## Voters Go To Polls Saturday In County Primary Elections

By Pat Blair

Aransas County voters will go to the polls Saturday, May 3, to cast their ballots for local, state and national candidates in the Democratic and Republican primary elections.

Polls will open at 7 a.m. at six Democratic and one Republican polling station and will remain open through 7 p.m.

The election will be followed, at the Democratic precincts, by precinct conventions which will get underway at 7:15 p.m.

Republican precinct conventions will be held throughout election day, starting at 2 p.m. All Republican precinct conventions will be in the District Courtroom, Aransas County Courthouse.

Absentee balloting in both primaries ended at 5 p.m. Tuesday, April 29.

County residents in both parties will vote on county commissioners to represent precincts 1 and 3. On the Democratic ballot, these are contested positions. The Republican candidates for these posts are running unopposed.

Democratic voters also are faced with a contested race for Aransas County sheriff. Republican voters will cast ballots for the Aransas County attorney; incumbent Jim Anderson is running unopposed for this

(See POLLS, Page 8)

## Notable Notes

### Ducks Unlimited

The area organization of Ducks Unlimited will have its regular monthly meeting Tuesday, May 6, in the Town Meeting Hall of Rockport's First National Bank. The meeting will get underway at 7:30 p.m.

### Band Boosters Meeting

A band boosters meeting will be held on Monday, May 5, in the Band Hall at 7:30 p.m.

### Spring Concert

The Rockport-Fulton High School Band will present a Spring Concert on Friday, May 2, at 7:30 p.m. in the High School Auditorium. The concert is free to the public.

### Free Ride to Polls

For a free ride to the polls on May 3, call 729-0893. The rides will be available from 7 a.m. to 7 p.m.

### Junior High Band To Play

The Rockport-Fulton Junior High Band will present a concert on Thursday, May 1, beginning at 7:30 p.m. in the High School Auditorium. Performances will be by the Beginning Band, the Concert Band, and the Symphonic Band. The concert is free to the public.

### Positive Thought Potluck

A special potluck dinner will follow Sunday morning services at the Center of Positive Thought, Sunday, May 4. Ed Jones of Houston will speak, with music provided by Margo Minard of Houston. The center is located at the corner of Magnolia and Cornwall Streets in Rockport. The meeting begins at 11 a.m.

### Copano Shrine Club

The Copano Shrine Club will meet at the Sandollar Restaurant on Wednesday, May 7. Social hour will begin at 6:30 p.m. with dinner at 7:30 p.m.Reservations must be made by Monday, May 5. Call 729-2584 or 729-6688. Visiting nobles and their ladies are invited.

### P.E.O. To Meet

Chapter EO, P.E.O., will meet Tuesday, May 13, at 1 p.m. in the home of Mrs. C.R. Gibson, 409 N. Broadway.

### Rummage Sale

Girl Scout Cadette Troop 361 will hold a rummage sale on Friday, May 2 from 9 a.m. to 5 p.m. and Saturday, May 3, from 9 a.m. to 5 p.m. at 820 Kossuth Street.

### Social Security Help

A representative of the Social Security Administration will be at the Aransas County Courthouse in Rockport at 9 a.m. Thursday, May 1. The representative will help area residents who have questions or who need assistance in filing applications for Social Security or Supplemental Security Income benefits.

### Fellowship Day

The Church Women United will hold a May Fellowship Day on Friday, May 2, from 2 to 4 p.m. at the Sacred Heart Catholic Church at Cornwall and Church Streets. The public is invited.

### Clean Up Week

Residents of Rockport are asked to help the city's "Clean-up Week" project by starting now to clean up around their residences. City trucks will pick up trash on Monday, May 5, officials have announced -- so the trash must be cleaned up, stacked and waiting in front of the residence on that date. Officials have asked that no big appliances be set out as these cannot be handled by the trucks.

### Commissioners Meetings

Regular meetings of the Commissioners Court are held on the second Monday and the last Wednesday of each month at 9 a.m. in the Aransas County Courthouse. Anyone interested may attend.

### Fulton City Council

The Fulton City Council holds their regular meetings on the second Tuesday of each month at 7 p.m. in the Fulton City Hall behind Circle K Drive In. Fulton City Council welcomes anyone who would like to attend.

## Seafair Site Change Discussed, Not Resolved

By Eddie Bradley

Members of the Seafair planning committee met with members of the Aransas County Recreational Association, Inc., and several area citizens on Thursday, April 24, to discuss the possibility of the Seafair site being moved to a different location.

Bob Bernardy, who is chairman of this year's Seafair, reports that the meeting was characterized by "an awful lot of dialogue and considerable difference of opinion, but says that no definite decisions were made either way.

Seafair planners apparently feel that the area within the large circular drive on the northwest portion of the beach would be an improved spot for the festival.

Anita Dingenary, with the Recreational Association, an advisory arm of the Navigation District, said that, "we're against moving Seafair." She felt that having the festival in the area in question would be detrimen-

(See SITE, Page 8)

*Commercial Fishermen Cry*

## 'Don't Close Our Bay'

By Beverly Wilken

"We don't really want to hurt anybody; all we are trying to do is keep working."

Angel Brown, member of the Seafood Producers Association made this statement in regards to the "picket/demonstration" planned for all day Friday, April 25 in front of the Marine Laboratory in Rockport. Local commercial fishermen are protesting the closing of bays by the Department of Parks and Wildlife after receiving data from biologists stating that the fish population is dangerously low in the area. The decision calls for Corpus Christi Bay to be closed from May 1 to August 1 to all net fishing. Trot lines may still be used. Nueces Bay is now closed year round for the same reason.

"We feel that the biologists' closing of the bay area based on their data is incorrect and insufficient," said Ms. Brown.

She also said the fishermen were trying to get public sentiment on their side and let the Parks and Wildlife Commission and the biologists know that they will not

(See BAY, Page 8)

## City Hires Architect To Draw Plans For Pound

By Pat Blair

Rockport's city council has hired an architect to prepare plans and specifications for a proposed city dog pound that would cost under $20,000.

The step toward the new facility -- which is required under state laws -- was taken during Monday night's (April 28) city council session which also saw approval of one zoning request, tabling of another and appointment of Ralph Winkelman to fill a vacancy on the city planning and zoning commission.

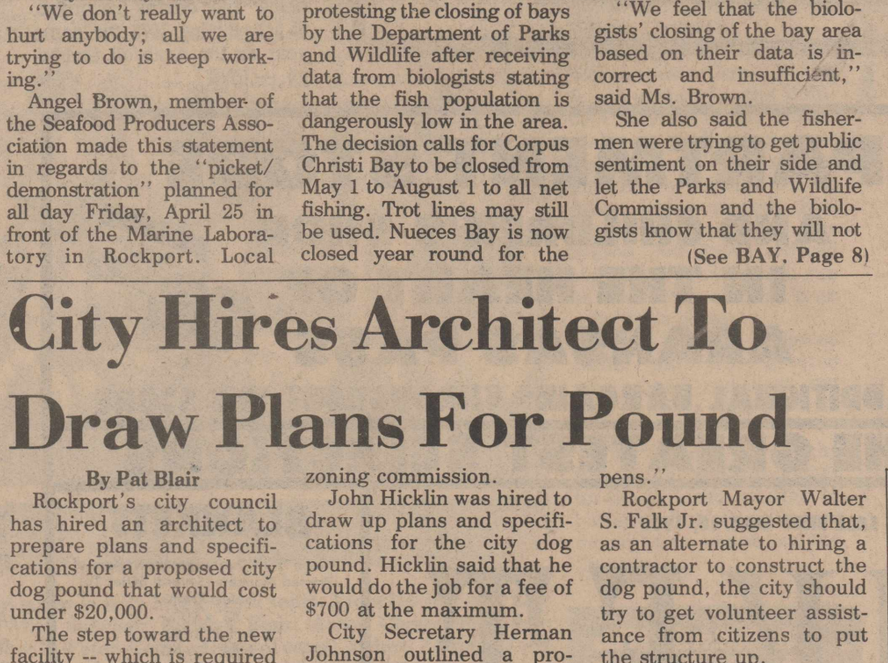

John Hicklin was hired to draw up plans and specifications for the city dog pound. Hicklin said that he would do the job for a fee of $700 at the maximum.

City Secretary Herman Johnson outlined a proposed structure at Monday's meeting. Johnson said this plan, which he and J.C. Gurley worked on, would include a 16-by-16 foot building for office and supplies with a roof extending from that and "10 or 12-by-six or eight separate pens."

Rockport Mayor Walter S. Falk Jr. suggested that, as an alternate to hiring a contractor to construct the dog pound, the city should try to get volunteer assistance from citizens to put the structure up.

Following a joint pulic hearing at 7:15 Monday with members of the city planning and zoning commission, the city accepted the zoning board's recommendations to table one

(See POUND, Page 8)

COMPARING BUCKS

Mrs. F.M. Brown and Arthur Elliott compare the Bingo Bucks each received for being two of the 11 winners in the Newspaper Bingo Contest two weeks ago. Both Brown and Elliott picked up their winning cards at Super D. [Pilot Photo by Eddie Bradley]

A DIFFERENT VIEWPOINT?

**Sometimes it helps to look at things from a slightly different perspective . . . At least that might be the thought of Scott Seawright, son of Jim and Linda Seawright of Rockport. Scott is a student at ABC Learning Center — which is now pre-registering youngsters for fall classes. One observation that might be made about this situation is that, while some people are worried about being out on a limb, it doesn't seem to bother Scott a bit .**

**[Photo Courtesy of Rev. Walter Clark]**

### Pilot Announces Deadlines

The deadline for all news articles, photographs, display ads and classified ads in the Rockport Pilot is noon Monday for the midweek and noon Thursday for the weekender editions.

Pages for the newspapers are put together on Monday and Thursday afternoons, and sent to the printer immediately upon completion.

We want your news, your advertising. Please help us by honoring our deadlines.

## ABC Learning Center Pre-registering For Fall

Parents who wish to pre-register their children at ABC Learning Center may do so starting Monday, May 5.

The office at 114 North Church Street will be open from 8 a.m. until 11:30 a.m. weekdays through May 16 for pre-registration.

Children age three or four years old are eligible to register for fall classes, and they may be registered to attend classes two, three or five mornings a week.

Registration fee is $10 and the parent will need to bring the child's immunization record, validated by a physician or health clinic, and a statement of health signed by a physician.

Enrollment will be on first-come, first-served basis and there is no discrimination on the basis of race, creed, sex or national origin.

### Dr. DuPont Leaves Clinic

Dr. Frank DuPont, who began work at the Enterprise Medical Center on Monday, April 14, finished his duties the following Friday and decided not to remain in Rockport.

Dr. Fred Warren reports that DuPont said he was having trouble making the adjustment from his anesthesia work to general practice. When he received an offer from California, he took it.

