

County Bank Assets
Remain on Level
With 1954 Figure

The financial stability of Collingsworth County remains unchanged from a year ago, and combined assets of the county's four banks are even a few thousand dollars higher than June 30, 1954, the reports given in response to the calls by the Federal Reserve Bank, State Banking Commissioner and Comptroller of Currency, reveal.

This asset figure, at the close of business June 30, stood at \$62,791.35. A year ago it was \$58,440.37.

This means that the county has held its own financially in spite of drouth even more severe than for the four preceding years. The short crops of last year are reflected in the financial reports, but there has not been opportunity for the bountiful rains that broke the drouth to become apparent in the crop picture. It also means that the county's financial position has remained at the 1954 level in spite of the unusually light wheat crop.

Deposits at the end of June stood at \$5,256,523.82, only slightly under the figure a year ago, \$5,279,624.94.

Of the deposit figure, demand deposits account for \$4,618,744.74, while the remainder is made up of time deposits and the deposits of U. S. and State governments and political subdivisions.

Loans and discounts are a quarter of a million dollars under last year, now standing at \$3,061,435.73 as compared to \$3,297,743.17.

Undivided profits are well above last year, now amounting to \$127,411.37, compared to \$110,053.91 a year ago.

The capital structure of the county's four banks for several years has been regarded as strong for institutions of their size. Capital accounts amount to \$602,411.37. Capital stock in the banks totals \$225,000, with surpluses in an equal amount.

Plane Crash Fatal
To Ex-Resident

Jerry Joe Lawrence, 20, of Dalhart, who lived here as a child, was killed on his second solo flight at Dalhart Sunday morning, July 10. He was the son of the Rev. and Mrs. W. R. Lawrence. His father is pastor of the Dalhart Baptist Church, and young Lawrence was employed as an insurance salesman at Borger.

A witness to the accident said that while circling to make a landing at the Old Dalhart Army Air Base, the plane stalled at about 150 feet and fell. The youth was pronounced dead on arrival at Coon Memorial Hospital.

Mrs. Lawrence will be remembered here as Miss Inez Glaze, a niece of Mrs. J. L. Hays. Her parents, Mr. and Mrs. J. W. Glaze, now live at Mt. Vernon. The Lawrence family returned here and Rev. Lawrence was pastor of Midway Baptist Church while their children were small.

Funeral services were Tuesday at Dalhart, and Mrs. Hays and Miss Mary Hays attended.

The young man is survived by his parents; an older brother, W. R. Lawrence Jr., of Borger; a younger sister, Janice, of Dalhart; and his grandparents, Mr. and Mrs. Glaze and also W. H. Lawrence of Gatesville.

Church Plans
Summer Series

"Our Seven Successful Summer Sundays" will be the theme for seven consecutive Sunday services during the Sunday services of July 17 through August 28 at the First Baptist Church, the Rev. Bill Thomas, pastor, announced.

The local pastor asked all of the members of the church to be Five-Star Christians by attending Sunday School, the morning worship, training union, evening worship, and the Wednesday prayer service.

The preaching theme for the series will be the "Seven Letters of Paul." Members and visitors of the church are urged to attend the series.

WHS Ex-Students Make Plans
For Fifth Reunion August 5-6

Plans are nearing completion for the fifth annual homecoming Ex-Students of Wellington High School to be held Friday and Saturday, August 5 and 6, Donald Curry, president of the exes, announced Tuesday, July 12. All of the reunion, with the exception of the watermelon feast, will be in the Community Building.

In a meeting held Thursday evening, July 7, chairmen and co-chairmen of each committee reported the success of their group in rounding out the final details of the homecoming.

A newsletter is being mailed this week to all of the exes of the school and it includes a list of activities and a pre-registration form that all exes should fill out, Curry reminded. It is necessary for all county and non-county residents to give use an indication as to their plans so that we can make arrangements accordingly, the exes' president went on to say.

Registration for the two-day reunion will begin at 6:00 p. m. Friday, August 5, at Ellison Park and will continue through the evening. It will start again at 9:00 a. m. Saturday, August 6, in the Community Building. The fee is 50 cents per person and guests may be registered.

School pictures, annuals, clippings or anything that might be of interest of the exes will be on display again this year. If you have anything that would add to the celebration in the way of some item, the committee asks that you contact Miss Dorothy Robertson, Box 827, Wellington, Texas.

As something new at the reunion, a radio broadcast over K E V A, Shamrock, is planned throughout the afternoon at four 15-minute periods of broadcasting. Radio broadcast times are 2:00 p. m., 2:45 p. m., 3:30 p. m., and 4:15 p. m.

Prizes will be given to the ex-student coming the farthest distance, oldest ex-student attending, and ex-student with the largest family.

The classes of 1915, 1925, 1935, 1945 and 1955 will be given special recognition at the exes dinner at 5:30 p. m. in the Community Building. The Peck White orchestra will furnish dinner music following the program. Tickets will be on sale.

4-H Council
Meets Friday

The County 4-H Club Council will meet Friday, July 15, at 1 p. m. in the county court room, Miss Katherine Potter, the new home demonstration agent, has announced.

Plans for the August 4-H Club camp will be discussed, and Miss Potter urges that all representatives to the council attend.

This will be her first meeting with the 4-H Council.

Supervisors Keep Service Norman

Telephone Workers Leave
Jobs at Local Exchange

Fifteen employees of the General Telephone Company in Wellington joined workers in a number of other exchanges of the system in staying off the job from Friday, July 8, at 10:00 a. m. to midnight, Sunday night, according to Mills Roberts of Memphis, Division Manager of the company.

The action has been called an unauthorized strike by officers of the Communications Workers of America, a CIO Union, which at the time was meeting with General Telephone Company officials at the San Angelo headquarters.

Normal service was maintained during the entire time by the two supervisory employees, Mrs. C. A. Bradford, chief operator and Miss Mary Duncan, chief night operator, who were joined by Robert Alexander of the general headquarters at the local office and not members of the CWA union, Roberts reported. Alexander formerly lived here and is the son of Mrs. Ruth Alexander,

Preliminary Underground
Water Survey Begins Here

The Texas Board of Water Engineers has begun a preliminary survey of ground-water and surface water resources in Collingsworth, Wheeler, southern Hemphill, and northern Childress counties. Chris Gard, area engineer, has opened an office in the Chamber of Commerce Building in Shamrock and will conduct the preliminary investigation. The preliminary survey will be followed by a detailed investigation at a later date.

Mr. Gard is interested in talking to everyone who has information on water, everyone who uses water for irrigation, and every-

one who has a problem connected with water. He will be in the Chamber of Commerce office in Shamrock from 8 to 9:30 a. m. Mondays thru Fridays and will be traveling in the area the rest of the time.

This is the first phase of the Underground Water Survey for Collingsworth County approved by the Legislature and the State Water Board, and which was pushed locally by County Judge R. L. Templeton, the Soil Conservation Service Chamber of Commerce and other agencies.

Anyone wishing to get in touch with Mr. Gard may reach him through the Wellington Chamber of Commerce Office Monday, July 25 and thereafter.

J. B. Forbis, County
Resident Over 60
Years, Succumbs

J. B. Forbis, who came to Collingsworth County as an eleven-year-old boy in 1892 and spent the remainder of his life in the same community and on the same farm, died about 10:30 a. m. Friday, July 8. His death from cancer came after an extended illness, and his condition had been serious since Christmas.

Only a few weeks ago he and his family moved from their farm home at Fresno to 1300 Dalhart Street, where he passed away.

Mr. Forbis, a respected and beloved resident of the county, had been active in the affairs of his community many years until his health failed.

Born in Evansville, Indiana October 9, 1881, John Barnes Forbis was 73 years, 8 months and 29 days of age. His parents, Mr. and Mrs. W. H. Forbis, brought their family to Johnson County, Texas, the following year, then in 1892, they came still further westward to establish their home in the new country of Collingsworth. Here J. B. Forbis grew up.

He was married to Miss Lena Moody in Wellington December 11, 1912.

He had been a devoted member of the Methodist Church since early in life, and all those who knew him had found in him a good neighbor and devoted friend.

Funeral services were held Sunday at 2:30 p. m. at the First Methodist Church, with the Rev. J. F. Michael, pastor, officiating.

Pall bearers were Sidney Elmore, Ed Copeland, Alvin Horton, Charley Donnell, Ed Crawford and Hayden Williams. Flower bearers were Mrs. Ed Crawford, Mrs. Tom Caterlin, Mrs. Sidney Elmore, Mrs. H. B. Lowrie, Mrs. Earl Reynolds, Mrs. J. B. Killiam, Mrs. G. E. Rippetoe, Miss Mable Clement and Miss Inez Clement.

