WOMAN BOBS UP IN HARDY CASE INQUIRY

**MADAM X' SOUGHT IN
INVESTIGATION, NOW
READY TO TALK**

(By Associated Press)

SACRAMENTO, April 12.—The mysterious "Madam X" in the Aimee McPherson abduction case declared today that the evangelist was operator Kenneth Ormiston, the companion of her radio on a romantic visit to Carmel, Cal., three years ago at the time Mrs. McPherson said she was in the hands of kidnapers in Mexico.

The witness, Mrs. Lorraine Wiseman-Slafield, who figured mysteriously as "Madam X" in the McPherson abduction inquiry appeared today at the senate chambers prepared to testify in the impeachment trial of Judge Carlos S. Hardy, of Los Angeles.

Mrs. Wiseman-Slafield came from Seattle in response to a summons from the assembly board of prosecutors in the Hardy hearing. She declared she intended to "tell everything."

The new "key" declared there was no doubt in her mind that Mrs. McPherson was in Carmel with Ormiston, during her disappearance. She said both the evangelist and her mother, Mrs. Minnie E. Kenney, had told her so.

As the time of the grand jury inquiry into Mrs. McPherson's kidnapping story Mrs. Wiseman-Slafield was named as the companion of Ormiston at Carmel. Her name later was cleared of any connection with the case.

Brady Man Is Hurt, Crushed By Tractor

BRADY, Texas, April 12 (AP).—George Caffett, 21, was injured fatally yesterday in the Pontotoc neighborhood, 20 miles southeast of Brady, when he was crushed beneath an overturned tractor.

Caffett was transporting a well filling machine with the tractor when he stalled in a ditch. In his effort to force the tractor out, it tipped up and fell back on him.

REBELS SPLIT IN SQUADRONS

**WILL WAGE GUERRILLA
WARFARE IN THE
MOUNTAINS**

(By Associated Press)

JUAREZ, Mexico, April 12 (AP).—Unsuccessful in their face to face meetings with better equipped federal forces in central Chihuahua, Mexican rebel soldiers today began guerrilla warfare in mountains in the western part of the state.

General Marcelino Caraveo, governor of Chihuahua and second in command, has broken up his army of two thousand men into five groups. Using Pearson, near Pulpito Pass in the rugged Sierra Madre region as a base, the rebels have begun a series of forays and minor assaults which they will continue as the federal advance.

Almazan in Chihuahua. General Juan A. Almazan, leading a major loyal army said to number about 7,000 men, still was in Chihuahua last night, although government sympathizers hoped railroads could be repaired in time for him to reach Juarez before Saturday night. When Almazan has reached Juarez and given his troops a rest, federal officers here say he will set out over another railroad line for western Chihuahua, hoping to overtake rebels and force his way through Pulpito Pass into Sonora, where the main body of the rebel army is located.

Meanwhile, reports received here said General J. G. Escobar, supreme commander of the insurgents, will mass his forces for another attack on Naco, Sonora.

Federals Harassed. General Caraveo was left near Pulpito Pass to harass the federal and delay their advance until the rebel objectives in northern Sonora.

THAT CIRCUS MAN—GEORGE CHRISTY

**A TALE OF SUCCESS UNDER THE BIG TOP AND
ALL ABOUT THE CIRCUS IN LUBBOCK TODAY**

From a two-car show which took the road 17 years ago to a 35 car wild animal circus—modern in every detail—is, in brief, the history of George Washington Christy, representative of the new era in showmanship, who early today led his Christy Brothers circus into Lubbock for two performances, this afternoon and night.

As usual, in every American city, the populace of Lubbock, especially the younger element, gave the circus a rousing welcome, watching the mysterious and ultra-efficient unloading and following the wagons to the show ground on East Broadway.

If early crowds which milled about the lot shortly after noon are to be taken as a criterion of the circus' patronage, Christy Brothers will play to a full tent tonight. Indications at 1:30 were that the show would draw one of the largest afternoon crowds in the city's history.

Although a street parade was planned and advertised the circus was late in arriving and that feature of the day had to be postponed.

But to get back to this modern lord of the tanbark, George Washington Christy, his is an unusual chapter in the history of showmanship.

He drifted into the circus field after already carving a niche for himself in showdom's hall of fame for it was this same namesake of our country's father who took the first moving picture through the west—carrying with him his own electric lighting and power equipment.

Show "A Texas Institution"
It was seventeen years ago when he took a two car show, including a few inexpensive animals, onto the road which leads to ruin or riches. It was that same year that the show became a "Texas Institution" for he immediately hit for the Lone Star state as his field and it has been his homeland ever since. As the show grew and the years rolled on George Washington Christy brought his outfit back to

Torch Murder Climaxed Romance Through Mail

**AGED ENGINEER TELLS
OF KILLING HIS
SECOND WIFE**

(By Associated Press)

ELIZABETH, N. J., April 12 (AP).—Henry Colin Campbell, 60-year-old civil engineer and bigamist, was in jail today as the confessed slayer of one of his wives whom he shot and set afire.

The arrest and confession, police said, cleared up the mystery of the killing of a middle-aged woman, whose body, with a bullet wound in the head, was found blazing by the roadside near Cranford, N. J., on the morning of February 23.

Campbell was arrested as he was about to enter the apartment where he lived with his first and legal wife and three children. He was taken into custody a few hours after the body of the victim had been identified as that of Mrs. Benjamin S. Mowry of Greenville, Pa., a nurse.

Romance By Mail
In his confession he said he became acquainted with Mrs. Mowry through a matrimonial agency in Detroit. He said he had been in financial difficulties and hoped to clear up his affairs by another marriage.

He said that after a brief correspondence they were married August 28, last.

The next day the woman deposited a check for \$1,000 to their joint account. He then returned to Westville, N. J., where he was then living and she returned to Greenville.

In February she came in search of him. He communicated with her at the Y. W. C. A. in New York, where she was staying and met her February 21 at Philadelphia. After stopping at Dover, Del., that night, they drove northward in his car. They arrived in Cranford about 4 a. m., February 23.

While they were driving along there was an argument because she wanted to go to the home he had promised to prepare for her.

Poured Gasoline On Body
Then he shot her while she dozed in the seat beside him. He stopped

CIRCUS HERE LATE, PARADE CANCELLED

Thousands of Lubbock folks and visitors who came to see the Christy Bros. Shows today, were disappointed that there was no parade as scheduled. All downtown streets were crowded with waiting thousands, from about 11 a. m. until nearly 1 p. m., but all in vain.

Naturally, as in any case of disappointment, Dame Rumor became quite active in propagating. The worst tale told was that the city wanted to "hold 'em up" by charging the unreasonable price of \$500 to the show before permission to make the parade would be given.

This was, of course, untrue. The city would not have charged them anything for making the parade.

Truth is the show jumped all the way from Roswell, N. M., to Lubbock, their trains not arriving here until 9:30 o'clock this morning. Added to this delay, there was the further obstacle of a necessity to unload the cars on the Santa Fe tracks near Avenue H, and make a circuitous route to the show grounds east of the city, occasioned by work on the Broadway underpass.

COUPLE FOUND MURDERED IN FRONT OF TEXAS RESIDENCE

Dam Breaks; Six Thought Drowned

WATERS RUSH OVER CREW OF MEN AT WORK

**PRESSURE OF RIVER ON
DAM IS BLAMED
FOR CAVE-IN**

(By Associated Press)

LANSING, Mich., April 12.—Six men were believed to have been killed in the collapse of a dam at a viaduct here today.

Eight men were working about 30 feet under the level of the river on footing of the viaduct. Without warning there was a crash, and the workers were buried under crashing timbers and water.

An emergency call was broadcast by police who rushed to the scene. Ambulances were soon on the spot. Two of the eight men were rescued, but the other six were believed to have perished.

Pressure of water on the dam caused the cave-in. The tremendous weight of the swollen river crashed in the sides of the dam with such force that one man was thrown entirely clear of the wreckage into the river. He was one of the two rescued.

LAST DAY FOR RESERVATIONS

**GOOD WILL EXCURSION
PLANS ARE BEING
COMPLETED**

Lubbockites wishing to go on the South Plains Good Will Excursion trip to Oklahoma City over the Quanah, Acme, and Pacific, which starts at Floradale, April 16, are requested to make reservations today with George P. Kuykendall, chairman of the committee in charge of the Lubbock delegation.

This is the last day that reservations can be made. A special pullman has been chartered for the excursion. The cost including pullman fare is \$16.50.

Leaving Floradale Tuesday night, the train will arrive in Oklahoma City at 7:30 o'clock the next morning, in time to arrive back in Floradale on the morning of the 18th. Only one business day will be missed.

The visitors will be guests of the Oklahoma City Chamber of Commerce while in the city. The Lubbock delegates will go from here in several automobiles which will be left in that city during the excursion.

HONOR LEGION CHIEF
PARIS, Texas, April 12 (AP).—Governor W. J. Holloway of Oklahoma, who is making a large delegation of Legionnaires from that state were expected to attend a banquet here tonight honoring Col. Paul V. McMurt of Indianapolis, national commander of the American Legion.

AIR OFFICIAL IN INSPECTION OF SITES HERE

**ADEQUATE FIELD SOON
TO BE NECESSARY
OF EVERY CITY**

"It is essential that every modern city have an airport," William F. Centner, airport specialist of the Department of Commerce of Washington, said here today.

"There is no doubt," he continued, "but that aviation will experience a tremendous development in all parts of the United States within the next few years, and every city that hopes to remain in the swim will be forced by competition to provide an up-to-date airport."

Mr. Centner arrived in Lubbock early today. This morning he made an inspection of a number of proposed airport sites. He was accompanied by City Commissioners J. H. Hankins, and A. V. Weaver, City Manager G. W. McCleary, George E. Benson, chairman of the airport committee of the Board of City Development, and the following members of the committee: J. D. Slaughter, Tom Duggan and John Dalrymple.

