Union Will Try To Complete Oil Well At Gaines Wildcat

Union Oil Company of California is attempting to complete a commercial oil and gas well, and the owner of a new field in Southwest Gaines County at its No. 1 T. C. Wellner.

This prospector, located eight miles southeast of Hobbs, N. M., and a short distance east of the House field in Lea County, N. M., had recovered considerable amounts of oil and gas, and had sprayed out some petroleum in drillstem tests at 7,104-29 feet and at 7,129-44 feet.

In Top Of Clear Fork
Top of the Clear Fork pay is at 7,108 feet. Elevation is 2,584 feet. Operator has now cemented 5 1/2-inch casing on bottom at 7,144 feet. After the cement cures the plug will be drilled out and the pay so far penetrated will be tested through perforations.

Location is 1,866 feet from west and 1,980 feet from south lines of section 16, block A-12, psi survey.

Wolfcamp Opener Is Indicated In NE Reagan Prospector

The Atlantic Refining Company No. 1 Calvin Sugg, Northeast Reagan County wildcat, 15 miles north-east of Stiles, is showing for an oil and gas discovery from the Wolfcamp section of the Permian at 8,095-8,120 feet.

That interval flowed for four hours through a 27/64th inch tubing choke, and made 35 barrels of 47-gravity oil and no water. The four-hour flow came after the well had been shut in several hours.

Tubing pressure was 2,300 pounds when the well was opened up. At the end of the four hours of flowing the tubing pressure was 150 pounds.

Then Flowed More Oil
Then in the next six hours the well continued to flow through the 27/64th inch tubing choke. Production during that period was 42.50 barrels of oil, there was no water. Flowing tubing pressure remained constant at 150 pounds during that six hour period, which ended at 6 a.m. Tuesday.

Operator was continuing to flow to test and complete.

It is expected that potential will be taken by the end of the week. The wildcat is 660 feet from north and east lines of section 134, block 2, T&P survey.

It was originally drilled by G. H. Vaughn Producing Company to a total depth of 10,285 feet in barren Ellenburger.

It plugged back and tested the Spraberry without results. Then operator went to the Wolfcamp zone and found the oil and gas.

Offset To Howard Field Gets Flowing Oil In Pennsylvanian
Lario Oil & Gas Company No. 1 Alice Cairnes, stepout from production on the east side of the East Vealmoor field in Central-North Howard County has shown for a flowing producer.

This prospector, located 2,340 feet from north and 1,945 feet from west lines of section 19, block 27, H&CO survey, topped the Pennsylvanian line reef at 7,395 feet, on a datum of minus 4,901 feet.

It drilled to 7,415 feet and took a drillstem test at 7,395-7,415 feet. The tool was open 35 minutes.

Flows Oil
Gas surfaced in three minutes. Mud flowed out at the top in 23 minutes and oil began to flow in 25 minutes.

The project flowed for the next 10 minutes at the estimated rate of 30 barrels of oil per hour through a one-half-inch bottom hole choke. There was no water.

Operator has taken electric log survey and will now cement casing at the total depth of 7,415 feet. After the plug cures it will be drilled out and operator will rat hole 20 feet deeper and complete the well from the small bore open hole.

The new well is five miles north-west of Vincent.

Extension To Kent Field Is Indicated By Humble Project
Possibilities of extending the proven area of the East Polar-Pennsylvanian field in Southwest Kent County have been indicated at Humble Oil & Refining Company No. 1 W. M. McLaury.

This development, located one-quarter of a mile east of the nearest producer in the field, and 1,980 feet from north and 950 feet from west lines of section 14, block 4, H&GN survey is reported to be 26 feet high, structurally, to the producer to the west.

It ran a one-hour drillstem test (Continued On Page Eleven)

California Typist Conquers Channel

SANGATTE, FRANCE—(P)—California's Florence Chadwick swam across the English Channel from Britain to France in near-record time Tuesday—the first woman to swim the channel both ways. She climbed ashore here even as police were investigating reports she had been lost at sea.

Miss Chadwick, 32, reached France after 16 hours and 14 minutes in the water. She had started the swim from St. Margaret's Bay, near Dover, England, Monday night.

Crowds had been waiting for her at Cap Gris Nez, five miles to the southwest, and when she failed to make an appearance, there were fears for her safety. She had started out in a dense fog and there had been no sight of her when the fog lifted.

Confusion attended her arrival at Sangatte, compounded by the excitement of the French, who mistook her for a Danish swimmer, a woman who had not yet started to try from England.

The San Diego typist stalked out of the water and onto the isolated little Sangatte beach to the cheers of a handful of French children and their parents.

Mass Meeting Of Midland Retailers Slated Wednesday
Plans for downtown street decorations and special events to be held in connection with the city's annual Christmas Shopping Season observance will be completed at a mass meeting of Midland merchants at 2:30 p.m. Wednesday in Hotel Scharbauer.

The meeting was called by Jerome Grayson, chairman of the Retailers Committee of the Chamber of Commerce, who said his committee has been busy the last several weeks preparing plans, which will be submitted to merchants for final approval.

He termed the meeting important, and urged all retail stores of the city to have representatives in attendance at the Wednesday gathering.

ORANGE OFFICERS INDICTED
ORANGE—(P)—Federal grand jury at Beaumont indicted the Orange police chief, his assistant, and two patrolmen Tuesday for allegedly depriving a negro prisoner of his constitutional rights.

WASHINGTON—(AP)—Senator Douglas (D-Ill.) offered amendments Tuesday to cut between \$600,000,000 and \$1,000,000,000 out of the multi-billion dollar defense bill.

WASHINGTON—(AP)—Defense Mobilizer Charles E. Wilson, declaring himself "shocked" at this winter's steel prospects, rejected Tuesday the steel industry's production forecast and demanded at least a million-ton increase in the first quarter of 1952.

WASHINGTON—(AP)—The Senate Investigation subcommittee called a secret meeting Tuesday in its probe into the political influence of William M. Boyle, Jr., Democratic national chairman.

TEHRAN, IRAN—(AP)—Britain's economic pressure in the oil nationalization dispute pushed the black market dollar rate up two per cent Tuesday, amid talk of an Iranian financial crisis.

Savage Hill Fighting In East Flares

EIGHTH ARMY, KOREA—(P)—Savage hill fighting in Eastern Korea and the third straight day of jet battles far behind Communist lines marked the quickening Korean war Tuesday.

North Korean troops threw in repeated counterattacks against Allied-held hills in the eastern sector but were driven back in wild mountain-side battles.

In the west there was no lessening of the Communists' huge war potential, but fighting died down to sporadic contacts.

The Fifth Air Force had another big day. A flight of 16 Russian-built MIG jets tangled with a heavily outnumbered formation of four slower-paced U. S. F-84 Thunderjets over Chongju. The Air Force claimed one MIG probably destroyed.

North Of Chonwon
United Nations infantry tangled with the Reds in two small but hot actions north of Chonwon on the west-central front.

The actions were indecisive. On the western front, the Communists surprisingly broke off attacks they started a week ago.

Red truck traffic in North Korea diminished Monday night after two weeks of heavy movement. Planes pounded Communist vehicles mercilessly and scored some of the highest damage and destruction figures of the war.

The Allied attacks in the east were in the jagged mountains north and northeast of the Hwachon Reservoir and north of the Red's old Punchbowl assembly area near the Sea of Japan Coast.

Military Inspects Midland Airports

Seven military representatives Tuesday were surveying facilities at Midland Air Terminal and Midland Airport to determine their worth for possible Air Force expansion.

Air Force men in Washington, D. C., and a member of the Midland surveying party said the inspection did not involve any commitment by the Air Force to use either field.

U. S. Senator Tom Connally of Texas wired Midland city officials Monday night that the inspection party would reach here Tuesday.

"Our official reason for the survey is to bring existing records up to date," Capt. H. F. Weeks, one of the members of the group, said. "All we are interested in is to determine present facilities and condition of buildings, mainly at Airpark."

During World War II, Midland Air Terminal was used as an Army Air Force training base and Airpark was used by the Air Transport Command and a Navy unit.

In the inspection party were Lt. Col. W. L. Johnson, Maj. F. White, Maj. J. C. Lentz and Captain Weeks, all of the Air Force; E. L. Early, R. B. Mayfield and John R. Slay, all of the Corps of Engineers.

They were accompanied on the inspection by Clyde Scharrer, city aviation director.

Former Official Of PMA Charged

DALLAS—(P)—A former official here of the U. S. Department of Agriculture's Production and Marketing Administration was charged in federal court Tuesday with accepting money "with intent to have his decisions influenced."

The charge was filed against Stephen G. Benit, Jr. Charged with him were two Midwestern Investment Company officials, Ed Smith, Jr., of St. Louis and George M. Morris of Kansas City, officers of the J. H. R. Investment Company of St. Louis.

Assistant U. S. District Attorney Lester L. May said the charges arise from storage of government commodities in a Shawnee, Okla., warehouse owned by the J. H. R. Investment Company.

Smith and Morris were charged with "giving money to an officer acting for the United States."

Benit resigned late in 1950. He then was employed by the Office of Price Stabilization here. Last week OPS discharged him. He held the position of administrative assistant in the OPS office.

U. S. Souder Financially Than Ever Before, Truman Asserts In Slap At Critics

WASHINGTON—(P)—President Truman said Tuesday the United States is stronger economically than ever before. He denounced as lies claims the government is spending its way into bankruptcy.

He said those who talk of possible bankruptcy are doing it to "frighten voters—particularly as visions of elections dance through the heads of gentlemen who are politically inclined."

Truman spoke at the dedication of the new seven-story General Accounting Office, watchdog agency for Congress on federal spending.

Using the bristling language of a political campaigner, the President charged a great deal of "misinformation" is being circulated about government spending. Some, he said, is "done in ignorance and some with malice aforethought."

As an example, he declared, an article in a widely-circulated magazine used "meaningless butterfly statistics—they seem to have been plucked right out of the air with a butterfly net" to show that waste (Continued On Page Sixteen)

Longshot Gamble Saves Motorist

HOUSTON—(P)—Dan Bough, 48, was alive Tuesday because he took a longshot gamble Monday night and won.

He reported to police he halted under a red light while driving. A negro stepped from the sidewalk and leaned into his car, pointing a gun at him.

Bough said he was so startled he jammed his accelerator to the floor. The car leaped forward and threw the bandit to the ground. A mile from the scene Bough drove into a filling station and telephoned police.

The other alleged arsonist—named as the man who set off the fuse and who died in the ensuing holocaust—was Moe Shapiro.

Gasoline Plant Being Moved To Midland County

Midland was a step nearer to obtaining a new industry Tuesday. Officials of the Tex-Harvey Company announced a gasoline plant, which formerly operated at Reed City, Mich., was being moved to Midland.

Location will be in Section 14, Block 37, T-3-S, Midland County, which is in the Tex-Harvey field, 15 miles southeast of the city.

Operation of the gasoline plant was scheduled to begin January 1. It will process 25,000,000 cubic feet of gas daily.

The plant is a joint venture of Tex-Harvey and the Anchor Gas Corporation.

All preliminary negotiations for installation of the plant in Midland County have been completed, it was announced here Tuesday.

Commies Reject Proposal To Move Discussion Site

TOKYO—(P)—The United Nations Command acknowledged Tuesday night that an Allied plane mistakenly strafed the Kaesong neutral zone Monday.

The Communists had not yet replied, but instead early Wednesday broadcast an official message rejecting Gen. Matthew B. Ridgway's suggestion that Korean truce talks be moved to some other site.

The Communist message, broadcast by Peiping in the names of North Korea Gen. Kim Il Sung and Chinese Red Gen. Peng Teh-Huai, said Ridgway's proposal to move was "completely unsatisfactory and unacceptable."

The message told Ridgway "these efforts of yours are futile" and then repeated the old Red accusations that the Allies were "obstructing" the now-suspended armistice talks and had repeatedly violated Kaesong's neutrality.

The latest Red complaint was that an Allied plane machine-gunned Kaesong before dawn Monday. Dismissed As Lies

Previous Red accusations have been dismissed as lies and frame-ups.

The Monday strafing, however, was found to be true. A message being sent to the Reds Tuesday through Vice Adm. C. Turner Joy, chief Allied truce negotiator, says:

"The United Nations Command regrets this violation of the agreed neutrality which resulted from the pilot's error in navigation. Appropriate disciplinary action is being initiated."

The Allied reply notes that no casualties were inflicted and only slight damage was caused. This is the first time the UN (Continued On Page Sixteen)

Justice Department Requested To Probe Newsmen Indictment

WASHINGTON—(P)—Senator Kefauver (D-Tenn.) asked the Justice Department Tuesday to investigate the indictment of five newsmen and three civic leaders in Louisiana on charges of "defaming" gamblers and public officials.

The former chairman of the Senate Crime Investigating Committee, in a letter to Attorney General McGrath, said the Louisiana case appears to be "a flagrant attempt to intimidate the press."

McGrath's office said Kefauver's letter would receive prompt attention.

Kefauver said Senators Tobey (R-NY) and Hunt (D-Wyo.) had joined him in making the request for a Justice Department investigation.

The Louisiana incident involved the indictment of the newsmen because of articles on law enforcement published in the Lake Charles, La., American Press.

The newsmen indicted are Thomas B. Shearman, publisher of the Lake Charles, American Press; Co-Publisher William Hugh Shearman, his son, Kenneth L. Dixon, managing editor; James W. Norton, city editor, and Carter George, a reporter.

Following the indictments, District Attorney Griffin T. Hawkins said Dixon was indicted on one count of defamation for using the phrase "legal double-talk" in describing a statement of an assistant district attorney about gambling.

