Everett Named Coach for Junior High

Bill Everett, head coach at Loraine High last year, has been named Colorado City Junior High coach.

He was named Monday night by trustees of Colorado Independent School District to fill the vacancy created by resignation of Floyd Sampson.

Everett, 26, will direct athletics for the eighth and ninth grades. He is graduate of Hardin-Simmons University, married and a father.

Appointment of Everett was recommended to the board by Head Coach Bob Reily and Supt. Ed Williams.

Two new resignations were accepted by the board. They were R. E. (Bob) Post, who July 1 becomes manager of the Southwestern Livestock Show and Rodeo in El Paso, and Mrs. Harry Bishop, who has moved to Houston.

Post has served as vocational agriculture teacher and Mrs. Bishop was homemaking teacher in high school.

Supt. Williams and the board discussed the possibility of continuing the vocational agriculture program with Gene Williams, now vocational agriculture teacher in Junior High, handling the entire program.

Williams reported to the board that sodding of Junior High School and Hutchinson Elementary School grounds was beginning this week.

Council Okays Inverted-Crown Paving for 10th Street Area

Improved drainage for the area in vicinity of W. 10th St. at Oak and Pine will be accomplished with improved street grade and inverted crown paving.

City Council Monday night voted unanimous approval for the inverted crown street drainage on W. 10th St. from Oak to Pine, on Pine from W. 10th to W. Eighth, and on W. Eighth to Colorado River.

Decision for the inverted crown plan, which will cost about $3,500, came after a discussion with 10 property owners at the council table.

Council selected the inverted crown paving as relief measure for the particular area of W. 10th-Oak-Pine and on the basis of economy.

Ideal solution to the drainage problem in that area and for street drainage a major portion of the city's residential area, City Manager Rollin K. Snethen told the council and property owners, would be with installation of storm sewers.

But storm sewers adequate for the large area would require a bond issue amounting to approximately $305,000, the city manager said.

The inverted crown paving and storm sewers were two of five proposals discussed by Snethen as possible relief measures for the drainage problem at the W. 10th St. area.

Left out of the inverted crown project was the W. 10th St. strip at Walnut. Council omitted that area because of the objection by Bob May, who lives at the intersection, voiced objection to inverted crown paving adjacent to his property.

Property owners appearing before council were Jerold Riordan, V. R. Trulock, J. D. Norman, Roy Buchanan, Perry Adams, O. B. Trulock, Miss Nelda Garrett, Tom Glover and May — all in the W. 10th-Oak-Pine area, and Sam Cobb of 945 Chestnut.

All told of repeated flooding from overflowing streets after rains.

Damage was reported to yards, basements, garages and building foundations by the property owners.

And they said the flooding had come during the late years after new residential areas built up and all street drainage poured into the 10th St. area.

City Manager Snethen said the drainage problem could be solved in the ideal manner by putting the water underground in storm sewers.

"But for storm sewers to serve adequately," he said, "we would have to go back to 17th St. with the sewers and east into other areas.

"And there would have to be adequate openings at each street intersection so the water wouldn't back up in any one place."

Both the manager and Mayor Trevor Crawford said the 10th St. area gets water from as far off as Texas Drive in Theater on Highway 208 (to Snyder).

Snethen said the drainage problem apparently was created when the city in previous years put in paved streets higher than unpaved streets in order to keep street maintenance cost down.

"You have a large volume of water now coming down there," the city manager told the property owners, "then when the streets run flat, the water piles up on you."

Hubert Ratliff Leaves Army, Resumes Studies

Hubert S. Ratliff has resumed his studies in University of Texas law school following separation from military service.

He was discharged at Fort George Mead, Md., after service as specialist third class in the Army Signal Corps. After a brief visit here with his parents, Mr. and Mrs. Harry Ratliff, he went to Austin last week.

TWO WOMEN, FIVE MEN

Council Appoints Recreation Board

Five men and two women are members of Colorado City's first park and recreation board.

They were appointed Monday night by Mayor Trevor Crawford with unanimous approval by City Council.

Named to the board were:

Mrs. W. S. (Bill) Rhode, physician's wife, prominent in club and church activities, also former member of Chamber of Commerce civic improvements committee.

Mrs. Kenneth W. Cowan, doctor's wife, mother of school-age children and active in club and service work.

Roy V. Fox, co-publisher of Colorado City Record and member of Chamber of Commerce civic improvement committee that initiated the move for a municipal park and recreation program.

W. W. (Wally) Westervelt, Col-Tex Refinery employe, a lay leader in First Methodist Church and an organizer-leader in Little League baseball program here.

Rev. Earl Clary, pastor of First Presbyterian Church, prominent in Kiwanis and civic programs.

Jeff Taylor, three-term member of City Council and prominent in all phases of civic, church and club endeavor.

Ed Rothwell, Lone Wolf Electric Cooperative engineer, vice president of Little League and Quarterback Club.

Taylor is the lone city official named to the board. His appointment was proposed by Mayor Crawford in line with recommendations by recreation program advisors th. a representative of the council be included on the board.

However, a check is being made by City Attorney John Worrell at council's request to be certain that the appointment is not in conflict with the city charter.

The board, with authority set out in an ordinance last month, will plan and recommend a park and recreation program, administer that program and recommend a selection for position of city park and recreation director.

Terms on the boards are staggered so that there will be no complete turnover in board personnel at any one year. Named to four-year terms were Mrs. Rhode, Mrs. Cowan and Fox. Westervelt and Clary were appointed to three-year terms. Appointed to two-year terms were Taylor and Rothwell.

19-County ASC Staff To Get Soil Bank Data Here Monday

Agricultural Stabilization & Conservation representatives from 19 West Texas counties will gather here Monday for data on the government's new Soil Bank program.

They will include office managers, office clerks and county committees of the ASC operations in District 6 and county agents throughout the district.

Their meeting will begin at 9 a.m. in Civic House and continue throughout the day.

* * *

Mike Custer, ASC office manager here for Mitchell County was notified by telegram Wednesday that Colorado City had been selected for the meeting.

Coming here for the Soil Bank conference will be Bob Nelson of College Station, state performance supervisor for the ASC. Also on hand will be Bland Harrison, ASC district field man from Stamford.

Regulations and procedures for the 1956 Acreage Reserve Program of the Soil Bank will be detailed to the county ASC representatives during the meeting.

* * *

The instruction will be the basis for the Soil Bank operation throughout District 6, which includes 19 counties in an area bounded by Andrews, Taylor, Runnels and Martin counties.

Monday's meeting will be the first detailed information for ASC staffs here an dthroughout, West Texas concerning the Soil Bank operation in this area.

Under the 1956 Acreage Reserve Program of the Soil Bank farmers who are eligible to take part in the program may earn payments in connection with one or more of the commodities specified in the law — corn, wheat, upland or extra long staple cotton, peanuts (except for two varieties), rice and most types of tobacco.

The payments can be earned by the farmers reducing their acreage of the crops below the farm's established allotment or base acreage.

* * *

Basic rules of the eligibility specify that acreage distributed for the reserve must:

1. Be representative of the land used for the crop.

2. Result in the harvesting of an acreage of the basic crop less than the farm allotment or base acreage.

3. Not be grazed, cut for hay or cropped for the entire 1956 calendar year.

Custer said noxious weeds also must be controlled on the reserved acreage. A farmer must also comply with all acreage allotments or base acreage established for his farm, too.

* * *

Maximum and minimum acreage for basic crops which may be placed in the reserve has been established. For cotton the maximum is the larger of half the allotment or 10 acres. Cotton minimum is the larger of 10 per cent of the allotment or two acres.