Following his inspection, Mr. Centner will make a report to the Department of Commerce, listing his recommendations. The department will in turn make a report to the local committee concerning the most suitable airport site. No recommendations will be announced while Mr. Centner is in the city.

MERRILL DAYS ARE NUMBERED

**Front Wall of Old Hotel
Is Torn Down Today**

The front wall of the old Merrill Hotel, historic Lubbock landmark, corner of Texas Avenue and Main, was pulled down at noon today.

All of the walls of the old building will be torn down by tomorrow night, according to J. Gimarc, general superintendent of construction for the new Hilton Hotel which is to be constructed on this site.

Mr. Gimarc states that a permit for the new hotelery probably will be taken out early next week as soon as it is definitely determined the number of stories the building will contain. Previous plans called for twelve stories, but rumors have it that fourteen and possibly sixteen are being contemplated.

HUNTSVILLE, Texas, April 12 (AP).—Wade Wellborn, negro, paid with his life in the electric chair at the state penitentiary here early today for the slaying of his wife at Mount Pleasant in February of last year.

Wellborn went to his death without emotion. As the time approached for him to make the few steps to the execution room, he fell to his knees in his cell and prayed. Then he walked to the electric chair, seated himself in it and watched attendants adjust the electrodes.

Just as the current was about to be turned on, Marshall Ratliff, the condemned Santa Claus bandit, who is to be executed for his part in a bank robbery at Cisco, started his portable phonograph, from which the strains of "When the Roll Is Called Up Yonder" were plainly heard in the execution chamber.

The man went to his death holding a red rose in his hand.

Another Condemned Man
Plays Phonograph

WOMAN SHOT SPOUSE, THEN SELF, BELIEF

**HAD BEEN MARRIED FOR
35 YEARS; WIFE
WAS DERANGED**

(By Associated Press)

FORT WORTH, April 12.—Mrs. M. F. Hendricks shot and killed her husband and then killed herself today at their farm at Reno, three miles northwest of Azle, according to an inquest verdict by Justice of the Peace I. O. Fain, of Springtown.

They were about 58 years old and had been married for 35 years.

In a telephone conversation with the Star-Telegram, Justice Fain said Doctor S. I. Sturgis, Springtown, testified that Mrs. Hendricks was mentally deranged. Dr. Sturgis testified he examined Mrs. Hendricks Thursday but her condition did not indicate she was dangerous.

Justice Fain said neighbors of the Hendricks noticed the latter's dog coming to their houses this morning and acting strangely.

Both bodies were found in the yard of the Hendricks' home. The top of Hendricks' head had been

BANDIT USES NITRO THREAT

**GIRL ROBS BANK BY
THREATENING TO
SET OFF BOMB**

(By Associated Press)

DENVER, April 12.—An attractive brunette, who police say may have been a man dressed in woman's clothes, was sought today as the bandit who obtained \$5,000 in a single handed holdup of the Colorado State Bank here by threatening to blow up the teller's cage with nitroglycerine.

In the course of yesterday afternoon's business, C. E. Kenney, a teller, noticed a young and pretty woman approach his counter, apparently to cash a check. Instead, she handed him a note, which said, "Give me all the bills you have in the cage or I will touch off this bottle of nitroglycerine, and blow you through the window."

Kenney hesitated. The customer looked suggestively at her brown paper parcel, with a fuse protruding from one end and at a match, which she began tracing lightly on the counter. Kenney hastily scooped up a bundle of bills and pushed them through the window.

After warning the teller not to say anything "Until I get outside," the robber walked from the bank.

Brother Hits Sister
With Ax, Suicide

NEW YORK, April 12 (AP).—Disfranchised by poverty and failing health, police were informed, Frederick Robinson, 52, struck his 51-year-old sister, Mrs. Emily Lowe, on the head with an axe today and then tried to hack his own head off in their Brooklyn home.

A neighbor who broke down the door at first thought Mrs. Lowe dead, but it later developed she was still living though in a critical condition. Brother and sister were taken to a hospital with fractured skulls.

Inquire Into Osage
Methods Of Leasing

PAWBUKA, Okla., April 12 (AP).—An inquiry into methods of leasing Osage Indian lands for oil and gas was in progress here today. H. H. Fliske, inspector assigned to the task by Dr. R. L. Wilbur, secretary of the interior, said the leasing situation was to be looked into thoroughly.

Submit Your Suggestions For This Page

ZWIEBACK PIE
From Juanita Price, P. O. Box 38.
One-half cup of butter, 1-3 cup of sugar, 1 cup of ground zwieback, 1 teaspoon of cinnamon.

Cream butter and sugar, add zwieback and cinnamon; line pie pan with mixture. This will be crumbly but will set when heated. Cook slowly for ten minutes in oven.

AUTOMOBILE SANDWICH
From Mrs. C. E. Miller, 2804 Twentieth street.

Chop two pounds of cold boiled ham in food chopper, add 1-2 pound of walnut or pecan meats and four small pickles. Mix with a little French mustard and place between slices of buttered bread.

OATMEAL COOKIES

From Mrs. A. A. Buckner, 708 Avenue M.

One and one-fourth cups of sugar, one cup of butter, 3 cups of rolled oats, 2 eggs, 1 teaspoon of powdered cinnamon, 1-2 cup of your milk; one teaspoon of powdered ginger, one cup stone chopped dates or raisins, one teaspoon baking

soda, two cups flour, one teaspoon salt.
Cream fat and sugar, add well-beaten eggs, rolled oats, raisins or dates, nuts, salt, spices, soda dissolved in milk and flour. Mix and drop from spoon in greased baking tin. Bake in moderate oven. Sufficient for forty-five cookies.

West Texans Buy Paris Newspaper

PARIS, Texas, April 12 (P)—Extensive improvements will be installed at once by new owners of the Paris Morning News.

Acquisition of the newspaper by A. C. (Pat) Mayse of Sherman, Houston Harle of San Angelo and Bernard Hanks of Abilene was announced last night. Mr. Mayse was elected president and general manager of the publishing company. He has for the last four years been general manager of the Sherman Democrat.

Under the new ownership the News becomes affiliated with the San Angelo Standard-Times, Sweetwater Reporter, Big Spring Herald, Abilene Reporter-News, Corpus Christi Times and Harlingen Star.

Paving Is Ordered For More Of Ave K

Paving on Avenue K from 13th street to 16th street yesterday was ordered by the Lubbock city commission in regular session at the courthouse. No other business of outstanding public interest was transacted.

LEVIATHAN NO LONGER IS BONE-DRY

QUEEN OF OCEAN BECOMES 'REGULAR SHIP' AS CONTROL GOES INTO PRIVATE HANDS

(By Associated Press)
NEW YORK, April 12—The Leviathan, queen of the American merchant marine and for six years a prohibition ship, was enroute to Europe today with liquor for sale.

The liner was making her maiden voyage under private American ownership as the flagship of the newly organized United States Lines, Inc., and the medical liquor stores were available for beverage purposes. On the return trip a less limited supply than that contained in the medical stores will be for sale.

Joseph E. Sheedy, executive vice president of the line, said there would be no public bar in the ship, but liquors and wines would be served to passengers in their cabins and in the dining rooms and smoking rooms. Drinks will be served at meals.

The same policy, Sheedy said, would be put into effect aboard the other ten ships which Paul W. Chapman recently purchased from the United States shipping board and which will make up the United States Lines fleet.

Are Meeting Competition
Sheedy said the company sought

no direct financial gain from the sale of liquor, but deemed it necessary to offer it for sale to put the American owned vessels on an equal footing with foreign trans-Atlantic liners.

Under the laws ships are permitted to carry one quart of liquor for each five passengers and members of the crew for medical purposes. This would give the Leviathan an allowance of 500 quarts on this voyage to Europe.

For the westward trip the officers were instructed to take aboard a supply of liquor sufficient to last to the twelve mile limit. There all over the medical allowance would be thrown overboard.

The Leviathan and other shipping board vessels were made dry in 1923 on the theory that liquor should not be sold on government owned ships.

All other American lines whose vessels touch foreign ports, except in the Dollar line, sell liquor.

Dr. Charles A. Beard says we spend more than \$21,000,000,000 a year on all forms of diversion. Wonder if that figure includes the forests burned by picnickers?

Federals See Two Weeks Of Revolt

MEXICO CITY, April 12 (P)—Government circles last night predicted that within two weeks the military revolution would be quashed. They based this prophecy on the manner in which the plans of General P. Elias Calles are working out. The state of Chihuahua rapidly was being abandoned by insurgents today while on the west coast rebel forces were nearing the border of Sonora in their retirement northward. Hence the military problem has been reduced practically to the state of Sonora and strong federal armies are drawing in on it from two sides.

Police Commissioner Russell of Chicago advises people to avoid walking in dark streets by night. But we thought all the robbers in Chicago slept nights after such busy days.

WITNESS SAYS AIMEE M'PHERSON WAS WITH ORMISTON INSTEAD OF KIDNAPER

(By Associated Press)
SACRAMENTO, Cal., April 12—Testimony that Aimee Temple McPherson, the evangelist, was on a trip with her radio operator Kenneth Ormiston, at the time she claimed she was in the hands of abductors in Mexico today drew attention of the California senate trying Superior Judge Carlos S. Hardy of Los Angeles in impeachment proceedings, charging misdemeanors in office.

One of the accusations that brought about the impeachment trial of Judge Hardy was that he advised and aided Mrs. McPherson at the time her "kidnaping" story was being investigated by a grand jury. The witness, a Los Angeles re-

porter, stated that Judge Hardy had visited him after May 29, at Santa Barbara, and warned him of the seriousness of making identifications and the danger of being mistaken.

The jurist, Moore declared, told him that he could be sued if the falsely identified Mrs. McPherson as the occupant of Ormiston's automobile. Counsel for Hardy undertook to impeach the witness, producing records of his testimony in Los Angeles municipal court during the hearing of the evangelist's conspiracy case. Here the newspaperman allegedly had told his city editor he did not believe the woman he saw in Ormiston's car was Mrs. McPherson. Moore maintained that his pres-

ent testimony was his "best recollection."

