FIVE MEET DEATH AS PLANE CRASHES

BODIES FOUND IN WRECKAGE NEAR QUAY

MAIL AND PASSENGER TRANSPORT THOUGHT CAUGHT IN STORM

(By The Associated Press)

AMARILLO, Aug. 29.—The crushed bodies of five persons, including a 3-year-old child, were found in the wreckage of the Transcontinental & Western Air's night mail and passenger tri-motor transport at Quay postoffice, 20 miles south of Tucumcari, N. M., at 10:30 o'clock this morning.

The dead are Mr. and Mrs. Ralph Gore of Albuquerque, N. M., and their granddaughter, Evelyn Gore, daughter of Mr. and Mrs. Paul Gore of Amarillo; Pilot Howard Morgan and Co-Pilot C. W. Barcus, both of Kansas City.

Caught In Storm

The ill-fated ship apparently was caught in the same terrific storm which washed out a span of the railroad bridge, five miles west of Tucumcari, resulting in at least six deaths and 40 injured early today, when the Golden State Limited was wrecked.

The T. W. A. plane left here at 11:35 p. m. last night with mail and the three passengers. Mr. and Mrs. Gore, 43 and 40 years old respectively, had been visiting their son here. The ship was made up here to continue the regular night mail and passenger flight westbound when the regular ship was storm-bound in Kansas City.

The plane was one of the regular tri-motored transports equipped with both receiving and sending radio. The last heard from Pilot Morgan was when he reported his position over the emergency field, six miles east of Tucumcari. Radio men here reported they thought they heard him trying to talk one time later. Morgan gave no intimation of a storm or trouble in his last report.

Plane Off Course

He apparently turned sharply to the left off his course immediately after passing the Tucumcari field, or else was forced to turn back somewhere west of there and went to the south off his course to avoid a storm.

The report was confirmed from the Quay postmaster through Western Union. Airport officials here and along the mid-transcontinental route had been checking since midnight to try to find the missing ship. It was not known whether it burned after it struck but it was assumed it was completely demolished. It was not known if the mail was recovered.

Ralph Gore was a railway mail clerk running between Albuquerque and Vaughn on the Santa Fe line. He was transferred from Amarillo to Albuquerque two years ago. He spent extra time as mail clerk at the Albuquerque airport.

Mr. and Mrs. Ralph Gore lived in Amarillo 10 years before going to Albuquerque in January, 1931. Mrs. Gore flew to Amarillo last Friday and Mr. Gore came here last Saturday on TWA planes. The Paul Gores live at 3804 Tyler street. An infant is the only other child in the Paul Gore family.

SLATON CITIZENS PLAN BEER VOTE

Slaton residents today continued to plan an election to determine whether beer could be sold in the city limits. Slaton favored local option 227 to 173 in Saturday's election.

There was no ruling whether such an election could be called. County Judge E. L. Pitts yesterday indicated that if a petition for an election were presented to Commissioners court the court would rely on a ruling by County Attorney Vaughn E. Wilson. The county attorney was attending justice court in Slaton this morning. Last night he said he was studying the question and said he expected an opinion would be sought from the attorney general.

MAN DENIES THAT HE WAS SLAIN BY FRIEND'S SPOUSE

HOLLYWOOD, Cal., Aug. 29 (AP)—Loud noises caused neighbors to call police to the home of Bryant Washburn, former motion picture star, in the early hours this morning, and officers said they were met by Mrs. Washburn screaming "I've just killed a man!"

Detective Lieutenant E. J. Romero said he ran into the house and found Washburn administering first aid to a friend, J. Demiteis, who denied he had been killed and added "she just hit me with the French telephone."

Romero reported Washburn explained he had brought Demiteis home and his display of hospitality had angered Mrs. Washburn. The officers reported Mrs. Washburn and her mother later left to spend the remainder of the night with friends. The police report was the only official action.

THREE FLIERS ARE KILLED

FOURTH BAILS OUT AS TWO PLANES CRASH IN MID-AIR TODAY

(By The Associated Press)

SAN ANTONIO, Aug. 29—Three Randolph field fliers, one flying instructor and two cadets, fell to their deaths and a fourth "bailed out" and floated to safety when two pursuit training planes crashed in mid-air at the field this morning.

Those killed in the first major accident at the "West Point of the Air" were Lieut. Harley R. Grater, instructor, of Lebanon, Ind.; Cadet William Pasche, Chicago, Ill.; Cadet H. R. Sandberg, Denver, Colo.

Lieut. Louis K. Vaupre, instructor, leaped from his plane at an altitude of about 500 feet and floated to safety. His ankle was broken.

Lieut. Vaupre, able to talk of the accident, told army officials that his altimeter showed 500 feet immediately before the crash. He said the ship containing Lieut. Grater and Cadet Sandberg zoomed up and crashed into the side of his plane as he attempted to straighten out in a traffic lane.

Motive Is Sought In Double Slaying

CLEBURNE, Aug. 29. (AP)—Officers sought to determine a motive today for the deaths of W. H. Barker, 56, and his wife, Lena, 52, whose bodies were found at their farm home two miles southeast of Cleburne.

Barker had been shot in the mouth and Mrs. Barker above the heart. A pistol was found on a bed beside the man's body, two shots having been fired.

Gasoline Prices Of Three Firms Hiked

HOUSTON, Aug. 29 (AP)—Effective at 7 a. m., toay the Gulf, Sinclair and Magnolia companies advanced gasoline prices to meet the new scale initiated by the Texas company yesterday.

The increases are state wide.

The Sinclair company posted the same prices as the Texas company, up one cent a gallon on all three grades, number 3 or traffic gas now retailing at filling stations at 14 1-2 cents, commercial gas at 18 1-2 cents, and ethyl at 20 1-2 cents.

The Gulf and Magnolia companies advanced commercial and ethyl gas one cent a gallon to 18 1-2 and 20 1-2 cents, respectively, and traffic or number 3 gas two cents a gallon to 15 1-2 cents.

Control Of Cotton To Be Considered

WASHINGTON, Aug. 29 (AP)—Meetings to consider a program for control of 1934's cotton crop will be held September 5 in Atlanta, Memphis and Dallas, Secretary Wallace made the announcement last night.

He said many plans for control of the crop had been offered. The meetings will be attended by producers, cooperatives, members of congress, commissioners of agriculture, ginners and spinners.

NRA SEEKS TO DRAFT CODE FOR COAL

BASIC AGREEMENT IS HELD VICTORY BY HUGH JOHNSON

(By The Associated Press)

WASHINGTON, Aug. 29.—The NRA worked swiftly today to clinch with a permanent code the basic agreement finally obtained for the coal industry, a victory regarded by Administrator Hugh S. Johnson as one of the most significant advances in the sky-rocket career of the industrial control enterprise.

After skirting the edge of failure for a week, union labor and representatives of the biggest bituminous coal fields of the country, the strictly non-union Appalachian area, last night were brought into a compromise which the administration was ready to approve. Enthusiastic at this outcome, President Roosevelt expressed to Johnson his congratulation in a personal telephone conversation. Today and tomorrow at least were required, in Johnson's estimate, to convert the agreement into a binding code.

Retail Code Up Next

This windup on coal left one really big agreement to be concluded—a code to embrace the country's entire retail trade, with its employment of millions of persons. Strenuous effort continued today to bring the separate codes of the dry goods retailing group and of the druggists into a line that would permit covering every store of the country under one blanket retail agreement. Deputy Administrator Arthur D. Whiteside, in charge of this endeavor, was highly hopeful that he would conclude the task by Labor day, September 4, which is designated as the climax date for the blue eagle campaign.

The latter, its empetus well launched, was swinging along on the efforts of the country-wide organization of more than a million volunteer workers engaged in a door-to-door canvass so that the characteristic insignia pronouncing that its displayer was doing his part in the higher wage, shorter work hours and more jobs movement, might be shown by every business establishment in the country and in the windows of millions of homes.

Murder Mystery Is Revived By Slaying

HOLLYWOOD, Aug. 29. (AP)—A double assassination by three men in a fashionable Italian restaurant revived a 4-year-old murder mystery.

Police asserted the slaying last night of Harry Mackley and Frank Keller, both of St. Louis, was a gangster reprisal. Police said Mackley, alias Harry Frank and Abe Frank, who had also lived in New York City where he was believed to have operated a hat store, had been arrested here in 1929 as a suspect in the mysterious slaying of David Antink, secretary of the Sun Realty company.

Energy Supplied American Trade

BILLIONS OF DOLLARS ASSEMBLED FOR FDR'S HUGE RECOVERY MACHINE ARE PUT TO WORK

(By The Associated Press)

WASHINGTON, Aug. 29.—Dollar by dollar, the billions assembled as fuel for the massive Roosevelt recovery machine are moving to their task of pumping energy into American trade and agriculture.

Topping the spending list is the $3,300,000,000 public works program, while the least expensive is the broad bulwark of the plan, the NRA, to which went but $225,000 of the $205,000,000 paid out of the treasury since July 1, in emergency outlays.

To meet the extraordinary demands for cash, the treasury has on hand daily upward of $1,000,000,000 in ready money—the latest balance showing $1,119,000,000 ready for distribution about the country in recovery efforts as well as meeting the government's ordinary operating costs.

To date, the public works administration has allocated $1,212,000,000 for construction, including $238,000,000 for battleships, with at least 2,000,000 persons expected to be put back in jobs before its bulging treasure chest is exhausted.

No one knows just how much of the amount allotted actually has been spent, but these figures now are being collected. Estimates range from $100,000,000 to a half-billion.

Initial work of organizing the public works administration and the other segments of the recovery program has delayed so far any vast outpouring of cash, but this task now is virtually completed and the money will roll forth in increasing volume.

Hundreds of millions will flow into agriculture from funds collect-

MAN SOUGHT IN KIDNAP CASE

BINGHAM IS CHARGED WITH ABDUCTING TWO CHILDREN

Accused of taking his two children from the custody of his divorced wife, without her consent, Clyde Bingham of Stonewall county has been charged with kidnaping here. The complaint was filed Monday with Justice of the Peace J. S. Connell.

The criminal complaint is an aftermath of a civil suit filed Friday in the 99th district court by Mrs. Mable Z. Bingham, a Lovington, N. M., teacher. Judge Clark M. Mullican granted a temporary injunction to Mrs. Bingham commanding Bingham, his father, Sheriff Bailey Bingham of Stonewall county, and Houston Bingham to give her custody of the children.

Left For Lubbock

Sheriff Bingham, in Lubbock Monday, said his son left Stonewall county Saturday with the children, Gary, 8, and Patsy, 7, after saying he was going to Lubbock to give them up. Clyde Bingham had not arrived here this morning.