Warren said that work was progressing toward getting someone to fill the position, but no names are available as yet.

## Pilot Sightings

**RAY LONGINO** eating breakfast on Saturday morning at a local restaurant . . .

**MAYOR WALTER FALK** speaking at the Rockport Home and Garden Club Arbor Day tribute to Emory Spencer . . .

## Student News

Kletha Harrington of Rockport has received the Benton Daily Courier Scholarship for 1980-81 at the University of Arkansas in Fayetteville.

The $500 scholarship is awarded to students of the school's Department of Journalism. Ms. Harrington is a senior magazine/photo major at the University.

.....

BATON ROUGE -- Leslie T. Karchut of Rockport is among 47 Louisiana State University students who have been awarded a $300 scholarship under the newly established Gertrude B. Saucier scholarship program.

The one-year awards are given under a provision in the late Mrs. Saucier's will, setting up the Baton Rouge businesswoman's property in a scholarship trust.

## BAND RECEIVES HONORS

The Rockport-Fulton High School Band earned a first division rating at the Astro World Band Festival on April 19 and a first and a second at the U.I.L. contest at Del Mar on April 23. Shown above are the band officers with the two first division plaques. From left to right are: Nancy Adams, Audie Garcia, Gwyn Jones, Joe Martinez, Beth Randow, Frank Betancourt, Eric Commander, Barbie Mosier, Speedy Johnson, and Helen Pearson. [Pilot Photo By Beverly Wilken]

# High School Band Receives Rating

The Rockport-Fulton High School Band participated in the Astroworld Band Festival in Houston on Saturday, April 19, bringing home a first division rating from the judges.

The judges, Herbert Carter from East Carolina University, Charles Minelli from Ohio University, and Kenneth Bloomquist from Michigan State University, commented that they were extremely impressed with the Rockport band's performance. Judge Bloomquist added the band gave the most musical performance of any other organization he'd heard during his three days of judging in the competition.

The band members enjoyed the afternoon at Astroworld before their 5 p.m. performance.

On April 23, the band performed at Del Mar college during U.I.L. competition and received a first division rating for sight-reading and a second rating in concert.

Band Director Dwayne Bishop said the group lacked a first rating by one judge in the concert competition to receive a first in that category also. "In fact," added Mr. Bishop, "we performed better during the Del Mar competition this year than we did there last year and better than we did at the Astroworld Festival, but the judging was extremely strict in Corpus Christi this year.

"I am very, very pleased with their performance at both contests," said Mr. Bishop. "The students did an outstanding job and should be congratulated."

## ARBOR DAY TRIBUTE

Mrs. Emory Spencer shovels dirt beneath one of the trees planted in memory of her husband by the Rockport Home and Garden Club. The dedication was made during an Arbor Day celebration at the Rockport Ski Basin on Friday, April 25. The Home and Garden Club planted two trees in honor of Mr. Spencer.

## With Our Military

Coast Guard Fireman Apprentice Mark S. LeBlanc, son of Louie and Dot LeBlanc of 1879 Bayshore, Rockport, has graduated from Electrician's Mate School.

The 16-week school is conducted at the Coast Guard Training Center, Governor's Island, New York City. Classroom instruction, laboratory sessions and practical application periods serve to provide students a thorough understanding of the operation, maintenance and repair of electrical systems.

Students receive detailed instruction on and study the operating principles of the batteries, generators, motors and transformers used aboard Coast Guard Cutters and shore installations.

A 1978 graduate of Rockport-Fulton High School, LeBlanc joined the Coast Guard in September, 1979.

## Highway deaths decline

Nationwide highway deaths reached 46,880 during 1978 — an increase of 1,357 over 1977.

However, this total is well below the deaths recorded, 55,511, during 1973 the same year as the Arab oil embargo. — CNS

# AARP News

By Lucille E. Skrobarcek

Winners of game afternoon on Thursday, April 17, were Elmo Hodges and Floyd Dailey in bridge, Mrs. Wanda Smith in the finale.

Winners of game afternoon on Thursday, April 24, were Elmo Hodges and Mrs. Wanda Smith in bridge with Mrs. Irene Hopper the finale winner. Hostesses were Hazel Dailey and Grace Hayes.

The next game afternoon is Thursday, May 1, at 1 p.m. at the Paws and Taws Building.

The covered dish luncheon on Wednesday, April 23, was attended by 35 members and one guest. The usual delicious food and fellowship was enjoyed by all.

The monthly business meeting of AARP Rockport Chapter 1536 will be on Wednesday, May 14, at 10 a.m. Cookies and coffee will be served at 9:30 a.m.

AARP's April dance was on Wednesday, April 16. The first AARP-sponsored dance in May will be on Wednesday, May 7, at 7 p.m.

The dances will not be held during July and August. They will resume on the first Wednesday in September.

May 23 is the Annual Picnic for the members of the AARP Chapters under the immediate jurisdiction of Mrs. Pat Works, assistant state Director of District 7 South.

The picnic will be in Robstown at the Auction Barn. Make a special effort to attend.

# Honor Society Announced

New members of the National Honor Society were inducted at Rockport-Fulton High School on Monday, April 28.

The new members are as follows: Nancy J. Adams, Leslie Ankele, Michael Arthur, Tammy Barlass, Peter Booth, Kristi Levison, Carolyn J. Farnsworth, Kim Foitik, Todd L. Hopkins, Dana James, Kathryn Morgan, Sherri Morrison, and Alayna Newberry.

Also inducted were: Jill Oliver, Kelli Ondrej, Ruby Pena, K.C. Potter, Teresa Price, Lisa Pulis, Consuelo L. Rivera, Mary K. Smith, Timothy Walker, and David Womack.

The National Honor Society is an organization maintained through the National Association of Secondary School Principals and is a service to schools and students. It is completely devoid of commercialism, but there are annual dues for students, including a small fee for the school when the chapter is granted.

Students belonging to the National Honor Society are outstanding in scholarship, service, leadership, and character. Students are chosen by the faculty or appointed by members of the faculty.

A reception for the newly initiated members was held after the ceremonies at the High School Homemaking Department.

# Permit Requests

Application has been filed with the Army Corps of Engineers for the following permit:

Warren B. Hart, San Antonio, permit to construct a bulkhead and dredge a boat slip in Redfish Bay, in a connecting channel in City-By-The-Sea. Comments must be submitted to the District Engineer, P.O. Box 1229, Galvestion, Texas 77553 on or before May 26.

## Wildlife Refuge Opening For Surf Fishing

Aransas National Wildlife Refuge will be open to access for surf fishing on April 15, through October 4, 1980. Fishing hours will consist of all daylight hours during this peirod. All fishermen must register at the refuge headquarters and have a valid Texas fishing license in their possession.

Boat launching will not be allowed on the refuge and all applicable Texas fishing rules and regulations will be in effect.

Access for the surf fishing will be from the Bay Overlook to Big Tree Trail on the east shoreline, and from Cavasso Creek around St. Charles Bay to Egg Point on the west side of the refuge. Any questions concerning fishing access at Aransas NWF can be made by writing: Aransas National Wildlife Refuge. P.O. Box 100, Austwell, Texas 77950 or call 512-286-3559.

## Sievers' Celebrate 46th Wedding Anniversary

Mr. and Mrs. Henry E. Sievers of Rockport celebrated their 46th wedding anniversary on April 26.

Father Gregory Deane celebrated mass in honor of the Sievers' at the Sacred Heart Catholic Church on Saturday at 6 p.m.

The Sievers', who were married in San Antonio and have lived in Rockport since 1965, have seven daughters, 21 grandchildren, and three great-grandchildren.

Two of their daughters, Henrietta Redepenning, along with her husband Charles, from San Antonio, and Helen Wildman, were in Rockport for the occasion. Mrs. Redepenning played the organ during the Saturday Mass.

The Sievers' were honored with a dinner at the Sea-Gun Resort after Mass.

## Baby Bundles

Mr. and Mrs. Larry Pearce of Rockport are the proud parents of a boy, Mathew Ben Pearce, born April 11 at Spohn Hospital in Corpus Christi.

Mathew Ben weighed in at six pounds, 12 ounces and was 20 inches long. Maternal grandparents are Mr. and Mrs. Tommy Rains of Raymondville. Paternal grandparents are Mr. and Mrs. Frank Pearce of Palacios.

Diana and Dwayne Eller are the proud parents of a daughter, Jaime Lynn, born on April 15. Jaime weighed seven pounds, 12 ounces and was born in Spohn Hospital in Corpus Christi.

Maternal grandparents are Mr. and Mrs. Melvin Moore of Rockport, and Mr. and Mrs. S.A. Dorsey of Garrison, are great-grandparents.

Paternal grandparents are Mr. and Mrs. Lynwood Eller of Rockport, and Mrs. G.H. Eller of Rockport is the great grandmother.

## Flower Show Winners Announced

The winners of the Rockport Home and Garden Club Flower show entitled "Shoreline-Springtime" have been announced. The flower show, held Thursday, April 24 from 2 to 6 p.m., at the First United Methodist Church fellowship Hall, had three top awards.

In Division I, Artistic Design, Mrs. Oscar Alvord was awarded the Tricolor Award for her flower arrangement.

In Division II, the Horticulture Division, Mrs. Tom McArdle won the top prize.

In Division III, the Educational Division, Mrs. A.C. Hamon won with a score of 95 or above. The Educational Division is designed to instruct the public.

Award of Appreciation went to Mrs. Betty Fausey for an outstanding Bromeliad exhibit.

Other awards were won as follows: Mrs. J. Paul Rogers won a blue ribbon for the Artistic Design Sweepstakes in flower arrangements.

Horticulture Sweepstakes Award went to Mrs. Tom McArdle for the greatest number of blue ribbon entries in the horticulture division.

Mrs. W.K. Thomas won a Horticulture Award of Merit for a daylily entry and Mrs. B.F. Street for her Fandango Petunia.

Mrs. W.D. Alley won with her Ponytail Palm, and Mrs. W.K. Thomas with her Gerbera Daisy.

In the vegetable section, Mrs. B.F. Street won an award of merit for her parsley.

There were nearly 200 entries in the show, judged by six nationally accredited Flower Show Judges and members of the Corpus Christi Judge's Forum.

Bridget Ramey

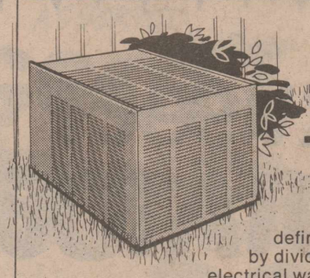

## Bridget Ramey Crowned

Bridget Sue Ramey, daughter of Mr. and Mrs. Randy Ramey of Rockport was crowned Little Miss Buccaneer Days in Corpus Christi on April 19.