New Aramaments Scrap Is Started

GENEVA, April 12 (P)—Two announcements today warned Geneva that a new battle to cut the armaments of the world was about to open here.

One was that an important delegation of the international Socialist party will arrive Monday to present a manifesto to the press urging world disarmament. The other was that the Soviet delegation has engaged an entire floor of a hotel near the conference meeting place.

MINE EXPLODES
TOKYO, Japan, April 12 (P)—A mine exploded aboard a Japanese mine layer at the naval base at Yokosuka today during practice and killed several naval students. Thirty were injured.

Behind the Walls of the ALAMO

CORN WAS MORE PRECIOUS THAN GUN POWDER

Remember the Alamo! . . . Remember Crockett, Travis, Bowie, its deathless defenders! Remember how Travis wrote in his appeal for aid, "The Lord is on our side! When the enemy appeared in sight we had not three bushels of corn. We have since found in deserted houses ninety bushels . . .!" Fighters, those men! Fighters of desperate courage; fighters who declared, "We shall never surrender or retreat." Fighters who lived on corn and fought with guns! Has the world ever seen such a glorious, yet hopeless defense; such refusal to admit the inevitable, even to the end? Thermopylae had her message of death—the Alamo had none! Americans, your history is rife with such heroism . . . it is written in the blood of fighters like these. And

the same sentences that tell of desperate courage, invariably mention Corn. . . . Corn and gunpowder . . . the stuff that history is made of. The builders of America lived on Corn. Corn has always been the Food of Fighters! In this pampered modern age, Corn remains a necessary part of our diet. In Kellogg's CORN Flakes, corn reaches its highest point in tastiness, nourishment and immediate energy. It's corn—steam-cooked—flaked, toasted corn!

After every meal in agony when this stomach, it was of breath, had heard from the liver which caused sides and back you the truth whether I live I didn't get a much longer

STORM DEATH TOLL FIFTY

THREE GROUP BURIAL CEREMONIES TO BE STAGED TODAY

(By Associated Press)

LITTLE ROCK, Ark., April 12.—Three group funerals of victims of the Tornado which Wednesday swept sections of North Arkansas taking a toll of life which stood at 50 today, were to be held this afternoon at Clinton and Swift, two villages which bore the brunt of the storm.

Two small rural cemeteries near Swift each are to receive the bodies of 11 victims, while at Guion, Ark., of those who lost their lives in the storm which razed the entire town, are to be buried.

Meanwhile, rehabilitation was going forward under direction of Red Cross workers, and Major C. R. Marham and Captain Lee V. Casey, the adjutant general's staff, dispatched to the area by Governor Barnell.

Those who were not injured searched among the ruins of their homes. Little will be salvaged from the wreckage, observers said, so complete was the damage. What was not destroyed or damaged by the wind was water soaked from rain.

REBELLION

(Continued from Page One)

have been reached. Then, according to General Francisco Lopez, who arrived here from Agua Prieta, Sonora, Caraveo will move his soldiers into Sonora and the United States army will attempt to drive down the western coast of Mexico, via Mazatlan, to Mexico City.

What movement General Almazan would take to halt the rebels could not be learned here. The only route, other than pursuit through Chihuahua, would be west from Mazatlan, to Sonora, and across Sonora on foot to the Sinaloa-Sonora state line. It was believed Almazan would rather follow the rebels and attack them from the north than attempt to meet them in the south.

ARTILLERY SENT TO NACO, ARIZONA

NACO, Ariz., April 12 (AP).—American artillery was on its way to Naco today to defend the American border against the menace of Mexican rebel field pieces trained upon the loyal garrison of Naco, Sonora.

Reports that American soil might be subjected to Mexican rebel fire were heard today at artillery camps on the rebel stronghold at Nogales, Sonora, that revolutionary forces possibly would attack Naco, Sonora, today.

The affairs of the revolution were believed to be approaching a crisis.

Never Expected to See Well Day Again

Orgatone Has Filled Me With New Life and Energy, Suffered 13 Years, Says Lubbock Farmer.

"A year ago I didn't think that I would be a well man again, but Orgatone has put new life in me and I feel so good I'd like to give this statement for my gratification," was the statement made by C. L. Carr, of rural route 3, Lubbock, Texas, while talking with the Orgatone representative recently.

"I suffered for thirteen years," he went on, "with a very severe case of stomach trouble. In spite of everything I did, I kept getting worse. Gas would form in my stomach and cause severe headaches and sharp shooting pains through my back that would almost drive me distracted. At times I was extremely nervous and hard to get enough sleep."

"After every meal, I would just be in agony for hours afterward, when this gas formed on my stomach, it would cause shortness of breath and my heart would palpitate very fast, until I thought I had heart trouble. I suffered from liver and kidney trouble, which caused intense pain in my sides and back. At times, to tell you the truth, I did not care whether I lived or not, my suffering was so severe, and I knew I didn't get something I wouldn't live much longer."

"A friend recommended Orgatone to me, and since taking it, I feel like a new person. It has done me a wonderful amount of good. My nerves are perfectly steady like when I was a boy, and I am feeling more like my old self again. I feel lively and energetic and want to be stirring about and doing things. I eat anything I want, and sleep fine every night. All of my old troubles are gone. Orgatone has certainly saved me a lot of trouble, and it has done more and I gladly recommend it to every chance I get."

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific treatment containing no alcohol or other harmful ingredients, and is sold in Lubbock, exclusively by the Bowers Store, under the personal direction of a special Orgatone representative. Out of town customers being supplied by mail upon receipt of price \$1.25 per one bottle or \$6.25 for six bottles.—Adv.

SCENES UNDER THE BIG TOP AT THE CHRISTY CIRCUS

Colorful scenes of the circus lots are appealing to young and old throughout the year. Above are a few snaps from the Christy circus, which is showing twice here today.

AIR INSPECTOR

(Continued from Page One)

in Sonora. A war council was held at Cananea south of here by General J. Gonzalo Escobar, revolutionary commander-in-chief, and five of his aides.

From Agua Prieta, Sonora, east of here, came a report that a Mexican federal troop train was enroute from El Paso, Texas, to Naco, to reinforce the loyal garrison of 1,000 men.

With the focusing of military forces on this spot Naco looked for one of two things, either a major battle for the possession of the Mexican garrison or the withdrawal of the rebel forces to Guaymas, Sonora, to meet the federal army forces way up the west coast.

Two more carloads of barbed wire crossed from the United States into Naco, Sonora, to extend and improve the wire entanglements in front of the federal trenches. The trenches themselves have been timbered to better withstand possible shelling by rebel artillery.

TROOPS ARE SENT TO HACHITA, N. M.

EL PASO, Texas, April 12 (AP).—Approximately 500 soldiers from Fort Bliss here were on the march to Hachita, N. M., today to protect American lives and property on the Arizona-Mexico border in the event of battle in the American revolution.

The troops, who departed yesterday, included two battalions of field artillery and the remainder of the seventh cavalry. A detachment of cavalrymen dispatched to Hachita several days, belong to that unit.

Brigadier General George Van Horn Moseley, commandant at Fort Bliss, said it would take about six days to complete the march. He said the assignment of the soldiers to Hachita was in the nature of a practice march.

MACHINE GUNS ARE SENT TO MARFA

SAN ANTONIO, April 12 (AP).—It was announced at eighth corps area headquarters here today that one platoon from the first cavalry with two machine guns had been ordered to proceed from Camp Marfa to St. Helena, Texas.

No explanation of the movement was made, but it is understood here that activities of bandits along that section of the international border have alarmed residents on the American side of the line.

St. Helena is in the Big Bend country.

FLIERS FOUND

(Continued from Page 1)

inhospitable to white men. These things had led many to believe they would never be found alive.

NOW THEY MUST FIND RESCUE AVIATORS

MELBOURNE, Victoria, April 12 (AP).—Two royal air force planes left here today to search for Lieutenant Keith Anderson and Robert Hitchcock, lost in an attempt to find the Southern Cross fliers.

The Anderson-Hitchcock plane has not been reported since it left Newcastle waters.

STEAMER LEAVES TO PICK UP FLIERS

BROOME, Western Australia, April 12 (AP).—A steamer will leave here this afternoon for the mouth of the Glenelg river to pick up the stranded Southern Cross fliers, sighted there by the airplane Canberra today. It is about 250 miles distant by sea.

AIR INSPECTOR

(Continued from Page One)

week from cities wishing an inspection of proposed airport sites, he stated. "And the requests are for cities that are planning to take action toward the establishment of a port, proving that there is a fast growing interest in aviation."

"Within a few years airplanes will be doing everything that can now be done by trains and automobiles. The movement for airports is paralleling the good-road campaigns. With well-equipped airports, insuring safety and convenience, many will turn to aviation, just as many turned to the automobile with the construction of good roads. An airport is more than a mere landing field, and its importance will continue to increase."

Mr. Centner's work of inspecting airports carries him to all parts of the United States. At 2 o'clock this afternoon he met with the airport committee and a number of local interested citizens at the city hall. He will be in the city only today.

Airports Are Essential

"The first step in the development of aviation," Mr. Centner continued, "is the development of airports. Without airports there can be no flying. It will be a question of only a short time until every modern city will be forced to build an airport."

Mr. Centner pointed out that from the standpoint of advertising alone an airport would pay for the investment made in it. The Lubbock city commission has called an \$75,000 airport bond election for April 23. No definite decision has been made on a site and the selection will be left entirely to the commission. The airport committee of the Lubbock Chamber of Commerce has obtained an option on a section of land north of the city and recommends that it be purchased for the airport. The commission has taken no definite action, however.

TORCH MURDER

(Continued from Page One)

the car and dragged the body to the roadside. He took a can of gasoline from the car, doused its contents over the clothing and set fire to it.