Woman Stabbed As She Attends Mass
DES MOINES—(P)—Terry O'Connor, 24, attractive Des Moines woman, was stabbed in the back Tuesday while attending mass. Police were holding her by friend.

Miss O'Connor may die. Detective Chief Jack Brophy said John A. Masterson, 25, stabbed the woman with a hunting knife while she was in her pew.

Prison System Eyes \$2,000,000 From 1951 Crop

HUNTERVILLE —(P)—The Texas Prison System expects to market its 1951 crop for about \$2,000,000, General Manager O. B. Ellis says. Ellis told the prison board Monday the estimated yield for some 11,000 acres would be 10,000 bales. He said the cotton crop money, plus the \$1,000,000 the system receives from the state, will give the system a surplus of about \$500,000 for emergencies. Ellis presented a 1951-52 budget of \$2,561,500. He reported cattle and other crops have shown a remarkable increase and that "with our renewed pasture improvement program, we will double our cattle production program within five years."

Morale Improves
Dr. T. R. Havins, board member from Brownwood, reported an improvement in morale. He said escapes dropped from 34 in 1950 to 18 this year. Mutilations were down from 15 in 1950 to eight so far. The board gave Ellis permission to work with the University of Texas on a plan to test a new drug on inmates. The new drug may be used by the Air Force to test the eyes of jet pilots. The drug will be administered to volunteers, who will be given credit on their sentences. The drug was said to be harmless. W. C. Windsor of Tyler was re-elected board chairman; Bronson Morgan, Jasper, vice chairman, and Dr. Havins, secretary.

HOW EAST WEST PRODUCTION COMPARES

As East-West tension continues, both sides seek to increase production of vital materials needed for both war and civilian consumption. Above Newchart shows how the U. S. and Britain dwarfed their eastern adversary, Soviet Russia, in the per capita production of basic materials during 1950. Population figures for the nations are: U. S., 150,987,361; Britain, 50,519,000; and U.S.S.R., 193,000,000.

Gypsy Rose Fails To Stir Britishers

LONDON —(P)—British show critics greeted Broadway's Gypsy Rose Lee, the strip dancer, with rude yawns Tuesday. Most said she couldn't shock their Aunt Minnie or get a laugh out of their Uncle Hayseed.

Negro Woman's Rape By Six Soldiers Told

CARTHAGE, N. C. —(P)—News of a mass rape of a negro woman by six white soldiers last month came to light Monday. Sheriff C. J. McDonald said the woman was attacked by the soldiers in the rear of an Army truck during "Exercise Southern Pines," an Army maneuver. He said the woman, Lula Mae Arles, 30, of New York, wife of a negro soldier and mother of two children.

News was withheld at the request of Army officials in the hope that the men would be arrested, McDonald said. No arrests have been made to date. The sheriff, who said the woman was visiting relatives near here when the crime occurred, told this story: Seven soldiers stopped the woman as she was returning with friends from church August 15. The soldiers forced her, another woman, and a negro preacher's son into the back of the truck at gunpoint. The other woman escaped but while one soldier covered the negro youth with a rifle, the six soldiers raped the woman.

Construction of a large battle ship requires the use of 37 tons of blueprints.

Phillips Arranges For Standby Credit

BARTLESVILLE, OKLA. — Phillips Petroleum Company and its subsidiary Phillips Pipe Line Company recently completed arrangements for additional lines of bank credit on a standby basis as occasions for their use arises, according to K. S. Adams, chairman, and Paul Endacott, president of the parent company. They added that at no other time has the company's history had there been so large a backlog of attractive opportunities to place existing reserves of raw materials and production supplies on a long-term income producing basis.

One part of the standby bank credit is for Phillips Pipe Line Company and provides for a maximum of \$30,000,000, repayable over seven and one-fourth years, starting Jan. 1, 1953.

Part of the funds will be available for various new projects to manufacture chemicals, extract natural gasoline and liquefied petroleum gases, gather and process natural gas, eliminate operating bottlenecks in existing facilities and complete an extensive refinery expansion and improvement program. The company recently announced construction of two large plants for the extraction of natural gasoline and lighter hydrocarbons from gas produced in the Spraberry trend of West Texas.

Comanche Springs At Fort Stockton Ceases To Flow

FORT STOCKTON —(P)—Comanche Springs, an oasis of the old West, has ceased to flow. The springs, which gushed from a gap in rocks in this Trans-Pecos region of West Texas at 30,000,000 gallons daily, quit August 11. The historic water source had supplied an irrigation project lately. Earlier, it had prompted the location here of the Army post from which this community takes its name. It was known to Indians, Indian fighters and pioneers of 100 years ago. A marker was found near the springs mentioning a Spanish explorer who stopped there in the early 1600s.

Since the springs ceased, a well located near the famed water source and another in a nearby area have supplied the irrigation project with about one fourth of the water it received in former years. First indication the springs were failing came last Summer. For a short time the flow eased up. Later, the flow resumed its former rate only to show a slight decrease early this Spring.

From Crack In Rocks
The flow, pouring from a crack in the rocks of the widely known swimming pool here, ceased abruptly when two new well pumps went to work. These pumps were aimed at drawing water from a lower level than that from which the springs flow and to provide more water for crops. A number of new wells have been drilled in two years to develop a crop area southwest of Fort Stockton. In the last few days, the springs have operated in reverse. Water seeping through a dike separating the pool from an irrigation canal has seeped into the former swimming pool in the James Rooney Park.

It then pours into the crack in the rock from which the water formerly came. It is believed this water descends to the lower level and is pumped back to the surface by the second well.

Myrna Loy Shows Versatility In Work As UN Commissioner

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD — Myrna Loy sniffed the aroma of grease paint on a Hollywood sound stage for the first time in two years and admitted her heart was thousands of miles away in a UNESCO conference room.

Retirement for the movie queen who started her career as a slant-eyed dancer in the days when Rudolph Valentino was an idol became known as the "Perfect Wife" to millions of moviegoers? Myrna, dressed in a suit of the roaring twenties for her mother role in "Belles on Their Toes," wasn't sure. But she indicated that her work as UNESCO commissioner might keep her away from Hollywood indefinitely.

"It's just that there's an awful lot to be done in the world and so few people to do it," said the tilted-screen favorite. How, I wanted to know, did it happen that a celluloid star nourished on the vitamins of fame and adulation and four figure salary checks, suddenly had found it more important to work for world peace and understanding than to flutter her eyelids in a movie closeup? Myrna Loy smiled and said it hadn't happened overnight.

"I've always been interested in international relations—as far back as I can remember. My father was aware of the need for a closer-knit world, too. He ran for the legislature on the Republican ticket back in Menlo, Montana, once. He was 21 and he cast his first vote for himself."

"A lot of other actresses think as I do. They're afraid and it's difficult for them to do something about it. Douglas Fairbanks, Jr., actually got me started. He pointed the way for me."

"Do you have any political ambitions beyond UNESCO?" I asked. "No," said Myrna. "Has Hollywood done its part for UNESCO?" "More than its part," said Myrna. "More than motion picture people

anywhere else in the world."

I brought up the congressional charge that Myrna and her groom, Olin Howland, had enjoyed a Paris honeymoon at the expense of the State Department.

Myrna shrugged her shoulders. "Somebody just got an idea that it would be good politics to say that," she smiled. "Fortunately, we had Rep. Prince Preston, of Georgia, as our adviser. He got up and said that the charge wasn't true—not a word of it."

"Did you suffer a bit when the charge was made?" "No." Myrna thought it over and added: "Such a lot of things that are said about people have to do with the political structure of our country. I grant you that it's a political year, but irresponsible smearing and destructive thinking can be harmful. I think people should measure how much harm they can do to their own house."

Impressed By Women
Had Myrna met women who had impressed her in political life?

She named Senator Margaret Chase Smith of Maine, and Gertrude Peck, the first woman to be elected senator in the Philippines.

"And Mrs. Roosevelt," said Myrna. "That goes without saying."

"What do you think about Perle Mesta?" "A remarkable woman. She has a lot to offer."

"Anna Rosenberg?" "A very able woman," Myrna commented. "Once when Anna couldn't make a speech, Mrs. Barkley asked me to pinch-hit. Public speaking wasn't easy for me at first. Being an actress doesn't make it easy at all. Now I'm getting used to it. I like it."

I said that I bet Myrna hadn't exactly bowed over hard-boiled Washington on the strength of being a movie queen from Hollywood when she rolled up her sleeves to work for UNESCO. Myrna said she just bet I was right about that.

"But being a movie actress has its advantages, too. There's a healthy respect among peoples from European countries for anyone engaged in artistic things. It's only in our country that there's a faint scorn for an actress who tries to express herself beyond her media."

Myrna rose and started for the set. "The United Nations," she said, "has to come true. This business in Korea. As sad as the news is these days, I still think something will come out of it. It's the first time in history in which nations have gotten together on a problem and have tried to stop aggression."

I asked if she would be lingering in Hollywood. "No," she said, "I must go back to Washington. My husband is back there fighting 'The Battle.'"

Navy Hints Carriers To Carry Atom Bombs

NEW YORK —(P)—The Navy has dropped a hint that all U.S. aircraft carriers eventually will carry atomic bombs. The information came from Vice Admiral Lynde D. McCormick, at recommissioning ceremonies for the \$2,000-ton carrier Wasp. McCormick, commander in chief of the Atlantic fleet, said the "size of the atomic bomb has been reduced and its availability increased."

He added that he thought all U.S. carriers "will be equipped with atomic bombs."

"I took the Blindfold Test

—that new Dodge Oriflow Ride sure opened my eyes!"

Says DANIEL F. HOWARD, JR. of New York City: "The Blindfold Test convinced me! The new Dodge Oriflow Ride really levels out the worst kind of bumps and ruts," continues Mr. Howard. "No ride has ever been so smooth."

Come in! Try it! FEEL HOW NEW ORIFLOW RIDE MAKES ROUGHEST ROADS BOULEVARD-SMOOTH!

Here's something new in riding smoothness:

Blindfolded you ride over a bumpy road. You're told the ruts are there—but you don't feel them! Gone is the pitch, bounce and jar you experience in other cars as the new Dodge Oriflow Ride levels out the rough spots. And with blindfold off you'll be amazed you traveled over such bumps and chuckholes.

Words alone can't tell it all! That's why we invite you to come in and take this daring "Blindfold Test."

You Could Pay up to \$1,000 More! As you thrill to the new Oriflow Ride, experience Dodge extra roominess... "Watchtower" visibility... ease of handling. Then you'll know why you could pay up to \$1,000 more for a car and still not get all the extra-value features Dodge gives you!

In an Ordinary Car without Oriflow, blindfolded motorists found they were pitched and bounced as they traveled rough, bumpy roads.

In New Dodge With Oriflow, the same passengers found the ride so smooth they could hardly believe they traveled the same road.

ON WEDDING TRIP—Lt. and Mrs. Charles Robert Ruble are now on a wedding trip to Oklahoma City, following their marriage Saturday in the Sheridan Road Post Chapel at Fort Sill, Okla. The bride, pictured above, is the former Bonnie Lou Cron, daughter of Mrs. Charles F. Cron of Rockport and the late Dr. Fletcher Cron. The bridegroom's parents are Mr. and Mrs. R. E. Ruble of McCamey. The couple will live in Medicine Park, Okla., while Lieutenant Ruble is stationed at Fort Sill.

Two Give Party With School Theme

ANDREWS—Mrs. Velma Hall and Mrs. Kate Goodman were hostesses Friday night at a back-to-school party held in the Hall home. Paper sack lunches were served the guests. In keeping with the theme, the girls wore hoop skirts and the boys wore knee pants. Favors were multicolored balloons and all-day suckers. Those attending were Beverly Cox, Billie Porter, Sue Rhodes, Joyce Gibson, Rosalyn Lindsey, Sandra Hall, Jo Ann Hill, Laverne Gibson, Milton Farris, Luther Hale and Benjie Goodman.

Dr. Lynn Speaks At Houston Church Meet

Dr. R. Matthew Lynn, pastor of Midland's First Presbyterian Church and moderator of the Synod of Texas, Presbyterian Church, U.S., was the guest speaker Monday night at a congregational dinner of the Memorial Oaks Presbyterian Church in Houston.

The dinner meeting was a feature event held in connection with the church's first anniversary observance.

Dr. Hubert Hopper, a former pastor of the First Presbyterian Church here, is pastor of the Houston church. He went there last March from McAllen.

Dr. Lynn formerly was assistant pastor of Houston's First Presbyterian Church.

15 STUDENTS IN MENTONE SCHOOL

PECOS—Fifteen students are enrolled at the Mentone schools, announced S. B. Roe, who is beginning his first year as head of schools there.

Other members of the Mentone faculty are Mrs. Charlotte, Miss Crispi Berry, Jessie Huddleston, and Hubert Caldwell.

Trustees are W. H. Hopper, Albert Whitley, Houston Strong and O. M. Williams.

ATTENDANT INJURED

J. G. Session, service station attendant, was given emergency treatment Monday at Western Clinic-Hospital for forehead lacerations.

Altar Society Discusses Fair

Final plans were made Monday at the regular monthly meeting of St. Ann's Altar Society for the Family Fair which is scheduled to be held September 29 at St. Ann's School. The general chairman for the event is Ray Kelly.

Mrs. B. R. Schabarum was hostess to the society in her home and Mrs. O. C. Arnold was the co-hostess. Plans also were made for a tea to be held in November for women of the parish.

Guests at the meeting were Mrs. Cecil H. Elder and Mrs. M. L. McGee.

