United Workmen Organized.

A local lodge of the Ancient Order of United Workmen was organized in Dublin last week by Deputy Grand Master Workman Jas. D. Allen of Dallas, who has put in several weeks of good work at this place in his endeavor to get up a lodge here over the failure of several others who have at previous times made the effort. The work done by Mr. Allen has resulted in the organization of a lodge with a charter membership of thirty-seven and he has some nine or ten more applicants, whose papers are now in the hands of the supreme medical examiner. The officers of the local lodge are as follows: G. R. Humble past master workman, G. E. Griffin master workman, B. E. Parsons foreman, M. J. Courtney overseer, J. O. Shafer recorder, J. G. Hoch financier, W. P. Courtney recorder, A. B. Fletcher guide, E. O'Brien inner watchman, L. E. Arnold outer watchman, Dr. J. R. Sessums medical examiner and J. S. Daley, W. T. Daniel and G. S. Thompson trustees.

The A. O. U. W. was founded in Meadville, Penn., on Oct. 27th, 1868, by John Jordan Upchurch and was the first fraternal benefit society organized in the United States and was and is now the pioneer of the fraternal societies giving protection to the family of its members at death. It has forty grand lodges covering the United States, over seven thousand local lodges and over five hundred thousand members. There are over two hundred lodges and seventy thousand members in Texas alone.

Turnbow Won Foot Race.

The foot race last Monday afternoon in the Dublin ball park between James Goldforth of Monterey, Mexico, and Walter Turnbow of Alexander, resulted in a victory for Turnbow by a wide margin. Turnbow is said to have simply ran away from his opponent but notwithstanding this the winner was immediately challenged by G. H. Burrell of Cleburne who offered to stake five hundred dollars that he could defeat Turnbow. It was about arranged for the race to occur Tuesday afternoon but an officer from Hico interferred by arresting Turnbow on a charge of gaming in Hamilton county. It is said that Turnbow was anxious to stay and match the race with Burrell and with this desire offered to pay the officer a fine but he would not listen to this and started on the train for Hico with his prisoner. At some point between here and Hico Turnbow raised a window, jumped out and made such good use of his ability as a foot racer that the officers were compelled to go on home empty handed. The race between Goldsforth and Turnbow was witnessed by several hundred people from throughout this section.

BOSTON CORBETT

Man Who Claimed to Be Corbett Gets Three Years and a Fine for Fraudulent Claims.

A San Angelo dispatch of Tuesday night says John Corbett, alias James Corbett, alias Boston Corbett, was Monday afternoon found guilty of perjury and attempt to obtain a pension fraudently from the government by the federal grand jury which convened there Monday morning. Tuesday Judge Edward R. Meeks sentenced Corbett to three years in the penitentiary at hard labor and to pay a fine of $100.

An interesting account of the celebrated prisoner's statement is printed on another page of this issue.

The most important witness for the state was a small, faded piture of the real Boston Corbett. The other important witnesses were George A. Huron, at one time guardian of the real Boston Corbett in the insane asylumn at Topeka, Kan., Edward Kirk of Chicago, who was a corporal in the Twelfth New York cavalry and who taught the real Corbett the manual of arms, and Richard Thatcher of Edmond, Okla., who was confined in prison during the civil war with Corbett. Each testified that the defendant was not Boston Corbett. The indictment against the prisoner was for taking oath that he was the real Boston Corbett, slayer of Lincoln's assassin, John Wilkes Booth, and for trying to get $3,600 pension money due the real Corbett. The prisoner broke down when censured by the judge and said, "I've done wrong."

The Edna Gin.

It is currently reported that the Edna Gin Co. has sold an interest in the gin to the oil mill. We wish to correct this report by stating that nothing of the kind has occupied or is in contemplation. The gin is a home institution entirely owned and operated by people of the Edna community. The patronage of the people of the community is invited and we believe it is deserved.—Edna Gin Co., per J. B. Salyer. 1p.

Fine Gin Property.

A Progress reporter had the pleasure last Saturday afternoon of being shown through the two Rosamond gins in Dublin, inspecting them each from garrett to cellar or rather from the engine room where the power is supplied, to the press where the bale is finally tied and delivered into the farmer's wagon. Mr. Rosamond is not a citizen of Dublin but the condition of his two gins show that he is spending more cash in improvements here than many others who are and he seems now to be reaping the natural reward due to enterprise and properly placed investments. We judge this from the activity about the two gins, one of them running eight seventy saw gins and the other four and all were going to their full capacity and there were many farmer's wagons standing loaded in the yards awaiting their turns and as these moved up to the suction pipes others took their places in the waiting column. Mr. Rosamond spent $2,400 for improvements on the four stand gin during the past summer and several thousand on the gin with eight stands, which is the one formerly owned by W. H. Armstrong. No expense was spared to put the gins in first class condition with best devices for performing properly the various processes through which the staple passes in bulk from the producer's wagon till it is finally and within a very brief space of time returned to the wagon in the condition of a finished bale ready for the market. Both gins are practically new throughout and possess every convenience for safety, rapidity and good work and at the big gin the proprietor found it necessary to prevail upon "Bill" Armstrong, probably the best gin man in Texas, to take charge of the machinery and thereby add still more to the efficiency of the plant.

Destructive Cyclone in Territory.

A cyclone visited the vicinity of Manford, Oklahoma, Wednesday evening in which two children of L. E. Anderson were instantly killed by being caught in the wreckage of their home. Mrs. Anderson was also injured, but not seriously. A. Maggan was injured so seriously that he may die and his wife was injured also but not so seriously; Ed Ruth had a foot broken and his head crushed and two of his children were seriously hurt.

Mr. and Mrs. J. R. Edwards were also seriously injured. The storm came up very suddenly. Its path was a quarter of a mile wide and many miles long. The loss to property will be enormous. The storm did some damage in north Texas and other points in Oklahoma.

Bryan in Japan.

Wm. J. Bryan, who is now touring the Orient, made an address to an audience of a thousand persons in Tokio, Japan, last Wednesday. The distinguished Nebraskan is being the recipient of many honors at the hands of the people and the officials in the Orient.