Late yesterday Judge Mullican issued a warrant for arrest of the children and gave it to their grandfather to serve.

The complaint, signed by Mrs. Bingham, was prepared by Burton S. Burks, assistant district attorney.

Mrs. Bingham, in the civil suit, alleged the man from whom she was divorced in November, 1932, came to her residence at 1916 Main street and took the children from a maid while she was attending Texas Technological college August 5.

DRYS PROMISE A SURPRISE

WASHINGTON BALLOTS TODAY ON QUESTION OF DRY LAW REPEAL

(By The Associated Press)

SEATTLE, Wash., Aug. 29—Prohibitionists talked of "a surprise" in the outcome and repealists forecast an overwhelming victory as Washington expressed its will today on the Eighteenth amendment.

Washington is the 24th state to vote on the question, the preceding 23 having gone solidly for repeal.

Drys Are Hopeful

Drys professed to be hopeful, but the wets had statistics on their side. George E. Starr, Democratic state chairman, said:

"If there is a representative vote, every district in the state should go for repeal with the possible exception of the tenth—Asotin, Columbia and Garfield counties."

Said Emery Asbury, campaign head for the emergency committee against repeal:

"This state will surprise the people who are predicting big wet majorities. We are not predicting anything, but we think the vote will be to reject repeal."

Heavy Vote Expected

The lineup was the familiar wet-city, dry-country one, with a heavy vote expected, and leaders of both sides wondering how much Washington's peculiar election plan would affect the balloting.

The state repealed its bone dry law by a majority of 133,000 at the last general election, but is voting this time by legislative districts, and the statewide count will make no difference.

With more than 750,000 voters qualified, newspapers predicted the total vote would be 300,000 to 400,000.

Escaped Convicts Caught At Kilgore

KILGORE, Aug. 29 (AP)—Three men identified as escaped Texas convicts were arrested in this vicinity by local officers and rangers.

One man, identified as Sam Wells, sentenced to 10 years for robbery with firearms, was shot and critically wounded when he sought to escape from the officers.

The others captured were Cecil Flemings, sentenced for automobile theft, and Ducky Eddie, sentenced for robbery with firearms. The men were reported to have escaped August 16.

Three Are Killed As Trucks Collide

FORNEY, Tex., Aug. 29 (AP)—A highway accident in which a freight line truck side-swiped a truck carrying a picnic party caused the death of three persons and the injury of another.

Mrs. W. C. Day, 31, Clovis, N. M., her daughter, Rachel Ann Day, 4; and Robert Wilson, 38, Keene, Texas, were killed outright. Injuries were suffered by J. K. McTavock of Keene.

SECRETARY OF INTERIOR TO HEAD UNIT

FOURTEEN OTHERS TO BE NAMED BY FDR ON COMMITTEE

(By The Associated Press)

HYDE PARK, N. Y., Aug. 29.—President Roosevelt today named Harold L. Ickes, his secretary of the interior, as the administrator of the new working agreement for the oil industry.

The president will name the other 14 members of the oil planning and conservation committee within the next 24 hours, taking under consideration a list of names submitted by Ickes.

Price Fixing Possible

As oil administrator Ickes will have the virtual power of dictator over this industry which has been engaged in a war that led to over production and a wreckage of prices. Price fixing is possible.

Ickes also is the Roosevelt administrator of the $3,300,000,000 public works program and it is likely he will rely strongly on an immediate assistant, exected to be James A. Moffett, former vice president of the Standard Oil company of New Jersey.

Naming his cabinet member to this office, the president showed that he intends to keep in close personal touch with the new deal for the disordered oil business as one of the major parts of his recovery campaign.

Two other government representatives are to be named on the oil committee.

Price Fixers Favored

The price fixing advocates are expected to get the big majority of members representing the oil industry. K. R. Kingsbury, of the Standard Oil company of California, is prominently mentioned as among the group, together with Wirt Franklin, of Oklahoma, the president of the Independent Petroleum association.

Some reports said the anti-price fixers will have two members. C. E. Arnott of the Socony-Vacuum corporation and C. B. Ames of the Texas company are discussed in this connection.

The name of J. R. Parten, of Shreveport, La., has been mentioned as the independent representative.

Five Convicts Are Freed From Prison

AUSTIN, Aug. 29 (AP)—Five state convicts were ordered freed by Governor Miriam A. Ferguson today.

Allen Madison, convicted in Washington county in September 1918, for murder and sentenced to life imprisonment, was given a full pardon.

Conditional pardons were issued to Charley Boney, San Saba county, criminal assault, 25 years convicted in November 1927; Anderson Hill, Burleson county, murder, five years; John Moore, Burnet county, burglary, four years convicted in June 1931; and S. W. McElroy, Martin county, chicken theft one year, convicted in June 1933.

FIVE MAJORS ARE NAMED TO ASSIST NATIONAL RECOVERY CAMPAIGN HERE

Organization for the National Recovery administration educational campaign here continued this morning when Homer Grant, colonel No. 1, and director of organization, named five majors to assist him. They are M. B. Hilburn, H. L. Allen, S. A. Wells, R. J. Murray and W. O. Daniels.

The majors are to meet with captains at 4 o'clock this afternoon in the chamber of commerce.

Electing Sam C. Arnett, bank president, as general and Mrs. H. F. Godeke lieutenant-general, a group of civic leaders at the chamber of commerce Monday afternoon selected "Lubbock under the Blue Eagle by Labor Day" as their slogan.

Every citizen will be urged to enlist under President Roosevelt's recovery program.

Homer Grant, construction company official, was selected as Colonel No. 1 to direct organization of the campaign; C. W. Ratliff Colonel No. 2 to direct publicity and Geo. Dupree, attorney, Colonel No. 3 of the speakers division and educational campaign.

Plans for enlisting a large number of volunteer workers to conduct a house-to-house canvass of the city to sign up housewives and others in consumers' pledges were made and personnel of the workers will be selected within the next two days.

Speakers Announced

Mr. Dupree immediately announced a list of speakers for his division and said they would begin with their talks today, a speaker appearing at the Lions luncheon at the Hilton to-

SENATOR HUEY LONG CLAIMS HE WAS "GANGED" DURING CHARITY BENEFIT

(By The Associated Press)

MILWAUKEE, Wis., Aug. 29—Senator Huey Long, of Louisiana, was wearing a scar over his left eye today, the only remaining evidence, he said, of an attack upon him by three or four men while he was attending a charity benefit at a place near Great Neck, L. I.

In a written statement which he gave out last night following publication in New York of a report that he had been punched while a guest at a fashionable Long Island spot, last Saturday night, the senator said he had been repeatedly threatened and warned that he might be attacked at any time.

Assailants Unknown

He said he did not know his assailants but that he had been trying for two days "to find out the persons who did the ganging."

The attack, he said, occurred in a wash room of a place—he said it might have been a night club, he didn't know—where he was the guest of "persons connected with the music composers and publishers." He had been there about twenty minutes when he stepped into the wash room, he said. As he approached a basin on the wall, he said he was struck from behind and, as he turned, one of three or four men hit him a glancing blow with a knife or "something sharp."

"Except for a cut scar high over the left eye nothing remains to show for the Saturday ganging," he said.

FORTY OTHER PERSONS INJURED WHEN GOLDEN STATE LIMITED PLUNGES THROUGH BRIDGE

CRACK ROCK ISLAND PASSENGER TRAIN TUMBLES INTO WATER-FILLED ARROYO THIS MORNING FIVE MILES WEST OF TUCUMCARI, N. M.

(By The Associated Press)

TUCUMCARI, N. M., Aug. 29.—Six bodies lay in a morgue here today, and 40 persons were being treated in hospitals and improvised first aid wards in hotels and private homes, following the wreck of the crack Golden State Limited trans-continental passenger train five miles west of here at dawn today.

The train plunged through a washed-out bridge into a water-filled arroyo, the engine and six coaches tumbling down the sides of the high fill into the gulch.

The east span of the steel bridge had been crumpled by a torrent resulting from heavy rains climaxed by a four-inch fall last night.

Engineer Is Killed

The only identified body was that of C. J. Crost of Tucumcari, the engineer. The other dead were three women and two men, all passengers in the first day coach.

Five pullman coaches remained on the bridge. The train was travelling about 20 miles an hour, railroad officials said, as it was feared the fill might have been weakened by the heavy rain.

A wrecker was sent to the scene from El Paso, and ambulances were called from as far away as Amarillo, 125 miles distant. The Golden State Limited is operated by the Rock Island over Southern Pacific lines west of Tucumcari, and over Rock Island lines east to Chicago.

James Randall of Tucumcari, fireman, first reported as missing later was rescued. T. F. Wheelock, mail clerk, the only man in the mail car, was among the group seriously injured.

Engine Under Water

The coaches are in the ditch alongside the fill on both the north and south sides, but are only partially in water. The day coaches carried 43 passengers. The engine is under water in the deepest part of the ravine. The mail car is on top of the engine and the baggage car is at a 45-degree angle to the track beside the mail car. The next car, a coach is crossways of the creek bed, partially on top of the baggage car and a pullman tourist sleeper is crossways of the creek. All are on the south side of the fill.

On the north side is a club car in the bed of the creek along with a standard coach which is on its side.

It is not known whether any bodies have been swept down in the torrent, or whether they are lodged in the wreckage. The engine crew runs from Tucumcari to Carrizozo and the train crew from Tucumcari to El Paso.

A special train was being made up here to take survivors to Dalhart.

AMARILLOANS UNHURT

INSULL DETENTION UPHELD BY COURT

ATHENS, Aug. 29 (AP)—The appeal court approved today the application for formal sanction of the detention of Samuel Insull, former Chicago utilities operator, in connection with American extradition proceedings.

Insull arrived shortly before the beginning of the hearing at 10:15 a. m., escorted by two plainsclothes policemen.

After his identity had been established, several questions were put to him regarding himself, his wife and son.

When asked about his nationality, Insull replied that he was British and was born in London, but acquired American citizenship in 1896.

He said he did not know his present status because the American government has cancelled his passport.

FARM LAW IS HELD VALID BY JUDGE

ACT IS JUSTIFIED BY EMERGENCY, CAPITAL COURT DECIDES

(By The Associated Press)

WASHINGTON, Aug. 29.—Justice Daniel W. O'Donoghue of the District of Columbia supreme court today upheld the constitutionality of the agriculture adjustment act.

Dismissing a suit for a temporary injunction which would restrain Secretary Wallace from enforcing the Chicago milkshed agreement, he declared the emergency justified the law.

To Appeal Decision

Attorneys Neil Burkinshaw and Nugent Dodds for the plaintiffs announced they would appeal the decision.

The suits were entered against Wallace by Milton R. Beck of Stickney, Illinois, and the Economy Milk company of Norman Park, Ills. Both are wayside station milk operators in the Chicago suburbs.

