OFFICER DIES IN BATTLE WITH BANDITS SEARCH FOR ROBY KILLERS CENTERS IN MONTAGUE

PAIR BELIEVED SLAYERS SEEN HERE SUNDAY

LARGE POSSES SEARCH HILLY COUNTRY IN INTENSIVE HUNT

ABILENE, Texas, Aug. 29.—A relentless search for Bill Smith and Lloyd Conner, wanted for the slaying Saturday of Roby, Finer county, turned today to the hilly brush country of Montague county.

Two men and two women, traveling in a large sedan and fitting the description of those wanted, were seen six miles west of Montague Sunday morning between 9 and 10 o'clock. The car and occupants disappeared, but officers were confident today that the group was in hiding.

Although close to the Red river, it is unlikely that the two men could escape into Oklahoma at that point, because officers declared this morning. Every foot of the river is being patrolled. It was stated.

Country Is Rough The outlaws surrounding Montague are rough and hilly and it would be possible for the men to remain in hiding for several days. The entire country is being closely watched and it is to be searched officers announced.

Funeral services were held yesterday at Roby for Sheriff Bob Smith and his deputy, Jake Owens, who fell Saturday, victims of two men whom they had arrested. Roby is a small town in Fisher county, Scurry and adjoining counties gathered for the funerals.

Smith and Owens were killed a few minutes after they had arrested Bill Smith and Lloyd Conner on a charge of stealing a bale of cotton Thursday night from Garrettsville, Scurry county. The two men got their young wives and a few minutes later and dashed away in Bill Smith's sedan.

Many Reports Received While numerous reports have been received that a car with from two to four persons answering the description of those wanted, was seen in various sections, officers are confident the one seen in Montague is the one wanted.

Charges of murder were filed by County Attorney Ferrell with Justice of the Peace McMahon at Roby yesterday against Bill Smith and Conner, Clem Calhoun, Abilene district attorney, said today.

Anderson Trial Is Set For Thursday

TWO KILLED AS TRAIN PLUNGES OVER BIG DUMP

FAST PASSENGER GOES INTO DITCH TODAY IN PENNSYLVANIA

(By Associated Press) PITTSBURGH, Pa., Aug. 29.—Two engineers were killed and two other members of the crew injured, one seriously when the Broadway limited, fast Chicago to New York passenger train on the Pennsylvania railroad, was wrecked this morning just east of Gallitzin tunnel, 12 miles west of Altoona, Pa.

The train was being pulled by two locomotives and the lead engine left the track, plunging over a 200 foot embankment. The second engine hung on the edge of the embankment, while the combination baggage and club car also went over into the ravine below where there is a roadway. Three passengers were derailed but railroad officials said they did not overturn. The passengers, it was said, was shaken up.

Dead and Injured The dead: C. L. Garrett, engineer, Pleasant, Pa.; R. C. Spangler, fireman, Derry, Pa.

The injured: E. F. Hartman, Conemaugh, Pa. fireman, serious, with fractured arm, cuts, bruise and possible internal injuries; G. H. Hunter, Pittsburgh, engineer, legs and ankles injured. The 200-ton passenger train was being pulled by two locomotives, one of which was derailed and plunged over a 200-foot embankment.

The cause of the wreck was unknown, but railroad officials said investigators were at once sent to Gallitzin.

Relief Trains Go Out Two relief trains carrying doctors and nurses were sent from Pittsburgh and one from Altoona. Wrecking crews were dispatched from several points and there is one stationed at Gallitzin.

Railroad reports said that within a short time second division in the three derailed pullmans had been given accommodations in the six cars remaining on the track later an extra engine was brought to the spot and the six coaches taken back and rerouted over another track, after which the journey to New York was continued.

PLANE FORCED TO RETURN ON ENGLISH TRIP

Hop Off Made At Ontario At 5:50

(By Associated Press) LONDON, Ont., Aug. 29 (AP)—Captain Terry Tully and Lieutenant James Medina hopped off in their Stinson-Detroit monoplane "St. John Carling" at 5:50 o'clock this morning for London, England.

Perfect Getaway After a run of about three quarters of a mile down the field, the fliers made a perfect getaway into the gray dawn. They took off to the west, and after circling the city to gain height, turned the nose of the plane toward the rising sun.

The attempted 2,742 mile flight is for the \$25,000 Carling prize. As the great plane rose with its heavy load a cheer was given by the 12,000 spectators at the field.

The start could not have been more nearly perfect. At 5:43 the great motor roared into action and the propeller became a blur of whirling metal.

Has Heavy Cargo Tully allowed the motor to roar for a few minutes and warm up at 5:50 the plane began its upward climb. The plane was loaded with a heavy cargo, including a motor, a spare propeller, a spare engine, a spare fuel tank, and a spare oil tank.

Rapidly the machine gathered speed and about three quarters of a mile down the runway the wheels lifted from the ground, and the plane was successfully on its way.

NEW HOPE FOR REDFERN HELD PLANE REPORTED SEEN OVER VENEZUELA ON LAST SATURDAY

(By The Associated Press) BRUNSWICK, Ga., Aug. 29.—Renewed hope that Paul Redfern may have reached South America was given to the wife and friends of the aviator here today on receipt of the Associated Press bulletin from Caracas, Venezuela, reporting that an airplane had been sighted over the delta of the Orinoco river at 3 p. m. Saturday.

The news was communicated immediately to the young wife of the aviator who has been staying with friends here since her husband hopped off at 12:46 p. m. Thursday for Brazil.

Redfern's plotted course, however did not carry him over Venezuela and if the airplane sighted there was the Port of Brunswick the aviator had been blown off his course a few hundred miles to the westward.

Report Of Plane Very Indefinite CARACAS, Venezuela, Aug. 29 (AP)—It was reported here today that an airplane was sighted over the Delta of the Orinoco river at three o'clock Saturday afternoon, flying in a southerly direction.

The government telegraph operator at Tucumita City, in the center of the Delta territory, wired the operators at Ciudad Bolivar Saturday.

Cotton Prices Hit New Season's Record NEW YORK, Aug. 29 (AP)—Active buying in the cotton market, based on reports that the department of agriculture tomorrow will issue another report on the bull weevil situation and of continued showery throughout the cotton belt, sent prices to new high records today. All options sold above the 23 cents a pound mark, with a perpendicular advance of about 25 per cent from the early decline.

Active purchasing by cotton mills which previously had not been in sympathy with the advance, added to the heavy buying movement.

December contracts sold at 23 1/2 cents a pound as compared with 17 1/2 cents on August 3.