Payment which a farmer may earn for participating in the acreage resrve, Custer said, will be determined by multiplying a base

DISTRICT ATTORNEY REPORTS

Murder and Suicide Indicated In Shooting Deaths of Couple

District Attorney Eldon Mahon Thursday described the pistol deaths of James Ables, 36, and his 40-year-old wife, Margaret, as probably murder and suicide.

Investigation, according to the district attorney, points to this theory:

Ables fired at least three .22 caliber bullets into the body of his wife and then ended his own life with a single bullet from the same pistol.

However, an inquest verdict will not be rendered by Precinct 1 Justice of Peace G. C. Lemons until a written report is received from the pathologist who performed autopsies on the dead couple.

Bodies of the couple were discovered early Tuesday afternoon by Gene Miles, pumper for local oilman Carl Echols, on an oil lease at Colorado River 12 miles northwest of Colorado City.

Body of Mrs. Ables was almost in the middle of the seat of a pickup truck on a seldom-used car path near the river bank. She was clad in slacks, but nude above the waist.

Her husband's body, clad only in shorts was face-up on the ground at the right (non-driver side) of the pickup with the right foot near the vehicle's running board.

A .22 caliber pistol was on the ground near the body of Ables.

Both bodies were badly decomposed by the hot sun, according to Mahon. And a portion of Able's right arm and shoulder had been eaten by animals or varmints.

In the autopsy performed here at Kiker Funeral Home by Dr. Jarratt Williams, Abilene pathologist, and Dr. Oscar E. Rhode, local surgeon, it was determined that Mrs. Ables had been shot three times and her husband once.

Mahon said the autopsy showed definitely that the woman was struck by bullets above and behind the right ear, between right shoulder and base of the neck, and under the left breast.

Ables was shot one time behind the right ear, according to the district attorney.

The district attorney said investigation revealed "family trouble" between the couple and that Ables had been "drinking" Saturday, the last day relatives reported seeing the pair.

It was learned also, Mahon said, that Ables had attempted to get a relative to buy a pistol for him.

The district attorney said James Greer, local television man and step-father of Ables, reported that Ables had asked the step-father to buy him a gun Saturday.

However, Greer refused his step-son's request and investigation is continuing to determine where the death weapon was obtained.

The step-father also reported that the death site was the scene of family outing Memorial Day and that Ables was in the group fishing.

Investigation revealed also that Mrs. Ables was treated May 28 at Root Memorial Hospital for hurts received in what was reported to police as family trouble.

Last persons reporting seeing Mr. and Mrs. Ables before their deaths were Greer and Raymond H. Gilchriest, 20, Mrs. Ables' only son and born to her by a previous marriage.

Gilchriest told authorities he saw his mother come out of the residence at 486 E. Fifth St. and get in a pickup truck with Ables at about 10 a.m. Saturday.

Greer said he saw the couple a few minutes later.

Teamwork Emphasized As Key for Industry

An industrial expert told 60 business men and women here Thursday that any community can obtain industry.

Paul Marable of Abilene, manager of the industrial development department of West Texas Chamber of Commerce, made it plain, however, that the community must first understand what "industry is and means."

"And then it must make up its mind to get together in hard work," he said, "and put some time and money into the project.

"Then that community can get industry."

Marable, who later in the morning conducted a special roundtable discussion on industrial foundations, emphasized that no Chamber of Commerce manager, working alone, can get industry.

"It takes teamwork . . . the entire community working together," he declared.

Marable pointed out that West Texas towns need industry to provide diversification in an economy that has too long depended upon one or two agriculture crops.

"I am not devaluating our agriculture," he said, "but it is a fact that modern agriculture and livestock farming needs less agriculture workers.

"And that slack in employment must be made up in industry."

Opportunity, though, has come side-by-side with the need, he said.

Texas' gain in manufacturing enterprises now is 26.3 per cent compared with 9.7 across the nation.

"The trend is flowing to Texas," Marable said, "and never has the opportunity been more great."

He quoted statistics showing industries locating in new areas where industry previously was not located, and said it was important that a community understand another town doesn't have the edge in industrial development just because it has a head start.

Advertisement In Record Gains Praise

A locally-produced advertisement for G. D. Foster in a recent issue of the Colorado City Record has drawn favorable comment from American Foreign Insurance Association.

Occasion for the ad was the circumstances evolving from an automobile accident in France in which an automobile belonging to Gerald Messimer was damaged. Los ssettlement was quickly made through Foster's efforts.

Referring to the Record advertisement, Robert S. Harvey, Southwestern manager in Dallas for American Foreign Insurance Association, said in a letter to Mr. Foster, "You certainly made excellent use of this loss and your ad is one of the best and most timely we have seen in a long time. We are sending it along to our New York office for their comment."

The ad was designed by a member of the Record staff in cooperation with suggestions from Foster.

Jaycees Open Ticket Sale For Pro Wrestling Show

Advance ticket sales began Wednesday for the Jaycee-sponsored professional wrestling matches here Saturday, June 23.

The four matches on the card are being produced by the Texas Wrestling Association.

Matches will be held in the Junior High Gym beginning at 8:30 p.m.

Ringside seats will sell for $2, general admission $1.25 and children's tickets for 75c.

Bob Reily, chairman of the Jaycee sports committee, is in charge of the matches.

ACCEPTS PLAQUE—Roy V. Fox (right), Record co-publisher, accepts a bronze plaque from John Wolf, publisher of the Norwood (Ohio) Enterprise and chairman of National Editorial Association contest committee. The award presentation was made last Thursday night at Hotel Brown during NEA's 71st annual convention at Louisville, Ky., and was for the Record's entry in the "best ad idea" contest.

Traffic Deaths Termed 'Sanctioned Slaughter'

American citizens sanction the slaughter of 30,000 to 40,000 persons every year, Kiwanians were told Tuesday at their luncheon in Civic House.

Roy Kinslow, Abilene insurance man, said the slaughter was recorded annually in highway traffic toll throughout the nation.

"What is wrong," Kinslow asked, "that so long as we are not personally touched, our reaction to these deaths, injuries and property losses is apathetic and indifferent?

"We meet and fight less serious threats with united, resolute action, but we let this one threat pass unchallenged."

The speaker pointed out that the privilege of using the highways is granted, withheld or taken away at the voice of the community.

"It is shocking, but it is a fact," he declared, "the public indifference to motor vehicle deaths is such that they seem to be insidiously acquiring the status of 'natural cause' in the public mind."

Kinslow pointed out that for every young life taken by polio, the automobile takes five lives.

The critical age for fatal polio is from five to 14 years when the polio death rate reaches a peak of two per 100,000 population.

For contrast the speaker reported the rate in automobile deaths — 11.9 per 100,000 population for children under five; 9.2 per 100,000 for five to 14 years of age; 36.7 per 100,000 for 15 to 24 years of age.

"I hope you will not misunderstand me," Kinslow said, "for I am not opposed to polio drives or any other worthy causes, but something must be done about this automobile slaughter . . . and it must be done now."

Kinslow appeared on the Kiwanis program in behalf of Southwestern Insurance Information Service of Dallas.

LONE STAR FARMER

Pinkies Are Down And Shade Is Out

By JOHN C. WHITE,
Agriculture Commissioner.

Cotton losses from pink bollworm infestation may show a marked drop this year if early-season bloom inspection results are a good barometer.

Findings in an annual inspection of Lower Rio Grande Valley cotton dollars blooms indicate a significant decrease of infestation both in number of fields and density of blooms attacked.

Out of four counties checked — Cameron, Willacy, Hidalgo and Starr — only Willacy got a clean bill of cotton health, although infestation was down in all counties. In Willacy, no bloom infestation was found, compared with 35 pink bollworms per 100,000 blooms and 33 per cent of fields infested in 1955. Part of the Willacy County cotton was not as far advanced as during the 1955 bloom inspection, however.