Miss Ramey, five, won the five through seven year old division and rode on a float in the Junior Buccaneer Day parade on April 26.

She is the granddaughter of Charles and Vi Marshall of Aransas Pass, and Lowell and Yuma Ramey of Ingleside.

**Before You Buy Central Air Conditioning, Check the E.E.R.**

IT CAN SAVE YOU MORE THAN ENERGY.

Energy Efficiency Ratio is defined as: The quotient obtained by dividing BTU'S/HR. output by the electrical watts input during cooling. This value represents the relative electrical efficiency of air conditioning equipment.

**DISCUSSING WEIGHTY MATTERS**

**Pirate weightman, Bubba Scott, discusses the upcoming state track meet with Coach Ron Richardson. Bubba won the shot put event at the regional track meet and earned the honor of competing for the state championship in Austin's Memorial Stadium on Friday, May 9. The meet will run all day and involve 2-A and 3-A schools, but Bubba will not throw until 7 p.m. Classes B, A and 4-A will compete the next day. [Pilot Photo By Eddie Bradley]**

# Bubba Scott Hurls His Way To State Meet

By Bob Crawford

All year long Bubba Scott has been nipping at Gregory-Portland's Superman Tommy Robison in both the shot put and the discus, but Friday evening Bubba took some sweet revenge by winning the shot put competition in the regional track meet, and Scott will now advance to the state level.

Buc Stadium in Corpus was the scene of Robison's downfall and Scott's emergence as the Regional Champ. Scott heaved the shot 55 feet, 11½ inches to capture the event. Vincent Greathouse of Gonzales was three inches further back to claim second, and Robison was third at 55 feet, 7 inches.

Robison did win the discus with a toss of 170 feet, 2 inches, and Scott's throw in the discus netted him fourth at 152 feet, 7 inches, some seven feet out of second place.

Coaches Ron Richardson and Bill Daws, along with many Rockport-Fulton fans, reflected the excitement of the moment by saying, "Bubba has been a consistent second in every meet where Robison has been throwing, but he (Bubba) certainly saved the best for last."

Robison, not accustomed to losing, took the defeat a little too seriously, publicly ridiculing the crowd which was definitely for Scott.

Assistant Principal Norman Spears, a long-time coach, summed up the effort by Scott, a junior, by saying, "One thing about it; if you are going to beat them (G-P), you've got to put out enough to go to state to do it. They seem to bring out the best in you if you battle them all the way like Bubba did."

# Aleman Eliminated In Regional Tourney

By Bob Crawford

Rockport-Fulton junior Tony Aleman was eliminated in the first round of regional play last week by Page Ragland of Austin Westlake at the HEB Tennis Center in Corpus.

Aleman, who had reached the regional level by defeating all comers in District 15-AAA ran into great difficluty with Ragland.

Ragland continued to hit winners while Aleman could not find his groove. Ragland went on to be one of the two players from this region to advance to state tournament losing out to district teammate Terry Wilkins of Taylor.

Aleman could never seem to get on track in the 6-3, 6-1 match. Afterward, Coach A.C. Blunt said, "If Tony could have made a few more high shots, the outcome could have been different, but Tony couldn't drop his shot. Ragland was just too tough."

With Aleman out of competition, the curtain comes down on the tennis year for the team from Rockport-Fulton. When you consider that the team won the district titles in both Varsity and Junior Division, it was a very good year.

## All-Sports Banquet

The RFHS All-Sports Banquet for boys and girls will be held on Saturday, May 10, at 7 p.m. in the Paws and Taws Building. All high school boy and girl athletes for this year will be honored. The program will feature a slide show of many of the athletes in action during the year. Admission for the general public is $4. Tickets can be purchased at the high school gym, field house or at the Administration Building. Tickets will be sold through Friday, May 9.

# Pirates Turn Tables On 'Cats

By Bob Crawford

Rockport - Fulton turned the tables on their opponents last week by winning a 5-3 decision over Calallen in Rockport. Calallen became the victim to their own errors Friday night, as the Pirates scored three runs in the fourth inning without the benefit of a base hit.

The Pirates jumped out to a 1-0 lead when Eric Commander walked, stole second, stole third and came home on a past ball or a wild pitch, depending on who is the official scorer.

The Wildcats tied things up in the second with a solo blast off starting pitcher Chris Butler. Later in the inning, Calallen mounted another threat, but Butler picked off the runner to halt that chance.

Jim Eaton picked up a single in the third, stole second, and then raced home on a double by Wayne Childers.

Leading 2-1, the Pirates scored three times in the fourth using what the Wildcats offered them. Butler walked, Bill Jennings walked, Kyle Dietze walked and Eaton reached on an error. Butler scored, Jennings scored, Dietze was erased, but Eaton crossed the plate with the third run of the inning, coming in on a fielder's choice.

Mark Setterbo relieved Butler and was greeted with a home run blast, but then shut the Cats off with no more runs.

The Wildcats out-hit the Pirates 8-4, and the pitcher for the Wildcats whiffed 13 batters, but the Pirates managed to scrape out the five runs.

**JV TRACK TEAM** **Shown here are members of the junior varsity Pirate track team. From the left are, Row 1--Kelly Pultz, Mac Schmidt, Mike Sanchez, Richard Blair, Aaron Chambers, Eddie Naro and Gene McElveen; Row 2--Peter Booth, David Torres, Robert Garcia, Tony Paul, Bob Ayers and Leroy Cole; Row 3--Chris Williams and Todd Mokry. [Pilot Photo by Eddie Bradley]**

# Fishing Under Study

AUSTIN—The Gulf of Mexico Management Council has been hosting public hearings to discuss proposed fishing regulations for the Flower Garden Banks and other important reef areas off the Texas Gulf Coast.

The council has the responsibility for developing fishery management plans for the Gulf of Mexico from Florida to Texas. Waters under the council's jurisdiction are designated as the Fisheries Conservation Zone (FCZ), and they lie from the outer limits of the states' territorial waters 200 miles seaward.

The proposed regulations are designed to protect the reef habitat and the stocks of important commercial and sport reef fish such as red snapper, grouper and sea bass.

BOB BARNES.... A CERTAIN MAN FOR UNCERTAIN TIMES!

Let's Send Our Best To Congress From The 14th District On May 3 Democrat Bob Barnes

Pol. Ad. Pd. for by the Bob Barnes Campaign Comm. Preston Doughty, Treas., 807 N. Shoreline, Corpus Christi, TX 78401

ATTENTION DEMOCRATS

**John Connally doesn't need your vote anymore. Ronald Reagan doesn't need your vote anymore. *Texas does!***

Northeastern liberals have been planning for months to take over a seat on the Texas Railroad Commission—so they can continue to buy Texas energy for bargain basement prices.

They're counting on conservative Democrats crossing over into the Republican Primary to support Ronald Reagan (who now has the nomination all but assured)—leaving only liberal voters in the Democratic Primary.

If they are successful, they will elect radical left-winger Jim Hightower (not to be confused, as they hope, with conservative Congressman *Jack* Hightower).

Jim Nugent is the best qualified man for the job. Jim Nugent—and Texas—needs your vote in the Democratic Primary May 3.

DON'T CROSS-OVER—VOTE IN THE DEMOCRATIC PRIMARY MAY 3!

Pol. ad. paid for by Jim Nugent Committee, Shannon Ratliff, Treas., P.O. Box 1512, Austin, Texas 78767.

**Be informed.**

The Texas Railroad Commission is far too important to the proper conservation and management of Texas energy resources to elect a Commissioner on the basis of vague information, mistaken identity or a general "feeling" about a candidate.

*Make sure you know the facts before you vote!*

**Did you know Jim Nugent:**

- Is uniquely qualified to handle the complex technical and legal matters that come before the Commission, thanks to his background in law and engineering.
- Has almost 20 years of service to Texans, first as a State Representative, now as our Railroad Commissioner.
- Successfully introduced and passed the first "ethics laws" for elected Texas officials . . . and completely revised the state's penal statutes improving criminal prosecution procedures without violating individual rights.
- Is supported by a broad cross-section of conservative, moderate and liberal Democrats who know he's the best man for the job!
- As a member of the State Legislature and as our Railroad Commissioner, is respected and known as a tough, independent and dedicated public servant who has consistently fought for the rights of Texas consumers.

**Did you know that Jim Nugent's *opponent*, Jim Hightower:**

- Has *no* qualifications to serve. His only background is having worked as editor of a radical left-wing newspaper (he calls himself an "investigative reporter") and working for a former liberal senator.
- Is the candidate of Ralph Nader, George McGovern, labor organizer Caesar Chavez and a group of Northeastern liberals intent on buying a seat on the Railroad Commission so the Northeast can continue to buy cheap energy from Texas.
- Is basing his campaign on hopes that the electorate will confuse his name—Jim Hightower—with well-known conservative Congressman *Jack* Hightower.

*Jim Nugent has been endorsed by major newspapers* throughout the state. They have carefully considered qualifications of the two candidates, and have chosen Jim Nugent as the best man for the job.*

*Jim Nugent has been endorsed by the Austin *American-Statesman*, San Antonio *Light*, Houston *Chronicle*, Dallas *Morning News* and the Dallas *Times Herald*. As of April 22, *no* major newspaper in Texas has endorsed his opponent, Jim Hightower!

James E. (Jim) ★★★ Nugent

**A Railroad Commissioner for Texans!**

*Vote Saturday, May 3 in the Democratic Primary!*

Pol. advertising paid for by the Jim Nugent Committee, Shannon Ratliff, Treasurer, P.O. Box 1512, Austin, Texas 78767.

# POLLS

[Continued from Page One]

post.

Voters in both primaries will cast ballots for presidential candidates. Only the Republican voters, however, have a direct influence on presidential nominee.

Votes in the Republican election for the office of president will be used in apportioning delegates to the national presidential nominating convention in August.

On the Democratic ballot, the vote for a presidential candidate is a nonbinding presidential preference referendum. The Texas Democratic party chooses its presidential nominee by the convention system.

The Republican party will have only one polling place in Aransas County on election day. Republican voters in all precincts must go to the north lobby of the Aransas County Courthouse to cast their ballots.

Democratic voters will go to one of six polling places, depending on where they live.

Residents of Pct. 1A will vote at the polling place owned by Aransas County in Aransas Pass. In Pct. 1, the polling station will be the VFW Hall in Rockport. The Pct. 2 polling station will be the Aransas County Courthouse.

Democratic voters in Pct. 3 will go to the Faith Baptist Church to cast their ballots. In Pct. 4, the polling place is the Fulton Elementary School, and in Pct. 4A, it's the Lamar Fire Station.

Aransas County voters are also being asked to mark their ballots differently, depending on whether they vote in the Democratic or Republican primaries.