The body was discovered by John Doyle, driver of a baker wagon. Identification was accomplished through tracing the shoes back to the manufacturer in St. Louis, thence to Greenville, Pa., where detectives learned Mrs. Mowry had lived before she left to marry a "Doctor Campbell."

Several features of the slaying of Mrs. Mowry are similar to those of the killing of Margaret Brown, New York governess, found dying with her clothing afire behind a refreshment stand near Bernardsville, N. J., a year ago.

Miss Brown had drawn her life savings from a bank and gone away saying she was to marry a "Doctor." Her slayer was never apprehended although some bonds identified as having belonged to her were sent to authorities with a note in which the writer said he was the slayer.

CREDIT MEN MEET

WICHITA FALLS, April 12 (AP).—Delegates from all parts of Texas attended the annual convention of the Texas Conference of the National Association of Credit Men, and the tenth conference of the Wholesale Credit Men's Association of Texas here today.

BRECKENRIDGE CHOSEN

STEPHENVILLE, Texas, April 12 (AP).—Breckenridge was the meeting place of the 1929 convention of the first district Texas Congress of Mothers and Parent-Teachers Association, according to Mrs. George W. Henderson, district president.

CHRISTY BROTHERS CIRCUS, WITH ALL KINDS OF FEATURES, IS HERE TODAY

(Continued from Page One)

Texas every winter and started from Texas every spring, wintering first in Galveston, later in Beaumont until now, in South Houston one of the most modern circus winter quarters in the country flaunts the banner of the House of Christy.

Four mammoth buildings, a repair shop, paved and lighted streets feature the Houston winter home of the Christy shows and at the entrance a replica of Paris' famous, "Arc de Triomphe" bids the visitor welcome. The history, of George Christy, Pennsylvanian by birth and Texan by adoption, is a brilliant and interesting one.

Many Features Seen. An inspection of the Christy show this morning brought out numerous features. Fletcher Smith, from far-off Massachusetts, director of public relations, can point them out in legation. To a representative of the Journal, however, the following hastily sketched during the tour, loom as the most important facts about the circus.

There are 714 persons with the show, including 115 performers, 80 of whom are girls. Girls, by the way, are important factors in the Christy organization for they work the elephants, the ponies, the dogs and the horses as well as take numerous other parts in acrobatics, trapeze and other stunts. Like all other circuses, the Christy outfit is operated on a complete unit—no aid from the outside in eating or sleeping or living being called upon.

Eleven Elephants. There are eleven elephants in the herd, including five baby pachyderms; 250 horses of which 80 are imported; 40 ponies; 40 lions, leopards, hyenas, ostriches, camels and every other type of bird and beast which make up all the shows' from Ringling's down to Mollie Bailey's.

If there is such a profession as animal nursing then the Christy show had better secure several representatives for in its "babies" it has an interesting presentation. There are baby monkeys, baby ponies, baby elephants, baby ostriches, baby hyenas and even a baby camel on the lot. If his stock keeps reproducing in the years to come as it has in recent times George Christy will soon have animals to sell to other circus men.

Three Acts Feature. The Christy shows are featuring, in the main, three acts in addition to the opening extravaganza, "Out of Noah's Ark." They are Li Hio Ching and his five Chinese acrobats, who swing by their quies and cut similar dices; the Brock family, three strong, who are horizontal bar performers; and the seven members of the Knight family whose youngest is four-year old Paul. This youthful prince of the circus world, has a tutor traveling with him and he is given his kindergarten training when not turning triple-somersaults under the big top.

Professor Joe Stokes, grizzled veteran of the arena, twice daily chaperones lions and leopards as they begrudgingly do their tricks and Miss Edna Brock, revolving trapeze artist, is another of the show's headliners.

The evening performance is scheduled for 8 o'clock and after the final act the circus will load up and pull out for Plainview where it is booked to show tomorrow.

TICK ERADICATION DRIVE. SAN MARCOS, April 12 (AP).—A systematic tick eradication campaign in Hays county has been inaugurated by Bob Taylor, supervisor. Assisting Taylor are two agents from the United States Bureau of Animal Husbandry and a like number from the state livestock sanitary department.

DALLAS, April 12 (AP).—The Robinson-Wells outfit to the discovery well in section 10, Block 4, H. & T. C. Railway Survey, Wilbarger county, has been completed, the production being estimated at 250 barrels daily. The well was drilled to a depth of 1,980 feet.

New production in West Texas showed a material increase last week with 17 completions rated good for 56,687 barrels daily in five counties, compared with five new wells with the estimated production of 6,923 barrels the previous week. Only three tests were abandoned in Pecos county, with three completions good for 42,105 barrels, led in the production.

OKLAHOMA CITY, April 12 (AP).—Mid-Kansas Oil and Gas company tester said water in its number 2 Fortson, in NW 24-11-1-3 W. after bailing down water about 2,000 feet, when the concrete plug was drilled today. The well will be drilled deeper.

Itio-Foster No. 1 Fortson, in SE-SE NE 24-11-3 W., Oklahoma City field, was expected to resume drilling today. The gas in the well has increased to nearly 30,000,000 feet.

Tex Guinan Freed; Miss Morgan Tried

NEW YORK, April 12 (AP).—Helen Morgan, singer of plaintive melodies and the only woman ever to threaten the laupels of Texas Guinan as the most popular night club hostess on Broadway, will on Monday stand trial on the same charge of which Texas was acquitted.

Miss Morgan, musical comedy actress, is charged with maintaining a nuisance through sale of liquor at the Helen Morgan club at which she was hostess. She quit the night club business after her arrest last fall.

Texas was acquitted yesterday in 64 minutes by a jury of middle-aged men who took but two ballots. None had ever been to a night club. The verdict was greeted with cries of "whoops" by the spectators, and Texas lavishly distributed kisses among the spectators and juryman.

BRECKENRIDGE CHOSEN. STEPHENVILLE, Texas, April 12 (AP).—Breckenridge was the meeting place of the 1929 convention of the first district Texas Congress of Mothers and Parent-Teachers Association, according to Mrs. George W. Henderson, district president.

BUILDING CODE ADOPTED HERE

FIRST READING OF NEW ORDINANCE MADE BY CITY COMMISSION

this ordinance and declaring an emergency.

An oyster can lay 60,000,000 eggs.

The first reading of a building code for the city of Lubbock, listing the requirements and specifications of all types of building construction, was passed by the Lubbock City Commission in regular session yesterday afternoon. The code will not become effective until after a second reading is passed.

The code is similar to the one now in effect in Amarillo, the requirements of which are included in a 200-page volume.

The purpose of the code, as described by the ordinance, is as follows: "An ordinance of the city of Lubbock creating the building department of the city of Lubbock and adopting and establishing a building code for the city of Lubbock and providing for building inspectors; providing for permits in connection with the buildings to be erected in the city and prescribing rules and regulations for the procuring of building permits in the city; prescribing rules and regulations for the moving of houses regulating and prescribing requisites for the erection of signs and billboards; providing for fees for inspections and permits; repealing all ordinances in conflict herewith; providing for penalties for a violation of

URORE OVER LIQUOR SALE

RIGHT OF SHIPS TO DISPENSE BOOZE TO GET TEST

(By Associated Press)
WASHINGTON, April 12.—The question of the right of American vessels to serve liquor as a beverage at sea is regarded by officials and observers here as almost certain to be brought vigorously to the attention of the new congress when it meets in special session next week. The promptness with which wet and dry organizations and spokesmen for the prohibitionist viewpoint expressed themselves on the decision of the Leviathan's new owner to abandon the dry policy, which governed the liner under the shipping board made such an outcome a foregone conclusion. Prohibition enforcement authorities meanwhile, have shown considerable interest in the statement of the public relations department of the United States Lines, which operates the liner, that it would be able to assume that while the ship would be dry on its present east-bound voyage and wet only on the return trip, liquor would be served during both ways hereafter. The ship, they said, can possess liquor legally within the American three-mile limit only as medicinal stock under a federal permit. Such liquor can be sold, they held, only to prescriptions issued by physicians. That applies, it was declared, whether the liquor is issued on the outgoing or homeward voyage or in a foreign port.

Puzzling Questions To Confront Dawes

WASHINGTON, April 12 (AP)—On his arrival in London as personal representative of President Hoover at the Court of St. James, Charles G. Dawes will find before him one major and several minor questions affecting British-American relations. The major one is that of further limitation of naval armaments, including cruisers and other auxiliary floating craft, to round out the agreement affecting battleships and airplane carriers reached at the Washington arms conference in 1921.

Stomach Disorders First Revealed by Coated Tongue

Your tongue is nothing more than the upper end of your stomach and intestines. It is the first thing your doctor looks at. It tells at a glance the condition of your digestive system—and physicians say that 90% of all sickness starts with stomach and bowel trouble.

A coated tongue is a danger signal of those digestive disorders which lead to so many kinds of chronic illness. It tells why the least exertion tires you out; why you have pains in the bowels, gas, sour stomach, dizzy spells.

Coating on the tongue is a sign that you need Tanlac—the medicine which has helped thousands who were physical wrecks from stomach and bowel troubles—who were "tired everything" in vain and about given up hope.

Tanlac contains no mineral drugs; it is made of herbs, barks and roots. Get a bottle from your druggist today. Your money back if it doesn't help you.

"RIDE HIM, COWBOY! RIDE HIM!"

Of course she'll ride him! Miss Lola O'Wetney one of the young stars of the circus is shown up on 'Sweetheart', one of the fine horses of the Christy circus. The Christy shows will be presented here twice tomorrow—afternoon and night. A street parade will be held just before noon.