TWO HOLD-UP MEN SHOT AND ANOTHER SUICIDES WHEN TWO WICHITA OFFICERS OPEN FIRE

(By The Associated Press)

WICHITA, Kansas, Aug. 29.—One policeman was wounded fatally and two bandits were shot in a gun fight here early today between two police officers and three bandits. One of the bandits committed suicide when the holdup men's car crashed into a tree after the policeman opened fire, and the second was captured a few hours later.

J. E. Marshall, 30, motorcycle officer, died an hour after the gun fight. The bandit who was captured gave his name as Charles H. Stalcup, 35, Sapulpa, Okla.

He said his companion who committed suicide was named Barker. The third member of the trio, said to be named Meyers, escaped.

Admits Robbery Stalcup said he met the two other men three days ago at Coffeyville, Kansas. He admitted that the trio robbed the Crystal Ice plant at Newton, Kansas, last night.

Police here were given orders to investigate all automobiles on the streets following reports of the Newton robbery. Marshall, accompanied by his side car companion, Frank Bush, accosted the trio, who were in a small sedan. The bandits opened fire, shooting Marshall twice through the head. Bush returned the fire as one of the bandits ran and the two others fled in the car.

Auto Crashes Into Tree Some distance away the bandit car crashed into a tree. One of its occupants (Barker) left the car and drawing his pistol shot himself through the head. The other, shot through the legs, was found later in a nearby clump of weeds. Police this morning were searching for the third member of the trio.

COLLECTION OF TAXES IN U. S. COST OF OPERATIONS IS DECREASED IN PAST YEAR

(By Associated Press) WASHINGTON, Aug. 29.—Showing a decrease in the cost of collection, the treasury has reported that government tax receipts for the year ending June 30, recorded an increase of \$2,885,683,127 over the previous twelve months. The cost of operation of the tax law during the past fiscal year was \$22,955,873 or \$1.15 for each \$100 collected, a decrease of 45 per cent.

Taxes on Tobacco Mainly due to the manufacture and sale of cigars which were reported as having greatly exceeded any previous year, the principal increase in revenue from miscellaneous taxes was from tobacco manufacturers which totaled \$4,563,796.

An increase of 152,924 was recorded in the levy of playing cards which totaled \$4,742,468.

Admission taxes for cabarets, concerts and theaters showed a decrease of \$6,000,000 with a total collection of \$17,940,638, due partially to the increased excursions on automobiles from 50 to 75 cents under the 1926 law. Automobile sales taxes dropped more than \$70,000,000 with a total return of \$66,437,881 for the year as a result of the reduction of the rate in the 1926 law.

11 Years Collections Total tax collections for the past eleven years were \$25,262,535,711, according to the report and during that period refunds on illegally collected taxes amounted to 2.2 per cent of the receipts or \$794,416,776.

New York led in collections, including both income and miscellaneous levies with \$755,079,237. Pennsylvania and Illinois were second and third with \$258,763,801 and \$217,378,898 respectively, while North Carolina, mainly because of the tobacco tax, followed.

Brownfield Man Dies In Hospital Here Last Night

ATTACK FATAL TO YOUNG GIRL

MYSTERY CASE IS MORE COMPLICATED WITH ORPHAN'S DEATH

(By Associated Press) PROVIDENCE, Ky., Aug. 29.—Death in an Evansville, Indiana, hospital early this morning of Miss Pauline Dearmon added to the difficulties of officers seeking to solve the mystery of an attack upon the sixteen year old orphan girl and the murder of Fred Russell, her 21 year old fiancé.

Although the attack is believed to have taken place on Wednesday night or Thursday morning of last week, Miss Dearmon still was alive yesterday when a searching party found her lying near the body of Russell at a point just off an unrequented road leading to the old fair grounds, now abandoned, near here.

She was rushed to the hospital at Evansville but died at 12:15 o'clock this morning without regaining consciousness.

Meanwhile six persons, including two brothers and a sister, were held in the county jail at Dixon, near here, in connection with the crime. Although all denied any implication when taken into custody yesterday, officers planned to question them further today. They are: Claude, John and Ethel Stevens; Joe Howard, Harland Reynolds and Homer Winstead, all of Providence.

It was Winstead and Howard who, on last Friday, discovered the automobile in which Russell and Miss Dearmon were riding Wednesday night. They found it abandoned near the spot where the couple were discovered. Each of the other four was reported to have been with Miss Dearmon and her fiancé when they were last seen together on Wednesday night. All six were to be arraigned before the county judge at Dixon today.

Miss Dearmon lived with an uncle, Charles Ganster, who led the party which found her and the body of Russell after two days search.

Brock At Control Of Plane Today

CROYDON, Eng., Aug. 29 (AP)—The Pride of Detroit, American round-the-world plane, took the air at the aviation field here at 8:22 o'clock this morning with Munich, Germany, about 600 miles distant, as the destination. The flight is the second lap of the globe-circling tour being undertaken by Edward F. Schlee and William S. Brock. They completed the first leg of 2,336 miles from Harbor Grace, Newfoundland, to Croydon, Sunday morning after being in the air 22 hours, 21 minutes.

Brock was at the controls when the monoplane started. They taxied over the field against the wind and made a beautiful getaway, circling over the airfield and waving goodbye to the few spectators assembled to witness the take off. Then the machine headed toward the east and within four or five minutes was out of sight.

Weather reports indicated there was some mist over the English channel but that visibility on the continent was fairly good. The weather at Croydon was comparatively clear and the pilots considered the flying conditions were such as to warrant an attempt to reach Germany, since they are out to complete their journey within 28 days.

Before they started they received a great many cable messages from the United States wishing them every success in their venture. As they made their last minute preparations and saw to the stowing aboard of a lunch of cheese and chicken sandwiches and coffee, they held handfuls of telegrams and letters.

Among those wishing them good luck on their undertaking was Colonel Ira Edwards, representing the United States at the League of Nations council.

TWO ARMY FLIERS, ON WAY HOME FROM HUNT FOR VET, BELIEVED HELD IN MEXICO

(By The Associated Press) SAN ANTONIO, Aug. 29.—Belief that two army aviators, Captain C. H. Reynolds and Staff Sergeant Gus Newland, of Fort Sam Houston, have been captured by Mexicans was expressed by friends of the men here today.

The men were forced down Saturday while returning from Phoenix where they had been assisting in the search for Alfred C. Menard, shell shocked war veteran who is lost in the desert.