Burial was in the North Wellington cemetery under the direction of the Kelo Funeral Home.

Mr. Forbis is survived by his wife; one daughter, Mrs. Mabel Hall of the home address; one granddaughter, Lena Florence Hall; and one sister, Mrs. J. A. Mahan of Wellington.

Mrs. Thomas To
CC Institute

Mrs. J. W. Thomas, Wellington Chamber of Commerce secretary, will attend the Southwestern Institute for Chamber of Commerce executives to be held in Dallas on June 17 through 23.

She will attend sessions on public relations, conducted by Jack Lowry, Chamber of Commerce manager from Pueblo, Colorado; basic economics, by Dr. Emerson P. Schmidt, United States Chamber of Commerce; and preserving our business and your job by Harry J. Krusz, also of the US Chamber of Commerce.

There will be workshops and other sessions to be selected.

Mrs. Thomas will leave here Friday, July 15.

Curran is Texas
Ranger at Vernon

Texas Ranger B. O. Curran, who was coach of Quail High School in 1940-41, has been assigned to be in charge of the Wichita Falls District, with headquarters at Vernon, it has been learned here.

Mr. Curran left Quail to join the Texas State Highway Patrol and was stationed at Corsicana until the late 1940's. He returned to coaching for a year, then went back to Patrol work with headquarters at Jacksonville. He and his family remained there until he became a member of the Texas Rangers only recently.

Ranger Curran succeeds the late Jim Geer, noted Texas Ranger captain.

Baptist Church Names
Music, Youth Director

Homer Peden, Jr., has been called by the First Baptist Church as music education director and youth director, the Rev. Bill Thomas, pastor, announced this week. Peden and his wife, Jeannie, will move to Wellington the latter part of this week and he will assume his duties at the local church Sunday, July 17. Mrs. Peden will be the church secretary.

Peden, a native of Marshall, has been serving as music and educational director at the North Market Baptist Church, Chattanooga, Tennessee. While in Chattanooga, Mr. and Mrs. Peden studied at the Tennessee Temple College.

Both Mr. and Mrs. Peden graduated from Marshall high school. She is a native of Seminole, Oklahoma. They attended East Texas Baptist College, Marshall, two years.

Peden has been serving in church capacities for the past five years, following service in the Korean War.

Church of Christ Purchases
Lots For Parking Area

Elders of the Church of Christ purchased two houses, sold the minister's home and bought another parsonage recently to make room for a parking lot, to alleviate the traffic problem, and to plan for the future building of a new church, it was announced this week by L. A. Gilmore, a member of the church.

The new parsonage at 1509 Graham Street, was purchased from Jack Stewart. The parsonage that was on the south side of the present church building was purchased by Barney Cook and it has been moved to another location.

A white stucco house belonging to Mrs. G. W. Poteet, who had resided there many years, was purchased as was a duplex owned by M. C. Cleveland.

Encampment July 28-29

Home Demonstration Club women of the county will hold their annual encampment Thursday and Friday, July 28 and 29, at the Veterans of Foreign Wars Building in Marian Airpark, Miss Katherine Potter, home demonstration club agent, announced following a meeting of the county council Monday, July 11.

Civilian Defense will be stressed this year, with speakers from both the state and local Civilian Defense set-ups due to speak to the women. Complete details of this part of the program will be announced later.

The remainder of the encampment will follow the plans of other years, with much of the time devoted to study of handicrafts.

The women will gather for a

"We feel that this is a step forward for the church and we are delighted to have this couple to come and work with us", the Rev. Thomas declared.

Workmen are in the process of removing the houses and concrete foundations.

"Since we did have a parking problem, we thought that it would be the best thing to do", Gilmore said. "Also, we will be needing more room for the future growth of the church".

Methodist Men
Plan Barbeque

The Methodist Men of the First Methodist Church will hold their annual chicken barbeque on the church lawn Tuesday evening, July 19, it was announced this week by Robert Lewis, president of the group. The barbeque will begin at 8:00 p. m.

Chicken and all of the trimmings will be served to the adults and the younger set will be treated with weiners and a tasty sauce, Lewis said.

The Reverend E. E. White, district superintendent of the Childress District, who will hold quarterly conference prior to the barbeque, will be the guest speaker for the occasion.

Everyone is urged to attend the meeting. About 200 persons were in attendance at the meeting last year.

Small Towns, Farms First to Benefit From Solar Energy

AUSTIN — Small towns and rural areas should benefit first from developments of solar energy apparatus, Dr. Farrington Daniels, one of the nation's foremost chemists, said in a public lecture at the University of Texas.

He spoke on "New Energy Resources: Atomic and Solar Energy".

Devices which transform sunlight into electricity, heat or cold will require relatively large amounts of space—something rural areas have and more-populous areas don't have, Dr. Daniels pointed out.

The problem is to capture energy from the sun, concentrate it and store it, he explained. So far, that requires spreading some heat-absorbing substance—such as water or metal—over a considerable area.

Plastics may provide a material cheap enough to make practical solar heaters, refrigerators, air coolers and batteries, Dr. Daniels said. Bell Telephone Laboratories' solar battery also shows promise.

Industrial uses of atomic power probably will precede uses of solar power in this country because atomic power will be able to compete

sooner with petroleum and coal as a power source, he predicted. However, the U. S. can strike a powerful blow in the cold war with Communism by providing Asia with solar-energy devices as soon as possible.

Such apparatus can compete now with Asia's main power sources men and animals, Dr. Daniels explained.

Just look what you're missing!

Smartest car on the road—bar none! The Custom Royal Lancer by Dodge.

Not long ago, you had to figure on spending a lot of money if you wanted to step up to a big luxury car. Then along came this new Dodge—and things happened!

People who were used to paying a thousand dollars more found that Dodge offered all they could desire—at a sensible price.

Owners of medium-priced cars discovered that for the same amount of money, or

less, the new Dodge provided much more roominess, comfort, and more pride.

More, small-car owners found that several models of this big new Dodge even cost less than a tricked-up "lightweight."

Right off the bat, Dodge sales doubled! And we're taking advantage of skyrocketing sales to make you a "Drive It Home" deal you can't turn down. Come in today!

Repair of Storm Damage To Schools Will Cost \$9,850

Repair of storm damage of the Wellington schools is under way, Supt. Bennett Goodloe said this week, as he estimated the total cost will be around \$9,850.

At Elementary school, a new roof will be put on half the west wing, the hall and eight classrooms will be repainted, floors reworked, and desks, tables and chairs refinished.

The Junior high building will have the six rooms on the north side repainted, the floors refinished and the halls repainted.

Halls and two offices are being repainted in high school and considerable plaster work is being done.

Windows in all buildings are already in.

The roof on the barracks building of Booker T. Washington School will be repaired. At this school new rest rooms are being put in, but this is apart from the repair work.

Two and Half Cars Marketed

County's 1955 Wheat Harvest Nears Close

Only two and a half cars of wheat has been sold on Collingsworth county markets or placed in the government loan with storage in local elevators, buyers at Wellington and Dodson have reported.

No wheat has been shipped out of the county so far, and buyers say this is the first time they can remember that the season has been this far advanced with no shipments.

Only a few hundred bushels has gone in the government loan, which is bringing \$1.92. The market price is \$1.97.

Most of the wheat is testing from 48 to 56 or 57, Jones Singley, of Singley Mill and Elevator, said.

Average estimates are that the crop is around 90 per cent out.

The best yield reported this year was marketed by Pete Melton, from an irrigated field at his farm at Aberdeen. He cut a little less than 30 bushels per acre.

Ed Crowder of the Farmers Co-op Gin at Dodson said that the co-op's loading unit is not operating this year, but he has bought all the wheat sold there, around 300 bushels. Most of this has been sacked up to sell for seed.

He reported that Hillard Scott probably had the best yield in that area, 12 to 13 bushels per acre on an irrigated tract. He put up his wheat for seed.

Duane Luck, east of Dodson, made 10 bushels per acre under irrigation.

Crowder declared that this was the first time in 30 years that no wheat has been shipped from Dodson during a season.

An undetermined amount of wheat is being held on farms for seed.

Johnson Hurls Two Hit Ball as Legion Drops Contest, 9-2

Don Johnson, Wellington American Legion southpaw, hurled two-hit ball for 5 and 2/3 innings Sunday, July 10, at Dumas, but the locals lost the game by a wind-blown 9 to 2 count.

The 6-foot lefty came into the ball game in the bottom of the second inning after Denzil Patchell, local righthander, had been unable to work his throwing arm in the first inning and again in the second. Patchell allowed 7 runs on hits during his 1 and 1/3 innings of pitching. Patchell left the game after making his slowest start of the season, and was charged with the loss.