TERRY PLANNING ON FARM CENSUS

BROWNFIELD, April 12.—The Chamber of Commerce, co-operating with the Tudor Sales company, Ford dealers, has placed two men in the field for the purpose of taking a complete agricultural census of the county and it is expected that at least two months will be required to complete the work. Every farm activity is to be covered, including the number of acres and kind of crops planted in 1928 and estimated acreage and crops for this year. The number of dairy cows, hogs, chickens and turkeys will be secured together with revenue derived from them last year. The number in each family, with postoffice and box number will be had and, in fact, an effort is being made to include everything that would be of general interest and value to the county as a whole. After the far census is completed, a census will be made of the city of Brownfield.

Texas University Budget Deferred

AUSTIN, April 12 (AP)—Consideration of the University of Texas budget for 1930-31 by the house appropriations committee was deferred today until next week. John P. Wallace, committee chairman, said. Postponement was caused by absence of committee members. The university has requested \$6,230,092 for the next biennium, but the amount has been trimmed by the board of control to \$4,036,980. The sum spent by the university during the biennium ending August 31, 1928, has been placed at \$4,206,533 by President H. Y. Benedict. With the exception of Texas University, appropriation requests from other state schools have been heard.

Headless' Body Is Found To Be A Doll

KNADENHUTTEN, Ohio, April 12 (AP)—A report that a headless body of a 4 year old boy was found in the Tuscarawas river here today was proved false when upon investigation, Corporal J. F. Lewis and Sheriff Harry C. Smith, they found it to be only a baby doll. Officials at first believed it might be the body of Melvin Horst, 4, missing from his home in Orrville since last December.

More than 6,000 miles of pipe are needed to distribute London's water supply.

MARION TALLEY QUILTS OPEN

YOUTHFUL STAR WILL LIVE ON FARM IN MID-WEST

(By Associated Press)
NEW YORK, April 12.—Marion Talley, youthful Metropolitan Opera star, whose phenomenal career brought her a fortune in three years has decided to retire to a farm. Estimates are that her golden voice has made \$500,000.

Since she is only 23 and presumably in years to come would earn hundreds of thousands more, she has amazed her concert manager and friends with the statement: "I have made up my mind to retire from the professional stage. By this I mean all operatic appearances as well. My retirement will be permanent."

"I am going west with my family. The farm might be in California and it might be in Colorado, but I am going to be just like all other farmers."

Her last appearance will be at Cleveland, where she will sing in "Lucia" on May 4. Her engagement with the Metropolitan expires with that appearance.

The New York World said today in regard to Miss Talley:

"Numerous rumors became current as to possible causes of her decision. One report had it she was to appear in the talks. Another was that the singer, despite the continued enthusiasm of her public, was herself dissatisfied with the progress she had made in her singing—an explanation that would conform with opinions of her voice often expressed by some of the critics, who asserted it was cold and inflexible."

County Had Large Balance On April 1

Lubbock county had a cash balance in the treasury of \$216,236.98 on April 1, the first quarterly financial report of County Auditor J. Y. Boyd reveals.

The depository balance is \$218,725.97, the difference being due to unpaid warrants.

On January 1 the county's balance was \$51,226.20, total receipts of \$229,520.82 coming in for a grand total of \$280,747.02. Warrants drawn amounted to \$64,510.04.

The treasurer's report shows the following expenditures of the road and bridge funds in the four commissioners' districts:

Precinct No. 1, N. A. Payne, commissioner, \$5,803.94; Precinct No. 2, J. T. Pinkston, \$6,074.33; Precinct No. 3, W. L. Brashear, \$8,601.56; and Precinct No. 4, L. C. Denton, \$6,430.84.

Betrothal Of Royal Japanese Pair Made

TOKYO, April 12 (AP)—The betrothal of Prince Takamatsu, brother of Emperor Hirohito, and Princess Kikkoku Tokugawa, was announced today with the sanction of the emperor. The wedding will take place in the spring of 1930.

Prince Takamatsu is serving aboard the battleship Haruna, now at Dairen. He was informed by radio of the emperor's approval.

Brownfield To Vote On Paving Bonds

BROWNFIELD, April 12.—An election has been called for the purpose of voting bonds in the sum of \$60,000 for the purpose of paving about twenty blocks of the streets of Brownfield. An election of the same nature was defeated a few months ago, but the majority against was so small that it is believed that the present issue will carry with votes to spare as many people who opposed the issue at the former election, have announced themselves as favoring it at this time.

Port Arthur Man Is Killed For 'Remark'

PORT ARTHUR, April 12 (AP)—J. Lawrence Wyble, 37, was shot and killed early today at a private dance in El Vista, a suburb. O. B. Lyon, 19, of El Vista, surrendered. Wyble was shot once through the heart. Lyon told officers he shot Wyble because Wyble had made a remark about his sister.

Wyble's body was found at the rear corner of the house.

HOUSE IMPROVES

NEW YORK, April 12 (AP)—Colonel Edward M. House may be able in about ten days to leave the hospital where he is recovering from an operation, his physician, Dr. A. R. Lamb, said today.

A Hollywood star went to court over a \$750 bill presented by a masseur. Maybe she was rubbed the wrong way.

Mrs. Secretary of the Treasury

NOWADAYS it is becoming more and more the practice, particularly among the younger people, to regulate expenditure of income by the budget system. To the wife is delegated the task of keeping the family expenses within set limits—she is the real secretary of the family treasury. She must count the pennies and stretch them to their utmost buying power.

The modern woman knows how to make a dollar purchase one hundred cents' worth of value. She reads the advertisements in her daily newspaper and notes what is being advertised that she needs. She scans them closely to know what is newest and best in clothes, in foods, in utilities that will make the home work easier, the little luxuries that will make it more comfortable. Yet her purchases are regulated by the budget—advertising helps her to keep within bounds. Such is the value of advertising in the *Avalanche* and *Journal*, to the women of the South Plains. It is her faithful adviser, ever ready to tell her what, when and where to buy and how much to pay.

TECH TRACK TEAM GETS THOROUGH TEST WITH HILL BILLIES

BIG SPRING TROUNCES MATADORS IN OPENING GAME, 5 TO 1

DANIEL BAKER BRINGS GOOD TEAM TO CITY

STRENUOUS TRAINING ROUND IS METED OUT THURSDAY

Tech tracksters go through a final tapering off session this afternoon prior to their dual track engagement with the Daniel Baker Hill Billies tomorrow. The Matadors took advantage of favorable weather Thursday to get in a full round of training.

Coach Payne's thirty-odd athletes appeared to be in tip-top shape for their fracas with the Brownwood aggregation. The entire squad went clock-like precision, assuming an air of confidence as the day of the meet nears.

Working alongside the varsity speedsters were the Lubbock high and Tech freshmen, who will be pitted in special events Saturday at an added attraction. The Westerners are facing stiff competition in the track event arranged for the two teams. The hurdle races will likely be added in the other running events in this division of the meet.

The meet Saturday will furnish the first severe test for the Tech track team. Coach Baker is bringing a well-rounded crowd aggregation featuring his special star, one who recently stepped the century in 2.8 seconds.

AMERICAN DEFENDERS IN RYDER CUP MATCHES

Here are four of the monarchs of the American golf realm who will wear their country's colors in the Ryder Cup matches in England. Left to right are Johnny Farrell, dapper holder of the national open title, Gene Sarazen, veteran victor of many national tournaments, Lee Dieck, king of professional golf, and Horton Smith, famed Joplin ghost. They are pictured above during an exhibition match at Garden City, N. Y., prior to leaving for England. In this match, Farrell, paired with Sarazen, were the victors by 2 up and 1 to play.

DID YOU KNOW

Random Scraps Of News Pertaining To Sports World

One of the Cornell football players received an offer to endorse a cigarette. He asked Romyer Berry, graduate manager of athletics, if acceptance would make him a pro. Berry said it wouldn't. And he wanted to know what Mr. Berry would suggest. Berry said "Well, Red Grange would take the dough, Landberg wouldn't." And the young man didn't take the dough. He didn't smoke anyway. Jack Shacker, doing a hitch in vaudeville, refused to put any paint on his face. And he offered to slug a photographer who asked him to pose in front of a dressing table. The Athletics are burnt up about all the true facts. To make a place exhibition game they had to jump in a bull at 6 in the morning and ride 150 miles to play punks and had to live on hot dogs and pop.

FEED HIM, THAT'S ALL

When Frank Flourney was making matches for Tex Rickard in the old Garden in New York, he received a telephone call from Jimmy Dougherty, the celebrated Baron of Leavenworth, Pa. Dougherty, among other things that he does for his own amusement, handles a string of boxers, including George Godfrey, colored and considerable of a heavyweight fighter. "Frank, do me a favor, will you?" Dougherty said over the phone. "I'm taking a couple of my little fellows to the coast and I can't afford to take that Godfrey along. Get him some kind of a match. I don't care so much about the dough. Just get him enough to pay his grocery bills until I get back."

HE AIN'T NO MAN

When Frank Flourney reported to Flourney, "Here I am ready to go," was his simple and direct way of wishing himself upon the match maker. "Mr. Jimmy, you are getting me a tough match and that I got to train. I promised him I would do plenty of training."

Flourney tried to match him with some of the New York colored boys but they wouldn't even listen to him.

"That Godfrey ain't no man," they said. "He's a big animal."

So Flourney had to send out to Ohio for the celebrated artist, Tut Jackson. Tut took the match and Flourney put Godfrey in training. He didn't need to be in such swell shape for Jackson, but Flourney figured it was up to him to keep Godfrey's grocery bills down.

NO RUNNING, JUST WALKING

Godfrey had been around about ten days and had been drawing ten dollars a day for room and rations when Flourney asked him if he was going road work.

"Yes, suh, Mr. Frank," he answered.

"Where?" Flourney wanted to know.

"In the park, Central Park, Mr. Frank," he replied.

"Where in the park? Around the reservoir?" Flourney asked.

"Yes, suh. Right around the reservoir every morning."

"How many times do you run around the reservoir, George?"

