisp-voiced, pink-cheeked and straight-backed.

Former presidents belong not to a political party but to the nation. Nevertheless, Eisenhower identifies himself out of office more clearly as a Republican than he ever did in the White House. It is fitting, then, that his birthday anniversary should be observed by 40 GOP \$100-a-plate dinners, nationwide. Ike is lending the party his name but not his presence; he will spend the night at his beloved Gettysburg, the only home he ever owned.

Bursting Of The Bubble

The great coin speculation bubble in the United States has burst, leaving an element of poetic justice. President Johnson's promise that coin speculators would not profit from a reduction in silver content of U. S. coins seems to have been fulfilled.

Indicative of the crash was the boast of a coin speculator at the recent coin show in Houston. He said he had dumped \$200,000 worth of modern coins before the crash, adding that he could buy the same coins back today for \$50,000.

While the speculative fever was at its height more than 272 million silver dollars and over 200 million Kennedy half-dollars disappeared from circulation. The Kennedy half was a striking example. Many people in the United States have never had one of the

Kennedy halves in their hands. Even today it is rarely received in change. An estimated 15 per cent of all the coin dealers in the United States have gone out of business, said Benjamin Stack, a rare-coin specialist. He predicted that another 15 per cent would be out of business by the end of the year.

Established dealers in rare coins, as well as serious collectors of coins, were able to keep their heads during the boom. Their only regret will be that there may be no coins—at least no pennies—bearing the date 1965. The Bureau of the Mint, in one of its attacks on coin hoarding, continued the 1964 date on coins produced in 1965.

Perhaps serious collectors can once more resume their work without having their hobby disturbed by speculators.

Holmes Alexander The Needed Investigation

WASHINGTON — Senator Roman Lee Hruska (R., Neb.), the quiet man of the Internal Security Subcommittee, wants to hear a little more noise about the bum's rush given to General Wessin y Wessin, the erstwhile strong man of the Dominican Republic.

But Hruska says that the noise should come from a reliable source, preferably a Congressional investigation in which the American public has confidence.

AS OF NOW, Wessin has sounded off in interviews about his disgraceful ouster at gunpoint and bayonet point, and there is a clamor among

Billy Graham

Will you please tell me what are the most important decisions young people have to make? H.G.

Let us think of these decisions in what I believe to be the order of their importance. First, of course, should be your decision for Christ. "Remember thy Creator in the days of thy youth," says the Bible. Don't wait until your life becomes crippled and distorted by evil before you call upon the Lord. Give Him your life now.

Then comes your decision about your life's work. All honest work is sacred. Whether you are a nurse, a teacher, a secretary, or a missionary, you can take God into your vocation. If you are willing, God will guide you into your life's vocation.

Then most girls think about marriage and a home. This is a big and important decision, for if you make a mistake at this point, your whole life can be ruined. Make sure to base this decision on love and understanding rather than upon physical attraction. Pray for God's guidance about a life mate too.

Then, you will be called upon to choose friends. Be on guard here, for we tend to become like those we associate with. A faith, a vocation, a home and friends. If you decide wisely, living in this world can be a rich experience.

WARM-UP FOR THE BIG CLEANUP

James Marlow Smokers Change Little Over Centuries

WASHINGTON (AP) — Tobacco smokers don't change much over the centuries. They'd rather smoke than quit.

Back in 1604, King James I of England wrote a famous "Counterblast to Tobacco." He urged his people:

"O citizens, if you have any sense of shame, or dread of infamy, left in your bosoms, lay aside the use of tobacco, a custom attended with ignominy, received through error and established by stupidity.

"TOBACCO IS a substance loathsome to the sight, disagreeable to the smell, noxious to the brain, injurious to the lungs, and by its clouds of black smoke, nearly resembling the horrid steams of hell."

Three hundred and sixty years later, in January 1964, the United States government, through its Public Health Service, declared as firmly as King James, if not as flamboyantly:

"Cigarette smoking is a health hazard of sufficient importance in the United States to warrant appropriate remedial action."

The more you smoke, said the service's scientists, the greater your chances of an early death.

They said cigarette smoking is the major cause of lung cancer, and male cigarette smokers have a higher death rate from heart disease than nonsmokers.

The findings were publicized far and wide.

AND WHAT happened? Cigarette smoking dropped off a little, for a while. The drop in 1964 was 2.5 per cent.

But this year, the Agriculture Department has reported Americans are smoking nearly 5 per cent more cigarettes than last year. They are expected to average 216 packs per smoker in 1965.

The department figured the total domestic consumption this year at 536 billion cigarettes compared with 511 billion last year and the previous record of 524 billion in 1963.

In 1966, it said, chances are good for a new record.

A team of researchers writing in this month's Journal of the American Medical Association

reported that no single method has proved outstandingly effective in breaking the smoking habit.