They contended that the Chicago milkshed agreement which places the price at 10 cents a quart would ruin their over-the-counter cash business. They now sell milk for 6 1-4 cents a quart.

Port Arthur Wins Drum Corps Event

WICHITA FALLS, Aug. 29. (AP)—The Port Arthur entry won first prize in the drum corps competition today at the annual convention of the department of Texas, American Legion. Mineral Wells took first place in the band contest.

All drum corps attending the convention paraded through the business district and prominent among the entertainers were the "Bonnie Lassies," a girls' drum corps from Hanson post, Amarillo.

Board Of Control Appoints Texans

AUSTIN, Aug. 29 (AP)—E. L. Hardin of Austin, was appointed by the board of control today to be superintendent of the Texas confederate home. R. R. Patterson, superintendent of the home for some time, was transferred to Waco to manage the home for neglected and dependent children.

Clark Wright of El Paso, secretary of the board of control for a number of months, was chosen as the state eleemosynary pay inmate collector, a place created by the last legislature for the purpose of collecting fixed charges for institutional care from patients who are able to pay.

Wife Questioned In Death Of Husband

SPOKANE, Wash., Aug. 29. (AP)—Two weeks after her wealthy husband, Dr. James I. Gaines, sportsman and drugless physician, was mysteriously shot to death, Mrs. Lily Banka Gaines was held in jail today "for questioning."

No charge was filed against her, Prosecutor C. W. Greenough said.

The decision to hold Mrs. Gaines was made after a four-hour examination last night by the prosecutor, Captain of Detectives James McCarry and other officials.

Members of the Dorcas society, another organization among women in Central Baptist church, also selected officers during the afternoon.

Mrs. John Puckett was re-elected president. Other officers are: Vice-president, Mrs. H. A. Harvey; secretary-treasurer, Mrs. W. L. Atkins; assistant secretary-treasurer, Mrs. J. M. West; reporter, Mrs. J. B. Wages. One new member attended with 14 other members. Plans were made for a bazaar.

Women in the Belle Bennett and Jane Bickley circles of Asbury Methodist Women's Missionary society met together for a business session at that church. Mrs. E. S. Fisher presided. Mrs. C. T. Jackson led a devotional.

Society business was discussed by members of the First Methodist Women's Missionary society in a meeting at that church. The president, Mrs. George R. Bean, presided. Mrs. Eugene Payne led the devotional.

Have Program, Also

Mesdames R. S. Williams, Allen T. Stewart and Charles H. Smith made talks on missionary work at a meeting of the First Methodist Mary Helm auxiliary and Jennie K. circle at that church. The program followed a business session attended by the two groups. Mrs. William Dingus led a devotional.

Meeting with Mrs. W. T. Rogers, members of Circle 1 in the First Christian Aid society heard talks on Bible women by Mesdames W. T. Milam and Mary F. Hinton Monday afternoon. Mrs. Lester E. Grimes led the devotional. There were seven in attendance.

Eighteen women attended a meeting of Circle 4 of the aid with Mrs. L. W. Squyres. Mrs. N. L. Benson was the assistant hostess.

Forty women attended a meeting of the Broadway Church of Christ Bible class. Mrs. E. L. Banks taught the lesson and Mrs. J. W. Wallace presided over the business session.

Mrs. C. W. Ratcliff was elected chairman of Circle 8 in the First Baptist society when members met in her home. Mrs. B. B. Ater was elected co-chairman, Mrs. J. R. Stratton was named secretary-treasurer, with Mrs. L. J. Akers as mission study chairman, Mrs. Annie Hailey as periodical chairman, and Mrs. Roy McCravey as publicity chairman.

Nine Women Meet

Mrs. J. E. Alexander, 706 Avenue W, was hostess to nine members of Circle 9 in the Baptist society. Mrs. J. M. Ford was program leader. She was assited by Mesdames William Lowrimore, Alexander and H. W. Cherry.

Circle 10 members met with Mrs. R. S. Wilkinson, 2430 Twenty-First street. Mrs. L. T. Vaughn taught the lesson. Mesdames O. J. Hull, S. A. Beard and Ada Whiteside were also in attendance.

There was a business session of the Calvary Baptist Women's Missionary society with Mrs. R. D. Harris, 2111 Twentieth street. Mrs. H. R. Sprawles led the devotional.

Trio Entertains In Schmid Residence

Thirteen tables of bridge were in play Monday afternoon when Mesdames Wallie E. Schmid, Waldo Trotter and W. A. Charless entertained in the home of Mrs. Schmid, 2806 Twentieth street. Garden flowers were arranged in the rooms.

High score went to Mrs. A. T. Biggers and Mrs. Hubert L. Allen scored second high. Miss Mabry Edens was awarded the traveling favor and Mrs. Tom H. Carter was high in a cut.

Satin's Smart

Black satin is one of the smartest things a girl can wear this fall. Combine it with white satin and you have something that is really ultra-smart.

Irene Bentley wears a chic new afternoon suit in black satin with a white bodice. The jacket isn't shown but it has large revers of white satin.

The drawstring neckline is very flattering as are the short raglan sleeves.

Merry Trio Hours To Be Changed

Meeting hours for the Merry Trio club Friday have been changed from morning to afternoon, according to the hostess, Mrs. C. H. Largent. The party will be from 2:30 until 5 p. m., although it was first announced for 9 until 11 o'clock in the morning.

Always keep two or three lemons in your kitchen. It's amazing how many ways they can be used to dress up the food you serve.

Jellies will not keep well unless stored in a cool, dark, dry place.

Fluffy Ruffles Win Stars' Fancy

JANET GAYNOR

By NEA Service

HOLLYWOOD—All the girls who can get away with it are going in for some fluffy ruffles.

None does it better than little Janet Gaynor. With a simple blue crepe sleeveless dress she wears starched organdy guimpes, with tucked and ruffled sleeves, a double collar of the organdy and ruffly jabots.

Others that have done themselves proud in this type of very feminine things include:

June Vlasek, lunching at Sardi's with Victor Jory, and wearing a blue and white dotted Swiss dress with a ruffled skirt and very big puffed short sleeves. Even her white pique coat had ruffles for sleeves and her white pique hat was a floppy picture one.

Jean Carmen, dancing at the Colony Club with Joel McCrea, wearing a light yellow taffeta dinner dress with large crimson, green and gray flowers printed on it, the dress made with ruffles all around the irregular decollete and having an old-fashioned "dust ruffle" around the bottom.

Frances Dee wears organdy blouses, even with a suit. Claudette Colbert likes her ruffles restrained but always has a touch of fluffy white stuff around the neck and arms of dark dresses. Heather Angel, lunching at the Brown Derby with her mother, wore a printed periwinkle blue cotton frock, very quaint with its fichu and short sleeves edged in pleated ruffles.

Arline Judge, dancing with her director-husband, Wesley Ruggles, at the Roosevelt Blossom Room wore a pale green starched lace dress, the skirt having a rippling, ruffly back treatment from waistline to hem, and ruffles around the neckline and sleeves. She wore a printed belt of highly colored flowers.

Baptist YWA Party Is At Lows'

Misses Joy Davis and Mozelle Low entertained Monday evening with a slumber party for members of the College Avenue Baptist Young Woman's auxiliary, at the Low home, 2215 Seventh street. There was a waffle breakfast for the group this morning.

Mrs. F. C. Stanley, counselor, presided during a business session of the group during the early evening. Members attending were Misses Jessie Wilson, Janella Hollis, Fay Odell, Elizabeth Blain. Visitors were Misses Margaret Huston, Ruth Stanley of Joshua, Guyrene and Dorothy Horton of Hurlwood.

P-TA Association Is To Sponsor Sale

Members of the City Parent-Teacher association are planning a sale of Lipton's tea in local grocery stores on Saturday. Proceeds from the sale will go into the treasury of the association to be used this winter in welfare work. Mrs. M. B. Hilburn, president of the P.-T. A. council, is directing arrangements for the sale.

First Cotton Boll Is Reported Here

O. W. Bates, cabinet shop owner of 2205 Eighth street, reported an open boll of cotton today.

The cotton, however, did not come out of a field. It was grown on one stalk which came up volunteer in Mr. Bates' garden. Knee high, the stalk has 19 green bolls and two open bolls.

Miss Marjorie Ragle Is Honoree

Complimentary to her guest, Miss Marjorie Ragle, of Ralls, Miss Helenoire Reynolds, 1306 Avenue R, was to entertain with a luncheon today. She was to be assisted by her mother, Mrs. J. C. Reynolds. Guests were to be Misses Gwendolyn McKinnon, Marian Hurmence, Earlene Abbott, Bessie Lee Ford, Nannie Margaret Overton, Mary Peek and Fayrene Booker.

Class Members Are At Party Monday

Members of the Friends class of the Calvary Baptist church attended a tacky party Monday evening in the home of Mr. and Mrs. L. J. Shell, 1920 Twenty-First street. Thelma Wood was judged to be wearing the tackiest costume. Others attending were Marguerite Jones, Elizabeth Aldrich, Ruth Mae Alred, Lorene Jones, Myrtle Lee Foster and Dorothy Mae Ralls.

Patsy Levy, Eleven, Is Given Party

As a compliment to her 11-year-old daughter, Patsy, Mrs. C. G. Levy entertained Monday afternoon with a party in her home. Those who were guests were Cartha Jean Fry, Sarah Beth Kimmel, Virginia Sue and Martha Lou Smith, Mary Mignon Stangel, Eula Frances and Virginia Fay Hayes, Turner Kimmel, Hugh Kenneth Fry, Stella Jo and Oran Sedley Levy.

Boiled custard, chilled, and poured over peaches or bananas, makes a delicious dessert.

REDUCTION OF WHEAT URGED

CUT OF FIFTEEN PER CENT DEMANDED BY FARM LEADERS

(By The Associated Press)

WASHINGTON, Aug. 29—The campaign to force a gigantic retreat in American wheat production was pressed with new vigor today by federal farm administrators whose adjustment program demanded a 15 per cent cut in plantings.

Secretary Wallace announced that this reduction in seedings of acreage for harvest in 1934 will be required of farmers who want to qualify for cash benefits from a fund of $120,000,000 being raised by a 30 cent per bushel processing tax on the grain.

Reduction Estimated

His administrators estimated that if most of the wheat farmers of the nation join in their plan, the reduction will mean a cut of about 9,00,000 acres in plantings and a reduction of more than 124,000,000 bushels in 1934 from the average production in recent years.

Simultaneously, they looked forward to completion during the day of the supplement of the London wheat agreement. This supplement covers the division of exports during the year which began August 1. Among the four major exporting countries—the United States, Canada, Argentina and Australia—with the United States getting about 47,000,000 bushels of the 560,000,000 bushel aggregate.