"I didn't say nothing about run-

SPUD BATTING ORDER VARIED

IS FIRST ALTERATION DURING PAST THREE YEARS FOR TEAM

DALLAS, Texas, April 12.—The Wichita Falls Spudders continued routine training today. The first radical change in the Spudders' batting order in two years has been made by Manager Jim Galloway. Three men who have occupied the same places, Turgan, Fitzgerald and Swenson, in second, third and sixth places, respectively, will be affected. The manager said it also was announced two veteran pitchers, Mill Sweeney and George Fagan, will face Fort Worth here Saturday and Sunday.

Having batted out a 23 to 5 decision over the Southwest Texas Teachers College Bobcats at San Marcos yesterday, the San Antonio Indians were ready today to meet an All-Star amateur team, also at San Marcos. Rudy Kneppel left under from Springfield, became the third Indian hurler to go the route when he limited San Marcos to five hits in nine frames yesterday. Chief Nemo, connected with four times, Gilbert Mulleavy, new second baseman bought from Toledo, got two doubles and flied out.

Cats Troupe Waco. Charlie Sullivan and Jimmy Walkup, who are apt to pitch the first two games of the season for Fort Worth, are expected to get their last practice Saturday and Sunday, when the Cats play the Spudders at Wichita Falls. Neither are expected to go the full route, as did Dick Worth yesterday in beating Waco 16 to 1, but will take a few tough pitches to keep their arms loosened up. Bill Gelf and one or two of the other young hurlers will be called on to help. The Panthers returned to Fort Worth from Waco last night and will devote this afternoon to training.

Manager Milton Stock sent his Dallas Stars through a long practice drill today in preparation for their exhibition series starting tomorrow with the Waco Cubs. The Stars yesterday defeated the Southern Methodist University's Mustangs, 19 to 5.

A short workout was the program today for Shreveport which tonight will entrain for New Orleans for a three-game series with the Pelicans. Eighteen players including eight pitchers, will make the trip. Joe Brown, recently re-instated after suspension, has been selected by Manager Pheasant to pitch the opening game of the Texas League season next Wednesday.

min! Mr. Frank I walks around the old reservoir twice every morning before I eat. And it makes me eat plenty."

SIX WORTH OF LUCK

When Godfrey was training, or fighting he always wears a class bandage around his knee and it has given the impression to the customers that he has a bad leg.

"That's not so," Flourney said during a chat in Miami Beach.

"That fellow is as sound as a solid as a piano. And with it he is the most superstitious negro I ever have met."

"That bandage around his knee is not a brace. It is used to hide a little sack of powder that he got from a voodoo doctor. He paid ten bucks for it. I'm sure it is nothing but black pepper, but the doctor told

LAUGHS FROM THE DIAMOND

by Billy Evans

WAITE HOYT, star with the New York Yankees, enjoyed the greatest year of his career in 1928, winning 23 games while losing only seven. It was his great pitching more than anything else that kept New York in the race, at a time when most of the club were ailing from injuries or illness.

Aside from being a stellar hurler, Hoyt has a keen sense of humor and a knack for winning a well-pitched ball game. He likes to get the decision in a battle of wits.

I never shall forget the kick that Hoyt got out of silencing the verbal batteries of Umpire Dick Nallin. Incidentally, I figured in the rout. It is a quick trick to get the last word from Nallin, for his Celtic fund of humor seldom fails him in the punch.

It was late in the season of 1927. The day previous Hoyt had scored a shutout victory. As the umpire of balls and strikes. I could best appreciate a shutout victory.

state what a great game he had turned in. And, by the way, I felt I had done a very good job of umpiring back of him. When Nallin and I came out to start the game the following day Hoyt greeted me:

"You missed two on me yesterday, Bill!"

For a moment I looked at him in amazement, not quite sure whether he intended the remarks as praise or criticism. Deciding to play it safe, I replied: "Well, I must have been pretty good yesterday if so great a pitcher as you only fooled me twice."

"I should say you were," chimed in Nallin. "I would call that just about perfect."

Hoyt then shifted his remarks to Nallin.

"By the way, Dick, how many do you umpires figure you can miss and still call it a good day?" he asked.

"Twelve, either way," answered Nallin. Then he proceeded to explain, by saying that in the course of a game an umpire might call twelve pitches strikes that the team in the field believed were balls and he might call twelve pitches balls that looked like strikes, so close would be each pitch.

"If my fingers are correct, I take it that you can miss 24 pitches and still feel you have done a pretty good day's work," replied Hoyt.

"Right," said Nallin. Then followed a brief silence in which every eye on the Yankee bench was wondering what would happen next, when Hoyt set their minds at ease by saying:

"Twenty-four, eh? Well, Dick, I have noticed that you have taken the limit in every game you have worked behind me lately!"

Even Nallin joined heartily in the big laugh that followed.

DERBYISTS IN ANOTHER STATE

500 Mile Mark Is Crossed By Marathon Runners

WHEELING, W. Va., April 12.—Having completed 499.3 miles of the 500-mile trek to the Pacific Coast, C. C. Pyle's transcontinental foot racers cross another state line today.

They head for Cambridge, Ohio, fifty miles from here, after spending the night in Wheeling. Ed Gardner, Seattle, Wash., negro, continued to set the pace in elapsed time. Pete Gavuzzi of England, is creeping up, however, and already has ousted Johnny Eslo, Passaic, N. J., policeman, from second place.

DUNDEE FIGHTS MELLO BOSTON, April 12.—Joe Dundee, welterweight champion, tonight will fight Al Mello, Lowell boxer who trounced him when they met in this city three months ago. No title is involved.

George if he carried the powder around under his knee he never would have had luck and he won't step into the ring unless he puts the bag under the bandage."

GOLFERS OUT EARLY AT NEW COURSE HERE

LINKS FANS SWARM TO NEW COURSE NORTH OF CITY LIMITS

Lubbock's newest golf course was opened to the public this morning with promise of a record-breaking first day registration. Beginning at 6 o'clock this morning, local golfers tried out the new fairways and greens throughout the day.

Located on the Plainview highway north of the city, the new course, built under the supervision of W. G. McMillan, local building contractor, furnishes a long-felt need in Lubbock for additional golf facilities. Sodded bermuda grass fairways, sanded greens and numerous water hazards will give to golf enthusiasts all that is desirable in this game, fast becoming one of the most popular sports.

The most unusual feature of the new course is the unique club house in the foreground of the links. Built around a windmill, with its wheel towering above the top of the many colored room, the diminutive structure includes everything that is necessary for the golfer. A confectionery, golf equipment, store, room, work shop, dressing room with shower bath and rest room all are included in the house.

At present nine holes of the course are completed and work is going forward on the second nine. The complete 18-hole course will be opened to the public in the near future.

Due to a bridge building program under way on the highway north of the city, local golfers will be forced to reach the new course by way of the city swimming pool east of town. Orange arrows mark the road leading to the links.

WALLACE BACK IN FAVORITES' RANK

DETROIT, April 12.—Billy Wallace, trim little Cleveland lightweight today was back in the ranks of leading contenders for Sarney Mandella's title. He came through with a decisive victory over Tommy Grogan, game 12-pounder from Omaha, in their ten-round battle here last night.

The bout, after an ordinary start, became a thriller in the closing rounds with Wallace opening up in the sixth and piling up points thereafter that turned the tide in his favor. The verdict of Referee "Slim" McCalland was popular with the crowd of 14,000.

Both came in under 135 pounds with Grogan weighing 134 and Wallace 132 3-4.

FIGHTS LAST NIGHT

DETROIT.—Billy Wallace, Cleveland, outpointed Tommy Grogan, Omaha, (10); Louis Kid Kaplan, Meriden, Conn., outpointed Joey Medall, Chicago, (10).

DAVENPORT, Ia.—Young Jack Dillon, Louisville, outpointed Kayo White, New Orleans, (10); Johnnie Pullon, Cedar Rapids, outpointed Jack Melrose, New Orleans, (10).

PASADENA, Cal.—"Bearcat" Wright, Omaha, won from Neal Clisby, Riverside, Cal., (10).

Barnard To Attend Opener At Capital

CHICAGO, April 12.—President E. S. Barnard of the American League will be among the notables at the season's opening game between Washington and Philadelphia at Washington next Tuesday.

In accordance with his announced plan to see more baseball games this summer, Barnard will make a swing around the circuit, following the opener. His itinerary calls for New York, April 17; Cleveland, April 18; St. Louis, April 19; Philadelphia, April 23; Detroit, April 25; Boston, April 28, and Chicago, April 30.

EXHIBITIONS

YESTERDAY'S RESULTS At Indianapolis—Indianapolis 10, Cincinnati (N) 4.

At Memphis—Memphis 6, Pittsburgh (N) 5.

At Tulsa—St. Louis (A) 14, Tulsa 0.

At Washington—Washington 2, New York (N) 1.

At Birmingham—Birmingham 8, Cleveland (A) 5.

At Atlanta—New York (A) 15, Atlanta 12.

Others cancelled.

Leading Bantams To Clash Tonight

NEW YORK, April 12.—Eligio Sardinas and Angelo Geraci—otherwise Kid Chocolate and Bushy Graham—hope to shed a little light on the muddled bantamweight situation tonight. They clash at Jess McMahon's New York coliseum in a 15 round bout which should see one or the other eliminated from the bantamweight picture.

Indications are neither will attempt to make the class limit of 118 pounds but there seems little reason to doubt both could get down to it, if necessary.

RICE KEEPS BERTH WITH SENATORS

SAM RICE

TEXAS ROOKIE FAILS TO OUST VETERAN OUTFIELDER OF WASHINGTON NATIONALS

TRAYNOR LIKELY FOR START IN OPENING GAME TUESDAY

(By Associated Press)

NEW YORK, April 12.—Although official sources refuse to comment, the guess is out that the veteran Sam Rice will be back in the Washington outfield in place of West when the season opens. West has failed to bang the ball as expected while Rice seems as good as over. Two rookies, Laska and Brown, set the Giants down with two hits and one run yesterday.