Members present included Mrs. Clarence Nelson, Mrs. J. E. Beakey, Mrs. H. T. Olsen, Mrs. Allen Tolbert, Mrs. C. W. Turner, Mrs. George Shoup, Mrs. M. M. Collins, Mrs. Ellison Torr, Mrs. J. W. McMillen, Mrs. Hugh Munn, Mrs. Albert S. Kelley, Mrs. George D. Terrien.

Mrs. J. A. Morehouse, Mrs. Earl J. Moran, Mrs. D. F. Lillis, Mrs. William B. Smith, Mrs. James H. Chapple, Mrs. C. P. Yaden, Mrs. Vester Collins, Mrs. Ralph Geisler, Mrs. G. W. Martin, Mrs. E. Q. Greene, Mrs. Stella Greene, Mrs. Ben Dansby, Jr., Mrs. Henry T. Walcott and Mrs. Henry D. Murphey.

The society will meet at 2 p.m. October 1 for its next meeting. Mrs. Albert Kelley will be the hostess in her home, 2002 Harvard Street.

Mrs. Ferrill Nixon Is Party Honoree

ANDREWS—Mrs. Ferrill Nixon, the former Lahoma Page, was complimented recently with a bridal shower in the club room of the Community Building.

Hostesses were Mrs. J. C. Reynolds, Mrs. Sam Dyess, Mrs. J. J. Stewart, Mrs. W. C. Peoples, Patsy Heath, Joy Dell Stewart and Rosemary Stewart.

Patsy Heath presided at the guest register. The table, covered with a white cloth, was centered with an arrangement of zinnias. Crystal appointments were used. Refreshments were served by Joy Dell and Rosemary Stewart. Approximately 30 guests attended.

PLANS ANNUAL DANCE

The Midland Officers Club will hold its annual membership drive dance Saturday night in the clubhouse.

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 11, 1951-3

Sonya Little Weds Allan Peter Scholl

In a double-ring ceremony Saturday morning in the St. Ann's Catholic Church in Midland, Sonya Zoe Little of Midland became the bride of Lt. Allan Peter Scholl of Chicago and London.

The bride is the daughter of Mrs. Jarvis Douglas Little of Midland. The bridegroom's parents are Mr. and Mrs. Frank John Scholl of Chicago and London.

Vows were read by the Rev. Thomas Kennedy, O. M. I. The bride, given in marriage by A. B. McCain, friend of the family, wore a gown of white slipper satin, fashioned with a fitted bodice and three-quarter length sleeves. Tiny, covered buttons extended down the front. The full skirt, which formed a cathedral length train, parted in front to reveal a ballerina length panel of lace. For her headpiece she wore a crown of lace.

Attendants Listed

Enid Little, sister of the bride, was the maid of honor. She wore a ballerina length dress of organdy over taffeta. The dress was fashioned with a sleeveless, lime green taffeta bodice and a full skirt of white organdy over taffeta. Her long gloves came to a point at her shoulder. She wore a white, horse-hair picture hat decorated with one red rose and carried a bouquet of red roses.

Bridesmaids were Lois Megowan, Carol Reese and Barbara J. Scholl of Chicago, Barbara Donald of Elmhurst, Ill., Mrs. Joe Anderson of Midland and Mrs. James Bell of Lubbock.

They wore pale blue taffeta dresses with organdy over-skirts. They had matching horse-hair picture hats and shoulder gloves and carried bouquets of pale pink asters.

The nuptial music included "Priore a Notre Dame" from "Gothic Suite," Boellmann; "Marcia Solenne," Bottazzo; "Agnus Dei" from "Religious Suite," Richard K. Biggs; "Communion" from "Suite for Pen-

tecost," Quingard; "Elevation" from "Suite for Pentecost," Quingard; Number 30 from "Fifty Elevations for Organ," Paul Benoit and "Recessional" from "Blessed Sacrament Suite," Quingard.

Lt. Donald F. Dunbar was the best man. Groomsmen were Lt. Danny Rogers and Lt. John Best and ushers were Joe Midkiff and Bob Drake of Midland.

Reception Held

Following the ceremony, a reception was held in the Hotel Seabauer. The couple was assisted in receiving guests by the bridal attendants, Mr. and Mrs. Scholl and Mrs. Little.

Mrs. E. H. Benedict, Mrs. Ima Harris and Mrs. Clarence Scharbauer presided at the refreshment table. Bobby Harris was in charge of the guest book.

The table was centered with a large fruit cake surrounded by white roses and gardenias. The central arrangement was flanked by candelabra holding pink tapers. In military fashion, the cake was cut with a saber.

For a wedding trip, which will take them through the Southeastern states and to Simmon's Island off the East coast, the bride wore an olive green satin suit with black accessories. Out-of-city guests at the wedding were Mr. and Mrs. F. J. Scholl and Dr. W. M. Scholl.

The bride was a student at the Art Institute of Chicago. Scholl is a graduate of the United States Military Academy at West Point, N. Y. They will live in Fort Benning, Ga., where the bridegroom will be stationed.

RYANS HAVE DAUGHTER

HOLLYWOOD—(AP)—The Robert Ryans have a daughter. The actor's wife gave birth to a girl Monday night. The Ryans already have two boys, Timothy, five, and Cheyney, three.

Women Bemoan Middle-Age While Men Take It In Stride

By RUTH MILLETT
NEA Staff Writer

An article on Hollywood claims that in the movie industry the "past-40" man has far more box office appeal than the woman of the same age. He is far more apt to have glamor for the theatergoers than a woman who has had the same number of birthdays.

Well, that's pretty much true in private life, also. When it comes to age, men seem to get—or earn—the breaks.

Actually, they do earn part of them. Men, more often than women, keep a young attitude toward life. A man of 60 is as interested in politics, in sports, in business and in new inventions as a young man.

He doesn't have a defeatist attitude toward age, either. Call it conceit, if you like, but whether it is that or just plain self-confidence, the older man usually thinks he is as attractive to women as he ever was.

Women usually weep over the gray hair that comes to them but a man decides he looks "distinguished." The youth that is no longer his, he is sure, is more than replaced by his success, his greater wisdom, the place he has earned for himself in his community.

And he isn't always talking about his age. A woman may carefully

conceal the exact number of her years, but as soon as she admits to herself that her youth is behind her she usually becomes very age conscious. She talks forever about "people our age" or "at my age," etc. Men aren't so likely to keep calling attention to their years.

The world is a little kinder to the older man than to the older woman. But women could change that attitude a lot by meeting age in the spirit men meet it—still sure of their attractiveness, still interested in all kinds of things, still convinced that age isn't the most important thing in the world.

I sought in mine heart to give myself unto wine,
yet acquainting mine heart with wisdom; and to lay
hold on folly, till I might see what was that good for
the sons of men, which they should do under the
heaven all the days of their life.—Ecc. 2:3.

Death On Our Highways

Eight "traffic deaths on Midland County highways within the last 10 days is a rather startling and terrifying figure.

Seven of the fatalities occurred in three head-on collisions on straight stretches of fast, open highways. Human error doubtless was involved in each of the crashes. Someone was to blame in each instance.

Perhaps the word "fast" largely is responsible for the fatal accidents. When accidents do happen on our fast highways, they usually are fatal.

The head-on crashes have played no particular favorite in picking highways on which to happen. One occurred on the Midland-Rankin highway (one dead); another on the Midland-Garden City stretch (three dead); and the other on the Midland-Stanton segment of U. S. 80 (three dead). The other fatality happened on a strip of the new Midland-Odessa highway, now under construction, when a road worker was struck by a fast-moving automobile.

Sudden death so close to home should tend to awaken motorists to the innumerable hazards of highway travel, bringing about a realization that every care and precaution possible must be exercised when driving on the fast highways of our section. But still the fatal accidents occur.

It is easy to say that something must be done to lower our highway death toll. Actually the only effective thing which can be done is for you and me to make up our minds to stop this carnage by slowing down and exercising extreme care and education at all times. It is an individual responsibility.

Highway death and destruction can be curtailed, but the individual motorist must lead the way in such a program.

It's up to you and to me.

Eskimos Raise Roof

The government hasn't found many takers among Alaskan Eskimos for loans to put floors in their snow-covered huts. The reason: wives have to sign for the loans, too, and this gives them new and unprecedented social importance in Eskimo-land.

The men don't like it. Who wants a floor when it stamps a man automatically as hen-pecked? Better the same old dirt than a wife throwing her weight around. The program is plainly doomed.

We wonder what made people ring doorbells before the bathtub was invented.

It's fine to put your best foot forward, but a bit dangerous during the five-thirty rush hour.

Any car can run up bills on high.

A Chicago poet married a girl debater. We hope he'll at least have a chance for rebuttal.

From Here To Eternity?

JACOBY ON BRIDGE

By OSWALD JACOBY
Written for NEA Service

In the folk-lore of contract bridge, the man who bids a three-card major suit is the black sheep who comes to a bad end. In actual practice, there are times when a really fine player is practically forced to commit this bridge crime, and he usually comes to a good end because of his skill.

In support of this statement I cite the celebrated case of People vs. Fishbein. The defendant was my old friend Harry Fishbein, the New York expert, and since the case had to do with bridge, the poor People didn't have a chance.

Fishbein avoided bidding as long as he could with the South hand, but when both opponents bid hearts he felt sure that his partner had good spades as the basis

of his double of one club. It was a sound idea, and it had the additional merit of being quite correct. (Otherwise I probably wouldn't have heard about the hand.)

When the noise died away, there was Fishbein playing the hand, at three spades from the wrong side of the table. Only in this case it was the lucky side of the table.

If North had been playing the hand at spades, East would have opened the singleton deuce of clubs, and West would have recognized the situation at a glance. As it was, West opened the king of clubs, and East played his deuce.

West didn't realize that this was a singleton, although the bidding should have warned him, so he shifted to the seven of diamonds.

Fishbein let this ride to his ace of diamonds and returned the queen of spades. West covered with the king of spades, and dummy's ace won. The two top hearts were cleared, and declarer returned to his hand with the jack of spades to lead a low diamond towards dummy. It looked as though the defenders would take a trump, but Fishbein had more than his arm up at his sleeve.

West dared not trump this diamond since that would allow declarer to give up his diamond loser and his trump loser on the same trick. Dummy won with the king of diamonds, and returned the suit, East winning. East led a fourth round of diamonds, and Fishbein calmly discarded a club from dummy instead of ruffing. East then had to return a heart or a diamond. In either case, Fishbein could ruff and discard dummy's last club. West could get his high trump but nothing else, and the contract was safe.

Q—The bidding has been:
North East South West
1 Diamond Pass 1 Spade Pass
2 Diamonds Pass ?
You, South, hold: Spades A-Q-7-4, Hearts K-J-10-4, Diamonds

DREW PEARSON ON

The WASHINGTON MERRY-GO-ROUND

(Copyright, 1951, By The Bell Syndicate, Inc.)
Eric Cocke, Jr. says: The American Legion is a pressure group; Our "warmongering" consists of fighting Communism; The Legion is a fine cross-section of America.

(Ed. Note—While Drew Pearson is on a brief vacation, the Washington Merry-Go-Round is being written by distinguished guest columnist, today's being Eric Cocke, Jr., national commander of the American Legion.)

WASHINGTON — It's very seldom the American Legion gets the chance to tell its side of the story—the side some folks don't bother to determine.

Pressure group? Warmongers? Treasury Raiders? Hoodlums? We've been called all those names in our 33 years of life. But, as Al Smith used to say: "Let's look at the record."

Pressure group? To this one we plead guilty, all 4,000,000 legionnaires and auxiliaries. We pressed into being the spending of \$87,165,759.18, raised by our own efforts, to help the nation's needy children.

We organized more than 16,500 junior baseball teams—teams that gave supervised recreation with citizenship-training for more than 1,000,000 teen-age boys every summer. We sponsored almost 4,000 Boy Scout troops

GROUND BROKEN FOR NEW CHURCH—Charles Gaylord, center, turned the first dirt as ground was broken for Midland's new St. Andrews Presbyterian Church at a recent ceremony. Gaylord is chairman of the church's Building Committee. Looking on, with smiles of approval on their faces, are, left to right: Dr. R. Matthew Lynn, pastor of the First Presbyterian Church; R. Francis Carroll, chairman of St. Andrews' Religious Education Committee; Jerry Covington, Building Committee chairman, and the Rev. Lewis O. Waterstreet, pastor of the St. Andrews Presbyterian Church.

CRANE WOMAN ILL

Mrs. Kathleen Hogsett of Crane was admitted to Midland Memorial Hospital Thursday for surgery.

SURGICAL PATIENT

Mrs. Mildred Raley, 1205 South Connell Street, is in Midland Memorial Hospital for surgery.

HUSBAND HAPPY—HIS CONSTIPATION GONE

"My husband is a different man since he started to eat ALL-BRAN a year ago. For years he'd take a harsh laxative every morning and again at night. Now ALL-BRAN alone keeps him regular." Mrs. A. M. Barney, Cobb Island, Md. One of many unsolicited letters from ALL-BRAN users. This may be your answer to constipation due to lack of dietary bulk. Eat an ounce (about 1/4 cup) of crispy Kellogg's ALL-BRAN daily, drink plenty of water. If not satisfied after 10 days, send empty carton to Kellogg's, Battle Creek, Mich. Get DOUBLE YOUR MONEY BACK!

First Methodist WSCS Circles Present Yearbook Programs

The Woman's Society of Christian Service of the First Methodist Church met in circles Monday for yearbook programs and business sessions.