In the other counties, infestation was less than half the degree recorded in last year's inspection. This noted drop in early bollworm occurenee is probably due in part to slightly shortened planting periods in the areas checked. Eleven days were pared off the permissable planting period in the Lower Rio Grande Valley pink bollworm control zone. Resultant suicidal emergences of pink bollworm moths, where there are, not cotton squares up have a marked effect on local infestation.

Strict compliance with planting and plow-up rules are invariably our best means of preventing pink bollworm build-up, and it is through such cooperation as that given by the valley farmers that this pestilence will eventually be safely controlled.

They're liable to start a revolution among the farmers' kids if what I hear is true. They say the fence row shade tree is on its way out.

If there was ever anything pleasant about chopping cotton under the hot July sun, it was the water jug hanging from the lowest limb of the mesquite at the turn-row. Talk about incentive! Nothing could make a boy hitch up his overalls and bear down on the hoe handle so much as sighting the promise of a moment's repose under the shade of a big mesquite.

The boy never cared, nor even noticed, that the cotton didn't grow up under the tree. And he didn't realize that the water it took to hold up all that beautiful green foliage could produce nigh on to another bale.

But, with water being hard to come by and money even harder, many farmers are taking the practical viewpoint and poisoning their fence row thieves.

So I expect the young man in the striped overalls will get practical too and go modern with a beach umbrella and a thermos of cracked ice and water.

BIBLE COMMENT

Conquest of Hate Is Greatest Task

The most complete and perfect exposition of the nature, meaning and application of love in daily life is found in Paul's first letter to the Corinthians.

Paul begins by contrasting love with things that men might desire to possess. These include fluency and power of speech, the gift of prophecy, wisdom to understand mysteries, a strong faith, and even sacrificial charity. But without love, all these things profit nothing. It is in such terms that Paul reveals the greatness and power of love.

Then he turns to an exposition of love by what it is and what it does. It is kind and long-suffering. In love, there is no place for envy, no place for pride or boasting. Love is never self-seeking. It is the mark of the highest and finest discipline in life. Love has as its allies righteousness and truth, endurance, faith, hope — all of these are the very essence of love.

Love, too, is persistent; it never fails. When prophecies and eloquence are done, and whether or not there be knowledge, love will continue, for love is the true goal of all divine purpose and human endeavor. The things that abide are faith, hope and love, but the greatest of these is love.

The greatest task before men of good will today is the conquest of hate. We must do all in our power to end violence, cruelty and terrorism. But after we defeat the forces and designs of evil, we shall still be far short of a real victory unless we overpower hate with the power of love.

TO KEEP CAPITOL BOSSES IN OFFICE

Lenient Election Law Shapes Thousands of State Employes into Huge Campaign Force

State Capitol NEWS

By VERN SANFORD,
Texas Press Association.

Regardless of who is elected this summer, most Texans probably won't find their daily lives greatly changed.

But to one segment of the population, the 22,000 state employes and their families, it matters a lot. It affects their livelihood.

As much as 20 per cent turnover in state employes can be expected after the new officials take over in January.

This estimate comes from Pirtle Watts, executive secretary of the Texas Public Employes Association. About one-third of the membership is concentrated in the Capitol; the rest is scattered over the state.

TPEA members on the whole are quite discreet in their politics, Watts thinks. Their association by-laws expressly prohibit any group endorsement.

But individuals, especially certain key personnel, are courted by candidates. Many office-seekers, especially in Travis County, regularly promise "more adequate pay."

And those employes whose jobs hinge on the boss' being reelected naturally pull for him. State law, while not as strict as the federal Hatch Act, puts some restrictions on this.

Formerly a rider on the appropriations bill forbade any political activity by state employes. Now the ban is only against use of state cars, or campaigning on state time.

Companies Re-Align

"Merger" will be a much-discussed word in the Texas insurance industry during coming weeks.

Wind-up of the State Insurance Commission's stringent solvency survey left 94 companies — or seven per cent — without licenses. New permits were granted to 1,219 firms.

Results confirmed Chairman Byron Saunders' prediction that the industry would prove 90 to 95 per cent sound. He said so last January when the commission began its drive to "weed out the bad apples."

Many already have negotiations underway, or completed, to merge with stronger companies. More realignments are expected, especially among life companies where many large firms actively seek reinsurance business.

Radar Traps Attacked

Are the Texas Highway Patrol's radar speed nets illegal?

Amarillo Attorney Horace E. Wilson says he will fight to the Supreme Court, if necessary, to prove they are. Wilson was arrested recently and fined $5 plus costs. A radar set near Seguin had clocked him at 71 miles per hour.

He declares Section 803A of the State Penal Code provides for automatic dismissal of a speeding charge if the arresting officer lies in wait or hides.

In Austin Patrol Chief W. J. Elliott said "nothing in state law prohibits hiding the radar unit, but the highway patrol does not make this a practice. We can do more good by putting ourselves out in the open."

Cities Need Water

A majority of Texas cities feel their water supplies are inadequate for the future.

State Sen. George Parkhouse of Dallas, chairman of the Texas Water Resources Committee, says a recent survey of 255 cities shows 54 per cent with this problem. Purpose of the survey was to search out needs and sentiments for a statewide water program. Recommendations go to the Legislature in January.

Parkhouse said city officials "almost without exception" favor building their own water facilities aided by financing "on the lowest level of government possible." He said he is most hopeful the next Legislature will make such a program possible.

Ready For Tourists

Texans, who tour their Capitol by the thousands each year, will see a fresh-faced Davy Crockett this summer.

Crockett's huge portrait was re-hung in the Capitol foyer last week after an extensive re-touching job. Legislators last session authorized $12,000 for conservation work on five valuable paintings.

Taxpayers have invested $95,409 in the fabulous art collection scattered over the Capitol. Resale value is estimated as high as half a million dollars. Tourist favorites are "Dawn at the Alamo" and "The Battle of San Jacinto." They are located in the Senate chamber. Each cost $12,500.

Interposition Ballot

No objection is expected by the Democratic Executive Committee chairman to putting the interposition question on the July primary ballot.

Chairman George Sandlin discounted talk of a court challenge to the validity of the 150,000 signatures on the referendum petitions. Spot checks are being made against poll tax lists, said Sandlin.

Texas Referendum Committee presented the petition. It asks a vote for or against interposition, integration of Negroes in public schools and intermarriage of whites and Negroes.

Teen-Age Government

Three state governments are operating simultaneously in Austin this week. Besides the one in the Capitol, Boys State and Girls State are being run by more than 800 high school youngsters from over Texas. Designed as citizenship laboratories, the two "states" are sponsored by the Texas Department, American Legion and Auxiliary.

Each group — 360 girls, 519 boys — learns self-government by doing it for a week. Mythical political parties are formed, and city, county and state officials are elected and inaugurated. Since terms of office are brief, keenest interest focuses on the always-heated state campaigns and selection of representatives to Boys and Girls Nations in Washington D. C.

Short Snorts

Dr. John Paul Abbott, dean at Texas A&M College, has been appointed program examiner for the Texas Commission on Higher Education. He will take office July 1 . . . Texas stamp tax sales for cigarettes, wine and liquor totaled $4,907,078 in May, nearly one million more than a year ago. Raising of the cigarette tax by the last legislature is cited as the cause for the increase . . . Claude B. Tate of Huntsville is now with the Board for Texas State Hospitals and Special Schools. He has been director of accounting for the Texas Prison System for the past six years . . . Newton Gresham of Houston is the new president of the State Bar of Texas. Virgil T. Seaberry of Eastland was elected vice president . . . Texas farmers mortgaged their property to the tune of $227 million last year, the Farm Credit Agency reports. This is 31 per cent more than 1954 and 375 per cent above average.