Telegraph From Marfa Today a friend of Captain Reynolds received a telegram from Marfa, Texas, saying that the men had been captured by Mexicans and were held at Yado de Piedras, eight miles down the river from Ruidosa. The telegram was signed by Col. F. P. Babcock of the first cavalry at Camp Marfa.

Rix Service is not just a myth but an actuality, for the transaction does not end until the customer is completely satisfied

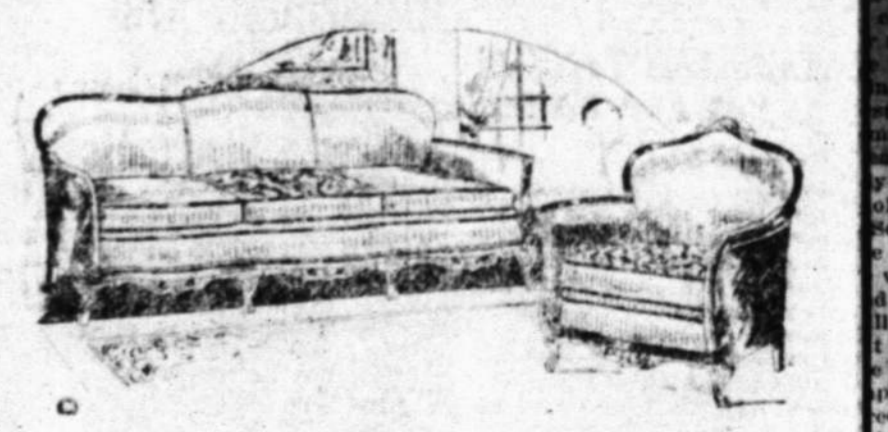

Rix's is more than a store—it is an institution that has enjoyed sound growth for 22 years because of quality and values.

It is a great source of satisfaction to us to know that the furniture that is now on the way and that will be here in a few days, represents one of the best market purchases we have ever been able to effect.

Buying direct from the manufacturer, enables us to buy better merchandise and secure better price concessions, and these concessions are in turn passed on to our customers in the form of unusual savings. This policy has made it possible for us to establish a reputation all over West Texas for values and quality, and the furniture that will be exhibited on our floors in just a few short days will more firmly establish Rix's as THE place to buy furniture.

Very often, among the customers we serve, we find that the second generation buys their furniture from the same organization their parents bought from, Rix's.

Watch for an important announcement concerning a line of nationally famous Gas Ranges which will prove a revelation in performance and economy.

YANKS CONTINUE IN LOSING TO CHICAGO 4 TO 0

(By Associated Press.)
 There have been many baseball games that have been held by the New York Yankees since they were crowned champions in 1926. One of the most notable of these is the game played Sunday afternoon at the Polo Grounds between the Yankees and the Chicago Cubs. The Yankees broke into the victory column for the first time since they were defeated by the Cubs in a 10-4 score at the Polo Grounds yesterday.

Ruth Gets 42nd
 Babe Ruth had a free-swinging game and lashed out his 42nd home run of the season to become two runs ahead of the Cubs in the seventh inning with a homer to left field. The Yankees played 17 games this season and have won 11 and lost five. The St. Louis team has broken into the victory column for the first time since they were defeated by the Cubs in a 10-4 score at the Polo Grounds yesterday.

ABILENE MAN CROWNED AS GOLF CHAMP

TEXAS TOURNAMENT AT WICHITA FALLS IS CLOSED SUNDAY

(By Associated Press.)
 WICHITA FALLS, Aug. 29.—The official award of the 1927 Texas public links championship to Dennis Lavender of Abilene and the selection of Dallas as the site of the 1928 tournament were concluding features Sunday night of the fourth annual tournament of the Texas Municipal Golf Association played over the course of the Weeks Park Golf Club.

The tournament drew the biggest entry list in the history of the association. Almost a hundred golfers from six cities participated and prizes valued at approximately \$250 were distributed.

No Doubt of Victor
 At the conclusion of Sunday's championship play there was little doubt as to the right of the Abilene youngster to wear the crown for a year. By registering 74-7-15, he outdistanced all contestants by five strokes. Howard Estep of Dallas, with 169, was the runner up and several scores of 163 for third. Lots for the prizes below second place were drawn. Jimmy McGonagall of Dallas drew third, Gus McFarland of Dallas fourth, Arthur Jordan of Dallas fifth and John R. Noble of Dallas sixth.

In the class B division, R. A. Gusman of Wichita Falls was first with 167; C. B. Walker, Dallas, second, 170; and E. K. Evans, of Ft. Worth, third, 177.

Long Drive Contest
 Heywood Weldon, a Wichita Falls left hander, won the long drive contest with a smash of 350 yards.

O. M. Taylor, of Dallas, was elected president of the association to succeed Charles Kirtsey, of Wichita Falls. Joe Frazer, of Ft. Worth was named first vice president and Dennis Lavender, second vice president, with George W. Lanning of Dallas, re-elected secretary.

Aspermont And Canyon Men Buy Drug Store Here

Sale of Johnson drug store, 1007 Main, to H. W. Wylie, of Aspermont and D. Jarrott, of Canyon, was announced this morning by G. G. Johnson, owner of the store, and pioneer druggist of Lubbock. Inventory of the business was completed this morning and the purchasers assumed charge today.

Mr. Jarrott, has for a number of years been associated with his brother in the Jarrott Brothers Drug company in Canyon. He will have the management of the Lubbock firm which will operate under the name of Wylie-Jarrott Drug company, Inc. Contrary to a prevalent rumor, the new company will remove to another location, but will continue business in its present place.

Mr. Wylie, owner of the Aspermont Drug store, announced this morning that he would make plans to sell his interests in Aspermont and move to Lubbock.

Although he will still live in Lubbock, Mr. Johnson has no plans for the future, he said this morning.

Permits Asked For Shipment Of Citrus

EDINBURGH, Aug. 29. (AP)—Growers and shippers are already making application for permits to ship citrus fruits out of Edinburg section, according to Leslie Neil, secretary of the Booster Club.

The shipping of citrus fruits now requires a certificate in order to comply with the new green citrus fruit law passed at the last session of the legislature. The law is designed to prevent the shipment of unripe or unsuitable citrus fruit from the valley. Every shipper must have a permit from the state department of agriculture.

Reds Halt Boston Rally And Win 4-2

BOSTON, Aug. 29. (AP)—Boston drove Rixey from the box in the ninth inning today with a succession of hits after he had held the Braves invincible up to that point, but Mays checked the advance and Cincinnati won 4 to 2.