Mrs. J. C. Smith was hostess to the Laura Haygood Circle. Mrs. Terry Tidwell presided over the business session and Mrs. Luther Tidwell was in charge of the program, "The Earth is the Lord's." She was assisted by Mrs. Stacey Allen and Mrs. R. D. Myers. Mrs. Tidwell also gave the devotional, "Meditation on the Cross."

Others attending were Minnie Crumley, Mrs. J. B. McReynolds, Mrs. Sam Preston, Mrs. R. E. Throckmorton, Mrs. Whitmore, Mrs. Frazier and Pat and Joan Tidwell.

Mrs. E. O. Messersmith led the program, "Religious Economics," Monday at the meeting of the Mary Scharbauer Circle. Mrs. W. A. Black was the hostess.

Mrs. R. L. Kirk gave the meditation, "Thy Kingdom on Earth," and read "God is the Owner" and Mrs. E. J. Stewart gave "Christian Ethics and Economic Conditions." Velma Smith presided over the business session and Mrs. R. S. Watkins gave the closing prayer.

Others present were Mollie McCormick, Mrs. J. B. Terry and Mrs. John Ficke.

The Belle Bennett Circle made plans Monday for the WSCS birthday dinner to be held at 7:30 p.m. next Monday in the church.

Mrs. J. R. Smith, chairman, was the circle hostess. Mrs. Marvin Gust, assisted by Mrs. Jack Goddard, presented the September yearbook program, "Religion and Economics."

Mrs. Gist was chosen vice president to succeed Mrs. H. T. Bliss and Mrs. Jess Barber was named treasurer to succeed Mrs. Fred Fromhold. Mrs. Bliss and Mrs. Fromhold recently resigned from their offices.

Mrs. Goddard was appointed to represent the circle on the Christian Social Relations committee and Mrs. L. C. Stephenson was appointed chairman of the telephone committee.

The closing prayer was given by Mrs. Paul Bowman. Also attending was Mrs. B. E. Braselton.

The Winnie Prothro Circle discussed plans for a WSCS birthday party Monday when it met in the home of Mrs. Ola Boies.

Mrs. E. A. Chrisman brought the lesson on "Religion and Economics." She was assisted by Mrs. W. F. Schafer who gave "Christian Ethics" and Mrs. H. G. Counts who gave "Christian Motives in Business."

Mrs. B. F. Haag gave the opening prayer.

Others attending were Mrs. A. W. Stanley and Mrs. J. L. Thorp, Jr.

OIL WORKER HURT

W. H. Robinson of Odessa, a roughneck for the Bill Dugan Drilling Company, was given emergency treatment at Midland Memorial Hospital Tuesday morning for injuries received while working. Pipe was being fed in the hole at a rig where Robinson was working when the pipe and the floor holding Robinson fell, taking the roughneck with it.

MEDICAL PATIENT

Henry Dermitt, 303 North Adams Street, was admitted to Midland Memorial Hospital Monday as a medical patient.

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 11, 1961-5

Doubling Of Food Supply By Isolation Of Acids Seen

BALTIMORE—(AP)—Some day the world's food supply may be almost doubled through the chemical isolation of amino acids, the world-famous discoverer of vitamins A and D said Monday.

And because one of the greatest problems facing the world is a limited food supply in the face of a constantly rising population, the work of Dr. Elmer V. McCollum is regarded as of outstanding significance.

The Johns Hopkins University professor emeritus of biochemistry is being honored here at a two-day international symposium on vitamins.

At an interview between sessions of the symposium, Dr. McCollum said he is working on a separation of amino acids in pure form from protein substances.

When combined properly with protein foods, certain amino acids permit the body to use almost twice as much of the proteins as previously—in effect virtually cutting in half the necessary amount of food required.

At present, however, pure amino acids, priced at between \$250 and \$1,500 per pound, are available only in small amounts. And only six of 23 known varieties can be separated. Besides trying to separate these acids, Dr. McCollum's research is aimed at finding ways of providing them at reasonable prices in large quantities.

Financed By Foundation
His work is financed by the Robert Gould Research Foundation of Cincinnati, co-sponsors of the symposium with the Hopkins School of Hygiene.

Dr. McCollum also spoke of the possibilities of using amino acids to increase the world's supply of fresh meat. He pointed out that only about 25 per cent of the corn fed to a hog becomes meat and bone.

With the addition of small amounts of certain amino acids, it might be possible to increase this food utilization to 35 per cent, thus adding 10 per cent to the supply of pork, McCollum said.

More than 100 scientists are attending the symposium.

Among those reading papers was Dr. Paul A. Phillips, professor of biochemistry at the University of Wisconsin.

He reported that Vitamin A can be considered an essential for conception and the healthy development of babies.

Babies are born with little Vitamin A in their bodies, Dr. Phillips said.

The most natural and greatest supply is the colostrum in the mother's milk. Experiments indicate that colostrum also contains an immunizing factor that protects the newborn against infection, the doctor added.

"Whatever the source," Dr. Phillips said, "it is important and in some cases imperative that Vitamin A be given in generous amounts to the new born."

EX-PECOS MARSHAL TAKES POLICE JOB

PECOS—M. L. "Tuffy" Alley, former city marshal of Pecos, has been employed on the city police staff, announced Chief Sam Walding.

The new policeman replaces Blakney Wingo, who recently resigned after three and one-half years of service, to join his wife in selling special products.

Other members of the police force are Johnny Landis, Cecil O'Neil, G. L. Fox, W. G. Matlock, Harry Clinton and Dispatchers Mack Ballenger and Wade Blount.

Whole Family Eyed By Dream-Boys Of The Fashion World

By SAM DAWSON

NEW YORK—(AP)—Fashion is a wonderful thing. And good for business, too. This year the fashion dream-boys have their eyes on the whole family—dad and the kids, as well as mother, who's been a willing victim for years.

No one's much surprised to hear women are going to be subjected

this Fall to such things as "the bluebird silhouette"—which men suspect is another word for bustle. Then there's "the roll of the sea" in the shape, and "tea cosy" evening dresses. The last sounds a little like the old hobble skirt. And no one wants to keep his mind too long on the roll of the sea.

But the "wide décolletage" is another matter. Men presume this means that the neckline, having plunged as far south as feasible, is now going to take off to the east and west.

Dad's own attire has been a little too décolleté for some in the suit industry. They shudder now at the word "casual" which they once welcomed as opening up a new field. The trouble is that once dad got comfortable, it was hard to get him into regular suits again. Makers of casual clothes are well satisfied but the traditional clothing industry is disturbed because an unprofitable number of men have discarded vests, ties, hats, undershirts, garters, and pajamas. There's an all-out drive planned to get dad to look less like an unmade bed.

Quite A Hassle
There's quite a hassle over several vital issues. Should men be soft shouldered or padded shouldered? The clothing industry debates this fiercely—but mostly

would be glad to settle for either or both, if only men would just buy more suits.

Then there's the revival of the side vent in coats, and the outside ticket pocket. Younger men hail that as a new fashion.

And now a storm is brewing between the small-hat and the big-hat boys, with sectional lines being drawn. You might think a gent could choose his hat to suit the cut of his features. But, no, about the middle of August a flight of new lightweight felt hats descended upon city stores. They're abbreviated with narrow ribbons, and your head and features better fit.

Merchants say they are beginning to catch on now in the East. In the West, the men—are men citizenry like big hats, and are reported taking a die-hard stand against the new fashion.

One last thing about dad. Several stores are planning to stress "masculine cosmetic" bars for the Christmas trade.

Yep, fashion is a wonderful thing.

Texas Draft Quota For November Is 575

AUSTIN—(AP)—Texas must supply 575 men for the November draft call, state draft headquarters said Monday.

The quota is 232 less than the state was allotted for October.

Local board quotas are expected to be completed and mailed from state headquarters by Wednesday, State Director Brig. Gen. Paul L. Wakefield said.

For the last several months, part of the November quota will be assigned to the Marine Corps and the others will go into the Army, Wakefield said.

The new allotment brings the state's total call for men since the Korean war to 29,880.

EMERGENCY TREATMENT

W. W. Dunahoo, 1410 South Big Spring Street, a welding company employee, received emergency treatment at Western Clinic-Hospital Monday after a piece of steel became embedded in his hand.

Officers Intercept Recipe For Voodoo

CARLSBAD, N. M.—(AP)—If you ever get thrown in jail, remember this formula:

Smear your face with rosewater, rock and salt. Then cut open a beef tongue and write the name of opposition witnesses inside and bury it. No judge will dare convict you.

The voodoo recipe was intercepted by Eddy County sheriff's officers addressed to two negro prisoners charged with passing bad checks.

Prices do not include transportation charges.

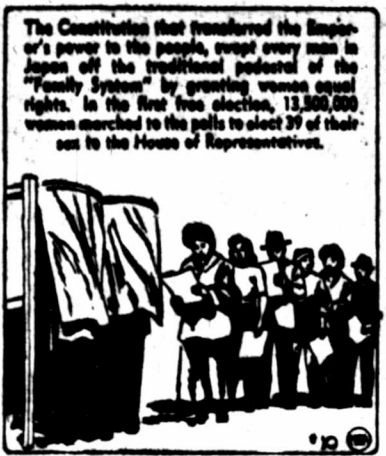

SHOP BY CATALOG—IT'S EASY, ECONOMICAL

Superior Hirohito is a rice paddy? Until January, 1945, the Japanese would have been less surprised to wake up and find Mr. Hirohito on the Green, Tokyo's main street. But in that month, the incredulous Japanese heard their Emperor publicly label as false the conception that he was a divine descendant of the Sun Goddess Amaterasu.

The humiliation of Hirohito symbolizes Democracy's impact on Japan's ancient way of life. Today the unsmiling Emperor, at whom no subject would dare to look while bowing in blind obedience, attends baseball games and often, during tours of the nation, stops to chat with other human beings.

The Constitution that transferred the Emperor's power to the people, except every man in Japan off the traditional pedestal of the "Family System" by granting women equal rights. In the first free election, 12,000,000 women marched to the polls to elect 29 of their own to the House of Representatives.

"The enlightenment of women" now ranks second only to food as a topic in the average home. The kitchen is fast becoming a "woman's dress." And newly-emancipated women have taken over responsible jobs in a business world that was once for "men only." But too many women are still too busy to find their bearings in a land of "something old and something new."

WITH SIRENS OPENED WIDE

But the police got on this one in a hurry. Monday a complaint came from a citizen that someone's automobile was continuously parked in a restricted zone. The complaint was from Mayor Perry Pickett.

Potatoes, originally natives of Chile, still grow wild in that country.

Mass Executions Scheduled Friday

CHICAGO (AP)—Five convicted murderers will die early Friday in the electric chair at Cook County jail—unless the governor or the Illinois Supreme Court intervene. Warden M. Philip Scanlan said it would be "one of the largest executions in the history of the county jail."

One of the condemned men, all of whom have appeals pending before the Supreme Court, is Harry Williams, 30, who killed a guard when he broke out of the jail August 14. The others are convicted slayers of policemen.

If the Supreme Court does not order stays of execution, only Governor Stevenson could prevent the executions.

Williams, who was sentenced to die for the rape-slitting of a negro, killed George Turley, 52, in his escape last month. He was recaptured 47 hours later.

All the condemned men are negroes.

Asbury Church Sets Fund Dinner

A kickoff dinner next Monday night will be the signal for members of the Asbury Methodist Church to start raising budget funds totaling \$14,000. J. P. (Kitt) Carson, general chairman of the drive, said the dinner will climax an educational and financial campaign that has continued for the last three weeks. Workers, following the kickoff affair, will contact congregation members for the needed funds.

The Rev. R. Luther Kirk, pastor of the First Methodist Church, will deliver the inspirational message at the dinner. It will be held in the Asbury Methodist Church, starting at 7:30 p.m.

HOW YOU CAN MAKE AMERICA STRONG — III

THE ONLY THING YOU CAN'T "DO WITHOUT" IS FREEDOM!

We need guns. We need tanks, ships and planes to defend ourselves. Else we may never see peace again. To get guns, tanks, ships and planes will take a lot of doing without. It will take higher taxes. More savings bonds. Fewer new cars and washing machines. Eating less. Saving nickels, dimes and dollars. Old-fashioned thrift will make us strong again. It's time to start. Today. At home. All of us must spend less and save more. Thrift is a weapon. All of us must use it. When we're buying freedom, we get only what we pay for. And it's an all-or-nothing proposition. We can't buy just a little liberty. We're either free or slaves. We decide. The next installment on freedom is due. Now.

1,600 Slot Machines Sent From Texas, Are Seized By FBI

NEW ORLEANS—(P)—The FBI Monday night seized 1,600 slot machines—most of them from Texas—and 100 cases of accessories.

Agent J. M. Lopez said the machines, seized at four storage points, were shipped here from Texas, which recently passed a law barring possession of gambling equipment after midnight September 7.

The equipment may be worth \$500,000. A new machine usually sells from \$200 up.

No arrests were made. The raids involved the machines only. The equipment goes to the U. S. marshal.

U. S. District Attorney John N. McKay filed the seizure order. He said his order asked the machines be forfeited to the U. S. government. McKay said the shipments were in violation of federal law.

McKay could not say at this time if charges would be filed against the owners.

Lopez said 1,000 machines were seized at the free trade zone of New Orleans, 327 from a box car at the Kansas City Southern Railroad yards, 200 from a KCS box car at the Poydras Street wharf on the Mississippi River and 40 from Taca Airlines' office at the Moisant International Airport.

By Dallas Firm
The machines at the warehouse and the KCS yards were shipped by the general Distributing Company of Dallas. The 200 taken from a box car at the yard were here, Lopez said, by George Clark of Port Arthur, doing business as the Port Arthur Novelty Company.