High winds prevented Wellington batsmen from being able to give the ball a ride toward the homerun area. The Dumas Demons to the locals, found the going smooth as they managed two singles and a homerun in the bottom of the first to score three runs. Darryl Morris, Wellington cf, had opened the Legion's scoring in the top of the first. Morris was hit by a pitched ball, moved to second on a free pass that was issued to Bill Reeves, ss, and finally advanced to third to a throwing error. Burris Patchell, rf, pushed Morris across on a grounder to short.

Both teams will meet again Sunday, July 17, at Marion Air Park Field. Game time will be at 3:00 p. m.

Cat Naps Are Purrfect Antidote for Fatigue

BY EDNA MILES

THE virtues of the cat nap are well known to most of us. But it's actually getting around to it that's difficult. So many things to do, so many things to interfere.

The housewife can't regulate her day nor call her time her own, despite the charts regularly issued by efficiency experts. The home is not an office, contrary to all arguments, and can't be run with the clockwork speed of an office.

A cat nap, then, is best fitted into the day whenever a few moments offer. Even a ten-minute nap is a help. If actually stretching out on the bed in the daytime isn't a tempting idea to you, then equip yourself with a reclining chair that offers comfortable support in any position from upright sitting to full reclining.

Some of these chairs have a built-in head roll for neck and head support. Others have a small, adjustable head pillow that can be flipped out of sight behind the chair when it's not in use.

Best plan is to fit a cat nap into your day before you become overtired. This gives you the most benefit for the least expenditure of time, allows you to get through a busy day with ease.

Follow kitty's example. A short rest in a reclining chair during your busy day will give you a quick energy lift. Even though it's only for 10 minutes or so, you'll "snap back" and avoid that overtired feeling.

Court Moves To Pay Judgment In Monday Meeting

The Commissioners Court passed an order Monday, July 11, to pay the \$900 judgment agreed upon for Mrs. O. E. Dodson, district clerk, earlier this year in a suit against the county, plus \$122.50 back salary for 1955, County Judge R. L. Templeton reported.

The court also passed an order raising Mrs. Dodson's salary from \$212.50 per month to \$250 per month.

This action came after Paul Spillman, attorney for Mrs. Dodson, filed for a writ of mandamus against the county. The commissioners were advised by County Attorney Denzil Bevers not to try to contest this action, Judge Templeton said.

Mr. Spillman said Tuesday the money will be paid in two installments, and that he has filed an application asking that the writ of mandamus be dismissed.

This action grew out of a suit which Mrs. Dodson, joined by her husband, O. E. Dodson, filed in district court against the county for back salary she alleged was due her. Heard before Judge Luther Gribble April 20, the agreement was reached by attorneys for the two sides after the case had been given the jury.

The Commissioners in their Monday session also borrowed money to pay salaries, and authorized David Robinson to publish a notice on the Budget Hearing August 8.

Experience is something you have left when all else is gone.

A man doesn't need bank references to borrow trouble.

The telephone strike, the so-called continuous meeting, has ended and the workers are again on their jobs. A lot of the telephone subscribers did not know that a strike was on thanks to the efficient work of the supervisors. Those who did know that a continuous meeting was being held were well pleased with the service. Some of them even said that they ought to have one of these things about once a month. They were under the impression that they got much better service on long distance calls and they were positive that the operators of the switchboards were much more polite while the experienced people were putting in the long hours. Congratulations to the old professionals who know how to do the job in a friendly courteous manner.

Rudeness and telephone bad manners may have had as much to do with the present rate controversy between the telephone company and the city as economics and the five long years of dry weather. This is not meant for those ladies who have been with the telephone company for a long time; for they were and are efficient, courteous and polite. It does have to do with those newer employees which the telephone company is trying to train into well paying jobs. The basic trouble with these young people is that they think the world owes them a living, regardless of their ability to render a service to their fellow citizens.

The telephone people must have been amused at the antic. It would have been a weapon in their hand to get higher telephone rates since they are in the midst of a controversy with the City of Wellington, which represents the people as a whole. The continuous meeting people were not striking against the big impersonal corporation—they were striking against their neighbors and friends who pay the telephone rates.

These local events bring to mind the demands and strikes in the automobile, steel and other industries. HOW LONG CAN THE STRICTLY AGRICULTURAL COMMUNITIES SUCH AS OURS COMPETE WITH THE CONSTANT RISING SPIRAL OF INFLATION BROUGHT ABOUT BY THE DEMANDS OF LABOR WHO WANT MORE PAY FOR DOING LESS WORK. The answer is that we can't unless the farmers and other food producers learn how to go on strike themselves and it is something that will take a colossal lot of doing and thinking. All the Roosevelt and Truman administrations did, as far as farming is concerned, was to make the big farmers bigger and put the small farmers out of existence. (Before the New Deal we had 14,000 people living in Collingsworth County—now we have 9,000). Eisenhower may have done wonders as far as the international scene is concerned, but he and Benson have not done a thing about the trend of the big farms getting bigger and the small farms

HISTORIC NEWS FOR LABOR'S RELATIONS—Intense interest of all labor is mirrored by the faces of these Ford production workers at Ford's River Rouge, Mich., plant as they read of the precedent-setting three-year Ford-United Auto Workers (CIO) contract, which brings a guaranteed annual wage for hourly paid employees in the auto industry a big step closer to realization. The new contract guarantees supplemental wage payments of over 60 per cent of normal take-home pay, for as long as 26 weeks, in case of lay-offs. Payments will be figured to make up the difference between unemployment benefits and the 60 per cent-plus figure and will come from a 55-million-dollar fund, yet to be set up. Plan goes into effect June 1, 1956, when fund will have reached a volume from which payments may be drawn if necessary.

going out of existence that Roosevelt started and Truman kept going. Perhaps this is a matter that the farm organizations should start thinking about seriously.

Lefty Thomas continues to warn the farmers about the danger of grasshoppers. He says that this is the time to poison them on your fence rows. Besides, there is the danger of the office for an indefinite time worms and other pests and it is very real this year. Roberts and Jimmie Kelso have their grass cuttings for me; but I can't see why they don't use them on their own flower beds. The cuttings are nearly as good as peat moss for holding moisture in the ground, but the main reason I use them is that it eliminates the need for hoeing. Perhaps they just love to hoe.

A truly great lady passed away last week when Mrs. J. A. Hill of Canyon died. She was a mother to hundreds in the days when I was a student at West Texas State, and I presume that she has been like a mother to thousands since that time. She was great in council and kindness to the homesick boys and girls who seemed to be having a little trouble in adjusting themselves to college life. She had a way of making young people feel at home away from home, and undoubtedly it was her influence that helped give the college at Canyon something that was as invigorating as the smell of fresh turned sod in the spring and that was as clean as the first north in the fall.

Two Wellington boys serving in the Far East, who entered the Army at the same time, had a week's visit together recently.

The boys had two trips to Tokyo and a few shorter excursions.

Their next meeting is due to be sometime this fall when they receive their discharges, according to Mrs. G. O. Davis, the young soldier's mother.

"An Honest-to-Goodness Contest"**Farm Bureau Beauty Contest Set For Friday, August 26**

Friday, August 26, is the date set for the third annual Collingsworth County Farm Bureau Beauty Contest, Mrs. J. W. Thomas, contest chairman, announced this week. The event will be held in the Community Building and will start at 8:00 p. m.

To be eligible to compete in the contest, a girl must be the daughter or sister of a member of the Farm Bureau. She must be single and between the ages of 16 and 22 years of age by September 1, 1955. Each contestant will give a 1½ minute speech on "Why I am Glad My Family is a Farm Bureau Family".

"The contest will be an honest-to-goodness queen contest and not bathing beauty competition", J. Walter Hammond, president of the state organization, said. "The girls are to be judged on all of the qualities that go to make up winsome Texas homemakers".

Judges for the contest will be from out-of-town and their identity will be known only to the directors of the contest. The judges will rate each girl on appearance, poise and personality.

In 1953, the first year that the contest was held in Collingsworth County, Miss Fayteen Peoples won the honor and later went on to win the district and state titles. Last year, Miss Mary Jane Johnson won the county contest.

Prizes and honors are in store for the lucky girl that is chosen the state queen. Her first prize will be a \$500 in expenses for a

trip to the American Farm Bureau convention in December to be held in Chicago, Illinois.

The prize for the winner in the county contest will be \$15, while the second and third place winners will get \$10 and \$5, respectively.

Entertainment from various county organizations and groups will be given in conjunction with the beauty contest, Mrs. Thomas went on to say.

Any Collingsworth County girl between the ages of 16 and 22 and single and her father or brother is a member of the organization is eligible to enter the contest, the contest chairman reminded. Entries will be received until time for the contest.