FOR DAVIS FAMILY

Colorado City Is Second Texas Home

Colorado City is the first West Texas home for Mr. and Mrs. Robert Davis and family of 415 East 14th Street.

And it's the family's second home in Texas.

The Davises moved here last week from Corpus Christi. They have lived in eight states and Canada since Mr. Davis began working for Fluor Construction Company 10 years ago.

Mr. and Mrs. Davis were married 12 years ago and lived in Long Beach, Cal., where he worked for various construction companies until his employment with Fluor.

Other states in which they have lived include Utah, New Jersey, Pennsylvania, Wyoming, Kansas, Iowa and Texas.

And of all the places, the family likes Corpus Christi better.

Being an outdoor family, they liked the fishing and swimming facilities there.

"Texas people are very easy to get along with," Mrs. Davis said. "They are very friendly".

Mr. and Mrs. Davis have three daughters—Rosemary, 11; Betty Lou, 6; and Marsha, 3. Rosemary, a sixth grade student, is most enthused with swimming this summer.

However, she likes to take clarinet lessons too.

Mrs. Davis has several hobbies. She has begun to sew since coming to Colorado City. She also likes to swim, play golf and bridge.

Mr. Davis likes to play golf, fish, hunt and swim during his leisure time.

He is superintendent for Fluor working at Texas Gasoline Company in Silver.

The family's church affiliation is Methodist.

Birthday Party Compliments Lee Summers

Lee Summers was complimented last Thursday at a birthday party in the home of his parents, Mr. and Mrs. Charles E. Summers.

The honoree was celebrating his sixth birthday anniversary.

Noise makers were used as favors. The birthday cake, designed in the form of a sail boat, was served with punch.

Local guests included Susan Addison, Richard Harrison, Randy Hamrick, Bobby Sparks, Toddy Crowder, Claudine Bethine, Jimmy Ray Magill and Timmy Simpson.

Out of town guests included Mrs. R. E. Summers and children, Donna and Bobby; Mrs. Rhodes Arnold, the honoree's grandmother; John Charles Arnold and C. R. Younse, the honoree's great-grandfather, all of Roscoe.

Others attending were Mrs. Guy Magill, Mrs. Doug Addigon and Eleanor, Mrs. Luther Harrison, Mrs. Floyd Sampson and Mrs. Summers, the party hostess.

AT RUDDICK POOL—Making the hot summer days a little cooler by swimming in the Ruddick Park Swimming Pool are Mrs. Robert E. Davis and daughters, new residents here. Left to right are Betty Lou, Rosemary, Marsha and Mrs. Davis. Mr. Davis is superintendent of Fluor Construction Company now working at Texas Gasoline Company in Silver. (Record Staff Photo).

AT CLARENCE COOK HOME

Wesleyan Service Guild Plans Barbecue for Members, Families

A barbecue for members of the Wesleyan Service Guild and their families was planned Monday evening during the regular monthly Guild meeting in Fellowship Hall.

The barbecue fete will be hosted Monday evening at 7:30 o'clock at the home of Mr. and Mrs. Clarence Cook.

Mrs. J. W. Hill, Guild president, presided during the business session. Miss Gladys Miller presented the devotion.

Mrs. G. A. Horton was program leader. A discussion of world fellowship followed a dialogue presented by Mrs. H. H. Gainey, Mrs. Elmer Martin and Mrs. J. Ed Richardson. The trio represented the world, the skeptic and the home.

Mrs. Tom Glover discussed "The Problem of World Fellowship"; Mrs. Arnel Smith, "The Worl dand the Home Community"; Mrs. G. A. Horton, "The United Nations".

They emphasized that even though the United Nations has many imperfections, it is the only starter that we have to help us reach out to the other nations from our own community.

It is only as the United Nations becomes a reality in our towns and communities that it can be a success in bringing about plans and ideals for which it was made, the group agreed.

It is not to make us love the United States less, but to help our country be more secure in this world of many nations and peoples, she emphasized.

Hostesses for the evening meeting were Mrs. Henry Bilberry and Mrs. Myrtle Womack.

Members present were Mrs. Hill, Mrs. Mildred Truan, Mrs. Winnie Quinney, Mrs. Richardson, Mrs. Horton, Mrs. Jo Wyatt, Mrs. Jewell Richter, Mrs. Clifford Farmer, Miss Miller.

Also, Mrs. W. M. Miller, Mrs. Susan McDonald, Mrs. Cook, Mrs. Gainey, Mrs. Martin, Mrs. W. D. McClure, Mrs. Glover, Mrs. Ed Williams, Mrs. Smith, Mrs. N. H. White, and the hostesses.

Sunday Visitors

Guests of Mr. and Mrs. Byron Wren last Sunday were Mr. Wren's brothers and sisters-in-law, Mr. and Mrs. Lyman Wren of Snyder, Mr. and Mrs. Bob Wren; also, Belva Jo Wren and Jack Cox of Big Spring.

Baptist WMS Plans Special Monday Program

A special program on ministerial relief will be presented Monday morning at 9:30 for Women's Missionary Society of the First Baptist Church.

Mrs. Bennett Scott, program chairman, Wednesday asked that WMS attend the special program.

Purpose of the meet is to show appreciation to pioneer preachers who have retired, Mrs. Scott said.

The nursery will be open during the morning meeting.

Friday Picnic to End Vacation Bible School

A picnic climaxing Vacation Bible School at First Baptist Church has been re-set for Friday.

The outing, first scheduled for Saturday noon, was changed this week by school faculty, according to Mrs. Joe Salter, principal.

The sack lunch picnic will be at Ruddick Park from 11 a.m. until 12 noon, Mrs. Salter said.

An enrollment of 276 for the two-week school was reached Wednesday.

Commencement exercises will be Friday evening at 7:30 o'clock in the church sanctuary. Program will begin with a joint worship service similar to those conducted each morning.

Each department will present a five-minute program demonstrating their studies during the past two weeks. Colored movies of the school will be shown following departmental demonstrations.

To conclude the program members of junior I, junior II and intermediate departments will present a responsive reading of the 24th Psalm and sing the anthem, "Lift Up Your Heads".

Handwork will be displayed in the church basement after the commencement program.

Ellzey House Guests

House guests of Rev. and Mrs. Jack Ellzey last week were Mrs. Ellzey's sister, Mrs. Jack West, and sons, Robert and Alan, of Houston. Mrs. R. E. January of Dallas, Mrs. Ellzey's mother, also visited in the Ellzey home.

YOUTH WEEK POSTERS—Representatives of the intermediate and senior Methodist Youth Fellowship of First Methodist Church this week made posters advertising Youth Activities Week June 24-29. They are, left to right, Misses Barbara Holman, Jan Ellzey, Betty Sedberry, Virginia Davis and Annelle Holman. Miss Davis, a McMurry College student, this summer is serving as educational director for the church.

Youth Activities Week Set for June 24-29

Youth Activities Week at First Methodist Church has been set for June 24-29.

Theme for the week is "I Follow".

Nightly activities will begin at 5 o'clock when young people gather in Fellowship Hall to work on a project. Dinner will be served at 6:15 o'clock by various classes in the church.

A program, featuring a speaker from out of town, will follow the dinner each evening.

Bobby Williams and Frank Mackey are serving on the project committee. Miss Jewell Blassingame will be in charge of discussion groups. Miss Barbara Grant and Girvin Harkins will direct worship periods.

Miss Bertie Lou Dorn, Miss Rhetta Biggs and Miss Marilyn Horton will be in charge of recreation. Reid Biggs and Tommy Jamison will direct the friendship classes.