Drive Under Way

The drive to sign-up farmers on acreage reduction agreements was under way in the four chief wheat producing areas of the nation with the fastest progress made in the Southwest where many farmers hoped to complete their contracts promptly and wind up winter wheat planting.

Administrators estimated that improvement in the prices of wheat this year together with the benefit payments being offered may bring the total funds realized from this year's crop to $450,000,000. In making this estimate they counted on a $325,000,000 return on this year's 500,000,000 bushel crop and then added the approximately $120,000,000 available for benefit payments.

NRA MAJORS

(Continued from Page One)

by noon, Dupree named Robt. H. Bean as lieutenant-colonel of his workers. Speakers named by Mr. Dupree represent almost every phase of activity in the city. They were: B. Sherrod, County Judge E. L. Pitts, Carroll Thompson, principal of Junior High school; Cecil Horne, Miss Delia Wilkinson, Mrs. William Dingus, County Attorney Vaughn Wilson, Dr. W. A. Jackson, Tom, H. Evans, Dan Blair, K. N. Rapp, Vic Lindsey, Durwood Bradley, Dr. Jack M. Lewis, Garnet Reeves, Judge Clark M. Mullican, Bert Pinson and Dr. Frank B. Masse.

The speakers will appear at various civic clubs and organization meetings during the next two weeks, explaining the object and purposes of the recovery program. They are to be schooled in their talks by Mr. Dupree.

Davis Is Secretary

A. B. Davis, manager of the Lubbock Chamber of Commerce, who has compiled an extensive file on the recovery program, presided at Monday's meeting until Dr. I. E. Barr was named temporary chairman. Mr. Davis was selected as secretary.

Mr. Grant is to direct organization of workers and conferred last night with Mr. Davis and Dr. Barr on plans for the campaign. Workers are to be assigned to various territories over the city and will be supplied with consumers' pledge cards to be signed. A NRA emblem will be given every consumer signing the pledge.

Pledge To Be Signed

The pledge is as follows:

"I will cooperate in reemployment by supporting and patronizing employers and workers who are members of the NRA."

The emblems are the small stickers, suitable for window or automobile use. Volunteer workers will wear NRA buttons.

"With our volunteers army completely organized, as we expect to have it, we will need only one day to enlist every man and woman in Lubbock under the Blue Eagle," Mr. Grant said.

Approximately 700 business firms of Lubbock have signed certificates of compliance under the blanket code or their individual codes of NRA. Firms which have not signed, will be visited by the volunteer workers to complete dealer as well as individual enlistment.

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, Aug. 29. (AP)—Cotton opened barely steady, 3 higher to 1 lower with higher cables offset by southern selling. Oct. 9.64; Dec. 9.84; Jan 9.93; Mch 10.08; May 10.24; Jly 10.35.

Trading continued quiet after the call with narrow and irregular fluctuations. After selling at 9.84 December eased to 9.78, but offerings were light and prices held fairly steady during the first half hour. Active months were unchanged to 2 points net higher around 10:30 o'clock. There was some scattered southern and spot house selling during early trading, while the buying seemed to come largely from the trade and commission house sources. Both Liverpool and New Orleans bought here presumably on the differences. Notices representing about 2,700 bales were issued against September contracts, but without much effect upon the market. That delivery sold at 9.45 early, or 3 points net higher.

Trading continued quiet later in the morning. Prices sagged slightly following reactions from early advances in grains and stocks, but after easing to 9.80 for December, held fairly steady. At midday active months were 1 point higher to 3 points lower.

NEW ORLEANS REPORT

NEW ORLEANS, Aug. 29 (AP) — Cotton had a quiet opening today, but as cables were better than due and sterling was higher, first trades here showed gains of 6 to 7 points right after the start.

In sympathy with a slightly easier opening in stocks and some hedge-selling, October declined to 9.52 and December to 9.76, down 7 to 10 points from the opening and unchanged to four points down compared with yesterday's close.

Later in the first hour, prices had a moderate rally in sympathy with an upturn in stocks, October advancing to 9.56 and December to 9.80, up four points from the lows and net unchanged to four points up compared with the close of yesterday.

Trading was moderate in cotton all morning and prices gradually eased, due partly to lower stocks and wheat and also to more or less hedge-selling. October finally dropped to 9.39 and December to 9.62, down 21 to 23 points from the early highs and 14 to 17 points below yesterday's close.

Around mid-session the market was slightly steadier, recovering one to three points from the lows.

Stock Market

WALL STREET REPORT

NEW YORK, Aug. 29 (AP)—Stocks and staples started the day in an optimistic frame of mind, but a rather heavy selling flurry shortly after noon brought nervous and reactionary tendencies.

Although rail and utility equities displayed some resistance, many leading shares were off 1 to 8 or more points before support arrived for the retreating forces. The sharp sell-off was attributed largely to professional operations based on a drop in international dollar rates and softness of grain prices.

Cotton was hesitant and bonds mixed. At the height of the decline in stocks the ticker tape was about five minutes behind floor transactions. The proceedings quieted down, however, after about half an hour.

Alcohol issues, off 1 to more than 3, included National Distillers, Schenley, American Commercial Alcohol, U. S. Industrial Alcohol and Commercial Solvents. Allied Chemical slumped about 5 points and U. S. Smelting was down around 3. Santa Fe was up a point and Baltimore & Ohio was slightly higher. American Telephone, Case, U. S. Steel, Westinghouse, Chrysler, General Motors, Western Union and others were down 1 to around 2. Consolidated Gas and North American were fairly steady.

MONARCHISTS ACTIVE

Livestock Market

FORT WORTH REPORT

FORT WORTH, Aug. 29 (AP) — Morning bids on steers were a little lower here today. Other classes of grown slaughter cattle were steady. Bids were 25 lower on calves. Hogs gained 5 to 10 cents.

Cattle: 1,500; best steers held at 5.00; other values sell 3.50 to 4.25; heifers 4.60; yearlings 5.25; medium yearlings around 4.50; plain yearlings 3.50; fat cows, few, around 2.50.

Calves: 1,000; best calves held 4.50; bulk value sell 3.75 to 4.00.

Hogs: 3,500, including about 3,000 pigs for sale to the government; hogs 3.85 and 4.15; packing sows 2.75.

Sheep: 400; few bids and sales steady.

KANSAS CITY REPORT

KANSAS CITY, Aug. 29 (AP) (U. S. Dept. Agr.)—Hogs 21,000; steady; top 4.10 on 190-210 lbs.; good and choice, 140-350 lbs 3.10-4.10; packing sows 275-550 lbs 2.00-85; stock pigs, good and choice, 70-130 lbs 2.75-3.25.

Cattle 6,000; calves 1,000; beef steers, yearlings and fed heifers, slow, weak; other classes steady; steers, good and choice, 550-1500 lbs 5.00-6.50; cows, good, 2.85-3.50; vealers (milk-fed), medium to choice, 3.00-6.50; stocker and feeder steers good and choice, 4.00-5.50.

Sheep 4,000; lambs 15-25 higher; sheep steady; lambs, good and choice (x) 90 lbs down, 6.25-75; yearling wethers, medium to choice, 90-110 lbs 3.50-4.50; ewes, good and choice, 90-150 lbs 1.75-3.00.

(X)—Quotations based on ewes and wethers.

Grain Market

CHICAGO REPORT

CHICAGO, Aug. 29 (AP)—A little scattered buying pulled wheat prices slightly higher at the opening today, but the gains were quickly erased.

The buying was apparently based on the announcement by the secretary of agriculture that the 1934 wheat acreage would probably be reduced 15 per cent.

Opening 5-8 to 1 3-8 cents higher than yesterday's finish, wheat quickly lost all the gain. Corn started unchanged to 1-2 cent lower and later weakened further.

Brothers Will Not Tolerate Robbers

TRENTON, Tenn., Aug. 29 (AP)—The Bradshaw brothers refuse to tolerate bank robbers.

They've been to "tough" about it that 34 bank robbers have been put behind penitentiary bars in Tennessee and other states as a result of the efforts of Guy and Aubrey Bradshaw.

Guy is the Gibson county sheriff now. Aubrey, his older brother, served two terms as sheriff. Emmett Bradshaw is chief deputy and jailer.

Among them they solved robberies in Gibson, Benton, McNairy and Crockett counties in this state and they've aided in the solution of a half dozen robberies in other states.

TRADE ENERGY

ed through the processing taxes and other sources, with the first checks going to cotton growers who plowed under their stalks and buried opening bolls.

Cotton growers in the next few weeks will get $100,000,000. Wheat farmers who cut down their production, this fall will receive up to $136,000,000 in maximum estimates, but at least from $70,000,000 to $80,000,000 if only seven or eight out of every ten growers come along.

Since July 1, the agricultural adjustment administration has drawn on the treasury for $6,905,789, largely for administrative salaries and expenses of organizing the cotton and wheat reduction campaigns.

As an aid to the hog raiser, about $52,000,000 will go out for pigs, with $9,000,000 of the total to be paid by the emergency relief administration, which will use the ham and bacon in its relief activities. To date, relief has cost $141,634,549 in grants to the states and territories.

Since July 1, the civilian conservation corps has called on the treasury for $40,865,283.

The Tennessee valley authority, $50,000,000 in its pocketbook for the Muscle Shoals-Tennessee basin and industrial development program, will scatter its spending over the next few years. So far, it has cost $275,000, largely for the administrative salary bill.

Of the $200,000,000 which the home loan bank board and corporation have to ease the mortgage pressure, little has been spent thus far.

Up to July 29, the Reconstruction corporation—set up by President Hoover to combat emergency stress and carried on by President Roosevelt with its relief and building activities transferred to other agencies—had made cash advances aggregating $2,819,136,788 during its entire career.

Banks borrowed $1,221,878,164 in cash actually disbursed, as compared with loans of $1,496,073 authorized. To date, they have repaid $545,072,969. Nearly as much went to railroads.

For crop loans in 1932, the corporation sent $64,000,000 to the agriculture department, adding $56,770,000 in 1933 for the same use. It supplied $47,070,000 to the treasury to buy home loan bank stock.

BRADLEY BACK AT POULTRY STATION

(Special To The Journal)

LEVELLAND, Aug. 29.—Free in bail of $2,500, V. L. Bradley, 53, charged with murder, was in his produce station here today.

Prior to his release on bond in Lubbock late Monday, Bradley was reported to have been warned against returning to Levelland, but Carl E. Ratliff, his attorney, said no "trouble" was anticipated.

Sheriff Tom Abel of Lubbock county this morning said two Levelland men went to Lubbock to tell Bradley of "possible trouble." The men said they had not learned of Bradley's release.