On the Democratic ballot, boxes are to the right of the candidates' names and the voter must completely fill in the square beside the candidate of his or her choice.

On the Republican ballot, boxes are to the left of the candidates' names and the voter must mark an "X" in the box to show his or her preference.

To win the May 3 primary, a candidate must receive a clear majority of votes.

In races in which three or more candidates are seeking office, if no candidate receives a clear majority of votes, the two candidates receiving the most votes will face each other in the Saturday, June 7, primary run-off elections.

# SITE

[Continued from Page One]

tal to the planning goals and objectives her committee has developed.

Bernardy stated the desire to incorporate a festival site in with the plans that the Texas Parks and Wildlife Department is developing for that area of the beach, but Dingenary said that a couple of parks with playgrounds were being planned there and wuld not fit in with the festival needs.

Dingenary's group also objected because, if a festival was held on the end of the beach, cars would be parking in nesting areas of the Least Tern, which has been found to be running out of area nesting spots.

Bernardy said that the Parks and Wildlife had given its approval to meet in the Least Tern area, but that the Audubon Society had not necessarily given its approval.

Navigation Commissioner Jimmy Anders, who was not at the meeting, said later that although the Least Tern does not nest at the time Seafair is held in October, it is nesting in July when the Art Festival meets, and that to encourage the development of a festival site there could still end up being detrimental to the birds even if Seafair itself was not directly involved.

On the other hand, Mrs. Dingenary stated that those involved with the Art Festival that she had spoken with were happy keeping it right where it had been.

As sometimes happens in public meetings on a volatile subject, words sometimes fly around like bullets ricochetting off the walls.

Bernardy said that Seafair was accused of wanting to move for the sole purpose of charging for parking on the beach. He said that if they were on the end of the beach, free parking would still be available and that charging for cars adjacent to the Seafair site would cut down on the number of vehicles going out there.

Police Chief James Craigmile stated that parking and vehicle congestion was indeed a problem at the present location, adding that "for several years I have proposed that they close off the beach to driving traffic, put the tents and booths on either side of the blacktop beach road, and park on the current Seafair site."

Craigmile said that the present parking situation was not safe and that he has had to assign an officer just to help people get across Highway 35 from where they are parking.

Both Bernardy and Dingenary agreed that no definite action had been taken as yet; Mrs. Dingenary expressed the hope that some kind of compromise site could be found that would be satisfactory to all interested parties. She mentioned the area near the bandshell as one that might fit the bill.

# POUND

[Continued from Page One]

zoning request and approve another.

Tabled was a request by Donnie Noster, acting as agent for William O. Prize, for rezoning of two lots on South Church between Hackberry and Murray streets to R-6 residential and resort designation.

Purpose of the request was to allow construction of a four-plex unit.

The request drew protests from surrounding property owners who said the proposed structures would be firetraps -- because there were no proposed rear exits and the windows were small -- and that there is not enough space for such dwellings in that area.

The request will be reconsidered on May 12 at 7:15 p.m. Mrs. Price said after the meeting that the proposed buildings belong to "Mr. Samsel" of Tucson, Arizona.

Approved was a request that 4.546 acres of land in the Hillcrest Subdivision, changed to R-3 Residential zoning on the city's new zoning map, be rezoned to R-6.

The council awarded the contract for hospitalization insurance for city employees to Blue Cross/Blue Shield. The new insurance plan will go into effect Thursday, May 1.

Also approved was a request from property owners for installation of a street light in the 700 block of South Young, approximately 80 feet south and east of Windwood Apartments, and replacement of the sidewalk on the east side of South Austin just south of Corky's Restaurant.

Council members approved seal coating of several city streets and accepted dedication by allegro North Condominium Owners Association of a sanitary sewer lift station and six-inch sewage line running from Allegro North Condominiums north and west to Texas Highway 35.

## Nuclear output

Nuclear output increased in the United States by 11 percent during 1978.

Outside the United States, increases were more than twice that amount — 24.7 percent. — CNS

# BAY

[Continued from Page One]

take the close-down lying down.

Tom Heffernen, Regional Director of the Parks and Wildlife Commission said the fishermen are starting so far down the ladder that he did not understand why the marine laboratory was being picketed. He said the whole demonstration was only for publicity purposes, and "should be over by noon -- it'll take them about that long to get on the six o'clock news."

According to Ms. Brown, that is exactly why the demonstration has been planned.

"It is too much to ask for the commission to ask people who have been fishing all their lives to learn a different job. We're asking the biologists and other employees not to cross the picket line."

# Notable Notes

## Navigation District Meeting

The next regularly scheduled meeting of the Aransas County Navigation District commissioners is scheduled for Tuesday, May 6, in the Navigation District building at 7:30 p.m.

## Fulton Cemetery Dues

There will be no increase in dues for the Fulton Cemetery Association in 1980. No notices will be sent out, and all present and past dues should be paid by May 1.

## EARTH SHAKING FACTS by Jim Cox

*Only 3% of the American people read one book per year.
*Aristotle, the Greek philosopher, stuttered.
*Oklahoma's state capitol is the only state capitol with a working oil well directly under it.
*Cattle branding in the United States did not originate in the West. It began in Connecticut in the 19th century, when farmers were required by law to mark all their pigs.
*During the time of Peter the Great, any man wearing a beard was required to pay a special tax.
*The tiny kangaroo rat, that lives in the desert, exists without ever drinking.

## 5. Card of Thanks

THANKS TO OUR MANY friends who shown their love & concern during the illness & death of our father & husband. Thank you for the beautiful cards, pot plants & floral arrangements, food & love offerings; but most of all Thanks for your prayers, which helped to sustain us during these hours of sadness. Special thanks to Marshall Funeral Home, Reverend Percy L. Lewis, Mr. & Mrs. L.E. Casterline, Dr. Norman Renfro and the Nurses at Spohn Hospital, who cared for his physical needs. May God richly bless you as you endeavor to do his will.

The Family of
Reverend C.H. Walls
Octavia Walls
Rachel Luddington

## PUBLIC NOTICE

BOARD OF ADJUSTMENT
CALLED MEETING

Notice is hereby given that a called meeting will be held by the Board of Adjustment of the City of Rockport, Texas, on the 5th day of May 1980, at 5:00 p.m. at the city hall. The following will be heard at the called meeting:

1. Request of Juanita Wagley for the granting of a variance to the Rockport Zoning Ordinance No. 497, Article 4-5.08, that would allow 2 signs to be erected. One sign would be erected on the east side of Highway 35, (N.W. corner of Outlot 29, D&M Division), and the other on the west side of Highway 35 (on railroad reserve property). The proposed signs would be 160 square feet and would advertise Wagley & Lilly Home Center. The present ordinance has a maximum square footage not to exceed 50 square feet.

Any interested party attending the public hearing shall have the opportunity to be heard.

s/James T. Little,
Chairman
Board of Adjustment

ATTEST:
s/Herman C. Johnson
City Secretary

## PUBLIC NOTICE

EARLY CHILDHOOD SCREENING SCHEDULED AT ROCKPORT ELEMENTARY

The Early Childhood Program for students with special learning needs, which is part of the Aransas County I.S.D., will be screening at Rockport Elementary School, May 12 through 16, 1980.

Listed below are questions to ask yourself if you are interested in having your child considered for acceptance in a program for 3, 4, and 5 year old children needing special attention. If you answer yes to one or more of the following questions your child may benefit from this program. Please call Rockport Elementary School, 729-6344 and set up an appointment on the dates given above.

DO YOU HAVE A 3, 4, OR 5 YEAR OLD WHO:

1. Has been diagnosed by a doctor as deaf, blind, mentally retarded, physically handicapped, emotionally disturbed, or learning disabled?
2. Does not talk very much or points and makes noises to get what he/she wants?
3. Has a speech problem. Can you and others understand him/her when he/she talks.

# Plentiful game in Midwest

By PHYLLIS WEAVER
Copley News Service

## Did You Know

Did you know that one of our Midwest states has over a tenth of a million deer? Santa and his elves may have been busy making toys all year without a worry as to the reindeer supply.

Those fragile-looking, majestic creatures with the white tails have been busy overpopulating the wildlife sector. Big game hunters in Ohio alone number about 150,000. In addition, about 10,000 landowners with permits to take does on their own property will join the field.

A state is divided into zones according to deer population. Doe permits are selected by computer to maintain herd control. Some counties are closed to deer hunting, because like people, deer prefer some areas in which to live and desert others.

To escape the hunter's gun the deer will need to be more than fleet-footed, as certain days are for bucks only with a five-inch antler minimum and some for does.

Now you know.

Did you know that even famous chefs have accidentally cut themselves while preparing food?

Most of us have been a little too quick or careless with a knife while preparing a meal. But no one expects gourmet chef Julia Child to do such a thing!

Julia's embarrassing moment came when she and a French chef were preparing a lavish gourmet dinner during the taping of a television show. Julia cut her finger while slicing a tomato, or "tomahto" as Child might say.

Julia's finger of course was promptly bandaged but Chef Pepin had to finish the dinner with Child offering suggestions and a bit of kibitzing.

"This is the first time in 15 years of cooking on television that this has ever happened to me," she said.

And now you know.

# County Agent News

By
Mike Rothrock

Diseases are primarily caused by fungi, bacteria, viruses, and nematodes. Each one of these organisms is responsible for causing certain vegetable diseases.

They go about causing the disease conditions in different ways, but the end result in the loss of potential high-quality food.

FUNGI — Fungi come in different forms; most are beneficial and are necessary for man to exist on earth. There are, however, a few fungi which are capable of causing severe losses of food.

Fungi are thread-like plants that lack chlorophyll (the compound that gives leaves their green color). Fungi reproduce by extremely small parts knows as "spores." These would correspond to seed in plants such as corn.

Late blight of potato which caused the potato famine in Ireland has spores which are 30 microns in length. It would take 8,500 spores placed side by side to measure one inch.

Parasitic fungi cause leafspots, blights, wilts, galls, root rots, and dampening-off. As a rule, diseases caused by fungi are more severe during wet periods coupled with mild temperatures.

The greatest stimulant to fungus outbreak is rain. During "drought" not one persons complains about fungus problems, but when rainy, cloudy weather starts, fungus problems proliferate.

Most of the general purpose fungicides which we use such as maneb, zineb, and captan are washable. This means if we spray today, and it rains tonight, we are vulnerble to fungus infestation tomorrow.

Maybe you have a fungus and don't know it. On leaves the fungus begins as small dots and spots. As these dots spread, the entire leaf dies. These dots are actually patches of small spores forming plants which we call fungus.

If these dots, which usually appear on lower leaves first, are allowed to mature, they will infect and kill the rest of the leaves on the plant. Since plants don't produce well without leaves, you begin to see the problem.