A new law will require, starting next Jan. 1, that each cigarette package must carry this warning:

"Caution. Cigarette smoking may be hazardous to your health."

Whether this will slow or reverse the upward spiral in cigarette smoking must — on past evidence — be considered highly problematical.

(Today's article by AP's J. W. Davis substitutes for vacationing James Marlow.)

Hal Boyle

Ever Coach Little League Football?

RALEIGH, N.C. (AP) — The college football coach may moan about his troubles with the alumni, the unsympathetic professors, the indigestible banquet circuit and the endless recruitment of talent.

But did he ever have a quarterback miss a practice session for talking in the lunch line and spending an hour after school in detention hall?

DID HE ever have two linemen gone because it was the weekend of the big Boy Scout campout?

Did his leading ground gainer ever dash onto the field seconds before the kickoff, explaining he had to mow the lawn before getting parental permission to play?

The college coach doesn't know what trouble is unless he has been the mentor of a Little League football team.

This 115-pound, 9-to-13-year-old edition of football comes along each fall with the same madness as in the collegiate and professional circles.

The stands generally are filled for each game with proud papas, worried mamas, unconcerned sisters and envious little brothers.

VOLUNTEER COACHES are hunted and enough are trapped each season to provide the leadership for the city and county leagues throughout the nation.

The Little League football coach generally is a man who spends 8 to 10 hours a day behind his desk, or on his sales route, or at the construction site.

He rushes to the practice field

Around The Rim The High Cost Of Children

One thing and another: According to a study made by the Catholic Digest, it costs a family about \$12,000 to raise a child from infancy — for those clans in the modest income bracket.

For the well-to-do, the tab will amount to about \$20,000. For the wealthy, of course, the cost is a great deal more.

Food alone amounts to about \$9,500 per girl and an extra \$500 for an old boy that always seems to be hungry. If you can get by for any less than \$1,000 for sickness during that time, consider yourself lucky.

That investment of course, doesn't include the cost of college.

THE MAN has a point. Frank Belcher, former president of the California Bar Association, is against televising court proceedings.

He says the use of such a news medium in a court room would turn witnesses into actors and ham actors, at that.

"We already have enough clowns in

court rooms without creating more," he said recently.

I don't think he was excluding members of his own profession when he said that.

IF NOTHING ELSE, the average Englishman is an individual who believes in speaking his piece and fighting the establishment.

Take a retired gardener in Aughton, England, named George Fazackerly as an example.

George was obviously more than a little piqued when his entry won nothing better than a third prize in a recent flower show.

He returned his two-pound prize to the four municipal councilors who doubled as judges for the contest with a suggestion that they use the money to buy a gardening encyclopedia.

JIM MURRAY, the clever Los Angeles columnist, strongly recommends strong drink as a stimulant for sick golf games.

Whiskey may not lower your score, he points out, but you won't care. —TOMMY HART

David Lawrence Red China Not To Be Trusted

WASHINGTON — Sometimes the speeches of men in public life not only are baffling, but, though intended to advance the cause of peace, often do just the opposite by creating the impression of a willingness to appease. This is the enemy misled into the kind of miscalculation that in the past has brought on two world wars.

British Foreign Secretary Michael Stewart, for example, has just delivered an address in San Francisco to the United Nations. At almost the same time, Sen. Robert F. Kennedy, Democrat of New York, made a speech in the Senate urging that Red China be invited to participate in the 17-nation conference on disarmament at Geneva.

BOTH SPEECHES are in direct opposition to the foreign policy of the United States as expressed by the State Department—which, incidentally, is not happy about either utterance.

Foreign Secretary Stewart admitted that, although Great Britain had recognized Red China—an event which occurred prior to the Korean war—nothing substantial has been obtained since then by way of benefits. But he asked a rhetorical question as to what benefits the United States had derived from its policy of non-recognition.

MR. STEWART'S question has been answered again and again—the United States at least has dramatically demonstrated to the world that aggression will not pay.

The military forces of the United Nations itself were attacked in Korea in 1950 and the war there enlarged through the direct intervention of the Red Chinese. Tens of thousands of Americans, as well as troops of other countries fighting under the flag of the United Nations, were killed or wounded in an effort to repel an obvious act of aggression by Communist China.

THE KOREAN armistice, which has been in effect since 1953, has been violated again and again by the Red Chinese. Literally hundreds of conver-

sations have taken place at Warsaw and other places between representatives of the Peiping regime and the United States government in a futile attempt to break the deadlock over the armistice agreement and make a peace treaty enabling the North and South Korean peoples to be reunited.

Yet Sen. Robert Kennedy is willing to have the Red Chinese invited to the sessions at Geneva on the subject of disarmament, even though this might mean throwing that conference into confusion by dilatory moves made by the Red Chinese, who have no respect for any agreements or moral principles.