Adult advisors for the week's activities are Mrs. Royce Mahon, Mrs. W. S. (Bill) Rhode, Mrs. Ed Williams and Miss Virginia Davis of McMurry College in Abilene, educational director for the summer months.

All youths are invited to attend the nightly sessions, Miss Davis said Wednesday.

Loraine Rites Conducted for Mrs. Lefevre

Mrs. Rosa Lefevre of Loraine, 72, died Monday morning in West Texas Hospital in Lubbock following a three-week illness.

Funeral service was Tuesday afternoon in Loraine's First Baptist Church with Rev. Bobby Rine, pastor, officiating.

Rev. Rine was assisted by Rev. Bob Creswell of Hermleigh and Rev. J. F. Selcraig, pastor of the First Baptist Church in Colorado City.

Burial was in the Loraine Cemetery under the direction of Kiker and Son Funeral Home.

Pallbearers were Lee Lavendera and Charles Wakefield of Colorado City; Tommy Mathis, Cub Narrell, Max Caswell, S. H. Hart Jr., Guy Hildebrand and Kenneth Butler of Loraine.

Mrs. Lefevre was born Sept. 29, 1883, in Hamilton County and was married to Roland Dee Lefevre Sept. 30, 1900, in Jonesboro.

They came to Mitchell County about 41 years ago. They lived in the Valley View Community for several years before moving to Loraine. Mr. Lefevre died in May 1952.

Mrs. Lefevre was a member of the First Baptist Church in Loraine.

She is survived by a daughter, Mrs. Chester Hart of Loraine; a son, Claude Lefevre of Colorado City; four sisters Mrs. John L. Colson of Colorado City; Mrs. Julia Elliott of Dallas, Mrs. Sally Hobin of Phoenix, Ariz., and Mrs. Latt Holland of Tyler.

Also, four brothers — George McAlelly, Grover McAlelly, Monroe McAlelly and Conley McAlelly of Hamilton; four-grandchildren and four great-grandchildren.

Bertie L. Dorn Elected at Girls State

Colorado City's two delegates to Bluebonnett Girls State stepped right into position.

Both Bertie Lou Dorn and Margaret Ruan Owen were named as candidates for "county" offices at the mythical 49th state sponsored in Austin by American Legion Auxiliary.

And Miss Dorn Tuesday night in the Girls State general election was elected county treasurer of her "Shoes" County.

Miss Owen was a candidate for county surveyor of "Nice" County.

The two Colorado High seniors in Austin are representing the local Legion Auxiliary and Lions Club.

Miss Dorn is the daughter of Mr. and Mrs. Brooks Dorn. Miss Owen is the daughter of Mr. and Mrs. Charles J. Owen.

The Federalist Party at Girls State selected Miss Dorn as a candidate for "Shoes" County treasurer. Miss Owen was a candidate of the Nationalists Party in "Nice" County.

General election, with voting by the 360 girl citizens at Girls State, climaxed the political campaigning patterened after the political system of the nation.

Prime purpose of Girls State is in teaching city, county and state government with practical application.

The 360 citizens at the 1956 Girls State were selected on basis of character and leadership from students who have completed their junior year in high school.

WAVES are first enlisted as seaman recruits, USN, and are sent to the U. S. Naval Training Center, Bainbridge, Md. for nine weeks of recruit training.

unit rate by a yield factor. National average rate for 1956 cotton is 15 cents per pound and for wheat it is $1.20 per bushel.

* * *

For underplanting the allotment for cotton, the payment rate will be based on the normal yield for designated acreage.

For underplanting 1956 winter wheat, because of adverse weather, the payment will be $4 per acre.

For destruction due to natural causes or for plowing or otherwise turning the crop into the soil, or for clipping, mowing or cutting the crop, the payment will be based on the smaller of an appraised yield for the field or the normal yield for the farm, but will be not less than $6 per acre.

MURDER—

cated that death had come to the pair at least two days before the discovery Tuesday., Mahon said. Theory is that the fatal shooting took place Saturday afternoon.

Graveside rites were conducted for the couple Wednesday afternoon in Colorado City Cemetery by Rev. Rayon Hester.

Mr. and Mrs. Ables had resided here for approximately eight months.

Mrs. Ables, born in 1916 in Jasper County, is survived by her parents, Mr. and Mrs. Otis Gilchriest of Bessmay; one son, Raymond H. Gilchriest of this city; four brothers: Otis Gilchriest Jr., Ed Gilchriest, Arnold Gilchriest and Johnny Gilchriest of Bessmay; three sisters Mrs. Helen Whitmire of Evadale, Mrs. Violet Wilkerson and Mrs. Marie Taylor of Bessmay.

Mr. Ables, who was born Sept. 13, 1919, in Hopkins County, is survived by his mother, Mrs. James Greer; three children — Johnny Mac and Gene Autrey of Colorado City and Mary Ellen of Detroit, Mich; three sisters — Blanche Jones and Vera Inez Pinson of Sulphur Springs and Mrs. Lena Chance of Dallas.

Couple Visit Parents

Mr. and Mrs. Donald Adrian of Petersburg visited here over the week end with Mr. Adrian's mother, Mrs. M. L. Adrian, and at Loraine with Mrs. Adrian's father, J. W. Richburg.

Janet Turner Succumbs to Brief Illness

Final rites were conducted Wednesday for Janet Elaine Turner, 11-day-old daughter of Mr. and Mrs. Travis Turner of the Shepherd Community.

The baby died Tuesday morning in the local hospital following a brief illness.

Rev. Bill Austin, pastor of Oak Street Baptist Church, officiated in the funeral service at Kiker and Son Funeral Home Chapel.

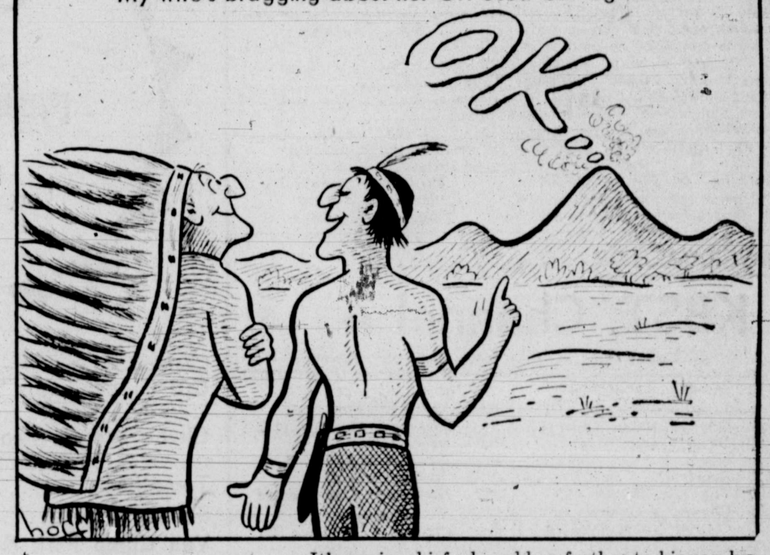

Burial was in the Colorado City Cemetery under the direction of Kiker and Son.

The baby is survived by her parents; paternal grandparents, Mr. and Mrs. W. M. Turner of the Shepherd Community; and maternal grandparents, Mr. and Mrs. R. R. Seay of Odessa.

Advertisers Choose Newspapers 2 to 1 OVER ANY OTHER MEDIUM!

It takes a lot of confidence and all kinds of people to spend 2¼ billion dollars on advertising.

It takes everybody from big VP's to housewives with rooms to rent. It takes chain-store executives and neighborhood merchants.

It takes local business people—those who spend only their own money for ads, and those who also spend the important money contributed by manufacturers.

But most of all it takes an advertising medium that can do the job: NEWSPAPERS.