Last Monday night what came near being a serious accident occurred near Tolar. It seems that a party of four were going home from court and one of the horses was very lazy. Constable Chas. West remarked he would wake the horse up and drawing his pistol, fired a shot toward the ground. Just at this time the party met John Cooper and Jim Kinson and the ball glanced from the ground, striking Cooper's watch, passing through his clothing and hitting Kinson in the arm above the elbow, where it lodged. Had the ball not hit Cooper's watch he might have been seriously hurt. Kinson was in town Tuesday nursing his wounded arm.... G. W. Hunter and sons last week drove in from Palo Pinto county 450 fine steers, which they will feed this winter at the Whitten ranch above Thorp Springs. —Granbery News, Oct. 19th.

Thursday as Rev J. C. Talley and wife were returning to their home from Spicewood and fording the Colorado river at Turney Bend, crossing some fifteen miles below Marble Falls, an unexpected rise in the river swept their farm hack away. overturned it, losing the team from it in the mixup and precipitating both occupants in the swollen stream. They were separated and a few minutes later Mr. Talley came to his senses after being rendered unconscious, imbedded in a drift some three hundred yards below the ford. The team had escaped by swimming. Search was instituted for the body of Mrs. Talley and it was found after several hours one hundred yards from the point of precipitation.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is widely known and so altogether good that no one should hesitate about buying it in preference to any other. For sale by Overton Drug Co.

Notice to Advertisers

Hereafter it will be necessary to have copy in for all advertisements intended for the Progress by Wednesday noon in order to insure insertion in the paper for that week. Only in case of a whole page and double page ads can the copy could be handled later in the day it would be all the extra work for both the paper and the printer, both of whom lose by the necessity of getting out late. Last week it was necessary to leave out two page advertisements that were paid for and due in the week that they appeared. Possibly he handled without curtailing the paper or curtailing the amount of reading matter, neither of which the revenue from a page of reading matter of ads and the accommodation to the advertiser will justify. To obtain the full measure of results a local newspaper must get the ads in on time and when it goes to press must contain all the news possible of nature. It is impossible to handle both of these if advertisements are brought in late and the publisher must ask our patrons to govern themselves accordingly.

KEEN KUTTER

A Wonderful Tool

The Keen Kutter Draw Knife is a wonderful tool in more ways than one. The angle or "hang" of the blade is pronounced perfection by the most expert and critical workmen. A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for cough medicine whether it was wanted for a child or for an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know that there is no danger from it and it always cures. There is not the least danger in giving it and for coughs, colds and croup it is unsurpassed. Willed His Body to Science.

In accordance with the provisions of his will the body of George William Catt of New York, husband of Mrs. Carrie Chapman Catt, ex-president of the National Womans' Suffrage association and president of the International Woman's Suffrage association, will be dissected for the advancement of medical and surgical knowledge. Mr. Catt died on Sunday last at his homein New York city following an operation for gall stones and a special permit was issued by the health department and the body taken to Ccrnell university and Bellevue Hospital Medical college after the funeral at his home. Various portions of the human body have been killed by medical schools from time to time and it has not been unusual for men of science to will their brains to such institutions, but this is the first remembrance of New York doctors that a man of good position and generally normal conditions of health has given his entire body for the advancement of medical knowledge. The study of Mr. Catt's body is expected to be of unusual benefit because, except for the disease from which he died, it was in all respects normal and healthy. This disposition of the body was directed by section six of his will, which read:

"It is my wish that my body be given to a medical college in which anatomy and surgery are taught, nearest to the place of my demise, to be used in such manner as will be most to the advancement of medical and surgical knowledge."

Mr. Catt, who was a civil engineer of national repute and a member of various scientific societies in the United States, and abroad, drew up his will in 1897. After discussing the matter with his wife and frequently expressing his regret that medical colleges seldom had an opportunity to dissect the body of a healthy, intelligent man, he gained her consent to bequeath his body to science. Mr. Catt was born in Davenport, Iowa, in 1860 and died Sunday of last week. He was graduated in civil engineering from the Iowa state college in 1882. In 1892 he organized and became president of the New York Dredging company, which engaged in various harbor improvements for the United States government for private parties along the Atlantic and gulf coast, including a seven mile ship canal at Sabine Pass. He organized later the Atlantic Gulf association, an organization of engineers and contractors of which he was president. The company has a $3,000,000 contract for harbor work in the Philippine islands and $2,000,000 worth of coast work.

Mr. Catt was married to Mrs. Carrie Lane Chapman of Seattle in 1896. They have no children.

Lattimore Not a Candidate.

Regarding the congressional race in this district at the next campaign the Ft. Worth Record of last Sunday contained the following interview with Hon. O. S. Lattimore of that city:

"The inclination on the part of so many worthy gentlemen to serve their country by going to congress from the Twelfth district at the request of their many disinterested friends," said O. S. Lattimore yesterday, "reminds me of the fact that I came perilously near to being pushed into the race myself—of course, over my strenuous objections—by some of my newspaper friends as well as other friends in different parts of the district. In fact, I lost a valuable fee not long since because of the fact that my prospective client was advised that I was going to devote all my time to trying to go to congress and would have none left to give to his case. I have been promising myself and a few faithful friends at different places that I would make public the fact that for reasons of private interest, I am not and will not be a candidate. Do not get the idea, though, that I am going to lose my interest in the welfare of our people. I owe a debt of gratitude to them, especially those of Tarrant county that I can never repay, and if I can be of any service to them in behalf of clean government or honest administration of that same, from alderman to president, I shall gladly be found pushing the good work along as one of the boys in the trenches. This decision of mine is not tentative but is final."

Circus Day.