RED CHINESE leaders were in Geneva in 1954 when an attempt was made by the Western nations to reach some kind of settlement about the future status of Indo-China. Those very agreements have since been violated by Red China.

The real question is not what is to be gained by admitting Red China into the United Nations or inviting the Peiping regime to a disarmament conference. It is what the world will lose. For it would mean that a government can get away with any kind of brutal aggression it may care to pursue. It would mean also that nations like the United States, which have stood up for the liberation of peoples and the abolition of autocratic rule, would be put in the position of appeasing tyrannical dictatorships and buying peace at any price.

THERE IS ONLY one defense against any potential aggressor. It is to build up such military and nuclear power as will deter any government in the world from threatening the safety of the American people. No agreement is worth the paper it is written on if the government back of it cannot be trusted. It is this fact which is the principal barrier to disarmament agreements, and certainly there is nothing in the record of Red China which gives any evidence that the Peiping regime is ready to join the family of free nations and honor international agreements.

(Copyright, 1965, New York Herald Tribune, Inc.)

Richard Starnes How About A Subsidy On Sumac?

WASHINGTON — This witness, the part-time proprietor of a rumpus mountain farm in Rockahominy County, Virginia, has followed the course of farm legislation with beady eyed interest that the most rapacious Hiram alive would envy.

The law, a four-year, \$4 billion monstrosity, has now passed Congress, and I can hardly wait to get my hands on my cut of the swag. As I read the law, all that is required of me is that I prove I am incompetent to cultivate a window box full of African violets, much less a farm.

WELL, SIR or madam, I can prove that proposition to the satisfaction of the most nit-picking bureaucrat ever coughed out of a mail-order law school.

In the last two years, my only cash crop has been two Christmas trees, and by my best calculation I lost \$8.75 on the deal, not counting the amortization of a \$240 chain saw that was used to cut them down. My principal crop, however, is sumac, a hardy and sometimes poisonous plant for which there is no market. It is like many American farm surpluses in this respect, and it certainly must entitle me to a handout from the Department of Agriculture.

THE FARM BILL is still so tenderly solicitous of the cotton farmers that any sensible observer is bound to wonder if the ghosts of Tom Heflin and Cotton Ed Smith aren't still walking the committee chambers of the Senate. Just like my sumac, there is no market for U. S. cotton at U. S. prices. Gentlemen, I got 70 acres of sumac, more or less. To date I have not been able to sell a stalk of it. It seems only simple justice to reward me for my stupidity in growing it, just as you have done for those who insist on planting cotton.

I HAVE another surplus that my best hayseed gulle hasn't been able to move. Rocks. Where you don't see a clump of sumac, you know you will find a lot of prime granite boulders. Recently we engaged a local artisan to build a tremendous fieldstone fireplace and chimney, at a price that

would have financed a six-week orgy in Paris. When the tremendous pile of rocks appeared on the building site, I congratulated the mason on making the first harvest that has ever been achieved on our acres.

"I BUSTED a \$35 tire trying to get rock off this place," he replied.

"Them rocks there came from the other side of the mountain, out of an old chimney where the house had burned down."

See, I'm not even bright enough to give away rocks for a building job on my own place. I got to pay to haul them from the other side of the mountain, and if that doesn't entitle me to part of that \$4 billion I'll put in with you.

I NOTE (or at least I think I note—no man alive can really understand the farm bill) that apple growers are in the cold again. Wheat growers are in for a slice of the pie, but not apple growers. I got 80-some-odd apple trees, every one of them senescent to the point that they produce apples the size of golf balls. I can't understand why the government won't take them off my hands.

It seems to me that I meet every test for help from the Department of Agriculture—greed, agricultural incompetence of a high order, and the lurking conviction that city folks are there to be plucked by us bumpkins. I want my share.

To Your Good Health Reasonable Aspirin Dose All Right For Child

By JOSEPH G. MOLNER, M.D.
Dear Dr. Molner: How much aspirin is too much for a child three years old with a lingering cold? Would the medicine dull symptoms of disease that would not be recognized by a layman?—MRS. F. F.

Instead of trying to establish the maximum, it's much better to stick to a reasonable dose which has a suitable margin of safety—and will still do all that is necessary.

For a three-year-old, one of the small-size aspirins (2 or 3 grains) four times a day would be reasonable. Or if you are using the ordinary 5-grain size, a half tablet four times a day. More than that is not likely to do any additional good anyway.

Preferably give the aspirin after the child has had something to eat, or a glass of milk. This minimizes the chance of irritating the stomach.

There is no great likelihood of aspirin dulling or concealing important symptoms except that it can reduce fever — but rather

large doses are required for any appreciable reduction.