If you're a retailer or wholesaler, demand newspaper advertising before you place an order.

If you're a salesman or district manager, ask your management for *newspaper* advertising to move out the products you sell.

And *if you're a manufacturer*, remember this: IN 1951 ONE-THIRD OF ALL U. S. ADVERTISING DOLLARS WENT INTO NEWSPAPERS.

Yanks Lose First Game of Season

Yankees felt the sting of defeat for the first time this season as they fell to the Giants 12-13 Monday night in Little League.

Pirates swamped the Indians 12-4 in the other contest.

* * *

Giants teed off on the Yank pitchers Ronald Rothwell and William Smith for 11 hits.

They marked up five runs in the first, four in the second and three in the fourth frame.

Heavy hitting in the Giants' first inning featured doubles by Kenneth Cannon and David McKay, triple by Sammie Vaughan and singles by Bobby Stewart, James Nidiffer and Phil Ball.

Yanks cut the margin to 5-2 in the second inning with two runs. Felix Salemeron and Louis Franco tallied for the Yanks.

But the Giants, anxious to give the Yanks their first defeat, pushed four more runs across in the second inning.

Cannon started with a triple. Maxie Connell singled and Vaughan slashed a triple.

Giants continued to pour it on in the fourth with Vaughan, Stewart and Dickie Summers scoring.

Joel Shackelford and Vaughan handled the Giant pitching chores and gave up only three hits.

* * *

Indians and Pirates played a close game for one inning, before the Pirates broke loose to win.

Kenneth Beasley and Harry Johnson scored in the Indians' first.

Dale Walker and Curtis Scott tallied for the Pirates in their half of the first.

With the score tied 2-2, Pirates scored seven runs in the second inning.

Hits by Garrett, Walker, and Scott helped the seven-run outburst.

Pirates got one run each in the third, fourth and fifth frames to insure their win.

Two of those runs were by Garrett, giving him a total of three runs for the night.

Sylvester Williams tallied both of the remaining Indian runs, one each in the fourth and sixth innings.

Archie Biggers and Charles Houston handled the pitching for the Pirates.

BRACY'S HOMER WINS THE GAME

Athletics Blank Cards 1-0 In Pony League's Top Tilt

Athletics did it again Tuesday night.

In a game that resembled a closely-matched major league tilt, the Athletics squeezed by the Cardinals 1-0 in the Pony League.

It was the Athletics' muscular first baseman Robert Bracy that won the game for his team in the second inning with a clutch home run over the fence.

Take away that one run and you have a game as evenly matched as any you'll ever see.

Athletics got five hits, all scattered nicely by Cardinal pitcher Dwain Thomason.

Athletics' hurler Billy Key, who has paced his team to seven straight consecutive victories this season, was touched for only two hits, both singles.

Both Thomason and Key struck out ten batters.

Cardinals only scoring threats came in the second and fifth innings.

In the second, Thomason got a single, one of the two hits off Key.

But he was stopped short when Key struckout the next batter to retire the sides.

In the fifth, Hunter Mann got the other single to lead off the inning.

Thomason sacrificed him around but he was thrown out at home plate.

Cardinals stopped two Athletic threats in the fifth frame.

Randy Cupp doubled but was thrown out on the bases before he reached home. Ronnie Bassinger also doubled but was thrown out at third sack.

The superb pitching and sparkling fielding plays have yet to be matched this year.

By virtue of their win, Athletics continued on top of the League with seven wins and no defeats. They have several tie games to play off.

The hard-luck Braves lost another close one Tuesday night to the White Sox 9-8.

Mgr. Lindy Merket's Braves were leading 7-4 until the fifth frame when the Sox scored four runs to go ahead 8-7.

Those Sox runs came with singles by Raymon Owens, Danny Fisher and Don Vest and a walk by Sherman.

Braves tied the score 8-8 in top of the seventh when William Sanders led off with a double and scored on Phillip Anderson's single.

But the White Sox, still hungry for victory, scored the winning run in the bottom of the seventh.

With a man on base, Danny Wilson powered a single into the field to score the runner.

Braves were the first to score in the initial inning when Jerry Williams got on via an error and scored on Lucky Merket's single.

But the Sox marked up two runs in bottom of the first with Red Lemons socking a home run with Wilson on base.

Braves went to the front with six runs in the third inning. Merket was the big gun, socking a bases-loaded home run for the first four runs.

Sanders followed with a single and Anderson brought him home with a home run.

Behind 7-2, the Sox rallied for two runs in the third with Wilson, Lemons and Sherman all hitting singles and Fisher blasting a double.

Sox went ahead 8-7 in the fifth on four runs. Scoring were Owens, Sherman, Fisher and Vest.

Kowalski and Knorr to Tangle In Women's Bout at Matches

A rough, screaming, hair-pulling bout is on the card for the Jaycee - sponsored professional wrestling matches here Saturday, June 23.

That match will be between Shawnee Knorr (pronounced nawr) and Ella Kowalski of the famed Kowalski wrestling family.

The women wrestlers—tops in the profession—are slated as the third event on the card.

It will be a one fall, thirty-minute time limit affair.

Miss Knorr, the "World's Biggest Lady Wrestler" weighs a solid 240 pounds.

She was born in Shawnee, Okla. and is one of the few remaining members of the Indian tribe of the same name .She was discovered working as a lumberjack in a logging camp in Washington State.

She was performing men's duties and her male friends were hard-pressed to keep up with her. She handles heavy logs with ease and facility.

And Shawnee is very agile despite her great size and her appetite is prodigious.

To support her huge frame, she often eats 11 pounds of food at a meal.

Miss Knorr is considered the most logical contender to take the crown from June Byers, women's wrestling champ.

Miss Kowalski is generally considered one of the foremost girl wrestlers in the nation, despite her small size of 138 pounds.

When she meets Shawnee, she will be outweighed 102 pounds, but with her scientific wrestling skill, this difference in size is not expected to hamper her.

And she likes to rough it up when she has to.

During school, she starred in swimming, basketball and tennis. But wrestling is her first love and she devotes all her time to it.

Several managers have attempted to place Ella under contract, but she prefers to conduct her own business affairs.

Although wrestling and training take up most of her time, Ella is like any other woman, she loves pretty clothes and is always well-dressed. She says she is too busy for marriage right now, but that will come later, of course.

Her match is bound to be a crowd-pleaser for Ella is a well-conditioned athlete and can mix it with the best.

Other matches on the card—produced by the Texas Wrestling Association—features The Sheik and Bob Gurley; Bill Dusek and Irish Jack Kennedy; a tag-team match with teams of Sheik and Kennedy fighting Dusek and Gurley.

The shows produced by the Texas Wrestling Association have been attracting large crowds all over the state. They are making it possible for smaller towns to view professional wrestling and get a first-hand look at the grunt-and-groaners.

Seating in the Junior High Gym—site of the bouts—has been arranged so every seat in the house will be a good one, according to Bob Reily, Jaycee sports committee chairman.

ELLA KOWALSKI
. . . scientific wrestler.

SHAWNEE KNORR
. . . weighing 240 pounds.

On Trip to Virginia

Dr. and Mrs. J. Melvyn Crymes and son, David, have left for a month's trip into eastern states. They will visit in the Richmond, Va., home of Dr. Crymes' sister, Mrs. W. A. Crowder.

3-R Club Sets Roping, Racing Events July 1

Calf roping, goat roping and barrel races are on tap here Sunday, July 1.

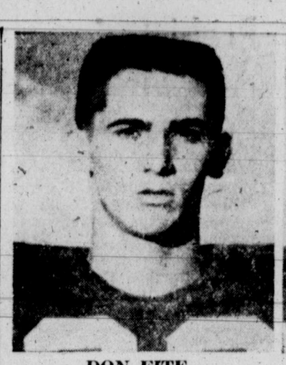

Sponsored by the Mitchell County 3-R Club, the events will feature some of the top performers in this area, accroding to club president Bob Motley.