Spot Oiling Will Kill Johnsongrass

Farmers can now get rid of Johnsongrass completely without swinging a hoe, Count Agent Lefty Thomas reveals.

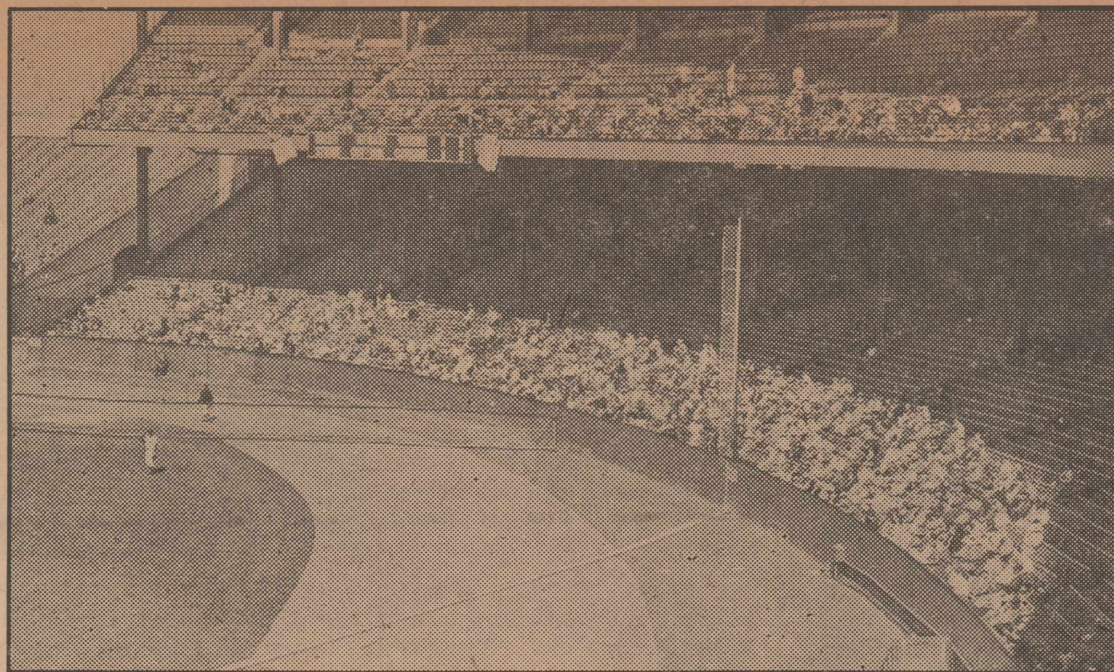

Spot application of diesel and naphtha-type oil sprays is proving a practical answer to row crop control of Johnsongrass. At College Station four treatments of such oils killed 99 percent of all Johnsongrass in cotton stands in one season. Four trips over a similar field with hand hoes eliminated only 44 percent of the grass.

Homer E. Rea, agronomist for the Texas Agricultural Experiment Station who has been working with various Johnsongrass killers, believes that successful spot oiling of Johnsongrass is highly significant.

"It does away with intensive hand labor methods which few farmers can afford these days," Rea said.

Varsol 1, Lightfoot 23, No-weed Oil, Lion 1 and Flit 38 are among commercial preparations to use. An ordinary knapsack sprayer applying a half and half mixture of these oils and diesel fuel will do the job, Rea explained. About one-third of a teaspoon of oil mixture on the stem near the base of each plant is sufficient for results. Best kills are obtained on young grass.

Within hours after the initial

treatment Johnsongrass usually is shriveled and killed to ground level. To completely eradicate the roots and prevent later resprouting repeated oilings at intervals of seven to 10 days may be necessary. This usually means four to six treatments.

Rea has the cost of application figured at \$14.10 an acre, counting oil and labor. The cost, of course, will vary with the amount of oil used and the intensity of Johnsongrass infestation.

Because Gulf takes out "goo" like this...

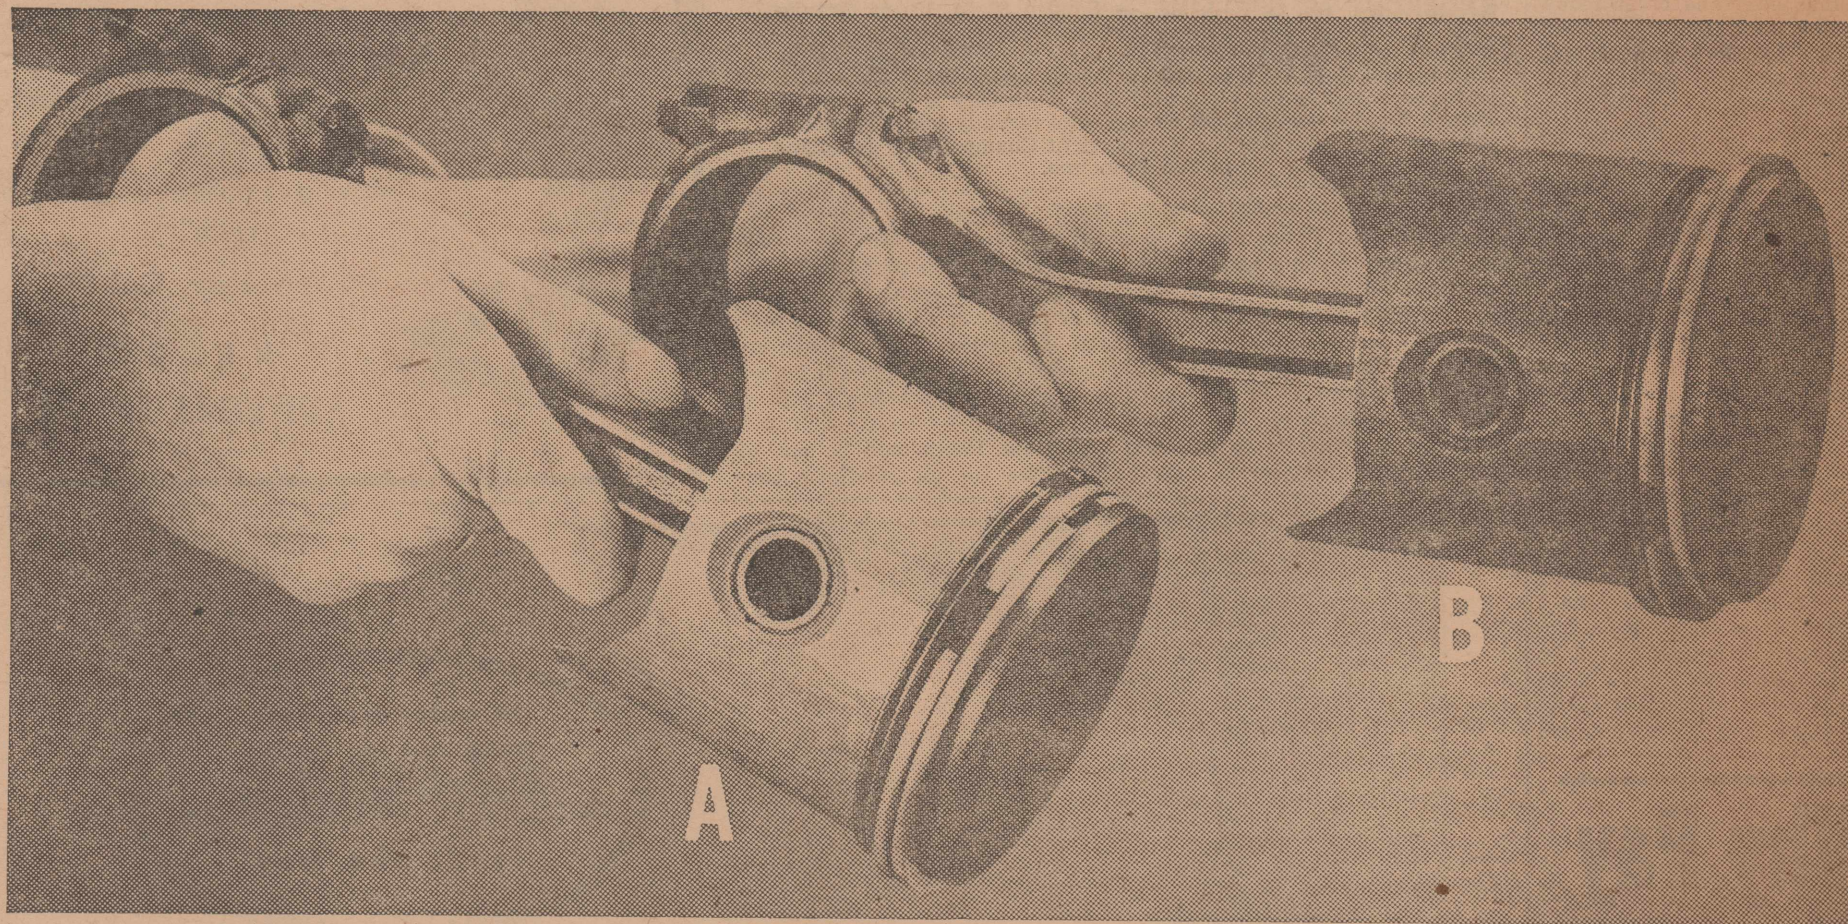

...your engine gets more "go"! This tar-like residue is what's left after evaporating a single gallon of "dirty-burning tail-end" of gasoline. There's at least this much in a tankful of ordinary gasoline.