However, this "lingering cold" sounds disturbing. Aspirin won't cure a cold. All it does is make the patient more comfortable by subduing aches (head or muscles) and curtailing inflammation to some extent.

If the "cold" is lingering, perhaps it isn't a cold. Instead of just continuing with aspirin, have your doctor see whether the trouble is something other than a cold: pneumonia, sinus infection or whatever.

Dear Dr. Molner: I have a large hiatal hernia and require an operation. In your opinion, is surgery always necessary? I have been very careful of my diet and can eat without discomfort. I would be grateful for any information.—MRS. A. D.

Weight, diet, and even the way you lie down, all have their effect on hiatal hernia. No, surgery is not always necessary by any means, although in certain cases, when the simpler methods cannot be kept up comfortably, it is the only sensible solution.

NOTE TO MRS. R. O.: A fatty tumor is harmless, unless it becomes large enough to be a nuisance. As to your other question, a pessary often provides enough support for the bladder so that you remain comfortable without requiring surgery.

Never take a chance on diabetes! For better understanding of this disease, write to Dr. Molner in care of The Herald for a copy of the booklet, "Diabetes — The Sneaky Disease." Please enclose a long, self-addressed, stamped envelope and 25 cents in coin to cover cost of printing and handling.

Because of the tremendous volume of mail received daily, Dr. Molner regrets that he cannot answer individual letters, but whenever possible he uses readers' questions in his column.

Dear Abby

Of Babies And Cats

DEAR ABBY: The letter from "LOVES CATS" is so ridiculous that anyone who is THAT ignorant shouldn't be allowed to raise cats, let alone children.

Fifty years ago I heard that story about cats sucking the breath out of babies, but I didn't think it was still being circulated. Honestly, some people will believe anything! It is true, a cat will seek a warm place, so if a cat jumps up into a baby's carriage, or crib, and snuggles up close to the baby, it is only to keep warm.

Cats love children, and would never intentionally harm them, unless provoked.

I have been active in animal welfare work for many years, and although I have heard this old wives' tale many times, I have never known anyone who was actually a witness to such a thing. They always heard it from their grandmother's cousin's neighbor lady's housekeeper.

Sincerely,
"SKEPTICAL" IN BOSTON

DEAR ABBY: I wish you would have given that young woman signed "LOVES CATS" the peace of mind she sought, and told her to keep her lovely cats and not to worry about their harming her new baby.

I am the other of six, ranging in ages from 6 months to 15 years old, and we have never been without cats. Not only one cat, but many. I have had cats before any of my children were born, and I intend to have them long after the children are grown and gone.

Our cats have slept with the babies and have been marvelous pets to them. Not once did any of our cats ever as much as scratch a child. Our youngsters have learned cleanliness, kindness and responsibility from our cats. I do think you were wise to mention that all animals (like people) are unpredictable, so one should be careful not to expose a tiny infant to an animal larger than he is. But our experiences with cats have all been good.

ANOTHER CAT LOVER:
SAN DIEGO, CALIF.

DEAR ABBY: No one will ever tell me that the story of a cat's taking a baby's breath is an old wives' tale, because this is what happened to me:

We lived in a second-story apartment and a neighbor downstairs had a big 16-pound black cat. Our baby was about three months old at the time. My husband and I were in the kitchen, and the baby was in her buggy in the living room. I thought I heard some rather strange noises coming from the living room, so my husband and I went in to take a look. Well, it seems that cat got into our place somehow, and there he was with his mouth on the baby's, and his big black paws pawing away on her chest and throat. The baby was struggling to get her breath and her little face was beet red. My husband grabbed the cat and I grabbed the baby. I am sure if we hadn't gotten there in time, our baby would have been dead. This is a true story and you may use my name.

MRS. NELLIE M. BROWN
LANCASTER, OHIO

DEAR ABBY: I can tell you a personal incident that may help your readers decide whether cats really do harm babies or not. When I was a boy of about ten I can still remember seeing my baby sister, who was about three months old at the time, lying on the center of my mother's big bed. It was a hot summer day and my mother and I were out on the front porch.

My mother suddenly decided to go in and check on the baby, and I tagged along after her. There was our big old cat standing on my baby sister's chest with his mouth inside the baby's as far as he could get it in. My mother grabbed the cat by the back of its neck and threw it on the floor. Then she picked up the baby and breathed her own breath into the baby's mouth until she returned to normal. I shall never forget this. I saw it with my own eyes. Needless to say, my mother got rid of the cat and no one in our family has ever kept a cat around since.

Washington Highlights

WASHINGTON (AP) — Departing French Ambassador Herve Alphand says France and the United States differ on opinions — not principles. And members of the Senate differ on how to handle sugar quotas and aid to higher education.