District Attorney Daniel A. Blair said he was surprised to learn of Bradley's release on bond and declared, "The setting was without knowledge or approval of the district attorney's office."

Bradley was charged with murder after Tom Lattimer, a waterwell driller was shot and killed here late Saturday.

Lubbock Shares In Highway Lettings

Lubbock county shared in emergency contracts let yesterday by the state highway commission.

Cocke and Braden of Marshall received contract for 6.8 miles of caliche base and triple bituminous surface from Idalou to the Crosby county line on highway No. 24, the Associated Press reported. Contract price was $57,603.

Contract for 17 miles of grading and drainage structures from Lamesa to the Lynn county line on highway No. 9 was let to C. M. Huddleston of Crosbyton for $13,694.

Cuban President Signs First Act

Magistrates of Cuba's Supreme Tribunal were witnesses to one of the first official acts of President Carlos Manuel de Cespedes when, as shown here, he signed the Act of Possession, establishing the new government. The figure in white uniform is General Enrique Loynaz del Castillo, Havana's new chief of police.

"Heil Hitler!" New Slogan In Germany

MAINZ, Germany, Aug. 29 (AP)—No more do they say "Guten Tag" and shake hands on Mainz streets, for the city council has decreed that all good burghers must raise their right hands in greeting and say "Heil Hitler!"

The edict applies only to those of "pure Aryan ancestry."

Failure to comply will be regarded as indicating disagreement with the new order.

NEW DISCOVERY FROM COW ENDS LAXATIVE SLAVERY

As you know, cows are seldom constipated. So medical men have recently studied the cow to find out how to stop chronic bowel delay. The result is a new *natural* product, taken from the livers of cattle, that corrects the stubbornest constipation easily—*without any necessity of harsh, habit-forming laxatives or physics.*

There is no need to tell you that most constipation is due to a sluggish liver. The liver manufactures a liquid called the bile, which is Nature's own purgative. When not enough bile flows into your bowels, you are constipated. Yet ordinary physics and laxatives never touch the liver or start the bile.

Now scientists have taken the bile from cattle and put it up in little tablets called Kompo and Bile Salts Tablets. They quickly get your own liver working *right.* If you want to stop constipation entirely and quit taking habit-forming physics and laxatives, get Kompo Tablets from your druggist today. Results guaranteed *or every cent back.*

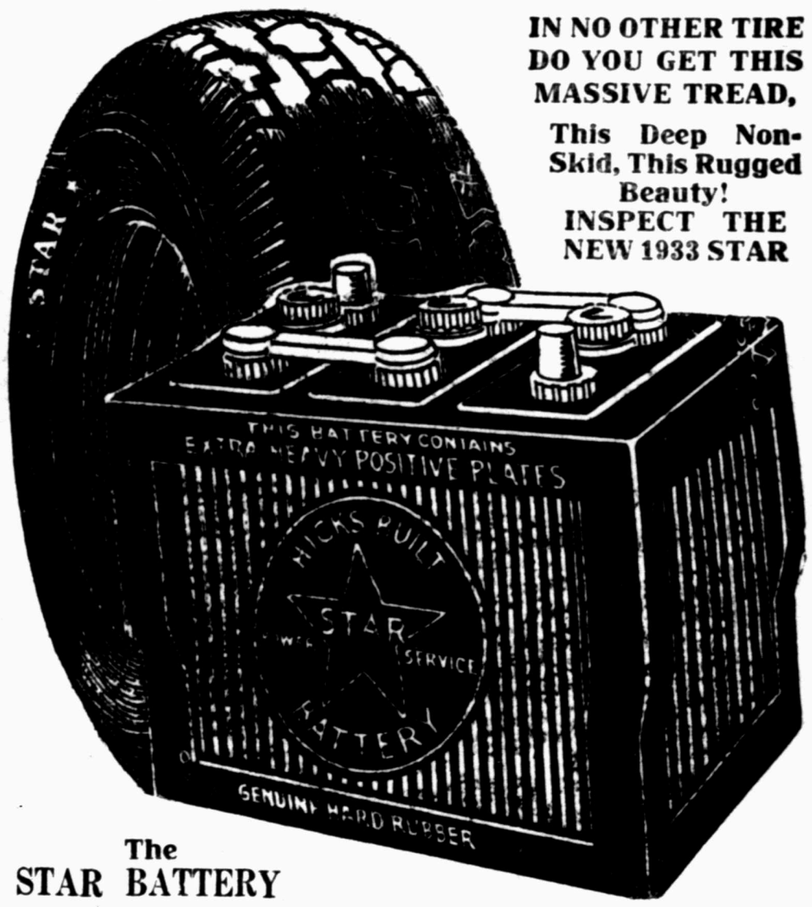

SPECIAL FREE OFFER: Clip out this offer and mail it to us with your name and address and a small trial package of Kompo Tablets will be sent you absolutely FREE. Kompo Company, Dept. R31, Atlanta, Ga.

Thought For Today

Hatred is the madness of the heart.—Byron.

Ex-Con Makes Good

It is ordinarily said that the ex-convict has a hard time going straight because law enforcement agencies keep too close tabs on him. He gets "persecuted," hounded, trailed from job to job by policemen who never give him credit for a desire to reform.

Sometimes, perhaps, all of this is quite true. But there are exceptions, and they make refreshing reading.

The most recent exception is the case of Paul Maxim, who escaped from the Ohio reformatory six years ago, drifted west, educated himself, got a good job and established himself as an honest, law-abiding citizen. A few weeks ago he was discovered, arrested and sent back to Ohio; but when the story of his rehabilitation was told, the Ohio governor gave him a full pardon and his employer invited him to come back and go on with his job again.

Here, at least, was one case in which a man trying to live down his past is getting honest co-operation, and not persecution, from society.

Dancing masters meeting at New York recently introduced a new step called "the Nira" in honor of the NRA movement. Probably it is one in which everybody is supposed to put his best foot forward.

Mid-summer sales have reduced the prices of bathing suits, says an advertisement. Yes, we've noticed that a lot of folks are buying them for a ridiculous figure.

Enterprising dealer in Kansas City is offering free fire insurance with every radio set installed in auto. That's a mighty big risk to take in these days of so many hot tunes.

"I've never lost a fight since I've been married," Max Baer, heavyweight contender, tells a Los Angeles interviewer. In the prize ring, we presume.

There's really nothing new in this NRA suggestion that women are entitled to men's pay. Wives have gone on that theory all along.

Most traffic courts dispense justice. Those of small town "speed traps," however, merely dispense with it.

EVER alert to keeping alive the spirit of the old Southwest, El Paso is sponsoring an amateur rodeo for young men and women of the ranches of this area on September 2, 3 and 4.

'Dusty' Waller, manager of the El Paso Hilton, is managing the event for the El Paso Chamber of Commerce and he promises plenty of good prizes for the two-times-a-day event.

* * *

Many a South Plains cowboy and many a ranchbred girl of this section long has wished for an opportunity to enter a good rodeo but have felt there was no use 'bucking' professionals for prizes.

The El Paso event offers the opportunity and is a chance for some of our own riders and ropers to carry off the bacon.

HAS anyone in Lubbock a pedometer he'd let The Plainsman borrow for about a week. We want to settle a little private argument down here at The Journal.

In some of the larger newspaper composing rooms of the country, 'floor men', that is, the printers who 'make up' or put type in the page forms, have been carrying pedometers to see how far they walk. The average per 7 1-2 hour day is about four miles.

* * *

Roy Watts, mechanical superintendent down here at the office, figures he walks about five miles when he is on 'make up', and maybe he does.

But The Plainsman argues that if he walks five miles, Tony Borho, the night foreman, walks seven. Mr. Borho, a noted linguist who speaks English, German and profane all at the same time, happens to be of the type who wouldn't stand still even if he didn't have anything to do.

There should be some pedometers in possession of some of the Boy Scouts and The Plainsman sure does want to settle the argument.

Who'll lend one?

* * *

E. W. Marland, onetime multi-millionaire and head of the vast domain which bore his name but who was 'taken for a ride' by New York financial buccaneers, made a simple statement the other day.

"I would like", said Mr. Marland, now a member of congress, "to be governor of Oklahoma. I will not be coy or indefinite about it".

And he went on with an announcement of his candidacy.

* * *

Just the other day Lubbock was host to two widely known, popular and affable gentlemen clearly identified with state politics.

They were Lieut. Governor Edgar E. Witt, of Waco.

And Congressman Joseph Weldon Bailey, of Dallas, son of the late United States Senator from Texas.

But they hadn't anything to say about their political plans; nary a drap, as it were.

* * *

NOW there is no secret to the fact that Mr. Witt has an eye on the governor's chair and is planning to make the race.

Neither is there any secret to the the fact that young Mr. Bailey looks longingly toward the Senatorial post now held by Tom Connally and is thinking about making the race next summer.

But neither Mr. Witt nor Mr. Bailey "had any idea about politics".

They said so!

* * *

They might just as well have said:

"Yes, I'm planning to run. Of course, it is a year before the next primaries and any one of a number of things might make me change my mind. But as things stand now, I'm figuring on getting into the race".

* * *

JIMMIE Allred, Jim Ferguson, Tom Hunter and the rest of the boys who may be in the gubernatorial race all know Lieut. Governor Witt is feeling the political pulse and for months has been on the qui vive as regards the state's executive office.

Tom Connally, Jim Ferguson and whoever else might get into the Senatorial race also know that Congressman Bailey has not been stumping the state for his own amusement and that his friends are after him to "choose" the junior United States Senator next summer.

There's no deep, dark secret connected with candidacy in Texas politics.

The boys might just as well break down and confess!

DOWN at Sweetwater the drug stores have all signed the NRA code and are operating under it, just as they are here. But they've made another agreement of their own and have tied it into the code there.

On the windows there appears a sign:

"Under the NRA. No curb service in Sweetwater".

* * *

Curb service is something that has never bothered The Plainsman, in-as-much as only occasionally some lady, used to getting everything from a coke to a piano brought to her car by honking the horn, honks in front of this office to turn in a news item or classified ad.

But it is a feature of service very greatly abused—and which holds up the overhead of many a business.

It's gotten so that even big, strong men park in front of a store and squawk for a package of cigarets to be brought out to them.

That's a lot of hooey—and the poor merchant thus imposed upon must say a few words under his breath when that happens.

Labor, Not Steel, Revealed As One That Held Out In The Last States Of NRA Hearing, Asking Higher Wage Minimum

BY RODNEY DUTCHER
The Evening Journal's Washington Correspondent

WASHINGTON, Aug. 29.—Inside facts on the early morning steel code agreement:

Labor, not Steel, held out in the final stages, vainly seeking higher minimum wages and fewer differentials.