The circus is one of the big things of America that has made the traveling observer pause and think. The marvelous system which achieves the building of a well ordered village with a population of twelve hundred in the hours of early dawn each day, and packs up and re-establishes itself miles away for the next breakfast, has attracted the serious study of military chiefs and other leaders of great bodies of men, and huge business institutions. It is this marvelous management that draws multitudes of people to the train yards to witness the unloading of the great Adam Forepaugh & Sells Brothers' Enormous Shows. The great caravans are unloaded with dispatch, and the circus men and the animal upon whom devolves the burdens incident to placing the tremendous equipment upon the show lots glide gently and efficiently linto the place allotted for individual duty. It takes four special trains to carry the Forepaugh & Sells colony from town to town. Everything must be spic and ready for the daily parade starting from the circus grounds at ten o'clock. The several hundred horses that take part in this big spectacle are freshly groomed every morning, and the thousnds or more of men, women and children are alert and contented looking in the gorgeous pageant. This street display of The Great Adam Forepaugh and Sells Brothers Shows rises above all other efforts of the kind for fascinating detail, magnificent display and extraordinary length. Most circus parades are tiring affairs, because of the unkempt expression of people and things. The horses are apt to be slow moving and worn, and the people, as a rule, strongly suggest the idea of strenuous times. At last, thanks to the able management of Forepaugh & Sells Brothers' Shows, this is changed and the morning of circus day a procession winds its way over the business streets of the town that is worth much inconvenience to see, and that is altogether superior to anything of the kind ever organized before. Hundreds of graceful women riders modishly gowned; expert men riders mounted upon blue-blooded and high stepping equines; scores of open animal dens; merry groups of oriental minstrels; oddly dressed clowns; soldier types; fairy land ideals; resplendent musical vehicles; gorgeous tableau floats; students, flower girls, dancers, rough riders, fashionable carts—in fact, this street pageant is the most munificent and magnified display of circus glories ever brought forward by amusement enterprise. This feature alone cost the management of the Great Adam Forepaugh & Sells Brothers' Show a million dollars, and is an imposing demonstration of their tremendous recourses and determined ambition to make this circus institution the greatest on earth. Two performances will be given here at two in the afternoon and eight in the evening, on Friday, Oct. 27th.

A HILL TALE

A Blunt Old Colorado Miner on Postum.

A clergyman may be eloquent, may use the choicest language, dressing his earnest desire to help his fellowmen in the most elevated, chaste and beautiful language, and yet not touch the hearts of his hearers. Another man, having little education and no grace of speech whatsoever, may tell his message in the common everyday venacular he is used to, and the simple faith that glows within him carries quick conviction with it. Such a man writes from the towering peaks of Colorado, preaching of Postum.

"I had drank coffee all my life until it about killed me, when I concluded to try Postum, and in a very short time I got relief from the terrible misery I suffered from coffee.

"When I drank coffee I bloated up so that I could not breathe at times; my nerves were so shaky that I could not hold myself still.

"But thanks to Postum I am all well now and can say that I hope to remain so.

"I was very much disgusted with it the first time I tried it, but had it made stronger and boiled longer till it tasted as good as good coffee."

No amount of rhetorical frills and literary polisth could add to the convincing power of the old miner's testimony. Name given by the Postum Co., Battle Creek, Mich.

There's a reason.

Colored Church Supper Row.

From Stephenville Tribune.

Saturday night the colored people gave a supper to raise funds for the benefit of the church. Ike Cosey, who regards himself as an important attachee of the Maloney Mercantile Co., was made marshal. His mission was to keep order and to restrain and to curb the exuberant spirits of the young bucks while the stream of silver coins were passing to the coffers of the church and slices of chicken, roast pork and pies and cake, were passing down to where such things usually do the inner man and woman the most good. These people were having a good time for the stream of silver coins set in motion and in exchange for the stream of cakes and pies indicated rich harvests for the church. Tony Moore, however, was not pleased with things as he found them, and some irreverent people are so unkind as to say he mixed whisky with the dainty things the colored sisters had prepared—had mixed the discordant elements together in his stomach. Others say the green-eyed monster jealousy undermined Tony's judgment when his juicey-spicey, the apple of his eye, showered her smiles on his rival. This latter state of affairs calls, either for suicide or a fight. At any rate Tony raised a racket right there in the house where the surrcundings had been of an exceedingly pleasant character. In an instant all was confusion and chaos reigned. It is said that John Moore tried to restore order and pitched Tony out of doors. As he landed he grabbed a rock and threw at John. The deadly missile missed its mark and struck the one-armed marshal, Ike Cosey, on the head. He was seriously if not fatally wounded, and was hauled off to a cabin on Graham street, and Tony went to jail, where he will board until the full extent of Cosey's injuries are ascertained. Another version is that the two Moore brothers were very disorderly in the house, and that Cosey requested them to keep quiet; that Tony Moore resented Cosey's interference. "What have you got to do with this you one-armed———?" asked Tony. The latter then smote Cosey on the head with a rock. Blood flowed freely and many thought that the man had been killed. Tony Moore has made bond. Tony did not submit to arrest with very good grace, and the officers had to use force. The boy told the officers that he was not going to let them lock him up in the old jail, and of course they could not wait for the completion of the new one, so they brushed aside objections of the "head crusher," and jailed him. It is likely that the man he struck will recover.

Wild Persimmons in West Texas.

Judge C. H. Jenkins brought to the Bulletin office today some of the old kind wild persimmons grown at his place here. He brought the seed from Dallas county and a sprout came up in his garden. Mrs. Jenkins did not know what it was and had it repeatedly cut down. But with the persistence common to the persimmon it continued to sprout again and when Mr. Jenkins attention was called to it he found it was a persimmon bush. It was then spared and has been bearing abundantly for several years, the fruit being as well flavored as any persimmon this editor ever ate in Kentucky in his boyhood days. It is hard to find a better or healthier fruit than the plain old persimmon and it seems they will thrive here under even adverse conditions. Just why they have not been extensively grown is not known. —Brownwood Bulletin.

For many years the practice of hazing has given the authorities of the Agricultural and Mechanical college much trouble. Althouh the penalty for its practice by the students is expulsion, it has year after year been indulged in. In fact it has become a student tradition that a freshman deserved a certain amount of punishment to show him his true position in college. This year has witnessed an action on the part of the student body that will probably put an end to the undesirable custom. Both the senior and the junior classes have passed resolutions condemning the practice and posted notices to that effect on the bulletin board.

ECONOMY

ECONOMY isn't so much a matter of how much money you spend, it's the manner in which you spend it. For instance, the boy has got to wear clothes of some kind this winter, and you might continue to make that light summer suit answer, but the health may be endangered by doing so—that's poor economy. We can fit them out in a good warm suit or over coat that will protect them from the chilling blasts of winter, garments that are made of strong, firm, warm material, cut on stylish lines and "made right at the right price." To buy them is true economy. Be economical—come and bring or send your boy here to get his winter outfit.

Prices range from 50c to $10.00. Boys' caps, all styles, at 25c and 50c. Boys' hats, all shapes, 25c, 50c, 75c and $1.00.

OVER COATS AND RAIN COATS

Our stock of over coats and rain coats has no equal in this part of the state. We have by far the swellest line ever carried in Dublin.