As mentioned earlier maneb or zineb fungicide will kill and control this spore spread. Keeping this washable fungicide on for your plant's protection during this rainy season is the problem.

Fungal diseases are controlled by rotation, removal of diseased material, seed treatment, and use of resistant varieties. Fungicide sprays also can be used to control garden diseases when used on a preventive schedule.

BACTERIA — Bacteria are one-celled plants that also lack chlorophyll. They are much smaller than fungi and can be seen only with the aid of a powerful microscope.

Just as some fungi are beneficial to mankind, certain bacteria are responsible for nitrogen fixation in the soil and decomposition of organic material.

A small number can cause serious diseases of plants, and these are the ones which we must control if crops are to be grown successfully.

Bacteria move about in a film of water. They cause leafspots, wilts, cankers, and various decays. They, like fungi, are more severe in wet, warm weather.

Some bacteria are carried on seed while others survive for long periods in the soil.

Bacterial diseases are controlled by sanitation, crop rotation, and resistant varieties. Certain chemicals are effective in preventing bacterial diseases. These are grouped under the heading "bactericide." Antibiotics and copper materials (Kocide) are two of the most important types of bactericides.

VIRUSES — Viruses are extremely small and are visible only through an electron microscope. Plant viruses are made up of nucleic acids which are surrounded by a protective shell of protein.

A virus can only live inside a living cell. Once inside the cell, it sheds its protective protein shell, and redirects the life processes of the cell. The cell then produces more virus particles like itself.

Viruses cause many diseases which result in abnormal growth, stunting leafspots, necrosis, leaf mosaic, wilting, and color breaking.

Viruses are transmitted by insects, nematodes and man. Viruses are controlled by residtant varieties, a thorough insect control program, and careful selection of propagating material.

NEMATODES — Nematodes are small, round worms which occur in most soils. Nematodes are not generally visible to the eye.

Plant parasitic nematodes feed on plant roots and, in some specific cases, on the leaves and stems. Some enter into the root while others only feed from the outside.

Plants attacked by nematodes are generally unhealthy, stunted, off color, and wilt quickly under drought conditions. An infestation of nematodes can make the plants more susceptible to other diseases. Root knot, which is the most severe, cause galls or swelling on the roots.

Nematodes are controlled by resistant varieties, crop rotation, and by chemicals known as nematicides. (Vapam)

These are the four major groups which cause diseases. Throughout a plant's lifespan it is subject to attack by any one or combination of these diseases. Gardeners must plan for their control if gardening is to be a success.

Education programs conducted by the Texas Agricultural Extension Service serve all people of all ages, regardless of socio-economic level, race, color, sex, religion, or national origin.

# Party Line

By Betty Paul

The First United Methodist Church honored the graduating seniors April 20 at the morning worship service and presented them with Bibles.

Paulette Brown from Dallas is visiting the Henry Bents.

Wes Muecke is at home now after a six-week stay in Spohn Hospital.

Mr. and Mrs. Jerry Ledbetter are resting up from a quick training trip to Austin.

Mrs. Emma McLester accompanied Alma Jenkins on a short trip to Palestine. They said the wildflowers were absolutely beautiful.

Gary Bennett from Houston was the guest speaker at the Center of Positive Thinking (Cornwall and Magnolia Streets) April 26 and Ed Jones from Houston will be the speaker Sunday, May 4, at the 11 o'clock service. A covered dish luncheon will be served and visitors are welcome.

Mr. and Mrs. N.M. Markow from Austin are in town visiting Mrs. Henry Hale. Mr. Hale has been in the hospital for a month but his family is hoping he will be home by the end of this month.

Mrs. Rollin Hill has as a guest in her home Mrs. E.M. Moore from San Antonio. Mrs. Moore is planning on being here for several weeks.

Mr. and Mrs. Merle DeBleur went back home to South Dakota after being here on their annual trip for the winter.

Mr. and Mrs. Enon Halpin from Dublin, Ireland, were here all winter b[illegible] returned home to await t[illegible] arrival of their new bab[illegible] They will return to Roc[illegible] port for good and ma[illegible] their home here perma[illegible] ently. Mr. Halpin is in t[illegible] diving business.

Jennifer Crawford qua[illegible] fied for participation in t[illegible] statewide finals of the Bib[illegible] Drill in Houston. This w[illegible] take place in Fort Worth May 2 and 3. Congratulations and Good Luck, Jennifer.

David Blankinship just returned from about two weeks in Miami, Florida, and the Keys. He went to Miami to attend the Annual North America Wildlife Conference.

Among many that went to the Valley this past week were Mr. and Mrs. Cam Leonard, Mrs. Bill Lonquist, Mr. and Mrs. O.H. Brueggeman and Mr. and Mrs. Paul Henson.

This past weekend the William Holdens had as their guests Margie and [illegible]

# Healthful Hints

Most Often-Asked Questions On Nutrition

Q. Is vitamin E good [illegible] burns?

A. Many authorities indicate that vitamin E relieves pain and promotes healing of burns. They have observed that even persons who have suffered almost no pain and healed without a blemish when the contents of vitamin A and E capsules were dropped twice daily over burned areas and 200 units of this vitamin taken after each meal.

There has also been some evidence that vitamin C is beneficial in the treatment of burns. Persons treated with massive amounts of this vitamin had far less pain, healed readily and cleanly, and did not require skin grafts.

Q. Most doctors tell us that we don't really need vitamin supplements. Are there reliable experts who feel that we should take them?

A. Yes, indeed! Many scientists and nutritional physicians urge vitamin-mineral supplementation.

One of the greatest experts in the nutritional field is Dr. Roger J. Williams, author of the excellent book "Nutrition [illegible]

$100,000 INSURANCE ON SAVINGS

Count on us for Savings now insured to $100,000.

Your savings are now insured up to $100,000.

Congress has recently passed and the President has signed a new law allowing the Federal Savings and Loan Insurance Corporation to raise the amount of insurance on your savings from $40,000 to $100,000.

Plus, when you open a separate savings account for each member of your family at Gibraltar, each account is insured up to $100,000.

Gibraltar is America's first insured.

That means we've been insured by the FSLIC longer than anyone else in the country. And we're Texas' largest savings association with financial strength of $3 billion.

At Gibraltar Savings, your money is safe. Secure. Earns the highest interest allowed by law. And now, insured up to $100,000. You can count on it.

- I. E. Buddy McLester

# Democrats, Republicans Hold School For Workers In Primaries

A representative from the makers of the Gyrex Machine, the paper ballot counter that will be used in the Democratic primaries, will be present to demonstrate the unit.

Election handbooks and election code books will be distributed during the school.

The election school for Workers in the upcoming Democratic and Republican primaries will attend elections schools Thursday, May 1, at the Aransas County Courthouse in Rockport.

Workers in the Democratic May 3 primaries and June 7 run-off election will meet at 7 p.m. in the District Courtroom.

Republican workers in the May 3 primary will be at 7 p.m. in the Commissioners' Courtroom. Instructors for the school will be Blas Ramirez, presiding judge; Betty Whitney, judge; and Harold Shirey, chairman of the Aransas County Republican Party.

Clerks for the May 3 election are Anthony Thorne, Deana Daws, Renee Fair, Frances Ramirez, Tom Harrison, Daniel Beall, Thelma Garza and Jan McGlasson.

Beall, Harrison, Miss Fair, Miss Garza and Miss Ramirez are recently registered voters from Mrs. Daws' government and free enterprise classes at the Rockport-Fulton High School.

# Republican Voters To Cast Ballots Directly For Presidential Nominee

When Republican voters in Aransas County mark their ballots for a presidential candidate Saturday, May 3, they will have a direct influence on their party's presidential nomination.

The vote on Republican presidential candidates is binding, says Harold Shirey, chairman of the Aransas County Republican unit, and is used in apportioning delegates to the national presidential nominating convention in August.

On the Republican ballot, voters will choose among Ronald Reagan, George Bush or "Uncommitted."

If either candidate receives more than 50 percent of the votes cast in the Aransas County state senatorial district, all delegates to the national convention will go to him, Shirey said.

If no candidate receives 50 percent of the votes, then delegates to the national convention will be split on a percentage basis.

Shirey pointed out that party primaries are open to any qualified Aransas County voter, regardless of previous party participation.

Any qualified voter can cast ballots in either primary even if he or she had previously signed a candidate petition for the candidate of another party ballot, Shirey continued.

However, a voter can participate in party elections and functions of only one political party. This applies to both primary and run-off elections and party conventions.

# Democrats Elect Nominee Through Convention

Texas Democrats who want a voice in naming a presidential nominee must work through the convention system, says Lola L. Bonner, chairman of the Aransas County Democratic organization.

Although voters in the May 3 primary will be able to cast a ballot for a presidential candidate -- the choice among Jimmy Carter, Edward M. Kennedy, Jerry Brown or "Uncommitted" -- this is a non-binding referendum vote, Miss Bonner emphasized.

When Democratic voters go to the polls and cast their ballots, they have only performed one-half of their civic responsibility, she continued.

The other half of that responsibility starts at 7:15 p.m. Saturday, May 3 -- 15 minutes after the polls close -- when the precinct conventions begin.

These conventions will be held at each of the precinct polling places, and included in the order of business will be election of delegates to the county Democratic convention to be held on Saturday, May 10.

At the county convention, which also starts at 7:15 p.m., delegates will be elected to attend the state Democratic convention -- scheduled this year for June 20 and 21 in San Antonio.

Delegates elected at the state convention will go on to the Democratic National Convention on August 11-14 in New York.

At the National Convention, said Miss Bonner, the Democratic nominee for the office of President will be decided.

"Only by participating in the convention system, from precinct to national," she continued, "are the Texas electorate able to voice their opinion concerning their party's nominee for this important office."

# County Commissioner, Pct. 1 Democratic

## Grace Stanick

I have lived and worked in Aransas County for the past 16½ years and have been in Real Estate in this precinct 1 & 1A for five years.

I am well aware of the problems and have some ideas on how to correct or alleviate the drainage in this area.

We are in a good position at this time to Capitalize on our low areas with the building of the new State Highway 35, but we also must be very careful that the highway does not create or aggravate our problem areas in this precinct.

If elected I would like to have a meeting with all the commissioners to see if some method could be arranged so that less time would be lost in moving the county equipment from precinct to precinct.

Although I am running for the position of Commissioner of precinct 1 & 1A, my objective is to function so the entire county and all precincts make a unified County Government and not four individual entities.

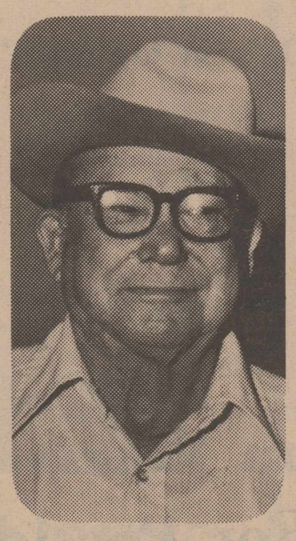

I have the Habit of Hard Work, Strength of Character and the Courage to Fight for What I Believe In.