1955 No-Nox burns clean like this...

This lamp test shows what a difference Gulf super-refining makes. Gulf refines out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new, clean-burning Gulf NO-NOX.

...and protects your engine like this!

"Compare clean piston 'A' from engine using new NO-NOX with piston 'B' from engine using the 'dirty-burning tail-end' of gasoline that Gulf

refines out. Both pistons shown here, from Gulf test engines, ran the same number of hours under the same conditions.

what's more...No gasoline—no, not a single one—has higher octane than...

This is GULF'S PLEDGE to the motoring public

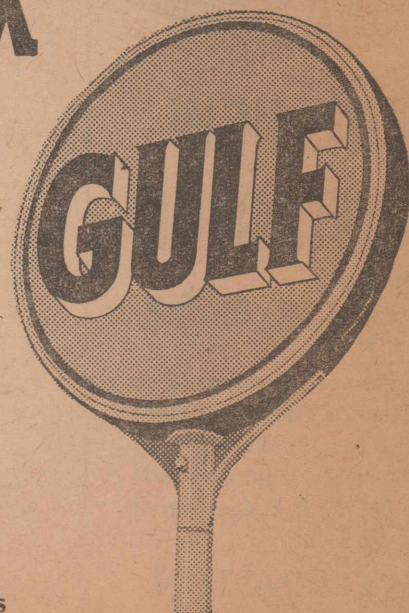

- We at Gulf make this promise to America's motorists. We will not permit a single competitor—no, not a single one—to offer a gasoline superior to our own superb No-Nox.
- It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest—in power, in performance, in engine protection.
- This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by the resources—and the integrity—of the Gulf Oil Corporation.

New 1955 GULF NO-NOX

Always remember: Octane alone is not enough. Only a gasoline that burns clean can make its full octane power really work for you, mile after mile. And that's why new NO-NOX is super-refined to burn clean and make this power last thousands of miles longer.

Fill up with new Super-Refined Gulf NO-NOX and feel the difference, right from the start, in lasting power. You'll get all these immediate benefits:

- More complete engine protection than with so-called "miracle-additive" gasolines.
- Extra gas mileage in the kind of short-trip, stop-and-go driving motorists do most.
- Stall-proof smoothness... instant starts... fast, fuel-saving warm-up.
- No knock, no pre-ignition—even in today's high-compression engines.

It's super-refined...to burn clean!

The '55 gasoline for all high-compression engines

59 Boy Scouts Visit City On Council Bicycle Tour

Fifty-nine Boy Scouts, accompanied by Phil Pegues, Adobe Wells Council District Executive and other scouting officials, arrived in Wellington at 3:30 p. m. Tuesday, July 12, after completing their third day of the second annual Council Bicycle Tour, which included four local Boy Scouts.

Upon arriving in Wellington, the Boy Scouts, all honor campers during the week-long stay they had at Camp Ki-O-Wah, near Canadian, were given a free swim in Marian Air Park Pool. The evening meal was prepared at the Air Park, courtesy of the Wellington Chamber of Commerce. A free movie pass was issued to each scout by Emmett Passmore, manager of the local theatre. The night was spent by the scouts at Marian Air Park Stadium. Breakfast was served in the Community Building by Mrs. Calvin Aaron at 7:00 a. m. Local arrangements were made by Henry Sullivan, Wellington Activities chairman.

The tour departed at 8:30 a. m. with an escort from Sheriff John Rainey's department. Law enforcement officers from each county in which the tour is being conducted are serving as the official escorts while the group is in their county.

Leo Russell, Neal Russell, Creed Hill and Carroll Daves, all honor campers when Wellington's Troops 31 and 32 were at Camp Ki-O-Wah, are making the tour.

The event started at 10:30 a. m. Sunday, July 10, following worship services in Pampa and the group spent the first night in Wheeler. On the second leg of the journey they were fested in Shamrock and then the tour came to Wellington. Wednesday the scouts arrived in Clarendon and Thursday's schedule will find them in White Deer. Friday, July 15, the group will arrive in Pampa for noon for a victory dinner and presentation of awards.

This is the best outfit that we have had. They are a crack out-

fit and a good bunch, however, they were all honor campers while at Camp Ki-O-Wah, Pegues said. "The only trouble that we are having is flats, and plenty of them, and some of the best cases of sunburn that I have seen in many a day. The boys don't complain and it is an unforgettable experience that will last a life-time".

Youth Hurt As Car Overturns

Don Branch, 16, received a head injury, but Wesley Busby, 17, escaped with minor bruises when the car in which they were riding overturned 3 miles north of Lockney Sunday, July 10, about 6:30 a. m. They are the sons of Mr. and Mrs. J. L. Branch and O. T. Busby.

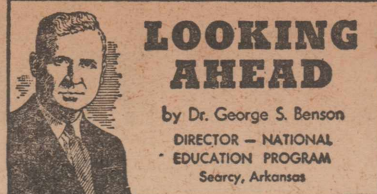

The youths were enroute to Plainview, and as nearly as they can tell, both went to sleep, the car left the road, turned over four times and came to rest on its wheels, 156 feet from where it began rolling.

Branch, the driver, was knocked unconscious, but Busby walked a short distance for help. Branch was taken to the Lockney General Hospital where he was x-rayed for injuries. Doctors reported he received a concussion, but he was released later in the day to his parents, who with Lloyd Branch, uncle of the injured youth, Billy Branch, his brother, and Larry Jesse, went to Lockney for both boys.

Branch will be confined to his bed here three or four days, and away from his work at Buddy's Super Market two weeks, his mother said.

The car, a 1954 Plymouth belonging to Mr. Branch, was described as a total loss.

Nowdays, getting up in the morning isn't any harder than getting to bed at night.

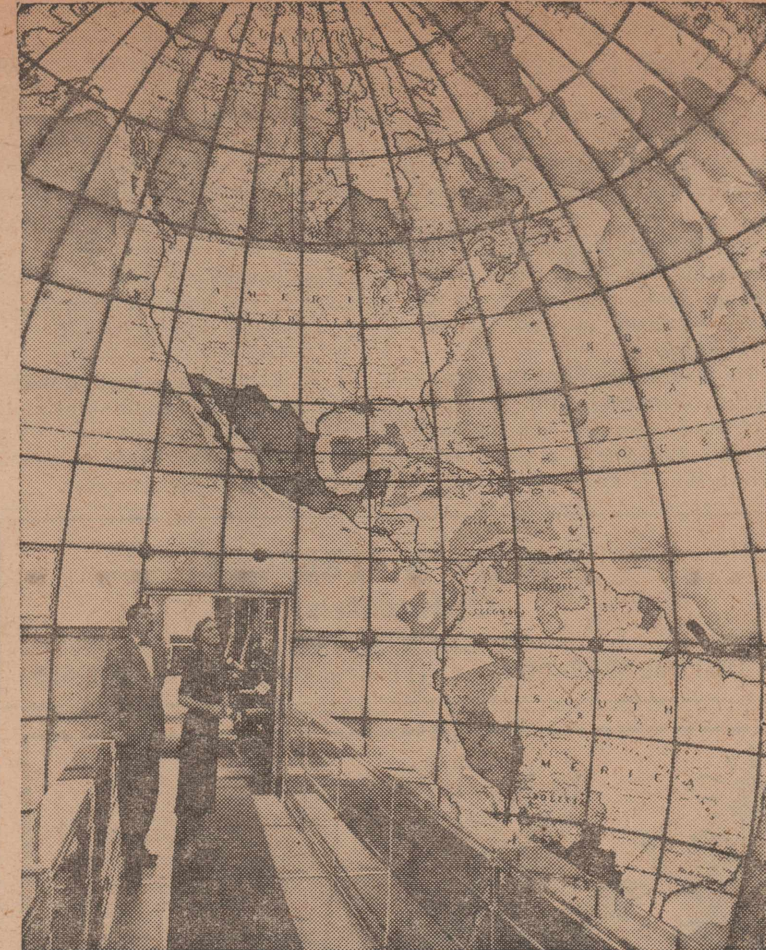

COMMUNIST TARGET: YOUNG INTELLECTUALS

In every country in the world which the Communists have conquered, their first step has been the conquest of the student mind with books. This statement comes from one of the world's outstanding scholars on the subject, Dr. Fred Schwarz, the Australian surgeon-psychiatrist who left his profession several years ago to crusade against Communism throughout the world. He spoke recently at the 16th Freedom Forum, conducted by The National Education Program at Searcy, Arkansas.