We have the box over coat, the swellest thing for this season, in gray and light tan with green plaid, single or double breasted, made by H. S. & M., price.....25.00

One lot of the blue black Melton cloth, well made, extra nice mercerized black satteen lining, medium length, well worth $15.00, our special price...12.50

Rain coats $12.50, $15.00 and.....18.00

A nice blue black coat, nice satteen lining, medium length, $7.50 and.....5.00

We haven't space to give the prices on all of them, but have them from $25.00 to.....5.00

And all it will take to convince you that we have the right goods at the right price is just to come in and let us show them to you.

Success in business can be secured only by selling reliable merchandise. Our clothing department exemplifies this fact. We sell garments, the product of reputable makers, that are unexcelled in fit, finish, fabric and fashion, and they are designed to meet the wants of men who know and wear good clothes. They are "Made right at the right price." You will never be disappointed or displeased with any suit you buy from us. If you haven't seen the new fall styles come in and take a look. Try one on. It is to your interest as well as ours to give us a look before you buy. "We are here with the goods."

Z. M. Duckworth, financier of the Dallas lodge A. O. U. W. and also secretary of the Dallas Typographical Union, spent last Wednesday night in Dublin, having come down from Dallas to present some screen work used in the degrees of the order, which held a meeting Wednesday night. Mr. Duckworth has for fifteen years been foreman in the "make-up" department of the Western Newspaper Union at Dallas. but is at present out on strike with all other members of the union in that and many other cities throughout the United States who are contending for an eight hour labor day. He gave the Progress a pleasant and appreciated call before the Frisco train left yesterday morning.

A heavy rain visited the section north of Dublin last Monday evening and night and near Bunyan it was accompanied by hail that did considerable damage to growing crops and to trees and shrubbery. The strip where the greatest damage was done was confined to a few hundred yards and crossed the Lingleville road at the farm of Mr. Howell, about a mile from Bunyan. The rain was very heavy for a distance of some ten or twelve miles north and west of Dublin. In town the rain fall was slight and it was lighter east and south until about twelve or fifteen miles, beyond which the rain did not extend.

The Majestic Range people have been giving a practical demonstration of the easy management and quick baking qualities of that popular cooking apparatus at Higginbotham's store this week. This demonstration is an annual occasion with the Majestic Range people, who give them for one week during the year at each big store in the United States that handle the Majestic. A feature of the demonstration is the making of biscuits and coffee on the range each day and these delicious repasts are served free to all visitors. Today and tomorrow will be the last days of the exhibit for this year.

Last Monday, which was the third Monday of the month and consequently the same in Dublin as the first Monday at the county site, was a somewhat bigger day than usual and the crowd here was almost equal to a circus day crowd. The foot race in the afternoon at the park between Walter Turnbow of Alexander and James Goldsforth of Mexico brought also a large number of people from all sections of the country hereabouts and from as far off as Dallas and San Angelo.

J. J. Turpen of near Topaz was a pleasant caller on the Progress Tuesday and reports his section as usual, in as prosperous a condition as any portion of Texas. He says the Will Strong gin at Topaz had up to last Monday handled four hundred bales of cotton and was yet busy. He stated also that Will Hewett was recently injured in one side in a friendly scuffle with one of his neighbors, being struck in the side with a pie melon and that he is very seriously ill from the injury.

The merchants of Hillsboro are this year giving weekly premiums to cotton farmers in a similar manner to that attempted last year by Dublin, but which was so unceremoniously cut out by the action of the postmaster in excluding the local newspapers from the mail for having a report of the prize winners and an announcement of the merchants' proposition in them. Hillsboro merchants are giving away each week five premiums of $50, $25, $15,$10 and $5 respectively.

M. A. Tucker, late of Gorman, has engaged with Eli Thurman near Purves to assist on his farm during the coming year. Mr. Tucker made a total failure of his crop this year on a farm on the Leon six miles from Gorman, his crop being totally destroyed by two heavy rains in May, at which times the waters of the Leon stood nearly six foot deep all over his farm. He moved last Monday from the Gorman country to Mr. Thurman's place near Purves.

Albert Kemp of the Pigeon country has purchased the Clark place of 157 acres, three miles north of Topaz at a consideration of $2,000 and will occupy the place some time between this and the first of the coming year. The farm purchased is generally known as the Blake Lee old place and is a fine piece of property.

Mr. Strickline, president of the Dallas Securities Co., the institution which has purchased the Dublin light and water plant, was here Tuesday inspecting the system. In company with Mr. St. Clair he called on many of the business institutions of Dublin, including the Progress.

Farmer W. H. Lester, who resides on rural route three out of De Leon, was in Dublin Wednesday and called to see the Progress and renew his subscription. He says the hail of last Monday evening did not reach his section, though a good rain fell at his place.

Halcyon Club.

The Halcyon club was royally entertained by Mrs. James T. Bramlette Wednesday afternoon. Eight games of forty-two were palyed. Miss Emilye Jones made high score and remained at head table through seven games. The tally cards were very dainty indeed. They were made of varigated green and white paper cut in shape of a horse shoe and for every score marked a brass brad imitating a horse shoe nail was put in the horse shoe. Then came the most important of the program, the refreshments. Two courses were served of delicious chicken salad, wafers, orange cream and nut and chocolate cake. The members and guests present were: Mesdames W. E. Abbey, H. K. Brewer, T. J. Farmer, George Ray, D. L. Miller, D. L. Harris, Bob Evans and F. A. Weiser; Misses Sallie Herndon, Carrie McKee, Mary Weiser, Dora Higginbotham, Angy Woods and Emilye Jones. The club will meet with Mrs. D. L. Harris next Wednesday afternoon at 4:30.

PIGEON.

Regular Correspondence.

Oct. 18th.—W. R. Bullard of Parker county has been visiting his son, J. F. Bullard and father, N. Bullard, for the past week.

Jesse Gardner is very sick.

Forest Reid is visiting his father, who is very low.

Will White and son have ginned 380 bales of cotton to date.

Hugh Pack has been on the sick list for the past week and one of the Hilburn boys also.

Guy Gentry is here from Fort Worth, where he has been attending school, to spend a few days at home.

Will Gray of Pigeon has sold his blacksmith shop and residence to Wesley Goodwin. We regret very much to see Mr. Gray leave.

Dr. J. J. Mulloy, practice limited to the diseases of the eye, ear, nose and throat. Office over the Grange Store, Dublin, Texas.

SHILOH

Regular Correspondence.