Show me your support and let's make Aransas County a United County Government.

## Roy Hinton

I'm considered a successful businessman by close friends and believe I can serve on the Commissioner's Court in a business-like manner.

I have been a resident of the County for 35 years, and active in various businesses for myself the last 50 years. I do not want to remain in retirement.

My main ambition would be a Plan for Drainage, Mosquito Control and better Road Maintenance in Precinct One.

I would ask for the cooperation of the State Highway Department and Railroad Company to provide more drainage under the present Highway 35 and the Railroad to the Bay and also ask for proper access to the new By-Pass Highway to serve us now and in the future, as well as the proper disposal of the water from the new Highway and not allow the same to lie in the bar ditches.

This must be done while the Highway is being built.

I would like to have a more efficient system in the use of our Road Equipment and our Manpower—County wide.

I do not own large holdings in this area.

I am not a real estate broker.

I will not be self serving.

## Raulie Lee Irwin

As I sit looking across Redfish Bay to Talley Island, I wonder what this area looked like to the first colonizers 148 years ago.

I also wonder what it will look like to my two sons, E.J. and Zac, 25 years from now. While duck hunting at Yucca Cut this past winter, the realization came to me that more than anything else I wanted my sons to be able to hunt Pintails, catch Redfish and gather crabs along the shores of Redfish Bay.

In order for them to be able to do this we must be careful what we do to these shores and the inland soil surrounding this bay.

So county government is where I decided to start. Aransas County is made up

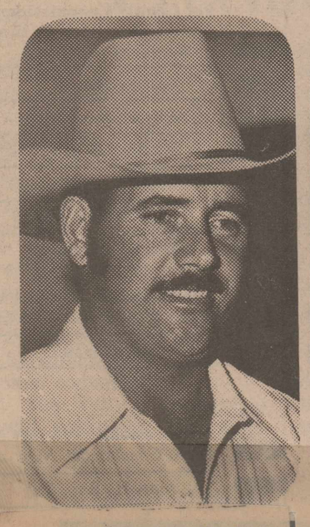

of a highly educated population. We need county government that is made up of well-educated and dedicated people. People who will be at the forefront leading the growth and development of Aransas County and not sitting back and letting growth run rabid.

This county desperately needs overall planning and coordination of the accelerated growth taking place here. The haphazard expansion in this county and especially Precinct 1 - 1A, is a direct cause of the drainage problem and the lack of adequate roads that exist today.

We need qualified and competent leaders to work on solving these problems.

Personally, I have a large stake in what happens to this county in the next 20 years or even the next four years. My home, business, and family give me a concerned interest in the future of this area.

When my sons are grown, I would like for them to settle here. I want Aransas County to be an area that we can all be proud to live in.

## John M. Lee

To the Citizens of Precinct 1 and 1A:

Your county government is important.

Vote for a county government based on logic and common sense.

I am 31 years of age. I was raised in the precinct and I've been in construction since I was 18.

I realize the unsolved problems of the area, and I want to fight to solve these problems. If I, John M. Lee, am elected county commissioner, Pct. 1-1A, and then receive a phone call from anyone in this precinct, I will come personally and discuss your problem with you.

Your support is most appreciated.

Subject to action of the Democratic primary.

## Dan Adams

When I moved to Aransas County two years ago, I became aware of some of the many problems faced with my precinct of 1 and 1A.

As a concerned citizen, I started attending each commissioners' court meeting I could make. I have continued to make these meetings and feel I am quite aware of the proceedings and duties of a county commissioner.

I have never during any time seen one of my opponents at these meetings. Therefore I personally know that what they are promising in their campaigns cannot be accomplished by the commissioner's court.

I am not promising anyone any false hopes that they will get new roads when it is not financially possible. But I do promise that if I am elected county commissioner of Precinct 1 and 1A, I will do my best to work for everyone doing whatever is possible to be done.

This precinct is the largest in the area, lowest in elevation and has the fewest paved roads in the county. Therefore it will take us all working together to help alleviate some of the many problems with which we are faced.

Use your opportunity to vote May 3 to help yourself.

Note: I am not obligated to anyone in this county except the voters which elect me.

## Rachel Garcia

If elected, I will be a fulltime county commissioner.

I believe a commissioner should be available to people at all times.

I will work hard to get the city and county governments to work together in as many projects as possible.

The lack of communication between the city and county governments has caused the taxpayers lots of money. Duplication of services uncalled for.

The road and drainage problems are very important, and I will work hard to try to improve the system for maintaining county roads and improvements for our drainage problems.

If elected, I will see that every dime of our county budget will be put to its best use. It is not how much is spent but how it is spent.

# He'll win them in Washington.

Congress isn't working. But we have a chance to elect a Congressman with the guts and skills to change things. A man with 19 years of successful legislative experience — State Senator Bill Patman of Jackson County.

Bill Patman knows that an 18 percent inflation rate won't be curbed by an 18 percent prime rate on loans. High interest rates just add fuel to the fire.

Nationally, interest rates have skyrocketed. But when the loan sharks showed up in our State Capitol wanting more and more, Bill Patman beat them back — again and again.

Federal spending is out of sight. But in Austin, Bill Patman fought off bureaucrats to launch the first overhaul of state government in 50 years. It sparked our Sunset laws and is saving millions of tax dollars.

If outrageous interest rates, outrageous inflation rates and outrageous government spending make you mad, do something about it.

**Bill Patman**

## Pat Farley

**Dane Patrick Farley, 1902 Cochram, Rockport, Texas. Married - Charlotte Anne Farley. No children. Self-Employed - Farley Boat Works, - Rusty Anchor Restaurant.**

Many problems face the new Commissioners when they take office. Of the many challenges ahead, I have selected three major objectives.

**ONE**

Better communication and understanding between the Commissioners Court and the Sheriff's Department. One Commissioner should be appointed Liaison between the two in order to better understand each other's problems.

I would like to envision a Sheriff's Department with a reputation of keeping its deputies in its employment for extended periods of time. Rapid turnover of employees is expensive, non-productive, and indicates an internal problem. The problem is a very simple one; that being the deputies cannot basically live, or support a family on their meager salaries.

It is my contention that the Law Enforcement officers salaries can be raised, without actually costing the taxpayers additional money. It will also open the door for applications for more qualified and experienced personnel.

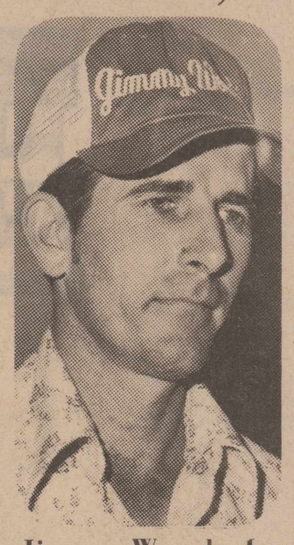

**TWO**

The most controversial subject is, of course, our road and drainage problem. There is no easy solution to this problem, even for the present Commissioners Court, with all their combined experience.

It does not take an engineer to tell us we have problems, but it will take someone his equal to tell us how to alleviate some of these problems.

**THREE**

Perhaps the most difficult objective is the implementation of a county-wide sewer system. This subject, or at least related subjects, is a topic of discussion among many Aransas County residents, especially after a heavy rainfall.

## Jimmy Woods Jr.

I was born in Lake Charles, Louisiana, in 1944 and moved to Corpus Christi with my parents when I was one year old, attending public schools there. Am married to Ann Harris Woods, my wife of 17 years. We have one daughter Debra Sue Woods, who is a sophomore in the Rockport-Fulton High School. We reside on 9th Street in the Fulton area.

Being a young businessman in this County for almost a decade, I am associated with my father at the Jimmy Woods Produce Market on Hwy. 35 North.

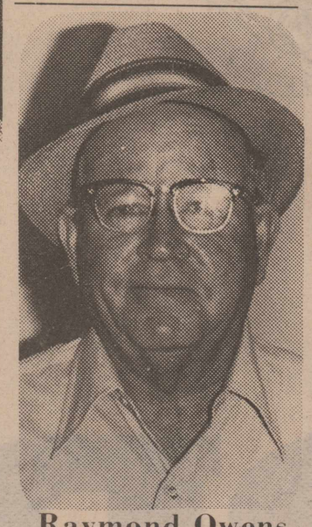

Drainage being a serious problem in Precinct 3, a definite plan needs to be established and this plan

I do not advocate hiring an engineer, as Mr. Farley suggests, in case the elected candidate is not qualified to do the job. My experience in construction is commercial, residential, industrial, schools, churches, hospitals, sewer and water treatment facilities, Nuclear Reactor generator, and many more. I also operate my own business.

I will be accessable to, and aware of the people's wishes constantly.

I earnestly believe myself to be the only 100 percent qualified candidate in Precinct 3, but I must have your support to prove it. We need each other.

Help me, to help you. Vote my Ballot May 3 . . .

## Raymond Owens

I moved here in 1947 after serving in World War II.

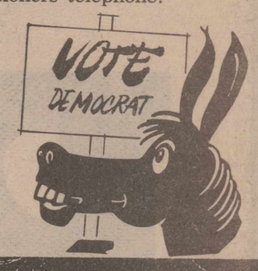

I have built, operated and sold two businesses. Presently I am involved only in the business of Aransas County. A fortunate situation which gives me all of my time to devote to roads, drainage and other business of Aransas County.

I was one of the first elected officials of the Navigation Board. The other commissioners being Dick Picton and Norvel Jackson. The Navigation District was instrumental at that time in completing improvements and facilities in Rockport, Fulton and Cove Harbors. These facilities are presently faicng expansion problems.

I became county commissioner of Pct. 3 in 1965 after resigning from the Navigation Board where I had served approximately 10 years.

County government is a body which is designed to respond to the wishes and needs of the people of Aransas County within legal limits of Federal and State regulations. Sometimes it is difficult to decide which needs are desired by the majority of the people of Aransas County and if the taxpayers are willing to pay for the services.

My contact to the public is often. If I am not available I can be reached through my wife at my home or the secretary at the judge's office through the commissioners telephone.

## Roy Biggs

Drainage is a problem only if you lack the knowledge to control it.

Construction work is baffling only when you're not properly trained in the trades.

Business is confusing only when you don't have the ability to cope with it.

The incumbent is deadwood on the tree of progress. He has had many years to solve the Precinct's problems, and has failed, simply because he lacks in ability and motivation.

I'm only asking for the chance to prove it can be done.

A choice for the voters-ability, knowledge and desire, or total apathy and ineptitude.