In the Communist technique of conquering, the colleges and universities are the first target—faculty and students. "Throughout the world today", Dr. Schwarz said, "the fundamental battle is for the minds of the young intellectuals. They are the elite. They must plant the seeds and lead the revolution, capturing the masses to be used as the pawns of Communism. And yet few people understand and recognize this fact. We've misdiagnosed Communism as a disease of the poor, originating in bad economic conditions, originating in poverty, with a natural corollary that to treat it we've got to improve economic conditions."

INTELLECTUAL FOUNTAINHEAD

"Now don't misunderstand me; God bless every improvement in economic conditions! But if we think we're going to stop Communism in that way we're fantastically deluded. And yet, that idea underlies probably 90 per cent of what is being done. A highly educated man said to me: 'No man ever became a Communist on a full stomach!' I said I could mention one or two: Karl Marx, Frederick Engels, Nikolay Lenin, Josef Stalin, Malen-

A regular stop on Boston sightseeing tours is the Mapparium in The Christian Science Publishing Society headquarters in Boston, Mass. A glass sphere 30 feet in diameter, the Mapparium features a glass bridge over which visitors can walk "inside" the globe. The above view shows the colored glass section of the Americas. The Mapparium is open during business hours and is seen by several hundred thousand visitors annually.

kov, Molotov, Bulganin, Khrushchev, Mao Tse-tung, Ho Chi Minh, Alger Hiss, Fredrick Vanderbilt Field, Whittaker Chambers—in fact every major world Communist figure that's ever been!

"Everyone of them, without a single known exception, who became a Communist in a non-Communist country, became one as a poor man, not as a working man, not as a son of toil, but as a student intellectual, materialistic in philosophy and atheist in faith. Communism emerges not out of the ranks of the workers and the poor but out of the ranks of the

sia, in every other nation. 'They have control', he said, 'over the thoughts, the ideas, the beliefs of 75 per cent of the people of the world outside their own limits'."

He presented documentary evidence of Communist-manufactured literature. He showed, for instance, that "Problems of Leninism", a beautifully-bound, expensive 803-page Communist classic printed in English in Moscow, is being sold for 10 cents per copy in Japan, 70 cents, in the U. S. A. He said that in the universities of Japan such books were provided free and were being used to teach young Japanese intellectuals how to read and speak English! Their minds become moulded into the Communist pattern, and they are excited to the revolution". This same Communist scheme is active in India, Indonesia — and in every country toward which the Communists, at the moment, are moving, Dr. Schwarz said.

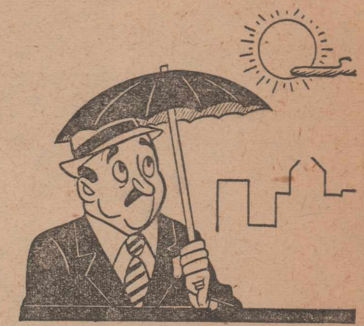

PROOF IN INDIA

This recalled to my mind the excellent series of articles on India written last winter by Carl T. Rowan, Minneapolis Tribune reporter. Rowan, a Negro, spent four months in India. He found Communism deeply embedded in the universities. He found few Reds among India's poor. After touring India, he wrote that he had seen the hammer & sickle waving in only a few villages. "It was the disgruntled, unhappy among the educated", he said, "whom I had heard singing the praise of Communism".

"Some important Indian army people told me", wrote Rowan, "that the Communists can paralyze the heart of India in an invasion, just by using college students. . . . The officers pointed out that in recent months the Communists had shown that they pretty well control certain key colleges in India". I recall also the recent tragic slaying of Gene Symonds, the United Press Asia manager, as he sought to cover a Communist-led political riot in Singapore. Leaders of the riot,

according to press dispatches, were university students. Symonds was beaten to death.

Leave Half the Work at Home When Cooking Picnic Meals

BY DOROTHY MADDOX

NOTHING delights youngsters more than a picnic cook-out. We've gathered a few practical hints to make preparing and cooking the outdoor meal easier and more fun for everyone.

Wrap sandwiches tightly in aluminum foil, sealing all edges with double folds. Store in freezer. Sandwiches take 2 or 3 hours to defrost. If you want to add lettuce or tomato to sandwiches, pack them separately in foil to preserve their freshness. Then sandwiches will taste fresh-made. For variety, place sandwiches on grill and toast to golden brown (especially good for cheese fillings).

Kiddies' Drumsticks

Purchase fresh or frozen chicken legs. Place each drumstick on a square of aluminum foil and add a generous piece of butter or margarine, minced onion (if desired), seasonings and 1 tablespoon milk or tomato juice. Wrap tightly in foil and cook on the grill for 45 minutes, turning occasionally.

Yam-Apple Bake

Four yams or sweet potatoes, 2 apples, 5 tablespoons brown sugar, 2 tablespoons lemon juice, 1 tablespoon softened butter, salt, pepper.

Peel off 4 sheets of heavy-duty aluminum foil to measure 18 inches by 12 inches. Peel and thinly slice sweet potatoes. Peel and quarter apples.

Roy Family Has
Ft. Worth Reunion

The family of H. Lee Roy, who formerly lived in the Rolla Community, was held at Fort Worth, July 2, 3 and 4, with the members coming from Tennessee, points over Texas and Oklahoma.

Hosts at this reunion were a son and daughter-in-law, the Rev. and Mrs. Claude Roy.

Saturday evening, the family went sight-seeing, then stopped at a park for a weiner roast. Sunday all attended services at Richmond Avenue Baptist Church, where Rev. Roy is pastor. Picture-taking and visiting filled the afternoon. Monday was given over to fishing at Lake Worth and picnicking.

This was the first time the family had been together in 8 years or longer.

Attending were Mr. and Mrs. H. Lee Roy, and these children: Leon Roy and Mr. and Mrs. Elmer Roy and boys of Athens, Tenn.; Dr. and Mrs. Harry L. Roy and girls of Houston, Mr. and Mrs. Glenn Roberts and family of Hereford, Mr. and Mrs. Alvin Roy and family of Norman, Oklahoma, Mrs. Wilson Dobbins and Johnny of Amarillo, and the hosts, Rev. and Mrs. Roy, Carolyn and Ronnie. Other relatives present were Mr. and Mrs. Clarence Thompson and family of Athens, Tennessee, and Mrs. F. O. Thompson of Sweetwater, Tennessee.

Next year the reunion will be held at Athens.

Following the Fort Worth event, Mr. and Mrs. Roy visited his children at Amarillo and Hereford, then came here for a short stay with friends.

Summer Ceremony Unites Miss Tommie
Souder and Z. J. Neeley Jr.

Friendship Baptist Church at Buck Creek was the scene of the recent marriage uniting Miss Tommie Souder, daughter of Mrs. J. L. Souder of that community, and Z. J. Neeley, Jr., son of Mr. and Mrs. Z. J. Neeley of Quail.

Elder L. Stonecipher officiated at the impressive ceremony as the couple stood beneath an arch covered with ivy and red and white roses.

Preceding the ceremony, Miss Patsy Aaron played a group of piano numbers that included "O Promise Me" and "I Am Thine Own". "The Bridal Chorus" was used as the wedding party entered, and other selections were played softly during the ceremony.

The bride chose for her wedding a waltz-length dress of white taffeta, styled with princess lines, a deep v-neckline and rhinestone trim on the bodice. With it she wore a lace bolero with a mandarin collar and short sleeves. Her shoulder veil of nylon illusion was touched with rhinestones and attached to a tiny white hat. She carried a white Bible, topped with an arrangement of red roses tied with red and white streamers.

Her traditional something old and borrowed was the tiny watch on a chain, worn around her neck, which belonged to her grandmother.

Miss Connie Souder was her sister's maid of honor. She wore

a dress of blue cotton taffeta, with long-torso bodice, round neckline with rhinestone accents, and a full waltz-length skirt. She carried a bouquet of white carnations.

Jack Neeley was his brother's best man.

For her daughter's wedding, Mrs. Souder chose a pink dress with pink and black accessories, while Mrs. Neeley wore a charcoal dress with pink and black accessories. Both had corsages of pink carnations.

A reception at the church followed.