ALPHAND: Herve Alphand quoted an American president to explain his view of U.S. French relations: "The differences we have are really differences of opinion and, as Jefferson said, differences of opinion are not differences in principles."

Alphand leaves this week after nine years as the French ambassador to the United States. Awaiting him at home is an assignment as secretary-general of the French Foreign Ministry, the highest post reserved for a career diplomat.

Alphand said a meeting between Presidents Johnson and De Gaulle would be useful "one day."

ADJOURNMENT: A weary Congress has its eye on adjournment this week.

As far as the House is concerned, the decks have been cleared. Its major remaining business revolves around conference committee compromises, none of them expected to be difficult.

It's a different story in the Senate, however, where two presidential nominations, sugar quotas, aid to higher education

Fair Crowns 'Cotton Queen'

DALLAS (AP)—Lana Jo Wallace of Kaufman was crowned the "1965 Texas Cotton Queen" Sunday at the State Fair of Texas.

The 18-year-old freshman at Tyler Junior College received a \$300 scholarship.

Runner-up was Mary Erwin, also 18, a freshman at East Texas State University, who won a \$200 scholarship.

Attendance at the fair Sunday was 265,612 to bring the total

Trial Reset In Attack-Murder

DALLAS (AP)—A state judge granted today a routine continuance in the scheduled trial of a 30-year-old Dallas hairdresser charged with the rape and murder of a Dallas high school girl.

Judge John Mead also appointed a new attorney for William Samples Marshall.

The new trial date is Nov. 13. A Dallas County grand jury indicted Marshall on counts of rape and murder soon after he was arrested nude in his car Oct. 7.

Ravished and then shot to death during a wild night of terror was 15-year-old Wanda Burgess. Her nude body was found in a ditch.

She and a companion, Judy

LBJ Voices Concern Over Viet Protests

WASHINGTON (AP) — President Johnson decried today weekend demonstrations opposing administration policy in Viet Nam.

The President made the comment in a staff meeting as he got up early on the tenth day of his hospital stay and swung into a round of conferences.

"FALSE PICTURE"

Johnson, according to press secretary Bill D. Moyer, expressed surprise that any citizen "would feel toward his country in a way not consistent with the national interest and giving our adversaries a false picture of what the people actually feel in this country."

Moyers disclosed Johnson talked by telephone during the weekend with Atty. Gen. Nicholas Katzenbach about a Justice Department investigation of the degree of Communist involvement in antiwar demonstrations.

The press secretary said Johnson was concerned that "even well-meaning demonstrators can become the victims of Communist exploitation."

Moyers said Johnson wants the inquiry concluded as quickly as possible.

RESTLESS NIGHT

The chief executive spent a restless night, Moyers reported. After a meeting with some of his special assistants, Moyers said, the President spent much of the morning writing.

Earlier another White House spokesman had said Johnson slept well.

Assistant press secretary Joseph Laitin, who reported this said the President breakfasted on melon balls and tea, then began conferring with staff aides.

Johnson got dressed Sunday for the first time since his gall bladder-kidney stone operation Oct. 8.

He attended devotional services in his hospital quarters, as he had the Sunday before.

TOOTH WORK

He skipped a follow-up session with Navy dentists because, said Asst. White House press secretary Joseph Laitin, "He didn't want to bother the doctors on Sunday." Johnson got his teeth cleaned and a filling replaced Saturday and probably will have another filling worked on today, Laitin said.

If the President follows what his doctors say is the average pattern after his discharge from the hospital, he faces at least another month's recuperation before he will feel in top shape. He may be heading home to Texas — or possibly to some other spot — before the week is out.

CAPITAL QUOTES

Secretary of Labor W. Willard Wirtz: "... Nearly 10,000 more people are going to work on payroll jobs each morning now, on the average, than left work the night before."

Tran Van Chong, former South Vietnamese ambassador to the United States: "The situation there would have collapsed had not the United States struck back at North Viet Nam."

RECOVERY PRAYERS

The President sat on a sofa with Mrs. Johnson and daughter Luci. His pastor at the National City Christian church, the Rev. George Davis, offered Communion, and prayers for Johnson's continued recovery, Laitin said.

This was in mid-afternoon of another quiet day.

"No work, no visitors and no telephone calls," Laitin reported. "Just taking it easy."

Antidraft Acts Rapped

WASHINGTON (AP) — Senators exploded in angry criticism today of antidraft demonstrations, saying they bordered on treason and undermined efforts to attain a negotiated peace in Asia.

Sen. Thomas H. Kuchel of California, the assistant Republican leader, told his colleagues that protesters who burn draft cards and fake illnesses to escape military service are "sowing the seeds of treason."