Boston's two major league ball teams were given a cold reception when they got back to their home city. There was snow on the ground in the suburbs and cold chills played around Fenway Park and the Braves field.

Traynor Is Better. Belief that Traynor will be able to get into the Pines-Cob opening game next Tuesday was strengthened today. The Blue captain gave his injured hip a thorough tryout in the game against Memphis yesterday and today he reported a slight stiffness he experienced.

Manager Dan Howley worked a pair of hurlers who played with Tulsa against their former team yesterday and the St. Louis Browns scored their first shutout of the season, pounding three pitchers for 13 hits and 14 runs including two homers. Recruit Outfielder Tom Jenkins got his second homer in two days as well as a single and a double.

THREE TEAMS TO HAVE MEET

S. M. U. TEXAS, BAYLOR TO CLASH IN TRACK AT ONWBY FIELD

(Special To The Journal)

DALLAS, April 12.—After a two weeks absence from conference competition, the Southern Methodist University Mustangs thin clads have turned their attention towards the triangular meet with the Texas University Longhorns and the Baylor Bears on the Onwby Stadium track Saturday afternoon. The Pones were due to meet Baylor last week in a dual meet but a conflict in the dates caused a postponement of the meet. The Bears went to Houston to take a beating at the hands of the crack Rice Owl team.

Since the S. M. U. Relays the Pony rider artists have been working hard. Coaches Stewart and Hooper have been pointing toward this meet and hope to score a win over the Longhorns for the first time.

The three teams are about equally divided in the dash events. The Pones seem to have the edge in the distance runs while Texas will be superior in the field events. Captain Crowell is a favorite to cop the mile while Murphy should have no trouble in annexing a first place in the two miles for the Mustangs. Herman and Hammon have been chunking the javelin near to two hundred feet all season and will have no dangerous competitors to stand in their way for a first and second place in this event for the Red and Blue.

In practice Manning of S. M. U. has made some good jumps, well over twenty-one feet. The Texas Relay team is favored to cop the relay. Malaffey of Baylor is the Bruins best bet in the dashes.

PLANES CRASH; FOUR DIE ROME, April 12.—Four men were killed today in a crash of two seaplanes maneuvering near the Augusta seaplane harbor. The planes were at a height of 200 feet when they collided.

The Death's Head moth, now very rare, emits squeaks almost as loud as a mouse.

TECH UNABLE TO OVERCOME HANKS' SLANTS

COLLEGE NINE GIVEN BUT FIVE BINGLES BY MOUND STAR

(Special To The Journal)

BIG SPRING, April 12.—Texas Tech's Matadors found the slants of Hanks, his right hander of the Big Spring club, hard to solve yesterday and the college nine went down before the West Texas Leagues outfit, 5 to 1. Hanks held the visitors to five hits, while his team-mate "sucked Howell of Tech for 3 singles.

Howell started the fireworks in the fourth to score the first run. White walked, and Adams sacrificed him to second. Howell threw wild to first on Leedy's grounder to the box. White scoring and Leedy going to second. Garrett scored Leedy on a single to center.

The locals made another in the sixth when Adams walked, went to second on a sacrifice, stole third and scored on Selt's infield hit. Two more were added in the seventh. Sain walked after one man was out went to third on White's double to left. Adams scored, both runners, when he singled down the right field foul line.

Tech Misses Chance. The Matadors missed a wonderful opportunity to score in the first inning. Waller and Dewitt singled after one man was out. Marshall forced Dewitt at second and Taylor fanned. The Tech team scored its only run of the game in the eighth. Hodges started the inning off by setting his second hit of the day. Howell forced him in second. Rigney walked and both runners advanced on Wallers' infield out. Dewitt singled to right scoring Howell, and Rigney was thrown out at the plate on a close play.

The box score:

TEAM	AB	R	H	PO	A	E
Rigney, 2b	4	0	1	2	0	0
Waller, ss	4	0	1	2	0	0
Dewitt, cf	4	0	2	2	0	0

Score by innings: 000 000 010-1

Tech. Summary: Two base hits: White, Sacrifice hits: Adams, Leedy. Double plays: Peterson to Rigney to Taylor. Stolen bases: Marshall 2, Adams. Bases on balls off Howell 5, off Hanks 1. Struck out by Howell 2, by Hanks 11. Time of game 1:45. Umpire: Gressett.

Collett And Wills Leave For Europe

NEW YORK, April 12.—Glenora Collett and Helen Wills, national women's champions in golf and tennis, will leave for Europe aboard the same liner. They have passed on the Aquitania leaving New York next Wednesday. Miss Wills' party will include her mother and Miss Edith Cross, young San Francisco star who will be the national champion's playing partner on her coming European invasion. Miss Collett will be accompanied by her mother and Miss Bernice Wall of Oshkosh, Wis. Miss Collett and Miss Wall are to play in the British women's championship at St. Andrews.

also that of Eddie Delker, who has been the hitting sensation of the training trip.

Dude Stowaway

NEW YORK—A Beau Brummel is home from Buenos Aires after a voyage that cost him nothing in cash but plenty in labor. In top hat, cutaway coat, striped trousers, spats and patent-leathers and with a cane one Jules Van Item, New Yorker, was detected as a stowaway. He had to change to dungarees and scrub the decks. He changed back before coming ashore.

Escobar Handicapped

NEW YORK—It looks as if Escobar will be handicapped in fighting Calles, in that he won't receive something such as Lincoln proposed to send to generals other than Grant. Twenty four quarts and eight demijohns of liquor were confiscated from Ayrelo Orbe, an incoming Cuban, and poured into the harbor. He said he was sending them to his brother, one of the Mexican rebel leader's staff of officers.

An Air Innovation

NEW YORK—George A. Bryan of Peru, Ind., manufacturer, is here with an announcement that an all-metal dirigible driven by a steam turbine will fly here from Glendale, Calif., in June, anchored above a building and land its passengers via an elevator. He describes it as the invention of Captain Thomas B. Slaton of Glendale.

Like Whole Diet

DEERFIELD, Fla. — Sharks like a diet of whale. Notwithstanding fishermen's rifle fire, a school rushed and rushed at a whale in the surf. Twenty of them were killed.

Berlin and Jolson

NEW YORK—Irving Berlin is to direct Al Jolson in making talks at Hollywood.

'Battle Of Century'

SAN JUAN, Porto Rico.—Passengers of the steamship Lorenzo have arrived in doubt as to whether they are in the 'Battle of Century' or in the 'Battle of the Century'.

STOCKS OPEN STRONG TODAY

LARGE BUYING ORDERS SEEN AT OPENING ON "STREET"

NEW YORK, April 12.—The stock market today opened with an outburst of strength. Large buying orders appeared overnight, and initial gains of a point or more, were quite common. Curtiss Aeroplane opened 14 points higher, and Westinghouse Electric, Electric Auto Lite and Johns Manville advanced 2 points or so. Initial gains of a point or more were recorded by Packard Motors, Atlantic Refining, Montgomery Ward, Radio, International Nickel, General American Tank, and Erie Railroad, common.

MORE COTTON SEED USED THIS SEASON

WASHINGTON, April 12 (P).—The Census Bureau announced today that cotton seed crushed from August 1 to March 31 totaled 4,331,365 tons compared with 4,311,494 for the same period in 1928 and cotton seed on hand at the mills on March 31 totaled 386,896 tons compared with 355,924 a year previous. Cotton seed products manufactured during the period and on hand March 31, included:

Crude oil products 1,443,079,772 pounds compared with 1,370,359,229 last year and 1,069,843,631 pounds on hand compared with 1,240,295,343 a year ago.

Refined oil produced totaled 1,227,334,424 pounds compared with 1,116,363,184 and on hand 364,787,238 pounds compared with 543,576,462.

Cake and meal totaled 2,068,926 tons compared with 1,974,547 and on hand 239,030 tons compared with 170,600.

Linters (running bales) produced totaled 975,012 compared with 912,345 and on hand 206,164 compared with 132,924.

BRIDGE SUIT GETS POSTPONEMENT

SHERMAN, Texas, April 12 (P).—The case of the State of Texas vs. the Red River Bridge company, set for hearing here today, was postponed until tomorrow on the plea that J. W. Bailey, attorney for the company was in court in Tulsa, Oklahoma.

The suit involves efforts of the state to have rates on a toll bridge over the Red River between Durant, Okla., and Denison, Texas, reduced. The bridge is owned by the Red River Bridge company.

Recently the war department ordered a lower schedule of rates put into effect, but the bridge company secured an injunction restraining the war department from carrying out the order.

A temporary injunction against the Red River Bridge company restraining it from collecting tolls was granted at Durant yesterday according to information received here.

MARKET OPENS EASIER TODAY

REPORTS OF FAVORABLE WEATHER BRINGS SOME DECLINE

NEW ORLEANS, April 12 (P).—The cotton market opened slightly easier owing to continued favorable weather. Early trades showed declines of 1 to 3 points from yesterday's close. Cables, however, were relatively steady and industry support later which was stimulated by expectations of bullish weekly statistics.

By the end of the first hour May recovered to 19.75, July 19.83 and October 19.76, or 2 to 4 points up from the lowest and 1 point above yesterday's close.

COTTON OPENING BARELY STEADY

NEW YORK, April 12 (P).—Cotton opened barely steady at a decline of 4 to 8 points under some local and commission house selling, apparently promoted by reports of clearing weather and indifferent showing of Liverpool. Further covering by near month shorts and some Liverpool buying steadied prices a few points immediately after the call but the market eased again with active months showing net declines of about 3 to 8 points at the end of the first half hour.

The market was quiet later with business consisting largely of futures evened-up in the near months and switching to later deliveries. The price movement was comparatively narrow, but the market showed a steady undertone, ruling about net unchanged to 4 points lower at midday.

LIVERPOOL SPOTS

LIVERPOOL, April 12 (P).—Cotton spot in fair demand; steady; American middling fair 12.14; strict good middling 11.6; good middling 11.28; strict middling 11.08; middling 10.88; strict low middling 10.64; low middling 10.34; strict good ordinary 9.94; good ordinary 9.54. Sales 5,000 bales, 3,800 American; receipts 8,000 bales, American 7,200.