Steel men conceded virtually nothing except the eight-hour day.

Dutcher

The hardest-boiled steel man proved to be President Eugene Grace of the Bethlehem company. The stubbornest labor leader was President Green of the A. F. of L., still smarting under refusal of steel men to meet him.

Roosevelt desired no test of strength between NRA and Steel. It would have meant a mess at a critical time and a serious court fight such as the administration doesn't want. Bringing Steel under a code seemed the biggest thing.

• • •

Big Fight On Coal Code

Labor, with administration backing, preferred to stage its big fight with Coal. It is strongly organized in that disorganized industry, though Coal exhibits the blackest spots of labor oppression.

Labor felt Coal could be made to recognize the United Mine Workers in its code—a tremendous victory—as part of Roosevelt's plan for cleaning up that industry.

The four big coal groups are those dominated by Rockefeller, Mellon, Morgan and Ford.

New Citizenship Oath

Secretary of Labor Perkins plans to revise the controversial section of the citizenship oath which requires applicants to promise to bear arms for the country if occasion arises. Several conscientious objectors, including Rozika Schwimmer and Professor McIntosh, have failed in court attacks on that section.

The oath will be so changed that they need only promise to assume the same duties and obligations as other citizens.

Glass Wouldn't Forgive

Senator Carter Glass is in France for his health. The best Glass story tells how Couzens of Michigan, after the clashes at the Morgan hearing, asked Carter to shake hands and forgive everything.

Glass didn't click on that and Couzens reminded him that the Bible counseled forgiveness of enemies.

"It tells you to forgive your enemies, Jim," replied Glass. "But it doesn't say anything about forgiving your friends."

That Hull-Moley Feud

The State Department seems generally pleased at Professor Moley's departure following his London conflicts with Secretary of State Cordell Hull. Hull is the most popular secretary, among Foreign Service men, within memory.

Fuller reports on what happened at London behind the scenes reveal more bitterness between Hull and Moley and other delegates and Moley than anyone here had imagined. Hull had certain friends and admirers who were able to tell him what Moley was cabling to Roosevelt. At least one subsequent Hull-Moley conversation was sulphuric.

An Orphan Child

The idea of armed American intervention in Liberia seems fantastic, but American officials there have raised it as a threat against Liberians who balk at signing a League of Nations reconstruction plan.

Critics, who say this country is engaging in its worst venture of imperialism ever, charge the plan would virtually deliver Liberia to Harvey Firestone, who has a 90-year rubber development lease on 1,000,000 acres and pays six cents an acre for land the League report says is worth 50 cents.

Under The Capitol Dome

BY R. W. BARRY
Associated Press Staff Writer

AUSTIN, Aug. 29 (AP)—Dyke Cullum of San Antonio has been given the important assignment by the Mexican National Association of Brewers of cooperating with American officials to eliminate smuggling and exportations of Mexican beer into dry territory and to insure compliance with American customs regulations.

Through Cullum, Mexican brewers have promised that their exported beer would not exceed 3.2 per cent alcoholic content, the maximum set by the United States congress as the line between intoxicating and non-intoxicating beverages. Cullum also promised on behalf of the Mexican brewers that they would not sell their product to residents of states that had not legalized 3.2 per cent beer.

Would Move Plants

Cullum said some of the Mexican brewers had expressed a desire to move their plants to the United States.

Mexico now is exporting beer into California, Arizona, Oklahoma, Missouri and Louisiana, Cullum said. He said Mexican brewers believed Texas would become the largest market.

Cullum said Mexican beer is made principally from Texas products. He pointed out that the cost of brewing beer was only 1 per cent of its sale price. Texas silica is used in making the bottles, Texas and Louisiana supply the cardboard for the cartons in which the beer is shipped and rice and barley are imported from Louisiana and Texas he said.

THE PLAINSMAN GETS SOME MAIL

CITY MAN SAYS DRY VOTE TO AID BUSINESS

Dear Plainsman: Thank God and take courage should be the thought and attitude of every business man in Lubbock and on the South Plains. Now that the smoke of the battle is clearing away, and we have found out the choice of the people, we should look for the things that will unite us into one band of friendship and brotherly love. Before the election on Aug. 26, some of us were so blinded by the propaganda that was being broadcast by the Associated Press, (which is evidently controlled by the brewing industry) that we could not think of a single good result that could possibly come by our remaining bone-dry. It may be that we can think more clearly on the subject since the cobwebs are swept from our eyes. If we have been brooding over the possible loss of the volume of business which we have been persuaded to believe we would lose, why not try to think of some reasons why we may expect an increase in business because we remained dry? There are any number of reasons why I think it will give us increased, in place of decreased, business, but I will only state two of them, and if we will allow these to dwell in our minds, they will perhaps inspire us, I believe, to give proper thought to the subject thereby creating within us a new desire to seek the better things, and see more reasons in favor of our bone-dry law.

First, the fact that this great plains area remained dry will attract the interest and attention of plenty good families throughout the vast expanse of our Lone Star state, and cause them to move their families to this section of the country where decent people desire to live and rear their children. It is not unreasonable to suppose that many will become so disgusted with the sin and debauchery that always exists where drinking is permitted, that they will seek other places to live. Just as the animals and insects always seek higher ground when the tide rises, so will a large number of good people of Texas seek higher, (and dryer) quarters when the breweries of the state open the faucets and allow the amber fluid to flow in alarming quantities to inundate the homes of the people of Texas. Where will they go? May I ask, where else in all Texas could they find a territory so widely protected from old John Barleycorn as the South Plains? With the farmer coming to till the broad stretching acres of the plains, the manufactures coming where sober employees may be hired, and industries of every description doing likewise, we may expect a gigantic increase in population within the next few years. An increase in population invariably brings with it an increase in business. This prophetic increase in population will not be the ruthless, shiftless, law-dodging kind, but will be wholly the substantial type of people that we will be glad to welcome to the confines of our dry section of the state. They will be the home-building, high-minded, law abiding citizens. What would add more to the substantial growth of our country than this kind of people?

The next thing I mention is our school as a reason to expect increased business. There is no question in my mind but what Texas Tech will experience a greater influx of students than they will be able to care for. If I lived down state, and could not move to Lubbock, and wanted to send my girls to school, I am sure I would choose a school where the local people were making it possible for them to live without the horrible sight of drunkenness. It may be that there are state schools so situated in other parts of the state, but I doubt it. I do know Texas Tech offers these opportunities, and I for one, would patronize that kind of institution. I believe there are any number of parents in the state who feel the same way about it. An increased enrollment means increased business. Students must have places to live. Our local people must provide these places. More business for the furniture dealer. They must eat. Additional volume for the grocer. They buy a large percent of their clothing in Lubbock. So it is with all their necessities of livelihood. It means nothing short of increased business

All this 'beer prosperity' we have had thrust upon us would have been only a temporary proposition anyway. God never has, nor never will, permit any people to prosper very long at the time who forsake the ways of righteousness. Remember, "Righteousness exalteth a nation: but sin is a reproach to any people". Prov. 14:34. Thank God for the conviction of the people on the South Plains, and for the courage of expressing themselves on such important questions.

T. C. Lamb,

Lubbock, Texas.

SPORTS

SPYING ON SPORTS

BY COLLIER PARRIS

City Open golf tournament activity reverts to Meadowbrook tomorrow, following completion of first round matches today. Those golfers accustomed to Meadowbrook's shorter range and faster greens likely will make it very high indeed for some of the country club hotshots. It's a good thing to practice around on various courses, not spend all of one's time on the home course. That's the reason Manson Allen has done so well this summer; he's played on the course about as much as the other.

• • •

At this writing, we don't know the results of all first round battles, because some of 'em won't be in until late this afternoon. We were particularly interested, however, in a first round match yesterday in which little Rufus Bradshaw, 12-year-old Lubbock Country club caddy, starred. It was a fourth flight match, and Rufus The Caddy won it by a comfortable margin. True, he didn't have much of an opponent, as Jay Harston and T. E. (Pat) Patterson will testify, but the 89-pound kid, brother of Kay Bradshaw, one-time City Open champion, now pro at Ruidoso, is a neat little golfer. Swinging clubs as long as his own body and carrying a bag nearly as heavy as himself, he nonchalantly smacked that agate from here to yonder. His form was nothing to brag about; he weaved considerably, didn't keep his head still, didn't wear calked shoes, his clubs weren't matched and there were times when he didn't hold his mouth right—but he smacked 'em down the middle 200 and 225 yards, was deadly with approaches and putted like Tommy Armour, and the match ended on the 14th hole while his opponent was chasing his ball from one valley to the other. So another flock of theories is exploded.

• • •

This writer's faith in theories suffered somewhat of a setback several weeks ago at Ruidoso. There was an old codger there, 72-year-old ranchman who did his practicing on a one-hole course back of the horse barn with cotton seed hulls covering a green. But on the course, he was awow. He smacked 'em far and approached well. His arithmetic wasn't so good when it came to adding up his own scores, but otherwise he was a demon. And his form terrible? He stood on the side of the tee box and bent over until he was almost horizontal, and it should have been a sandhouse slice every time. He talked while he played, and talked to his opponents while they were shooting. He wiggled and waggled, spat tobacco and wore a ten-gallon hat to set off a pair of 1916 knickers and red striped hose. He didn't address his ball—he spat at it—and his stance on all shots was something for the comic page. But he beat us almost as badly as Rufus The Cady did.

• • •

Joe Kirkwood, world-famous trick shot artist who campaigned for ten years in all the big tournaments and finally won the Canadian Open the other day, is another nonbeliever in all the theories that go with golf. And he can play exhibitions with the best of 'em. In a recent article supposed to have been written by him, the Australian wizard discounts all the professional teachings and expert theories propounded by literary pros dealing with keeping your eye on the ball, stand 3 feet, 4 and 5-4 inches from the ball with a No. 3 iron, holding your left big toe steady, combing the hair just right and setting the teeth at a certain angle. We'll quote Kirkwood for the nonce:

• • •

". . . I still think this golf game's mechanics are over-emphasized . . . It's the human element that counts. There may be decided differences in form, but if the form is steady and if a fellow isn't burned out by the time he reaches the championship he can play places. Say what you will, it's not the noticeable differences in the methods or the fighting caddie' temperament that wins tournaments; it's nerve control. I've seen fellows with al the stomach' in the world—men that didn't have the slightest wee bit of fear in desperate danger—rattle their hands like crapshooters when they have had crucial putts to make. I don't. This routine of trick-shot making has developed the nerve control so a championship is just another round of golf. But at putting . . . ah, woe is me!"