Dodgers Win First From World Champs

BROOKLYN, Aug. 29. (AP)—Jess Petty mastered the world champion Cardinals today as Brooklyn made off with the opener of a double header by 2 to 1. Petty yielded only six hits in a pitching duel with Alexander the Great.

WHOLESALE SWEEP SERIES IN CITY PLAY

TAYLOR IS INVINCIBLE AS MATES POUND SMITH HARD

The Wholesalers made a clean sweep of the three game series with the city loop all-stars defeating the league representatives in a free hitting review and tucked the final game away with a score of 12 to 1 Sunday. By winning yesterday's contest the Wholesalers have a two game victory and a tie game in the three contests played. Sixteen hits, from four bases to infield hits were collected from Moody Smith, ace twirler of the Shylockers crew, and six errors were made behind him, five of which were accredited to the Jack Miller, third sacker of the all-stars.

Taylor Is Invincible
 Preacher Taylor, loop champion ace hurler, allowed but six hits during the nine frames and only two of them were allowed in a single frame. Chester Sheppard had a great day at the second sack for the loop change hitting out four safeties in five trips with one for the full round, another for three-bases, and two singles. Besides his stick work he functioned in three doubles plays for the loop champions.

The Wholesalers will have a few days off now until the State games which are arranged for five or seven game series for the inter-city championship. The league champions of this city expect to have a banquet some time this week and gold medals will be awarded to the members of the Wholesaler crew.

DERRILL PRATT PACES HITTERS OF TEXAS LOOP

THREE OTHER WACOANS FOLLOW THEIR BOSS IN SWAT PARADE

(By Associated Press.)
 DALLAS, Aug. 29.—The veteran second baseman, Derrill Pratt, manager of the Waco Cubs, continued to set the pace for hitters in the Texas league during the week by clouting the pill for an average of .352, which put him slightly to the fore of a team mate, and another veteran, Stump Edgington. The four Waco sluggers who topped the league regulars increased the distance between their own squad and their closest opponent, and while Jenkins, Wichita Falls outfielder, seemed the only alien with a chance to crowd the Cubs, the terrific batting streak of another Wacoan, Blauvelt, threatened to make the record five Cubs in front instead of four.

Ten Hitters Listed
 The ten leading hitters for players in 100 games through Thursday's Texas league contests were: Pratt, Waco, .352; Edgington, Waco, .337; West, Waco, .308; Ben Moore, Waco, .287; Jenkins, Wichita Falls, .256; Blauvelt, Waco, .249; S. Harris, Shreveport, .342; Galloway, Beaumont, .341; E. Moore, Fort Worth, .338; Sweeney, Fort Worth, .328.

The leading run getters were: Jenkins, Wichita Falls, 128; E. Moore, Fort Worth, 112; Pratt, Waco, 106.

Turkey Gross, Dallas shortstop and manager, showed the way in base hitting with 12 hits. Martin of Houston was second with 25 thefts and Turgeon of Wichita Falls third with 19.

West, Waco, led in base hits with 197, Pratt, Waco, was second with 191 and Jenkins, Wichita Falls, third with 186.

Home run figures were unchanged. Hack Miller, Dallas, was in front with 20 circuit drives, while Pratt and West, both of Waco, followed with 25 and 21 respectively.

Frankhouse of Houston through Thursday had won 21 games while Payne and Fussell of Wichita Falls had copied 20 each. Frankhouse had the best winning average for pitchers in a majority of games.

Mystery Victim Of Scuffle Is Buried

LEGION, Texas, Aug. 29. (AP)—The body of Peter Meyer, a mystery man who died here two months ago has been buried in Potters' field after all efforts of the state and federal authorities to identify him failed.

Meyer died from a wound in the hand, supposed to have been received in a scuffle with a patient at the Legion Tubercular Hospital here. He was employed in construction work on the hospital at the time. Working on the theory that the man was a war veteran finger prints were taken in an effort to locate his service record and thus identify him and find his relatives. These efforts failed and the body was interred after lying in the morgue six weeks.

His alleged opponent in the scuffle is out on bail in connection with his death.

At this meeting Coach Frank will announce his plans for training this fall.

It is very urgent that every recruit that desires to try-out for the high school gridiron machine to be present at this meeting. Remember boys 8:30 in the high school gymnasium.

Jones Welcomed Home After Win Of Amateur Belt

(By Associated Press.)
 ATLANTA, Ga., Aug. 29.—Hobbling in his arms the gigantic golden cup that signifies victory in the American amateur golf tourney, Bobby Jones returned home today to hear once more the cheers of his fellow townsmen.

Since 1923 when he first came triumphantly home with the American open title, the outward complexion of Atlanta's perennial welcome to her golfing hero has not changed perceptibly. Six times since he has returned, bringing seven major titles, for last year he came back balancing two crowns at once on his aching thatch before Atlanta had opportunity to pay him homage. Bobby Jones' home coming always look the same—for every man, woman or child who knows the name of golf and hundreds of others who do not, through the station to shout their praise.

Through the years these ovations have lost no enthusiasm and the vast concourse that overflowed the terminal station today was as loud and as long in its plaudits as that spontaneous crowd that met him

Prospects Good At St. Eds For Football Season

(By Associated Press.)
 AUSTIN, Aug. 29.—Coach Messer's prospects for a winning football team at St. Edwards university are bright in some spots, but rather doubtful in others.

Twelve letter men are pretty sure to show up when practice opens September 16, but among these are only six or seven backs. There is one man pretty sure to return, Captain O'Shaughnessy, fullback; Dyer, Quota and Stephens, backs; Estes, Bourke and Jewell, centers; Hertenberger, Klein, Hanman, guards; Krause and Lee, guards; and Gray, left tackle.

There are several who are expected to be back again with approved prospects are James and Lee.

At end, Lennon was the only letter man out for winter practice, and his return is problematical. He returns Meagher will have a fairly desirable end, but his return will be in new hands.

Many Will Attend Edinburgh Session

EDINBURGH, Aug. 29. (AP)—Approximately 300 teachers will be in Edinburgh during the session of the Scottish Institute of this section, which held here for five days beginning September 1. Teachers from the cities of Glasgow and Willacy will attend, as will also teachers from several schools in the county.

Among the noted educators to be present during the session will be Dr. O. Marberry, of the University of Texas and Dr. Jeremiah H. formerly of San Antonio, who will be on the faculty of Edinburgh College this year.