After the couple cut the first slice of their tiered wedding cake, topped by a miniature bride and groom, the guests were served by Mrs. Raymond Neeley, sister-in-law of the groom, while Mrs. Elvis Pitts, sister of the bride, was at the punch service.

As her going-away costume the bride chose a beige dress trimmed in dark brown, with brown accessories.

The couple have been popular members of the younger set in the Quail-Buck Creek area. The groom graduated from Quail high school this year and the bride will resume her studies in September at Dumas, where they have established their home in the Olesby Apartment, East Seventh Street. The groom is employed by the Goldsmith Milk Company.

Wilhite-Roll
Reunion Held

The home of Mr. and Mrs. Zeb Wilhite of near Dodson was the scene of a recent reunion that brought together their family and the family of Mrs. Mabel Roll of Roswell, along with other relatives and friends.

The big dinner was spread at noon, and the afternoon was given over to visiting and taking pictures.

Mrs. Roll lived in this community as a young woman and is a sister of Mrs. Wilhite and of Stanley Beck of Mobeetie.

It is the first time the two families have ever been together to visit.

Present were S-Sgt. and Mrs. C. F. Lowman of Dexter, N. M.; Mr. and Mrs. Victor Perini, Sonny and Serenna, of Carlsbad, N. M.; Mr. and Mrs. J. W. Merrell, Geraldene, Louise, Carol and Linda of Carlsbad, N. M.; Mr. and Mrs. John W. Rodgers of Wellington. Ed M. Cates of Crowell; Mrs. Mattie Perkins, Mart Estes and Wayne, Mr. and Mrs. Raymond Estes and Rita Joyce, Raburn Hightower, and Mr. and Mrs. Floyd Wilhite, Wanda, Diane and Terry of Hollis; Mrs. Manche Estes of Dodson; Mrs. Roll and Mr. and Mrs. Wilhite.

Children, their husbands and wives attending, were Rev. and Mrs. Arthur Brewer and Mr. and Mrs. T. E. Young of Abernathy; Mrs. Mittie Hembree of Plainview; Mrs. Dora Aston of Artesia, N.M.; Mr. and Mrs. Charlie Brewer of Abernathy; Bill Brewer of Albuquerque, N. M.; Mr. and Mrs. Levie Brewer of Watterford, California; Mr. and Mrs. George Brewer of Austin; Mr. and Mrs. Luther Brewer of Hale Center, Mrs. Mack Riddle of California.

Mrs. Feba Bowen of Wellington, a sister of Uncle Billie Bowen, attended, as did two granddaughters and several great grandchildren, Mrs. Ernest Maxwell and boys and Mrs. C. L. Moody and children.

Altogether, there were 31 grandchildren, 29 great grandchildren and two great great grandchildren, Mike Shiver and Barry Young.

Neeley Gathering
At Palo Duro

By Mrs. G. T. Stephens

The W. J. Neeley family had a reunion at Palo Duro Canyon on Sunday, July 10. They had a picnic lunch at noon and the rest of the afternoon was spent making pictures, the young children rode on the miniature train and enjoyed the many other park attractions.

Those attending were: Mr. and Mrs. W. J. Neeley of Quail, Mr. and Mrs. A. S. Heath and family of Dumas, Texas, Mr. and Mrs. Curtis Norman and girls of Glenrose, Texas, Mr. and Mrs. Willis Wood and family of Portales, New Mexico, Mr. and Mrs. Z. J. Neeley and family of Quail, Mr. and Mrs. Lonnie Neeley and children of Quail, Mr. and Mrs. R. E. Bradley of Whiteface, Texas, Mr. and Mrs. Ted Brock of Wellington, Mr. and Mrs. Leon Handley and children of Amarillo, Texas, Mr. and Mrs. Jimmie Cunningham and son of Whiteface, Mrs. Kenneth Jett and daughter of Denver City, Texas, Mrs. Ronald Kersten and children of Wellington, Mrs. Z. J. Neeley Jr., of Dumas.

After the couple cut the first slice of their tiered wedding cake, topped by a miniature bride and groom, the guests were served by Mrs. Raymond Neeley, sister-in-law of the groom, while Mrs. Elvis Pitts, sister of the bride, was at the punch service.

As her going-away costume the bride chose a beige dress trimmed in dark brown, with brown accessories.

COLLINGSWORTH COUNTY CHECKERBOARD NEWS

BY CHARLES LITTLE JR.
Singley Mill & Elevator

Last week I was by the Rudy Burquist home and saw about 475 growing turkeys that are going to make some mighty fine eating for lots of folks at thanksgiving and Christmas time. Rudy has done a fine job raising these turkeys. He has followed the Purina program right to the dot and if you could see them you would say with me that it will certainly pay off. Feed efficiency has been upped 6.5 per cent due to the addition of more Pura-Fat to Purina Turkey Chows. This means about an extra 2 pounds of turkey meat for very hundred pounds of turkey Chows fed.

I was just reading a survey that was made in 101 Commercial dairy herds in six major Florida milksheds and to me the results are

starteling. It was found that the average productive life of dairy cows in milking herds was 4.7 years. Reasons for disposal of 2,182 Dairy cows in 14 herds have been analyzed and the three major reasons for disposal were (1) Mastitis and udder trouble (2) low production and (3) reproductive troubles. It seems to me that there is a lot of work to be done in this particular part of the country or else there is going to be a lot of broke dairymen. I think you will agree with me when I say that these folks are not following a sound program. Dairy men in this county will tell you that they cannot make a go in the dairy business of they average productive life of their cows was just 4.7 years. At the Purina Research Farm the average productive life of every cow is over 7 years of age. There are cows that are in dairy herds in this county that are just now at their peak production that are in their 5th and 6th lactations and are good for more years of profitable production due to the fact that their owner has them on a sound program of good breeding, good sanitation, good management and a good feeding program.

WHERE'S GEORGIA'S PEACHES?—Prices aren't so peachy at Georgia's peach stands this year. Discovering this is Mrs. J. Howard Crane of Atlanta. And the 25-cents-each price tag isn't all that surprises her. The fruit, usually plentiful in Georgia, are imports from California. The "peach state" has no peaches of its own this year because the late frost killed them this spring.

Mr. and Mrs. R. R. Carter and children, Rebecca, Richard and Robert spent the fourth of July holidays in Fort Sumner, New Mexico visiting with Mr. Carter's sister and family, Mr. and Mrs. Melvin Howe.

J. B. Castleberry accompanied his daughter, Mrs. Jimmy Gilentine and children, Buz and Sara of Hereford, to Rome, Texas Saturday where they were to attend the 86th birthday of Mrs. Z. B. Bobo. Mrs. Bobo is the mother-in-law of Mr. Castleberry and the grandmother of Mrs. Gilentine.

Rusty Bevers of Philadelphia, Pennsylvania is spending the summer with his father, Douglas Bevers, and grandparents, Mr. and Mrs. John Bevers.

Home from a 23-day tour of the west and northwest are Mr. and Mrs. T. E. Lennon and children, Barbara and Joe, of Dodson. At five of their six major stops they visited relatives: his sisters and their families, Mr. and Mrs. Eddie France of Phoenix, Arizona, Mr. and Mrs. Charles George of Los Angeles, and Mr. and Mrs. Roy Cheek of Salem, Oregon; Mrs. Lennon's brother, M. C. McGuire and family at Merced, Calif.; her aunt, Mrs. Alice Tupper at Portland, Oregon; and his brother, A. M. Lennon and family at Denver. One stop strictly for sight-seeing was Salt Lake City, Utah.

Mr. and Mrs. Ernest Elliott were here for a short visit recently with her mother, Mrs. Jim Dukeminier. Residents of Port-au-Prince, Haiti, for the last 18 months, they flew to the states for their first vacation since going to the Island. They also visited his father, C. H. Elliott in Amarillo, and in Plainview, their home, and at Houston. Mr. Elliott is with Brown and Root Construction Company, and they live in a camp with approximately 24 other families in the mountains away from Port-au-Prince.

Mr. and Mrs. Floyd Hudson and daughters of Hereford, spent the weekend with her parents, Mr. and Mrs. C. E. Roberts.

Mrs. Marie Watkins spent the weekend in Hollis with her daughter, Mrs. Eddie Bassel. Her grandson, Mark Bassel, returned home with her for a short visit.

Mrs. W. L. Newman and Mrs. Kathryn Taylor and children, Bud and Tressa of Houston, visited recently with Mr. and Mrs. Millard Brown and family.

Mr. and Mrs. Newman L. Brown and daughter, Lila Kathryn and Vicky Jo of Amarillo are spending their vacation in Wellington with friends and relatives.