George Prock, head of the General Distributing Company of Dallas, said his company shipped slot machines consigned to Central America after checking with the FBI.

"They were a foreign shipment to Central America," Prock said, "and it does not break public law 908."

Prock said the shipments had been going on for about 30 days. "There have been no secrets about it," he said. "Everything has been above board. The box car people knew about it and we assumed they had checked with the FBI."

The Texas law made it a felony for anyone convicted of mere possession of a slot machine in Texas. In Port Arthur, Clark said he was surprised at the seizure.

"Those machines were shipped from Port Arthur last week and were consigned for export to Guatemala," he said.

"They were sent by rail freight and no effort was made to conceal their identity. They were shipped upon instructions from my lawyer who had obtained permission from the state attorney general's department. Photostatic copies of this letter were attached to the shipment."

"I believe that some mistake has been made because everything was open and above board. When the shipment left here, it was strictly in accordance with regulations of the law."

The FBI seized three trucks at Lake Charles, La., Friday bringing in 84 machines from Texas.

Coach Jones Talks To Kiwanis Club

Coach Thurmon L. "Tugboat" Jones was guest speaker at the Monday luncheon of the Kiwanis Club in Hotel Scharbauer. Jones discussed Midland High School's chances on the gridiron during the football season which opens Friday.

"A Dallas sportswriter made it possible for us to have a record early season ticket sale when he picked Midland to win their district," Jones said.

Though Jones was a little skeptical of the sportswriter's first choice, he said it was all right with him as long as it helped promote the ticket sale.

A report on the Kiwanis bowling team which journeyed to Corpus Christi to compete in a statewide Kiwanis bowling meet was also given.

Brittan and her possessions have used the Gregorian calendar since 1752.

Prospective Jurors For September Term Of Court Announced

A list of prospective petit jurors for the third week of the 1951 September term of 70th District Court has been released by District Judge R. W. Hamilton.

Scheduled to appear September 17 are Robert Morgan, Charles Edwards, Jr., Thomas Hood, B. G. Anderson, Obie Stalcup, G. W. Oliver, P. Wallace Gage, Lee Thomas, Frank Moore, W. L. Sutton, Timothy Chandler, E. P. Hawk, W. C. King, Booker T. McCook, J. F. Adkins, Earnest Butler, B. F. McKandless, George McBride, O. P. Watlington, I. L. Herbert, Carl Jones, Roy Tuggle, William Ponder, C. W. Ramsey, Gus Peters, Gerhard Synnatsch, Robert Dickey, Richard Russell, Nato Costilla and E. L. Reyes.

R. J. Ramsland, L. A. Peagan, Alfred Niblett, Gayle Crawford, J. A. Eubank, Clay Grimes, Robert Goff, James Cotton, Walter Brunson, J. L. Poteet, Rayburn Jones, C. W. Chancellor, William Keeler, John Furl, Herbert Saladin, M. B. Wood, James Hart, J. N. Creech, L. O. Franklin, Leo Merriman, B. R. Matthews, Willard Williams, O. B. Jones, J. F. Price, R. W. McQuatters, F. H. Shirley, Wesley Blansett, J. K. Doran, A. B. Patton and C. M. Lipscomb.

R. W. Senter, J. S. Rivers, E. E. Reagle, Charles Pierce, Charles Horton, Wayne Merritt, Maylon Baker, Jr., A. Clevenger, A. C. Mize, R. E. Taylor, T. A. Golladay, O. F. Crawford, J. W. Christian, Howard Brooks, W. C. Baugh, T. C. Witte, Jr., J. B. Richards, O. C. Danley, Ronald Jarrett, Otto Cabaness, Z. J. Cox, Jr., E. F. Lamb, D. C. Thompson, W. T. Schneider, J. B. Brannam, R. L. Speer, O. Buck Carr, Horace Newton, P. F. Bridgewater and R. J. Oliver.

Night Shopping Is Here To Stay

HOUSTON—(P)—People like to shop at night.

It's here to stay, say store operators in the Southwest's biggest city. Night shopping was unknown here until a big downtown store opened late in 1947. Now thousands are drawn to the downtown area every night.

It's true in other cities. At San Antonio, the practice of opening stores at night was begun during the war as a concession to thousands of military and civilian workers. It worked so well the custom stuck.

One Houston merchant observed: "Night shopping petered out a little after the war, and then suddenly caught on again and is increasing not only in Houston but across the nation."

Thursday night in Houston the residents flock to an area where a big mail-order store and others nearby stay open.

Grocery stores, drygoods stores, variety shops and other stores stay open. About 30 downtown business houses now stay open Monday night, and the results show not only in retail sales figures but also in more business for theaters and restaurants. Taxis, buses and parking lots have sharp increases.

No person can see more than 3000 stars at one time with the naked eye, even on the best nights.

Permian Basin Oil And Gas Log-

(Continued From Page One)
at 8,975 feet. Gas surfaced in 10 minutes. No fluid came to the top while the tester was open.
Free Oil Recovered
Recovery was 30 feet of drilling mud and 2,800 feet of free oil. There were no signs of formation water. Open flowing bottom hole pressure was 530 pounds. Shut-in bottom hole pressure after 15 minutes, was 2,700 pounds.
Operator then cored at 8997-9317 feet. Recovery was 20 feet of lime, with no shows of oil, gas or water. A 48-hour test was run at 8,900-9,317 feet. The effort was a failure.
Operator has conditioned the hole and will try again to get a test on that zone. It is 23 miles north and slightly west of Snyder.

SE Borden Wildcat Coring Ahead After DST In Reef Lime

Jackson, Douglas & Ritchie of Midland No. 1 W. E. Murphy, Southeast Borden County wildcat, is coring ahead after taking the second drillstem test in the reef lime section at 6,827-6,945 feet.
Tool was open three hours and 15 minutes on the test and there was a weak blow of air throughout. Recovery was 45 feet of oil and gas cut drilling mud and 45 feet of heavily oil and gas cut drilling mud with no shows of water.
The top of the reef has been corered to 6,930 feet. This top was picked by Schlumberger surveys. Elevation is 2,258 feet, derrick floor.
It is located 600 feet from north and east lines of section 22, block 25, H&TC survey and 18 miles southwest of Snyder. The closest reef production is 7,480 feet to the southeast in the Rembeck field.

El Paso Natural To Build Two New Gas Compressor Plants

WASHINGTON—The Federal Power Commission authorized El Paso (Tex.) Natural Gas Company to build a \$453,000 compressor station in Ector County, Texas.
It ruled the company will not need its permission to build a \$251,000 compressor station in Gaines County, Texas.

In this instance all of the gas involved will be produced, transported and consumed entirely in Gaines County, the commission said.
The Ector County station will be used to move an additional 17,800,000 cubic feet of natural gas daily from a Shell Oil Company plant to El Paso's Keystone plant in Winkler County, Texas.

The Gaines County station will increase the capacity of the pipeline between Phillips Petroleum Company's Seminole plant and Columbus, Corban, Company's plant from 18,300,000 cubic feet a day to 28,200,000 cubic feet.

Union Is To Abandon NE Midland Wildcat

Union Oil Company of California is preparing to plug and abandon its No. 1-A wildcat in Northeast Midland.

SE Irion Prospect Gets East Offset

George W. Burke of Houston has spotted an east offset to his No. 1-B Lillian S. Winterbotham, Pennsylvanian sand prospect three and one-quarter miles northeast of the recent Wolfcamp pay opener in the Tankersley area of Southeast Irion County.

It is projected to 3,500 feet to test the Ellenburger.

No 2-B Winterbotham is 600 feet from north and 1,900 feet from west lines of section 30, block 21, H&TC survey.

The No. 1-B Winterbotham was drilled to 8,018 feet in the Ellenburger and has now been plugged back for completion in the section from 6,580 feet to 8,008 feet, where oil was headed on a drillstem test.

On a three-hour drillstem test from 9,390 to 9,430 feet, the plugged back depth, recovery was 735 feet of drilling fluid and 1,470 feet of slightly oil and gas cut mud plus 4,250 feet of salt water.

No. 1 Adams was located 660 feet from north and 1,980 feet from west lines of section 47, block 34, T-3-N, T&P survey, and one-quarter of a mile east of the Martin County line.

N-C Runnels Opener Is Fined On Pump

Burk Royalty Company has completed its No. 1 Tubbs as a discovery well in North-Central Runnels County.

The well pumped 24 hours and made 20 barrels of water on potential test. Gas-oil ratio was 300-1. Production is from open hole between 4,477 feet where 3 1/2-inch casing is set and total depth of 4,485 feet.

Location is 330 feet from south and east lines of the 60-acre lease in block 7, Fowler survey. The strike is seven miles southwest of Winters.

Carey & Christopher Stakes King Wildcat

Carey & Christopher of Graham will drill a 5,000-foot Pennsylvanian wildcat in Southeast King County 15 miles southwest of Knox City.

No. 1 Mrs. H. F. Osborne will be located 330 feet from south and west lines of the T. T. Osborne survey. It is one mile north of the Katz Strawn pool of Stonewall County.

Miami Is To Drill Stonewall Project

One and one-half miles southwest of the Aspermont, North-Bend conglomerate pool in Northeast Stonewall County, Miami Operating Company, Inc., spotted a 5,000-foot Ellenburger test as the No. 1 C. D. Wiley.

Location will be 330 feet from south and east lines of section 2, block C, HT&B survey.

Taylor Schedules Tom Green Test

In Southeast Tom Green County, Taylor Refining Company will drill the No. 1 George Foster Rust.

It will be 467 feet from south and 116 feet from west lines of section 19, TC survey. It is 11 miles south of Van Court.

The wildcat will be projected to 5,800 feet.

Only Domestic Oil Supply Safe, Says Governor Shivers

FORT WORTH —(P)—Unsettled world conditions make it most apparent that the domestic supply of oil is the only safe supply in time of emergency.

This message was left with the Interstate Oil Compact Commission Tuesday by its chairman, Governor Shivers of Texas.

A supply and demand report came from Harold Fell of Ardmore, Okla., executive vice president of the Independent Petroleum Association of America.

Shivers told the several oil men and state officials that "without taking time to expand upon the obvious, let me say that the conditions that exist today—with war continuing in Korea, refineries shut down in Iran, steel in short supply, pipe lines inadequate to carry all the oil in demand, with the whole free world looking to the United States for this most vital product—considering these conditions, it was never more apparent that the proper conservation of oil and gas is not merely desirable, but essential.

Only Safe Supply
"It was never more apparent that the domestic supply of oil is the only safe supply in time of emergency. It was never more obvious that the states must leave nothing undone, in the way of proper regulatory and conservation practices, to assure the continued orderly development and production of oil and gas.

"To that end, and solely to that end, this Interstate Oil Compact Commission is dedicated. We have done something constructive in the past—we must do more in the future."

Fell said the total supply of oil to meet fourth quarter requirements as estimated by IPAA at 7,561,000 barrels daily.

He added that if demand continues to approximate the committee estimates of 7,065,000 barrels daily, and if supply approximates the average of the past five months, additions to stocks of oil 18,000,000 barrels during the summer months would be carried into 1952.

Fell said this "may be advisable in view of present international conditions, although it should be recognized that such stocks would be above levels estimated by the committee for normal operations."

On the average, February is the least rainy month of the year in London.

Iran's Ultimatum Enroute To London

TEHRAN, IRAN—(P)—Iran's ultimatum giving Britain two weeks to resume talks about their oil dispute is being forwarded by way of Washington Tuesday, a government spokesman said.

Premier Mohammed Mossadegh was unable to get Parliament approval of his move. But the premier went ahead with his plan in the face of outspoken opposition by 14 deputies who braved assassination threats to defy his policy and depose British moves to cripple Iran's finances.

FALLS FROM BIKE
Sharon Warner, age three, suffered foot abrasions Monday in a fall from her bicycle. She was given emergency treatment at Western Clinic-Hospital.

Hospital System Ready For Attack On Top Problem

AUSTIN—(P)—The State Hospital System is ready for a new assault on its top problem—patient overload.

It has approved in principal or outright plans for spending \$10,000,000 for construction, major repairs and renovations.

The buildings will provide bed space for patients or other wards of the state now being cared for under crowded conditions. It will also provide space for negro epileptics, senile and feeble-minded children who are not now under care.

The first new project will be an \$800,000 building for senile patients at the Mealia Hospital.

Tentative board approval was given for construction of these additional facilities, not immediately but sometime within two years:

Austin State Hospital, medical and surgical building, \$1,200,000; Abilene State Hospital, receiving building, \$700,000; Moody State School for Cerebral Palsied Children, 200 bed unit, \$500,000; Big Spring State Hospital, senile and continued treatment building, \$800,000; Terrell State Hospital, medical and surgical building, \$600,000; Kerrville State Hospital, 300 bed unit, \$800,000.

The board will be ready within 60 days to take bids on a 300-bed tuberculosis hospital at San Antonio to cost about \$1,500,000 and a receiving building at Rusk State Hospital to cost \$800,000. These had been authorized previously.

Clean-Up Drive Is Scheduled In Crane

CRANE — Crane will be cleaned up by residents in a city-wide campaign starting September 17 and continuing through September 21.

Dr. Richard Fielden is chairman of the event which is sponsored by the Lions Club. The city will be divided into four sections with a team captain directing each. The captains will be Hayden Wilmoth, Lloyd Wimberly, John Hodges and the Rev. R. O. Tomlinson.

The last day of the campaign will be pick-up time. City and county trucks will haul away trash in all sections of the city.

TOES FRACTURED
E. L. Ryilee of Odessa, employee of a pipe line company, was treated at Western Clinic-Hospital Monday for two fractured toes received when pipe was dropped on his foot.