Roberto Roberti, "The Italian Stone Crusher", Takes New York By Storm As He Pushes His Opponents Over

(By Associated Press.)
 NEW YORK, Aug. 29.—This Roberto Roberti, who up to a few weeks ago crushed stone daily in some small hamlet in Italy, seems to have the ear-smashing fraternity in Gotham evincing an unusual amount of interest in him.

Paulino Uscoban was the heavy-weight sensation last season and, as one of those things must be had to feed the glibble public every season, Roberti was imported this year. Perhaps to do as Paulino did—work himself into big dough.

This season's new heavy-weight sensation is not the common or garden variety of fastflower. He is the biggest and fastest palooka yet imported.

His name is Roberto Roberti. He is 22 years old and weighs 215 pounds in first-class fighting trim. He measures 6 feet, 4 inches in height and his reach is 72 inches.

There's quite a colorful background to this Italian youth who stalks about Humbert Puzos's office with all the little grace of a Nubian leopard.

Back in the sunny stone quarry of his native land he had a daily bread and wine shot, breaking huge chunks of marble. An aged priest and friend of the Roberti family, Father Del Fiorentino, watched the young giant use a crowbar for a toothpick or something one few hours while resting in the shade of the spaghetti trees. Suddenly the big idea struck him.

Why not ship this consignment of biceps or medulla oblongata on the hoof direct to Madison Square Garden, N. Y., to horn in on some of the coast dough lesser mastodons were picking up?

At first the good padre thought of shipping his beef collect, but when visions of Tex Rickard refusing the young freight car arose and a lousy collection was taken, Roberto arrived and landed in the sports writers' vent daffy over him. They say he is the best prospect since the day Luis Angel Firpo shoved his bushy black head over the horizon.

Roberto is training at Pompton Lakes, N. J., for a series of winter engagements. He was set on Jim Hill, Greek champion, for the first set up and smashed him into the canvas in Jig time.

In like manner he disposed of one called named O'Connell a bit later.

But these were preliminary victories. No one yet knows why they called Jim Hill the Greek heavy-weight—it was all Greek to him. And where did O'Connell hail from? Anyway, Roberto Roberti is on the tongue of every ravioli merchant in this and neighboring states. Drop into your local butcher shop or village shine emporium and find out for yourself. His countrymen are going to give him plenty of time. They believe he has a sweet chance of getting somewhere and the funny part of this story is—he does a lot of unselfish promoters.

At least, they argue, the publicity won't hurt nobody now.

Thought For Today

In the multitude of counselors there is safety.—Proverbs xi:14.

He who was taught only by himself had a fool for a master.—Ben Jonson.

Foreign Trade

One of the favorite topics for conversation among the parlor socialists has to do with the machinery that is enslaving man. We will say these pale pinks be devoured by the very machines we have set to work for us, and the editors of the familiar little magazines of dissent echo the wail.

Writing for the Journal of Wall Street, Secretary of Labor Davis presents the case of the machine in a light which at first blush might seem to uphold this theory. At the present time, says Mr. Davis, the machine is creating unemployment. With consumption of all products at a record mark, production of most manufactured articles has been increased, but the efficiency of the machine has made it possible to do this record amount of work with a smaller number of men than was needed when machines were less efficient and more workers therefore employed.

This surplus of workers over jobs is not actually critical, though it is estimated that present production is being obtained by about 10 per cent fewer workers than would be employed were machine production efficiency what it was in 1919. It does raise the question of whether or not "motive power and automatic machinery are going to bring chronic and increasing unemployment into the world. To the layman, there is apparently no limit to the things which automatic machinery cannot be made to do, and if super-machines keep coming, requiring the services of fewer and fewer workers, the ultimate situation will be that the machine will have brought poverty to the door of every man.

Those who argue that machines are enslaving would solve the problem by limiting production and dismantling those machines, which create unemployment. They would go back to the old guild system of better still, even though it meant to the day when every man was his own hewer of wood and drawer of water. This is of course arrant nonsense.

The Department of Commerce Year Book, just published declares that the record prosperity of the current year has brought poverty to the door of every man. To the day when every man was his own hewer of wood and drawer of water. This is of course arrant nonsense.

The hope of the machine-unemployment situation lies in the potentialities for the increasing efficiency of trade. Potential foreign markets to consume the increasing output of our efficient machines have barely been scratched, and it is not mere empty prophesy to predict that the development of these foreign markets can more than make up for surplus machine-age production.

The Next Hope

Brigadier General Frank R. McCoy is on his way to Nicaragua to supervise the 1928 election which, according to President Coolidge's guarantee, will be fair and square. The selection of General McCoy for the Nicaraguan post is well advised. He was commander of the Rainbow division in France, but his experience in civil, diplomatic and semi-military capacities in foreign service, and especially in Spanish-American mixups qualifies him for the Nicaraguan election supervision.

Over twenty years ago, in the Philippines, he was responsible for the capture of the famed Datto Ali, Moro chieftain. He served with Mr. Taft in the preliminary organization of the Cuban government in 1906, and has at various times been sent on missions of state to South America. Central America and Mexico. He was supervisor of Red Cross relief after the Japanese earthquake and chief of staff for the Harbord Mission to Armenia.

No one envies General McCoy his job in Nicaragua, any more than General Pershing was envied his appointment as chief of the Tiajuana-Arizona Arbitration Board, but if order and peace are to come from Nicaragua and a peaceful election assured, it is probable that no better man could have been picked for the task than McCoy.

THE PLAINSMAN

No sympathy here for Willie Punk. He killed himself while driving drunk.

Because all of the people who reside in West Texas were not able to attend the indignation held in Abilene recently a few misguided Central Texas Chambers of Commerce have sided with the big company which would hog the people's water and are claiming that the Abilene delegation was not representative. In the matter of sectional rights West Texas will think Central Texas and the corporations, alike, to keep their noses out of West Texas' business. Fights over water rights are not unknown in this section of the country. More than one man has been 'plugged at the water hole' while trying to steal another's moisture and while no such extreme measures can be expected in the present fight you can bet your last dollar that West Texas will not see their water appropriated to the disadvantage of the citizenry. We can fight just as hard in the legislature and in the courts as the hardy pioneers, to whom water was life, did with their six-guns.

A Denver preacher comes forth with the suggestion that since the eagle is so destructive we should stamp the likeness of a hen upon our coins. The Plainsman supposes the hen is symbolical of just 'laying around', but if it is the symbol fails to apply to the few shekels which pass through his hands.

The Man on Avenue Q says printers' ink is a wonderful thing. It can make heroes out of hoboes and hoboes out of heroes so rapidly that even a close reader of the public prints is unable at times to discover which class he is reading about.