188-hp Buick SPECIAL 6-Passenger, 4-Door RIVIERA, Model 43

This 4-Door Beauty is the Newest Hit in Hardtops

YOU certainly ought to come in and see for yourself why this new kind of hardtop is headed for the best-seller list.

It's a Buick Riviera, of course.

Which means the low and rakish look of a Convertible — a solid steel roof overhead — and no center posts in the side window areas to obstruct your view.

But that's only the beginning.

Here you get *two extra doors*. They open to the rear compartment. So no one in the front has to move when someone gets into or out of the rear.

Here you get massive *half-pillars* on either side on which the front doors latch and the rear doors hinge. (That's why you see no center posts above the door line.)

Here, too, you get wholly new principles in body design and strength that give the extra safety of rock-firm solidity at the top, sides and bottom.

And here—bless those Buick engineers!—you get a lot more room in the rear compartment.

For the 4-Door Riviera gives you over 9 inches more hiproom and 5 inches more legroom — yet with *no* increase in wheelbase or over-all car length.

So we repeat—you certainly ought to come in and see this stunning new kind of hardtop.

It's the very last word in beauty, comfort, convenience. It's available in Buick's two lowest-priced Series — the SPECIAL and the CENTURY. And it's *all* Buick — with Buick power, Buick ride, Buick handling — and the spectacular performance of Buick's Variable Pitch Dynaflo.*

Drop in today—tomorrow at the latest—and learn what Buick's all time record sales year can mean to you in the way of a whopping-big trade-in deal.

*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Upper Colorado River Project

Congress might as well appropriate money to grow bananas on Pike's Peak as to approve the Upper Colorado River Project!

This project would cost the Nation's Taxpayers \$4 billion . . . probably a lot more.

It would grow the kind of crops already in great surplus and heavily supported by the Taxpayers . . . such as Grains, Butter, other Dairy Products, Wool.

It would open the door to invasion of our National Parks.

It would cost \$5,000 an acre to grow hay.

BANANAS ON PIKE'S PEAK!

Pending now in the House of Representatives is the so-called Upper Colorado River Project Bill. It calls for numerous dams and irrigation works in Colorado, New Mexico, Utah and Wyoming. The Senate already has passed one version of this bill that calls for six major dams and 34 irrigation systems. This bill would saddle a tax burden of \$4 billion on the American people. The House bill calls for a somewhat lesser number of dams and irrigation systems but proponents of the project have indicated they still favor the Senate version and plan to push for its adoption.

Holtons on Honor Roll at Wayland

Plainview, — (spl.) — Mr. and Mrs. Raburn Holton, Wellington, are among the 28 Wayland students making the Dean's Honor List, which has just been released by Dean Henson Harris.

The Holtons are 1955 graduates. Mrs. Holton, who is completing her requirements for the B. A. degree this summer, ranked tenth among the 28 students. Mr. Holton, who received his degree with the spring class, ranked fourteenth. Both have consistently made the Dean's Honor List during their college days and are one of four couples making the list this time, despite home duties and work. They plan to enroll in Southwestern Seminary in the fall.

To take care of the anticipated increased enrollment on September 5, Wayland College is building a new residence hall for 50 young men, the gift of Baptist Brotherhoods of the Panhandle Plains area and a residence hall for 34 young women and is redecorating the 45-year-old Wayland Chapel which has never had a complete redecorating job since it was built. Extensive improvements to other campus buildings and equipment is underway since Wayland's increase in enrollment the past session mounted to 19 per cent and for the first summer term to 10 per cent. The second summer term which begins July 18 has reservations that indicate an equally large increase.

Editorial Comment — The Wellington Leader

Fake Experts Leave Trail of Anger

Iowa Falls plumbers have brought to the attention of home owners in Iowa Falls a message that can well bear repeating.

The experience seems to be that in those cases where natural gas comes to a community, there also comes a group of itinerant heating salesman who leave in their wake a group of angry and disappointed home owners. The story seems to be that certain companies and salesmen make it a habit of going into communities such as our which have recently received a new fuel and selling equipment at exorbitant costs and under circumstances which generally leave the home owner with a very inferior heating system. Experience in other towns indicates that these heating systems installed by outside firms and canvassers almost always cost several hundred dollars more than they should cost. Experience also indicates that they are almost universally of inferior quality.

Unfortunately these outside firms demand the signing of a contract which calls for the payment of a certain amount of money at certain stages of the installation regardless of whether the home owner is satisfied or not. Every local heating firm that we know of will be glad to provide a home owner with an estimate of the cost to replace or repair or convert his present heating system. They will specify in this estimate what they will do; they will say what the cost will be; they will sign the statement. But they will not demand a contract from the local home owner. Under these circumstances we can't believe that home owners in Iowa Falls will "fall for" the siren song of the heating specialists who no doubt will be appearing on our streets and knocking at doors in the near future.

Newcomers Deserve a Friendly Call

We had a letter the other day from a newcomer to West Union. It wasn't intended for publication as is the usual letter to the editor. However much of the sentiment it expressed bears repeating in the paper.

The woman who wrote us had been in town for a matter of weeks and had got the impression that West Union folks were hard to get acquainted with.

She felt that a newcomer here was not made to feel welcome, and from

what we can gather, she had reason to feel that way.

It is a peculiar problem of towns this size. We're not quite large enough to maintain a "Welcome Wagon" or full time greeter. We tried it some years back and it didn't work out.

At the same time we're just small enough that folks do get acquainted in a reasonable amount of time, and once they are acquainted find themselves practically overwhelmed with new responsibilities in the community.

Meanwhile, we'd like to make a suggestion to all good neighbors in the community. (And I think we all pride ourselves on being good neighbors.)

It's easy to sit back with all the good intentions in the world of calling on new neighbors, all the while putting it off until "tomorrow" or "next week" or next month." Just remember how lonesome you've felt in new and different surroundings. And then go call on those newcomers.

All the "Newcomers Clubs" and "Welcome Wagons" money could buy won't mean as much to your neighbor as your first friendly call.

Let everyone in the community make himself a "Welcoming Committee," and newcomers will automatically feel West Union is a friendly town, will be happy they decided to make their home here.

The Fayette County Union
(West Union, Ia.)

50 Feet of Lively News

An old sourpuss the other day told us that he was not interested in subscribing to our paper because "there's never any news in a small town."

So I explained the News, page by page, paragraph by paragraph. I found that in last week's edition we printed 26 column inches of news about local people, business, schools, clubs and government—that's more than 50 feet of news that happened in town last week. On the front page there were 132 individual names, and for all 14 pages there were 1,186 individual names of people, business men, school kids, club women, and athletics.

And we used the name of our city 50 times on the front page alone. No news in the home town paper? Why, our town is full of everyday living, and therefore full of news—50 feet of it last week. Gosh, I didn't know we were that lively!

IT'S THE LAW
in Texas

A public service feature
of the State Bar of Texas

"WITH ALL MY WORLDLY GOODS..."

June is traditionally the month for weddings, and many couples will be taking marriage vows within the next few weeks. But, while a certain symbolic transfer of "worldly goods" is often associated with the wedding ceremony, under Texas law, the act of marrying another does not give you the authorization to take control of his property.

Generally speaking, each spouse has the right to control and dispose of his or her own separate property. The separate property of a husband or wife includes property owned by either before marriage, and that which is acquired by either after marriage by gift or inheritance. Any other property acquired after marriage is presumed by law to be community property until the contrary is clearly proved.

Aside from the ordinary community estate, there is a class of property known as the wife's "special community", which includes all the income from her separate real property, and probably the

interest on bonds or notes, and dividends on stocks owned in her separate right. While the husband may have similar assets, the law accords them no particular distinction from ordinary community property.

Although the history of the matter is somewhat confusing, it appears that under present day law the husband has control of ordinary community property; but control of the wife's special community property is reversed to her.

Certain restrictions are imposed upon both husband and wife in exercising such control. For instance, the husband cannot legally dispose of community property in such a way to defraud the wife, nor can he sell the homestead without her signature and acknowledgment. And the wife's sale or mortgage of her separate real estate, stocks or bonds is not valid unless her husband joins with her in the transaction—he must sign and execute the necessary legal papers along with her.

There are laws exempting the wife's separate and special community property from liability for debts incurred by the husband. Such liability is restricted to his separate property and the ordinary community property.

On the other hand, debts incurred by the wife in obtaining necessities for herself or the children bind all property belonging to either party, including the husband's separate property. For other debts which she has power to incur, only her separate and special community property are liable.

All of these distinctions emphasize the advisability of keeping

proper records. By doing so the various classes of community and separate property owned by a married couple will always be easily distinguishable. Each category will then receive the special protection afforded to it by our laws.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.

If the TV sets used in cheap bars don't make you blind—the liquor will.