Oct. 16th.—Weather is very disagreeable for cotton picking, being damp and heavy dews. We had a nice shower last Saturday but not enough to interfere with cotton picking very long. Two-thirds of the cotton in this section is already gathered.

A. J. Bird had the misfortune last week to lose a fine cow.

Dr. A. F. Upton recently left on a business trip to Oklahoma.

G. W. Tackett who has been sick for several days, is improving.

Mr. Barbee's gin is doing nicely. They have handled 175 bales to date.

Charlie Stephen of this community made a trip to Edna yesterday.

Rev. T. W. Ewell of Cottonwood visited Charlie Russell and mother last Saturday.

"Uncle" Fatty Cox was buried at the Shiloh cemetery last week. We extend our sympathy to the bereaved relatives.

Poland China and English Berkshire pigs at $6 each or $10 a pair for thirty days at W. H. McKnight's two and a half miles northeast of Dublin.

HIGHLAND

Regular Correspondence.

Oct. 17th.—J. R. Beecher is at Victor this week where he has accepted a position as ginner.

W. W. Jones is absent this week on business in Eastland county.

Dr. W. C. Murray had been called away from home and was on the road during the entire storm.

J. E. Montgomery has removed from the Walter Jones house and now occupies the house which E. Beecher purchased of J. M. Garrison and moved from the John Clifton lot.

We had a fearful rain and hail storm Monday night. Cotton is badly damaged, the hail knocking it out and cutting off many green boles and the water washed it in drifts about over the field.

A number of our boys witnessed the foot race Monday at Dublin. Some say that Turnbow had to turns sidewise to keep from flying.

Fine Poland China pigs for sale. Eligible to register. $5 each or $8 per pair. See J. H. Cox on farm seven miles north of Dublin or R. A. Crocker at Dublin, Texas. 21-4t.

The Comanche County Farmers Union held its regular quarterly meeting at Hasse Thursday and Friday of last week. Among other important transactions plans were perfected for a cotton warehouse at Hasse and the material for the building has been ordered. It will be erected as quick as this is received.

WARD OFF DISEASE

By fortifying your system with a reliable blood medicine. An alcoholic stimulant would do more harm than good and the reaction from it would leave you nearer complete prostration than ever before.

With stomach and blood in good order you can fight the battle of life successfully against all odds. GOLDEN SEAL ROOT (*Hydrastis*), is a famous remedy for dyspepsia, and QUEEN'S ROOT (*Stillingia*), has a direct action in promoting the renewal of the blood. Both of these are used in Dr. Pierce's Golden Medical Discovery in such a way, by skillful extraction, combination and solution without alcohol, that their best effects are secured.

Many years of actual practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for continuous use as tonic and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of the ingredients. The publication of the *names of the ingredients* on the wrapper of every bottle hereafter to be sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an "unknown remedy."

Pierce's Pleasant Pellets The Original LITTLE LIVER PILLS, first put up by old Dr. R. V. Pierce over 40 years ago. *Much imitated, but never equaled.* Little pill, Little dose, but give great results in a curative way in all derangements of Stomach, Liver and Bowels.

"Common Sense Medical Adviser" will be sent free, paper-bound, for 21 one-cent stamps, to pay the cost of mailing only, or cloth-bound for 31 stamps. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

MEMBERS OF ERATH FARMERS UNION.

Your executive committee met at Stephenville at the call of the chairman on Saturday, Oct. 14th, and after carefully considering the interests of the union decided to meet again Oct. 28th at ten a. m. at the court house at Stephenville and we hereby call upon every local president and secretary and all the county lecturers to meet with us at the above time and place as some matters of importance is to be considered. In the meantime let every member stand firm and hold his cotton if he has to borrow money to do so.

Yours fraternally,

Com. { J. W. Forgay, chairman
J. T. Smith, secretary
T. B. Duncan.

Hood county union met at Granbury last Saturday.

An extended historical account of the Eastland County Farmers Union was published in the papers of that county last week. From this we note that the county union was organized December 19th, 1903 at Eastland City with thirty-three locals participating, representing a membership of six hundred. At the present time there are sixty-six local unions in the county with a total membership of slightly over eighteen hundred. Following are the present officers: J. D. Bond president, A. D. Hutton vice-president, H. A. Collins secretary and treasurer, Lee Perkins lecturer in precinct one, J. A. Powell in number two, T. A. Strains in number three and J. A. Kinard in number four.

Presidents and secretaries of the county and local unions in Erath and Comanche counties are requested to notice the directory at the head of this column and advise us of any changes or additions that should be made. These officers and the membership as well, are requested to send us reports of meetings held or to be held and any other information that may make for the benefit of the organization and the interest of this column, which we are desirous of making a complete resume of the doings of this section each week. Contributions in the interest of the order are also requested but they must be brief to insure insertion. Union members are invited to help make this column what it should be. It will be a benefit to the union and to the Progress, we will duly appreciate.

JENKINS ADVISES TO HOLD.

Judge C. H. Jenkins of Brownwood, in an interview one day last week regarding the situation said:

"I have been in correspondence with members of the national and state executive committee in Texas and my information is that the crop is undoubtedly short and the top crop will not amount to anything in this state. I do not think the frost has been heavy enough in this state to damage the crop. It may have been heavier in the territory, but in Texas the frost will not do more than kill the blooms and cause the bolls to open. I believe that the farmers ought to hold all the cotton they now have on hand for eleven cents a pound. My reasons are:

"First, I believe the crop would have justified eleven cents for the entire crop.

"Second, people have sold at and around ten cents enough to relieve the pressing demands and are in a position to hold the remainder of the crop better than they would have been to hold all.

"Third, I have no doubt of the ability of the farmer to get eleven cents if they stand together and refuse to sell for less.

"Fourth, while eleven cents is only ten per cent more than ten cents, it is at the same time twenty-five per cent more net profit to the farmer, for the reason that it costs thirty dollars per bale to raise and market cotton, leaving a net profit of twenty-five dollars if sold at ten cents. At eleven cents his profit is thirty dollars per bale or one-fourth more than the net profit if sold at ten cents.

"Fifth, I believe the farmers ought to hold for eleven cents because through the Farmers Union, Southern Cotton Association, Farmers Alliance of N. C. and through resolutions adopted at county meetings all over the south, they have said they would not sell for less, and they ought to show the world that they mean what they say. I regard this of more importance to the farmers' movement than the additional money they would get by reason of the increased price.