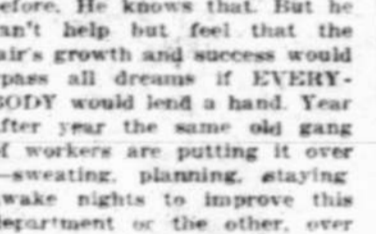

This is the good old summer time you were wishing for last January. Are you satisfied now?

It won't be long now. In less than a month the gates at fair park will be thrown open wide and thousands of South Plains people will be on hand to gaze again through "The Show Window of the Plains"—bigger and better than ever. In thinking over the fair situation, however, The Plainsman can hardly suppress a sigh. The exposition will really be bigger and better this year than it ever has before. He knows that, but he can't help but feel that the fair's growth and success would surpass all dreams if EVERYBODY would lend a hand. Year after year the same old gang of workers are putting it over—sweating, planning, staying awake nights to improve this department or the other, over the year just passed. Even though they are doing a wonderful job—even though their efforts are being crowned with success, just think how much easier it would be for them if the REST of us would only pitch in and help.

Uncasy lies the head that wears the crown. Poor old Lindy, on his nation-wide tour, is being feted by citizens in every town in which he stops and The Plainsman will bet a Stetson hat that to finish the tour will call for more nerve from the air than his famous flight did. Don't you suppose he's a powerful tired of 'committees', 'spirits' of this and the other place, the glare of the welcoming bands and the long drawn out speeches by the 'leading citizens'. More than likely he'd swap his honor and glory for an opportunity to be let alone for a period of 24 hours.

The man on Avenue Q says all play and no work makes Jack a cake-eater.

Harmony Force In Democratic Party Hopes To Prevail Upon Al Smith To Withdraw From Race, Dutcher Writes

IN NEW YORK
SEE-SAWING
and
DOWN BROADWAY

NEW YORK, Aug. 29.—Since most of New York is made up of one-time residents of the "rural" sections, any amusement that recalls the simple diversions of the past is eminently successful in this town.

And those who did not come from "the sticks" know so little of what goes on "out there" that they flock about the slightest suggestion of "something hick." In fact "hick" and "yokel" are two of the pet phrases in their vocabularies.

Hence all Broadway is stirred up at this moment by the announcement that an "Uncle Tom's Cabin" company is being imported to the "big street."

The wise souls went right into the tent show held to secure their company and there selected a "tent outfit" that has been playing the country towns for many a year.

And so the youngsters brought up on the sidewalks of New York will have their first chance to see a real, bona fide Uncle Tom parade, with blood hounds and little Exas and Lawry marks—a sight as familiar as a hay field to any youngster brought up in the great open spaces.

New York youngsters know little about parades. Those that they see are of the "bigger and better" mahogany variety, with silk hats in carriages and plenty of "soup and fish." The sort of dresses that have parades do not play Manhattan. Nor do minstrel troupes and other parade vending amusements.

The boyhood thrill of the silk hats and the bloody hounds is unknown to them.

"Uncle Tom's Cabin" hasn't appeared in Manhattan for 50 years. Not a single youngster in a generation has enjoyed his country cousin's annual kick as Edna crosses the ice, with baying blood hounds at her heels.

What is a commonplace in any small town, thus becomes an event to the metropolis. Sophisticated journals' draw cartoons and newspapers give columns.

Some day I'd like to see New York youngsters turned loose at a real old-fashioned Fourth of July celebration. Or allowed to roam the vast charming vistas of a country fair.

HELP THE STUDENTS
 It won't be long now until the schools and colleges are opening again, and hundreds of boys and girls will be coming here to continue their educational work. This section of Texas is prosperous, and the attendance this year should break all previous records. Not all the students who come to our colleges, however, will have sufficient funds to defray their expenses, and many of them to earn a part of their expenses. Helping an ambitious boy or girl earn a college education has as much merit as giving the money outright. As a general rule, the working students are earnest and sincere, and may be depended upon to make the most of whatever opportunities are offered them. Brownwood people who will be glad to give employment of any kind to college students should notify the college offices so that the students and the jobs may be brought together.

In the above article, taken from the Brownwood Bulletin, just changed "Brownwood" to "Lubbock" wherever necessary and follow the advice.

A. C. C. EXPANDS
 Our friends the trustees of Abilene Christian college have gone quietly about the business of putting over one of the most important and far-reaching movements in the history of education in West Texas.

We refer to the announcement that the college has acquired 901 acres of land on the mesa northwest of town, where it will be located as soon as the necessary buildings can be erected and the transfer made.

A. C. C. has been cramped for room for several years. Its growth has been phenomenal. It has grown in a few years from a weak and struggling college of the junior class, with an enrollment of less than one hundred, to an outstanding senior class A, four-year college with a resident enrollment of nearly 500. Its students come from many states and all parts of Texas. It has assembled a strong faculty, and its scholarship is of the highest.

Literally hundreds of families have moved to Abilene to make their home because of the presence here of this institution of learning.

Friends of A. C. C. in Abilene and throughout the South will rejoice in its prosperity and will commend far-seeing wisdom of leaders in selecting such a magnificent site for the greater institution that is to be.

Abilene people who recently visited close to \$75,000 in this capital institution may be sure that the bread they cast upon the waters will come back to them before many days. The college is an important cog in the machinery of municipal expansion and cultural advancement.—Abilene Reporter.

Texas Tech evidently is not the only college in West Texas that is showing a great advancement. It is good to see these educational institutions prosper. It speaks well for West Texas.

Old Master's

I know a thing that's most uncommon;
 (Envy, be silent and attend!)
 I know a reasonable woman,
 Handsome and witty, yet a friend.

Not warped by passion, awed by rumor;
 Not grave through pride nor gay through folly;
 An equal mixture of good humor
 And sensible soft melancholy.

"Has she no faults then (Envy says), Sir?"
 Yes, she has one, I must aver:
 When all the world conspires to praise her,
 The woman's deaf, and does not hear.

Alexander Pope: On a Certain Lady at Court.

Why it is opposed
 New declarations for Smith such as those of prominent South Dakota Democrats, painful as they doubtless are to those Republicans who fear Smith more than anyone else signify reinforcement of the rule which is likely to be negligibly. Such delegates will be unconstructed, but precautions are being taken to see that they are also dry.

If it were not for the two-thirds rule, Smith might well hope to crash over to victory in the early balloting. But the two-thirds rule will surely be maintained and it seems likely that it will throttle Smith's ambitions.