Senate Democratic Leader Mike Mansfield of Montana said he was "shocked" to see pictures of protesters putting a cigarette lighter to their draft cards. Both he and Kuchel applauded the FBI investigation of such actions, which led to the arrest today of a 22-year-old student in Hooksett, N.H.

EARLY ACTION

Burleson told Holland that he thought the Court of Criminal Appeals would be able to act on the habeas corpus appeal in Dallas.

Defense lawyer Phil Burleson argued that to hold the sanity hearing now could be detrimental to Ruby's position.

DEFENSE APPEAL

At issue now is whether the appeals court upholds an appeal from the defense that a writ of habeas corpus motion should have been granted in a proceeding last summer.

Ruby's attorneys argued then that his death sentence was void because Dist. Judge Joe B. Brown Sr., who presided over the murder trial, should have been disqualified.

Defense lawyers said that since Judge Brown was writing a book about the case some of his judgments may have been prejudicial to Ruby.

Old Friends
The Duke of Windsor, right, in shown as he was greeted recently by Christopher Dumphy, left, a long time personal friend from Palm Beach, Fla., as he arrived in Houston. The Duke received a routine medical checkup in Houston, and later flew to New York. (AP WIREPHOTO)

'Making Of President' Holds Promise On TV

By CYNTHIA LOWRY
AP TV - Radio Writer

NEW YORK (AP) — The past few months of network television have been so extraordinarily lacking in stimulating, provocative programs that the prospect of a painstaking, thoughtful documentary is like an invitation to a feast for a hungry man.

The promised banquet is "The Making of a President, 1964," from 9:30 to 11 p.m. EDT on CBS Tuesday.

It was produced by the same team of political writers Theodore H. White, director Mel Stuart and independent producer David Wolper who turned out the fine "Making of a President, 1960," that won an Emmy when broadcast on ABC.

BIG JOB

White, who worked simultaneously on his recently published book of the same name, has been thinking about the project ever since the previous presidential election. The physical job of obtaining film and assembling the program, however, was both enormous and expensive. Special crews were assigned to cover events that could be important — and often

Ruby Gets Delay In Sanity Hearing

DALLAS (AP) — State Dist. Judge Louis T. Holland granted today a defense motion for a postponement of a sanity hearing for Jack Ruby, killer of President Kennedy's assassin.

The decision means that the next legal step in the complicated case will be taken by the Texas Court of Criminal Appeals in Austin.

Defense lawyer Phil Burleson argued that to hold the sanity hearing now could be detrimental to Ruby's position.

Patrolman's Car Taken

WAXAHACHIE, Tex. (AP)—Police searched a wide area around this North Central Texas city today for a Negro who disappeared a state highway patrolman and took his car.

The undamaged patrol car was found in a cemetery in Ennis this morning.

Chief Deputy Sheriff Bill Price of Ellis County said this happened.

Patrolman Floyd South stopped a car containing three young men for a traffic violation six miles east of Waxahachie

Mass Killings Feared, Wild Moors Combed

MANCHESTER, England (AP) — Scores of police are searching the desolate Pennine moors today for the victims of a mass killer.

Detectives said they believe as many as eight and perhaps 11 missing persons, three of them children, lie buried in shallow graves on the wild moors along the border between Yorkshire and Lancashire.

During the weekend, after searching six days, they found the dismembered body of Lesley Ann Downey, 10, near a main road between Abston-under-Lyne and Huddersfield.

Lesley disappeared last Dec. 26 after visiting a Christmas fair near her Manchester home.

Eight days ago police were tipped that a Manchester man had boasted of killing children and carrying his victims to the moors by car. Police say they know the man and can bring him in as soon as they have built up their case.

Burglars Rob Drink Machine

W. R. Rogers, Ray's Laundry, 609 E. 2nd, reported \$3 in change taken from a soft drink machine late Sunday or early today, officers said. Two bottom panels of the laundry's north door on the west side were found open, officers said. The soft-drink machine had been forced open, and a flashlight taken from a desk drawer in the front of the store.

A radiator hose was taken from the display rack at the Truck Stop, US 87, Saturday, according to police. Store employees said two youths took the hose, and said they would identify the youngsters.

LEGAL NOTICE

The Commissioners Court of Big Spring County, Texas, will receive sealed bids on the 1st day of November, 1965, at 10:00 A.M. in the Commissioners Courtroom of the Courthouse in Big Spring, Texas, on one automobile for the Sheriff's Department.

The Court reserves the right to reject any or all bids.

Abducted Woman Slain By Kidnaper

CLEVELAND, Ohio (AP) — A woman was kidnaped and shot to death, her companion was robbed and a policeman was shot at in a one-hour, two-man crime spree in the neighboring suburbs of Valley View and Independence.

Mrs. James Kosciwicz, 46, struggled in the dark to keep from drowning while her kidnaper on shore reloaded his pistol early Sunday.