"By eleven cent cotton I mean eleven cents at southern ports, which mean about 10:45 in Brownwood."

Tax Collector's Notice.

You are hereby notified that I will be at the following places on the dates given below for the purpose of collecting state and county taxes and poll tax for the year 1905:

Alexander, Friday and Saturday, Oct. 20th and 21st.

Clairette, Monday, October 23rd.

Selden, Tuesday, October 24th.

Johnsville, Wednesday, Oct. 25th.

Chalk Mountain, Thursday, Oct. 26.

Duffau, Friday and Saturday, Nov. 3rd and 4th.

Bluff Dale, Tuesday November 7th.

Dublin, Thursday, Friday and Saturday, Nov. 9th, 10th and 11th.

TO POLL TAX PAYERS:

"Section 12. The poll tax required by the constitution and laws in force shall be collected from every male person petween the ages of twenty-one and sixty, who resided in this state on the first day of January preceding its levy; Indians not taxed; persons insane, blind deaf or dumb and those who have lost a hand or foot, or are permanently disabled excepted; which tax shall be collected and accounted for by the tax collector each year and appropriated as required by law. It shall be paid at any time between the first day of October and the first day of February following, and the person when he pays it shall be entitled to his poll tax receipt, even if his other taxes are unpaid."

Poll taxes are collectable as other taxes. So don't be led to believe that you do not have to pay your poll tax unless you want to vote; for such is not the law.

Poll tax must be paid in person by the payer or by an agent in person with written order. Blank orders for payment of poll taxes can be found at the different voting boxes throughout the county. Poll taxes must be paid before or at the time other taxes are paid, so don't send other tax money until poll tax is paid. If you do your money will be returned. Neither the tax collector nor his deputies can act as agent for the payment of poll tax. Meet me while in your vicinity and pay your poll tax and save the trouble of a trip to Stephenville or of sending an order by an agent. Respectfully yours.—R. T. Roberts, tax collector.

A LITTLE NONSENSE

Johnnie—"Paw, what is the rest of that quotation beginning, "Truth is mighty?"

Father—"Scarce,' I reckon."

Two Irishmen were making an agreement for a meeting. One of them said: "If you get there first make a chalk mark on the sidewalk; if I get there first I will rub it out."

"You scoundrel," said the father seizing the disobedient son by the hair; "I'll show you how to treat your mother." And he gave him several bangs on the ears and then shook him until his hair began to fall out.

"Let me see," said the minister who was filling out the marriage certificate and had forgotten the date, "this is the fifth is it not?" "No sir," said the bride with some indignation, "this is only my third."

The editor of an eastern magazine recently sent the usual bill to a delinquent subscriter. It was returned in an envelope with an inch wide black border, containing the following letter: "Mr. Smith has changed his address; smallpox took him off. I am his widow. Respectfully, Mary Ann Smith."

We have been informed that one of our newly married young ladies kneads bread with her gloves on, says the "Cambridge, Ohio, Sun." The editor of this paper needs bread with his shoes on; he needs it with his trousers on; and unless the delinquent readers of this old rag of freedom pay up soon, he will need bread without a blame thing on.

In a rural justice court, says the "Atlanta Constitution," the defendant in a case was sentenced to serve thirty days in jail. He had known the judge from childhood, and addressed him as follows:

"Bill, old boy, you're a-gwine ter send me ter jail, air you?

"That's what," replied the judge. "Have you anything to say agin it?"

"Only this here, Bill: God help you when I git out!"

A Baptist and Methodist minister were by accident dining at the same house. As they took their seats there was an embarrassed pause, the hostess not knowing how to ask one minister to say grace without offending the other.

The small son quickly grasped the situation, and rising in his chair quickly moved his finger around the table, reciting, "Eny mene miny mo, catch a nigger by the toe." He ended by pointing his finger at the Baptist minister and shouting, you're it!"

A young man who had recently become engaged to a charming young lady, says the Harper's Weekly," chanced to be in a fashionable shop when his eye caught a glimpse of a jeweled belt that seemed to him an acceptable gift for his fiancee. He asked a clerk to place an assortment of belts on the counter. "Ladies belts?" queried the polite salesman. "Certainly, sir, what size?"

The young man blushed. "Really, he stammered," I don't know." And he gazed about him a moment or so. Finally a happy thought appeared to strike him. "Can't you let me have a yard stick for a moment? he asked. The yard stick being forthcoming, he placed it alongside the inside of his wrist. Then, looking up at the clerk, he exclaimed triumphantly, "twenty inches."

Two young girls were talking on a street car when one of them said: "The awfulest thing happened to me yesterday. Bess and I came down on a street car, and it was just crowded to suffocation. I was afraid I'd lose Bess, and so I just grabbed her hand and held on for dear life. We were nearly to our block, just fancy!—I looked down and it wasn't Bess's hand at all, but I was holding that of a young man whom I had never seen. I dropped it, you can imagine, right quick, saying, 'Oh, I've got the wrong hand! when what do you suppose he answered? —'Why miss, you are perfectly welcome to the other if you will accept it'"

"A practical joke," says Barney Oldfield, the automobilist, was played on me last season. I have my revenge though.

The practical joke took the form of a telegram. It was a telegram from a friend of mine traveling in Italy. It came collect; it cost me seven dollars; and when I opened it, all I read was:

" 'I am well.'

To get back on my friend for playing such an expensive trick on me, I went out into the road and found a cobblestone. I wrapped this stone in excelsior paper, sealed it up in a handsome box and sent it to my friend 'collect.'

"It cost my friend eight dollars for the box and on opening it he found, along with it a note from me that read;

" 'On receipt of the news that you were in good health, the accompanying load rolled off my heart.' "

If any one in the county can beat the follcwing cotton picking record we would be pleased to see a report of such. Coy and Emery Oakes, sons of Mr. G. W. Oakes of Berry's Creek, picked on Wednesday, Oct. 18th, 510 and 500 pounds of cotton respectively. We believe that Coy Oakes holds the championship of the county if not of the state already, as it was he who picked 1025 pounds in one day last autumn.

Hub Dennis returned Tuesday night from a two month's trip to Andrew county. He reports everything in a very flourishing condition. In fact old settlers say the most prosperous in twenty years. Hub enjoyed his stay immensely and though looking considerably brown on account of the breezes of the plains, he is looking well but of course had to come back as all others do, to get another drink of Paluxy water.