Frank Ikard Quits As District Judge

FORT WORTH —(P)—Rep. Elect Frank Ikard of Wichita Falls resigned Tuesday as 20th District Judge.

Governor Shivers indicated he would appoint Ikard's successor late this week.

Ikard was appointed by Gov. Beauford Jester in November 1948. His resignation is effective Wednesday.

Ikard, who won the 13th Congressional District election Saturday by 3,700 votes, said he will leave for Washington Friday with Mrs. Ikard.

Accepting Ikard's brief letter of resignation, the governor said, "Congratulations, Frank, you're going to make a great congressman."

"Thank you," Ikard replied.

Three candidates for the judgeship were recommended to the governor earlier this week by the Wichita Falls Bar Association. They are Wichita County Judge Arthur Tippet; George W. Anderson Sr., a former Wichita Falls district attorney, and Arch Dawson, a Wichita Falls lawyer.

The governor is not bound by the bar's recommendations, but he generally takes them into consideration.

Worker Shortage Reported In Pecos

PECOS —(P)—This West Texas city is having its worst labor shortage since the Texas Employment Commission opened its office here in April 1944.

Officer Manager B. A. Toliver said about 100 young people have quit their jobs here to return to school. The seasonal step-up in business has resulted in demand for more workers.

"It has to disappoint folks wanting workers," Toliver said, "but we simply don't have enough people seeking employment."

W. H. Conkling Heads Men's Fellowship Of Christian Church

W. Henry Conkling, Midland oil man, was elected president of the Christian Men's Fellowship of the First Christian Church at its September meeting Monday night. He succeeds Tom Campbell.

Clyde Moffatt was named vice president, and Jack Monroe, secretary-treasurer.

Mr. and Mrs. Chris Dutt, natives of India, were the guest speakers at the dinner-meeting. Mrs. Dutt relating a personal experience "fairy story" which came true. They were introduced by the Rev. Luther Kik, pastor of the First Methodist Church.

The Dutts are in this country to study before returning to India, where he will practice medicine and she will be associated in the operation of an orphanage. They will enroll later this week in the University of Oklahoma for further study.

Former County Agent Is Here From Brazil

Steve A. Debnam, a former Midland County agent, is visiting friends here this week while on a business trip to the States from his home in Sao Paulo, Brazil. His family did not accompany him on the trip.

The former Midlander has been in Brazil the last four and a half years, engaging in the agricultural business.

He says conditions generally in Brazil are excellent and that the country is surging ahead economically as a result of rapid strides of advancement in both industry and agriculture. He said Brazil needs capital more than anything else.

Sao Paulo, Debnam said, is Brazil's leading industrial city. It has a population of some 3,600,000 persons, and is one of South America's most modern cities, according to Debnam.

COTTON PICKER DROWNS
HILLSBORO —(P)—Lonal Gerna, 16, member of a migratory cotton picking crew from Fairburn, Ga., drowned in Cottonwood Creek east of Brandon Monday. Gerna was swimming with three other boys and stumbled into a hole washed out by the weekend rains. The body was recovered.

Honey-Smooth

①

ROAD-TEST IT FOR PROOF OF PERFORMANCE!

It's more a treat than a test, when you put a new Mercury through its paces. You never knew that traffic could be tamed so easily, that parking could be so effortless, that hills could simply melt away! The secret of this silky-smooth behavior? Lots of things—its husky V-type "8" engine—its low-slung design—its nimble steering. Yes, here's sweet driving, with all the comfort, all the safety, all the thrills that makes this Mercury a prize winner for popularity.

Standard equipment, accessories, and trim illustrated are subject to change without notice.

and Money-Smart!

②

BUDGET-TEST IT FOR PROOF OF VALUE!

Does it have a down-to-earth first price? Mercury's price tag you can easily understand—a really big dollar's worth for every dollar invested.

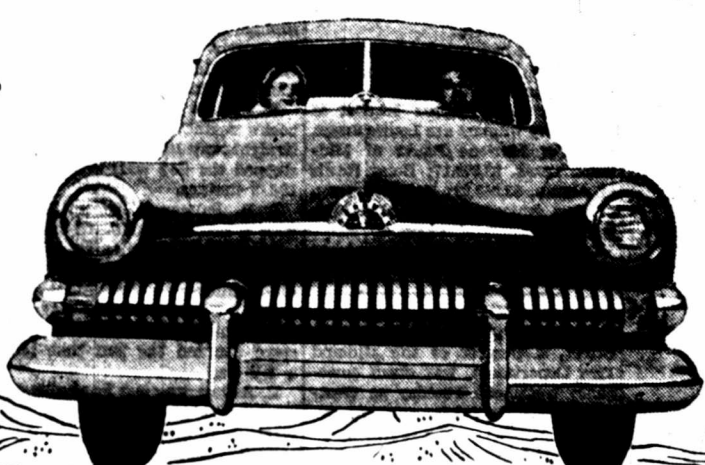

Will you be sure of good gasoline mileage? Mercury has continually proved its miles-per-gallon by winning in officially sponsored economy tests.

Will upkeep stay low? Mercury engineers have engineered trouble out for extra years of money-saving dependability.

Will trade-in value stay high? Mercury keeps their value; used car market reports consistently prove it.

Does it represent solid value? Mercury owners say YES! So will you when you get the story from your Mercury dealer. See him soon.

3-WAY CHOICE! For "the drive of your life!" Mercury offers you a triple choice in dependable transmissions. Merc-O-Matic Drive, the new simpler, smoother, more efficient automatic transmission—Mercury's Thrifty Touch-O-Matic Overdrive are optional at extra cost. There's also silent-ease standard synchronized transmission.

2-WAY TEST PROVES

SWC Grid Teams Drill

By The Associated Press
Southwest Conference football teams have settled to routine in their second week of practice.

A few injuries were reported Monday, but for the most part players were in top condition.

Baylor practiced once Monday. Players registered for classroom work. George Sauer had the Bears working on defense.

TCU went through a brisk hour and a half scrimmage. Dutch Meyer said he liked his defense, but not so happy about the erratic offense.

At A&M, Ray George stressed pass plays and ball handling in a long workout.

End Clinton Gwin and Linebacker James Fowler. Halfback Don Criswell and Center Van Heatherly are on the Aggies' ailing list.

Texas practiced behind locked gates as Ed Price worked some defense regulars into the offense. Slight casualties were Linebacker Don Menasco, Ollmer Spring and Fullback Phil Branch.

SMU posed in game uniforms for "press day" Monday and took only a light workout.

Arkansas' defense squad did not allow the offense a yard in a lengthy scrimmage.

Otis Douglas used practically the same team on defense heretofore he had used for offense.

SHORT-SIDED—Coach Earl Blaik looks over West Point football candidates limbering up on the practice field. From these 32, half the normal number of tryouts, Army must replace the power-house wiped out by a cribbing scandal. (NEA)

Mentors Still In Dark After Rough MHS Drills

The big Midland High School Bulldogs whipped through a two-hour-plus scrimmage Monday afternoon, but when it was over the coaches still professed to be in the dark about the 1951 grid outfit.

After watching a brutal offense, spearheaded by Ralph Brooks, romp through a defensive team for touchdown after touchdown, Tugboat Jones had one observation:

"Dogged if I know if our offense is that good, or our defense that bad."

Sideline speculation, as the Bulldogs prepped for Friday night's opening tilt here with San Angelo, was that it's a little bit of both—the offense is strong, but the defense weak.

Jones himself stated later Monday that "it looks like I have about three boys who can play defense."

Another member of the coaching staff said San Angelo "might have to score four times to win, but could easily do that."

Brooks, in the Monday drills, was superb. He faked and passed well, absolutely bullying his way with sheer power for yard after yard.

Joining Brooks in Jones' offensive backfield for the most part Monday were backs Roy Kinsey, Larry Friday, Dick Spencer and Johnny Kennedy. Friday was quarterbacking the team, punting and kicking extra points.

Indications are the Bulldogs will use a passing game to a great extent against San Angelo. Brooks was throwing frequently Monday, although the ground game came in for work also.

Audrey Gill's defensive linemen had a tough time in the scrimmage as the offensive linemen had a field day blocking.

Seeing action on the offensive team were Loren Roberts, center; Pete English and Dalton Byerley, guards; Stan Coker and Bill Leonard, tackles; Jimmie Lineberger and Robert Keisling, ends, along with Bill Mims.

The defensive team had A. W. Both, linebacker; Darrell Spivey, guard; James Reagan and Keys Curry, tackle and Dan Ratcliff, end, working for the most part.

The coaches still haven't indicated a possible starting lineup for the Friday night affair, preferring to shuffle their lineups in search of the strongest possible combination.

Fain Leads In American Batting

CHICAGO —(P)—First Baseman Ferris Fain of Philadelphia with 302 has taken a nine-point bulge in the American League batting race.

A three-way tie for second place at 323 finds Minnie Minoso of Chicago, Ted Williams of Boston and George Kell of Detroit.

Others in the top 10 averages computed through Sunday's games are Gil Coan, "Washington, with 319; Gil McDougald, New York, 315; Johnny Pesky, Boston, 313; Larry Doby, Cleveland, 306; and Yogi Berra, New York, 303.

FRACTURED HAND

Arthur Davis, age nine, 1300 South Colorado Street, received emergency treatment Monday at Western Clinic-Hospital for a fractured hand suffered while playing.

Sammy Baugh, the great football player with the Washington Redskins, was hurt on the first play of the first game he played as a professional.

Twin Bills Set In Big Flag Fights

By The Associated Press

Two important doubleheaders are scheduled Tuesday night in the American League pennant race after all clubs in both Major Leagues took a day of rest Monday. One twin bill is scheduled in the National League.

The New York Yankees, leading Cleveland by four percentage points, entertain the St. Louis Browns. The Indians meet the Athletics in Philadelphia in the other.

The New York Giants, five and one-half games behind the Brooklyn Dodgers in the National League chase, tackle with St. Louis in the National League.

Brooklyn is at Cincinnati; Boston at Chicago and Philadelphia at Pittsburgh in other National League games.

Detroit is at Boston and Chicago at Washington to round out the American League card.

Stanton, Hit Hard By Injuries, To Play Saturday Night

STANTON—Coach Charles Read is musing low.

His Stanton Buffs open the 1951 grid season Saturday night without an experienced man in the lineup. The only boy who played any last year on the B-district champion outfit, Tackle Bill Overby, is out with an injury.

So are seven others. Read said Tuesday he might have to start several freshmen, with two of them in the backfield.

Big Spring's B team will oppose the Buffs. Game time is 8 p.m.

Beaumont Beats Cats To Go Into Texas Playoffs

By The Associated Press
The first round of the Texas League playoffs opens Tuesday night with Beaumont, a last-minute entry, contesting the Houston Buffs.

Dallas will be at San Antonio in the fight between the second and third place clubs.

Beaumont got into the playoffs Monday night by beating Fort Worth, 4-2, in a sudden-death elimination. Fort Worth tied the Roughnecks for fourth place—last spot in the championship bracket.

Lubbock, Dukes Cop WT-NM Wins

By The Associated Press
Lubbock and Albuquerque went one-up Monday night as the West Texas-New Mexico League playoffs began.

Fourth-place Lubbock went 14 innings to defeat Abilene, 3-5. Albuquerque scored two unearned runs, one in the ninth, to nose out Lamesa, 3-2.

Ray Faust was the hero of Lubbock's marathon victory over the straightaway leaders, Abilene. Faust stopped the Sox with seven hits in 13 1/3 innings.

I. B. Palmer broke up the tie with a double, behind fourth hit. Glen Burns dropped an easy fly ball near the right field wall in the ninth inning to give Albuquerque a life. Two intentional walks set up a double play but a long fly instead counted the run that broke a 2-2 tie.

E. Arthur was the loser although he allowed only three hits. Five errors hurt his cause.

The Brooklyn Dodgers have had 17 different managers since 1890. The Giants have had 21 managers since 1876.

Stranahan, Star Golfer, Ousted In National Meet

BETHLEHEM, PA. —(P)—It doesn't pay to be a favorite in the National Amateur golf championship.

Ask handsome Frank Stranahan, Toledo strongboy, Big Bill Campbell, former West Virginia legislator, or Bobby Knowles, French amateur champion from Boston.

They were all mentioned as possible 1951 amateur kings. They're on the sidelines now.

The big question among the 138 survivors is: what famous golf head will roll in Tuesday's second round?

It could be defending champion Sam Ursetta of Rochester, N.Y., Walker Cuppers Willie Turnesa, Charley Coe, Jim Mehalie, Dick Chapman or Harold Paddock.

The elimination of Stranahan was the opening day's most astounding event. The spark plug heir, who lost the 1950 amateur to Ursetta in a sudden death playoff, was ushered out of the competition by, of all things, a weekend golfer. It was Frank's ninth futile attempt to win a National Amateur Championship. Bob Kuntz, 29, marketing administrator for a chemical firm, rallied from a deficit with two holes to play to tie the match in regulation play, and then outgamed the bewildered Stranahan in the second of two extra holes. Kuntz of Larchmont, N.Y., admitted to having only 11 weekday games of golf since January 1.

Down at Sweetwater, the perennial cry is starting again:

"Pat Gerald has it this year."

We wouldn't be at all surprised if he does, in spite of Pat's emphatic denials.

For this is the year Gerald said he would "play any-one, anywhere, anytime." Last year he said he would have a "state championship team for sure" in 1951.

Now, he's changing his mind, as the season approaches. But Bud Worsham, Sweetwater scribe, just can't keep the optimism out of his writings—you can tell Bud feels, and the fans feel, it is to be a Mustang year.