ODDS AGAINST HOLD-UP GANGS IN STATE FUND

\$1,000 "AVAILABLE" IN SUCCESSFUL RAID IN TREASURY VAULTS

(By Associated Press)
 AUSTIN, Aug. 29.—The Texas state treasury holds more than \$50,000,000 in cash and securities but would-be robbers could get only about \$1,000 or so for their pains, even if a holdup should be successful.

In the first place the treasury is only a few steps from headquarters of the state rangers, some of whom are usually about the capitol corridor, while the treasury is well equipped with pistols.

\$1,000 is All Available
 In the second place the average of \$1,000 cash kept by the chief clerk to pay off warrants, all the money that would be available. The remainder is locked in a formidable vault, built in the eighties, but still one of the six best in the United States.

Behind the inner vault door, 11 inches thick and weighing five tons, is \$1,000,000 in cash, including four \$10,000 bills and one \$5,000. This money is the remainder of the state guaranty fund, still unappropriated after repeal of the guaranty act, and does not belong to the state.

That is all the cash. The inner vault, however, also contains \$15,000,000 in negotiable paper put up as security by bonds with whom state funds are deposited, and \$6,000,000 government bonds bought by Texas university with its oil royalty funds.

Many School Bonds
 In the outer vault is \$22,000,000 state school bonds, non-negotiable. The inner vault is perpetually locked with an intricate combination. Treasurer W. Gregory Hatcher rarely has an occasion to open the inner vault. It would be out of the question to cut into it, say as a "night job."

Even if there were no night watchmen in the capitol, robbers would have a mountainous task confronting them. There are two walls, each 18 inches thick, concrete reinforced with steel, and sheathed with half inch solid steel layers. The six inches space between the walls is filled with old cannon balls. Even if robbers succeeded in cutting through the outer wall, they hardly could get to the inner one. For every cannon ball removed another would roll into its place, at least until long after daylight.

Treasurer Hatcher has made it a

Lubbock Selected As Annual Reunion Center Of A. C. C. Alumni At Meeting Of Students And Patrons On Sunday

Lubbock was selected as the annual reunion center for the annual gathering of the south line alumni of Abilene Christian College by more than 250 graduates, former students and patrons of the institution who assembled here Sunday at the Church of Christ for the second annual reunion of the alumni.

Plan To Move College - The plan for moving Abilene Christian College from its small campus at Abilene to a site east of the city purchased by the trustees, published by the president, the Chamber of Commerce donated \$75,000 toward the purchase of the new campus, while the church of Christ gave an equal amount.

Curriculum Additions - Curriculum changes of the college were announced yesterday by the president, Dr. J. C. Brown, at the meeting of the board of trustees.

List of Attendees - Included in those who gathered here from four states are the following: Abilene: Mr. and Mrs. Batsell Baxter, Batsell Barrett Baxter, Mr. and Mrs. Melvin E. Gilliland, Wiley Martin, Truman Gilliland, Charles Chapman, Wendell Bedichek, James Showalter, Myrtle Dahn, Mrs. and Mrs. H. L. Schog, Mary Brown, W. W. Hunter, Mrs. Mary McCready, Evelyn Dawkins.

Table with columns: LUBBOCK TO AMARILLO, SOUTH BOUND-READ DOWN, NORTH BOUND-READ UP, LUBBOCK TO SWEETWATER, LUBBOCK TO CLOVIS, EAST BOUND-READ UP, LUBBOCK TO BROWNFIELD, LUBBOCK TO SPUR AND WICHITA FALLS, DICKENS TO WICHITA FALLS, RALLS TO QUANAH.

NEWS AND VIEWS OF OIL OPERATIONS ON THE SOUTH PLAINS

MOVING EQUIPMENT A. S. Mims is moving casing for the Richter well located 700 feet from the east line and 1,200 feet from the south line of section 17, block X, Hale county, about 25 miles northwest of Lubbock, from Coleman county where he has just finished a dry hole. The Mims test is now being run at 300 feet.

SLIGHT INCREASE SHOWN WHEN SEMINOLE OPENED Saturday Greater Seminole field of north central Oklahoma was allowed to flow unrestricted and only made 441,663 barrels, an increase of but 5,875 barrels over the preceding day, when restrictions of supposed curtailment was in effect. It was \$5,000 barrels over the peak registered, July 26.

22 NEW LOCATIONS Regardless of the crude price cut of the last week the Edwards plan region of West Texas and the Texas country received 22 new locations. Of these 22 locations 11 were made in Pecos county, 6 in Winkler, 1 in Crockett, 1 in Terrell and 1 in Howard county.

BRITISH IMPORTS Total British petroleum imports for the first six months of 1927 amounted to 1,975,549,432 imperial gallons compared with 437,216,836 gallons in the first half of last year. The United States supplied about 42 per cent of the total imports of all oils and 65 per cent of the refined products. Imports of crude showed the largest increase, the receipts of which were nearly 100,000,000 gallons above the corresponding period of 1926.

\$100,000 In Jewels Stolen From Woman SOUTHAMPTON, N. Y., Aug. 29. (AP)—Exclusive Long Island society was startled today when it learned of the theft of \$100,000 in jewels from Mrs. James Hastings Snowden, wife of a wealthy oil operator, a few hours after she had worn them at a charity fête.

LEVINE MAKES HOP TO LONDON WITHOUT PILOT

BREAK WITH DROUHIN SEEN AS LATTER IS TO FILE SUIT

PARIS, Aug. 29.—Charles A. Levine took French leave of France today. Without telling anyone of his intentions, he flew his trans-Atlantic monoplane Columbia away from Le Bourget field and went straight to London, giving Maurice Drouhin the most unpleasant of all the surprises that have come to the Frenchman's way since he agreed to pilot Levine from Paris to New York.

When it was learned that Levine had slipped away in the Columbia, two French pilots set out to catch him, but failed. Drouhin then announced that he would sue Levine in the United States for breach of contract. He said he had taken the precaution to have the contract registered at the American consulate.

Landing Is Made With Difficulty

LONDON, Aug. 29. (AP)—Charles A. Levine landed at the Croston airfield in his airplane, Columbia, at 4:35 o'clock this afternoon. There was difficulty in making the landing and the Columbia circled over the airfield four times before coming down.

May Sign Britished Levine's flight from Paris was an absolutely solo performance, as he was not accompanied even by a mechanic. Levine was in his plane when he was captured by British forces, who had watched his performance, congratulated him on his narrow escape from an accident.