She came to the surface in 10 feet of dirty Ohio Canal water. The man fired six more times, killing her with a shot in the forehead.

"I felt the only chance we had was to jump into the canal," Harry E. Scott told police.

INTO CANAL

Scott, 38, said he had grabbed the woman in an attempt to es-

cape their abductor. They fled from her car, tumbled down an embankment and into the canal in Valley View. They went under water as the kidnaper fired six shots. Then he reloaded.

"I couldn't keep her under anymore," said Scott of Bath, Ohio, near Akron. "She pulled free just when he must have put another clip in the gun. He emptied his gun at us again and I felt her go limp."

Police are holding two Hollywood, Calif., men — Clyde W. Alameda, 30, and Vincent J. Podojil, 28. No charges have been filed.

The crime spree started outside an Independence night club where Mrs. Kosciwicz, of Valley View, sat talking to Scott in her car.

WALK UP

Scott told police: A man walked up and asked directions to Cleveland, then jumped into the back seat and ordered him to follow a car with California license plates. The man had a gun and took Scott's wallet.

Both cars stopped on a bridge over the Ohio Canal in Independence. The driver of the car with California plates — identified by police as Podojil — got out.

Independence patrolmen Pat Disenza and Edward Timinski drove by and asked if there was any trouble. Podojil said he was asking directions to Cleveland.

Scott, with a pistol at his back, agreed with the story. The police drove off, but

stopped about 50 yards down the road. Scott drove on by, but police came back to question Podojil again. They arrested him when he could show no identification.

Timinski took Podojil's auto and Disenza, with Podojil beside him, followed. Disenza said they had driven about a mile when Podojil pulled a gun and said he was "a three-time loser" and that he was going to kill him.

FIRES SHOT

He told Disenza to turn around. The officer turned into a driveway but first blinked his lights at Timinski. Podojil fired a shot past his face and said, "Don't get smart cop or the next one's through your head," Disenza said.

The officer turned around and stopped at an intersection. When Podojil turned to see if Timinski was following, Disenza grabbed the revolver. Timinski arrived and they took Podojil into custody.

CAR THEFT

Capt. Louis J. Narduzzi of the Independence police department said Podojil told him he and Alameda had stolen a car in California and had been in Akron three days.

Narduzzi said Podojil told them where Alameda was in Akron. Akron police Lt. Lou Legatts arrested Alameda while he slept with a .32-caliber pistol on his chest in an Akron motel.

GOREN ON BRIDGE

BY CHARLES H. GOREN
(to play by The Chess Wizard)
ANSWERS TO BRIDGE QUIZ
Q. 1—Neither vulnerable, as South you hold:
♠A J 9 6 ♣A Q 10 4 ♦Q J 10 5 ♠ 8

The bidding has proceeded:
East South West North
1 ♠ Dble. Pass 1 ♠
2 ♠ ?
What do you bid now?
A.—Two hearts. That's enough. This appears to be a strong hand, but you must not lose sight of the fact that you forced partner to bid and he may have nothing. A raise to three hearts would be improper because, as far as you know, it would not be safe. If partner has any definite values, he will bid again after your single raise. If he does, you may make a contract for game.

Q. 2—Both sides vulnerable, as South you hold:
♠A K 7 5 ♣8 3 ♦A Q 10 7 ♠ 8 4
The bidding has proceeded:
South West North East
1 ♠ Pass 2 ♠ Pass ?
What do you bid now?
A.—Two spades. Despite the fact that you may have more than a minimum, regardless of how enacted a hand be may hold.

Q. 3—As South vulnerable, you hold:
♠A K J 10 ♣A Q J 7 5 4 ♦2 ♠A 5
The bidding has proceeded:
West North East South
1 ♠ Pass Pass 2 ♠
3 ♠ Pass Pass ?
What do you bid?
A.—A mere bid of three hearts is the proper call. There is no need for any more violent action than this if you are to assume that your partner knows his way about town. Your cue bid of two clubs was an absolute demand for game, and partner is not permitted to pass at this point regardless of how enacted a hand be may hold.

Q. 4—As South vulnerable, you hold:
♠K 10 2 ♣K Q J 5 3 ♦K 8 ♠A 9 3
The bidding has proceeded:
North East South
1 ♠ Pass ?
What do you bid?
A.—Your hand is worth 17 points in support of partner's heart bid, which renders it too good for a three heart response, for which the limit is 16 points, but not quite good enough for a jump shift which requires 19 points. You must, therefore, be content temporarily to improve a bid, and the recom-

Parachutist's Jump Delayed

MINNEAPOLIS, Minn. (AP) — Weather forced a 24-hour delay in today's scheduled attempt of a parachutist to jump from a helium-filled balloon at an altitude of about 118,000 feet.