This isn't intended to discourage the beginner or the veteran who has finally learned what color socks should be worn when facing an important match, nor is it aimed toward discouraging golfers from listening attentively to the instructions offered by pros. Every man and woman who plans to play golf should start by taking a flock of lessons from a competent pro—and we have a couple of such men in Lubbock—and after that they should revert to the pro for special advice when something is plainly wrong with the game.

FAVORITES IN LOCAL OPEN ADVANCE

FIRST ROUND MATCHES SCHEDULED TO BE FINISHED TODAY

With scarcely an upset, more than half the large field of 64 golfers completed first round matches yesterday in the annual City Open golf tournament.

The youngsters from Meadowbrook and Country club, Manson Allen and John D. Munn respectfully, did not play first round matches yesterday. Two days are allowed for each round, and the championship favorites are scheduled to meet tough opposition today.

Bussey Beats Nail

Clinton Bussey, who qualified with a 69, swept through his first round match with Carl Nail, another Meadowbrook player, 4 and 3; Cotton McAfee, runner up to Manson Allen in the recent Lubbock Country club invitational, downed Francis Finberg, Country club, 6 and 5; Bays Bryant, tournament medalist with a par-smashing 64 at the Meadowbrook last week, stayed with his good game to defeat Sid Thrash, another Country club ace, 2 up, and T. H. Buckingham, Country club, downed Roy Hall, Meadowbrook, 5 and 3.

In the only other championship flight match played yesterday, Buster Fluke defeated Howell Young, Country club caddy, 1 up, in the tighest match of the flight. Young, who set a new course record at Meadowbrook on the front nine with a 28—seven under par—during his qualifying round, coming in with a 40 for a 68, was slightly favored to beat Fluke, but there was little excitement over the outcome.

Edmisson Meets Allen

John Edmisson, defending champion, is scheduled to meet Manson Allen today in a first round match. Allen, proving the most popular of the field according to pre-tournament gossip and cash exchange, rules a favorite to beat the Country club ace, but galleryites anticipate a hectic match.

John Munn, winner of the recent Ruidoso tournament, second in the wagering, is scheduled to meet Alfred Holton, another caddy, in his first round match. Munn qualified with a 69, Holton barely making the championship flight with a 76.

The other unplayed first round match in the championship flight lies between Jo Dick Slaughter, par-pounding Country club ace, and Joe Bihl, sensational little golfer from Meadowbrook.

Play continues today at Lubbock Country club, all first round matches to be played there. The field turns back to Meadowbrook Wednesday and Thursday for second round matches, and first round consolation matches. Meadowbrook also is the scene of the semi-finals, set for Friday and Saturday. Finals in all flights and in consolations are booked for Lubbock Country club, over the 36-hole route, for next Sunday.

Battles In Other Flights

All but two first round matches, in the second flight were completed yesterday. Howard McIlroy lost to V. O. Jennings, 1 up; Otis Felty downed Frank Wright, 3 and 2; D. A. Dowell defeated Jess Lockhart, 7 and 5; Weldon Counts, Country club caddy, defeated O. K. O'Kelly, 6 and 5; Ted Tipps defeated J. W. Branch, 8 and 6 in the most decisive match played, and Lee Jones eliminated T. E. "Pat" Patterson, 2 up.

Guy Minatra and Charles Moore are to play today in the upper bracket of the second flight, and E. W. Trotter is matched with Ross McWhorter in the lower bracket of the same flight.

Three third flight matches were completed yesterday. F. L. McRee defeated W. D. Girand, jr., 5 and 3; Buster Honey eliminated Jay Harston, 3 and 1, and Bill Briscoe downed Ed Hambright, 5 and 4.

Pairings for today in the third flight are : Walker Stanton vs. S. I. Fluke; W. D. Girand, sr., vs. Bob Harvey; Pierce Magee vs. R. V. Sandler; C M. Chandler vs. W. F. Helwig and Windy Watkins vs. Seth Bertram.

Four fourth flight matches were played on the first day. A. C. Jackson defeated E. A. Shepard, 4 and 3; Rufus Bradshaw downed Collier Parris, 5 and 4; Anthony Borho defeated Jimmie Alls, 3 and 2 and Tom Ball downed Ray Mowery, 2 and 1.

Matches today in the fourth flight: Herman Patterson vs. Lefty Bettes; J. B. Acton vs. F. D. Brown; M. E. Heard vs. Carl McCarty and Stancy Bagwell vs M. C. Looney.

Westerners Are To Report Today

EARLY PRACTICE WILL BEGIN TOMORROW FOR HIGH SCHOOL TEAM

Between 40 and 60 boys were expected to report at the Lubbock High school gymnasium today where Coach Weldon Chapman was to supervise the issuing of football equipment, indicative of the arrival of another gridiron season.

Early practice, or the fall training period, will be inaugurated tomorrow afternoon, Chapman said yesterday. Players are to report at the Fair Park practice field tomorrow for the first workout of the season.

Big Spring Here First

The season starts September 22 when the Westerners meet the Big Spring Steers in a night game here. The following week-end will find the Ranger High school team here for a night engagement. Class A teams make up the schedule this season, as Chapman departs from former customs of playing Class B teams in "warm up" games.

Three letter men, only one of them a regular last year, are expected to report for 1933 service. Rufus Ryan, regular quarterback last season, is the only returning veteran who occupied a regular place in the lineup. Rayburn Hale, substitute quarterback, and Raymond Billings, substitute or reserve halfback, are the other letter men. Of last year's reserves, none of which lettered, are Edgar Doherty, big tackle, and Waymond Newton, who alternated at end and fullback.

Schedule Is Changed

Change in the schedule was announced yesterday. Ranger originally was scheduled to meet the Westerners in the first game. These dates were changed at the request of Coach Obie Bristow of Big Spring and Coach Chapman was favorable.

One date, November 3, remains open. After that come three District 1 contests, Plainview at Plainview on November 10, Pampa here November 18 and Amarillo Sandies at Amarillo on Thanksgiving.

Sweetwater, Abilene, Borger and Austin High of El Paso are other schools to meet the Lubbock football team this fall. The Westerners go to Sweetwater October 7, and to Abilene on October 14. Borger comes here for the first conference game on October 21. The El Paso team invades Lubbock October 28.

FOURTH YACHT RACE TODAY

DEFENDING CHAMPION DISQUALIFIED ON FOULING CHARGE

LONG BEACH, Calif., Aug. 29. (AP)—Tossed by official winds which had blown unfavorably for Movie Star 2nd, The Defender, and two other sloops, the 16 skippers in the International Star Class yachting championships here prepared uncertainly today for the fourth sailing of the series.

With startling suddenness yesterday, the racing officials disqualified Eddie Fink, the defending champion, for fouling Paul Shields' Gull in the second of the races Saturday, shunting him from first to sixth place in the point standings with only two races to be run.

Other Fouls Claimed

At the same time the committee ruled that Shields' sloops had fouled the Movie Star 2nd in Sunday's contest and that the Cent, sailed by Charles Ross of Seattle, had fouled the Seaward of San Diego, Calif.

As an outcome of these decisions, the Three Star Two, Glenn Waterhouse's San Francisco bay representative, was automatically hauled up into first place with a total of 37 points, followed by the Neried 2nd of Galveston bay which had amassed a total of 36 under the revised figures.

The committee and competing pilots were divided on the question of whether the Movie Star 2nd, actually had been responsible for the mixup on the leeward marker. Movie Star 2nd and the Gull, from Shelter Island, N. Y., had not actually come in contact at the turn, all were agreed; but some contended Shields was forced to luff up in order to avoid collision.

As a result of the confusion the committee met again last night, but the long session behind closed doors failed to result in an announcement.

PROSPECTORS ACTIVE

ST. JOHN'S Newfoundland (AP)—An active search for gold is being pressed in Labrador. Opened to gold prospectors last fall, nearly half of the 22 concessions are being investigated by field parties. Little colonies are appearing in Labrador's lonely hinterland.

TO PLANT EVERGREENS

INDIANAPOLIS, nd. (AP)—Fifty thousand evergreen trees are to be placed in Indianapolis public parks and golf courses this fall. The trees were grown in the city nursery at an estimated cost of five or six cents each.

Matt Rundquist, founder of a general store at Royal, Neb., personally handled 9,360,000 eggs from 1913 until his death this year.

ENGLISH CHANNEL IS CONQUERED BY MANCHESTER GIRL

DOVER, England, Aug. 29 (AP)—The English channel was conquered for the first time this year today when Miss Sunny Lowry, 22-year-old Manchester, England, girl, arrived at South Foreland after swimming from Cape Gris Nez, France, in about 15 3-4 hours.

She landed, still going strong, at 10:15 a. m. (4:15 a. m. E. S. T.). She started at 6:36 p. m. Monday (12:30 p m. E. S. T.).

Three other swimmers, one of them the American Charles Zimmy, a legless aspirant to channel honors, started a race across the channel for the Dover Town gold challenge cup.

The others are Mercedes Gleitz, an Englishwoman who first swam the channel in 1927 after eight failures, and E. H. Temme, another Briton, who in 1927 did the distance in 14 hours, 39 minutes.

The Dover cup will be awarded the man or woman who swims from Dover to France in the shortest time this year.

DENSON AND MUNN WIN AT ABILENE

Paul Denson and John D. Munn, professional and ranking amateur at Lubbock Country club, returned home yesterday from Abilene after a scheduled exhibition match there Sunday afternoon.

The Denson-Munn team defeated Bob Byrnes, professional at Abilene Country club, and Carnes Wilson, youthful winner of the 1933 West Texas Golf association tournament championship, 2 and 1.

Munn and Denson had a low ball score of two under par for the 18-hole match. Byrnes and Wilson shot even par.

Denson announced yesterday that a return match between the teams would be played at the Lubbock Country club Sunday, Sept. 10.

While in Abilene, Denson and Munn were guests of Mr. and Mrs. Lane Denson, formerly of Lubbock.

Residents near the Newton woods, Cass county, Michigan, believe an elm 150 1-2 feet high and more than 24 feet in circumference three feet above the ground is the largest in the state.

FORMER GIANT RETURNS TO BEAT TEAM

O'FARRELL SWATS TWO HOME RUNS TO SNOW UNDER LEADERS

BY EDWARD J. NEIL
Associated Press Sports Writer

There must be something in the makeup of a ball player that sets him afire with vengeance when he stalks back into the home grounds of a former employer.

John J. McGraw had one embarrassing experience of the kind. Now it's the turn of McGraw's successor at the helm of the Giants, Bill Terry.

With McGraw it was the case of George Washington Harper, now a salesman in Texas, but then a journeyman outfielder, who was sent to the Cardinals in 1928 and bounced back to hit three home runs in one crucial game at the Polo grounds and knock the Giants out of that pennant fight.