Assigned To Paymaster Graham generally was assigned to guard the paymaster, but last Monday reported off duty as sick and on Saturday another patrolman was assigned to the task. Police, however, said Graham appeared a few minutes before the trip and took the substitute's place.

New Orleans Cotton Jumps 116 Points Up

NEW ORLEANS, Aug. 29. (AP)—The cotton market today again swung to new highs for the season, 114 to 116 points above the previous close. The main stimulating influence was an announcement from Washington that another boll weevil report would be issued tomorrow and which the trade expects to be bullish. All months crossed the 27 cent line with October at 23.25, December 23.45, or a little more than \$5 a bale above Saturday's close.

BICYCLE RACES

250 mile test, Warner Barnes, won third place, making the distance in 2 hours and 4 minutes. He was followed by Jewel Woods, who rode across the finishing line 2 hours and 10 minutes after starting. \$15 Purse Divided A purse of \$15 went to the winners of first, second, third and fourth places. Alpha Higgins will receive \$7; Dugan Branch, \$4.66; Warner Barnes, \$2.44 and Jewel Woods will have the entrance fee of \$1 returned.

REDFERN HOP

day that a mail carrier who left Ennis for Terrell that day had informed him he saw an airplane at three o'clock flying over a small river in the Delta, called Macargo Cane. It was proceeding in a southerly direction toward the Bogardville main outlet of the Orinoco.

On Mapped Course The Orinoco Delta is on the course mapped out by Paul Redfern, young aviator who left Brunswick, Ga., Thursday afternoon in a lone attempt to establish a world's non-stop record by flying 4,600 miles to Rio de Janeiro, Brazil. His route lay over the path of the gulf stream, east of the Bahamas across the extreme tip of Porto Rico and thence over the eastern part of the Caribbean sea to the Venezuelan coast.

El Paso Planning Big Highway Meet On Lindy's Visit

EL PASO, Aug. 29.—An international highway conference may be held here September 24, the occasion of Colonel Lindbergh's visit to the border city, if invitations extended by the West Texas Chamber of Commerce to officials of New Mexico, Texas and the republic of Old Mexico, are accepted.

Both the Texas and New Mexico highway commissions have endorsed previously the proposal made by the West Texas Chamber of Commerce of holding a joint road meeting, and Manager Homer D. Wade of the regional organization has suggested the date of September 24. The fact that the date proposed is the occasion of the "Eagle's" visit to the border city will assure a full attendance, it is thought.

Governor Fernando Arzooz of Chihuahua, Mexico, Governor Dillon of New Mexico, Santa Fe, state highway engineer of New Mexico and the Texas highway commission, were formally invited to attend the conference, and favorable responses are expected within the next ten days.

Patrolman Held After Paymaster Murder In Gotham

NEW YORK, Aug. 29.—"Handsome" Dan Graham, 25 years old patrolman today stood charged with the murder of a paymaster he often had been assigned to guard, and with spending part of the \$4,700 proceeds in a Coney Island night club. The paymaster, Judson H. Pratt, construction engineer for J. E. Rhoades company, builders, was shot and killed in east 52nd street, where he was to pay off some laborers. His body later found in his automobile under a viaduct in the Bronx ten miles away.

Assigned To Paymaster Graham generally was assigned to guard the paymaster, but last Monday reported off duty as sick and on Saturday another patrolman was assigned to the task. Police, however, said Graham appeared a few minutes before the trip and took the substitute's place.

It is said to be one of the six perfect mirrors in the world, although no definite proof of it is extant here. Just the same, to one not onto the secret the mirror, from an angle appears to be nothing but thin air. It is so well constructed.

ASHES OF TWO RADICALS HELD BY RELATIVES

BOSTON, Aug. 29.—The cremated remains of Nicola Sacco and Bartolomeo Vanzetti, executed radicals, today were in charge of Mrs. Rose Sacco, widow of the one, and Miss Luigia Vanzetti sister of the other, after a funeral procession which was diverted forcibly from the state house and was marked by clashes with the police.

Big Contest Is Offered Women In Tulsa Convention

TULSA, Aug. 29.—A second big contest for oil industry workers will be at the International Petroleum exposition here from September 24 to October 1 has been announced by managers of the exposition. The newly arranged contest will be for women engaged in the oil industry and will include typing and calculating machine operation events. It will be held Tuesday afternoon, September 27, which has been designated "Ladies Day" at the exposition.

It will be held Tuesday afternoon, September 27, which has been designated "Ladies Day" at the exposition.

Members of the committee in charge of the affair point out that it is not beauty of face or form, which will be sought, though Tulsa and the oil industry has its share of that, having produced "Miss America" for 1924, but this contest will be for the most efficient workers in the offices of the oil industry. Only regular employees of oil companies who have been employed for thirty days or more preceding the contest will be eligible for the contest, it was announced.

Tax Commission Is In Special Session

AUSTIN, Aug. 29. (AP)—A summer's end burst of activity, bloomed into a probably lively week today as the state tax survey commission, attacked in Representative A. H. King's injunction suit, met in special session of undetermined duration. Oral arguments in the noted Brownwood water right case were scheduled before the state board of water engineers.

Tuesday, district court will hear Representative King's plea for an injunction restraining comptroller S. H. Terrell from paying further salaries and expenses of the tax survey commission, which King assails as "unconstitutional." Whether the special meeting of the commission has any direct connection with the suit, is not announced.

More than 100,000 persons looked on yesterday when through eight miles of rain soaked streets the hearse carrying the bodies of the men were driven to the cemetery, often through crowds that had to be cleared by two score mounted police. Shouts Only Disorder Hoarse occasional shouts from the throng as police attempted to check the following thousands, were the only demonstration that came from the multitude. For the most part, the march was orderly.

Plans of those who had charge of the procession to route it past the state house were changed without consultation by the police who held the leading cars to a more direct way. Numerous obstructions had been placed in the streets leading to the capitol. Signs warned that the thoroughfares were under repair, parked city trucks left no room for other vehicles, while squads of policemen were ready to enforce the obvious blockade.

Clash Near Crematorium Only near the crematorium at the Forest Hills cemetery was there a real clash, and there police drew clubs to enforce their efforts to keep traffic clear and speed up the funeral followers. In a chapel stripped of religious insignia, the sole spoken word of the service was an address read by Miss Mary Donovan, a member of the Sacco-Vanzetti defense committee, who termed the men "victims of the crassest plutocracy the world has known since ancient Rome."

Mrs. Sacco and Miss Vanzetti did not avail themselves of the privilege of watching the crematory process but remained outside in their car. Nor did they attend the service.