Judge Bob Barnes on Inflation and Interest Rates

"Nobody is for high interest rates, but politicians who want to put a lid on them without doing something concrete about inflation are either very cynical, or underestimate the voters' intelligence. A lid just drys up available money to loan.

"As the Washington Post noted April 5, 1980: '. . .prolonged inflation, the basic cause of high interest rates, always tends to expand the governmental sector at the expense of the private sector.'

"Don't be taken in by a politician sweet-talking about interest rates. Ask him about his program for inflation. That's what counts. Trimming back a cactus doesn't kill it. You've got to get at its roots.

"I'll fight inflation in Congress by working for a balanced budget, and eliminating unnecessary regulations through Congressional vetos and a strong Sunset Law. I pledge this: I'll give you action on inflation, not the tired old lip service you've been hearing."

LET'S SEND DEMOCRAT BOB BARNES TO CONGRESS FROM OUR 14TH CONGRESSIONAL DISTRICT, MAY 3

# County Democrats Voting On 12 Contested Races

Aransas County Democrats will cast ballots for 12 contested races in the Democratic primaries, including three county races and not including a non-binding presidential preference referendum.

All Aransas County Democratic voters will cast ballots in the election for county sheriff where incumbent Robert Hewes is being challenged by Jim Pridgen.

Voters in precinct 1-1A will cast ballots for a county commissioner.

Six candidates are vying for this post: Grace Stanick, Roy Hinton, Raulie Lee Irwin Jr., John M. Lee, Dan Nelson Adams and Rachel Garcia.

In Pct. 3, the race for county commissioner is among Pat Farley, Jimmy Woods Jr., incumbent Raymond Owens and Roy Biggs Jr.

In the race for U.S. Representative, 14th District to be voted on by all county Democrats, candidates are William N. (Bill) Pat[illegible], Jason Luby, Rob[illegible]N. (Bob) Barnes and Joe Salem.

At the state level on the Democratic ballot, incumbent A.R. (Babe) Schwartz is being challenged by Dean Neugent for the post of State Senator, 17th District.

Democratic contenders for a six-year term on the railroad commission are Buddy Temple and John Poerner, and Jim Hightower and James E. (Jim) Nugent are vying for an unexpired four-year term on the commission.

Two races have developed for associate justice position on the Texas Supreme Court: a threeway contest between James P. (Jim) Wallace, John C. Phillips and Wayne Scott for Place 1; and Sears McGee and Lawrence E. Bergman for Place 2.

Places 1, 2 and 3 for judge, State Court of Criminal Appeals, are all contested.

In Place 1, candidates are Leon Douglas and Marvin [illegible]eague. Place 2 candidates are John Humphreys, W.T. Phillips and Mike McCormick; and in Place 3, Tom Davis, Edith Roberts and Walter Boyd are vying for election.

Democrats will be able to cast their votes in the presidential preference referendum, but those votes are not binding on delegates to later state and national conventions.

In Texas, presidential nominees are chosen by the convention system, says Lola L. Bonner, chairman of the Aransas County Democratic organization.

Names on the ballot for the non-binding presidential referendum are Jimmy Carter, Edward M. Kennedy, Jerry Brown and "Uncommitted."

In other races at the county level, Democratic voters will cast ballots for offices ranging from county tax assessor-collector -- in which Allena Jones is running unopposed for re-election -- to precinct party chairmen.

Voters in Pct. 1 will mark their ballots for a constable -- Les Sorenson -- and precinct chairman, Mrs. H. F. Elliott. Both candidates are running unopposed.

In Pct. 1A, voters will cast ballots for the Pct. 1-1A constable and for a Pct. 1A chairman, Marie Baker.

In Pct. 2, John H. Ray is running unopposed for constable and Virginia Shivers unopposed for precinct chairman.

Pct. 3 voters will also cast ballots on a constable -- I.E. (Buddy) McLester, unopposed -- and precinct chairman, Freddie A. Lingner.

In Pct. 4, Zora Belle Casterline is seeking the precinct chairman's post, and in Pct. 4A, the precinct chairman candidate is Louise A. Wilken.

Democratic voters in all precincts will cast their ballots for the county Democratic party chairman, for which Lola L. Bonner is unopposed.

Other uncontested races on the Democratic ballot include:

District Attorney, 36th District -- Tom Bridges.

State Representative, 41st District -- Leroy J. Wieting.

Associate justice, Supreme Court, Place 3 -- Robert M. Campbell.

Associate justice, Supreme Court, Place 4 -- C.L. Ray.

State Board of Education, 14th District -- Mrs. A.T. (Mary Ann) Leveridge Jr.

Associate justice, Court of Civil Appeals, 13th District -- Gerald T. Bissett.

VOTE

FOR FUTURE AMERICA'S

**Let's have a retirement party!**

Join Dean Neugent and supporters at the Democratic primary polls Saturday, May 3rd, and RETIRE Babe Schwartz, who has been in office 20 years. Don't you think this is long enough?

At some point in his career,Schwartz may have represented the people of the 17th Senatorial District. But, along the way, he lost sight of why he's in the Senate and who he's working for. Apparently, twenty years in office has distorted his perspective and affected his memory.

We've seen it happen more than once. When a person holds a legislative office too long, that person treats the job like personal property, not to be tampered with. The power and influence that goes with the office, after too many years, can inflate one's sense of importance and stretch an ego to the snapping point.

If that's not the case with Schwartz, how else can we explain his public tirades and outbursts of temper when constituents and his colleagues don't agree with him? What other reason would prompt him to filibuster against Governor Briscoe's highway appropriation bill, to the detriment of the District, simply because he wasn't consulted when funds were increased by the Governor. When accused of being inconsistent, Schwartz countered, "I'm consistently mad and consistently hostile."

The only time we see our Senator in Matagorda, Calhoun and Aransas Counties is close to the election. Yet, try to visit him in Austin and see what kind of reception you get. A Calhoun County farm leader was told, "Go get me 50,000 signatures on a petition and I'll talk to you about your problem."

For many, the crowning blow was the Killer Bee Episode. When The Babe and his liberal friends couldn't get their way last session, they ducked out and hid from authorities and law enforcement officers, paralyzing the legislative process for five days, costing the taxpayers millions of dollars in lost time and progress on important state business.

Had enough? Join with those who are ready to replace Babe Schwartz with Dean Neugent. As a former District Attorney and State Representative, Dean proved you don't have to be abrasive and abusive to be effective. As your State Senator, he'll listen and respond to the needs and wishes of those he serves. He's sensitive and fair-minded. Wouldn't that be a welcome change?

# Republicans Face Choices

Aransas County Republican voters will cast ballots in four contested races in the Republican primaries, including the presidential primary.

None of the contested races are at the county level.

In the presidential primary, the choice for Republican voters is between Ronald Reagan and George Bush. Or voters can check the "Uncommitted" box on their ballots.

Three candidates are vying for the post of U.S. Representative, 14th District: Gerald D'Unger, C.L. Conklin and Russ Baird

The race for State Senator, 17th District, is also three-way, among James E. (Buster) Brown, Ed Stuart and James Parker.

And in the race for a six-year term on the railroad commission, the choice is among E.W. (Billy) Kidd, Henry C. (Hank) Grover and John Thomas Henderson.

In uncontested county races, Bill Watson is the Republican candidate for county commissioner, Pct. 1, and W.B. (Pete) Sanders for county commissioner, Pct. 3.

James L. Anderson Jr. is running unopposed for the office of county attorney.

Also uncontested on the Republican ballot is the election for State Representative, 41st District, where Gene Matthews is running unopposed.

Other uncontested races include:

Railroad commission, four-year unexpired term -- H.J. "Doc" Blanchard.

Associate justice, Supreme Court -- Place 1, Jim Brady; and Place 4, Will Garwood.

Aransas County Republican chairman -- Harold L. Shirey.

Republican precinct chairmen -- Pct. 1, Anthony S. Thorne; Pct. 2, Blas Ramirez; Pct. 3, Mrs. Cy (Dee Dee) Richards; Pct. 4, Peggy O. Bloch; Pct. 4A, write-in.

Republican voters also will have an opportunity to vote for or against the following statements:

"Under the supervision of a judge, the state police should be able to use electronic surveillance methods, such as wiretapping, in cases where suspected drug dealers are involved."

"Texas should have Initiative and Referendum, a way for the public to vote directly on issues and make law in elections rather than depending only on the state legislature."

**VETO OVERRIDDEN**

On Sept. 30, 1976, Congress overrode President Ford's veto of a $56 billion appropriations bill for social services.

**DUTCH COMPANY**

# Date, Time Set For Precinct Conventions

Voters who cast their ballots in the Aransas County Republican primary will have an opportunity to attend party precinct conventions starting at 2 p.m. Saturday, May 3, in the District Courtroom, Aransas County Courthouse.

Residents of Pct. 1-1A will attend their half-hour precinct convention at 2 p.m., followed by Pct. 2 at 2:30 p.m. At 3 p.m., Pct. 3 Republican voters will hold their convention.

The Pct. 4 convention will begin at 3:30 p.m. followed by the Pct. 4A convention at 4 p.m.

Delegates will be selected at the precinct conventions to attend the Republican Party County convention set for 2 p.m. May 10 in the District Courtroom.

At the county convention, delegates will be chosen to attend the state conventions, scheduled in Houston for July and in San Antonio in September.

Aransas County Republicans have been assigned five delegates and five alternates to the state conventions, based on the Republican vote in the last gubernatorial election.

In order to participate in the precinct conventions, a voter must have already cast his or her ballot in the Republican primary.

# Small Business Is Everybody's Business

Something as familiar as the morning coffee, our newspaper, the neighbor next door, we tend to take pretty much for granted. So is it with the nation's millions of small businesses. Few of us start the day by thoughtfully reflecting on the role and significance of small businesses in our economy and society.

Then, along comes National Small Business Week -- this year from May 11 to 17 -- and we are suddenly reminded of the powerful and productive role these small businesses play in creating employment, new consumer products and healthy competition.

Small businesses employ more than half of the American labor force and account for 48 percent of the gross national product -- our total national output of goods and services.

Small firms -- with less than 1,000 employees -- produce innovations at one-fourth the cost of larger firms. Small firms have accounted for half of all innovations in this century. The helicopter, air conditioning, frozen food packaging, mini-computers, the jet engine, the automatic transmission -- all came out of small business workshops.

Over the years we've thought of the small business person as one who wants to be his or her own boss, as one who has drive, imagination, salesmanship, resourcefulness and the ability to respond quickly to changes in the tough and competitive business world.

But on the way to creating a decent living for themselves and their families, small business people have created more than just jobs and products for millions of other Americans. Small business people have laid a foundation of security, reliability, success and self-esteem that has been a source of pride and stability for our entire community.

Just look around you. Right here in Rockport, small business people are a vital part of our economic and social well-being.