Without a doubt, they'll be rugged. We can't forget Gerald's "wait till next year" cry he made last year.

Sugar Ray Robinson or Randy Turpin? There's more interest in the fight than any we've heard in a long time.

Some feel Turpin can handle the Sugar Man again. We think it was a great boon for boxing, this defeat of the "invincible" Sugar Ray.

But we'd sure hate to be Mr. Turpin in this second match.

The younger a boy starts his football career, the better he will be when he becomes a full-fledged high school or college performer.

Midland High School has a fine athletic setup, with an emphasis on the grid game.

The elementary schools play an intra-city schedule, with coaches and regulation equipment for the youngsters.

On up the ladder, in junior high school, the boys acquaint themselves with outside competition.

Then, they are ready for the C, the B and finally the varsity team.

Thursday, in The Reporter-Telegram's annual football edition, we'll have complete stories on every football team in the city.

Don't miss it.

And don't miss the football games this year.

Zeke Bonura told us this one just before he departed for New Orleans.

When Midland and Roswell were playing their third game of the recent three-game series in Roswell, Midland had won the first two and was leading in the third when the public address system announced the Rockets had borrowed Julio de la Torre for the playoffs.

According to Zeke, a leather-lunged fan in a box seat came to his feet and yelled: "You don't need one Midland player for the playoffs—you need the whole damn team."

That, said Zeke, was appreciated by the Midland boys who were scorned by opponents at the start of the season.

Season Tickets Sales To Come To An End This Week

Grid tickets for home football games in Midland will be on sale Wednesday in the office of Supt. Frank Monroe at Midland High School.

Officials said Wednesday was the last day of sales this week, and urged fans to secure their tickets promptly.

At 5:30 p.m., Thursday game tickets for the San Angelo-Midland game only will go on sale the foyer of the MHS auditorium. The tickets will be on sale at the Chamber of Commerce Friday.

The game is set for 8 p.m. Friday.

Dick Jones of Duquesne, Pa., is the lightest player on the Brandeis football team. He weighs only 160 pounds.

DARK HORSE—Barbara Busch jumped her big brown gelding, Charlie, to victory over Mrs. Norman Matthews Lauer, also of Sacramento, Calif. Defeating the horse-jumping queen of the Pacific coast made the 17-year-old Miss Busch eligible for the United States Olympic equestrian team which will strut its equine best at the National Horse Show, opening at Madison Garden, Oct. 30, (NEA).

ACC To Open Grid Year Friday Against Drake U

ABILENE — Abilene Christian College, which last year recorded its most successful football season in history, will be Texas' first college football team in action this Fall.

Coach Garvin Beauchamp's Wildcats will ignite the grid wars Friday night, at Des Moines, Iowa. Drake Uni-

versity will furnish the opposition. The game is the first on ACC's '51 schedule—termed by coaches as the toughest ever to face an ACC team.

Besides Drake, the Wildcats will play East Texas State College, the University of Chattanooga, Texas Western College, the talent-laden Carswell Bombers of Fort Worth and Midwestern University. And all but the Bomber game will be played away from Abilene.

Step Bright

Foremost now, however, in the minds of Coach Beauchamp and Assistant Oliver Jackson and Bill McClure is how to stop Drake's sensational Negro halfback, 200-pound

Wildcat workouts have been devoted chiefly to fundamentals of both offense and defense with the accent on the passing game.

Last year was Beauchamp's first as head football coach at ACC. His remarkable 1950 eleven swept through a 10-game schedule undefeated and untied and capped the season off with a Refrigerator Bowl victory last December 2 in Evansville, Ind., a 13-to-7 triumph over Gustavus Adolphus of St. Peter, Minn.

The Wildcats' current 41-man squad lists 21 lettermen, 3 squadmen, one transfer and 16 freshmen.

Freshmen who have "caught" the coaches' eye since workouts started September 3 are Ends Von Morgan, 168, of Vallejo, Calif., and Tommy Morris, 155, of Abilene and son of ACC President Don H. Morris; Tackle James Cobb, 208, of Athens, Ala.; Center Curtis True, 189, of Dallas, and Quarterback Joe Powell, 175, of Childress.

Rounding out the top ten are Carl Furillo, Dodgers, 311; Ralph Kiner, Pittsburgh, 310; Monte Irvin, Giants, 309, and George Metkovich, Pittsburgh, 302.

NEW YORK—(P)—It's no longer a question of who will capture the National League batting championship but by how big a margin Stan Musial will win it.

Musial at 370 holds a 30-point bulge over nearest competitor. Far behind is Richie Ashburn, fleet-footed flycatcher of the Philadelphia Phillies, 340. Jackie Robinson of Brooklyn is third with 338. He is followed by teammate Roy Campanella, 329; Johnny Wyrostek of Cincinnati, 316, and Alvin Dark, New York Giants, 313.

SAVANNAH, TN—(P)—One-time Brooklyn Dodger star James Herman (Hank) Deberry, 56, died Monday. He was a scout for the New York Giants.

Mickey Vernon of the Washington Senators hit nine home runs in 1950. Five of them were at Yankee Stadium.

EX-DOCTOR STAR DIES

SAVANNAH, TN—(P)—One-time Brooklyn Dodger star James Herman (Hank) Deberry, 56, died Monday. He was a scout for the New York Giants.

NCAA To Hold Rules Session

LOS ANGELES —(P)—Orf the ground that the platoon system is injurious to football, the NCAA's 17-man council will recommend revision of the free substitution rule to the rules committee at the January meeting.

Prof. Hugh C. Willett of Southern California, NCAA president, said the council itself is unanimously opposed to the platoon system and will urge its reconsideration "to eliminate pressure elements but still protect the physical well-being of the players."

The NCAA council cannot impose restrictions on members.

Other matters for the January meeting will include:

A decision on live telecasting of football games. Abolition of Spring football practice.

Booster Club To Meet Tuesday Night

Bulldog Boosters meet for the first time this season Tuesday night. President Tex Carleton has called a meeting for 8 p.m. in the high school cafeteria.

Carleton said the meeting would be concerned with organizing for the year, and said Coaches Tugboat Jones, Red Rutledge and Audrey Gill would appear before the club members.

Hugo Bezdek, manager of the Pittsburgh Pirates from 1917 through 1919, was born in Prague, Czechoslovakia on April 1, 1884.

J. H. Harris, 708 South Loraine Street, a member of the Midland Fire Department, was given emergency treatment Tuesday at Western Clinic-Hospital for a severe earache.

The Brooklyn Dodgers have had 17 different managers since 1890. The Giants have had 21 managers since 1876.

NEW STRENGTH FOR NATO—Final decision on admitting Greece and Turkey to the North Atlantic Treaty Organization is expected to be taken by foreign ministers of the 12 original NATO powers meeting in Ottawa September 15. Addition of these two nations—first postwar beneficiaries of U. S. aid to halt Communist aggression—will strengthen greatly Western defense of the Mediterranean, and improve the Western outlook in the troubled Middle East.

New Nazi Party Alarms Allies

FRANKFURT—We like Hitler. Join us for the defense of German blood and honor.

It is Gen. Otto Remer, a pet of Hitler's in the dying days of Nazism, speaking. The old Nazi at the mass rally cheer and stomp.

A brass band strikes up the "Deutschlandlied." Der Fuehrer's favorite song. Former storm troopers and SS men, Nazi party members and war veterans snap to reverent attention.

This is the Socialist Reich Party—a frank, open attempt at reviving Nazism in Germany. This fanatical movement, launched in the British Zone three years ago, is now rapidly spreading into the American Occupation Zone in a brazen bid for national political power.

It has invaded the big U. S. occupied cities of Frankfurt, Kassel, Munich, Stuttgart and Heidelberg. Former storm troopers and SS (Hitler Guard) men are roaming the streets of these and Wuerzburg-Baden to enlist farm support.

And in Bavaria, the birthplace of Nazism, the rabble-rousing Alfred Zuehlke claims he is about to merge his radical "Economic Reconstruction Party" with the new Nazis.

At the British Zone, the Socialist Reich Party (SRP) growth continues. Allied officials report. The SRP scored a surprising success in the British Zone state of Lower Saxony in its first bid at the polls this spring.

Almost 400,000 West Germans voted by Hitlerian campaign tactics for the SRP, giving it 14 seats in the 186-member state parliament.

Now the SRP is sinking its claws in the neighboring state of Schleswig-Holstein, officials say. And an intensive organizing drive is planned for the industrial Ruhr with Otto Grone, former Nazi Gauleiter of Cologne, in charge.

Allied officials admitted today they are shocked at the bold comeback of a formidable Nazi movement just six years after Hitler led Germany to defeat and ruin. They say the SRP's success shows that many Germans still like Hitler and the Nazi ideology.

No Movement
"This is no Neo-Nazi movement," one high Allied official commented. "This is Nazism. The philosophy is the same. Only the leaders are changed."

Western officials say the great danger is that all Nazi-thinking elements will rally to the SRP. Many of these joined the moderate parties after the war. One official said: "Right-wing elements in many of these moderate parties think exactly as the SRP group thinks. Some of the political parties which hold high posts in the West German government are infiltrated with Nazi sympathizers."

SRP leaders make plain that they intend to join battle soon with the democratic forces nurtured by the Allied powers since 1945—and that.

Pacific Potentate Visits Singapore
SINGAPORE—(AP)—Crown Prince Tunga, 280-pound prime minister of the Tonga Islands in the Western Pacific, stopped off in Singapore for a three-day visit recently on his way home from the Festival of Britain.

Accompanied by his secretary, the 31-year-old Prince visited the University of Malaya and pineapple canneries. Prince Tunga, a six-footer, is the son of the Queen Salote of Tonga, age 51. She tops him by three inches and weighs slightly more than his 280 pounds. She has ruled over her 47,000 subjects in the Tonga Islands for 33 years.

Though she has introduced motor cars, telephones and golf to Tonga, nothing has induced her to wear shoes. It was reported. The Tonga, or Friendly Islands, is a self-governing state under British protection.

Examples of Our Many Values in Midland Homes:

FOUR-BEDROOM Austin Stone. More than 1,900 square feet of floor space. Two baths. Laundry room. Wall-to-wall carpeting. Corner location on Maple Avenue. Let us show you this home... you'll agree that it's worth more than the \$17,500 we're asking!

THREE-BEDROOM brick veneer, plus den. Three baths. Living room, dining room, attractive kitchen, large utility room. Carpets, drapes, air conditioning, water well. Fenced in lot, in a good West location. Must be seen to be fully appreciated. The value is here! Full price, \$28,500.

TWO BLOCKS from Sam Houston school, this 3-bedroom brick veneer home is one of Midland's better values. Very nice living room, convenient kitchen, tile bath. Carpets and drapes are included in the \$20,500 price.

THREE BEDROOMS, three baths, in this highly individualized Austin Stone. Wood burning fireplace in the lovely living room. Louvered patio. Back yard is completely enclosed, and includes custom-built barbecue pit.

SURROUNDED BY TREES, this comfortable home is of Haydite tile construction, with plastered walls. Three large bedrooms, two baths. Fireplace, central heat and air conditioning. Two-car garage. Situated on two full acres of ground, with private water system to turn it into a garden spot. The house is surrounded by poplars and very nice lawn.

WEST STOREY is a smart address, and that's where you'll find this 3-bedroom brick veneer—just off the Andrews Highway. Two baths. Lots of unusually nice features throughout its practically new. Double garage. Corner lot. Private water system. The price is \$22,500, much less than reproduction cost.

VERY LIVABLE cottage on Lake Naworthy. Every convenience. Four rooms and bath. Front entrance porch, with walk leading over the water to the boat house. Complete with motor boat. You'll like this for only \$6,600.

OUT-OF-TOWN listings include property in Dallas, Fort Worth and San Angelo. If you're thinking of moving, let us sell your property here and find you a home in the city to which you're moving!

SELECT BUSINESS LOT on West Wall. Here is a location that will bring you more business volume... out of the congested area. Will sell or lease.

CHOICE RESIDENTIAL SITES on West Storey, 2600 block. Both North and South exposures. Extra-large frontages. And the price is right. We will be glad to sell you one of these select lots, or will build to suit you.

COMPLETE SERVICE in building your home! If you're thinking about building a home, we can save you money by handling the entire operation from one office... building site, construction, financing and insurance. We have many plans in stock, or will gladly draw plans to your specifications.

Trans-Pecos Labor Camp Is Humming

PECO—The Trans-Pecos Cotton Association labor camp here was humming with activity over the weekend with Sunday's arrival of 1,200 more braceros to help harvest what is expected to be a bountiful cotton crop.

The new arrivals make a total of 2,000 braceros arriving here since last Thursday, said Banky Stocks, association field man.

Moreover, these first-comers are only a "drop in the bucket" compared to the approximately 12,000 wetbacks expected by the cotton men when the harvest is in full swing.

U S Sounder—

(Continued From Page One)

and extravagance are running wild in the government.

A White House aide said Truman referred to an article by Stanley High in Readers Digest.

Truman named no names of those he said have spread the story of national bankruptcy.

This has been a familiar Republican campaign cry, and has been voiced by some Dixie Democrats, among them Senator Byrd of Virginia and Gov. James F. Byrnes of South Carolina.

General MacArthur in his Cleveland speech last week said one of the "clearly defined" issues confronting the nation is whether "we are going to squander our limited resources to the point of our own inevitable exhaustion."

Of those he said have been talking of the threat of bankruptcy, Truman said:

"I want to say to these gentlemen who are spreading this story, 'Don't be afraid.' This is something that has been worrying you for a number of years now. It's something you've been saying over and over again. It wasn't true when you began to say it, it has not been true as you have repeated it over and over since then, and now it's further from the truth than ever. Says It's Stronger."