A $25 entry fee will be charged in the calf roping with best times figured on a two-calf average.

Youths 16 years old and under will participate in the junior goat roping with entry fee of $2.50.

In the open barrel race, an entry fee of $10 will be charged.

The events will be held at the Colorado City Rodeo Grounds.

DON FITE
. . . to run track.

JIMMY JOHNSON
. . . to play football.

Fite, Johnson To Attend Texas Western

Don Fite and Jimmy Johnson, two standout athletes at Colorado High, plan to attend Texas Western College at El Paso this fall.

Johnson will attend on a football scholarship while Fite will participate in track on a scholarship.

Johnson, a 185-pounder, was all-district last season at an end postion for the Wolves. He lettered two years on the varsity and was one of the top tacklers and blockers on the squad.

Fite was a standout track performer for three seasons here. He made trips to the state meet all three years as a member of the mile relay team.

His top time in the 100-yard dash was 9.9 seconds.

Fishing Facts By HOWARD BYNUM

Plugs are proving successful for fishermen at Lake Colorado City.

Infact, bass are reported taking plugs well in all areas of the lake.

* * *

Crappie and bass both are being caught best in shallow water at the lake.

At the same time fishermen who are after channel and yellow cat are finding that the cats now the biting best in deep water.

* * *

An out-of-town fisherman this week claimed one of the most successful expeditions of the season at the lake.

Curtis Riggs of Roscoe fished one afternoon with bass bugs.

He went home, too, with seven bass. Three of the fish tipped the scales at four pounds each.

But those weren't the biggest. The whopper of the group was a five pound eight ounce bass.

The "babies" of the catch weighed in at one pound eight ounces each.

* * *

Bernie Grable hauled in a six-pound bass this week while fishing with a Shimmy Wigler.

His fishing is usually early in the morning before he opens up his service station.

His fishing prowes adds up to a fine mess of fish. So far this year he has taken a total of 177 opnuds of bass out of the lake.

* * *

The "rough" fishing project—the taking of suckers, carp and etc.—began the last week end at the lake.

Game Warden M. T. Reinhardt Jr. kept a survey on the fish being caught by the commercial fishermen.

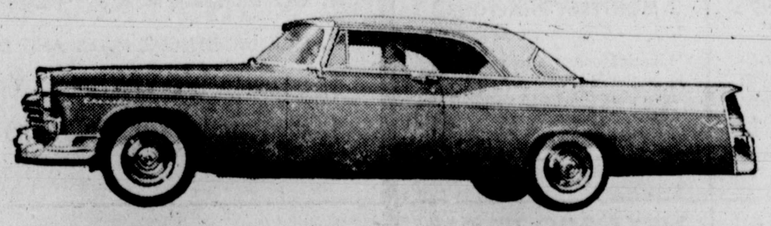

All game fish were returned to the Lake immediately.

And lots of big yellow and channel cat—ranging from 10 to 40 pounds were returned to the lake unharmed.

Texas is said to be the leading sheep and goat state.

BATTLE ROYAL—This is a scene from "The Animal World" showing Sunday and Monday at the Palace Theatre. The movie depicts life of the prehistoric monster as far back as two billion years ago. It's outstanding in the fact that leading consultants in the fields of paleontology, zoology and anthropology worked on the movie.

Prehistoric Age Shown in Palace Movie

"The Animal World," the raging story of animal life from its prehistoric beginning to the present, is on the motion picture screen.

Produced by Irwin Allen, the man who won an Academy Award for his film, "The Sea Around Us," "The Animal World" was filmed in Technicolor by Warner Bros. The film arrives Sunday at the Palace Theatre for its initial local showing.

The movie is not to be confused with fiction movies, but is more similar to Walt Disney's "The Living Desert".

Promising startling entertainment, "The Animal World" tells a story that began two billion years ago and is still unfolding. It was written, produced and directed by Mr. Allen who in a recent interview revealed that it took well over three million feet of color film, shot by naturalists the world over, to bring to completion one of the most ambitious undertakings in the career of the young producer.

A previously considered high figure of footage for important productions has been in the vicinity of three and five hundred thousand feet, a number surpassed by two and a half million feet of film by "The Animal World." With the aid and guidance of some of the world's leading consultants in the fields of paleontology, zoology anthropology, archeology, and with the help of museums and a long list of institutes of higher learning the world over, the film took over three years to produce .

Dr. Charles L. Camp, professor of paleontology at the University of California and a leading authority on the dinosaur period, came to Warner Bros.' Burbank studios as a consultant on the film. Together with leading sculptors and artists, miniatures resembling Ceratosaurus, Stegosaurus, Triceratops, Tyrannosaurus and Brontosaurus were created. These monsters of another world battle against each other, amidst violent cataclysmic scenes of volcanic eruptions and earthquakes, all captured in vivid Technicolor.

WSCS Observes 15th Birthday At Westbrook With Banquet

By MRS. ALTIS CLEMMER, Record Correspondent.

WESTBROOK—A dinner program marked the 15th anniversary of Women's Society of Christian Service at Westbrook First Methodist Church.

The anniversary dinner was in the Fellowship Hall at the church.

A feature of the program was the special tribute to Mrs. Bill Rees. She was presented a life membership pin by the WSCS.

Presenting the pin to Mrs. Rees on behalf of the society was Mrs. Leroy Gressett, outgoing president of the WSCS.

Sixteen women attended the dinner. Their invocation was led by Mrs. G. W. Newton.

Welcome address was by Mrs. Price Hendrix, incoming WSCS president, after group singing of the hymn, "The Morning Light Is Breaking."

Mrs. J. W. Hawkins and Mrs. Reese composed a duet, singing "Take Up Thy Cross." Accompanist was Mrs. George Sweatt.

Principal speaker was the outgoing president, Mrs. Gressett, who spoke on "Our Heritage." Other WSCS members discussed in brief talks "what the society has meant to me."

Group singing of "Call of Christ" and benediction by Mrs. Edgar Andrews closed the dinner program.

The dinner table was laid with white cutwork cloth and centered with cut flowers. Place markers were miniature fans inscribed with the program and menu.

LORAINE SOCIAL EVENTS

Baptist Class Fetes Husbands, Minister and Family Honored

By MRS. C. C. HAMILTON,
Record Correspondent.

LORAINE—Two church class events and a pounding for the new First Methodist Church pastor marked Loraine's social calendar during the last week.

Members of Dorcas Sunday School Class hosted their husbands and other guests at a supper Friday night in Fellowship Hall of Westbrook First Baptist Church.

Invocation was by Rev. Bobby Rine, Baptist pastor.

Attending were Nolan Barmore of Matador, Miss Mary Kent from Crane, Rev. and Mrs. Rine, Mr. and Mrs. Dexter Taylor, Mr. and Mrs. Wade Preston, Mr. and Mrs. Clifton Henderson, Mr. and Mrs. Dan Butler, Mr. and Mrs. H. L. Leach, Mr. and Mrs. Virgil Wimberly, Mrs. E. O. Walker, Mrs. G. K. Baker, Mrs. Otella Wilson, Mrs. Ida Baird, Mrs. Ida McCollum, Mrs. M. D. Cheek, Miss Bera Thailkill, Sue Wimberly, Ann Dickenson and T. J. Riden.

* * *

An old-fashion pounding and ice cream supper feted Rev. and Mrs. Allen Adams and their son, Gay, last Wednesday night at Loraine First Methodist Church.

The party followed mid-week prayer service conducted by Rev. Adams.