No one would argue that fact, even though we don't think about it every day. That's why we think Small Business Week is an appropriate time for us to share in recognition and appreciation of the contributions small businesses make to our community and our nation.

## Garlic pull-apart loaf

1 loaf (1 lb.) frozen bread dough
4 tbsps. butter, melted
2 tsps. garlic salt
2 tsps. Parmesan cheese, grated

Let loaf thaw to room temperature. Cut into 8-10 pieces.

Mix butter with garlic salt. Dip each piece into butter mixture. Place pieces together in loaf pan (8½ x 4½ x 2½-inches) to shape back into loaf.

Sprinkle Parmesan cheese on top of loaf. Let rise in warm place until dough rises ½ inch above pan side (tripled in size). Bake in preheated 375 degree F. oven for 25-30 minutes.

Turn out of pan immediately. Cool on absorbent paper or on cooling rack.

## Sausage tampico

1 pkg. (12 ozs.) smoked pork sausage links, cut in about 1-inch pieces
1 cup chopped onions
2 cans (15 ozs. each) pinto beans
1 cup tomato juice
1 tsp. each salt and chili powder
¼ tsp. each garlic powder and pepper
2 cups peeled, cored and thickly sliced tart cooking apples
3 cups hot cooked rice
½ cup sour cream

Cook sausage and onions about 5 minutes, stirring often. Add beans, tomato juice and seasonings. Simmer uncovered, 10 minutes.

Stir in apples and continue cooking 10 minutes longer or until most of the liquid has evaporated.

Serve over beds of fluffy rice and top with dollops of sour cream.

## RICE-VEGETABLE SALAD

If you haven't tried rice in a salad you'll be in for a special treat...

3 cups cool cooked rice
1-1/2 cups sliced celery
1 package (10 oz.) frozen green peas, cooked and drained
1/4 cup minced onion
1/2 cup diced pimientos
1 cup cubed American process cheese (1/4-inch cubes)
1 cup mayonnaise
1 teaspoon lemon juice
1/2 teaspoon *each* salt and seasoned pepper

Combine all ingredients and toss lightly. Chill. Serve in lettuce cups and garnish with sliced, hard-cooked eggs and tomato wedges, if desired. Makes 6 servings.

# Eat Yourself Slim

By SHIRLEY BRIGHT BOODY
Registered Dietitian
Copley News Service

The interactions between foods consumed and drug therapies may frequently be ignored by patients who do not realize that such interactions even exist. Sometimes physicians who are not too well-versed in nutrition may not specify exactly when or with what foods the prescriptions should be taken, or if foods should be avoided.

It is no longer enough just to tell a patient to take his medicine three or four times a day, with no regard to his diet. Drug functions may be altered by food, diminishing or enhancing its effectiveness. A frequent side effect of certain drugs is a loss of appetite — a fact sometimes unreported by the patient. Loss of specific nutrients, resulting in malnutrition,can occur thereby complicating therapy.

Food delays the emptying of the stomach and may slow the intestinal absorption of many drugs. Food, eaten up to an hour before taking penicillin or Tetracycline tends to decrease the blood levels of the drugs. Ampicillin, however, is only slightly affected. Calcium, magnesium, iron, salts, aluminum, milk and milk products have all been shown to decrease the absorption and reduce the effectiveness of tetracycline.

Iron supplements, taken to prevent or treat anemia, especially in young women, are incompatible with the tetracycline they may be also taking to control their acne.

Gastric (stomach) absorption of drugs is reduced after eating. Acidic drugs such as aspirin and barbiturates are decreased in absorption levels if food is taken. Alcohol absorption is also decreased, if taken with food.

Large amounts of the B complex vitamins, folic acid and pyridoxine can reduce the blood levels of Dilantin or phenobarbital used in the treatment of epilepsy. The result may be increased frequency and severity of symptoms. People taking these drugs should not dose themselves with large amounts of B complex vitamins, without consulting their physician.

Some drugs can affect taste acuity, cause nausea and gastro-intestinal upsets. Certain liquid medications are so unpleasant to the taste that they inhibit the appetite in some patients.

**Dear Shirley: Are hamburgers higher in calories than hot dogs? Which do you recommend? I am trying to lose weight. — Mrs. R.G.**

Dear Mrs. R.G.: A three ounce hamburger pattie has approximately 219 calories, 27 grams of protein, and 11 grams of fat. Two hot dogs have 304 calories, only 12 grams of protein, but 27 grams of fat. Hamburger is your best bet.

**Dear Shirley: Is there any difference in the sodium level in instant hot cereals and the regular hot cereals you have to prepare? I am on a low salt diet. — Mrs. E.L.C.**

Dear Mrs. E.L.C.: Yes. Instant cereals are much higher in salt.

# Honor Roll Students Named

The names of 91 students — 14 percent of the student body of Rockport-Fulton High School—were placed on the honor roll for the fifth six-week reporting period.

A student's name is placed on the honor roll when all grades are added and when divided by the number of courses taken average 90.0 or above.

Twenty-one seniors—18 percent of the senior class members—were named to the honor roll. They are:

Terry L. Gastauer, Joseph Barlass, Mollie A. Davis, Susan E. Weaver, Lily A. Hite, Janet L. Truelove.

Also Sandra K. Collins, Nancy R. Fair, John A. Gravell, Melissa A. Pruitt, Henrietta E. Harris, Lucinda Hamon.

Also Lisa S. Smith, Reagan A. Little, Vicki L. Guillett, Laura D. Hutt, Miguel P. Contreras, Janet L. Rhotenberry.

And Carl C. Evans, Toni Naro and Jean A. Flanagan.

Twenty-three junior class members—14 percent of the class—have had their names placed on the honor roll. They are:

Mary E. Randow, Dee Aine Rossman, Patricia S. Reyes, Yolanda Hinojosa, Meredith Montague, Dianna D. Fake.

Also Nancy J. Adams, William T. Johnston II, Timothy A. Walker, Barbara K. Mosier, Lisa L. Guillett, Jennifer J. Janecek.

Also Kimberly A. Foitik, Gracie M. Garza, Helen E. Pearson, Clyde R. Barre, Mark A. Goodin, Carolyn J. Farnsworth.

And Kristi L. Levison, Thu V. Nguyen, David W. Williams, Jill Oliver and Linda L. Rinche.

Twenty-seven sophomores—15 percent of the sophomore class—have had their names placed on the honor roll. They are:

Michael W. Arthur, Kathryn A. Morgan, Tammy L. Barlass, Alayna B. Newberry, Scott S. McMillan, Lisa A. Pulis, David W. Womack.

Also Melody R. James, Sherri A. Morrison, Hong Nguyen, Ruby L. Pena, Miki J. Andrews, Leslie C. Ankele and Mary K. Smith.

Also Dana F. James, Premo P. Viccinelli, Debra S. Woods, Jon M. Shaw, Virginia E. Covington, Elma D. Valdez, Michael I. Turner.

And Tammy L. Stephens, Hilda F. Harris, Jeannette L. Jack, Margaret F. Kiker, Kenneth D. Marbach and William C. Weaver.

Twenty freshmen — 10 percent of the freshman class—have had their names placed on the honor roll. They are:

Jeffrey A. Miller, Richard E. Miller, Justine R. Hopkins, Richard C. Ayers, Jose D. Martinez.

Also Dominic J. Dominguez, Yvette R. Hawthorne, Laurence DePuma, John D. Longino, Julie D. Cochran.

Also Rebecca A. Ward, Patricia D. Wood, Rhea D. Morales, Joseph Allgood, Oscar M. Isreal III.

And James Thomas, Wally H. Gastauer, Alma E. Dickerson, Carla R. Perkins and Charles A. Ochoa.

And Peggy Bloch, Elaine and Ken Faulkner, Mr. and Mrs. Carl C. Krueger, Mrs. Joe Marshall, Mr. and Mrs. W.L. Franke, Mrs. June Stewart, Mr. and Mrs. Edgar Moren, Frances and Amos Good, Kelma Turton, Workshop Group of ACMSI, Orville and Beverly Klein.

Others are Mr. and Mrs. William J. Rottman, Eugenia Bray, Win Smith, Phylis McBride, Dovey Bradford, Queenie Camehl, Geneva Taylor, Roseland McEvoy, Doris Barnes, Mr. and Mrs. Shelly P. Roaten, Mr. and Mrs. John W. Smiley, Mabel J. Rickeway, Mrs. Jessamine Scott and Julia I. Klein.

The above list covers donations made during the months of January, February and March. All funds made to ACMSI Memorial Fund go toward the ongoing operation of Aransas County Emergency Ambulance Service.

# Highway 37 Opening

CORPUS CHRISTI—District Engineers Roger Spencer of Corpus Christi and Raymond Stotzer of San Antonio, State Department of Highways and Public Transportation, have announced the opening of 21 miles of Interstate Highway 37 freeway between three miles north of Three Rivers and three miles north of Campbellton. The opening was noon Monday, April 28.

South Texas Construction Company is completing contracts for 11.8 miles of IH 37 from three miles north of Three Rivers to the Atascosa-Live Oak County Line. This construction began in 1978 and is being completed at a cost of $11.5 million. James Chapman, supervising resident engineer for the Department with offices in George West and Karnes City, is in charge of the projects.

The Dahlstrom Corporation will complete their project on IH 37 which extends from the Atascosa-Live Oak County Line to three miles north of Campbellton. Also awarded in 1978, this nine mile project had a contract cost of $5.6 million. Fred Hilgers of Pleasanton, supervising resident engineer for the Department, is in charge of the work.

Completion of these projects will leave only two segments of the 143 mile freeway between Corpus Christi and San Antonio under construction. One section in Live Oak County is 7.5 miles long and extends from south of Oakville to SH 72. The other 16 miles is in Bexar and Atascosa Counties from Loop 1604 to south of Pleasanton. All work is expected to be completed by 1982.

Although the initial construction was begun in both districts in the early sixties, lack of funding has hampered construction. With the opening of these projects on April 28, approximately 119 miles of IH 37 will have been completed at a cost of $128 million.

When finished, this route will provide a safe four-lane divided facility between Corpus Christi - a major port, recreational area, and gateway to North Padre Island, and San Antonio - home of the Alamo, the Institute of Texas Cultures, and other points of visitor interest.

# EMS Report

Aransas County paramedics responded to 21 calls during the week beginning April 21. The number projected for this time period was 20.

Ambulances traveled 1687 miles during the week with an average response time of six minutes per call.

Bills may be paid at the Enterprise Medical Clinic in Rockport. Telephone number for the business office is 729-3056.

**RETIREMENT AGE**

As a result of a recent survey, 67 percent of the business leaders in the United States, along with 88 percent of the employees agree that no one should be demanded to retire simply on the basis of age. — CNS