"The country is stronger economically than it has ever been before. x x x Corporations are making more money than they ever did and, even after paying taxes at the new high rates, their profits are running at a higher rate than any year except the record-breaking 1950."

Truman sharply defended the federal budget against those who would cut it by \$5,000,000,000 and declared the bulk of federal spending is for defense.

"We don't want to lose a horse through being too stingy to buy a strong enough rope to tie him with."

The General Accounting Office Building which Truman dedicated is the first major new government building in the capital since the war.

U. S. Oil Production Hits All-Time High

TULSA—American oil production hit an all-time record pace during the week ended September 8. The Oil and Gas Journal said Tuesday. It averaged 6,206,350 barrels daily, an increase of 48,675 barrels.

Texas accounted for just about all the net gain, jumping 47,125 barrels to 2,827,600.

Notable increases were reported for Louisiana, up 14,400 to 628,700, and for California, up 2,800 to 980,400.

Kentucky and Montana each gained 300 barrels to 32,000 and 24,900, respectively; Florida was up 150 to 1,675; Colorado gained 100 to 77,800, and Nebraska added 50 to 6,100.

The largest loss fell to Kansas, down 9,800 barrels to 312,450.

Other setbacks were in Michigan, down 2,200 barrels to 38,400; Indiana off 1,100 to 31,300; Wyoming 900 to 18,200; Mississippi 800 to 98,900; Oklahoma 650 to 505,850; Illinois 600 to 167,500; the Eastern fields 500 to 59,250; Utah 100 to 3,800, and Alabama and Arkansas each off 50 to 2,850 and 76,100.

New Mexico's production was unchanged at 145,575 barrels.

Club's Meeting Devoted To Tilt

Optimist club members laid plans for the handling of the collegiate football game to be played here October 6 between Texas Western and AOC, at their luncheon Tuesday at Ranchland Hill Country Club.

Committee heads and their committee members discussed various methods of working out problems in the season.

Proceeds from the game will go toward the Boys Workshop maintained by the Optimist Club here.

Emil Rassman presided at the meeting.

Vexed Resident Clears Driveway

The knotty parking problem in Midland continues.

Police Tuesday received a complaint from a resident of West Ohio Street that an automobile was parked in his driveway.

He said he had pushed the car into the street.

Police cautioned him about his action creating a traffic hazard in spite of his justified ire at having a car in his private drive.

INSIDE AN ATOMIC PLANE... (HOW IT MIGHT LOOK) — This phantom sketch shows how the world's first atomic-powered plane might be built. It would be a sky giant that would dwarf the B-36. Wide, thin wings that permit great speeds will probably require the flying-boat hull. Huge size is necessary to accommodate the very heavy engine. The world's first atomic-powered plane, ordered by the U. S. Air Force, is now taking shape on the drawing boards at Consolidated Vultee Aircraft, Fort Worth, Tex. Flight-testing is not expected until 1955. (Sketch copyright, 1951, by Popular Science Monthly, from NEA-Acme.)

Fairly Good Returns From Feeding Beef Cattle Are Forecast

WASHINGTON—(AP)—The Agriculture Department said Tuesday recent developments point to "fairly good" returns from feeding beef cattle in 1962.

Profits will be considerably less than those of the last two years when prices were rising, the agency said.

The question of returns from cattle feeding has been raised in connection with government price ceilings on beef and beef cattle. Some farm leaders contend the ceilings offer little or no financial incentive from feeding cattle. They predict a smaller volume of feeding next year.

The department's profit forecast was based upon prices at which feeder cattle—lean, unfattened animals—have been selling recently. It said those prices are lower than in early Spring, before price ceilings were set up. Those ceilings carried a price rollback.

"At these purchase prices, returns from cattle feeding in 1962 will be about average if prices of slaughter cattle do not change greatly, but would be considerably less than those of the last two years when prices were rising steadily," the department said in a report on the market outlook for farm products.

"Present ceilings," the report said, "provide a somewhat wider difference between prices of lower and higher grades of slaughter steers than prevailed last year. This points to fairly good prospects for feeding a medium-weight unfinished steers to a higher finish and grade."

The department predicted mark-ings of beef cattle will increase considerably. Peaks in number of cattle, calves, sheep and lambs slaughter are likely to be reached, it said, in October. The peak in slaughter of hogs is expected in December.

The agency said that during much of the fall season prices of cattle probably will be at or near ceilings, as they have been this Summer. At times, however, prices of some grades may drop below present ceilings, it added.

Hog prices may be somewhat lower this Fall. Slaughter supplies are larger.

C. of C.—

(Continued From Page One)

favored the conversion program on a city-wide basis.

The possibility of forming a local corporation to build rental units in Midland was discussed by Velvin. It was agreed the method of financing such a project will require more study. B. G. Grafe, Paul McHargue and Harlan Howell also commented on the possibilities of such a program.

Charles Ervin mentioned the possibility of converting additional barracks at Midland Air Terminal into living quarters. The success of a Chamber of Commerce-sponsored housing project at Kermit was mentioned.

Those joining in the discussion stressed the fact more and more housing must be provided to keep pace with the rapid growth of the city due to oil industry expansion in the city and section.

Velvin, at the request of Chamber directors, will prepare estimates of suggested housing projects for further study and consideration.

Directors also heard reports by Jerome Grayum, Retailers Committee, and Bill Collins, Aeronautics. President Stanley Erskine reported on the recent visit of the Texas Highway Commission to Midland.

Following a Highway Committee report by Downing, the directors voted to urge the County Commissioners Court to employ additional help to be used in preparing right-of-way easements, fencing, engineering and other road work in an effort to speed up highway projects underway in the county.

16 Injured When Bus, Auto Collide

SAN ANTONIO—(AP)—A bus and an automobile smashed together near here Monday, but only one of the 16 persons injured was critically hurt.

In serious condition is Walter Wright, 36, driver of the automobile. The bus driver and 14 passengers were released after treatment. Thirty-one passengers were aboard the bus, bound from Brownsville to Wichita Falls.

The collision knocked the automobile 75 feet and sent the bus smashing through a barbed wire fence and onto a field for 50 yards. The driver of the bus was Howard Black of San Antonio.

Rain-Fringed Cool Front Moves South

By The Associated Press

The cool front, fringed with rain, drifted South Monday. Texas enjoyed 80 and 90 degree temperatures. Cotulla was the only place reporting temperatures more than 100. It was 101 there.

Austin reported 50 of an inch of rain. Houston had .81, Beaumont .25, Palestine .85, Galveston .64, College Station .15, Palacios .10, Marfa .06, Lufkin .09 and Presidio and Victoria .01.

The lowest reported overnight temperature was 59 at Marfa. More scattered showers and cool weather was forecast for East Texas. The forecast is for scattered showers in the south part of East Texas Wednesday. Cooler weather was forecast for the northwest portions Wednesday.

Union Lays Down Settlement Terms

NOGALES, ARIZ.—(AP)—The crisis in the nation's strategic copper industry can be settled only on the basis of a 1912-cent-an-hour package increase, the International Union of Mine, Mill and Smelter Workers asserts.

The union stated in a resolution it would not settle for anything less than this pattern, established in an agreement with the Kennecott Copper Company.

The Kennecott settlement was made up of a 15-cent-an-hour wage hike and a pension increase equivalent of 41.2 cents an hour.

Denny Trial Reset For October 15

CANTON, TEXAS—(AP)—The trial of U. S. (Denny), charged with murder in the slaying of three men last June, has been reset for October 15.

Judge A. A. Dawson reset the trial Monday after five defense witnesses failed to appear.

Denny is charged in the fatal shooting of Steve W. Bolt, 30, George Henry Dixon, 41, and Ben Taylor, 59, on a country road near here June 12. District Attorney Joe Tunnell quoted Denny as saying he was "tired of Taylor telling things on me."

Congratulations To

Mr. and Mrs. Clyde H. Harville, 406 West Estes Street, on the birth Monday of a son weighing seven pounds, 11 ounces.

Mike Plauts, two-year-old son of Mr. and Mrs. Sanford Carl Plauts of 2804 Roosevelt Street, is in Midland Memorial Hospital for a tonsillectomy.

DALLAS BANKER NAMED

SAN FRANCISCO—(AP)—Aubrey M. Costa of Dallas was elected president of the Mortgage Bankers Association of America Tuesday.

Borger Mother Kills Son, Self

BORGER—(AP)—A Borger mother killed herself and mysteriously ill 18-year-old son Tuesday.

Coroner Jake Blessing said Mrs. O. R. Boninger, 41, wife of a Phillips Petroleum Company employee, shot her son, Robert E. Boninger while he was asleep and turned the gun on herself.

Blessing ruled it was murder and suicide. Boninger played football at Phillips High School and won an honor scholarship to Rice at Houston. He attended Rice last year and had planned to return this Fall but became ill.

Successful Dash To Freedom Made

HOF, GERMANY.—(AP)—A Czech locomotive engineer made a successful dash Tuesday across the border to the freedom of West Germany, bringing with him 107 passengers in three train cars.

The train was enroute from Eger in Czechoslovakia to Asch near the West German border. When the train neared Asch, it detoured on another track so it could continue to Selb-Ploesberg, West German border station.

The locomotive engineer told surprised West German police he wanted to stay in West Germany along with 20 of the 107 passengers.

Allied Plane—

(Continued From Page One)

Command has admitted any basis to Red charges of neutrality turn violation. The strafing charge was the eleventh by the Reds.

The Allies have denied or ignored all previous charges. Is U.S. Bomber?

The UN Command statement said a plane detected by Allied radar in the Kaesong area at the time of the Red-reported strafing turned out to be a U.S. bomber.

The statement continued: "Continuing radar plot including a directed identification turn and subsequent transmission indicates the plane was one from third bomb group. The pilot reports having strafed lights at 1:38 a.m. in what he believed to be a different area but which in view of the radar plot must have been Kaesong."

"Faulty navigation on pilot's part led to error."

Earlier the Communists warned the Allies to accept Red terms for resuming stalled Korean truce talks in Kaesong or "bear the full responsibility for all the consequences."

Chadwick—

(Continued From Page One)

Miss Chadwick was breathing easily. Her body was coated heavily with the grease to protect her from the channel's icy temperature.

She was disappointed when told she had not broken the record set by Tom Blower of Britain—51 minutes faster than Miss Chadwick.

"Oh, I'm sorry," she said.

She boarded a motor yacht then and was bundled into blankets and surrounded by hot water bottles. She fell asleep in no time at all, and slept all the way back across the channel to England.

She had been sick six times during the swim.

Last year, Florence set a women's record of 13 hours and 20 minutes from France to England. British swimmer Brenda Fisher broke the mark last month, crossing in 12 hours 43 minutes.

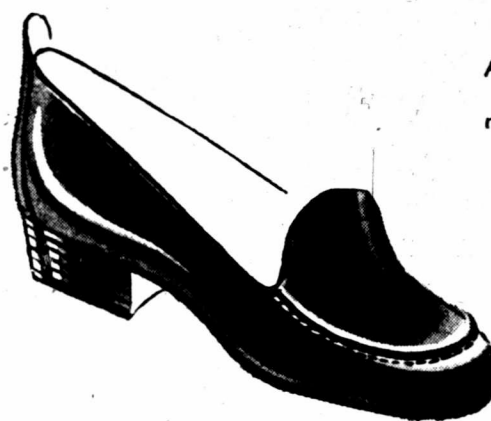

Fort Worth Votes On Big Bond Issue

FORT WORTH—(AP)—Taxpayers voted Tuesday on a \$28,900,000 bond issue.

Eight items are up for approval: \$23,450,000 for street improvements, \$1,750,000 for the international airport, \$800,000 for garbage incinerators, \$500,000 for fire department improvements, \$700,000 for a new police station and jail, \$200,000 for a children's museum, \$1,000,000 for park improvements and \$500,000 for recreation department improvements.

Chemicals Burn Three Men Here

The handling of chemicals sent three persons to a Midland hospital Monday and early Tuesday.

D. K. Young, 1810 West Washington Street, a chemical laboratory employee of the Western Company, suffered first aid second degree burns of the arm while loading caustic acid. He was given emergency treatment at Western Clinic-Hospital.

E. W. McDonald of Odessa was given emergency treatment for first and second degree burns of the forearm received while mixing chemicals.

Glenn Gray, Midland policeman who resides at 210 West New York Street, suffered burns about the face and chest and hands when a tear gas bomb exploded in his lap. He was hospitalized at Western Clinic-Hospital. The accident occurred Tuesday morning.

Pecos Water Use Drops In August

PECO—Water consumption in Pecos dropped off during the month of August, reported John Oglesby, water superintendent.

The city pumped a total of 66,151,200 gallons last month, an average of about 2,134,000 gallons daily. Water usage reached an all-time high in July, when an output of 69,676,000 gallons was recorded.

Livestock

Cotton

NEW YORK—(AP)—Tuesday noon cotton prices were unchanged to 30 cents lower. October 34.37, December 34.43, and March 34.56.

County Court Votes Employee Pay Hikes

The Commissioner's Court Monday granted an average \$30 a month raise to deputies, road workers and other county house employees.

County Judge Clifford C. Keith said commissioners were in agreement that the employees were due the raises and they were necessary because of the attraction of higher-paying jobs elsewhere in the growing city and county.

The pay raises were effective immediately. Commissioners handled routine bills and account at the Monday session and voted to adjust the salary of the county treasurer in line with salaries of other county officials, who previously had been granted raises.