Backers of the project rescheduled the balloon launching of Nicholas J. Plantanida, 33, of Brick Town, N.J., for Tuesday morning. They said there was too much cloudiness and winds were adverse today.

Plantanida hopes to break the sound barrier in free fall before his parachute opens at an altitude of less than one mile. The project is intended to test needs for stabilizing devices in free fall and to study the effect of sonic speeds on the body.

Reds Said Involved In Protest Activity

By The Associated Press
Promoters of organized Viet Nam protests say they are pleased with the results of the weekend demonstrations, but leaders — in official and civic life — are questioning the motives of some of the marchers.

A survey shows the latter ask in effect: Are some just trying to get out of the draft? And if they are sincere, are they being led on by Communists and Communist sympathizers?

Frank Emspak, chairman of the National Coordinating Committee to End the War in Viet Nam, said Sunday in Madison, Wis., that more than 70,000 persons took part in Saturday's demonstrations in scores of cities.

MORE SCHEDULED
Emspak said he has started planning for another series of nationwide demonstrations on Nov. 6 or Nov. 13.

In Saigon, Spec. 4 Russell D. Miller of Manassas, Va., told newsmen: "I think the demonstrators are crazy."
"I don't think they know what they are talking about. I don't like it over here, but it's my duty as a soldier to be here."
U.S. Atty. Gen. Nicholas Katzenbach, in Chicago Sunday night, said the Justice Department has begun an investigation into the movement and has uncovered "some Communists and some persons very closely associated with Communists" working for the Students for a Democratic Society.

"REDS INVOLVED"
"Whenever you have a situation in which people are saying things similar to what is being said by Peking, you are likely to find some Communists involved in it," Katzenbach said, then added: "There are some Communists involved in it."
The SDS claims a membership of 300,000, mostly college students.

The demonstrations, in various cities from New Haven, Conn., to Hawaii, were noisy but for the most part orderly. Heckling by antidemonstrators from the sidelines contributed to the uproar.

In New York City, where more than 10,000 antiwar adherents marched down Fifth Avenue Saturday, there were several fist fights and the hurling of eggs and red paint, but police kept things from getting out of hand.

In Rochester, N.Y., the state commander of the Veterans of Foreign Wars threatened to make a citizen arrest of David Miller, 22, of Syracuse, N.Y., who publicly burned his draft card during a demonstration in New York.

Destruction of draft cards has been made a federal violation.

The VFW commander, Vincent J. DiMattina of Brooklyn, said if Miller was allowed to go free "we are allowing the seeds of dissension to be sown in the midst of Americans."

BURNS DRAFT CARD
Wisconsin Gov. Warren P. Knowles, commenting Sunday on the arrest Saturday of 11 demonstrators at the gates of Truxav Air Force Base, Madison, as they attempted a citizen arrest of the base commander, said the demonstrators "have done a great disservice to themselves, the University of Wisconsin and the state."
Authorities said Knowles

Prison Rodeo Draws Crowd

HUNTSVILLE, Tex. (AP) — An enthusiastic crowd of 25,000 at the third performance of the 34th annual Texas Prison Rodeo Sunday applauded bruising convict events and an appearance of singer Roger Miller.

Four rodeo contestants checked into the prison hospital for X-rays and several riders had to be carried out of the arena on stretchers.

Special guests at Sunday's performance included Col. Homer Garrison Jr., director of the Texas Department of Public Safety.

The rodeo's hard money event took the spotlight when 40 young inmates attempted to remove a \$50 sack and a \$25 sack from the horns of two wild Brahma bulls.

Mack Pope left the arena \$50 richer, and James Gibson came away with the \$25 prize.

Vatican Bishops Await Revision Of Documents

VATICAN CITY (AP) — The expected to be ready for promulgation at the same time.

The last two documents—on religious liberty and modern world problems—probably will be issued at a ceremony closing the council in December.

The council has scheduled another recess, from Oct. 30 to Nov. 8 for the benefit of the drafting commissions.

So many proposals have been made on so many issues since this final council session opened Sept. 14 that the 2,300 Roman Catholic bishops have nothing to debate until the drafting commissions can catch up with them.

RECESS ORDERED

Because of this, the council's first mid-session recess was ordered this week so the drafters can revise the council's remaining documents in line with the suggestions put forward during the past weeks of discussion in St. Peter's Basilica.

Four documents already voted this session will be promulgated by Pope Paul VI and the council together in a public ceremony Oct. 28. These are on pastoral duties of bishops, religious orders, seminaries, and Christian education.

The council's historic declaration to foster better relations with Moslems, Jews and other non-Christian religions won final acceptance on Friday. It is expected to be issued as Church policy binding on all the world's Roman Catholics at a second public session Nov. 18.

DOCUMENT READIED