About 11:30 Saturday morning an accident occurred at the old gravel pit one mile west of town which came very nearly costing several men their lives and resulted in the wrecking of the hand car on section number seven. As the section crew under Foreman Eaton were in the curved cut at the place before named they were overtaken by a freight train running at a good rate of speed. The men narrowly succeeded in getting out of the way when the train struck the hand car, which had been partially removed, and totally wrecked it. All necessary precautions had been taken before going into the cut but owing to the high wind the train could not be heard and as the grade is somewhat steep the engineer could not stop his train in time to avert the collision. The following composed the crew: Section Foreman Eaton, Bridge Foreman Brown and Messrs. Hunt, Allen, Franklin and McGuire.

Full of Tragic Meaning

are these lines from J. H. Simmons of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough which disturbed my night's rest. I tried everything but nothing would relieve it until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At Overton Drug Co.; guaranteed; 50c and $1.00. Trial bottle free.

LINGLEVILLE.
Regular Correspondence.

Oct. 17th.—A nice little shower of rain fell here Monday night. There was no hail.

Mr. Pinkerton's new store is about ready for occupancy.

Rob McDonald is reported as slowly recovering from his very severe case of slow fever.

Several of the Lingleville people attended the Christian meeting at Dublin Sunday night.

Prof. A. L.Sloan and wife made a brief visit to Ft. Worth Sunday, returning Monday morning.

Prof. Jas. F. Cox and sister Miss Julia, attended the teachers' institute at Stephenville last Friday and Saturday.

The people met today to gather H. R. Robert's crop for him. He has not been able to gather it on account of sore eyes.

Lige Glass entered Christian college Monday. He is a brilliant young man and will make a good record in that school.

PALMER.
Too Late for Last Week.

Oct. 12th.—The present cool wave is very acceptable.

Mrs. Bushby has another sick child this week.

Farmers are gathering cotton rapidly this year.

Martin McPherson went to Hico this week to enter school there.

Palmer Union meets next Saturday night. Members please be present.

Our trustees have circulated a petition obtaining the necessary number of signers for a special school tax.

Prof. Montague, who has been teaching instrumental music here for the last two months, left yesterday for his home in Coryell county.

Oct. 18th.—Our communication last week failed to make connection with the mail carrier in time.

The rain of last night and the night before failed to reach us, for which we are truly thankful as we have some cotton that needs picking.

Several of our farmers are trying to make some deals in land but we believe are about to fail.

J. D. Martin, W. R. and Owen McPherson went to Dublin Monday to sell some colts.

"Grandma" Martin has been visiting the writer this week.

Rev. Gibson preached at Palmer Saturday night, Sunday and Sunday night.

Our union failed to meet Saturday night on account of preaching at the school house. We will have to change the time of our meeting. We suggest that the president call a meeting for that purpose.

DUFFAU.
Regular Correspondence.

Oct. 16th.—We had a fine rain last Saturday evening and it is reported that there was considerable hail above here which damaged the cotton to some extent.

The Farmers Union is building a large hall at Duffau.

George Jones has returned to this place from the Territory and will again locate here.

Some of the farmers have their cotton out and are breaking their land for another crop.

Mr. Cunningham and daughter have returned from east Texas, where they have been visiting for several weeks. They report the cotton crop short in that section.

There is some stir in the community over cotton theft. A number of our neighbors report having lost cotton in that way in the past week, but we do not think there is any one in our community that would be guilty of such. No arrests have been made.

We have many old settlers in this community and will try and give some of their names and ages in our next letter. "Uncle" James Burnell and wife are in the seventies, their marriage license was about the second or third recorded in the county. They have children forty years of age.

Plans to Get Rich

are often frustrated by sudden breakdowns due to dyspepsia or constipation. Brace up and take Dr. King's New Life Pills. They take out the materials which are clogging your energies, and give you a new start. Cure headache and dizziness too. At Overton Drug Co. Guaranteed.

ST. GEORGE.
Regular Correspondence.

Oct. 18th.—Clarence Neal's little nine months-old baby that has been sick for the past four weeks is still very low and is not expected to live. There is no other serious sickness at present.

Cotton pickers are still in demand although two thirds or more of the crop is already gathered.

For the past few days the bears seem to have had things going their way in the cotton market, but if the farmers will do their duty and quit selling so much there will be better prices, for reports indicate that two-thirds or three-fourths of the crop in the south is already gathered, which in my opinion foreshadows the shortest crop for years.

There will be quite a change in the citizenship of the St. George school district this fall. P. A. Burnett will move to Dublin tomorrow and W. I. Cabiness will go to Highland as soon as crops are gathered. Mr. Stewart will go to near De Leon; J.L. Heaton willmove to the Courtney place near Harbin; J. D. Daniels will move to Greens Creek; Mr. W. A. Godfrey will go to Hasse and J. T. Daffern is contemplating going to Mitchell county. They will all move as soon as crops are gathered. We haven't learned who will take their places. Jim Loveless has already sold out to go to Mitchell county. We regret to lose these good men from our community but hope they will do well in their new locations.

LIVE OAK.
Regular Correspondence.

Oct. 19th.—This community was visited by a severe hail storm Monday night which beat off the cotton. The hail was the size of a marble.

This scribe visited at Bunyan Sunday.

The Theny district fifth Sunday singing will meet at Cow Creek Methodist church on the next fifth Sunday. The Bunyan fifth Sunday singing will meet there on the fifth Sunday.

CLARKSON.
Regular Corespondence.

Oct. 18th.—We had quite a nice rain Monday night which interferred with cotton picking for a few days, but we are glad no hail fell here to knock the cotton out as it did north of us.

Rev. E. W. Morton of Granbury is at home again.

Mrs. J. E. Morton is spending this week at her son's near Harbin.

Ed Miller and wife visited at Bunyan Saturday night and Sunday.

Your correspondent is suffering from severe throat trouble this week.

H. V. Armstrong and wife and M. N. Whitfield and wife visited relatives below Dublin Saturday night and Sunday.

Rev. J. E. Morton performed the ceremony which made Mr. Dunn and Miss Lambert man and wife last Tuesday evening. The couple will reside on Mr. Ollie Tackett's place.

Messrs. Oscar Armstrong and mother and John Armstrong and wife visited relatives near Stephenville Sunday. They were accompanied on their return by Charles Armstrong of Fort Worth, who was also visiting at the same place. Charlie left for Fort Worth on the night train. We are glad to say he is improving in health.