Now It's O'Farrell

With Terry it's ancient Bob O'Farrell, also of the Cardinals, who was sent away last fall with a bundle of pitchers in exchange for a young catcher, Gus Mancuso. Yesterday at the Polo grounds the old fellow hit two home runs, the last one in the ninth inning touching off a seven run barrage that snowed the Giants under 12 to 8, brought their third straight defeat with one tie in the past four games, and upset Terry's pitching staff with a terrific double header schedule looming ahead.

The Giants remained six games in front of the Boston Braves who ran into Red Lucas on one of his best days and were shut out 2 to 0. Lucas allowed but two hits in a duel with Lefty Brandt.

Cards, Pirates Tied

Despite their victory, the Cards dropped into a fourth place tie with the Pittsburgh Pirates who took two games from Philadelphia, 9 to 5, and 9 to 1 behind the steady pitching of Bill Swift, Leon Chagnon, and Lefty French.

So close packed are the contenders that the third place Cubs, rained out yesterday at Brooklyn, are but a game ahead of St. Louis and Pittsburgh, with the Braves only one game in front of the Cubs.

Only two games were played in the American league. The Athletics rallied in the last three innings with eight runs to beat Chicago 9 to 5 while Vic Sorrell tossed four-hit ball to beat the Yankees 6 to 1.

THREE GAMES ARE SLATED TODAY IN SOFTBALL LOOPS

Two American league and one National league games are scheduled today in the Lubbock Softball association. At the Avenue K park, the Lubbock Printers tangle with A. W. McKee company. Hilton Hotel and Quicksall-Pryor are scheduled to meet at the Avenue R field. J. & J. Sporting Goods company and Kuykendall Chevrolet are due to meet at Fair Park field.

Peoples Ice company and Huie-Ribble were winners in yesterday's games.

The Icemen defeated the Mitchell's Cafe team, 6 to 5, in an exciting contest, and the tailor shop-flower shop combination team eked out a 2 to 1 victory over the Federal Employees.

Cowboy Kyle, playing third base for the Cafe team, lashed out a home run, but it wasn't enough for a win.

The lineups:

Huie-Ribble—Tatum, lf; Wilson, 3b; Stewart, lss; Ribble, 1b; Hearne, rf; McCarty, cf; Huie, c; Terrell, 2b; Sollis, p; Rhea, rss.

Federal Employees—Sides, c; Hatton, 1b; McLarin, 3b; Billings, lf; McCrummen, 2b; Hicks, rf; Pate, lss; Cody, rss; Blivins, cf; Johnson, p.

Peoples Ice—Toothaker, 2b; McNeil, cf; Breedlove, lss; O'Hair, 1b; Hillard, 3b; Bettes, lf; Red, rf; Nelson, rss; Jack, c; Huzet, p.

NEXT TIME MARTY FULLER TRIES TO VISIT BARNEY ROSS TRAINING CAMP HE'LL WEAR FALSE WHISKERS, BEARD

BY HERBERT W. BARKER
Associated Press Sports Writer

NEW YORK, Aug. 29 (AP)—The next time Marty Fuller tries to push his way into Barney Ross' training camp he'll be equipped with false whiskers and a beard.

Having nothing else to do, Marty suddenly felt the urge yesterday to take a peek at Ross while the Chicagoan was getting himself in shape at Lake Swannanoa, N. J., for his forthcoming lightweight title defense against chesty little Tony Canzoneri.

Motive Suspected

But the fact that Fuller happens to be as close as that to Canzoneri—one of the former champion's bosom pals in fact—led Ross' oversuspicious handlers to believe his visit was not without ulterior motive.

At any rate, as Marty sought to strut into the outdoor boxing pavilion where the champion was getting ready to go to work, he was given the "thumbs down" sign by Sammy Pian, one of Ross' managers.

"I saw you out in Chicago with Canzoneri," Sammy said, "and I don't think you belong here."

"What's the difference?" Marty retorted. "I saw everything Ross had in Chicago. He hasn't got a thing I don't know about and while I'm here I might as well tell you it won't be enough to bother Tony on Sept. 12. He'll be ready this time."

The last word, however, remained with Pian.

"Might As Well Go"

"There'll be no boxing here," he told Fuller, "until you clear out so you might just as well go."

Marty did, muttering dire threats as to what Tony would do to Ross in the Polo grounds two weeks hence and doubtless wondering, at the same time, just where he could put his hands on those false whiskers.

Pian seemed quite upset by it all. "We'll work in private just like we did in Chicago," he said, "if we are bothered any more."

MELBOURNE HUNTS CRINOLINE

MELBOURNE (AP)—Girls in crinolines will be seen in Melbourne next year. An appeal to women to search attics for the gowns of their grandmothers and great-grandmothers has been issued by the committee arranging Australia's centennial celebration.

A "zig-zag" steel grating road, costing about 15 cents a square foot and requiring no maintenance for 20 years, is claimed to have been perfected in Austria.

THREE LEAGUE LEADERS WIN CONTESTS

BUFFALOES, MISSIONS AND STEERS GAIN AS BUCS LOSE

(By The Associated Press)

The Houston Buffaloes, San Antonio Missions and Dallas Steers, three of the four first division clubs, won Monday night. Galveston, in second place, lost to the Steers while 6,589 fans cheered. It was Fred Brainard night, and the Steers got a 2 to 1 decision when Hank Thormahlen tossed the ball to centerfield in the last of the ninth trying to catch Bonura off second. Bonura raced home on the wild throw to break a 1 to 1 deadlock and a mound duel between Stiely and Thormahlen.

Al Fisher turned back the Fort Worth Cats with five hits to hand Houston a 4 to 3 decision. He was opposed by the veteran Dick Whitworth, who allowed only seven hits. The Buffaloes played without the service of Manager Carey Selph, who was at Arkadelphia, Ark., because of the illness of a relative. Ernie Parker played second and Pitcher Mike Cvengros went to centerfield.

Missions Win Again

The San Antonio Missions all but clinched fourth place with a 2 to 0 victory over the Beaumont Exporters, who apparently have made a stout but losing fight for a first division place. Fabian Kowalik stopped the Exporters with six hits to win his 21st game this season. Three double plays at critical moments nipped pending rallies.

Tulsa and Oklahoma City, both out of the race, split a double header. Tulsa won the first, 5 to 0, behind the four-hit pitching of Barnes and Bivin. Oklahoma City grabbed the second, 2 to 1, when King and Nitcholas stopped the Oilers with four hits.

Speedy Auto Built Like Plane

This strange looking contraption is an automobile built like an airplane, which was tested the other day at Roosevelt Field, L. I. It has a top speed of 120 miles an hour and travels 30 miles on a gallon of gas. It is covered with aluminum and has three wheels, with the motor in the rear. Left to right are shown Capt. Alford J. Williams, former naval speed flyer; Starling Burgess, one of the car's designers, and Frank T. Coffyn, old-time flyer.

Physician Charged In Amarillo Fight

AMARILLO, Aug. 29. (AP)—Dr. E. H. Boaz has been charged with assault with intent to murder in connection with a knife battle staged Saturday night in a hotel room here.

The physician, formerly of Memphis, Tex., is in a hospital under guard.

M. L. May and James McCaulley, both wounded seriously in the fight, have a chance to recover, physicians said.

Officers said the cause of the fight had not been learned. None of the three wounded men would discuss the reported argument leading up to the fight.

May and McCaulley are suffering from slashed throats. Dr. Boaz had a scalp wound, apparently inflicted by a blunt weapon. His condition is not considered serious.

Public service corporation taxes in Georgia in 1930 amounted to $6,920,000.

FARM LEADERS ARE TO MEET

CONFERENCE WILL BE AT PLAINVIEW ON AUGUST 30, 31

(By Staff Correspondent)

PLAINVIEW, Aug. 29—Agricultural leaders of the southwest will meet with farmers, cattlemen, producers and marketers of many lines to discuss conditions with federal officials and others present in a huge two-day conference in the city auditorium, Wednesday and Thursday, August 30 and 31.

Called by the board of city development of Plainview, with the advice and cooperation of the Texas Cooperative and other farmer organizations, the conference will seek to bring closer cooperation in the great recovery program for agriculture. There will be producers of wheat, cotton, corn, cattle, hogs, dairy products and poultry, as well as marketers, transportation representatives, legislators and educators, to discuss the program.

Committee Named

A committee composed of the following: A. B. Tarwater, member of the state legislature from this district and chairman of the legislative agriculture committee, chairman; Roy B. Davis, manager, Plains Cooperative, Inc.; L. T. Mayhugh, Runningwater, vice-president Texas Wheat Growers association; M. S. Hudson, Hale Center, director Texas Cotton Cooperative association, and Grady Shipp, manager of the Plainview Board of City Development, is in charge. Homer D. Wade, Texas Cooperative council public relations director, is assisting.

More than 5,000 producers in Texas, Oklahoma and New Mexico have been invited.

Nationally known speakers have accepted the invitations to attend. The secretary of agriculture and Henry Morganthau will be represented.

Among those expected to speak are: Dr. T. O. Walton, president Texas A. and M.; Frank P. Holland, jr., of Dallas, president Farm and Ranch Publishing Co.; C. E. Huff, president Farmers National Grain exchange; C. O. Moser, vice-president of American Cotton Cooperative association; Dr. James A. Hill, president of W. T. S. T. C.; Dr. Bradford Knapp, president of Texas Technological college; Gene A. Howe, "Old Tack" of the Amarillo Globe-News; Owen W. Sherrill, regional director of crop production loan office; Dean J. Thomas Davis, John Tarleton Agricultural college; Dr. B. W. Allin, U. S. D. A.; H. G. Lucas, president Texas Cooperative council; E. B. Spillar, secretary Texas and Southwestern Cattle Raisers association

Following is the tentative program:

Texas Hog Shippers Get About $10,000

FORT WORTH, Aug. 29 (AP)—Approximately $10,000 was distributed among hog shippers at Fort Worth Monday for hogs purchased for the account of the government in the hog reduction campaign. The available supply was around 9,000 pigs and sows—a big majority of them pigs—and enough to keep the packing plants busy for four days. These 9,000 pigs probably have a value when sold to the government of approximately $40,000. Light weight pigs dominated the supply and sows were conspicuous by their absence.

County Program To Come Up Here Today

A county-wide work program was to be discussed at a meeting starting at 2 o'clock this afternoon in the federal building. Community organization officers of 29 communities in Lubbock county were invited to attend.

Meeting was to be in the assembly room in the basement of the federal building. Chairmen, vice-chairmen and secretaries of each group have been invited.

Ten groups have been working for several months, holding monthly meeting and starting programs. The recent county tuberculosis vaccination program was the result of work among these groups. Through these bodies, with a committee handling the work, the county cotton reduction program was handled.

County Dry Margin Set At 422 Votes