Futures closed quiet; May 10.60; July 10.53; Oct. 10.46; Dec. 10.44; Jan. (1930) 10.44; March 10.47.

NEW ORLEANS COTTON

NEW ORLEANS, April 12 (P).—Cotton opened steady. Jan. 19.73 bid; May 19.76; July 19.81; Oct. 19.65; Dec. 19.70 bid.

NEW YORK COTTON

NEW YORK, April 12 (P).—Cotton opened barely steady. May 20.47; July 19.87; Oct. 19.79; Dec. 19.87; Jan. 19.85.

TROTSKY BARRED IN GERMANY

EXILED SOVIET WILL WRITE BOOK ABOUT HECTIC CAREER

BERLIN, April 12 (P).—The German Cabinet after a brief meeting officially announced today it had declined the request of Leon Trotsky, Soviet exile, for a visa to his passport which would permit him to enter Germany.

He has engaged a stenographer and it was said he would concentrate his energies in the writing of his autobiography.

COUPLE SHOT

(Continued from Page 1)
blown off, and Mrs. Hendricks was shot through the breast. A shotgun was about eight feet from her body, signs at the home indicated breakfast was being prepared and Hendricks was returning from the smoke house in the yard when he was shot.

A Mr. Stamps, living about 200 yards from the Hendricks' home, told Justice Fain he heard one shot at about 5 a. m. today.

The bodies were found by Andy Hall, milk man of Reno.

The children got out on the White House lawn the other day and rolled Easter eggs. Some of the Washington people were surprised, as the only thing they had seen rolled in Washington was logs.

Reparations Board Fails Of Agreement

PARIS, April 12 (P).—The reparations experts of the allied powers failed to reach a definite agreement concerning figures to be submitted to Dr. Hjalmar Schacht, the German delegate, during this morning's session, and it was necessary to call another meeting for this afternoon.

Some of the experts looked rather glum on leaving the meeting. The many weeks strain to begin to tell on them as well as on their advisers who have been figuring incessantly on different combinations of annuities in an effort to find a compromise that will enable Germany's creditors to prevent a united front to the Reich's expectations.

Pledge to the Public On Used Car Sales

- 1—Every used car is conspicuously marked with its price in plain figures, and that price, just as the prices of our new cars, is rigidly maintained.
- 2—All Studebaker automobiles which are sold as certified cars have been properly reconditioned, and carry a 30-day guarantee for replacement of defective parts and free service on adjustments.
- 3—Every purchaser of a used car may drive it for five days, and then if not satisfied for any reason, turn it back and apply the money paid as a credit on the purchase of any other car in stock—new or used. (It is assumed that the car has not been damaged in the meantime.)

TO THE PUBLIC—We pledge adherence to above policy in selling used cars!

Lincoln Victoria, perfect condition runs like new and a splendid piece of transportation. He bought a Studebaker	\$995.00
Chrysler coach, needs paint, as usual, but the motor has been re-conditioned, and the rubber is good and it should satisfy anyone at	\$485.00
He bought a Studebaker	
Studebaker coach, was carefully handled by particular owner, and checked by our own mechanics for perfection of condition, priced low at	\$525.00
He bought another Studebaker	
Studebaker 7 passenger sedan, perfect as all Studebakers. You'll appreciate reliable transportation in this splendid car at	\$895.00
He continues in a Studebaker

GIANT LINER AGROUND

Hard and fast in the mud flats in the lower bay at New York, the U.S.S. Paris, with more than 1700 persons marooned aboard, is shown in the upper photo. In the heavy fog of early morning, the big liner missed the main channel at Owl's Head Buoy and ran aground. The tugging of all available tugs failed to move the ship and below you see her being lightened before further attempts were made to dislodge her. An oil barge was put alongside to drain off the heavy cargo of oil.

THE TINYMITES

The Tiniest eyed the watering can, and away from it they ran. "I do not think," said Copsy, "that we'd better touch that thing. We do not know what it is inside." Wes Clowdy chimed right in and cried, "Well, I am going to find out. Maybe good luck it will bring."

"Be careful now," another said. "Remember, you're the one who led us way up here to Thunderland. I wish we hadn't come. If you have your way I'll just bet you'll get us into trouble yet. You've often done that very thing by actions that were dumb."

"Ha, ha," laughed Clowdy. "You're afraid. But I am brave, and I have made a lot of moves that all the rest of you have plainly feared. Don't worry 'cause I'll see that we are as safe from harm as we can be. What makes you Tiniest shake so. Is it just because you're skinned?"

Then Scouty cried, "I'm brave as you, and now, whatever you may do I'll very gladly help you. Let's get started right away. No coward will I ever be, 'cause I'm a Boy Scouty. Yes sire! I'm always brave, no matter if it's in my work or play."

Then suddenly Wes Clowdy ran up to the towering water can. "You see," he cried, "It's safe and sound. I knew that I was right. I'm going to tip the thing about and see if something nice pours out. If it holds milk or honey, won't that be a pleasing sight?"

But, when he tipped it not thing but water came. "Was like a spring. Then Carpy cried, 'Oh, I know what that great big can is for. It makes the rain fall down on earth. Let's make it rain for all it's worth. As long as it holds water, we can pour and pour and pour.'"

(The Tiniest meet Old Man Thunder in the next story.)

Etiquet Note: The young man asking a father for his daughter's hand has to be prepared to answer the question of whether or not he can furnish alimony sufficient to support the girl in the style to which she has been accustomed.

French Strother, fourth secretary to President Hoover, answers the letters written by those who feel they must write to the president. If you must write to the president, maybe you can get a reply quicker if you address Mr. Strother personally.

EXTORTION PLOT

Woman Justice Of
The Peace Faces
Action In Court

(By Associated Press)
CHICAGO, April 12 (AP)—Miss Helen M. Carr, 30 years old, former justice of the peace of Galesburg, Ill., whose marriage to George Lewis after she had fined him for intoxication was the subject of news stories two years ago, is accused of extortion in an affidavit filed here by D. W. Sullivan.

Sullivan, 67 years old, and one of Galesburg's wealthiest men, avers he was forced to sign a note for \$25,000 in Miss Carr's favor when he was trapped, according to the affidavit, in her home by an uncle, David Farrell.

The affidavit states Sullivan was summoned to Miss Carr's home September 8, 1927, for a political conference; that her uncle appeared, brandishing a knife; and that the uncle demanded that Sullivan sign the note on grounds he had compromised Miss Carr.

Sullivan avers he paid \$1,500 on the note before Farrell told him he had been mistaken in the affair and had destroyed the paper. Last January, however, a judgment of \$24,500 was entered on the note without his being served in the suit, Sullivan said.

Harvey Austin Is

Re-Named To Post

(Special To The Journal)

SLATON, April 12—Harvey Austin, city secretary here for the past four years, has been re-appointed by the new city commission, according to official announcement. E. Barton, city water superintendent for the past six years, has resigned. His successor has not been announced. W. F. Layne is in charge of the water department.

An oyster can lay 60,000,000 eggs.

PRAIRIE DOG WAR SUCCESS

**50,000 OF PESTS MET
DEATH IN RECENT
CAMPAIGN HERE**

Between fifty and seventy-five thousand prairie dogs have been killed in Lubbock county during the recent campaign against the pests, it is estimated by R. J. Powell, field assistant of the U. S. Department of Agriculture biological survey, who aided County Agent D. F. Eaton in carrying on the work.

Mr. Powell states that more than 2,500 pounds of poison grain has been distributed to the farmers of this county, and that each pound will poison thirty-five prairie dogs if it is used effectively.

"Some persons have the idea that the dogs can not be killed when they can get grass to eat. This is not true, and the poison grain is as effective when the grass is growing as it was before."

It is planned to stage a "follow-up" campaign with poison dust sometime in May in an effort to completely exterminate the dogs from the county.

SWAPPED WIVES

Nebraska Case

Goes Into The

Juvenile Court

LINCOLN, Nebr., April 12 (AP).

District Judge J. H. Broady

today temporarily washed his

hands of the case of Otto Slade

and Horace Reed, residents of Bennett, who on Easter Sunday effected a trade of wives. The judge referred the case to juvenile court, which will make an inquiry in so far as the wives and four children in the case are affected.

Slade and Reed, penitent after their pleas of guilty to the charge of adultery, still are in jail.

A farmer in Lincolnshire, England, owned a goose for 80 years.

The goose laid eggs until it was 40.

MORE CHARGES AGAINST LONG

INTIMIDATION OF NEWS
PUBLISHER IS ONE
OF INDICTMENTS

BATON ROUGE, La., April 12.—The legislature had before it today charges of misuse of public funds and carrying of concealed weapons by Governor Huey P. Long after passing on to the senate two counts indicting the chief executive for intimidation of a newspaper publisher and bribery.

Members of the impeachment subcommittee announced they were ready to begin testimony on count number seven. This charges the governor with attempting "to impose his own will upon civil authorities by causing the state militia 'to loot and pillage private property' in gambling raids without declaring martial law.

Meantime the senate met to try out kinks in a report on procedure and to adopt its rules for the trial of the governor sometime after April 22.

While the house went down the line with the counts, rumors trickled into the legislature that the administration yet would produce a cross move on legal technicality before the senate trial is held.

First testimony on count number 9, "that he habitually carried concealed weapons on his person," was furnished unwillingly by Rev. J. V. Tamm, pastor of the Hatchitoches First Baptist church, who said he saw the governor place a pistol in inside pocket in a Baton Rouge hotel for "protection against Chicago gangsters."

DRUGGISTS MEET
NACOGDOCHES, April 12 (AP)—Two hundred druggists attended the opening session of the East Texas Druggists Association convention here today.

In China, when a man can not pay his debts, the door is taken from his house.