Approximately 60 members of the church attended the service and the social, which was hosted by the church.

Rev. Adams has just begun duties as Methodist pastor here after being appointed to succeed Rev. Harold Morris, who was transferred to Ackerly.

Ice cream and cake were served from tables on the lawn.

Mrs. Harold Martin, president of the Women's Society of Christian Service, led the Rev. and Mrs. Adams into the Gleaners Sunday School Class room where a variety of groceries and other gifts were displayed and presented to the couple.

Berkmans Back From Tyler Convention

Dr. and Mrs. Elton H. Berkman returned this week after attending the 41st annual convention of Texas State Chiropractic Association in Tyler.

The convention was held last Thursday through Saturday.

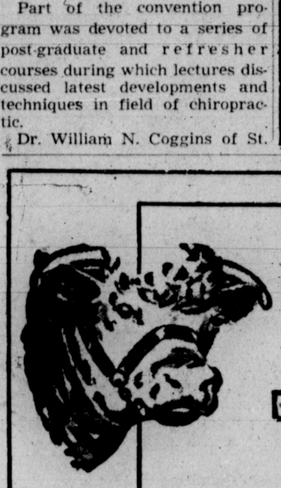

Dr. Berkman said approximately 500 chiropractors from all parts of the state attended the three-day meeting.

Part of the convention program was devoted to a series of post-graduate and refresher courses during which lectures discussed latest developments and techniques in field of chiropractic.

Dr. William N. Coggins of St. Louis, dean of Logan Basic College of Chiropractic, and Dr. A. G. Hendricks of Indianapolis, president of Lincoln Chiropractic College, were main convention speakers.

During the convention a posture queen of Texas was selected, Dr. Berkman said, to impress upon the public the importance of correct posture and its relationship to good health.

Is This God's Country?

The Communists say it isn't.
The atheists say it isn't.
But George Washington said it was... and he looked to God for guidance before and after Valley Forge.

Abraham Lincoln said it was... and he sought Divine aid to preserve our nation.

Our nation's founders had faith in God's wisdom... and with His help created a government unique in history... a government based on the idea that man's rights are God-given... that government's powers are derived only from the people.

Since Plymouth Rock, God has shaped the destiny of our nation by His presence in the councils of our leaders... and in the quiet corners of our lives. He has guided us through every crisis... always leading America forward.

Today, as in generations past, our people have Faith in Themselves... knowing God gave them strength to meet any challenge.

They still have Faith in Freedom... for they know God fashioned Freedom to give them dignity... to let them enjoy the fruits of their labors.

Past and present... we are surrounded by proof that God shed His Grace on America.

Let us pause a moment each day to give thanks... and to renew our Faith in America and the things it stands for.

Let's *keep* it God's Country!

Best Seller that's hard to beat

This '56 Buick is packed with new features—and priced close to the smaller cars!

Buick SPECIAL 4-Passenger 4-Door Riviera

WANT SOME QUICK FACTS on the big news in automobiles today—news that can guide you to a smart move and a real smart buy?

Then listen—it won't take long.

The 1956 Buick has so many new developments—in styling—in power—in performance—in ride and handling—that it is, literally, the best Buick yet. That's Fact No. 1.

And Fact No. 2 proves it: Buick today is more strongly entrenched than ever in the top three of the nation's best sellers—outselling all other cars in America except two of the well-known smaller cars.

One big reason for this success is the strapping new Buick SPECIAL—like the one pictured here.

It's priced right close to those smaller cars—but, like every '56 Buick, it's a whale of a lot more new car for the money.

It cradles a big, new 322-cubic-inch V8 engine that's record-high in power and compression, and crammed with engineering news even the costly cars can't claim.

It makes the most of every bit of power with a new version of Variable Pitch Dynaflow* that's the most efficient yet. With a new development the engineers call "double regeneration," Dynaflow gives you great new acceleration from the first thrifty inch of pedal pressure. *Even before you switch the pitch.*

And this '56 Buick cushions you in the softest ride ever. Shows an uncanny sense of direction on every curve and turn. Puts a whole new feeling of safety, security and solidity into every mile you drive.

So before you buy *any* car—catch up on the latest news. Come try a '56 Buick. When you see how much new automobile your money *can* buy, we don't think you'll ever settle for less.

**New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

Darrow Heads Gas Company Distribution

Joe C. Darrow, a Lone Star Gas Company vice president, has been placed in charge of all distribution properties of the company, according to an annquncement by Chester L. May of Dallas, senior vice president.

The properties consist of company-owend and operated gas systems in Colorado City and 450 other cities and towns in Texas and Oklahoma, May said.

With headquarters in Dallas, Darrow takes over his new assignment Saturday after serving as general manager of the Fort Worth Division of Distribution from 1951 until January 1954, and as vice president in charge of the division since that date.

Darrow's successor in Fort Worth is A. P. Rowland, recently elected vice president, who began his career with Lone Star in 1924.

Darrow, a native of Milford, attended the University of Texas and went to work for Lone Star in 1927 as construction timekeeper. He was appointed local manager at Hugo, Oklahoma, in 1932, then held district managerial assignments in Itasca, Terrell, and Brownwood until 1946 when he was appointed superintendent of distribution operations for the Dallas Division of Distribution. He was transferred to Abilene in 1949 as superintendent of Lone Star's West Texas distribution properties. Two years later he was appointed to the Fort Worth division as general manager.

SCHEDULED JUNE 25 AND 26

Magician, Juggler and Western Band on Electric Fair Program

Special stage attractions will be in Colorado City June 25 and 26 for two shows.

The shows will be "big top" performances from 6 to 10 p.m. June 25 for townspeople of the area and all-day June 26 for rural citizens.

All will be a feature of the annual electric fair sponsored by Lone Wolf Electric Cooperative Inc., in connection with co-op's annual membership meeting the afternoon of June 26.

Raymond Perdue, Lone Wolf manager, said all members of the co-op and townspeople are invited to the show under the "big top" east of Highway 208 in front of the Lone Wolf office building.

In addition to the stage entertainment there will be free ferris wheel rides for children and electrical exposition, according to Perdue.

The electrical exposition will feature a 200-foot midway with displays in latest development in farm and home electrical equipment by the nation's leading manufacturing.

Local dealers who plan to present displays at the fair are Hardcastle Refrigeration, Drummond Appliance, Colorado Tire & Supply, Kirschbaum's Appliance Store, Griffin Truck & Tractor, Thomas Bros. Other dealers interested in displaying products can contact the cooperative, Perdue said.

For the 1956 show the "big top" will feature Hoffman of San Francisco—magician, actor and comedian. Hoffman has been a top performer before audiences across the nation since his first appearances in 1944 at Stage Door Canteen with Spencer Tracy.

Before coming to Texas Hoffman and his former partner, Calcagno, toured major resorts in California in addition to appearing on such stages as San Francisco's Russian Theater. In a performance before a convention of magicians in San Francisco one of Hoffman and Calcagno's original illusion was so popular that it immediately was purchased.

Another popular entertainer scheduled for the electric fair is juggler Fred Whitaker of Tacoma, Wash., who juggles the Chinese "devil stick" with such skill that it appears to hover in the air on invisible wings.

Whitaker was flown to Washington, D. C., last year to entertain at a meeting of University of Texas ex-students.

Hillbilly headliners — Billy Wimberly and his Drifting Texans — also will be on the "big top" program. It will be a repeat performance for the band, which was here two summers ago.

RETURNING — Billy Wimberly and his Drifting Texans return as entertainers for Lone Wolf Electric Cooperative's annual meeting and electric fair here June 25 and 26.

JUGGLER — Top performance juggling will be provided at Lone Wolf Electric Cooperative's annual membership meeting and electric fair by Fred Whitaker.