Good Nursery Stock.

See or write J. T. Foote, Dublin, who represents the Texas Nursery Co., located at McKinny, Sherman and Durant, for strictly first grade fruit, shade and ornamental trees 15-4t

ALTMAN
Regular Correspondence.

Oct. 16th.—Cotton is being gathered very rapidly.

H. W. Cobb of this place is visiting friends at Dublin this week.

"Grandpa" and "Grandma" Lambert of near Iredell are under the treatment of Dr. Chadick at Altman.

Jesse and John Chadick of Hico came out to see their grandfather, R. C. Knowles, who is still very low. There is very little hope for his recovery.

Mrs. Francis Harris and sister from near Greyville were here visiting friends and relatives Saturday night and Sunday. Also Messrs. Don Bass and Dave Harris of the same community attended church here Sunday.

SHADY GROVE
Regular Correspondence.

Oct. 18th.—L. W. Jones, who has recently entered the ministry, will preach at this place on the second Sunday in November.

Sam Tucker left Saturday for Wise county, but expects to return in about thirty days.

W. O. Carroll has purchased land in Eastland county and expects to move to his new home about the first of the year.

T. W. Hall has recently disposed of his Oklahoma property and has purchased the W. O. Carroll place at a consideration of $30 per acre.

J. S. Newby, C. A. Morgan, John Underwood, Sid Head and Robert Johnson represented this local at the district union meeting at Union Grove Saturday.

S. B. While left Saturday night for San Augustine and other points in east Texas on business pertaining to some land claims, an account of which appeared in the Progress some time back.

Don't Borrow Trouble.

It is a bad habit to borrow anything, but the worst thing you can possibly borrow is trouble. When sick, sore, heavy, weary and worn out by the pains and poisons of dyspepsia, billousness, Bright's disease and similar internal disorders, don't sit down and brood over your symptoms, but fly for relief to Electric Bitters. Here you will find the sure and permanent forgetfulness of all your troubles and your body will not be burdened by a load of debt disease. At Overton Drug Co. Price 50c. Guaranteed.

POINT LOOKOUT.
Regular Correspondence.

Oct 15th.—We had a nice rain Saturday evening.

Mrs. M. V. Stephen is reported sick this week.

J. V. Stephen and family visited L. M. Stephen Sunday.

Pecans are getting ripe to the joy and delight of the small boys.

The weather Sunday morning made us draw on our old winter coats.

Master Sid Maloney of Dublin visited his grand parents Sunday.

Mr. and Mrs. Willie Stephen visited Mr. and Mrs. Ben Smith Sunday.

Mr. and Mrs. Ben Smith are the proud parents of a fine ten-pound baby boy who arrived Sunday.

Mrs. A. M. Maloney of Dublin visited her parents, Mr. and Mrs. J. M. R. Stephen Friday and Saturday.

Mrs. S. A. Greaves returned home after two weeks visit with her granddaughter, Mrs. A. M. Maloney at Dublin.

Many of our neighbors went to Dublin Monday to see the foot race and trade horses and mules, it being the third Monday.

J. M. R. Stephen made a brief visit to near Lingleville last week. He reports cotton better from Harbin to Lingleville than in this section.

Fountain Johnson attended the Farmers Union meeting at Union Grove school house Saturday. Mrs. Johnson, whom we reported sick last week, is still quite sick.

Mr. McMurtry, who lives on the Cook farm, has bought the place known as the I. C. Bullard farm near the Kiker Gin settlement and will move to his new home as soon as his crop is gathered.

Cotton picking is progressing nicely. Farmers are discouraged at the present prices. The crop is one of the shortest for years past and we were in hopes with the reduction of the acreage and the short crop to realize a good price for what little we have raised. There is something wrong and badly wrong.

CLAIRETTE
Regular Correspondence.

Oct. 18th.—A light rain visited this place Monday night accompanied by an electrical storm. Lightning struck a tree near the residence of O. W. Pettit. Mr. Pettit was in the yard and received quite a shock which knocked him down. He was speechless for some time.

"Grandpa" Golden moved to Hico yesterday.

Dr. Cooper of Duffau was in the city yesterday.

Sam Weeks is visiting relatives at Brady this week.

The writer visited in the Hog Jaw neighborhood Sunday.

John Golden of Cany, Choctaw nation, is visiting relatives here this week.

Several of the boys went to Dublin Monday to see the foot race and to trade ponies.

The gin here has handled two hundred bales this season against 550 to same date last year.

Thomas Salman surprised his friends by going quietly to Altman and from there accompanying Miss Burnice Bryant to Stephenville where they were married. We wish them a long and happy life.

Wm. H. Boyes, plumbing, metal turning, repairing, etc. I can fix anything. Shop next door north of marble yard. 19-tf.

HARBIN.
Regular Correspondence.

Oct. 18th.—We were visited by a rain Tuesday night accompanied by some wind and hail. The damage to cotton was light and the cotton pickers did not loose but little time as the wind dryed the cotton by seven o'clock the next morning.

J. W. Patton is on the sick list this week.

R. E. Golightly and family were visiting home folks here Sunday.

R. L. Smallwood of Hasse was visiting in our community last Saturday.

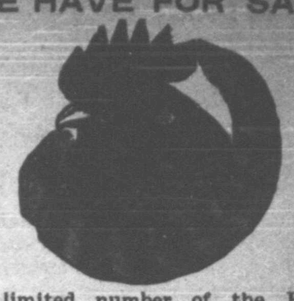

Case Patton returned last Friday, after an extended visit in the Territories.

The Harbin gin has handled up to the 16th of this month 355 bales against 961 to this date last year.

Rev. R. W. Bowman filled his regular appointment here Sunday and "Grandpa" Van Zandt preached for us Sunday evening.

Levi Bowman informs us that he has purchased his father's interest in the blacksmith shop and while in Ft. Worth the other day he bought some new supplies for his shop with a view of doing a good business in the future.

WE HAVE FOR SALE

Freshest Groceries

This is the only kind I keep and the variety is always as good or a little better than the other fellow's. When you can't find what you want elsewhere, generally I have it. My business is gradually growing and once a customer comes my way he comes again. Let me have a trial order and see if we can't both make money by it. I pay cash and sell for cash, and hence my prices are some less than those who do not do a strictly cash business.

Also Feed and Grain.
